If there was anything worthy of note in the Rising Star Wildcats' 6-all tie with the Blanket Tigers here last Friday night, it was the way in which the Rising Star sophomores and freshmen recovered from a near disastrous first half, bogged in their own mistakes, and came from behind to even the score and dominate the play of the last half. Usually a green team, faced with a deficit and penalized, seemingly, almost every time it gets the ball, goes to pieces, but the Cats showed they had enough self-confidence and capacity to rise to a challenge, and a team with that spirit certainly can't be charged with defeatism. With more experience and a little encouragement from the fans, the Cats should give a good account of themselves in future league play. It is encouraging to note that most of the team which played Friday night will be back for two more years and there is an ineligible lad or two who add strength to the squad next season.

One fact was quite plain at the hearing on the Rush Creek watershed development project before the State Soil Conservation Board at Comanche last Thursday night. It is going to be a long, long time before the approving authorities get around to certifying all the watershed programs for which there have been applications made. The Rush Creek board made a very fine presentation of its program and the urgency of that program, but whether or not the state board approves it for detailed planning depends upon just how well it thinks the Rush Creek program stacks up with those of about 100 districts in which the cost-benefit ratios have been found favorable for further study.

Two factors will determine the ultimate approval for development under the USDA soil conservation program. One is the ratio of benefit to cost and the other is public acceptance of the program. The first is an engineering determination, and strictly on that basis it can be seen that among 100 watershed associations the chances of getting approval for one program when there are only two planning parties to do the detailed work is mighty slight. But there is an even more serious question involved. It is the question of just how well the program will be accepted by the people on the watershed, and that does not mean just how enthusiastically they talk about it generally, but how difficult it will be to get the easements for the structures and ponds which will affect titles to the land within the area. This will determine just how quickly an otherwise satisfactory development program can be put under way. From the questions asked by the board members, it was clear that they took a rather dim view of any enthusiasm that wasn't in the shape of a signed instrument. It has had experience along that route.

The problem may offer the Rush Creek area its best chance to get in ahead of some otherwise more desiring districts. It the Rush Creek sponsors can secure a 100 per cent cooperation of the landowners in the area it can give the board assurance that approval of its program will be a chance to get one more project quickly under way.

Speaking of snakes: Art Fisher brought to town Friday a vicious-looking rattler about five feet long with nine rattles which he killed at his farm near Okra. He found the snake crawling about the barn with its head lifted a foot off the ground, and killed it with a fence post. "I wasn't about to miss that snake," said Art. Cecil Shults hauled a two-foot long copperhead out of the Shults Implement Company shop Saturday morning. The snake was dead. Cecil suspects a practical joke.

Mr. and Mrs. Lane B. Wells and little daughter, Evalyn, visited Mr. and Mrs. W. Y. Wilson at Odessa, and also Mr. and Mrs. Hilbert Zellars at Andrews, during the Labor Day week-end.

Hearing Held On Rebuilding Of Hi-way 36

Engineers of the State Highway Department, headed by Bob Milligan, division engineer, and Gordon Smith, county resident engineer held a public hearing on the proposed rebuilding of Highway 36 through Rising Star at the American Legion Hall at 2 p. m. Wednesday. Some 25 or 30 citizens attended and spoke either in favor of the project or voiced objections, all of which testimony was recorded on tape for transmission to Austin for study by officials there.

Most of those appearing gave favorable views, although was criticism by the telephone company on the ground the new construction would cost the company excessive amounts for the relocation of telephone lines, and there was some concern over the proposed limitation of parking on the new pavement for the reason that it might injure businesses fronting the street.

The Highway Department has suggested that parking be prohibited one block each way from the traffic light and the City has countered with a proposal that one side of the street be left free for customer parking.

The Department and the City have reached an agreement under which the right-of-way in the city will not be widened but a 46-foot slab will be paved between curbs and gutters which the City will build. The agreement relieves the City of the excessive cost involved in buying the additional property and moving buildings.

PHIL McCANLIES WINS TRIP TO FLORIDA

Phil McCanlies of Breckenridge, a son-in-law of Mrs. A. T. Shults, has won a vacation trip with his wife, Virginia, to Miami Beach, Florida. His recognition came as an award on an Essay. He is with the Air Force at the base in Breckenridge.

They will travel by plane, and Mrs. Shults will go to Breckenridge and keep the two girls while they are away.

Mr. and Mrs. Paul Maxwell, heir son, Bennie Paul, and Mayor and Mrs. Smith, parents of Mrs. Maxwell, spent a vacation of several days on a trip to the Grand Canyon and other places in New Mexico and Arizona.

Mr. and Mrs. J. D. Ford of Odessa were here Sunday to visit her sister, Mrs. Nettie Ellis and Mr. Ellis.

Patricia Burns of Star Route, Carbon visited friends in Rising Star Sunday before last.

State Buying Right-of-Way To Bring Super-Highway Through Cisco Area

Purchase of right-of-way for the second leg of Interstate Highway 20 in Eastland County is underway, according to E. M. Pritchard, assistant district engineer at Brownwood.

The right-of-way from the Callahan County line to Cisco is now being secured by Resident Engineer Gordon Smith.

Collins Construction Co. of Austin secured the contract to construct the 3.7 miles of highway from the Erath County line to a point east of Ranger last month. The federal government will pay 90% of the cost of construction and the State will pay the remaining 10%. The State is also purchasing the right-of-way. In the past the county has had to provide right-of-way for all highway projects.

Work on the first project began last Tuesday, Pritchard reported, with the second section of construction beginning soon after the completion of the work in the east part of the county. The third stage of the project will bring the highway from Cisco to one mile east of Eastland. Plans for the remaining construction in the county are incomplete.

When the super highway is finished, Eastland County will contain 40 miles of highway with 17 interchanges. Of a total of 41,000 miles of super highway to be built in the United States, 3,033 miles will be constructed in Tex-

CISCO WOMAN CROWNED TURKEY QUEEN

President Peter C. Crafts, National Turkey Federation, Grasmere, N. Hamp., places the crown on Mrs. Don Kincaid of Cisco who was named 1958 Texas Turkey Queen on the opening day, August 19, of the Texas Poultry Improvement Association's 35th annual convention. Attendance at the three day meeting broke all previous records when registrations reached 750. Mrs. Kincaid is the wife of an Eastland turkey grower and was awarded a trip to the upcoming National Turkey Federation Convention by the Texas Turkey Federation.

Wildcats Tie Blanket In Grid Opener Here Friday After Jittery First Half

HERE FROM SOUTH AMERICA

Miss Lydia Mauldin, whose parents live at Quire Quire, South America, is here with her grandparents, Mr. and Mrs. M. R. Groce, and has entered the Senior Class at High School. She is with several of her classmates she was with when she was in school here in the second grade.

Mr. and Mrs. Aubrey Cox from Flynn, Texas, visited their Uncle and Aunt, Mr. and Mrs. C. B. Harris, on Thursday, Friday, and Saturday, two weeks ago, and Mrs. Chester Harris of Brownwood spent the week end with Mr. and Mrs. Harris.

Mrs. Erwin McGraw and Mrs. Bera Span of Munday were here Sunday to attend services at the First Methodist Church and to visit friends. After church, Miss Mae and Mr. and Mrs. Marvin West accompanied them to the home of Mr. and Mrs. E. R. West or dinner after which they returned to their homes.

Mrs. Lela Josey of Tuscola, accompanied by her brother Herbert Bolding was here Saturday on the way to Mansfield to visit a brother Jim Bolding and wife.

