J. W. WHITE  
W. W. (WHIT) MATTHEWS

With the underground season that this country now has even old timers of Wilbarger are predicting 1912 a good crop year.

The people who are reared in any section of the country and never see much outside, are not the ones who prove to be the developers.

That Odell is not advertising herself as a trading point, you have only to be here and see the different faces almost every week coming here to trade.

That Roosevelt says he will accept the nomination of the Republican party if they nominate him at their convention, is no news, everybody knew he would.

Odell is now represented by almost every line of business, and has won a distinction as a trading point among the traveling men as the best town they make to its size.

With land as rich as the delta of the Nile and an abundance of water; a citizenship that cannot be surpassed and a climate that is extremely healthful, Texas welcomes the industrial man who is seeking a home.

Some candidates are between a sweat shake and shiver, just what to do, and what to say, from the debut of their political aspirations until either dumped in the slouch pond of defeat, or crowned with the laurels of victory, some come out; see their shadows and go back to wait a more favorable season, while others stay, and shake hands to the bitter end.

The snow last week was a great advantage towards bringing up the oat crop that has been sown, as the continued warm days that we have been passing through this month had dried out considerably the season in the ground to a small depth.

A wrong empression prevails among a whole lot of people is the idea that to show a sense of sympathy, or a feeling for one another is to show a sign of weakness, but when you see a man of a disposition to rejoice over his brother's misfortune, whose life is one of envy, deceit and hypocrisy, the world is beginning largely to reconize him as a man of weak mentality whose nature and disposition is more in accordance with that of a brute than that of a human being.

That love that has existed and been noticeable so long between Roosevelt and Taft has at last been severed and burst asunder. That strong yielding and affectionate love he has had for him, that has been Taft's rock and shelter in the time of storm has at last turn trick. It has been Taft's staff and standby, an oracle through which Roosevelt has spoke to him for several years. Telling him to speak as he had spoke, to walk as he had walked, it was the means of placing Taft in the lime-light, and lifting him to the presidential chair. Roosevelt has said he will be a candidate for President if nominated at the Republican convention, and that cut the cord that has bound to hearts that has beat as one.

Altus is in a tight place from all indications. They have drilled for water, the depth being 2113 feet, and still it looks like a "desert"—the water proposition. If Altus secures water it will mean that she will secure the district terminal ground of the Northwestern railroad and also hold on to the Orient. If she fails she is in a deplorable condition. We never miss the water till the well runs dry. This is one redeeming feature about Olustee. We have a sufficient supply of water here and the stream—Turkey Creek—which runs just a few blocks from town has never run dry in spite of the recent drouth.—Olustee (Okla.) Democrat.

Altus ought to move to Odell like the Orient is going to do soon, we have enough good water to supply three or four railroads and don't have to go over thirty feet to get it either.

**On a Gift of the Bible**

The following is from a mother to her son: "This book contains the mind of God, the state of men, the way of salvation, the doom of sinners and the happiness of believers. Its doctrines are holy, its histories are true and its decisions are immutable. Read it my son, to be wise, be-

lieve it to be holy. It contains light to direct you, food to support you and comfort to cheer you. It is the traveler's way, the pilgrim's staff, the pilot's compass, the soldier's sword, and the Christian's charter. Here paradise is restored. Heaven opened and the gates of hell disclosed. Christ is the grand subject, our good its design and the glory of God its end. It should fill the memory, rule the heart and guide the feet. Read it slowly, frequently and prayfully. It is a mine of wealth, a paradise of glory and a river of pleasure forever. It involves the highest responsibility, rewards the greatest labor and condemns all who trifle with its holy contents. It is given you in life, will be opened at judgment and will be remembered forever."

One of the worst fires of recent years turned 25 blocks of Houston into an ash bank on Wednesday. We heard that I. K. Williams local cotton buyer, lost much cotton in the blaze, but it was insured so the loss will not be so heavy. 53,000 bales of cotton went up in smoke.—Olustee (Okla.) Democrat.

