## Rising Star Foundation Receives Deed to Higginbotham Building

The Board of Directors of the Rising Star Foundation passed a resolution last Thursday night accepting from Higginbotham Bros. and Co. the deed to the building on Main Street in Rising Star. The building, which has not been in use for the past few years, will be used for various civic and community meetings and gatherings after work is done on it to bring it to a useable condition.

## Wildcats to Host Evant on Friday

by Wid Keeling

Last Friday night the Wildcats took on the Cross Plains Buffalos. The Buffs won the game 27-0. Jarod Horton said that, "We didn't go out with the intensity level we should have," and "They were more fired up for the game." The Cats had their chances to put points on the board, but they were called back because of penalties.

The Cats' next game is against Evant in Wildcat Stadium Friday night. The Cats are hoping to

improve their district record to 2-5. This is one game you do not want to miss.

## 72% Eastland County Voters Join in Asking for 'Change'

Nearly three-fourths of the qualified voters in Eastland County participated in the Great American General Election Tuesday, and for the most part, echoed the strong national clarion call for "change."

The vote was heavy

(7,326, 72%) and the counting fast (two hours and 46 minutes) thanks to the county's new ballot-scanning system used for the first time this year (10,130 are registered.)

Voting straight Democratic ticket were 1,576 (21.51%); 676 (9.22%)

Republican; and 101 (1.37%) Libertarian.

The Republican presidential candidates carried by a tiny margin -38.63% to 37.37%. Bush-Quayle got 2,830 and Clinton-Gore, 2,738. Ross Perot got 1,698 (23.17%).

## Pump That Uses Tank Water Here

The floating pump for the Rising Star Rural Fire Department arrived approximately two weeks ago. The purpose of the pump is to be able to take it to large grass or house fires so that we may retrieve water from a nearby stock tank or pond to save trips to town for water.

Members of the Board of Directors had realized the need for this pump for a long time, but there is never enough money to meet bare essentials (gas,

repairs, insurance, etc.).

We would like to thank the citizens who saw the need and saw to it that it was taken care of: the Jerry Harris', the Bob Shults', Hugh P. Bushnell, the Charles H. Wrights, the Mack Elliotts, the Clayton Wilsons, Estelle Martin, Delia Barnard, the James Ramsays, the Luther Mauldins, the James D. Grays and the Rising Star Branch of Peoples State Bank, Clyde.

## Cinderella Contest Saturday

by Adela Chavez  
Wildcat Tales Staff

The Junior class will be having a "Cinderella Contest" Saturday, November 7, at 7:00 p.m. in the auditorium. There will be four divisions of contest:

1. Elementary (K-5th)
2. Jr. High (6th-8th)
3. High School (9th-12th)
4. Senior (open to the world)

If you know of someone who would like to compete, practice will be Saturday at 4:30 in the auditorium. Admission is fifty cents and there will be plenty of seats for the families to attend! We wouldn't want to miss this fascinating event!

## Jr. Wildcats Name Sweetheart, Beau

Junior High Football Sweetheart and Beau: Eighth graders, Kristy Collins and Michael Fox were crowned Sweetheart and Beau at Thursday night's Jr. High Football game against Cross Plains. Kristy is the daughter of Herb and Paula Collins and Michael is the son of Marby Fox.

## Local Students in Quiz Bowl

Team contestants at the KTXS Academic Challenge "Quiz Bowl" were, from left, Chris Bailey, sophomore, son of Cathy Bailey; Amy Collins, freshman, daughter of Paula and Herb Collins; Emily Stuteville, junior, daughter of Debra and Robby Stuteville; and David Fisher, junior, son of Doug Fisher. The program was sponsored by Coca Cola and \$50 was donated to the Rising Star High School library fund for school participation.

Wildcat Tales Staff

The KTXS Academic Challenge "Quiz Bowl" competitors for Rising Star High School won their positions in a play-off Friday, October 30. They are: Juniors Emily Stuteville, David Fisher, Chris Bailey and Freshman Amy Collins. Christy Hughes represented RSHS in the school com-

mercial.

They competed against Brownwood Monday night, November 2, in Abilene at the KTXS television studio. Those traveling with the team to cheer for them were Tianay Chambers, Melody Fisher, Samantha Kerr, Shirley Smith and Wid Keeling. Mr. Robby Stuteville drove the bus and Debra Stuteville,

Paula Collins and Cindy Wood also attended.

Despite an early close score, Brownwood pulled ahead of RSHS during the bonus round. The team had spent many hours after school working on the material. Congratulations for such a good showing!

You can see our team members this Sunday, November 8, on Channel 12 at 5:30 p.m.

Your continued support of our department is appreciated.

## Chapter I, II Meet

There will be a parent involvement meeting of the Chapter I and Chapter II programs Wednesday, November 18 at 3:15 p.m. The meeting will take place in the elementary school library.

The purpose of this meeting is to explain the Chapter I and Chapter II programs. The public is invited to attend.

## Book Fair November 16-20

On November 16 through 20, 1992 from 12 noon to 3 p.m., Rising Star Elementary School will sponsor a Scholastic Book Fair, presenting a wide variety of books for students at all reading levels.

According to the Barbara Bush Foundation for Family Literacy, when parents and teachers work together to introduce children to the world of books, the results can be

dramatic. Children who read more become more successful readers...and, in turn, successful readers read more books. This happy cycle is encouraged when parents, teachers and friends come together

to share and explore new publications at events such as a Scholastic Book Fair.

The Rising Star Elementary School Book Fair will display hundreds of

## What Are the Other Charges on City Bills?

The "other" charge on the recently mailed bills from the City of Rising Star is the newly effective fire charge. The funds collected from this charge will be used to help bring the fire protection system into full compliance with regulations stipulated by the State Board of Insurance and State Fire Marshal's Office, says City Administrator Shirley Leonard.

Most citizens have been aware that the city has been rated as unprotected for the past several years; this caused rates for fire

insurance to be increased. The decision to add the fire charge to the city's billing was made at a

## P.A.Y. Youth Conference Set November 11

Eastland County youth, 6-12 grade, will have an exciting opportunity to attend a POSITIVE ACTION BY YOUTH Conference scheduled Wednesday, November 11th. The Youth Conference will be held on the campus of Cisco Junior College.  
Positive Action BY Youth is a conference in follow up to the Positive Action FOR Youth conference which was held in February, 1992 in Eastland County. The focus of the conference will be to empower youth to take action in their own schools and communities which will be productive for their educational experience and for their futures. The conference is designed to address both motivation and skill-building and will offer a

variety of experiences for youth participants. Registration will be open to students in Eastland, Cisco, Ranger, Gorman, Rising Star and Breckenridge. School counselors and faculty are coordinating student participation.  
A wide range of activities are planned for the P.A.Y. Conference. Motivational speakers, communication gaming, and skill workshops will emphasize involvement of all participants in the discovery of (1) individual potential and (2) the necessity of working with others to accomplish mutually beneficial goals.  
Keynote speaker will be Bobby Heard? Texan's War on Drugs Statewide Youth Coordinator. The presentation will be "The Voice of Youth".  
Concurrent sessions

