## Revised Slaton City Hall Plans Submitted

## Careful Cost Study Precedes Bond Election In Early August

Corrected and revised floor plans for the proposed new city hall building for Slaton were presented the city commission Monday evening by the architectural firm of Haynes & Kirby, this being latest step in the construction program to be presented local voters on August 14th in form of bond election in amount of \$75,000.

Plans reveal the city hall specifications calling for a 52' x 90' (4680 sq. ft.) functionally designed building of modern architec-

ture, masonry walls of face brick with stone trim, aluminum windows, built-up roof and steel roof framing. Also planned are terrazzo floors in the corridor, vinyl asbestos floor covering in offices, and ceramic tile floor and base in rest rooms. Ceramic tile waincote is earmarked for the corridor, with tile and plaster building partitions. Acoustical grid ceiling, fluorescent lighting and air conditioning are included in the estimated building costs of \$13.00 per sq. foot.

Cost estimates include the above features totaling \$60,840., a drive-in window and a vault door costing some \$2,460., architect and engineering fees of \$3,200., equipment allocation of \$6,000., and a contingency balance of \$2,500., aggregating the total \$75,000 to be asked in the bond issue.

Other features of the hall and forthcoming election are cited in a separate article in this issue of the Slatonite and other features in subsequent weeks.

### ROUTINE BUSINESS

In other official business at the Monday night meeting, beginning salaries for regular employees in the city sanitation department were set at \$230 per month.

Provision was made for giving hospitalization insurance protection to an "extra" employee of the sanitation department in the same manner as it is accorded regular employees.

### CAR REPAIR ASKED

Motion was carried for attempt to repair the 1960 Chevrolet patrol car for use by the office of city secretary. With the two new patrol cars recently acquired on a lease basis, the Chevrolet with over 69,000 miles was pointed out as in need of repair before use by any department. Affirmative votes on the proposition were registered by Mayor Lemon and commissioners Walker and Gonzales, with commissioner Eckert casting a dissenting vote.

Unanimous approval was given on the second and final reading of Ordinance No. 215 closing a portion of North 18th street.

Payment of light bills for the summer at the Little League and Pony League park was authorized by unanimous decision.

Mayor Lemon told the commission of the F. H. A. girls' desire to have a car wash on the city square. The commission agreed by mutual consent to allow this project in the employees' parking lot.

Authorization was granted for Chief Martin and Corporation Court Judge Gregory to attend the Texas Traffic Courts Conference.

Present at the meeting were Mayor Lemon and Commissioners Joe S. Walker, Jr., J. E. Eckert, Jr. and Fernando Gonzales, and secretary J. J. Maxey.

## Problems Still Exist for Area Water Program

With all efforts geared to completion of the Canadian River Dam at earliest possible date, stumbling blocks still plague the full-speed-ahead desires of participating communities.

Workers already are on the job, and the big official groundbreaking ceremonies were conducted only a week ago, but the Water Authority directors in a meeting early this week were faced with possibilities of costs exceeding estimates for the huge aqueduct system from dam to consumer towns. Though not to be considered a lethal blow, this problem could delay progress by several months unless early solution is found, the directors have indicated.

Cost increase was said to be brought about by changes in "take-off" points in Amarillo and possibly other large towns. The Amarillo change alone was estimated to increase cost by more than \$500,000.

Question at point now is whether Amarillo will bear the added expense or whether the Water Authority will have to find solution.

South Plains cities and towns expecting to secure water from the dam include Slaton, Lubbock, Levelland, Plainview, Brownfield, Tahoka, O'Donnell

## For League Team Is Scheduled for Tournament

Completion of regular season play, award ceremony and tournament were held Tuesday evening for boys and officials of the Slaton Major League baseball program.

Several Slaton golf enthusiasts were witnesses Sunday to the first hole in one recorded at the beautiful new Mimosa Hills course west of Slaton.

Roy Holt of Lubbock scored the enviable one-stroke tally from the No. 4 tee box, playing in a foursome with Dick Adkins, Jack Schuette and Barry Ford, all of Slaton.

Not only was this a "first" for the links, but also for Holt who took up the game some five years ago. His final Sunday score of 79 won the match from the three Slatonites in the party.

## County Tax Rate Lower

Preliminary machinery was set in motion by Lubbock County commissioners Monday that should result in a 2 cent reduction in the county tax rate, finally placing it at 78 cents per \$100 valuation.

Firm confirmation of the new rate cannot be made until still further technicalities are satisfied, however. Meetings of the county board of tax equalization must be completed and final overall budget action will come in September. County tax rolls must be completed, the budget prepared in final form, advertised and placed on display, and public hearings must be held before any final lowering of the taxes.

With the 2 cent reduction, the county would have a 6 per cent decrease in the rate from two years ago when a previous reduction was made.

Total combination tax rate for Lubbock county taxpayers now is \$1.33, including 42 cent state tax, 5 cents allocated to the High Plains Underground Water District, and 8 cents for Buffalo Lakes (Lubbock County Water Control and Improvement District No. 1).

Reductions of budgetary requests for 1963 enabled the 2 cent reduction, county officials point out. Estimated total budget for the new year is \$2,518,095, after reductions of \$64,911.63 in departmental requests and \$21,266.28 taken from the anticipated cash reserved in the general fund.

## History of Slaton City Hall Is Recounted in First Of Article Series Presented Prior to Aug. 14 Vote

Groundwork has been laid, estimates submitted, plans drawn, considered and revised, tax structures analyzed, etc.

In order that the public be fully informed of the factors involved, the benefits derived, the problems faced, the Slatonite is presenting, commencing with this issue, a series of articles, attempting to touch on every phase of city hall history, costs, projection of future needs, building plans, effect upon taxes, etc.

This week we will reminisce, recounting some of the history of the present structure. Next week another phase of the project will be covered.

The present city hall was erected in 1922 at a cost of some \$25,000. Last bonds on the building were retired in April of this year after a 40-year payment period.

## Hole-in-One Record Shot Is Chalked Sunday At Mimosa Mills

Several Slaton golf enthusiasts were witnesses Sunday to the first hole in one recorded at the beautiful new Mimosa Hills course west of Slaton.

Roy Holt of Lubbock scored the enviable one-stroke tally from the No. 4 tee box, playing in a foursome with Dick Adkins, Jack Schuette and Barry Ford, all of Slaton.

Not only was this a "first" for the links, but also for Holt who took up the game some five years ago. His final Sunday score of 79 won the match from the three Slatonites in the party.

## County Tax Rate Lower

Preliminary machinery was set in motion by Lubbock County commissioners Monday that should result in a 2 cent reduction in the county tax rate, finally placing it at 78 cents per \$100 valuation.

Firm confirmation of the new rate cannot be made until still further technicalities are satisfied, however. Meetings of the county board of tax equalization must be completed and final overall budget action will come in September. The present city hall was erected in 1922 at a cost of some \$25,000. Last bonds on the building were retired in April of this year after a 40-year payment period.

## Gregory Re-Elected Legion Commander

Luther R. Gregory was re-elected commander of Legion Post 438 at the annual officer election of that body Monday evening.

Named to serve with Gregory in the official family were Surman W. Clark, 1st vice commander; John A. Schmidt, 2nd vice commander; Douglas Gallasini as adjutant; and Carter Shaw as service officer. Joe H. Teague III, finance officer; J. E. Robertson, sergeant-at-arms; Claud S. Cravens, historian; and Henry V. Jarman as mess officer. T. A. Johnson was named chaplain.

Emmett Walters served as adjutant for the Monday Legion meeting and election.

## Slaton Masons Install Officers

Officer installation was conducted by the Slaton Masonic Lodge No. 1094 at a recent open meeting attended by masons and their families.

Sam H. Wilson was named worshipful master. Other officers assuming responsibilities were J. A. Smith, senior warden; L. R. Gregory, junior warden; C. D. Berry, treasurer; J. H. Gordon, secretary. E. A. Wilbur will be chaplain; G. B. Middleton, senior deacon; A. L. Holder, junior deacon; J. E. Lane, senior steward; William Deaver, junior steward; and E. R. Burns, tiler.

## Officials Attend Traffic Seminar

City Police Chief Gene Martin and Judge L. R. Gregory will be in Austin Thursday and Friday attending the 1962 State Traffic Courts Conference.

