Ball Workouts to Begin 19th; First Game on 6th

First 1963-64 workouts for the Slaton Tigers is just 11 days away, reminding that school days, football games and fall weather cannot be far behind!

Coach "Bing" Bingham has issued call for the football hopefuls to report Monday, August 19th, at 6:30 a. m. for their initial session, twice-a-day workouts the rule thereafter.

Bingham again will head the coaching staff at the Slaton schools, assisted football-wise by Fred Weaver, R. G. Copeland and one newcomer, Don Macon. The new assistant comes from an assistant coaching position at Matador, and replaces Tommy Lacey who resigned to go to Ralls.

Competition for all starting spots is expected to be keen, Bingham has forecast in a pre-season observation. Some 50 boys are expected to report for football, with only 10 lettermen from last year returning.

Eight starters from last year have been lost via the graduation route or by having moved from the community. Missing are Teddy Hatchett, center; Paul Dubbs and John George, guards; Robert Hoffman and John Floyd, tackles; Keith White, end who has moved from Slaton; Steve Ball fullback; and Gregg Nowlin, halfback.

Four Juniors and six seniors are among the returning lettermen. Slaton players and fans alike are believed favored in the sea-

son schedule just announced. The first two games will be played on home soil, and all conference encounters come at season end.

First game is again Petersburg, here, on September 6th.

Coaches Bingham and Weaver are in Houston this week attending the statewide Texas High School Coaches Association school, where more than 3500 coaches were expected to report for extensive study.

SCHEDULE

Nov. 1, Denver City	*(H)
Nov. 8, Frenship	*(T)
*Conference Games.	

Transportation Study of County And Lubbock Alloted \$165,000

An urban transportation plan of fix future highway needs of Lubbock and Lubbock County was authorized by the Texas Highway Commission last Wednesday.

The Commission allocated \$165,000 for the first-year phase of the study. The study to be conducted by the Texas Highway Department will be subject to contribution by the city and county of Lubbock of 15 per cent of the total cost, \$24,750. Both the city and county had requested the study.

Development of a master highway plan for Greater Lubbock will provide information on which the routing, design and financing of freeways, expressways, and arterial streets within the

South Plains town may be better established.

Lubbock's will be the third comprehensive urban transportation study to be authorized for a single metropolis in Texas. First was Corpus Christi, second was El Paso.

New Manager Is Named For Phone Company Office Serving Slaton

DAVID BURCHETT

David Burchett, a commercial staff assistant for the Southwestern Bell Telephone Company in Lubbock, has been named manager for the company here. Burchett will succeed Kenneth Gar-

Water Use High; But Not Critical

Slaton water consumption in July totaled 35,849,000 gallons, a month-end report reveals, that figure some 3-million gallons above the comparable 1962 July use of 32,589,000 gallons.

No serious shortage has developed at any time, according to S. H. Fleming of the water department, with adequate supply and pressure at all time for normal usage and fire needs.

Average daily consumption for the 31-day period has been 1,124,000 gallons, with the peak day on Wednesday, July 24th, when 1,744,000 gallons went through the outlets. This peak was reached after a prolonged period of high day and night temperature readings.

With the hot weather still continuing, average daily use since the first of August has been near and above the July average, but still setting no records. Each week-end has been marked by decreased consumption.

The city has 23 wells available at this time, with about 15 of them in current use, Fleming states.

By-Pass Construction Commences Monday

First traffic barricades necessitated by Highway 84 construction in the Slaton-Southland vicinity are scheduled to be placed August 12th, J. O. Boswell, con-

tractor, told a group at the Slaton City Hall Friday.

Representatives of the Texas Highway Department joined with Boswell in emphasizing that very

little inconvenience would be imposed upon motorists at any time during the 300-working day construction period. Present highway ways will be used without interruption during the construction.

First construction activity will be at the northwest corner of the Slaton townsite, the overpass fill and adjacent areas been first item on the schedule. New construction will continue on one lane to Southland, then re-building and re-covering the existing highway will be completed. The one overpass on the blue prints will accommodate southbound traffic into Slaton, then northbound through traffic going underneath the structure. When completed, the project will provide a 4-lane divided highway around Slaton, on to Southland.

Present at the Friday session were Julian Smith, resident engineer; District Engineer Crain; Assistant District Engineer Tucker, designing engineer; Tom Gates, chief inspector; Ray Sherrod, maintenance foreman, Lubbock County; Joe Williams, Lynn and Garza Counties maintenance foreman; Dave Midkiff of the Texas Highway Department; H. B. Reeves of Parkhill-Smith & Cooper, engineers; Mayor Jonas Cain, Police Chief Joe Martin; Contractor J. O. Boswell; Project Supt. Fred Hagler; Sgt. Guthrie of the Texas Highway Patrol; and newspaper and radio representatives.

KEY FIGURES IN THE HIGHWAY CONSTRUCTION slated in the Slaton vicinity for the next several months are (l. to r.): J. O. Boswell, contractor; Julian F. Smith, resident engineer with the Texas Highway Department, Post; and District Engineer Crain of the Lubbock Highway office.

Budget Approved

Local Teachers Elected for Year

Sixteen new teachers to the Slaton school system were elected in regular session of the school board Tuesday night, and the contracts of 71 returning faculty members were approved.

Newcomers in the faculty ranks include Mrs. Lou Collins and Mrs. Eddy E. Landers, high school homemaking; Don Macon, high school mathematics and coaching; and John Shedd, high school, distributive education.

West Ward: Annette Holman, 4th grade; Jane Flemons, 4th grade.

Stephen F. Austin: Jane Ames, 4th; Jackie McElfresh, 2nd; Georgia Perkins, 3rd; and Mary Rollins, 1st grade.

Junior High: Judith Glass, music; and George T. Martin, mathematics.

Evans: Ruby Daniels, music; John Morrison, science; and Marie Lumel and Dorothy Rohn, elementary.

Band Uniforms

In other action the board voted unanimously to purchase us to 12 new band uniforms to complete the uniform needs in that

department. The local band has received the signal honor of invitation to perform at the State Fair in mid-October, and plans are underway to assure this trip. Cost of uniforms is estimated at \$90.00 each.

Report was made by Dr. Lee Vardy, superintendent, that the Stephen F. Austin addition should be completed between the 15th and 20th of this month.

