### GETS AWARD

Gerald Kendrick, winner of the local Teen age Road-e-o sponsored by the Slaton Jaycees, is shown here with the plaque being awarded him by Pete Williams, president of the club. Kendrick will also take part in the state contest to be held in Stephenville. He won the right to participate at the state level by finishing second at the regional contest at Levelland recently.

### Church Slates Revival Here

The Slaton Missionary Baptist Church will hold a revival starting June 14 and continuing thru June 21 at 1010 South 21st in Slaton.

The evangelist will be Author Faulkner, pastor of the New Lynn Baptist Church.

The services will begin at 8 p. m. nightly and everyone is invited.

### Crane Committee Visited Slaton

The Crane, Texas, Chamber of Commerce sent their Retail Merchants Committee to Slaton on June 3 to talk with Bill Ball about Slaton's Town Value Stamp plan.

The committeemen were Bob Tobin, chairman, owner of T. P. Clothiers, Reagan Hinnant, El Paso Service Station operator John Alexander, owner of Johnnie's Grocery and Market, Loyd Wimberly, owner of Crane Appliance and Furniture, and Nenor Stell, a Ford dealer.

In the past month this committee has visited 5 cities in West Texas of 6,000 to 15,000 population inquiring as to success or problems of merchant's stamp programs and Trades Day Promotions.

These men were pleased with the hospitality of the merchants and the town's citizens whom they met during their brief stay. They think we are very fortunate to be in the heart of such a rich agriculture area. The Crane Chamber of Commerce's committee hopes a delegation from Slaton will visit their city in the near future so Crane's citizens can return Slaton's hospitality.

## Storm Damage Reports Continue To Come In From Surrounding Area

Additional reports of damage from the wind storm last week came in to The Slatonite this week from individuals in and around Slaton.

It was reported that a barn was destroyed at the Grady Wilson place about a mile southwest of Slaton, that large four-bale cotton trailers were blown "over a fence" at the Clifford Young farm, near the Wilson place, and also trailers upset and turned over at the Gordon Burroughs place, also near the Wilson farm. A large feeder was destroyed at the Burroughs farm.

The damage to trees was very extensive throughout the area and numerous reports have come in concerning large limbs being torn from trees, the stripping of leaves and various other forms of damage in as many degrees of damage.

Mrs. Rhoda Barton, who lives

across from the roadside park, a mile from town, wrote that, "At the very height of the storm Wednesday morning, I opened the front door in time to hear limbs being broken off dozens of trees and it sounded toward town like a bunch of cattle running very fast."

"We have hundreds of birds dead and scattered over the whole four acres our house is located on."

"I couldn't see two feet because of the hail and blowing rain. It seemed foggy and cold out here."

Other damage in the area, as reported last week, included homes, garages, fences, signs, etc.

What could be a very important development in connection with all the rain this area has been receiving lately is the warning given early this week by representatives of the Lub-

bock County Health Office.

W. R. Bradford and Millard Bruce of that office visited The Slatonite to request attention be brought to the mosquito threat brought about the large amount of standing, stagnant water resulting from the rains.

The two urged residents of Slaton and surrounding area to do all they could to combat the mosquito populace before the threat grows into a reality.

Residents were urged to spray outside containers which may hold water, small bodies of water and any place where mosquitoes might breed. The two recommended the use of DDT, Dieldrin or BNC powder if administered by adults.

Dovie McAnally of California, visiting in Slaton, wrote the following poem concerning the storm, which strikes homes to many local residents:

### The Storm

The sun was gone, all days must end.  
A lovely day had changed to a fiend.  
At one in the morning the storm began,  
My mother and I were all tucked in.  
The windows rattled in the furious gust,  
Air in the house was filled with dust.  
The tornado arrived with all its lust.  
In God's keeping only we placed our trust.  
The town of Slaton awakened from sleep,  
The terrible wind forced many to weep.  
For they were in the path of the tornado's sweep,  
Now raging on high and taking the weak.  
The blustorous wind gave way to hail.  
Afterward, rain spilled from the gale.  
Water seeped in where the roofs did fail.  
When morning came, we told the tale.  
Some barns were gone and homes laid low.  
Not a blade of cotton was left in the row.  
Farmers were blue with nothing to grow,  
Thankful, oh yes, their lives to show.  
The storm in the night swept quickly through,  
Leaving in its wake the ruin, it's true.  
The sun came again in a sky so blue.  
Life marches on and we begin a new.

Dovie McAnally.

## Police Records Are Checked By Accountant

Did you ever wonder just what happened to money that was collected as fines for misdemeanors or traffic violations? Various City Commissioners have had that question asked them from time to time so they thought as a courtesy to the public they would have a complete separate audit of all police business made for the fiscal year ending March 31, 1959.

Charlie S. Williams, Public Accountant, was employed to make a complete check of police records for the past year. Mr. Williams checked every complaint from the time it was made by the arresting officer to its final disposition. This necessitated the examination of some four or five records kept in the police office, one record in the City Judges' office and four records in the Secretary's office. It was found that the Police Department, City Judge and City Secretary had handled more than thousand complaints and \$21,064.06 in fine money for the fiscal year ending March 31, 1959 with three small errors in the total amount of \$9.00 found. This money was traced from its source through the three offices on into the bank where it was deposited in the general fund and used to help defray general expenses of the city.

The City Commission invites the public to inspect any operation of the police, city judge or city secretary regarding police fines at any time.

## Jerry Harlan Named Boy Of The Year By Local FFA Organization

Jerry Harlan was selected Boy of the Year at the last regular F. F. A. meeting. Jerry was selected because of the work he has done for the chapter. His most outstanding work was operating the F. F. A. Concession stand at each home football and basketball games. He was out-

standing in his supervised farming program. He was also a member of the chapter conducting team and a chapter officer.

John Mangum was chosen Boy of the Month of April. He was chosen for his outstanding work during the month of April. He has been a very active member in the chapter this year and participated in nearly every leadership activity that they have had.

Roy James of Southwestern Public Service gave an informal speech on the importance and necessity of using the right fuses and fusesons around the house and farm in a recent talk. The boys especially enjoyed his talk.

During this meeting, David Bishop and Frank Chappie were elected as delegates to the State Convention. This was all presented at the last meeting of the F. F. A. Chapter of Slaton for this year.

Miss Larn will leave Sweden June 21 from there she will sail to Quebec, Canada. She will then go to New York for a few days and then board a bus for Slaton. She will probably arrive in Slaton, July 5. Her stay here will probably be about eight or nine weeks.

Miss Larn was born November 28, 1933 in Gothenbourg, Sweden. She had no brothers or sisters. Her father is the editor of the "Göteborgstidningen."

She started to school at the age of seven. She graduated from high school in May, 1953. After high school Miss Larn attended Home Economics for five months at Brakne-Holy and then in the winter of 1954-55 she spent five months at the Junior College of Agriculture. In the summer of 1957 Miss Larn attended an advanced equitation school in Germany. Since 1955 and for the present she is attending the Swedish University of Agriculture where she is studying animal husbandry. Miss Larn plans to graduate next Christmas.

Upon graduating from college Miss Larn plans to become a junior college teacher. Later she hopes to obtain a position in the food and agriculture organization of the United Nations.

Miss Larn is interested in all sorts of sports especially riding.

## Southland Has Homecoming

The Southland Baptist Church will observe homecoming services this Sunday, June 14. The church has recently finished a \$2,000 building program which included a new baptistry, redecoration of the educational building, and the repainting of the church auditorium.

