## Methodists Will Hear Guest Speaker Sunday

The Rev. Dr. Kenneth B. McIntosh, a mission executive from Dallas, will be the guest preacher at First United Methodist Church in Rising Star on Feb. 11 at 10:30 a.m.

As the field representative for the eight-state South Central Jurisdiction, Dr. McIntosh serves as an executive staff member of the Mission Education Program Department, General Board of Global Ministries, The United Methodist Church.

Dr. McIntosh and his wife, Iweeta, were United Methodist missionaries from 1961 to 1971 in Hong Kong where he worked as a pastor, district missionary and director of the Methodist Plummer Relief Fund. Working with the United Methodist Committee on Relief, he led in the building

of a resettlement village for 4,500 refugees and worked in medical, clothing and food assistance programs.

It was during the stay of the McIntoshes in Hong Kong that they become good friends with Sid and Olive Anderson, from Rising Star, who had been outstanding missionaries in China before World War II. This was the first opportunity of Dr. McIntosh to visit the church in which Sid Anderson grew up.

A native of Dallas, Dr. McIntosh studied engineering in the Texas A&M University system. His Bachelor's, Master's and Doctoral degrees were earned at Southern Methodist University in Dallas. He also earned a diploma from Yale University, New Haven, Conn. for graduate work in Asian Studies and Chinese.

He is a member of the World Methodist Council and has been a delegate to the last four World Methodist Conferences. Since 1977 Dr. McIntosh has led 12 study teams to the People's Republic of China and with his wife has shared in hosting numerous groups from China who have visited in the United States. This included the visit to the Dallas area in October 1981 of six Protestant leaders from China, including Bishop K.H. Ting.

All are welcome to hear this missionary preacher.

## Meeting On 911 Emergency System Is Held February 1

Representative of the West Central Texas Council of Govts. and Southwestern Bell Telephone Co. Feb. 1 presented a program to local officials on how the Emergency 9-1-1 System works.

County Judge Scott Bailey, County Commissioners Richard Robinson and Norman Christian and city representatives had the three steps explained that must be completed before Eastland County can receive the Emergency Service.

On Jan. 1, 1990 charges of .50¢ per telephone line went into effect to fund the 9-1-1 System. In about two years, or when enough money has been collected to pay for installation and equipment, the county will begin to receive the service.

According to Bill Horne, telephone representative, during the first step cities will

receive print-outs of their Street names. Each street and spelling must be validated.

After this citizens will receive a street ledger for every street address. This may take up to eight months.

After these steps, and the equipment is installed, the computer at the County Dispatch will be loaded, and "hot" testing will take place.

Horne said rural residences post special problems, since these homes have no road names or house addresses. He told the group he will assist County officials if they decide to give addresses to rural homes.

"Our information is only as good as what you give us," Horne remarked.

Horne added that the next meeting will be for a training session.

"This is a forever agreement," he said.

**Pee Wee Game Friday, Feb. 9 6:30**  
Special Presentation To Each Child That Plays  
Boys & Girls 2nd thru 5th

## Grades 2-5

## Pee Wee Basketball Ends Friday Night

As parents and fans of the Pee Wees filed into the gym at 6:30 last Thursday, little did they know before them lay an evening of adventure, excitement and entertainment.

Victorious in the first game of the night were Shannon Stuteville and Derrick White's 2-3 grade girls (otherwise known as the "Little Ladies") who played Mrs. Shelly Bailey's 2-3 girls. Mrs. Bailey's 2-3 grade boys pulled in a victory over Shannon's and Derrick's 2-3 grade boys (otherwise known as the "Little Monsters"). Tomorrow night's game between these two teams will prove to be very exciting because each team has one victory under their belts.

In the third game Mrs. Bailey's team of 4-5 grade boys proved once again to be the winners, as they overpowered Mrs. Debra

Cooksey's 4-5 grade boys.

And in the last game "Coach" Bailey's 4-5 grade girls defeated Mrs. Cooksey's 4-5 grade girls. All in all I would say that it was a very good night for "Coach" Bailey and all her teams. CONGRATULATIONS!!!

# WILDCAT TALES

RISING STAR HIGH JOURNALISM

## Queens of the Court

by Shannon Stuteville

A determined team took the floor last Tuesday night in the RSHS gym and set out to prove a point. In the previous contest against Gorman, the Lady Cats were outscored by a margin of 36-4 in the first half alone.