Two-year renewal of depository bond was authorized.

Dr. Vardy reported on results of school aptitude tests given last year, the local school revealed to be well above national average on such tests. With 50% as the standard against which local students were judged, the local tests showed 78% on the verbal phase, 70% on mathematics.

Present at the board meeting were Board President Dr. Don Hatchett, members Ayers, Heinrich, Martindale and Arrants, and Superintendent Vardy.

PROPOSED BUDGET

The suggested budget for the school year 1963-64, as presented by Dr. Vardy, was accepted in toto by unanimous approval of the board in a special session immediately after the regular school board meeting.

Nine categories of expenditures were considered, budget proposal re-cap totals as follows:

Administration, \$25,000; instruction, \$443,700; health services, \$5,198; pupil transportation, \$13,200; plant operation, \$30,800; plant maintenance, \$10,200; fixed charges \$2,500; capital outlay, \$25,000; and debt service, \$78,550; providing the grand total of \$634,148.00.

Estimated receipts from all sources was tabulated at \$648,250.00.

Despite the hearing being advertised as an annual open meeting to discuss budget proposals, only parties appearing were Mr. and Mrs. John King, Debbie King, LaWanda Henry and radio and news reporters. Mr. King and Board Chairman Hatchett entered into lengthy discussion regarding paid publication of the proposed budget, with the board voting to refrain from such notice until further information on mandatory publication requirements could be secured. Mrs. Henry asked for further breakdown on budget items, together with a list of purposes and policies of the board.

New County H. D. Agent Is Named

Mrs. Mildred Patterson has been named Home Demonstration Agent for Lubbock County, her appointment finalized Monday morning at regular session of the County Commissioners Court.

The new agent, who will assume her duties on August 16th, replaces Miss Clara Pratt who recently retired.

Mrs. Patterson served as agent at Plainview during the years 1956 to 1962, has been county home demonstration agent at Brownfield, and for the past year has been with the Southwestern Public Service Company. She was presented to the Commissioners Court by Mrs. Aubrey Russell, district agent.

Salary for the agent is set this year at \$7,476, with \$4,608 of this to be paid by the state extension service and \$2,868 plus \$600 travel expense paid by the county. The county reserved right to adjust the salary in budget studies now underway.

Present for the Monday meeting were County Judge Bill Davis and Commissioners George Green, Arch Lamb, Les Derrick and Alton Brazell.

Lubbock Group Hosts Slaton Counterparts

Some 15 Slaton business and professional men will be guests of their Lubbock counterparts at a luncheon to be hosted by the Lubbock delegation Monday noon at Bruce's Restaurant.

Slaton is the first of several South Plains towns to be visited with the same type meetings sponsored by the Public Relations and Good Will Committee of the Lubbock Chamber of Commerce, according to announcement of John Whitcomb, committee chairman.

Whitcomb stated in announcement of the affair, "These meetings are an outgrowth of a suggestion made in a committee meeting several weeks ago. We feel that Lubbock businessmen have lost some of the personal touch with area businessmen that they once had. This committee hopes that through this continuing program we will be able to re-establish some of these lost contacts."

Annexation May Be Next Project

Annexation of additional tracts in Slaton City Limits may be accelerated by impending highway construction. The city is expected to give attention to annexation focused at the City Council meeting Monday when Harold Wilson and George Lemon appear to ask for sewer extension to the new highway right-of-way to the West Wilson area. A double-barrel request, developer and legal counsel that approximately 132 of Wilson land be brought into city limits to be zoned for commercial and residential construction.

It was pointed out at the meeting that sewer extensions to the northwest would be easier and cheaper before the paving is completed.

Estimated cost of putting sewerage on the highway was estimated by the Parkhill, Smith & Co. engineering firm at \$12,000. An alternate plan of extending the roadway and future on to 16th and Geneva in the next year or 18 months was promoted as acceptable.

Action was taken at the meeting on either the sewer extension or annexation, but Mayor Cain stated he would expedite the possible sewerage to cross the highway future development.

New Employees
Employment for the lately added employees was placed on commission records at the meeting. Dixie Johnson named as \$250 per month, Ray named custodian at \$190, Bobby Sokol hired at \$282. Clerk Motion also carried on as per diem basis as \$100. A typist, Mrs. Royce, was authorized employment on temporary basis at \$255. Haggard had request for employment of a typist.

Police Requests
Martin, chief of police, appeared before the group and asked officer Breedlove be promoted from patrolman to sergeant and given salary increase, and that two patrolmen be the force at an early

date. Breedlove's promotion was voted, and further action of the chief's recommendations was postponed until next regular meeting.

Finances

Haggard presented a financial report to date, revealing the following balances:

Specia laccount, \$3,730.00; sewer fund, 2,010.72; water fund, \$9,795.12; general fund, zero; and

cemetery fund, 1,938.83.

Haggard recommended that up to \$7,000 be transferred from the water fund to general funds, and Commissioner Davis made the motion that \$5,000 be transferred in such manner. Commissioner Bollinger seconded the move, and the motion carried.

An additional \$3500 was transferred from the water to general (See No. 1, Back Page)

Cotton Crop Prospect Good 'IF'

Careful Cost Study Advised On Late Planted Cotton, Agent States

CAN I AFFORD TO ADD \$\$'S TO LATE-PLANTED COTTON??
By Lee McELROY County Agricultural Agent
Managing to get maximum income over expenses from the

"A NORMAL CROP" is talked more and more in the area as cotton prospects have made optimists out of many local growers. County Agent Lee McElroy joins in keeping crossed fingers for a better-than-average crop, and says that the prospects for a real good harvest are entirely possible, with a number of "ifs" entering in. Early cotton in the vicinity now has blooms, and bolls are noted in several fields. Late cotton success will depend on hoped-for late frost.

Lyntegar Co-op Will Mark 25th Anniversary

The Silver Anniversary membership meeting of the Lyntegar Electric Co-op, Inc. has been announced for next Tuesday at Tahoka.

Registration will commence at 6 p. m. on the announced date at the Tahoka High School Football field. A barbecue will follow at 6:30 p. m., and a program planned at 7:30 o'clock.

Electric appliance awards in amount of \$750 will be given at the meeting.

The Lyntegar organization boasts 12,190 connections. Capital credits for the years 1948-49 were refunded to members only last Friday in amount of \$231,544.75, officials of the co-op have announced.

