VOLUME 55 NUMBER 38 SLATON, TEXAS THURSDAY, JUNE 30, 1966 10 CENTS

HAPPY JULY 4TH! -- The event pictured here, while representative of the July 4th holiday, is not recommended for Slaton youngsters. Posing the "gag" photo for The Slatonite were R. G. Copeland, junior high coach, and his eight-year-old son, Kelly, who is shown about to light a huge firecracker. Besides Dad prohibiting such action as this, a city ordinance forbids discharge of firearms or fireworks in the city. (SLATONITE PHOTO)

MOST FIRMS CLOSE 4TH

With July 4th falling on Monday, it will be a long holiday weekend for most Slatonites, according to an informal poll of businesses Wednesday.

Only a few supermarkets or grocery stores and TG&Y indicated they would be open Monday. Several were undecided, including two drug stores and pharmacies.

Citizens State Bank, Slaton Savings & Loan, utility offices, city offices and most firms or businesses around the city square will be closed Monday.

No special events are planned in observance of the holiday. The Slaton VFW and Auxiliary plan to put out U. S. flags around town.

In connection with the July 4th weekend, Police Chief Robert Breedlove reminds citizens that a city ordinance prohibits the use of fireworks in the city limits.

Wilson Grocer Dies; Funeral Set For Today

Virgil Kimbrell, 58, Wilson grocer, died in Mercy Hospital at 11:30 p.m. Monday following a heart attack.

Kimbrell moved to Wilson three years ago from Dallas. He was married to Virginia Lopez Feb. 3, 1963 in Albuquerque, N. M.

Funeral services will be conducted today at 2 p.m. in the First Baptist Church at Wilson with the Rev. Bennie Hagen of Wilson and the Rev. Hank Scott of Seagraves officiating.

Survivors include six daughters, Gingene Rene and Carla Kay Kimbrell, both of the home, Mrs. Juanez Martin of Orange Park, Fla., Mrs. Eva Alexander of Dalgemfield, Mrs. Evon Hinkle of Dallas and Mrs. Joy Lyon of Tom's River, N.J.; two sons, Herchel Kimbrell of Abilene and Kenneth Kimbrell of Dallas, his mother, Mrs. Mae Kimbrell of Seagraves; four brothers, Joe, Delbert, and Odie Kimbrell, all of Dallas, and A. J. Kimbrell of Seagraves; two sisters, Mrs. Eula Birch, Mrs. Mildred Vanden, and Mrs. Opal Glover, all of Dallas, and Mrs. Lacy Turnard of Norman, Okla., and 10 grandchildren.

Funeral services will be held at 10 a.m. yesterday at the First Methodist Church of Slaton.

Mrs. McDonald's Rites Held Here

Funeral services for Mrs. Bert (Naomi) McDonald, 59, were held at 10 a.m. yesterday at the First Methodist Church of Slaton.

Mrs. McDonald died Sunday morning at Temple, where her husband was recovering from surgery performed in Santa Fe Hospital. She had been in ill health for some time.

Rev. David Binkley, pastor, officiated at the services. Burial was in Englewood Cemetery under direction of Williams Funeral Home.

Survivors other than her husband, include a son, Welker, Slaton; her parents, Mr. and Mrs. Earnest Denny, Lubbock; two sisters, Mrs. Virgil Woolver, Richmond, Calif. and Mrs. Roy Bryant, Muleshoe; and a grandson.

SHS ASSISTANT ELEVATED

Lacewell Named Head Coach

TOMMY LACEWELL

Tommy Lacewell, grid assistant and head basketball coach at Slaton High, has been elevated to the post of athletic director and head football coach. It was announced last Friday by Dr. Lee Vardy, superintendent of schools.

Trustees took the action in a special luncheon meeting Friday, said Vardy. The board discussed the vacancy created by the resignation of Neal Chastain, and decided to stay within the system and offer the job to Lacewell.

A six-year veteran of the Slaton system, Lacewell has had nine years coaching and

teaching experience. The 34-year-old coach is a graduate of Hardin - Simmons University and has done graduate work at Texas Tech.

Vardy said Lacewell will be seeking two assistants to fill out the three-man staff used at SHS. Coaching assignments are to be determined after the assistants are named, he added. Lacewell assisted with the varsity Tigers last year and coached the reserves. His basketball team posted a 20-5 won-loss record.

The new athletic director started his coaching career at Frenship High School, where he stayed two years. He came to Slaton for a four-year stay as assistant coach, went to Ralls for one school year, then returned to Slaton for the past two years.

Lacewell graduated from HSU in 1954. He majored in physical education and has minors in history and business administration. He and his wife, the former Pat Connor, have been married two years. She is a junior high teacher here. The new AD replaces Chastain, who recently resigned to accept an assistant coaching job at Coronado High in Lubbock. Chastain served as athletic director for two years. Slaton also lost the first assistant grid coach -- Doug Duncan -- who moved to the head job at Lorenzo.

Liquor Violations Top Police Action

Fifteen jail arrests for liquor law violation dominated the police docket this week. Other police business was light with single cases of theft, aggravated assault, and vandalism being reported to Slaton officers.

Nine arrests were made for possession of alcohol by minors. The arrests involved three separate incidents in which four adults were arrested for making liquor available to minors. The adults arrested were fined \$50 each. Their \$50 fines were considerably higher than fines levied against minors arrested for possession. Two arrests were made for drunkenness during the week.

A black leather purse was reported stolen Sunday from the City Hall parking lot. Betsy Bryant, 855 S. 21, told police the purse contained \$13.50 in cash. Officers were unable to locate the female assailant identified by Zelma Lang, 975 Ivory. Miss Lang was attacked with a knife and received a cut on her left shoulder and side. She was treated at Mercy Hospital after the Sunday incident.

J. A. Warren, 755 Lubbock, reported vandals had done considerable damage to a vacant rent house at 810 S. 8th. Investigating officers found a window broken and one screen removed. Further investigation of the interior disclosed no further damages to the house. Damage was estimated at \$50.

