City Hall Question In Laps of Voters Aug. 14

Culminating efforts to bring before the voting public in Slaton the question of new city hall construction, bonds in amount of \$75,000 will be approved or dis-approved next Tuesday in the city bond election set for that date.

Ballots will read: "FOR THE ISSUANCE OF CITY HALL BUILDING BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF" "AGAINST THE ISSUANCE OF CITY HALL BUILDING BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"

EDITORIAL COMMENT

Important as the question may be — whether Slaton will or will not have the go-ahead given August 14th for a new city hall, the basic question to be answered is: "Will the vote be representative of the wishes of the majority?"

Election officers have been advertised in legal notices as being: Wayne Liles, presiding judge; Phil Brewer, judge; clerks Mrs. Don Britt, Mrs. W. Donald, Mrs. E. A. Hanna and Mrs. C. H. Whalen. ... The Slatonite in a series of five special articles has reported during recent weeks on the specific building proposals, construction plans, methods of financing, costs and other pertinent data.

Full Jail

Facilities and hospitality of the Slaton city jail were accorded 39 prisoners over the weekend, with 15 jailed Saturday night, and 18 lodged Sunday night.

C of C President Urges Expression Of Full Turnout

"It is the obligation of every citizen of Slaton to voice their opinion at the polls — by voting. Do not overlook the power of your vote, for your vote could decide if we have a new municipal building or if we do not have a new municipal building."

School Budget Is OK'd As Proposed

Notwithstanding wide publicity given the public budget hearing for the Slaton Independent School District, one citizen onlooker attended the Monday night session attended by all school board members.

Highway Death Toll Accelerated As 6 Die in Crash Near Woodrow

Six victims of a highway crash Sunday night punctuated the rising death toll on Lubbock County highways. ... A head-on collision west of Slaton on the Lubbock - Tahoka highway in the early morning hours Monday resulted in death for six Latin-Americans, all of the Wilson community.

Mayor Cites Need Of Full Turnout

"In many countries of the world today the people have no right to say what sort of government they will have — no vote except as their masters dictate. ... In our last bond election in Slaton, six percent, or 390 people, voted!"

4500 Painless Doses Public Responds to Anti-Polio Effort; 1st in Series of Three

Forty-five hundred men, women and children trekked through the West Ward school in Slaton Sunday, receiving their first oral dosage of Sabin polio vaccine. ... Local doctors Glenn B. P. and M. Jay McSweeney, Jr. assisted during the afternoon 20 local nurses working in shifts, aided by Mercy Hos personnel, four nurses from county health unit, and son members of the Slaton Rt. Club.

South Plains Water Conservation Merits Comprehensive Study

The fact that "there is no substitute for water" should be well understood in the Slaton area — what with Lubbock County now on record as having 5,570 irrigation wells supplying life-giving water to more than 330,000 acres of crops.

Rains during the past two weeks have materially aided the growing crops, some sections receiving moisture in excellent amounts, and as a result the farmers have received thousands of dollars through reduced irrigation pumping costs.

The Texas Water Commission has just issued a Bulletin which adds to the available knowledge of the Southern High Plains water resources.

Survey by the A&M Extension Service further points out that 200,000 acres of cotton are under irrigation in the county; 106,000 acres of grain sorghum being watered annually, and 4,000 acres of wheat are irrigated. ... Since 1938, the average decline of the water table in the Ogallala formation, which Slaton area farmers pump, has been from a minimum of 10 feet to a general maximum of 40 to 60 feet.

Now, however, many farmers are accelerating pumping operations, and the Water District personnel is issuing the customary warnings and precautions relevant to the water conservation. ... Late word from the district office is that now is the time when a minority of irrigators will have water losses due to "tailwater" escaping from the cropland.

With tabulations yet in complete, it is believed that very contributions probably meeting all expenses of the program, Schmidt stated. ... Success of the Slaton immunization turn-out was said to be closely observed in an area, with several other planning similar "Stop P" days. Mass administration of the vaccine is planned for Brownfield, Lamesa, Tahoka and Lubbock.

EDITORIALLY SPEAKING

Observations and Potpourri

Farming by Franchise?

Several items have come to our attention in recent months that cause us to wonder if the time is not near when farming is a "franchise" situation.

A franchise to farm — is this so far-fetched? The cotton allotment transfers brought into the news the fast dealing of Mr. Estes no doubt caused a number of folks to wake up to the fact that Billie Sol was in reality buying franchises.

Then this week the Texas Farm Bureau comes out with news bulletin quoting an editor and a congressman herein Secretary of Agriculture Freeman is cited as agreeing that "in essence, the farmer was now being given a franchise to operate".

Allotments and price supports figure heavily in the "franchise" arrangement. . . the very complications and hope of which prohibit explanation or exploration here. But we will go far enough to quote Willard Cochrane, economic adviser to the Secretary of Agriculture, as he is likening the farm situation to the franchise of an automobile dealership in a small town:

"The value of that franchise gets capitalized into the business. The next man who buys the business has to pay for the profitability of the past. And, hence, the windfall of higher prices gets capitalized into farming, and (car dealership)".

