

From The Editor's Window

BY MRS. J. S. YEAGER

It is said the government of Australia has asked the United States to order home the Australian girls who formerly worked for the American Armed Forces in Manila and then went to the United States seeking work.

The Australian Embassy at Washington has asked our state department, according to the report, to cooperate in having the girls ordered to return to Australia.

Eastern Iran was recently visited by a disastrous earthquake. Many people lost their lives and the damage otherwise very great.

The quake was said to have occurred at midnight, and totally unexpected, on the night of October 6.

An ancient Roman defense wall thought to have been built about 200 A. D. around Canterbury, England, has been discovered in excavations where the wall was hit by a bomb in 1942. The wall is said to be in good condition due to the fact that a later wall was built using it as a core and covering it with a flint facing. The ancient wall is said to be six feet thick and eight feet high.

The young king of Siam was injured in a car wreck in Switzerland October 6 and is reported in danger of losing his right eye.

The king's injuries, which were mainly facial, were caused when a midget car he was driving crashed into the rear of a truck.

"I don't like your heart action," said the family doctor to the young man, "but of course you've had previous trouble with angina pectoris."

The youth heaved a deep sigh. "Yes, doctor, I have but you haven't got her name right."

Hubby:—"We must think of the future. We ought to economize more. If I were to die where would you be?"

Wife:—"Why, I would be right here. The question is where would you be?"

An exchange says that some persons will go right on buying bread and meat and depositing money in a savings account when they do not have a fur coat in the family.

A new United States postage stamp will be issued November 19 in commemoration of the 85th anniversary of the Abraham Lincoln Gettysburg address.

The stamp is thought to be the first ever issued to commemorate a speech.

The new stamp will first go on November 19 when a program in keeping with the anniversary date will be presented.

It was recently announced in London that King George has awarded the Albert Medal to Dr.

Coke Backs Porter For U. S. Senate

Coke Stevenson for governor and as a candidate for the United States Senate in the late democratic primary, announces his support of the Republican candidate, Jack Porter, for the Senate.

The former governor said at Austin there's "no legal or moral obligation" on the part of anyone to support Johnson in the general election, since Johnson is not the actual nominee of the Democratic party.

I could not support anyone who is the beneficiary of fraud and corruption, I could not put the seal of approval on anyone who might have a forged deed to a piece of land then try to keep the land for his own property.

Farmers May Limit Number Of Cattle

United State Department reports that farmers in the corn belt may limit the number of beef cattle to be fed this winter because of fear of a drop in price by marketing time.

Although there is plenty of feed grains at prices apparently the department said reports show that the number of cattle to be fed will be about the same as last year. Feed was scarce and high price prevailed in 1947.

Enterprise Club Elects Officers

Enterprise Home Demonstration club elects officers at meeting held on October 14. Mrs. Hubert Patton was elected president of the Enterprise Home Demonstration club at a meeting in the home of Mrs. E. J. White.

Officers named to serve with Mrs. Patton are Leon Kendrick, Vice president; Mrs. S. G. Sherman secretary and treasurer; Mrs. Ray Young reporter and Mrs. Wesley Patton as council delegate.

T & P Recreation Hall Celebration To Be October 28

First Anniversary Celebration of the opening of the Texas and Pacific railroad's recreation center on the second floor of the Baird railway station will be Thursday evening October 28.

L. C. Porter, vice president of operations, together with many other officials, will be present. An invitation has been extended to employees and friends throughout this area. President Volmer cannot be present.

At a cost of around \$25,000 the second floor was transformed into recreation rooms, including places for billiards and pool reading and lounging quarters, showerbaths and the trainmaster's office. They are well patronized by the rail employees.

Tuscola May Vote Off Incorporation

Tuscola voters will go to the polls on October 30 to decide whether or not to remain an incorporated about two years ago by a large majority.

The call was issued for the election by county judge Wiley Caffey after a petition bearing 81 signers had been presented for the election.

The petition cited among other things, we desire abolishing of the incorporation for various reasons. The list of signers contained names of some who reportedly signed the petition but intended to vote for retention.

One voter declared that to abolish the incorporation would depreciate the value of property 25 per cent. My home is now held for \$4,000 but I'll take \$1,000 less if the town goes backward.

One or two business men were reported to have said if the incorporation was voted off they would move their business to some other place.

Rising Star Wins Over Baird 26-0

Unbeaten Rising Star Wildcats continued their march to conference victory at Baird Friday night. When they defeated the Baird Bears in a game there 26-0.

