Rising Star Fire Record Is Bad Says Insurance Commissioner Paul H. Brown

FIRE INSURANCE DIVISION
Board of Insurance Commissioners
Austin 1, Texas
Honorable Walter Smith
Mayor
Rising Star, Texas
Dear Mayor Smith:
Uncontrolled fire is a certain form of Tax, and who likes to pay more taxes than necessity requires. Read "The Story of Fire" enclosed.
The fire loss record of your city for 1952 shows an insured fire loss of \$300. For the 5-year period of 1948-1952, the insured fire loss amounted to \$154,289. How many business men, women and citizens of your community have this information? How many of them have been made to realize that uncontrolled fire is another certain form of TAX?
Your city is now receiving a 15% Bad Fire Record Charge which means that the insurance buyers thereof are now paying out many thousands of dollars in excess insurance premiums. At this point, we should like to remind you that every fire haz-

ard removed is a potential fire averted.
Fire control is an individual responsibility. It is a community problem and must be solved on the community level. Careful planning and intelligent action always brings the desired results.
We suggest (1) that your council members select a representative body of business and professional men and women of your city to meet and council with you relative to the formation of a continuous Fire Safety Program. Fire is a constant threat to the economic life of your citizens and often times a creeping form of economic paralysis. Too often it destroys human lives and causes serious injury, and this is not a pleasant thought.
(2) Plan now to observe Fire Prevention Week October 4-10. We enclose a source of supply information available through the National Fire Protection Association of Boston, Mass., an organization of business and professional people only. "A Little Knowledge Beats a Lot of Luck".
Sincerely yours,
PAUL H. BROWN
Fire Insurance Commissioner

Wheat Farmers Vote 87 Per Cent To Keep Quotas

Texas farmers and those of the nation had served notice Saturday quotas, along with continued high support prices, during 1954. Texas farmers approved the restrictions and the supports 18,056 to 1,496, the Production and Marketing Administration state headquarters at College Station announced.
There were 693 contested ballots not counted in the final tabulation.
On a national basis, farmers approved acreage restrictions and supports by a seven to one vote.

Carbon Man Killed In Car Wreck; Rites Held Friday

RANGER, August 12.—Funeral services for Harvey Harris, 38-year-old former Carbon resident were held this afternoon at 3 o'clock at the First Methodist Church in Carbon.
Mr. Harris, a resident of Houston at the time of his death died of injuries received in a truck collision near De Rio Monday afternoon.
Survivors include his wife, the former June Ferguson, of Houston; his parents, Mr. and Mrs. H. L. Harris of Route 2, Cisco; two sons, Stan Harris of Oklahoma and Harvey Lynn Harris of Houston; six daughters, Wilda Joy of New Mexico, Mrs. Bobby Gene of Stephenville, Gay Nell of Oklahoma City, Gayle, June, Linda and Brenda of Houston; three sisters, Mrs. Alton Fleming, of Wichita Falls, Mrs. Ray Hollis and Pearl Gunther of Eastland; and three brothers, Earl Harris of Carbon, John E. Harris of Abilene, and M. J. Harris, stationed at San Antonio with the U. S. Air Force.

DE LEON PEACH AND MELON FESTIVAL PARADE DRAWS THOUSANDS VISITOR

The streets of De Leon were lined with thousands of visitors last Thursday afternoon when the 44th Annual Peach and Melon Festival parade was staged. The floats were beautiful and many ornate and worthwhile floats were in the parade. The Rising Star Roping Club took part in the parade of more than 100 horses. The Amity H. D. Club was represented with a booth in Black's Cafe.
A number from Rising Star were in attendance.

Capt. E. R. Donham Killed in Plane Crash Saturday

Capt. Elbert R. D. Donham, son-in-law of Mr. and Mrs. Guyle Greynolds of Rising Star was killed near Wichita Falls when the plane he was riding in crashed last Saturday. Donham will be remembered by many in Rising Star as he lived on the place where Mr. and Mrs. Greynolds now live. Shortly after World War II he moved to Rising Star and made many friends who were shocked to learn of the accident.
State papers carried the following story:
Crash of a training plane Saturday night killed Air Force Reserve Capt. Elbert R. D. Donham, 33, and a master sergeant from Sheppard Air Force Base, Burl L. Farris, a Hensley Field spokesman said Sunday.
Donham, a Sheppard AFB civilian employe, was a pilot instructor with the 8708th Pilot Training Wing at Hensley Field. He had reported to Hensley Saturday afternoon for two days of flight training and was on a routine local flight from Sheppard AFB when the accident occurred.
The T-6 trainer struck open ground near Wichita Falls and was completely demolished. Weather conditions were reported excellent.
A board of qualified officers from Sheppard AFB has been appointed to determine cause of the accident.
He was buried in the Cisco Cemetery Tuesday afternoon at 3 p. m. Rev. M. F. Agnew and M. F. Bradley, both of Cisco officiated. Interment was in Oakwood cemetery.
Capt. Donham was killed when his plane exploded in the about four miles from the air base, his father, R. T. Donham of Cisco, said.
He was a veteran of World War II and had gone back into the Air Force about a year ago.
He was born at Moran June 17, 1920. His wife is the former Helen Greynolds of Rising Star. Survivors include his wife and three children, Don, Mike and Sharan Ann; his parents, Mr. and Mrs. R. T. Donham of Cisco; two brothers, Lee of Sheffield and William of Cisco; and two sisters, Mrs. J. C. Carr and Mrs. J. B. Carr, both of Cisco.

