VOL. 12

From The **Editors Window**

BY MRS. J. S. YEAGER

It is said members of our Navy, located in the frozen North, have have decided the primitive Eskimos of that region know what they are about when they come casually along dressed in furs from head ! to foot.

In fact the navy has frankly stated that Eskimo clothing is far superior to the navy cold weather combat clothing.

A spokesman said: "To keep warm, our men must wear layers of cloth, and in so doing perspire at the least provocation. The Eskimos' clothing fits more loosely, and allows for free circulation, at the same time provides maximum warmth.

This from United Press: When Mrs. Milton L. Fitch was married in 1935, she wore a pair of shoes that were 518 years old. The shoes were made in Great Britain in 1417 and were brought to the United States aboard the Mayflower.

Winston Churchill, former Prime Minister of Great Britain, recently celebrated his 73rd birthday.

He was honored at two parties one given by Mrs. Churchill for members of their immediate family, his personal physician, and a Cottonwood Woman Judge Black Sets few other close friends. The other by Mr. Churchill himself who enter-tained members of his early war Passes Last MondaY cabinet and ministers, as well as members of his family.

Mr. Churchill was reported well and in very good spirit for the two occasions.

It was reported by the President of years. of the Central Labor Office in the Russian zone of Germany that a- presstime Wednesday, however the added that plans are being made to for burial at Belton. raise the number to 40.000.

The same source also reported Mrs. Myrtle Wiseman, who had ford; April 19, seven weeks in that 700 German specialists have been living with the aged woman Taylor county; June 7, three weeks the coast opposite Cameron and been engaged by contract to work for some time. in Russia. The report was said to have been carried in next weeks issue.

Maytag Company Sets Washer Production Record

When the 54-year-old Maytag Company of Newton, Iowa, produced its five millionth washer recently, the occasion was marked by a special ceremony. Iowa Governor Robert F. Blue and leaders in business, industrial, labor and civic organizations gathered to celebrate the event which set a new record in washer production history

Tom Smith, head of the research division, which developed the modern Martag, is shown upper left, autographing the one-piece aluminum tub which has had a large share in building Maytag popularity. Assembly workers are shown below lowering the tub into its enameled steel jacket. At right, Miss, Assembly workers are shown below lowering due tub into its chainered steel facket. At right, Miss Rosanne Morgan, 1947 Maytag Queen, is christening the machine with a bottle of milk. Looking on, nearest the camera from left, are: W. I. Sparks, secretary of the Maytag Company who has been with the firm forty-nine years, Letha Trent, Miss Morgan's predecessor as Maytag Queen; Roy Bradt, Maythe nrm forty-line years, field front, may horgen i predecessor as maying cheen, key Braut, May-tag vice-president in charge of sales and advertising and president of The American Washer and Ironer Association; Verne R. Martin, Maytag sales manager; Fred Maytag II, Iowa State Senator and third

Association; Verne R. Martin, Maying sales manager, Fred Maying II, Iowa State Senator and third generation president of the washer company, and Iowa Governor Blue. The Maying Company made its first washer in 1907 and its millionth machine in 1927. Between the four millionth Maying in 1941 and the five millionth machine, Maying took three years time out from peacetime (2)duction to engage in war work. The five millionth washer is being retained by Maytag as a souvenir.
