A Charming Swedish Girl Is Slaton's Summer Guest

By Sharon Boyd
Slatonite Staff Writer

A truly charming girl is the Slaton Rotary Club's guest this summer.

Miss Ulla Larn of Sweden who is staying in the home of Mr. and Mrs. Melvin Kunkel this week, drew some interesting comparisons between her country and the United States during an interview Tuesday.

Miss Larn feels that the government in Sweden is "practically the same except they have a King where the U. S. has a president."

Miss Larn, whose nickname is "Josephine," said, "Of course, it's more fun having a King because of tradition and everything."

Sweden has what you would call a "constitutional monarchy," she said. It is set up much the same way as Great Britain. The government owns many of the industries and railroads.

In Sweden, most Swedes belong to the Established (Lutheran) Church. Recognized churches are the Missionary Society, the Pentecostal Church, Messic, Salvation Army, Methodist, Baptist, Roman Catholic, Christian Science and Quaker.

The Established Church is financed by yields from its own funds and taxes, while the other congregations are supported entirely by voluntary contributions. A Swede is born into the Established Church and if he wishes to change churches he may do so.

By law, Lutheranism must be the faith of the King and Cabinet members dealing with church matters. In 1957, the number of parishes was about 2,500 and clergymen numbered about 3,700.

Miss Larn said that in Sweden all the schools are free and the lunches at noon are free. When the students graduate, their age is approximately 20, whereupon they enter either universities or vocational schools. Sweden has four universities. Miss Larn said she would probably start teaching animal husbandry or become an editor of an agricultural paper eventually.

"Josephine" reported that the climate in Sweden is very damp and the temperatures never gets above 85. They raise wheat, potatoes, oats and sugar beets.

"In Sweden, the teenage girls do not start painting themselves up as early as here," she said. The dating system is also very different. If they have dates, they walk every place they go.

because you can not get a license to drive before you are 18, she added. The average age for marriage for a boy is 28, and for a girl, 25.

Miss Larn said that the dress of Sweden and America differed, remarking that, "The boys in Sweden wear their blue jeans up around their waists!"

She must like the low-cut blue jeans of America, though, because she sent her "boy friend" in Sweden a pair of Levi's and a western belt.

Miss Larn said that the men's clothing was a lot more colorful here, which she liked very much.

She also likes American food, especially vegetables. She says that "Piggly Wiggly" is a "rather funny name for a super market."

Miss Larn will probably end her stay in Slaton and Texas sometime around the last of August, but she is welcome to stay as long as she will, I say.

When asked how she liked Slaton and the U. S. she said, "Oh, I like it very much, everyone is so friendly." It took her nineteen days to get her and she said the farther southwest she got, the friendlier the people were.

Tax Election Set August 18th

City Commission Votes To Raze Old Band Stand; Ordinance Ok'd

The Slaton City Commission, meeting last Friday night, voted to have the old band stand located on the northwest corner of the city square torn down.

The action was taken on recommendation of the Slaton Chamber of Commerce (or Board of City Development) which asked that it be removed because of its unsightliness.

In view of the fact that the old band stand is no longer used, and is presently deemed useless, the commission voted unanimously, of those present, to have it torn down.

In other action, ordinance 176, pertaining to group insurance for City employees, was approved on first reading as an emergency measure.

Also, small raises were voted to two employees of the City Water Department and to two employees of the City Secretary's staff.

The City Secretary, J. J. Maxey, was authorized to attend a meeting of the executive committee of the Association of Clerks and Secretaries of Texas in Austin, July 13. The meeting

was for the purpose of planning a program for the state convention to be held in Dallas, Sept. 20-22.

Phil Brewer, Alton Russell and George Lemon met with the

commission to present a tentative plan for the Russell Addition. The commissioners present agreed by mutual consent that they would approve a similar plan when completed.

Nearly Four Inches Of Rainfall During Month

Slaton has chalked up nearly four inches of rain during the month of July, according to the rain gauge maintained at the city water department.

Tuesday night, Slaton received .35 of an inch, to bring the month's total to 3.80 inches.

Other rainfall amounts include July 1, .30; July 2, .25; July 8, .50; July 10, 1.70; July 11, .70; and the 14th, .35.

Temperatures during the last week ranged from a cool 60 degrees to a somewhat warmer 99. The average temperature last

week was 79 degrees, believe it or not.

Temperatures were: Sunday, July 5, high, 99; low, 70.

Monday, July 6, high, 94; low, 68.

Tuesday, July 7, high, 94; low, 70.

Wednesday, July 8, high, 96; low, 70.

Thursday, July 9, high, 82; low, 68.

Friday, July 10, high 94; low, 66.

Saturday, July 11, high, 84; low, 60.

Passage Would Provide Funds For Slaton Bypass Right-of-Way

Lubbock's County Commissioners Monday called a special county tax election which, if passed, would mean another big step forward in the construction of a four-lane by-pass highway to the west of Slaton.

The commissioners set the date of Tuesday, August 18th, for the election, which would authorize the levying of a maintenance tax of 15 cents per \$100 valuation on property to pay the cost of purchasing right-of-way for improving state and U. S. highways over a five-year period.

