TOMMY WALLACE

Tommy Wallace, president of Citizens State Bank, was elected president of the Slaton Chamber of Commerce during a directors' meeting Tuesday night, and five new directors for 1967 were introduced. Other officers named for the coming year were Carroll McDonald, vice president, and Don Kendrick, treasurer. New officers will take charge in January and will be formally introduced at the annual C of C banquet Jan. 30, Wallace will replace G. G. (Speedy) Nieman as president, Jake Wendel is the retiring vice president, and Wallace is the present treasurer. Named as new directors in balloting recently were Dee Bowman, Coy Biggs, Dr. David Hughes, Clark Self Jr., and Wendel, Self and Wendel were re-elected. Retiring board members will be Dr. Lee Yardy and Bob Kern. New directors were welcomed at the meeting. In other business, directors voted to guide the development of a day nursery program here if interested citizens desire; discussed the youth center project; discussed the program of work for the coming year, and heard several committee reports. A meeting of civic leaders will be called to determine whether or not the day nursery project, including Federal Aid, should be launched. Wallace was appointed as chairman to explain the program possibilities to such a group. Directors discussed an informal request for financial aid from the Youth Center Association. While all directors apparently favored the project, it was decided the chamber budget was not in position to add donations. It was also pointed out that some \$6,500 was already budgeted annually for recreational purposes - including parks, swimming pool and golf course. This sum represents more than a third of the budget, a much greater proportion to recreational purposes than most chambers normally allocate. A summary of projects for next year's program of work was submitted to directors for study. A committee drew many of the ideas from a Community Clinic which was held here where citizens were invited to voice their opinions. Directors are expected to adopt a final version at the next regular meeting. Committee reports were made by Wallace, industrial development; McDonald, program of work; Kendrick, Christmas lighting, and Self, retail trade. Wallace reported on several contacts made with industrial prospects. Self announced plans for a "formal" Christmas season opening downtown Dec. 2-3, and Kendrick is making plans to put up Christmas lights and arrange for Santa Claus to make a visit to Slaton.

# Cotton Harvest Underway

The cotton harvest was in full swing in the Slaton area this week, with the Slatonite's first bale count showing 19,987 bales produced from a dozen area gins. More than 2,000 bales of cotton were on gin yards at the time of the survey Wednesday morning. With a predicted cold front next week, farmers were trying to harvest as much cotton as possible this week. Reports varied from the gins -- some estimating they were half through their ginning season and others just getting started good. Slaton Co-Op, where 4,300 bales had been ginned, reported grades were down over last year. A gin official said some farmers will finish this week, while other have yet to start. At Acuff Co-Op, manager Charlie Hunter reported grades were "pretty good... actually better than expected." Hunter said 5,141 bales had been ginned and there were about 1,600 bales on the yard. He estimated they were 60 percent through the season. Wilson Co-Op and Wayside gins reported they were "not near" to the halfway point yet. Grades were reported pretty good and 3,050 bales of cotton had been ginned there. The survey for the bale count: Slaton Co-Op 4,300, Farmers Gin 550, Posey Gin 1,190, Union Co-Op 1,728, Acuff Co-Op 5,141, McClung Gin 1,316, Campbell Gin 610, Basinger Gin 252, Wilson Co-Op and Wayside 3,050, Gatzki 450, Hackberry 1,400.

KING COTTON ARRIVES — The cotton harvest probably neared peak activity in the Slaton area this week, and the first survey for a "bale count" showed that 19,987 bales had been ginned in the area. Many more bales were waiting on gin yards. Some gins estimated they were half through the season, and several reported grades were better than expected. This photo was made in Slaton at the Co-op gin yard. (Slatonite Photo)

# Classing Offices At Peak Activity

The South Plains cotton harvest approached peak activity over the week-end and the USDA Classing Offices at Lubbock, Brownfield and Lamesa received samples from approximately 33,000 bales on Saturday, according to W. K. Palmer, in charge of the Lubbock Office. The Lubbock Office had forty-eight classers on duty on Saturday, the Brownfield Office nine and the Lamesa Office five. Palmer indicated that more classers would be brought into the three South Plains Offices Monday. The USDA Cotton Classing Offices at Lubbock, Brownfield and Lamesa classed approximately 133,000 samples during the week ending Friday, November 11th. This brought the total classed at the three offices this season to 177,000. Through November 11th last year 137,000 samples of the 1965 crop had been classed. Middling made up 4 per cent of the total classed at Lubbock last week. Strict Low Middling 7 per cent, Middling Light Spotted 39 per cent, Strict Low Middling Light Spotted 20 per cent, Middling Spotted 17 per cent and Strict Low Middling Spotted 9 per cent. Average staple length continued to average approximately 37 1/2 of an inch. Eighty-three per cent of the cotton classed (See COTTON Page 11)

# Youth Center Goal Shy As Deadline Approaches

The goal for a proposed Slaton youth center neared the deadline today with \$1,642 still needed to reach the target total of \$7,500 by Nov. 20, according to Max Arrants, financial chairman. Another \$1,085 in cash and pledges was received the past week, advancing the total to \$5,856. The Slaton Youth Center Association announced two weeks ago that the project would be dropped if \$7,500 in cash and pledges could not be secured by Nov. 20. The plan was advanced after the association made tentative arrangements to purchase the old Don Crow Used Car building and lot at E. Lynn and 8th streets. A total of \$1,405 in cash and pledges was made the first week following the announcement, and \$1,085 was added the past week. The association had \$3,368 contributed over a long period of time before the purchase plan was announced. Mrs. Bob Ayers, president of the association, said teenagers were showing renewed enthusiasm in the project since announcement of the building plan and the deadline. The youth are planning several fund-raising projects in the next few days. Members of the association ask citizens who have been planning to contribute to act soon in order for the goal to be reached and a decision made on the purchase of the property in question. Tiger Town, the youth organization, donated another \$350 the past week, and the Athenian Study Club gave \$350 to account for a large portion of last week's total. Tiger Town had previously put in \$1,040 toward the project. Cash contributions the past week: Tiger Town \$350, Mr. and Mrs. W. T. Davis \$100, Mr. and Mrs. John Fondy Jr. \$50, Mr. and Mrs. Carl Lewis \$20, Mr. and Mrs. Joe L. Kitten \$25, Mr. and Mrs. Speedy Nieman \$20, Mr. and Mrs. Tony Stephens \$25. **A BOTANY LESSON**--If we had paid no more attention to our plants than we have to our children, we would now be living in a jungle of weeds...by Luther Burbank.