Displaying unusually good passing attack, the Wildcats were able to edge out the fighting Bears with Criswell, Howard and Gibson going to the pay dirt.

The Bears kept up a good defensive fight throughout the game, with Jimmie Cauthen, Jack Yarborough and Dwight Mayes scoring for that team.

Rising Star made sixteen first downs to Baird's 11.

Ellenburger Test North Of Baird

Locations for new oil explorations to the Ellenburger or production above that point have been filed with the Railroad Commission for Callahan and Palo Pinto Counties.

The Callahan project will be a try for deeper production in the old shallow gas field area six miles north of Baird. It will be the Swiss Oil Company of Dallas Murray Harris No. 1 located 330 feet from the south and west lines of section 114, BB B & C. Survey.

Honest Policeman Found In Chicago

According to a news report in one of the daily papers, there has been found one honest policeman. "Patrolman Leonard T. Michalski called up the owner of a wallet he found on his beat.

According to the Police Digest magazine for Chicago Policeman, when the excited claimant received it, he found that his six thousand dollars still inside the wallet.

Michalski refused to take the one half of one per cent, or \$30 that the owner offered him as a reward for finding the purse."

Texas School Children WILL Receive \$154 For Fire Prevention Essays

AUSTIN, October 15. — This year 44 Texas public school children will win cash prizes totaling \$154, announces Marvin Hall, State Fire Insurance Commissioner.

The prizes will be given to winners of two contests sponsored annually by the State Fire Insurance Department. One is the fire prevention slogan contest which ends November 1, and the other is the fire prevention poster contest which ends May 1.

Saying that although the Fire Insurance Department was not trying to rival the fabulous contest-and-prize radio programs, Hall believing young "Contestants" will really have to know their prevention questions and answers to win a prize in one of these contests.

Rules for both contests have been sent Texas Public Schools, Hall urged that teachers see children follow the rules closely, a for example, last year a number of very good slogans were disqualified because they exceeded the set twelve words.

See your school teachers for further information, on how to win a prize.

J. C. Creswell Dies In Abilene Oct. 16

J. O. Creswell, an Englishman, 84 and a former resident of Callahan county moved to Abilene about 25 years ago, where he has resided since until his death at his home in Abilene Saturday.

Mr. Creswell, left his home in England when 18 years of age coming to America, and locating in Callahan county and starting a ranch on the Jim Ned in the southwest corner of Callahan county and along the east line of the Taylor County. He began purchasing land as soon as he located and built up a ranch to contain more than twenty thousand acres of land, which was stocked with livestock of various kinds. He had lived in Callahan and Taylor counties for 66 years at the time of his death.

Actual Induction Will Begin Soon

According to Thomas Williams member of the Callahan Taylor county draft board, the first Abilene men to report will be called within the next week or two, for pre-induction physicals.

The draft board has received two calls for registrants, each for ten men, Williams reported.

Williams predicts it will be after Christmas before any local men are called for actual induction physicals. However, several will have to report to the Lubbock office before that time for pre-induction examinations.

A. C. Billingsly Called By Death

A. C. Billingsly of Cross Plains, retired oil field worker and driller, died at his home in Cross Plains Thursday morning after an illness lasting for more than a year. Billingsly was born on Feb. 17, 1871 at Suffield, Texas. He is survived by his widow and four daughters; Mrs. Hubert Johnson, Big Spring; Mrs. E. M. Pancake, Jr., Wichita, Kansas; Mrs. Max D. Mary Billingsly, Hollywood, California. All were there for the funeral. Funeral services were held at 10 O'clock Friday morning at Higginbotham Funeral chapel with the Rev. Arthur C. Evans, pastor of the First Presbyterian Church officiating.

Burial was in the Cross Plains cemetery under the directions of Higginbotham Funeral Home.

Government Can Stop Inflation

Garfield Cox, University Economist of the University of Chicago, says inflation can be stopped at any time the Administration wants it stopped. He told the management institute for smaller business that additional taxes and policies and postponement of public works construction could stop rising prices.

He thinks it doubtful, however, that the administration will call for these measures in an election year unless a much larger portion of consumers were hurt by the inflated prices.

If the boom continues into 1949, it might, however, that it preferred to run the risk of checking the boom earlier rather than taking a chance on its collapsing of its own weight late in the presidential term.

American Legion Holds Barbecue

The Eugene Ball Post American Legion at Baird at its second annual Armistice Day Barbecue. The committees were appointed and program planned.