Whether for good or bad, whether you and ourselves are for or "agin", we must face the reality — a trend is being established. Is it going in the right direction?

Is Monopoly in Texas or Wild Politics

Observers of Texas and New Mexico politics are familiar with often wierd "goings-on". We have submitted at Texas takes second place to no state in colorful politics. But perhaps we were in error. It seems that Arkansas takes the honors this year.

Can you explain to us how a state could elect such opposites in political thinking as Orval Faubus for the Governor's chair and William Fulbright for the senatorial post?

It has been reported to us that Senator Fulbright, a Rhodes scholar with a B.A. from Oxford, a LL.B. from George Washington, president of the University of Arkansas, is without question a super-liberal and avid interationist.

Governor Faubus, on the other hand, is the rustic state's righter and federal-baiting segregationist. He came up via way of hill-country school teacher and rural postmaster, allegedly never attending a school of higher learning.

We are not so concerned with the backgrounds of the two distinguished men as we are of their opposite philosophies, and we cannot reconcile the same voters placing both in office!

We quote from a speech that the senator made before Stanford University group last July:

"It is imperative that we break out of the intellectual confines of cherished and traditional beliefs and open our minds to the possibility that basic changes in our system may be essential to meet the requirements of the 20th century.

"He (the President) alone, among elected officials, can see above parochialism and private pressures.

"He alone, in his role as teacher and moral leader, can hope to overcome the excesses and inadequacies of a public opinion that is all too often ignorant of the needs, the dangers and the opportunities in our foreign relations.

"As an almost-existing community, the North Atlantic nations, with their common values, as well as common enemies, must surrender far more of their jealously guarded sovereignty than they have already done, and press forward with the development of supra-national institutions."

There in Arkansas one high official defends the sovereignty of the individual, one official promotes the surrendering of local, state and national sovereignty to a super alliance of world governments. Other implications also are thinly veiled in Mr. Fulbright's Stanford address that might stand further study.

We would be the last to interfere with any other state even to suggest that we disagree with their political henanigans; we only submit that Texas cannot hold a candle to Arkansas in interesting incongruities. . . we'll gladly yield the honor.

Acuff Farmer Is Named as Third Member F.H.A. County Committee

Appointment of Doyle Dean Davis as a member of the Farmers Home Administration County Committee was announced this week by Ralph E. Griffiths, the agency's county supervisor serving Lubbock County.

Davis operates a farm in the Acuff Community in the eastern part of the County. He has lived there all his life and is recognized as an outstanding farmer and agricultural leader, familiar with the problems confronted on the dry land and irrigated farm as well as livestock operations.

Two other members make up the three member committee which works with the county supervisor to see that the best possible use is made of the agency's farm credit service program consistent with local farmers' needs. The other two members are T. Euel Limer and R. D. Presley. Mr. Limer will serve as committee chairman during the next fiscal year.

Each member is appointed for a three year term. Davis succeeds Charlie W. Boyd whose term expired this year.

The committee determines the eligibility of individual applicants for all types of loans. It also reviews borrowers' progress and aids the county supervisor in adapting the agency's

Naval Reserve Recruiter Due

Chief Hampton, Naval Reserve recruiter will make periodic trips to Slaton and area to interview prospective enlistees, according to announcement from the Navy and Marine Corps training center in Lubbock.

The recruiter will be at Posey at 10 a.m. today, then at the Slaton postoffice at 11 a.m.; Southland at 12:30; and Post at 1:30 p.m. He will return in about three weeks.

According to Chief Hampton, any man between 17 and 26, or any Navy veteran is eligible for enlistment in the Naval Reserve.

Notes from Neighbors: Events and Opinions

From the Exchanges of the Slatonite

After the defeat of his Medicare bill, President Kennedy made the statement in one of his press conferences that he would make the proposal again and again until the bill was approved. "We made some ground this year and will make some next year until we have enough votes on our side to pass the measure," he stated. Such being the case, the general election in November would be a good time to begin putting a stop to this. We, as citizens and voters, should question candidates closely about their feelings toward this bill and vote accordingly. Just because the President is determined to pass a bill is no reason for us to relax our views and let it go by. Let's stop this thing once and for all in November before it gets to the White House again.

SOCIALIZED MEDICINE —

Here is a piece of poetry that was handed to me by a reader of this column. We think it is pretty good so are passing it on to you. It is by W. Gail Reeves of Plainview, and is titled "Socialized Medicine." As a rule we don't publish poetry.

"Well, hello, Doctor, look who's here.
It's Old Joe Doakes and I feel queer.
I've such a hurting in my chest,
That I just can't get any rest.
So, look me over, will you please,
And see if you my pain can ease?"