Jitters and ineffective blocking during the first half dimmed the offensive efforts of the Rising Star Wildcats in their season opener against Blanket last Friday night at Wildcat Field.

However, they came back strong and looked sharp as they scored six points in the third frame to match Blanket's TD, which had been scored in the second stanza. The game ended at 6-all, as neither team was able to sustain a scoring drive in the final quarter.

Neither team made a first down during the first half. Rising Star made four in the third quarter, and Blanket made three in the fourth.

Blocked punts, numerous fumbles, and 105 yards in penalties hurt the Wildcats offense. A little more seasoning, and the fans are due to see a rapidly improving team as the season progresses.

The Wildcat defense was good enough to hold the Tigers to no first downs through the first three quarters. Don Long and Wicky Walker were especially sturdy in the defensive department.

On offense, Gary Scott and Douglas Walker were outstanding. Freshmen Johnny Jones and Larry Nichols proved their right to starting positions at quarterback and fullback, respectively, each giving a very satisfactory account of himself.

Two lads who have shown great improvement this year are Larry Earp and Charles Carroll.

Most of Blanket's gain, including their touchdown run, was made by Quarterback Jim Switzer on a play that started out as a right end run, but instead of staying with his blockers, Switzer would cut back inside end. At times he could fake a pass before making his run.

Scott Scores

The Wildcats score came as a result of a sustained drive with Scott and Douglas Walker accounting for most of the yardage. Scott scored from the 30 yard line. After faking a pass, then turning on the steam, he raced into the end zone with the tying tally. For the conversion attempt the Wildcats tried an end run, but failed. Two other would-be touchdowns went for naught, one being wiped out by a penalty, and the other by a dropped pass in the end zone.

Next Friday night the Wildcats will journey to Bangs, where they will encounter the Bangs Dragons, who are coached by Eddie Redwine. A large number of Rising Star fans are planning to follow the team to Bangs to cheer them on to victory.

In the passing department the Wildcats attempted six for a total of 26 yards and Blanket completed two out of eight for 7 yards. On the ground the Wildcats gained 125 yards net to 104 for the visitors.

Mrs. Allie Urie of Dallas visited friends here Sunday, Aug. 30, with his sister, Miss M. Urie Palmer.

Old Trail Blazers Meet Here Mon.

Crop Prospects Are Brightened By Late Season Showers

Rains ranging from one-quarter to three and four inches, put late season stamp of assurance upon the best crop prospects that the farmers of this section have faced in almost ten years, early this week. But even so Jupiter Pluvius was not uniform in the distribution of his favors. Sections north and east of Rising Star received only a quarter of an inch, while areas east and south were blessed with heavy showers.

South of May rains of three and four inches produced almost flood conditions. But over the area generally the showers were beneficial and sufficient to insure a good peanut crop. Grain land is in excellent shape for planting.

In the city of Rising Star a total of .89 of an inch was recorded by the city gauge for the 3-day period from Sunday to Tuesday.

Local Graduates Of To Various Higher Schools

Several Rising Star High School graduates will be leaving for college this week.

Charles Steel will enter Texas Tech at Lubbock. Jack Shults will again enter Tarleton State College. Jerry Davis will again enroll at Tarleton, Patsy Howard will enter Howard Payne College. Jack Callaway will enroll in Abilene Christian College, and Robert Needham will enter A.C.C. Sandra Bradley will again enroll in Texas University for Women at Denton. Anna Little will also enroll in Texas Women's University. Jim Lewis will enter North Texas State Teacher's College at Denton. Mary Reed will enroll on Oct. 1 at Rutgers Business College in Dallas.

Howard Barton will again enter Tarleton. Phil Horton will be a senior in A&M College this term. Lewis (Buddy) Barton will enroll in Tarleton on the 18th of this month. Other boys from Rising Star High School who will enroll in Tarleton soon are Joe Frank and Donald Ray Crisp, Fred Pringle, Jerry Don Aaron and Donald Hicks, and Lester (Buster) Harris will enter Cisco Junior College.

DUTCH SHULTS NOW COSDEN CONSIGNEE

O. R. (Dutch) Shults celebrated his 49th year in the wholesale gasoline and oil business in Rising Star this summer by voluntarily changing the name of his products but not a whit of their quality, he declares. The change came about through a sale of the Cities Service sales organization in this area to the Cosden Company.

The deal gives customers of Mr. Shults access to good, fresh gasolines and oils from the Big Spring refinery, Dutch said. I will continue to cater to the farm trade as well as to the automobile trade," said Mr. Shults and I can assure my customers that they are getting the top in gasolines and oil when they use Cosden. We will also continue to handle Cities Service oils."

Mr. and Mrs. Leo J. Smith of Detroit, Mich. were the guests last week of Mr. Smith's parents, Mr. and Mrs. L. R. Smith. The L. R. Smiths accompanied them to Kerrville for a few days vacation. Leo Smith is superintendent of the missile division of the Chrysler Motor Co.

Mrs. A. H. Frankenberg and children of Abilene spent last week-end with her mother, Mrs. Perry Valliant.

Mrs. Ted Barton and family of Sipe Springs visited friends in Rising Star Sunday.

Louis Palmer of Hale Center, returned to his home Monday after spending several days here with his sister, Miss M. Urie Palmer.

The annual meeting of the Old Trail Blazers Association will be held at the American Legion Hall in Rising Star Monday, September 15. The association, membership in which is open to all old settlers of this section and their descendants, will open its convention at 10 o'clock in the morning with Jay Koonce, president, presiding.

The morning session will be devoted principally to business matters. There will be a luncheon in the Legion dining hall at noon to which payment of the registration fee of \$1 will admit the holder.

The afternoon program will include talks by old timers and others who may wish to speak on matters of interest to the association, and there will be other entertainment.

The program will be concluded with the election of officers for two-year terms.

Between 100 and 125 people annually attend these meetings, but there are many, many who are eligible to attend and who are invited to do so, Mr. Koonce said. Many of those who come, do so from long distances to enjoy the association of old friends and neighbors and to relive in memory the early days of this section.

Officers of the association besides Mr. Koonce are R. M. Earp, vice president; Mrs. Everette Harris, secretary-treasurer; Bill Tyler, Cecil Shults, Willie Lee Shults, Jack White, George Goss and Mrs. Clara Burkhead, board members. Miss Shults is historian and Mr. Goss is immediate past president.

First Methodist Church Begins Revival Sunday

A week of fall revival services will begin at the First Methodist Church here next Sunday evening, at 7:30 o'clock to continue through the following Sunday, the Rev. George Cook, pastor, announced. The Rev. Ples Todd, pastor of the First Methodist Church of Comanche, will do the preaching.

Services will be held each week-day at 10 a. m. and 7:30 p. m., the evening service preceded by a prayer meeting at 7 o'clock.

Sunday services will be held as usual. An invitation to the public to attend these services was issued by the pastor and members of the church.

BAPTIST TEACHERS AND OFFICERS HAVE MEETING

The teachers and officers of the First Baptist Church with the pastor and the S. S. superintendent met for a business and social meeting on Wednesday night, September 3, at the church. A covered dish luncheon was served and during the business session plans were made for the progress of the Sunday School, or the incoming S. S. year, beginning Oct. 1st.

SINGING HERE SUNDAY

The will be a regular monthly singing at the American Legion Hall in Rising Star Sunday, Sept. 13, to which the public is invited. The hours are from 2 to 4 p. m.