Although a provision for limiting the length of time the tax can be collected could not be written into the proposal as it will be submitted to the voters, the commissioners wrote into the resolution for the election a provision that they will re-submit the proposal after five years and that it will be a moral obligation on their successors to see that the tax is removed after being in effect five years, the length of time estimated for the completion of the current right-of-way program.

By the terms of the election issue, the tax will be limited to right-of-way purchase and can not be diverted for any other use. It also would be limited to use on state and U. S. highway

right-of-way.

The action, taken after petitions requesting the election were presented to the commissioners by representatives of the Slaton and Lubbock Chamber of Commerce organizations, represents the achievement of another step in a project endorsed by the local chamber.

The Slaton Chamber's feeling on the bypass is that it will encourage persons working in Lubbock to make their residence in Slaton. "Our best hope for expansion is the development of Slaton as a residential area," points out chamber manager Bill Ball.

The bypass, conducive to safe, short travel time between here and Lubbock industrial areas, will help speed the growth of this community, it is felt.

In support of the tax levy, a speakers' bureau and informational outlet will be formed here through the chamber of commerce if the project gets the approval of the chamber's board of directors.

The petitions presented to the commissioners bore the names of 405 persons and were circulated primarily in Slaton and Lubbock. Bill Ball, chamber manager, Bill Smith, director of the chamber, and Joel R. Combs publisher of The Slatonite, were in attendance at the meeting.

Rotarians Hear Swedish Visitor

Miss Ulla Larn, the Slaton Rotary Club's summer visitor from Sweden, addressed the club briefly at its meeting last Thursday noon in the club house.

Miss Larn is currently visiting in Slaton, under the auspices of Rotary International and National Research Fund, Inc.

The remainder of the program was under the direction of Thelma Bowns, who asked members of various committees to tell what their committee hoped to accomplish during the year.

Clothing Taken From Laundry

Last Tuesday afternoon, some clothing was taken from a local laundry, including two pairs of little boy's blue jeans (age 9), a large "bunch" of socks, and one pair of ladies black shorts.

They were taken from the machine (16) on the south side of the building and the laundry. The woman who reported the loss asked that the lady who took the clothing return them to the laundry to the caretaker.

July 19 Is Date Set For Boat Club Race

Sunday, July 19, is the date set for the final Lubbock Boat Club race for this season. The events start at 2:00 o'clock. Miss Lubbock and Miss Boat Club will be there for the parade. There will probably be a powder puff race for the girls. There will be boatmen from New Mexico, Amarillo and the surrounding area.

Breakins Are Reported Here

Several break-ins were reported to the local police department during the last week.

Losses were small in the burglaries and footprints at least two of them showed they were probably committed by very young individuals.

The Arnold Ice Company reported \$16.00 was missing from its cash drawer.

Attempted burglaries were reported at Huser Hatchery and Lasater-Hoffman Hardware, with the hardware firm reporting that an air conditioner was hit on its roof in the burglary try.

A roll of pennies and \$1.00 in change is missing from Forrest Lumber Co. after a back window was broken into recently. Money was also taken in a break-in at Slaton Implement and a shotgun was taken from a car on S. 7th.

Clyde Williams Completes Course

CDR and Mrs. Clyde A. Williams and their son and daughter have recently visited Mr. and Mrs. W. N. Williams and other relatives in Slaton.

CDR Williams completed a 10 month course of advanced instruction at the Naval War College, Newport, Rhode Island, in June. In addition to military subjects, the curriculum included a study of international law and international relations. A considerable portion of the course was devoted to the study of communism and the dangers facing the free world from an economic, political, psychological and military viewpoint.

Many prominent persons addressed the students at the Naval War College, including Dean Acheson, members of the

Times Are Changing In Slaton

The time has come even in a primarily agricultural town like Slaton, where the farmers trade is of major importance, where produce raised on our farms can no longer be bought inside the city limits direct from the farmer, and very little from the retail stores. It will not be long before many local farmers who have truck acreage will have tomatoes ripening, okra, corn, and sweet potatoes that will be far above the quality and freshness of the same kind of products that are shipped in. The farmers would be glad to get considerably less than the prices the retailers pay for the items that are shipped in green but you most likely will not find the local products available unless you go out in the country and buy direct from the man who has raised it. Fruit and vegetables are never sold by the peck or bushel as they used to be but by the pound and most of it at a price prohibitive for home preserving and canning purposes.

Perhaps the new generation of house wives would not buy fruit and vegetables for canning and preserving even if they could get it at a low price because most of them do not know how to do the work and even if they did many would not go through the drudgery of preparing and the long process of cooking.

Times have changed and even the farmers are turning from growing fruits and vegetables, milking cows and raising chickens and are buying such items in fancy packages from the stores. There are children half grown who live on farms near Slaton who have never seen a cow milked or witnessed a hog being butchered.

Whether such ways of living are the results of easy money and laziness or because both farmers and the city dwellers insist on the most sanitary way of handling and distributing food is not easy to answer but whatever the reasons you'll have to hunt long and far to find fruit or vegetables for sale by the bushel in Lubbock County.

