Sadowski Announces Campaign Headquarters, Top Workers

Jeannie Sadowski

Jeannie Sadowski, Republican Candidate for U.S. Congress, 17th District, announces that her Campaign Headquarters is located at 204 West Main in Eastland. The new phone number at the office is 629-3339.

Mrs. Sadowski also announces that her Campaign Manager is her husband, Dr. D. P. Sadowski, her Press Aide is Don Jones, owner and Editor of The Western Observer

in Anson. The Campaign Treasurer is Jim Haas, owner of H & R Block in Eastland. The County Organizer is W. J. Goodwin of Eastland.

"I am pleased that all these fine people have consented to work with me in this Campaign," Jeannie Sadowski says. "Dr. Sadowski has already been of great assistance to me, and the other workers are also dedicated."

Mrs. Sadowski says she has traveled through the 17th District a lot during the year, and will continue to visit people and speak out on issues she feels strongly about. She has talked to a number of Civic groups and made TV appearances in Abilene and Wichita Falls. This week she spoke to a "Right To Life" group in Abilene.

County to Gain 55 New Jobs

Eastland County Industrial Development Corporation will hold a public meeting at 1:00 p.m. on Oct. 22, 1991, at the Commissioners Courtroom, Eastland County Courthouse, 100 West Main Street in Eastland, Texas, on the proposed issuance by the Issuer of one or more series of revenue bonds to finance the cost of a manufacturing facility or facilities, consisting of the acquisition of land and construction and equipping of a plastic and tire shredding, processing and manufacturing plant to produce various composite rubber plastic products and related facilities.

The maximum aggregate face amount of the tax exempt portion of the Bonds is anticipated to be \$9,935,000.

The Project will be situated on approximately 151 acres of land located approximately 3 miles east of the City of Eastland, Texas, on the

southwest corner of Interstate Highway 20 and County Road 438, in Eastland County, Texas and will be owned initially by South Texas Tire Recovery, Inc.

All interested persons are invited to attend and express any comments they have regarding the proposed issuance of the Bonds, the Project to be financed thereby and the plan of financing relating to the Project.

Questions or requests for additional information may be directed to David C. Petruska, Hutchison Boyle Brooks & Fisher, 3900 First City Center, Dallas, Texas 75201; (214) 754-8633.

President Grover Hallmark, president of the County Industrial Corp., stated that the facility will provide some 55 jobs when in full operation by June of 1992.

Detailed information is expected to be given at a formal announcement to be made soon by the principals.

Star Pride News

Last Tuesday Star Pride members met at People's State Bank for their regular meeting. Workdays were discussed and members were encouraged to sign up for jobs around town. Several of those jobs have been taken care of, but Star Pride would like to encourage everyone to do his and her part in cleaning up Rising Star prior to our Homecoming.

Please go by the Quickway look through and find cards and help us complete cleanup.

Have you noticed the fall flowers in the barrels downtown? Don't they look great?

Star Pride would also like to welcome members LaVerne and Mutt Carroll, Joyce Baker and Robin Reeves as its new members.

Wildcats Meet Buffs Saturday

by Wid Keeling

Rising Star Wildcats travel to Cross Plains this Saturday to participate in the tri-annual Cross Plains homecoming. Seating will be at a premium so be sure to be there early for the 7:30 game!

The teams have been "friendly rivals" for many years, with the Cats being successful the last three years in a row. Coach

Goodman stated that he "was at a loss of words to describe this week's game."

After an extra week of rest and work, perhaps this will be the game that the team will get together and play up to their true potential. Both teams have suffered injuries this season but this game will go to the team whose members hustle the most.

Class of 1976 Holds Reunion

The Class of 1976 will hold a reunion after the pep rally Saturday October 19 at the home of Kenneth and Edith Bibb, 806 N. Main. Spouses and

friends are invited to attend.

If anyone can supply the whereabouts of Nan Clark or Peggy Perry, please call 643-6823.

USDA food commodities will be distributed from 12 noon to 1 p.m. today Thursday, October 10, and again Tuesday, October 15, at Senior Citizens

Center in Rising Star. Meal and rice are the commodities this month.

Allocation of all commodities depend on availability of food items from USDA.

Deer Feeders Advised to Know Safety of Corn

"Beware, the corn, for the sake of the deer, the turkey and the quails."

That would appear to be a significant warning based on reports which are being heard here and in many parts of the state.

Suspect is that corn which reportedly has higher than acceptable alpha toxin, which supposedly can result in death for animals ingesting it.

One report indicated that a heavy outbreak of the fungus-like disease was prevalent in South Texas this year, and that much of the corn raised there could not be approved for normal livestock feeding, and might wind up being sold across the state for wildlife feed at bargain rates.

And there have been reports of wildlife die-offs

in South Texas.

Local Game Warden Kenneth Payne explained that his department had warned of the dangers, and that he is advising that all corn be tested.

Joe McCollum of Eastland Farm and Ranch said that the Gore Industry in Comanche, a large dairy operation, has testing facilities, and supposedly would do testing for the public. Corn at Eastland Farm and Ranch is guaranteed alpha-toxin free and sells for \$9.80 a hundred. Most other dealers in this area reportedly are selling guaranteed corn.

Feeders are being advised to buy from established sources and know about the guarantee of the product.

The toxin is the same

Wildlife Management and Mesquite Control Tour to Be October 17

A Wildlife Management and Mesquite Control Tour is scheduled for 9:00

a.m., Thursday, October 17, 1991. The tour will start off with a class room session in the Eastland National Bank Community Room in Eastland. Participants in the tour will receive 2 hours of continue education credits for private pesticide license holders.

The class room session will cover wildlife lease management and an introduction to wildlife food plots. Dr. Dale Rollins, Extension Wildlife Specialist, will be presenting these subjects. The tour will then move to Bill

Wright's wildlife food plots south of Eastland.

The last stop will also be on Wright's Ranch. This stop will examine a streamline basal mesquite control result demonstration and half cutting mesquite for quail cover. Dr. Tommy Welch, Associate Department Head and Extension Program Leader for Rangeland Ecology and Management will discuss the mesquite control demonstration.

The tour is being sponsored by the Eastland County Extension Program Council Wildlife and Natural Resources Task Force. All interested persons are invited to attend.

Visitors Express Gratitude

Rosie Loreto (center) was visited by four nephews last weekend. Shown at her home are (1 to r) Dr. James Loreto, Thomas Loreto, Richard Loreto and Alfred Loreto. These brothers came to Eastland to thank people who helped their Uncle, Judge Charles Loreto, during his final illness in 1990. (Telegram Staff Photo)

By Viola Payne

Some visits are so special that they leave a bright afterglow. That's the way the weekend of September 27-29 was for Rosalie Leslie Loreto of Eastland, when four nephews from the New York City area visited in her home.

These Loreto nephews are part of the family of the late Justice Charles A. Loreto, Rosalie's husband. Judge Loreto's career included twelve years on the Municipal Court and 15 years on the New York State Supreme Court. He died in Eastland on July 1, 1990.