Panel discussions and clinics are scheduled covering traffic safety, traffic court procedure, problems in evidence, recent court decisions affecting traffic, traffic management, etc.

The conference is a joint endeavor of the Texas Municipal League, Texas University School of Law, State Bar Association and the Texas Safety Association. Also cooperating are the attorney general's department, Department of Public Safety, American Bar Association and the state Junior Bar group.

Presiding at various sessions will be noted jurists including Texas Court of Criminal Appeals judges H. K. Woodley, W. A. Morrison, W. T. McDonald and Ernest W. Belcher.

## Farmers Scan Skies As Showers Give Promise of Aid to Cotton

Following several days of hot weather with temperatures reaching into the mid-nineties, scattered showers Monday evening were welcomed by both comfort-conscious residents and cotton farmers of the Slaton area.

Oran McWilliams, 220 South 7th Street in Slaton measured .55 inch of rain.

Some 40 inch of moisture was recorded in several gauges in and around Slaton. T. H. Basinger also reported that measurement at his farm 1½ miles southeast of town.

Only a light shower fell at Posey on the Slaton-Lubbock highway.

Southland recorded 40 inch, with still lighter showers to the south, where informants at the Hackberry Gin reported .35 inch. The Dick Cade farm seven miles west of Slaton also reported light but welcome showers.

Cotton in most areas is making excellent progress, but moisture is now needed for the fruiting period underway or fast approaching. Considerable late cotton is in evidence, with sand and wind damage in early season causing re-planting on many

## Vote in Secret? Balloting Looms On Machine Use

Final decision on purchase of voting machines for use in Lubbock County will be tossed into the laps of the voting public, according to indications this week.

Resolution was passed at the Monday meeting of the county commissioners signifying present intent of the court to place the voting machine question before the people on the November general election ballot.

## Physically Handicapped Children Have Fun at Texas Lions Camps

Benefits of the Crippled Children's program of Texas Lions Clubs were re-emphasized this week in report by Charles Marriot, local counselor, at the Tuesday Lions Club meeting.

Prime project of the program is the Texas Lions Camp for

## Comets Win 12, Lose 3 Flyers and Ginners Tie

Tabulations of Babe Ruth League records for the season have been completed this week, placing the Comet team at the top in the won-lost column with the enviable record of 12 games won, three lost. Doug Gallasini was manager of the team, with J. N. Luman as coach. Sponsors were Doc Crow Chevrolet, Fondy Shoe Shop and Harold Tucker. Johnny Hennington carried off batting honors both for this team and for the league, having a .388 percentage in 15 games in which he participated. Close on his heels was Kenny Kitten with a .386 tally for 14 games.

Second place team honors were divided between the Flyers and the Ginners, each team winning seven games and losing eight. Sponsored by Piggly Wiggly, the Flyers were managed by Norbert Kitten and coached by Jay Gray. Hall

copped percentage honors for the Flyers with .364 for eleven games.

The Ginners, sponsored by the Slaton Co-op Gin, has been managed by Glen Aiken and coached by Pete Williams. D. Scott carried off team batting honors with a .333 percentage in eleven games.

Trailing the field were the Chiefs, winning four of their fifteen encounters. This group was sponsored jointly by the Triangle Manufacturing Company and the Citizens State Bank, with Dean Jackson managing and George Brake coaching. Top batting honors went to T. Soto with a .295 mark in fourteen games.

Team members and individual records are:

## Malone Accepts Job With Lubbock Firm

Mike Malone, genial former manager of the radio KUKO office in Slaton, has accepted employment as a salesman with Station KLLL in Lubbock, serving in the Lubbock assignment since July 1st.

Phil Crenshaw, manager of the Post and Slaton KUKO operation, told a Slatonite representative via telephone Wednesday that KUKO would continue operation in Slaton, presently being on the air two hours in the morning (8-10 o'clock) and from 1 p.m. until 2 p.m. He stated that no successor had been named by Tuesday to re-

## Police City Slow

Police report a relatively slow start with only two arrests made, together with a simple assault charge, resulting in fines of \$20.

Investigation of a soda pop bottle found in the windshield of a parked car, J. D. W. Geneva, found his car with a shattered windshield Monday morning after the vehicle parked in front of his residence Saturday.

## Observations

### Trends: They Foretell Headlines You'll Read In Tomorrow's Paper

Startling headlines in the national press, dramatic newscasts beamed over the television waves and radio bulletins day and night scream to us in a hectic generation, keeping us aware of the world's problems, mistakes and fermenting disasters.

As disturbing as this barrage is, we maintain that it is good for John Q. Public to be informed. . . goodness knows we must be aware of our situations to survive!

Time was when we brooded to excess over disturbing conditions, some affecting us directly and others far remote. But we have altered our attitude a bit, and we even surmise that a number of you have done likewise, reaching what we must call a milestone—one that we stumbled upon in our analysis and even acceptance of the hectic events of the day.

The events themselves, gruesome or frightening as they are, cease to disturb us as much as do the trends that make the calamities possible.

TRENDS are the magic means of foretelling the future.

Socialized government does not come as a cyclone in the dark. It is the result of the muddled thinking the grasping for free handouts, the search for a guardian—all being a succession of factors jelled into a "trend".

Purchase of lewd literature, acceptance of the "adult only" types of garbage mis-labeled as entertainment, cheap glorification of the sex symbols—all these are results of "trends", dangerous and foreboding.

And on the other hand, the wholesome, good things also come about in an evolutionary process. Milady's kitchen conveniences, her care at the beauty parlor, and her participation in church and community—all these facts of her existence, though unrelated, had their embryonic beginnings in trends of a generation past.

So— isn't the situation now emerging into focus? Shouldn't you and I attempt to be somewhat more occult in recognizing trends about us that may be the foundations of tomorrow's problems or next year's blessings?

We have a good friend whose eyesight is practically non-existent. He startled us only a few days ago by asserting that he had 20-20 vision. Before we completely flipped, he qualified the shocker by stating that the clear vision was in his hindsight! Don't we all belong in these ranks!

Finally, in contemplating our role as a Monday morning quarterback, we have resolved to be more alert to the "trends" that encompass us, pledging to contribute our bit toward recognizing some of these shifting sands that later can grow into landslides. We invite you to commune with us in this feeble endeavor.

#### TEN COMMANDMENTS OF BUSINESS

- Love your work — it pays.
  - Handle the hardest job first each day.
  - Do not be afraid of criticism — criticize yourself often.
  - Be glad and rejoice in the other fellow's success — study his methods.
  - Do not be misled by dislikes. Acid ruins the finest fabrics.
  - Be enthusiastic — it is contagious.
  - Be fair, and do at least one decent act every day in the year.
  - Honor the chief. There must be a head to everything. Have confidence in yourself, and make yourself fit.
  - Harmonize your work. Let sunshine radiate and penetrate.
- Success.

#### Lawyer for a traffic victim:

"Gentlemen of the jury, the driver stated that he was going only ten miles an hour. Think on this! What long agony my poor client suffered as the vehicle passed slowly over his body!"

Never miss an opportunity to make others happier—even if you have to let them alone in order to do it.

#### Doug Meador On Truth - -

Truth is a mountain; a thing of splendor that remains steadfast when lightning flashes and thunder shakes the earth, and beauty for the sun to shine upon at the beginning of a new day.

### THE AMERICAN WAY

The Sneak Thief

A weekly feature prepared by ministers of your local churches.

Read John 15:10-17  
Rejoice always, pray constantly, give thanks in all circumstances. (I Thessalonians 5:16-18. RSV.)

The Christian life is a life of joy. We have some trials and tests of course, but God will not allow us to be tempted beyond our capacity to endure. This truth has been experienced by thousands of Christians around the world.

After several earthquakes took place in Chile, a group of church people were found safe, singing a hymn in a small room. Happiness and gratitude were in their hearts in spite of the fact that the church building and parsonage had crumbled away.

Another group of Christians, while the earth below their feet trembled, took hold of one another's hands in order to keep on standing and sang "A Mighty Fortress is Our God." People around were in confusion and despair. In spite of the catastrophe, the Christians' confidence in God was unshaken.