The Doctor said, "It's plain to see
That you're as sick as sick can be.
If you'll fill out form Six-O-One
Then we will see what can be done.
To make you well should be no trick,
But first we'll have to prove you're sick.
You haven't got your Eight-Three-Two?—
Well, then I don't know what we'll do
For if you have read Section Nine
You know we BOTH could pay a fine
If I should treat you right away
Without the government's O. K.
So — write your congressman you're ill
That he may introduce a bill
And have the Congress legislate
The right for me to operate.
And — if he gets it through in time —
My Boy, it won't cost you a dime."

Newsman Joins
Texas Tech Faculty

Jay D. Milner, newspaperman and novelist, will return this fall to Texas Tech where he once attended classes and played football. He will serve as laboratory supervisor in the journalism department.

Milner will supervise the reporting and editing labs five days a week coinciding with Tech's campus newspaper, the Treador, which will be published five days a week this fall. Previously the paper was issued three times weekly in the long session.

"We consider it a real opportunity to have a young man with Milner's experience, background and familiarity with Tech and this locale," Prof. W. E. Garets, journalism department head, said.

"His excellent background in daily newspapers will be valuable in establishing the tone of our daily Treador this fall," Garets said.

Milner has established an outstanding journalistic and literary reputation by his work as editorial writer for the New York Herald-Tribune and by the publishing of his first novel, "Incident at Ashton."

A 1942 graduate of Lubbock High School, Milner attended Tech from 1942-43 where he played on the freshman football team and later came back in 1946 after serving in the U.S. Navy.

He received the B. S. degree in English and physical education from Mississippi Southern College and the M. A. in school administration from the same institution.

Youth 4-H Programs Augmented
By \$1 Million Contributions

More than half a hundred corporations, foundations and interested citizens provided over \$1 million through the National 4-H Service Committee for the support and advancement of the 4-H programs, according to the organization's 1961 annual report just released.

In the report, Chris L. Christensen, president of the Commit-

tee, said: "Those of us in business and civic world regard 4-H work as an unusual educational program which embodies the basic principles of free enterprise. We believe we have an obligation to help young people develop their abilities to the highest degree."

And, from the 4-H donor point-of-view, Raymond C. Firestone president, Firestone Tire & Rubber Company, adds: "We are convinced that there is better training ground than in the development of citizenship, self-reliance, honor, endeavor, respect for leaders and a cooperative attitude toward others."

Completing four decades service to the youth movement the nonprofit corporation reports average tenure of award donors at more than 20 years. Three firms have backed the 4-H movement for 40 years and two started their support in 1961.

Farm Real Estate
Shifts Continue

The average value per farm in Texas increased from \$48,378 to \$64,950 between 1959 and 1962, according to C. H. Bates, economist of the Texas Agricultural Extension Service.

In this same period, the average size of farms increased from 631 to 710 acres. This year the land on the average Texas farm is worth \$59,302. Buildings are worth an additional \$5,648. The average value for land and buildings is about \$91 per acre, he said.

The rate of sales of farm land accelerated some during the last year also. The number of farm title transfers in Texas rose from 51.8 per 1,000 farms in 1960-61 to 58.2 in 1961-62.

A study by USDA's Economic Research Service shows the average value per acre of farm estate reached a new high of \$123 per acre in the U.S. in 1962, 5 percent higher than in the previous year. The average farm has 336 acres, and is worth

NOTICE

SLATON CITIZENS

As required by a petition signed by over 500 Slaton Citizens, our City Commission has called a bond election for August, for the taxpayers of Slaton to decide whether or not to build a new City Hall Building.

It is your money that is to be spent, and it will be your City Hall, if built.

DON'T LET 'JOHN' DECIDE

This is your decision to make and it is your duty, as well as your privilege, to let the Commission know your decision by voting.

There can be no denial that we need a new office building for the handling of our City business, both from the standpoint of looks and utility.

Make up your own mind, after weighing the benefits of your town against the costs to you personally.

On an average home, presently rendered for taxes at \$4,000.00, your City taxes are at present \$60.00 per year. If passed, this bond issue will raise your taxes 5 percent, to \$63.00 per year. This is not much, but it still remains your duty to give orders to your Commission, as to whether or no they shall proceed with this project.

There are approximately 1200 eligible voters in a bond election. In the last two elections a very small percentage of these decided the issue for you.

Please, let your opinion be known. Your City Commission can only proceed at your command so

Cotton Market Review Up-dated To Offer Comprehensive Aids

First major change in the 43-year-old weekly cotton market review of Texas and Oklahoma trading has been announced by the U.S. Department of Agriculture.

Emphasis has been shifted from the national and regional level to the local markets in line with general trade practices, points out John L. McCollum, manager, southwest area cotton office, U.S.D.A.'s Agricultural Marketing Service, Dallas.

What happens to cotton in the territory covered by each of the nine cotton classing field offices in the two states will be featured weekly with a table of spot prices for each of the designated spot markets Lubbock, Galveston, Houston and Dallas.

The Review is released every Friday and the complete report is available by mail without cost. Persons interested in receiving the report should direct their requests to Cotton Division, AMS-USDA, Room 404, 708 Jackson Street, Dallas 2, Texas.

