1,000 Attend Rodeo Last Friday Night; Another Show Scheduled July 31 at 8

A perfect night for a rodeo and 1000 enthusiastic fans saw a fine show put on by the Rising Star Roping Club at the local arena almost complete. Threatening rain did not dampen the spirit of the fans, the stock nor the riders. It was a plumb good show if a person may use that expression and we did.

DAIRY SNAK TO OPEN FRIDAY, AUGUST 7

Nell Carmichael, owner of the Dairy Snak announces opening date will be Friday, August 7. Free ice cream will be served between the hours of 3 and 6 and everyone is invited to come and get a dish.

This business is one of the new enterprises for Rising Star and no doubt a large crowd will partake of this friendly gesture of the proprietor.

Postoffice Department Planning Cutting Out Several Eastland County Offices, Can Give Better Service by Carrier

RANGER, July 26.—Four Eastland County post offices and many others in the surrounding area of the 17th Congressional District may be closed, it was announced in Washington today.

The Post Office Department has ordered a study of the four Eastland post offices and 23 fourth-class post offices in eight counties of the district to determine which can be better and more economically served by rural mail carriers.

Ben Guill, executive assistant to the postmaster general, wrote Rep. Omar Burleson of Anson that the department had offered a study of the 27 district post offices and said that many fourth class post offices are "outmoded and expensive."

Rep. Burleson told this newspaper that he will oppose the closing of any of the post offices in his 17th Congressional District. The Anson congressman said he will write postmasters of all post offices involved and that he'll "of course advise against the closing down of any of them."

In addition to the 27 listed in the eight counties of the 17th district, Washington officials also are investigating possibility of closing down other fourth class post offices in 100 other Texas counties.

Here are the post offices in the 17th Congressional District which may be closed.

Callahan County: Cottonwood, Oplin and Rowden.

Eastland County: Nimrod, Okra, Pioneer and Scranton.

Fisher County: Eskota, Longworth, McCaulley and Royston.

Hamilton County: Fairy Indian Gap and Pottsville.

Nolan County: Hylton, Maryneal and Nolan.

Palo Pinto County: Salesville, Brad Brazos, Gordon, Oran and Palo Pinto.

Shackelford County: Ibex.

Stephens County: C a d d o, Frankell and Ivan.

Mr. and Mrs. Jake Grisham of New Columbia were here last week visiting his parents, Mr. and Mrs. Ed Grisham of Okra and her parents, Mr. and Mrs. Gene Chambers of Williams.

J. H. Browder, 42 Dies Suddenly in Local Hospital

J. H. (Jack) Browder, 42, of Grosvenor died suddenly about 11 a.m. Monday en route to the hospital at Rising Star.

Funeral services were held Wednesday at the Rocky Creek Baptist Church.

Mr. Browder was born at Miles Sept. 17, 1910. He was a stock farmer in the Grosvenor community and a member of the Baptist Church.

Surviving are his wife, Mrs. Melba Browder; four sons, Isam Martin, Glen Doyle, Billy Jack, and Vernon Kelly Browder, and a daughter, Nelda Browder, all of Grosvenor; his mother, Mrs. J. H. Sanderson, and five sisters, Mrs. J. M. George, Mrs. Roy G. Muckelroy and Mrs. J. A. Taylor, all of Brownwood, Mrs. J. C. Allcorn of Mason, and Mrs. A. L. Russell, Roseburg, Ore.

FRANK MARKHAM INJURED IN CAR WRECK FRIDAY

Frank Markham was seriously injured in a car accident last Friday evening around 6:30 when his car was hit by another vehicle going south on the road leading by Mrs. Grave's place about three miles south of Rising Star. From accounts given the Record of the accident it seems Markham was backing his car out of the Graves property onto the highway when the accident occurred. Names of other parties were not learned.

Markham is in a Brownwood hospital and at noon Tuesday had not regained consciousness.

Wildcats Play Five Games at Home and Five Away; 27 Players on '53 Roster

Calling for Help! Rising Star Needs Football Club

Les Cowan, head football coach of the Wildcats dropped in on the editor last week end to bring the paper the 1953 football schedule and to give a list of the players that would participate in the games this season. The schedule this season is plenty tough. Such teams as Ranger, Dublin, De Leon, Eastland—all towns with greater potential, more reserves and lots more boys that come out for practice. Then all the other towns are supporting strong teams and all are good sports, each team trying to win.

Every town of the size of Rising Star needs an organization of fans that will take an interest in the players. First thing an organization of this kind would do is to boost the morale of the players. The club could give a luncheon some time later for the players. Then one of the biggest propositions of all, the club could help coach get the boys home after they practice each afternoon.

Here is the story, says Coach: The biggest trouble we will have when training starts is to get the boys to their homes after they practice. Some of the boys live five or six miles out and if they practice they miss the bus and either have to walk home or try and get a ride. Most times they walk. It is rather hard for the boys to practice and then have to walk home. A club of some 25 members at a \$1 per month dues could do so much to help the team and also encourage the players to where they would take more interest, train harder and the results have a better all round team.

What About it, Fans?

Calling on Robert Butler, Curt Smith, Chas. Rutherford, Bill Herrington, George Steel, Woodrow Harris, Dixon Boggs, Elgie Crisp, Fred Roberts, A. D. Jenkins, Jerry Lyon, Dr. Allen, C. ham, Jay Koonce, Dr. Bradley, A. and Doc Claborn, Tommy Gris-Rev. D. R. Philley, Bill Button, Lane Wells, Art Fisher, Chas. Tyler, Jack Jackson, Bob Needham, H. McDonald and probably 50 more that may organize a club to help the boys and the coach over a tough spot.

The editor will take a boy home one night each week after practice and will also buy the first membership card in the club.

Call a Meeting.

A meeting should be called in the next day or so as the boys start practicing on September 1. It's a good deal. Talk it up.

Some 27 Wildcat football players will begin practice on September 1. Spring training was held in March and the boys put in some rugged practice said Coach Les Cowan and assistant coach James Lowrance.

The team this year may be a little light in weight but take everything into consideration I have one of the best bunch of boys I have ever coached, said Cowan. They are all hard workers, train well and are interested. Rising Star has had some district winners in by-gone days and we are going to fight this year to take advantage of all the breaks that come our way, said Lowrance.

Our first conference game will be at Dublin on September 23 and then another tough game will be at home with Cross Plains. If we can get by these two games with an even break then we will be in much better shape to take on some of the big bad wolves like Ranger, De Leon, and Eastland.

Five games at home will give the fans a break, with one date Nov. 13 open. The others are played away from home. Read and save the complete schedule found on front page of this issue.

THANKS, MR. COX FOR THE LOVELY PEACHES

Rising Star is blessed with good neighbors. Friday the editor and wife went home to eat lunch. Inside the dining room we found a half bushel of the finest peaches we have seen in a long time. They were hand-picked and came as a gift from Mr. and Mrs. C. M. Cox, our neighbors. Thanks, Mr. and Mrs. Cox, your thoughtfulness is very much appreciated.

Eastland County Benefits by Increase Price of Crude Oil

Recent increases in the price of crude oil, averaging 25 cents per barrel, will add approximately \$11,500,000 per month to income of West Texas producers and royalty owners according to estimates prepared by the West Texas Chamber of Commerce.

