

Tigers Battle Stanton To 26-0; Meet Denver City Here Friday

Tigers battered, and banged at the times Friday night a streak of goal-line losing to Slaton's by 26-0.

statistically their on offensive the Tigers drove in Stanton 10 yard line occasions but hit bad finding the scoring

thrusts. Opening the game, Slaton's gridders pushed the length of the field to the seven yard marker and had to give up the ball. Then Stanton moved in a long consistent drive that took them to the first score of the evening.

Again the Tigers drove within a breath of pay dirt but this time a penalty cost them yardage and they again

relinquished possession of the ball.

Stanton scored a second time in the second quarter, and half ended at 14-0.

In the third period the Tigers again penetrated the Buffalo defense, but found hard luck for the third time. Stanton was held scoreless in the third quarter but pushed for another score midway in the

fourth. A fumble near the end of the game set up the final touchdown of the night.

As evidence of the closeness of the game, the Tigers rostered 17 first downs to 18 for Stanton.

In yards gained, Slaton had 296 to 317 for Stanton, a difference of only 21 yards.

Halfback Steve Ball led the offense with 70 yards in 17 carries, with Tefertiller pick-

ing up 54 yards for 10 carries. Fullback Kelly Bownds had 29 yards for 13 carries. Quarterback Bruce Pember carried four times, netting six yards.

Linemen playing an outstanding game were guard John George, tackles Tommy Simmons and Billy Patterson, center Jim Chriesman, and ends Greg Nowlin and Ronnie Jones.

Aux To Sell Poppies On Nov. 11

"In Flanders' fields the poppies blow between the crosses row on row."

The poppy as a memorial to our servicemen's sacrifices for the cause of freedom dates back to the years following the first World War. The American soldiers returning home in 1918 were familiar with the wild European poppies which bloomed on the battlefields of Europe.

All of the red crepe paper memorial flowers offered to the public each year by volunteer workers are made by veterans in hospitals and recuperation centers throughout the nation. Since the years following World War I the flower has become symbolic of the sacrifices all American servicemen have made in the nation's defense. Wearing a poppy on Nov. 11th will be your opportunity to remember them.

Students Accepted

Eleven campus fraternities at Texas Tech have accepted 169 pledges including three from Slaton, at the end of fall rush. Hershel G. Potts, Tech fraternity supervisor, announced. Pledges include: James Robert Vardy of Alpha Tau Omega, Tommie Joe Richardson of Delta Tau Delta, and Robert Wayne Sokoll of Sigma Chi.

Catholic Men Have Convention In Slaton

The second annual convention of the Amarillo Diocesan Council of Catholic Men was held in Slaton on Sunday, November 5 at St. Joseph Hall. Registration began at 12 noon with Clergy and members representing parishes in Amarillo, Hereford, Plainview, Lubbock, Vega, Dimmitt, Olton, Tulia, Nazareth, Pecos, Hart and Slaton attending.

Meeting was called to order by Franklin Bottoms, president. Moderator, Reverend James Fitzgerald gave the invocation. The Most Reverend John L. Morkovsky, Bishop of Amarillo addressed the convention. A combined workshop covering the work of the Religious Activity Chairmen, Public Relations Chairmen, and Organization and Development Chairmen was held. Officers for the next term were elected. They are: Leo Witkowski, president; K. G. Vaughn, vice-president; Dr. N. W. Kramer, treasurer; Bill Smith, secretary.

Attending from Slaton were Msgr. T. D. O'Brien Rev. E. J. Clinton, Wilfred Kitten, Leroy Buxkemper, Andrew Kitten, Ray Kitten, Nestor Kitten, Joe L. Kitten, Joe Kolodziejczyk, Clarence Kitten, Tony Steffens, Paul Mosser, W. A. Heinrich, Bill Seideman, O. E. Heinrich, August Kitten, Norbert Kitten and David Kitten.

Becker Winner

Belva Becker was the winner in this week's Slatonite Football Contest, with 11 correct. The number correct eliminated the use of a tie-breaker, although many placed with 10 correct. Belva will receive \$5.00 plus an opportunity for the Cotton Bowl Trip.

Dr. Vardy Given Unanimous Vote Of Confidence

Slaton's School Board met in regular session Tuesday, Nov. 7th, with all members present.

Included in business handled during the evening was the discussion of the showing of a special film in the schools. The board authorized an opinion to be derived from a number of persons, and that their approval be gained before the showing the film was authorized.

Also, in regard to recent discussions of school policy and administration, the board unanimously gave a vote of confidence to Dr. Lee Vardy, Superintendent.

The board authorized the operation of the Negro bus into the south part of Lynn County as approved by the Texas Education Agency and that the Wilson Independent School District will defray part of the

Cleo Reasoner Attends Hospital Convention

Mrs. Cleo Reasoner of Mercy Hospital in Slaton, recently attended the thirty fourth annual convention of the Northwest Texas Hospital Association which was held in Fort Worth, Texas at the Western Hills Hotel.