Mrs. A. T. Shults and son Jack visited Mr. and Mrs. Harry Frye at Colorado Springs, Colorado.

Mr. and Mrs. Leonard Harris spent Labor day with Mr. and Mrs. G. B. Mitchell in Albany.

Rush Creek Program Put Up To Board

Members of the Rush Creek Watershed Improvement Ass'n. presented their case for immediate approval of a watershed flood control program to the State Soil Conservation Board before a packed district court room at Comanche Thursday night. Included in the crowd, which obviously impressed the State Board members, were farmers and ranchers of the area affected and their families, business and professional men of Rising Star and Comanche, agricultural, state legislators and agricultural workers.

Despite the evidence of an overwhelming public sentiment for the program, the difficulties of getting final approval of the program and the long time necessary to carry out any program of flood control, were emphasized by J. C. Porter, of Wichita Falls, board member for this area who spoke for the board at the hearing.

He pointed out that 138 applications for watershed flood control programs had been received, of which 34 had been disapproved as too costly for the benefits expected; and 78 had been tentatively approved as feasible on the cost-benefit basis. Of the 78, 25 were either building or approved for detailed planning. Only six are under construction.

To cope with this demand for approved programs there are only two planning parties in the state, Mr. Porter said, one of which is federally financed and the other paid out of local funds as a means of expediting the program.

Priorities for those programs which appear most feasible from a cost-benefit ratio and the possibility of early development, will be assigned by the board next March after the series of hearings is completed and study made of the data gathered on each watershed, Mr. Porter said.

The number of priorities will be few, because of the limited engineering and planning facilities and the funds available, he explained.

Two factors enter most strongly into the consideration of the board with respect to project feasibility, it was pointed out. One is the cost-benefit ratio and the other is public acceptance of the project. A project must justify the expense of development in higher land values, greater productivity and downstream protection. Of great significance in determining priorities are the attitude of on the watershed landowners with respect to giving easements on their land for the construction of the retention dams and other structures. Much skepticism was expressed by board members on this point, due, they pointed out, to experiences in other watershed programs.

Other factors to be considered are the amount of conservation practices already taking place on the land, flood history of the area, the financial ability of the district to purchase land that may be condemned for the program, and to maintain the structures after they are in operation.

County Judge R. E. Seay of Comanche County told the group that the County Commissioners had tax resources available for these purposes and would employ them. Board Member Jim Chalk of Paris, Texas, inquired if the court was aware of the possible unconstitutionality of the county's spending funds for the buying of land, but this point was not pushed in view of suggestions

(Continued on page 5.)

MEMBERSHIP APPLICATION Old Trail Blazers Association

Mrs. Everette Harris, Sec'y
Old Trail Blazers Association
Rising Star, Texas

Please enroll me as a member of the OLD TRAIL BLAZERS. I enclose One Dollar in payment of membership fee which I understand will admit me to the Convention and to the dinner at Rising Star Monday, September 15.

Name _____

Address _____

(If you are a long-time resident of this area or member of a pioneer family, the Old Trail Blazers would like to include you among its members. If you would like to join, fill in the above blank with your name and address and mail with one dollar to Mrs. Harris.)

THE VIEWS FROM A SENIOR'S HEAD

By NELDA LEE

Tuesday morning, September, twenty three "cheerful" (look who's talking) Seniors reported for classes at dear 'ole R.S.H.S.; thus, was the dawning of the most important school year of our lives. It's hard to believe; the year that we have looked forward to for eleven years has finally arrived. In my few idle moments this past week, I often found myself letting that dignified word — "senior" roll slowly through my lips as if trying to grasp the wonderful realization that I was actually a Senior. Fantastic as it may seem, it's true and to prove it we have selected our class officers, favorites and taken care of other formalities that go with being Seniors. The lineup of our class officers for this year are as follows: President, Larry Earp; Vice President, Gary Scott; Secretary, Lou Erwin; Treasurer, Carolyn Hunt; Reporter, Nelda Lee.

Our class favorites are Barbara Bishop and Tony Smith. Essie Heairren and Jack Smith were selected by the class to serve as Senior girl and boy representatives to the student council. Our room mothers selected for this year are Mrs. Jenkins, Mrs. Bishop, Mrs. Caudle, and Mrs. Roberts. We feel assured that the Senior Class will be well represented this year in all the school activities.

We are also happy to welcome two new faces to our clan — Lydia Mauldin and Elmer McCary. Welcome aboard the Senior ship to success.

As always our main objective this year is to make money for our Senior trip. We have charge of the candy machine so we want to urge all of you to help the Seniors out by your patronage; by the time you read this, we will be selling magazine subscriptions, and in about a month we will be selling Christmas cards; so buy your magazines and Christmas cards from the Seniors. We would also like to welcome our new sponsors — Mr. Putnam

and Mr. Hill. We feel that we are in good hands.

I want to remind you that the purpose of this column is to keep you informed about the activities of our Seniors and if there is any juicy gossip that you would like to see published about any of our Seniors, we urge you to report it to this department; although we can't pay you financially for your tips, we guarantee you will get a kick out of telling us!

Until next time — this is "Naughty Nellie" saying bye-bye and, Wildcats, lets extinguish those Dragons!

JUNIORS — ALREADY!

President, Pat Agnew; Vice-President, Gary Maynard; Secretary, LaVeda Boggs; Treasurer, Bonnie Tyler; Reporter, Janis Jones.

These are the officers that the Junior Class begins this school year with. All of these officers and our room mothers were elected the very first day of school; the following are our Junior Room Mothers: Mrs. Dixon Boggs, Mrs. Julia Townsend, Mrs. Sam Jones, Mrs. Ray Agnew, Mrs. Oscar White, Mrs. George Steel.

We know they will serve us well, as they have always been very wonderful in the years heretofore.

Along with all the Juniors returning from the Sophomore class of last year, we have acquired a new comrade, Paul Freeman, who came to us from Kilgore. We want to welcome you back, Paul; we hope you enjoy the association with us as well as we are enjoying our association with you.

New teachers are in order at Rising Star High School, it seems. The new faces at our school are: math and chemistry teacher, Mr. Putnam; Band Master, Mr. Gonzales; and back with us after an extended visit with Uncle Sam, typing and athletics, Mr. Hill.

After two years experience in high school, we Juniors can't say that we are enjoying anything new, but we never stop enjoying it; and we never run out of things to learn which is why we are back again this year. Helping us to carry on is the knowledge of the fact that we evened out with Blanket Friday night and also we Juniors love to watch our cheerleaders, three of them are Juniors, you know; cheerleaders Mary Lois White, Jetti Duggan (head leader), and LaVeda Boggs, are a joy to watch. And still leading the Wildcat Band, Karen Steel.

We hope to enjoy this year immensely, and we hope we can

help to make everyone's stay here an enjoyable one. — Reporter — Janis Jones.

BAND NEWS

That screechy, weird noise you hear is us band kids, trying to get the rust out of our system (as well as our horns) that has accumulated during the summer months.

We sincerely want to thank Mr. Seconover, Mr. Curry, and Mr. Bingham for their wonderful patience and good humor during the past week, in which they prepared us for the Pep Rally and the stunt, which we presented at the half-time, called "Cowboy Joe."

We sincerely want to extend our greatest appreciation and our heartiest welcome as we say "Welcome to good ole R.S.H.S., Mr. Gonzales."