The estimate was based on production reported to the Texas Railroad Commission in March, the last month for which the commission's detailed statement of crude oil allowable, production and removal from leases has been distributed.

March production in the West Texas districts of the commission's Oil and Gas Division totaled 46,061,406 barrels. This would have added \$11,515,352 to the market value at an average hike of 25 cents per barrel.

Make-up of the districts by counties follows:

No. 7-B — Stonewall, Haskell, Throckmorton, Fisher, Jones, Shackelford, Stephens, Palo Pinto, Parker, Nolan, Taylor, Callahan, Eastland, Erath, Hood, Coleman, Brown, Comanche, Hamilton, Coryell, Lampasas, San Saba Mills.

VANDALS DESTROY TELEPHONE PROPERTY

E. O. Kizer, proprietor of the local telephone company reported to the Record office that vandals had destroyed about \$50 in telephone property on the lines that cover the Sipe Springs and area. Among the property destroyed was one lightning protector, two repeating coils. A number of patrons in that section were without telephone communications for several hours. The officers know the vandals and arrests may be made soon.

Boyce House to Be At Horn Frog Derby Eastland August 8

EASTLAND, July 29, 1953.—The newspaperman who made Old Rip world-famous has been invited back to Eastland as guest of honor at the annual Horned Toad Derby, August 8, marking the twenty-fifth anniversary of Rip's emerging from the courthouse cornerstone, alive.

Boyce House was editor of the Eastland paper back in 1928 when he learned that a live horned frog had been placed in the courthouse cornerstone in 1897 and he sent out a dispatch. Then some weeks afterward, the old building was torn down and the cornerstone was opened, revealing Old Rip, and it was House who told the world about it.

House has lived in Fort Worth for many years and is a freelance writer.

But Eastland remembers him best for his making Old Rip into a Texas legend—hence the invitation to return for the Horned Toad Derby.

WE MUST PRODUCE MORE FOOD.

The population of the United States is soaring. At present the increase runs to 7,000 persons a day. Government experts predict a 20 per cent population jump in the 1950-60 period alone.

These people must be fed — and fed, for the most part, on what can be produced on our croplands, which the 1950 census put at 336,349,000 acres.

The experts also say that if our present living standards are to be maintained through 1975, it will be necessary to bring 100,000,000 more fertile acres into production. Yet even optimistic forecasts hold that only 50,000,000 currently unproductive acres can be cleared, drained, irrigated and improved by 1975. We are presently bringing in only 2,000,000 acres a year and more than half of this is offset by the expansion of cities, towns and industrial areas.

The meaning of these forecasts and figures is clear. Unless we are to suffer a decline in living standards, we must get more and more food and fiber from our productive land. And that means the intensified application of scientific production practices and better land utilization and irrigation.

Fortunately, that is not a visionary goal. Farmers and land owners are practicing conservation farming on an ever-increasing scale and in a manner that would have been impossible a few years ago. The best conservation and land use practices require machinery that was non-existent fifty years ago, but which is now standard farming equipment.

The agricultural future of the United States, and of the world for that matter, lies in maximum use of power-driven implements by farmers and ranchers who realize that the machine — rather than a futile search for new land — provides the solution to feeding our expanding population.

THE ONLY WAY.

The Sixteenth Amendment to the Constitution which became effective in 1913 and gave the federal government the power to lay a direct tax on the incomes of the people, was the seed from which the socialistic welfare state idea grew in this country. Actually, not one of us has a constitutional right remaining to one penny of our income.

The unlimited power to tax the incomes of the people reversed the basic concept of government on which our republic is founded. It made government master of the people, rather than their servant.

Most of us, still startled by the tremendous chunks of our income that went to pay federal taxes last year, begin to agree with the idea that the only way to prevent confiscatory taxation is to now limit, by Constitutional Amendment, the income taxing power of government. This is the only way we can hope to preserve representative government and a free economy.

Relief will never come from tax collectors but only through changes forced by taxpayers.

THE GRASS ROOTS WILL DECIDE.

An old but ever-accurate truism holds that in the long run a people get the kind of government they want and deserve.

For instance, public desires and public pressures will determine whether we will have efficient, economical government — or prodigal, drunken-sailor government.

Representative Norris of New Hampshire touched on this by indirection when he said, "We have reached that point in the session when the full impact of protests against appropriation cuts really hits us. It is at this point we always begin to wonder whether folks really want economy, or only think they do."

The future of our government will be decided in the grass roots, not in Washington.

"For centuries the advance of man has been hampered . . . by do-gooders and demagogues who sought . . . to obstruct the ways of free men and free markets with monetary and physical controls."—John W. Beck.

Ranch to Ranch Survey In Texas Being Made By Health Department

AUSTIN, July 29.—A farm-to-farm, ranch-to-ranch survey of Texas water resources is now underway in an effort to gauge drought effect on public health.

The State Department of Health conducted a similar survey earlier this year on incorporated cities and towns, but it failed to show the status of privately owned water sources, such as farm

and ranch tanks and private wells. Information is being sought by questionnaires sent from the State Health Department to all county judges. When complete, Dr. George W. Cox, state health chief, says a compilation sheet will be made showing:
Towns with ample water supplies; towns with impending shortages; number of wells and tanks and the amount of water available from them; how much water is being hauled and from where; steps rural organizations are taking to relieve their short-

FOR MANY GENERATIONS, AMERICA WAS ABLE TO LOOK TOWARD OPEN COUNTRY FOR GROWTH AND EXPANSION AND FOR OPPORTUNITY. PUSHING BACK THE WILDERNESS, OUR PIONEER SETTLERS STEADILY MOVED THE FRONTIERS WESTWARD AND FAMILIES FOLLOWED TO DEVELOP THE LAND WHICH THEY HAD OPENED UP.

THE LURE OF NEW FRONTIERS STILL DRAWS AMERICANS — FRONTIERS NO LONGER ON THE MAP BUT IN THE MIND. ages; to what extent is land being irrigated; and what outside help is necessary to relieve shortages in individual communities.

National attention has been directed to Texas in view of the drought-caused plight of West Texas cattlemen, but "there's more to this thing than just cattle," Dr. Cox said.

"When a drought becomes as widespread and as prolonged as this one, it affects every factor of state operation, including the public's health."

He said sanitation is the most serious threat posed by drought conditions.

"There's some typhoid in Texas now," he indicated. "Did contaminated water cause it? We're in the process of finding out."

He said the bulk of the questionnaires are due in "soon" and that a copy of the compiled data

would be turned over to the State Office of Defense and Disaster relief.

Representative of Social Security to Be in Cisco July 30

M. E. Glen McNatt, representative of the Social Security Office in Abilene, Texas, will be at the Chamber of Commerce in Cisco, Texas at 2:00 P. M. on Thursday, July 30. Persons wishing advice or assistance in connection with their social security accounts are invited to call at that time. The next scheduled visit will be at the same hour on August 13, 1953.

There are many self-employed persons between the ages of 65 and 75 whose low net earnings may make them eligible for monthly insurance payments, even though they are still working, according to Ralph T. Fisher, manager of the Abilene office.