A special musical program has been prepared with the Rev. Vance Zinn of Chapel Hill Baptist Church, Mr. and Mrs. Revis McGrew of Calvery Baptist Church, and Miss Carolyn Armstrong, Second Baptist Church, all of Lubbock. It will also include local talent. Dr. W. M. Turner, Lubbock associational secretary will bring the devotional.

Dinner will be served at the church after the morning services for all members, friends, and former members. The pastor, Tony Longval, invites all to come and take part in this homecoming program.

Mr. and Mrs. Charles Daniels Shue and daughter, Jackie, visited with the E. W. Pikes from Saturday to Wednesday of last week. They came to pick up a son who had been staying with the Pikes.

### AWARD WINNERS

The Slaton 4-H Cotton Contest winners from left to right are Ronald Mangum, Roy Strube and Joe Bob Jones. F. A. Strube presented checks to the boys as they received their awards Tuesday night.

## 4-H Boys Win Cash Awards

Mr. F. A. Strube presented checks worth \$25.00, \$15.00 and \$3.00 to the 4-H boys who won places in the Cotton Contest Tuesday night.

Ronald Mangum won second in irrigation for the Cotton, Roy Strube won first in the dryland and Joe Bob Jones won third in dryland cotton.

Butch Custer won second in dryland and Don Caldwell won first in the irrigation cotton.

The Slaton Co-op Gin presented the checks to the Slaton Community 4-H Club Tuesday night, June 9, at the annual meeting. The Co-op gin gave free plant-

ing seed to all Slaton boys who entered the contest.

The county contest will be held June 21 at the Slide Community Club House.

Also at the meeting Roy Strube showed two films entitled "4-H Here and There" and "The Town That Came Back."

The next meeting will be held July 13 and all members are urged to be there and bring their record book materials so they can start to work on the records.

Mrs. J. W. Lambright and children, Loretta Kay and J. W. Jr., are visiting in the home of Mrs. Lambright's mother-in-law and father-in-law, Mr. and Mrs. J. H. Lambright. They are from Farmington, N. M.

## Reports Are Made To City Commission

Reports from the water and sewer department and the street and sanitation department were heard in Monday night's meeting of the Slaton City Commission.

George Willis, water and sewer superintendent, reported that 49 home owners that the sanitary sewer system was made available to, 44 have connected since January 1. Willis is urging all others to

connect as soon as possible.

G. L. Elder, street and sanitation superintendent, reported that debris from last week's storm would be all cleaned up by this week end.

The commission also appointed members of the zoning board of adjustment for two-year terms. Members appointed were Harold Tucker, John Schmidt, Curtis Dowell, Troy Pickens and August Kitten.

### NEW METHODIST PASTOR AND FAMILY

### Yesterday, Today and Tomorrow

Bill Layne, who like many other people must be somewhat of a pack rat who stores things away just for the pleasure of keeping odd items, brought a Chamber of Commerce folder to the Slatonite last week that was printed, according to his reckoning, somewhere around 1928 and it is surprising how much of the propoganda is about as true today as it was twenty-one years ago.

The Santa Fe Railroad and agriculture were then, as now, the big industries of the town and area, the schools had an enrollment of nearly 1,500 pupils, there were 35 blocks of paved streets and one illustration shows a wide street on which bobbed two or three canvas-top open automobiles. At that time there were over 4,000 people living in Slaton and things were going wide open and the population would surely be 10,000 in just a few short years. It was a real encouraging piece of literature.

The depression that came soon after this folder was published, brought some tough times not only to Slaton but to every other part of the nation. Until recently and because of depression experiences, a great many of the men who have controlled the finances of the area have been extremely conservative and Slaton has not taken advantage of the inflation that has swept most other parts of the nation, and particularly West Texas. But within the past two years, Slaton has taken a big step forward and has developed more within a short time than it had in ten years previously.

Comparing our town of today with that described, with great pride, by the Chamber of Commerce in 1928, there are two new and greatly enlarged school buildings, land in this area has increased from the 1928 quoted price of \$40.00 to \$50.00 per acre to \$200.00, for dry land, and \$400.00 for irrigated with very little of any kind on the market. There are three times as many streets paved as there were then. In fact all of the main thoroughfares are paved and most of the down town alleys. Our industries have not grown much but Slaton has become important as a trade center and likely will become a great deal more so with the congestion of business in Lubbock; there are more than twice as many homes in Slaton and they are bigger and more substantial. Slaton has taken a big step forward with nice new residential additions made to the town, with more to come. Slaton is definitely on the move and regardless of what future brings, Slaton is a part of the surge that is enveloping the nation.

There are many methods of doing business and many items that are being used today that will be obsolete in the future. It will take alert businessmen to see and take advantage of the new trends and to take advantage of them when they do arrive. Indications are that the day of the extremely rich and the extremely poor will be no more and that people in the United States will have to learn to live with over-production, mechanical servants, instead of live ones, and to get used to mass production of everything. It may be monotonous but it certainly will be easier. There are a lot of "ifs" to be faced but the men and women who are too cautious will be the one who will likely be wishing, within a few years, that the had bought more of Slaton in 1928.

A. M. J.

Frequently some thinking person is heard to say—"This is the day of the young man," and he seems to think this fact marks a change in human affairs. Which, of course, is not the case. The world has always belonged to the young. Shakespeare wrote his immortal "Hamlet" at the age of 33; Jefferson wrote the Declaration of Independence at 32; at the age of 31 Daniel Webster was holding his own with those titans of word and thought, Clay and Calhoun; at 30 Lord Clive had conquered India; at 36 Lord Byron had won fame and fortune and was already dead; at 33 Alexander the Great had conquered the world and longed for more worlds to conquer; at 33 Jesus had accomplished his mission and had been crucified. It was always thus. And so, no doubt, it will always be.

### More Critics Than Models

"Ours is not a boy problem," says a former Idaho scoutmaster—Agriculture Secretary Ezra Taft Benson. "It is a man problem. Our boys want scouting. We want them to have it."

Thus did Benson size up the nation's youth situation in an address Friday night to the National Council of the Boy Scouts of America.

"It is not for us to moan and groan about juvenile delinquency and the other problems of youth," he said. "Our one problem is leadership. One of the great difficulties confronting our young people is that they have more critics than models."

## The Sounding Board

(Editor's Note: Warnings, predictions and garbage collectors are topics that have proven interesting in the recent weekly publications. Keep up with the timely topics here.)

The Crosbyton Review reports on Garbage: This yarn comes indirectly from James Fearzelle who once helped operate Crosbyton's city plant but is now city utilities manager at Brady.

It seems when Brady council convened one night, two ladies of mature years were sitting at one side of the room. The mayor politely inquired if the citizenesses had a problem.

Yes, they did have a problem. The man driving the trash truck was guiding the vehicle with a reckless abandon. He was jostling off trash and scattering it about the neighborhood.

The councilmen assured the visitors they would talk to the driver.

No, one of the women insisted wouldn't it just be better to fire the insolent fellow.

The mayor considered this gravely and finally replied: "Lady, we can't get a United States Senator to drive that wagon."

The Andrews County News urges us to have a good time for the next 18 years: Eighteen Years to Go? The measure of time is running fast for the kind of America we have known, the America which many have so fondly told themselves would never be abandoned. But we are doing a good job now in the United States—doing a good job of undoing what the founding fathers tried to make sure we couldn't do. The great Democracies have never lasted, on the average, more than 200 years. If America makes the average of Democratic longevity it has 18 years to go.

