The Easter Holidays have a variance of significance for many people.

For students it is a break from the daily schedule of classes - for children it usually means a frilly new dress or a new suit, Easter bunnies, and egg hunts - for families it is a time of reunion, maybe an outing on a lake, a picnic or a fishing trip.

But for most of us this special holiday all of these things and much more - it is attending and participating in a religious service, a time of hearing once again "the story of the Resurrected Savior", a time of renewed dedication and rejoicing.

The holiday has ended but the promise that it holds for us is everlasting.

I hope that yours was a happy time too!

Once again we find ourselves in the awkward position of walking around with our eyes glued to the sky - hoping to see something that resembles a rain cloud.

The rainfall last Wednesday night varied in measurement from .5 to 1 inch and would have been a big help except for the high winds that followed.

There has been much weeping and wailing about the loss of the fruit crop and the damage to early gardens, due to the late freeze, and the lack of moisture is causing some of us to reach for the panic button - then we hear and see the reports of floods and tornadoes in other sections of the United States and we realize that we are lucky - dry, but lucky.

Dr. Carpenter's office will be closed from Wednesday, April 24, until Monday, April 29. The doctor will be attending the Texas Osteopathic Medical Convention at McAllen.

City Receives Revenue Sharing Check

The City of Rising Star received its General Revenue Sharing payment in the amount of \$2,034 on April 9, 1974. This is for the third quarter of the Fourth Entitlement period. The 4th quarter payment for this period will be sent to the city in early July, 1974.

Band Boosters Set Meeting

The Rising Star Band Booster Club will meet at the gym on Thursday night, April 25, at 8:00 p.m. All members and parents of band students are urged to attend. New officers will be elected and the programs will be scheduled for the oncoming year.

Lakewood Ladies Luncheon April 19

The Lakewood Ladies' Association will meet on Friday, April 19, at 12:30 p.m. for the regular business meeting and luncheon. All members are invited to attend.

Eastland County Judge, Scott Bailey, left, is shown presenting Certificates of Appreciation to James Reid, Chairman of a select committee, appointed by Commissioners' County Court, recently. Committee realigned the County Precinct lines July 1973, and the realignment became effective January 1, 1974. Other members of the committee include O.L. Cantrell, Ranger; G.W. Baze and Gus Frossard, Precinct 2, Gorman; Charles Rutherford and Harry Sone, Precinct 3, Rising Star; Arlin Bint and Mrs. Audye Wagley, Precinct 4, Cisco. The committee's unanimous report was adopted by the Eastland County Commissioners' Court.

Roping Club Elects Officers

The Rising Star Roping Club met Monday night for the purpose of reorganization and election of officers. The same slate of officers was re-elected: C.W. Richter, President; Dewey Chambers, Vice President; Geraldine Richter, Secretary; A.D. Jenkins, Treasurer.

The following directors were elected: Charles Hubbard, Ronnie Wilson, Kirby Guthrie, Richard Creech and David Warren.

T.F. Guthrie was named arena director; Jay Coker, Ass't. director; Ronnie Wilson and Charles Hubbard, Chute boss; Dewey Chambers, calf

chute. Judges are Jay Coker and Jimmy Rutherford. Arley Bibby is Parade Chairman.

The R Roping Club is taking applications for the rodeo sweetheart applicants must be over thirteen years of age, own horse and may be married or single.

Applications are also being taken for a feeder. Contact C.W. or Geraldine Richter.

Work nights for the summer series are set for each Tuesday night beginning April 23. "We need all the help we can get, young or old."

The date for the opening rodeo will be announced later.

Local Business Men Address Consumer Ed Class

The Consumer Education Class has had three more visitors in the past two weeks.

The first was Don Claborn, Co-owner of local lumber yard. The discussion centered on what to look for and the preliminary plans and lists to be made before the building or repair of a house can begin. Be sure the remodeling is worth the time because a frame is the least expensive item in a building. Also it is much easier to make a change in the plans before work is begun. Also get at least three bids on house before starting.

Your biggest protection is a completely filled in specification sheet.

Another visitor to our class was Buddy Cook to talk to the

group about types of plumbing and air conditioning and to answer questions about various plumbing fixtures. He displayed a house plan which showed the layout for the plumbing and air conditioning. He also stressed that one should look and look some more before deciding what they wanted and then to get it all down on paper.

Our next visitor was Norman Claborn, local insurance agent. Mr. Claborn explained some of the finer points of a home insurance policy and how much coverage to carry. The big message was know your insurance agent well and be sure he will look after your interests.

A big thank you to these businessmen who shared their time and knowledge with the Consumer Education Class.

Litterbugs And Vandals, Costly For Texas Motorist

Everyone is familiar with the litterbug", Highway Department Maintenance Foreman Owen D. Finley of Eastland said today, "and they should also get to know his cousin, the vandal."

Each year vandals do more than \$500 thousand worth of damage to highway facilities in Texas. Rest areas and signs are their special targets.

"While the litterbug may be merely careless and irresponsible", Finley continued, "the vandal is wantonly destructive."

He pointed out that even the smallest highway sign costs about \$10 to replace. Larger, more elaborate signs costing

hundreds of dollars are prime targets of vandals.

"If apprehended, the vandal can be made to pay for the damage he has caused", he observed, "but it is the nature of the vandal to wreak his destruction when no one is around."

"So the person who operates a motor vehicle in Texas ends up footing most of the bill, through his gasoline and other highway user taxes."

Finley declared that the destruction of highway signs not only causes inconvenience, but the defacing or removal of a warning sign can also pose a deadly peril to motorists using the highways.

Singing Convention Set For April 20, In Stephenville

The 42nd Annual Texas State Gospel Singing Convention will convene on Saturday, April 20, 1974, at 2:00 p.m. in the Stephenville City Park Auditorium. The two day event will be highlighted by gospel singing at its best as performed by amateur singers and quartets from throughout the Southwestern and Southeastern United States.

Attendance at this convention has ranged as high as 1,500. An equally large crowd is expected on April 20 and 21.