They begin at 10:45 on Thursday November 11. A memorial service will be held at 11 and a barbecue will be served at noon.

The principle speaker has not been named as yet. A dance will be held at the Legion Hut in the evening.

This is the second Armistice day barbecue held by the Baird Legion Post. The public is invited to attend the memorial service, and to assist in the program.

Mrs. Fred Heyser and Mrs. Weldon Flemming were Fort Worth visitors Wednesday.

Worldwide Scout Organization is Peace Hope, Scout Executive Reports

"A world-wide Brotherhood of Scouts is the world's one remaining hope for a lasting peace," were the key words outlined in Field Executive Steve Potts' address as he spoke before approximately 40 Scouts and parents at Tuesday night's Boy Scout Court of Honor held in the basement of the First Presbyterian Church.

Every since Boy Scouting was started throughout the lands of the world there has been a dim ray of hope for a continuing of peace and freedom," Potts, a resident of Eastland and a representative for the Comanche Trail Council, stressed in his speech.

"Boy Scouts, regardless of race, color or nationality, have laid the foundation of freedom and peace to the world," he told the Scouts. "Ever since the beginning of mankind there has been some kind of scouting."

Following his outlined address of scouting's goal, Executive Potts presented rank candidates of Troops 101 and 58 with Scout badge awards. Members of Troop 101 who were awarded Scout badges of higher rank were Freddy Smith and Harry Warren, second class; Skip Porter first class and Bill Mitchum, Scoutmaster's highest award—the Eagle Scout Award. Scouts of Troop 58 who were present to receive badges were Buddy Deen, second class and Ervin Allen Brunken, first class.

New Scouts participating in the Tenderfoot Investiture ceremony were Bob Bennie, Bill Bennie,

Benny Pippet and Ralph Green. Bill Mitchum and Freddy Smith were senior Scouts in charge of the scenic candle ceremony and services. Charles Graham, Scoutmaster of 101, and Homer Tompkins, Scoutmaster of 58, spoke

Wranglers Score Only Touchdown Against HSU Frosh

ABILENE, Texas. — Flushed with four victories in four games after their 20-0 conquest of West Texas State Saturday, the Hardin-Simmons freshmen are preparing for their final contest of the season Friday against the Texas Tech Plebes in Lubbock. The H-SU freshmen have had only one touchdown scored against them, that by Cisco Jr College.

It has been a group composed largely of West Texas high school graduates who have provided Coach Al Milton with three victories over junior colleges and one against the West Texas Plebes. Among the list are Bill Cagle and Wade Musgrove of Childress, Bob Hart of Levelland, Cush Holder of Ranger, Gene Offield of Breckenridge, Jimmy Riddle of Wichita Falls, and Bob Blair of Eastland.

FROM THE—

(Continued From Page One)

Arthur Richard Cecil Butson, of London, for gallantry in saving the life of an American caught in an Anarctic ice crevasse.

In July, 1947, an American member of the Ronne Antarctic Research Expedition was rescued by Dr. Butson from the crevasse about 6 miles from the expedition's base. The American's name was not given in the report.

A WAR HANGOVER

War hangovers have left many headaches, and the cure for one of them will be sought in Chicago next week when 10,000 persons gather for the National Safety Congress.

The headache? What to do about the post-war accident problem.

Industrial safety engineers are confronted with protecting workers from the hazards of such war-born problems as the atom, jet propulsion, supersonics and rocket missiles.

Traffic authorities face the increased hazards of a boom in automobile ownership and speeding travel.

School people are struggling with increasing enrollments and looking fearfully to the day when the wartime baby crop trudges off to school.

These and other problems will be sprinkled liberally through the 200 sessions and the counties corridor conferences when the 36th annual convention of the National Safety Council opens for five days.

Virtually everyone with a stake in accident prevention will be there. Industrial safety engineers; federal, state and city officials; representatives of community safety councils; civic organization leaders; insurance company executives; plant superintendents and supervisors;

doctors and nurses — all will take part in the discussions of safety on the job at home, on the streets and highways, on the farm and in the schools.

"Be Careful — The Life You Save May Be Your Own!" is the theme that will tie together all the activities of the Congress. This theme is aimed at the common booby-trap belief that an accident always happens to the other fellow.