THOUGHT FOR THE WEEK:

"We are not sent into this world to do anything into which we cannot put our hearts. We have certain work to do for our bread and that is to be done strenuously; other work to do for our delight and that is to be done heartily; neither is to be done by halves or shifts, but with a will; and what is not worth this effort is not to be done at all." — Ruskin

A GOOD BEGINNING

Here we are again, back at 'ol' R.S.H.S. beginning another school year. For some it is a new adventure, and for others, the Seniors, it is the last step before crossing the threshold into a world of new responsibilities and difficult decisions.

The students, old and new, are looking forward to a good year in their studies as well as a year of victory for the Wildcats. After the tangle with Blanket Friday night, the 'ol' school spirit is running high.

If you could see the mad rush of students changing classes, you would say — "Wht enthusiasm!"; however, the teachers will tell you that the mad rush is really a release of all the little wiggles and squirms that were controlled during class; but, as time goes on everyone will become more accustomed to studying and the days will go off like clock work.

There are welcome faces of exes popping up around school this week before they head off toward college. We are always glad to see them.

There is a noticeable difference about school this year with the

absence of Mrs. Shook and Miss Tate; however, we have three new faculty members — Weldon Hill, Homer Putnam, and Lloyd Gonzales — to whom we say "Welcome!"

The Rising Star Gym has had a much needed face lifting. It has been repaired and repainted with an additional dressing room built for visiting teams. The floors of the school building have been re-finished throughout.

A change has been made in the schedule this year. We now have seven periods rather than six, which will allow ambitious students to take five subjects instead of the regular load of four.

Although we are unable to see around the corner, I would predict a wonderful school year for everyone at R.S.H.S. this year because we have had a good beginning.

WELCOME FISH!

The student-body would like to welcome the freshmen to Rising Star High School. Every year as we say farewell to the graduating seniors, we turn to welcome those who are entering high school and to study their potential. The underclassmen of 1958-1959 are already showing that they will be an asset to our Alma Mater. The freshmen have taken their place in football, band, and boosting the school spirit. Without this new life and enthusiasm added to R.S.H.S. every year, it would wither and die. So, "fish," we again say that we're glad to have you. — Sophomores, Juniors, and Seniors. Come on Cats beat those Bangs Dragons!

SOPHOMORE NEWS

Another school year has rolled around; all of the Sophs are glad to be back at "Old R.S.H.S." We got our class officers elected earlier this year so here they are: President, Gary Jones; Vice-President, Wayne Burns; Secretary, Ollie Winfrey; Reporter, Johnnie Harris.

The Sophomore class would like to welcome all the "Fish" to R.S.H.S. We hope they have as much fun as we all had last year. All of our Sophs are back this year but one which we really hated to lose; namely, Olene Cul-

well, who was married this summer.

We want to see you at the football game Friday night, why not have a true Wildcat spirit? — Reporter-Johnnie H.

CHEERLEADER NEWS

The cheerleaders started off their season with a high-spirited pep rally Friday morning. New yells were introduced, speeches made, and a stunt and pom routine given. Several ex-students attended and were highly welcomed. The high spirits were continued at the football game Friday night.

The cheerleaders, Jettie Duggan, Betty Jenkins, Mary White, LaVeda Boggs, and Carol Hunt, attended Southern Methodist University for a week during August and came home with new yells and ideas. They are all looking forward to the remainder of football season.

FRESHMAN NEWS

And we've finally made it to high school. Through the hustle and excitement of our first days of high school, we have elected our class officers. They are as follows: President, Shirley Hagerman; Vice-President, Worley Maynard; Secretary, Linda Koonce; Treasurer, Carol White; Reporter, Sherry Aaron.

Our room mothers are Mrs. Robert Butler, Mrs. Hagerman, Mrs. Burns, and Mrs. Koonce. Thus ends my first news; bear with me please, throughout my freshman year in R.S.H.S. — Reporter — Sherry A.

ATTEND WSCS MEET

Members of the W.S.C.S. who attended the District Meeting in Eastland on last Thursday were Mrs. Rob T. Cook, the pastor's wife, Mrs. M. S. Sellers, Mrs. H. S. Switzer, Mrs. F. B. Joyce, and Mrs. Dora Eberhart. They report an interesting meeting.

WEEK OF PRAYER

The Week of Prayer for State Baptist Missions will be observed on Friday, Sept. 12, with an all-day meeting and a covered dish luncheon at the First Baptist Church. The meeting begins at 10 a. m. Every Baptist woman is expected to attend.

LOCAL BRIEFS

Mr. M. R. Groce, who was burned while on duty for his oil company, is improving but is still in Rising Star Hospital.

The son of Mr. and Mrs. J. P. Morrison, who is in the Armed Forces, is here with his wife and baby, to visit his parents.

Mr. and Mrs. L. E. Nabors of Brownwood were guests of Mrs. Beryl Heath one day last week.

Mr. and Mrs. Blake Heath and Mrs. Flass Appelby of De Leon visited Mrs. Beryl Heath during the week.

Mr. and Mrs. George Campbell and their adopted baby, Tony, were guests of Mrs. Heath on Sunday.

Mrs. E. A. Boatman, accompanied by her son, Charles, and wife of Houston, have recently returned from a visit to Mrs. Boatman's brother, who lives on a ranch near Silver City, New Mexico.

Miss Pauline Roberts who has attended the Teacher's Work Shop in Brownwood, will return to Brownwood Monday when all pupils will enter the city schools there. This will be Pauline's sixth year to teach in Brownwood city schools.

Mr. and Mrs. Jerald Maynard and baby spent the weekend with their parents here, after having attended her brother's wedding at Indian Gap.

Mr. and Mrs. George Pate and son, Rodney Pate, from Carthage, Texas, have been here for a visit with her parents, Mr. and Mrs. Wylie Maples. Rodney Pate will enter Texas Tech College at Lubbock on September 14.

Mrs. A. T. Shults and son, Jack, returned Wednesday from Colorado Springs, Colo., where they visited Mrs. Shults' sister, Mrs. Harry Fry, and Mr. Fry; and where Jack had ranch work. They report a good vacation.

Mrs. Phil McCandles and daughters of Breckenridge spent Sunday with her mother, Mrs. A.

T. Shults, and Jack Shults and other relatives.

Mrs. G. E. Kimbrell of Brownwood is visiting her sister, Mrs. G. E. McDonald, and Mr. McDonald.

Mr. A. D. Jones and Feril of Sipe Springs spent Sunday with Mr. and Mrs. Dubie Jones, Arthur Dale and Rita Gayle. They report that Polly Jones' little girl who has polio, is improving and has started to school in Houston where Polly and husband live. Polly is well known here as she graduated from Rising Star High School, and has many friends who are anxious for the little girl's permanent recovery.

WINS VACATION TRIP

Stanley Collins, son-in-law of Mr. and Mrs. Bryan Milner has again won a vacation trip with all expenses paid. He will fly to Nassau, which is the capital city of the Bahama Islands on New Providence Island. The islands are a part of the West Indies. Mr. Collins has his own appliance store in Midland. The trip, for him and his wife, was given in recognition of his outstanding salesmanship. He won a similar trip last year.

HOME FROM KOREA

Clay Witt, a specialist in the Armed Forces, is home on furlough from Korea where he spent months. He received his basic training at Fort Hood, with an excellent record. At Fort Eustis, Virginia, he trained in Transportation, Movement Control, and Diesel Engines. He served as Harbor Master while on duty. He will report to Fort Eustis on Oct. 1st. Clay is a graduate of Rising Star High School with a good scholastic record.