Why Not Buy A Cabin And Fix It Up

There was a mountain woman in Tennessee who just managed to keep alive on a sparse and poor farm. A social worker talked over her situation and conditioned with her. She asked:

"If the government would allow you two hundred dollars, what would you do with it?"

"There was no floor in the cabin. Light came through chinks in the walls. Her clothes were the poorest ever. But she thought a moment, and then answered:

"I reckon I'd give most of it to the poor."

The only part of the above quoted fairy tale that is believable is about the government allowing the old lady two hundred dollars. In fact with very little coaxing the government would allow her a lot more than two hundred dollars and if they could find a family living in Tennessee, or any where else, in a cabin with dirt floors it would herd them directly to the Federal Rehousing Administration where they would be able to borrow enough money to build a new cabin with pile carpeting on the floors and oak panelling on the walls. "Give it to the poor"—why there are no poor any longer; we're just all in debt up to our eyes.

People Read, Remember, and Buy

A recent nationwide survey shows that more than three-quarters of the nation's retailers expect their summer business to exceed last year's. Editor & Publisher reports. Only 29% anticipate no change, and a mere 2% look for a decline.

It will take a lot of good advertising to bring the expected results about. And it's significant that newspapers will continue to be the retailers' foremost advertising medium. The survey finds that 72% of the stores surveyed plan to invest 80% or more of their summer advertising spending in the papers. And 57% will allocate at least nine-tenths of their ad budgets to the papers.

All advertising media are in tough competition these days, with newspapers, magazines, TV, radio, and direct mail scrapping for a larger share of the ad dollar. But newspapers, despite the new media, hold their own—simply because newspaper ads get results. People read, remember, and buy.

(EDITOR'S NOTE: We quote from editorials and weekly newspaper columns whose authors are in good humor. We hope you get a chuckle out of their comments.)

Carl Miller in The Raymondville Chronicle: We haven't checked recently but it seems to us there aren't as many peddlers hitting Raymondville as of old. Could be it's the wrong season. Perhaps they've gone north with the ducks, geese and whooping cranes.

Perhaps the slickest, most persuasive peddler are out-and-out type. They will come to your door and with a great solemnity reveal that they have discovered termites undermining your house. Sometimes its a deadly beetle that has attacked your favorite tree.

They were dark, mysterious fellows who scared the living daylight out of us.

Whatever the tragedy overhanging you, for a mere \$50 or so he will completely rid you of these pests. Up in Ochiltree County Harold Hudson reports that some peddlers roam the streets armed with saws and hatchets pointing out decayed tree limbs which are a danger to life and happiness as well as being unsightly.

You and the tree both can be trimmed for about \$25.00.

Dolph Moten in The Bovina Blade: With its "thinking man" slogan, Viceroy cigarettes have come up with possibly the greatest advertising punch line since Lucky Strike's LS-MPT.

The fact that it has a tendency to be slightly absurd makes it even more beneficial, we feel. The "thinking man" hit has carried over into everyday conversation. It's almost enough to make a smoker feel stupid if he dares puff on anything but a Viceroy. We said, "almost."

Because of its popularity, various takeoffs have come from

the slogan. Jokes, too.

We heard one of the funniest takeoffs over a radio station. Said station was advertising itself.

In a simulated interview, the announcer asked a doctor who has just completed a delicate brain operation, "How'd you happen to become a topnotch brain surgeon?"

With a nasal twang, the doctor replied, "Actually, I'm not a surgeon at all. I'm a cotton farmer from Muleshoe, Texas . . . and I think every man should think for himself," or something to that effect.

We heard that business on our car radio and would have laughed harder, but we couldn't and drive at the same time.

KNOW KNOX in The Knox County Herald: Little seven-year-old Brice Hill, son of Mr. and Mrs. James E. Hill . . . and "brains" of the Hill household, had this following remark, when this scribe asked him how he and his sister, Linda, enjoyed their three week's visit in San Angelo, with their grandmother: —"We had a real good time, and I know mother and daddy enjoyed it . . . not having to put up with us kids."

The Texas Spur sounds a warning: In case you've got the fever to own a newspaper, some picture it as "glamorous" and "fun"; you should be prepared

The Hamlin Herald tells of modern business methods: The new cashier was being exposed to store policy by the manager. "Remember now," cautioned the manager, "we want you to prac-

Jerry Hollingsworth in The Winkler County News: A man with a disgusted look in his voice called in Tuesday to tell us about a woman driver he followed for four blocks along South Poplar Street.

She was driving, he said, right smack between the right and left-hand lanes.

She extended her arm out the window signalling for a left-hand turn. Her turn-signals in-

icated she was going to make a right-hand turn.

She kept driving straight with out making any kind of turn. Man said he finally became frustrated and turned off on Shrewood just to escape.

The Hamilton Herald and The Indian: An Indian petitioned a judge in Arizona to give him a shorter name. "What is your name now?" asked the judge. "Chief Screaming Train Whistle," said the Indian. "And what do you wish it shortened?" asked the judge. The Indian faded his arms majestically as grunted, "Toots."

