Cain To Appear In Tech Drama

Harlan Cain, senior drama major from Ropesville, will play the role of Freddie, the helpful visitor, in the Texas Tech Summer Repertory Company production of "Joe Egg," Peter Nichols' moving story of the breakup of a marriage.

Performances of the play, one of three to be presented during the 12-day repertory season, will be at 8:15 p.m. June 24, 27, 30 and July 3 in the University Theater on the Tech campus. Tickets are \$2 to the general public and \$1.25 for students.

Other plays in the cycle are the musical hit, "You're a Good Man, Charlie Brown," based on the comic strip "Peanuts," which opens June 23, and the Thornton Wilder comedy satire, "The Skin of Our Teeth," which opens June 23.

Cain has appeared in a number of university productions, including "Troilus and Cressida," "Marat-Sade," "Lysistrata," "Twelfth Night" and "Mister Roberts." He is the son of Mr. and Mrs. Maurice Cain.

Bonds Sales Total 36 Per Cent For Year

May sales of Series E and H United States Savings Bonds amounting to \$6,403 in Hockley County were reported today by County Bond Chairman R. H. Munsterman. The sales for the five-month period totaled \$39,430 for 36 per cent of the 1972 goal of \$110,000.

Sales for the state of Texas during May were \$17,314, 314—a five per cent increase over May 1971 when sales were \$16,476,145. January-May sales totaled \$91,572,743 with 45 per cent of the \$202.3 million 1972 goal achieved.

Nationally, sales of E and H Savings Bonds amounting to \$573 million were reported during May—24 per cent above 1971 sales of \$462 million. Total sales for the five-month period amounted to \$2,715 million—18 per cent above a year earlier. Exchanges of Series E for Series H Bonds totaling \$142 million were reported for the first five months of 1972—36 per cent above the \$105 million exchanged in 1971.

Swine Producers Urged To Take All Precautions

With the confirmed cases of hog cholera in Dawson and Terry counties, swine producers are urged to use all precautions to curb the disease.

"This costly disease is easily transmitted and if producers notice any sign of sickness among hogs, they should suspect hog cholera first," says Dr. Gene Cope, area

veterinarian and Dr. Gilbert Hollis, area swine specialist, Texas Agricultural Extension Service. The animals should be checked immediately by a local veterinarian or state or

federal animal health official. Farrowing problems, abortions, still-born pigs and weak or "shaker" pigs may be due to cholera.

If a swine owner has the disease confirmed in his herd, federal and state law require that the entire herd be destroyed and buried under governmental supervision, the specialists report. Indemnities can be collected on any hog that dies or is destroyed after the herd has been inspected.

To protect pigs from cholera, the specialists list the following precautions:

1. Buy pigs from reputable sources—bargain pigs may not be bargains after all.

2. Isolate newly purchased pigs for 30 days.

3. Don't mix pigs with those of your neighbor.

4. Keep visitors out of the hog lots. Cholera can be spread by either direct contact from animal to animal; or indirectly on boots, shoes, clothing, vehicles or contaminated feed, water or handling equipment.

5. Haul hogs only in trucks and trailers that have previously been cleaned and disinfected.

6. Do not feed garbage or table scraps to swine unless it is properly cooked (30 minutes at 212 degrees F.). To be absolutely safe, avoid feeding garbage altogether.

7. Turn in any hog cholera vaccine that you may still have on your farm to a local, state or federal animal health official.

8. Eradicate all rodents on the farm to prevent the spread of any of the cholera virus that might be present.

Cope and Hollis reminds producers that there are no specific symptoms of hog cholera. At first the pigs are dull, listless, show a decrease in feed consumption, usually a diarrhea, weakness and temperature of 106 degrees F. to 107 degrees F.

The disease usually spreads slowly through a herd; often requiring one to two weeks to affect all individuals. Hog cholera does not affect any other domestic animal or man.