I. K. Williams is connected here with the firm of Williams Bros. dry goods store, of which Ward Baker is manager.

**THE FOREIGN BORROWED DOLLAR**

Texas in Need of Outside Money. Idle Money Should be Put to Work.

Money has measured the prosperity, directed the progress and contributed towards the happiness of the human race since civilization blossomed in the valley of the Nile. The ebb and flow of the world's currency moves the center of population; its current has swept civilization across continents and it has built empires in waste places.

Whether a dollar is borrowed or owned in fee simple, its purchasing power is the same and there is as much prosperity in a borrowed dollar that emigrates from foreign lands as there is in one taken from the farm, the mine or the factory. The following cut illustrates the difference in the effect upon our prosperity of money borrowed in Texas and money borrowed outside the State to finance development enterprises.

The dotted lines indicate a proposed railroad between Waco and Beaumont. If local capital builds the road, there will be no increase in the State's wealth, as we will then have simply transferred money from some other line of industry to railroading, but if the money for construction is secured from outside the State, then we have increased our wealth, as the investment is in fixed improvements and the property will always remain a part of the State, regardless of the residence of the owner. We have increased our property just as much so as if we had moved the State border line so as to take in a part of Louisiana or Oklahoma. We have some idle money that if put to work, would contribute towards our prosperity, but no law can be made forcing investment and if the present opportunities will not appeal to owners of idle money, nothing short of the resurrection will stir them to activity. Texas must have outside money to develop her resources.

**GOOD ROADS**

**OUR MOTIVE POWER HAS IMPROVED FROM THE OXEN TO THE MOGUL.**

The human event next in importance to the invention of the wheel was the development of motive power, beginning with the domestication of animals and gaining its greatest distance when metal was substituted for muscle. The subjugation of substance and the harnessing of the elements and making them a faithful, reliable and obedient servant to mankind has been the crowning event of our civilization, but our road improvements have not kept pace with our advancement in motive power. Build roads and keep up with the procession.

## Among Our Exchanges

### CHILLICOTHE

Independent.

Hon. A. J. Davis, our popular constable, went to Vernon on business first of the week.

Mr. and Mrs. S. H. Williams returned Sunday from their trip to Galveston and other point on the coast.

Sympathy is extended to John B. Mulkey in the death of his venerable father at his home in Fort Worth some days ago.

T. M. King and family moved here from Tolbert first of the week. The Independent extends them a hearty welcome to our city.

We extend heartfelt sympathy to Mr. and Mrs. Hamp Carter of the country in the loss of their little 16-day old babe last week from dermetitis after several days intense suffering. Weep not parents, but look with hope to Him who said "For of such is the kingdom of heaven."

Grandpa Jackson was called to his reward at the home of his son-in-law, W. M. Smith, in the west part of town early Sunday morning, after a few days illness. He was nearing the 84th mile post of life when the summon came and was ready to go, for he had lived a consecrated Christian life, being a member of the Missionary Baptist church for years. His remains were shipped back to the old home in Missouri Sunday night for burial.

Chillicothe Valley News.

Joe Kerley was up from Vernon Sunday.

John F. Moore went to Fort Worth on business yesterday.

J. J. Glover is able to be about after a few days' confinement to his room with rheumatism.

T. F. Alexander was in the city Saturday. Says his son is not doing as well as he would like to see him, and will take him to Colorado Springs next month.

S. D. King was in from his farm Saturday. He has 125 acres in oats and 200 in wheat. His wheat is looking fine, and his oats coming up. Says he expects a big harvest this year, as the season is as fine as split silk.

The little baby girl of Mr. and Mrs. J. R. Belk got hold of a bottle of carboic acid Saturday and took a portion, burning her mouth and otherwise injuring her throat. A physician was called, and after a hurried examination found that she did not swallow but little, if any. The little one is out of danger, glad to say.