DODGERS ARE WINNERS IN LITTLE LEAGUE PLAY

With only 1 more week to play in the Major teams of the Little League the games are getting quite exciting. The games being played now are really something to see and if you are missing them you are losing out. The Dodgers are ahead with 11 wins out of 14 games played, the Cardinals have 8 wins out of 13 games, Indians 7 out of 12, Giants 5 out of 13, Tigers 4 out of 12 and Yankees 3 from 12 games played.

The All Star team is working out every morning that the weather permits getting ready for their first tournament play at Lamesa. The Slaton team meets Lamesa, July 23 for their first game. E. L. (Curly) Norris has resigned as coach of the team and Otis Neal is now coach with Bill Mosely as manager. Through July 10 the individual standings by team are:

KNOW YOUR SLATON BUSINESS MEN AND FIRMS

In order to encourage the people of this area to become better acquainted with leading South Plains business firms and the men who are and those who have been instrumental in their establishment and growth the Slatonite will carry historical sketches at regular intervals.

The information will be told in a way to make it as interesting as possible

and it is hoped that each sketch will be read by everyone who is interested in the growth of this area.

Do business with these firms when possible and you will do your share toward the further development of the South Plains and they in turn will be of benefit to you by being able to give you better service and quite often more economical prices.

HUSER HATCHERY

One of the most well-known hatcheries in the Slaton vicinity is Huser Hatchery. Slaton-area farmers know its location and products well.

Robert Huser, owner and operator, was employed as a hatchery man for Swift and Company in Muskogee, Oklahoma, and Lubbock for nine years.

In 1943, he purchased the W. T. Drive Hatchery, then located at 130 W. Lynn. Later, he bought a building at 235 W. Garza and later moved to the firm's present location at 310 S. 9th, replacing his equipment with new, more modern items.

At the time of establishment, Huser handled only hatchery and feed items. As time progressed, he started handling DeKalb chicks, Purina Chows, field and garden seeds, garden and lawn supplies, hog and poultry equipment and animal health and sanitation products.

Over the first few years, business has increased through the firm's handling of a franchise chicks arrangement with DeKalb, by operating its own poultry breeding farm which supplies all eggs for the hatchery, and operating a Daffin Mobil Mill, grinding and mixing service.

Mr. and Mrs. Huser have two children, Vic, who has attended college two years, and Gail Marie, a 1959 Slaton High School graduate. Huser was born in Granger, Texas, and is a Texas Tech graduate. The Husers reside northeast of town on Golf Course Road.

Their motto is, "We try to serve agriculture in the Slaton area." Go in and see them, you'll like their service.

"I meant to tell you, Jonesy—the boss is on a do-it-yourself kick, but don't worry, it'll pass, it'll pass . . ."

Senator Preston Smith

Attacks on the state's press for supposed "criticism" of the 56th legislature are actually being voiced by a loud minority. But the tension created by this so-called "criticism" of the press indicates a deeper and more serious situation being faced by many lawmakers here.

I do not regard the comments of the state's papers as unfair, or as aggressive attempts to "give lawmakers a hard time."

It also seems pretty improbable that any legislator here would deliberately stall work in order to keep the legislature in session longer.

Most lawmakers are watching their records carefully, with another eye on the new, earlier primary election laws. Many election campaigns must be planned and underway by Christmas. And lawmakers now in office are very record-conscious. That's how they'll run their re-election campaign. In other words, they are "under the gun" now, and doing the best they can. The delay of this financial legislation is not going to help anyone's campaign for re-election, and yet, lawmakers face this delay rather than rush through any tax bills that may disappoint their area.

In reporting this delay, the newspapers of the state have reported the news of the legislature. But the acute discomfort felt by legislators so conscious of their records comes from an awareness that potential opponents are going to take advantage

Warm Springs Foundation Has Narrow Escape

Appeal for public support of the Texas Rehabilitation Center of Gonzales Warm Springs Foundation was issued week shortly after the suspension of in-patient services narrowly averted. "We had a narrow escape," Orts, president of Texas Rehabilitation Center, said. "but we are in business with the support of Texans interested in helping our disabled citizens in this important we should be in business here on in." The Center's financial problems, board members deemed it advisable to suspend in-patient services temporarily effective July 17. This has meant dissolution of an of specialists in re-education for which Warm Springs is noted. According to a last ditch appeal for a \$50,000 loan to keep the Center open, the Guadalupe Valley Co. Cooperative and Mrs. Hutchins of El Campo, and Mrs. Hutchins have to loan \$40,000 and \$10,000, respectively, to the Foundation to pay for the distribution of assets trust in which the foundation is a beneficiary. Acquisition of these funds support of human-minded Texans, and a budget resulting from a reduction in the payroll to 50-55 patients enable the Foundation to be regraded, Orts said. "The quality of the medical of which we are justly will not be impaired in any, and we are confident plans will soon supply funds to permit the re-education of the wards we have had to close down," Orts said.

BOTH were mere "pups" when they met. Their friendship was instant and lasting. They know how to "talk each other's language." Each in his own way is the benefactor of the other. Their companionship endures.

Doesn't this reflect the kind of friendship God wants with man — and that man should want with God?

Surely God was the first to believe that the way to have a friend is to be one: "Greater love hath no man than this, that a man lay down his life for his friends." Have you responded to God's call for friendship? Can you meet His test: "Ye are my friends if ye do whatsoever I command you"?