WW

The question most uttermost in my mind as I sit and type this column is... "Do the parents of Slaton teenagers really want a youth center?"

And on second thought I wonder if the teenagers really want one and will they use it if they had one? If the youth truly want one, they should start letting their parents know this is a serious thing with them and that they are willing to give up something to help their parents contribute.

WW

Time is running out...Nov. 20 is the deadline and at pres- time \$1,642 more is needed to buy a suitable building. If you have thought about giving anything from \$1 on up, please do it now, or the whole matter will be dropped and all money already contributed will be returned. No contribution is too small. Some pledges have been promised and this is very good.

WW

Members of Tiger Town have already shown a big interest by donating \$1,390 for a new youth center. They are planning on having more benefits to raise money and are willing to do any of the labor than to fix up the building.

When they were told they could paint the outside of the building (should it be purchased), they were delighted.

These teenagers are most anxious to get a building before the Christmas holidays.

WW

If parents want to see their teenagers or future teenagers keep traveling to Lubbock for entertainment and most likely spending twice as much as they would be spending with a youth center here, this is their prerogative, but please...THINK TWICE.

WW

A note to club reporters, and others with news stories: The Slatonite will go to press Tuesday evening and be mailed and on the news stands Wednesday, due to Thanksgiving. Please turn in your news by 10 a.m. Monday morning or soonest possible time before that.

### LET'S LOOK AT THE RECORDS

BY LINDA NORRIS

Peter de Angelis arranged and conducted the orchestra for Al Martino's latest LP release. This is Love... The songs -- all ballads -- range from such timeless hits as For All We Know, Don't Take Your Love From Me, and Love Letters to Somewhere, My Love (Lara's Theme from Dr. Zhivago), Strangers in the Night and Al's Just Yesterday... Others are Somewhere, Two Different Worlds, This Love of Mine, These Things I Offer You and Who Can I Turn To? This is one of Martino's best, which is the ultimate in praise since he's never had a dud yet in this reviewer's humble opinion... For a mellow evening, try This Is Love by Al Martino.

For her latest Capitol album,

Peggy Lee is backed by seven guitars (in addition to piano, bass, brass and woodwinds) through a dozen songs arranged by Dave Grusin, Bob Bain, Dick Hazard and Billy May... The album is appropriately entitled Guitars A La Lee... Among those in the LP are Peggy's own composition, Good-bye, My Love; Nice 'n Easy, Strangers in the Night, Mohair Sam, written by another Capitol artist, Dallas Frazier; Think Beautiful, My Guitar and Call Me.

Jackie Gleason lends the romantic Gleason touch of strings and soft brass to his new album, How Sweet It Is For Lovers, containing 11 ballads... The title tune was composed by the talented writer himself... In addition, the other love-oriented songs, which were all arranged by George Williams, are: If He Walked Into My Life; Strangers In The Night; The Shadow of Your Smile; Lara's Theme, You're Gonna Hear From Me, The Second Time Around, I Wanna Be Loved By You, Autumn Waltz, Au Revoir and I Will Wait For You.

## FHA Officers Plan Christmas Activities

The Slaton FHA Big Sister officers had a spaghetti supper and meeting recently in the home of Barbara Bingham, chapter president.