Joe Sam Bailey and his excellent wife were shopping in the city Saturday. Mr. Bailey had a silver watch to disappear from his residence December 27. On that night a large gathering met at Mr. Bailey's home to enjoy a social gathering, and his watch was on the folding bed. February 16, the watch was found hanging on the front gate in as good order as the night it disappeared. The News cannot account for the disappearance or the return of same unless a lot of spooks are in Mr. Bailey's neighborhood. Mr. Bailey also stated that he hoped to be one of the lucky ones to get a prize the News is offering—maybe two.

## To Find Out Their Speed

### Carrier Pigeons Slapped To Dallas---Expected To Return Today

The Hardin Brothers, who are running the military school in Dallas, Texas, are now scheming to find out the speed of carrier pigeons.

Joe Hardin of Olustee, a brother to the above mentioned boys, sent them one of his setting carrier pigeons Monday.

They will be turned loose this morning at Dallas, and from what some people say, the bird will be expected to arrive here about noon today, a distance of over two hundred miles in less than three hours. — Olustee, (Okla.) Democrat.

During a political year, especially when Congress is in session at the same time, there's hardly a dull moment in Washington. When someone isn't launching a Presidential boom, someone else is squelching one, knifing or smothering one, as the case may be.

Being the center of national political activity, Washington gets all the rumors that may be flying about the country. It's immaterial that most of these rumors are not true; they serve as news while they are hot, and before they have been thoroughly digested in all of their beneficial or sinister potentialities, they are replaced by a fresh output.

Fearing, perhaps, that there would not be enough material for the political forecasters to work on this year, there have been established, mainly in Washington, a large number of political news bureaus, and these are showing the newspaper correspondents, as well as the editors throughout the country, with propaganda about the candidates in whose interests the bureaus are supposed to be working. Very often the candidates are the ones having the smallest real interest in the game, but sometimes they serve as stalking horses for other interests and at the same time help to make "news" which is consumed in place of the real article and often without being distinguished from it.

### Texas Tick Tax

The results of the efforts of the Cattle Raisers Association of Texas and the United States Bureau of Animal Industry for the eradication of the Texas fever tick are very gratifying and local authorities in every section of the infected area are co-operating with the Federal Authorities in waging a systematic and intelligent war against this pest, which is more harmful to the stockman than the boll weevil is to the farmer.

It is estimated that the fever tick levies a tax against the livestock industry of Texas of \$10,000,000 annually while the ravages of the boll weevil amount to only \$3,000,000 per annum.

Over 1000 all wool faeries to select your spring suit from, call and see whether you want to order or not. A. H. Gearhart, The Old Reliable Tailor.

Subscribe for the Reporter.

### The Texas Mule

The February Crop Reporter, just issued, clearly indicates that Missouri can no longer claim to be the principal habitat of the southern farmer's most important beast of burden. The "show me" commonwealth has been snown that the real home of the mule is in the Lone Star State.

Texas stands first in the Union in the number on January 1, 1912, being 703,000, while Missouri is second with 333,000, or less than one-half the number in Texas. The Crop Reporter also shows that the increase in Texas in number was one per cent over the preceeding year, as compared with a decrease of one per cent for the same period in Missouri. The value per head, however, in Missouri on January 1, 1912, was \$11 greater than in Texas. The valuation being \$104 and \$115 in the respective states.

Texas heads the list in the total valuation of its mules at \$73,112,000, while Georgia supersedes Missouri in value at \$48,980,000, the valuation in the latter state being \$38,295,000.

The value per head varies from \$165 for the Southern Carolina mule to \$82 for the animal raised in Nevada.

Texas' position as a mule-producing state is shown by the fact that it has more than thirteen times as many mules as all the New England States, New York, New Jersey and Pennsylvania combined; nearly three times as many as the states of Ohio, Indiana, Illinois, Michigan and Wisconsin and five times as many as the far-western states, which include Montana, Wyoming, Colorado, New Mexico, Utah, Arizona, Nevada, Washington, Oregon and California.