CONVENTION BOUND
Judge L. R. Gregory and Mrs. Gregory are to be in Fort Worth this week-end as local delegates to the Department Convention of the American Legion and Auxiliary.

Late-planted cotton will normally take 120 to 130 days from planting to the first open boll. June 10 planted cotton on an average year would have its first open boll around October 8 to October 18. Cotton planted on June 25 on an average year would produce open bolls around October 23 to November 2.

Cotton planting studies at Lubbock Experiment Station indicate an average of 739 pounds of lint was received from June 10 plantings, 499 pounds of lint from June 21 plantings, and 247 pounds of lint received from June 30 planting.

Faced with this yield potential, our cotton producers must keep close tab on dollars spent to produce late-planted cotton.

Under irrigated conditions, a small return above expenses can be received from June 21 and June 30 planting if and only if constant watch is maintained on timing of cultural practices.

General rules to follow on later-than-June 20 cotton planting are:
1. Don't irrigate cotton during the growing season more than one time. It may not require any additional irrigation water!

2. Keep a constant record of expenses in the crop. Don't let dollars spent get so high where you can't possibly break even.

3. Plan your crop to be mature around the first part of November. Our odds are that we will have a killing frost every other year between November 2 and 15.

For more details, contact your county Extension office.

EDITORIALLY SPEAKING

Observations and Potpourri

If a nation expects to be ignorant and free in a state of civilization, it expects what never was and never will be. . . where the press is free and every man able to read, all is safe.

—Thomas Jefferson

We pass the following along, not remembering the author or where we first read his musings, but we appreciate his philosophy.

"Big pleasures or great happiness are but the consumption of many little pleasures and deeds of kindness together, as a loaf of bread is many crumbs in the aggregate. Happiness is the art of finding joy and satisfaction in the little privileges of life; a quiet hour in the sun, instead of a faraway journey; a little outing in the woods, instead of a long trips away; an hour with a friend, instead of an extended visit with relatives; a few pages of a book, instead of hours of reading at a time; a flash of sunset, a single beautiful flower, a passing smile, a kindly word, a little gift bestowed anonymously, a little thoughtfulness here and there as the days slip by. These are the crumbs of happiness. Do not despise them, lest when the evening find you, you be a hungered and disconsolate."

Notice in the Morton Tribune where a contributor writes, offering his solution to the farm hand shortage in that area. Writing from northwestern New Mexico, the gentleman suggests that the locals look into the possibility of hiring he many unemployed Indians on reservations in New Mexico.

On the surface, the idea holds water — alleviating the labor shortage and also putting the Indians to work who have been quite an item on government expenditures via the subsidy route. And some Morton farmers are going to try out the Indian labor. We shall watch with jaundiced eye the results.

Of course we wish the best for all concerned, but we can remember some experiences of our own in this line.

Back in the early war years when labor, skilled and unskilled alike, was at a premium in the Texas-New Mexico area, we were saddled with the task of providing labor for construction of refinery, extraction plant and other oil facilities in an area of southern New Mexico and West Texas. And we, too, finally resorted to the Indian experiment. They arrived, with blankets, and after a few shifts they one by one became sick and asked for their termination pay. The "illness" became so widespread that we wondered if medical attention was needed for some kind of epidemic. Finally came one of the Navajos upon whom we had more or less depended, he also claiming sickness. So we asked just how he was sick.

The reply: "Me sick of the whole business!"

Better luck to you folks at Morton!

Wonders Never Ceasing

Even at a time when toothbrush people are making a bid for the tooth brushing market, along comes something that could eliminate their product.

A brushless toothpaste now is hitting the market, in tablet form. The tablets are about a half-inch in diameter and sealed individually in aluminum foil strips. You chew up the tablet and it produces an effervescent, mint-flavored foam which you swish through your mouth.

Then you spit it out or swallow it, either way you like it. This even beats the toothpaste for those who can't brush after every meal. Wonders never cease in this scientific age of ours.

—Oehltree County Herald

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1963.
SENATE JOINT RESOLUTION NO. 21 proposing an Amendment to the Constitution of the State of Texas, amending Sections 51-a and 51-b-1 of Article III so that the same shall consist of one Section, to be known as Section 51-a; providing that the Legislature shall have the power to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be deemed appropriate by the Legislature, for assistance to, and for the payment of assistance to:

LE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 51-a and 51-b-1 of Article III of the Constitution of the State of Texas be amended, and the same are hereby amended, so that the same shall hereafter consist of one Section to be known as Section 51-a of Article III, which shall read as follows:

"Section 51-a. The Legislature shall have the power, by General Law, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be deemed appropriate by the Legislature, for assistance to, and for the payment of assistance to: (1) bona fide citizens of Texas, and who are over the age of sixty-five (65) years, provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the Legislature shall prescribe the residence requirements for eligibility; provided further, that the maximum amount paid out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed Sixty Million Dollars (\$60,000,000)."

"(2) Neely individuals, who are citizens of the United States, who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not eligible for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; provided further, that no individual shall receive assistance under this program for the permanently and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Neely Blind, or Aid to Dependent Children, nor while he is residing permanently in any completely state-supported institution; provided that the maximum amount paid out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed Sixty Million Dollars (\$60,000,000)."

"(3) Neely blind persons who are bona fide citizens of Texas, and are over the age of twenty-one (21) years; provided that no such

assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"(4) Neely children who are actual bona fide citizens of Texas, and are under the age of sixteen (16) years; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds on behalf of such recipients shall not exceed the amount that is matchable out of federal funds.

"The Legislature shall have the authority to accept from the Government of the United States such financial aid for such assistance as such Government may offer on terms consistent with the restrictions herein set forth; provided, however, that the amount of such assistance out of state funds to each person assisted shall never exceed the amount matchable out of federal funds; and provided further, that the total amount of money to be expended per year out of state funds for such assistance shall never exceed Sixty Million Dollars (\$60,000,000).

"The Legislature may enact appropriate laws to make lists of the recipients of aid hereunder available for inspection, under such limitations and restrictions as may be deemed appropriate by the Legislature."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment providing for assistance payments to the (1) neely aged, (2) neely individuals who are permanently and totally disabled, (3) neely blind and (4) neely children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars (\$60,000,000)."