will include the following:  
**The Power of Positive Peers** - (Large group activities designed for getting to know others and for learning about the power of positive interaction.)  
**Levels of Leadership - Positive Youth Efforts** - A discussion of the different levels and types of leadership. Encourages youth to discover talents and skills in leading others and to move beyond popularity to more productive devices for leadership.  
**Your School In Living Color** - A look at the personalities existing in schools and the implications for positive communications with various groups.  
**Image Image In The Hall** - A look at how teens limit

themselves by their own image of themselves. A unique message about self-esteem delivered through demonstrations involving wardrobe adjustment and through strong messages about creating an image from the inside out.  
**Making A Message** - A session about using various creative dramatic techniques to deliver messages to schools and communities. Students will learn to make a point with flair!  
**Justice Juvenile Style** - A look at how teens can become involved in administering justice within their own age group. A teen court model will be demonstrated to show how young people can become involved as lawyers, jurors, etc.  
**Think To Plan - Plan To Think** - Discusses the importance of planning to be effective personally and in efforts with the school and community. Discusses generation of ideas and a system for action planning.  
The wrap up session will focus on "If Not You - Then Who?" by Mr. Bobby Heard.

Rising Star High School Journalism Class

## Stuteville's Stats

by Emily Stuteville

Basketball practices are still going well and everyone is looking forward to the first scrimmage against Santa Anna on November 10, at 6:30 p.m., here.

The girls have learned several offenses and are presently working on a match-up zone defense. All are having a great time after school at prac-

tice even though it calls for that extra effort. It should be a great season and the team is really excited.

## Nonnie's News

by Tianay Chambers

Last week the Rising Star Jr. Cats played the Cross Plains Buffaloes for their Sweetheart game. Brandon Cook and Corey Morris made a touchdown each with two point conversions. The final score was Buffaloes 20, Rising Star 16. That's okay guys, you can get them next year! I want to say congratulations to Michael Fox for getting Football Beau. Tonight the Rising Star Jr. Cats play Evant there at 6:30. Be there to support our great team in a victory.

## Catnip

by Christy Hughes

Last week's Jr. High Football Sweetheart game was enjoyed by all! Kristi Collins was named Sweetheart while Michael Fox was chosen as Beau. Congratulations!

Cross country has ended for the girls, but they are still cheering and working on basketball. They are really looking forward to their first basketball game, Nov. 16, when they go to Lingleville. The girls are very excited and they hope to do well this year.

Tonight the girls will cheer for the Jr. Cats as they travel to Evant for the game beginning at 6:30 p.m. Take a pretty drive down that way to support all of our Jr. High.

## Our Eccentric Elementary

by Inga Williams

Well let's see! What is going on in the upper elementary?

This week I talked to Mrs. Calhoun. She is the mathematics teacher at the elementary school for the 4th and 5th grades and they are learning all about graphs! So far they can read, make and understand the concept of graphs pretty well. She has been working with the students and

they all seem to be enjoying learning new things.

In the 6th grade they are doing something a little different. This week they are multiplying decimals.

Also, since Mrs. Calhoun is the homeroom teacher for the fifth grade, last week she let the students break into groups and have a Halloween decorating contest. I'm sure they had a great time.

This past Friday, Oct. 30, the elementary held a "Mini-Halloween Carnival."

The carnival was held for Early Childhood, Kindergarten and first grade. Teachers and parents helped out by running booths like: The Haunted House, Bobbin' for Apples, Pin the Nose on the Monster, Fish Pond, Bean Bag Toss and a Feeling booth. They also had Arts & Crafts and a Cake Walk.

We want to thank all the parents and teachers for the effort they put into the "mini-carnival."

## Davitorials

by David Fisher

What can be said of the Bermuda Triangle? We only have some facts and lots of speculation of why over 100 ships and planes and over 1,000 lives have been lost in the Bermuda Triangle with only a small handful of people and ships accounted for as rescued. Is the Triangle an ancient trap made by aliens 5,000 years ago? Could it be a time warp to another world? Is Atlantis hidden beneath the murky depths of the ocean in the perimeters of the Triangle? For these questions there are no answers.

A couple of people have narrowly escaped the clutches of the Triangle. They have said that one of the most dominating things that happened was the appearance of a green, hazy fog. UFO's have also been sighted near the Triangle. Are UFO's the cause of the Green Haze? Maybe not. Many years ago, the Philadelphia Experiment was conducted on a large boat. The Experiment dealt with interdimensional travel. They used different kinds of magnets to make the experiment succeed. Witnesses stated that a green haze enveloped the ship and the ship and personal flickered in and out of existence for a few moments. If a special series of magnets are under the Triangle, this could explain all of the disappearances.

Everybody has their own theory of why the ships and planes are missing. A lot of people support the UFO theory. I support the Experiment Theory. I believe that the Triangle can be an interdimensional portal during certain times of the day, week or month. I have nothing but the reports of the Philadelphia Experiment to back me up. What do you think?

## Sixth Grade Awarded With a Pizza Party

The Rising Star PTO recently conducted a membership drive in the Elementary School in which the students participated to win a pizza party for the class that sold the most memberships. The 6th grade class sold the most memberships and were rewarded a pizza party on October 30. We would like to congratulate the 6th grade for their hard work as well as thank the community by supporting the Rising Star PTO.

The next PTO meeting will be held on Tuesday,

November 10, at 7 p.m. at the high school auditorium. The 4th, 5th and 6th grade classes will be providing our program for the meeting. They have been studying Indians weeks and will be performing Indian Dances as well as English Rap Routines. Mrs. Susie McGinn, 4th grade teacher and Mrs. Ann Bodenhamer, 6th grade teacher, will be preparing the students for their program. Please plan to attend this meeting and enjoy the program that the students are preparing.

## A Sound That Fills the Air

by J. Bailey Jones

In the airs a lively tune, light and aloft, adrift, like a balloon. Descending near from trees in June, among leaves and limbs their nests are strewn.

With notes so gentle and soft as sighs, they've wings that carry on winds so high. They seem to crescendo across the sky, an orchestra that has learned to fly.

On breezy days in sunny weather, it's those days they play together. Without horns brass or drums leather, they sing their song with wind and feather.

Maybe alone or in a pair, sometimes four or more when they dare. It's one song they all sing and share, no matter if they sing it from ground or air.

A song of earth, air and sky, notes upon clouds where they ride. Born in spring's heavenly lullaby, it's not the sun that tears my eye.

Amidst the boughs they find their lair, above the earth with loss of care. When the wind blows through your hair, listen to the sound that fills the air.

## Misc. Musings

by Adela Chavez

There was a "campfire" held last Thursday, October 29, at the old high school parking lot. Lots of hot dogs and marshmallows were devoured! Students, parents, exes and sponsor, Ms. Ezzell, roasted their own hot dogs and stood around and had fun. The cheerleaders would like to thank Max's Quickway and the Quik Stop for donating hot dogs and buns.

The Juniors took the Exit level TAAS test this past week, October 27 through the 29. Each Junior must pass this test in order to receive their high school diploma. Junior Emily Stuteville said, "It was a real test of our abilities!" We want to congratulate our Juniors on a good job well done.