Recent changes in the law make it possible for a self-em-

ployed persons between these ages to net \$900 annually without giving up any of his monthly social security checks. These people should file their claims immediately in order to prevent loss of benefits, the manager stated. Persons age 75 and older can draw their monthly benefits regardless of the amount of their business profit.

Fisher pointed out that in persons clearing over \$900, but not more than \$1725 annually, may receive one or more monthly payments for the year. He urged that persons in this group contact the social security office to discuss their individual cases.

Mr. and Mrs. Jake Grisham of New Columbia were here last week visiting his parents, Mr. and Mrs. Gene Chambers of Williams and his parents, Mr. and Mrs. Ed Grisham of Okra.

LOCAL ITEMS

Mr. and Mrs. Laroe Jenkins of Breckenridge visited Sunday afternoon with his mother, Mrs. J. H. Jenkins and her parents, Mr. and Mrs. F. L. Handley. Mr. and Mrs. Bill Maynard visited Mr. D. A. Stewart in Breckenridge recently. Mr. Stewart was seriously ill and later passed away.

Mrs. G. I. Brasuel of Brownwood wrote and renewed her subscription to the Record. She writes that she enjoys living in Brownwood and often meets old friends from this city in Brownwood. She further stated she enjoyed the Record and that it is like a letter from home. Thanks, Mrs. Brasuel. We appreciate your kind words as well as the renewal for the Record. —The Editor

THERE MUST BE SOMETHING WRONG—

... with the man who falls down and refuses to get up
or is perfectly content to allow society to look after his
well being, or is there? What is wrong, if anything, with
the seller who refuses buyer an abstract? Maybe nothing,
but there is something wrong with the buyer who weakens
at this point and buys hastily without complete title infor-
mation before him. Think it over and in the meantime
don't do it.

CELEBRATES GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. M. I. Holamon celebrated their golden wedding anniversary, July 23, at Mr. and Mrs. P. D. Holamon's home at Winters. They were the recipients of many nice gifts, given by all their children and other friends which was greatly appreciated. They were accompanied to Winters by Mr. and Mrs. Rex Goss and Kay Francis and Mrs. I. I. Holamon.

W. S. C. S. ENJOYS LUNCHEON

The W. S. C. S. met Monday for a luncheon and World Outlook program in the home of Mrs. Cecil Joyce.

After a delicious lunch the following program was given with Mrs. F. B. Joyce as leader: Song—"Jesus Calls Us."

Devotional—Miss Drucilla Eberhart.

"Women of Burma" by Irma Highbaugh and presented by Mrs. Tom Butler from the World Outlook. This article was very interesting since it told about the customs of the Burmese women, their present place in society and in the business world.

Mrs. Cecil Joyce gave "New Hands" by Gene Phillips also taken from the World Outlook. The article revealed Dr. Paul W. Brand's work as an orthopedic surgeon among the lepers of India, and how he restored their drawn, crippled hands to normal healthy ones so they could lead normal, independent lives rather than live as outcasts and beggars.

The program closed with the song, "Help Somebody Today."

Those present for the meeting were Mrs. Payne Burkhead, Lee Henry, Pete Groce, L. R. Smith, M. R. Groce, M. S. Sellers, Bruce Eberhart, F. B. Joyce, Marion West, Lee Burkhead, J. W. Weathermon, W. C. Parsons, Guy Taylor, and guests, Mrs. Othello Oliver from Jacksboro, sister to Mrs. L. R. Smith and Miss Drucilla Eberhart.

For lunch the following attended: Miss Mina Robinson, Mmes. Florence Graves, Vada Arnold, W. E. Ellis, Lucy Boase, Clara Cain, and George Carter from Rudco plant.

NORTH STAR H. D. CLUB

Mrs. J. C. Hudson, Reporter

North Star H. D. Club met in the club house on the afternoon of July 1 with 10 members and two visitors in attendance.

Mrs. York Eberhart reported on her attendance at Council on July 8. Mrs. Lee Burkhead also attended this meeting.

After the business session Mrs. Mildred Crow, County H. D. agent, gave a very instructive and timely demonstration on up-to-date pressure cooker canning, bringing with her some examples of skillfully packed cans of fruit and vegetables, which inspired each onlooker to follow her methods.

Following the canning demonstration Mrs. Crow gave a talk on well-balanced food in the diet, stressing the importance of the real values of proper choice, and food preparation, after which at-

tractive pamphlets on canning were presented to each member.

The hostesses for the afternoon were Mmes. Bruce Eberhart and York Eberhart, who served exceptionally delicious refreshments of cookies and a fruit drink.

Those present were: Mmes. R. G. Merrell, Will Ware, Lee Burkhead, Beryl Heath, Claud Harris, Henry Scott, Bruce Eberhart, York Eberhart, Ada Williams, M. M. Sheffield. Visitors present were: Mmes. Mildred Crow and F. M. Richey.

AMITY H. D. C. REPORTS A GOOD MEETING

Mrs. Guy Taylor, Reporter

Mrs. Ed Stodghill was hostess to the Amity H. D. C. Tuesday, July 21. Mrs. J. B. Arthur, Jr., H. D. agent was present.

Mrs. Stodghill and Mrs. Smith led the group in a sing song of new songs. The song sheets were purchased at the recent H. D. encampment at Brownwood. The president, Mrs. Tom West, led the motto, pledge and prayer for all. Mrs. Fox called the roll and read the minutes in the absence of the secretary-treasurer, Mrs. Caudle. Mrs. Stodghill gave a council report and Mrs. Caudle was elected delegate to the state meeting in Galveston to be held the last of August.

Mrs. Arthur thanked the club for a piece of China, which was a wedding gift, and also gave a very interesting demonstration on the selection and care of small cooking utensils. She showed samples of different pieces, and we learned some new and valuable ideas from her.

After the program was completed, the hostess, assisted by Mrs. Stewart, served delicious home-made assorted cookies, ritz sandwiches, and orange juice.

August is vacation and recreation month with only a council meeting in Comanche slated for the second Monday to elect council officers.

The next Home Demonstration Club meeting will be with Mrs. Fred Cook, September 1. It is hoped that each member will be present to start the fall programs with renewed interest.

A committee composed of Mrs. E. R. West, chairman, and Mmes. Oscar White and Taylor was appointed to secure ads from Rising Star business firms for the Cook Book being compiled by Comanche County H. D. Clubs. Work was immediately begun by this committee, and we are grateful for the help given by so many and appreciate the growing interest for Amity community interests.

The club meeting adjourned, having enjoyed an attendance of 12 club members. H. D. Agent, Mrs. J. B. Arthur, Jr. and the following children: Glenda Kay and Tommy Stewart, Charlene Vermillion, and Donald Gene West.

Mr. and Ms. E. L. Amis of Big Spring are visiting her mother, Mrs. H. J. Hill here and his mother, Mrs. T. J. Amis in Eastland.

Mr. Amis came in to renew his subscription to the Record and extend some mighty fine words of praise to the editors. He also says there is no s at the end of Big Spring.

Mr. Amis is welding supervisor at the Webb Air Base in Big Spring.