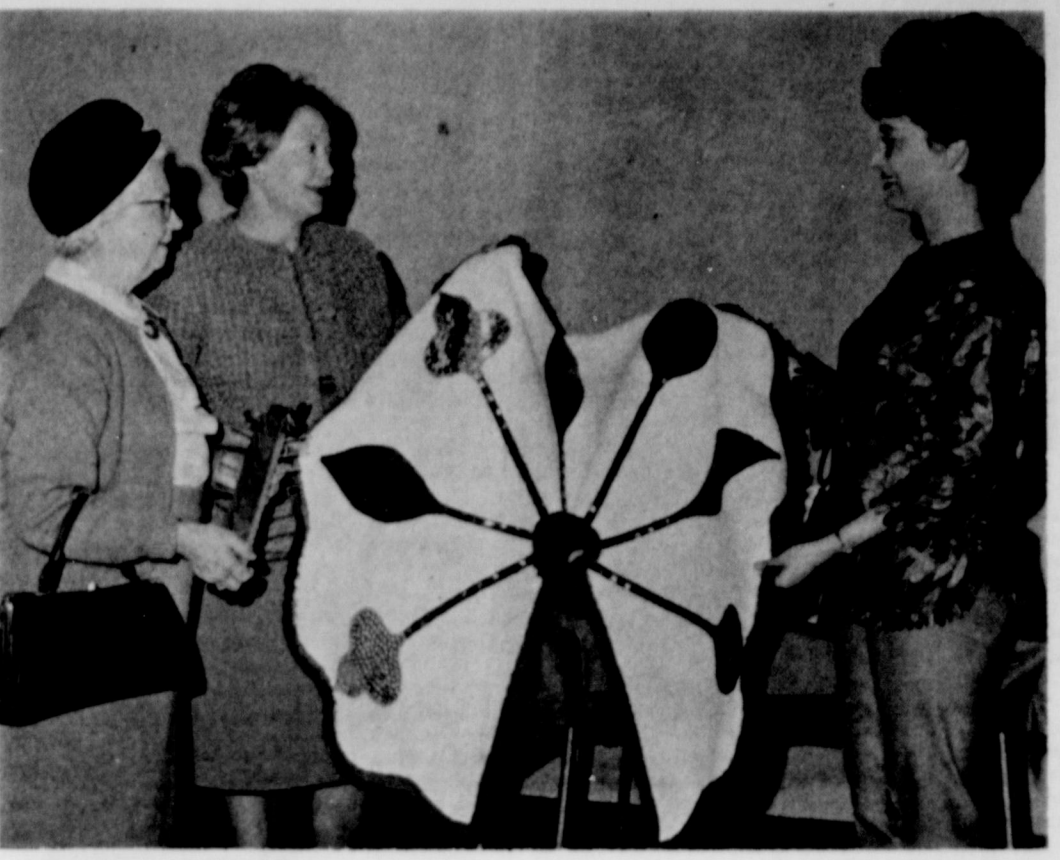

The month's activity, "Daddy Date Night" was discussed. This affair will be held Monday night in the Junior high cafeteria.

Plans were also made for the "Pretty Baby Contest" which is scheduled at the high school Dec. 7-14. Baby pictures of the high school teachers will be judged by the students. Assembly will be held Dec. 14 at which time the winner will be announced, and skits will also be presented.

Christmas projects and activities were discussed. The chapter plans to decorate the Slaton Rest Home for the Christmas holidays, and to go Christmas carolling.

The group is now selling cookbooks and candy. Proceeds from these sales will be used for their annual banquet which will be held later in the school year.

Officers who attended were Diane McMeekan, Treva Montgomery, Cindy Steffens, Belya Becker, Candy Brown, Jimmie Boyd, Anne Ayers, Esmeralda Pena, Diane Jaynes, Mollie Mitchell, Donna Alspaugh and Betsy Bryant, Advisors, Mrs. Crume and Mrs. Ferris, also attended.

BAZAAR HELD--Daughters of Pioneer Study Club held its annual Christmas Bazaar Wednesday to raise funds for academic sweaters. A member, Mrs. Howard Hoffman, is showing a Christmas tree skirt made by Mrs. Leroy Holt out of white and green felt and sequins, to Mrs. Fred H. Schmidt, left, and Mrs. Clark Self, Jr., right. Entertain for Lunch  
Mold tuna salad individually and serve with cucumber dressing, assorted bread and butter sandwiches. Top sponge cake with orange sherbet for dessert.  
Creamed crab meat and shrimp in small individual shells can be baked to go with slivered green beans and assorted relishes. For dessert try a steamed date and nut pudding with ice cream sauce.  
Make tomato aspic in small "rings" and serve with chicken-almond salad, thin nut bread sandwiches and an angel food cake topped with strawberries and whipped cream.  
Tomatoes can be stuffed with ham-riced and baked to go with eggplant or broccoli. Serve an autumn fruit salad and assorted cookies for the finale.  
Teenagers will enjoy a lunch of frankfurters in beef barbecue sauce and a bowl of iced relishes. Dessert's easy with caramel apples.  
Men gathering on the weekend will enjoy raiding the refrigerator with make-your-own stacks of corned beef, salami, cheese on pumpernickel bread. Let them have frozen fruit salad as a salad-dessert.

# Bale Count Nears 11,000

I don't have too much news for this week outside of what has been going on at school. I guess everyone is too busy getting out their cotton to be going any place or to invite company over.

**BALE COUNT**  
I called the four gins in this community to see how much cotton they had weighed in up to now. Acuff Co-op has 6,140; Canyon has 2,400; Robertson, 1,250; and Midway, 1,200. We have been a busy little community, haven't we?

**PANCAKE SUPPER**  
Don't forget Friday night! The pancake supper will start at 5:30 so that you can get through eating and listen to the band concert or go to the auction. We hope that most of you adults will want to go to the auction and do a little bit or a Whole Bunch of buying.

**AUCTION**  
They will have just about any kind of article that you could use, and wouldn't this be a real good time to do some of your Christmas shopping and kill two birds with one check! The pancake supper is only 50¢ a person. Now, you'll have to look a long time to feed your family that cheap. See you there?

Judy Reasoner is in Truth or Consequences, N. M. for some more treatments, Charles

Mullins is also up there, and Mr. and Mrs. Jake Darby have just returned.

Bobby Mimms is home after what seems like a year in the hospital to her and her family. We hope that all the tests turn out OK, Bobby, and you will be as good as new.

**NHS HAS PARTY**  
The National Honor Society of Roosevelt honored their new members with a party in the home - making department last week. The new members welcomed into the club were Carolyn Goode, Juan Gaona, Ray Campbell, Carla Crumley, Wendy Cromer, Wynnda Woolley, Marsha Belcher, Kathy Walter, Elaine Reynolds and Wanda Turman.

Miss Frances Weeg took her English III and IV classes to see the play, "Richard the III" Monday night. The play was held in the University Theater on the Texas Tech campus.

**4-H MEETING**  
The Roosevelt 4-H club had their regular meeting in the community clubhouse Monday night. Twenty members and 10 adults attended. The program, "Christians and Leadership" was given by Bro. A. L. Tompkins, pastor of the Acuff Church of Christ. A plaque was presented to Jimmie Davis, an adult leader of the group, for his outstanding work with the

club.  
The annual 4-H banquet will be held in Lubbock this Saturday night. All members who turned in a record book are eligible to attend.

The next meeting will be the Christmas program, and each one who attends will bring a gift for the gift-exchange party.

We are very proud of our 7th grade football boys who won district last week. As soon as the picture is available, I hope to get it in the paper along with their winning scores. See You Next Week?????