Principle speaker was Dr. May Owen, immediate past-president of Texas Medical Association in Fort Worth. She noted that research is at the basis of new advances in medicine and research is both complex and expensive. She said \$300,000.00 a year is being spent on medical research. "To apply new knowledge" she said, "there must often be new buildings, new facilities, new equipment and added funds for new methods."

Other topics of interest were: "Benefits of the Dry Run Accreditation Program" by Mr. J. P. Huey, administrator of Collin Memorial Hospital, Mc-

Tiger Club Meets, Gives Report For First Activities Of Year

The Slaton Tiger Club met Monday evening at the High School, with David Dubbs, president, heading the meeting.

Dubbs announced that several items had been paid for since the club reconvened in October, including \$29.76 for filming football games; \$25.40 for meals for football boys; \$18.45 for laundering of uniforms; \$16.00 for admissions of football boys to the Tech-Rice game; and \$4.68 for capes.

The club also plans to pay for additional practice basket-

MELVIN KUNKEL TO LEVELLAND:

New Manager Named In Slaton For Southwestern Public Service Company

A new Southwestern Public Service Company district manager for Slaton has been announced by Arlie Hudson, Southern Division Manager for the company.

Effective November 15th, Douglas Galassini will succeed Melvin Kunkel who has been transferred to the managerial post at Levelland.

In making the announcement, Mr. Hudson said, "We feel sure that our Slaton customers will be happy to have Doug Galassini as their Public Service manager. Doug is a matured young man who has had a successful career with our company. He is energetic, a family man and sincerely interested

MELVIN KUNKEL

DOUGLAS GALASSINI

in the electrical welfare of our customers. I know that the folk in Slaton will miss Melvin, but that they will be glad that he is getting the opportunity to assume greater responsibilities with our company. The experience he has gained in serving Slaton for the past 8 years will serve him in good stead in his new post at Levelland."

"Mr. Galassini joined Southwestern Public Service Company in 1953 in Roswell as a draftsman. In 1956 he was made sales representative for the Amarillo and Borger area, and in 1959 promoted to Oklahoma Division utilization manager at Guymon. In this position he gained a considerable amount of supervisory and administrative experience enabling him to qualify for the important managerial post here," Mr. Hudson pointed out.

Mr. Galassini attended East-

ern New Mexico University and served in the U. S. Navy for 4 years as a radar technician. He is a Rotarian and was a board member at Guymon. He was chairman of the United Fund in 1960 and was active as a football, baseball and basketball coach in the Guymon Little League and Kids, Incorporated.

The Oklahoma Division, under his sales guidance, earned the company's "outstanding division award" for two consecutive years - 1959 and 1960. Mr. Galassini, and his wife, Kathryn, have 3 children - Richard, age 7; Terry, age 4; and Bret, age 2.

The Kunkels, who will move to Levelland as soon as a home can be found, will be remembered here for their active interest in civic activities. Mr. Kunkel served as president of our Chamber of Commerce, as well as chairman of the Boy Scouts, Girl Scouts and Red Cross fund-raising campaigns. He has served as a member of the board of the Lubbock County Tuberculosis Association and the Slaton Retail Merchants Association and is presently serving on the City Electrical Board of Examiners. He is a deacon of the First Baptist Church.

Mr. and Mrs. B. H. Bollinger returned recently from a trip to Culver City, Calif., where they visited a daughter and family. Mr. and Mrs. Larry Uishafer. They also visited Disneyland and Knott's Berry Farm and other places of interest.

Tigerettes Open Season With Wide Margin Victory Over Spur, 43-9

Slaton's Tigerettes opened the season Tuesday night with a resounding win over Spur by 43-9. The non-district opener saw virtually every member of the new Tigerette squad in action.

High point player for the Tigerettes was Glenda Bownds with 15 points, followed by Elaine Barnes with 14 points. Kathy Claiborne and Joane Thomas

Mustangs Rated High In Loop

Slaton's Tigers will meet one of the state's top ranked AA teams and go against the area's top scorer Friday night in a home game when they go into combat with the awesome Denver City Mustangs.

The Mustangs' Pat Hubbard, an alternate quarterback-fullback, ran his total to 138 points last week in the 60-0 rout of Tahoka. To date the Denver City team has scored 300 points this season, while allowing its opposition a total of 42.

Referred to by the Daily Press as "the team that has forgotten how to lose," the Mustangs have thus far run roughshod through the season and the district. They were challenged seriously only twice, downing Seminole by 9-8, and Crane by 15-6.

Slaton's gridders, however, have displayed the ableness to contain touted offenses during their up and down season. The Tigers have sprung two upsets, and have shown an ability at various times that far surpassed the preconceived idea in regard to their young team.

Another factor favoring Slaton is the fact that the game will be fought on the home field, an element that has proved all season to be strongly in favor of the Tigers. They have played their most outstanding football on their home gridiron.