ENGAGEMENT OF MISS WINNIE GIBSON ANNOUNCED

Mr. and Mrs. W. R. Gibson of Pioneer announce the engagement and approaching marriage of their daughter, Winnie Frances Gibson, to Mr. Daniel Gene O'Donnell, son of Mr. and Mrs. Dan O'Donnell, 204 Grand Avenue, Waxahachie, Texas.

The wedding will take place at eight o'clock Saturday evening, August 22, 1953 at the First Baptist Church of Rising Star.

Miss Gibson will graduate in August from Texas State College for Women, Denton, where she majored in music. Mr. O'Donnell is a graduate of North Texas State College.

CLASS PARTY AT SMITH HOME

The beautiful lawn of the A. P. and Curt Smith home was the setting for a BTU class party last week. Mrs. Grace Morrison is the teacher and was co-hostess with Mrs. Curt Smith in entertaining the children.

The children played games on the spacious green lawn under the lights. Cold drinks were served. This evening of fun was closed with a watermelon feast.

Those present were, Joan Fisher, Essie Maud Hairren, Tressie Chambers and a visiting friend, Annie Faye Roberts, Sandra Irvin, Annie Lou Irvin, Buddy Philley, Kenneth Riden, Gary Scott, and the young host, Jack Smith, Mrs. Morrison and Mrs. Smith.

FARM BUREAU CONTEST FOR QUEEN IN AUGUST

The following names are being presented this week, from several communities for Texas Farm Bureau queen with others, perhaps at a later date.

Olden's nominee is Sandra Harrell, daughter of Mr. and Mrs. J. D. Harrell.

Bluff Branch will be represented by Joyce Frye.

Friendship, near Cisco, is presenting Darlene Parmer as their contestant.

Mary Evelyn Laminock, of Grandview, near Gorman will also vie for first place as queen.

New Hope will present Joyce Rodgers as their representative. Scranton's hopes are placed on Annette Brawley and Kitty Ingram will represent the Nimrod community.

Cheaney community is looking to Sally Cooper to wear the crown at the close of the eventual day. Further details will be released from time to time, as the contest progresses.

Worthwhile prizes are to be given each girl and the winner will get an expense paid trip to the district, besides the piece of luggage, given by the Eastland County Farm Bureau.

Mrs. Bruce Erwin and son, Cliff and Miss Virginia Irby spent last week end visiting relatives at Lake Jackson and Galveston.

Mrs. W. M. Looney had as her recent guests, her son, Donald and family of Fort Worth; Mrs. J. B. Blackwell, of Vernon, and Mrs. Joe Hesson of Breckenridge.

Not Easy to Become Farm Owner Says Management Specialist; Families that Are Determined Make Good at the Job

COLLEGE STATION. — The young family seeking to become a farm owner in Texas today seldom is heard to say "no help wanted." Acquiring title to a modern family-size unit requires a sizable chunk of capital, and this, says C. H. Bates, farm management specialist for the Texas Agricultural Extension Service, is not always to get. But, he adds, families with determination usually find a way to turn the trick.

This financial assistance is obtained from many sources and the specialist cites information obtained from a recently made study in Virginia on where this help comes from. In a majority of cases in that state, financial aid was provided young farmers by their parents or families. Some of the help was in the form of inheritance, family financing or the privilege of working on the home farm. The family help factor in the main was in the form of an assist for acquiring more land when the start was made on a small scale.

A big factor in becoming an owner, independent of family help, was non-farm employment during prosperous times, says Bates. Farmers worked in industries and saved enough to make the down payment on their chosen farm. The average down payment, in the Virginia study,

was about 40 percent of the total cost. The balance on the purchased farm was obtained from individuals, commercial banks, life insurance companies and the Federal Land Bank.

Farm tenancy, says Bates, remains a factor in the process of becoming a farm owner but is not so important as it once was. Some young families find it easier, he explains, to put their available capital into machinery, equipment and livestock and rent land until they are able to purchase the farm of their choice. Experience has taught, he says, that good returns can be made on rented farms if they are operated under a sound rental agreement. This means that costs of such items as livestock, fertilizers, soil improvement practices and seed for legumes used for soil improvement and in some cases machinery and needed improvements on the farm are shared by the tenant and owner. Bates believes this is a good system to follow in growing into a farm owner and says it proves the old adage "there's more in the man than in the land" that influences success.

RISING STAR 4-H'ERS

The Eastland County delegation of 4-H Club boys to the district camp at Lake Brownwood returned Wednesday afternoon after spending a wonderful 3 days of swimming, playing and learning. The boys all reported a good time and they took an active part in all parts of the program.

The Eastland County 4-H'ers entered a team in all the competitive sports and won their share of the blue ribbons.

Clayton Stoker of Eastland and Ralph Berry of Cisco were Camp Horseshoe champions.

Jerry Davis of Rising Star was the highest scoring Rifle Marksman among the 150 boys present.

Gary Maynard of Rising Star won first place in the pasture and range judging contest with Robert Bell of Scranton taking second place.

The Eastland County softball team won third place among the 12 teams entered in the tournament.

Other events which the boys entered were volleyball, washers, and bubble gum blowing.

The Eastland County Orchard Demonstration team composed of Robert Bell and Bob Leveridge failed to win the trophy, but the boys plan to try again next year.

Those attending were Charles Veale and Lanny Sledge of Ranger; Leon Rodgers of Desdemona; Jerry Warren of Gorman; Robert Bell of Scranton; Bob Leveridge, Ralph Berry, and Omar Carlisle of Cisco; and Jerry Davis and Gary Maynard of Rising Star; and Clayton Stoker of Eastland.

MR. AND MRS. EARL SWAYNE ENTERTAIN WITH PARTY

Mr. and Mrs. Earl Swayne entertained a group of friends on their lawn Wednesday evening with a watermelon feast honoring Mr. and Mrs. Sammie Noonkester and daughter, Wilma Dell of Campbell, Calif. Friends enjoying the feast were Mr. and Mrs. Ivan Sherrill, Mr. and Mrs. Will Lyon, Mrs. Walker Respass, Mrs. Allie Morris, Mrs. Alven Teston and Mr. and Mrs. J. A. Ferrell. Mr. and Mrs. Noonkester were guests in the home of Mr. and Mrs. Ferrell.

Bearded Turkey Hen Not Too Uncommon

Austin.—A wildlife version of the bearded lady has been pinpointed by a post-hunting season query to the Game and Fish Commission.

The oddity was spotlighted when a Central Texas man wrote that he suspected that a wild turkey he had bagged as a gobbler, because of its beard, apparently was a hen.

His letter stated: "This was a small bird and the feet were smooth, with no signs of spurs. The head did not have a long snout. In fact, it had all the looks of about a two-year-old hen, but there was attached a beard that measured seven inches long."

"I have heard of occasional incidents where doe (deer) were found with horns. Do turkey hens grow beards, and if so does it happen very often?" In reply, Eugene A. Walker, Wildlife Biologist on the Commission staff wrote:

Mr. and Mrs. Ed Hurst and two sons from Baytown spent the week end with their parents and grandparents, Mr. and Mrs. Fred Cook.

"FLOWERS FOR ALL OCCASIONS"

HOW IS BUSINESS?