W. L. Ferrill Is Named County Attorney To Succeed Fanning

By Mrs. Marion West
Leaving our home town at noon, August 8th, to start our vacation trip which covered 2383 miles.
We traveled U. S. Highway 183 to Albany, from there we took U. S. 380 to San Antonio, N. M. This is the end of this route. Crops along this route looked about like those here, until we reached the Cap Rock at Post. It was here we noticed the full effect of the drought. As far as the eye could see, the soil looked like winter season; ground all bedded for planting and no vegetation growing. We talked to one farmer at Tahoka, who had prepared over a section for planting, at a cost of around \$5,000 and no crop growing. This condition continues about the same to Roswell, N. M., where crops are good; due to irrigation. We spent the night here.
We left Roswell in the morning, reaching the mountain section shortly. We found the weather much cooler and the scenery beautiful. We stopped at Lincoln. This little town is noted for the last capture of "Billie the Kid," and the beginning of the Lincoln County war. This occasion is held August 8 and 9th of each year, in memory of this occasion. If we had known about this the night before we would have driven to see it. We saw many markers here that marked the places of interest during the Lincoln County War.
We continued through the beautiful mountain country to Carrizozo, the new county seat. Around this section are noted Lava beds, that cover a strip about 3 1/2 to 4 miles wide and 10 miles long. This section is mostly impossible even to cattle or horses. This is the most recent lava flow in America. It looks comparatively new. It is difficult to enjoy this scenery because of the many gnats that hatch from the tiny holes in these formations.

RAINED ON AUGUST 17 IN 1944 SAYS CROWELL

The biggest peanut crop ever grown in the Rising Star area was in 1944 says G. T. Crowell of route one. I will never forget that year he said. It was hot and dry. Everything looked like it would be burned up. On August 17, 1944 we got a good rain and harvested the best peanut crop ever produced in this area. Mr. Crowell made this statement to a Record man last Friday night at the rodeo.
On the 17th of August this year we got a good rain — not probably as much as fell in 1944. Some say it will make some peanuts and cotton. Fall gardens and pastures will also be benefited.
Late watermelons and cantaloupes will be plentiful since the rain said another farmer who has done well with both this season.
Visiting Sunday in the home of Mr. and Mrs. G. P. Brawner were Herral Brawner and family, Mr. and Mrs. Buck Myrick of Cisco, Mr. and Mrs. Sylvester Myrick of Moran and Lucile Handlin of Tulsa, Okla., Bill Brawner of Fort Worth. The occasion was the celebration of Mrs. Brawner's 83rd birthday.

May Masons to Dedicate Building

Officers and members of the May Masonic Lodge are making preparations for a gala occasion some time in September when their handsome new building, recently completed will be formally opened with a barbecue supper and all the trimmings. An interesting program is being prepared for the occasion. Members of all lodges in this immediate area will be invited and a large crowd is expected to be present. A number of members of Rising Star Lodge are planning to attend.
The May Lodge building, a frame structure, was totally destroyed by fire early this year. The new building, erected on the same site is a two story concrete block structure and is very attractive in appearance. The lower floor is divided into two store rooms for rent and the south side had already been occupied by the May postoffice. A tenant for the north side is being sought. Date of the dedication will be announced later.

P. T. A. Sponsor Band Uniforms in Quick Collection

The Rising Star Parent Teacher's Association is elated over the fine work the committee reported on having received enough cash on the first day to order the band uniforms that should be here by the time of the ball game with Early that will be September 18. The people were most liberal and considerate said one of the committee members and everyone we called on helped in the project.
Following is list of those who contributed. Some are paying out their pledges by the month while others made the entire contribution. It was also said the committee is still asking for help on the uniforms and a number have signified their intention of aiding.
All money received by the PTA will be reported through the Record.

DeLeon Man's Body Found Floating in Lake Last Monday

Troy Holt, fishing on the Joiner tank 4 miles north of De Leon found the body of Charles (Pete) Schnare floating face down on the water Monday. His skull had been fractured. Schnare had been an engineer with the Magnolia Pipe line company since 1917 and had made his home in De Leon for 25 years. He was 62.
A De Leon physician who conducted an autopsy on order of Justice of the Peace O. H. Moore, reported Schnare was killed by a blow on his head.
Officers learned that Schnare and his wife attended a motion picture theater Sunday night and retired about 11 p. m. Mrs. Schnare missed her husband when she awoke at 6 a. m. Monday.
Near where the body was floating a small hammer, a large hammer and a piece of pipe were found on the tank bottom. Also brought up from the bottom, six to seven feet deep at that point, were trousers identified as Schnare's. The left front and left rear pockets had been pulled out, but 65 cents and a knife were in another pocket.
His body was clad only in shorts when found.
Several notes intimating that Schnare contemplated suicide were mailed some time between 5:30 p. m. Sunday and 8 a. m. Monday at the postoffice here. One was received by a friend and another by a De Leon banker. A verdict had not been rendered Tuesday.