The son of Italian immigrants, Charles Loreto grew up in a large, loving and closely-knit family. All his nieces and nephews meant a lot to him, but these four-sons of his brother, James - had a special place. For he had lived in their home for several years before his marriage to Rosalie Leslie, Texas native and

Assistant Dean of Women at the University of Maryland.

The visitors welcomed by Rosalie Loreto Friday included Dr. James Loreto, an optomologist from Bethesda, Maryland, near Washington, D.C. Dr. Loreto's specialty is eye surgery. Also in Eastland was Thomas Loreto of Harrison, New York. Thomas Loreto works in the New York Metropolitan area as Group Supervisor, U.S. Customs Dept. One of his responsibilities is John F. Kennedy Airport.

Also in the group was Alfred Loreto, of North Port, Long Island, N.Y. Alfred Loreto is a Technology Instructor in the Public School System on Long Island. Another visitor, Richard Loreto of Orangeburg, N.Y., works in the N.Y. Metro area. He is Project Manager/Asst. Superintendent for New York City Electrical Contractor. His area of

supervision includes JFK Airport, La Guardia Airport, Shea Stadium, etc.

How these brothers managed to take off time and coordinate their visits required some planning! But they did manage, for they had a special purpose in mind. That was 'to express gratitude to family friends and all the good people of Eastland for helping Uncle Charles and Rosalie during the last days of his life.'

As they made the flight to Texas the memory of 'Uncle Charles' was vivid on the minds of these men. They remembered the many times that had vis-

ANGLERS CHOICE CLASSIC DRAWS 248 TEAMS

The 1991 Anglers Choice Team Championship was held at Lake Texoma this past week. This event was attended by 248 two person teams from eight states. Names such as Randy Behringer, Ty Thomas, Jack Truelove, Rick Helmcamp, Forrest Fritcher, Alton Jones and a host of other top anglers in the country.

Our own area was very well represented by the teams of Bob and Joe Bob Moore, Tommy Maynard and Chuck Burgess, James Fullen and B.J. Johnson and Bobby Maynard. This is a very high average of teams from a small area such as ours. The Northwest Region Overall had 10 teams which were able to weigh-in some fish during the two day event.

The winners which by the way was every team who qualified for this event were treated to a weekend of fun, excitement and thrills. Jonnie Davis and his staff staged

an on the water weigh-in complete with camera crews and a large crowd of spectators. The mood was not less exciting than that of a B.A.S.S. professional tournament.

Day one weigh-in saw Mark Bedernak and Guy Witherspoon take the lead with 5 fish 14.44. Following close was Larry Blard and Reed Biggers. To make the top 50 cut the first day anglers need at least 7.89 pounds. The top 5 for the boats and 6th for \$4,000 cash was 12.69 pounds for 5 fish. The anglers were placed in flights each day according to overall finish in each region. The first day weigh-in reflected an early morning feed for the fish. But by dark Friday a hard cold front has passed dropping temperatures by 15 degrees in two hours.

Saturday brought high winds again, except from the north this time. But being the semi-professionals they were the anglers used extreme caution at all times to move from one area to the next.

The final tally Saturday a lot of place changes and the top six winners

were: Danny Coppin, John Guerra, Sat. 9.08, Sun. 13.98, 23.06 2 fully rigged 3620 Ranger Boats.

2nd Marshall Brown, Ricky Friedrich, Sat. 11.87, Sun. 10.86, 22.73, 1 fully rigged 354 V. Ranger Boat; 3rd Jimmy Jenkins, Tommy Martin, Sat. 13.17, Sun. 9.54, 22.71, 1 fully rigged 354 V. Ranger; 4th James Bell, Ray Pearson Sat. 4.71, Sun. 17.58, 22.29 1 fully rigged 330 V. Ranger Boat; 5th Tracey Large, Bryant Smith, Sat. 9.73, Sun. 12.10, 21.83 1 fully rigged 681C Ranger Boat and 6th Bob Kepke, Mike Neblett, Sat. 9.58, Sun. 11.88, 21.46 \$4,000 cash. As I stated the top 50 finishers did receive prizes and if entered in the optional side purse cash.

The local teams finished quite well with James Fullen and B.J. Johnson placing 43 with Sat. 6.16, Sun. 8.36, 14.52 worth \$200. Bobby Maynard and myself placed 21st Sat. 6.02, Sun. 11.72 which was the sixth best stringer for Sunday for a total of 17.74 worth \$500 cash and prizes. Also from our region out Midland way finishing 40th was Blane Dyers and James White Sat. 6.71, Sun. 8.18, 14.89 worth \$250.

Crankbaits and spinner baits were the top producers and the far reaches of the north end of the Cumberland arm was the winners hole. These gentlemen reported running on top in eight inches of water over two stretches of river to reach their fish almost 35 miles from weigh-in at Lowe's High Port on Lake Texoma.

Congratulations to the winners and to all who qualified for this the team event of the year. And Jonnie Davis has promised bigger and better for 1992, so make plans now

CJC To Offer Community Course Beginning Oct. 22

Cisco Junior College will offer a community service course in tatting beginning Tuesday, Oct. 22. Tatting is the art of making knotted lace with a shuttle. The lace can appear very complex but is created by repeating a single knot. Tatting will be taught from 8 to 10 p.m. on Tuesdays in Room 53 (art room) in the Vocational-Technical II building. The class will meet Oct. 22, 29, Nov. 5, 12, 19, and 26. Instructor for the course is Jane Ray. Cost for the 12-hour course is \$24. Students must furnish their own tatting shuttle and thread (medium-weight colored crochet thread). The class is limited to 10 students.

A minimum of 10 students must be registered for the class to be offered. Registration deadline is October 18. Registration is on a first-come, first-serve basis and is complete only upon receipt of proper registration form accompanied by a check or money order. Registration forms will be accepted in order of receipt. In classes with a limited enrollment, those registrations accompanied by a check or money order will take precedence.

It is important to register early. The cancellation of a course is determined at the time of the registration deadline. If there

to join in the fun for the Anglers Choice Team and Pro Draw events.

Next cast I will visit with you concerning our Hunters for the Hungry program in Texas. Till then good fishing and safe boating.

Social Security 800 Number Is New

The Social Security Administration (SSA) changed its toll-free telephone number as of October 1, 1991, Glyn Hammons, Social Security manager in Abilene said. The new number is 1-800-SSA-1213.

The SSA number change resulted from Congressional legislation that requires Federal Government agencies to convert to a new telecommunications system called "FTS 2000." Since

the new system is managed by a different service carrier than the agencies had used in the past, SSA had to change its toll-free number.

Hammons said that since its nationwide implementation 2 years ago, the 800 number service has become a popular option for people who have Social Security business. Callers find that their requests can be handled easily, conveniently, and expeditiously by phone. In many instances, their business can be completed at the time of the initial

call. Recent studies show that more than two-thirds of the 800-number callers prefer using the telephone over having to visit a Social Security office in person.

SSA also offers a telephone response unit that uses an automatic script to speed the processing of certain routine requests.