Christians in southern Chile thank God for saving their lives despite danger. He has put words of gratitude in their hearts and on their lips.

Whoever they are and where ever they live, Christians always have great reason for rejoicing.

PRAYER: Our Father, we ask Thy help in showing others the joy of Christian discipleship. In Thy wisdom, guide us to challenge them to follow Thy way. In Jesus' name we pray. Amen.

THOUGHT FOR THE DAY

#### Dear Editor:

Dear Sir:  
Would like one year's subscription to The Slatonite starting as soon as possible. Please send bill for the year's subscription and I will send you my check. My mailing address is T. M. Wright, 616 Bellevue Avenue, La Junta, Colorado.

Sincerely yours,  
T. M. Wright  
La Junta, Colorado

#### Scientists Find Job Opportunity In Industries

Nearly one person in every 20 employed by American industry is a scientist, engineer or technician, according to a study conducted by the U.S. Bureau of Labor Statistics for the National Science Foundation. Of the 39 million persons on the payroll of the companies surveyed by the BLS, more than 800,000 were scientists and engineers and just under 600,000 were technicians.

Over a third of the science-engineering group — 37 per cent to be exact — were found to be engaged in research and development. Others were employed in production and operations, management and administration, and other activities.

Mr. and Mrs. Calvin Lamb and Brad and Brent, accompanied by Mr. and Mrs. Garth Gotcher and Ronnie and Dennis, of Floydada, spent a recent holiday at Lake Brownwood.

"A joyful face and heart are the Christian's marks of an abundant life in Christ."

Fidela Ponce (Chile)

## Old Friends

By J. J. Maxey

We have a rather let down feeling now that the reunion is over and we haven't had time to have an executive committee meeting and re-haul the thing as yet but you can be assured that your officers will be meeting soon and making plans for the year. From the interest shown and the attendance at our reunion we know that there will have to be some changes made in order to take care of the crowd next year.

Had a nice visit with James Merrill, class of 1933, who lives at 2800 Townsend Drive, Fort Worth. James attended the reunion and visited his mother, Mrs. J. F. Merrill, while here. Mrs. Merrill has been our County Librarian for a number of years. In commenting on the various activities that went on the 30th, Mrs. Merrill said that James only had time for a hug for her and a hello and goodbye.

Charles Suit, class of 1942, was another ex who traveled quite a distance to see old friends. Charles lives at 3241 Martha Curtis Drive, Park Fairfax, Alexandria, Virginia.

Leon Austin, class of 1928, 3301 Cherry Lane, Austin, Texas was another ex that we had not seen in many years. It seems that when Leon visits his parents, Mr. and Mrs. C. F. Austin, who live East of town, that we are always out of town. Leon is an accountant in Austin.

Miss Jo Hestand, class of 1925, a former Spanish teacher in the Slaton Schools was here for the reunion and had a wonderful time particularly with the classes of 1936 and 1937. Jo is teaching in the San Antonio school and lives at 8906 Wakefield Drive, San Antonio 16, Texas.

Magnus Klattenhoff, class of 1919, connoisseur of antique automobiles was in the office this week to pay his dues and gave me the address of Mrs. C. W. Olive (Hattie Joplin). Mrs. Joplin lives at 1325 English Street, Irving, Texas.

Had a letter this week from Charles Porter, class of 1929, sending in his dues and explaining why he didn't show for the reunion. Charles had previously called me from Shreveport and asked that we save a place at the table for him. It seems that business took him in the opposite direction on that weekend. Charles lives at 586 Oneonta, Shreveport, La.

Hugh Diamond writes and requests the following advertisement — LOST: At the 1956 reunion of the class of 1937, one straw hat and one pair of glasses (bi-focals). Will find please send to Hugh L. Diamond, 1347 V Street, Merced, California. We certainly hope that some kind hearted ex will send Hugh's hat and glasses to him.

Billie White (Billie Greer), class of 1944, is spending her vacation this summer on a trip to Seattle, Washington to see the World's Fair.

Those paying dues since last report are — Clarence O. Stewart, Jan Bagby Sorrels, Ronnie Bagby, Mar Lee Holloman, Ailene Smithwe Fowler, Russell Keys, Giron Bradley, Inez Tunnell Roberts, Margaret Deaver Puyper, Robert Woodfin, Lydabell Nesbitt, Duck Howell, Geraldine Pickett Mann, Lawrence and Mildred Evans, Jack Turner, Leroy Floyd, Louie Welch, Lowell & Nelda Merrill, Jerry Maxey White, Edith Smith Ball, Ruby Masingle Harper, Jim Porter, Beth Brasfield Rankin, David Lee Kenney, Charlie Thorn Smith, Hope Hennington Attridge, Joan Pemberton Adams, Charles Porter, Hugh Diamond, Magnus Klattenhoff and Hattie Joplin Olive. There were several who paid dues to the Secretary at the reunion that I have not accounted for yet.

#### Down Meador On Idiot Juice - -

A friend of mine who is not unusually brilliant under the most favorable conditions, refers to whiskey as idiot juice. This is, of course, a false appellation. An idiot may drink whiskey, but immediately emerges from the cocoon of his former self into an authority on any subject, a fluent conversationalist, the descendent of noble ancestors and terribly affluent.

### Baptist Men Go To Area Meeting

Ten Slaton men attended the Baptist General Convention District 9 Brotherhood Camp last Friday at the Blanco Canyon assembly site south of Floydada.

Representing the First Baptist Church were B. A. Hanna, D. O. Brown, Paul Gilbreath, Wayne Liles, Truitt Bownds, Jack Clark and Garth Hunt.

Attending from the Westview Church were Barney Myers, Harold Mathis and E. W. Woody.

The meeting was highlighted by an address by Dr. Warren Hultgren of Tulsa and by a barbeque supper. Presiding over the sessions was John B. Stapleton, Floydada district attorney who is president of the District 9 Brotherhood with membership in 200 Baptist churches on the South Plains and lower Panhandle.

Procrastination may be the thief of time, but so are lots of other big words.

**WINS PRESS' PRAISE**—A charming young lady from a 10,000 acre dairy farm near Sandia, Texas, won the acclaim of Texas newspapers at the recent Texas Press Association meeting in Corpus Christi. Occasion was the Awards Dinner at TPA's 83rd Annual Summer Convention. Honor guest was Miss Louise Knolle, reigning American Dairy Princess. On behalf of the Daily and Weekly Newspapers of Texas, TPA Pres. Victor H. Fain of the Nacogdoches Daily Sentinel presented Miss Knolle with a large, wood-mounted, copper plaque. It bore her photograph and a tribute to her beauty, personality and talent. . . . and for the recognition she brought Texas during her reign. She traveled more than 100,000 miles over the Continent and beyond its borders, "speaking up for milk" on behalf of the nation's dairy farmers.

### Slaton Native To Manage Store

Henry W. Kitten has been named manager of the Plainview store of the Tractor Supply Company, according to announcement this week by that firm.

Kitten, son of Frank Kitten of Slaton, is a native of the area and is a graduate of the Cooper High school. Formerly manager of the Lubbock store of the supply firm, Kitten takes over his new duties at the Plainview store with plans in the mill for movement in mid July to new larger quarters in Amarillo, zone manager Joe Parkey reveals.

# Slaton Civilian Defense Organization Is Prepared In Event Emergency Occurs

Editor's note: Recently the Slatonite presented the first in a series of articles dealing with local Civilian Defense problems, organization and plan of operation. We continue this week in outlining general operations of the coordinating bodies and team captains. Recognizing that disaster might occur in a number of forms (tornadoes, flood, wind, bomb attack, etc.) we invite your understanding of the Slaton Civil Defense unit — the functions, mechanics and personnel involved. It might save a life — yours.

**Tasks of Defense Services**  
Police and communication: to maintain law and order, control traffic, prevent panic, protect life and property, establish lines of communication with cooperating civil defense agencies, and to provide warning of attacks and follow-up data.

**Fire and rescue:** to make use of fire department personnel and equipment in combating all types of fires, to provide ambulances and other available vehicles in rescuing persons in distress, working closely with the health director.

**Engineering:** to main roads & bridges, assist in evacuation, undertake mass burial, and construct and maintain reception area facilities.