THIS SHOWS CURRENT BUSINESS COMPARED WITH THE SAME TIME FOR THE PREVIOUS THIRTEEN YEARS

The volume of business, as measured by my Composite Business Chart, is 18% above normal. This is only one point lower than it was last month and only two points lower than the high for the year. Business opened this year at 19% above normal and registered 20% above normal in February and April. The volume of business has fluctuated only two points in the last eight months—a period of unusual stabilization. We have had "boom" business for the past 13 years due to wars and defense preparation. A Korean Truce will cause a stretch out of war material production, but defense preparation will still be a factor in holding business up.

The Administration is trying to put the brakes on lightly so as to taper business off gradually and give a better background for a business revival in the 1954 election year. Tightening the money rate is one of the methods, but it is causing unfavorable repercussions sooner than the Administration had expected. The danger in trying to bring a readjustment in business is the possibility of it getting out of hand and sliding into a depression. President Roosevelt stepped on the brakes back in 1937 which was followed by a rather substantial depression in 1938.

The economy wave of the Administration is the safest way to end the fear of further inflation; but all artificial controls or changes may be disturbing. Production is now high with full employment, but the chances are that the last half of this year will not be as good as the first half. The boom period is getting old. Barring was we see no great stimulus for our economy that will take the place of excess inventories or new building. Cutbacks of both may accompany any progress toward even a temporary peace. A conservative readjustment in business would establish a firmer foundation for good business later. We should be content to have the growth of production facilities synchronized with the fundamental growth of the country.

FIFTY-FIVE YEAR OLD POSTAL CARD REVEALS ANCIENT HISTORY

While Mr. D. M. Hutchison was wrecking the Erwin place last week, a postal card was post-marked in 1898, was found in the wall under the baseboard addressed to the Constable of Rising Star.

The card reads as follows: STRAYED OR STOLEN, A heavy dark bay horse, about 14 hands high, 6 years old, no brands, white spot in forehead and white snip on nose, saddle marks right fore foot larger than others. Also along-bodied light bay mare, a little sway back, blind in left eye, fistula mark on neck, small brand on left shoulder. Both were shod all around. \$10.00 for recovery of horses. Address W. H. DAVIS, or SHERIFF TOM BELL, Hillsboro, Texas.

Mr. Hutchison has recently purchased the house, and plans to rebuild a modern one.

Hot weather and high humidity spell huge losses unless special attention is given to making the trip to market safe and comfortable for the hogs. Good ventilation, wet, clean sand for bedding and frequent checks while en route will help keep the losses down.

OKRA NEWS

Mrs. Carl Burns

We are all so thankful for the nice rains which we have received the past two weeks. From reports of visitors to other parts of the state, crops in this section look fine to what some areas have.

The Okra Baptist revival conducted by Rev. Leon Woods of Midland came to a close Sunday night. Bro. Woods did some great preaching and all who missed these services missed a great blessing. Fine crowds attended all the services. The special music rendered by Bro. Leon's children was enjoyed by all Sunday night.

Don and Barbra Watson of Coleman are visiting Douglas and Martha Walker this week.

Mr. and Mrs. Revis Gregg and son, Larry of Cisco attended services here Sunday night and spent the night with her parents, Mr. and Mrs. Earl Marsh.

Basil and Roy Jones of Eldorado, Ark., spent from Tuesday until Thursday in the Rufus Hicks home.

Mr. and Mrs. Bob Medford and children were in Fort Worth over week end and visited in the home of Mr. and Mrs. Don Altizer.

Mr. and Mrs. E. L. Amos of Big Springs visited her mother, Mrs. Henry Hill of Chuckville and all attended services at the Baptist church Friday night.

Mr. and Mrs. Thurman Taylor of Jal, N. M. visited in the Rufus Hicks home over the week end.

Mrs. Frank Hines is still a patient in the Gorman hospital. Her many friends hope to see her up and about in a short time. She is the mother of Mrs. Douglas Burns.

Mr. and Mrs. Vernon Walker, Martha, Douglas and Mark visited Mr. and Mrs. Author Buch at Coleman Sunday.

Mr. J. H. Day received word from the government that his son, Ray, who is with the army in Korea has been transferred to a hospital back in Japan. Ray writes friends he is receiving good attention and will soon be able to resume duties back in Korea, lacking only six months of duty. He hopes to be home then.

Mr. and Mrs. Don Kincaid of Cisco were Sunday guests for the evening meal in the home of Mr. and Mrs. Carl Burns. Also guests were Rev. Leon Woods, Rev. and Mrs. Mart Agnew, parents of Mrs. Kincaid.

We had quite a few visitors to our revival from other churches. We always welcome everyone who wishes to come. Some I did not receive their names but among those visitors were people from Long Branch, Carbon, Rising Star, New Hope No. 2, Cisco and Arkansas.

Mr. and Mrs. Jim Ray Cox and children were in Tyler visiting Mr. and Mrs. Clyde Cox the past week.

Mrs. Elgie Crisp and Carolyn of Rising Star attended church Friday and spent the day with her parents, Mr. and Mrs. Edd Grisham.

MARKET BUILDING WILL MAKE FINE PLACE FOR FARMERS TO SHOW MELONS

A number of people have asked the editor why the market building was not used by local farmers to display their melons, peaches and cantaloupes. Not knowing the answer and at first thought looks like the building would be fine for that purpose. It would give the melon and peach grower a central location to market their merchandise.

A. D. Jenkins, secretary of the Chamber of Commerce said he would look into the proposition and see what arrangements could be made with the city in regard to this matter.

The melon and peach crop is fine this year and no doubt something will be worked out to the mutual satisfaction of everyone.

Mr. and Mrs. C. R. Tyler, Mr. and Mrs. W. E. Tyler and Jack Jackson visited their sister and wife, Mrs. Jackson in Dallas Sunday. Helen is progressing nicely.

Mr. and Mrs. Hershel H. Jones of Pleasanton, Calif., announce the birth of baby son, born July 5. Mrs. Jones is the former Veda Schlagg of Rising Star.

Stephenville Production Credit Annual Meeting Set for August 4 City Hall

The annual meeting of the stockholders of Stephenville Production Credit will be held at the City Recreation Hall in Stephenville the morning of August 4th at 9:30 A. M. This will be the twentieth meeting of the association which was chartered in February of 1933.

The Eastland County program committee composed of Lou Horn, Vernon Humphreys, C. M. McCain, Travis Farmer and K. M. Turner have worked up an interesting and different type program for the current meeting. One outstanding attraction will be a free movie featuring Gene Autry at one of the Stephenville theaters for all children of the association stockholders. Another added attraction will be prizes for wives of the members who are present during the drawing at the morning hour of the session.

The three year term of Director R. Cal McCurdy of Wise County will expire at this meeting. The stockholders will hear a report from the nominating committee and then cast their vote for one stockholder to serve on the board of directors for the next three years. The nominating committee from Eastland County is Mr. H. H. Durhama.

The annual barbecue dinner will be served by a Fort Worth catering service and the Texo Hired Hands will be on hand during the dinner hour. During the registration hour from 8:30 to 9:30 Eddie Ray Heals and Joe Sones, better known as "Clem and Ears" will render musical entertainment for the pleasure of the stockholders.

