## Sign Approved For City Hall

Slaton City Commissioners, in regular session Monday night, approved advertisement of bids on a water construction project, okayed installation of a sign on the City Hall building, and studied a three-month budget report.

With Mayor Pro-tem Curly Martindale presiding in the absence of Mayor Jonas Cain, the commission also approved repair jobs on a city maintainer and a sewer rodder.

Commissioners Jack Smith and Rudy Dominguez were in attendance, along with City Administrator Buford Duff, City Sec. Gerald Kendrick and City Atty. Carroll Smith, Bennett Reeves, city engineer from Lubbock, was also present.

Bids are to be advertised on the water project which will tie in Canadian River line to municipal lines. The bid had been previously let, but rescinded when a Federal grant was held up because the advertisement did not appear twice in publication.

Although the city charter does not require two publications, it was discovered that state law makes such a provision. Therefore, the city will have to advertise the bids again and award the contract. Bids will be opened at 2 p.m. on Feb. 21.

Duff termed the three-month budget comparison "very good" with expenditures being well in line.

## Electricity Off Short Time Monday

A power failure of short duration left Slaton without electricity early Monday morning. The power was off about 5 to 10 minutes after a line accidentally grounded out between here and Southland, according to Southwestern Public Service officials. Power was also off at Southland.

Commissioners discussed several ways of installing a sign to designate the City Hall building, deciding on 10-inch aluminum letters to be placed on the northwest corner of the building. It was decided to have the letters read: Slaton Municipal Building. Estimated cost is \$253.

**It's a woman's WHIRL**  
BY LAVON NIEMAN

Monday night the annual Chamber of Commerce banquet will be held. Outstanding "Man of the Year", "Woman of the Year" and "Club of the Year" will be named.

Throughout 1966 all the clubs and organizations did so many good things for Slaton and the people of Slaton, that I am sure the committee selected to pick the most outstanding club really has a job on its hands.

Although only one can be named, without all of them combined, Slaton certainly wouldn't be the fine town it is.

I say, "Hats off" to all of them. As I sit here writing this I think of some of the many worthwhile projects women's clubs sponsored last year. Such as academic sweater awards at SHS, conducting the March of Dimes drive, turning the triangle on Division Street into a beauty spot of the future, several clubs showing strong financial aid to Slaton's new youth center, helping the needy, an auxiliary organized for Mercy Hospital, and I could go on and on.

Open house will be held Sunday for Slaton's new youth center, Tiger Town. If you haven't had the opportunity to see the inside of the newly decorated building, try to attend the informal opening.

Through many contributions and volunteer labor, the old Don Crow Chevrolet building has turned into a beautiful center of which all our youth can be proud.

A drive to secure a building for a youth center was kicked off less than a year ago. If the youth of Slaton were voting on THEIR "Woman of the Year", it would no doubt be Mrs. Lucille Ayers, who started the ball rolling last Spring and never slowed up or gave up until the "dream" of hers was completed. She was assisted by many Slaton citizens, but as anyone will admit, Lucille "pushed" them all the way. She never let anyone tell her it couldn't be done, because she had her mind made up that it could, AND IT WAS!

Lucille didn't give her many many hours of time and work (she's a pretty good painter and carpenter, I hear) for praise, but if anyone deserves it, she does. Even though our boys aren't old enough to attend the youth center, I think in two or three years, I'll not forget to give Lucille a call and say "thanks again for Slaton's youth center"....and we hope for many years, Slaton's youth will benefit from it.

**TIGER TOWN**—An open house will be held Sunday from 3 to 5 p.m. in Slaton's New Youth Center, named "Tiger Town". In the above picture, the name had not yet been painted on the building and there are plans of installing shutters by the windows, but it has been redecorated completely on the inside and is newly painted outside with bright red doors. It is certainly a building Slaton should be proud of since it was money from organizations and individuals that made the youth center possible. The public is invited to the informal open house. **Automatic Check Stand Produced in City Shop**

BY G. G. NIEMAN  
Editor

Automation marches on...and one of the latest "mechanical monsters" has been created right here in Slaton. Just as labor problems caused a move to mechanization in the agricultural industry, this new invention was designed upon request of a large supermarket chain which faces a critical labor situation in the East. Called an "Auto-Check", with copyright applied for by United Steel and Wire Co. of Battle Creek, Mich., the automatic checking stand was manufactured at Interstate Fixture & Supply Co. in Slaton.

