Pam Ream Places First in District Judging

RECORD BOOKS

The following Ropes Recordbooks were sent from Hockley County to be judged at the District level. Junior books all receive ribbons but are judged on District level only.

Danny Carpenter entered in Electric and received a blue ribbon. David Carpenter won a red ribbon in Home Improvement.

Senior records submitted were Marcia Ream in Electric; Becky Carpenter in Home Improvement, with which she won third place; and Pam Ream entered in Safety, and placed first. Pam's book will go to State representing District II in Safety.

Marcia and Pam Ream judged

Junior record books in the Electric Division.

SUMMER CAMP

Hockley County 4-H Clubs held a County camp at Lake Thomas last Thursday and Friday. About sixty five 4-H'ers and their sponsors attended the summer camp.

Those attending from Ropes were David, Danny, Denise, Becky, Melanie and Mrs. Roy Carpenter, Paula McCormick, Marcia, Pam, and Mrs. John Ream.

On Thursday night we had a weiner roast and then played games which were led by the Ropes Club. We also enjoyed boat riding swimming and water skiing.

Redfords Return From Extended Trip

Mr. and Mrs. Terry Redford returned recently from an extended vacation that covered 5,400 miles, including the Expo '67 and the Metropolitan East. The escorted tour was made via the Continental Trailway Silver Eagle.

The tour left August 6th from Wichita, Kansas (where curfew was enforced due to riots) and crossed the Mississippi into Illinois where the first night out was spent at Jacksonville. Enroute they visited the home and museum of Mark Twain.

The second day was spent traveling through Illinois and Indiana to Toledo. The group of 39 travelers visited the Abraham Lincoln Home and the Lincoln Tomb at Springfield.

August 8th found the group driving past Lake Erie and on to Detroit where they crossed the international border and entered Canada where they toured the Expo '67. While in Toronto they stayed at the Royal York Hotel, it covers several blocks and is the largest hotel in the British Empire. The Expo '67 is on three islands, and the Expo train carries visitors from one island to another. An evening, night and day were enjoyed at the Expo '67.

Next on the agenda was Burlington, Vermont where 'Miss Vermont' boarded the bus and welcomed the visitors. August 11th they crossed Lake Champlain on a ferry and visited famous Fort Teconderoga. They then went on to New York where three most interesting days were spent.

In New York, a sight seeing tour was made of Manhattan and also a boat trip around the Island. They visited Radio City Music Hall and saw several stage productions. Also visited were the Bowery, Greenwich Village, the Empire State Building the Statue of Liberty, the United Nations Building, China Town, and a two and a half hour cruise was enjoyed down the St. Lawrence River.

Enroute to Washington, they visited Independence Hall, the Betsy Ross House, and Benjamin

the journey.

"It is my hope that we will be equally faithful to our proclamation of the gospel in the United States. Perhaps God in His infinite mercy may yet be able to bring us together in a new way as we seek to serve a common cause. He has done so much in the past, and we have every reason to hope that He will do so again. There are no 'curtains' in Christendom; 'curtains' are the creation of faint hearts and fearful spirits — and there is no room for these in the proclamation of the gospel in this or any age."

Franklin's grave in Philadelphia.

In Washington one of the most interesting sight was the changing of the guard at the Tomb of the Unknown Soldier. The guard is changed each hour, and a certain ritual is performed with each change. Every guard is trained to walk alike and each turn of the guard is composed of 21 steps. With his rifle always on the far side of the tomb.

Crossing the Potomac River into Virginia, they visited the grave of President Kennedy in Arlington Cemetery.

In Washington they toured the White House, the Capitol Building, the House of Representatives and the Pentagon Building which has seventeen and a half miles of hallways. They also saw the statue of Iwo Jima, and the Ford Theatre where Abraham Lincoln was assassinated. The building is still in use. On a tour of the U. S. Mint, they saw \$5, \$10, and \$20 bills being printed.

Some of the prettiest scenery on the trip was through the Appalachian Mountains through West Virginia and Ohio. The next stop was at Columbus, where they saw a stage production.