## Poet's Corner

The Mind by Laura Wyatt

Why think when there's nothing to think about. Why wish when there's no wish to conquer. Why even dream if there's no mind to dream with.

# Booster Club Buys Flooring

The Booster Club has been meeting regularly Monday nights at 7:00 in the high school library. They would like to invite everyone to attend.

They would also like to give several belated "thank you's." We would like to thank Ernest and Carolyn Weeber for the use of their yard for the football button photos and Debbie White for taking the photos. Thanks to the elementary and high school faculty and administration for their patience during our button photo sessions.

Carol Cook made the yard signs for the football team and cheerleaders and did a wonderful job. They really look great! If you are one of these students or a parent of one of these students, let Carol know how much you appreciate her hard work. Thank you, Carol!

The use of the trailer for the football team float for the homecoming parade was donated by Mack Elliott. Thank you Mack for your donation and thank you Mackie for the

use of your pickup to pull the float.

The Club still has Wildcat items for sale. Jackets are \$15.00 lined and \$10.00 unlined. T-shirts are \$5.00, duffel bags, \$4.00 and the new Rising Star Wildcat caps are \$8.00. Spirit tattoos are sold each Friday at the elementary and at the gate during home games. If you are interested in purchasing any of these items, please call Cindy Elliott at 643-7907 or Pam Cook at 643-6102.

The coaches recently turned the old computer room into a weight room for the football team. The Booster Club purchased rubber flooring for the workout area and plans are to recover the benches over Christmas break. A weight lifting club is planned for next year to emphasize their weight program.

Friday, Nov. 6, is parent night and the Booster Club would like to urge everyone to attend. Come out and help support the Wildcats!

## Scholastic Book Fair Is November 16-20

titles, including award-winning favorites, classics, how-to books, biographies, mysteries, adventures and the latest works of popular authors. All are offered at reason-

able prices, so that students can choose books that appeal to their personal interests and parents can add to home libraries or purchase gifts for their young readers.

Dear Rutherford

I'm completely covered in freckles from head to toe. Can you help me?

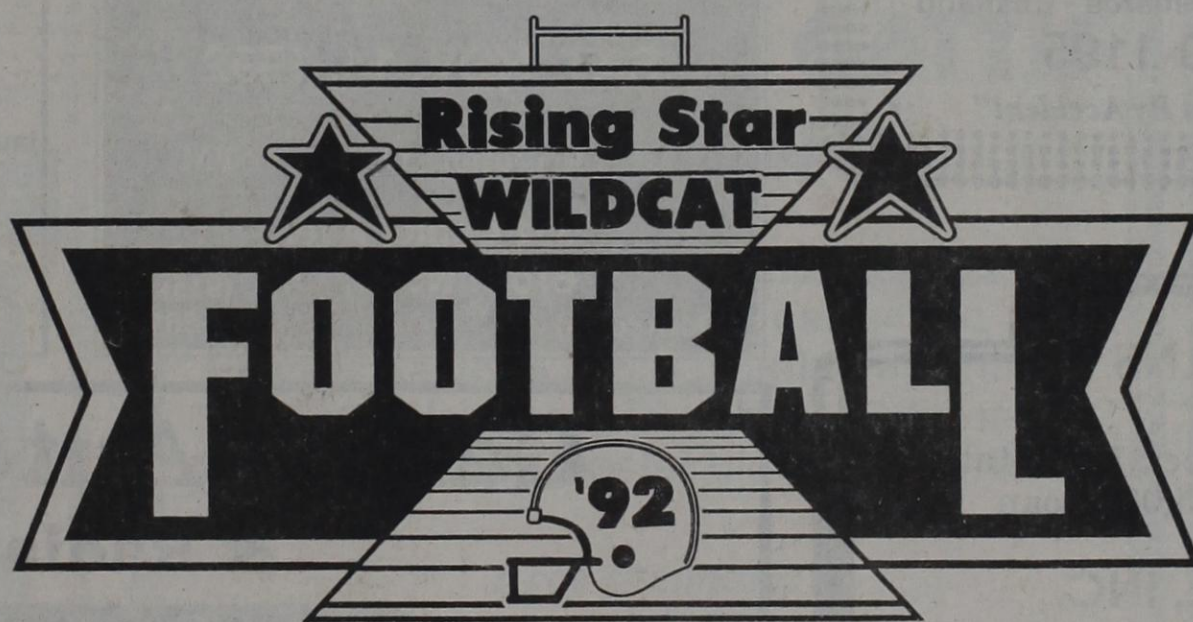

Dear Spot: Try bathing in lemon juice. You should also stay out of the sun.

Proceeds from the fair will benefit reading incentive rewards for the children, but the real profit lies in introducing children to the "magic" of the books and in encouraging them to be lifelong readers.

## Fishing Outdoors

by Terry Wilson

A big thanks to the folks at Anglers Choice Headquarters for the following piece.

### Taylor, Collins claim Angler's Choice Pro-Am titles

**JASPER**-In a surprise twist that fooled even the winners, deep-diving crankbaits paid off in a big way here last weekend in the \$75,000 Angler's Choice 1992 Pro-Am on Sam Rayburn Reservoir.

Going in, most of the 181 entries quietly predicted the two-day tournament would be dominated by angler's fishing jigs or plastic worms and crawfish along the edges of Rayburn's now-famous flooded weed beds.

Instead, Don Taylor of Nacogdoches won \$23,000 in the pro division and Albert Collins of Broadus \$5,750 in the amateur class-both by casting hard plastic lures wit the

exaggerated front lips that dig deep on retrieve.

"I just got lucky," Collins said. "I spent my practice days fishing in and around moss. Don Taylor and I both looked at a lot of the same water before the cut-off. That's where we thought the tournament might be won."

"Then, when the tournament started, we started fishing the creek channels in 5-10 feet of water, and it worked out for both us."

Indeed.

In the pro division (\$750 entry fee), Taylor, a timber buyer, bolted to a six-pound lead by catching 23-plus pounds in the opening round. For comfort's sake, he added 12 more on Sunday for a total of 35.41 and a decisive margin over runnerup Larry Puckett of Arlington at 29.17. Jim Nolan of Flip-pin, Ark., closed fast, weighing in 17-plus Sun-

day, to finish third at 28.75.

Among the amateurs (\$250), Collins, 28, a backhoe operator, nearly lapped the field with an opening round of 17.10-good for the top 10 had he quit there-then followed with almost 15 more pounds. Runnerup Allen Wares of Austin was 13 pounds back at 18.85, just ahead of Craig Piepenbrink of Mesquite at 18.70.

Collins said most of his fish struck a Bill

Norman's DD22 in the Tennessee shad or fire tiger (chartreuse and orange) patterns while Taylor was casting the Mann's 20-plus in similar colors.

Collins said he had hoped to compete for the richer purse. Alas, a thin wallet prevented it.

"I wanted to fish the pro side but I just couldn't afford it," Collins said after earning \$5,750. "I must have lost \$50 worth of crankbaits (snagging) on those channels. I can

go get me some more now."