Together with special shopping carts, the machine will automatically unload the baskets and deliver the items to the cashier behind the checking stand. The Auto-Check will also return the cart to the customer side of the stand, allowing them to "unload" the baby seat, or pick up items on the bottom rung of the cart.

The Auto-Check was designed by Garth Close, independent development engineer from Lubbock. He contracted Interstate to help him build the first six stands, which are to be tested in Battle Creek.

Close was retained by United

Steel and Wire to design the automatic checking stands and special carts. It is not known at this time whether additional units will be assembled here.

All of the cabinet work and assembly of the six machines was accomplished at Interstate's shop, 218 Texas Ave. Motors were readied in Lubbock, Locally, Triangle Manufacturing, Deal's Machine Shop and several firms had a part in the project -- through parts are supplies.

Close, an engineer who thrives on the challenge of his work, explained how the project was launched last November. United Steel and Wire, one of the companies which Close does work for, explained a problem posed by an Eastern supermarket chain, and asked Close to come up with an automated checkout stand.

The supermarket chain was losing out on customer service after highly unionized labor had made it economically unfeasible to have employees to take groceries out of baskets at the checkout stand. Smaller stores, not bothered by wage controls, were still offering the service.

So, the Auto-Check does away with the "Pick-up man" at the checking stand. The special carts, which can be pushed from either end, have a "gate" on

one end which is automatically opened when pushed into position at the checking stand.

As the gate is lifted, groceries slide gently down the wire basket and onto a grooved belt, which carries the items right to the checker behind the cash register. When the basket is emptied, an arm takes hold of the cart and moves it gently around to the customer side of the stand. With a slight modification, the machine will move the shopping cart the other direction.

All the checker, or cashier, has to do is push a button to operate the Auto-Check.

Close said it might be a long time before the automatic check-out stands make an appearance in this part of the country. A working model has already been demonstrated to the prospective buyers, and a large order for the stands is anticipated as soon as the test units are put in operation.

Jim Benton III, Interstate Fixture, said he and his father enjoyed working with Close in putting together the automatic stands.

"We had a number of people come into the shop and ask about these 'mechanical monsters', and some had some suggestions on improving them," Benton added.

*Good Works*

*"For as the body away from the spirit is dead, so faith apart from works is dead."*

— James 2:26

Christianity means more than going to church once or twice a week. Taking the body to church is a small physical effort; it is more difficult to achieve a presence of mind, heart and soul.

It is not enough to say we have faith, and to believe it. We must show faith, in the daily conduct of our lives, in our constant approach to problems and situations.

In the performance of good works, faith is strong and most clearly evident.

TAX MAN SAM SEZ:

Employers are required to issue the W-2 Forms for their employees by January 31. Once nematodes get at your cotton, yields go down and so do profits. But with FUMAZONE® 86 soil fumigant applied at only 1 to 2 gallons over all an acre, you can take care of root-knot, sting, meadow and other nematodes—those tiny soil pests that attack plant roots, suck away profits. FUMAZONE 86 soil fumigant increases yields up to \$200 an acre. Many High Plains ranchers just like yourself tell us that's exactly what happened to their yields after their soils were treated with FUMAZONE 86. It can be applied right from the drum. No

Tax Return For Ag Workers Due

Employers of farm workers are required to file Form 943, Employer's Annual Tax Return for Agricultural Employees -- 1966, and pay over their share of Social Security taxes plus amounts withheld from employee wages, on or before Jan. 31, 1967, Ellis Campbell, Jr., District Director of Internal Revenue for northern Texas announced today.

These taxes applied to cash wages of \$150 or more paid to each employee in 1966 or on cash wages in any amount even though under \$150 in 1966, if the employee performed agricultural labor on 20 or more days during the year, Campbell said.

The rate of tax is 4.2 percent for the employer and 4.2 percent for the employee or a total of 8.4 percent on the taxable cash wages paid. A "Crew Leader" is treated as an employer under the law for the purpose of these taxes the director said.

Publication No. 225, "Farmer's Tax Guide," which gives more details on this subject may be obtained without cost by dropping a post card to District Director, Internal Revenue Service, 1600 Patterson Street, Dallas, Texas 75201.

## Tigers Upset By Tribe, 65-57

The Slaton varsity lost its second district game in as many outings to Morton by a score of 65-57. Three players got into double figures in the scoring. They were as follows: Jack Mason with 24 points, Richard Washington with 13 points, and Paul Hall with 12 points. Charles Willis had 22 points and Donnie Harvey had 20 for Morton.