Although the previous games in district would rank the Mustangs a ten touchdown favorite, the gridders of Coach M. W. Kerr have evidenced a desire to make up in part for the wide-margin loss of last season. Denver City, on the other hand, will come to Slaton with the idea of another soft touch prior to the bi-district encounter.

Since beginning district play the Mustangs have dropped Post by 60-0; Stanton by 40-22; and Tahoka by 60-0.

The Tigers opened the district with a thin loss to Tahoka by 16-8; then downed Post by 14-12; and last Friday fell to Stanton by 26-0.

Slaton for probably starting positions in the finale Friday night will be Jim Chriesman at center; John George and Lesley Brown at guards; Tommy Simmons and Billy Patterson at tackles; Greg Nowlin and Ronnie Jones at ends; Bruce Pember at quarterback, Steve Ball and Webber Tefertiller at halfbacks and Kelly Bownds at fullback.

Game time is 7:30 p.m.

To Have Breakfast Services Day

The American Legion will hold their annual armed services day breakfast at 7 a.m. November 11 at the Legion Hall. All ex-servicemen are invited.

expenses. The changing of the interior hall wall in the addition to the high school was discussed. Action was deferred until further information could be obtained.

The board granted the use of West Ward cafeteria for the serving of a basket lunch to members of the area singing convention which will be held in Slaton Sunday, November 12, 1961. This convention meets periodically and once each year in Slaton.

The following board policy was passed; that anyone requesting a hearing will be given a specific time in the meeting and they shall be heard only at this time.

Bills were presented and authorized to be paid.

Other people have their problems also. From Marvin Tomme's column "Snapped Shots" in the Ralls Banner, comes the following comments on local complaints, discord, and general hasseling:

Letters and comments have continued to come to the Banner and to the city council members concerning local law enforcement this week. It seems one of the largest complaints was concerning the amount of fines levied by City Judge D. H. Criswell. Last week and week before the Banner carried fines and almost everyone consulted was happy over the reduction of city fines. People, you just complain about what you think, not what you know. The fines were the same, they were listed differently in the paper. A \$2 fine will still cost \$15 in city court. Court costs in Ralls are \$13. If you are fined anything you can add that to the cost--and Mr. Criswell didn't have anything to do with that figure. It was set by city councilmen to operate the city law department. If you think it's too high, then figure some way to pay costs--like higher taxes maybe. As it now stands, only law violators are paying the way for our enforcement, which is as it should be. Another complaint seems to be that tickets are not given due consideration when taken to the city judge. That depends on the side of the fence you happen to be on--apparently. The only solution I can offer here is this. If you are unhappy with the present system, offer the city fathers an alternative solution. But as long as we have law enforcement we will have opposition, just as long as we are without it we will have opposition. I say, if it takes court costs of \$19.50, as it does in JP or county court, then lets keep the agency. Do you agree?

Our City Government

our privilege, along with city Claude Cravens, to attend the annual conference of the Texas Municipal League held in San Antonio.

The Texas Municipal League is made up of one hundred-ninety one cities and counties in Texas that are active members of this organization. This organization is known to the average citizen but is tremendously to the welfare of the cities. The League has thirteen organizations. These are the city and councilmen, city attorneys, city managers, finance of municipal utilities, public works, and civil service, city planners, recreation, police chiefs, fire city secretaries and clerks. The League is operated by a staff composed of executive director, a field consultant, staff, research personnel and a secretary. The League is financed by the assessment of dues to the member cities. These dues vary according to the size of the city.

A question is often asked just what the League does. One of the main functions is research. It secures and disseminates information on every conceivable subject of interest to Texas cities and makes this information available to every member. Information bulletins on water and sewer service charges, telephone and sanitation charges, insurance practices and personnel and many other items from every city in Texas are prepared and distributed to every member

city. These bulletins are kept current. The research department also studies and evaluates ordinances from the various cities. The League has a file of over two thousand sample ordinances that cover every conceivable subject of city business.

The League also maintains a legal staff from which cities may get legal opinions on city procedure. This is especially helpful to the smaller cities that do not have an attorney. In addition to doing legal work, the staff, along with the executive director, studies and evaluates legislation while the legislature is in session. The League was able to help get some thirty bills passed this last year that were favorable to cities. They also successfully opposed eight of nine harmful bills during this last session.

"What do you think of the candidates?"
 "Only one, thank goodness, can get elected."
 "I'm beginning to suspect," said the bridegroom, "that your mother has a low opinion of me."
 "Whatever makes you think that?" asked the bride.
 "Those towels she gave us are marked 'hers' and 'its.'"

SHYTTLES
Implement Co.

Phone 33 Post, Texas

The cost of any of the above services would be prohibitive to any one city regardless of size. This is particularly true in the legislative work. In the beginning Texas population was predominantly rural and the legislators were of necessity favorable to rural electorates. Now more than seventy-five per-cent of Texas citizens live in cities and the cities themselves still have to fight for favorable recognition from our legislature.

The League is divided into sixteen districts in which officials from each city in a particular district meet monthly or quarterly and discuss various city problems. This is especially helpful to the newly elected official.