Only one accident occurred in the Slaton city limits during the week. An intersection collision involving cars driven by Tommy Gene Wilcox, 550 W. Scott, and Roy King, 830 New Mexico, resulted in light damage to both cars. An estimate of damages to the cars was not available.

Police Chief Robert Breedlove this week issued an appeal to Slaton citizens to report all thefts and break-ins, no matter how small the loss or damage.

Breedlove explained that cases broken at later dates are much easier to clear up when the police department has a list of stolen items.

As an example, Breedlove said a suspect recently admitted a number of burglaries and some of the items recovered had not been reported to the police department. The Slaton police chief, also disturbed over new court rulings concerning arrests and convictions, said the department will "need more help and cooperation from the general public."

Breedlove encouraged phone calls on suspicious persons or incidents. "Many times the person who reports an incident does not have to be involved, but to avoid 'crank' calls, we need the name of the person reporting."

City Approves More Street Lights to Bypass

"Routine" was the tone of most city business handled during the Monday night meeting of the Slaton City Commissioners at City Hall.

The agenda listed the paving developments, property purchases offered Slaton, and extension of city water pipelines.

Action was taken early in the meeting to accept the paving ordinance and Mayor Jonas Cain was authorized to sign

Rotary Officers To Be Installed

Slaton Rotary Club will hold installation ceremonies for new officers during a regular meeting here Thursday at the Clubhouse, with B. B. Castleberry taking over as president.

H. H. (Hicks) Allen, past district governor of Snyder, will be here to serve as installing officer. Allen was district governor of District 573 in 1964-65.

Castleberry will replace Ellis Schmid as club president. Other new officers to be installed include David Hughes, vice president, and Charles Barron, secretary-treasurer.

The necessary certification. City Administrator Buford Duff reported on the paper work required in recent correspondence with the Workable Program. He noted increased detail - work required in the program.

Additional street lights are being installed on West Division bypass approach. Action was taken to approve the installation of additional Slaton lighting from Bruce's Restaurant to the overpass on US-84.

No action was taken concerning the sewer project other than brief discussion of land negotiations now underway. Approximately 500 feet of pipeline will be used to extend a line from the cemetery

water line to the property line of Harold Wilson's property, the Garland House. The project, involving approximately \$1,500 in pipeline necessary for completion, will be used by future development projects in that area, explained commissioners.

Don Crow offered to sell Slaton the property adjoining police and city warehouse property. No action was taken during the meeting concerning purchase of the property.

The brief meeting was adjourned a few minutes before 9 p.m.

Health Clinic

Public Health Nurse, Mrs. Hester W. Moore, announced that the Well Child Conference and Immunization Clinic will be held in Slaton next Thursday. It is held monthly on the first Thursday.

The conference will be in the Triumph Baptist Church at E. Geneva and S. Johnson St. at 10 a.m. and is by invitation only.

The immunization will be from 1:30 - 3 and is for those not under the care of a physician. There is no charge.

It's a woman's WHIRL
BY LAVON NIEMAN

While in El Paso at the Texas Press Convention last week, I noticed The El Paso Times is sponsoring a campaign for residents to ring bells at a designated time on July 4. Bells will be rung for four minutes at noon that day. They were also encouraging citizens to display the flag all day. As people called in to say they would ring a bell, their names were being printed in The Times. They called it the "Roll of Honor".

I think Slaton is real fortunate to have an organization that will fly the flags around town and down Division Street on appropriate days. This is a project of the VFW and its auxiliary.

The auxiliary has a good stock of US flags for sale if you would like to purchase one at cost. You may call Mrs. Travis Mann at VA8-3961 to place your order. The flags are porch flags and the price of \$4.75 includes an installation bracket and a book on flag etiquette.

I think we should all aid in observing the anniversary of the adoption of the Declaration of Independence on July 4, 1776 in every way possible.

And when the war is won in Viet Nam by America and our allies, what a day it will be to fly our flags! And I hope that day isn't far away.

Speaking of flags, have you noticed the jeweled pins designed as an American flag that the American Legion Auxiliary is selling? They are very attractive!

A teenager from Frenship, Velda Gillit, was selected as one of the top 50 finalists to enter the state-wide Adams Extract Teenage Bakeoff to be held in Dallas soon. Her winning recipe in the preliminary bakeoff was "Frosty Delight".

The extract company sent Miss Gillit's recipe to the Slatonite, and although I haven't tried it yet, it sounds a little different -- with the use of Dr. Pepper -- and thought some of the readers might enjoy trying a new recipe.

FROSTY DELIGHT

Batter	Frosty Icing
2 cups brown sugar	2 Egg Whites
1/2 cup margarine, softened	1/2 cup brown sugar
3 Eggs, beaten	1 Tbl. dark corn syrup
2 squares Chocolate, melted	1/4 tsp. salt
1 1/2 tsp. Vanilla	1/4 tsp. cream of tartar
1 tsp. red food color	1 tsp. butter flavoring
2 cups flour, sifted	
2 tsp. baking powder	
1/2 tsp. salt	
1 cup Dr. Pepper	
1 cup pecans, chopped	

Preheat oven to 350 degrees. Grease and flour 8" x 8" x 2" cake pans. To prepare batter, cream together until smooth the brown sugar, margarine and eggs. Blend together the chocolate, vanilla and red food color. Sift together the sifted flour, baking powder and salt. Mix alternately the Dr. Pepper. Add the chopped pecans. Pour into prepared pans. Bake at 350 degrees for 30 minutes. Cool and ice. To prepare icing, beat egg whites until stiff. Stir together all the remaining ingredients and boil over low heat until soft boil stage. Pour syrup little at a time into beaten egg whites while beating at low speed. Frost cake.

If you have suggestions for "Recipe of the Week", please call The Slatonite, VA8-4201.

Mrs. Gamble Shower Honoree

Mrs. Larry Gamble, the former Miss Lou Alice Edwards, was honored at a bridal shower Friday night from 7:30 to 9 in the Slaton Clubhouse. The serving table was laid with an Irish linen cloth. An arrangement of yellow and white roses and yellow candles was used as centerpiece. Miss Jacque Edwards served.