At the stockholder meeting in 1952 the association invested in a very attractive attendance trophy. This trophy goes to the county with the largest membership attendance. The county that can win the trophy three consecutive years will get permanent possession. At the 1952 meeting Comanche won the coveted trophy with 61.6 percent of the members present, beating Eastland County by less than one percent. Interest is mounting this year with all counties trying to win the trophy. The attendance committee for Eastland County includes A. Z. Myrick, Fred Brizendine, Billy Bacon, J. T. Poe, Herman Schaefer, Doyl Johnson, Bernard Hanna, T. A. Byrd, Mitchell Camp-

construction, J. H. Kuitgen of Waco, President of the Texas Good Roads Association, has advised Texas members.

In a letter addressed to Senator Lyndon B. Johnson, Senator Price Daniel and Representative Sam Rayburn, Kuitgen urged every effort to bring about passage of road assistance under either the Dempsey or the Dandero bill.

Gen. Ike Ashburn, Executive Vice President of the Texas Good Roads Association, last week appeared before the House Subcommittee of the Public Works Committee in Washington. He told the committee members Texas economy is dependent upon more money for highways.

Under the present formula based on highway mileage and motor fuel tax payments, Texas would get from \$16 to \$25 million additional federal funds for interstate highways.

WEED AND JUNK ORDINANCE

An ordinance requiring weeds and grass to be cut upon premises and that rubbish, trash and junk be removed therefrom; fixing a penalty for a fine not to exceed \$50 for failure to comply with such ordinance; and declaring that allowing weeds to grow and trash, rubbish and junk to accumulate to be a nuisance.

Board of Aldermen.
BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF RISING STAR, TEXAS,

SECTION 1: The word "junk" as used herein is hereby defined in this ordinance to mean discarded automobiles, bodies, chassis; old, unsightly tin and iron and such.

SECTION 2: It shall be unlawful for any owner, Lessee, occupant, or any person in charge of any premises in the City of Rising Star, Texas, to allow weeds to grow upon the premises, or trash, rubbish or junk to accumulate upon said premises to such an extent as is reasonably calculated to become injurious to the health of the citizens of Rising Star, and either act is hereby declared to constitute a public nuisance.

SECTION 3: Whenever weeds are allowed to grow, or trash, rubbish or junk allowed to ac-

cumulate upon any premises of the City of Rising Star, Texas, as prohibited by this ordinance the governing body shall hear evidence and determine whether or not such accumulation of rubbish, trash, or junk, or the growth of weeds thereon, or both, are sufficient to constitute a nuisance as herein defined, and if they so find, they shall pass a resolution declaring that the growth of weeds or accumulation of trash rubbish or junk upon such premises, or both, constitutes a public nuisance and shall order same removed by the owner, occupant, lessee or person in charge of such premises, within ten days from the date such notice is given.

SECTION 4: Failure to cut weeds and remove trash, rubbish and junk or to do either of them when notified to do so, as set out in this ordinance by any party obligated to do so by this ordinance, shall be punished by a fine in any sum not exceeding fifty dollars (\$50.00) and each day that such nuisance shall continue after the time for abatement as herein set out shall constitute a separate offense.

Passed and approved this 1st day of June, A. D. 1953.

Approved: Walter Smith, Mayor
Attest: F. W. Roberds, Secretary
This ordinance presented, read and passed on June 1st, 1953;

read and passed on July 6th, 1953; will become a law upon final reading on August 3rd, 1953.
Board of Alderman of the City of Rising Star. 7-16-3tc
F. W. Roberds, Secretary.

Robt. Cox Writes Letter From Orick, California; Tells of Conditions There

Bob Cox, son of Mr. and Mrs. Claud Cox, writes an interesting story of his trip to California. Bob and three fellow students from Baylor, all ministers, went to Orick, Calif., to work in the lumber camps and do missionary work in the camp area. There are several thousand people and no church services other than a Catholic mission. Very small and few members in number. This letter was written July 4.

Well, finally, here's that letter. This is honestly the first minute I've had to call my own. We arrived in Orick, Calif. on June 9th at 3 o'clock in the morning—cold, tired, and dirty. As you probably know, we drove to Cal. in two used cars—a '52 Olds and a '52 Mercury. We drove them through for a used car dealer. We had a very enjoyable trip out. We stopped in Tucson, San Diego, L. A. and San Francisco.

Upon arriving in Orick at 3:00 in the morning, knowing no one, cold, tired and dirty, we were fortunate in finding a motel. We slept till 10:00 the next morning and then, after questioning the owner of the motel, we set out to find a job, place to live and place to hold services. We stopped and ate breakfast and then walked to the nearest mill. The four of us walked in and told the man we were preachers and were here to establish a church and were looking for jobs. He called his general superintendent in and told him there were some wild-eyed Texans out here looking for jobs. The owner of the mill then said, "Well, you boys are dealing with a red-necked Catholic and we don't really need four hands right now but since you all want to work together, we are going to make a place for all of you."

Then, we went back to town, found an apartment where we could batch, and established credit in a grocery store and managed to rent the community hall—all in less than two hours. You may wonder why we are renting the community hall. Well, instead of erecting the temporary chapel we have decided to rent the community hall on Sundays and try to buy some property and start the immediate construction of a permanent building.

The next day, we went to work in the mill and I do mean work. We work in a fairly large mill. It was built to saw 40,000 feet per day—that is called production. We always go over production. We cut on the average of 80,000 feet per day.

Charles is working up inside the mill as an off bearer. He pulls the large slabs off the logs as they are cut.

Harold and I both went to work on the green chain. The green chain runs out of the mill and is about 100 yards long and about 30 yards wide. There are four men on each side of the chain and lumber comes out of the mill in all sizes on this chain. Along the sides of the chain, lumber is stocked in units on carrier blocks. As a piece of lumber passes the unit where it belongs, we pull it off and put it there. When a unit is full, the carrier hauls it off into the ward and we start on a new unit.

Richard went to work in the yard as tally boy. He counts all the units that are shipped out and figures the board feet. He is sort of a shipping clerk.

The work is hard and the first four or five days, we didn't know whether we would make it or not. The first few night, we were in bed by 7:30. The first Saturday we were in Orick was a holiday and was topped off by a dance that night. It was held in the community hall. The same community hall which we were to use for church services the next day. So, we got up at six on Sunday morning and went to the community hall to clean up. The place was ankle deep in beer cans and whiskey bottles.

That morning, only one man showed up for church service but we had church all the same.

We have been in Orick for three Sundays now and things are picking up. On our best Sunday we had 30 people. We have done quite a lot of visiting and know the crowd will increase.

We didn't have to work yesterday and today (3rd and 4th) so we are here in Hammond Grove Camp near Fortuna. This is a brand new summer camp and all the summer workers from the Southland are here. Baylor is in the majority—yippee. Sure

enjoying the fellowship here in this camp. I say camp—I do mean camp. No electricity and we sleep in tents. Flat froze to death.

Mother writes that it is hot and dry in Texas. We are right on the coast and it is cold and wet. Fog is in the air all day long. We have only seen the sun about three or four days since we have been in Orick. The country is beautiful—but sure would like to see some flat Texas and hot weather.

We work every day with out coats on and very seldom get hot enough to pull them off.

After talking to many of the other summer workers who are here in camp, I can see that we are fortunate at Orick in having gone to work, engaged a place for services and renting an apartment. Many of the boys have been here for two and three weeks and haven't yet gone to work.