TO KEEP GRANDCHILDREN

Mrs. Bryan Milner will be in Midland for ten days or two weeks to keep her grandchildren while her daughter and husband, Mr. and Mrs. Stanley Collins, are away on their annual vacation. She will enjoy keeping Deborah Collins who enters the first grade this term and her brother, Don,

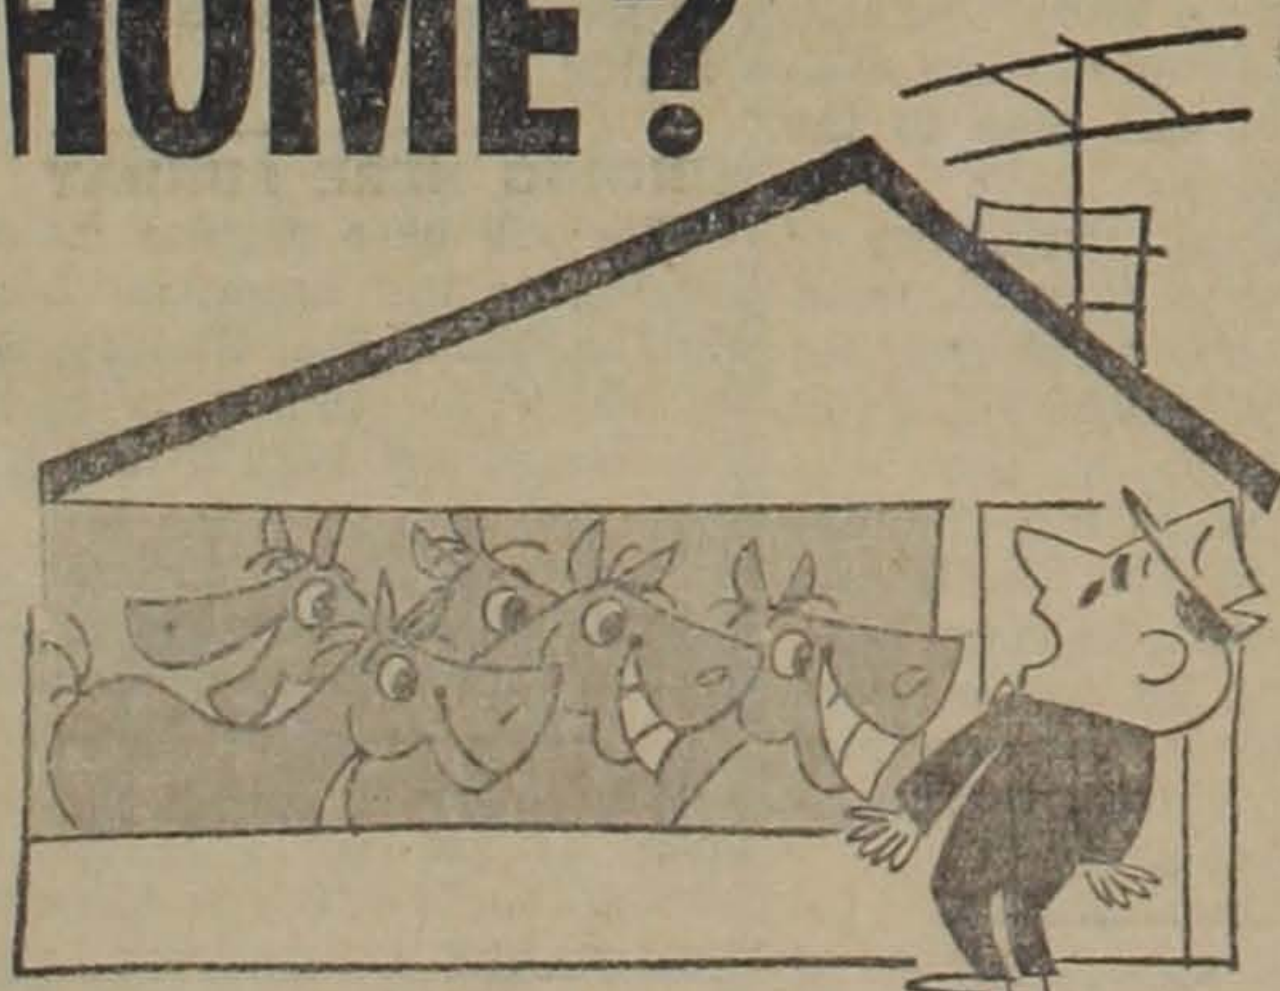

Typewriter Ribbons for all makes of machines and Portables at the Record.

For the Men who Succeed . . .

. . . and for those who will some day succeed them, our suggestion is that they invest part of their earnings in real estate. Wise investments in real properties have yielded fortunes to many people. And those who succeed in this venture never gamble on the title. They buy only quality abstracts made by those who have, themselves invested wisely - in their title plant - in their personnel - and in their responsibility to the public.

Earl Bender & Company,
Eastland, Texas.
(Abstracting Since 1923)

HOW MANY HORSES IN YOUR HOME?

. . . in terms of the amount of work you give electricity to do, perhaps 5 or 6. The electricity an average American family uses actually equals the work of a half-dozen powerful horses.

Hard to believe? Stop for a minute and think of all the ways you put electricity to work — and how often. Cooling, heating, cooking, cleaning, lighting, even entertaining.

Yet how little all this electricity costs! Nothing else your family buys adds up to such a value.