## Civics Clubs At St. Joseph Receive Official Charters

The Chi Rho and Stars and Stripes Civics Clubs of St. Joseph School this week received official charters from the Commission on American Citizenship in Washington, D. C. The Charters formally recognize affiliation of the local units with the national organization at the Catholic University of America.

During 1966-67, the 7th and 8th grade students who comprise membership of both groups will examine the problems of the apathetic citizen; air and water pollution; urban and rural slums; delinquency; and other problems as the Catholic Civics Club theme, TARGET: YOUR FUTURE is developed.

These two organizations are among thousands of Catholic Civics Clubs chartered in the United States for the express purpose of developing informed responsible young citizens.

Club members get help in planning and executing club projects through monthly articles in Young Catholic Messenger, national current affairs weekly for students in grades 6-9.

Some of the projects undertaken by the local groups during this year include the sale of Christmas cards in an effort to keep Christ in Christmas; saving cancelled stamps for the missions; panel discussions and debates on current events; and the sharing of current events magazines with needy students.

Sister Mary Angelita is moderator for the Chi Rho group, while Sister Elena Marie serves as moderator for the Stars and Stripes Civics Club.

## Slaton Scottish Rite Event Set

The Slaton Scottish Rite Association will hold a charter presentation dinner at Bruce's Restaurant Monday at 7:30 p.m. Members and wives are invited to the special dinner. Officials will be in Slaton to formally present the association's charter.

DABBS INJURED Last Friday night was a pretty sad night for all the Southland fans and friends who attended the football game between Wellman and Southland. First of all, David Dabbs received a serious neck and back injury and had to be taken to Methodist Hospital, where he is still confined and probably will be for a while. The doctors will probably decide one day this week if David will require surgery or not. We are all hoping and praying that he won't and that he will get to come home before too long. Then we lost the ballgame to top it all off. The football season is now over and the boys will start practicing on their basketball. The girl's basketball team played Slaton last week in a practice game. We only have nine girls going out for basketball this year and one of them, Karen Melcher, got her knee hurt in the practice game last week and won't be able to play ball for a couple of weeks. Martha and Larry Wilke visited in our (the Edmund Wilke) home on Sunday. Dillard Dunn is still confined in Methodist Hospital, Lubbock. TOURNAMENT SET Southland will be host to a junior high basketball tournament on Thursday, Friday and Saturday nights of this week. Come on out and watch some good games! Mrs. J. E. Day from Muleshoe is visiting in the home

of Mr. and Mrs. H. C. Dunn. Mrs. Day is the mother of Mrs. Dunn. On Saturday, Mr. and Mrs. Dunn and Mrs. Day attended the funeral of Mrs. Katie Phifer at McAadoo. Mrs. Phifer was the aunt of Mrs. Dunn and was 84 years old. Mr. and Mrs. Robert Becker and children from Brownfield visited in the home of Mr. and Mrs. Willie Becker during the week-end. On Sunday, Mrs. Robert Becker and her mother, Mrs. Buchanan, visited with Jack Buchanan who is confined in the hospital at Big Spring. CORRECTION One Correction from last week: Kathy Long was also a guest at the party given in honor of Janet Belk, Connie Abshire, and Laura Bevers. Sorry we left your name out, Kathy. Mr. and Mrs. Joseph Sireno and children from Galveston and Mr. and Mrs. E. L. Belk from Levelland spent Sunday visiting in the home of Mr. and Mrs. Elmer Belk and children. Mr. Elmer Belk and Mrs. Sireno are brother and sister. Mrs. Janie Abshire was bitten by a spider about a month ago and is having quite a bit of trouble with her leg. Mrs. Abshire's mother and a brother are both in a hospital in Arkansas. Looks like when it rains it pours. We hope that all of these people will soon be well again. P. O. SURVEY A number of patrons of the Southland Post Office will find livestock survey cards in their post boxes on November 20. "Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster Jim Mason explains. Cards are distributed at random among patrons having livestock and poultry, so this means that not every box will get a card. Mr. Mason says, "for this reason, it's important for everyone who gets a card to return it filled out so that the USDA can get a true sample of the State's livestock holding." Facts and figures secured

in this survey are the basis for the Texas and National pig crop report and inventories of the livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions. Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio and television.

American Legion Meets Tonight

Dickie reminds all legionnaires that the regular monthly meeting will be held tonight at 7:30 in the American Legion Hall with Chili being served following the meeting. Time for activity night has been changed from 8 to 7:30 p.m. each Monday night in the American Legion Hall.

LION CHILI DESSERTS--Slaton Lions Club members Arvin Stafford, Johnnie Moore and Glen Akin (left to right) were serving up lots of chili Friday night at the Lions Chili Supper here. 61 COTTON ORGANIZATIONS OFFICIALLY ENDORSE FARMER PLAN TO SAVE Cotton Markets, Acreage, Profits

Research And Promotion Proposal Draws Beltwide Acclaim

Rarely has a plan been so widely acclaimed as the present self-help program by cotton farmers to prevent the makers of synthetic fibers from continuing their grab of cotton markets.

Sixty-one cotton organizations and thousands of growers have put their stamp of approval on the plan. Both in and out of the Belt, the press is praising cotton farmers for their positive and sound approach to solving their big problem--how to get more cotton used.

We Compliment Cotton Farmers For Their Self-Help Efforts

The plan enables farmers to vote on establishing a uniform assessment of \$1.00 per bale for expanded research and promotion. These are cotton's one great hope--the same tools the synthetics are using against it. Today cotton's handicap in research is 5 to 1. In promotion it is 16 to 1. Cotton's carryover is the largest in history--acreage the lowest since 1872.

Support Will Measure Up To Any Section Of Belt

The comeback plan originated with cotton farmers. It will be directed and controlled by them. We are confident support in this area will measure up to that of any section of the Belt.

We recognize that cotton is the economic lifeblood of our business and our community. We are happy to offer any assistance we can give our farmer friends as they work for approval in the referendum.