The field is white in Orick. Many of the people are cold and indifferent. Orick is not as large as Rising Star and there are five bars in Orick.

I believe this about catches me up for a while.

We court and appreciate your prayers here in Orick.

Yours in Christ, Bob Cox

Down Memory Lane...

AUGUST 2, 1928 According to the annual report just turned in to Miss Ruth Ramey, Home Demonstration agent for Eastland county, North Star Club has proved to be the banner club of the county and is highly praised by the county agent and the public.

Mr. and Mrs. T. L. Pelfrey returned Saturday night from what might be called a belated honeymoon trip, their jaunt taking them by train over the southern route to California where they visited relatives and had a most delightful time.

While the greater part of the Rising Star territory received fine rains last week there is a strip near Blake and in one section in Comanche county that has remained dry.

One of the heaviest votes polled in Eastland county in years was last Saturday after the polls closed.

Under the direction of vocational instructor Lloyd the big dusting machine purchased by the Higginbotham firm and the First National and Continental State Banks was given a tryout on the D. W. Jones farm near the city limits yesterday morning. The machine is furnished free and is used to combat the boll weevil.

Mr. and Mrs. F. W. Roberds and Mrs. Jacobs left Saturday for Dallas where they will spend several days buying millinery and ready-to-wear for the Star Trading company.

The Blake Humble divided a two-game series with the fast Eastland team last Saturday.

Fifteen were baptized last Sunday at the close of the revival at the First Baptist church for the past several days. The preacher was Rev. Frank Weed-on Greenville.

JULY 28, 1938 Ray Falls announced today the purchase of the Elkins & Company grocery store near the Katy tracks.

His many friends in Eastland county will be interested in knowing that Hon. Bill Chambers of the Wolf Valley community won a clear majority over two opponents for representative in the Brownwood district in the first primary.

A large number of the membership of the Townsend family met at the home of Uncle Bob Townsend on July 17 for the annual reunion of the family.

They settled in Texas in 1871. Mr. and Mrs. Ben Williams of the Cook community and other members of the family held a family reunion at Moran on the Brooks ranch. This family came to Texas from Alabama and settled in Eastland county in 1880.

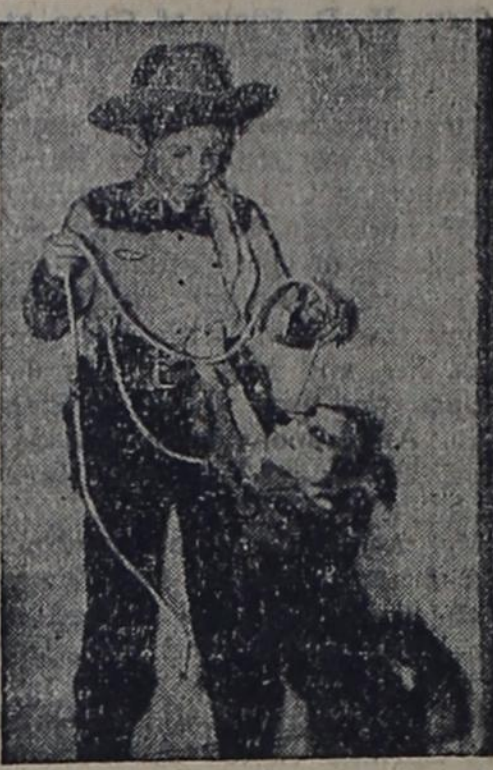

Ray Nunnally of this city and Miss Eleanor Tucker of Brownwood were married at Cisco Sunday as a complete surprise to their many friends here. They will reside in Rising Star until September when they move to May where he is employed as teacher and coach.

Mrs. Hubert Jones, president of the Garden club announces that meetings for July and August had been postponed until September.

From the Branton Gin community—C. B. Hill who has been seriously ill with typhoid fever is much improved at this writing.

Murray Ham, wife, and baby spent Saturday with his parents, the N. L. Hams.

Boy's Best Friend

Clifford Sales, who plays the part of "Danny" on NBC's "Life Can Be Beautiful," practices lassoing on a willing friend, Cliff, who appears on both radio and TV, wears his western garb each summer when he spends his vacation on the eastern ranch of his friend and fellow actor Gabby Hayes.

PROGRESS CONTEST MEETING HELD AT AMITY CHURCH

Mrs. Guy Taylor, Reporter On Tuesday night, July 21, a group of members and visitors attended a social on the Amity church lawn. Refreshments of punch, cookies, cup cakes and peaches from the E. R. West orchard were served, after which the crowd assembled in the church for a sing-song, conducted by Walter Henderson, Norman Ray, Mrs. Homer Smith, Doris Watkins and Bonnie Reynolds, with Elizabeth Robertson at the piano.

Mr. Jenkins asked for announcements and asked for a vote regarding the donation of \$50 to the cemetery fund for monthly upkeep. The vote carried. Mr. Tom Steele has charge of the fund.

August 3 was set for a safety tour and regular club date August 8.

The Amity revival began July 25 and will close August 2.

Miss Clara Lou Maynard attended a revival in San Saba last week.

Revenue Chief Joins Dallas Bank

John B. Dunlap, former Commissioner of Internal Revenue of the United States, has been elected vice-president of the Dallas National Bank, president Blagden Manning has announced. While Commissioner, Dunlap directed the nation-wide reorganization of the Internal Revenue Bureau and the streamlining of the country's tax collection methods. More recently he served as Revenue Commissioner of the Dallas District and resigned that post to accept the vice-presidency of the Dallas National Bank. A life-long resident of Dallas, except for periods of military and government service, Dunlap was honored by Southern Methodist University in 1953 with its Distinguished Alumnus Award. He rose through the ranks from a private in the Texas National Guard to Brigadier General and served in World War II.

Donald Jaynes, Former Rising Star Boy, Now Stationed at Fort Ord

Donald Jaynes, son of S. F. C. and Mrs. Weldon Jaynes, former residents of Rising Star, now making their home in Tacoma, Wash., volunteered for service with the Army at Tacoma, Wash. He was inducted at Ft. Lewis, Wash. on July 10. On July 21, he was flown to Ft. Ord, Calif. where he is to receive his basic training. He has his application in for engineering schooling at Ft. Belvoir, Va., after his basic training is completed. Prior to his enlistment, he was employed as a carpenter apprentice, by the Reynolds, Reynolds & Pelke Construction Company of Tacoma. Before leaving for the service, he was guest of honor at a large party given by the "Teen-Age Club" of Tacoma, of which he is a member. The group presented him with a lovely gift. He will be missed very much by his many friends. Donald is well known in Rising Star. He was a member of the local football squad, and graduated from Rising Star high school in 1952. His grandmother, Mrs. R. T. Jaynes, resides in Rising Star, and his grandfather, Mr. J. D. Harms, lives at May.

M/Sgt. Charles Honea and family on furlough from Savannah, Ga., have been visiting his mother, Mrs. J. C. Honea of Rising Star and her father and mother in Stanton. They also visited M/Sgt. Honea's sister and family, Mr. and Mrs. Arno Dupuy and other relatives, in Odesa. They left Saturday for Savannah, where he is stationed in Hunter Field Air Base.