There is no admission charged for the event and it is open to all persons. Sponsors of the convention are the Stephenville Chamber of Commerce and the Texas State Gospel Singing Convention Board in joint cooperation with the City of Stephenville.

For more information contact: Robert Gerald Cook, Manager, Stephenville Chamber of Commerce, P.O. Box 306, Stephenville, Texas 76401, Telephone (817) 965-5313 or 965-4323.

T.S.T.A. Sets Up New Region 3 Office In Abilene

ABILNEE - A new source of assistance to teachers in Eastland County on school-related problems is now available from the newly established Region 3 office of the Texas State Teachers Association.

Nine such regional offices have been established by TSTA, to extend services of the Association's state headquarters in Austin.

Eastland County will be served by the regional office at Abilene, with Mrs. Jewell Harris as regional consultant to teachers in the area.

Mrs. Harris directs the Region 3 office at 3385 North Third Street, Suite 9, Abilene.

Men In Service

PFC David A. Griffin, son of Mr. and Mrs. Andrew Griffin is at present on border duty on the East German border. He is located at Camp Hof. David received a promotion while attending tank gunnery at Grafenwohr, Germany. His permanent location is with the 7th Cavalry in Schweinfurt.

Dick Foster Issues Statement

To all the people in Eastland County, I would like to take this opportunity to thank each of you for your kindness and interest that you have shown me while I have been campaigning. There are some whom I have been unable to contact, if I have missed you, please accept this as my personal communication with you. It is hard to meet every one of you personally due to the fact I have a job to do. As most of you know, I'm now serving as County Commissioner for Precinct Two which will expire January 1, 1975, because of the redistricting and I will be unable to run for re-election.