"AGAINST the Constitutional Amendment providing for assistance payments to the (1) neely aged, (2) neely individuals who are permanently and totally disabled, (3) neely blind and (4) neely children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars (\$60,000,000)."

Sec. 3. The Governor of Texas shall cause the necessary Proclamation for the election and the Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Notes from Neighbors

Events and Opinions

From the Exchanges of the Slatonite

In Support of Enthusiasm . . .

What's wrong with showing enthusiasm . . . laughing aloud at a good joke . . . cheering a parade . . . or saluting a flag (for showing patriotism is also a form of enthusiasm)?

We seem to be developing a whole country full of people who consider it "smart" to be bored . . . or, at least, to appear that way. This isn't confined to the younger generation, either . . . though the kids are quick to label any public show of emotion as "corny".

How do we get this way? A fellow newsman advanced the opinion the other day that television and the movies are to blame . . . mostly television . . . and this may be part of the answer. People don't cheer performances any more he says, because they've already seen the best of everything on TV. And nobody cheers a TV screen, of course, because there's nobody to hear the applause.

The same is true of drive-in movies. Laughter and applause are crowd reactions . . . and who puts a crowd in a car? We're making of ourselves a segregated society . . . segregated from our neighbors and from the world at large, taking our entertainment in the privacy of our homes or automobiles . . . and when we do witness some event in a crowd, as in a theater or at a parade or in a public auditorium, we are somehow a little ashamed of breaking into cheers or applause.

But in doing so, we're not only short-changing the performers, but we're cheating ourselves. We're missing a lot, and it's our own fault. As anyone who has ever performed in public . . . on stage or on a playing field or on a lecture platform . . . can tell you, any performer responds to an audience. And any audience which responds to a performer not only gets a better performance but finds itself enjoying it more. Enthusiasm is contagious.

Once many years ago, I attended a piano concert by the late great Sergei Rachmaninoff in Denver's huge Municipal Auditorium. Rachmaninoff was a flawless performer, but often a cold one. But on this particular night, there occurred one of those magic moments which make a performance memorable. The audience was large and generous with its applause and Rachmaninoff responded to the warmth of the welcome.

He not only played brilliantly through his scheduled repertoire but in a rare acknowledgement of his audience's enthusiasm returned to play encore after encore . . . a bonus which I imagine few in that audience have forgotten.

Enthusiasm is contagious . . . but so is boredom. If you put on that look of studied boredom at a public performance, you're not only robbing yourself of pleasure but diminishing the enthusiasm of your neighbor. Why not have . . . and look like it. You might be contagious, too.

— Ben Ezzell in The Canadian Press

A Real Governor . . . By Test

Texas, at long last, has found a real Governor who is of type of conservatism I appreciate. I've often wondered if Connally would do when the "real" chips were down. But he came through with flying colors.

At a recent speech Connally said, "I cannot accept support the proposition of violating one person's rights to stow privileges on another person regardless of color or race."

You don't see Connally out rabble-rousing and leading called freedom marches. Instead he is going about the business in the only way it can be handled, on the local level. Connally continued: "The voices of irresponsible demagogues are loud and demanding on what the individual should do."

The telling blow of his speech however, points out something many of us have forgotten:

"I am deeply concerned over some of the provisions of proposed (civil rights) legislation. I am disturbed because I feel that these provisions could carry potential damage to the people of this state that is far greater than any envisioned. They would be laws which in my judgment would strike at the foundation of one of our most cherished freedoms — the right to own and manage private property. I therefore respectfully oppose these proposals of the national administration, as the spokesman for Texas."

What a lot of people fail to realize, in their zeal for civil rights, is a danger of destroying all rights. That been our rampant-drift through unwise legislation and completely absurd decisions by the so-called Supreme Court.

Connally is fast approaching the statue of a statesman.

— Claude N.

THE VILLAGER WHITE

The ultimate in fine styling . . . the Villager White, one of four Ready-lite styles, set off with a beautiful gold mesh and delicate gold trim. Comes completely installed with matching white post and convenience outlet. Truly a delightful practical addition to your landscaping.

COMPLETE PRICE INSTALLED **59.50***
\$2.48 PER MONTH

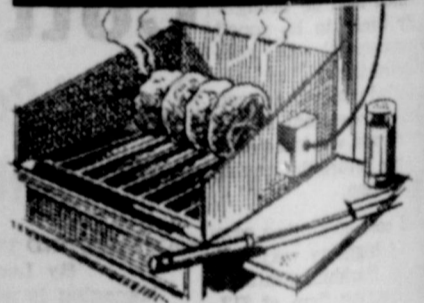

Your Ready-lite is so easy to buy — just add the monthly payments to your electric bill with no interest or carrying charge.

PLUS SALES TAX

YOU CAN PLUG-IN WITH A Ready-Lite

With a Ready-lite you have a decorative yard light plus additional uses. The convenience outlet on your electric Ready-lite allows you to use other electrical helpers — electric barbecuers, rotisseries and coffeemakers; extra strings of lights for yard parties; and electric garden tools. Best of all, an automatic electric Ready-lite operates for less than a penny a night . . . surely your best outdoor bargain!

The Slaton Slatonit

Methodist Youths In Tour of State

Fifteen young people and five adults from First Methodist Church left at 5 o'clock Monday morning to visit projects of the church, including a migrant center in Ozona, The Central Texas Camp in Kerrville, The College for Negroes in Austin, the children's home in Waco, A retirement home, the publishing house and S. M. U. in Dallas and McMurry College in Abilene.

Other pieces of interest on the itinerary are a cavern at Sonora and Six Flags in Dallas. The group will return to Slaton today.

Youths making the trip are Carol and Mark Todd, David Edwards, Jan Scott, Marsha Holloman, Bruce Pember, Judy and Jacque Edwards, Carol Schmidt, Frances Cowdrey, Pat Wheeler, Michael Morris, Gay Bowman, Larry Hays and Rodney Farrell. The adults are Lonnie Eakle, Mr. and Mrs. Joe Walker, Jr. and Rev. and Mrs. Rollo Davidson.

CARD OF THANKS

I wish to express my deep appreciation for the many acts of friendship and kindness expressed during my recent 5-week hospitalization in Mercy Hospital. Especially am I grateful to Dr. Locke and the hospital staff, the friends and neighbors who visited, and to all others who in any deed made the time easier. May each of you be rewarded.