TO THE PEOPLE OF THE ROPES COMMUNITY

May we use this means to express our thanks to you people. Each word of sympathy, each floral piece, the food so lovingly prepared and served, the music and service at the church were deeply appreciated. God blesses us with friends and people who care. We love you.

Hall Family Involved In Car Accident

Melvin Hall, grandson of Mr. and Mrs. Robert Hall, remains in Methodist Hospital with concussion, shoulder

injury and bruises. He is improving, and reported to be doing nicely.

Mrs. Wanda Hall and chil-

dren were on their way to join Delbert at Fort Hood where he is stationed, when they were involved in a one-car turnover two miles north of Southland on Highway 84.

They were taken to Reese Air Force Base Hospital for examination. Glynis, Jack and Gary were admitted to the hospital, but have been released.

Sgt. Hall arrived in Lubbock on Wednesday to be with his family. They are now staying in the home of his parents.

Willis—Walling Reunion Held

The annual Willis-Walling reunion was held Sunday in the Ropes School Cafeteria with a large crowd in attendance. An abundance of food and much visiting was enjoyed by all.

Walling of Ropesville; Mr. and Mrs. Bill Willis; Bill and Doug and Sherrie Morgan of Ropesville; and Mr. and Mrs. Bob Abbott of Lubbock.

Mr. and Mrs. Tom Cox and Debbie, Mr. and Mrs. Mike Cox, Mr. and Mrs. Harriet Whitehead and Jeff and Stanley Shanklin spent the week end at Buffalo Lakes where they enjoyed boating and skiing. Those joining them on Sunday were Steve Wright and Mike Allen.

To Flora Martin

(A Remarkable, Wonderful Woman)

In Ropesville you all know and love her—
She's served you graciously year after year;
She's a wonderful lady—so good and kind—
A finer person you could never find!
She's worked beside you for many a year,
So as she leaves her job, pause to shed a tear;
And orally offer her your wish that she
Will always be close to you and me—
For we all know, Flora, as we bid you adieu,
There could never be again - someone like you!

To know you - is to love you.

From one you've
been SO good to.

Fewell Rites Held Friday

Clyde Buren Fewell, 64, died about 10 o'clock Wednesday morning of last week in a Big Spring hospital following a lengthy illness.

Fewell suffered a stroke three years ago and was confined to a convalescent home until his death. He would have been 65 July 8.

Funeral services were conducted at 1:30 p.m. Friday from First Baptist Church in Ropesville with the Rev. Bill Curry, pastor, officiating. Burial was in Dreamland Cemetery in Canyon directed by George Price Funeral Home of Levelland.

A native of Gatesville, Fewell had been a resident of Hockley County since 1949. He was married to Minnie Burtz in 1929 in Canyon.

He was a member of the First Baptist Church and was a carpenter.

HONORED WITH PARTY

Regina Whitehead was honored with a birthday party June 22 in the home of her parents, Mr. and Mrs. Harrell Whitehead. Refreshments of home-made ice cream, cake and punch were served to those present: Ronald and Billy Burks, Tanya Tudor, Coby Kimberlin, Mike Whitehead, Vaughn Cavenough, Keith, Tonya, Mike and Kristie Ward, Barbie Riney and Jeff Whitehead.

Regina celebrated her 2nd birthday anniversary.

Survivors include his wife; a son, Clyde W. Fewell of Odessa; a daughter, Mrs. Dannie Morgan of Lubbock; three brothers, Claude Fewell of Carlisle, Arlie Fewell of Crosbyton and Coleman Fewell of Lampasas; two sisters, Mrs. Fannie White of Gatesville and Mrs. Jack Caddell of Happy; and three grandchildren.

An Invitation

You are invited to attend a bridal shower honoring Miss Becky Carpenter Tuesday, July 11, from 3 to 5 p.m. in the home of Mrs. Preston Reeves.

NOTICE

Dishes from the Fewell funeral may be picked up at the Ropes Food Store.