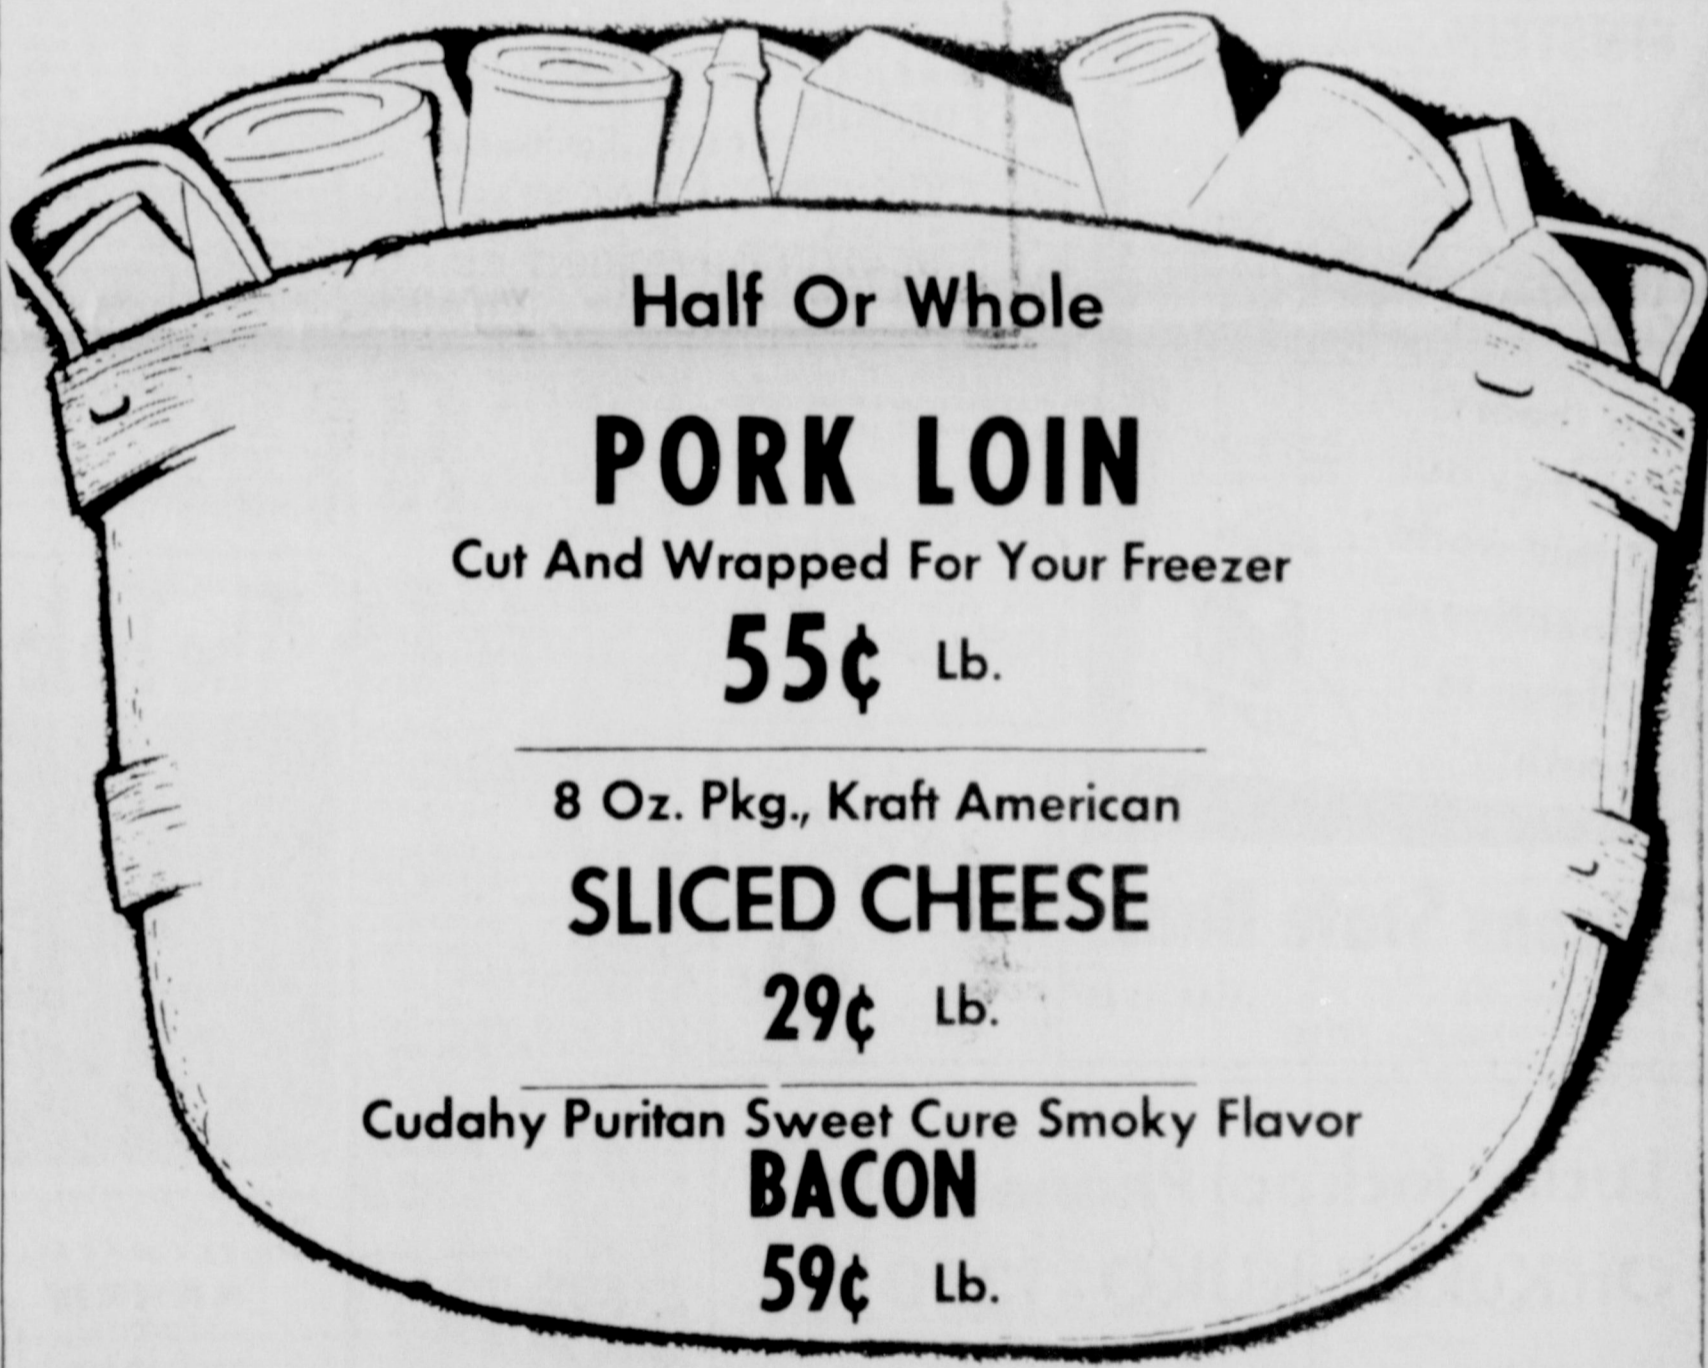

At the annual conference each of the thirteen affiliate organizations divide into

their separate groups and conduct workshops that serve to increase the knowledge of the individual concerning his or her particular work with the city. I have found these workshops to be very helpful to me. Many problems have been solved when the combined experience and thinking of the entire group was applied.

The science of government, especially local government, was not taught for many years in our schools. This has forced individuals seeking information in this field to get their training from every source available. The Texas Municipal League has filled a great need for our cities.

EINSTEIN GREAT MATHEMATICIAN, FORMULATED THE THEORY OF RELATIVITY. HERE'S HOW I GOT RID OF MY WIFE'S RELATIVES! WE THINK THE WORLD OF OUR CUSTOMERS! Our theory: "service out of this world", friendliness, "down to earth".

Board--
 paper staff this
 week. Ex-students
 to visit the
 school. They will
 but will be
 to see and to
 three young men
 receive their Eagle

Scout awards last Sunday af-
 ternoon, and got just a little
 sentimental as the silver eagles
 were pinned on their pockets. I
 worked with the three men when
 they were in my Scout Troop a
 few years back. I know the char-
 acter, the sharpness of wit
 and the stamina they have. I
 remembered the camping trips,
 the troop meetings and the
 talks we have had in the past.
 Maybe I was a little too senti-
 mental but at the same time I

know what it took for these
 three, and the others who re-
 ceived their awards. They
 worked, and they worked hard,
 to pass the achievements nec-
 essary to become candidates
 for Eagle Scout. Part of a
 reading comes to mind about
 these boys receiving this honor
 and reward for their work.
 Yes, it's only a pin, just a Scout
 badge.
 But the heart that's beneath it
 beats true
 And will thro' to the last for
 the things which are good,
 A lesson for me and for you.