FARM NEWS

BY BERT NEELLEY

Some midge has been spotted in Lubbock County, but no wholesale crop damage is indicated at this time, County Agent Lee McElroy tells us.

Most every year the destructive little insect makes some inroads on sorghums and other headed grass-type plants in the southern states, and it can be quite damaging to an area economy if a general attack occurs.

Actually, fewer insects of midge have been reported the last few days in the immediate area than earlier, agriculture observers report.

Regarding control of the insect, McElroy has listed three popular insecticides for use when the necessity exists: endrin, toxaphene and sevin.

Midge emergence has been noted from host plants such as Johnsongrass, Sudangrass, Sorghum Almum and white tridens.

The adult midge is a small, fragile, orange-colored gnat-like insect about 1/12 of an inch in length. The majority of midge complete their life cycle in 14 to 16 days.

First generation of midge usually develops in seed heads of Johnsongrass and other grasses. Newly-emerged adults may fly several miles to fields of grain sorghum at the time seed heads begin to emerge from the boot.

The female midge lives for only a day or two, the male for a shorter period. The adults mate and the females begin laying eggs soon after emergence. The female lays from 50 to 250 eggs which are deposited in grain spikelets soon after the heads appear from the boot.

Injury to sorghum grain is caused by the larvae which feed on the internal contents of the seed.

Timing Important
"Timing of insecticide applications is important factor in midge control," said McElroy. "Chemical control is aimed at the destruction of the adult midge before egg laying begins. Treatment should be made as soon as 90 per cent of the heads have emerged from the boot, but never later than three days after emergence."

There currently is no accurate means of predicting an infestation of midge. Previous work has shown that it usually is not profitable to apply chemical control after the midge are found with in the sorghum field to be treated.

Chemicals
Endrin (1.6 lbs./gal.) 1 1/4 pints per acre. Do not apply within 35 days of harvest. Apply once each season.

Toxaphene (6 lbs./gal.) 1-3 to 1/2 gallons per acre. Apply only once after heads have formed. Do not apply more than 1-3 gallon per acre within 28 days of harvest, nor more than 1/2 gallon per acre within 40 days of harvest. Dairy animals or animals being finished for slaughter should not be pastured in toxaphene-treated fields. Do not ensile the treated forage.

Sevin (80% WP) 1 1/4 to 2 1/2 lbs. per acre. Sevin may be applied to forage sorghum without limitation. Allow 21 days between last application and harvest of sorghum grain.

Happy Birthday

The Slaton Slatonite

Come As You Are Party Hosted By FHA Big Sisters

A "Come As You Are" party for new members was given by the Big Sister chapter of Slaton FHA on the morning of July 30 at the Slaton Clubhouse.

Members of the host group included Kathy Brown, Joan Bednarz, Kathy Claiborne, Jan Scott, Charlotte Vaughn, Diana Schulte, Diane Kuss, Lynette Kuss, Nan Saage, Thelma Kidd, Kathy Gass, Linda Martindale, Sharon Self, Judy Edwards, Donna Morgan, Ann Weaver, Nancy Edwards and Rosa Walston.

Others were Nancie Walton, Marilyn Edwards, Carol Todd, Judy Dawson, Dianna Siler, Charmaine Heinrich, Caron Caldwell, Deborah Scott, Nancy McSween, Judy West, Carla Fondy, Pam Davis, Cindy Sherwood, Linda Longtin, Jane Tefertiller, Janis Henry, and Elayne White.

Also, Glenna Payne, Belinda Becker, Judy Schwartz, Barbara McCook, Jannet Hollingsworth, Sherilyn Mann, Dee Etta Meurer, Linda Dodson, Shirley Buxtemper, Colette Holt, Linda Williams, Dianne Underwood, Kay Choate, Carolyn Bradshaw, Diana Schafer, Kathy Ayers and Joan Claiborne.

Freshmen and prospective new members were Anna Pettigrew, Dianne Space, Nelda Kinder, Elaine Eddings, Connie Brake, Linda Moore, Sandra Gilliland, Rita Martindale, Susan Wristen, and Eddie's parents are MR. and MRS. ED GRUNDY, all of Cleburne and former residents of Slaton. The boys' grandparents are MR. and MRS. L. P. TAYLOR of Slaton. An uncle and aunt also reside here, MR. and MRS. J. H. TAYLOR.

According to the aunt, the recently organized group is meeting with much success and is in constant demand for entertainment in the Ft. Worth area. Parks and Rutledge are both residents of Ft. Worth and all four boys are high school students.

MR. and MRS. C. W. WILKINSON motored from their home in 'Big D' to weekend with their son-in-law and daughter, MR. and MRS. BILL H. SMITH, 950 West Lubbock. They returned Monday morning.

Two Slaton youngsters are participating in the summer session of camps at Durango, Colorado. They are BEVERLY ARRANTS, daughter of MR. and MRS. MAX ARRANTS, and DON CROW, JR., a son of MR. and MRS. DON CROW.

Beverly is attending Camp Silver Saddle while Don is at Camp Silver Spruce. The two flew to Albuquerque, New Mexico, two weeks ago and traveled from there to Durango by chartered bus.

The parents will drive to Durango August 13 to return the pair home.

Home from a two week vacation are MR. and MRS. JOHNNIE WATERS. They drove to Tupelo Mississippi, for a visit with her parents, MR. and MRS. W. G. GRAY, were guests of her sister and family in Jackson, Miss.; and spent several days in Dallas en route home. Their son, JOHNNIE ALLEN, returned with them after having spent six weeks with his grandparents in Tupelo.

Cherubs, carriages and colic could well have been topics discussed when several girls of the 1960 graduating class of Slaton High School gathered at the home of MRS. LOUIE PORSCHE recently for an informal coke party.

From Where I Stand

by Merle King

Pictured are "The Naturals", a Ft. Worth band composed of DEAN PARKS, lead guitar; DOYLE TAYLOR, 2nd guitar; EDDIE GRUNDY, bass guitar; and JIMMY RUTLEDGE, drummer. Doyle is the son of MR. and MRS. WALTER LEE TAYLOR and Eddie's parents are MR. and MRS. ED GRUNDY, all of Cleburne and former residents of Slaton. The boys' grandparents are MR. and MRS. L. P. TAYLOR of Slaton. An uncle and aunt also reside here, MR. and MRS. J. H. TAYLOR.

