About two-thirds of the number will be produced during the first her mother, Mrs. W. R. Jackson. quarter of 1944.

Small jars of jams, jellies, and fruit spreads can now be bought ration-free.

The OPA announced that these items can be used as gifts for our boys abroad and that stocks in retail stores are relatively small. However, the OPA stated that these goods will be ration point free only during the holiday season. After that they will be sold the same as the larger jars—that is, they will pioneer settlers, Mr. and Mrs. Hezbe rationed.

It is said that thousands of articles, from radio cabinets to airplane wings, can now be made of a new plastic derived from coffee.

This new substance, still in the experimental stage, is called cafelite. The Brazilian consul to this country is reported to have said that he believes a great new market for Brazilian coffee will be opened soon on account of this new discovery.

The first week in December has been tentatively set for the marriage of Lt. Rudy Vallee, now of the Coast Guard Service, but formerly a radio singer, and Bette Jane Greer.

Miss Laura Jackson Married to Fred J. Jaeger, Jersey City

On Sunday afternoon, November 21, at four o'clock in Abilene Miss According to reports some 15,983 Laura Jackson and S/Sgt. Fred J.

> The bride's only attendant was The best man was Sgt. James Parke of Camp Barkeley.

Mrs. Jaeger was attired in a wool suit of sky blue with black shoes, hat and purse and white kid gloves. The only jewelry she wore was a cameo that formerly was owned by her grandmother.

The bride is the only child of Mrs. W. R. Jackson, lately of Moran but now of Abilene, and the late W. R.

She is a granddaughter of early ekiah Eubank. She received her ed- B and C Gasoline ucation in the Moran city schools. Ration Coupons to S/Sgt. Jaeger is the son of George Jaeger of Tiffin, Ohio. He finished St. Michael's School and is now in the service of his country and for the past eighteen months has been stationed at Camp Barkeley in Abilene.

After the ceremony the party, which included Mrs. S. M. Eubank of Putnam, aunt of the bride, repaired to the Hilton Hotel where a six o'clock dinner awaited them.

The couple will make their home for the present in Abilene.

DAIRY FARMERS PAID \$118,783 IN DAIRY FEED PROGRAM OCT.

College Station, Nov. 20 .- During the first six days of November 3,774 dairy farmers in 142 counties in Texas received \$118,783 in connection with the Dairy Feed Payment program according to a statement released today at College Station, Texas by Fred Rennels, Assistant State AAA Administrator.

Payments are being made to eligible producers who file an application for payment, with the county AAA committee in the county in which the eligible dairy products are produced, during the month of November with respect to October sales and during the month of January with respect to November and December sales.

Drafts are being issued by the county AAA committee direct to the producers presenting satisfactory evidence of sales. Milk statements or sales receipts issued by cooperatives, dairies, creameries, and others showing the amount of whole milk or butterfat purchased and the names of the seller and buyer will be considered satisfactory evidence of sales. If a producer is unable to furnish written evidence of sales, his certification of the amount sold, the number of cows milked, the amount of feed used and the customers served will be accepted as sufficient if such certification is consistent with the county committee's knowledge of the producers business.

CISCO LUMBER & SUPPLY We're Home Folks

Where our food is going ...

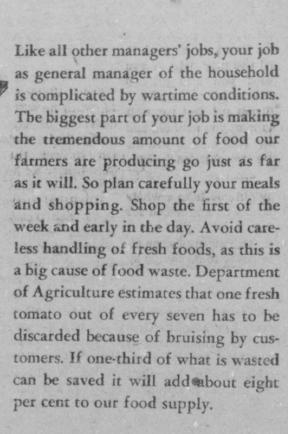

Your Government says that thirteen per cent of our total supply goes to our armed forces at home and abroad, ten per cent to our Allies and liberated peoples, and two per cent to our territories (Puerto Rico, Hawaii, Alaska, etc.).

The rest of the supply—the bulk—three-fourths of the total—stays home to feed the civilian population. This three-fourths, however, is about equivalent to the average amount of food produced in this country in the years 1935 to 1939. Not all of this supply is made up of "favorite" foods-but it is the type of food to give the citizen a healthful, balanced diet.

One-fifth of all Food produced is wasted

PEOPLE HAD BETTER TAKE STOCK OF THIS COLLABORATION TALK

People better take stock of all this post-war talk before following it too far. J. B. Condilffe, associate director of the Carnegie Endowment for international peace, in his analysis, starts out with the question of unrestricted world trade and proceeds with the simple, essential thesis that we cannot sell our goods to other countries unless we buy a proportional amount of goods from them. He thinks that the coming One other thing, soy recipes offer of peace must bring the immediate resumption of effort toward free trade through continuation of reciprocal trade treaties or otherwise, to brown quickly. They give a richtogether with stabilized exchange rates under some sort of a controling agency of the United Nations.

Now Mr. Wallace is going about over the country talking about raising the standard of living all over the world. How does he propose to miles east of Putnam; 80 acres in Winkler counties, Jim Hogg and bring this about? He doesn't tell cultivation, plenty of water. Ap- Callahan counties. Call at News you, he just talks in generalities. Ply at the News office. When he goes to equalizing the only way it can be done is by adopting a about gasoline. The gent I talked system of free trade with the world, raising the price of foreign goods wards. One place where we could and commodities and lowering the price of labor, goods and commodities in this country until they become equal. How does the cattle! raiser feel about letting the tariff down on cattle and lowering the price of American cattle on the same basis as the Argentine market? What does the farmer think about permitting China, Japan and other countries to sell their goods in American markets, forcing the price of goods down, so that we can exchange our goods on the same with theirs? The American people had better take stock before following these social uplifters further, because that's in the making on this post-war colaboration talk that

SOYBEAN FLOUR AND GRITS TO BE OFFERED IN VERY SHORT TIME

Soy products are beginning to to Boston in 15 years, Allen Tues- appear on the shelves of food stores day distributed his \$600 in cash in in the state. Within the next few rix different wallets on his person. months they'll be almost universal-At Scolday Square in the heart of ly available. You'll find both soy Boston, he met a man who admired flour and soy grits in one-pound his physique. "You certainly are packages. Or, if you wish, you can well set for your age," commented buy them in larger economy-size the stranger, feeling Allen's mus- packages. Both these soybean cles and patting him here and there. products are low cost foods. And Allen felt flattered until he return- they are rich in protein too. In fact, his room and found that all soy protein has almost the same six of his wallets and their contents quality as that in meat, eggs, milk and cheese. For that reason, you'll profit by becoming acquainted with tthese foods.

Here are some suggestions for price-Pre-war supplies. Supply using soy flour and grits. Try the flour in breads, cream soups, and sandwich fillings. Use the grits with meat and fish dishes, in an omelet or vegetable casserole, with hot

breakfast cereal or in spoon bread. Since soy may be new, you'd better follow directions for success That is, use the right amount in the

For instance, don't expect soy flour to take the place of wheat flour in thickening gravies and sauces. It hasn't the necessary starcrh and gluten for that. And you can't use it as the only flour in bread making. You'll notice too, that you use a good deal of liquid in almost every recipe. Soy flour and grits fairly drink up moisture. you a good opportunity for being generous with seasonings. And you can count on foods containing soy er brown to bend foods and a crisper crust to sausage, fried mush and