Draw Tournament sponsors are Ranger Boats, Mercury outboards, Buz Post Pontiac-GMC-Isuzu of Arlington, Shimano rods and reels, Jawtec Worms, Du Pont Stren line, Bill Lewis Lures, Mariner outboards, Zebco/MotorGuide, Exide batteries, All Terrain Lures, B&K Lures, Poe's Lures, Bingham Check-It-Stik measuring boards and Tournament Angler News.

Here are final results from the \$75,000 Angler's Choice 1992 Sam Rayburn Pro-Am bass tournament Oct. 24-25 on Sam Rayburn Reservoir, Jasper, Texas:

## Money Matters

By Bruce Redfield

Do you want to double your money in two weeks? Would you like to see 500 to 1,000% return with no risk? Or how about a absolutely guaranteed get rich quick scheme that cannot fail? Are you drawn by curiosity to incredible stories of how to have wealth without risk? While it is true some people have made fortunes taking this tack, this is not a prudent policy to pursue. The schemes dreamed up to relieve the greedy investor of his money are as imaginative as they are infinite. If you have a gambler's mentality you can often be sucked into these "to good to be true" stories and put far too much of your principal at considerable risk.

Here is a list of what works and what seldom does.

Cash, CD's, Money Markets-Good for short term goals.

Government and corporate bonds-Good for income, watch rising interest rates.

Individual equities-Avoid unless you are very knowledgeable and have a strong constitution.

Penny stocks-Expect to lose.

Options, Futures, Commodities-Expect to lose.

Mutual Funds-Hard to lose unless you panic sell or do not diversify.

Money Managers-Can be good for higher net worth individuals.

Limited partnerships and Joint Ventures-Expect to lose.

Rare Coins and Art-

plague.

A conservative investor Please direct questions and comments to Bruce Redfield, 424 W. Main Street, Ranger, TX 76470.

May the Lord richly bless you.

should not expect more than a 12 to 15% return realistically. If you want more, try giving to the Lord. His returns are eternal.

## Pharmacy Topics

By Bob Mueller

Three-D magnetic resonance imaging (MRI) can detect breast tumors that a mammogram missed, according to a clinical study at Baylor University Medical College in Dallas. High-risk women have been tested.

Stress seems to hit older women's hearts — raising blood pressure and heart rate — harder than those of men or younger women. Doctors at Cedars-Sinai Medical Center in Los Angeles recommend daily relaxation exercises such as yoga or meditation.

Prostate-specific antigen blood test, used in screening for prostate cancer, is most effective if it's repeated at regular intervals to watch for rising levels that may indicate a tumor, say researchers at the National Institute on Aging. Physical exam is needed, too.

Most children with recurrent ear infections do as well with antibiotics as with implanted tubes, according to a study reported in Pediatrics. Doctors recommend six months on antibiotics before deciding on surgery.

Bring your child's prescription to the expert pharmacists at Walmart Pharmacy Hwy 80 East, Eastland, 629-3347. We're your pharmaceutical headquarters.

## Rural Areas Gain Easier Access To Development Resources

Austin-A new electronic version of a "Rural Resource Guide" is now available to rural Texans with access to a personal computer and a modem. The new service, in addition to an already available printed resource guide, is designed to provide easier access to Federal, state, and private sector programs and services geared to assisting rural development throughout Texas.

The resource guide is the result of a joint effort between the Texas Federal Rural Development Council (TFRDC) and the Texas Department of Commerce (TDOC). The directory is accessible through the TDOC's Market Place bulletin board system. Individuals utilizing the resource guide can receive information on more than

twenty service categories and generate a list of programs and services available to assist rural residents in the State of Texas.

The resource guide for rural development has been a major project of the Texas Federal Rural Development Council, organized in 1991 as part of President George Bush's "Presidential Initiative on Rural America." The Council is comprised Federal, state, and private sector organizations with responsibility of rural development in Texas.

"Making more citizens aware of the wide range of programs designed to help rural America was an essential task assigned to the Rural Development Council by President Bush. This guide helps bridge the information gap too often found in local

communities by making known the vast array of programs in place to help rural America" said John Kirchhoff, Chairman of the Texas Federal Rural Development Council.

"By working together, Federal, state and private organizations are able to maximize assistance and avoid duplication of efforts," added Kirchhoff. "With the help of the Texas Department of Commerce, our resource guide is now readily available to all Texans on the Texas Marketplace bulletin board system."

Further information on the Texas Federal Rural Development Council and how to obtain a printed copy of the Rural Resource Guide can be obtained by contacting the TFRDC, 611 East 6th Street, Suite 103, Grant Building, Austin, Texas 78701. (Limited copies are available). For information on hooking up to Texas Marketplace, call 1-800-888-0511.

DR. STEPHEN G. BARRY

CHIROPRACTOR

### MEDICAL RESEARCH SUPPORTS CHIROPRACTIC

The *British Medical Journal* reports that Chiropractic treatment of low back pain, which affects 75 million Americans, is superior to the standard regimen administered by medical doctors.

The study, published in the summer of 1990, indicated that chiropractic manipulation can relieve severe back pain quicker and at lower cost than medical treatment. Chiropractic patients experienced less pain and disability and missed fewer days work.

At Barry Chiropractic Clinic

we are committed to not only getting you free of back pain but treating those conditions which cause your pain. Don't delay treatment when help is readily available.

# MORAN NEWS

By Mrs. Luke Huskey

Moran and community received some much needed moisture last week. On Wednesday night about 1/2 inch of rain fell and Saturday night about 4/10 of an inch fell. Much thundering and lightning was also had. Some small hail fell Saturday night but not enough for any damage. More rain would be very beneficial. This morning (Monday) the temperature is cool and according to the news, by the weekend the temperature will be colder. Get your coat out.

The Moran Bulldogs football team beat the Paint Creek Pirates in a game Friday in Paint Creek. The final score was Moran 68 and Paint Creek 44. Good work, Bulldogs. The Bulldogs play Lueders-Avoca this coming Friday in Moran. Come out and back the Bulldogs.

The Moran School Halloween Carnival was well attended Saturday night. No definite account is available, but it is thought that approximately \$1,700.00 was made for the school. Thanks to all who helped make the carnival a success.

In the Spook Parade Shaunta Johnson won first for the most Original Costume and Tanner Scott and Haley Owens won second.

The Most Halloweenist costume was won by Jamye Lowe and Charla Hebel won second.

Kyle Gilmore was the Scariest one and Kayla Alexander was second.

Durston Hooper was the Funniest and Karyn Thompson was second. In the adult division, Sherry Blue was first and Susan Hurley was second.

Mr. and Mrs. Ezra spent the weekend in

Shamrock with his sister, Mrs. Estelle Hudson and family. They helped Mrs. Hudson celebrate her 90th birthday.

Mr. and Mrs. Boyd Hodge of Carbon and Mr. and Mrs. J.B. Gray of Republic, Missouri, visited with Mr. and Mrs. William Hudman during the weekend.

The Moran Post Office and Peoples State Bank will be closed next Wednesday in observance of Veterans Day.

Remember the West Texas Utilities Co. open house Wednesday, Nov. 11.

Paul Howard of Monahans and Bill Howard of Midland visited

with their parents, Mr. and Mrs. Jim Howard, during last week.