Miss Sharon Self played piano selections throughout the shower.

Schilling Family In Reunion Here

More than 150 descendants of the late Mr. and Mrs. Otto Schilling gathered for a family reunion Sunday at St. Joseph's Hall. Included in the group were seven of the couple's children, (three are deceased).

The occasion marked the climax of a 13-day vacation for Mrs. Bertha Zipp, second oldest of the children, who came from Seattle, Wash., for the reunion. Incidentally, Mrs. Zipp is 75 years old and is a member of a bowling league in Seattle, the oldest on the team!

It was also the 67th birthday of Mrs. John Steffens, another daughter, and the seventh birthday of Clarice Schwertner, a great - granddaughter of the Schillings.

Prior to the gathering, Mrs. B. H. Bollinger, Mrs. Louise Steffens and Mrs. Zipp spent a weekend visiting in Brenham. They saw their only living aunt, their mother's half - sister, Mrs. Betty Wessinger, who will be 89 years old in October. They also visited with a number of their cousins.

They then visited in Nazareth where the late Mr. and Mrs. Schilling moved when their youngest daughter, Mrs. Bollinger, was only three months old. It had been more than 60 years since Mrs. Zipp had seen her relatives there.

Mrs. Zipp's son, Frank Zipp, his wife and nine of their 14 children, all from Seattle, spent last Thursday in the home of Mrs. Louise Steffens visiting their mother and relatives they had never seen. They were enroute to Louisiana to visit a daughter.

Children of Mrs. Louis (Louise) Steffens who attended Sunday's gathering were Mr. and Mrs. Joe Steffens, their children and grandchildren from Leveland; Mr. and Mrs. Tom Respondek, six children and two grandchildren from Floydada; Mr. and Mrs. Raymond Henzler, Mr. and Mrs. Leo Henzler, Mr. and Mrs. Tony Steffens and Cindy, and Mr. and Mrs. Bernard Steffens and two children, all of Slaton; and Mr. and Mrs. Bob Steffens of Nazareth.

Mr. and Mrs. Herman Schilling's children present included Mr. and Mrs. Hubert Schwertner and five children, Mr. and Mrs. Albert Kuss and four children, Mr. and Mrs. Ronnie Schilling and two children, all of Slaton; Mr. and Mrs. Walter Schilling and four children of Dimmitt; Mr. and Mrs. Rudy Schwertner and nine children of Wilson; Mr. and Mrs. Oscar Schwertner and six children of Hereford; Mr. and Mrs. Joe Schilling and three children of Farwell; and Mr. and Mrs. Leon Schilling and three children of Bovina.

The children of Mr. and Mrs. John Steffens were Mr. and Mrs. Alphons Steffens and six children of Hereford; Mr. and Mrs. Conrad Melcher and four children; Mr. and Mrs. Don Alspaugh and five children; Mr. and Mrs. Harold Steffens and four children; and Mr. and Mrs. Joe Kitten and four children, all of Slaton.

Mr. and Mrs. Tony Erdman's children present were Mr. and Mrs. Dick Oakes and three children; and Mr. and Mrs. Jerome Erdman and three children, all of Hereford; and Mr. and Mrs. Larry Pierce and two children of Lubbock.

Mr. and Mrs. B. H. Bollinger had one daughter present, Mrs. Mary Patterson of Olton.

Following the reunion, Mrs. Zipp returned to Hereford with the Erdmans where she will visit for several days before going to California to visit her children. She will then return home to Seattle.

Mr. and Mrs. J. H. McCollum of Los Angeles, Calif., and Delma McCollum of Sherman spent the weekend visiting Mr. and Mrs. Ira McCarver. The McCollums are brothers of Mrs. McCarver.

Rainbow Girls Car Wash

The Rainbow Girls will be washing and cleaning cars inside and out for one dollar today. The car wash is scheduled from 9 a.m. until noon. Site of the Rainbow Girls' cleanup operation is Slaton City Hall.

Combat Mildew

It is important to remove all areas of mildew from your house before repainting. Otherwise, the growth will continue through the new coat of paint.

FOR THE FAMILY MANAGER

ITEM: Cottons dipped in a light starch solution are less likely to soil easily, and stains wash out readily. Try the starch treatment for tablecloths and play clothes.

ITEM: To remove surface soil from plastic dinnerware, rub with baking soda sprinkled on a damp cloth. Soda removes the soil with a gentle action that won't take off the finish or scratch the surface.

ITEM: With so many Americans on the move, manufacturers are talking about collapsible furniture. One designer has come up with a collapsible table made of sturdy plastic. It resembles a collapsible drinking cup in concept, in that it can be collapsed and easily stored or moved.

ITEM: Many a one-bathroom home can be upgraded by installing a compact bathroom under a stairwell, at the end of a hall, in a roomy closet or an old pantry.

ITEM: While it may cost a few pennies more to buy quality paint, those few pennies represent real dollars in investment and real satisfaction in results. Your reputable paint dealer is your best friend when selecting quality paints.

COLD WAR I---

not realistic, set in the context of the country's history, geography and peoples.

Hughes described the war in Viet Nam as one in which all of the strategy, the rules, of classic warfare must be "thrown out the window." The nature of the enemy and of the terrain, he said, required the formulation of a new series of guidelines.

The veteran officer was high in his praise of the American fighting man... "he is a combination soldier, politician and educator... vastly better trained for his job than any American soldier before him"... said the colonel.

Hughes speculated that North Viet Nam had the potential for launching possibly two more major offensives, but said that doubted their ability to muster a third. "You can bet they'll strike when weather and manpower is right... not in timing with political elections," quipped the much-decorated officer.

BURGLARY---

people.

"The first step is to give the vacant house a 'lived-in look', said Chief Breedlove. This means to make it appear that some one is home. While you are away, make arrangements to have the lawn mowed, handbills and circulars picked up, the sidewalk swept. Have mail forwarded or held at the post office. Cancel milk, newspaper and other deliveries, so they don't accumulate on the doorstep.

