Direct Descendant of Mayflower Passenger Battler Against Bigotry

GORDON HALL, the "battler against bigotry," spoke recently at a banquet in Amarillo sponsored by the Potter-Randall County Young Democrats.

What he had to say should have been heard by every American citizen. No place was his address needed more than in Amarillo.

Although he is non-partisan in his war on bigotry — he strikes a blow to the left and the right — he is hated by the Lincoln Rockwells, the General Walkers, the Billy Hargises as well as the Communists. All of the noise in this area came from the right wing extremists and this is the case most everywhere he goes, possibly because there are more than a thousand right wing extremist organizations in this country and only about 150 left wing groups. When he spoke recently in Georgia, Gus Hall, head of the Communist party, was speaking around the corner. Strangely enough, the rightwing created a bomb scare, dispersing Gordon's audience. . . . and didn't even know Gus Hall was in town!

AMARILLO BISHOPERS used the same old totalitarian tactics. They tried to get the Amarillo school board to refuse the building. This failed. Then they contacted the House Un-American Activities committee, hoping to get some evidence. He was given a clean bill of health from this source. The renegade radio preachers called him a "Communist."

Then tapes of General Walker and Robert Welch who attempted to discredit Hall were played. Promised pickets failed to show up.

It would seem that the daily newspaper in a town the size of Amarillo would have been interested in the covering of such a meeting by its editorial department, due to the stature of the speaker and the fact that he had become controversial in Amarillo. . . . but the paper virtually ignored the meeting. Oh, they sent a reporter down to ask Hall a few questions before he spoke . . . but that was about it. We overheard the reporter ask Hall

something about "liberals" and "conservatives," then before Hall had a chance to answer the question, the reporter came back with "Don't you think . . ."

JUST WHAT KIND of a person was this young man with greying temples who has been given such a billing by the Birch Society?

Well, he is a direct descendant of Lyman Hall who came over on the Mayflower and signed the Declaration of Independence for the Commonwealth of Massachusetts. The Saturday Evening Post used four pages to laud his work. The article was entitled "Battler Against Bigotry" with the explanation, "A fearless one-man task force. Gordon Hall flails the 'hate boys' with their worst scourge—exposure."

Now the Saturday Evening Post isn't exactly a left-wing magazine.

HALL WAS OBJECTIVE in his remarks. He never identified himself as either a liberal or conservative. He defended the broad middle stream of American political life which he said is and has always been composed of liberals and conservatives. He denied the extremists of the left or right the use of the words "conservative" and "liberal". He said it has been the true liberals and conservatives who have caused our government to last. While the liberals have been reformers, have sought to patch up our government when it broke down, have insisted on making changes within the framework of our government and not by revolution, have insisted on making our government work, the conservatives, on the other hand, have served as a check whenever the liberals became over-zealous, have applied the brakes at times when perhaps they needed to be applied, and have served every useful role although they have been fewer in number than the liberals.

He described the conservatives as persons who would prefer to conform instead of to reform, who believe individual decisions to be preferable to group decisions, who prefer stability to change, and who look to the past for guidance.

But in any event, both the liberals and conservatives have believed in their government, have abided by majority decisions and, after they were outvoted, determined to come back next session and change the law with constitutional methods, and on most instances have respected their government and each other. They have maintained the dignity of office and those who occupied these offices. Under no circumstances would they advocate revolution, totalitarian methods, refuse to obey the law, challenge the very institutions of our government.

He recited the primary accomplishment of the liberal-conservative tradition bridging the gap between the very rich and the very poor. . . . the establishment of our broad middle class which is the envy of every nation on earth that lacks one.

Hall placed all but about nine million Americans in this broad center stream of American life.

BUT ON THE OTHER fringes of this respectable center are the extremists and fanatics.

Both have much in common, whether they be to the left or right.

Both have lost faith in the American way. They have lost faith in our ability to reform, to correct things wrong with our govern-

Pole Cat Gets The Lid

Post City is suffering from a plague of pole cats, probably driven into town by dry weather. No one is known to have been bitten yet, but there is always the possibility of rabies. Police have killed twelve or fourteen in the city in the past few days. There is one family living under a downtown building which they haven't been able to dislodge, as the striped little beasts won't come out in daytime and nobody wants to disturb them.

Lady called Police Chief Corley the other day and said, "There's a skunk in my garbage can. What shall I do?" The Chief replied, "Slip up on it and put the lid on the can, then we'll come get it." She did, and they did.

ment to bring up - to - date those things that need changing. Those to the far left would change the system. They believe there is no possible way to reform, that we must revolt and start over. Most all of the far left would eliminate the profit motive which they believe to be the root of the problem. Some are utopian marxists. They care nothing about Russia but would institute the philosophy of Karl Marx. Others are interested only in the economic features of communism.

Hall emphasized that these people have nothing in common with the liberals, or reformers. He cited as an example the Progressive labor movement which charged in an editorial that every act of the liberal Kennedy administration only served to boost fascism, or the far right, that Kennedy was a tool of the ruling fascist class here in America, that Kennedy was the chief enemy of the working man, that only revolution and the elimination of the ruling class, typified by Kennedy, would relieve "injustice."

THE FAR RIGHT, on the other hand, charged that Kennedy was a communist, a marxist, one who was assassinated by the communists because he had permitted his Communist masters to get behind on the timetable for their "take over" of America, that they "disciplined" him with assassination. They charge that he was "wiped out" because they feared he might "turn American".