The Slaton "B" teams dropped a game to Morton, despite a 13-point scoring spree by Johnny Lakey. Slaton was ahead 10-5 at the end of the first quarter, but a cold second quarter caused Slaton to lose the lead and never regain it as an undefeated Morton team posted a 39-29 win.

Was Friday the 13th lucky for Slaton Tigers? It proved not to be as the Post Antelopes took an easy victory over the Slaton Tigers by an unlucky number of 13 points.

Post took a halftime lead of 8 points into the dressing room and came back with a hot third and fourth quarter to beat the Tigers 82 to 69.

Ronnie Pierce paced the Antelopes with 27 points while Jack Mason racked up 26 for the Tigers.

## HITCH YOUR WAGON...

"Hitch Your Wagon To A Star." In this one quotation, Emerson condensed everything that makes a person a success. In modern terms this would read; "set your goal high, and work toward it."

Goals are set all through a person's life. About the most common goal of a youth is to finish his education. This goal is not too high and most students reach it with no problem. But what then? Is this the top, the ultimate goal? A high school diploma is only a ticket to a world of potential success.

Now the question of higher education arises. Some students graduate with the idea

that they will take a trip to take if it is their destination is set out on a trip with a joyable excursion, and pointing out the goal and a purpose, a highly successful set? Each person like own goals consider the goal is set, it is lowered. Always never be reached before him, challenge to work harder.

"Hitch your wagon to a star." Set a goal and work for it. Make your goal able and meaningful.

## Athletic Bus Being Prepared

The Slaton High School athletic bus will soon be ready to lead the Slaton Tigers to new victories.

A goal of \$4,400 has been reached and the bus will be ready to go by March. Red and black are to be the colors for the bus.

Many S.H.S. students have worked hard for this bus. Such projects as the cake sale, light bulb sale, and slave sale have taken place to raise money for the bus. The Lions Club and Tiger Club have also helped to raise the money needed.

## Band Working On Spring Concert

The Slaton High School band has been practicing sightreading and conducting sectional rehearsals in preparation for the spring concert and contest.

Mr. Wilcox, assistant band director, directed the band for two days during Mr. Townsend's absence.

The annual band banquet will be March 31.

The Lubbock senator is the new chairman of the Nominations Committee and vice chairman of the Interstate Cooperation Committee. Sen. Blanchard was named to 13 of the 18 committees, including the very important Finance Committee and State Affairs Committee. He is also a member of the Education, Game and Fish, Insurance, Oil and Gas, Privileges and Elections, Public Health, Rules, Transportation, and Water Conservation committees. Financial affairs play a key role in the new legislative pro-

POSEY NEWS

MRS. ANNA B. GENTRY

You never know what to expect from the weather. We enjoyed a beautiful day Sunday, and then Monday.....Farmers would love to see some rain so they can begin preparing the land for another crop. It's too dry to put a plow in now. MY APOLOGIES Last week it was reported to me that a Mrs. Rinne had passed away and as I usually do, was expressing my sympathy in behalf of her loved ones in my column. Mrs. Rinne's daughter later called to say her mother was very much alive. I was so shocked but also thanked the Lord that we still have our dear Mrs. Rinne. I hope her family reads this and will excuse me for the error. And Mrs. Rinne, I hope you have many more years of health and happiness. Sharon Maeker, cousin of Teresa, Debbie and Laurie Gentry, spent the weekend with the Gentry girls. My brother and his wife, Mr. and Mrs. Elmer Johnson of Seminole visited me last Tuesday. They had sold their two farms and home but the deal wasn't complete. They plan to move to Weatherford.

Mrs. Joe Moeller has the flu. I hear several neighbors have the virus. Mr. and Mrs. Ray Pinkert and girls of Lubbock visited in the home of Mr. and Mrs. Guy Gentry Saturday night. Mrs. Pinkert is a sister to Mrs. Gentry. Mrs. LaVerne Karon, my daughter from Lubbock, spent Saturday with me. My son, Charles, and family moved from Lubbock to Shallowater recently but would continue working for Bell Milk Co. of Lubbock. Rev. and Mrs. Linam Prentice of Slaton came out Friday afternoon and we listened to a recorded sermon they brought. It was a real treat for me. May God bless them in their work as they go out to visit the less fortunate ones. Anyone can adjust themselves to living in a wheel chair if they try, but most of all I miss going to church. Teresa, Debbie and Laurie Gentry showed their mother out of the kitchen Saturday and prepared supper by themselves to honor their parents on their 12th anniversary. The girls even baked a cake and decorated it. Visitors in the home of Fabian