Service on the 800 number is available weekdays from 7 a.m. to 7 p.m. But, the best times to call are early in the morning or late in the afternoon, Wednesday through Friday after the first week of the month.

October Is National 4-H Month

The four H's: Head to clearer thinking. Heart to greater loyalty. Hands to greater service. Health to better living for my club, community, county, and world.

This is the pledge of America's 4-H members. October is national 4-H month. Rising Star's 4-H club is looking forward to a year of fun-filled 4-H related projects.

4-H is an organization for boys and girls in third through twelfth grade. They meet monthly with their leaders. The members are involved in livestock, nutrition, clothing, and bicycle projects.

4-H leader for this year are working very hard. Shelly Bailey is serving as club manager this year. Assistant club managers are Paula Collins and Kathy Bush. Various parents volunteer at the club meetings. They are meeting on the fourth Monday of the month at the 4-H hut in the park.

Each student participating in 4-H does his own project every year. Several raise sheep, rabbits, and hogs in the livestock division. Rising Star's livestock show will be held in February.

In June, students enter projects in the clothing division. It takes a lot of dedication to be active during summer break!

Food and Nutrition projects will be shown in the county food show in November. If 4-Hers place, they advance to District, then possibly state. Food and Nutrition projects require a great deal of knowledge on health, vitamins, nutrient value, and menu appropriateness.

People in this division must be well prepared and spent a lot of time planning their projects.

A new program is in the process of being organized this year. In late spring, 4-Hers are planning a Bicycle project. We're all looking forward to the success of this new development.

The Rising Star 4-H club is putting out a lot of effort this year. We're very proud of their accomplishments. They are working extremely hard this year and we hope they enjoy their activities during National 4-H Month.

1991 LEADERSHIP RETREAT FOR JR. HIGH MEMBERS

The 1991 Leadership Retreat for Junior 4-H members will be November 15-17 at the Texas 4-H Center.

The theme is S.T.E.P. UP THRU 4-H (See the Endless Potential You Possess).

4-Hers 11-13 years of age are eligible to attend with emphasis on learning and practicing leadership skills, developing and utilizing a positive attitude, creating unique ways to teach leadership skills, and learn more about 4-H opportunities on the county, district, state and national levels.

Pre-registration deadline is November 7. Cost is \$47.00 for Friday night arrivals and \$37.25 for Saturday morning arrivals. Early registration is suggested since registration is on a first come basis until maximum enrollment is filled.

4-Hers planning to attend may request registration forms from Mrs. Janet Thomas, County Extension Agent.

4-H CLUB WEEK

"We Can Make A Difference" is the theme of 4-H Club Week, October 6-12.

4-H is unique! It is the informal educational youth development component of the Texas Agricultural Extension Service extending the knowledge of Texas A&M University to the young people of the state through trained volunteer leadership. More than 300,000 Texas youth are involved.

All youth, 3rd grade to 19 years of age, are eligible to join this youth development organization. Members are from the city as well as rural areas.

Members develop leadership and citizenship skills along with actively being involved in project work which help establish learning experiences to become self-competent, productive citizens of tomorrow.

4-H brings the whole family together — 4-H is truly a family affair developing leaders for tomorrow.

SALUTE TO NIMROD 4-H CLUB

Deer

as has been found in peanuts, and according to County Agent David Tunmire is thought to be caused by drought-stressed crops, which might indicate that this infected corn might be from a previous crop year because of this year's wet record.

Larry Holland, Texas Parks and Wildlife Biologist of Brownwood, recommended caution in the purchase of deer corn, and suggested that even though the reports that are being heard, might be from isolated areas, hunters, land-owners and others would be, should be aware of the danger of buying untested corn.

He said that it was his understanding that there is a firm in the Stephenville area, which serves the dairy industry there, that could perform tests for the public.

Agent Tunmire stated that officials at Texas A & M have advised him that research there has not, as yet, set established tolerance levels for wildlife in reference to the toxin. The officials there, he further said, indicated that they were not aware of a major statewide problem, although there might be isolated cases.

turned around and walked away with Lunk and Runk behind him, laughing.

"You're going to get it now!" a voice appeared behind him. He turned around and Frito was standing there looking very worried. "I'm sure if I just talk to him he'll be reasonable." Jeff said hoping Frito would agree with him. Frito said "Marty will probably beat you up. Nobody I know of has ever stood up to him," he said. With this Jeff gulped. He could feel his hair beginning to stand on end. He was going to have to find a way out of this mess.

To be continued next week! Find out what happens to our hero Jeff Guthrie, as he faces the fifth grade bully, Marty!

feature wall hangings, puppets, cabinets, clocks, belt buckles, jellies and jams, potpourri, honey butter and painted chests. And, others will be offering Christmas and seasonal decorations. Some booths will feature Christmas cutouts, while other will have wreaths and tree decorations.

The more unusual items include stained glass paintings and tree spirits. There will also be leather collars, painted caps, rag baskets and rugs, and even potty chairs.

"We've had so many requests that it's been difficult to decide which ones to accept. We've filled the main arena and foyer, and still had to turn away a number of really good exhibits," Prather said.

Hours for the first annual Brownwood Arts and Crafts Festival are Saturday from 10 a.m. to 6 p.m. and Sunday from noon to 5 p.m. And, there is no admission charge.

Jeannie Sadowski

She announced as a Candidate last July, and at present is unopposed on the Republican Party ticket. The incumbent, Congressman Charles Stenholm of Stamford, is unopposed on the Democratic ticket. The party primaries will be held in March, 1992.

Jeannie Sadowski says her campaign is "Upbeat and I would have never dreamed I would get the support and response I have throughout the District."

This support extends to the Republican Party Headquarters in Austin and Washington, D.C., she reports.

"They continually update me with information about Legislative matters," she says.

"The people of Eastland County believe in what we're trying to accomplish," Sadowski states. "I have many issues in which I differ with Congressman Stenholm, such as his vote to fund pornographic art, his vote for gun control, and his failure to stand up against flag burning.

"We need help in this race - volunteer workers and financial assistance. A campaign can go nowhere without money."

She says that anyone wishing to assist in her campaign my call the headquarters or call 629-8283 and leave a message.

The center has canceled the meals on wheels each Monday. The center will be open each Thursday with a covered dish luncheon as usual. Everyone come and enjoy the day with us.

Betty Fisher, Joyce Geye and Carrie Gaines went shopping in Brownwood.

Those attending a meeting on missions last Saturday at First United Methodist in Eastland were Artie Jagers, Maurine Wells, Bonnie Polk, Winnie and James Armstrong, and the Rev. Stephen Nance, local Methodist pastor.

Ben Chick has returned home from Kerrville. He is still continuing with a lot of medication, but improving slowly.

Willie Leah Maynard and Berna Lee Chick shopped in Brownwood on Thursday evening.