Social Security Representative to Be Here Thursday

Glen McNatt, field representative of the Abilene office of the Social Security Administration, will be at the Cisco Post Office at 2:00 P. M. on Thursday, October 21. He will be at the Army Recruiting Office in Eastland at 10:00 A. M. on the same date, and at the Ranger Retail Merchants Association office at 3:30 P. M. on Wednesday, October 20. Persons wishing to file retirement or death claims, on having social security problems to discuss, should call at whichever point is most convenient.

More than 14 million dollars in cash benefits were lost by American workers in commerce and industry and their families last year, because they delayed in them.

Some of that money may have been lost by Eastland County residents.

You may not be a missing heir, but you may be missing social security benefits. Readers

of this newspaper who have worked on jobs included under the Social Security Act are reminded to contact the Abilene office of the Social Security Administration when they are 65 years of age. This can, of course, be done by mail, or by talking death of a worker who might be with the representative when he visits Sweetwater.

Charged With Murder of George Polk

Gregory Staktopoulos, Greek leftist newspaper man, his mother and two fugitive Communists have been charged officially with the murder of George Polk. Polk, an American radio correspondent, was killed in Salonika, Greece, last May.—NEA.

HE SAVES SOMETHING

Driven from his home by a fire that destroyed 14 houses in the Coney Island section of Brooklyn, this man carries his portable belongings down an open stairway to safety. Eight persons were injured and 150 driven from their homes.—(NEA Telephoto).

J. E. Free was in town in the Nimrod community the first of the week and reported the Nimrod well to be drilled to about 3900 feet and the hole was standing about 1700 feet in oil. Mr. Free owns some royalty near the well.

Mrs. Grady Pruet was shopping in Baird Monday morning and visiting among friends.

Bill Shirley was in Baird Monday looking after business interest and meeting old friends.

Mr. and Mrs. W. A. Ramsey were in Cisco Monday attending the livestock sale while Mrs. Ramsay was shopping and visiting with her daughter Mrs. W. M. Isenhower.

W. J. Shirley was transacting business in Cisco Monday and attending the livestock sales.

Earl Shirley was in Cisco looking after business interest Monday and attending the livestock sale.

Mrs. Earl Jobe was visiting with her sister in Abilene the first of the week who is leaving Abilene.

Mr. and Mrs. Hershell Wagley attended the State Fair at Dallas over the week end going down Sunday and returning Monday.

H. S. Wagley has purchased a home from I. G. Mobley and moved it across town on Highway 80. He is associated with his brother Hershall Wagley in the Wagley Garage.

Tom McIntosh of Clyde was in Putnam the first of the week visiting in the home of his brother A. McIntosh and nephew Elmer McIntosh.

Mrs. Kattie Franklin made a business trip to Eastland one day the past week.

Mr. and Mrs. I. G. Mobley attended the ball game between Rising Star and Baird Friday evening.

Chester Pruet of Arkansas was here over the week end and

visiting with his father and wife Mr. and Mrs. G. S. Pruet.

Mrs. Nora Baysinger of Gainsville was here the past week end looking after the interest of her brother John McGee, who has been failing in health for some time.

Mrs. George Henry and children were in town Saturday replenishing their grocery supply for the week end.

Mr. and Mrs. Glenn Thames were in Putnam Saturday afternoon visiting relatives and looking after business interest.

Fred Heyser was in from his ranch in the Zion Hill community. He says he has some wheat up to a stand but doesn't think he can sow now and get it up.

Mr. and Mrs. Michell of Crane are here visiting with Mrs. Mitchell's parents Mr. and Mrs. G. W. Damon. They will be here about two weeks before returning to Crane.

Mrs. J. R. Burnett and nephew H. A. McCanlies Jr. were visiting in the home of Mr. and Mrs. J. S. Yeager Saturday.

Charlie Childs was in from his ranch west of town Friday afternoon and reported he was sowing wheat but did not think it would come up until it rains.

Raymond Clark returned from Bosque County to spend the week end with his family. He is manager of the Carter ranches here and in Bosque and Palo-pinto Counties.

Navy Will Honor Dead Heroes Who Are Buried At Sea

New Orleans, Oct. 15. — Navy planes will swoop low over the Gulf of Mexico Sunday, Oct. 24, to scatter blankets of flowers in remembrance of heroes from Texas, Louisiana, Arkansas and Oklahoma who were buried at sea.

The traditional Navy Week ceremony will be preceded by memorial services here and at Corpus Christi, Rear Admiral L. F. Reifsnider, USN, Eighth Naval District commandant, said.

Similar services will be held in 24 other U. S. foreign ports.