Quarter Back Club To Back Wildcats Is Organized Here

Twenty-five enthusiastic Wildcat football fans elected H. McDonald president of the newly formed Quarterback Club and Chas. Tyler, secretary-treasurer last Monday night at the Legion hall in Rising Star. The dues were unanimously voted to be \$5 per year.
Coach Les Cowan told of the help an organization could be to the boys and as did Ray Nunnally and others. It was also voted to back all three sports—football—track—basketball.
One of the main helps the club can be is to help transfer boys back to their homes after practice. Some live near Sipe Springs, Romney and in the Williams community. A complete schedule will be worked out.
Another meeting will be held next Monday night, August 24. At that time membership cards will be distributed. In the meantime it is urged that all those present Monday night secure at least one member to be present at the Monday night meeting. A light feed and booster meeting is the program. All 33 members of the team will be present for the meeting.
Coach Cowan said the Wildcats had a tough schedule, playing against teams with almost twice as many students. However, he said, with the spirit of cooperation as shown by the fans tonight, we hope to do a good job and will always be in the game.
Tom Lewis, Ray Nunnally and C. N. Huddleston were appointed a committee to prepare a light lunch for next Monday night.

MASTER'S DEGREE TO BE CONFERRED THURSDAY BY RISING STAR MASONS

RISING STAR FIRE RECORD AND WEED ORDINANCE.

With the cost of taxes always on the up and the cost of everything else on the increase, our people are still burdened with a huge fire loss of 15 per cent. This is the result of a fire or fires that have happened in the past several years.

A letter is being published in the Record today trying to get the people more fire conscious. Trying to get them more interested in the fire department and in any other way that will save them dollars over the years and at the same time get more protection. It will pay each and everyone of us to read the letter and then all go to work to get this burden off our backs.

A community that attracts outside capital simply must have three major assets:

First, a plentiful supply of cheap water, electricity and gas.

Second, it must have an abundance of willing labor.

Third, it must be a community of cleanliness and sanitation.

This writer never saw more cooperation among our people when the call went for a clean-up of the premises that would prevent sickness and also fire. Most all the people helped—some did not. Their places are like they were last year and will be like that next year. It seems there is no way to enforce city ordinances. As one man told the editor of the paper "they are just bluffing"—that is he meant the "city commission is just plain bluffing and everybody knows it."

However, the ones that cleaned their premises will do it next year without the threat of being fined when they know well and good that will be the end to the whole matter," he said.

This writer sat in on part of city commission meeting not long ago and was told something would be done to enforce the ordinance or else it should be repealed and forget the whole matter. One thing that causes many people to lose respect for the law is to see it abused by a few people who will not obey its intention. We'll see what we see.

NO REASON TO CHANGE.

"Beef cattle breeders—both commercial and purebred—have an opportunity this year to prove beyond question that they can solve their problems without benefit of government price supports and controls," said Western Livestock in its June issue.

The article went on to say that there are too many cows on the ranges of the country, and that this maladjustment must be corrected. It then added, "Cattlemen may pride themselves on being rugged individualists but if they will not or cannot work together to solve a problem of overproduction they will be opening the way toward a stronger demand for price supports and the controls that inevitably would follow."

A short time ago the critical beef situation, which has been intensified by the prolonged Texas drought led Secretary of Agriculture Benson to call an emergency meeting of a special livestock, credit, and retail food committee. This was in line with Mr. Benson's firm belief that agricultural problems should be solved so far as possible by cooperation between the interests concerned, and with a minimum of government interference or financial assistance.

In the meantime, one optimistic sign is found in beef slaughter and consumption figures, which are running well ahead of comparable periods last year. The decline in prices has naturally led to increased beef buying by the general public.

Perhaps the best sign of all is found in the fact that only a small minority of beef producers are asking the government to attempt to solve their problems for them. The great majority want to work their way out of the woods by their own efforts. They've done that in critical times before, and they see no reason to change their attitude now.

MACHINERY CONQUERS FAMINE.

Since recorded history began, mankind has been

fighting famine. And, difficult as it may be for us to understand in well-fed America, much of the world still suffers from famine or near-famine. A survey made some time ago indicated that at least five out of every ten people in the world are ill-fed. Why has the United States escaped the dreary specter of famine?

It is not because we have the most fertile soil—our yields per acre are lower than in some other countries. It is not because we have more land—with seven per cent of the world's people we have six per cent of its land area.

The answer is that we are world leaders in the all-important matter of production per farm worker. It is estimated that each of these workers produces enough food and fiber to support at least 15 persons, whereas in Colonial days 85 per cent of our working force was needed to produce the farm crops which made possible a meager existence.

Our high production per worker, of course, is the direct result of our wide and ever-increasing use of labor-saving, time-saving and money-saving farm machinery. Today each farm worker has about 33 horsepower at his command, as compared with 5.3 per cent as recently as 1920. That is why, with a fixed land area, farm production has gone up and up. And it is the way still greater production, made necessary by a swiftly growing population, will be achieved in the years ahead.

S. S. REPRESENTATIVE TO BE IN CISCO AUGUST 27

Everyone agrees that it is a good idea to check his bank balance regularly for accuracy. The Abilene, Texas social security office says that you should also check on your social security account regularly. If you change jobs often, you should do this once a year. The social security office will gladly furnish you, free of charge, a post card form for your use in obtaining a complete record of your earnings as posted to your old-age and survivors insurance account. Remember, if there is an error in your account, delay in checking may prevent correcting it.

Mr. E. Glen McNatt representative of the Abilene, Texas, Social Security office will be in Cisco at the Chamber of Commerce between the hours of 2:00 P.M. and 4:00 PM on Thursday, August 27, 1953.