Lucy Curtis' visitors have all gone. J.B. and Sybil left for Oklahoma Saturday morning; they visited their daughter and

granddaughter before going home to Grand Junction, Colo. D.W. and Georgia also left Saturday morning. They visited Georgia's sister in Cisco who had surgery in Abilene. They all enjoyed being together gossiping and at night playing 42 and dominoes. Everyone did a lot of cooking and dish washing.

Wylie Steel, a cousin of Marjorie West, passed away at Austin Saturday, Sept. 28. He was reared in the Rising Star area and was the son of the late Tom and Dora Steel.

Jerry and Mae Chick, Evelyn Ward's son and his wife, came out for a weekend visit. They went to Brownwood and lunched at Underwood's. They had fun playing golf and horse shoes.

We had 40 at our luncheon Thursday. Visitors were from the bank and Henry Robinson and son, Jimmy Robinson, of Grand Prairie.

Come to the center each Thursday for a day of fellowship and good food. Have a good week!

The Quilting circle finished the Wedding Ring on Tuesday and worked on the Four Crosses. They put a Pinwheel Variation into the frames.

Jean Alexander's nephew, Ed Thomas, of Durham, N.C. and his sister and her husband, Mary and Terry Doyle, of Bedford spent the day Friday with James and Jean.

Frankie and Oliver Smith and Jean Fore went to the musical at Putnam on Friday night and on Saturday to the Scranton musical. Frankie and Jean went to Ranger Sunday afternoon to visit Frankie's father.

Novilia Barton visited with the Bob Powells last week and helped them quilt on their quilt. She also visited with Nell and Joe Fleming.

Visiting with Nell and Joe Fleming were Sam Fleming of Cross Plains on Monday and Novilia

Barton on Saturday afternoon. Paul Pavlow of Corpus Christi and his wife, Veda, Nell's sister, were visiting on Monday with Nell and Joe.

Billie Freeman was observed by this writer visiting in the Colonial Oaks Nursing Home with her mother, Nettie Roady, on Sunday afternoon. Nettie was smiling and seemed to be enjoying the singing.

John and Irma Miller visited with several residents in their homes on Friday morning for the United Fund. Their visitors on Friday night were Dean and Carol Brannan of Coleman, Irma's brother and his wife. Irma went on Saturday to the Brannan-Waggoner reunion at Wayland. Her cousin, Lillian Gardner, of Eastland accompanied her.

The Pioneer Pentecostal Church is hosting its annual homecoming on Saturday October 12.

ADOLESCENT SEXUALITY

Did you know that Texas ranks #1 in the nation with the largest number of births to girls 14 years of age and younger? This is shocking, but very true! In fact, a county near Eastland County is ranked the #1 county in Texas with births to girls 14 years of age and younger.

Adolescence is a time of physical, emotional and social development. Young people are coming to grips with body changes, deciding what it means to be a man or a woman, confirming a system of values—including sexual values—and developing the capacity for expressing both emotional and physical intimacy beyond the immediate family. The adolescent years can certainly be a time for confusion and uncertainty.

RECIPE FOR THE WEEK

Pears are in abundant supply. This is a wonderful, moist cake.

Fresh Pear Cake

2 cups sugar
1 teaspoon salt
3 eggs, well beaten
1 teaspoon vanilla extract

1-1/2 cups salad oil
2 teaspoons ground cinnamon

3 cups all-purpose flour
3 cups thinly sliced, peeled pears

1 teaspoon soda
Powdered Sugar Glaze
Combine sugar, eggs, and oil; beat well. Combine flour, soda, and salt; add to sugar mixture, 1 cup at a time, mixing well after each addition. Stir in vanilla, cinnamon, and pears.

Spoon batter into a well-greased 10-inch Bundt pan or tube pan. Bake at 350 for 1 hour.

Remove from pan, and allow to cool; top with Powdered Sugar Glaze.
Yield: 1 10-inch cake

Powdered Sugar Glaze:

1 1/4 cups sifted powdered sugar
2 to 4 Tablespoons milk
Combine ingredients, blending until smooth.
Yield: about 1/2 cup.

Eastland County 4-H Awards Banquet Held

Some 131 4-H awards for excellence were presented to outstanding Eastland County 4-H'ers for their 4-H project and 4-H club involvement at the annual Eastland County 4-H Awards Banquet on Saturday evening, October 5th at the Cisco Elementary School Cafeteria.

The evening banquet attended by 175 was hosted by the Cisco 4-H Club under the direction of Mrs. Louanne Gerhardt and Deborah and Neal Henke, Cisco 4-H Club leaders.

Program speaker for the evening was Cathy Thomas, Eastland Senior 4-Her, who participated in the 1991 Citizenship Washington Focus Short-course and tour of Washington, D.C.

Numerous special awards were presented by Extension Agents Janet Thomas and David Tumire. County Judge Scott Bailey and State Representative Bob Tuner presented the following awards for excellence.

4-H Gold Star winners were Ricky Agnew, of the Nimrod 4-H Club, and son of Mrs. Sharon Curtis of Cisco. Also winning Gold Star award was Tommy Thompson, of Nimrod 4-H Club, and the son of Mr. and Mrs. Tommy Thompson. The Gold Star award is the highest honor a 4-Her can receive on the county level. Agnew and Thompson will be recognized at the District 8 4-H Gold Star Banquet on October 21st in Hamilton.

The "I Dare You" Leadership Awards were presented by County Judge Scott Bailey and Representative Bob Tuner to Cathy Thomas of Eastland Sr. 4-H Club; and Jeremy Keith of Olden 4-H Club.

The "Outstanding 4-H Junior Leader" Award was presented to Cathy Thomas, County 4-H Council Chairman, Club President, and an active 4-H Junior Leader Association Member.

The "Bronze Star" Award for excellence was presented to Blair Bailey, Rising Star 4-Her; and Leigh Henke, Cisco 4-H Club member.

"Silver Star" Award was earned by Joanna Wallace, of Ranger 4-H Club; and Jeremy Keither, of Olden 4-H Club.

To receive "star" awards in 4-H, the 4-H member was required to meet certain criteria and were judged by interviews and exhibits for out-of-county judges.

Other awards that highlighted the evening were the following:

"FRIEND OF 4-H" plaques were presented by the Eastland County 4-H Parent/Adult Leader As-

sociation to Mr. David Coan, of Eastland; Mr. Daryl Eckert, of Eastland; and Noble Laminack, formerly of Gorman and a student at Tarleton State University. Their support to the 4-H members in Eastland County is appreciated.

"OUTSTANDING 4-H WOMAN AND MAN ADULT LEADER" was presented by the Eastland County 4-H Council to Mrs. Carol Wallace, of Ranger 4-H; and Mr. Mike Orsagh, of Olden 4-H Club. Both have served as adult leaders and supported 4-Hers through project and community service projects.

Judy Ware, of the Rising Star 4-H, was recipient of the OUTSTANDING 4-H SECRETARY AWARD. She received a plaque for her work.

4-H SCRAPBOOK HONORS went to 1st Place: Rising Star 4-H Club, 2nd Place: Olden 4-H Club; and 3rd Place: Nimrod 4-H Club.