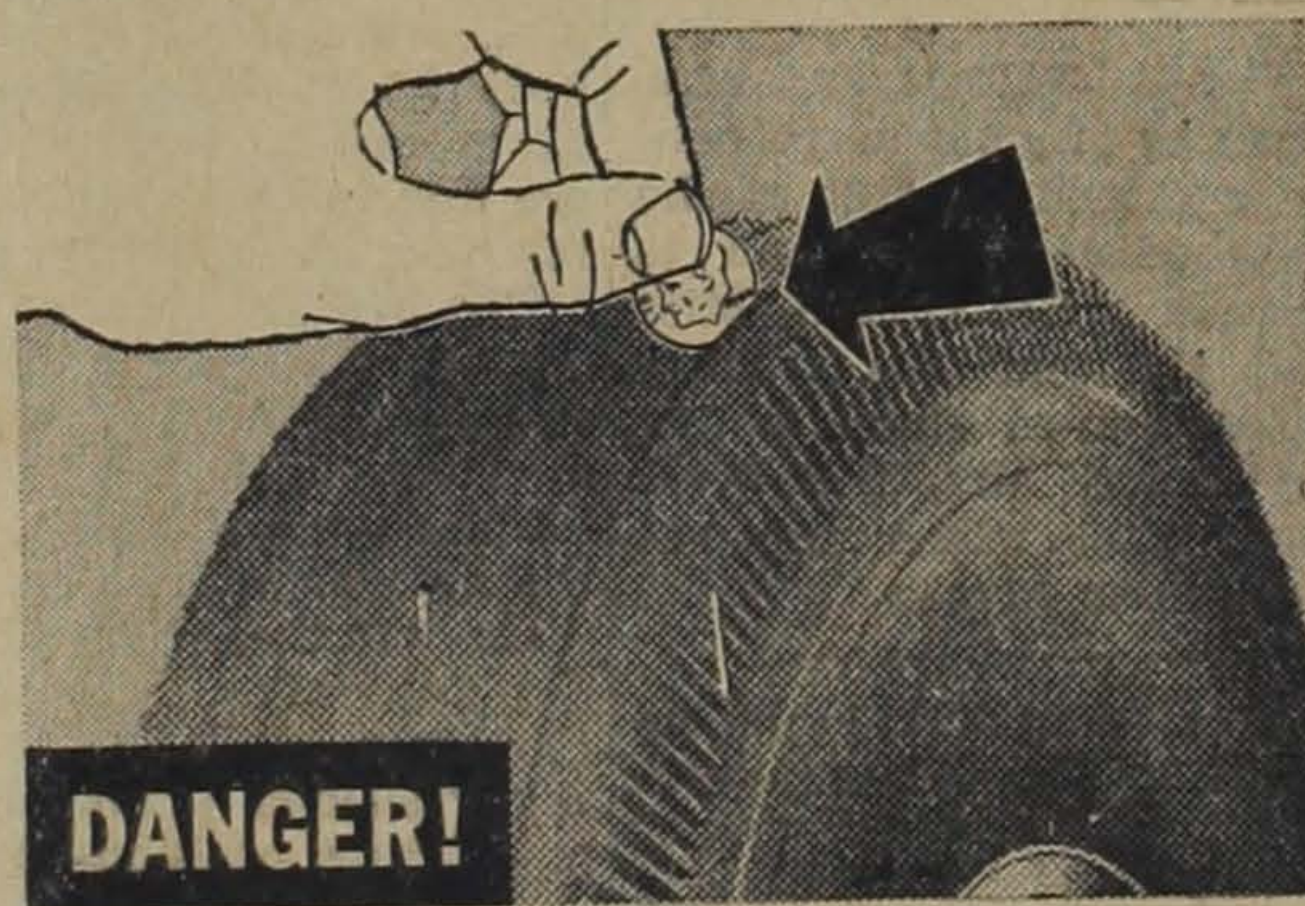

The horsepower, equivalent in electric energy, used for Electric Cooking costs the average WTU family less than \$1 a month — about \$2.34 a month.

Electricity costs so little — you can afford to use more of it!

West Texas Utilities Company

CAN YOUR TIRES PASS THIS DIME TEST? Try it now!

Hold dime with date down — insert in tire groove. If you can see date, tire is unsafe.

Look at the difference. Dime shows plenty of tread for safer traction.

If you can see the date on the dime, you need

Applications For Soil Bank Being Signed In County

Applications for the 1959 Soil Bank Program are now being signed in the County ASC Office, according to an announcement by Emmett E. Powell, office manager of the Eastland County ASC. Farmers interested in this program should sign an application before Sept. 26, 1958.

A meeting to explain the Soil Bank Program will be held at 1:30 p. m. Sept. 5 in the county courtroom in Eastland. Two previous meetings have been held in Rising Star and Gorman.

No program on cotton and wheat will be offered in 1959, it was announced. Only the five year Soil Bank Program will be offered. The producer may accept or reject the payment rate the committee has set for his farm.

All applications will be reviewed and a price will be offered by the committee. If funds are not available for all applica-

Social Security Checks Will Be Increased By 7%

The more than 17,000 persons in the district now receiving social security checks will get an automatic increase of about 7% on the checks to be mailed out early in February, according to R. R. Tuley, Jr., district manager. There is no need for any of them to write or call at their social security office to get that increase.

However, Tuley says, "I know there are several hundred others in this district who will need to talk with a social security representative in order to get benefits started to them. For the quickest and most efficient way to start that action, he suggests that a card or letter be written to him, at P. O. Box 5168, Abilene, briefly outlining the situation below which applies to a particular in-

dividual or family:

1. Certain dependents of persons now receiving disability insurance payments can now qualify for monthly benefits. These are wives at age 62, dependent husbands at age 65, and unmarried children under 18 or disabled children who have been disabled since before age 18.
2. Persons whose disability claims (either for benefits or the freeze) were previously denied only because they did not have 1 1/2 years of social security credits in the 3-year period just before becoming disabled.
3. Disabled adult children whose claims were previously denied solely because they were not receiving at least one-half of their support from the retired or deceased parent.
4. Dependent parents whose claims or inquiries were previously denied only because the deceased son or daughter was survived by a widow, widower or child who could possibly be entitled to benefits.
5. Anyone whose social security checks were stopped because of marriage, if he or she married a person who was also receiving social security checks.

Tuley suggests interested persons first write his office about possible benefits so that a mutually convenient interview time may be arranged, either at his office or with a representative of his office on one of his future visits to this county. For more detailed information on the above changes, Tuley invites readers to write him for a copy of free Leaflet No. 1958-1. Those wanting just the changes in the disability provisions should ask for Leaflet No. 1958-2.

OFF TO COLLEGE

Eddie Bradley, son of Dr. and Mrs. Ben Bradley, has returned to Bell Buckle, Tenn., where he is attending Webb School as a sophomore. Miss Sandra Bradley, daughter of the Ben Bradleys, will return to Texas Womens University, Denton, for her second year in that school.

Eddie Henry, son of Mr. and Mrs. Glen Henry, will resume his studies at McMurry College, Abilene, this fall.

Jim Lewis, son of Mr. and Mrs. Tom Lewis, will attend North Texas State College, Denton, this fall.

Typewriter ribbons and Office Supplies at the Record.

Fort Worth Show To Award Prizes Totalling \$193,481

FORT WORTH (Spl) — The largest amount of prize money in the 63-year history of the Southwestern Exposition and Fat Stock Show will be offered at the 1959 show, Jan. 30 through Feb. 8.

W. R. Watt, president-manager, has announced that \$193,481 in awards will be given to winning exhibitors in the various fat stock and horse divisions and to top cowboys in the exhibition rodeo.

Prize money for rodeo winners, including entry fees, will exceed \$65,000. The horse show will award \$38,480 in premiums.

Cash awards for the fat stock sections of the open show are: steers, \$4,180; dairy cattle, \$7,635; sheep, \$6,030; swine, \$9,383; and bull carlot-and-pen division, \$6,380.

Poultry, pigeons, turkeys and rabbits will be competing for \$2,286 in prizes.

The seven breeds of beef breeding cattle are allotted a large share of the premium total.

Awards for the breeds are: Herfords, \$13,800; Polled Herfords \$5,000; Shorthorns, \$4,532; Aberdeen-Angus, \$10,000; Brahm, \$2,000; Santa Gertrudis, \$800; Brangus, \$2,000 and Red Angus \$800.

For the first time at the Fort Worth show, Red Angus cattle and Landrace swine have been added to the 1959 judging schedule.

Premiums in the junior show total \$13,175, which includes \$4,731 for steers; \$2,930 for beef heifers; \$2,000 for dairy calves; \$1,128, lambs, and \$2,386, barrows.

Cash prizes in the judging contests total \$1,500 and about \$500 in herdsman awards will be given.

In many of the divisions, awards have been increased to encourage an interest in producing finer stock, Mr. Watt said.

Deadline for cattle, sheep and swine entries is Dec. 15. Horses may be entered until Jan. 1, and poultry, pigeons, turkeys and rabbits until Jan 10.

The 1959 premium list will be mailed out later this year to thousands of exhibitors throughout the nation. Anyone wishing more information on awards and entry requirements for stock may write the Southwestern Exposition and Fat Stock Show at P. O. Box 150, Fort Worth.

Mrs. E. A. Boatman has been visiting her brother H. B. Cron who lives on a ranch near Silver City, New Mexico. She was accompanied by her son Charles Boatman and wife who live in Houston.