Things were different this time as the Ladies kept the score close through each quarter of action. The first eight minutes of play found the Lady Cats eager and ready to play, scoring a total of 8 points to Gorman's 8. Second quarter action brought the score at halftime to Gorman 21, Rising Star 15. Resuming play in the third quarter, the Lady Cats snapped at Gorman's heels and the score at the buzzer was 28 for Gorman and 26 for the Ladies. The score after 32 minutes of hustle and 100 percent effort from the Lady Cats was a disappointing 44-35 in favor of Gorman.

Although they weren't victorious, Coach Stuteville was pleased with the enormous effort by the team and happy with the improvements made. Wendy Green led the scoring for the Ladies with 11 points, followed by Jo Linney and Stephanie Sizemore with 6 each; Becky Walker contributed 5 points, while Jomy Clark sank 4 points and Shannon Stuteville had 3.

Homecoming games during the months of January and February are few and far between. The Lady Cats were just lucky enough to get to play Lingleville on their Homecoming last Friday night. The Ladies, obviously nervous going into the contest, were more relaxed in the second half. These two periods of play were much more productive for the Lady Cats than in the previous game. The final score was Lingleville 77, Rising Star 31.

Wendy Green, a junior, was again top scorer for the Lady Cats with 15 points. Shannon Stuteville sank 6, Stephanie Sizemore and Jomy Clark each had 4 and Becky Walker put in 2 points.

The last game of the year was played in Rising Star Tuesday against May (after the newspaper deadline).

## Cats on the Court

by Roanen Barron

What an exciting week for the Wildcats. Even though they were beaten both games, they still played two very good games.

On Jan. 30, the 'Cats played the Gorman Panthers at home. Gorman took off and it looked as though it would be a repeat of their earlier meeting in which Rising Star was embarrassed 79 to 29. But the 'Cats used the home court advantage. They launched a tremendous comeback, and sent the game into overtime. Throughout overtime the scoring remained tied at 46. But the Wildcats fouled and Gorman had a chance to win with free shots. Gorman's Joe Rogers was on the line and sunk a shot. Rising Star was unable to score in the little time that remained, and Gorman won by one point, 47 to 46.

Rising Star had to travel to Lingleville to play the Cardinals for their homecoming on Feb. 2. Rising Star played a good game and kept up with Lingleville until the second half when the Cards pulled ahead, defeating the Wildcats 69 to 43.

STATS FOR BOTH GAMES:  
Scoring: Evans 24, S. Bailey 21, Hill 2, Bible 2, Long 9, B. Bailey 17, White 10, Barron 4.

Rebounds: Wilson 2, Evans 6, S. Bailey 20, Hill 11, Bible 1, Long 22, B. Bailey 8, White 11, Barron 2.

Turnovers: Wilson 2, Evans 2, S. Bailey 5, Long 9, B. Bailey 6, White 5.

Recoveries: Evans 3, S. Bailey 5, Hill 1, Long 3, B. Bailey 2, White 3.

Assists: Bible 1, Long 3, B. Bailey 1, White 6.

Fouls: Evans 3, S. Bailey 3, Hill 1, Bible 1, Long 7, B. Bailey 1, White 10, Barron 2.

F-Throws, Avg.: Evans 1/2 50%, S. Bailey 60%, Long 25%, B. Bailey 63%, White 40%.

The Wildcats wrapped up the season and put the balls to rest after they took on the May Tigers, Tuesday, Feb. 6 (after newspaper deadline).

## What's Going On?

## Jr. Lady Cats

by Becky Walker

Each of the Jr. Lady Cats can take pride in knowing she did her best to make the last game of the season a special memory.

Starting a strong first round before falling behind 10-4, the Jr. Ladies had real trouble getting the ball to go through the hoop the next period and were down 24-7 at half. They hustled much better and outscored May for the third quarter tally and Emily Stuteville wowed the crowd with a 3-pointer from just above the key in the final quarter. The comeback fell short and the final score was 38-22.

Scoring for the Rising Star girls were Olivia West 6, Misti Bailey 6, Emily Stuteville 3, Brandi Harris 2, Inga Williams 2, Rebecca Coleman 2 and Lisa Robinette 1.