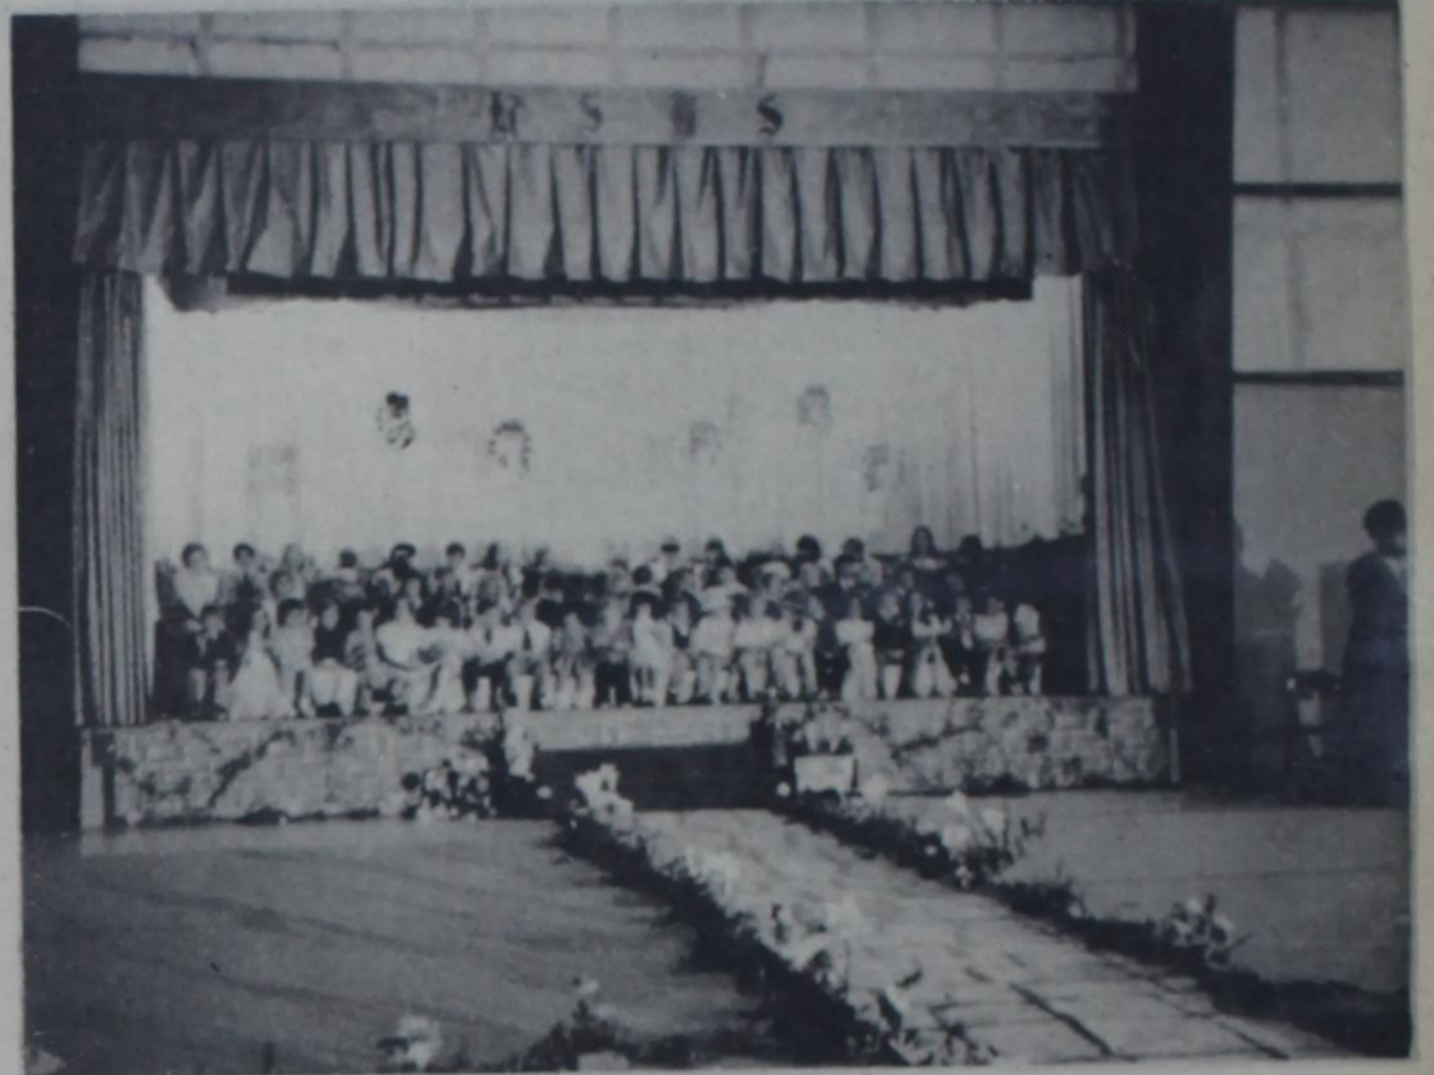

I was born in Gorman and have lived here all my life except for the time I spent away from here during World War Two. I spent twenty-two months on the Philippines and in Japan as a Staff Sergeant in the United States Army. I attended the Gorman Public Schools and after my discharge from the service in 1946 I attended four years of G.I. School, two years in mechanical and two years in bookkeeping.

I am married and have three children, the youngest being sixteen and a sophomore in the Gorman Public School. I am fifty-one years of age and have been with the County eighteen years, ten years in maintenance and eight years as your County Commissioner. I would like to stay with the County if possible since the County has a retirement plan now and I have a few years yet to go. I am a member of the Chamber of Commerce, serving as a director. I am a member of the Church of Christ, serving as an Elder and teach the Junior High Sunday School Class.

The reason I'm asking for this office is because I need the job and I feel that I'm qualified to do the work. My opponent is a fine woman and I consider her my friend. I thought since she is old enough to retire, she would step down and give a younger person an opportunity. So many people have encouraged me to do this so I have decided I would like to serve you in this capacity. I promise to keep a true and honest record of all money and expenditures of the County.

I would greatly appreciate your vote and influence for this office on May 4th.

Thanks a Million
Dick Foster

Contestants in "Little Mr. and Miss Rising Star" Pageant.

Six "Stars" Are Crowned In Pageant

In a storybook setting of gingerbread men and stuffed animals, six boys and girls were crowned in the three categories of the "Little Mr. and Miss Rising Star Pageant" on Thursday evening, April 11, in the Rising Star High School gym.

The theme, "Sugar 'n Spice 'n Everything Nice: Frogs 'n Snails 'n Puppy Dog Tails" was interestingly carried out in the simulated cobblestone walkway edged with flowers and greenery, which led to the stage, made festive with hanging baskets of flowers and surrounded by storybook characters.

The winners in the three pageant divisions were: Junior Mr. and Miss Rising Star: J.T. Kelly and Vicky Elliott. Little Mr. and Miss Rising Star, Edward Anderson and Darlene Maynard; Little Mr. and Miss Twinkle, Jerry Long and Jennifer Linney.

Vicky Elliott, the daughter of Mr. and Mrs. Mack Elliott, is a seventh grader. She was selected Junior Miss Rising Star from a group of eight candidates, from the sixth through the eighth grades.

J.T. Kelly, a seventh grade student was crowned Junior Mr. Rising Star. He is the son of Mr. and Mrs. John Kelly and was selected from a group of eight candidates.

Darlene Maynard is the daughter of Mr. and Mrs. Gerald Maynard. She was selected Little Miss Rising Star from a group of little girls from the first through the fourth grades.

Edward Anderson is the son of Mr. and Mrs. Larry Anderson. He was crowned Little Mr. Rising Star from eight candidates.

Jennifer Linney is the daughter of Mr. and Mrs. Bobby Linney. She was crowned Little Miss Twinkle from a group of seventeen pretty little girls. She was sponsored by Robin's Beauty Shop.

Jerry Long, the son of Mr. and Mrs. Rex Long, was chosen Little Mr. Twinkle from a group of sixteen boys. Jerry was sponsored by S.C. Cotton.

This colorful pageant was presented by the Senior Class of Rising Star High School and their sponsor, Frank Gray, and assisted by senior Room Mothers Mrs. Bill Dennard, Mrs. James Wolf, Mrs. Don Schaeffer, Mrs. Kenneth Bibb, Mrs. John Kelly, Mrs. John Bishop, and Mrs. Wayne Ware. These students appreciate very much the cooperation of each person who contributed in any way to the success of this production.

Mrs. Frank Gray was Mistress of Ceremonies for the evening and music was provided by Mrs. Harold Walker, Cheryl McGinnis, Deanna Walker, Sharon Wilson and Susie Walker.

JERRY LONG and JENNIFER LINNEY -- Little Mr. and Miss Twinkle.

EDWARD ANDERSON and DARLENE MAYNARD -- Little Mr. and Miss Rising Star.

J.T. KELLY and VICKY ELLIOTT - Junior Mr. and Miss Rising Star.

Thoughts
From The Living Bible
Those who let themselves be controlled by their lower natures live only to please themselves, but those who follow after the Holy Spirit find themselves doing those things that please God. Following after the Holy Spirit leads to life and peace, but following after the old sinful nature leads to death, because the old sinful nature within us is against God. It never did obey God's laws and it never will.

Texas Tourist Stay Longer Spend More

AUSTIN -- Out-of-state auto visitors who came to Texas during the past three months stayed longer and spent more money than they did during 1973, according to a Texas Highway Department report summarizing travel experiences during December, January and February.

Although the Highway Department has long compiled annual reports on the Texas auto visitor industry, this is its first quarterly survey, made possible by computer technology. Regular three-month summaries will enable the Department to monitor travel throughout each year.

Tom H. Taylor, director of the Department's Travel and Information Division, explained that all information in the quarterly summaries comes from visitors themselves. During the winter quarter, more than 4,000 auto parties returned questionnaires distributed at Highway Department tourist bureaus.

They reported where they came from and where they went, what they did and how much they spent. Only the determination of the total number of out-of-state motorists must await the end of the year, when all quarterly summaries will be correlated with thousands of hours of visual and automatic traffic counts for the annual Texas visitor industry report.