GRANDPARENTS IN NO MOOD TO LET PARENTS HAVE BABY "RICKIE"

Richard Earnest McLeod, baby
grandson of Mr. and Mrs. Floyd
Joyce recently spent a week with
his grandparents and left last
week for his home accompanied
by his parent, Mr. and Mrs. J.
C. McLeod of Fort Worth where
"Rickie" is at present making
his home, looking after his par-
ents. The editor interviewed the
young man at Terry's cafe last
Saturday and much to his sur-
prise found "Rickie" was in
no mood for conversation — it
seemed that his grandpa Floyd
Joyce, had been seen and heard
talking to himself and from the
grapevine was supposed to have
been in his mind somewhere of
trying to influence baby "Rickie"
to bring out his duds and spend
the balance of the sum-

mer in the home of grandpa
and grandpa.

But later it was learned from
reliable authorities everything
had been worked out to the en-
tire satisfaction of all and "Rickie"
will be back sometime in the
near future.

Mr. and Mrs. Jack Gibson and
family of Lafayette, La. visited
with his parents, Mr. and Mrs.
M. D. Gibson last week-end. They
were en route home from a vaca-
tion in Colorado.

Mrs. Smith Kent of Nimrod
was transacting business in Ris-
ing Star last Thursday. While
in town she came by the Record
office to renew her subscription
for another year to "the great
highlight of the west."

PROGRESS MEETING

Mrs. Guy Taylor

On Saturday night, August 8 following a successful revival in Amity church, members of the club gathered for a program which was very interesting and profitable. Several songs, led by Walter Henderson for the opening and a prayer by E. R. West and the following numbers given. A. D. Jenkins made a good talk and asked Aubra Goss and Wade Frey to give suggestions for a booth and exhibits for the club to have at the Fall Fair in Rising Star. They gave some timely advice and offered their assistance in any way we needed it.

Reading by Bamona Myers.

Some clever 4-H club songs entitled "Quack, Quack, Quack" and "Watermelon Vine" were sung and acted by Mary and Martha Haynes and Virginia and Jessie Alice Moore.

Bonnie Reynolds gave a complete report of the 4-H Club encampment at Lake Brownwood.

The highlight of the evening was an act with a well trained little dog called "Midge" by a very attractive little girl, Jessie Alice Moore, who said it didn't take her long to educate her dog to do many things, such as standing on hind feet wearing a cap and gown, as a girl graduate wearing glasses and smoking a cigarette as a sophisticated young lady, saying her prayers, posing as a dead dog and several other accomplishments. Jessie Alice rolled her around in a toy stretcher and had a small suitcase for the "togs" in the act. The entire program brought much applause.

Closing song by all and prayer Darrell Watkins. Next meeting will be August 22 at the church in an outdoor social with ice cream and cake for refreshments.

Harold Pierson, one of our good club members in recovering from an operation and quite a number of neighbors, did a kind deed on Tuesday and worked his crop. All hope he will soon be well and in the club work again.

MISS NELL CARMICHAEL DAIRY SNAK OWNER MOVES TO RISING STAR

Miss Nell Carmichael, owner of the ultra modern Dairy Snak on North Main has moved from Cisco to Rising Star. She lives in one of the O'Connor houses near the Dairy Snak.

Her opening day a huge success. Between the hours of three and five, she gave away nearly 600 ice cream cones. She also had many customers after the free cream hours.

Miss Carmichael not only brings a modern business to Rising Star but also an inspiring example of fortitude.

Sixteen years ago, she suffered a broken back in a car wreck. Since that time she has been completely paralyzed from the hips down.

But this doesn't daunt Miss Carmichael. She takes of herself to a great extent from her wheelchair. She laughs and says she is the only one who can cook a "Jolly Dog." She also drives her own car which is specially mechanized to fit her needs.

She has lived in Cisco all her life. She is the daughter of the late Mr. and Mrs. Sam A. Carmichael. She had two years in Hardin-Simmons University and 18 months in a business college.

She has operated a grocery store and a cafe and now the Dairy Snak.

She and Elizabeth Foster, who lives with her are members of the Baptist Church. She stated they would move their membership from Cisco to the First Baptist Church here at the first opportunity.

Miss Carmichael's fortitude is truly inspiring to everyone. She stated with a twinkle in her eye, "life is what you make it. I find in it not only happiness but truly thrilling to meet the challenge of my handicap and overcome it." Such an attitude brings success and strength to endure the dark hours of endless pain.

Walter Straker and family who have been visiting her parents, Mr. and Mrs. C. S. Gregory returned to their home at Rockport the first of the week.

BOWERS' FAMILY REUNION LAST WEEK

The Bowers' family reunion was held last week end at the Baptist Encampment at Lake Brownwood.

There were two days of visiting and fun with lots to eat at all times.

They enjoyed fishing, swimming and boating.

Those present were: Gene and James Lee, San Angelo; Mr. and Mrs. Jim Newman, Mr. and Mrs. C. T. White, Donelle and Melony, and Mrs. Dora Taylor, all of Alpine.

Mr. M. B. Bowers, Odessa; Mr. and Mrs. Harold Wallace and girls and Mr. and Mrs. Royce Bowers, San Antonio; Mr. and Mrs. John Bowers, San Angelo; Barbara Kennedy and Leigh, Houston; Mr. and Mrs. Gordon Baines and daughter, Fort Worth.

Mr. and Mrs. Earl Baines and son, Fort Worth; Mr. and Mrs. George Bowers, Abilene; Mr. and Mrs. Harrison Bowers and boys, Fort Worth; Mr. and Mrs. Otis Bowers, Abilene; Mr. and Mrs. Mel Thurman and sons, Mr. and Mrs. Carl Bowers, Mrs. Laura Bowers, and Mr. and Mrs. W. A. Williams, Mr. and Mrs. Frank Rhymes and Beth, Gorman.