Both extremist groups pictured Kennedy at opposite ends of the spectrum.

HALL CHARGED that the left wing extremists are system hating and "people loving", while the right wing extremists are "system loving" and people hating.

The leftists hate the American system of government and would overthrow it. Yet they claim to love the masses. While it is almost altogether insincere, they express concern for the downtrodden, the oppressed, the poor, the aged, the working man who is not getting a fair deal. While he doesn't believe them, still this is their appeal.

Meanwhile, the rightists love the American system of government and hate the masses.

"Nobody loves America more and understands it less than General Walker," said Hall. "He loves it so much that he flies his flags upside down."

Yet, these "American lovers" in reality hate the people although they would be the last to admit it. Hall pointed out that every anti-Jewish, anti-Negro, anti-Catholic hate group is a part of the right wing. But, like the ultra left, they fail to recognize themselves.

The left wingers don't hate the American system, they quickly point out, they would only smash capitalism.

YET, BECAUSE HE battles bigotry and exposes the activities of these hate groups, word always is spread around town before his arrival that he is a Communist!

Hall defends the broad middle stream of Americanism "and this is a conviction, not just to find a respectable place to be" he says.

He believes extremism, whether to the right or left, will destroy our country if it isn't stamped out. But he is quick to explain that he wants it crushed by an informed public, not by character . . . or actual . . . assassination, not by revolution, not by totalitarian methods.

The starting place is to know and understand what the middle is, he said. "We must find political normalcy before we can know what extremism is."

He suggested that persons inform themselves.

"If you don't like the Amarillo papers, take other papers," he admonished. "If you don't like the U. S. News and World Report, take Newsweek." He suggested trips to the public libraries and the many good publications that are available. He suggested information which can be provided by Congressmen and Senators. He said that these nine million extremists found in the 150 left-wing and broad middle would speak up. He said the broad middle has "too many silent ones. . . ." And he quoted President Johnson who said "When the middle asserts itself, that will be the end of extremism."

WHEN WE ARRIVED in Washington last week, persons were asking questions concerning Gordon Hall's speech in Amarillo. News of it had already reached the Capital!

H. M. Baggarly, Tulsa Herald

In Texas . . .
after bowling, beer is a natural

After you've bowled a game or two, or when you're winding up the evening at the neighborhood bowling center, it's good to relax with friends and compare scores. What better way to add to the sport and the sociableness than with a refreshing glass of beer? However you take your fun—skiing, skating, or at your ease in the game room—beer always makes a welcome addition to the party.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In Texas . . . beer goes with fun, with relaxation

'64 Chevy II Super Sport with V8 power

...and just the place to enjoy it

Get for yourself what this Chevy II can really do. If you're on hills nearby, let it give them a good going-over. You see it give slow-moving trucks the run-around. With its new extra-cost V8 you need but give the accelerator an inch, and this Super Sport will take a mile. And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior and door-to-door carpeting will tell you that. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh

transmission. Both are optional at extra cost, along with a Positraction rear axle, AM-FM radio, and many other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear. With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.

Lubbock County Farmers Will Set New High In Crop Insurance

Lubbock County farmers probably set a new high in 1964 crop insurance according to Joe Matthews, District Director of FCIC, an agency of the United States Department of Agriculture.

He said FCIC representatives are accepting applications now in this county for a limited time on cotton and grain sorghum and that information on the program is available at the FCIC county office in Lubbock, Texas.

As 1963 ended, he reported that approximately 590 farmers of this county were carrying nearly \$3½ million total protection.

1963 was a busy crop insurance year in Texas according to State FCIC director, Ben A. Jordan, Jr., with nearly 12,000 farmers protected for over \$31 million on their cotton, wheat and grain sorghum.

Nationally, according to FCIC manager John N. Luft, a 25-year record of nearly \$500 million in crop insurance was set in 1963

—up 30% and 25 thousand additional farmers from the previous year. Luft said 13 million United States acres and twenty different crops are now insured against production loss from natural hazards and that in 1963 some 50,000 farmers received close to \$25 million in crop payments, all of its previously paid in by farmer policyholders.

The district director urged that farmers of this county get Federal Crop Insurance for the unpredictable need that can be disastrous and keep it like other insurance for the constant protection and constant peace of mind.

What usually makes them the good old days is a rich imagination and a poor memory.

Health Authorities Sponsor Anti-disease Campaign

AUSTIN— Thanks to the times in which we live, the letters "VD" can be printed in the newspaper. Not too long ago VD was to be whispered, and then only in the back room.

Health authorities agree that a lot of progress has been made toward venereal disease control, but a growing number of cases is causing grave concern.

After the war, an aggressive venereal disease program spectacularly cut sky-rocketing VD statistics. The VD rate (figured in cases per 100,000) reached a very low level by about 1934 and

remained there until about 1958. In 1958 the syphilis rate began a stealthy climb. Today, the trend is still up. A corkscrew-shaped microorganism—*Treponema pallidum*—causes syphilis, the most dangerous of the venereal infections. The germ dies quickly outside the human body. Sunlight, soap, milk, heat or drying out quickly kills it. Therefore, syphilis is not spread by water, food or air. And it is not caught from toilet seats, door handles, drinking fountains, eating utensils or other such objects.