FISHER, HARLAN SCORE IN 14-10 DEFEAT

# Tigers Tumble In Final Game

BY SPEEDY NIEMAN

A "winning season" eluded the grasp of the Slaton Tigers Friday night when the visiting Morton Indians banded together and ended a season of frustration by whipping the Tigers, 14-10.

The Tigers -- apparently "flat" after the Post game -- didn't play their best game of the season by any means, but then neither did the Indians look like a team that had won only one other game all year. The Indians were determined

to win the last game, and they apparently wanted it a little more than did the Tigers. Morton came from behind twice, then stopped a Tiger drive at the Indian 6 late in the contest to nail down the triumph.

Tiger scoring came on a 12-yard run by Charles Fisher in the first period and a 21-yard field goal by Steve Harlan in the third stanza. The field goal gave Slaton a 10-8 lead, but it didn't stand up.

The loss left Slaton with a 2-3 record in District 4-AA play and tied them with Morton for third place. The Tigers were 4-5-1 for the season, although the tie with Idalou could be counted a victory on penetrations and make it a 5-5 reading. Morton was 2-8 on the season.

The Tiger line, outcharged most of the night, gave up 227 yards rushing -- a total matched only by Denver City this season. Slaton had only 134 yards rushing. Morton had 19 first downs to just 9 for the Tigers.

Slaton marched all the way to paydirt the first time it got the ball, moving 58 yards in 9

plays to take a 7-0 lead. Then the Tigers showed their toughness on defense, stopping the Indians on the 1-yard line following a 54-yard drive by the visitors.

But, when the next two Tiger drives failed to materialize, the Indians moved forward. Morton moved 64 yards and pulled into an 8-7 lead with 22 seconds left in the first half. And, with the aid of some confused officials, the Indians threatened again in the remaining ticks of the clock.

Slaton moved out front again in the third period, marching 51 yards to the Morton 3 before the Indians held. Facing fourth and three, the Tigers went for the field goal and Harlan booted it through from the 11 -- a kick of 21 yards.

Morton came roaring back with a 63-yard drive for the winning touchdown, which came two plays deep in the fourth period. Quarterback John St. Clair climaxed the drive, carrying four straight times from the 18 to put the ball across. A running attempt for points failed.

A fumble stopped one Slaton drive, but the Tigers got a break by recovering an Indian fumble on the Morton 35 with about 3 minutes left. Fisher and Doyle Ethridge jarred the ball loose with smashing tackles, and Dale Harris recovered. Jim Williams hit Larry Allison on a crucial fourth-down pass to keep the drive alive, gaining 15 yards. However, a fourth-and-one play from the six failed when Fisher was stopped for no gain.

The Indians took over with 1:50 remaining and ran out the clock.

Fisher was the big ground gainer for Slaton with 76 yards on 20 running attempts. Larry Pickens got 33 on 7 rushes; Williams had 17 in four carries, and Ethridge 8 on three runs.

Ethridge and Joe Olague were defensive standouts for Slaton. Coach Davis was critical of one official in the game, but made it clear this was not the reason Slaton lost. Davis complained that the official penalized the Tigers twice simply because one of the players called out defensive signals -- a standard procedure for all teams.

A controversial kickoff play just before the end of the first half also had Slaton fans, Davis -- and perhaps even some of the

officials wondering what was going on. Slaton drew five penalties for 45 yards in the first half. Morton one for five. Officials watched the second half without throwing a flag.

Slaton penalized 5 before kickoff then offsetting penalties on first kick. Second kick recovered by Morton and Slaton penalized 15 to Tiger 26. St. Clair no gain at right end, St. Clair's long pass incomplete, Ethridge defending, St. Clair pass incomplete, Pickens making tackle as ball thrown.

THIRD QUARTER

Gandy returned kickoff 21 yd. to Morton 39. Harvey 2 and Tanner 1 up middle, St. Clair 4 at right end, and 4th-down pass by St. Clair incomplete.

Slaton took over on Morton 46. Fisher 9 at right side, then 3 for first down on 34, Pickens 6 at left end, Fisher 3, then 4 off right side for first down on Morton 21. Pickens 3 at right side, Fisher no gain then 11 at right end and first down on 7. Fisher 1 at left side then 1 at right side, Pickens 2 at left end. On 4th and goal from 3, Harlan kicked field goal from 11 (good for 21 yd.), 10-8 with 4:03 left 3Q.

Waters returned kickoff 12 yd. to own 37. Gandy 16 up middle, Tanner 6 at right side, Harvey 1 up middle, Tanner 2 up middle and, on 4th and 1, Gandy 4 at right side, Harvey 16 at right end for first down on Tiger 18. Ethridge returned kickoff 17 yd. to Tiger 42, Pickens 3 at left end but fumbled and Morton recovered on Slaton 45. Gandy 2 up middle, Harvey 2 at right side, St. Clair passed incomplete as Washington deflected, Gandy punted 19 yd.

Fisher 2 up middle, then Williams got 15 after looking for pass receiver, Fisher 2 at left side, Allison missed diving attempt for Williams' pass, and long pass for Washington fell incomplete, Ethridge punted 26 yd. and Joyce returned 5 to Morton 35.

Gandy no gain up middle, St. Clair 2 at right end, Joyce no gain and Fisher knocked ball loose, Harris recovered for Slaton on Indian 35.

Fisher 4 then 1 off right side, then Williams' pass too high for Allison. On 4th and 5, Williams hit Allison up middle for 15 and first down on Morton 15. Fisher got 1 then 4 at left side, Ethridge 4 at left tackle, but Fisher stopped short on 4th down try.

Morton took over on 6 yd. line with 1:50 left. Gandy 9, then Tanner 1 at right side for first down, Gandy 20 at right end, Brush saved possible touchdown, Harvey 6 at right side, St. Clair 9 on keeper, and fell on ball as game ended.