Kody Gilmore received treatment in Hendricks Hospital, Abilene, over the weekend.

## "Sneakers" Will Show At Majestic This Weekend

"Sneakers" is a caper film starring Robert Redford, Dan Aykroyd, Ben Kingsley, Mary McDonnell, River Phoenix, Sidney Pointer, and David Strathairn. Phil Alden Robinson directs from a script he wrote with Lawrence Lasker and Walter F. Parkes (Awakenings, "War Games"), who also serve as the film's producers.

"Sneakers," Robinson's first project since the multi-Academy Award nominated "Field of Dreams," is about a team of high-tech security experts whose questionable pasts have brought them together under the leadership of Martin Bishop, a fugitive from the '60's (Robert Redford). When

his true identity is discovered by a government agency, Bishop and the "sneakers" are blackmailed into participating in a covert operation.

This film was released by Universal in September 1992, and is making its way around the country. Rated PG-13, "Sneakers" will open at the Majestic in Eastland on Friday, Nov. 6 and show nightly at 7:30 p.m. Admission will be \$3.50 at the box office, with tickets to the balcony at \$5.00 available to persons over 21.

All who deal with computers or even like computers are sure to be interested in this film.

## IRS Focuses On Non-Fileers

As part of a nationwide effort, the Dallas District of the Internal Revenue Service is increasing its focus on taxpayers who have failed to file tax returns. If you are one of the majority of taxpayers who file and pay every year, this is good news. If you are one of those who have not yet filed, don't wait any longer.

IRS is assigning 2,000 revenue agents and examiners nationwide to find delinquent taxpayers and secure their returns and unpaid taxes. Additional personnel are also being assigned at IRS processing centers to investigate records and information documents that indicate a tax return should be filed.

Dallas District recently completed an outreach campaign to bring people back into the system. According to Gary O. Booth, IRS Director for the Dallas District, "We are convinced, from the numbers of taxpayers who took advantage of our outreach assistance, that

most taxpayers are willing to comply with the tax laws if they have the information and help they need to do so."

Booth urged those who did not take advantage of the special assistance offered earlier to file their returns now. IRS will work with people who owe tax to help them meet their tax obligation.

"It is only fair to taxpayers who are filing and paying their tax on time for IRS to ensure that all others do, too," Booth remarked. "And since penalties and interest continue to increase your debt, you are helping yourself if you file now."

IRS offices in the following locations will be staffed each Thursday morning beginning at 8 a.m. to help taxpayers who need help to file prior year returns: Abilene-314 Pine Street, Room 2305.

Taxpayers may also call the IRS toll-free number (800-829-1040) to schedule assistance at other times and locations.

**My Faith**  
 He said He would meet  
 me in the morning  
 In the sweet gentle voice  
 of His love  
 As the birds sang so  
 sweetly  
 Undisturbed by the  
 deed of the world.  
 He said that He would  
 meet me in the garden  
 While the dew is spar-  
 kling on the grass  
 I feel His presence near  
 me  
 And know that I have  
 been blessed.

He said that he would  
 lead me  
 Although the path is  
 weary and long  
 There is a better place  
 waiting  
 The path will lead me  
 home.  
 He said He would meet  
 me in the evening  
 When the sun is setting  
 in the west  
 This long weary day has  
 finally ended  
 With His love we have  
 peace and rest.

## COMPTROLLER'S REPORT EXPLORES FUTURE TEXAS JOB MARKET—AND THE NEED FOR NEW SKILLS TRAINING

(AUSTIN) — For decades, the myth of Texas—cultivated by epic movies like *Giant* and the television series *Dallas*—was synonymous with gushing oil wells, huge cattle ranches and big spenders. Our future, however, rests with a much more valuable resource—unlimited human potential,” State Comptroller John Sharp says.

The future of the Texas labor force is explored in the latest issue of *Fiscal Notes*, a monthly publication of the Comptroller's Research Division. *Fiscal Notes* again explores the issues that are evolving from Forces of Change, a year-long study by Comptroller researchers of all aspects of the Texas economy to the year 2025.

“Rapid change in the economy and the nature of the workplace means workers will have to learn new skills and keep up with new technologies. The question is whether we are willing to do those things competitively,” Sharp said.

“Will we choose to educate and train a large Texas workforce for good-wage, high-skill jobs? If not, we risk sinking to the level of a second-class society, and the boom years of the 1960s and 1970s will be only a far too distant memory.

“For the 1990s and beyond, a student who aims for high school graduation and postsecondary training will find lots of opportunity for jobs like registered nurse or secondary school teacher. Among the occupations with the fastest rate of growth by 2000 will be health services, Sharp said.

But if that student drops out of school, he or she may end up in other areas high in demand but low in pay—fast growing but low-skilled jobs as janitors and maids, general office clerks, truck drivers and child care workers, the article concludes.

“No longer can a worker depend on sheer physical strength or the benefits of mass production to provide the economic security the worker seeks,” Sharp said.

“The successful workers of the future must be able to master a variety of intellectual exercises stressing higher-order thinking skills, mathematical computations, the ability to communicate clearly and to adapt to new technologies.

“Despite Texas education reforms, many of today's students leave high school ill-prepared for the workplace. Colleges don't always provide the flexibility and affordability that adults returning to school need. It has fallen to many employers to prepare their workers for the future,” Sharp said. “Nationally, corporations, government, unions and workers spend \$1 billion each year on remedial education for workers.”

“By 2000, an estimated two million Texans will be working in professional and technical occupations,” Sharp said. “However, the next fastest growing segment will be traditionally low-paying services. With the prospect of an economy increasingly dependent on low-skilled, low-pay jobs, more attention is being paid to making investments in the work force, both at public and private levels.”

The *Fiscal Notes* report concludes that the 10 Texas occupations with the largest potential for growth will add 366,600 new jobs by 2000, though many will not be high wage employment. Among service occupations, janitors, cleaners and maids will top the list; among professionals, registered nurses will add the most jobs.

The 10 top growth occupations and their projected job growth are:

- Janitors, cleaners and maids, 45,650
- Secretaries, 44,250 jobs
- General office clerks, 38,750
- Registered nurses, 38,250 jobs
- Retail salespersons, 38,100 jobs
- General managers and top executives, 34,850 jobs
- Truck drivers, 34,250 jobs
- Child care workers, 33,900 jobs
- Teachers-secondary school, 29,350 jobs
- Waiters and waitresses, 29,250 jobs

## Seventh Annual "Making Texas Music" Writers Competition

Normally the Putnam Volunteer Fire Department is called to put out house, highway, and range fires. However, this time, they are starting one.

The "Seventh Annual Making Texas Music" Country/Western Writers Competition will be held in Putnam, Texas, Saturday, November 7, at the Callahan County Rural Schoolhouse No. 9. This extraordinary place, noted for music, is where new talent from across the state will gather.

Since there is always a musical finale after the Competition, this year "Making Texas Music" has decided to hold a benefit to honor the Putnam Volunteer Fire Department. The money raised will enable the Fire

Department to purchase needed equipment and supplies to provide the necessary emergency service required by the people in the surrounding areas.