Stahl and Mrs. Heddie Kelly Saturday night were Mrs. Clara Cloninger of Topeka, Kan. (who has now returned home), Mrs. Louie Melcher and Mike, Rose and Ed Maeker of Posey and Edward and Pauline Maeker and girls of Lubbock. Fabian and sister, Hettie, attended a waltz club recently in Lubbock. CONGRATULATIONS Albert Johnson and Lillie Smith were united in marriage Sunday of last week at the Parkway Church of Christ in Lubbock. A reception was held at the church. They are making their home at Mr. Johnson's farm near Posey. His brother, Jack, came from Exeter, Calif. to attend the wedding. We wish them much happiness. A niece of Hl Bassinger brought him over to spend the evening with the Mert Gentrys. Bassinger is a longtime friend of Mr. Gentrys as they were close neighbors when living near Houston before they moved to Slaton and Posey. Mr. Bassinger's niece has taken him into her home near Acuff, as he isn't very well and had lived alone for years. ATTEND SINGINGS The M. F. Gentrys really go for good singings. Saturday night they heard the McMurry College choir sing at Slaton High School. Then Sunday evening they attended another singing at Berean Baptist Church of Lubbock and heard the Glory Land Quartette from Roswell

HemisFair On '68 Car Tags

AUSTIN -- Texas passenger car license plates for 1968 will carry an invitation to visit San Antonio's HemisFair. The Texas Highway Commission today directed that the slogan, "HEMISFAIR 68," be included on the 1968 license plates, scheduled to go into production soon. HemisFair will begin a 6-month run on April 6, 1968. Government, industry and business leaders have joined in helping develop and promote the event, planned as a "fair of the Americas." Recent estimates by independent research agencies indicate that almost 11 million persons will visit the extravaganza. Only HemisFair and the recent World's Fair at Seattle

MODERN RUSTLERS DENVER, Colo. - Horse stealing has changed a bit from frontier days. Thieves stole a one-ton pickup truck and four-horse trailer from Miss Jean McHarg's home, then drove to her ranch and stole four of her prize horses. Miss McHarg valued the horses at \$25,000 and the truck and trailer at \$8,000. BIG BARGAIN KINSLEY, Kan. - Remodeling her house cost Mrs. James Zimmet \$25 less than expected. In the process she found that much money tucked away in obscure hiding places.

posals outlined by Gov. John Connally in his address to a joint session of the Legislature. There will be many important issues and problems facing the State Affairs Committee, which covers a wide area of responsibility to the people of Texas. Sen. Blanchard, who represents Senatorial District 28, which includes Lubbock, Andrews, Cochran, Crosby, Dawson, Gaines, Hockley, Lynn, Martin, Terry, Ward, Winkler, and Yousum counties, expressed that he is extremely pleased with the important committee assignments he received and feels they cover the areas of legislation which most affect his district.

N. M. Be back next week if possible. Thanks to all who called in news.

Even the ash tray rides smoother in Chevrolets When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings, never hinging little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you that sure feeling CHEVROLET DON CROW CHEVROLET 42-7941 VAB-4261 SLATON, TEXAS US 84 BYPASS

WHEN IN ROME  
While window shopping in Rome, an American girl realized that a man was following her. She tried to lose him, but failed. So she finally turned on him and said: "If you don't stop following me, I'll call a policeman."  
Bearing, he handed the girl his credentials and said: "I AM a policeman."

WEIGHING THE CHANCES  
Six-year-old Lester was giving his mother every conceivable argument why he should not go to school one day. After giving every reason why he should attend school, but without convincing him, his mother finally added:  
"Why, Lester, don't you know that if you didn't go to school, your Daddy would have to go to jail?"  
The youngster pondered this information for a bit, then said: "For how long?"

**Shortage of Funds Threatens Mobile X-Ray Unit Operation**

LUBBOCK -- A critical shortage of funds threatens to curtail for the coming year the use of the West Texas Tuberculosis Association mobile X-ray unit, as well as other work of the 23-county organization.

Dr. John H. Selby, president of the WTTA, said today that although the Christmas Seal campaign brought in \$27,000, the organization must have another \$10,000 to work effectively.

He named several reasons for the problem: one, an expansion of the TB Association's work from a two-county to a 23-county organization in the past year; two, a consistent lag in contributions from people who use the mobile X-ray unit; and three, insufficient returns from the Christmas Seal drive.

He pointed out that, while seven West Texans died of tuberculosis in the past six months, 902 have been warned by X-ray pictures of possible serious chest illness. The number of readings last year totaled 41,757. Of these, 202 were

shown to be TB suspects, 540 showed evidence of other respiratory disease -- including cancer, emphysema and bronchitis -- and 160 indicated heart irregularities.