It is possible, but rare, for syphilis to be spread by kissing. Ordinarily, it begins with a small sore—called a chancre—and if untreated subtly progresses and may cause blindness, mental ill-

ness or death. Simple laboratory tests will reveal the presence of syphilis almost any time during the disease.

Public health personnel are combating VD with a two-point campaign—interviews with people who may have been exposed and public education.

A nation-wide telephone network can quickly alert VD investigators anywhere in the country as to the whereabouts of a possible VD contact. The contact is encouraged to seek medical examination.

Education, in the main, is carried out by lectures, leaflets, films and other media. Knowing the truth about venereal disease may set some—otherwise destined to misery—free to live.

Lubbock Christian College Spring Enrollment At All Time High

Dr. H. O. Wilson, Lubbock Christian College registrar, announced that final tabulation has set the total spring semester enrollment at a record breaking 467 students.

This total surpasses all previous records set in the spring. The enrollment is an increase of 36 per cent over the 1963 spring enrollment.

According to Dr. Herman O. Wilson, college officials were elated over this record spring enrollment. Nearly all colleges experience a decline in the spring, sometimes as high as 30 per cent. LCC dropped one student from the 1963 fall enrollment of 468, which topped all previous fall enrollments.

Of the new students, 44 are transfers from other colleges, 25

are entering college for the first time, and 15 are Texas Tech concurrent students. Back this semester are 14 students who have attended LCC sometime before last semester.

This semester's student body is made up of approximately 290 freshmen and 160 sophomores who have enrolled in classes totaling 6,589 hours. This number, divided by 16 (considered the normal class load) sets the total equivalent number of students at 411.

Again this semester, as last semester, LCC's men outnumber its women. The freshman class contains 164 men and 126 women. The sophomore class has 95 men and 65 women. These total 259 men to 191 women—1.36 men for every woman.

a new recipe for—
Apple Crisp—A Family Favorite

It's hard to beat a combination of juicy apples, spices, brown sugar, and crisp, crunchy malted cereal granules in making Apple Crisp. This family favorite is easier than ever to prepare when you use malted cereal granules. They are ready to use just as they come from the package—no additional preparation is necessary. Economy-minded homemakers turn to nutritious, versatile breakfast cereals not to add variety to their cooking and to improve its nutritional value. Breakfast cereals make important contributions of protein, important B vitamins, essential minerals, and food energy.

Apple Crisp
4 cups sliced, peeled cooking apples
1 teaspoon grated lemon rind
3/4 teaspoon cinnamon
3/4 cup malted cereal granules
1/2 cup butter or margarine, melted
1/2 cup brown sugar, packed

Place apples in shallow 1 1/2-quart baking dish. Combine cereal, sugar, lemon rind, and cinnamon; mix. Add butter or margarine; mix. Sprinkle cereal mixture evenly over apples. Bake in moderate oven (350°F) until apples are tender, about 40 minutes. Serve warm or chilled with plain or whipped cream, fluffy hard sauce, or vanilla ice cream. Yield: 6 servings.

School Board Adopts New Text Books

The Slaton School Board met in regular session March 3, 1964. Regular routine business was dispensed, such as reading of previous minutes, paying bills, and so forth.

The board adopted textbooks in the following order:
Supplemental Readers: Grade 4
Supplemental Readers: Grade 5
Supplemental Readers: Grade 6
Vocal Music: Grade 1
Vocal Music: Grade 2
Vocal Music: Grade 3
Arithmetic: Grade 8
Texas Geography, Grade 7
United States Geography, Grade 8
Chemistry, High School
Business Arithmetic, High School
Typewriting (Beginning)
Typewriting (Advanced)
Band, Grades 5-12
World Geography, High School
English Dictionaries, Grade 12

The board began the study of the election of teachers for the 1964-65 school year.

The board authorized the purchase of a water cooler for the High School building to replace the one that is now worn out.

The board discussed the possibility of making a study of the evaluation of property for tax purposes. This topic was tabled for an indefinite period of time.

Governor Proclaims School Week

Special observance of increased emphasis on our education system has been marked annually for fourteen years by a Public Schools Week in Texas.

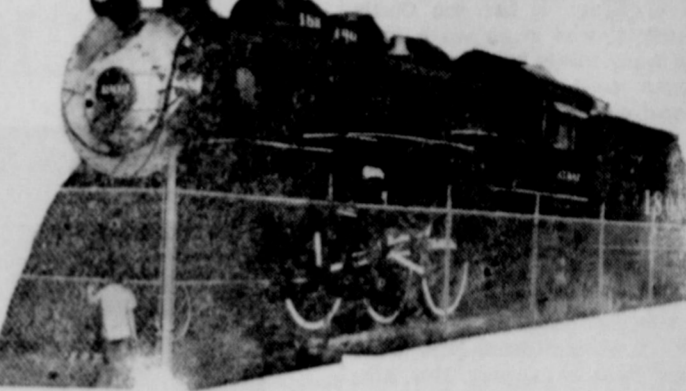

During this period, parents are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the Nation, and to achieve this our citizens are urged to take an active interest in their school systems and to cooperate with their school boards, superintendents, principals and teachers.

Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world vents, it is also important to remember that our public schools will furnish our leaders tomorrow with the basic human, moral, and spiritual foundations necessary for more advanced training and knowledge.

Therefore, I, as Governor of Texas, do hereby designate the period of March 2-6, 1964, as Public Schools Week in Texas.
JOHN CONNALLY.

Railroad News..