Guests of honor were MRS. RONNIE GILL and KRISTI of Ft. Worth. Those attending were MRS. DALE GORDON (KAY HOLLEY) and MIKE; MRS. JOE ROBERTS (LETTIE TRAWEEK and SHIRLEY); MRS. JIMMY VAUGHN (PEGGY GENTRY) and MARK; MRS. HAROLD MOORE (LOLA HOPKINS) and JEFFERY; MISS MAXINE MOORE; the honoree who was MISS KAREN HENRY before her marriage; and the hostess, the former MISS SUZANNE COOPER, and her children, WILLIAM and CYNTHIA.

Five representatives from Slaton were in attendance when the Lubbock County Federation of Women's Clubs, Caprock District, convened July 30 in Lubbock's Monterey Reddy Room. They included MRS. JOE TEAGUE, JR., R. C. HALL, SR., BESSIE DONALD, R. L. SMITH and L. R. GREGORY.

Mrs. Smith is parliamentarian for the organization; Mrs. Teague is head of registration; and Mrs. Donald is kitty keeper. MR. McCARTY showed slides which he had taken during his residence in Thailand as a highway engineer.

In town for a visit with her grandmother, MRS. JOE TEAGUE, JR., is little DONNA LYNSKEY, 4 years of age, who calls Morton, Texas home. Mrs. Teague will leave Friday for a visit with her daughter and family in Morton and return Donna home.

In Hollis, Oklahoma Sunday, July 28, were MR. and MRS. J. A. WARREN and their grandson, JACKIE RAY WARREN, for the annual Warren reunion. Among the one-hundred in attendance were five family members from California.

Mrs. Warren and Jackie Ray, accompanied by MIKE HUNTER, left August 4 on a trip to California where they will visit relatives. RANDY WARREN will return to Slaton with the party and enter school here in the fall.

An early morning call Tuesday brought good news from the Federated Church Women concerning their project, the Welfare Clothing Center. The room formerly occupied by the city water office in the Fire Station, the first door to the right of the front entrance, will now be headquarters for the Center. So, all you mothers who are now in the process of getting your children's school wardrobe together, remember that all those items which have been outgrown by your youngsters are desperately needed by those less fortunate. Of course, any clothing will be accepted and dispensed to good purpose. Take your things to the front entrance of the Fire Station and someone there will assist and direct you to the proper place.

Twenty members and guests were present for the Bluebonnet Club's annual picnic held last Friday evening at Slaton Clubhouse. Games were diversion following the supper. The next regular meeting of the club will be a luncheon at 1 p. m. Wednesday, September 11, in the home of MRS. FLOYD BOYD.

Federated Church Women Met July 29

Mrs. Joe Holland, president of the Federated Church Women met in regular session at the First Christian Church on the afternoon of July 29.

Mrs. Earl Reasoner, president of the women's organization of the host church, extended a welcome. Mrs. Fred A. Ryle, who worded the invocation and Melvita Floyd provided organ music.

Mrs. Rollo Davidson read a poem entitled, "The Job", during the period of devotion. Mrs. Willard Childers presented a most interesting and thought-provoking review of Catherine Marshall's book, "Beyond Ourselves".

The group voted to again sponsor the Migrant School in the fall. Workers for this project are urgently needed. Also, a building is desperately needed in which to house the Welfare Clothing Center. Mrs. George Gress Davidson and Fred Schmidt were appointed to look into the possibilities of securing a building for this worthy cause.

Refreshments were served to 38 members and guests. The benediction was said by Mrs. Reasoner.

Service. Tuesday, August 13 at 7 p. m. is the time set by the Ladies Society of Locomotive Fire and Enginemen for their annual picnic at the Slaton Clubhouse. All lodge members are invited to attend.

Drinks will be furnished with the picnic. The Texas Agricultural Extension Service will be in charge of the picnic supper.

Cole - Wicker Nuptials Head In Home Service

and Joseph Jerome Wicker, parted for a wedding trip undisclosed destination, following their marriage Friday afternoon, August 2. The Rev. Wood read the double-ring ceremony in the home of the bride's parents, Mr. and Mrs. A. Cole.

and Mrs. J. J. Wicker of are parents of the bride. The bride is the former Bonnie Sue Cole.

Miss Vaughn Home From Rainbow For Girls Courtesies

Miss Charlotte Vaughn returned home Saturday night from San Antonio after attending events given in honor of Miss Georgine West, Grand Worthy Advisor, Grand Assembly of Texas, and other grand officers of Texas.

Miss Vaughn is a member of the Grand Music Committee, Order of Rainbow for Girls.

Among the hospitalities was a dinner given on the evening of July 31 for Mrs. Martha Marie Whitfield, Supreme Service, Supreme Inspector, Order of the Rainbow for Girls; Miss Georgine West, Grand Worthy Advisor; Grand Assembly of Texas; and other grand officers. This was followed by a meeting in the Harlandale Masonic Lodge Hall.

On Thursday a tour of Randolph Air Force Base and supper by six assemblies followed in the home of Mrs. Francis Pickrell. Hostesses included members of Rainbow Assemblies from New Braunfels, Lockhart, Luling, San Marcos, Schertz and Seguin, Texas.

Grand officers were honored Friday with a tour of the Aqua Arena and a joint meeting of the six assemblies. A luncheon complimenting grand officers followed later by a meeting at the Lockhart Lodge Hall, Lockhart, Texas.

A number of the assembly girls met Miss Vaughn's bus on Saturday night and convened to the home of her parents, Mr. and Mrs. Leon C. Vaughn, 455 E. Lubbock St., for refreshments.

Mrs. Bill Bailey, Wanda Bailey, Judy Jones, Paula Dunn, Elaine Eddings, Margaret Tillery, Elaena Wylie, Linda Longtin, Barbara Henderson, Jerry Eddings, and Charlotte Vaughn.

Stated Meeting Of O. E. S. Chapter 585

Slaton Chapter 585, Order of the Eastern Star, gathered at Masonic Lodge Hall on Tuesday, July 23, for a stated meeting, opening and closing in ritualistic form. Audrea Thompson, worthy matron, and B. A. Hanna, a past worthy patron, presided.

During the regular business transactions, the chapter voted to support the welfare project of the Grand Worthy Matron, with \$50 to be given for this cause.