The best of God's friends are in His house of worship, often. They possess a sense of unworthiness to be called "the friends of God." But each time they engage in worship they gain a clearer understanding that friendship with God is evidenced by love and service for their fellowmen.

Associating themselves with the needs and burdens of others, they find association with Him who said, "Even as ye did it unto one of the least of these my brethren, ye did it unto me."

Why not decide now that you, too, will be a true friend of God?

THESE WOMEN!

By d'Alessio

"It's days like this that make me wish I were married so I could go home and take it out on someone!"

STRENGTH FOR THE WEEK

He was a man of character and strength. I loved to have these moments of close fellowship with him. We were riding along, just the two of us, talking about the way some people slip on the temptations of life. "Brother Davidson," he said, "You would be surprised to know what goes on at these conventions." He had recently attended a convention for County Judges and Attorneys.

Wherever we go let us remember that, "the eyes of the Lord are in every place, beholding the good and the evil." Rollo Davidson, Pastor First Methodist Church.

"Matrimony is the only state that allows a woman to work 18 hours a day."

WAC Is Seeking Qualified Women

The Women's Army Corps is seeking qualified young women with the ambition to step into a well paying, interesting, and challenging executive position. M/Sgt. George E. Henderson, announced today.

This is possible through the WAC direct commission program allows college trained women, who qualify, to be appointed directly as a second of first lieutenant.

A U. S. Army commission for women provides pay, prestige and responsibilities comparable with civilian executive positions. M/Sgt. Henderson explained.

Twice each year a 20 week training course is conducted for selected women between 20 and 32 years of age. The next class will begin in September of this

Up a steep mud-choked wash—Positraction pays off!

Through a mountain stream—deep in Avintaquin Canyon

NO MOUNTAIN CAT, MISTER...

That's a Chevy with Positraction!

That 3134 Fleetside has the sure-footed ways of a big western brush-cat. Roams through high brush country that would buck the life out of most trucks. Crosses streams without benefit of a bridge. Climbs talus grades where pifion won't even grow. But that's all routine for this Chevy, equipped with Positraction* rear axle. It's hard at it every day for the Utah Fish and Game Commission. Figure about 60,000 miles of mountaineering before this Chevy is traded. And yet the

district officer who drives it would bet his badge the tie rods won't even need replacing! Out in that wild, climbing Utah country, Chevy's suspension and frame and brakes, its Positraction rear axle and Thriftmaster 6 power are proving themselves under rougher conditions than most test engineers could dream up. They're proving that Chevrolet's advanced engineering and design ideas pay off—in spades—when the going gets especially mean and dirty.

Positraction, of course, is a big plus on this job, providing the sure grip needed to dig through mud, snow, loose sand, whatever comes along. Could be that a Positraction-equipped 1/2-ton pickup is the answer for your area of operation. Or maybe a 4-wheel drive Chevy. We've got trucks that specialize in getting in and out of any kind of country. Talk to your dealer about your needs. He'll show you what tough trucks are made of.

FFA Boys Will Get Degrees

The Slaton FFA boys will receive their Lone Star Farmer degrees in Austin during the State Convention. The boys receiving the degrees are James Giles Smith, Jerry Harlan, Kitten. This is the first time these many boys from Slaton have applied and been accepted. This degree is given on the participation in F.F.A. and only for their supervised farming program. The awarding of degrees will be a major feature of the Convention.

This convention is held each year to enable boys from different parts of Texas to get together and exchange views on different subjects. The main general object of this convention is to weld the F.F.A. into an organization that will be lasting and one that can continue to grow and help men to appreciate their country's natural resources as it has been doing for a number of years.

Also attending the convention are David Bishop, Jerry Allen, Randy Sanders, Frank Chapple, and Mr. Brown, local advisor. The boys left Slaton Tuesday, July 14 and will return Sunday.

STATE CAPITAL

Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN—About the only cheerful remark heard around Texas Legislative halls of late is, "Think how bad it would be if it weren't air conditioned!"

(House and Senate chambers are cooled this year for the first time, though most of the rest of the Capitol is not as yet.)

Many remember summer sessions in pre-air conditioned days. Scorching extraordinary was the one in 1949 which ran to July 6, longest regular session in Texas history.

Law makers and reporters complained that the huge granite blocks in the Capitol walls collected heat like a Dutch oven. Coat and tie rules in the legislative chamber added to the misery.

Some observers said that the 1949 Legislature (which also had a tax problem) didn't really quit. It just sort of melted down. A special session was called the next winter to clear up money problems.

For all its comforts, air conditioning hasn't taken the sweat out of passing a tax bill.

Both House and Senate have passed tax bills, and a new conference committee was put to work to try to piece them together. But the floor action preceding passage gave no indication that any of the conflicting groups is ready to give an inch.

House membership is split three ways into (1) those who don't want the majority of new taxes to fall on business, (2) those who don't want a majority to be sales taxes and (3) those who apparently don't want any new taxes.