Before crossing the Mississippi, the Gateway Arch in St. Louis was towering in full view. It is known as the Gateway to the West, and is the largest arch in the world. Dinner was enjoyed that evening aboard the "River Queen" on the Mississippi River at St. Louis.

This tour covered sixteen states, Canada and the District of Columbia. The tallest building seen on the trip was the Empire State Building, and they also enjoyed visiting the different major league baseball parks.

Returning to West Texas, it lives up to its name of the "wide, open spaces."

TO BE HONORED WITH SHOWER TUESDAY

Mrs. David Moore, nee Donnie Blackmon will be honored with a pink and blue shower on Tuesday, August 29th from 9:30 to 11:30 a.m. in the home of Mrs. David Burks. Everyone is invited to attend.

BARBER SHOP TO CLOSE

The Ropes Barber Shop will be closed next week until noon on Wednesday, August 30 for vacation.

CITY IS SPRAYED

Mosquitoes have almost ceased to exist in Ropes. The community underwent a double spraying last week and again last Monday night.

Sure is nice to get out in the late pleasant evenings and not be bothered by the little pests.

Ropes Schools Scene Of Vandalism Friday

The Ropes Schools were then center for vandalism last week as all the building were broken into, and a state of confusion left by the prowlers. The job was allegedly committed by boys in their low teens.

The break-in occurred during the night last Friday, and entrance was gained by cutting the screens and breaking the windows, out to each building, three in all.

What seems so odd is that it is stated only one room in each of the buildings was bothered; and

nothing was missing. The same confusion was found in each room entered. The desk drawers were emptied and different items of all sorts were then scattered about the rooms. A big filing cabinet was turned upside down with the contents scattered; file cards were in great profusion.

The break-in was investigated by City Marshall O'Neal Fox and Deputy Carter of Levelland. The case has now been turned over to the Juvenile authorities.

Berry-Goodrum Vows Are Exchanged

Double ring vows were pledged by Miss Mary Susan Berry and Dorrie Delanie Goodrum at 8 p.m. Friday in First Baptist Church. The Rev. Phillip Goodrum, father of the bridegroom and minister, officiated.

Parents of the couple are Mr. and Mrs. S. B. Berry and the Rev. and Mrs. Phillip Goodrum.

Given in marriage by her father, the bride wore a formal gown with empire bolice of Irish linen, high ring neckline and brief fitted sleeves. English net covered the A-line skirt which featured Irish lace appliques, and the back of the gown extended into a court train. Her veil of silk illusion was attached to a camelot band of lace and linen and she carried a cascade bouquet of stephanotis, phalaenopsis orchids, white velvet, seed pearls and lovers knots on a white Bible.

Attendants were Miss Paula Ann Jones, Fullerton, Calif., maid of honor; Mrs. Dennis Snider, brides matron; Miss Karen Kay McKee

and Miss Cynthia Johnson of Lubbock, bridesmaids.

Attendants wore formal gowns of avocado crepe with empire bodice and A-line skirts. Their veils of illusion were attached to camelot bands of crepe and they carried nosegays of yellow marguerite daisies trimmed with satin.

Best man was Lonnie Exum and groomsmen were Johnny Hillhouse Gary Don Rucker and Mike Hicks. Guests were seated by Sammy Means, Ronnie Price, Ronnie Hulst and Dentis Snider.

Kim Andrews of Canyon and Rebecca Phillips were flower girls.

Wedding music was provided by Miss Shyrle Ann Harris, organist, and Mrs. Don Bell, soloist.

Following the reception in the church, the couple left for a wedding trip to Aspen, Colo. They will reside at 888 Peach St., Abilene.

Both the bride and bridegroom are graduates of Ropes High School. Goodrum is employed by Furr's Food in Abilene.

ELECTRIC AIR CONDITIONING GIVES YOU A CHOICE

Nola Knows

By Nola White

Dear Nola - Why do females insist on wearing girdles? These T-V ads say they hold you like firm, young muscles, and what I want to know is, what's wrong with firm, young muscles? Good health costs less and looks better.

Slim and Trim

Dear S and T - Firm, young muscles have a way of becoming flabby, old muscles and that stretches the problem. I'll agree that every body, male (have you seen some of them around the swimming pool lately?) and female, should exercise regularly and give nature a chance to do what Playtex would like to.