**Health:** Establishment and maintenance of emergency reception area for all persons, check of available food and water supplies and initiation of other measures to prevent contamination.

**Supply:** Organization and establishment of a center for all types of hardware and dry goods to sustain the city.

**Emergency welfare:** Conduction of detailed survey of area to determine points where relief is needed, and a reasonably accurate estimate of overall damage. Also supervision of administering food, clothing and shelter relief. This group also is to assist the Red Cross, Salvation Army and other welfare agencies. If as many as five families are affected, the national Red Cross will send aid. Cleanup operations come under jurisdiction of this committee, also.

#### Manpower and Transportation

The Civil Defense organization structure parallels, insofar as possible, the present organization structure of the City of Slaton. It is believed that this concept will facilitate transition from normal day-to-day functions to emergency functions during natural or enemy-made disasters. These added functions require training and indoctrination of personnel who are or will be made available to the public.

Upon declaration of emergency the mayor and city commission and city secretary are to assemble at the city hall or at the emergency location and be prepared to exercise control of emergency civil defense activities.

The general manager of the local office of the public service company and his forces will assemble and prepare to take emergency measures for continuing electric power and service.

The city attorney is to assemble his staff at city hall or other quarters and be prepared to give legal administrative support.

The city secretary will be prepared to give such administrative support as necessary at city hall or emergency location.

The director of public works will assemble key personnel assigned to his department and direct the use of emergency transportation facilities, assure water conservation, begin restoration of physical damage to public facilities, and provide engineering support to any other government facility.

#### Weather Report and Observation

When the Civil Defense Coordinator gives signal that a tornado has been sighted, the emergency unit will make its run to warn the people of Slaton and take evasive action as necessary to escape damage. This unit will then pick up crews at city hall or fire station and will then be sent by Civil Defense to the area where it is needed.

#### Hospital Unit

Barney Greenfield in Charge  
This unit should have at least

six men to report to the hospital immediately after the alarm is given in order to move the patients to the basement or corridors or to the inside walls and to open the windows and doors on the North and East sides of the hospital. These men will remain at the hospital to help the visitors arrive and to keep visitors out in order to give doctors and other hospital units room to care for patients. These men also will give information from the hospital to the visitors.

#### Rest Home Unit

**John Schmidt in Charge**  
This group will report to the rest home immediately after alarm and help the personnel there to put all patients in as safe a place as possible. After they are no longer needed there, this unit will report to the hospital to help keep all sightseers away, under the direction of the hospital supervisor.

#### Police Unit

**Eugene L. Martin in Charge**  
Duties include closing of all streets, alleys and paths to stricken areas. No one except those with homes there, civil defense personnel, emergency equipment, and out-of-town civil defense personnel will be allowed in the area. Men in this unit should be armed to prevent looting. They will place one car equipped with radio at civil defense headquarters to keep headquarters informed of location of any cyclone and to keep in contact with other defense units for assistance if needed. This unit also will station men at hospital to keep streets clear in order that ambulances may have ready access.

#### Food Units

**Ted Swanner in Charge**  
These forces will set up kitchens for workers so that they will have coffee and snacks at times when they have time to eat. For food transportation the unit will contact civil defense headquarters where transportation will be furnished. They will cooperate with the Red Cross and Salvation Army when they arrive.

#### Street Clearing

**Grady L. Elder in Charge**  
This unit will clear streets from the stricken area to hospital and civil defense headquarters as soon as possible, then clear Highway 84 through city.

#### Communications

Civil defense headquarters

#### CLIP AND SAVE

Filing of this list in a convenient spot might well save lives or speed up service in time of emergency.

#### ADDRESSES AND PHONE NUMBERS OF CIVILIAN DEFENSE PERSONNEL AND LOCATIONS.

- Headquarters, City Hall, Phone VA 8-3626, VA 8-3577.
- Emergency Headquarters, First Baptist Church, 287 South 9th, Phone VA 8-3939, VA 8-3973.
- Coordinator, L. O. Lemon, 705 South 15th, Phone VA 8-4649.
- Assistant Coordinator, L. R. Gregory, 855 South 12th; Phone VA 8-3332; office phone VA 8-3626.
- First Aid, M. Jay McSween, Jr., 800 South 17th, Phone VA 8-4527, business phone VA 8-3406.
- Assistant supervisor and fire marshal: J. E. Eckert, 130 South 6th; Phone VA 8-3204, office VA 8-4392.
- Team Captains**
- Police, Eugene L. Martin, 1560 West Garza, Phone VA 8-4713, police station phones VA 8-3333, VA 8-4212.
- First Aid, M. Jay McSween, Jr., 800 South 17th, phone VA 8-4527, office phone VA 8-4211.
- Ambulance, H. M. Englund, 235 South 9th, phone VA 8-3535.
- Fire Fighting, M. J. Rushing, 310 West Panhandle, Phone VA 8-3445, office VA 8-3737, fire station phone VA 8-3212.
- Emergency Welfare, J. J. Maxey, 400 West Garza, Phone VA 8-4497, office VA 8-3577.
- Pioneer Natural Gas Company, R. E. Evans, 1360 West Lynn, Phone VA 8-3917; office VA 8-3505.
- Southwestern Public Service Company, Doug Galasini, office phone VA 8-3737.
- Southwestern Bell Telephone Company, W. H. Eubanks, 1435 West Crosby Street, Phone VA 8-4772, office VA 8-4591; Clarence Voight, 1005 South 19th, Phone VA 8-5353; Charles Chisum, 600 South 14th, phone VA 8-4646.

will handle all communications to all units here and out-of-town. Two-way radio equipment will be utilized as well as all ham units.

#### Ambulance Service

**H. M. Englund, Supervisor**  
It is suggested that this unit take evasive action at the time of any alarm and stand by at the spot to be dispatched from civil defense headquarters by radio or other communication. They should carry all victims to the first aid station at Mercy Hospital where there will be a doctor who will determine if they should be admitted for treatment.

#### Public Utilities

**Doug Galasini, R. E. Evans**  
Responsibility is centered here for restoring power first to vital units such as hospital, defense headquarters, etc., providing a portable power generator at hospital as soon as possible and connected in case of power failure.

All natural gas should be cut off from stricken areas. Water should be disconnected by city water service men who also will see that water is available to hospital for boiler and sterilizing equipment.

#### Fire Units

**Curtis Dowell in Charge**  
These will report to fire station, to be dispatched from civil defense headquarters to fight fires and go to stricken areas for rescue work. The first aid unit will take with them first aid kits and splints. The department should conduct first aid training for as many as possible as soon as possible.

#### Telephone Company Unit

**W. H. Eubanks, Clarence Voight, Charles Chisum**  
These will see that phone communication is established between defense hq. and hospital and to Lubbock expeditiously. Also, to see that power company unit can connect to hospital. Also calling of outside help as needed will be a responsibility of the unit.

#### Hospital

Operation of Mercy Hospital has been worked out in a thorough manner, including communications, utilities, central supplies, food, housekeeping, laundry, maintenance, registration, laboratory supervision, x-ray, emergency room, operating room, doctor and nursing personnel.

## RETIRED RAILROADERS MEET

The retired railroad men and their wives met Tuesday morning in the American Legion hall for their regular monthly meeting.

C. E. Upham, president, presided for the business session. Bro. Charles Stuart of the Nazarene Church, gave the devotional.

A covered dish luncheon followed at noon. Domino games were diversion for the thirty-eight who attended.

Next meeting will be the second Tuesday of August.

Mrs. Fannie Patterson and Mrs. J. A. Elliott have been at the bedside of their brother, C. T. Lokey, who is a patient in the Plainview Hospital. He is reported to be making satisfactory progress at this writing.

## CAR CARE FACTS

TAKING YOUR CAR ON VACATION? THE BEST PLACE TO START THE TRIP IS AT YOUR AUTO MECHANIC'S SERVICE AND MAINTENANCE SHOP. PLAN IN ADVANCE TO GIVE YOUR PROFESSIONAL MECHANIC ENOUGH TIME TO PUT YOUR FAMILY CAR IN TIP-TOP SHAPE BEFORE YOU TAKE OFF AND THIS ASSURE SAFE CAREFREE DRIVING AND YOUR FULL SHARE OF PLEASURE.