Jim Battersby, who heads the Discover Texas Association which represents the commercial sector of Texas tourism, said of the quarterly concept, "With this Highway Department innovation, we can take the pulse of the state tourist industry every 90 days. Trends can be spotted as they develop, and marketing strategy can be adjusted to fit current patterns, rather than last year's."

The first quarterly survey showed that winter visitor parties consisted of 2.34 people who stayed 7.57 days and spent an average of \$391.44 in Texas. All those figures were substantially greater than the average for the full year in 1973.

The Consumer Alert

by John L. Hill
Attorney General

now if you buy a "maple captain's chair" you can be sure it's maple through and through, not maple veneer on oak or some other wood.

Terms such as "French (or Italian) Provincial" or "Mediterranean" can still be used, since most people realize such phrases describe the style of the furniture, rather than its origin. But terms such as "Danish" or "Spanish" cannot be used to indicate style. Instead, "Spanish Style" or "Danish design" or some other phrase must be used if the item doesn't actually come from that particular country.

The new guidelines tend to discourage the widespread practice many retail furniture stores followed of removing the manufacturer's tags and substituting their own. Now, if the manufacturer's tag is removed, it must be replaced with one that provides the same information about materials and construction.

FTC guidelines also state that results of tests made on upholstery fabrics must be clearly disclosed in language the lay person can understand.

Our Consumer Protection attorneys say that while these guidelines will not prevent every misleading or deceptive trade practice encountered in shopping for furniture, they will be of great assistance not only to consumers but to the large majority of reputable furniture manufacturers and retailers.

They remind mobile home purchasers that furniture sold with mobile homes should also carry labels that give information about its construction and composition.

And they suggest that consumers always ask to see product labels, that they check carefully on warranties and that they inquire about how to care for the fabric on any upholstered furniture they purchase. In this way, they may avoid consumer problems later.

For assistance with consumer complaints call our Consumer Protection Division, your county or district attorney, or your local Better Business Bureau.

T.I.A.A. Chairman Emphasizes Need For Tornado Readiness

The killer tornadoes which recently struck with such devastation in other states renewed warnings for Texans to be prepared should such a catastrophe strike this state.

J.O. (Jim) Smith, Jr., chairman of the Texas Insurance Advisory Association executive committee, said "The tragic loss of human life in other states emphasizes the need for precautions to be taken by Texas home owners. This obviously is the time when Texas communities face the threat of tornadoes and windstorms. It's extremely vital to know what to do before and after a storm, though sadly there is no way to be totally safe from nature's fury."

Texas was hit by over 800 tornadoes from 1968 - 73, causing 72 deaths and over one million injuries.

"Knowing what to do before the storm can save lives and property", Smith said. "Knowing what to do afterwards can prevent further damage and help get the necessary repairs made quickly and properly."

In a tornado or other high winds, Smith said the TIAA recommends:

- If there is time, get in a bathroom or closet. Windows should be slightly open to relieve pressure inside the home. If there is not time, at least get under a table or other protective covering to avoid injury from falling debris.
- Avoid auditoriums, gymnasiums and others

buildings having large roofs relatively lightly anchored.

- If you sight a tornado in open or open country, move at right angles to the tornado's path. If there is no time to escape, lie flat in the nearest ditch, ravine or other depression. Don't stay in your automobile.
- Mobile home damage can be partly prevented by an anchorage system, or "tie downs" to hold the home in place.

Assuming property has been damaged, Smith said the TIAA suggests:

- Make necessary temporary repairs. Keep a cost record for the insurance adjuster.
- Deal only with a reputable contractor for repairs or a loss estimate.
- Let your agent or company representative know if you must move into temporary quarters.
- Be prepared to provide the adjuster with an inventory of damaged personal property, such as furnishings, clothing and jewelry to speed the claim processing.

Smith is secretary and manager of Reliance Insurance Companies, Dallas, in addition to serving as TIAA executive committee chairman.

The TIAA is an advisory organization with membership consisting of insurance companies writin approximately 90 percent of the property in Texas.

Spoon into 6 greased (5 ounce) custard cups. Place in pan of hot water. Bake in 350°F. oven until knife inserted near center of pudding comes out clean, about 55 to 60 minutes. Unmold and serve warm, topped, if desired with whipped cream. Makes 6 servings.

FROM OUR CHURCHES

First Baptist Church Rising Star

Easter has come and gone. Christ arose and visited with the disciples. It is recorded that five hundred brethren saw Him on one occasion. There lives were never the same.

Doubting Thomas becomes the believer. Denying Peter becomes the bold one. Destroying Saul becomes the builder.

Despising Mary becomes buoyant. All the disciples gave up when Jesus died. When they met the risen Christ they gave in to His Lordship over their lives. They were so changed that as they went from town to town either a revival or a riot took place. How do our lives effect the place where we live? All who met the risen Christ were changed.

The Christian faith affirms that Jesus died, was buried, and rose from the grave. The assurance of the resurrection of Jesus Christ is much more than the power of a great truth to live by; it is the inspiration of a companionship to live with.

As the living Christ met with the disciples they were and could never be the same.

Paul's prayer was that he might know Christ and the power of His resurrection. Christ rose to a new life no longer subject to the limitations of physical existence. All who in faith receive Christ as Lord and Savior meet the risen Christ and begin a new life. We limit ourselves when we do not yield to the presence of God who indwells us.

In the Amplified New Testament we read Paul's statement of the power of the ever living presence of Christ with us. "I have strength for all things in Christ Who empowers me - I am ready for anything and equal to anything through Him who infuses inner strength into me."

There should be constant change for good in our lives because in faith we have met the Living Christ.

What impact does your life make in your community?

Church of Christ Rising Star

In four preceding articles, consideration has been given to the early Christian symbol of this new faith: a fish. The reason for such is that the Greek word for fish (IXTHUS) most effectively summarized all that the early Christians held Jesus to be: The letters, in order, stood for Jesus (Iesus), Christ (Xristos), God's Son (Theos Uios), Savior (Soter).