Hot Weather Tips On Marketing Hogs

COLLEGE STATION, July 22.—A live hog weighing 200 pounds is worth more than \$50 at most markets but a dead one represents a loss instead of a profit. And warns, E. M. Regenbrecht, swine husbandman for the Texas Agricultural Extension Service, thousands of hogs will be dead when they reach the market unless special attention is given to making their summer trip to town a comfortable one.

He says hogs should not be disturbed prior to shipping and that loading and shipping should be done either early in the morning or evening when it is cool. Never over feed prior to shipping for hot weather coupled with nervous digestion can make the trip to town costly from the standpoint of losses.

Clean, wet sand makes the best bedding and it's a good idea, points out the specialist, to give the sand an extra wetting after loading. Check the truck to make sure there is sufficient ventilation to prevent suffocation but watch for heavy wind drafts which will cause the hogs to pile up.

Load the hogs slowly and quietly driving them with a broom or a canvas slapper. Never use a whip, club or cane, says Regenbrecht, for bruises are expensive.

While in transit, the hogs should be checked at least once per hour. Fast or reckless driving gains little time and is seldom worth the price that is often paid.

The important thing, says Regenbrecht, is to get the hogs to market in top condition. Dead hogs can take the profit from an entire shipment. And finally, says the specialist, don't overload. The few extra head crowded into the truck may prove to be very expensive passengers.

Mrs. Florence Graves had as her week end guests, Mrs. Ethel Berry and Mrs. Dot Jones and three children of San Antonio.

Mrs. J. R. Morrow had her daughter and her husband, Mr. and Mrs. FLEM HARRIS of Albany as recent visitors.

Mr. and Mrs. Criss Johns and children of Brenham were in Rising Star over the last week end visiting relatives and friends. While here they carried a load of fine peaches to South Texas.

Most Eastland County Ranchers Eligible For Drouth Aid Says P. M. A. Official

EASTLAND, July 29.—Most of the farmers and ranchers of Eastland County will be eligible to buy feed under the government's drought relief program on the basis of a ruling by the state committee, County PMA Administrator Emmett Powell reported today at Eastland.

The new ruling was to the effect that stockmen would not have to take what was described as "a pauper's oath" to be eligible to buy the Surplus Commodity Corporation feeds at prices of about half the retail charges.

"The state committee has advised us that it never was the purpose of the program to require a pauper's oath before a stockman could buy the feed," Mr. Powell said. "It now appears that most of the ranchers and farmers of this county are eligible."

Mr. Powell said that more than 500 Eastland County stockmen have made applications for cotton seed products, corn and oats under the drought relief feed program. The County PMA has already placed orders for some ducts, 200,000 pounds of corn and 200,000 pounds of oats.

It will be necessary to order additional feed to take care of the needs of the some 500 Eastland County applicants, he said.

Arrangements have been completed with feed dealers in Eastland and Ranger to handle distribution of the feed, Mr. Powell reported. He expected that similar arrangements would be completed this week with feed dealers in Cisco and elsewhere in the county.

The first shipment of the relief

feed—a carload of cotton seed pellets—was due last Friday in Eastland. Additional cars of feed for county distribution were expected within a few days.

With the clarification of the rules of the program, Mr. Powell believed that stockmen would be pleased and that the program will work in a smooth manner.

W. E. Tyler is member of the committee from Rising Star.

WINS SCHOLARSHIP FROM TEXAS FARM BUREAU

FORT WORTH, July 23.—Norman Evans, senior in Graham High School, has won the 1953 Texas Farm Bureau College Scholarship for outstanding leadership in the Texas Association of Future Farmers of America. J. Walter Hammond, president of the state Farm Bureau, made the presentation here today in ceremonies at the silver anniversary convention of the state FFA.

The scholarship, worth \$250.00 in books and tuition, can be used by the winner at any college in the state. The TFBB also gives similar scholarships each year to the outstanding 4-H Club boy and girl.

Mr. and Mrs. Bud Siekman of Albany were week visitors in the home of his mother, Mrs. Alene Siekman and her parents, Mr. and Mrs. Clark Crownover.

Mr. and Mrs. Roy Hamilton have as their guest this week, Mrs. J. T. McBeth of Brownwood. Mrs. McBeth is a sister to Mr. Hamilton. Mr. Hamilton and Mrs. McBeth are the only surviving ones of 12 children in their family.

The eighteenth annual meeting of the old Brooks school—Macedonia, Amity and Brooks—was held on Saturday night and Sunday, July 18-19 in the American Legion hall of Rising Star.

The first visitors arrived early Saturday A. M. and a continuous "watch" was kept for others who arrived at intervals all day and some arrived as late as 1 P. M. Sunday.

It was a joyous event to watch old school mates, teachers and friends as they greeted each other with a warm handshake, a pat on the shoulder and some times a few tears of joy amid roars of voices and laughter.

A program was staged Saturday night, and the "Picture Review" was a source of attraction throughout the meetings. Some three of four hundred faces were brought to memory as old school groups were peered over with much eagerness.

Free ice cold drinks were available at all times.

The program Sunday A. M. was made up of songs, talks, prayers and an address read by John B. White of Austin.

At the noon hour a feast of good things to eat was spread and after noon a "sing-song" was conducted by Grady W. Phillips of Fort Worth.

The meeting closed with giving reports on committees for the year 1954, and last song "God Be With You Till We Meet Again."

Truly this school shows lasting friendship and loyalty and a deep appreciation of the environment from the teachers and the community as a whole.

We commemorate these meetings in part to the late Mr. and Mrs. Geo. T. Barnes, who entertained this group at its first meeting in their home in Rising Star in 1935.

Some failed to register and the following list is all that is available at this time:

Mrs. Ola Pringle, Waco; Mr. and Mrs. Ross Harris, Wichita Falls; Mr. and Mrs. John White, Austin; G. W. White, Fort Worth; C. B. Teague, Dallas; Eslie A. Forgy, Ballinger; Mrs. C. L. Heald and daughter, Grace, Fort Worth; Mr. and Mrs. Bob Heald and daughter, Fort Worth; Revis B. Lindley, Colorado City; Mrs. J. A. Rhodes, Grand Prairie; Mrs. Veda Franks, Brownwood; Mr. and Mrs. J. Taylor Boyd, Dallas; Mr. and Mrs. Joe L. Enslin, Dallas; Mrs. Everett Hammonds, Colorado City; Mr. and Mrs. Grady W. Phillips, Fort Worth; Mrs. Pearl Lee, Dallas; Mr. and Mrs. Euel Janes and granddaughter, Fort Worth; and Pvt. Gayland Duggan of Bergstrom Air Force Base, Austin.

DAIRY FARMERS ELIGIBLE FOR FEDERAL AID FEED

WASHINGTON, July 28.—Spl.—Dairy farmers in drought-stricken areas are eligible for buying cut-rate feed shipped in under the federal aid program, Secretary of Agriculture Ezra T. Benson said Monday.

Benson clarified the position of dairy farmers in reply to a telegram from C. O. Norton, of the North Texas Milk Producers Association, Weatherford, Tex.

High quality hay can be produced from many crops if the crops are properly fertilized, managed and harvested at the right time.