ETHRIDGE SNARES ONE--Halfback Doyle Ethridge had just taken a pass from Williams when this action photo was made at Friday night's Slaton-Morton. Ethridge made 20 yards on the play which started the Tigers toward their only down of the night. Morton won the final game, 14-10. (SLATONITE PRESS)

WATCH THAT INDIAN!--Slaton halfback Larry Pickens (11) picked up a short around end before Morton guard Billy Smartt (62) came in for the tackle in Friday night's final game at Tiger Stadium. Morton tied for the third with Slaton in District 4-AA by upsetting the Tigers, 14-10. (SLATONITE PRESS)

### Tech Winds Up Against Hogs

LUBBOCK -- University of Arkansas' pace-setting Razorbacks and the Texas Tech Red Raiders conclude the 1966 season in Jones Stadium at 2 p.m. Saturday.

Texas Tech is leading the Southwest Conference in total offense, and Arkansas is the top defensive team in the conference.

Arkansas has a habit of being stingy with such leaders, however. Last week the Southern Methodist Mustangs were leading the conference in total offense, and the Razorbacks limited them to about half of their usual yardage--just 185--in blanking the Mustangs 22-0. Texas Tech had its troubles with Baylor, bowing 29-14.

Further complicating Tech's task against Arkansas is the fact that Mike Leinert, the Raiders' leading rusher and second leading receiver, is sidelined with a sprained ankle suffered

on the opening kickoff against Baylor. On the brighter side, the Red Raiders may have for the first time in three games offensive guard Ronnie Pack, held out with a kidney infection.

Arkansas is 8-1 for the season, 5-1 in conference play. The Red Raiders are 3-6, 1-5 in the conference.

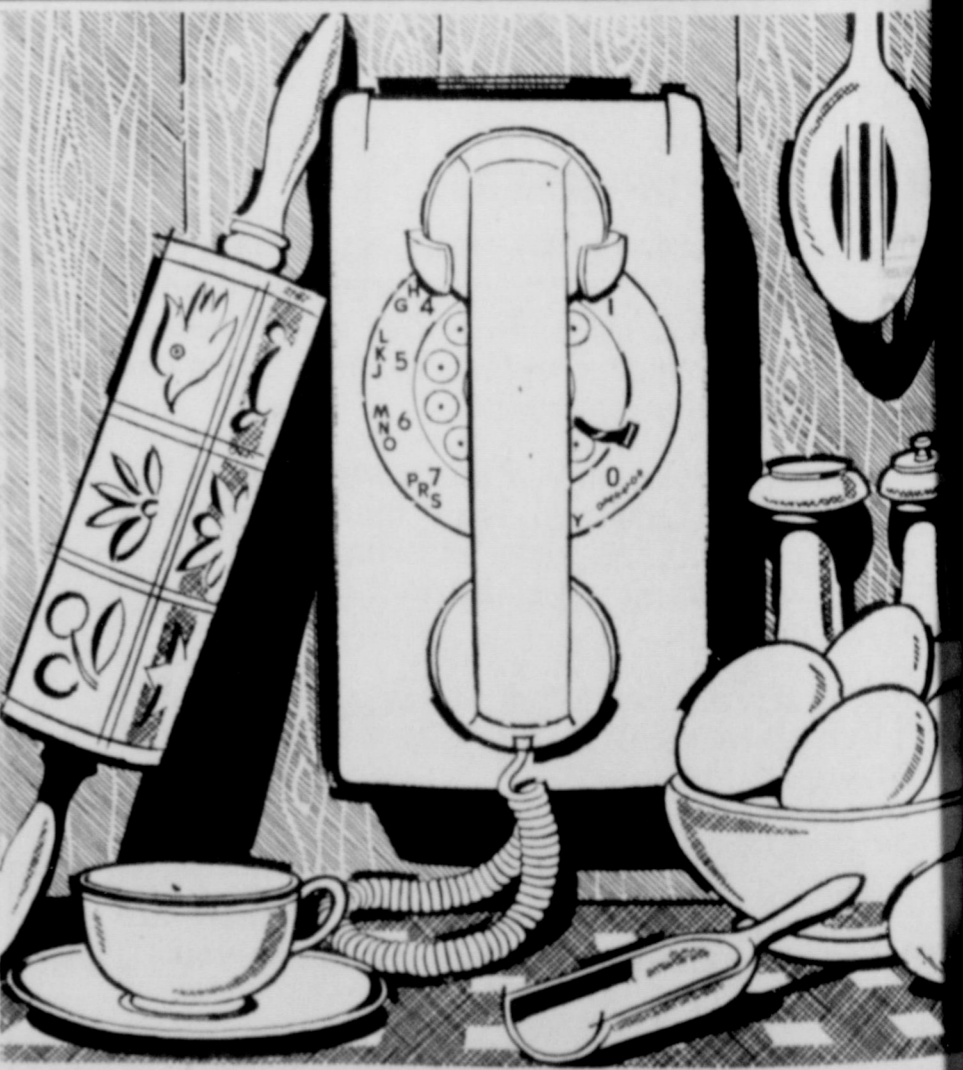

A crowd of about 35,000 is expected.

### Men Return From Vietnam

St. Joseph's Cagers Win At Cooper

Both the boys and girls basketball teams from St. Joseph School came out victors Monday night in their first interscholastic games of the year against Cooper. The girls team, stalling the ball in the final seconds of the game, left the court with the scoreboard reading 17-16. Susan Kahllich, forward, accounted for 14 of the 17 points for Slaton. The other three were made by Nadine Mourer, also a forward. Other members of the team were Janice Buskemper and Cecelia Eckert, forwards; Carlene Loke, Carol Mosser, Marsha Kitten and Janice Gaydos, guards; and Martha Pionka, Ruth Melcher and Joyce Heinrich, substitutes.