Mrs. Hugh Bowers, Brownwood; Mr. and Mrs. Lester Bowers and children, Mr. and Mrs. B. B. Bowers and children; Mr. and Mrs. Gid Bowers and sons, Cisco; Mr. and Mrs. John Brooks

SIXTY FIVE ATTEND CHAMBER OF COMMERCE BANQUET TUESDAY

The Methodist church basement was filled to overflowing Tuesday evening when the Chamber of Commerce entertained some 65 members and visitors. It was a barbecue dinner and all the trimmings.

Fred Husbands of Abilene was the principal speaker. A complete resume of the address will be given later.

ENJOYS TRIP TO CALIFORNIA

Mrs. Conrad Schaefer has returned from points in Southern California where she visited her son, Lt. Tony Walker of Headquarters & Service Co., Camp Pendleton. She was accompanied by her sister, Mrs. H. C. Shely of Bastrop. They also visited relatives and friends. Many interesting points of interest were enjoyed. In Tia Juana they saw the Texas girl bull fighter with the applause of thousands.

Horace E. White, Jr of Brownwood made it possible for them to go aboard his jet carrier, Yorktown, "The Fighting Lady," of World War II fame.

Dude Myers and wife of Odessa visited friends here last week.

Higginbotham's

The man with 248,404

different names

Idly toying with pencil and paper, we just figured out what it would cost to buy yourself a certain electric manufacturing company. Complete with factories, machines, raw materials in the bins, and so forth.

• Write your check for 2 billion dollars, please. (That's at recent price per share quoted on the Stock Exchange.) But don't send the check to the company. It doesn't own the stock.

You'd have to buy back the stock in bits and pieces from 116,000 women share owners. And 83,000 men. You'd have to get in touch with about 25,000 trustees and guardians. And a few thousand insurance companies, universities, hospitals and pension trusts to buy back the stock they own.

We wouldn't blame these people if they didn't sell to you. They don't have to, you know. Maybe they want the stock for the same reason you do.

Not even a thousand millionaires, each putting in a million dollars, could "own" General Electric. The "man" who owns General Electric has 248,404 names. There are that many owners on the books.

Simple mathematics can shoot a large round hole in the childish misconception that America's basic companies are owned by a few lucky people.

Suppose there were the fantastic total of 100,000 millionaires. Even they couldn't buy the "people-owned" businesses on which America depends for goods. But already six and a half million individuals have a direct investment in America's production.

The only thing bigger than America today will be America tomorrow. And the only collection of people rich enough to finance this growth and share in its success is the public.

You can put your confidence in

A bountiful dinner was spread and much conversation with the often repeated question, "Do you remember when?" The Teague family is one of the pioneer families in Zephyr.

All eligible farmers are urged to vote in the forthcoming elections, during week of August 17-22 in Texas, when the PMA committees for next year will be selected.

REA Annual Meett At Lake Eanes On August 28

Manager Parks, of the Comanche County Electric Co-op says he would like to remind you again of the big Annual Meeting at Lake Eanes August 28. Record crowds have been turning out at other Co-ops this summer, and we'd like to set a "best attendance" record here.

Parks reports that the new District Meeting method of nominating Directors was very well liked by the members attending these meetings, who praised the method as being the most democratic way of obtaining nominations. The success of any Cooperative is dependent on the interest its members show in its government and operation — all members should take advantage of the opportunity to participate in the business transacted at the annual meeting.

Definite commitments have been made by a fully representative group of appliance dealers in and around Comanche and a really attractive display of appliances is assured.

Arrangements have been made for members and their families to take a free swim in Comanche's new swimming pool — tickets available at the registration booth.

LATE NEWS MUST BE HELD FOR NEXT WEEK

The Record goes to press early Wednesday morning—it is utterly impossible to get items in the paper that come in later than Tuesday noon.

Last week readers called Wednesday with late news items and it was too late. Going to press early Wednesday enables the paper to be put in the mails in the afternoon of Wednesday and goes out on the routes Thursday. This gives advertisers an opportunity for their messages to get into the homes of the rural readers for Saturday shopping and week end grocery specials.

Any news coming in after Tuesday noon will be held over until the following week. Thanks a lot for the cooperation of the people in bringing in personals. They are the best part of the local news.

Soil Service Reports Greatly Improved Conditions in Large Part of Texas

FT. WORTH, August 19.—The Soil Conservation Service today reported greatly improving soil moisture conditions in some drought-ridden areas of Texas and Oklahoma with markedly lessened prospects of widespread wind erosion damage in the coming winter and spring months although general rains are still

needed before the extreme drought is relieved.

The improved moisture in 43 counties in western Texas and 10 counties in western Oklahoma has touched off one of the most determined efforts to produce soil cover in recent years, says Regional Director Louis P. Merrill of SCS.

Hundreds of thousands of acres in the Rolling Plains, the South Plains and the rain-blessed Panhandle sections of Texas already have gone into grain sorghums, sweet sorghums, sudan grass and other cover producing crops. SCS field men have reported to Merrill. Most of the plantings are up to good stands, and with a good rain or two would make needed cover or even a crop of grain barring early frost. In the Panhandle of Texas and in northwestern Oklahoma sizable areas have accumulated moisture for wheat planting next fall but too many farmers are turning under an effective stubble mulch before sufficient moisture has been trapped to sustain a stand of wheat.

Range grasses are growing rapidly in areas which have received moisture in the last five weeks, Merrill reported. Returning from a trip into the High Plains and Rolling Plains this week Merrill observed that on short range in poor to fair condition there is the temptation to keep too many stock where numbers have not been materially reduced as in the Panhandle counties.