Flowers received from relatives and friends of the war dead will be placed aboard planes following Navy - conducted religious rites, the admiral said, then will be flown to sea and scattered on the water.

Individual flower honors from the four-state area were asked to

send one bloom each, white organizations may send sprays or wreaths.

Flowers should be mailed to arrive by midnight, Saturday, Oct. 23 and should be addressed to public information officers either at district headquarters here or at the naval air station, Corpus Christi, the Navy said.

Cisco High School Band Invited To Special Clinic

The Cisco High School Band, directed by Fred Baumgardner, is one of sixty bands invited to a clinic to be held at Howard Payne College in Brownwood on October 21 in connection with the appearance of the United States Navy Band there.

Directed by Lt. Cmdr. Charles Brendler, the Navy Band will play two concerts in Memorial Hall, one at 3:45 p. m. and another at 8 p. m. These concerts are being sponsored by Howard Payne and the American Legion.

The program for the clinic at Howard Payne will include a morning session from 9 a. m. to 12 noon and a parade by participating bands in the early afternoon.

Leading the clinic will be Dr. Russell Wiley, conductor of the university bands at the University of Kansas. He will play, interpret, and give special instructions for band performances of seven numbers prescribed for the competition festivals of the interscholastic league in the spring.

University Offers Advanced Course To Butane Dealers

AUSTIN, Oct. 16.—Based on

the success of training given throughout the state to butane dealers and other personnel, an advanced course will be offered by the University of Texas on December 1.

The entire state has been covered by the University's Bureau of Industrial and Business Training in the first butane dealer's program to be given.

Service and maintenance personnel, as well as dealers are invited to take part in the courses. Work is offered in cooperation with the Texas Butane Dealers Association.

Early Frost Hurts Some Fall Gardens

The Cisco area received its

first killing frost for the winter Sunday night and Monday morning when the temperature reached a low of 37 degrees. Many fall gardens were severely damaged and some tender flowers were nipped.

The frost was the earliest in many years and caught most people napping. The high for the day was 65. The high so far this month was 90, which was recorded on October 15.

The barometric pressure has ranged from a low of 29.59 on the 6th, to a high of 30.40 on the 17th.

So far this month 1.4 inches of rain have fallen with much of the month being partly cloudy to cloudy.

A soporific is a medicine in ducing sleep.

Assistance Checks To Be Increased Remainder of Year

Payments to those who are dependent upon Old Age Assistance Aid to the Needy Blind, and Aid to Dependent Children were increased on average of about \$2.00 on October 1, 1948, as a result of recent changes in the Federal Security Act, according to Dee Burleson, local field worker for the State Department of Public Welfare. In the dying days of the regular session of the 80th Congress, the matching formula by which federal money is allocated to the states was changed. The new federal formula provides

about 64 per cent federal to 36 per cent state. There is, of course, no federal money allocated any state except on this matching basis.

Had not additional federal money been made available, it would have been necessary to reduce each old age assistance check between \$2. and \$3. during each month of the present fiscal year. It is now possible to avoid this cut and instead raise checks \$2., and to adopt a maximum payment of \$50. in the old aged and blind programs; and \$27. for the first child in a family and \$18. for each additional child in the aid to dependent children program. All adjustments have already been made, and it has not been necessary for those receiving aid to visit the welfare office to secure such raises as are possible.

1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work—in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employe!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employes an annual raise which would average \$1500 per employe!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.

Railroads Run for Everybody—Not Employes Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. *Everybody who enters railroad employment knows this.*

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. *But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!*

105 WEST ADAMS STREET • CHICAGO 3, ILLINOIS

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

DEMOCRATS . . . STATES' RIGHTEFS . . . REPUBLICANS

WE ALL WANT TO VOTE FOR JACK PORTER!

We can!

Article 2981 of the Laws of Texas (Enacted 1905) specifically provides for the voting of a split ticket in a GENERAL ELECTION.

Scratch all candidates for U. S. Senator except the name of JACK PORTER. Your vote will be counted, and your choice for Senator, JACK PORTER, will be seated.

The so-called loyalty pledge does not apply to the election on November 2. It is a GENERAL ELECTION all over the United States. It is NOT a state primary.

This has been so held by our courts and by the Texas Attorney General's Department for years past.

(Pol. Adv. paid for by Porter for Senate Committee, Lloyd Wheelock, Chairman.)

Japanese Suicide PT Boat Will Be Exhibited In Cisco Saturday

One of Japan's suicide PT boats will be exhibited in Cisco next Sat. Oct. 23rd.