Now, you are still wondering what's going to make this fire-musical-so hot? First, Elvis' drummer for nearly twenty years, D. J. Fontana, a star on the Louisiana Hayride prior to joining Elvis, is going to be one of the judges this year. After the too hot to mention "Bareback" Band out of Abilene opens the show beginning at 7:00 p.m.

On Saturday, November 7, Miss New York City, Sussan McMurray, announcer for the event, will declare the winners of the Competition, and a former nominee for Come-

dian of the Year by CMA, Elmer Fudpucker, will interrogate/interview Fontana, revealing some of the most intimate secrets of the "King." Fudpucker will not cease with these revelations; instead, he will continue to pry at the private lives of "Making Texas Music" Singers, much like Donahue, Emery, or Carson would, and permit them to perform only after a thorough and illuminating grilling. The fire will continue to get hotter as he inquires, much like Larry King, into the background of the other judges of the Competition.

They include: Assoc. Professor of Music, Don Turner, Texas Tech University, the business partner of the late, great Jim Reeves, Tom Perryman, now Vice President, Jim Reeves Enterprises, Nashville. Inside information from Judge Dennis

Grubb, Weemus Entertainment, Midland, Texas will be obtained about his nearly ten years with Dick Clark on the Caravan of Music. Fudpucker, not known to let up when the going gets grizzly, will also

attempt to exonerate himself from complicity when this grueling is over. "Bareback" will then turn loose Gary Lee Hale to help finish the show with his new release "I Don't Mind Keeping U With The Jones. As Long

As The Jones Is George," played on many stations including KVRP Haskell, West 102.7, Abilene, and Larry Scott's KWKH, All Night Show out of Shreveport, Louisiana, and which will be available in

the near future on "Making Texas Music's" CD, "Texas Gold."

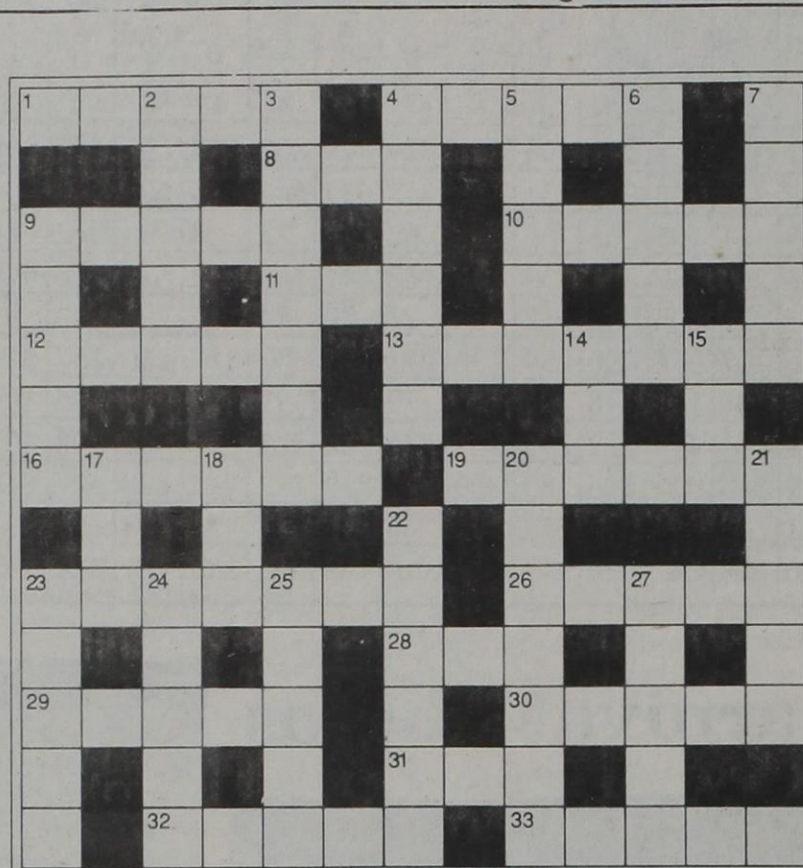

Incidentally, the Firemen have instructed Mrs. Fudpucker, Elmer's Mother, to keep a tight rein on her son, simply because women and children may be present. We don't want a fire, we can't control in Putnam, getting loose. You all know how the wind blows out here, and Elmer's full of it! See you at the "Making Texas Music" 3-Alarm Fire for Firemen, Callahan County Rural Schoolhouse No. 9, Saturday, November 7, at 7:00 p.m.

Perryman and Fontana are not leaving Texas immediately after the 3-Alarm. They are participating in an Elvis documentary being filmed by three Emmy Award producers, Steve Bassett, Media Plus, San Clemente, CA. The documentary will be aired nationally and concerns Elvis beginning

days during which Perryman and Fontana gave important assistance. The filming will begin at New Orleans, November 8, and will take place in Shreveport, Louisiana, Gladewater, Texas, and Hope, Arkansas, which are among a few of the sites. Perryman, then Station Manager at KSIJ in Gladewater, Texas, was

the first to book Elvis in Texas at venues in Tyler, Longview, Gladewater, and Kilgore to name a few. Fontana joined Elvis from the Louisiana Hayride in Shreveport.

Tickets at the door are \$5.00. Tickets purchased before the day of the event from merchants in Downtown Putnam, or Firemen are \$4.00. Children under 12 are free. You can count on the Community Club to keep backing the Fireman where their grill also will be warm with good food beginning at 4:30 p.m. Pies are their specialty.

## "Why The Heathen Will Be Lost" Sermon Topic At Faith Baptist

"Why the Heathen Who Have Never Heard the Gospel Will Be Lost" will be the sermon topic of Pastor M.H. Clark at Faith Baptist Church in Cisco Sunday morning at 11 a.m. This is another in a series of verse-by-verse sermons on the Epistle of Paul to the Romans. Having covered the introductory verses to this great book (chapter one and verses one through 17), Dr. Clark is now getting into the first great division of Roman: The Sinfulness of the Human Race (1:18 through 3:20). In chapter one and verses 18-23, the inspired writer starts out by telling us that nobody will have any excuse at the great judgment day, and he makes it clear why. All humans, even the most depraved of the heathen, have an outward and inward revelation of God even without a Bible. Those who follow these revelations and seek to find the true and living Creator will have the gospel sent to

them so they can have a full opportunity to be saved. Those who ignore these revelations leave God unobligated to give them the rest of His revelation and will be "without excuse." These verses will be covered thoroughly with every word of importance fully explained so that their meanings will be evident.

Romans chapter one shows the sin and full guilt of all the Gentile nations, while chapter two shows the guilt of the Jews, and the first half of chapter three sums it all up in these words, "They are all under sin...there is none righteous, no, not one...for all have sinned and come short of the glory of God." (Vss. 9,10,23.)

Faith Baptist Church is at West 18th Street and Avenue J in Cisco. Sunday School is at 10 a.m. and the preaching services are at 11 a.m. and 7 p.m. All are welcome at all services of the church.

## FMHA Offering Rural Housing Loans Guarantees

Temple-Sidney D. Woods, County Supervisor of the Farmers Home Administration (FMHA) in Comanche County, announced today that the Agency in Texas is now accepting applications through approved local lenders for rural housing loan guarantees.