These ladies did an outstanding job in boosting school spirit and representing the community by their persistent efforts and earnest willingness to work.

Your long hours of practice and dedication have not gone unnoticed, Ladies. Thanks for a great year!

## Jr. Cats

by Becky Walker

The Junior Wildcats fought fiercely against their foes Monday night but the last battle of the season ended with a loss by 1 point, May 41, Rising Star 40.

The 'Cats were consistent on offense, growing more aggressive with each quarter, and defense appeared staunch. May's bunch came through on a long shot when the pressure was on. The Tigers led 20-16 at half, taking advantage of a few bad passes and some lack of control. These same weaknesses gave May the chance to score the winning points in the final seconds of the game.

Scoring for the 'Cats were Jarod Horton 24, Wid Keeling 8, Chris DeLong 6 and Aaron Jones 2.

The Jr. Wildcats made a fine effort at striving to always play their best. We applaud all your hard work, gentleness. Thanks!

## School Scoop

by Wendy Green

What senior girl that drives a white Chevy shortbed hit what senior guy that drives a little red sports car? Well let's see if we can't get some insurance money from it! Just call D.G., she'll take care of it.

C.H. wants to know who followed her home Friday night. She hopes it wasn't Jason or Freddy Krueger!

What sophomore guy sent what fish girl roses? It's not even Valentine's yet.

Two CP girls, one RS girl and three RS guys had a movie party at BC's house. You mean to tell me they actually went to his house. Imagine that!

What ex-Wildcat had a party Saturday night? And what Wildcat and ex-Wildcat left early to crash another one? You figure it out.

Looks like we've got a new Daddy at RSHS - Congratulations Coach Brown - You and Shawn are going to have your hands full!

## Elementary Beat

by Gherda Williams

The first, third and fifth graders took their TEAMS tests Tuesday and Wednesday of this week.

The teachers, of course, think the TEAMS tests help them find out what the kids are capable of learning. The students, however, do not feel as positive about the tests as the teachers.

Tianay Chambers (fifth grader) says, "The tests are too long. I get tired just thinking about them!"

Samantha Kerr and Robin Griffin (also fifth graders) simultaneously exclaimed, "We hate the TEAMS tests!!"

Michael Perales stated, "They're so boring!"

It seems pretty obvious that the elementary students do not enjoy taking the TEAMS tests, but good luck to everyone who is taking them anyway!!

## WORD OF GOD

### Prophecy (Old Testament)

But I am a worm, and no man; a reproach of men, and despised of the people.

All they that see me laugh me to scorn: they shoot out the lip, they shake the head, saying,

He trusted on the Lord that he would deliver him: let him deliver him, seeing he delighted in him.

Psalms 22:6-8

## Farmers Asked to Report Operating Changes

"Producers are urged not to delay reporting changes in their farm operations for the 1990 program year to our office," David Martin, County Executive Director of the Eastland County Agricultural Stabilization and Conservation Service, said.

To assure that farmers get full program benefits, Martin said farm records must be current. Farmers are, therefore, asked to contact the county ASCS office if there has been a change in the land owned or operated, if a farm will have a new owner effective for 1990 or if a change is made in the operation of an existing farm unit.

## 1990 Crop Deficiency Payment Rates Projected

To provide farmers with additional cash flow, the Agricultural Stabilization and Conservation Service is again offering advance deficiency payments during sign up for the 1990 acreage reduction programs.

The deficiency payment rates per bushel are projected at \$.90 for wheat and corn, \$.91 for sorghum and \$.25 for barley. The rates are \$.105 per pound for upland cotton and \$.406 per hundredweight for rice.

"Producers may request an adjusted advance pay-

ment for wheat, feed grains, upland cotton and rice," said ASCS official David Martin. He said the adjusted advance portion, or the amount available to farmers at sign up, will equal \$.3367 per bushel for wheat and corn, \$.3419 for sorghum and \$.0840 per bushel for barley. For upland cotton, the advance portion is \$.03685 per pound and \$1.5725 per hundredweight for rice. Payments made to producers will be further reduced by 1.4 percent in accordance with the Budget and Emergency Deficit Control Act of 1985.

"Requests to combine farms or divide a farm should be made as early as possible," said Martin, "because reconstitutions require special processing as well as county committee approval."