Each of the first two groups has been able to defeat the other's proposals with the help of the "no-taxers." Hence, despite public impatience and their own weariness, lawmakers have been ensnared in a one-step forward-and-two backward pattern.

but fizzled out in the Senate when Sen. Henry Gonzales challenged it on two points: (1) it was not "within the governor's call" for the session and (2) in order to be considered "within the call," it would have to be regarded as a revenue-raising measure which must originate in the House.

Gov. Daniel's action changed this, and the Senate went back to work on the bill. A similar bill was passed by the House last session.

No Deadlock Here—Easiest agreement of the session was on a bill appropriating money to pay legislative expenses.

Both House and Senate gave final passage to a bill transferring \$400,000 from the cigarette tax fund to pay costs of the second special session.

This brings legislative expenses thus far to about \$2,700,000.

Land Sale Approved—House passed a bill that would allow the state to sell a tract of about 40 acres just north of the State Hospital in Austin.

State Hospital Board has declared the system does not need the land. Austin city officials would like to see it privately owned so property taxes could be collected on it. Location is such that it could be used for a shopping center.

Bill sets the minimum price at \$1,500,000.

TEC To Move—Texas Employment Commission will be the first state agency to move into one of the new buildings being built north of the Capitol.

Beginning July 16, TEC will cart some 686 employees and 11,000 items of furniture and equipment from 11 rented buildings to its new headquarters.

Operation is to continue around the clock and be complete on July 20. Unemployment checks will not be issued July 17, but delay is expected to be made up by end of the next week.

Slaton Youth Is Presented Award

Charles Eanes, who was on the staff of the Boy Scout camp at Post, Texas, during the month of June was conferred the honor of being given membership in the Order of the Arrow. Many are called but few are chosen.

One can not join the OA but is chosen as the highest honor the Scout movement can confer. The OA is a national honor society. Charles attended the Boy Scout aquatic camp at Tulia, Texas, last summer and passed the Boy Scout and the Red Cross senior life saving course.

The week-end of July 11-12 Charles went to the Boy Scout camp at Post, Texas, for initiation into the OA along with several other boys who were selected to membership from among several hundred who were in camp during June.

WANTED

ALIVE

THIS BOY is wanted at home to run errands -- to put away the toys he left in the driveway -- and for his weird, wonderful sense of humor. He may be carrying a sling-shot, some bubble gum, a skate key, and a rabbit's foot.

THIS GIRL is wanted at home to care for her dolls, the kittens and to help mother do her shopping. She may be carrying a yellow purse, some jacks, a rag doll and her hair may be tied with a red ribbon.

They are both wanted in school for questioning in connection with the proper spelling of Cincinnati.

MOST OF ALL THEY ARE WANTED FOR LOVE.

They are carefree and harmless, but, unfortunately, they are very easily harmed. Let them get to school and home again without an accident.

AT SELF'S SERVICE STATION

An Irishman coming out of the ether after an operation exclaimed, "Thank God! That's over!"

"Don't be too sure," said the man on the next bed. "They left a sponge in me and had to cut me open again."

Just then the surgeon who had performed the operation stuck his head in the door and called out, "Has anybody seen my hat?"

The Irishman fainted.

"Mother, I just knocked over the ladder in the garden."

"Well, you'd better tell your father."

"He knows, He's hanging from the bedroom window."

Daddy: "Did you learn very much on your first day of school, Katy?"

Katy: "Not enough, I guess. I've got to go back tomorrow."

Mrs. James Edward Parker (formerly Nelda June Lytle)

Leroy Bloodworth, Fort Hood, served as best man.

The bride is a 1959 graduate of Slaton High School.

After a trip to Houston the couple plan to make their home in Slaton.

The Corbin Bartons received a telegram recently stating their children, Mr. and Mrs. Randall Bowles, Cheryl, Corbin Dale and Dewey had reached Charlotte, N. C. safely. They have moved there from San Antonio to make their home. Mrs. Bowles is the daughter of the Bartons.

Mr. and Mrs. Loyd C. Dillard and daughter, Brenda, and Bill McIntyre of Los Angeles, Calif., visited in the home of Mr. and Mrs. Darrell Weaver last Sunday. McIntyre is the brother of Mrs. Weaver and Mrs. Dillard is the sister of Mrs. Weaver. They were on their way to Grand Prairie to visit Mrs. J. W. Clayborn, mother of Mrs. Dillard, while on their vacation.

American Legion's Team Ends Its Regular Season

Slaton American Legion baseball wound up regular season play by defeating Brownfield here, Wednesday, July 8, by a score of 6 to 5.

Slaton got four hits to Brownfield's ten but only committed two errors to their five. For Slaton, Allen got two singles, with Bain and Taylor each getting singles. In American Legion play, this gave Slaton a record of four wins to five losses.

Lubbock Bell Check was unable to play Slaton at Lubbock due to their field being used by other city teams and plan to reschedule the game at a later date, however, if unable to do so, the game will go in the re-

cord books as a 1 to 0 victory for Slaton.

In a wild practice game at Lorenzo, Friday, July 10, called in the top of the sixth due to blowing sand, Slaton was defeated 20 to 13. Numerous walks, mingled with numerous errors and a few well-spaced hits by both teams made the game undecided to the end. Only two hits were made by Slaton, both by Taylor, one a single and the other a double.