Oil Operators To Hold Meeting On October 15

A meeting for all area oil operators will be held at the Eastland National Bank building meeting room at 7 p.m. October 15. Purpose of the meeting is to discuss recently passed Senate Bill 1103, its severe adverse economic effects on stripper operators and what options or defensive action that operators should take to achieve relief from the bills provisions.

Senate Bill 1103 is a revenue raising bill requiring all operators to provide funds to plug wells abandoned by others in the past, mostly promoters in the boom years, by assessing annual fees and or bonds for each well owned by the operator.

S.B. 1103 will impose economic hardship on stripper operators who will bear most of the cash burden, and could force many into bankruptcy.

If this is allowed to happen, local school districts will see a sharp decrease in revenue as well as the county and any other taxing jurisdictions in the areas dependent on stripper wells for revenue. This would result in a tax increase on real property such as farms, homes and businesses.

Additionally jobs will be lost in oil field and related industry.

In these difficult economic times, decreased tax revenues increased taxes on real property and lost jobs is not an acceptable alternative.

A recent meeting in Cross Plains was very successful and well attended. Your presence at the Eastland meeting on October 15 is needed.

Eastland County has one of the most outstanding 4-H programs in the State. We salute the fine parents and adult leaders who give unselfishly of their time and talents to make all of this possible.

AARP Needs Additional Tax Aide Volunteers

In preparation for the coming tax season, volunteers interested in helping older, low, and moderate income people to receive free tax preparation assistance, are being recruited by the American Association of Retired Persons (AARP).

Almost 1.5 million people each year seek help from AARP's Tax-Aide program in order to complete their tax forms. Because of an expected increase in the numbers seeking help, additional

volunteers are needed. Adults of all ages can volunteer, and after successfully completing a free 40-hour training program, will be certified by the Internal Revenue Service (IRS), and will be expected to assist taxpayers at an assigned site four hours per week during the tax season.

Those interested in helping should contact: Walter A. Knowlden, 1212 West 9th street, Cisco, TX 76437, (817) 442-1715.

Farms & Gardens

Eastland County Agricultural Extension Agent

It has been a week and a half since the County Courthouse lawn was planted in a tall fescue blend. If you have been by the Courthouse lately, the lawn is starting to green up. The grass is far from being established at this time.

The young fescue grass is still very tender. It takes very little effort to break off the young seedlings.

Now that the pecans have begun falling from the trees around the Courthouse, it is very tempting to step out on the lawn to pick them up. The thought is often, well one foot step won't hurt. Each step on the young seedlings can be very damaging.

Fescue grass does not have runners like bermuda grass or St. Augustine to spread. It has to be planted to the thickness wanted, so every

seedling in the lawn is important

I have received a lot of questions about the differences in the grass growing in the lawn. The tall fescue blend which was planted has three varieties. The varieties in the blend were 54% Willamette, 37% Shenandoah and 7% Mojave. All three of these varieties are a turf type tall fescue.

The lawn was seeded at the rate of 10 pounds per 1000 square feet. A pre-plant fertilizer of 18-46-0 was applied at a rate of 4 pounds of phosphorus per 1000 square feet.

The Eastland County Commissioners Court is working very hard to make the Courthouse lawn a place of community pride. With your help and patience there will be a very nice lawn to enjoy around the County Courthouse very soon.

Dublin Dairy and Farm Equipment Show Oct. 17

A total of 30 exhibitors have made commitments to participate in the first Dublin Dairy and Farm Equipment Trade Show, guaranteeing that the show will offer a diverse mix of services and equipment to its visitors.

The one-day show, set for Thursday, Oct. 17 at Dublin City Park, is the only one of its kind in Texas and is patterned after the world's largest farm trade show in Tulare, Calif.

Exhibitors will come from throughout the nation and at least one international corporation has committed to exhibit. Display booths will be housed in the fair building and in huge tents scattered throughout the park.

Exhibiting at the show will be AgPro, De Leon Irrigation Supply, Western Welding, Kunaffin, Pfizer, WestAgro, Genske, Mulder and Co., Frazer and Torbet, Elanco, Universal Dairy Equipment,

U.S. Genes, Tri-State Breeders and Upjohn.

Also Southwest Dairy System, Avaco, Hender-shot Equipment, AMPI, the Texas Association of Dairymen, DHIA, Smithkline Beecham,

Hoehst-Roussel Agri-Vet Co., Ceres Grain, PM Ag Products, Diamond Scientific-Haver and Farmland Industries.

A barbecue dinner at the Dublin High School cafeteria will conclude Thursday's activities and a golf tournament, coordinated by Rod McNeal, will take place at Par Country Club on Friday.

The show, sponsored by the Dublin Chamber of Commerce, is being coordinated by local veterinarian Dr. Al Harper. Additional information is available from Dr. Harper's office at (817) 445-3425 or the Chamber office at (817) 445-3422.

Defensive Driving Course

Cisco Junior College will offer a Defensive Driving Course on Monday and Wednesday, October 21 and 23, from 6-10 p.m. The class will meet in room 3 of Schaefer Hall. Fee for the course is \$20. Enrollment must be paid no later than 3 p.m. on October 21. Students must attend both nights of class and must bring a valid drivers license to class. Cisco Junior College is an agency of the Texas Safety Association.

For more information contact Charlotte Speegle at 817/442-2567, extension 122.

Wildcat Tales

Journalism Class Rising Star High School

Junior Cat Tracks

by Christy Hughes

The Jr. Cats have used their week off well. They have been working hard on new plays, and they have been getting in shape for their upcoming games. There were a few positions on the team that had to be filled due to failures in the classroom, but overall the team is coming along very well.

Eighth graders Ray Burcham and Robert Hollis and seventh grader Shawn Fox all told me that the team has been working hard on conditioning and on putting new plays to memory.

Michael Fox agrees on the fact that the team has been working hard, but he adds, "I wish we would have had a game. It would have been fun."

Seventh grader Landon Ratliff was honest when he said he would use the week off to relax and work on plays.

Showcase

by Stephanie Sizemore

A survey was taken of blacks, whites and hispanics to find how many teenagers are smoking tobacco.

There are 36.8% of white males and 36.0% of the white female teens who smoke. Hispanic males who smoke are 34.7% and 27.2% of Hispanic females. There are 16.8% of the black males and 15.7% of the black female teenagers who smoke tobacco.

Saying they smoke frequently are 15.2% of the white males and 16.6% of the white females, 9.6% of Hispanic males and 5.5% of females and 3% of black males and 1.8% of the black females.

Vital statistics show that most teenage white males and females smoke tobacco. This is a very important issue we need to consider what is happening to the teens. They seem to be smoking more and more every day.

See you next week!

Building Blocks

by Betty Jones

Everything is looking better every day around the new building area. There was more progress made this week with the pouring of the concrete being completed. The weather cooperated and the workmen made up time.

This week they are finishing the foundation grade beams. The masonry contractor will start pouring the concrete for the foundation. The electrician will start his preliminary rough draft.

Everything is just excellent and we will start seeing more visible progress. Have a good and improved week.