IT DOESN'T TAKE LONG FOR AN EXPERIENCED MECHANIC TO FIND AND REPAIR POTENTIAL TROUBLE MAKERS UNDER THE HOOD AND HE'LL MAKE SURE YOUR TIRES, STEERING, BRAKES, IGNITION, COOLING SYSTEMS AND ALL SAFETY DEVICES ARE WORKING PROPERLY. A FEW HOURS OF PROFESSIONAL INSPECTION AND SERVICING OF YOUR CAR BEFORE YOU GO MAY SAVE YOU MANY HOURS ON EVEN DAYS OF DELAY AND FRUSTRATION EN ROUTE.

TOP MECHANICS IN ALL PARTS OF THE COUNTRY HAVE "MEDICINE CHESTS" FULL OF QUALITY AUTO REPAIR AND MAINTENANCE CHEMICALS SUCH AS THE PERMATEX LINE TO CURE YOUR CAR'S ILLS. AND JUST AS IMPORTANT, THEY KNOW EXACTLY HOW TO USE THESE SPECIALIZED PRODUCTS TO KEEP YOUR CAR RUNNING BETTER, LONGER.

## UNION NEWS

### Cooper Methodist Youth Group Journeys to Waco, Brownwood

A group of youths, of the Cooper Methodist Church left Monday for Waco to visit the Methodist Home there. After leaving Waco on Tuesday the group stayed several days at Mrs. Hattie Cade's lake cabin at Lake Brownwood where they enjoyed swimming and skiing. Youths who went were Roger Rodman, Kevin Mann, Cletus Wise, Karen Thomas, Janet and June Carter, Debbie Cade, Rev. and Mrs. E. H. Phillips, Mrs. Jerry Bagley and Chris, Mrs. Charles Carter, Mrs. Dick Cade and Mrs. Zeb Erwin of Lubbock.

Miss Marilyn Maeker of San Diego, California visited in the home of Mr. and Mrs. Ray Maeker and girls several days this past week.

Mr. and Mrs. George Gamble Dale, Randell, and Marilyn attended the Walters' reunion at Loop last Thursday.

Mr. and Mrs. Earl Robertson, Aaron, Carmen, and Kelby of Olton visited the Dick Cade family, recently.

Mr. and Mrs. G. L. Nelson spent Saturday and Sunday at Lake Brownwood visiting Mrs. Hattie Cade.

Mrs. Eunice Vaughn of Petersburg spent Sunday night with her daughter, Mrs. O. L. Doyle and family.

Mr. and Mrs. Earl Johnson of Lubbock visited in the Rhea Pierce home Sunday.

Miss Jenice Sallis of Crane is visiting this week with her aunt, Mrs. Howard White and family.

Mrs. Tom Russell visited in the Rhea Pierce home Monday. Mrs. Russell is Mr. Pierce's sister.

Mr. and Mrs. Fred Walters of Round Rock spent the week-end with their daughter and family. Mr. and Mrs. George Gamble, Mr. and Mrs. J. R. Barron, Mr. and Mrs. Dwayne Walters and

**WHAT'S COOKING?**—Home-baked ideas, on display at an investors' show in Paris, France, and this electric oven is hot on the mind of newspaperwoman Jean Labatere. It features hidden illumination and an elevator-type table for food.

HERE'S HOW—Swimming instructor at the Lido penguin pool gives a lesson in the fine art of penguination to a dry-land neophyte. Penguin on shore is a relatively mild climate of England, and doesn't wet his tuxedo wet.

Return From Extended Trip  
Mrs. F. D. Bostick and Elizabeth, accompanied by Mrs. Ollie Shillingburg and Mrs. Grace Chatham of Dublin, have returned from a trip which carried them to twelve states. On their itinerary were such places of interest as the Painted Desert, Petrified Forest, Grand Canyon, Redwood Forest, Yellowstone National Park, the Mormon Square in Salt Lake City and the World's Fair in Seattle. Enroute home they visited Mrs. Bostick's sister and family, Mrs. O. O. Chiddix in Ancondana, Montana.

Mrs. Chatham and Shillingburg have returned homes in Dublin.

# 4-H CLAIMS 23 MILLION ALUMNI, HONORS MANY Awards Program In 10th Year

The 4-H Clubs of America can claim the largest alumni of any co-educational youth organization in the world.

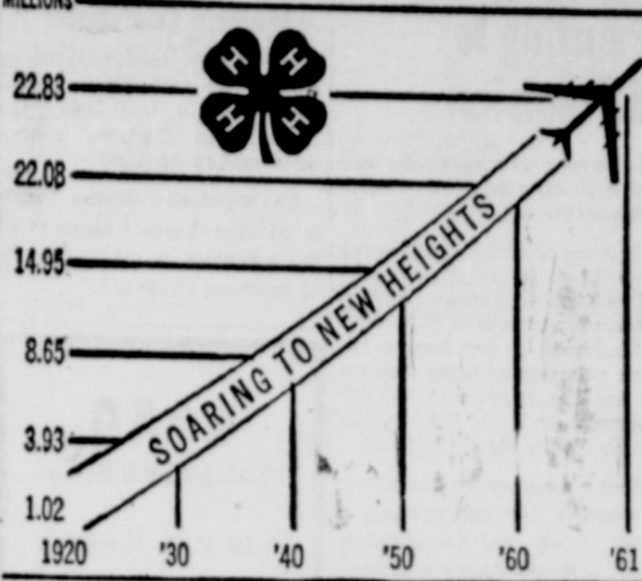

Today's former 4-H members number nearly 23 million men and women, according to the Federal Extension Service. They can be found in virtually every rural community and in cities as well.

Within the next decade, an even larger number will reside in suburban towns and big cities because 4-H is rapidly extending into these areas as the farm population continues to shrink. The latest U. S. census reports the smallest farm population in history in proportion to the entire population. About one person in 12 resides on a farm.

Since 1953, the national gold alumni key has been presented to 80 men and women from 35 states. Several thousand have gained county and state recognition and awards. They represent occupations or professions ranging from homemaker to astronaut.

Candidates may be nominated by anyone. Nomination forms can be obtained at the County Extension office. A judging committee then selects two individ-

# E. R. Legg Rites Conducted Today

Funeral services for Eugene R. Legg, 69, will be held this afternoon, Thursday, at 3 o'clock in the First Baptist Church in Slaton.

Mr. Legg, who died Tuesday morning following a heart attack at his cabin on Lake Brownwood, was widely known in the area. He was a retired farmer and ginner, and at one time owned and operated the Slaton Frozen Food Lockers.

Surviving are the wife, Doris; a daughter, Mrs. Max Arrants of Slaton; three grandchildren, two great-grandchildren, and a sister, Mrs. J. M. Abbott of Vernon.

Pall bearers are Elton Smith,

**NEW ARRIVAL**  
 Mr. and Mrs. Marlin Bumpass, 130 N. Terry Drive in Slaton, announce the arrival of a daughter, Lisa Dawn, on July 3, in the West Texas Hospital in Lubbock. The baby weighed 8 lbs. and 8 oz.

J. C. Smith, Clarence Johnson, R. H. Todd, Jr., J. S. Edwards, Jr., and T. A. Worley.

Burial will be in Englewood Cemetery under the direction of Williams Funeral Home.

Mr. and Mrs. C. A. Womack spent the weekend in Midland visiting their son and family. The R. E. Womacks. While they attended the Sunday morning services at Asbury Methodist Church whose pastor is Rev. O. B. Herring, a former minister for the Slaton church.

# Weekly Dances Planned Locally

Plans are underway for the widely-known Hoyle Nix dance band of Big Spring to play weekly in Slaton, according to representatives of the local Veterans of Foreign Wars organization.

Tentative plans were made at the VFW meeting last night for the band to appear in the local hall each Wednesday evening, probably first session coming on August 8th. Commander Cecil Scott states.

At the Wednesday night meeting, report was given on the state VFW convention held in late June at Houston. Local members attending that conference were Joe Wicker, Walter Mosser, Marvin Gabert and Joe Elliott. Auxiliary members attending the state meet Mrs. Joe Wicker, Mrs. Walter Mosser, Mrs. Hugo Mosser and Mrs. Frances Sargent.