(was) guilty of fraudulent trade
 practices and pretense and of
 bad taste, that (he) had no right
 to use the name Ruby Foo . . .
 (and that his enterprise was)
 spurious and encroachments
 upon unconsenting others."
 The Court disagreed.
 "The advertisement, when
 fairly read, does not in fact
 charge the plaintiffs with the
 things set forth in the innuendo;
 nor can its meaning be extended
 by the innuendo to make it con-
 stitute a charge of the things set
 forth," said the Court. "It con-
 tains no explicit charge of any
 unfair business practices, nor
 can it reasonably be said that an
 unwary public could draw such
 an inference or that they could
 reasonably imply that the plain-
 tiffs were impostors or that they
 had no right to use the name
 'Ruby Foo' and were imposing
 on the public when they operated
 a restaurant under that name."
 The plaintiff had not alleged
 or offered to prove that he had
 sustained any special damage,
 and the Court cited, a rule,
 namely: "Where a plaintiff, in
 an action for libel must rely on
 extrinsic facts in order to
 establish the libel, special dam-
 ages must be pleaded."
 "Here damage will not be im-
 plied in law from the present
 publication," the Court added,
 "and the plaintiffs have not al-
 leged and do not claim any
 damage with was the prox-
 imate consequence of the ar-
 ticle."
 Directed verdict for the
 newspaper; complaint dis-
 missed.

GRASSROOTS OPINION
 BROOKVILLE, PA., JEF-
 FERSONIAN DEMOCRAT:
 "The attitude of all the spend-
 ers in Washington is aptly ex-
 pressed in the following state-
 ment by one faction seeking
 funds for a pet project: 'The
 relatively small sum required
 for . . . certainly is within the
 means of the most wealthy na-
 tion on earth . . .'. The
 'relatively small sum' involved
 is probably several millions of
 dollars, which to the spenders
 is 'mere peanuts.' They never
 stop to think in terms of prac-
 tical economics . . . that their
 spending has already run the
 country into debt to the tune
 of more than half a million
 dollars and cut the purchasing
 power of the dollar to less than
 half its former value."

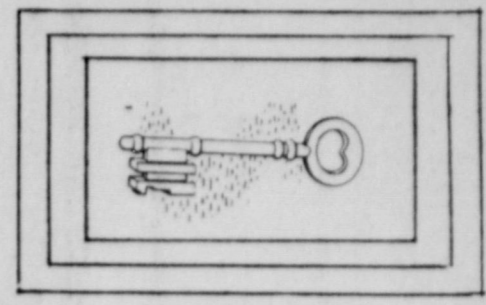

Loafing becomes respectable
 when the doctor tells you it
 is necessary.

"Noped 'em' tires look like
 smooth ahead."
 If your tires are "showing"
 signs of trouble, don't wait.
 Check with us and avoid a bum
 steer. Whether you need a new
 tire or a repair, we're happy
 to serve you.

The Key... And The Open Door

One of the disturbing discoveries of life is that the truth one man cherished seems a mystery to another.
 But is that surprising? We live in a world of doors and locks. To the man with the Key a door opens. To another it remains closed.
 Among the keys to spiritual truth is one called HUMILITY. It accounts for many of the millions who worship God every Sunday in the churches of our land.
 An American President once said, "I have been driven many times to my knees by the knowl- edge that my own strength, and that of all around me, was in- sufficient for that day."
 He ruled a nation divided. But neither Blue nor Gray ever questioned the humility of the man who signed his name, "A. Lincoln."
 Not only the portal, but the Truth of God's House, is every Sunday an Open Door to humble men.

TELEPHONE TALK

Editor, Manager

Christmas has really moved in and taken hold. I've seen the highways seem to carry a good share of vacationers and hunters. With more leisure time on their hands, folks seem to enjoy getting out on the road somewhere. Here's a tip if you're planning to call ahead to your favorite hostelry and make a reservation. That way you're assured of a place to stay when you arrive. Or if you're going to visit friends call them to let them know you're coming. Long Distance calls are especially when you call station-to-station.

CHRISTMAS SURPRISES FROM PHONELAND

It's time to start thinking about your Christmas gifts. I have as much trouble as I do in selecting just one gift for those especially close to you, why not visit or call our Christmas Phoneland in the business office? You'll find a host of exciting, colorful telephone services that are sure to surprise.

Here are a few suggestions: A colorful extension phone for the bedroom, kitchen or sewing room... a desk or workshop for Dad. You can be sure a phone manager will be well received. Choose from a wall phone, or the lovely little Princess with the light-up dial. We offer Home Interphone. It lets you talk from room to room, answer the door, and take outside calls racing through the house - a real step-saver. Or maybe you want the pleasant musical Bell chime.

To make your surprise, be sure to ask for the free Christmas phone to place under the tree. It makes a child's toy, too.

Visit or call our Christmas Phoneland in the business office and order the telephone gifts you want this year.

"HOLD THE PHONE"

Do you know color telephones are designed to give you a place to leave the receiver when you're called away in the midst of an unfinished conversation? You may have noticed a handsome wall phone you may have noticed a ridge on the top at each side. If you are called away, simply hang the receiver over this ridge. This offers a handy place to hold the receiver. It keeps the spring cord from stretching out and becoming unsightly in your home.

If you have a table model, place the receiver across the top of the instrument just above the dial, so that it rests on the recessed shoulders of the phone base. No more worry about it falling off - these phones are designed to give you this extra convenience.

That Evasive Formula

On one occasion a newspaper publisher was confronted with a group of people who had recognized a mistake he had made and were asking for public recognition of the error.