Plans are in the mill for Slaton to enter a tournament at Lorenzo commencing Monday, July 27th, with other teams yet to be announced.

Batting average through July

10 were as follows:

Player	AB	H	BA

Around and About Slaton

Not only are weeds about to ruin many farm crops but the vacant lots and unused lots in the business sections of the town are fast becoming jungles of weeds and breeding places for mosquitoes and other insects.

One of the most attractive lawns and best cultivated plots in Slaton is the C. L. Davins home on West Garza Street. The sight of such a lawn is inductive to a severe case of back ache.

Several new business enterprises are scheduled to go into operation in Slaton on or about the first of September. The residential sections of Slaton have shown substantial growth this year and the 1960 census may show a much greater population for our town than even the most optimistic members of the Chamber of Commerce are predicting.

There are more motor boats in Slaton and more fishermen than in most towns that have lakes and rivers within a few miles of their city limits. Its a disease.

Miss Cora Sealy is on a vacation in Mineral Wells at the Baker Hotel. She will return to Slaton this week.

Mr. and Mrs. Lon Porter returned this week from Tulsa where they were called because of the serious illness of Mr. Porter's brother in law.

Jess Brasfield, who raises and sells a lot of vegetables and fruit each season, says the crops of nearly everything will be short and late this season.

There have been no late reports on the extension of the highway around Slaton but there are signs of activity in the road building program for the South Plains and it should not be long before the future plans will be divulged.

Recent rains have almost surrounded Slaton on the East and South with high water lakes making the ones in the flats and the ones on both sides of the Post road just outside the city limits of Slaton up to the top of the pavements. The one near the city wells on the South west edge of town is big enough to stock with fish or accommodate motor boat racing.

Mr. and Mrs. Robert Green and their family, from Baird, and Mrs. Jack Nesbitt, from Snyder, were week end guests of the Ray Hickmans. Mrs. Nesbitt is a daughter of the Hickmans and Mr. Green is a nephew of Mrs. Hickman. They ruined a big ham.

Mrs. W. T. Davis returned last week from Collinsville where she went to be with her father who is seriously ill.

Cheerleaders Attend School

The cheerleaders from Slaton High School attended a cheerleading school lead by Mr. Herkimer at Midwestern University in Wichita Falls from July 4-10.

The girls attending were June and Gail Johnson, Janet and Judy Adamek, and Sharon Boyd. While attending Midwestern the Slaton girls learned many new yells and pom pom routines. Honors bestowed Slaton were three first ratings and two second ratings. There were approximately forty schools attending, which made it even harder for the girls to place in the ratings.

Another honor given to Slaton was the asking of June Johnson, Slaton's head cheerleader, to join Herkimer's staff of instructors for next summer. The girls were very pleased with the honors presented to them, and they also enjoyed the school very much.

Southland Views...

By Carolyn Ward

The important news of this area the last few days has been the fine rains that have come our way. Farmers are anxious to plow and clean out their crops.

Mrs. J. H. Huddleston went to Abilene last week to bring her daughter, Jerrilyn, home to spend the rest of the summer vacation. Jerrilyn is a student at Abilene Christian College. Mrs. Huddleston was accompanied by Jean Hagler.

Mrs. Weldon McGehee visited Mrs. Travis Dabbs last Wednesday. Mrs. Dabbs underwent major surgery in Methodist Hospital in Lubbock and is "doing fine."

Friends will be glad to hear that Sharon Saunders, who is a patient in St. Mary's Hospital in Lubbock is getting along fine.

Mrs. Thelma Burkett returned last Monday from Brownwood, where she attended the Burkett reunion, held at Lake Brownwood. She was accompanied by Mrs. Hattie Burkett of Lubbock.

Mrs. C. E. (Louise) Carson and three daughters of Yuma, Ariz., are visiting her parents, Mr. and Mrs. Ed Denton. Mrs. Carson's husband, who has been visiting here also, has gone to the MacDill Air Base at Tampa, Fla. Mr. and Mrs. Denton are expecting all their children next week-end to help celebrate their Golden Wedding Anniversary.

Visiting in the home of Mr. and Mrs. Jack Myers and family over the week-end were their daughter-in-law, Mrs. Ned Myers and daughter, Nedra, of Abilene and Mrs. Myers' nephew, Mr. and Mrs. Don Johnson and baby of Plainview.

Mrs. Thelma Burkett and Mrs. A. R. Robinson visited Mrs. Lola Hughes last Thursday at St. Mary's Hospital in Lubbock. Mrs. Hughes has had major surgery.

Mr. and Mrs. Jack Ham of Big Lake spent the week-end with her parents, Mr. and Mrs. Tom Simms. The children of Mr. and Mrs. Jack Ham have been here visiting their grandparents and aunt, Mr. and Mrs. J. Martin Basinger, Slaton, and returned home with their parents.

Mrs. J. F. Rackler's nephew, Mr. and Mrs. Hector Wilson and daughters, Theresa, and Mr. and Mrs. John Covey and son, Rusty, of Murfreesboro, Tenn., visited Mrs. Rackler, Mr. and Mrs. J. B. Rackler and family, and Mr. and Mrs. Claude Roper and family near Wilson last week.