News about Railroad Folks For Railroad Folks

As of now, no reduction of the number of locomotive firemen employed has been made by the Santa Fe at Slaton, although carloadings were off about 10% last week. One chain gang train crew has been reduced. It is understood the firemen will be maintained at present number until an agreement is reached at a meeting being held this week.

Bert McDonald, Santa Fe conductor of Slaton, underwent surgery two weeks ago and is still confined to the hospital at Temple.

John H. (Jake) Blake, Santa Fe Assistant General Manager at Amarillo and former superintendent at Slaton, has entered the company hospital at Albuquerque for eye surgery.

T. V. (Tommy) Ellis, Santa Fe train dispatcher, has been discharged from Mercy Hospital at Slaton and is recuperating at home from recent illness.

Management Training Is Theme At Meet

With a theme of in-depth management training, the annual Mid-Winter Conference of Texas Retail Grocers Association was held March 8-10 in Austin.

Grocers from across the state attended the meeting which is sponsored jointly by TRGA and the Distributive Education Department of the University of Texas.

John L. Morrison of Norman, Oklahoma, president of the National Association of Retail Grocers of the United States, was the keynote speaker.

Training sessions were conducted by Dr. Dennis B. Ford, professor of management, Texas A. & I. College; Francis A. Flynn, supervisory training specialist, University of Texas; and Mrs. Mary Frances Bowden, supervisory and management training specialist, University of Texas.

Addressing special session was Allen P. Schoolfield, Jr., Dallas attorney who specializes in management representation in labor law.

Mrs. Joe Mack Shawver (Nee Fonda Leah Patterson)

Mrs. D. Crow Heads Drive

The annual Easter Seal Campaign, sponsored by the Lubbock County Society for Crippled Children, was launched February 26, Mrs. Don Crow, Slaton Chairman for the Drive, announced today.

Half the returns from the Campaign are given to the Lubbock Cerebral Palsy Treatment Center. The remainder buys braces, crutches, wheel chairs, corrective shoes and transportation to medical centers for needy crippled children whose parents are unable to provide the needed care.

Last year over 375 crippled children benefitted from the Easter Seal Campaign.

The Campaign will continue through March 29, according to Mrs. Crow. Contributions may be sent to Drawer 1121, Lubbock, everyone connected in any way with the Easter Seal Campaign donates his or her time so that money received may be used to help crippled children.

The purpose of the Easter Seal Campaign is to provide funds for the care of crippled children so they may learn to walk and to lead happy, useful lives.

Miss Kelly Davies Shower Honoree

Miss Kelly Davies was honored with a miscellaneous bridal shower in the home of Mrs. Sam Ellis as Southland, Saturday afternoon, February 29.

The serving table, covered with a cutwork embroidered cloth was centered with an arrangement of blue and white flowers and blue candles in crystal candleabra.

Hostesses were Meses: Herman Dabbs, Donald Pennell, Hub Haire, Jay Oats, Earl Lancaster, Jack Myers, Jay Martin Basinger, Weldon Callaway, Pat Taylor, Reynolds Haliburton, Arthur Smallwood, Herman Kiesel, Jack Hargrove, and Sam Ellis.

The hostesses' gift was an electric coffee maker and a portable mixer.

Patterson - Shawver Vows Said in First Baptist Church

The First Baptist Church was the setting for the wedding of Miss Fonda Leah Patterson and Lt. Joe Mack Shawver at 7 pm Saturday. Officiating at the double ring ceremony was the Rev. W. F. Ferguson of Lubbock.

Parents of the couple are Mr. and Mrs. E. D. Patterson of Rt. 1 Slaton. Mrs. Alma Shawver and L. E. Shawver of Hamilton.

Candles were lighted by Lt. Tim Armstrong and Lt. Vole Gould of Carswell Air Force Base. Ft. Worth Flower girl was Jana Allison of Wichita Falls, cousin of the groom.

Mrs. J. C. Strange, organist, accompanied Mr. and Mrs. Myron Kattner in traditional wedding selections.

Mrs. Richard Edwards of Austin was matron of honor. Other attendants were Miss Barbara Armandson of Dallas, Miss Marsha Ann Rowland of Ft. Worth, Mrs. Mike Herman of Houston and Mrs. Jo Julian of Lubbock.

The attendants wore floor length dresses of jade green satin fashioned with emerald green panels which reached full length in back. Headpieces were half-moon rhinestone tiaras and the brides gifts to her attendants were pins of pearl and rhinestone which they wore on the left shoulder of their dress. White elbow length gloves and cascade bouquets of white feathered carnations completed the ensembles.

Best man was the bride groom's brother George Day Shawver of Seymour. Groomsman were Gary Creese of Goree, Joe Davis of Abilene, Carlton Brock of Seymour and Nicky Patterson, brother of the bride. Ushers were Gary Max Coltrap and Donald Coltrap both of Seymour.

The bride was escorted to the altar and given in marriage by her father. She wore a floor length gown of light mint green. The gown featured a bateau neckline elbow length sleeves and Alencon lace motifs which accented the bodice and extended onto the bell controlled skirt. A train was attached to the back neckline. Mrs. Shawver's train length veil with a shoulder-length petal veil of imported illusion was held by a caslet crown of lace. She carried a bouquet of white feathered carnations centered with pale green cymbidium orchids.