—SOUNDING BOARD—

The Colorado City Record is interested in cotton fabric production: Texas cotton producers and consumers should be interested in a recent U. S. Department of Agriculture announcement dealing with the development of a practical method for producing cotton fabric with outstanding rot resistance and improved weather resistance.

Because of its improved properties, cotton fabric treated with the chemical promises to open new markets for cotton in awnings, tents, tarpaulins and other outdoor fabric items.

The treatment method, developed by the USDA's Agricultural Research Service, is based on the use of a water soluble acid colloid of methylolmelamine. This chemical is well known for its resin-forming qualities. The resin, which penetrates the outer portion of the fiber cell wall to become a part of the fiber rather than just a coating, makes cotton virtually

immune to rot and mildew as demonstrated by soil burial tests in the laboratory.

—SOUNDING BOARD—

The Colorado City Record issues warning: Ignorance and carelessness in using farm machinery are sure ways to make the headlines. Records show that more than 1,100 fatalities in the United States each year are caused by tractor accidents. Extension Agricultural Engineer Willie L. Ulich offers suggestions for preventing such accidents.

A child's safety is a parent's responsibility, he says. Teach children the importance of safety and point out dangers involved in the use of machinery. Emphasize that operating a tractor is a job for a mature person.

Tractors are involved in 35 per cent of all farm accidents making it the Number One farm killer. Forty per cent of all tractor accidents are fatal to the operator.

Chances of an upset point out the engineer. Increase four times when speed is doubled. If possible, lock brake pedals together when driving on the open highway. Use brakes cautiously and keep them evenly adjusted.

Other safety suggestions by Ulich are: throttle down before making turns, do not carry extra riders on either the tractor or on trailer implements, and avoid climbing steep banks with the tractor since overturns are one of the chief causes of tractor accidents.

Be careful where you work. Often ditches, rocks and stumps are hidden by tall grass or brush and the tractor may overturn with little warning.

—SOUNDING BOARD—

Bob Richards in the Territorial Enterprise published at Virginia City, Nevada is all shook up: One day last week I went home for lunch and upon prospecting the refrigerator found a species of sliced and spiced beef all neatly done up in an unopened transparent bag. This, said I to myself, will make an ideal stuffing for a couple of sandwiches. Studying the bag I found the words "tear here" and thereupon set out to tear there as directed.

After discovering that the plastic out of which the bag was fabricated was tougher than U. S. Grade A rhino hide, at least where it said "tear here," I explored other likely spots where an entrance might be effected. After about five minutes of such endeavor during which I almost lifted a finersawl from its roots and narrowly missed an artery when the knife I'd pressed into service skidded over the bag's slippery surface I threw the whole business into a garbage

## Around and About Slaton

Robert L. Lambert of Slaton was recently initiated into the Beta Gamma Sigma chapter at Texas Tech. Besides Texas Tech the University of Texas and Southern Methodist University are the only other institutions in the state of Texas with Beta Gamma Sigma chapters.

Mr. and Mrs. R. L. DeBusk ate dinner with Mr. and Mrs. J. S. Avent, Sunday.

USE THE WANT ADS  
their trade from their father in Ralls when he published The Ralls Banner.

Phil Brewer, who has big plans for a residential addition to the West of the Porter-Shelby addition, says that the plans for the further development of Slaton are being worked out at a rapid pace and that it won't be long before full details will be given to the public.

Lieutenant Colonel Merle Garrigues, who is stationed in Japan, will soon either retire and return to the United States or re-enlist for another ten years of duty on the Army. Lieutenant Garrigues reports that the life of an officer and his family in Japan is very pleasant and that Japan is a picturesque country.

A well-attended reception was held last Sunday afternoon in the Fellowship Hall of the First Baptist Church from 4:30 to 5:30 to introduce Garth Hunt, the new Educational Director for the Church in Slaton.

Hail and storm damages from the storm two weeks ago are still being reported and losses are in the hundreds of thousands of property within the city limits of Slaton. Most of the flower and vegetable gardens were set back, or ruined by the hail and what little fruit was left from the late freeze, was finished off.

Carl Hyatt, who is co-publisher of the Commerce Journal, and his son, Jimmy Hyatt from Austin have been visiting Mr. Hyatt's mother, Mrs. W. R. Wilson, and have returned home.

Another son, J. W. Hyatt of Portland, Oregon, who has also been visiting Mrs. Wilson, will leave for his home tomorrow.

Mr. J. W. Hyatt is a linotype operator.

Carl and J. W. both learned

can, beef and all. Watching all this had been my tomato. That one can open almost anything, containing food and so confidently, almost superciliously, he retrieved the bag and had his whack at the problem only to retire defeated in a mean temper.

As I prepared an egg sandwich I reflected that all had probably been for the best because the beef was likely infected with strontium 90 and both the tomato and I just might find ourselves embarrassed sometime if we took to glowing in the dark while on our unlawful occasions.

Mr. and Mrs. John Finley, of San Leandro, California, visited with Mr. and Mrs. Ray Cull last week.

Independent experts and official facts and figures prove Chevy's ahead of its field in seven big ways.

**BEST BRAKES** . . . In direct competitive tests of repeated stops from highway speeds, conducted by NAS-CAR\*, Chevy out-stopped both the other leading low-priced cars—and why not? Chevy brakes are far larger, built with bonded linings for up to 66% longer life. **BEST TRADE-IN** . . . Check the figures in any N.A.D.A.† Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two." **BEST STYLE** . . . Popular Science magazine sums it up: "The fact is, in its price class the Chevy establishes a new high in daring styling . . ." It's the only car of the leading low-priced three that's unmistakably modern in every line.

**BEST ECONOMY** . . . No doubt about this: two Chevrolet Sixes won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car. **BEST ROOM** . . . Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars. **BEST ENGINE** . . . Every motor magazine has given Chevy's standard and Corvette V8's unstinted praise. As Sports Cars Illustrated puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price." **BEST RIDE** . . . You'll be able to tell this yourself, instantly. But Motor Trend magazine expresses it this way: ". . . the smoothest, most quiet, softest riding car in its price class."

# JUST TALK

BY A.M.J.

By A. M. Jackson  
Not long ago my wife felt the urge of spring and wanted to

sample the sweet breezes and see the wild flowers nodding in the sun so we hitched up the old Buick and lit out to visit the G. N. Smallwoods who live near Southland and are friends who used to bring us cantaloupe size tomatoes when the season for tomatoes slipped upon us. There no doubt was method in her plans.

A short time previous Mrs. G. N. Smallwood invited us out and had given my wife a few simple directions that most anyone could follow to get right up to the Smallwood front door. The first part was to turn at the first road turning to the right South of Southland. This we did, according to my reasoning although it was a dim trail that seemed to peter out in a deep gully. In fifteen minutes we might as well have been in Patagonia, there were no corners where our instructions said there would be, no houses with evergreens in the front yard and all the people we could find were Mexicans who either did not speak English or who did not want to. We drove over fifty miles and when we decided to try to find our way back to Slaton, we ran out of paved road and drove over some country that must be just like it was when the Comanches used

to hunt antelope there. When we had almost given up and decided to camp for the night we got back on a paved road and came to a nice home, it was the Smallwoods. Word to the wise, 'Never follow your wife's directions, make your own mistakes and take the blame because you could never in the world persuade her that she is wrong.'