Light is one of the burglar's worst enemies. He hates to work in a lighted place and when house lights are left on, he will believe some one is home. But, if the same light is burning night and day, this is a tip-off that no one is there. Use an automatic timer to turn lights on at dusk and off at bedtime.

Outside lights at the front door and in the yard are also good prowlers - chasers and should also be timer-controlled to turn off at bed time.

Window shades and blinds should be left partly open, not tightly closed. Closed blinds mean an empty house and also allow an intruder to move about freely, once inside, without fear of being seen.

A "lived-in" look will usually discourage all but the most determined burglar. To stop the bold ones who may still attempt to break in, the home should be tightly "buttoned-up".

"Buttoning-up" the house means closing up every possible entrance. Strong locks should be placed on all doors, particularly rear or side doors which can not easily be watched. Use a lock with the "dead lock" feature; that is, one with a bolt that can not be pushed back by a knife blade or thin strip of celluloid.

If a door has a glass panel which could be broken to allow access to the inside lock, be sure to use one which can be opened only with a key. Windows also should be locked and screen securely fastened from the inside.

Garage doors should be closed and locked for several reasons. An open door and empty garage is a tip-off that no one is home. Also, the garage may contain tools, ladders, etc., which could be stolen or used to break into the house. Basement windows are frequently overlooked but could admit prowlers if not locked. And, be sure to USE the locks every time you leave, even for a few minutes.

If, in spite of your precautions, your home is burglarized while you are away, make sure there is very little to steal. Reduce the possible loss by keeping all jewelry, cash, securities and other valuable items in a safe deposit box. Maintain an up-to-date list of appliances, tools and other valuable items in a safe deposit box. Maintain an up-

HAROLD HUDSON in The Ochiltree County Herald (Perryton): Because an 18-year-old waitress was proud of her town and not ashamed to say so, Huntington, Indiana has a new industry with a \$1 million annual payroll.

There is a lesson here for Texans, and for Perryton people, too.

Last year, while serving them lunch in her mother's restaurant, Liz Masterson heard some Chicago men talking about a new plant. She promptly plugged enthusiastically for Huntington and wound up directing the Chicagoans to the key people in Huntington that they needed to see.

So Huntington ultimately got a \$250,000 industry employing 300 persons, and Liz got deserved recognition, a \$300 scholarship and \$150 cash award from Lt. Gov. Robert Rock, who directs Indiana's Department of Commerce.

"The state is grateful for your alertness and initiative," Rock told Miss Masterson. Contrast this incident with what frequently happens in other communities, even in Perryton, we are sad to say.

A stranger drives into a service station and asks "What kind of town is this?" He is apt to get an answer which points out how hard the wind blows, how much it costs there, how high rent and groceries are, and the stranger is glad to drive on to a more pleasant place.

Competition of new industry is keen today and that is why there are industrial foundations formed all over the country to lure new industry to a particular community.

But whether or not industry comes to a town might well depend upon what its people say about it. And it is the waitresses, the service station men, the clerks, barbers and others who meet the public who give a stranger his first impression of any town, including Perryton.

What kind of an impression do you reckon we're making today.

TAX MAN SAM SEZ:

What are the requirements for filing an estate tax return?

This question bothers many taxpayers, but the rules are fairly simple. Your administrator will have to file an estate tax return if the fair market value of your estate is \$60,000 or more on the date of your death.

However, if there is a surviving spouse and the estate is community property, you do not have to file unless the estate exceeds \$120,000, since 50% of the community property belongs to the surviving spouse.

Getting the correct evaluation on your estate is important since this evaluation affects all future tax transactions on the property.

LETTERS TO THE EDITOR

Dear Editor: Your response to our recent letter asking for a subscription to your newspaper for the patients' library was very gratifying. News from a patient's own home town newspaper keeps him aware of life outside the hospital, which is a step toward better mental health.

We appreciate the subscription and on behalf of the patients and staff, thank you for your interest in our hospital.

Too Many Facts

Sculpture is subtraction. The figure takes shape as the artist, wielding his chisel, cuts away from the original block all that is surplus.

Something similar happens in a trial. The issues take shape as the judge, wielding the rules of evidence, seeks to cut away whatever is surplus—facts that are not "relevant" to the case. The purpose is to remove those facts that are not important, the better to see those facts that are.

Which facts are relevant? Basically it's a matter of common sense, applied to the circumstances of the individual case. Thus, in a murder trial, the fact that the defendant owned a gun might well be relevant—but not if the slaying was done with a dagger. For then, ownership of the gun would have no logical connection to the murder.

Even if there is a logical connection it may be irrelevant. In an assault case, for example, if the defendant was found with a knife, it is often used profanely. In an abduction case, the defendant knew a police officer.

Each of these facts has been interesting conversational subjects, but they shed no light on the issues before the jury. They could easily be judicially excluded from the jurors.

To the person standing, it is often hemmed in by the His instinct may be to open wide-open would at the defendant's side, besides prejudicing the practical necessity of people who can't seem to point. Too many facts, like the fellow in the ham Lincoln once said, "He can't see words into the eyes of any man I ever met. With people like loose on the witness business of justice done."

to-date list of appliances, tools and other property, including serial numbers or other identifying marks. This will help the police in locating any stolen items which the thieves may try to sell.

Last, but not least, is notification of your Police Department. Tell them when you are leaving, where you will be, and when you will return. The police will then check your home at frequent intervals during your absence. It is also a good idea to notify one trusted neighbor and to leave a key with them in case of emergency.

"By following these tips", says Chief Breedlove, "you will greatly reduce the chances of being burglarized. Most burglars are looking for "easy pickings", and won't bother you if you make it tough for them."

Research Shows Time to Irrigate

Many years of irrigation research have led to the development of a number of basic principles farmers can use to decide the time and amount of water to apply to cotton and grain sorghum on the High Plains, said Jerry DeBord, Assistant County Agricultural Agent, Lubbock County.