ASCs began accepting applications for the 1990 feed grain, wheat, cotton and rice acreage reduction programs on Jan. 16. Farmers who participate in the programs will be eligible to receive price support loans and deficiency payments, if applicable.

"We encourage producers to study the programs and consider the benefits in relation to their farm operations," the ASCS official said.

The actual calf scramble involves 28 energetic youngsters pitted against 14 vigorous calves. Each youngster is committed to capturing a calf, haltering and bringing it to the finish line - but only the successful ones receive an \$800 calf purchase certificate.

The certificate, donated by a generous sponsoring firm or individual, is used to purchase a purebred registered beef or dairy heifer. This year, several companies have strengthened their commitment to the calf scramble program by sponsoring a calf for each of the 18 rodeo performances.

The calf is raised by the winner for special show ring competition at the following year's Show. The yearlong project is closely supervised by the appropriate county extension agent or agriculture science teacher.

Additionally, the winners are required to submit financial records, photographs and a scrapbook to the calf scramble office to detail the progress of the venture. The youngsters are encouraged to provide updated reports to their sponsors as well.

Proper livestock evaluation techniques, efficient cattle feeding and production methods, principles in economics and money management are all realistic learning experiences for the youngster who manages to get a firm hold on a calf.

To date, the Houston Livestock Show and Rodeo calf scramble has put 11,483 animals valued at more than \$2.4 million into the hands of Texas youth.

HOUSTON - Seven FFA members from Rising Star will be joining 4-H and other FFA members from throughout the state for show ring competition at the Upcoming Houston Livestock Show, Feb. 17 through March 4 at the Astrohall.

These FFA and 4-H exhibitors compete in the junior division; the other division, the open show, attracts exhibitors from the world's agricultural industry, primarily professional breeders and ranchers.

Entries in the open and junior shows combine with horse show entries to make the Houston Livestock Show the world's largest. Exhibitors from Rising Star FFA include Brian Bailey, Holly Butler, Brandon Carroll, Jimmy Evans, Will Ezzell, Larry Hollis and Toby Long, each of whom will show market barrows. Adult leader for the group is Gene Smith, vocation agriculture instructor at Rising Star High School.

Representing 841 Texas 4-H clubs and FFA chapters, the junior show is expected to exceed 12,000 entries this year. Animals shown include market steers, market swine, market sheep, market poultry, beef and dairy heifers, breeding sheep, goats, commercial steers and breeding rabbits.

The four market animal categories represent animals raised by the exhibitor as food sources. Top animals in each of these categories are eligible for their individual market auctions. Total money paid in 1989 at the four junior show auctions exceeded \$4.5 million.

All net proceeds from the annual Houston Livestock Show and Rodeo provide funds for scholarships and research projects throughout the state. More than 6,500 volunteers ensure the success of each year's event.

## Bailey Will Compete in Calf Scramble

HOUSTON - Brian Bailey, a 16-year-old Eastland County 4-H member from Rising Star, will compete in the 1990 Houston Rodeo calf scramble on Feb. 19 in the Astrodome.

Brian, the son of Ricky and Shely Bailey, will compete for one of 252 calves to be awarded at the 1990 show.

Additionally, as many as two youngsters from each of the 18 rodeo performances will be awarded "hard luck" certificates for their hearty efforts in attempting to catch a calf.

An entertaining event whose net proceeds provide educational contributions to Texas students, the Houston Livestock Show and Rodeo ranks as the nation's largest donor of agricultural scholarships. Currently, more than 1,000 students are on Show-sponsored scholarships with more than 30 agricultural research projects funded by the Show.

Equally important is the Show's commitment to youngsters competing at the event itself. The calf scramble is one of the show's major programs benefiting youth, requiring a yearlong commitment from the winner to the animal project. Beginning with the competition, the program ends 12 months later with top-notch competition in the Astrohall show ring.

## STATE CAPITAL

## HIGHLIGHTS

By Lyndell Williams  
TEXAS PRESS ASSOCIATION

**AUSTIN**—In the same week that laborers began digging on the Capitol grounds to build a multi-million dollar office complex for legislators:

■ The Capitol architects said too bad, but we don't have enough money to save the ancient oak trees on the Capitol grounds;

■ Lt. Gov. Bill Hobby, speaking to the Economic Outlook conference, cited a new state income tax as a way to pay for new public education needs; and

■ State health officials continued scrambling to find funds for the mismanaged program to help severely ill and handicapped youngsters.