Approximately 50 West Texans are in the state TB hospital near San Angelo at all times, Dr. Selby said. Many of these cases are discovered through the work of the TB Association.

"Tuberculosis can be eradicated," Dr. Selby said, "because you can get it only from someone who has it. If we can find all the cases, isolate them and cure them, there will be no more TB."

The WTTA, as a part of the Texas Plan for the Eradication of TB, was organized last spring to include counties which surround Lubbock and which alone "couldn't raise enough money to carry out an effective program."

WTTA expenditures for the past year's operation totaled \$32,994, including \$14,000 in salaries for the director and two full-time employees. The cost of clerical help was \$4,225.

Since this will be the first full year of operating as a 23-county Association, and in view of the necessity of following up the case-finding program to be sure medical attention is sought, the new budget will require an additional \$4,000.

This also will cover a greatly expanded educational program relating not only to tuberculosis, but also to the other chest diseases and to smoking.

"The new regional setup," Dr. Selby said, "has placed more responsibility on us, and we just don't have as much money as we need."

In referring to a curtailment of the mobile unit, he pointed out that travel distances are greater and that, while volunteers formerly did much of the work in Lubbock, the unit now requires a paid worker.

The cost of each X-ray has risen to 97 cents for this area, which compares favorably with \$1.26 costs in some other Associations.

Most people using the X-ray unit last year donated no more than 50 cents, and many gave nothing at all. Persons who need the service but who cannot pay are urged to use it free, but these people, Dr. Selby said, represent a small proportion of the users.

A number of firms call upon the WTTA to X-ray all their employees, guaranteeing a donation to cover the cost. This is a mutually beneficial arrangement, and Dr. Selby said it would be helpful if more businesses would use this safeguard.

Donations may be mailed to the West Texas Tuberculosis Association, Box 1504, Lubbock.

## JUVENILE CASE, ATTEMPTED RAPE TOP POLICE BLOTTER

Highlights on the police scene this week included apprehension of three juveniles in connection with damages to mail boxes, investigation of an attempted rape charge, and an aggravated assault case filed in county court at Lubbock.

In cooperation with parents, two juveniles went before the local Youth Council Board after admitting to damaging mail boxes with powerful "fire-crackers." The boys are to make full restitution for damages and are on six-months probation, losing driving privileges during that time and being placed on an early curfew.

Another youth will face county juvenile authorities on charges of selling "M-80" fire-crackers. The explosives are made with nitroglycerine powder, according to police, and are strong enough to cause serious injury.

A 23-year-old man was being held for investigation of the attempted rape charge. A 12-year-old girl was involved in the case.

Police were checking two break-ins at Malone Warehouse the past week. An overcoat was taken in the first burglary last Thursday, then two drills, a jig saw and an electric screw-driver were stolen over the weekend.

A male shopper was charged with the theft of two boxes of shirts at Rona's Shoppe Tuesday afternoon. Police reported 17 arrests the past week.

Two accidents were logged on police records. A three-car accident was reported Sunday afternoon. A car driven by Joann Roberts was in collision with two parked vehicles on S. 9th street. Sandra Kay Taylor, a passenger, was taken to Mercy Hospital. Damage was estimated at \$1,650 in the accident.

Last Thursday, vehicles driven by Betty Gober of Canadian and Leslie Mitchell, Crosbyton, collided at FM-41 and US-84. Total damage was pegged at \$250.

In connection with the mail box case, Postmaster Rush Wheeler warned that the boxes are protected by Federal law, and pranksters or vandals who damage or destroy the boxes and their contents may be in for a heavy fine or imprisonment. The Postmaster noted that some 25,000 mail receptacles were damaged or destroyed in the past year. It was also noted that 2,641 persons were arrested in the year up to June 30 for damaging or destroying mail receptacles.

Postmaster Wheeler quoted from the law: "Whoever willfully or maliciously injures, tears down or destroys any letterbox or other receptacle intended or used for the receipt or delivery of mail or any mail route, or breaks open the same or willfully or maliciously injures, defaces or destroys any mail deposited therein, shall be fined not more than \$1,000 or

This applies to all mail receptacles and the mail in them, even though the boxes are bought by citizens and are their personal property. Postmaster Wheeler emphasized,

"Franksters--and especially children who do not know any better--should be made to realize the seriousness of their actions," the Postmaster said. "A \$1,000 fine or a term in jail is enough to take the humor out of any prank."