Following the ceremony the couple received guests in the reception hall of the church presiding at the bride and groom's

table were Meses: Artie Whitesides, J. S. Edwards, Glen Payne, Oree Glascock, Harmon Thompson, Howard Hoffman, Miss Paullette Dowell registered guests and Mrs. Dale Edmunds and Richard Ails of Lubbock provided music throughout the reception. Others assisting were Meses: Cecil Scott, Wade Thompson, Vasker Brownning, Joe Walker, Jr., Edwin Haddock, Earl Reasoner, Troy Pickens, Robert Ayers, R. Hall Davis, Jim Sain, Curtis Dowell, Paul Melton, Jess Johnson, Bill Chreisman, Leo Baggett, Wm. McKelvey and Gene Evans of Lubbock.

Mrs. Shawver chose as her going away outfit a suit of Chinese red velvet with a sleeveless jacket over a pink crepe long sleeve blouse. Her hat was of pink straw and her accessories were black patent. Her orchid corsage was from the bridal bouquet.

For the honeymoon the couple went to Huixosa and parts of Old Mexico.

The bride is a graduate of Slaton High School, attended North Texas State University and Texas Tech. She was employed in the accounting department of Methodist Hospital as assistant supervisor of Accounts Receivable.

Shawver was graduated from Seymour High School and from North Texas State University. He is now stationed at Carswell A. F. B.

The couple will be at home at 1404 Virginia Place in Ft. Worth.

REHEARSAL DINNER
The rehearsal dinner for the wedding party was given Friday evening at the Johnson House Restaurant, in North Lubbock, hostessed by Mrs. Alma Shawver, the groom's mother. Twenty-seven guests were served.

India Circle Meets March 3

The India Circle of the W.S.C.S. met Tuesday March 3 in the home of Mrs. M. L. German.

Mrs. H. T. Surlock presided over the business session and opened with a prayer. All reports were given and final plans were made for the luncheon in fellowship hall March 9 with the new study, "The Introduction to the Three Social Classics".

Mrs. Serman Clark has charge of the Easter program assisted by Mrs. W. S. McWilliams, Mrs. Bill Smith, and Mrs. Surlock.

Garden Club Sees Film

A spring motif was in the air when the Slaton Garden Club met in the home of Mrs. Fred England assisted by Mrs. Dudley Berry.

"Of Lines and Flowers" was a film shown by Mrs. Edwin Haddock and Mrs. August Kitten. A spring poem was given by Mrs. E. R. Legg and Mrs. O. Z. Ball showed her arrangement of pink roses accented with pink grapes.

Mrs. Vasker Browning presided over the meeting. Final plans were made for the work shop, "Fun with Flowers", which is to be the next meeting.

The club voted to contribute to the Crippled Children Fund and the Girl Scouts.

Arrangements of flowers added their festooning bit as did a pair of handsome Easter bunnies. Miniature mirrors reflecting tiny blossoms were presented to the following members. Mmes: George Alexander, Bob Ayers, Ball, Berry, Browning, J. S. Edwards, England, Haddock, Bevis Hanna, Kitten, J. D. Holt, A. M. Jackson, Legg, Jack Nowlin, Bruce Pember, Earl Reasoner, Bill H. Smith, H. G. Stokes, Webber Williams, Grady Wilson, S. G. Wilson, Clifford Young and guests. Mrs. Charles Wood and Mrs. Kenneth Davies.

2-25-64 Mr. and Mrs. Benigne Perez, Rt. 6 Lubbock, Texas, Girl: Grizelda, 7 lbs and 1 oz.
2-26-64 Mr. and Mrs. Franklin Kitten, Rt. 1 Slaton, Texas, Boy: Russell Franklin, 6 lbs and 3 oz.
Mr. and Mrs. Chris Gindorf,

208 53rd, Lubbock, Texas, Girl: Clarissa Jane 7 lbs. and 2 oz.

2-28-64 Mr. and Mrs. Ocola Vaughn, Gen. Del. Slaton, Texas, Boy: Matthew, 10 lbs. and 13oz.

2-29-64 Mr. and Mrs. C. L. Cabler, 502 E. Rice, Lubbock, Texas, Boy: Floyd Ray, 8 lbs. and 8 oz.

Mr. and Mrs. Ray Smith, Box 338, Ralls, Texas, Girl: Talisha Renee, 3 lbs.

3-1-64 Mr. and Mrs. Cornelio Saldivar, 811 West 13th, Post, Texas Girl: Debbie Kay, 7 lbs. and 13oz.

3-2-64 Mr. and Mrs. Macario Cisneros, 820 South 7th, Slaton, Texas, Girl:

Sylvia, 7 lbs. and 3 1/2 oz.

3-3-64 Mr. and Mrs. D. L. Willeby, Rt. 1 Lubbock, Texas, Boy, Dowd Mandall, 7 lbs. and 10 oz.

Mr. and Mrs. Pete Valdez, Box 33, Southland, Texas, Boy: Federico, 8 lbs. and 8 1/2 oz.

3-6-64 Mr. and Mrs. Ben Cavett, 215 E. Lynn, Slaton, Texas, Girl: Kimberly Rene, 6 lbs and 5 oz.