This fantastic weapon was known in Japan as the "Shinyoti" which translated means, earth rocking ocean boat. It was developed by the Japanese as part of the fanatical plans made for the defense of their home islands and it was used with devastating effect on American ships at Okinawa.

This suicide boat is 18 feet long and is powered by a Japanese built copy of an American 5 cylinder valve-in-head engine. It was capable of speeds up to 50 MPH.

Loaded in the bow was a 675 pound Anti-submarine depth bomb rigged with a contact detonator. The pilot a member of Japan's suicide corp, was expected to join his ancestors in the fulfillment of his mission.

Also on exhibit is a set of the 32 pound shoes that were locked on the suicide pilots feet to insure his willingness to carry out his suicide assignment.

The PT Boat was captured intact at Amami O'Shima in the Ryuku Islands. It was brought to this country by the Navy Department for test and observation. It is now on loan to the Navy Club of U. S. A. and is being toured nationally by them.

This exhibit is open to the public. There is NO ADMISSION charge, however, VOLUNTARY donations are gratefully accepted and funds so raised help the Navy Club continue its welfare and rehabilitation program.

Navy Club of U. S. A. is an accredited non-profit veterans organization. It was incorporated by Act of Congress in 1940.

and is dedicated to the welfare and rehabilitation of Naval personnel of all wars.

The PT Boat and many other interesting trophies will be exhibited in a specially built trailer

located at Avenue D and 7th from 10:00 a. m. to 9 p. m. one day only.

If you are now or have served in any branch of the Naval Service be sure to sign the visitors log after viewing the exhibit.

Pirates of the 17th century were called buccaneers.

Modern polo was developed in India.

New Book Answers Questions Regarding Animal Habits

Do snakes eat human beings? Do ostriches actually hide their heads in the sand? Why do monkeys search their hair? To answer those and other

questions asked by both children and adults, Dr. O. P. Breland, University of Texas zoology professor, has written a book for the layman. "Animal Facts and Fallacies."

Written in question - answer form, the book should satisfy the readers curiosity on mammals, birds, fish, amphibians,

and reptiles. It has been selected as a book of the month by the Natural History Book Club, for distribution to members.

Arthur Grist is Called By Death

Fred T. Grist received word Saturday afternoon of the death of his father, Arthur Grist, who had just passed away of a heart attack in the home of his daughter, Mrs. J. F. Airhart, at Raymondsville.

Funeral arrangements were incomplete, but interment will be made in Cisco early this week. His wife and other members of the family were buried here.

The deceased was 86 years of age, having been born at Straud, England, on August 12, 1862. He was a member of the Methodist church and of the Masonic fraternity.

He is survived by his son, Fred T. Grist of Cisco, and five daughters, as follows: Mrs. Paul Fisher, Bayard, New Mexico; Mrs. G. C. Bryant, Dallas; Mrs. Edgar Airhart, Knott, Texas; Mrs. E. V. Ellis, Sweetwater; Mrs. J. F. Airhart, Raymondsville.

SCHOOL RECEIVES GRANT

Austin, Oct. 16.—The University of Texas College of Pharmacy has received a \$5,250 research grant from Lederle Laboratories, Inc.

The money will be used for research work under direction of Dr. C. O. Wilson.

Funeral Services Held Saturday For Former Resident

Notice was received in Cisco Saturday of the death of Mrs. S. A. Newman, former Ciscoan, who died Friday at the home of her daughter Mrs. Frank Watts in Houston.

Mrs. Newman came to Cisco with her husband from Albany where they were married.

After leaving Cisco, she made her home in Fort Worth until several years ago when she went to Houston to live with her daughter.

She is survived by two daughters, Mrs. Watts of Houston and Mrs. R. R. Yancy of Fort Worth. Also surviving are two grandchildren, Bill Yancy, Fort Worth and Miss Ann Watts, Houston.

Funeral services were conducted at Albany Saturday at 5 p. m.

Mrs. Newcomb was a member of the Pioneer Matthews family of Albany. Her daughter, Miss

Fern Newcomb formerly was an employee of Cisco Post Office; Mr. Newcomb was bookkeeper for Reynolds Oil Mill here.

Mother Of Local Woman Dies In Altus, Oklahoma

News was received here Saturday of the death of Mrs. Florence English, formerly of Brownwood, mother of Mrs. V. W. Penn of near of her death. She is sura fall which she sustained about ten days ago in the home of her daughter, Mrs. Ida C. Piper of Altus, Okla.