Stuteville's Stats

by Emily Stuteville

Even though there was no game scheduled for last Thursday, it didn't slow the Junior High students down a bit. They are all looking forward to the grudge match against Cross Plains.

Cheerleader Samantha Kerr sated, "Our open date saved some team a pulverizing, so now the Junior Cats have twice as much saved up for the Mighty Mites!"

As you can see, everyone is geared up and ready to see the Junior Cats in action and looking forward to the rest of the successful season.

Basketball Babes

by Gherda Williams

The Rising Star High School Lady Cats are proud to announce that, after reviewing every team member's grades, the girls basketball team did not lose even one player to failing grades!

Report cards were passed out last Wednesday and it seems that all parents of the Lady Cat team members were truly proud of their knowledgeable daughters.

Misty Bailey, a freshman Lady Cat, replied, "My mom was so proud that I thought she was gonna cry, and I thought Coach Stuteville would pass out from surprise." Another team member, Inga Williams, added, "I'm glad that I passed, but I still aspire to raise my grades even higher next six weeks, so I can concentrate on B-Ball more and not have to worry as much about my school work!"

Well, girls, keep those grades up, and remember... a sound body and a sound mind go hand-in-hand!

Dear Marie

Dear Marie, I helped my boyfriend do his homework by giving him the answers. I do not mind that, but now he expects me to let him cheat on tests; I know it is wrong, but I am afraid he will not like me if I do not let him. What do I do?

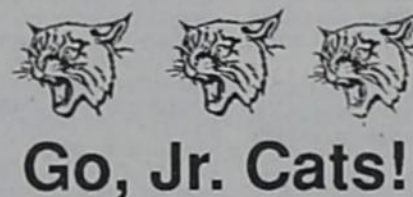

Straight "A"

Dear Straight "A", Do not let him cheat! Besides getting caught you will have your conscience to deal with. If you know something is wrong do not do it. Let him copy on this test he will expect you to let him on all of them. That kind of relationship can not last.

Dear Marie, Recently I have been receiving obscene phone calls. At first it was not that bad, but now they are getting out of hand. What should I do?

Unsure

Dear Unsure, Hang up. Do not talk or give information to the caller. If this continues report it to the police. They are violating your rights and should not get away with it.

Go, Jr. Cats!

A Story

At Green Oak Elementary School it's a well known fact that only a fool would cross Marty, the fifth grader bully. Marty, to the other children, looked at least ten feet tall with his shaggy hair, ripped denim jacket and missing tooth. He had two cronies,

Lunk and Runk, the Green Oaks Twins.

Lunk and Runk thought Marty was really cool. They also liked other children to be afraid of them. They dressed a lot like Marty, whom they referred to as Big Boss. Al-

though neither of the two seemed very bright, Runk always told Lunk what to do and if something went wrong, it was blamed on him.

Then it happened one day as Mr. Rogers, the evil principal, walked into Mrs. Pullet's second grade classroom with a new student whose name was Jeff Guthrie. The principal told the class that he expected them to treat Jeff well and to show him around school. When he turned around to leave, a "Kick me" sign was revealed on his back. The whole classroom roared with laughter. The principal turned around to see what the commotion was about. Realizing they were laughing at him, he told the teacher that the class would remain inside that day during recess. When he left, Mrs. Pullet gave Jeff a sneering glance and asked him to take a seat.

When Jeff sat down a voice behind him asked, "How could you do such a thing?" He turned around and behind him sat a cute, curly-headed blonde with blue eyes, looking a little more than angry with him. "What do you mean?" He asked. "You got us all in trouble, that's what!" she hissed. "I'm sorry," he said. "What's your name?" "Carly Walker," she replied. "Quiet class!" Mrs. Pullet yelled. "It's almost time for lunch."

Going through the lunch line, Jeff could not believe they would serve such disgusting food. "What's this supposed to be?" he asked as one of the

cooks handed him a tray with something he couldn't quite define on it.

"Eat it or go hungry!" the cook answered. He just shrugged and walked out to the eating area and looked around, but he couldn't decide where to sit.

Finally he spotted Carly and decided to join her since she was the only kid he'd met so far. He asked her if it was all right to sit with her and she said it was o.k. as long as he didn't get her in trouble. The boy sitting next to him introduced himself as Frito Torrence. "I thought what you did to old Rogers was really funny" Frito said, with amusement. "No it wasn't!" Carly snapped. "He got us in trouble." "It was worth it to see his face when he saw us laughing at him," Frito giggled. "I guess you're right" she said smiling "It was a little funny."

When Jeff went to put his tray in the dish washer's window he made a big mistake. He bumped into Marty, spilling what was left of his lunch all over the biggest kid in the school he'd seen the entire day. "Oops! I'm sorry!" he exclaimed, getting scared. Marty turned to his cronies and asked, "Who is this geek?" "I think his name is Guthrie or something," Runk answered. Marty looked back at Jeff and said, "Well, well you're in trouble now, Guthrie. Meet me after school today at the play ground. We're going to sort this mess out!" Marty said, using his meanest grin. He

Influenza Is Preventable More Than 12,000 Texans Died From Flu, Pneumonia Last Year

Do these symptoms sound familiar? Sore throat, coughing, fever, weakness, loss of appetite, aching of the head, arms and legs.

They describe influenza, a contagious respiratory disease which, combined with pneumonia, ranks as the sixth leading cause of death in the United States. In Texas last year, more than 12,000 people died from flu and pneumonia. But, according to the American Lung Association of Texas—the Christmas Seal People® influenza is a serious but preventable disease.

11-91-076-CV Kimberly Webb v. Lola Nanette Fikes.-Palo Pinto. Appellant's pro se motion for rehearing on appellant's pro se motion to correct transcript.

With flu season arriving in late fall and persisting throughout the winter months, the American Lung Association of Texas recommends that high risk individuals consult their physician or local health department about getting immunized preferably between October 15 through November 15. This allows sufficient time for antibodies in the body to build up before the peak of the winter flu season.

"Anyone can get the flu,"

said Gary Harris, M.D., chairman of the American Lung Association of Texas. "This is especially true during an epidemic year when the disease is widespread throughout the community."

At greatest risk from severe effects of the flu are the following groups: adults and children with chronic disorders of the heart and lungs, including children with asthma; residents of nursing homes or other chronic care facilities; and otherwise healthy people who are 65 or older. Physicians, nurses, and other personnel who have contact with high risk patients, and providers of home care to high risk persons such as visiting nurses, as well as all household members, including children also need to be vaccinated because they can transmit influenza to high risk persons.

Other groups who should consider immunization are: the general population - anyone who wishes to reduce the chance of acquiring influenza infection; persons infected with HIV, and foreign travelers.

To be protected, the American Lung Association of Texas and the Texas Department of Health recommended that high risk individuals get their flu shot now. "Influenza kills each year, despite the fact that it is a preventable disease," said Harris.

"With the availability of effective vaccines, the number of deaths caused by the flu can be substantially decreased." Vaccinations may be obtained by calling your physician or local health depart-

ment.