It was noted that the name, or word, Jesus means 'Savior', thus describing Jesus' primary, announced mission (Luke 19:10). The word Christ denotes "One's divinely appointed for an exalted purpose" and this is seen as Jesus brings deliverance to the world, as he reigns over his Kingdom and as He waits to preside over the coming judgment of the world. As the Son of God, Jesus reflected both his own divinity and humanity and the extreme love that God had for lost mankind.

It is certainly no accident that this early, compact version of the Christian Faith should both begin and end with the description of the Bethlehem child and the Man from Galilee as Savior, although the theme is viewed from different perspectives.

As has already been observed, the name Jesus means Savior, but it comes from a

Hebrew word ('Jehosua') which literally says: help from Jehovah. Thus, the coming child of Mary, as announced to Joseph (Matthew 1:20 - 23), was "conceived of the Holy Spirit" (Matthew 1:20) and was to be called "Immanuel", meaning 'God with us' (Matthew 1:23). Salvation is promised from sin (Matthew 1:21), but this 'help', or deliverance, comes 'from God', in the person no less of His Son (Galatians 4:4). Therefore, in the name Jesus, emphasis is given to the SOURCE of the salvation, or the direction from which it comes: from God. It is impossible for man himself to accomplish this (Jeremiah 10:23). At best, his efforts can only be described as "...feeling after him..." (Acts 17:27), with no certain results: "...if haply...they might...find him". It was only through Jesus that the Salvation of God became available, for he was both its means (Romans 5:6 - 11) and the channel through which the nature and conditions for reception of it were made known (Hebrews 1:1 - 2).

Perhaps the recognition of this is responsible for the fact that the name Jesus, standing alone or in combination with Christ, is the most widespread term used to describe the son of Mary by the Holy Spirit, especially in the Gospels. By it, the intense awareness is expressed that help for a lost world can only come from God and did come in the person of the Nazarene.

Through the term Savior, emphasis was placed by the early Christians on the quality of this deliverance, or help, brought by Jesus. It strikes at the heart of the problem: sin and its consequences. Whereas sin has brought both spiritual and physical death into the world (Genesis 3:1 - 24; Romans 5:12 - 21; 6:23; Isaiah 59:2), Jesus has brought life (John 3:16; Romans 5:17; 6:23). It is a real victory (1 Corinthians 15:57). Through Jesus, all are invited to enter into the warmth of God's family (Galatians 3:26 - 27; 4:6; 1 John 3:1 - 2), where there is peace and safety (Philippians 4:4 - 7).

It is not surprising then that the early Christians chose to open and close their concentrated Confession of Faith with the thought of Salvation: as it came from God and as it brought Deliverance and enrichment to their lives, all of this through IMMANUEL: Jesus of Nazareth, the Christ, the Son of God. What was true for those of the first century is no less the case for those of the Twentieth Century, or any other. Only as we turn to Jesus, in obedient faith, acknowledging Him as: Christ, Son of God and Savior, can we reach God (John 14:6).

God has preserved this beautiful story of Deliverance through Christ in the Scriptures. Be with us for detailed Bible study, on Sunday at 9:30 a.m. and on Wednesday at 7 p.m., and in the Assemblies on Sunday at 10:30 a.m. and at 6 p.m.

We enjoyed having a number of visitors with us last Sunday for the Easter vacation. Many of our own folk were out of town.

Several are on the critical list among us. Dean White, son of Vina White, fell at his job and suffered severe head injuries. Surgery has been necessary to remove a blood clot from the brain and he remains in serious condition. George Goss is gravely ill, in Hendrick Hospital (Room A324) in Abilene. Willie Hill's sister - in-law is very sick in Rosebud, Texas. Mrs. W. Aikin, mother of Owen Aikin, is in the Stamford, Texas, hospital, with diabetic complications. Mrs. Mary Looney is in the Brownwood Hospital for treatment of a heart condition. Mrs. Matilda Elliott continues to grow weaker. Mrs. Etta Whitlock has been able to walk some by herself lately. Clifford Hale seems to be feeling a little better lately. Ed Harding, son of the E.B. Hardings is to have his back surgery this week in Midland.

We sorrow with the Norman Claborn family at the death of his brother Jay, in a Dallas hospital, on Monday night. Our hearts are also joined with Mrs. Mary Looney on the death of her son John in Abilene last week.

God grant you blessings from his bountiful storehouse. Call on us if we can serve you.

First United Methodist Church Rising Star

When I awakened on Easter morning the first words that floated across my mind were: "Christ Is Risen". Then I thought of Mary of Magdala on this morning many years ago, when she saw Jesus, and he called her name. She ran to tell the disciples the good news. 'She had seen the Lord. She had been crying a few moments ago, when she discovered Jesus had been taken from the tomb. She had felt hopeless, the world was torn, and lost. She was running so swiftly, she felt that her feet had wings. The great news had renewed her strength and hope.

Did you think of Jesus who gave himself for your sins Easter morning? Have you ever thought of the pain he suffered when the nails pierced his hands?

What do they do On blissful day like this These poor who have no God? When autumn sets a torch to every tree, When ecstasy Would all but burst the heart, What do they do With no one to say thank you to!

By Myra Scovel. Lucy Boase and daughter Scherill, came by parsonage Saturday. Lucy was happy to report she had her walker and would begin to learn to use it. Winnie Stock and Ruby Murdock visited Mrs. Bob Smith Thursday in West Texas Medical Center.

Melba Coker, who is a physical education teacher in the Blooming Grove school system, spent holiday with her parents Rev. and Mrs. Lloyd Coker.

Mr. and Mrs. Lynn Faires of Fort Worth visited in the H.B. Some home this past week.

Mr. and Mrs. Burl Cudde and children of Amarillo attended church services Sunday morning with his mother Mrs. Jim Buey. Those visiting in the Buey home were Mr. and Mrs. R.C. Caudle and children of Bridgeport, Texas, and T.A. Caudle and son Tom of Dublin and Mr. and Mrs. J.W. Bullard of Pueblo, Colorado.