### Orient Shops Are Coming

And I want to clean and press your suit before they get here. I also have over 1000 nice wool fabrics for you to select your suit from, call and see me at Stults' store.

By Morris of Wichita Falls, who has been visiting Joe Jeffcoat and wife, returned home Tuesday.

P. L. Hart returned Saturday from Vernon where he had been serving as juror on the case of Clarence Weatherford, charged with the murder of John Howell near Thalia in the summer of 1910.

## Fargo News

Well, Mr. Editor of the Reporter, did you ever see anything equal the snow storm of last week, it sure was horable, several of the pupils of the Fargo school stayed all night at the school house rather than try to go home.

If anybody has lost or needs any dogs they can find them at Fargo, never seen as many dogs in all my life, all kinds, colors and sizes, it seems like they want to stay with Dan Coffee.

G. S. Upshaw has lost seven or eight fine hogs in the last few days from some cause or other, some seems to think that it is cholera, there has been several head lost around Fargo with similar disease this winter.

Farmers of this part are all rejoicing over the good rain that fell Saturday and Saturday night, those long faces they have been wearing for the last few months have disappeared and smiling faces taken their places.

G. S. Upshaw and Bill Collier have returned from Wheeler county, where they went after seed corn, they report everything in fine shape up there but don't like well enough to move there.

Fargo has quit the 42 game, and have taken up the old game of checkers, have got some good to, have plenty of room and two boards, so you lovers of the game come down and see us.

J. P. Hamilton passed through Fargo one day last week enroute to Vernon. J. P. is an old settler of this county and is well known by all.

Quite a lot of sickness is reported in our community this week, in the nature of lagrippe and nettle rash, but all in a mild form.

Mr. Godby, who returned from Hot Springs, Ark., where he went for the benefit of his health is greatly improved.

Wonder how Bill Collier likes the picture he received while in Wheeler county, they all like Bill.

Dan Coffee, Assistant Manager of the Union Dairy, was sight seeing in Vernon Thursday.

Mrs. Bob Colman has been very sick this week, but is reported some better at this time.

C. F. Doan passed through Fargo Thursday enroute to Vernon to attend court.

Mrs. Henry Key is in St. Louis this week buying her spring stock of Millinery.

C. T. Mason was transacting business in Vernon Saturday.

Hardie Collie was in Vernon Monday looking around.

A. T. Hays is building a storm house this week.

SAMBO.

### Off To Blair, Okla.

Ira Allen and family will leave this evening for Blair, Okla., where they will make their future home. This is one of Odell's most highly respected families, and their departure leaves a vacancy in Odell's citizenship, one that will be hard to fill.

Mr. Allen has been an employee at the Scott & Sutton gin, he informs us he will engage in farming near Blair, Okla.

Before leaving, Mr. Allen ordered the Reporter and Dallas Semi-Weekly Farm News sent to him one year.

The Reporter has received paid up subscription since the last report as follows:

T. B. Priddy, Tolbert, Route 2.	
W. A. White, " "	
J. C. Hughes, " "	
S. B. Sutton, Odell	
H. C. Mason, " "	
R. D. Sutton, Canton, Texas.	
T. M. Wallace, Mesquite, Texas.	
Ira Allen, Blair, Okla.	

By Morris, who formerly lived here, but now engaged in farming near Wichita Falls, was at Vernon last week as a witness in the case of the Nichols boys trial.

C. W. Pollard and N. McDaniel drove through to Vernon Saturday evening to be at the Nichols boys trial.

Geo. B. Newton has accepted a position as clerk at W. T. Gibbins, he to commence the first of next month.