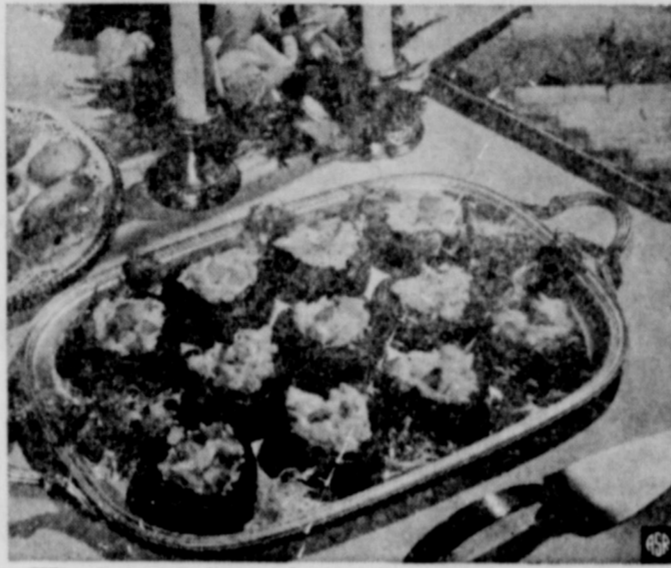

3-7-64 Mr. and Mrs. Jackie Bishop, Box 188, Wilson, Texas, Boy: Billy Gene, 7 lbs. and 10 oz.

3-9-64 Mr. and Mrs. Mauricio Florez, PO Box 282, Tahoka, Texas, Girl: Rache asquez, 6 lbs. and 12 oz.

Mr. and Mrs. Calvin Kerr, Gen. Del. Slaton, Texas, Boy: James Chris, 6 lbs and 6 oz.

Mr. and Mrs. Juan Pose Flores, Gen. Del. Wilson, Texas, Boy: Juan Jose, Jr. 7 lbs. and 13 oz.

Ladies Luncheon For Twelve

When it is your turn to hostess the social circle or other club groups, make it a salad and sandwich luncheon. For the salad, suggested here are individual molds of tomato aspic each topped with a mound of crab or chicken salad. Finger sandwiches made with both light and dark bread and a variety of fillings complete the main course. Make the tomato aspic this new quick way with a Swiss recipe soup mix, and for the best in flavor and quality, make the crab and chicken salad with real mayonnaise.

Reception Salad

- 1 envelope Swiss recipe spring vegetable soup mix
- 3 cups water
- 4 envelopes unflavored gelatin
- 1 (1-pint, 2-ounce) can tomato juice

Four soup mix into saucepan. Gradually stir in water. Bring to a boil, stirring occasionally. Reduce heat; partially cover and simmer 7 minutes. While soup is simmering, sprinkle gelatin on 1 cup tomato juice to soften. Add gelatin to soup and stir until completely dissolved. Mix in remaining tomato juice. Pour into 12 individual molds. Chill until firm. Unmold and serve with mounds of Crab or Chicken Salad.

Crab Salad: Clean and flake 1/2 pound cooked crab meat. Combine with 1 cup finely chopped celery, 2 tablespoons finely chopped parsley and 1/2 cup real mayonnaise. Chill until serving time.

Chicken Salad: Lightly mix 2 cups diced cooked chicken, 1 cup cooked peas, 1 cup diced celery, 1 teaspoon grated onion, 1/2 teaspoon salt, dash pepper, and 1/2 cup real mayonnaise. Toss until coated with mayonnaise. Chill until serving time.

W. S. C. S Meet March 9th

The W. S. C. S. met Monday, March 9th in Fellowship Hall of the First Methodist Church for a covered dish luncheon with the Cuba Circle as hostess.

Rev. Rollo Davidson opened the luncheon with prayer. Mrs. R. T. Farley held a business session for the election of officers.

Mrs. Bill Smith gave the devotion and she was assisted by Mrs. E. R. Legg and Mrs. W. S. Mc Williams.

Mrs. Rollo Davidson introduced the first session of the new Study "The Introduction to the Three Spiritual Classics."

Mrs. Johnny Wheeler gave the benediction.

Next regular meeting will be Monday, March 16 at 9:30 A. M. in the Chapel, for the second part of the study.

Local Man Charged Resident In Auto Mishap

Court records at Lubbock show K. W. Campbell, 56, of Slaton, plead not guilty to a charge of driving while intoxicated before Judge Ellis in County Court at Law No. 1 Friday. Bond of \$500 was posted pending a hearing.

Claude Cravens read ordinance No. 235 closing a portion of Kent Street. Truett Bownds moved that we accept this Ordinance and this was seconded by Henry Bollinger. Motion carried.

Time Short To Buy Licenses

Lubbock County motor vehicle registrations up to Saturday were 20,819 against 22,065 on the same date last year, and number of licenses issued per day had slowed down to about half that then. The deadline is April 1.

Mrs. Vera Drewry, Deputy Collector at Slaton had sold only a few over a thousand licenses. She estimated about 2,300 more would be licensed from the Slaton office. She also said people would be standing in line to buy them toward the end of the month if more didn't buy now.

Pioneer Study Club Holds Meeting

The Daughters of the Pioneer Study Club met in the home of Mrs. Earl Reasoner with Mrs. Martha Brown as hostess, on Monday evening March 2.

The meeting was presided over by Mrs. Jack Nowlin. Final plans were made for entering the Senior Civic and Culture Club at the next meeting, March 16.

Mrs. Alex Webb gave an interesting review in the life of one of "The Greatest American Women" Mrs. Jacqueline Bouvier Kennedy.