Easter visitors in the Ervin Hulls home were Mr. and Mrs. Robert Hull and Robbie of Midland, Mr. and Mrs. Bud Hull and Mike of the Masonic Home of Fort Worth, Jane Roack and husband of Houston, Mr. and Mrs. Elton Hull of Sterling City.

Mr. and Mrs. Clay Witt and son of Abilene visited the Bill Witts Easter. Mr. and Mrs. David Allen of Brownwood.

Universal Full Gospel Assembly Rising Star

"He that dwelleth in the secret place of the Most High shall abide under the shadow of the Almighty". Psalms 91:1.

David learned at an early age to trust in the Lord and accept what came his way with faith and courage. When trouble came, he cried out to God, knowing in his heart that God would care for him, and he continually sang praises to God.

We, too, can sing praises to our God, keeping our faith renewed day by day by reading in His Word how He has cared for His children from the beginning of time. And knowing that "All things work together for good to them that love God, to them who are called, according to His purpose". Romans 8:28.

Though we might not always understand why things happen as they sometimes do, and there probably isn't a person alive who at one time or another has not questioned in his heart, "Lord, why did this happen?" Yet, we know that if we live for God, nothing can separate us from His love. Whether it be tribulation, distress, persecution, famine, nakedness, peril or the sword. Romans 8:35 - 39.

Many times when trouble comes, people get discouraged and just give up. But Jesus said in Romans 8:37 "We are more than conquerors through Him that loved us."

When sickness comes there are those who would say, "What is the use to try? I am finished". But not so! A dear little old Saint of God suffered injuries, including broken bones, in an accident. When asked how she felt about it all, her reply was, "Well, for many years I have lived in Romans 8:28 and I am too old now to move." God, through His Word was sustaining her with a victorious spirit although she was suffering a broken body. When asked how she kept her mind upon Christ during her extreme suffering so that she might be sustained by Him, she replied, "When I can, I think of Him; when I cannot think of Him, I know He thinks of me." We can have this peace and faith that will keep us steady in the times of storm if we have a present, personal knowledge of Christ, a growing relationship with Him, and the hope of eternal life. This hope is an anchor for our lives, an anchor safe and sure.

Come and visit us. Our Sunday Morning Service begins at 10 o'clock. Sunday night at 6:30 and Thursday nights at 7 o'clock.

It's pecan grafting time again. When the sap begins moving in the tree the bark will slip or easily peel from the wood. This is a signal that it is time to start budding or grafting pecan trees.

The purpose of budding and grafting is to propagate a desired variety onto the root stock of a native or seedling pecan.

The inlay graft is one of the best and most popular systems of propagating pecans now in use. Grafting was the original method employed by Antoine, the gardener, in Louisiana in 1845. He is credited as the first to successfully propagate pecans.

The Texas method of inlay grafting initiated in the 1950's follows most basic fundamentals of the standard inlay graft procedure, but employs an entirely new system of covering the graft and stock. Aluminum foil provides the base cover, reflecting sunlight and reducing temperatures around the inlay. Polyethylene plastic film, the final cover, assures constant high relative humidity around the inlay. This system not only results in a higher percentage of growing grafts, but is easy to use.

practicing to develop skill in basic techniques. A pecan budding and grafting school will be conducted by the Extension Service and Eastland County Pecan Growers Association at Cisco Junior College April 19th. This school is an annual event and has taught thousands of people to bud and graft pecan trees.

Some folks drive 300 to 400 miles to attend. We usually have participants from about twenty counties. Dr. Earl Puls, Extension Horticulturist, will give instructions. After about two hours of instruction and discussion the participants will go to the field and practice the techniques under the supervision of trained people. Men, women, and school students attend the training.

The growers association will sell budding and grafting supplies and wood of many popular varieties. The Cisco Chamber of Commerce and the Cisco Junior College are hosts for the training.

Who gave Charles Windmann the machine to remove telephone poles?

Continental Telephone did... with your help.

Your telephone is a vital part of your daily life you can take for granted because Continental people, like Charles, don't.

As a lead lineman, Charles operates this versatile "Polecat" to perform a number of heavy tasks. Here, it pulls poles made obsolete when phone lines were buried. The new underground cables cut maintenance costs, insure better, more dependable service and contribute to a more attractive environment.

Continental Telephone is reinvesting your revenues into machinery and equipment to bury lines and eliminate poles wherever possible. It is a long-term project, requiring tens of millions of dollars - another part of the CTS goal of providing you the best possible service at the lowest rates consistent with a fair return to investors and being fair with our employees.

We would like to thank all of you who bought a chance with the wish that you could be Lucky and enjoy turkey for Easter. James Lee was the one whom Sharon Wilson pulled from the basket. Your money went for a good cause, and we appreciate your help.

WE CAN MAKE IT HAPPEN

Hello!
 The Junior - Senior Banquet was Tuesday night. Apparently the Juniors worked very hard for it was a very lovely banquet. The Seniors thank the Juniors for it.

I'm sorry I haven't been putting your name in the paper, Steve Bibb. Maybe this will make you happy!
 In English we are studying adjective clauses and it seems S.B. better get busy reading books. He has only five weeks to turn in three book reports. In Civics we have just taken a test on chapter XX.

In Consumer Education we are taking a trip to Abilene to visit the Hendrix Home and Phillips' Carriage House.

Only five weeks until graduation, we hope you will be among the group, Steve.

READY FOR EVERYTHING

Here I am again. I took a vacation and nobody noticed. Everybody did at school because they took one too! We all enjoyed a long weekend and hope you had a nice Easter holiday too.

Before we left, we made one more score for our side when we finished Chapter 27 "The Politics of Crisis" in United States History.

The bookkeeping class began Chapter 28 last week. How do you tell a participial phrase from a gerund, Wes? I thought you knew those things (Bill does!) We reviewed enough last week in English III to last awhile. Maybe it will help to some people.

The typing class is (and will be) on Unit 27 for several days. Most of the stragglers will be caught up when Unit 27 is due. Good luck!