Dear Nola - We're trying to buy a house and are having nothing

but trouble. Every house we've looked at has a bathroom you can see from the front door, or a pantry you can't get into because the refrigerator's in the way, or rooms you can't put furniture in without obstructing windows or doors. What kind of houses do architects live in anyhow?

Tired Hunter

Dear Hunter - The ones I know rent.

Dear Nola - My neighbors have three fine boys, all talented musicians. They have a little band, and I really like to hear them practice except recently they have gotten some new amplifiers and they're about to blast us out of our house. I hate to say anything to them because I'd a lot rather see boys doing that than some other things kids do nowadays. What can I do?

Going Deaf

Dear Deaf - Even good boys are sometimes thoughtless. They'll surely understand and turn down the volume if you mention your problem to them.

Dear Nola - My wife spends all day every day playing golf with a bunch of her lady friends at a very nice golf course about twenty miles from our home. Even though it's expensive, we manage because she likes to play so well. But she is literally driving me out of my mind pestering for an air-conditioned car to drive to and from the golf course. I tell her it makes no

sense to me to require an air-conditioned car to drive where she'll walk around in the sun all day. Besides, I can't afford it. How can I get her off my back?

Sweating

Dear Sweating - Try fanning her with the four iron.

Send your letters to Nola Knows, Box 411, Temple Texas. For a personal reply, enclose a stamped, self-addressed envelope.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-e, as follows:

"Section 49-e. The Parks and Wildlife Department, or its successor vested with the powers, duties, and authority which deals with the operation, maintenance, and improvement of State Parks, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Seventy-Five Million Dollars (\$75,000,000). The bonds authorized herein shall be called "Texas Park Development Bonds," shall be executed in such form, denominations, and upon such terms as may be prescribed by law, provided, however, that the bonds shall bear a rate or rates of interest as may be fixed by the Parks and Wildlife Department or its successor, but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds, shall not exceed four and one-half percent (4½%) interest per annum; they may be issued in such installments as said Parks and Wildlife Department, or its said successor, finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of said bonds shall be deposited in a fund hereby created with the State Treasurer to be known as the Texas Park Development Fund to be administered (without further appropriation) by the said Parks and Wildlife Department, or its said successor, in such manner as prescribed by law.

"Such fund shall be used by said Parks and Wildlife Department, or its said successor, under such provisions as the Legislature may prescribe by general law, for the purposes of acquiring lands from the United States, or any governmental agency thereof, from any governmental agency of the State of Texas, or from any person, firm, or corporation, for State Park Sites and for developing said sites as State Parks.

"While any of the bonds authorized by this provision, or any interest on any such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the interest and sinking fund at the close of the prior fiscal year, which includes any receipts derived during the prior fiscal year by said Parks and Wildlife Department, or its said successor, from admission charges to State Parks, as the Legislature may prescribe by general law.

"The Legislature may provide for the investment of moneys available in the Texas Park Development Fund and the interest and sinking fund established for the payment of bonds issued by said Parks and Wildlife Department, or its said successor. Income from such investment shall be used for the purposes prescribed by the Legislature.

"From the moneys received by said Parks and Wildlife Department, or its said successor, from the sale of the bonds issued hereunder, there shall be deposited in the interest and sinking fund for the bonds authorized by this section sufficient moneys to pay the interest to become due during the State fiscal year in which the bonds were issued. After

all bonds have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys received from admission charges to State Parks shall be deposited to the State Parks Fund, or any successor fund which may be established by the Legislature as a depository for Park revenue earned by said Parks and Wildlife Department, or its said successor.

"All bonds issued hereunder shall after approval by the Attorney General, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas.

"Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be void by reason of their anticipatory nature."

Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held on November 11, 1967, at which election each ballot shall have printed thereon, the following words:

"FOR the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."

"AGAINST the amendment to the Constitution of Texas adding a new section to be known as Section 49-e of Article III, authorizing the issuance and sale of Seventy-Five Million Dollars (\$75,000,000) in bonds by the State of Texas to create the Texas Park Development Fund to acquire lands for State Park sites and to develop State Parks."