B. D. Smith, W. T. Collins and W. P. Starr went down to Fort Worth last Wednesday, returning Friday.

T. H. Holloway and wife are visiting at the home of their daughter, Mrs. James Leak, at Vernon this week.

I. G. Fillingim and wife of Turkey, Hall County, Texas, are here visiting his parents, A. T. Fillingim and wife.

Rev. H. C. Mason handed us a dollar today for one years subscription, thus the Reporter's mailing list continues to swell.

Don't forget to visit the big "good stuff dry goods store" while you are in town, we have just what you want, Williams Bros.

A. J. Smith, a prosperous farmer, living on route 2 out of Tolbert, was in town today and ordered the Reporter sent to him one year.

The Baptist Sunday School was organized here Sunday, electing Rev. H. C. Mason, Supt.; W. M. Scott, Asst. Supt.; Miss Willie Mason, Secretary and Treasurer; Miss Janette Farley, Assistant Secretary and Treasurer; Miss Edna Archer, Organist.

Mrs. Geo. Buford, of Elmer, Okla., has been visiting her mother, Mrs. L. A. Britton here, returned home Monday after a three day visit.

T. B. Priddy was trading in town last week, and while here came in and ordered the Reporter and Fort Worth Record sent to him one year.

E. C. Austin was busy this last week assessing the people in this part of Wilbarger, working under E. M. Rogers, the present tax assessor.

Mrs. Hogas, living here has a little son four years old today, and this is his first birthday, Thursday, February 29, this is something unusual.

We are going to handle the largest stock of dry goods we ever carried in Odell, new goods coming in all the time. Williams Bros.

Over 1000 all wool facrics to select your spring suit from, call and see whether you want to order or not. A. H. Gearhart, The Old Reliable Tailor.

FOR SALE—Eggs \$1.00 a setting, I have the full blooded Barred Plymouth Rock chickens. A. C. Flowers, Odell, Texas.

M. C. Fowler, formerly engaged in the livery stable business here, but now living at Portales, New Mexico, was at Vernon last week as a witness against the Nichols boys, charged with the murder of Constable Holloway.

### A Correction

In last weeks issue of the Reporter, a mistake was made, in stating the capital of the Odell Lumber Company at Odell, it should have read \$15,000.

W. A. White, a prosperous farmer, living on route 2 out of Tolbert, was in town Tuesday and ordered the Reporter and Dallas Semi-Weekly Farm News sent to him one year.

FOR SALE—Five miles east of Odell, Seed Corn from 1910 crop, color, white and red, for farther information call at the Reporter office.

C. E. Sears.

FOR SALE—My (shack) house where I am living, two bedsteads and springs, bachelor stove with new drum and pipe, six restaurant stools, nice for children at table. Cheap for cash. A. P. Morris.

S. B. Sutton, one of the firm of Scott & Sutton, ginners, dropped in our office Saturday and ordered the Reporter sent to him one year, also to be sent to T. M. Wallace, Mesquite, Texas, and to his father, R. D. Sutton, Canton, Texas.

NOTICE—To all Odd Fellows and members of Odell Lodge No. 730, you are hereby requested to meet in call session at hall Friday night Mar. 1 at 7:30 p. m. for the purpose of conferring degrees. G. B. Newton, N. G.

R. A. January returned to Vernon Sunday, being a petit juror for this weeks term of court. Mr. January was one of the jurors on the case of Clarence Weatherford, charged with the killing of John Howell near Thalia, the defendant being given five years in the penitentiary.

# Mrs. Housewife

## Stop Cleaning Smoky Lamp Chimneys and Old Burners.

Our New Lamp Burner will give light six times as much as the old style lamp burner, and a clear white light. You can turn light as high as you want to—it is impossible to smoke chimney. You burn lamp in room all night. No bad smell from kerosene. Gives a steady even light, does not hurt the eyes, burns any grade of kerosene oil, fits any No. 2 lamp, no mantle to break, no black chimney to wash every day, always clean.