Rev. and Mrs. Ed Jackson attended the wedding of Clifford Erwin and Janice Roberts at Indian Gap on Saturday evening, August 30.

Eddie Joe Henry was an escort in the Miss Wool's Coronation held recently in San Angelo.

IT'S THE LAW
★ in Texas ★

A public service feature of the State Bar of Texas

SPECIAL LEGAL REMEDIES

Sometimes you see newspaper stories telling how various courts have issued "injunctions" to protect the owner of a patent from infringement, to stop someone from putting up a building which would be a hazard to the neighbors, or to prevent some other type of activity which might harm one or more persons. Occasionally you read where a "writ of mandamus" has been directed against some public official. This column will briefly explain both

of these extraordinary legal remedies.

The injunction got its name because in the old days the English king commanded ("enjoined") special action when an ordinary court action could not solve a problem at hand. Today it is an order requiring a person (or corporation) to refrain from doing a particular act.

As a rule, one would first get a "Temporary Restraining Order" which would stop someone from doing something harmful — like polluting a stream or annoying the peace of your home. By granting it the judge preserves the status quo until a hearing has been held to hear both sides of the controversy. Usually, if you

want an injunction, your lawyer will take sworn statements into court to show that your grievance is one which could be taken care of only by an injunction.

Often you must put up a bond to make up for any damages you do the other side if the court doesn't see things your way.

After you've made your request, the court arranges to hear the other side. They must "show cause" why the injunction should not be issued. Because most injunctions deal with immediate problems, the court hears the merits of such a case in a very short time.

After the temporary injunction is issued, a "permanent" injunction may be obtained or either party may start a lawsuit to settle the problems which the temporary injunction has cleared up for the moment.

If the court grants an injunction, it must be served on the defendant to be effective. Then if he disobeys the order, he is dis-

obeying the court and is subject to a fine or a jail term for "contempt of court."

"Mandamus" is a special remedy used to right wrongs or enforce proper action by a public officer.

When we elect public officers to work for us, we place a great deal of authority in their hands. Sometimes they fail to do their lawful duty. One way to make a government official do his job is to ask the court for a writ of mandamus.

Suppose you have applied for a permit to build a house under a city building code. You submit your plans which meet all the requirements of the code but the proper official won't give you the permit and you can't get one elsewhere. You can then ask the court for a writ of mandamus and if you were right and the building official had no grounds for refusal, the court will order him to issue the permit.

Before the court will issue such

a strong command as this, the officer must have refused to do his clear cut legal duty — not something that he may or may not have to do as part of his job.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Pen-raised Quail Still Available From State Farm

AUSTIN, SEPT. 2. Pen-raised bob-white quail are still available for release to sportsman, landowners, and clubs, if they have land suitable for quail, the Assistant Secretary of the Game and

Fish Commission has announced. Interested persons are encouraged to make application by letter to the Austin office or to local game wardens.

Under the program which is designed for quail habitat improvement, land must be inspected by the local game warden. After inspection of a proposed release area, the warden will recommend a quail management program and the number of quail to be released.

When an application has been approved the quail are shipped to the applicant at 50 cents each, which is approximately one-half the cost of production and shipment, the assistant secretary said.

"With this year's good quail crop, applicants would most likely need habitat improvement to justify a release," he added. Birds are about two months old when released, allowing for sufficient growth while remaining young enough to make adjustment in the new habitat. Plans

call for releases to continue through October.

In 1957 the commission approved 414 applications, releasing 33,473 bobwhites. Approximately 20,000 have been released so far this year.