Scientists have found that cotton uses about one-tenth of an inch of water up to about the square stage. Then the plant's water consumption increases rapidly until it reaches a peak of from .25 to .4 inches per day at the peak bloom stage.

Irrigation should be based on this water-use information, says Jerry DeBord, but of course will be influenced by rainfall and the watering capability of the irrigation system.

If only one irrigation will be made, the agent says it should ideally go on at early peak bloom.

Cotton to be irrigated twice or more during the summer has been found to produce more efficiently when the first irrigation is applied in the first white bloom period with the others following in the peak

Holiday Estimate: 31 Traffic Deaths

AUSTIN -- The Director of the Texas Department of Public Safety today reported that DPS estimates indicate that 31 persons will die in traffic accidents during the three-day Fourth of July holiday.

Col. Homer Garrison, Jr., DPS director, said the estimate was compiled by the DPS Statistical Services on the basis of past experience and the current trend of traffic deaths. Last year, 28 persons lost their lives in traffic accidents during the holiday period.

Garrison pointed out that the responsibility for avoiding an accident rests with each individual driver.

"Most drivers are basically good drivers," he said, "but too often even the best driver lets his attention wander... and lack of attention to one's driving can be a fatal fault."

To focus attention on the added dangers of holiday travel and the need for awareness while driving, the DPS will conduct "Operation Motorcade" during the holiday period. From 12:01 a.m. Saturday, July 2, through 11:59 p.m., Monday, July 4, traffic fatalities will be tabulated by the Department and the totals will be announced officially three times daily as a means of

Insurance Boost Termed Slight

The average motorist in Lubbock County will pay \$1 more for automobile insurance if the proposed change in rates is made by the State Board of Insurance, according to the Southwestern Insurance Information Service of Dallas.

Present cost of insurance on a low priced passenger car driven to and from work and not driven by a male under 25 years of age is \$154. The new cost would be \$155. This includes basic liability coverage of \$10,000 for injury or loss of life of one person, \$20,000 for two, and \$5,000 property damage; \$100 deductible collision; and full coverage comprehensive insurance.

Motorists in the county will pay \$1 more for bodily injury and property damage liability and \$5 more for comprehensive. Cost of \$100 deductible collision, however, will be reduced \$5.

Cost for the same coverage but with \$50 deductible collision would be reduced \$3, from \$171 to \$168.

Other types and older cars would have different rates. Texas has 26 rating territories and eight automobile classifications. The cost estimates given are for cars in classification 1B, which includes about half of the private automobiles in Texas.

Research Shows Time to Irrigate

the cotton's quality, the agent said.

Regardless of the number of irrigations following a pre-plant, the first application generally should not precede the first white bloom. Excessive moisture before bloom generally encourages excessive vegetative growth rather than fruiting. Proper timing of irrigation is often more important than the total amount applied.

The ideal situation seldom occurs but farmers may consider these basic ideas and apply those that fit into their particular water and crop situation.

Homemade Jam Rates High

Homemade jam and jelly surely rates a place in America's culinary history, along with hot biscuits, apple pie, and ice cream on the Fourth of July. Now, a convenient new no-cook method does away with the work that wearied Grandmother's body and spirit, while the nostalgia and delicious flavor lingers on in homemade berry jam.

This new method, which eliminates the drudgery of boiling and skimming, is called "Cook-No-More", and was developed by a leading maker of modern apple pectin, The Pen-Jel Corporation of Kansas

City, Missouri.

In the opinion of Paul Egerstrom, executive vice president of Pen-Jel, the jelly and jam made by today's modern housewife with the aid of pectin is vastly superior to the kind "Grandma used to make". As a matter of fact, he adds, Grandma had a goodly percentage of failures, while her granddaughter "has it made" when she approaches the task with apple pectin to insure her success.

The "Cook - No - More" recipe, which takes only about 15 minutes from fresh fruit to finish is one of 35 in the Pen-Jel package. Here's all

you do:

Wash, stem, and crush 4 cups of strawberries, boysenberries, raspberries, youngberries, or blackberries. Put into a four-quart kettle. Sift in slowly 1 package PEN - JEL, stirring continuously. Set aside for 30 minutes, stirring occasionally. Add 1 cup light or crystal corn syrup and mix well. Gradually stir in 6 cups sugar warming to 100 degrees. When the sugar dissolves, the jam is ready to eat. For strawberry jam, add

one - fourth cup of lemon juice after sugar has dissolved.

Homemade jam and jelly, 1966 style, can be prepared not only from fresh fruits, but from frozen fruits and juices, too, which frees jelly - making from the confines of times when fruits are in season. With the help of PEN-JEL, any canned or frozen juice can be transformed in minutes into delicious jelly that rivals anything produced by yesterday's hard-work methods. Grape and orange jellies are among the most popular. Recipes for these homemade treats are found in the PEN-JEL package.

The cotton plant is almost the sole food in the boll weevil's diet.

Fish Fry Honors Mangum

Johnny Mangum returned home last week after receiving his discharge from the US Army. He says he is really glad to be home, and is busy visiting friends and relatives.

At the home of his parents, the Everett Mangums, Johnny was honored with a back yard fish fry. His nearest of kin

present were his uncles, C.S. and Guy Gentry and their families; Ruth and Ray Johnson and Brenda, Mr. and Mrs. Bill Karon and sons; Bobby Swann and family, two of his brothers, Ronnie and Wayne; and me, his grandmother. Charlene Gentry and Pamela Swann spent the night with me and their cousins, Teresa and Laurie.

Johnny's brother, James, is hoping to get his discharge by late fall. He is serving in Okinawa and sometimes is sent to Viet Nam. I just hope something can be done to stop this dreadful war.

Sure Mercy

"I will give you the sure mercies of David." --Isiah 55:3

Do we sometimes do too much of a merciful God? As Christians, we know that God is merciful. But, do we have the courage to anticipate forgiveness? We not stand on our ground then plunge thoughtlessly into some wrong deed knowing that tomorrow we shall know regret; that we shall repent and call on God to be merciful and overlook our weakness? When we knowingly wrong, we turn our back on God for a moment or least, we think that we cannot turn our back to God, no more than we turn our face away from sky above. We should remember ways that judgement is that God is merciful; yet is just.

