> More thought and expense than ever before have been lavished on the Calendar which the publishers of THE YOUTH'S COMPANION will present to every one subscribing for the new volume for 1901, since it is to be a souvenir of the paper's 75th year. It is an exceptionally attractive Calendar, and has been designed and lithographed for THE COMPANION exclusively. The central figure of the Calendar is an ideal portrait of a Puritan maiden of Plymouth, and the 12 colors in which the Calendar is lithographed reproduce the delicate coloring of the artist's original painting with perfect fidelity.

> After the usefulness of the Calendar s past, the portrait of Priscilla can be cut out and framed and preserved! as a beautiful household ornament.

> This Calendar, which is sold to non-subscribers to The Youth's COMPANION for 50 cents, will be given to all new subscribers for 1901, who will also receive, in addition to the 52 issues of the new volume, all the issues of the paper for the remaining weeks of 1900 free from the time of subscription. Illustrated Announcement of the volume for 1901 will be sent free with sample copies of the paper to any address.

It takes a miser to hoard money y hiding it in an old sock, but a pendthrift should invest a part of is earnings in something on the inproperty.—Alice Echo.

Some of Queen Victoria's loyal sub ects in Australia are proposing to add to her long list of titles that of Queen of Australia or to change her title to that of Empress of the British Empire thus covering all her colonies and dependencies.-Flatonio

It turns out now that the United States has done Spain a great favor by shooting the old wooden gunboat navy to pieces, and taking her revolutionary disposed territory off her hands. All this has served to cut down Spain's army and navy expenses and makes it possible for the native subjects to live peacably together at home.—Buffalo Banner.

A face of perfect peace is difficult to find. Our crowds are too eager for gain, too hurried by social life, too auxious about the morrow to have time to prepare a serene face for the world to see. Yet how lovely such a face when, here and there, we find it. It betokens the setting of money-gain down far below the gain of culture, it shows a proper estimate of what life is worth, it is proof in itself of a belief that in this world the happy way is to live wisely and well and to let live.-Rockport New Era.

El Paso continues to be the most progressive town in the state, of its size. They are boasting of a new bank, and prospects for more railroads and smelters. There is no reason why Eagle Pass should not joi in the upward progress. This is the most central gate to the Republic of Mexico, and with the proper advertising the world could be made to see it. Let us not sleep on our natural resources, but in a short time make Eagle Pass the most impo tant city on the border as she right fully is .- E. P. Guide