S.W. says the Geometry class is very hard at work on several test papers. Have fun!

Anyone wishing to write a friendly letter to their favorite congressman, Senator, or (Presidential?) candidate should use only the best stationery. By the way, if you need some stationery, let the Juniors sell you some. We have what it takes to get the message across!

The Junior and Senior Banquet was really great. Some of the Seniors were a little embarrassed, but other than that everything went fine. Be cool!

TODAY NOT TOMORROW

Can you believe it is only five weeks until school is out? This year has been passing faster than I realized. The Sophs are looking forward to becoming the Juniors of '75.

We have been discussing some new (or old) ways to make some more money to add to our treasury. We have decided to sponsor a bake sale in the near future. I'll let you

kinds of plants. Maybe by next week and with a little help from Mr. West, they will be with the rest of the classes.

See ya next week.

DO RE MI

Hi!
 Only four more weeks of school! Can you believe that! Countdowns are going on all over school.

The band is very busy preparing for our concert, getting ready to go to Six Flags, and the many things we need to do before school is out.

The fifth grade, the junior high, and high school bands will all perform the concert on May 7 so it looks as if it will be good.

This weekend we are planning a car wash so bring your cars in! Look for our signs in town to direct you to the stations.

I would like to remind all the band members to get their suits cleaned before May 7!

WILDCAT COUNTRY

Track has come to a screeching halt for the boys; although, it will be missed by some, it will free the hearts of others. We would like to thank all the seniors that participated in all sports this year. There are only two things that can be said about your graduating: that is congratulations and you will all be missed next year.

Since track is over, we have started running three thirties on Tuesdays and Thursdays, trying to get into shape for football next fall. We have certain times that we have to run them or we will have to run another one that evening and two more the next day. That would almost be like committing suicide for some of us; thus, we had better run the first one fast enough. Don't you think so?

Until next time,
 Johnny

Weekend visitors of Georgia Miller, Manon Cox and Mr. and Mrs. Jim Christian were Mr. and Mrs. Thurman Cox and daughter of Kermit Mrs. Dwayne Walden and daughter of Jal, New Mexico, and Mrs. Myrtle Cockrum of Brownwood.

IN THE FISH BOWL

Hi!
 Well, it's the last six weeks of school now, and everyone is working to bring their grades higher. It really doesn't seem like the last six weeks. This year has gone too fast.

Mr. Hounsel has been explaining how this six weeks' grades could bring up the semester. He showed us how to work it out ourselves, but he finished by doing nearly all of them. We are solving equations and inequalities. We finally finished our dresses in Homemaking! It seems like we sewed for ages; the only bad thing about it is that we have to start class. In Biology we are studying about birds and reptiles. We now have a lizard and two snakes, Henry and Charlie. After we get through studying birds, we will start on mammals and dissect a pig. In English we are studying phrases. Don't forget your book reports because not all of us gave one last six weeks.

TOWARD NEW HORIZONS

We have all recuperated after our short holiday and ready to go again. Only five more weeks to go! We are very sorry to hear that our style show has been cancelled due to a conflict in the scheduled meetings of the P.T.A. Last week we were given a very informative program by Mrs. Judy Canton of West Texas Utilities. She showed us the advantages of many small appliances and demonstrated with the blender, electric knife, and griddle. We thank her very much for an interesting program and the delicious samples. Classes are progressing since we have all finished sewing. All the news for now.

Have a nice day
 Kathy

WITH THE FARMHANDS

Hi! friends and neighbors. Our land judging boys went to the Area Contest last week and came back with fourth place. The first three places go to State, but we are proud of them anyway.

All of the Ag. classes are on plant science this week.

Ag. III is learning how to harvest the plants - once they have grown them. They are also learning the different types of machinery with which to do their harvesting.

Ag. II has put a little fertilizer on their plants; they are learning how to use fertilizer and the best kinds to use.

Ag. I is not as far along as the others, but they are getting acquainted with the different

"As it looks from here"

OMAR BURLESON

Congressman
17th District

WASHINGTON, D.C. -- NOT EVERYONE HAS A BOY OR GIRL IN COLLEGE but those who do have one about to enter, know very well the effects of inflation on education.

A NUMBER OF GOVERNMENT SOURCES ARE AVAILABLE FOR STUDENT FINANCING. In fact, it is possible for a student to seek three loans at the same time and reports indicate some have done so. It was not intended under the law and tends to reflect on those who diligently seek help for their education and who expect to repay their debt out of earnings from their training. The rate of repayment thus far has not been the best.

DILEMMAS FACE BOTH PARENTS AND LENDERS IN CERTAIN SITUATIONS. Financial aid officers at colleges and universities across the country are concerned over the growing number of students declaring themselves no longer dependent on their families and insisting they should be eligible for aid regardless of how high their family income.

THE OTHER SIDE OF THE COIN ARE REPORTS FROM INSTITUTIONS OF MOUNTING IN stances of parents who say their offspring are on their own. Some parents refuse to provide their personal income data necessary to determine the need for a student loan.

THE QUESTION IS INTENSIFIED IN SOME FORTY STATES BY LEGISLATION under the Twenty-Sixth Amendment recognizing eighteen year olds as adults for practically all purposes. Dr. Parker Young, an associate professor of higher education at the University of Georgia, pointed out that "Once a student has reached the age of majority and is not claimed by his parents as a dependent for income tax purposes, it will be most difficult to convince the courts that criteria related to the parents must be considered in the student's application for financial aid."

A RECENT SURVEY CONDUCTED UNDER THE AUSPICES OF THE COLLEGE ENTRANCE

Examination Board found that more than two-thirds of 63 four-year colleges and universities which responded rated as "dramatic" the increase in self-supporting students.

WHAT SEEMS TO BE AT THE CORE OF THE DIFFICULTY PRESENTED BY THE many new applications for assistance is the feeling that there simply is not enough money to go around and the fear that students with affluent parents will get money that might otherwise go to those more needy.