# Funeral Held For Pioneer Resident

Funeral services for C. L. Ellis, 74, longtime Slaton resident, were conducted Wednesday afternoon in the Church of Christ in Slaton.

Ellis, a retired railroad worker and Slaton resident since 1912, died Monday night in Mercy Hospital.

Surviving are the widow; a son, Sam Ellis of Belen, New Mexico; three daughters, Mrs. Alton Jones, Lubbock; Mrs. W. A. Jessie, Eunice, N. M.; and Mrs. John G. Andrews, Spain. Nine grandchildren, seven great-grandchildren, and a sister, Mrs. C. H. Williams of Fort Worth.

Pall bearers were grandsons Clifford Jones, Larry Jones, Wayne Gillit, Glenn Brooks, Lloyd Lacy and Eugene Barson. Burial was in Englewood Cemetery Slaton, under the direction of Williams Funeral Home.

Guests in the home of Mr. and Mrs. Walter J. Townsend last week included Mrs. Townsend's brother-in-law and sister, Rev. and Mrs. L. M. Norwood of Bakersfield, California; the Townsend's son-in-law and daughter, Mr. and Mrs. Dwight Purtle and Jini Lyn, of Houston; and Dr. and Mrs. Melville Monte and children of Lubbock.

# Coming Events

- Thursday, July 12  
 Jaycees evening meeting at Bruce's Cafe.

## Lubbock Jaycees Schedule Rodeo For Junior Set July 19 Thru 21

Entry blanks are now available for the First Annual Lubbock Junior Rodeo, sponsored by the Lubbock Junior Chamber of Commerce, in Auliff's Sports arena. The indoor rodeo will be July 19 thru 21 and is approved by the A. J. R. A.

The rodeo is open to boys and girls nineteen years old or younger, thirteen through fifteen, and sixteen through nineteen. Many events have been scheduled for all classifications. Girls twelve years and younger can participate in the barrel race, pole bending, flag race and break-away calf roping. Those girls thirteen through nineteen will compete in ribbon roping, pole bending, barrel race and break-away roping.

Boys twelve and under may enter four contests, these being pole bending, break-away roping, flag race, and barrels. The events offered for those thirteen through fifteen are tie-down roping, ribbon roping team, pole bending, and barrels. Those sixteen through nineteen will compete in bareback bronc, ribbon roping, tie-down roping, and bull riding.

Entries may be taken to Auliff's Sports Arena, 3 1/2 miles south of the traffic circle on

the Tahoka Highway in Lubbock, or may be mailed to Jack Auliff, Route 6, Lubbock, or to the Lubbock Junior Chamber of Commerce Office, 1803 Broadway, Lubbock.

All entries must be received by 1 p.m., July 17.

## Cotton Research Is Accelerated

Cotton Research Projects which numbered five in 1957 now number 30 at the High Plains Research Foundation. This increase has taken place through the desire of the Board of Trustees and the Staff to give as many practical answers to cotton problems as soon as private enterprise action could possibly achieve solutions. Suggestions and requests for some of the projects came to the Board of Trustees from staff members, farmers, Plains cotton growers offices and professional agricultural personnel. Dr. Earl H. Collister said in a recent interview.

The 30 research projects are arranged in five major groups. The soil fertility studies cotton include seven projects: (1) fertilizer rates and ratios (continuous since 1957); (2) time of nitrogen application; (3) nitrogen and phosphate carryover (started in 1961); (4) sources of phosphate; (5) phosphate placement; (6) magnesium and trace elements; and (7) Line of phosphate application.

The cotton variety testing program at Halfway, includes: (1) standard commercial varieties; (2) field scale variety tests; and (3) regional variety tests.

Irrigation and water management on cotton include studies on: (1) irrigation methods; (2) soil and water management; and (3) crop rotation.

The weed control of cotton has five separate tests and they are: (1) chemical versus flame weed control; (2) flaming height test; (3) flaming versus conventional method of cultivation; (4) burner position comparison; and (5) flaming speed tests.

Cultural methods research on cotton include: (1) skip-row planting systems; (2) plastic mulch; (3) pelleted cottonseed; (4) cotton topping; (5) row spacing; (6) in-furrow fungicide test; and (7) crop climate tests.

The twenty acre devoted to cotton research at Halfway in 1962 has been increased to 121 acres in 1962. The new 20-acre laboratory gin, new research laboratory, and new cotton research equipment will permit increased research efficiency and early completion of each year's research reports. Dr. Collister stated that the expansion of the cotton research program is an example of the Foundations desire to meet the needs of the High Plains area.

## Successful Spray Painting Is Result Practice and Precision

By IRA KEYS

In last week's edition I was plagued with gnats in fresh paint, and now let me briefly complete that episode by asking that anyone with any knowledge, ideas, suggestions or hints as how to combat these creatures please contact me at 230 South 5th or call Valley 8-3600. All help will be appreciated.

When spray painting, hold the spray gun at a comfortable level... at a level that allows you to see the paint as it hits the work but still does not place your face in the paint that will be bouncing back. The tiny droplets of paint should all stick to the surface being painted... however, due to the air used to carry the paint from the gun, a fine mist forms from the paint particles that hit the "air wall". Paint is quite difficult to remove from the face once it has dried. We might take a tip from more professional spray painters who coat their faces with vaseline or cold cream before doing a job. The paint will rub off with the coating after the job.

Keep the nozzle pointed directly at the work, keeping the distance between gun and work as nearly equal as is possible through out the "swing". Bending the wrist with the motions is the most feasible way of accomplishing this.

Release the trigger well before the end of the swing. This will help to feather (make light-

er) the edge and lessen the possibilities of getting too much paint on the laps.

Practice for awhile on scrap material of the same type to be painted later. In spray painting schools one practices four hours on end with a dry gun to become accustomed to the feel, releasing the trigger at regular intervals and in getting acquainted with the art in hand.

These rules apply regardless of whether you are painting a house, boat, car or platypus eggs — if you desire a smooth job.

## There's a Friendly Church Near You

*Richer*

"Yes, I'm a tither — and richer for it. I hardly remember when I gained the conviction that God has a special claim and purpose for one-tenth of a man's earnings. I only know that this expression of "honesty toward God" has been a contributing factor in the happiness of my life. "Giving" the tithe has become "second nature"—like the habit of setting aside money for any other worthy purpose, such as the insurance premium. I find tithing easy because I have made it the "preferred item" in the allocation of funds.

"When I say 'I'm richer for it', I simply mean that tithing (as a starting point in giving), is one of the things that enables me to have a 'good conscience toward God' who holds me accountable for my life and possessions.

"When I place the tithe in the church treasury, I often say with the Psalmist, 'All things come of thee, and of thine own have we given thee'."

"Other foundation can no man lay than that is laid, which is Jesus Christ" I Corinthians 3:11.

"Upon the first day of the week, let every one of you lay by him in store, as God has prospered him." I Corinthians 16:2.

## Shriners Elect New Imperial Potentate

ONTARIO — Newly elected Imperial Potentate of \$30,000, George M. Klepper (left), being presented jewel of office by Marshall M. Porter, immediate Past Imperial Potentate, at the 88th Imperial Council Session in Toronto. The Shrine leader is a Memphis, Tennessee, lawyer. He will have 166 Shrine temples and 17 hospitals for the blind children throughout the United States, Canada, Mexico and the Panama Canal Zone. Porter, a justice of the Supreme Court of Alberta, Canada, resides in Calgary.

## A&M Maritime School Is First In South, Now Accepts Applications

An interesting and profitable career on the high seas await young men who attend the Texas Maritime Academy, newest school within Texas A&M College.

Applications are now being accepted from young men between 17 and 22 years old who are interested in a maritime career as a marine transportation or marine engineering officer.

The Texas academy is the only maritime school in the South and the first class of 50 men will begin classes in September at Texas A&M. After completing their freshman year, maritime cadets will continue their studies at academy headquarters at Galveston and each summer aboard a training ship at sea.

Maximum enrollment in the academy will be about 200 men, said Capt. Bennett Dodson, U.S. Navy (Ret.), superintendent of the TMA.