Where numbers have been reduced there may be a tendency to re-stock. He says it should be remembered that grass gets about 95 per cent of its food and energy from the air and sun, 5 per cent from the soil. The leaves must feed the roots.

Merrill said one of the most encouraging signs has been the new attitude of people in the drought-hurt area. Farmers and city residents alike have seemed to realize the threat that drought, with wind erosion, has brought to their communities and are determined to get protective and soil-improving cover on their lands.

Merrill recently said that in his opinion there should not be a return to wind erosion conditions of the 1930's. He gave the following reasons: (1) farmers and ranchers have the "know how" to prevent widespread erosion; (2) owners cooperating with soil conservation districts are using sound erosion control practices on hundreds of thousands of acres of farm and ranch lands; (3) owners have more and better machines with which they control erosion; (4) larger areas have irrigation facilities available for growing plant cover, and (5) farmers and ranchers have too much "horse sense" to let the conditions return.

"As It Looks From Here"

OMAR BURLESON
Congressman
17th District

It is, of course, always a happy time when I can return home. In the first place, it is good just to get out of Washington. City life is not for me and, in fact, I could not be happy in any city unless I was exceedingly busy, which is always the case in the Capital.

Back home, my first pleasure is a visit with my mother in Anson. The second thing I always do is go to the cemetery to the graves of my father and brother, and of my wife's parents and her brother.

After these things, I do a little "windshield" farming and look at the few head of stock I have on my place between Stamford and Anson.

Those who may wish to contact me can find me in Anson on Mondays, but during other days of the week, I expect to be traveling around over my twelve-county Congressional District to

see as many people as I possibly can.

As I have stated in my questionnaires, I feel it very much my duty to contact as many of you folks as possible, to get your views regarding issues of national interest, and particularly those likely to be dealt with in the next Session of Congress.

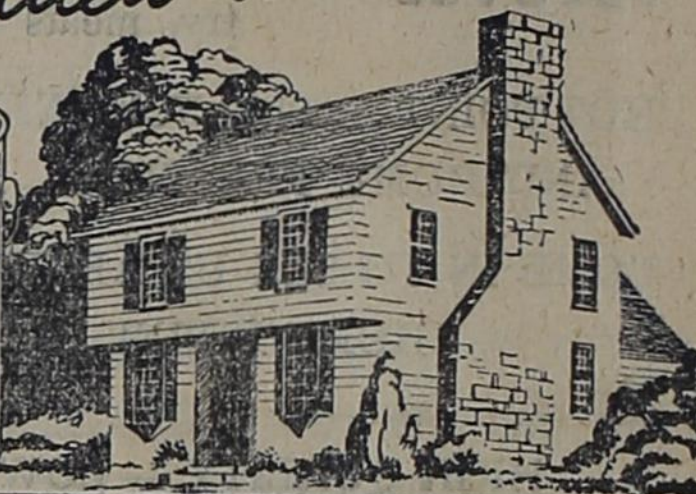

Much of the time will be spent in visiting in the smaller communities. Natural, it is possible to see more people in the towns, but too often I miss seeing folks whom I might contact at the "crossroads."

There are always a lot of things to be done, and sometimes I feel I should be in five places at once, but find it is hardly possible to do it, although I sometimes try.

There's the trip to the Dentist, which is one of the things I am not looking forward to... I have never been to a chiropractor, but find that I need an arch propped—which reminds me that it is not just a grandma's saying that a few little things are likely to go wrong with the human machine when we are past forty-five.

Let me remind you again that on each Monday for the next few weeks I shall be in my office in the basement of the post office in Anson, and anyone is welcome to contact me there.

MAY NEWS

By Mrs. Luther Cobb

Dry, hot weather is still the general theme of conservation in our community, but in due time we are sure rains will come. We hope the May news from the Record hasn't been missed so very much. We are sorry if it was. I left the writing material with another party hoping she would send in the news. But they felt it too great an undertaking. We have been gone for quite some time visiting with our children. We spent the first week of our vacation with a daughter and family, Mr. and Mrs. E. L. Porter of Fort Stockton. Then we came to Big Spring to visit another daughter, Mr. and Mrs. Alph Page and granddaughter's family, Mr. and Mrs. C. E. Gressett and three great grandchildren and our son, L. D. Cobb.

From there we went to Snyder to see our niece and family, Mr. and Mrs. Bill Pate, Tommy and Gene. They brought us home and spent a few days visiting loved ones here. We had a wonderful trip. We also visited Mr. Cobb's sister at Sterling City, Mr. and Mrs. Lee Hunt. We are so glad to be back home.

The joint revival being conducted under the arbor, being sponsored by the First Baptist and the Methodist churches is being well attended. Had a record crowd Sunday evening with more than 100 in the different prayer groups. The evangelist, Rev. Clyde Jackson is a great preacher of the gospel. Singing is fine under the leadership of Rev. Channness. May needs a spiritual revival more than we need rain.

Mr. and Mrs. Tommy Sanders, Tommy Jr. and Larry, of Louisiana have returned home after an extended visit here with her parents, Mr. and Mrs. Chas. Bibby and other relatives.

Mrs. Doyle Spurlock went to Temple Sunday to be with her husband who is in McClosky hospital.

Mrs. Frank McBride, who has been so ill for a long time had surgery in Memorial hospital last week and reports from her bedside are very encouraging.

Mrs. Inez Inglett, who has been ill in a Gorman hospital has returned home and is improving nicely. We have been missing them from the Sunday School class so much and wish for her a soon return of good health.