Refreshments were served to Mmes: R. E. Ayers, LeRoy Holt, John Morris, Greenley Myers, Cecil Scott, M. M. Schlueter, Bill Smith, R. H. Todd, Loe Walker, Reasoner, Webb, Brown, and one guest, Mrs. Guy Jones.

Gail Johnson Shower Honoree

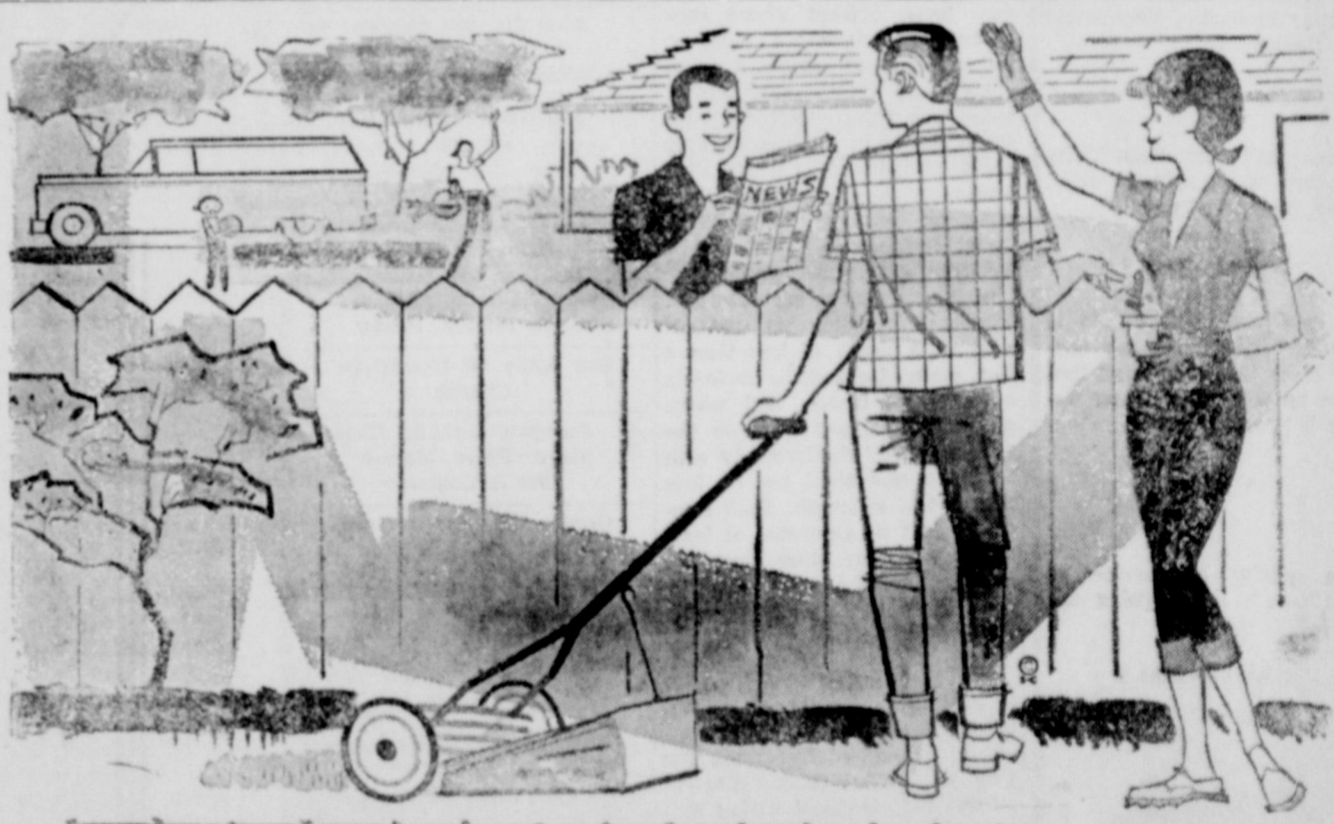

Miss Gail Johnson, bride-elect of Wade Griffin, was honored Monday night, March 9th, with a kitchen shower. Hostesses were Mrs. M. M. Brieger, Mrs. Truett Bownds, and Mrs. Wendell Brieger.

Guests were registered by Mrs. Lee Muerer. Bingo Bride was played before refreshments were served. Hostess gift was a canister set in the bride-elects chosen colors of coffee and white.

No. 234

ORDINANCE REQUIRING THE OWNERS OF MOBILE HOMES, HOUSE TRAILERS AND SIMILAR EQUIPMENT TO CAUSE THE METAL FRAMES OF SUCH MOBILE EQUIPMENT TO BE CONNECTED TO A GROUNDING ELECTRODE BEFORE ELECTRICAL WIRING SYSTEM OF SUCH MOBILE EQUIPMENT CAN BE CONNECTED TO A POWER SOURCE.

BE IT ORDAINED by the City of Slaton:

SECTION 1: That it shall be unlawful to connect to a power source the electrical wiring system of any mobile home, house trailer, or other similar equipment in this City until the metal frame of such mobile home, house trailer, or similar equipment shall have first been connected to a grounding electrode which shall be a metallic underground water piping system, either local or supplying a community, where such a piping system is available; and where it is not the grounding electrode shall be of metal and shall consist of a driven pipe, driven rod, buried plate approved for the purpose by the City electrical inspector and conforming to the following requirements:

(a) Plate Electrodes. Each plate electrode shall present not less than 2 square feet of surface to exterior soil. Electrodes of iron, or steel plates shall be at least 3/4 inch in thickness. Electrodes of non-ferrous metal shall be at least 0.06 inch in thickness.