CARD OF THANKS

Many thanks to all those who were so nice to me, the visits, cards, prayers, etc., during the time I was in the hospital.

Mrs. Clyde Loveless.

Mrs. Jim Martin and son James Martin and three children were in Denver, Colo., where they visited with J. L. Martin and family last week.

Mr. and Mrs. Everett Wallace have returned from Houston where they attended two games in the Astrodome.

Texas DPS Estimates 58 Will Die

The Texas Department of Public Safety estimates that 58 lives will be lost in traffic accidents during this year's 4th of July holiday. "Operation Motorcade" will begin at 6 p.m. Friday, June 30, and will run until midnight Tuesday, July 4.

Major C. W. Bell, Regional

Commander of the Lubbock Region of the Department of Public Safety states, "All available personnel will be used in an effort to keep the highway deaths at a minimal. We will be on the lookout for violations of the traffic laws, especially we will be alert for the speeding driver

and the drinking driver." Speed and DWI are the two largest contributors of traffic fatalities. Major Bell reminds all motorists that "each driver is responsible for keeping control of his vehicle in order to avoid colliding with another vehicle, a pedestrian or any fixed object. No one

wants to be responsible for the death of another. "Let's make our streets and highways as safe as possible. We all could drive twice as safe as we usually drive, so let's make an all-out effort and make this 4th of July a safe, happy holiday. Not a holiday that turns into a mourning." Do your part. "Drive Friendly," the Texas way.

Emory Hobbs was honored on Father's Day in the home of his daughter, Lillian Gryder of Brownfield, with a steak barbecue. Mrs. Hobbs also enjoyed the luscious meal.

Mr. and Mrs. Harrell Whitehead were presented with a surprise housewarming after their daughter's birthday party Thursday night.

Texas Number One Again...Beef Cattle Still Not At Full Parity...Milk Production Remains Steady...Egg-Type Chick Hatch Down, Broiler and Turkey Hatches Increase...Hogs Sold Through Auctions Are Up...DDT Ban Analyzed.

TEXAS is number one again in cattle feeding. The Texas Crop and Livestock Reporting Service notes that 2,045,000 head of cattle were on feed in Texas as of June 1. This is 22 per cent above a year ago and 11 per cent above the 1,848,000 on feed a month ago.

Texas replaces Iowa as the number one cattle feeding state in the nation. For the six-state cattle on feed—Texas, Arizona, California, Colorado, Iowa, and Nebraska—cattle on feed total 7,925,000 head.

BEEF cattle prices, although at new highs, are still not on an equal financing rating with the rest of the economy. Beef prices are now at 93 per cent of parity; calf prices are at 96 per cent of parity. In reality, cattle prices are only slightly higher than levels of 20 years ago, yet cattle production costs have more than doubled during that time.

Throughout the six-state cattle on feed report, numbers of cattle on feed increased. The 7,925,000 head as of June 1 is 12 per cent more than a year ago.

MILK production in Texas during May totaled 293,000,000 pounds. This is the same as in May, 1971, but one per cent below the previous month's production.

Milk production per cow kept for milk averaged 825 pounds per cow for the month of May. This is the same as a year earlier but five pounds below the previous month. Preliminary price for all wholesale milk for May was estimated at \$6.65 per hundredweight.

Nationwide, milk production is estimated during May at one per cent above a year earlier.

HATCH of egg-type chickens in Texas totaled 2,009,000, down 10 per cent from a year ago. The May hatch of broiler chicks increased five per cent from a year ago. The total of 18,163,000 was four per cent above the preceding month. The total turkey poult hatch for May at 1,436,000 increased nine per cent from a year ago.

Egg production totaled 240 million compared with 225 million a year ago. The 12.3 million layers averaged 62.8 eggs daily per 100 hens. Layers on hand were up four per cent from a year ago, two per cent below April.