Anita Stephens of Big Lake, fiancée of Fred Myers, came last Wednesday and is a guest in the home of Mr. and Mrs. Jack Myers.

Mr. and Mrs. J. B. Rackler and family visited Mr. and Mrs. William Mayo and family at Amherst last Sunday.

Mr. and Mrs. Jack Courtney of Lubbock were Sunday dinner and supper guests of Mrs. J. F. Rackler. Mrs. Courtney's niece, Rene Dean of Lamesa, joined them for supper.

Mrs. May Cox and a friend, Curtis Palmer of Midland, spent Sunday with her brother, Mr. and Mrs. Jack Myers and family.

Mrs. Doll Warshaw of Roby, who is visiting Mrs. Agnes Rinker, spent Saturday night with her son, Mr. and Mrs. Kenneth Warshaw and family, then spent Sunday with her daughter, Mr. and Mrs. Frank Hadderton of Calgary.

Mrs. W. P. Lester returned home last Monday after a week's visit with her sisters, Miss Leonora Ingle and Mrs. Davis of Grandview.

Refrigerator Cars Ordered By Santa Fe

Orders have been placed by Santa Fe Railroad for 200 new mechanical temperature control refrigerator cars at a cost of more than \$5 million, according to announcement by Ernest S. Marsh, President, Chicago.

One hundred of the cars will be built by the General American Transportation Corporation, Marsh said, while the other 100 will be constructed in the company's shops at West Wichita, Kansas.

Delivery on the entire lot is expected in the fourth quarter of 1959.

The 50-foot, 70-ton cars will be equipped with 10-ton refrigeration units, roller bearings and fitted with compartmentizers. Being of a general purpose design, the cars will transport fresh fruits and vegetables as well as frozen foods.

**JUST
TALK**
BY A. M. J.

Since saying a few dirty words about Lubbock's fair name, I have received several letters and numerous expression of appreciation for bringing up the subject of the fragrance of the feeding lots that have sprung up in the suburbs of our rapacious neighbor to the north.

It was reported to me by a prominent doctor of Lubbock who has a spacious home on the far west side of Lubbock, that at times it seems that one of the feeding lots is next door to him. Earl McBride who is the lino-type operator here at the Slatonite makes his home in Lubbock because he cannot find a rent house in Slaton, wants to borrow my gas mask that Carl Self supplied me with last week. McBride comes staggering into the Slatonite each morning gasping for fresh air, his eyes are blurred and his pulse uneven from having to come directly through the polluted air, he pleaded with me on bending knees to let him use the mask. Whether the knees was bent because he was pleading so earnestly or whether from the weakness caused by having just passed through the stench I am not sure, but I am seriously considering letting him use it when the wind is from the north or after a heavy sprinkle. The man is in a bad predicament.

—JUST TALK—
J. W. Hennington, who has been wheeling and dealing the books at Bill Deals machine shop for a longtime came into the Slatonite last week and became interested in a balloon like world globe. It is a real nice outfit and would be just the thing for someone who has almost everything. At any rate after study he found the place in Australia where he was stationed during the second world war and the place where he landed in the Philippines when the U. S. invaded them after Pearl Harbor.

"It all seems like a dream," said Hennington, "and not a very good one." He was among the first to go back into the Islands after Corregidor. Asked if he would like to go back and visit the places where he had been he said "No thanks, I like Slaton."

Take it all in all, Slaton is a lot nicer place to live in than a great many other places in the

world and like Mr. Hennington I have about concluded that I like Slaton and am going to be as contented as possible here although I see right now I am going to find some faults with things regardless of where I am or where I go.

—JUST TALK—
While I do not wish to poke fun at anyone who is in ill health or is accused of being mentally unbalanced I would like to relate a good one that Ray Cook told relating to Governor Long who said that if he is nuts he has been nuts all his life.

Ray said that a couple of weeks ago he got out his railroad type lantern that he takes on fishing trips and lighted it about ten o'clock one morning to see if it was in working order. While waving it around in his front yard his barber, familiarly known as Oklahoma, drove by and seeing Ray waving a lighted lantern around in broad open daylight yelled, "Hello Governor Long."

—JUST TALK—
Its lots of fun to be a sidewalk farmer. How do I know? I am one. It is no trouble at all to get into very serious arguments with other sidewalk farmers on the merits of planting early or late, whether it pays to fertilize or not and whether more harm is done by poisoning than good. There are more ways to predict the weather than there are ways to cook onions and although I could not drive a tractor ten feet, milk a cow or hitch a plow to what ever they hitch to but I can hold my own in an argument with the most experienced sidewalk agriculturist. The secret is look as wise as your ignorant face will allow you and close your trap when you get in deeper than just general conversation. This way I have learned a lot of things to say but to be honest, I really do not know much about what I am talking about, but that is often true about a lot of other subjects as well.

—JUST TALK—
My selected joke for the week:

KNEW THEM ALL
The teacher made her class a detailed talk on why Francis Scott Key is famous. When finished she asked:
"Now, then, why is Francis Scott Key famous?"
And little Johnnie answered:
"Because he knew all the verses of the Star Spangled Banner."