As this is the time of the year for lawn mowing and when one needs all the suggestions one can get on what to do about lawnmowers I want to make a few observations about electric mowers particularly if you are going to hire Jitney to cut your lawn. What Jitney's last name is I have no idea but he cuts a lot of lawns in Slaton and he dislikes electric lawnmowers to a point of hatred. Jitney's feet are none too small for his six foot one height and he likes his shoes with plenty of room for his toes, he does not want to be told how to cut grass as he has been doing it for a long, long time and he has his own way of fighting the electric mowers. The last time he used ours he got the wire around his neck, between his legs and down his back and when he ran over the wire with the mower it knocked him down, blew the fuse to the electric power and it took him \$2.00 of my time, as I pay him by the hours to tape up the electric cord that operates the mower and although his head was bowed he was not licked, he finished the lawn but he has been absent this season and if I get my lawn mowed I'll either have to do it myself or find someone who can outfit an electric mower and I'm wondering if there is any such person. They're mean things and are liable to nip a finger or toe off

for no reason at all.

There are a lot of things that I have found out since becoming semi-retired such as how to fry bacon; that it is better to beat eggs with a hand beater than with an electric mixer because the hand outfit is a lot easier to wash than the electric gadget with two hundred parts; that you are sure to burn your fingers and arm when you try to boil water, toast bread and fry bacon all at the same time and that you had better take darn good care not to slosh water all over the bath room or you'll have to clean it up yourself. Things sure change when you cease to be the man who brings home the checks.

The story is old and told about a man who kept a live buzzard in a pen. When asked why, he explained it this way: "Brother, did you ever think how hard it would be to catch a buzzard if you ever needed one right quick?"

Not long ago things began looking dim to me and my doctor told me I had a broken blood vessel in my left eye. I inquired whether it would likely effect my career as I felt like Bob Hope who was fearful about his when the same trouble met him head on not long ago. "Oh," said the medical man, "it does not amount to much except that it takes a considerable time for it to clear up" he inferred that there is no use my worrying much about my career.

After considering the matter I decided that being partially blind might qualify me to be an umpire for the Little League and I took up the matter with Otis Neill, who seems to be a big wheel in the Little League operation. He turned me down, said I am just half qualified but that if I develop a broken blood vessel in my right eye to come around and he'd try to find an opening for me.

# Southland Views...

(delayed from last week)  
Rev. Bean, the pastor of Southland Methodist Church the last two years has been transferred to Middle Well. Rev. C. A. Narcross will be the new pastor at Southland. He will preach next Sunday.

The Southland seniors and their sponsors returned last Sunday night from a 9 day trip through parts of Texas, Louisiana, Mississippi and Arkansas. They had a fine trip and they saw many interesting things. Everyone had a wonderful time. Rev. and Mrs. George Ellis were week-end visitors of his parents, Mr. and Mrs. Sam Ellis, and his grandmother, Mrs. G. W. Basinger. They attended church at Southland Methodist Church last Sunday.

Mrs. Lola Hughes from Ropesville spent last week with Mrs. Thelma Burkett. They spent most of their time visiting friends of this community. Mrs. Hughes is a former resident of Southland. She left last Monday for West Texas State College at Canyon where she will be in school this summer.

Mrs. Truelock's sisters, Mrs. Lillie Berger and her son, Richard, from Denver, Colorado, and Mr. and Mrs. J. H. Huddleston, West Virginia, where he and his wife visited his son, Bill, Jr., brought me a copy of a Railroaders' prayer that Bill, Jr. found in the Herald-Advertiser, a paper published in Bill Junior's home town. Bill Sr. reports that Bill Jr. is an enthusiastic reader of the Slatonite since he moved away from here. As Slaton is badly infested with railroaders the prayer should be interesting to them and a lot of other folks too. Here it is:

An old railroad man recently converted was asked to lead in prayer. His heart full of his two loves he spoke as follows:

Oh Lord now that I have flagged Thee lift my feet off the rough road of life and plant them safely on the deck of the train of salvation. Let me use the safety-lamp known as prudence, make all couplings in the train with the strong link of thy love and let my hand lamp be the Bible. And Heavly Father keep all switches closed that lead off on the sidings especially those with a blind end.

Oh Lord if it be Thy pleasure have every semaphore block along the line show white lights of hope that I may make the run of life without stopping. And Lord give us the ten commandments as a schedule and when I have finished the run and have on schedule time pulled into the great dark station of death may Thou the Superintendent of the Universe say with a smile well done thou good and faithful servant come up and sign the payroll and receive your check for eternal happiness.

B. L. HILL,  
Charleston, W. Va

"Mr. Pottleby, how many 'F's' are there in Philadelphia?"

Young of Slaton. Visiting Mr. and Mrs. Ed Denton last Sunday was Tommie Taylor. Mrs. J. B. Rackler, Jr. and Mrs. J. F. Rackler went to Lubbock on business Tuesday. Mrs. Rackler attended a lunch held after church by the New Lynn Church in Slaton Park Sunday. Mrs. Racker had dinner with her daughter and family, Mr. and Mrs. Claude Roper and family Saturday. All the grandchildren were home for the dinner.

In the Name and by the Authority of The State of Texas  
 To: M. J. Talley, H. D. Talley, and anyone claiming under M. J. Talley or H. D. Talley whose residence is unknown, Texas at whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, and the unknown stockholders of said corporation and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 90th Judicial District, Lubbock County, Texas, wherein City of Slaton, Texas is plaintiff; Slaton Consolidated Independent School District, The State of Texas, the Lubbock County Water Improvement District are impleaded party defendants; and M. J. Talley, Gidney Talley, Vyola Talley Hubbard, and those named above to whom this citation is addressed, are defendants, by the filing said plaintiff of a petition on the 27 day of May, 1959 and the file number of said suit being No. 5547 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot No. 10, Block No. 31, South Slaton Addition to the town of Slaton, Lubbock County, Texas together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon, also foreclosure of Paving Lien, as shown in Plaintiff's Petition.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: City of Slaton, Texas --- \$79.81  
 TOTAL ----- \$79.81

The names of all taxing units which assess and collect taxes on said property not made party to this suit are:

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request thereof, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 13 day of July, A. D. 1959 (which is the return day of such citation), before the honorable District Court of Lubbock County, Texas, to be held at the court house thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Lubbock, Lubbock County, Texas, this 28 day of May, A. D. 1959.

## Local Teams To Observe National Little League Baseball Week

In observance of National Little League Baseball Week, upwards of 5,000 Little Leagues throughout the world will participate in games and other activities during the period of June 4-20, 1959.

able places with appropriate ceremonies of activities."

On this week, local leagues will join forces in support of the Little League Foundation, a non profit organization dedicated to insuring the future of Little League Baseball and to providing facilities for training, research and other aids necessary to meet the growth demands of the program.

Games played on Foundation week are regularly scheduled league contests, with game donations in this once-a-year drive going to the Foundation.

## Untagged Dogs To Be Destroyed By Local Police

Chief of police Eugene L. Martin said this week that the Police Department is conducting a "war" against dogs which have not received rabies vaccination.

The chief said that dogs not wearing tags or any identification will be destroyed. He pointed out that this is the season for rabies and that there are "too many dogs running loose that could easily have rabies."

The chief urged dog owners to take their dog to a veterinarian, get his rabies shots and tags so the department will know the dog has been vaccinated and to whom he belongs.

At this time, a dog is in custody which bit a small Latin-American girl. The dog is sick and is under observation for rabies.

City license tags may be secured from the City Secretary upon the presentation of the vaccination certificate and one dollar.