"The Texas Maritime Academy offers an opportunity for the high school graduate to (1) qualify as an officer in the U.S. Merchant Marine, (2) become an ensign in the U.S. Naval Reserve (Inactive) if physically qualified, and (3) to earn a bachelor of science degree in marine engineering or marine transportation," Capt. Dodson pointed out.

The complete four-year course of study includes three summer training cruises in a maritime academy training ship to Europe, the Caribbean, and South America.

Major purpose of the Academy is to prepare deck and engineering officers for ocean-going vessels in the nation's merchant fleet.

Cadets completing the academic and training program and who pass licensing exams may qualify as a third-officer — a position commanding a starting salary of \$550-600 a month plus overtime and numerous allowances, Dodson said.

Few realize the importance of the huge maritime industry in the Gulf states or the leading role Texas port cities play in international trade. It ranks first among all states in tons of water-borne cargo, foreign and domestic, loaded and unloaded in its 12 modern seaports, Dodson pointed out. And, it runs a close second to New York state in the number of seagoing ships entering and leaving port.

For this reason, Texas Maritime Academy graduates have a definite place in both Gulf area and international trade.

### GRAVESIDE RITES HELD FOR INFANT BORN HERE

Graveside services were held Thursday at Resthaven Memorial Park, Lubbock, for Mark Ray Cartmill, infant son of Mr. and Mrs. J. W. Cartmill, 2120 17th St. in Lubbock.

Death came Wednesday, 12 hours after birth, at the Mercy Hospital in Slaton.

Grandparents of the infant are Mr. and Mrs. J. H. Cartmill of Ranger, and Mr. and Mrs. Arno Herrmann of Ludenscheid, Germany.

**STATE CAPITAL**  
*Highlights*  
**AND Sidelights**  
*by Vern Sanford*  
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — That "safe driver insurance plan" with its penalty points for traffic law violations and accidents goes out the window August 1.

State Board of Insurance bowed to legislators' demands that it be greatly modified. But Board members felt it would be better to scrap the whole thing, and try to work out some other plan for later adoption.

Most Texans will find that the abandonment of the merit rating plan will cost them money. This despite the fact that insured Texas car-owners taken as a whole will pay \$10,000,000 less for car insurance in the coming year than they did this year.

However — two-thirds of the car owners — those who have been getting 20 per cent discounts because they have had no accidents or reported traffic convictions — will pay the full rates in the year ahead. The other one-third — those who have been paying as much as 100 per cent extra because of bad driving records — will save substantially. They will pay the same rates as everyone else.

One factor in the decision to drop the plan was concern by members of the Board — and the insurance industry — over the increasing number of car owners who just were doing without insurance. Board members felt that to increase the penalties, which would have been necessary to maintain the 20 per cent discount for "safe drivers", would drive even more out of balance statistically.

Because auto insurance rates are set by counties, and by types of cars and the age groups of drivers, it is not possible to say just what effect the rates will have. Local insurance agents soon will have the information.

**SCHOOLS' ALLOTMENT CUT**  
State Comptroller Robert S. Calvert advised the Texas Board of Education that the Available School Fund's income for the 1962-63 school year should be \$197,058,604. The revenue is

in and endeavor to be worthy of their Texas heritage," in a letter claiming the animals have built-in advanced seismicographic training which should help in North Dakota oilfield explorations.

**JUNIOR COLLEGE COST JUMPS**  
Texas taxpayers are having to pay more and more to educate youngsters who attend the state's 32 public junior colleges, according to a report from State Auditor C. H. Cavness.

In the year ending August, 1961, they spent \$223.67 apiece on 23,150 full-time student equivalents, but the per capita cost leaped \$42.91 to an average of \$266.58 for each of 26,075 student equivalents — a total of \$6,951,000.

Although 37,175 full and part-time students are actually enrolled in the state schools, the legislature bases its appropriations on the total number of semester hours taken, divided by 15 (a full-time course load).

Biggest share of the current appropriation of almost \$7,000,000 went to San Antonio Junior College, which got \$775,750 for its 3,323 student equivalents. Clarendon Junior College, which has 113 student equivalents, was 32nd on the list with 58 per cent share of \$40,600.

**"TAINT' TRUE"**  
Railroad Commission Chairman William J. Murray Jr. surprised Capitol newsmen this week by issuing a denial of rumors about the East Texas Oil Field scandal before he even was asked about them.

He introduced, and then denied, a rumor that the Railroad Commission has provided the major oil companies with damageable evidence against independent operators through inclination tests, but said Attorney General Will Wilson has "changed the rules" by accepting contributions for directional tests from the big oil firms, and

**Legion Team Is Feted at Cafe**

Upon completion of their season activity, members of the American Legion baseball team were treated Friday evening to a chicken-fried steak supper in Slaton.

More than a dozen boys have participated in the Legion hall this year, all seeing extensive service. Purpose of the program has been defined by Commander Gregory as giving all the players opportunity to develop their skills regardless of stellar aptitudes.

R. G. [Name] coached the team in their nine conference encounters and additional exhibition games. One exhibition game was one, one tied, and the group was winless in conference competition.

Playing were Webber Teffiller, Ronnie Jones, Ronnie Edwards, Joe Loke, Mike Bain, Mike Kitten, Pete Harris, Billie Ray Gregg, Paul Dubbs, Jimmy Ayers, Ascencios Perez, Joe Williamson and John George.

Sponsoring the program were Teague Drug, Slaton Savings & Loan, Citizens State Bank, Otis Neill, Harold Tucker Butane, Slaton Furniture, Slaton Lumber, Forrest Lumber, Williams Funeral Home, Pioneer Gas Company, Jim-Dan-Dy Cleaners, R. C. Ayers & Son, Posey Gin, Liles Sheet Metal and Bain Auto Store.

**History—**

(Continued from Page 1)

casions until the high school was built in 1924. This building had even a larger auditorium and was more modern in every way. The building of the high school with its auditorium eliminated the use of the city hall for all large public gatherings with the exception of golden glove boxing and fun nights. Many of you can remember that Slaton had many good boxers at that time and in the late thirties. Fellows like Loyd Henry, the Bates boys and many others that carried Slaton's colors with honor.

"The bonds voted for the construction of the city hall were to mature in forty years and to bear six per cent interest. On April 1, 1962 the last payment of \$1,000.00 principal and \$35.00 interest and bank charges will be made. When this has been done the Citizens of Slaton will have paid back the \$25,000.00 borrowed plus some \$35,250.00 in interest making a total cost of \$60,250.00 plus maintenance and insurance for the use of a building for forty years.

"In dollars and cents spread over forty years the cost has not been high. In my opinion the city commission in 1924 wisely in that they provided a building that suited the city's need at that time.

"In the beginning I said this is a profile of a landmark. Truly it is. The city hall building that stands in the middle of the square has many memories for the people of our community. It saw the proud progressiveness of the early and middle twenties. It saw the crash of the late twenties and early thirties, the stagnant period of the late thirties and the slow recovery of the early forties. It has been witness to the steady growth and progress of our city during the late forties and throughout the fifties and what the sixties will bring no one knows."

(Part II of the City Hall Story will follow next week in The Slatonite.)

Mrs. Hobart Trimpa and children have returned from a two week trip which took them to Tyrone, Oklahoma, for a visit with her parents, Mr. and Mrs. Noel Southern, and to Liberal, Kansas, for a visit with Mr. Trimpa's mother, Mrs. Tom Trimpa.

(Continued from Page 1)

lie to submit names for any qualified children who could benefit from this camp with its services free to the attending children.

The sprawling camp has grown from modest beginnings in 1953 to the present plant representing over \$600,000 investment situated on a 500-acre tract overlooking the Guadalupe valley, and donated by the federal government. Facilities arranged to provide a real camp treat for crippled, blind, deaf and mute children.

Attendance in 1962 recorded 236 children; since that date over 5,000 have attended with 720 per season now considered a full load. Five summer sessions, each of 2-weeks duration, are conducted embracing months June 7 through 13 years, and 12 through 16 years.

One counselor is provided for each two children; many of these leaders are former campers themselves, some also handicapped physically, fully schooled and peculiarly prepared to give understanding and capable guidance.