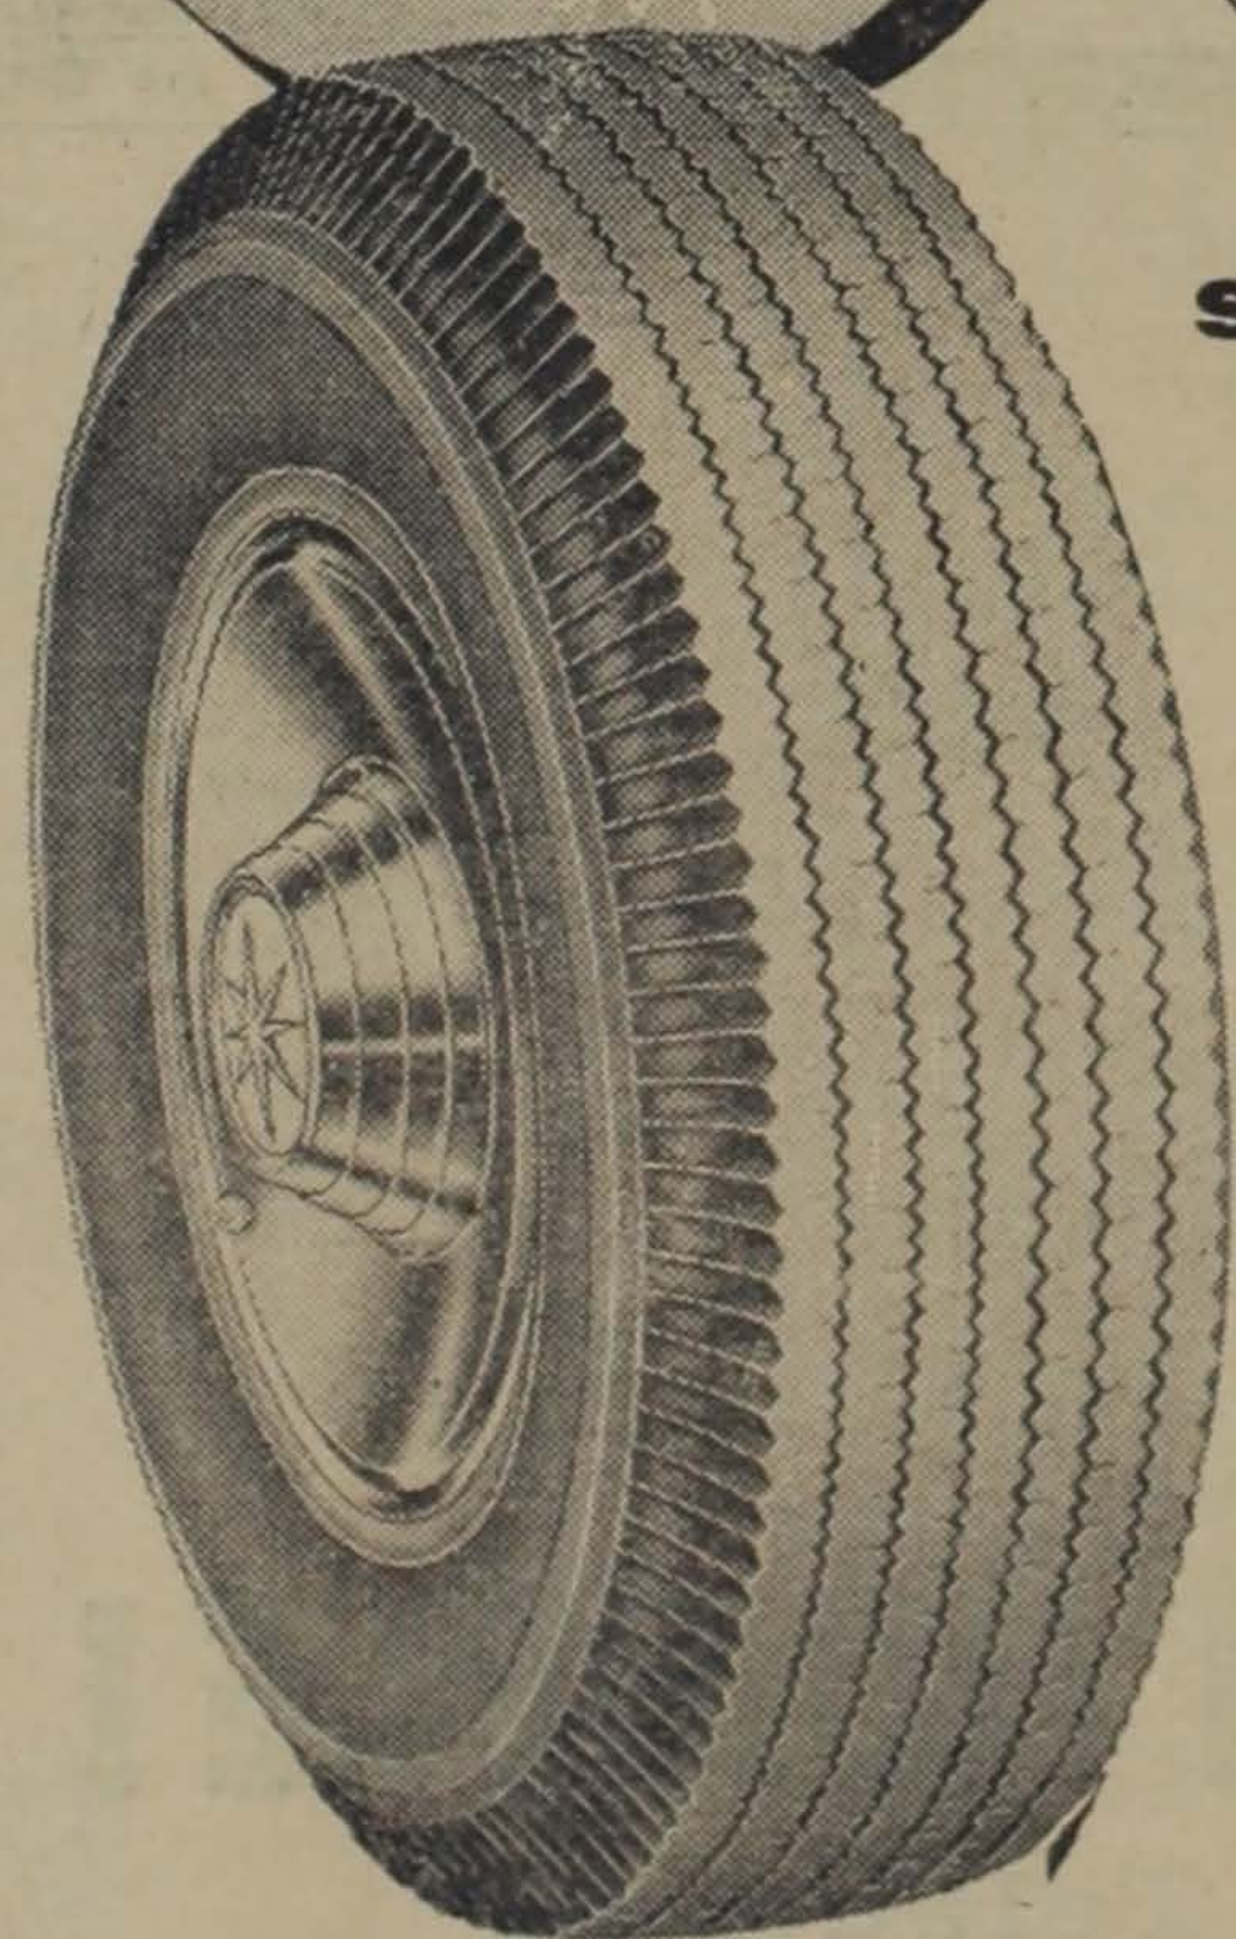

MAY SOLDIER TRAINS IN GERMANY

ASCHAFFENBURG, Germany — PFC Charles R. Mullis, son of Mr. and Mrs. Perry Mullis, Route 1, May, Texas, recently participated in a field training exercise with the 26th Artillery in Germany. Mullis, a wireman in the artillery's Battery C, entered the Army in January 1957 and received basic training at Fort Bliss, Texas. He arrived in Europe in August 1957. The 22-year-old soldier is a 1954 graduate of May High School and was formerly employed by the Continent Supply Company, Hobbs, N. M.

Saturday Club Re-Assembles for New Year's Work

The Saturday Club met Wednesday, Sept. 3, in the first meeting of the new year with 17 members present. The new officers for the year are: Mrs. Fred Roberds, president; Mrs. Horace Switzer, recording secretary; Mrs. Floyd Joyce, corresponding secretary and treasurer; Mrs. Fred Tunnell, parliamentarian; Mrs. Olice Jones, pianist.

The committees are: Year Book Mrs. Barney Cargile and Mrs. Louise Weber; Entertainment, Mrs. Lee Clark and Mrs. Alice Graves; Information, Mrs. A. D. Jenkins; Civic, Mrs. John Lee; Mrs. Martin Joyce and Mrs. O. D. Carver; Library, Mrs. Horace

Switzer, Mrs. Fred Tunnell and Mrs. Floyd Joyce; Finance, Mrs. A. Louise Weber, Mrs. Barney Cargile, Mrs. Clyde Flannagan and Mrs. Olice Jones; Education, Mrs. A. T. Shults, Sr., and Mrs. Marshall Groce; Civil Defense, Mrs. Mabel Ellis; Federation Councillor, Mrs. A. Louise Weber.

September 3 marked the re-assembly day. A covered dish luncheon was served. Mrs. Roberds presented the President's Greetings and a resume or summary of the Yearbook was given by Mrs. Barney Cargile.

Due to the fact that one of the Entertainment Committee was out of town and the other was working on that day, the president served as hostess, assisted by Mrs. M. R. Groce.

The next meeting will be held on Sept. 17 and Bible Day will be observed. "The Christian Wife and Mother" will be discussed by Mrs. Clyde Flannagan. The song for the meeting will be, "It's No Secret What God Can Do." Hostess will be Mrs. Marshall Groce.

tonio, Mr. and Mrs. Revis Gregg and son Larry of Cisco.

Mr. and Mrs. L. C. Hounsell of Ft. Worth spent Labor Day here with her parents, Dr. and Mrs. W. S. Carter.

Rush Creek—

(Continued from Page One)

that the issue could be met by county-district joint ownership of land purchased for the purpose. Seay pointed out that Comanche County was ready to do what could be done within a legality which affects all districts.

The case of the Rush Creek association was ably and in detail presented by Walter Fritz, who gave the board facts and figures relative to flood conditions, conservation in practice on the land, public approval of the project, are a great deal of other technical detail necessary for a thorough study of the proposition.

President C. B. Williams of the association, who presided, called on various landowners of the area, who stressed the need for improvement and the public interest which would assure the development of such a program with the greatest speed.

H. M. O'Brien, Jr., secretary-treasurer, who had prepared a graphic illustration of the watershed in a large painting, made a vigorous appeal for approval of the project.

Attending the hearing from Rising Star were A. D. Jenkins, chamber of commerce secretary and a landowner on the watershed; John Lee, chief soil conservationist with the Rising Star Soil Conservation office; R. A. Wade, of the local soil conservation office; John (Skeet) Clark, landowner in the district, and B. A. Butler, president of the Rising Star Chamber of Commerce.