Mrs. Lonnie Bush of Gonzales was here to visit her sister, Mrs. Emil Nieman for a few days last week.

LEGAL NOTICE
 Notice is hereby given to the public that there will be a meeting of the Zoning Board of Adjustment on Thursday, August 16, 1962 at 5:15 p.m., in the Directors Room of the Slaton Savings and Loan Association. This meeting is called to consider the appeal of Earl Vaughn for a special variance permit for the construction of a Grocery Store on Lots 11 & 12, Block 1 of the H. A. Scott Addition. 43-1c

"I CAN LICK YOU AND YOUR KID BROTHER, TOO!"

SAID THE FORD FALCON TO THE CHEVY II (AND CORVAIR)

No matter which compacts you compare the facts favor the Ford Falcon. Here's proof!

FALCON VS. CHEVY II

Falcon's standard engine is a Six, Chevy II's a Four! Falcon goes 9,000 miles between oil changes,* Chevy II, 4,000. Falcon topped Chevy II's gas mileage in the '62 Mobil Economy Run. In addition, Falcon gives you more glass area, multi-leaf (not single-leaf) rear springs, wider choice of models! AND FALCON'S PRICES START LOWER!**

FALCON VS. CORVAIR

Falcon is longer and almost 4" wider than Corvaire... holds 6 adults in comfort (try them in a Corvaire)! Falcon's engine delivers more power than Corvaire's. Falcon packs almost twice as much as Corvaire's front-end trunk. Falcon's wheelbase is 1 1/2" longer; Falcon has bigger brakes; Falcon's seats are comfortably higher. In addition, Falcon gives you oil savings, more glass area, bigger doors. AND FALCON'S PRICES START LOWER!**

*After initial 1000-mile change. **Based on comparison of manufacturers' suggested retail prices, including taxes.

Assistance Deemed Factor In Fall Economy Lubbock County

The past fiscal year the Farmers Home Administration collected \$3,374,972 in assistance for Lubbock County.

Crosby, Garza, Gaines, Lynn, Terry and Yoakum Counties. The figures were released this week by Joe L. Meharg, Area 19 supervisor.

Meharg also explained that during the past fiscal year, 1961-62, the Farmers Home Administration has assisted a large number of farmers to produce their 1962 crops by making loans totaling \$2,717,130. These farmers had been unable to get financed through the conventional lending sources. These loans were made up of Operating Loans, Farm Ownership Loans, Rural Housing, Soil and Water Loans, and a few Emergency Loans.

Meharg said that many borrowers had paid their loans in full in 1961 and that if the present prospects for crops in his Area continued that a considerable number of borrowers would pay their loans in full out of their 1962 crop sales.

Meharg stated that about the end of the drouth, about 1958, the number of farmers using FHA assistance was about 80 percent more than are using FHA help today. Most of these borrowers, who received FHA help during the drouth and have paid FHA in full, have returned to the regular conventional sources of credit that they were using before the drouth. Assistance such as FHA gives to farmers and ranchers is a contributing factor in the overall economy of a county or community and especially so if it is in a practically total rural area without any industrial payrolls, he concluded.

Funeral Held for Ray Mudgett, Victim of Saturday Accident

Funeral services for Ray W. Mudgett, 49, were conducted Monday afternoon at the First Methodist Church in Slaton.

Mudgett, an employee at Slaton Motor Company for 17 years, was victim of a traffic accident early Saturday morning near Chickasha, Oklahoma. On vacation, he was driving a coup including a brother-in-law, Glenn Wolf of Las Vegas, and Wolf's grandmother en route to Lancaster, Pa., at time of the one-car accident. The vehicle overturned on a curve, and Mudgett was pronounced dead immediately. Wolf and the elderly lady suffered bruises and possible other injuries.

Funeral services were conducted by Rev. Rollo Davidson, pastor of the Slaton Methodist Church, assisted by Rev. Weldon Thomas, Evangelical Methodist minister. Burial was in Resthaven Memorial Park at Lubbock under direction of Williams Funeral Home.

Pallbearers were Leon Davis, Benny Moeller, Dewey Nelson, Roscoe Mercer, H. S. Criswell and Sandy Boxom.

Mudgett was born at Medicine Mound, Texas, and came to Slaton after a tenure in Oregon. Surviving are the wife; three daughters, Mrs. Sunny Roberts of Lubbock; Mrs. Dixie Cate, Ft. Sill, Okla.; and Miss Terry Mudgett of the home; four brothers, Jerry and Stanley, both of Slaton; Sidney, Lubbock; and W. A. of Hope, Arkansas; and a sister, Mrs. Olive Meyers of Lockney.

WATER —

Yearly water-level measurements on 1,150 observation wells for the entire period of record, and maps showing their location in the 25 counties are contained in the publication. Some of the annual measurements date back as far as the 1930's. These well measurements thoroughly document the major declines of water levels in the areas of heavy irrigation pumpage, such as in parts of Lubbock, Hale, and Floyd Counties. Declines extended into the 1961-62 period for most of the wells, though in most cases these were small. The average drop in level this year for all wells measured was 0.62 feet.