The publisher happily granted that the mistake would be corrected in print, and one person then stated that it should never happen again.

On this statement, the publisher gave his word that if the person making the remark would give him just ONE answer, then he would guarantee that another mistake would NEVER happen.

The one thing he said he needed was: "The formula to eliminate human error."

A recognition of the fact that this formula will forever be sought but never attained could conceivable aid or people in accomplishing more good, and doing less damage than any other single axiom.

The only individual recorded in history that was totally without guilt never advocated the throwing of stones.

Understanding can be achieved without insult, and problems can be solved in the light of compassion.

There is the element of notorious underpayment to small community public officials. Jobs of dedication inevitably attract turmoil of human emotion that is unequalled.

The "scarlet serape of the hypocrite" belongs to those who bemean and bemsirch others only with those who will agree with them.

A community that pulls together for the mutual happiness, prosperity and well-being of all its constituents will be the community that youngsters will be proud to grow up in, and happy to return to.

C.E.C.

THE Peripatetic VIEW

BY C.E.C.

This may sound strange coming from a country newspaperman directed toward the Madison Avenue advertising crowd, but for my part I've seen some of the silliest things perpetuated across my TV screen during the past few weeks that I wonder if they still realize that they're trying to sell items to NORMAL human beings.

For instance one that is particularly gruesome to me is the one that says a cigarette is good because it "travels the smoke over, around, under and through" the tobacco.

Now, since smoking is one of my vices I've "lit" a considerable number in my time, and I've yet to figure out how the stupid smoke could ever get to me if it didn't come "OVER, UNDER, AROUND AND THROUGH," the tobacco. You would have a hard time enjoying a big pull from one of the things if the smoke got to you any other way!

Another one is this production that talks about bread and says blatantly that, "It's batter whipped." Seems to me from my observations, that range all the way from handling the batter with a wooden spoon to a mix - master, that it would be ridiculous to assume that someone would bake bread without whipping the batter. Of course some may call it "beating" or "thrashing" or even simply "mixing" but I'd hate to sit on the difference between these and "whipping." It all gets mixed. And in making their point they display a "Brand X" that shows a few mammoth gaps that absolutely must have undergone an excavation process of some magnanimous sort. At least I know I've eaten bread that was not "batter whipped" all my life and I've yet to stumble onto a chunk that looks as gory as the one they display.

One real nerve-crusher is the one where an ugly housewife has been using soap for six weeks and then in front of the camera and an auditor discovers what brand it really is. There is no human in the world that could convince me

that a woman, whether she be ugly, pretty, or moderate, could use a soap for six weeks without peeking under the white wrapper.

But none - the - less, upon her given cue, she leaps up as if she was just bitten on the heel by the pet Pekingese, and roars--"WHY IT'S NEW BLUE CHEER!!!!!!!!!"

And then the announcer, as if he's just witnessed the signing of the Berlin peace treaty, makes the astounding reply, "That's correct!"

The aspirin people are the type that really have it figured out. They come forth with a commercial featuring a face so contorted with "nervousness, tension, and rheumatic - like pain" that it in-

fects the audience. No one can watch such an excruciating display of misery that only needs under the finger nails could produce without gaining enough sympathy to cause a little nervousness in themselves. And when you've watched this Chinese torture for five commercials during a 30-minute program, then you're ready for some sedative yourself. So what do you run out and buy? That same little product that kept changing the miserable little man with a twisted face into one that looks as if he just received Gina Lollobrigida in pre - paid special delivery package from the post office!!!

For me and my house, we'll stick to shopping the grocery specials.

It is not goodness to be better than the worst

Center Jim Chriesman was named as the Tiger "Player Of The Week," following Friday night's game with Stanton.

Chriesman, a junior this year, represents one of the heaviest men in the Tiger forward wall, and has been a regular throughout the season.

Although the Tigers lost the encounter to Stanton, the field offense proved able, with the Tigers penetrating four times during the game.

With another season remaining, Chriesman should be one of the top linemen in the circuit. The season ends this Friday night at home with Denver City.

Old Friends

refreshing to renew friendships with successful people who remember and value their home town and friends. Louie Welch, class of 1936, is certainly in that category. Louie has been successful in business and in politics. He has been in the city of Slaton for the past several years as a commissioner at large for the city of Slaton and is presently in the race for the office of Texas' largest city. When asked where he is from, the answer is always Slaton. When asked where Slaton is, he has a stock answer, six miles west of Southland and five miles east of Posey. In addition to being successful in business and politics, Louie is a Christian gentleman in every sense of the word.

many remember Sam McMennamy (The Blind Tiger) captain of the 1929 football team? Sam is married to Herbert Welch, class of 1930. Sam and Herbert are practicing Chiropractors and are located at 4010 Julie Drive, Amarillo. Both Sam and Herbert take quite a pride in their profession and enjoy helping people.