For Sale By Owner

5 room home, 2 bedrooms, den, new drapes and lots of storage and closet space. 2 blocks from square, 400 West Garza. Call VA8-4497.

Nearly New, Lovely, Roomy HOME FOR SALE

This is a large spacious house, almost 1,200 square feet floor space, plus large two car carport with attached storage unit located on a 100' x 150' city lot. Just a few of the many features include extra large walk-in closets with double sliding doors, ample storage with many extra built-ins, large (20'x28') paneled din with book shelves at one end from floor to ceiling that could easily be converted to a gun case.

This home is located in the city Robert Lee just a few blocks from the business district of this friendly little town located in the rolling hill country of Coke County. Good game hunting, deer, turkey, quail, dove and other game. Two lakes just outside the city limits that are well stocked with edible fish.

Robert Lee is only 31 miles north of San Angelo, one of West Texas' leading medical and culture centers. Robert Lee's tax rate is extremely low, utilities are reasonable. Owner will sell at a reasonable price and would consider house, lots or automobile as trade.

Interested persons should write John H. King, Box 775, Slaton, Texas or call VA8-4201 or VA7-5314, Slaton, Texas.

Proof of Age Now Available From Census Bureau

Last year, more than 14,000 residents of Texas turned to the Bureau of the Census, U. S. Department of Commerce, for help in proving where and when they were born, the Bureau has reported. They needed proof of age to collect social security and

other retirement benefits. They needed it to obtain passports. They needed it to qualify for jobs carrying certain age or citizenship requirements. They needed it for some forms of insurance.

These persons who requested assistance from the Census Bureau last year were among an estimated 20 million United States residents who are without proof of age or birthplace. The historical records of the Census Bureau provide the only acceptable source of this information for many of these people. Since its beginning in 1790, the U. S. Census has recorded identifying data for almost 350 million persons, many of them listed several times in separate censuses. The Bureau has provided copies of these records to about three and one-half million people, as legal proof of age, place of birth, citizenship, or kinship.

Persons seeking such a record for social security purposes should go to the local Social Security Office, or, for other purposes, write to the Personal Census Service Branch, of the Census, Pittsburg, Kansas, for an application form. A fee of \$3.00 is charged for a search of not more than two censuses for one person and for one copy of the information found. Additional copies cost \$1.00 each. An expedited search cost \$4.00. Expedited searches are usually completed within a few days while the routine \$3.00 search may take up to 30 days, depending upon the backlog of requests.

The personal information in the records of the 1900 and later Censuses is confidential by law and may be furnished only upon the written request of the person to whom it relates or, for a proper purpose, a legal representative such as a guardian or administrator of an estate. Information regarding a child who has not reached legal age may be obtained upon the written request of either parent.

Sept. Exams are Scheduled to Fill Vacancies, Texas Highway Patrol

Higher pay, better training, more opportunities and a chance to be located near present home were featured items in the Texas Department of Public Safety's bid this month for more than a hundred new highway patrolmen.

The vacancies for Texas Highway Patrolmen were announced by Major Harry Hutchison, Regional Commander of the DPS, as the first openings available for additional highway patrolmen only since 1957. Until this time applicants made application for the position of patrolman within any of the department's four uniformed field services. Due to the shortage of highway patrolmen, a training school will be held in November for the Highway Patrol Service alone according to the Major.

Hutchison said, "Many favorable features are available to new members of the DPS that were not enjoyed previously."

Every effort will be made to assign prospective applicants within one hundred miles of their present home. Trainees will draw higher pay while in training which will automatically increase to a basic salary of \$453.00 per month upon graduation, thorough training in every function conducted by the Texas Highway Patrol, qualifying them for immediate transfers and promotions to other positions outside their regular function. Not only does the department offer excellent police training, but, also, a modern liberal retirement system, based on age and/or

years of service. If you are interested in a job with many benefits, and security, we invite you to view the qualifications in the light of your own ambitions.

The Highway Patrol offers a position of trust, responsibility and respect in the community in which one lives. As long as he fulfills these responsibilities placed upon him by the state of Texas, the patrolman has the satisfaction of serving his fellow Texans in a vital capacity and he has a career with security, a fair basic salary of \$453.00 per month, and many other benefits afforded the uniform service men of the Texas Department of Public Safety. Additional advantages are given employees in the form of holidays, vacation, sick leave, travel expense, uniforms, insurance, and all needed items to perform the job.

For complete information concerning the position of Texas Highway Patrolman, training and benefits, Hutchison asks that those who are interested con-

S/Sgt. Cook In Reserve Unit Summer Training

Staff Sergeant Dan H. Cook of Wilson has completed his annual summer active duty training with his Air Force Reserve Recovery unit at Amarillo.

Sergeant Cook, a radio maintenance supervisor, participated in operational readiness aircraft recovery drills and received classroom and practical training.

The sergeant, son of Mr. and Mrs. H. G. Cook of Wilson, is a graduate of Wilson High School. His wife is the former JoAnn Barns, daughter of Mr. and Mrs. Crawford Barns of 3108 First Place, Lubbock.

He has been assigned to the Supply Department. Hunt is a graduate of Slaton High School.

State Fair Folder Free For Asking

Literature giving detailed information on the 1963 State Fair may be obtained by sending a post card to Folder, State Fair of Texas, Dallas 26.

Dates of the 1963 Fair, whose theme is "Exposition of Our American Heritage," are October 5 through 20.

The folder lists highlights of entertainment and daily events, special free attractions, free exhibits, livestock and poultry events, livestock judging program, horse show schedule, Women's Department activities and events, Cotton Bowl football, special days and events, and detailed ticket information.

AT NAVAL STATION

David G. Hunt, fireman apprentice, USN, son of Mr. and Mrs. Walter G. Hunt of 235 West Seurry St., Slaton, recently reported for duty at the Naval Station, Newport, R. I.

He has been assigned to the Supply Department.

Build a stronger, richer life ...
WORSHIP TOGETHER EVERY WEEK!

You know the hymn—"How firm a Foundation?" Of course you do. But it's more than a hymn. To many it is a way of life.

The foundation is faith. Faith that gives every day a shining new quality. Faith that provides a strong shelter in time of need. Faith that sustains you in sickness and trouble. Faith that makes life a great adventure, truly worth living.