Mrs. English has many friends in Cisco, having visited here many times with her daughter and family, who will regret to hear of her death. She is survived by several children and a large number of grand children.

Funeral arrangements are pending, but will probably be held Monday in Brownwood.

Kleiner Field Assured Of Another Good Producer In Kincaid No. A-5

The Lone Star Producing and Developing Co. early today completed what appears to be one of the best wells yet drilled in the Kleiner Field when they cleaned out and placed into production their Kincaid No. A 5. The new well is an offset to the Hickock, Kleiner No. 4 which was completed recently as a fine well.

The well, a Mississippi lime producer, was drilled to a total depth of 4,075 feet, topping pay at 3,711 feet. The top 200 feet of the lime produced a large quantity of gas and the bottom 136 feet contained oil of approximately 43 gravity. The pipe was perforated from 4,010 feet to 3,915 feet and the well was given a treatment of 500 gallons of acid. Tremendous gas pressure kept it from flowing without assistance.

Lone Star was drilling today on their No. 2 G. W. Daniels at a depth of 2,340 feet. They were in sand shells and operations were slower somewhat. They expect to complete the well next week.

They were moving in machinery and rigging up on their Kleiner, B1 and hoped to begin drilling operations in the area.

Lone Star was also digging pits for their Mitcham, No. C 7 in the prolific Lake Sand pool north of Cisco. Drilling was expected to begin this week. They reported that completion of their Brooks, No. 8 was delayed due to trouble with the cement job, and that machinery was being moved in to finish the well. Completion is to be made in the Bond Sand, a new pay strata for that section.

South of town, near Romney, the Del-Lak Oil Co. of Delevan, Wisconsin is moving in on their 1,500 acre tract, and expect to the Del-Lake Oil Co. of Delevan, begin operations this week. Frank A. Proctor Jr. will be in charge of the operations in the Cisco area.

Also to the south a new Caddo strike was in prospect as Tom L. Sessions prepared to complete his No. 1 Ed Duggan. Pipe will be set after a drill stem test sent oil spouting almost to the top of the derrick. The depth was believed to be near 2,600 feet. The new strike is approximately 12 miles south of Cisco. The Caddo is the formation from which the Pioneer field produced.

A chucker is a period of play in polo.

Salesmanship Book Prepared By Texas University

Austin, Texas, October 20—The University of Texas Bureau of Business Research announced the publication of "A Selected and Annotated Bibliography of Literature on Salesmanship," the fourth in its series of bibliographies.

The new bibliography was compiled by Ralph B. Thompson, Assistant Professor of Marketing in the College of Business Administration at the University. The six-page bibliography contains works on salesmanship, history of selling, types of selling, persuasion, psychology of selling, selling as a career, sales management, retail sales management, and periodicals.

Copies of the bibliography may be obtained free of charge upon request to the Bureau of Business Research.

Father of Cisco Man Called By Death Tuesday

Word was received in Cisco today of the death of Judge B. L. Russell, 83, father of O. J. Russell of Cisco, who died at his home in Baird Tuesday night after several years of failing health. Mr. Russell had been a practicing attorney in Callahan county for many years and maintained an office up until his death.

He was a prominent civic and church leader of Baird and was County Attorney and County Judge for a fourteen year period. He was also a former member of the state legislature. For many years he had served as attorney for the Texas and Pacific Railway Co. retiring a few years ago.

Mr. Russell was born in Berona, Miss. on October 25, 1864 and moved to Callahan County town some sixty years ago. He was married to Miss Katy Surles on April 12, 1891. He was a dea-

con of the Baptist Church in Baird and had been a member of the Masonic Order for many years. He was a 32nd degree Mason, a member of the Shrine and Knights Templar.

Funeral services will be conducted Thursday at 2:30 p. m. at the First Baptist Church by Rev. A. A. Davis. He will be assisted by Rev. John English and Rev. W. B. Swim. Burial will be in Ross Cemetery.

He is survived by his wife of Baird; two sons, O. J. Russell of Cisco and B. L. Russell, Jr. of Baird; and eight grandchildren. Another son, Wendell Russell, lost his life in World War I.

The grandsons of Mr. Russell will serve as pallbearers. Wylie Funeral Home in Baird is in charge of arrangements.