For further information about influenza, call the American Lung Association of Texas at 1-800-252-LUNG.

The American Lung Association of Texas flu and pneumonia prevention campaign is just one of many activities supported by donations to Christmas Seals.

Important Flu Facts:

1. Flu or influenza is a major illness with potential life-threatening complications. More than 12,000 Texans died from flu and pneumonia in 1989-90. Each year, many older persons, or persons with major illnesses, simply do not recover from influenza.

2. Flu is highly contagious. In 1990 314 372 cases of flu were re-

ported in Texas. What's more, you are most contagious (most likely to give it to others) before you even know you are sick.

3. The flu shot does not make your other medicines stop working nor does it make your current illnesses worse.

4. Flu vaccine is safe and effective. The vaccine does not include active flu viruses, so it cannot cause influenza.

5. The Texas Department of Health, the American Lung Association of Texas and most doctors strongly recommend that you get a

flu shot if you are 65 years or older, or if you have chronic lung disease.

October 15 - November 15 is the best time to get your flu shot. Contact your physician or your local public health department. Do it TODAY. Influenza may be more serious than you think.

Comeback!**

What we're doing is earning a short-term rate while really being in a long-term commitment. Now there is an alternative which can substantially increase your income, maintain your right to get at your principal without an early surrender penalty, and give up tax-deferred benefits.

Our INSURED CD PLAN allows you to stay in the plan as long as you want, there is no six month, one year, etc., you simply stay in the plan when it's to your benefit to do so, and we give you two ways to get money out without a penalty.

Because of all the problems of Bank CD programs, plus several more, we have looked until we found and **INSURED CD ALTERNATIVE** that has none of the shortcomings, and a lot more advantages. While we offer higher CD rates than any of the local banks, we think our **INSURED CD ALTERNATIVE** is far superior and costs you nothing in the way of fees. We also pay the same rate from our minimum balance of \$5,000.00 to our maximum of \$500,000.00. Interest 8.30% annual, 8.0% monthly.

Visitors Express Gratitude

ited in his room, and the encouragement he had given them.

The brothers arrived at the DFW Airport Friday morning, then hurried to Eastland in time for lunch. Aunt Rosalie had a wonderful meal waiting, and the visiting began right there.

Later the group went to the Eastland Cemetery to take flowers to the grave of Judge Loreto. Father Tom Tetzar, Priest of the area Catholic Churches, offered a prayer of gratitude for the life and example of the Judge.

The Loretos nephews had previously met Father Tetzar in New York City, where in July 1990 he officiated at a Memorial Service for Judge Loreto.

The next stop was at the home of family friends Tom and Dee Neville. The Nevilles and Charles and Rosalie Loreto became friends when Mrs. Neville worked as a secretary for the Judge in the mid 1990's.

At that time he was retired and spending much of the time in Eastland working on his memoirs. These were compiled into the well-known book 'In the Name of Justice', published in 1985.

A stop at Eastland Memorial Hospital gave the nephews an opportunity to tell doctors, staff and personnel how much they appreciated the good care given to their Uncle. They were very pleased with the facility.

Late Friday afternoon the Loretos went to the home of Judge and Mrs. Austin McCloud.

The McClouds had a group for dinner. 'And what a dinner!' says Rosalie Loreto. There was good food, good company, and many interesting topics to discuss. The visitors also enjoyed a video presentation of the 'Polo

on the Prairie' fund raiser for M.D. Anderson Cancer Center.

Saturday morning dawned bright and beautiful - a great day for touring the area. First stop was at the Conrad Hilton Hotel in Cisco, which the visitors found interesting. Although the building was not open, they enjoyed reading the Historic Marker and looking around the grounds.

Heading northwest toward Albany, the Loretos were intrigued by Moran. Why did this small town have five exits off the highway, they asked? They stopped to take pictures of the 'Yacht Club' and other local scenes.

The rolling hills and wide vistas toward Albany drew their eyes. They found the town full of atmosphere. There was an interesting stop at the Old Jail Museum, where documents were most attentive.

But the modern world soon intruded - two Patriot Missile launchers were being hauled down the streets of Albany. At noon the visiting nephews said they 'didn't want the same kind of food we can get in New York City - we want some real barbecued beef!'

They were directed to a barbecue place (Cook's) where mesquite wood was used in a grill. The food was great, Rosalie Loreto reports.

At the barbecue place the easterners saw two 'real' cowboys sitting and eating with their hats on. They began to want western hats like those fellows were wearing, but were told there was no 'Western Wear' store in Albany.

So they made a quick run to Breckenridge, where six cowboy hats were purchased - four for the adults, and two for children back home.

When the group reached

the Eastland area they drove on to the Bob Perkins home at Lake Leon. They said Lake Leon was very scenic - they 'loved' the area.

'I'd like to pitch a tent here at Bob Perkins,' one of the visitors remarked.

After a good visit there, the group came into town for a Saturday night dinner at the First Methodist Church. Speakers on mission work were being featured during the program.

'Can we wear our big hats to the Church?', a nephew inquired.

'Of course', Rosalie Loreto replied. 'But I hope you don't leave them on your heads while you eat - like those cowboys did in Albany!'

So the hats were carefully hung up in the Church, with assurances that no one present at the program was apt to take them!

The event at the Church gave another opportunity for the Loretos to say 'thank you for your prayers and kindness.'

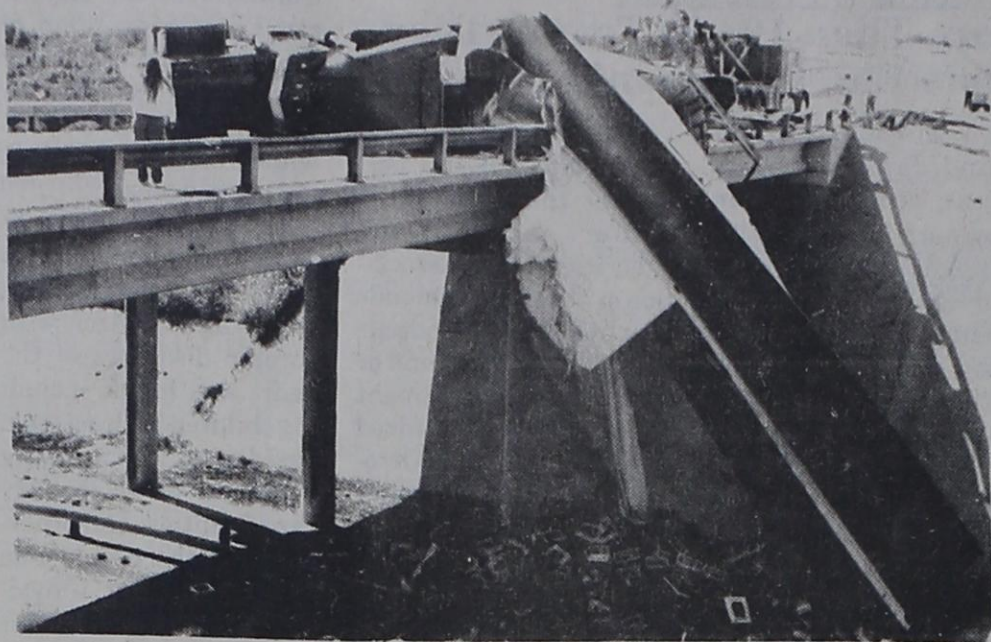

The visit began to wind down - only another night at the Loreto home in Eastland, then back to the DFW Airport and big city living. But as the men discussed impressions of their stay, various observations surfaced.