Personnel from the Texas Water Commission were assisted by the High Plains Underground Water Conservation District No. 1, the U.S. Geological Survey, and the Ground Water Conservation District No. 3, South of the Canadian River in making the 1962 field measurements of observation wells.

Campers Report To Lions Club

The fun and education to be experienced at the Crippled Children's camp at Kerrville was related to members of the Slaton Lions Club Tuesday by two youths of the community who have just returned from the fourth 2-week camp session of the current season.

Stanley Sumrall, son of Mr. and Mrs. A. W. Sumrall of Posey, reported on his trip to the Lions-sponsored camp, the first he had attended.

Billy Ray Hodges, son of Mr. R. G. Hodges of Slaton, told of his experiences in this his second year to attend the hill country camp.

Activities at the camp are termed two weeks of solid fun involving games, competitive sports, arts and crafts study, nature lore, talent development, talent shows, sing-songs, movie viewing and unit vesper services.

The camp is supported wholly by Texas Lions.

Candidates Invited For Area Contest

Interested in competing for title of "Miss Grain Sorghum of 1962"?

Doug Galassini reports that the Chamber of Commerce has received communications from Dimmitt, where the contest is held, inviting Slaton participation.

Any girl who will be 16 years of age by Sept. 1, and who is interested in competing for the honors and awards is asked to contact Galassini at an early date. Also, any merchant interested in sponsoring a candidate is asked to report to him.

CITY HALL —

(Continued from Page 1) This period is estimated at \$36,680.00 comparing favorably against the \$35,250.00 interest that was paid on the present \$25,000 structure.

Bob Davis of Columbian Securities Corp., fiscal agents of the city, has appeared at commission meetings, civic clubs and a public forum, explaining each time that analysis of the Slaton tax structure reveals unusual ability and ease in securing a modern city hall at minimum expense. He points out that local property is being assessed at from 30% to 35% of actual value, whereas many more area towns, which he cited by name, assess on 50% to 65% of value. Local tax rate is \$1.50 per \$100 on the 30-35% valuation.

Davis told the Rotary Club last week that Slaton should be proud of its administration, providing the best facilities of any city which he knows, at less cost than any other city of its size. He told how Amarillo assessed at 65% of actual value. He also noted that 20% of Slaton city taxes were borne by out-of-town landowners. He said this was the only town in Texas owning its own water and sewer plant that was not over-encumbered in debt.

ALTERNATIVES

At every meeting at which representatives of the architectural firm appeared, Mr. Kirby was thorough in pointing out relative costs, savings, and other comparisons between new construction and remodeling of the present structure. Factors emphasized by Kirby included notable insurance and utility savings in a new, fireproof, modern structure as against those possible from any remodeling job. Renovation costs were estimated at \$57,200, with utility and insurance costs over the period of bond retirement actually making a remodeled city hall the more expensive of the choices, and Slatonites would still have an old building.

Be still
"The righteous shall flourish like the palm tree; he shall grow like a cedar in Lebanon." Psalm 92:12.
Oh Lord, we thank Thee that we can grow
That there's something new for us to know;
That we never age too much to learn
And enthusiastically may turn
To newer roads of inspiring light
That can but make our futures bright!

Betty Ann Burgess Is Bride of Mr. Williams

A wedding dress fashioned by her sister in Seville, Spain, was worn by Miss Betty Ann Burgess when she became the bride of Billy Roy Williams, Friday in the Sunset Church of Christ Chapel in Lubbock.

The bride is the daughter of Mr. and Mrs. Ivan Burgess, 4413 28th St. in Lubbock. Parents of the bridegroom are Mr. and Mrs. R. D. Williams of Slaton.

Mr. Burgess gave his daughter in marriage. Her gown of Chantilly lace and nylon tulle over taffeta was designed with a decollete neckline, accented with scallops of nylon tulle. A scalloped lace peplum accented the full, ballerina-length skirt. A waist-length veil of tulle fell from a tiara of seed pearls. The bride carried a white orchid surrounded by white carnations.

HONOR ATTENDANTS

Honor attendants were Miss Sandra Stewart of Post, maid of honor, and Miss Jane Kerr, bridesmaid. Their dresses of mint green were fashioned with lace bodices and organza overskirts over full taffeta skirts. They carried carnations.

Bob Teferter of Las Vegas, Nevada, was best man and James Whitten served as groomsman. Seating the wedding guests were Stanley Myers and Jerry Burgess, brother of the bride.

Mike Owens was candle lighter. The Wedding Chorus of the

Southside Church of Christ offered the traditional wedding music and Mr. and Mrs. Bob Burgess, were soloists. Fellowship Hall was the scene of the reception afterward.

TRIP TO LAS VEGAS

For her wedding trip to Las Vegas, Nevada, the bride wore away a silk suit with black accessories and pinned the orchid from her bridal bouquet to her suit.