Mr. Noble Prentice of Austin, in returning from a business trip in West Texas, came by and paid his mother, Mrs. Ada Prentice a short visit.

Mr. and Mrs. Bob Medcalf of Brownwood visited with his dad and mother, Mr. and Mrs. Dock Medcalf last Friday evening.

Mr. and Mrs. J. J. Harris, who live on the Jim Garnet ranch, left by train last Friday morning for a month's vacation in California. They will visit with his children and their families in Riverside, Calif. and her sister, Mrs. Mamie Melton and other relatives in Wilmington. Mr. and Mrs. Bryan Stone and girls are staying out at the ranch looking after their things while they are away.

Burette Keng and daughter, Jan visited last Friday with his mother, Mrs. Grace Keng.

The bridal shower given in the home of Mrs. Grace Keng Saturday afternoon honoring Miss Gay Lancaster, was attended by a large crowd and there were many pretty and useful gifts presented to her. Gay is a lovely girl, an accomplished home ec teacher in Lamesa schools. We wish for her a home where happiness and love reign.

NEIGHBORS GATHER AND HOE PIERSON'S CROP

It was decided at the community meeting in August for the neighbors to help the Harold Pierson family with their hoeing. Last Tuesday people gathered there with their hoes and cleaned out several acres of cotton and peanuts. Those who worked were Mr. and Mrs. Herbert Henry, Mr. Walter Henderson, Mr. Homer Smith, Mr. E. R. West, Mrs. Dora Pierson, Miss Rosemary Pierson, Mr. Grady Alford and Bobby, Charles Alford, Mr. and Mrs. S. N. Haynes, Mary and Martha, Darrell, Doris, and Vera Beth Watkins, Mr. O. J. Reynolds and Bonnie, Jimmy Mullis, and Delwin Caudle.

Mr. Pierson recently underwent surgery in an Amarillo hospital and is improving but won't be home for a few weeks yet.

Mr. and Mrs. U. Z. Aaron left the latter part of last week for Birmingham, Ala., where they will visit with relatives.

Amity

By Mrs. O. J. Reynolds

Rev. Buel Bryan of Gorman filled the pulpit Sunday in the absence of the pastor, Rev. Higginbotham. He preached two good sermons. Bro. Higginbotham was called back as pastor for next year and other officers were elected for the church.

Dinner guests in the home of Mr. and Mrs. Tom Steel Sunday were Bro. Buel Bryan and family, Mr. and Mrs. Everette Harris, Mr. and Mrs. Claude Griffin and Mr. and Mrs. George Paulk.

Mr. and Mrs. Walter Henderson visited Mr. Fred Henry in Brownwood Saturday.

Mr. Henry Morgan of Abilene visited Mr. and Mrs. Walter Henderson last week.

Visitors in the Robert Watkins home Thursday were Mr. and Mrs. Dick Harris and Gayle of Fort Stockton, Mr. and Mrs. Charlie Dick of Pear Valley. Other visitors in the Watkins' home were Mr. and Mrs. W. R. Martin and children, Miss Eula Gooding, Mr. Cecil and R. T. Gooding of San Angelo. Doris and Janet Watkins returned home with them for a visit.

Mr. and Mrs. Hiram Hensford and son, Stanley visited in the S. N. Haynes home last week.

Mr. and Mrs. Jim Casper and Myrtle of Pecos visited in the O. J. Reynolds home Saturday night and Mrs. O. J. Reynolds accompanied them to Bell county for the Gibb's reunion.

Charles Mullis has returned home after a visit with his sister in Fort Worth.

Jackie Brown has returned home after working during the summer at Lovington, N. M.

Miss Patsy Haynes spent the week end in the home of her parents.

Mrs. Harold Pierson's sister and family of Stinett visited in the Pierson home last week.

Mrs. Homer Smith is in the Rising Star hospital.

Saturday night will be social night at the church. Ice cream and cake will be served.

PIONEER NEWS

By A. O. (Slim) Harris

Lonnie Gray spent week end at Sweetwater attending the Smith reunion and visiting relatives.

Mr. and Mrs. S. O. Skinner, Sr. returned home from a vacation trip that took them to Denver, Colo. and Kansas where they visited with Mr. and Mrs. Edward Pancake at Fort Riley where he is serving in the army.

The Baptist folks enjoyed a dinner on the ground at the tabernacle here Sunday. Afterward they attended a baptizing at a tank in the Tom Flippin pasture. Three were baptised into the church.

Dale Mitchell returned home from Abilene Sunday after spending the week end with his cousin, R. L. Gobel.

Mrs. H. A. Chaney and Mrs. Ida Gray returned home from Corpus Christi where they spent a few days vacationing.

The Church of Christ will begin a revival here on August 20 under the tabernacle with Minister E. D. Hays of Abilene doing the preaching. Billy Mac Jobe will have charge of the singing. Brother Hays and the members extend a cordial welcome to everyone to attend the services. Hours for each service was not known at this time.

Mr. and Mrs. W. E. Gober motored over to Marble Falls to meet their daughter, Mrs. Pauline Donati of Kingsville. She will spend several days visiting with her parents.

S. O. Skinner, Jr. and family of Houston visited with their parents, Mr. and Mrs. E. L. Gardner and Mr. and Mrs. S. O. Skinner, Sr. here during the week end.

Mrs. Tom Flippin and two sons of Andrews visited with her daughters and son here last week while Rev. Tom Flippin was in a revival at Rowden.