## Mrs. Cartwright Is Hospitalized After Accident

Mrs. Mae Cartwright Payne, 63, Slaton, was in "satisfactory" condition in West Texas Hospital, Lubbock, Monday night, where she was being treated for minor injuries suffered in a collision at 10:23 a. m. Sunday at 33rd and College Ave. Mr. and Mrs. Edwin J. Richardson and son, Tommy, 18 months, 2404 Colgate St., Lubbock, left Methodist Hospital following treatment for injuries suffered in the same accident. Mrs. Payne's car and that of the Richardsons collided at the intersection.

Mr. and Mrs. C. M. Barton have had as their guest their daughter, Ginger, and family, Mr. and Mrs. Randall Bowles, Cheryl, Corbin Dale and Dewey Lee of San Antonio, Texas. They returned home Saturday.

## Mrs. Joe Brewer Rites Are Held

Mrs. Joe S. Brewer, 80, resident of Slaton for the past 20 years, died about 8 p. m. Sunday in Mercy Hospital here following a long illness.

Funeral services were held at 2:30 p. m. Tuesday, in the Slaton First Baptist Church. The Rev. George Griffin, pastor of a Lubbock Baptist church, officiated. Burial was in Sledgewood Cemetery under direction of Williams Funeral Home.

Survivors include a son, Clifford, Lubbock; five daughters, Mrs. J. H. Simonson and Mrs. Bert Chesak, both of Pueblo, Colo.; Mrs. Clyde Smith, Calmesa, Calif.; Mrs. Bula Harkey, Houston, and Miss Audie Louise Brewer, Slaton; and eight grandchildren and seven great-grandchildren.

## Bible School Scheduled At Bible Baptist

The vacation Bible school in the Bible Baptist Church will be held at 7 p. m. starting June 15 and will run through June 20.

At 7 p. m. each evening there will be a class for all ages boys and girls. There will be Bible lessons and hand work. This will last from 7 'til 8 p. m. At 8 p. m. we will all gather in the auditorium for singing and a message. The message will be delivered by a different preacher each night.

On Monday night, we will have Rev. James Cox from Littlefield. Tuesday night, Rev. Roy Johnson from Plainview. Wednesday night, Rev. H. E. Summar will speak. On Thursday night, Rev. Bert Homer of Lubbock. Friday we will hear Rev. T. W. Davis of Lubbock. On Saturday night, we will have Dr. Ben D. Johnson of Lubbock bring the message.

Boys and girls are invited to be with us each night at 7 and all ages are urged to attend the 8 p. m. services each night June 15 through 20.

## Rain Hampers Baseball Play

Play in Slaton's Little and Pony Leagues was hampered last week by the rains.

Monday and Tuesday games were played but muddy fields prevented the players from finishing the week's schedule. Makeups are scheduled in both leagues.

Check next week's Slatonite and we will bring you up to date on scores, standings, etc., in connection with the two leagues.

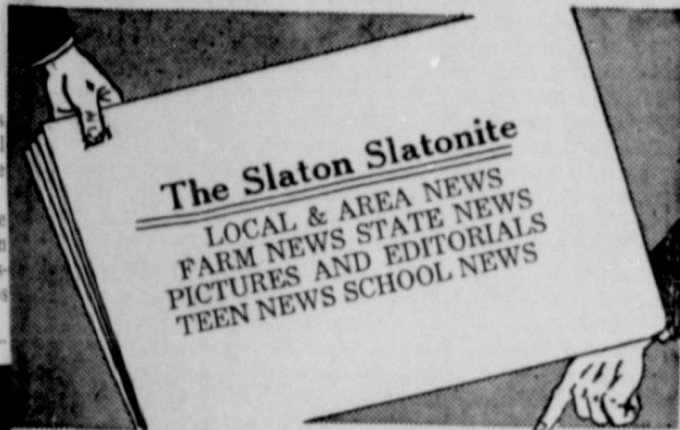

American Legion players got two games under their belts. See inside today's Slatonite for the story.

## GETS DEGREE

John L. Gordon, A Digital Computer Programmer at Holloman Air Force Base, was one of two civilian employees to receive a Master Degree from the Holloman Graduate Center of the University of New Mexico on June 4th.

Gordon who received his Masters Degree in Mathematics in a formal presentation ceremony held at the Headquarters of the Air Force Missile Development Center, is a graduate of Slaton High School and Texas Tech. He is the son of Mr. and Mrs. J. H. Gordon of Slaton.

# EMERGING FROM CRISIS

**THE CHURCH FOR ALL . . . ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	I Samuel	7	1-17
Monday	Revelation	2	1-17
Tuesday	Revelation	2	18
Wednesday	Revelation	3	7-22
Thursday	I Samuel	8	1-22
Friday	I Samuel	9	1-14
Saturday	I Samuel	12	1-19

We have all seen it! That sudden transition from tears to a smile as a child reappraises the situation.

Do we, when we grow up, lose that ability to emerge quickly and completely from every crisis?

Probably not! But our thinking processes become more complex . . . consequently slower. It takes us sometimes days, weeks, even years, to reappraise a situation.

But, significantly, one of the common effects of religious faith in the life of an individual is a marked increase in the ability to understand a crisis and emerge from it happily. Those who are conscious of the power and love of God seem to have an immediate source of courage and hope.

Observing this fact, the careless man thinks of the Church as a refuge in time of crisis. The thoughtful family makes worship and church school part of every week, knowing that the spiritual insights gained each Sunday will shrink every crisis . . . conquer every fear.

## STRENGTH FOR THE WEEK

**SHARPENING THE AX**

One of the memories that comes drifting back to me from boyhood days in the wood country is of the occasional ordeal, sharpening the ax. Every little while far too often, I thought—my Dad would arrive at the fixed and unalterable conclusion that it was time to give the old ax a going over. I can conceive of no operation more monotonous, tiresome and unromantic. It was a grind in more ways than one. Hoeing corn was hard work, but there was at least the advantage of moving from place to place, and there was always the possibility that a bird's nest might turn up somewhere to relieve the tedium.

But sharpening the ax! Papa always held the ax and I turned the grindstone. Anybody could turn the grindstone, but it took ability and judgment to hold the ax just right for the final desired effect, and edge neither too thin nor too dull. What a welcome moment when Papa for the umpteenth time flicked the edge with his finger, appraised it with squinted eye, and declared it just right. And it had to be just right!

The years have passed Papa and the ax and the grindstone have gone, but the turning of the grindstone remains. And to us since then come precious lessons from the homely things of long ago. Life is simple the repetition in different spheres and on a different scale of humble exercises of youth. How many axes need to be sharpened in the course of the years!

The Old Testament account of the lost ax-head in the ministry of Elisha has often been the bases of messages on lost spiritual power. It is a good application. But the ax-head may not be lost and yet it may be dull. And next to a lost ax-head the worst thing possible is a dull ax-head. The spiritual edge of our lives may be blunted, and as a consequence the chopping will be laborious and the chips few.

It has been said, "He who waits on God loses no time." He who takes time out to sharpen his spiritual ax-head is wise. Somewhere we have read of a woodchopper who reminded him that his ax head was dull and should be sharpened. "Indeed, I won't stop that long," he answered, "I am far behind now on my chopping, and if I take time out to sharpen the ax I will never catch up." It is ridiculous but often true in the things of the Spirit. How many Christians are too busy, even with good things, to have a time of renewing time to take stock and wait on the Lord! How many churches are too occupied with their programs to have a revival! The routine must be kept up in the strength of the flesh if not in the Spirit. It never seems to occur to them that more wood could be chopped in less time if

the ax were sharpened.