June at our last get-together we were for a few minutes with one of the most interesting people that it has been my pleasure to see for some time. Jack Erick, class of 1937, started to work here in the Parochial School and went the way through to graduation of the school. Jack lives on an Indian reservation at Cedar Creek, Arizona and operates a trading post. In addition to supplying all of the Indians merchandise, Jack acts as doctor, dentist and general advisor.

the homefolk in the news this week is Truett Bownds, class of 1930 who has just returned from a hunting trip in Colorado. Truett says that the deer are awfully big and fairly easy to hunt in.

Color and Deep Fishing
 The deeper you fish the less important color becomes. Colors on your lures tend to lose individually the deeper they sink. Red is the first to lose distinction. So concentrate on plug action in deep water, and never mind the color of your bait. On the surface, however, color does count, with red and white the most popular. Contrast of the two colors seems to please (or displease) bass especially.

DECA Carwash Was Success

The Slaton Chapter of the Texas Association of the D. E. Clubs of America (DECA), held a car wash at the M. D. Geer Texico Service Station November 4, which was a great success for the club. The car wash started at 10:30 a. m. and lasted without a break until 5:00 p. m. The members were served lunch at the station through the courtesy of Mrs. Mildred E. Smith.

The DECA members participating in the car wash were: Judy Smith, June Tucker, Betty Brookshire, Linda George, Zana House, Jean Barred, Mike King, Jerry Miller, Gary Bailey, Karen Adams, and Mr. Howard D. Wright. The remaining members were at their regular employment.

The club wishes to express their deepest appreciation to Mr. M. D. Geer for the use of his service station and for making the first D. E. money making project a success.

GENERAL ELECTRIC CLOTHES DRYER

With High Speed Drying System.

Install flush to wall -- Room air enters the dryer from the front and is then warmed, entering the clothes basket from the back. Fast-moving currents of properly warmed air flow through the tumbling clothes, drying them quickly and naturally.

Air laden with moisture and lint is carried through the trap depositing lint and then is exhausted at the rear. There is no overdrying or underdrying because G-E's highly sensitive thermostat is located in the clothes where it accurately measures and reacts to the type of fabrics, size and moisture content of the load.

Auction Selling Brings Higher Cotton Prices

Cotton has now joined livestock, tobacco, citrus fruit, eggs and fresh vegetables in using the auction method of selling. However, the monotone chant of the auctioneer which makes livestock and tobacco sales noisy and colorful is entirely missing from a cotton auction. Plains Cotton Cooperative Association at Lubbock is selling some \$7 million worth of cotton each week quietly and without fanfare. Daily sales catalogs listing from 7,000 to 10,000 bales are flown nightly to cotton buying centers in Dallas, Houston and Memphis and distributed in Lubbock. Buyers examine the listings and make their bids. These may be presented in person, but many bidders make their offers by wire without leaving their offices. At 2:00 p.m. each day, Monday through Friday, the sealed bids are opened and each quality is awarded to the highest bidder. The CCC loan support and Plains Cotton Cooperative Association's own bids operate to prevent cotton from selling

below market price. Eighty-nine Plains cooperative gin associations with 137 gin plants concentrate their farmers' cotton for Plains Cotton Cooperative Association's auction sales. Farmers find a stronger market because of the economies made possible by cooperative action and volume competitive selling. Plains Cotton Cooperative Association was organized eight years ago to find better ways to sell Plains cotton to more mills. By its aggressive sales program, it is now selling cotton in 22 foreign countries and to many mills in the United States. Being owned by the farmers who use it, any margins made in the competitive auction sale, in merchandising and in warehousing are paid by Plains Cotton Cooperative Association to the farmers who send in their cotton. Last season, \$1,512,000 were paid as patronage refunds to some 11,000 Plains farmers. Eighty-eight farmers, one from each gin association, sit on the board which makes policies and directs the affairs of the Marketing Association. Howard Alford, well known Lubbock County farmer, is president of Plains Cotton Cooperative Association. Dan Davis is the Association's general manager.

Lubbock Boy Shows Grand Prize Steer

KANSAS CITY...A summer yearling, "Champ", owned by Jimmie Thompson of Lubbock won the Junior grand championship award of the American Royal Livestock Show last Saturday. The American Royal is one of the two biggest National shows, on the circuit. Jimmie is a 12 year old Lubbock 4-H Club boy, and a seventh grade pupil at Atkins Junior High in Lubbock. Champ was selected from a herd of animals on the D. W. Lewter Ranch near Lubbock. He won the 4-H club championship earlier, and as the junior show champion he is eligible to compete for the grand championship of the show this week. A Shorthorn steer from Hinton, Iowa, won the reserve champion honors.

Boss: That's a beautiful diamond. Anyone I know?
Secretary: No. When Grandma died, she left \$1,000 for a stone in her memory. This is it.
.....
Scotsman: "My lad, are you to be my caddie?"
Caddie: "Yes, sir."
Scotsman: "And how are you at finding lost balls?"
Caddie: "Very good, sir."
Scotsman: "Well, look around and find a ball and we'll start the game."