This new Guarantee Program offers loan opportunities to families who by themselves are unable to afford a commercial loan, thereby extending the possibilities available to rural residents to obtain decent housing. Guaranteed Single-Family Housing Loans may be made for up to 100% of the value of a property, for which Farmers Home Administration guarantees 90% of this amount for the lender. This program offers opportunities not only to low-income families with incomes of approximately \$18,000 to \$38,000, yet to moderate-income families with incomes of \$23,000 to \$47,000 who are unable to obtain credit elsewhere. FMHA Housing Guarantees furthermore have a loan fee of one (1) percent which is less than the similar fee for FHA or VA.

Areas eligible to receive Farmers Home Administration funding include open country, communities with populations of 10,000 or less, and under certain conditions, towns and cities with populations between 10,000 and 20,000.

Applications for guaranteed rural housing loans should be submitted to local approved lenders of FMHA.

For more information, you are asked to contact Sidney D. Woods, as Woods currently serves Comanche and Eastland Counties. In Comanche County, he may be reached at P.O. Box 768, Hwy 3381, (915) 356-5225 in Comanche during the hours of 9:00 a.m. to 12 noon and 12:30 p.m. to 4:30 p.m. In Eastland County, he may be reached at 1309 East Main Street, in Eastland, (817) 629-8508 on each Wednesday during the hours of 10:00 a.m. to 12 noon and 12:30 p.m. to 3:00 p.m.

FMHA, as the lending arm of the U.S. Govern-

ment, has long been a source of credit for farmers, ranchers, and rural homeowners who have been unable to obtain credit through commercial lenders such as banks, savings and loans, Production Credit Associations, and Federal Land Banks. Farmers Home Administration has attempted to aid those borrowers as a Lender of Last Resort.

## Global Satellite System To Pinpoint Oil And Gas Wells

Using space-age technology packed into a box the size of a cellular telephone, Railroad Commission technicians today began tapping an 18-satellite network orbiting 11,000 miles above the earth to chart precise locations for more than 7,700 West Texas wells.

Railroad Commissioners James E. (Jim) Nugent and Bob Krueger demonstrated the flexibility and accuracy of the system at a well site in Tom Green County. The commissioners' demonstration marked the start of a three-week sweep by four Commission teams designed to give the agency precise latitude and longitude readings on approximately 7,700 oil and gas wells in Runnels County. If successful, the satellite location program will be extended to other counties across the state.

"If the system performs as expected, we will for the first time have precise latitude and longitude coordinates for known wells in a particular area," said Nugent. "We'll download the information to our mapping computer in Austin to give us more accurate well maps than we've ever had before."

That accuracy should pay big dividends for industry and for the Commission's well plugging and pollution prevention efforts, according to Krueger.

"Knowing precise locations for existing wells helps oil and gas operators as they chart areas for future exploration," Krueger said. "We also expect our identification sweep in Runnels County to turn up unknown, abandoned wells that will be plugged before they become a pollution problem."

Both commissioners said the well sweep should compliment existing Commission anti-pollution efforts by locating and identifying active or potential oil and gas pollution sources in Runnels County.

Commission computer databases and well maps currently show 2,500 plugged wells, 2,800 dry holes that are presumed plugged, and 2,462 active or unplugged wells in Runnels County. In their three-week "satellite sweep," RRC technicians will first locate the wells and then check their status. Potential problem wells will be identified for further Commission action.

The hand-held receivers being used by the Commission take advantage of signals from satellites in the Global Positioning System, a \$10 billion, 21-satellite, network being deployed by the Department of Defense to provide continuous,

worldwide positioning and navigation data to U.S. Military forces. GPS signals are available to an unlimited number of users simultaneously. They are transmitted on two frequencies, one for civilian access and the other encrypted for exclusive military use.

As a Commission technician holds the receiver at a well site, several signals from passing satellites over a few minutes' time are received and

stored in the unit's memory. Later, the data is compared with similar data beamed down to a precise reference point established by the Texas Department of Transportation in Austin. The two data "fixes" yield latitude and longitude coordinate for the well site with much greater accuracy that could be obtained from the field location by itself.

## Obituaries

### Adina Stonebraker Krueger

Adina Stonebraker Krueger, 86, died Wednesday, October 28, 1992 in Rockville, Md. Services were at 2 p.m. Sunday at Higginbotham Funeral Home Chapel with the Rev. Darrell Dossey officiating. Burial was in Romney Cemetery.

Mrs. Krueger was born April 2, 1906 in Texas. She had lived many years in Rising Star before moving to Rockville four years ago. She was a homemaker and a Baptist.

Survivors include a son, R.L. Stonebraker of Rockville; a daughter, Leta Mae Rodell of Trona, Calif.; a sister, Alice Stewart of Rising Star; seven grandchildren; and 10 great-grandchildren.

### Dennis Chambliss

ANDREWS - Funeral services for Dennis Chambliss, 36, of Dallas were held Saturday, October 31, 1992 and burial was in the Andrews Cemetery.

Dennis' mother, Mona Faye (McBeth) Chambliss, was born and reared in the Okra Community and was married to Curtis Chambliss. Dennis' grandparents, Quincy and Betty (Earp) McBeth, were of the Okra community and both Betty and her daughter, Mona Faye were school teachers in this area. Dennis had lived in Dallas for the last few years.

Among the many relatives and friends attending the funeral were several first and second cousins. One cousin was Rising Star area resident, Blanche Cawley. Other first and second cousins included Polley Hewitt, her daughter, Kay Wright and Kay's daughter, Becky, all of Copperas Cove, Jani Edwards of Lampasas and Adele Whitten of Eastland.

### Keith Butler

CORPUS CHRISTI - Keith Butler, 63, died Monday, November 2, 1992 in a local hospital. Services were at 1 p.m. Wednesday at Cage-Mills Everhart Chapel with Dr. Michael Lowry officiating. Burial was in Seaside Memorial Park.

Mr. Butler was a graduate of Rising Star High School. He was a retired sales manager of an oil company and was the widower of Jeanie Butler.

Survivors include two sons, Bart Butler of Dallas and Bret Butler of Corpus Christi; his mother, Hazel Marsh of Cross Plains; two brothers, Roy Butler and Ray Butler, both of Horseshoe Bay; and several nieces, nephews and cousins. He was the nephew of Robert Butler of Rising Star.

## Senior Citizens Center

by Marjorie West

Thursday, Oct. 29, was a lovely coal day, after a nice shower of rain the night before.

Lucy Curtis was back at the center after being absent for several weeks due to health problems.

About 10:30 a.m. Monty Jones, owner of Rising Star Flower Shop, brought a beautiful bouquet of white spider mums for our birthday party. He does this for us each time we have our birthday luncheon and we really appreciate the service.

Thanks to Stella Hill for baking the lovely birthday cake. We really appreciate Stella for doing so much at the center.

The October birthday honorees at the luncheon were Sula Harris, Ladell Key and Charles Rutherford.

Dick and Glenn Walker of Nocona visited Stella and Curtis Hill part of the week. They were real good friends when Curtis and

Stella lived at Nocona several years ago.