SUNDAY'S SERMON

APOLOGY

When it is necessary to comfort a friend or an acquaintance who has suffered a great loss, we almost invariably fall back upon two simple words, "I'm sorry."

Yet, there are times when these two little words are difficult to say. When we know that we have, intentionally or otherwise, caused trouble or discomfort to someone with whom we come in contact, we feel the urge to speak these words. But, they don't come easy. We force ourselves to try to think of other things; or to pretend that whatever happened didn't really happen at all; we try to become involved in other things; we try to apologize without really doing so -- by showing our "good intentions" in some other way.

Someone has said, "never apologize -- it is a sign of weakness." This cannot be true. It is, instead, a sign of strength, of fair play, of a willingness to admit to being just a little bit human.

We make mistakes, all of us. The man who never made a mistake never did anything worthwhile. The individual who claims to be "never wrong" is right with no one but himself.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN -- Comments by legislators and water leaders generally were favorable on the \$3,700,000,000 preliminary "Water for Texas" plan of the Texas Water Development Board.

This massive plan calls for a "rescue operation" for the Lower Rio Grande Valley irrigated region, where a recent court decision knocked out water rights of more than 100,000 acres.

Project, to be designed by the Bureau of Reclamation, would use two big reservoirs on the San Antonio River (Cibola in Wilson County and Goliad in Goliad County), two on the Guadalupe River (Confuence in Victoria County and Cuero in DeWitt County) and one on the Lavaca - Navidad Rivers (Palmetto Bend) to link to a 190 - mile canal to the Lower Valley.

Water from the three watersheds could be used for a number of years. As needs in those valleys develop, a canal would be linked to the northern end of the pipeline - and - canal system which would start at Texarkana Reservoir, go west to Dallas and Fort Worth to meet their future needs, then down the Trinity, Brazos and Colorado Rivers to link with the southern portion of the canal. Then it could be said that water from Lake Texarkana was being used in the Lower Valley -- after repeated use and re - use along the 980 miles of the State Water Project system. Irrigation in the Sinton and Baffin Bay regions also would be supplied from the canal.

In addition to the 14 reservoirs connected with the State Water Project, the big plan proposed 46 other reservoirs or enlargements. These would supply basins in all parts of the state except Far West Texas, where there simply is not enough stream flow to justify reservoirs.

For the region, a massive research and development plan is proposed. First, a special West Texas office of the Water Development Board would seek ways to spread present supplies as far as possible. This would include recharge of the Ogallala formation from the 36,000 playa lakes in the High Plains, deepening of those rain-water lakes to cut down evaporation.

Plan also calls for West Texas to be designated by Congress as part of a study by the Bureau of Reclamation for finding new supplies for the southwest, in the hope of bringing water from the Columbia River in Oregon by 1985, when Plains ground water supplies are expected to become severely depleted.

ATTOENEY GENERAL RULES -- Atty. Gen. Waggoner Carr has held that veterans and fraternal organizations may charge a service fee for serving drinks from liquor owned by members without having a private club registration permit.

In other recent opinions, Carr decided: *Texas Educational Foundation, Inc., operator of Gary Job Corps Center, San Marcos, is not exempt from state motor fuel taxes.

*Clarewood House, a Harris County retirement home for aged, is entitled to a valorem tax exemption as an institution of a purely public charity.

*State agencies may pay registration fees for employees attending required courses of instruction in new laws, programs, etc.

*Only licensed engineers are legally entitled to use such titles as "sales engineer," "safety engineer," etc.

*Parolee "eloper" from another state cannot be turned over to proper authorities without usual extradition formalities. (Restatement)

*State military men on official trips are not entitled to free use of toll roads, and a law attempting to give them that privilege is invalid.

*A soil and water conservation district does not have the

power to create a separate, non - profit corporation for operating a natural gas distribution system.

*Arlington State and Texas Western University presidents, deans of South Texas and Southwestern medical schools and the director of the Cotton Research Committee should be compensated for official travel on an actual - expense basis.

*Act requiring taxing authorities to place their tax rate in the hands of county assessor - collector by July 20 is constitutional.

*County clerk must file and record properly acknowledged deeds on request.

COURTS SPEAK -- In a case dealing with widespread water rights interests the Third Court of Civil Appeals ruled against unrestricted construction of small reservoirs on Medina River. Court, agreeing that permit for irrigation from a 162 - acre - foot reservoir was invalid, said the dam was on the bed of a navigable stream, not private property of land owner. Southwestern Cattle Raisers' Association had urged permit be upheld, said many small ponds, tanks and lakes are at issue.

State Supreme Court stood by its earlier decision that Rice University alumni have the right to appeal a trial court decision which said the institution can admit Negroes despite provision to the contrary made by a charitable trust that established the university.

SENATE RACE NOW SPOT-LIGHTED -- Now that the Democratic primaries are over the U.S. Senate race moves to the center of the 1966 political stage.

Race between Democratic Atty. Gen. Waggoner Carr and Republican U.S. Sen. John G. Tower is billed as one of top three Senatorial battles in the nation.

IP's generally rated among statehouse political pundits as very close. Each side can cite polls to prove its man is really out front.

Although the showdown election is not until November 8, both candidates are canvassing the state as though voting time were almost at hand.

Carr now will try to unite Democratic party factions behind him.

Tower's major job is to appeal to conservative Democrats and at the same time, ironically, to attract as many anti - Carr liberals as he can.

Both candidates outwardly are confident, and both are said to be well financed.

DRAFT QUOTA -- Answering charges that the Selective Service office in Texas is shirking on draft calls, draft director Col. Morris Schwartz said 102,130 Texans who enlisted and another 16,274 who had been drafted were in the armed services as of March 31.

Although racial records are forbidden in the armed forces, Schwartz said it is evident from the places where the 53 - percent draft rejection rate of Texas are greatest, the high proportion of rejections occur among Latin American and Negro youths, who failed some service tests.