Perhaps we do not sharpen the ax because it means work and hard, unromantic efforts. Our lives need a going over now and then and the flesh does not relish it. There are nicks and gaps in our souls that need to be ground out on the grindstone of repentance and prayer, but we rebel. We must take ourselves seriously in hand if our spirits are to be kept on edge. The steady application of the means of grace is tedious to the old nature. We must diligently hold the ax and turn the grindstone.

But if we thus study to show ourselves approved unto God, there will be compensation in being a workman who need not be ashamed, rightly dividing the Word of Truth. Nothing worthwhile comes easily. The tedious ax-grinding of boyhood days has been duplicated again and again in other realms and still the lesson remains: It pays to take time to sharpen the ax.

# STATE CAPITAL Highlights AND Sidelights

by Vern Sanford  
TEXAS PRESS ASSOCIATION

AUSTIN—Whether and how the state's tax problem is met now depends largely on the Senate.

House members, apparently eager to "get the monkey off their backs," passed out most of the program recommended by Gov. Price Daniel.

Biggest milestone was House passage by a 71 to 56 majority of the governor's "package bill." As finally passed, it would raise about \$150,000,000 in two years

—only about \$10,000,000 short of the governor's goal.

Included in the "package" would be an increased levy on natural gas, a new franchise tax in interstate corporations and bigger taxes on tobacco, liquor, automobiles, utilities, etc.

Some members bitterly criticized the bill as dangerous to Texas' industrial future and a product of the labor-liberal lobby. But most seemed to agree that it is "the only way to avoid a general sales tax or income tax."

Senators showed no apparent desire to set a speed record on the first money-raising bills sent them by the House. Bookkeeping bill, designed to erase part of the \$65,000,000 deficit by changing the accounting procedure, was sent off for an At-

torney General's opinion on its constitutionality.

A bill to increase the corporation franchise tax for one year only—also to ease the deficit—was set aside. Better to wait for the whole program, the Senators decided, than to work at it "piece-meal."

Senate did take one step forward, however, when Sen. Crawford Martin of Hillsboro introduced the abandoned property bill which had bogged down in the House taxation committee.

**Stitch-Ann-Cut Team—**

Ten lawmakers—five from the House, five from the Senate—have the difficult task of making one package out of the different spending bills passed by the two houses.

Sen William S. Fly of Victoria and Rep. Bill Healy of Paducah head the group. House-passed appropriation bill is more than \$20,000,000 larger than the Senate's. Conference Committee's task will be to cut a little off here, tack a little on there until an acceptable compromise is reached.

In past sessions, this piecing together process has taken several weeks. Even on a day-and-night schedule, this committee will be hard pressed to finish its job before the present session ends in mid-June.

More than different spending ideas separates House and Senate. Each house used the bill to express its ideas on how the State Board of Insurance should operate. House says full-time; Senate, part-time. Unyielding views have been expressed on each side.

Other members of the committee are Sens. Floyd Bradshaw, Weatherford; Ray Roberts, McKinney; Crawford Martin, Hillsboro, and Wardlow Lane, Center. Reps. John Huebner, Bay City; Truett Latimer, Abilene; B. H. Dewey, Bryan, and Jesse Osborn, Muleshoe.

**Election Changes Urged—**

Study leading toward a complete revision of the Texas Election Code is the goal of a House-passed resolution.

Rep. Harold Parish of Taft is sponsor.

If passed by the Senate, the resolution would provide for a 15-member committee to draft recommendations for the 1961 legislative session.

Making up the study panel would be three House members,

## Lubbock County Soil Conservation District Names Drive Chairman

The Lubbock County Soil Conservation District Board of Supervisors approved twenty-two applications covering 9,486 acres of land, one Great Plains Conservation program contract, and appointed the chairman for the fall "South Plains Soil Building Week" campaign in their meeting last week.

Alton Strickland, Secretary-Treasurer of Lubbock Production Credit Association, was appointed chairman of the district-sponsored fall leque campaign. Joe Walker, chairman of the board, stated that the district had used local bankers to head the campaign for several years but felt their selections and the acceptance of Strickland to serve would be especially advantageous since the purpose and scope of the campaign was the entire South Plains area, and Strickland's contacts include the nine county area with the Lubbock Production Credit Association includes.

Great Plains Contracts was signed for O. L. Christie of Idalou. District cooperators represented by the approval of 9,486 acres include: McClellans Farm and Ranch, Doug Wilson, Dr. S. C. Arnett, Jr., Brown Brothers, J. W. Goodpasture, H. H. Sides, Henry Schoppa, Russell Bean, Louis McManamy, J. B. Meadow, W. B. Jester, Ince Oil Company, A. H. Allen, L. H. Powell, A. E. Gobel, Casey Day, W. H. Walters, Ray Langford, L. B. Gillitt, Edwards Heirs Trust and Geo. Jackson.

The board reviewed applications for Arizona Cypress Trees under the District's 1959 Tree Windbreak Assistance Program which total requests for approximately 10,000 trees.

Plans were discussed for an election in which the farm land owners within the Lubbock Independent School District will choose a representative from

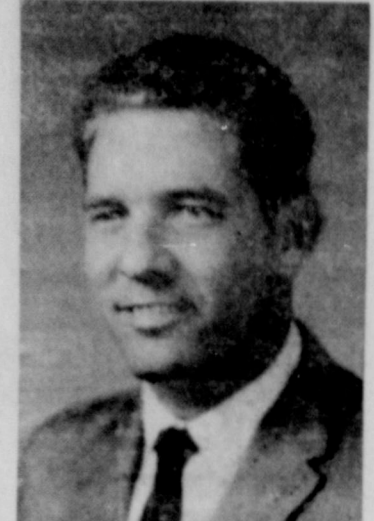

state law requires no other office can be held.

Board members present for the meeting included in addition to Walker, included George Hindman (Slide Community) and E. O. Ramsey of Shallowater. Others present included Frank Gray, Lee Putman, Soil Scientist and Mrs. Alton Strickland.

We are happy to Announce That—

Hugs tighter on turns...

## the road-hugging Wide-Track Pontiac!

Wide-Track Wheel design brings car and road into a new relationship. The wheels of a Pontiac are five inches farther apart. This widens the stance but not the car. There's a feeling of complete control, road-holding response. You're steadier, more secure, balanced. Lean and sway disappear. It's the automotive advancement of the year and one of the big reasons why you see so many new Pontiacs these days. Hasn't the day come for you to drive this sleek beauty? The keys are waiting.

**THE ONLY CAR WITH WIDE-TRACK WHEELS**  
Dotted lines show conventional wheel positions. Pontiac's wheels are five inches farther apart. This widens only the stance, not the car itself. Pontiac hugs tighter on curves and corners. Sway and lean are considerably reduced, ride is smoother, balanced, steadier.

three Senators, the Attorney General, the manager of the Texas Election Bureau, three persons named by the governor and four persons named by the national committee members of the Republican and Democratic parties.

**All One Job—**

Two House committees—taxation and appropriations—would be merged under a resolution proposed by Rep. Truett Latimer of Abilene.

One committee of 31, called the House Ways and Means Committee, would replace the two 21-members groups.

Latimer declared that since money raised and money spent have to come out even, it would be more logical to have the decisions made jointly rather than separately.

**Farm-Market Road Change—**

State's pressing money shortage may bring about a change in the favored budget position farm-market roads have had for the past 10 years.

Since the Colson-Briscoe Act was passed in 1949, the General Revenue Fund has been automatically nicked \$15,000,000 a year for F.M. roads. Goal was to build 35,000 miles of all-weather rural roads.