### New Session Nears

Hobby's repeat of the income tax option opened a can of worms for legislators who are not lame ducks, like him.

In November, Hobby recommended an income tax as the logical response to state finance needs, but no one joined him publicly.

Just a few short weeks ago, Republican candidates seemed ridiculous for their name-calling over who was the softest on a new state income tax, considered a dead issue.

But with lawmakers set to convene for a special session in about three weeks, has Hobby resuscitated the issue, at least in Capitol cloak rooms?

Two of the three top candi-

dates for governor, Treasurer Ann Richards and Attorney General Jim Mattox, have already come out against a state income tax.

The third, former Gov. Mark White, is already haunted by his history of new taxes for education, but who knows? White is probably the only candidate who is unafraid to raise the income tax proposal, if he concludes it should be done.

### Inmate Formula Unchanged

The Texas Criminal Justice Board has refused to change the system that determines how many inmates each county can send to state prisons.

The action angered some county officials who said they are being unfairly penalized by the allocation formula, which is based on outdated statistics.

Officials said under the current system, for example, Bexar County is allowed to send to state prisons fewer inmates than Travis County, though Bexar has about twice as many people as Travis.

When state Rep. Orlando Garcia, D-San Antonio, told the board, "that is not equitable," the chairman, Charles Terrell of Dallas, answered, "neither is life."

### Ethics Measure Filed

State Rep. Lena Guerrero, D-Austin, last week prefired a comprehensive legislative ethics bill, saying she would ask Gov. Bill Clements to put it on the agenda for the special session that starts Feb. 24.

The bill would require lawmakers to make public their federal income tax returns and would create a commission to regulate ethics and elections.

Guerrero said she doubts the reforms can be adopted during the 30-day session, but that it is important for legislators to continue discussing the issue.

### No Teacher Endorsement

Because its teachers were split among several candidates, the Texas State Teachers Association has declined to endorse anyone in

the governor's race.

Olivia "Ollie" Besteiro, TSTA president, said a gubernatorial endorsement could come at a later date.

Candidates backed by the teachers' group include Comptroller Bob Bullock for lieutenant governor; Dan Morales for attorney general; Jim Hightower for agriculture commissioner; and Texas Supreme Court Justice Oscar Mauzy for chief justice. All are Democrats.

### New Law Not Working

A state education research group said a new law isn't working — the one to encourage kids to stay in school to qualify for a drivers license.

The Southwest Education Research Association said about 2,000 pupils drop out statewide annually, but it could identify only 40 potential dropouts who stayed for driving privileges.

The bill's author, state Rep. Bill Hammond, R-Dallas, said it was still too early to draw conclusions.

### Workers Comp Panel

Legislative leaders have appointed a committee to monitor the new workers' compensation law.

Hobby named Sens. Bob Glasgow, D-Stephenville, and Chet Brooks, D-Pasadena and Cyndi Krier, R-San Antonio, Glasgow will serve as chairman.

House Speaker Gib Lewis named three members, including the sponsor of the measure, Rep. Richard Smith, R-College Station. Others appointed to the oversight committee were Reps. David Counts, D-Knox City, and Robert Earley, D-Portland.

### Other Highlights

■ Gov. Bill Clements, noting that horse racing in Texas is off to "a very slow start," said he would support a cut in the state tax on pari-mutuel wagering.

■ Texas voters would be given the power to approve or reject school tax hikes under a plan being studied by the Governor's Task Force on Public Education.

## The Natural Gas Industry Responds to December

By George H. Lawrence

American energy consumers were treated to a remarkable sight on their television screens much of December. The nightly news weather maps showed polka-dot patterns east of the Rocky Mountains, pinpointing all of the cities experiencing all-time record cold temperatures.

In fact, December turned out to be the coldest in this century. Nationally, natural gas consumption for December 1989 was at, or near, a historic monthly high.

And with all the year-end publicity on tight energy supplies and soaring prices, numerous questions have been raised on how the natural gas industry and its customers fared during the month. The answer is that the system worked.

It is well recognized that the structure of the natural gas industry has changed dramatically since previous monthly consumption highs in 1979 and 1982. The leaner, more flexible, more competitive open access delivery system — from well-head to burner tip — had not been tested under severe weather conditions. Now it has. And the natural gas system responded.