INDIAN BUDGET RAISE ASKED -- Texas' new Indian Affairs Commission has asked for a budget of \$3,100,000 for the Alabama - Couthatta Indian Reservation in Polk County. Money would be used during the next two years to make the reservation a bigger tourist attraction.

Commission is seeking \$1,300,000 in state matching funds to meet hoped - for federal grant to further develop a 4,444 acre area 17 miles east of Livingston on U. S. Highway 190. Reservation now operates on a budget of \$158,000 for the current biennium.

Requests presented by Commission Chairman Dempsey Henley of Liberty, include funds for dam and lake, camping and picnic areas, trading post, shopping center, restaurant, swimming pool, logging train, and a real "Indian Village," together with 400 additional acres of land.

DPS IN HIGHWAY STUDY -- State Department of Public Safety will participate in a nationwide study of controlled access roads.

Col. Homer Garrison says they will seek administrative guide - lines for police in determining the needs for supervising traffic and providing motorist services on the controlled access highways.

International Association of Chiefs of Police research and development division is conducting the project under contract with Office of Highway Safety, U. S. Bureau of Public Roads.

Texas is one of six states selected for intensified study, though all states and most metropolitan areas will be covered. DPS was picked because of "outstanding reputation in state law enforcement field," IACP spokesmen said.

SHORT SNORTS -- Cigarette tax total for May was nearly \$3,000,000 over the \$7,000,000 take a year ago, and \$1,000,000 over April of 1966. Liquor and wine tax income is down from 1965.

Texas State Teachers Association endorsed a new statewide water plan on grounds that it will promote greater industrial development and help provide local school districts more tax funds for education.

Constitution party's new candidate slate includes these nominees: James B. Holland for U. S. Senate and Jack Carswell, Houston, for governor. Conservative Party nominated Bard Logan of San Antonio for governor.

Two GOP county chairmen, Segal Wheatley of San Antonio and Douglas De Cluitt of Waco have been added to the Texas Election Law Study Committee.

At Martindale's

A woman who loved to shop had a son who underwent a tonsillectomy. When she went to the hospital, the elevator operator said, "What floor?" She replied, "Boy's tonsils, please." The teacher was lecturing to a class in science. "Now then, Bill," he said, "name me a poisonous substance." Bill, who was not gifted with an oversupply of intelligence, thought deeply then said, "Aviation."

The class tittered with amusement, and the teacher looked sternly at the embarrassed pupil. "Explain yourself, Bill," he demanded.

Responded Bill, "one drop will kill you, str."

Miss Blink: "So you've given up taking tranquilizers?"

Miss Blank: "Yes, I found myself being pleasant to people I shouldn't even speak to."

SPORTS

Little League

The Tigers captured two victories in major Little League the past week, downing the league - leading Cardinals in one game, to move into contention for the loop title.
 After Tuesday night's 22-2 win over the Cards, the Tigers were just one - half game behind. Still pending at press time Wednesday, however, was a protest game between the Cards and Indians.
 The Cardinals have three regular games remaining and the Tigers two. A make-up game between the two teams is also pending.

TEAM	W	L
Cardinals	9	2
Tigers	9	3
Indians	7	5
Yankees	6	7
Dodgers	3	8
Giants	1	10

TIGERS 3, INDIANS 2
 Randy Davis hurled a three-hitter as the Tigers won a close one - run decision over the Indians last Friday. Darrell Eastman gave up seven hits to the Tigers and Don Jackson shutout the winners the last frame.
 Davis and Jim Melton had two hits each for the Tigers. Hits by Stan Heinrich and Bobby Breedlove helped the Indians score twice in the third inning. An error, walk and single by Gil Escobar chased in the deciding run for the Tigers in the fifth.
YANKEES 9, GIANTS 7
 The Yanks erupted for eight runs in the fifth inning and held on for a 9-7 win over the Giants last Thursday. David Martinez gave up only two hits and two runs for the Yanks over five innings. Steve Nieman was touched for four hits in relief.
 The Giants also used two hurlers -- Dale McCook and Mike Busby -- and gave up six hits. The Yanks bunched four of them in the fifth for the deciding margin. Doubles by David Martinez and Nieman were big hits in the inning. Tommy J. Taylor socked a homer and Charlie Geer a double for the Giants.
CARDINALS 11, DODGERS 4
 The Cards broke loose with six runs in the fourth frame to pull away from the Dodgers in a June 22 game. Robert Ethridge had two singles and a double for the winners. Walter Gibbs had a homer and single, and Jackie Ford a double and single for the Dodgers.
MIKE SPEER had a single and double for the Dodgers, Eddie

Flyers Win Three Games in Week

The Flyers made the big noise in Babe Ruth Action the past week, chalking up three victories, but the Comets held on to first place with a win and a loss.
 The Flyers downed the league-leading Comets Tuesday night by a 4-2 score although they collected only three hits off Comet hurler Larry Heinrich. Walks and errors helped the Flyers.
 The Comets had five hits off winner Gilbert Chagoya. Adolph Hernandez had two of the three hits for the Flyers, while Tom Davis and Billy Martinez had two hits each for the Comets.
 The Flyers blanked the Gingers, 5, 11-0, in a game Monday night. Mike Chagoya hurled a two - hitter for the Flyers, while his teammates got nine hits off the Gingers offerings of Carlton Bradshaw and Roy King. Bradshaw had a double and Ollie Rainwater a single for the only Ginner safeties. Ken Kahlick and Chagoya had two hits each for the winners.
 The Comets scored a 10-6 win over the Cubs in an error-filled contest last Friday. Bill Kitten was the winning hurler and Alan Fondy was tagged with the loss. Wicker Nowlin and Billy Martinez each had two hits for the winners, while Claude Stricklin and Floyd Arant had two each for the Cubs. The Cubs collected only three

Bradshaw Is Top Babe Ruth Hitter

Carlton Bradshaw, pitcher-third baseman for the Gingers, took over the batting leadership in Babe Ruth League play the past week with a strong .417 mark.
 Bradshaw is the only player batting over the magic .400 mark. Teammate John Pettie claims the runner - up position with a .394 bat average. Skipper Wood, previous leader, now holds the number three position with a .384 average, and teammate Claude Stricklin of the Cubs is next at .371. Joe Harlan of the Comets with .348, Jim Williams of the Chiefs at .333, and John Biera of the Flyers at .301 are other leaders.
 The Comets boast the highest mark at .204, while the Flyers

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

LUBBOCK -- Federal legislation to bring farm workers under a federal minimum wage has been introduced by liberal, labor-minded legislators in every year at least since 1956. And agriculture interests have been able until 1966 to defeat such measures on the grounds that they were inequitable and impractical and that they would hurt, not help, farm worker, farmer and consumer alike.