Rep. Richard Slack of Pecos has introduced a bill to take F.M. road spending out of the State Highway funds rather than the General Revenue. It would not cut farm road spending, but would reduce the money available to the Highway Department or state highways.

Sen. Neville Colson, Navasota, co-author of the 1949 act, opposes any alteration in the program. Even though more than 29,000 miles have been paved, she said there are still school bus and mail routes that are not "out of the mud."

Farm Bureau opposes, as well as others who say that it will lead to an increase in gasoline taxes to make up the cut in highway funds.

Those favoring the change argue that the farm road program has had creamy spending for a long time, but that with general revenue going \$65,000,000 in debt, it can no longer be afforded.

**Not Yet, DOT Decides—**

Democrats of Texas threw a lot of brickbats at U. S. Sen. Lyndon B. Johnson at their Austin convention, but stopped short of an open drive against his nomination for President.

State AFL-CIO President Jerry Holleman headed off resolutions, saying "this is not the time."

DOT did agree to change its name to the Democrats of Texas Clubs (DOTC). It had been frequently criticized for having a name that could be confused with the official Texas Democrat Party organization.

Despite their official "wait and see" attitude about presidential nominees, the delegates made their sentiments clear. They cheered when Adlai Stevenson's name was mentioned and applauded criticism of recent legislation designed to help U. S. Senator Johnson.

### Our Men In Service

CAMP PENDLETON, Calif. (FHTNC)—Alexander S. Goldman, Jr., fireman, USN, son of Mr. and Mrs. A. S. Goldman of Slaton, Texas, serving aboard the attack cargo ship USS Tulare, took part in an amphibious landing on the beaches of Camp Pendleton, Calif., May 28.

The operation, known as "Twin Peaks", involved more than 60 Navy ships and 25,000 Marines and was the largest exercise of its type since January 1959.

Participating in "Twin Peaks" were cruisers, destroyers, mine sweepers, submarines, underwater demolition teams, and assorted amphibious force ships which comprised both "friendly" and "aggressor" forces. They employed conventional and simulated atomic weapons in carrying out their part in the amphibious assault exercise.

CAMP PENDLETON, Calif. (FHTNC)—Marine Pvt. Curtis J. Hall, son of Mr. and Mrs. Napoleon Hall of Slaton, Texas, took part in Operation "Twin Peaks" on California's southern coast from May 17 to June 2, with Marines from the First

Marine Division at Camp Pendleton, Calif.

Air and ground forces were launched against aggressor forces involving the newly-re-designed helicopter assault carrier USS Princeton from which attacking troops launched assaults at inland targets, in the latest employment of the Corps' vertical envelopment doctrine.

The two-week maneuver was the most extensive air-ground landing exercise to be conducted on the Southern California Coast since 1957.

- 1/2 cup Mazola Corn Oil
- 1/4 cup lemon juice or cider vinegar
- 1/4 cup water
- 1 1/2 tablespoons salt
- 2 tablespoons sugar
- 1 1/2 teaspoons Tabasco Sauce
- 2 to 2 1/2 broiler-fryer chickens, split lengthwise, quartered, or breast and leg parts
- As'out

For Sauce: Measure Mazola Corn Oil, lemon juice or vinegar, water, salt, sugar and Tabasco into saucepan. Heat to boil. Keep hot and mix thoroughly for each basting. For highly seasoned sauce, increase Tabasco, add mustard and Worcestershire sauce.  
Barbecuing Chicken: With halves or quarters, hook wing tip behind shoulder joint onto back. Sprinkle 1 teaspoon As'out over each bird, most of it on flesh sides and rest on skin. Brush with sauce. Place skin-side up on grate 12 inches or more from heat. Cook slowly until tender, turning often, basting each time. Allow 1 to 1 1/4 hours cooking time. With parts, thickest pieces should be fork tender. Before serving brush with any leftover sauce. Important: Cook over glowing coals (not flame) at proper distance from heat.

Tender, juicy, plump frying chicken just right for outdoor cookery. Take your family out to the back yard and fatten them up on luscious barbecued chicken... a real Chick-n-Que! And be sure to have plenty of supplies on hand!

**HOMEMADE QUICKIE**—Sleeveless knit cocktail sheath has a luxurious—and expensive—look. Actually, it's a five-hour project for the woman who likes to knit. So says the manufacturer of new, home knitting device which is said to sell in the budget-price range. Product of the machine was first modeled in New York City.

Visitors in the L. S. Jefcoat home over the week-end were Mrs. Jefcoat's brother and wife, Mr. and Mrs. T. R. Brown of Oklahoma City, Oklahoma.

## Wilson Events . . .

Rev. and Mrs. George W. Heinemeier have received word of the birth of their first grandchild, Thomas James, son of Rev. and Mrs. James T. Heinemeier of Hazardville, Connecticut. The baby who weighed 7 lbs., 4 ozs. was born June 3, and is the couple's first child. The mother is the former Greta Gockel of St. Louis.

Miss Verna Brockman, daughter of Mr. and Mrs. Vernon Brockman became the bride of Bill Garrett, May 29, at 7 p. m. in the home of the officiating minister, Rev. Brook, who is the pastor of the First Baptist Church in Tahoka. The groom is the son of Mrs. T. C. Beard of Tahoka. The bride was attired in brown with brown accessories. There were no attendants. Mrs. Garrett attended school in Denison, Texas. Mr. Garrett attended school in Tahoka and served in the U. S. Navy. Both are employed by David H. Supermarkets in Tahoka where they will make their home for the present. The couple left for a few days visit in Brownwood after the ceremony.

Mary Lou Hagens, Barbara Sue Brewer, and Hazel Rebbinson, May graduates of the local high school, have taken an apartment in Lubbock where Misses Hagens and Brewer will attend Draughon's Business College, and Miss Rebbinson will enroll in a Beauty School.

Among those attending the Midland re- Tuesday from Wilson were Messrs and Mesdames Alfred Crowson and family, Clarence Church and family, Jack Blevins, Pat Swann, Charles Baker and family, Lawrence May and son, and Roy Lynn Kahlich and daughters. All the men rode in the Sheriff's Posse Parade.

Mrs. H. C. Fountain who is convalescing from bronchial pneumonia, went to the home of her daughter, Mrs. Earl Tunnell in Tahoka, Saturday. Her brother, Ed Crowder and Mrs. Crowder visited Mrs. Fountain in Tahoka, Sunday.

Rev. and Mrs. H. E. Scott and son, Mark, are vacationing in South Texas. Rev. Scott is the pastor of the First Baptist Church in Wilson.

Mr. and Mrs. Sam Gatzki and family left Sunday night for a two week's visit with Mrs. Gatzki's mother, Mrs. C. A. Horner, in Fresno, California, and with other relatives in other parts of California.

Phillip Ray Noble, small son of Mr. and Mrs. Ray Noble, had the misfortune of receiving a bad cut on his foot from a broken bottle at his home Friday. Mrs. Noble took her son to Slaton for medical attention.

Mr. and Mrs. Charles Rudd and children moved to Amarillo Sunday.

Mr. and Mrs. Fred Steinhauser entertained with a supper Saturday night.

Ralph Droege who has been principal of the St. Paul's Luth-

eran parochial school for the past several years, left Monday for Dillsboro, Indiana, to visit his parents, Mr. and Mrs. Edwin P. Bege. Upon Ralph's return to Texas, he will move to Odessa where he will teach in the parochial school there.

Lonnie Ray of San Angelo arrived Thursday for a week's visit with his brother-in-law and sister, Mr. and Mrs. Alfred Clary.