(b) Pipe Electrodes. Electrodes of pipe or conduit shall be not smaller than the 3/4-inch trade size and, where of iron or steel, shall have the outer surface galvanized or otherwise metal-coated for corrosion protection.

(c) Rod Electrodes. Electrodes of rods of steel or iron shall be at least 3/4 inch in diameter. Approved rods of non-ferrous materials or their approved equivalent used for electrodes shall be not less than 3/4 inch in diameter.

(d) Installation. Electrodes should, as far as practicable, be imbedded below permanent moisture level. Except where rock bottom is encountered, pipes or rods shall be driven to a depth of at least 8 feet regardless of size or number of electrodes used. Pipes or rods when less than standard commercial length shall preferably be of one piece. Such pipes or rods shall have clean metal surfaces and shall not be covered with paint, enamel or other poorly conducting materials. Where rock bottom is encountered at a depth of less than 4 feet, electrodes shall be buried in a horizontal trench, and where pipes or rods are used as the electrode they shall comply with b and c and shall not be less than 8 feet in length. Each electrode shall be separated at least 6 feet from any other electrode, including those used for signal circuits, radio, lightning rods, or any other purpose.

SECTION 2: No owner, lessee or party in possession or control of any mobile home, house trailer or similar equipment in the City of Slaton shall cause or permit the electrical wiring system of such mobile home, house trailer, or similar equipment to be connected to a power source or to remain connected to a power source, unless the metal frame of such mobile home, house trailer, or similar equipment shall have first been connected to a grounding electrode as described in Section 1 ante.

SECTION 3: Any person violating this ordinance or any part

thereof shall be deemed guilty of a misdemeanor and on conviction shall be fined not exceeding \$100.00. Each day when the electrical wiring system of such mobile home, house trailer, or similar equipment is permitted to remain connected to a power source in violation of this ordinance shall constitute a separate offense.

SECTION 4: That the connecting of the wiring system of mobile homes, house trailers, or similar equipment to a power source, without having the metal frame thereof grounded as above required, is hazardous to life and property, creates an emergency and an imperative public necessity, requiring the suspension of the rule that ordinances shall be read at two meetings of the City Council. Said rule is therefore suspended and this ordinance is put upon its final reading and passed by a vote of five Aye, and no Nays.

SECTION 5: This ordinance shall be effective five days after publication one time in the official newspaper of the City of Slaton, Texas.

SIGNED AND APPROVED by the Mayor, and attested by the City Secretary this 9th day of March, A. D. 1964.

J. Cain, Mayor of the City of Slaton.

The Upper Room

THURSDAY, MARCH 12, 1964
Read John 5:5-15

The Father hath delivered us from the power of darkness, and hath translated us into the kingdom of his dear Son: in whom we have redemption through his blood, even the forgiveness of sins. (Colossians 1:13-14.)

I once watched a blacksmith weld a broken axle on a toy wagon. He took the torch, and with fused the alloy and the axle together. Having finished, he stepped back and said, "There it is, kid, made whole again. Maybe it isn't as smooth and pretty as before, but it's twice as strong."

Lives become broken when they wander from the will of God and fall into sin. These broken lives can be made whole again when welded with true repentance and the redeeming power of

Christ. These lives may bear the scars, yet they are made strong in faith and for service in God's kingdom.

Through God's strength, the most sordid and broken life can be remolded to His holy will. Lives made whole receive their strength from God. He uses redeemed persons in the great task of spreading and strengthening His kingdom.

PRAYER: Our Father, grant us faith to believe that our broken and sinful lives can be made whole and useful through Thy

Son's redemptive power. Renew us for service in Thy kingdom and for the Master's sake. In His name we pray. Amen.

THOUGHT FOR THE DAY
Through Christ all things are possible, even the forgiveness of sins.

Your Annual CHECK UP

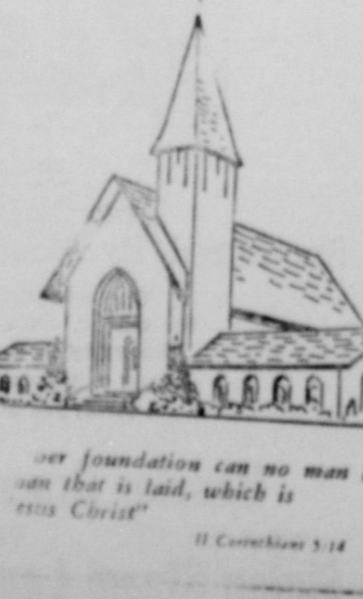

It's a good idea to have a check up every so often. And the idea ought to be extended to our spiritual as well as our physical health.

For instance, how much are we *thinking* about the truths our churches teach us? Do we understand God . . . His love for men . . . the sacrifice of Christ for our sins . . . the way of Christian living?

And how much are we *doing* for God and our own souls? Are we worshipping every Sunday . . . rearing our children in the Faith . . . serving the Church and fellowmen according to our gifts and physical strength?

And how much are we *giving* for God to use? Do we promise Him a fair proportion of our income . . . do we set it aside regularly as a sum that belongs to God and to those who need our help . . . do we have the courage and faith to strengthen our Church by more generous support?

Our foundation can no man lay
and that is laid, which is
Jesus Christ
II Corinthians 1:14