Eastland County Club Boy Sells Calf At State Fair

Guy Warden, 4-H Club boy and son of Mr. and Mrs. T. E. Warden, Eastland, recently exhibited and sold his 1-160 pound club calf "Bulldog" at the Texas State Fair at Dallas.

The calf, bred by Quincy Corbett, prominent Stephens County Rancher, was nineteen months old and was purchased by Guy in the spring of 1947. He was shown at both the Ranger and Cisco livestock shows last spring. He was brought back home and fed out for the Texas State Fair Show where hundreds of the top calves were shown recently.

Guy was aided in grooming and dressing the calf for the show by his older brother, Jim Tom Warden, former 4-H Club boy.

"Bulldog," only club calf shown at the Dallas show by an Eastland County boy was sold at the auction following the show to the White-Plaza Hotel in Dallas. The following is a part of the congratulatory letter recently received by young Warden: "Dear Mr. Warden—It was our good to purchase your prize beef at the Junior Livestock Auction Sale this past Tuesday. We feel sure that you have already been congratulated many times on your fine achievement, but want to add our congratula-

tions and sincere good wishes for your continued success."—Signed H. H. "Andy" Anderson, Manager.

Three Cisco Boys Making Team At Baylor University

WACO, OCT. 20. One of the brightest prospects on the Baylor Freshman team is Stanley Williams, former all-state performer with the Cisco high team.

Williams has caught three touchdowns passes this season to become the leading scorer for the Cubs, who like their big brothers are undefeated, but were tied once.

Baylor Coaches have expressed much satisfaction over the play of Williams whose defensive play against the Texas Frosh last week was one of the highlights. Williams is destined for a berth

on the Bear team next fall. Playing with the Bears this season is Mitford Johnson, who transferred to Baylor this fall. Johnson has seen action in three games this season and has proven to be a capable passer and ball handler. Dan Collins, another Cisco junior college transfer, saw action in the first contest.

DESIRE TO SAVE

Callahan County Gets Wildcat Test

Callahan County has been scheduled for a new cable wildcat well through Cisco series four and one half miles southwest of Putnam. The project will be the Beard and Tullious of Odessa, No. 1 Caxton Jones, 150 feet from the east and 1050 from the south line of section 29 D and DA Survey. Permit is for 1200 foot well.

Chronical Supports Porter For Senate

Happenings on the political front the past week. The Houston Chronical comes out for Porter for the United States Senate against Lyndon Johnson the declared democratic nominee for the place.

The newspaper published by Jesse Jones, former secretary of commerce under the late president Roosevelt, on September 17 endorsed the Dewey-Warren republican presidential ticket.

During the Democratic primary the Chronical supported former Governor Coke Stevenson in the United States Senatorial race.

The argument for supporting Mr. Porter are the same as listed in an editorial supporting Governor Dewey and Earl Warren for president and vice president.

40 BALES GINNED

According to census reporter drop prior to October 1, as compared with 234 bales for the 1947 on Calahan county form 1948 drop. This is an increase of about 30 per cent over the 1947 yield in the county.

Government Sells Fighter Planes For \$150.00 Each

New Orleans, Oct. 15—The government Friday sold two P-38 fighter planes for \$150 each that cost the government \$250,000 a piece to build during the war.

The planes were sold at auction Thursday to the J. D. Reed Company of Houston, Texas. They had been confiscated from the Marshals Construction Company of Gulfport Mississippi, when the government charged that they were intended for use in a South American Revolution.

Mrs. C. E. Moore and Mr. and Mrs. Welburn Carrico of Cisco visited the Mobley girls over the weekend.

Highway Traffic Increases On 80

U. S. Highway 80, the nation's shortest transcontinental trafficway, is booming with increased travel, according to the California Department of Agriculture. From Savannah, Ga. to San Diego, Calif. more and more motor vehicles are traveling the improved 2600 mile coast to coast highway.

Because it is the southernmost coast to coast route, highway 80 is the popular winter travelway, particularly when more northerly routes are apt to be more difficult.

In recent statistics released by the California Dept. of Agriculture, showing traffic entering California it is noted that the number of out-of-state cars entering Yuma on highway 80 during hot July was 20% greater than July of 1947. The number entering at other California ports of entry decaed approximately 9%. From January to June traffic entering California on "80" increased 16%, while other entry ports showed decreases of 23% to 2.7%.

The growth of travel over U. S. 80 is said to be due to improved road conditions and to local promotion by travel minded communities located on the highway. The National U. S. High-scale national program to inway 80 Association plans a full crease travel on th all-weather cross-country expressway