Artie Jagers reported she had a nice time at the circus in Rising Star Wednesday evening.

Amy Davis was back at the Center Thursday: everyone was glad to see her.

We are sorry Bonnie Polk is ill and a patient in the Brownwood hospital; we hope she will be feeling better soon.

Villa Gregg has returned to Port Neches after spending two weeks with her sister, Amy Davis.

We were glad Bill Shults was back at Senior Citizens Center today; we have been missing her.

Rabbit and Irma Lee Jones were back at the club after being absent for dental appointments.

Visitors at our center were Jean Shults from Tennessee, Barbara Bailey of Abilene, Vernon Walker, and Ann Suderth of Lake Brownwood.

## Pioneer Patchwork

by Irma Miller

The Quilting Club finished the Improved Nine Patch and worked on the Double Wedding Ring and the Triangle and Squares. Previously called "Modified Nine Patch," it is not any kind of Nine Patch.

The Harvest Supper on Thursday night was a success with about 30 in attendance to eat the delicious turkey and dressing and to play 42 and 84.

On Wednesday Frankie and Oliver Smith went to Ranger and visited with her father, Perry Vinson, and with her sisters, Dorothy Rogers and Yvonne Pidgeon, and enjoyed lunch with them.

Thursday they visited with Lena Scott in the nursing home in Rising Star and with Vera and Carol Westerman. Also, they visited Mrs. Seeber, a lady of 102 vivacious, intelligent and vibrant years, who was a former neighbor of theirs. Early Saturday morning they left to visit their children in San Angelo and spent the night.

Jewel Foster had been putting up pears and was planning to attend the AARP meeting Monday, as were others of the community.

Novilia Barton's guest who visited this week was Mrs. Roger Pierson of the community.

Barbara and Bob Powell have been tourists in Oklahoma and interesting places in Texas, in San Antonio, Corpus Christi and Austin, seeing all the usual tourist sights. The Aquarium at Corpus Christi was especially memorable. Their daughter and granddaughter from Illinois and a friend from Denver enjoyed all the sights in Texas with them.

Laverne and Cowan Hutton spent two weeks at Camp Bee at Marshall, attending the Sojourner Workshop. On Sunday Laverne visited her sister and mother in Cross Plains.

Visiting Nell and Joe Fleming this week end were their son, Glen, of Amarillo and her sister, Mary Matthews, of Stephenville. With them at lunch on Saturday were also their daughter and husband, Jo Veda and Bill Watson of Byrds Store, and their children and grandchildren, Jim, Charlene, Alton, Jason and Jolena of the community.

## Sipe Springs News

Services at the Baptist Mission Church are on Sunday at 11 a.m. and 6 p.m. and prayer meeting Wednesday night.

The water lines have reached Sipe Springs and everyone is happy to soon have water from Eastland.

Jack Graham is home from DeLeon hospital; we hope he has a speedy recovery.

Mr. and Mrs. Glenn Nowlin, Mrs. Mae Leonard and Gayle Leonard attended the funeral service for Mrs. Tommy Guthrey Wednesday afternoon.

Mr. and Mrs. Herman Tate Zellars of Pennsylvania and Mr. and Mrs. Buster Merworth of Gorman visited Mae Leonard one day last week.

Visitors at the T.A. Weavers have been Mr. and Mrs. Rupert Cagle of Big Spring and Todd Weaver of Garland.

Mr. and Mrs. J.W. Rye of Albuquerque, N.M. are visiting his sister, Mae

Leonard, and other relatives.

Elayne Millwee, Pat Lesley and Artis Kanady visited their ill sister, Vicky Crow, of Hico on Thursday.

Mrs. T.A. Weaver was honored on her birthday at the home of her daughter, Marita Smith, by her family and a few friends.

# Food Safety Program Presented to 4-H Club

Heather Wright and Gwen Hollis, with assistance from Justin Janes, presented a food safety program to the local 4-H club.

The Stars of the Future 4-H Club met Tuesday, October 27, 1992 at 7 p.m. in the 4-H hut. The meeting began with recreation led by Third Vice President, Josh Constancio.

President Kirby Bush called the business meeting to order. Roll call was conducted by Secretary, Holly Butler. Kory Collins inspired members with the following quote: "It is better to attempt something great and fail, than to attempt nothing and succeed."

The pledge to the American Flag was led by Mande Westerman. Kelsey Jones led the 4-H pledge and motto. Brandi Gold-

ston, third vice president recognized and welcomed new members and guests. Holly Butler read the minutes from the September meeting and presented the treasurer report. Reports were given on National 4-H week, County Banquet, Food Project Meetings, Live-stock Projects, Fund Raisers and Jr. Leader's Meeting.

Justin Janes presented a new community service to the club. Members will be collecting good used teddy bears to be donated to the local EMS and fire department. These teddy bears will be used to give

to children in traumatic situations.

Miriam Clark presented another project of distributing Halloween trick or treat safety tips to the grade school students. The members voted to participate in both of these excellent projects.

Amy Agnew then introduced the program and presenters, Mrs. Chambers, Rising Star Home Economics teacher and FHA members, Heather Wright and Gwen Hollis. Heather and Gwen showed how to make chocolate chip cookies emphasizing safe storage of the ingredients. Cookies were passed around and enjoyed by all.

Members present were Holly Butler, Timothy Butler, Justin Janes, Jared Janes, Derrick Savage, Tiffany Savage, Mande Westerman, Blair Bailey, Amy Agnew, Lacy Knight, Kelsey Jones, Clint Wolf, Josh Constancio, Kirby Bush, Racheal Bush, Kory Collins, Kelly Griffin, Brandi Goldston, Miriah Clark, Kristie Collins and Dedria Emert.

# FHA Presents Program to 4-H

The FHA Chapter presented a program on food safety at the 4-H hut in Rising Star last Tuesday night.

Heather Wright and Gwen Hollis gave a demonstration showing how to make chocolate chip cookies, use safety procedures in keeping foods safe and in safe handling of kitchen equipment.

Over 20 people attended the meeting. Heather is

President and Gwen is Sargent at arms of the local chapter of Future Homemakers of America at Rising Star High School.

The FHA chapter members are available to make talks and demonstrations as a part of their team training for the State's FHA "Star Events" program.

For information call 643-3521.

# Former Resident's Poems Published

James B. Jones, a former resident of Rising Star for sixteen years, has been published as a poet in two new books, *Listen With Your Heart*, to be released November 15, and *All My Tomorrows*, to be released January 17, 1993.

Both books are being published by The Quill Book Co. of Harlingen. The are illustrated collections of verse by contemporary authors.

Born in San Angelo, James came to Rising Star with his parents, Carter and Cynthia Jones, in

1969 and lived here until 1984 when he moved to Austin to further his career in writing.

James currently lives in Austin with his wife, Shannon, and daughter, Kara. There he continues work on a novel and science fiction short stories for fiction digest. He is currently employed as an accounting auditor for Super 8 Inns Inc.

As space permits, this newspaper will print James' poems, "A Glass World" and "A Sound Fills the Air," under the byline of J. Bailey Jones.