Quail Season In Good Start

SAN ANGELO --- Quail seasons opening in November in many Texas counties get off to a booming start, thanks to the early cold weather that wilted weeds and grass stands, according to the Texas Parks and Wildlife Department.

Bird dogs, sensitive though their noses may be, are unable to separate the many smells of nature when vegetation is rank and green. Now Jack Frost has killed most of the outdoor odors and dogs will be able to locate bobwhites with regularity.

Reports from game wardens in the Lower Plains of Texas indicate the 1966 season will be one of the best quail hunting seasons since the red-letter years of 1958-59.

Sandhill Cranes Take It Easy

LUBBOCK --- Sandhill cranes, resting and feeding peacefully west of Lubbock and Big Spring, have had little or no hunting pressure exerted on them during the early part of the Oct. 29 - Nov. 27 hunting season, according to District Chief Ted Wheeler, of the Texas Parks and Wildlife Department.

Wariness on the part of the cranes and apathy on the part of sportsmen have made West Texas a very enjoyable place for sandhill cranes to spend the early fall months.

New Home Falls To Meadow

New Home lost its last football game of the season to the Bronchos of Meadow, 39-0, Friday night at New Home.

The Bronchos scored six touchdowns with Terry Jones hitting from two - yards out, Jim Wilkes for five - yards out, and Butch Tomgate from the one-yard line. Wilkes also kicked three extra points.

New Home is 1-8 in season play for the year, winning their only ball game from the Cooper Pirates.

Other information provided, in addition to who, what, when, and how much, is the availability of telephones and pack animals.

### Doubt Not

"But let him ask in faith, with no doubting, for he who doubts is like a waverer of the sea that is driven and tossed by the wind." -- James 1:6

If trouble is your lot, do not despair and floundered upon the sea of hopelessness. Look up, have faith. Believe that God has not deserted you. Build a strong attitude toward your problems, toward doing something about them. Don't wait. Hope, do not despair.

Put forth some effort before you know it you will somewhere find a ray of sunshine.

## Bailey Cited For Outstanding Service In Viet Nam

CPL GARY L. BAILEY

...enting the NAVY COMMENDATION MEDAL to LANCE CORPORAL GARY L. BAILEY, UNITED STATES MARINE CORPS for service as set forth in the following:

**CITATION:**  
"For heroic achievement while serving as a Crew Chief with Marine Medium Helicopter Squadron 164 in connection with operations against insurgent communists (Viet Cong) forces in the Republic of Vietnam on 15 July 1966. During Operation Hastings, LANCE CORPORAL BAILEY'S aircraft was involved in a mishap with another helicopter in flight and was forced to land in an insecure zone. The severe vibrations which followed caused the aft pylon to break off, and the fuel soaked engines fell to the aft ramp, pinning two Marines under them. Knowing that the aircraft could burst into flames at any moment, LANCE CORPORAL BAILEY quickly went to the aid of his comrades, pulling them free and carrying them to safety. He then returned to the helicopter and removed weapons and classified equipment to another helicopter while a sporadic sniper fire was being received in the zone. An hour later, he returned to the area as a member of a maintenance salvage crew to recover usable parts from the wrecked aircraft. While his helicopter was leaving the zone another aircraft in flight was forced down by enemy fire. When LANCE CORPORAL BAILEY'S aircraft landed to assist the downed crew, he ran through heavy enemy fire to the damaged helicopter and aided in the recovery of weapons and classified equipment. Two hours later, he was assigned to a second maintenance crew sent to repair a damaged aircraft. As the aircraft's rotors were engaged for testing upon completion of repairs, Viet Congs in the area directed intense fire at the repair crew and the helicopter. LANCE CORPORAL BAILEY and four other Marines valiantly defended the area, holding the Viet Congs at bay for more than an hour until helicopter pick up could be made. By his initiative, determination and resourcefulness under extremely hazardous conditions, LANCE CORPORAL BAILEY upheld the finest traditions of the UNITED STATES NAVAL SERVICE."

Rawlins High School in Rawlins, Wyo., while living there with his brother, Douglas Glenn Bailey. He graduated in 1963 and joined the Marines in October, 1963.

Since last February when he was transferred to Viet Nam, he has been on 116 combat missions. He is due a furlough back to the United States and Slaton in March.

## The Star Of The Show

As the family sits down to Thanksgiving dinner, all eyes are on the turkey. To make sure this golden-brown holiday bird tastes as good as it looks, use Ac'cent to wake up all the sweet, delicate flavor of the meat and make it seem juicier, too. And here are some stuffing variations that will add an exciting touch to your Thanksgiving menu. By using 1/2 teaspoon of Ac'cent per pound of turkey, you will have enough to use in the stuffing and gravy, too.

### Basic Turkey Stuffing and Variations

- 1/2 cup butter or margarine
- 1 cup chopped celery with leaves
- 1/2 cup chopped onion
- Ac'cent (according to size of turkey)
- Water
- 2 packages (8 ounces each) prepared stuffing
- 1/2 cup chopped parsley
- 1/4 teaspoon each basil, rosemary, and thyme

Melt butter in large skillet; add celery and onion and cook until tender but not brown. Sprinkle with Ac'cent. Add water called for in packaged stuffing directions. Bring to boil. Add stuffing and herbs; mix lightly.

**YIELD:** Approximately 3 quarts, enough for 12- to 16-pound turkey.

**Oyster Stuffing:** Substitute liquor from 1 pint oysters for part of water; add 1/2 teaspoon Tabasco. Coarsely chop oysters and add to stuffing mixture.

**Orange Stuffing:** Add 1 tablespoon grated orange rind and 2 cups diced Florida orange sections.

**Mushroom Stuffing:** Cook 1/2 pound mushrooms, sliced, with onion and celery. Or substitute liquid from 6-ounce can mushrooms for part of water; add mushrooms to stuffing mixture.