Dee Ann Boston of Brownfield is spending several days with her uncle and aunt, Mr. and Mrs. Frank Smith.

Miss Grace Eileen Maeker and Milton Lee Schultz exchanged wedding vows in the Chapel of the Abiding Presence on the campus of Texas Lutheran College, Saturday at 7:30 p. m. Mr. and Mrs. Walter Maeker of Wilson and Mr. and Mrs. V. M. Schultz of D'Hanis are parents of the couple.

Rev. Lee Roy Brandes, assistant pastor of Emmanuel's Lutheran Church, read a double ring ceremony.

The bride, escorted to the altar by her father, wore a gown of Chantilly lace over taffeta, fashioned with a molded bodice. A yoke of sheer illusion embroidered with medallions of pearls enhanced the bodice which featured short shirred sleeves. The voluminous skirt was cut on circular lines and complemented by a pleated tulle flounce which flowed into a chapel train. Her finger tip veil of illusion was attached to a crown of Chantilly lace and tiny seed pearls. The bridal Bouquet was a cascade of feathered white carnations accented with miniature ivy and centered with a white orchid.

The attendants were Miss Joan Slage of Mathis, maid of honor, Misses Dianne Creswell of Port Arthur, Cynthia Scrogin of Freeport, Louisiana, Faye Blase of Rosenberg, and Mrs. Charles Gless of Rosenberg. The attendants wore identical dresses of sea green pseudosee cut on sheath lines and topped with organdy over skirts. They wore matching head bands and carried miniature english ivy wedding rings with yellow daisies. Candle lighters were Janis Kay Maeker of Wilson, sister of the bride, and Virginia Gay Schultz of D'Hanis, sister of the bridegroom.

Best man was I. D. Schultz, brother of the groom. Groomsman were Allen Collins and Willie Staats of San Antonio, J. D. Rieslerer of Cuero, and Ernest Alf.

Javan Schneider of Wilson, Kent Ereson, W. Lee Hayden and Daniel Day Schultz, all of San Antonio were ushers.

Miss Lila Pfennig played traditional wedding music and Roy Young was soloist.

For a wedding trip to Denver and Estes Park, Colorado, the bride wore a dress of Wedgewood blue silk linen with a matching jacket. The couple will be at home after June 20 at 1447 Heights Boulevard, Houston.

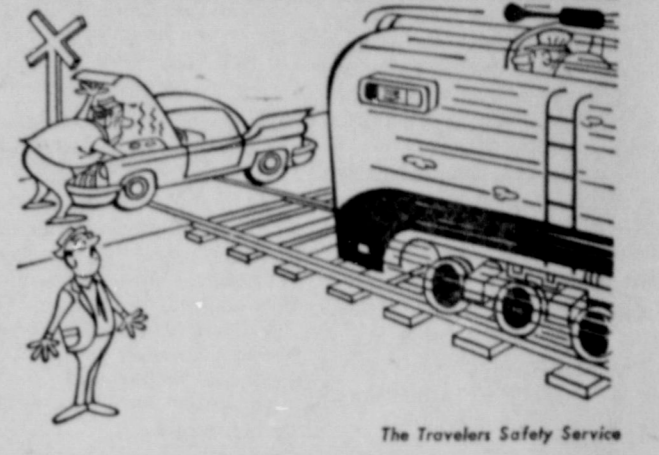

Mrs. Schultz is a graduate of Wilson high school and received a bachelor of science degree from Texas Lutheran College. She will teach in an elementary college in Houston this fall.

Her husband received his bachelor of science degree from the College and is employed by the Internal Revenue Service and is attending the University of Houston Law School.

Mrs. W. R. Geer and Mrs. Billy White and children, Elaine and Mike spent Sunday in San Angelo. Mrs. White is Mrs. Greer's daughter. Mr. and Mrs. Douglas Geer, Ronnie and Sherry of Slide accompanied them on the trip.

THE STATE OF TEXAS  
County of Lubbock

In the Name and by the Authority of The State of Texas To: Mary Woods, wife of S. H. Woods, whose residence is unknown, S. H. Woods, whose residence is unknown, and anyone claiming under the deed on the below described premises to H. C. Gleen, Receiver for Temple Trust Company which was of Bell County, Texas said deed being dated August 6, 1933 and recorded in Vol. 182 at page 136 of the Lubbock County, Texas deed records reference to which record is hereby made for all legal purposes; and all unknown persons owning, having or claiming an interest or lien in the property described herein, and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 99th Judicial District, Lubbock County, Texas, wherein City of Slaton, Texas is plaintiff; Slaton Consolidated Independent School District, The State of Texas, The County of Lubbock, the High Plains Water District and the Lubbock County Water Improvement District are impleaded party defendants; and Mary Woods, and the other defendants named above are defendants, by the filing by said plaintiff of a petition on the 27 day of May, 1959 and the file number of said suit being No. 5546 and the nature of which is a suit to collect delinquent ad valorem taxes on the following describe property, to-wit:

Lots Nos. One (1) and Two (2), in Block No. Sixty Two (62) South Slaton Addition to the town of Slaton, Lubbock County, Texas together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:  
City of Slaton, Texas ---- \$34.06  
Total ----- \$34.06

The names of all taxing units which assess and collect taxes on said property not made party to this suit are:

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefore, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days and after the date of issuance hereof, the same being the 13 day of July, A. D. 1959 (which is the return day of such citation), before the honorable District

Court of Lubbock County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Lubbock, Lubbock County, Texas, this 28 day of May, A. D. 1959.

**FOUR SECONDS TO DISASTER**—Arrow, above, indicates position of an F-89 jet approaching another plane on a collision course. It is one mile—only four seconds—away from imminent danger for both planes. Picture, taken from material accompanying a Budget Bureau report, is intended to emphasize need for a recommended master plan for air traffic control. According to the report, 90,000 military and civilian planes now operate over the United States, and passenger airliners alone have an average of four near collisions a day. All other planes confront similar potential danger, says the report.

**FAIR WARNING**  
Each time Frank Murphy drove his car over 80 miles an hour, the motor set up a terrific knocking. He finally took it to a garage for a checkup.  
The mechanic looked the car over carefully, but couldn't find a thing wrong with it. "At what speed did you say the car knocks?" he asked.  
"Eighty."  
"Nothing wrong with the car," the mechanic stated flatly. "It must be the good Lord warning you."

**Slaton Defeats Plains, 21-10**

Slaton's American Legion ball team took to the road to open their season, winning one and losing one. The scheduled opening game at home was called off due to wet grounds. Legion officials announced tickets sold for that game will be honored at the first home game now set for June 17 against Lubbock Bell Check.

Slaton met Denver City June 5th, losing nine to one. The win for Denver City was their second to no losses. Johnny Taylor led Slaton's batters with two singles, Neely Comer and Jerry Allen each got a single. Slaton took a one to 0 lead in the third only to be tied in the bottom of that inning with Denver City getting two more in the fourth and opening up for six more in the sixth. Taylor saved up only six hits in losing the game which saw Slaton commit five errors.

On the road again June 8th, Slaton defeated Plains by a score of 21 to 10. Taylor again led the hitting with a single, two

doubles and a triple belted out two runs double; Gregg got a double; Cummings a double; a single Slaton led having little difficulty Taylor's winning pitch relieved in the fifth Wright.

Barring further remaining schedule June 17: Lubbock here.

June 20: Levelland  
June 24: Denver City  
June 27: Plains  
June 30: Brownfield  
July 2: Bell Check  
July 4: Levelland  
July 8: Brownfield