They were most impressed by the friendliness of the people in the area, and the 'laid back' atmosphere. They were amazed at the way people waved at each other, especially drivers on the roads.

They were astonished at the low prices of houses in Eastland County. One nephew said he was spending more on taxes for his home in a New York suburb than it would take to buy a home here!

The visitors were impressed with the number of Churches in the towns, and gratified to find 'no

Driver Of Tractor Trailer Unharmmed

The driver of the tractor-trailer rig pictured above made it through this accident in much better condition than his truck did.

The accident occurred when the trucks driver, Mike Webb from Tuscon, Arizona, apparently lost control of the trailer which slid into the medium, through a guardrail and off the Lake Leon Bridge at I-20.

The driver was unharmed but well shaken.

saloons' in Eastland and Cisco. 'That's good!' they commented.

Alfred Loreto, who restores old cars, was especially interested in some old cars he saw on a lot in Cisco, and others spotted in various places. 'No rust!' He exclaimed. 'There's not the rust here on old cars that you see on the East Coast!'

The good meals here also made a lasting impression. They were intrigued with the barbecue cooked over mesquite wood, and the good iced tea. They said food at Cook's Barn in Albany was much cheaper than good food in New York.

Add to that impression of good Texas roads 'with few cars on them', wide horizons and open views.

Yes, the nephews had accomplished what they came to do. They thanked people for the care of their Uncle, and brightened the life of their Aunt Rosalie. But, as a bonus, they had felt some of the love and compassion and lifestyle that had made Judge Loreto's Eastland home so special to him.

Enter the Peanut Quality Show

As peanut producers begin to prepare the peanut diggers and combines, now is also the time to plan to enter the 1991 Comanche-Eastland County Peanut Quality Show. This is the second year for the show, developed to promote production practices important to the production of high quality peanuts.

Peanut producers in Comanche and Eastland counties may make six entries; the fee is \$5 per entry. An entry consists of five loads with the same ASCS farm number. Each load must have a minimum dry weight of 6,000 pounds. Peanuts must have been grown in Comanche or Eastland county. There are categories for runner and Spanish peanuts.

Loads for an entry must be identified and entry fee

paid prior to grading. Entries are to be made at local peanut buying points in Comanche and Eastland counties. Entry deadline is December 15.

Peanuts will be scored based on the average maximum value per ton after all quality factors are deducted on the ASCS Form 1007 for each of the five loads in an entry. Ties will be broken on quality factors affecting value.

A prize of \$1,000 and an all-expense-paid trip to Houston for the producer and spouse will be awarded to the first place runner and Spanish entry. Additional cash and prizes will be awarded to other placings. Awards will be presented February 19 at De Leon City Hall during the Central Texas Peanut Short Course.

County Food Pantry Receives More Donations And Volunteers

Persons attending the Eastland County Resource Association meeting Thursday, Oct. 3 heard an update on the Food Pantry from Volunteer Lois Robinson.

Mrs. Robinson said she was very pleased with the response from Churches and individuals to appeals for food to stock the pantry.

Other volunteers had offered to help Mrs. Robinson and the other individuals who had been keeping the pantry open. Tina Ford and Doris Pickens of Eastland have volunteered to work at the facility.

Corrie Cowley and several Girl Scouts have helped unload food and put clothing away. They will continue to assist at various times.

Mrs. Robinson said more volunteers can be used, including persons who will do repair and carpentry at the trailer where the pantry is located. This address is 204 N. Lamar - on County property just northeast of the County Jail. The phone number for the pantry is 629-2132, and the facility is open Monday, Wednesday and Friday, 1 p.m. - 4 p.m.

'If we can get more

donations of food and more volunteers we can keep the pantry open longer each week,' Mrs. Robinson said.

She reported that 32 families were assisted with emergency food during the month of September.

At the County Resources meeting Mrs. Robinson was presented a check for \$100 from the Seventh-Day Adventist Church. She reported that the previous day another check for \$100 had been given to her from an individual who wished to remain anonymous.

She also had an inspiring report of the generosity of many churches in this area, most of which give regular support of food, money or both.

On this list was the First United Methodist Church of Eastland, The First Christian Church of Eastland, Inspiration Church of God, Mangum Baptist Church, First Baptist Church of Ranger, Lake Leon Baptist Church, United Presbyterian Women of Eastland, Trinity Episcopal Church, Pleasant Hill Baptist Church, Olden Baptist Church and Harmony Baptist Church.

Brownwood Arts and Crafts Show

The first annual Brownwood Arts and Crafts Festival will be held October 12-13 in the Brownwood Coliseum. Exhibitors from throughout the Southwest will fill the arena and foyer with original art and hand-crafted items. Hours are Saturday from 10 a.m. to 6 p.m. and Sunday from noon to 5 p.m. There is no admission charge.

Mel Prather, organizer for the festival, said he was pleased with both the quality and variety of entries. 'Even though this is our first festival, it will take on the appearance of a much more established show due to the quality

thanking to the people of Eastland and this area for the response to our needs,' Mrs. Robinson said. 'I hope all will continue to help in this work for our County.'

She said that plans are under way for the annual Stew Supper to benefit the Food Pantry. This will be held on Nov. 5 (Election Day).

'David Brownlow, for example, will be on hand with his recent works,' he said. 'Brownlow's work can be found in various private collections and museums around the world, as well as in the United States. His paintings are also cataloged by the Smithsonian Institute.'

Among the crafts area, some of the items to be featured include denim jackets, jewelry, southwest and traditional ceramics, porcelain dolls, hair bows, clothing, toile painting and soft sculpture. There will also be plenty of booths offering finished and unfinished furniture, cedar chests, quilt racks and stands, and shelves.

In addition, Prather said there would be hardwood replicas of antique cars, carousel horses, toys and lawn chairs, tulip carts, toy boxes, tables, puzzles, wind chimes and bird houses.

Southern Farm Bureau Life Insurance Company offers Flex II, a Flexible Premium Retirement Annuity designed to help accumulate wealth for the future. And, it's backed by one of the strongest companies in the country. Southern Farm Bureau Life has been rated A+ (Superior) by Best, since the inception of this rating system.

The A.M. Best Company is an independent commercial insurance company rating organization and information used is based primarily on each insurance company's annual financial statement. Best assigns its highest rating to those companies which in their opinion have achieved superior overall performance when compared to the norms of the life and health insurance industry. Best ratings, however, are not a warranty of an insurer's ability to meet its contractual obligations.