The bride attended Monterey High School and graduated from Jessie Lee's Hair Design Institute.

Mr. Williams is a graduate of Slaton High School and is employed by TWA in Las Vegas, Nevada where the couple will make their home.

Wicker Home Scene Of C. W. F. Meet

The Stitch and Chatter group of the First Christian Church CWF, met August 2 in the home of Mrs. C. C. Wicker, with seven members and one guest, Mrs. Oleta Kerns, in attendance.

Mrs. Ed Wilbur presented the devotional. Work was done on articles needed by the cancer society and materials were prepared for work to be done at home.

Mrs. Ray Ayers will be hostess for the next meeting, to be August 15.

Bridal Shower For Mrs. Jerry Harlan

Mrs. Jerry Smith Harlan was honored Friday evening, August 3, with a bridal shower in the home of Mrs. Edward Moseley. Mrs. Harlan is the former Miss Nancy Mueller of Sundown.

Guests were greeted by Mrs. Moseley and presented to Mrs. LeRoy Mueller, mother of the honoree; Mrs. George Harlan, mother of the groom, and the honored guest.

The refreshment table was covered with an Ivory Damask cloth and appointments were of blue milk glass and silver. Centering the table was an arrangement of blue daisies and yellow mums, flanked by pale blue tapers. Mrs. M. H. Lasater and Mrs. Joe Miles served the guests.

Mrs. James Perkins and Mrs. Ronnie Foster provided background music during the calling hours.

Hostesses were Mmes. V. G. Browning, Curtis Dowell, Perkins, Miles, J. J. Maxey, Joe Rhoads, Grady Halliburton, Leland Scott, Jack Clark, Sam Ellis, Carter Caldwell, and Lasater.

Others included Mmes. Edwin Haddock, Wayne Liles, Leonard Foster, Kenneth Davies, H. G. Stokes, Bill H. Smith, Clifford Young, Lula Caldwell, L. J. Myers, Truett Bownds, Harley Martin, J. B. Lamb, H. F. Guelker, and Moseley.

Introductory Tea Given Mrs. Jerry Smith Harlan

Mrs. George H. Harlan entertained with an introductory tea for her daughter-in-law, Mrs. Jerry Smith Harlan, at the Harlan home southwest of Slaton Tuesday, July 31. One hundred and sixty guests called between the hours of four and six.

Mrs. Jerry Harlan is the former Miss Nancy Mueller, daughter of Mr. and Mrs. LeRoy J. Mueller of Sundown.

The tea table, covered in white, held an arrangement of yellow carnations interspersed with white daisies. Appointments were silver and handpainted china was used for serving.

Receiving guests with the hostess and honoree was Mrs. LeRoy J. Mueller.

Members of the houseparty included Mmes. J. A. Wright.

Local Painter on Color Harmony: Any Color Scheme Acceptable To Homeowner May be Correct

By IRA KEYS

There has been much controversy over colors versus trim in decorating or re-decorating... our residences in the past, we claim white houses should be trimmed ONLY in black.

According to Emily Post, color which is suitable to a owner should certainly be acceptable to another. Some people "feel more happy" with light and snappy colors, while others "feel more at home" with dull colors.

Books have been written on the relation of colors to moods. The darker colors, in general, induce on the psychic, deeper

emotions, heavy thinking, and closer inner harmony, whereas the lighter colors tend to bring out in our subconscious, gaiety, frivolity, and (in every day language) the fact that we are a good time Charlie. This knowledge is contained in the science of the mind.

The reasons for many houses being white (white; the absence of color) are that white is "customary", that I lived in a white house as a child, that a white house looks "clean" and that white looks good to me. A person's home, whether he realizes it or not, is another representative to others of himself.

Incidentally, I don't even much expect praise for my present bumper crop of dandelions in front of my home.

Anton Services Held for Mother Slaton Resident

Funeral services for Mrs. D. R. (Clara) Williams, mother of W. C. "Dub" Williams of Slaton, were conducted in Anton last Wednesday.

Mrs. Williams, 81 years of age, was born in Erath County, Texas. She was married at Stephenville in December of 1899 to D. R. Williams, and the family later moved to Lubbock County where they have resided for over 40 years.

The daughter of a pioneer Methodist missionary preacher, Mrs. Williams was a lifelong church member, and had been quite active in Methodist affairs during her residence in this area. Rev. H. B. Coggin, Methodist pastor of Tulla, conducted the Wednesday services, assisted by Rev. Hugh Blaylock of Dimmitt. Burial was at the Anton cemetery.

Surviving are the husband, three sons, four daughters, 20 grandchildren, and 23 great grandchildren. One son preceded her in death in 1929. The living children are Dub of Slaton, Sam of Abertamy, and L. H. at Anton; Mrs. Elmer Ray and Mrs. Dudley Adams, both of Lubbock; Mrs. Finis Collins of Rt. 1, Lovington, N. M., and Mrs. Alvin Crews of Anton. One sister, Mrs. Erie Birdwell survives at Stephenville.