Activities can be summarized as two weeks of solid fun, involving games, competitive sports, arts and crafts study, nature lore, talent development and talent shows, sing-songs, movie viewing, and unit vesper.

The camp is supported wholly by Texas Lions who are assessed an annual fee of \$3 for the program, thus precluding need for special fund drives, promotions, etc.

Visiting with the Zollie Moore family this week have been, Mr. and Mrs. J. M. Hughes and family, from Vero Beach, Fla., Mrs. Lorin Reed and daughters from Valljo, California, and Mrs. Naomi Davis and children from Ft. Worth. These are Mrs. Moore's sisters.

The Zollie Moore family visited over the weekend in White-wright with Mr. and Mrs. C. H. Taylor; in Wichita Falls with Mr. and Mrs. Frank [Name] and in Sherman with Mrs. Paul Taylor and [Name]

**Auxiliary Slates Report on Meets**

Auxiliary members of the Veterans of Foreign Wars will meet in regular session Thursday evening, Frances Sargent, president, announces.

Reports will be given on two recent out-of-town conferences attended by local representatives: the state convention last month in Houston, and the school of instruction held Sunday at Post. As the instruction school outlined and defined duties of officers, touching also on goals and purposes of the Auxiliary organization, members are urged to turn out Thursday night

## Rucker-Greaves Vows Read In Wilson Church

Miss Delores Mae Rucker and Franklin Dee Greaves were united in marriage at 8:30 p.m. Friday, July 6, in the Wilson Methodist Church. The Rev. W. O. Rucker, Jr., Wilson, uncle of the bride, read the double ring vows.

Parents of the couple are Mr. and Mrs. John S. Rucker, 111 North Uvalde, Lubbock, and Mr. and Mrs. Owen Greaves, 314 Quinn St., also in Lubbock.

Presented in marriage by her father, the bride wore a ballarina length dress of lace and

silk organza, fashioned with a fitted bodice and long sleeves. A bow headpiece held her shoulder-length veil. The bride carried a white Bible topped with white carnations.

Mrs. Beatrice Taylor was her sister's matron of honor. Her dress was of rose chiffon over taffeta and she wore white accessories. Her flowers were white carnations.

Best man was Delbert Lutz of Lubbock. Ushers and candle-lighters were William Lutz, nephew of the bridegroom and Jerrel Lemon, cousin of the bride.

Miss Ruth Ann Rucker provided the traditional wedding music and accompanied Mrs. Bill Havens in vocal selections. A reception in the church followed the ceremony.

The couple will be at home at 2605 39th St. in Lubbock. The bride attended the R. W. Matthews Junior High School and her husband attended the Brownwood public schools and is now employed by Bird Furniture.

ghter born to them on July 9, Regenia Beth. She weighed 8 lbs. 3 oz.

Franklin Alan McCook, Jr., was born to Mr. and Mrs. Franklin Alan McCook of Slaton on July 9. The boy weighed 7 lbs. Mr. and Mrs. Charles Rudd of Amarillo became the parents of a son, Vance Wayne, on July 9, weighing 7 lbs.

Mr. and Mrs. George Dellinger of Wilson are announcing the birth of Debra Jean, on July 9. She weighed 6 lbs. 13 1/2 ounces.

Mr. and Mrs. Daniel Castro of Wilson have named the daughter born to them on July 9, Griselda. She weighed 5 lbs., 8 oz.

Mr. and Mrs. G. W. Northcutt of Post became the parents of a son, Gilford Wesley, Jr., on July 9. The baby weighed 6 lbs. and 14 oz.

Mr. and Mrs. Frank Mims of Tahoka became the parents of a son, as yet unnamed, on July 10 weighing 8 lbs. and 6 1/2 oz.

Mr. and Mrs. Tim Salazar of Slaton are announcing the birth of a son, as yet unnamed, July 10, weighing 7 lbs., 13 oz.

### RETURN FROM MARKET

Mr. and Mrs. Hack Lasater have returned from Dallas where they attended the gift show and hardware market, last week. In Dallas the couple visited with Mr. and Mrs. L. M. DeGarmo, and in Cleburne they were guests of Mrs. Bill Grimes, Mrs. DeGarmo and Mrs. Grimes are sisters of Mrs. Lasater.

### BRIDGE LUNCHEON

A bridge luncheon given in the home of Mrs. Dudley Berry on July 3rd honored Miss Ova Sue Wilson, bride-elect of Jay Hoyle.

Assisting with the hospitality were Meses. Arthur Saage, Key Ely, and Lora Wicker.

Tables were laid with white Italian cutwork linen cloths and centered with blue tapers, surrounded by individual Shasta daisy corsages.

Sixteen were present. Miss Wilson was presented a piece of sterling silver by the hostesses.

Mrs. Nola Waldrop had her sister, Mrs. Ruby Talmadge of Hamlin, Texas, visiting her last week.

Mr. and Mrs. John Champion and Mary Helen and John returned Wednesday after a trip to Little Rock, Ark., where they visited Mr. Champion's sister, Mrs. Lawrence Scoles.

Rev. David Francis ardore Harrington were best men. The guests were Burns, Robert Nelso Clarke Jones, brother bride.

Vocal selections given "I Love Thee", "Thank Thee", and "God of Our Fathers".

A reception was held church social hall immediately following the ceremony.

For her daughter's wedding, Mrs. Jones chose a so silk crepe dress with accessories. Her corsage red roses. Mrs. Webb light aqua blue dress brocade, with white accents and a corsage of red roses.

For a trip to Colorado bride wore away a white suit with navy blue accents. After August 1, the couple will be at home at 435 West Street in Slaton.

The bride is a graduate of Occidental College in Los Angeles, California, and teaching in the La Me Valley School District. She is also a graduate of Occidental College and Theological Seminary York. He is pastor of Presbyterian Church in

### Frank E Whites Mark Anniversary

Mr. and Mrs. Frank E. White were honored on the occasion of their twenty-fifth wedding anniversary July 3, at their home, 720 S. 9th.

Family members attending were Mr. and Mrs. Lester Keonig and Mr. and Mrs. James Ferguson and Darla.

A son, Charles White, stationed with the Air Force in Alaska, was unable to attend.

Purple and white were the colors carried out in the floral arrangements and refreshments.

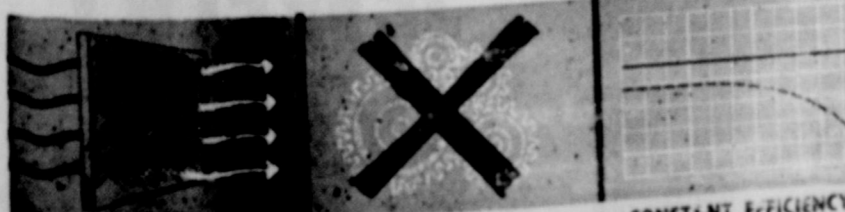

Mrs. Florence Cassello of Dallas visited in the E. M. Lott home last week.

## Air Conditioning experts agree... WATER cooling is BEST!

Youngsters learn mighty early about the cooling effect of water when the weather's hot. And air conditioning engineers know that water cooling is far more efficient than air cooling. The reason is simple... 85° water can absorb more heat from your home than 100° air.

That's why ARKLA-SERVEL Sun Valley's GAS air conditioners are WATER cooled! Water cooling, plus Sun Valley's "no moving parts" principle, gives you two big advantages unavailable with other air conditioners. One, a Sun Valley gives you CONSTANT EFFICIENCY, while air cooled units lose as much as 15% efficiency. Two, Sun Valley operating COSTS REMAIN CONSTANT, while air cooled equipment operating costs rise as much as 23%.

**LONG-SIZED FILTER**  
Sun Valley's double filtering stops ALL HOUSEHOLD dirt. It even takes cigarette and dust, giving your home sparkling freshness all year long.

**NO MOVING PARTS**  
In the heating or cooling cycles... in the Sun Valley... nothing wears out or breaks down! Sun Valley is year-around comfort for the mortgage life of your home!

**CONSTANT EFFICIENCY**  
Sun Valley has no moisture-adding fraction to raise up your operating costs. It doesn't quit a penny more to operate the Sun Valley for an hour when it's 115° than it does when the temperature is 90°.

**SUN VALLEY ALL-YEAR AIR CONDITIONER**