**Pre-Pay Coin Phones Planned**

Effective Tuesday, Nov. 22, all public telephones in Slaton will be converted from the present post-pay method to the pre-pay telephones, Bob Davis, telephone company manager said. Davis said at the present time, customers using public telephones dial the number they want first, then deposit a dime when they receive an audible signal--which signals that the called telephone has been answered.

When the new coin telephones go into service on Nov. 22, customers will deposit a dime first and will then receive a dial tone. When the called number is busy or does not answer, the dime will be returned when the customer hangs up, according to Davis.

Basketball officially makes the scene here Friday when the Slaton Tigerettes host the New Home girls in varsity and B-team games starting at 7 p.m. in the junior high gym.

The Tigers make the switch from football to basketball next Tuesday in the local gym, hosting Lockney varsity and B-team in games starting at 5:30 p.m. The Tigerette varsity plays in the first game.

Coach Kenneth Housden makes his debut as head basketball coach when the Tigers start play next Tuesday. Coach Gay Ivey returns as director of the Tigerettes.

**Forcing Bulbs**  
When forcing bulbs this winter, keep each variety together in the same clay pot, as expert Holland and U.S. growers do. A six-inch clay azalea pot will hold six tulip bulbs, three large daffodil bulbs or three hyacinths. Set each type of bulb so that at least half is covered with a proper garden soil mixture.

**\$350 More Given For Youth Center**

Tiger Town representatives met Monday night to discuss possible conditions for obtaining a youth center.

The group voted to contribute \$350 to the cause, making a total of \$1,390 that Tiger Town has raised and given so far. Tiger Town representatives urge every parent and student to get behind this project and reach the needed goal to obtain a building.

Anyone wanting to donate to the project may call Mrs. Bob Ayers or any Tiger Town representative.

The group decided to sponsor a dance Friday night at the VFW Hall with the Majestics furnishing the music. The dance will begin following the basketball game and continue until midnight.

**County Records 28 Accidents During Month**

The Texas Highway Patrol investigated 28 accidents on rural highways in Lubbock County during the month of October, according to Sgt. C. C. Guthrie, Highway Patrol Supervisor of this area.

Those crashes resulted in 2 deaths, 27 persons injured, and an estimated property damage of \$29,688.

The rural accident summary for this county during the first ten months of 1966, shows a total of 385 accidents resulting in 15 persons killed, 250 persons injured, and an estimated property damage of \$321,008.

Get the jump on the winter months by having your vehicle safety inspected by an authorized garage to assure its safe mechanical performance. Then have your car "winterized" by checking the following items: anti-freeze in radiator, battery, and engine tune-up, brakes, exhaust system, tires, windshield wipers, lights, turn signals, horn and defrosters. For an extra measure be sure you have ice scrapers, snow tires or tire chains.

The sergeant stated, "Today's inspection is tomorrow's protection."

The November 1 cotton production estimate for the 23 High Plains counties represented by Plains Cotton Growers, Inc., dropped to 1,418,250 bales from the 1,585,000 bales estimated on October 1, a drop of 10.5 per cent.

The freeze which hit most of the northern and western sections of the Plains on October 13 is given blame for the reduction. Normal frost or freeze date for the area is about November 5 and the first cotton - killing weather often holds off for another two or three weeks beyond that time.

The 23 - county cotton estimate is jointly compiled each year on the first of every month by the Lubbock Cotton Exchange and Plains Cotton Growers, beginning August 1. The final estimate is issued on December 1, at which time the harvest is ordinarily just getting into full swing.

This year, however, with reduced acreage and the early freeze, most observers expect to see at least half of the crop taken to the gin before the final estimate is made. The harvest, weather permitting, will be virtually complete in much of the area hit by the first freeze.

Cotton over the entire Plains was killed by freezing weather by November 1 this year. Suffering most severe damage from the freeze, percentage-wise, appears to have been Bristow County where almost all crops were abnormally late as the result of hard, blowing rains and hailstorms last Spring. Production in that county is now guessed at 11,000 bales, down over 31 per cent from the October 1 estimate of 16,000 bales.

Swisher County's loss, estimated at 25.5 per cent is close behind. The production guess remained constant from October 1 to November 1 in only five of the 23 counties -- Dawson, Dickens, Garza, Howard and Lynn. No county came up with an increase.

Not enough of the area's cotton crop has been classed to date to give any clear indication of what the overall quality may be, according to Donald Johnson, Executive Vice President of Plains Cotton Growers.

Johnson says the first PCG Quality Report, published every two weeks during the harvest season on the Plains, is now scheduled for November 16 and will cover cotton classed through November 11. The re-

port covers all major quality characteristics of the High Plains crop, including elongation and strength, neither of which are factors covered by the Cotton Classing Division of USDA. Both, however, are significant in determining the spinning value of cotton.

According to an estimate from the Cotton Classing Of-

ice, the first report should cover approximately 100,000 bales.

Through November 3 classing offices at Brownfield, Lamesa and Lubbock had classed a total of 38,612 bales of the 75,512 samples received from area gins.

Classing delay, according to Norman Sloan, market news director at the Lubbock office, is the result of this year's crop being almost a month early on the Plains and from two to three weeks late in other parts of the cotton belt.

He points out that this area usually gets its peak - load classers in late November or early December. By that time, normally, other parts of the cotton belt have passed the peak

of their harvests and can release classers for the Lubbock area offices.

About twice as many classers are needed in the area as are available, Sloan says, but he doesn't expect this situation to persist for long.

New classers are arriving almost daily, and it is expressed that from 60 to 80 will be on the job in the area by November 15.

Only 58 per cent of the cotton classed on the Plains in the week ended November 3 had micronaire readings of 3.5 and above, dropping from 76 per cent the week before when most of the cotton coming in was hand harvested.