Red Cross Sets Course at Tech

Texas Tech is cooperating with the American National Red Cross in offering an Instructor Workshop for the Red Cross "Care of the Sick and Injured," course, August 13-17.

This course offers special training in effective methods of teaching care of the sick and injured and is open to home-making teachers, secondary school teachers, home demonstration agents, registered nurses, and others interested in teaching this vital subject. Civil Defense approves and encourages this instruction in all communities.

This instructor training workshop will emphasize adaptation of the course content to specific situations, such as the school curriculum. The workshop will begin on Monday, August 13 and run through Friday, August 17 from 9:00 a.m. to 12:00 noon and 1:00 to 4:00 p.m., daily.

Applications for this course and additional information may be obtained from the Lubbock County Red Cross Chapter, 2109 Broadway, Lubbock.

Space Seminar, Nuclear Exhibit Set at Amarillo

More than 300 of the nation's top scientists and industrialists are expected to converge in Amarillo August 27-28 for the Southwest Nuclear - Space Seminar — the highlight event of this city's Diamond Jubilee.

The seminar features Dr. Edward L. Teller, father of the H-Bomb.

Space age exhibits will be on display at the Tri-State Fairgrounds from August 24 through August 28.

The seminar, which is free to the public, will be held at Municipal Auditorium. Sponsoring organizations are the Amarillo Chamber of Commerce, Amarillo College, City of Amarillo, Southern Interstate Nuclear Board, Texas Committee on Atomic Energy, West Texas Chamber of Commerce, and West Texas State College.

Luncheon, Party Fetes Ann Haddock
 Luncheon and rice given for Miss Ann Haddock, August 4, in Magnus Klattenhoff's home.
 Mrs. J. D. Talley was hostess to the twelve members present.
 The hymn "O Zion, Hasten Thy Mission High Fulfilling" opened the meeting, followed by prayer. Pastor Wittig presented the Bible study, based on Psalm 139.
 The offering for the month went for pensions.
 Mrs. J. N. Stauffer of Slaton has returned home after visiting for a week in Amarillo with Mr. and Mrs. Wayne Whitson and Debbie. Mrs. Whitson is a daughter of Mrs. Stauffer. Debbie returned with her grandmother while her parents were guests of the VC Ranch in Lake City, Colorado.
 Mr. and Mrs. D. K. Rickie of Phoenix, Arizona, are visiting his sister, Mrs. J. J. Riney and family for a few days. They will go on to Merkel for a visit with other family members.

Old Friends

By J. J. Maxey

It seems that we are never satisfied. A few short weeks ago every one was complaining about how dry it was and we were not going to make any crops this year. Now it has rained and rained and rained and the cotton is belt high and loading up with fleecy stuff that turns into money for every one in the fall. Every one has a comment to make about how high the weeds are, how bad the mosquitoes are and how hot it is. Maybe we ought to count our blessings a little closer. The temperature has not exceeded 100 degrees (108 to 119 along the Rio Grande). The weeds are getting cut as fast as men and machines can get to them, the City-County Health Unit is dusting for mosquitoes a couple of times a week and treating all the lakes that they can get permission to get on, most people have air conditioners in their homes and in their businesses, quite a number of people even have air conditioners in their automobiles. That only leaves the golf course and the drive in movies that are not fixed up for our comfort at all times.
 The above has very little to do with Slaton Ex-Students but it does lead me to say that several of our exes have either taken vacations recently or are trying to get off on one.
 Truett and Dixie Bownds, class of 1944, are leaving this week to spend a few days in the mountains of New Mexico. Dixie has been worried about maybe having to leave one of the children behind in order that Truett would have room for all of his golf equipment.
 Billie White (Billie Greer), class of 1944, has just returned from a trip to the World's Fair in Seattle.
 Dorothy Jones, class of 1943, has just returned from a trip to Colorado where she and a group of girl friends had a lot of fun camping out.
 Mrs. Earl Jernigan (Louise McCollum), class of 1941, is moving to Gallup, New Mexico where Earl will be associated with his brother-in-law, J. N. McCollum, in the grocery business.
 Betty King (Betty Young), class of 1946, writes from California that she enjoys reading about exes and sends her dues. She is living at 9538 East Hailsonway, Blythe, California.
 Pete and Madeline Haliburton had a letter this past week from Toy and Virginia Dial who are vacationing in Spain at the present times the distance is just too far. He makes one comment that to Spain. Toy regrets missing our reunion but says that some times the distance is just too far. He makes one comment that many have agreed with; "The years change many things but never erase fond memories". The Dial's are living at 286 Malvis Avenue, Long Beach 3, California.
 W. K. and Mary Fry have just returned from California where W. K. was studying in the University of Southern California. Mary reports that W. K. studied real hard and she had a wonderful time.
 Many of our exes have asked about fiscal dates for our organization and when the dues are due. In a meeting several weeks ago, your executive committee decided that a fiscal year would run from one reunion to the other. Dues for this fiscal year are due now. Send your two bucks to me or to Vija Zanna Shepard.
 Those paying dues since last week were — Hazel White Henry, Evelyn Saage Dunlap, Toy and Virginia Dial, Lawrence and Mildred Evans, Elizabeth Shaw Garner and Betty Young King.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford
 TEXAS PRESS ASSOCIATION