But in 1966 reason and sound logic have not prevailed in the House of Representatives. The House has passed and sent to the Senate H. R. 13712 which would extend minimum wage coverage to all hired farm labor on farms where more than 500 man-days of agricultural labor were employed during any calendar quarter of the preceding calendar year. Members of a producer's immediate family and piece-rate hand-harvesting workers who commute to work from their homes and who worked less than 13 weeks in agriculture the previous year would not count toward the 500 man-days.

Minimum wage for farm workers in the House bill would begin at \$1.00 per hour in February, 1967, and increase 15 cents per hour each year to \$1.30 per hour in 1969. Overtime provision, however, would not apply to agriculture.

Also, the complete overtime exemption for cotton compresses and cottonseed oil mills would be eliminated and the specific minimum wage exemption to workers in cotton gins would be knocked out. The overtime exemption for gins would be retained.

Industrial workers now under the minimum wage law would be raised by this new bill from the current \$1.25 minimum to \$1.40 next February 1, then to \$1.60 an hour on February 1, 1969.

Newly covered workers in industry would start at a \$1.00 minimum next February 1 and go up 15 cents each year for the next four years. Most processors of agricultural products will fall in one or the other of these two categories.

"Man-day" in the agricultural section of the bill means any day during any part of which an employee performs any agricultural labor.

The wage paid to an employee would include the reasonable cost, "as determined by the Secretary of Labor," to the employer of furnishing the employee with board, lodging or other facilities if furnishing such facilities were a customary practice of the employer.

Only a limited number of farmers on the High Plains would be directly affected by the wage bill. But Ed Dean, labor relations representative for Plains Cotton Growers, Inc., believes that no farmer who uses hired labor would escape the indirect effects.

He points out that if the relatively few larger farms are paying \$1.30 an hour, the labor shortage would force smaller farmers to meet the level in order to get competent help.

The increase in labor costs to cotton service and supply establishments that would come about through passage of the bill, and even the increase in the industrial minimum wage, would also have repercussions to the farmer. Industry will have no alternative but to pass their additional costs right back

to producers and consumers in the form of higher prices if the bill becomes law.

Dean went on to say: "The bill is clearly inflationary when inflation is one of our most serious domestic problems; it would raise the cost of growing cotton among the most unskilled workers in the country when the federal government is spending vast sums of taxpayer money to help these very people."

Dean fears that the future implications in this bill may be even more serious than the damage it would do currently. "The bill is the 'foot in the door' that could eventually admit to the farmer's house a host of ills in the form of union organization of farm labor, 40-hour week provisions with overtime pay, and higher and higher minimums."

These are some of the reasons given by Dean to explain the continued and intensified opposition to the bill by Plains Cotton Growers.

The bill is now in the Senate Agriculture Subcommittee, of which Texas' own Democratic Senator Ralph Yarborough is now chairman. Yarborough became chairman of the subcommittee only recently following the death of Senator Pat McNamara (D-Mich.).

There is now no indication as to when the subcommittee may consider the bill or whether hearings will be held. But Dean says it will likely come up in June and that it isn't too early for Texas people to express to Senator Yarborough their feelings about the bill by letter, telegram or by phone.

He says: "This is a bill which at first glance may not appear too ominous to High Plains farmers, but its near and long term implications are such that every farmer on the High Plains and elsewhere should in no uncertain terms make their opinion of it known to both Senator Yarborough and Senator John Tower."

Beef and Eggs

Don't overlook beef flank if you like plenty of variety in your menus. Braise flank steak, that is browned in hot fat, add a small amount of liquid, then cover and cook until meat is tender. The cooking liquid may be of your own choosing.

Try serving poached or chopped hard cooked eggs on turnip greens, spinach and other leafy greens. Stuffed, pickled and hard cooked eggs are also often found among the hors d'oeuvres served as a first course.

If your wooden salad bowls are dry and rough from continual washing, here's a simple remedy. Rub a little salad oil into the grain of the wood, repeating until bowls regain some of their glossy finish.

Frozen Chichen a la King can be dressed up by adding grated Cheddar or Parmesan cheese before heating.

Helen's Favorite: Country Salad

- 1/2 head lettuce
 - Equal amount of leaf lettuce, coarsely shredded
 - 1 medium cucumber
 - 1 small mild onion
 - 6 radishes
 - 2 hard-cooked eggs
 - 2 tablespoons vinegar
 - 2 tablespoons sugar
 - 1/2 cup light cream
 - Salt and pepper to taste
- Wash, dry and chill lettuce, tearing head lettuce into pieces. Slice cucumber, onion and radishes thin. Shred eggs coarsely and add to greens and other vegetables. Combine vinegar, sugar, cream and seasonings, to taste. Pour over salad and toss lightly to blend. Serve at once. Makes 4 to 6 servings.

Helen's Favorite: Toffee Crunch Sauce

- (Makes 1 1/2 cups)
 - 1 cup brown sugar
 - 1/2 cup granulated sugar
 - 2 tablespoons butter
 - 1/4 cup water
 - 1 (6-ounce) can evaporated milk
 - 3 1/2 ounce chocolate coated toffee candy bars, crushed
- Combine sugars, butter and water in saucepan. Cook, stirring, until mixture comes to rolling boil. Boil 3 minutes. Remove from heat, cool slightly. Stir in milk and candy.