Mr. and Mrs. W. L. Pancake and sons, Johnnie and Jackie will leave for a vacation trip this Saturday which will take them into Kansas where they will visit with their son, Edward and wife at Fort Riley, Kans., returning back by Missouri and Oklahoma where they will visit relatives.

Mrs. Eula Fore, who has been visiting with her sister, Mrs. Eva Huntington in Abilene for several days returned home last Friday.

This community is being blessed with rain again. One full inch has fallen up to 11:00 A. M. here on Monday and more in sight. The crops will be helped by this welcomed precipitation.

Nuptial vows will be said by Miss Winnie Gibson and Gene O'Donnell at the First Baptist Church on Saturday, August 22 with Rev. D. R. Philleby presiding in the matrimonial ceremony.

Mrs. Ida Gray is visiting in West Texas for a few days with relatives.

Mrs. Lola Pancake has been our postmaster during the absence of Mrs. Gray while on vacation.

NORTH STAR H. D. CLUB

Mrs. J. C. Hudson, Reporter (Too Late for Last Week.)

North Star H. D. Club met in the club house, August 4, with 10 members, and 5 visitors in attendance.

During the business routine, Mrs. Lee Burkhead reported on the results of the food concession conducted by the club at the last Friday rodeo.

In recognition of the club's work in behalf of raising funds in the recent Cancer Drive, Mrs. Louise Weber presented the club with a handsome plaque.

During the presentation speech, Mrs. Weber gave an interesting account of her experiences as local chairman of this organization.

Those present were: Mmes. Ada Williams, Bruce Eberhart, York Eberhart, Will Ware, Dennis Clark, F. M. Richey, J. T. Alford, Lee Burkhead, R. G. Merrell, M. M. Sheffield. Visitors present were Mrs. Louise Weber, Mrs. Carver, Judy, Ronald, Mary Louise and Baby Alford, and Frances and Hope Eberhart.

Mr. and Mrs. Lee Burkhead enjoyed a weeks house party at their beautiful ranch home, north of Rising Star. The following guests were present: Mrs. Mabel Falls and Mrs. Celestine Wilkerson and son, all of Irvin and Mr. and Mrs. Carlton Clark and sons, Mick and Carl, Lovington, N. M.

R. C. Moore and family, accompanied by Mrs. Irene Dillon left the latter of last week for a two weeks vacation at Leahey.

W. McKinney all rode. No time for Bill Brown. Winners were not announced.

QUEEN LOUISE AND KING JAMES CROWNED AT HORNED TOAD DERBY

Mrs. Bill Tucker, F. B. Reporter Miss Louise Scitern, of Kokomo community, was crowned queen of the Eastland County Farm Bureau, on Friday evening, August 7, during the silver anniversary celebration of the Old Rip Horned Toad Derby, in Eastland. She also reigned as queen of this event on Saturday evening, August 8th.

She was also a member of the queens court at the Indian Trail Festival, at Gorman, in July. She will go to the District contest and compete with other county winners and if she wins in this event, she will go to Mineral Wells and try for state title.

The state winner will have an expense paid trip to the National convention, in Chicago in November.

SUBSCRIPTION NOTICES MAILED LAST SATURDAY

Subscription notices were sent out last Saturday notifying all who are in arrears. Several were taken from the list. This was made necessary because of the continued high cost of every item that goes into the publication of a newspaper. Check the label on your paper and it will show when the subscription expires.

All subs must be paid in advance—this is in line with the policy of the post office department.

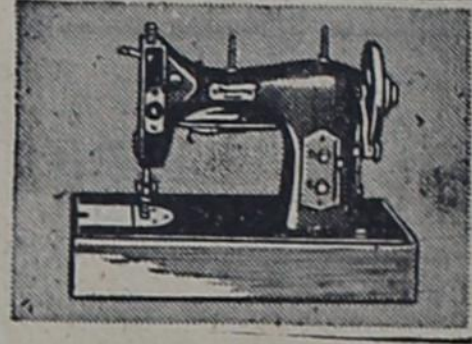

CASTOR BEAN PLANT TO OPEN AT CROSS PLAINS

Funeral Services for Mrs. Lillie Mae Griffin Held Tues.

Funeral for Mrs. Lillie Mae Griffin, 73, were held at 3 p. m. Tuesday in the Rising Star Baptist Church with the Rev. Riley Fugitt, Baird pastor, officiating, assisted by the Rev. Harry Hames of Graham.

Burial was in Pleasant Valley Cemetery near Rising Star under direction of Wylie Funeral Home of Baird.

Mrs. Griffin, resident of Baird for four years, died about 1:30 a.m. Monday at Wichita Falls following an illness of three years.

She was born in Brown County on March 14, 1880, and was married to Noah Griffin at Rising Star on Oct. 16, 1920. They moved to Baird seven years ago.

She is survived by her husband; one daughter, Mrs. Arvel Woosley of Baird; one sister, Mrs. Will Price of Hollis, Okla.; two brothers, S. J. White of Rising Star and M. G. White of Gainesville; and three grandchildren.

OLD TIMERS IN TOWN

Mr. and Mrs. L. S. Kingsberry of Merkel were visitors in Rising Star over the last week end. Mrs. Kingsberry visited her mother, Mrs. J. W. Ransome at Carbon while he was hobnobbing around town with such characters as Ira Swift, and others. L. S. is an employee of the Humble company and was displaying a 30-year service record engraved on a beautiful gold wrist watch. Mr. and Mrs. Kingsberry have many friends in this and the Cook community where they were reared.