Usually, the natural gas industry delivers about 1.8 trillion cubic feet (Tcf) during December. However, because December was 26 percent colder than normal nationwide — natural gas deliveries are estimated to have reached 2.3 Tcf, or 22 percent above normal.

A major reason for this sustained ability to respond was the high level of natural gas in underground storage, which stood at just over 7 Tcf on Oct. 31, 1989. Storage withdrawals in December are estimated to have exceeded 700 billion cubic feet, also a record for a single month.

Natural gas deliveries by local distribution companies under firm service to residential, commercial and industrial customers were maintained throughout the month. Large-volume customers with back-up fuel capability, who had selected interruptible service, were interrupted as part of normal industry operations in order to maintain capacity for firm service customers.

During the last two weeks of December, there was widespread coverage of not only tight energy supplies, but also higher prices.

While natural gas spot market prices rose significantly — as they do in response to seasonal demand — overall residential gas prices for the winter heating season will not be materially affected. The reason is that short-term spot price movements influence only a portion of the wellhead price, and the wellhead price is only some 40 percent of the residential price.

While there is no question that December gas bills for many customers around the country were noticeably higher, the increase was due primarily to the higher gas volumes used for heating caused by the extremely cold weather — not higher prices.

The American Gas Association (A.G.A.) has projected that, given normal weather patterns, residential retail natural gas prices — not bills, but prices — during the 1989-90 winter heating season would increase by 6 percent over last winter. Despite the abnormally cold December, and the possibility that continued below-normal temperatures would put pressure on natural gas prices, the projection remains valid.

Finally, it should be noted that many of the regions experiencing difficulty in handling the extreme weather — particularly the Northeast, with tight fuel oil supplies, and Florida, with electricity blackouts — are currently seeking additional natural gas pipeline capacity. Every effort should be made to expedite these new pipeline projects.

The vital role of natural gas in providing competitive, reliable and environmentally preferable service to these high growth areas has long since been recognized and well documented. The pipeline project sponsors are ready to deliver. The experience of December 1989 strongly suggests that they should get a green light now.

(Lawrence is president of the American Gas Association)

Instead of wearing glasses, would you like your eyes fixed? Tests have begun on computer-controlled lasers that "sculpture" the cornea to reshape the lens and improve vision.

Relaxation techniques can cut the frequency and severity of genital herpes, say researchers at the Geisinger Medical Center in Danville, Pennsylvania.

Fish oil capsules seem to ease symptoms of Raynaud's disease, studies at Albany Medical College in New York found. Circulatory problem is marked by diminished blood flow to hands and feet.

Childbirth is easier and faster for women who assume a squatting position, British obstetricians reported in The Lancet. Special cushion for thighs and back allows women to sink into position.

If you're getting more tired when you exercise these days, look to your diet. Even a marginal deficiency in vitamins B1, B2, B6, and C can cut exercise performance, a Dutch study found.

When your doctor recommends vitamins, check out the super selection at Wal-Mart Pharmacy, Hwy. 80 East, Eastland, 629-3347. cer104

We missed Irene Mayfield and Bill Gray at the Center Monday; they went shopping in Brownwood.

Walt Knowlton was at the Center Monday. He is a certified accountant who helps senior citizens with their income tax returns; there is no charge for this service.

We at the Center were saddened to hear of the passing of Irma Jones' sister.

June Tucker Hicks, a candidate for District Clerk of 91st District Court at Eastland County courthouse, visited the Center Thursday.

Ladell Key has been absent from the club for several meetings due to illness.

Members of the group were saddened at the pass-

ing of Opal Pallette of May. She was a sister of Art Fisher of Rising Star.

Cecil and Mamie Joyce's weekend guests were their son Kenneth from Greenville and their granddaughter and great-grandson Kiah from Montana.

Irma and Sherrill attended the funeral of Drucilla Eberhart George at Coleman on Monday.

We want to give a special thanks to the ladies who volunteer to serve the Meals on Wheels lunches each Monday. We greatly appreciate them doing this job for the Center.

Roy Cartee was substitute driver for the Meals on Wheels to our Center last week.

Aleane and Loren Frost went to Eastland to get his hearing aid checked and took a ride through Gorman and Comanche before coming home. The Frosts will be going to Dallas to the VA hospital for Loren's checkup soon.