AT A RECENT CONFERENCE IN DALLAS, SPONSORED BY THE COLLEGE SCHOLARSHIP Service, it was found that aid officers and policy committees are confronted by resistance to financial disclosure on the part of some families, while others, however reluctantly, are baring their financial souls for the sake of furthering the education of their children. One educator speaking to the Dallas conference said, "It is expedient to accept the appearance of emancipation, but it is immoral in my judgment for us to do so if some parents are released from the obligation to prepare their young for life, while others, of lesser means, continue support and thus find aid barred to them."

TRADITIONALLY, MOST ALL STUDENTS FROM EIGHTEEN TO TWENTY-ONE YEARS OLD were considered for financial aid only in relation to the proportion of their education for which their parents could not afford to pay. Today, changes in life-styles, in addition to the legal adult status given to eighteen year olds, present the question: "Is it proper to continue to base aid decisions on parental income when independent-minded young people leave home at an earlier age to seek an education on their own?"

NO READY ANSWERS ARE YET AVAILABLE TO THESE QUESTIONS BUT EVIDENTLY there has got to be some if there is to be fairness in the program.

MAY NEWS

BY
Entha Campbell

Dear Sis

As you know we are circulating a petition of request to the May Water Supply Corporation. Everyone we have asked to sign it has done so. It is a request for a called meeting. You should get your notice as the by-laws require that all members be notified by mail ten days before the meeting. We plan to have the required number of signatures by May 1.

One false rumor going around is that eleven inactive meters are on our trailer park area. Only one inactive meter is there. People who believe otherwise are invited to look for themselves.

Mr. Barker promised to have a called meeting of the whole membership, later he told Marshall he had talked to Harold Kennedy who advised him not to call the meeting.

I do not read in the by-laws any double talk to support the board's decision to depreciate all inactive memberships at the rate of \$6 per month. But there is a promise in the by-laws to pay a fair price for surrendered memberships, but they refuse to do this for us so far.

Mr. and Mrs. Bo Randolph, Randy and Rhonda of Midland visited her mother, Mrs. Jewell Alexander during the Easter holidays.

Mr. and Mrs. Gary Michael, Meliah, and Ryan of Bedford spent the Easter weekend with his parents, Mr. and Mrs. Floyd Michael. The group shared Easter dinner with the Hal Michael family. A Also attending Easter dinner were Mrs. F.D. Harvey and Shannon.

Mrs. Helen Hebert and two grandchildren, Tammy and Sonia of Waco visited Mr. and Mrs. Lee Devers last weekend. Kenneth and Prissy Hebert also visited in the Devers home.

Mrs. J.W. Stone returned to Andrews to visit for a while with her daughter Mr. and Mrs. W.M. Chambers.

Bubba Jones spent part of his Easter holidays with his brother, Tommy Jones and family in Abilene.

Mr. and Mrs. Charles Young, Glenda and Jay of Victoria visited with his parents Mr. and Mrs. C.O. Young during the Easter holidays. Also visiting was Mrs. Ora White of Rising Star and Mr. and Mrs. Robert Atkins of Tyler.

Mrs. Charlie Bibby is in the Brownwood Community Hospital. She is improving, and expects to be home this week. Mr. L.L. Epley is one the sick list this week. Mrs. Epley is doing fairly well.

Clay and Ray Stephenson of near San Antonio were visitors in the community during the Easter holidays.

Mr. and Mrs. Darrel Craftan and family of Fort Worth

visited her parents Mr. and Mrs. Ben Cook last weekend. Darrel moved a house trailer in for Frances and the children to spend the summer on the farm. He will continue to work in Fort Worth.

O.H. Dick Joins Staff Of County Newspapers, Inc.

Veteran newspaperman O.H. (Onus) Dick has been named Advertising Director for Eastland County Newspapers according to an announcement by Publisher H.V. O''Brien. Mr. Dick will begin his duties Monday, April 15.

"We are happy to be able to offer the talents of Mr. Dick to Eastland Counties, where he is well known and respected for his abilities."

Mr. Dick started in the newspaper business in Cisco in 1938 as a circulation manager for the Fort Worth Star-Telegram. In 1942, he moved to Abilene with the Star-Telegram as circulation manager and in 1946, he moved back to Olden when he was named circulation manager for the Ranger Times.

In 1947 he opened the Eastland Telegram, a daily newspaper. The late Walter Murry was publisher.

In 1950, he bought the Telegram and Ranger Times of Ranger, which he operated in association with the late Mr. Joe Dennis until 1961, when they sold both papers to J.W. Sitton of Cisco.

On Feb. 1, 1963, Mr. Dick and Virgil Moore, former Telegram editor, purchased the Breckenridge American which they operated jointly until 1972, when Mr. Dick sold to Mr. Moore, but has stayed on as the American advertising manager.

Mr. and Mrs. Dick are members of the Olden Baptist Church. They have one daughter, Mrs. Barbara Williamson of Andrews and one great-granddaughter, Kay Ward of Lubbock.

C.J.C. To Present Band And Belles In "The Big Country Review"

"THE BIG COUNTRY REVIEW", a musical-variety show to be presented Thursday evening, April 18 by the Cisco Junior College Wrangler Band and Belles, has been billed by its promoters as "The Fastest Show in the West - a two-and-a-half-hour show that we'll run off in one hour!"

show would feature comedy skits, stage band and Dixieland music, country-western music, dance numbers, and "all-in-all a fun-filled evening".

He continued, "You can actually see surgery performed on our stage - and you won't want to miss Dave Kerby and his magic trumpet, Joy, Jay, and the Dippers, and our two big production numbers from "The King and I" and "The Sound of Music"."

The show will begin at 8:00 p.m. in the Harrell Fine Arts

Auditorium and price of tickets is \$1.00 for everyone. Fry said, "We thought about charging \$2.00 for children under six, but thought we'd give them a break and let them in for the \$1.00 price also!"

Proceeds of the show will go towards helping defray costs of new chairs and acoustical improvements in the Wrangler Band Hall.

Mary Jane Kizer of Rising Star will be featured in the chorus line and also with the Wrangler Belles in the "Big Country Review".