Lt. Gov. Culp Krueger, democratic nominee John Connally and dozens of other state officials and prominent Texans turned out at the monthly meeting of the State Highway Commission to pay tribute to State Highway Engineer Dewitt C. Greer on his 35th anniversary with the highway department.
 Commissioners Herb Petry Jr. of Carrizo Springs, Hal Woodward of Coleman and Charles F. Hawn of Athens were among those making complimentary speeches.
 Hawn stated that he had known Greer ever since the highway engineer began his career in Athens.
 His and Greer's association was unique, said Hawn, since he was the groom and Greer the bride when the two took part in a "womanless wedding" in Athens about 40 years ago.

VETERANS' INSURANCE PLANNED

Oriental Tea In Reasoner Home

Mrs. Earl Reasoner, president of the Christian Women's Fellowship of the First Christian Church, entertained with an Oriental Tea, Wednesday August 1, at her home, 1015 West Lubbock Street.
 Members attending dressed in native costumes depicting each country that the group will study this year. The theme, "Disciples On the Rim of Asia" include such far away places as Hong Kong, Okinawa, Korea, and Taiwan. After a thumbnail sketch of these countries, the guests had a treasure hunt through magazines to obtain information concerning the study. Mrs. J. W. Carter found the treasure; a lotus blossom candle on a black Chinese stand.

DANIEL NAMES APPOINTEES

Gov. Price Daniel named new board members for three of the state's 19 colleges and universities.
 Ennie Favors of Stephenville, a former state representative, was named to the Board of Regents of Texas Woman's University; and Jack Hughes of Abilene to the Board of Regents of Midwestern University. Charles D. Mathews of Dallas will succeed Jim Lindsey of Midland

as a director of Texas Technological College.
 Governor Daniel also appointed Rep. J. W. Moore of Ballinger and Claude K. Robinson of Vernon to the interim house committee to study salt water pollution to the soil and surface water of Texas.

STATE LAUNCHES RAMP PROJECT

Texas Highway Commission has approved a \$113,000 program to build 25 public boat ramps throughout the state. Money is surplus from boat registration fees collected under the Texas Water Safety Act.
 Each boat ramp project also will include a parking area, access road, incinerator, landscaping, etc.
 Sites were selected on the basis of the water area to be served and the number of registration fees paid in the area.
 In the 1963 water sports season, ramps will be ready at: Lake Tawakoni, Lake Bridgeport; Possum Kingdom State Park; Oak Creek Reservoir; the San Jacinto River; Clear Lake; Dickinson Bayou; and the San Bernard River.
 Also Tres Palacios Creek; Turtle Creek; Indianola Roadside Park; Medina Lake; Copano Bay; the Nueces River; Corpus Christi Bay; Garza-Little Elm Reservoir; Prewitt's Lake; Caddo Lake State Park; Murvaul Reservoir; Pine Island Bayou; the Neches River; Taylor's Bayou; Arroyo Colorado; Llano Grande Lake and Lake Leon.

SHORT SPORTS

Attorney Cooper K. Ragan of Houston is the new chairman of the Texas Civil War Centennial Commission. He took the chair from Walter Long of Austin, who will stay on the commission, as will newly-appointed Frank LaRue of Athens.
 Attendance is up at the state's 46 public parks. A State Parks Vard survey showed 979,264 visited state parks in May, compared to 894,992 visitors in June of 1961.

WATER WORRIES

Joe Carter of Sherman, H. A. Beckwith of Eagle Pass and Otha Dent of Littlefield, have been worried about the future source of water for small communities.
 "The big metropolitan areas can see after themselves," said Judge Dent, "while many smaller cities find themselves with a decreasing source of ground water. We've come to the point

"What Did You Say....

MY DECISION?"

"Yes, Sir!"

**It is YOU who must
Decide what You want
Your home city, Slaton, to have
or not to have ... make your desires known
on the important proposed city hall ...**

**BOND ELECTION, TUESDAY
August 14**

Your Slaton City Commission, the governmental body that you selected, pleads that you make your desires known Tuesday in the proposed New Slaton City Hall Bond Election whether you want or do not want the new municipal building or whether you want to keep the present city hall. It is each qualified voter's duty to cast a vote for or against the issue of \$75,000 in bonds for the purpose of constructing a new city hall.

Persons who are eligible to vote in the Tuesday election are Slaton residents who have rendered taxable property in the city limits of Slaton and who possess a poll tax.

If every qualified voter does not cast a vote in Tuesday's election, then the Slaton City Commission will not know the desires of the majority of the voters.

For our type of government to continue to exist and to function properly, every citizen must do his duty when he is called to fulfill his obligation for his city and his neighbors. It is your choice to make Tuesday - not your neighbor's.