Nationwide, egg production declined two per cent from a year ago. The daily egg production per 100 layers was slightly higher than for Texas at 63.7.

SALES for cattle and calves, sheep and goats were below year-ago levels while hog sales showed an increase.

Cattle and calves marketed through auctions during May numbered 567,000 head, 13 per cent below a year ago. Sheep sales at livestock auctions totaled 167,000 head, 24 per cent below a year ago.

Hogs sold during May totaled 54,000 head, four per cent above a year ago.

FTC REGULATION REQUIRES LABELING OF WEARING APPAREL

The FTC has issued a trade regulation rule requiring that articles of wearing apparel bear permanent labels clearly disclosing instructions for their care and maintenance.

Also required by the rule is that piece goods sold to consumers for the purpose of making wearing apparel must be accompanied by care labels which home sewers can affix permanently to the goods by normal household methods—sewing, ironing and the like.

The rule becomes effective July 3, 1972, as to all articles leaving the manufacturing plant after that date. It covers all garments and hosiery—both domestic and imported—requiring care and maintenance for their ordinary use and enjoyment.

Excluded are all other footwear and articles used exclusively as headwear and handwear.

Requests for exemption may be made where a permanently affixed label may substantially impair the article. If the FTC grants such an exemption the required information must still accompany the item but it may be in a non-permanent form. The Commission will also consider requests for total exemptions from the rule for products which are intended to be sold at retail for \$3 or less and which are completely washable under all normal circumstances.

The Commission made it clear that this is only a first stage rule. After 18 months the Commission will reconsider its scope and, based upon the Commission's experience in enforcing the rule, other product categories may be added at the time.

Under the rules, the care labeling instructions must:

1. Fully inform the purchaser how to effect such regular care and maintenance as is necessary to the ordinary use and enjoyment of the article, e. g., washing, drying, ironing, bleaching, dry cleaning and any other procedures regularly used to maintain or care for a particular article.

2. Warn the purchaser as to any regular care and maintenance procedures which may usually be considered as applying to such article but which, in fact, if applied, would substantially diminish its ordinary use and enjoyment.

3. Be provided in such a manner that they will remain legible for the useful life of the article.

4. Be made readily accessible to the user.

The following are examples of instructions which are deemed acceptable under the rule:

1. Machine wash in sudsy water at medium temperature, rinse well, tumble dry thoroughly, hang immediately. Garment may be drip dried and steam pressed.

2. Machine wash warm. Do not twist or wring. Reshape. Dry flat. Do not dry clean.

4. Dry clean only. Do not use petroleum solvents, or the coin operated method of drycleaning.

AUSTIN — Gov. Preston Smith this week announced he was again calling on the Texas National Guard to assist the Department of Public Safety in maintaining traffic safety.

He said Guardsmen will be employed in a 12-county area around Dallas and Fort Worth during the long July Fourth holiday weekend. Guardsmen were employed during the Memorial Day holiday weekend in the Austin and San Antonio areas.

Gov. Smith emphasized that the Guard would be utilized in support of the DPS. "They will not be empowered to make arrests or perform other law enforcement duties," he said.

"The terrible toll of holiday traffic continues to reach emergency proportions," the governor said. "Accordingly, we feel that it is essential that we try every appropriate measure within the resources of the state to cut this toll of tragedy."

Gov. Smith said the use of Guardsmen during the Memorial Day weekend appeared to be helpful to the driving public of Texas. "The utilization of Guardsmen to assist the highway patrol in the heavily congested Dallas-Fort Worth area during the July Fourth holiday period will give us the opportunity to observe this traffic safety effort under a different set of circumstances," the Governor said.

Mr. and Mrs. Jack Cavanaugh and Vaughn of Bossier City, La., who have been visiting here in the home of her grandmother, Mrs. Troy Morris, and other relatives the past week, left Monday morning for Galveston where they are enjoying a week of swimming and sun bathing at the beach. They will return to their home the end of the week.