You find faith as a member of a family, as a member of a community. Worshipping together every week, with those you love, with others who believe as you do—gives you strength to carry through with hope and courage.

You can build a stronger, richer life—on a firm foundation of faith. Worship together this week :: every week!

STATE CAPITAL Highlights AND Sidelights

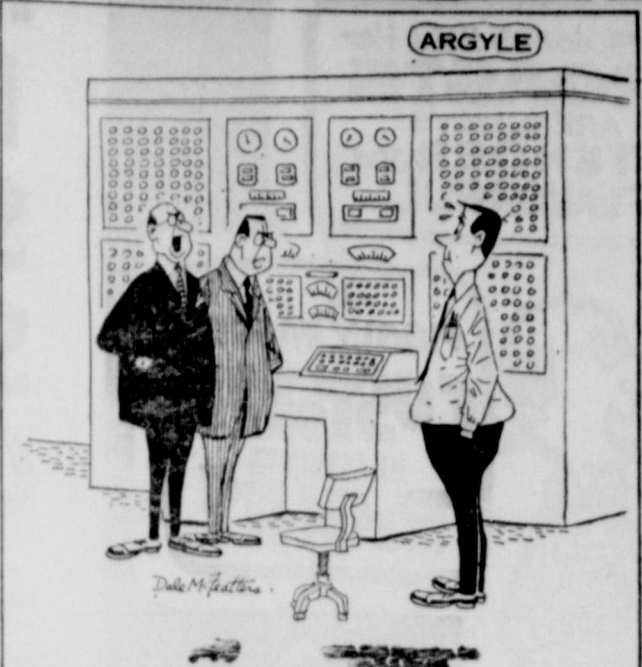

by Vern Sanford
TEXAS PRESS ASSOCIATION

Texas Legislative research agency for the... in the curious... being asked to take... at the ethical stan... own boss... meeting in Austin... proposed study of... interest questions af... officials and em... John Connally and... Waggoner Carr... as a result... into private... of former Rail... W. J. Mur...

observed in a later report that the Murray case raised "a serious question of a conflict of interest" between official duties and private interests. Carr's report said Murray grossed \$1,700,000 during his 16 years on the Commission — most of it from oil and gas ventures. Attorney general recommended "adequate laws" to control "any deviations from (ethical) standards." Council will be responsible for conducting research and investigation of possible conflict of interest cases among all State officials — including the lawmakers themselves — with a view toward "improving our present code of ethics."

Another action by the Legislature Council had interesting "two-party" implications. Rep. Bob Johnson of Dallas was named executive director of the Council, succeeding Read Granberry who died last year. Johnson has resigned his Dallas legislative post to accept the \$15,500-a-year assignment—creating still another vacancy in the eight-man Dallas delegation to the House of Representatives. This leaves only one Democrat Rep. Ben Atwell, lined up against the six incumbent Republicans. Dallas Republicans surprised themselves and stunned Democrats last year by winning all the legislative races they entered. Speculation then was that the three remaining Democrats on the Dallas House delegation — Reps Bob Hughes, Johnson and Atwell — would be in for a rough 1964 general election should Dallas Republicans oppose them, and an even rougher time if Barry Goldwater were chosen to head the GOP ticket as presidential nominee. Hughes recently resigned his legislative post to accept appointment to a judgeship. This caused more speculation about a possible 1964 election sweep by the Dallas Republican organization.

STRICTLY BUSINESS by McFeatters

"May we inquire, Argyle, why the computer is programmed for your bowling league's averages?"

Johnson's resignation has intensified the "Republican sweep" fears.

GRAM COURSE ON ANNEXATION
Texas Municipal League will conduct a special one-day "institute" in Austin on August 5. It will be a cram course for Texas municipal officials on the new law limiting city annexations. William Olson, attorney for the League, will moderate a question-and-answer program, followed by a panel discussion featuring Mayor James McCrocklin of Kingsville, City Manager H. P. Clifton of Abilene, planning Director William Anderson of Corpus Christi, and Steve Matthews, executive director of the League. New law takes effect on August 23. But a provision in the Act

requires that annexations pending or initiated after March 15 (1963) must meet terms set out in the measure. Furthermore these in-the-works annexations must be completed by November 23 or become null and void. **RAPID ERADICATING**
Few eradication programs have produced such prompt and effective results as the U. S. Department of Agriculture's screwworm eradication plan. Year ago scientists and field workers started the "saturation" release of sterilized flies to conquer screwworm population explosion. Texas Animal Health Commission reported only 28 screwworm cases confirmed in a 5-day period — as opposed to nearly 3,000 cases recorded during a comparable period in 1962. As further encouragement, the Commission noted that of last week's 28 reported cases, only five were in areas where the program's "controls were in full effect."

4-H Members Back From Special Camp

Nine 4-H Club Members, agents and adults leaders of Lubbock county have just completed a weeklong 4-H farm and home electric study at scenic Scott Able 4-H Camp, high in the Sacramento Mountains near Cloudcroft, New Mexico. The electric camp was sponsored by the Southwestern Public Service Company, in cooperation

more than 10% interest. A flood of applications is expected from Texas loan companies seeking licenses and inquiries about specific provisions in the new lending regulations. **PROSPERITY, OR WHATEVER IT IS**
Texas merchants continue to operate at a high level of retail sales volume. Total retail sales show no dramatic increases. But the level for the six months of this year is about two per cent over the 1962 January to June period. According to the UT Bureau of Business Research Fort Worth and Austin are in the lead with increases of six per cent. Dallas is next with three per cent improvement, followed by San Antonio with plus one per cent. Cities recording disappointing half-year sales were El Paso, minus one per cent, and Houston, with no change from the 1962 averages.

HIGHER EDUCATION
Texas Committee on Education Beyond the High School has selected one of its members as paid executive director. He is Dr. A. B. Martin, president of Amarillo Junior College. He will co-ordinate all staff work for the big study. Committee has one year to finish its study and report to the Governor and Legislature.

SHORT SNORTS
Texas Game and Fish Commission, Department of Public Welfare, Board of Plumbing Examiners, Board of Professional Engineers, Board of Pardons and Paroles, Department of Agriculture, Department of Banking, and Building Commission are moving into the new John H. Reagan State Office Building. Dr. Dorman Winfrey, Director of the Texas State Library, announced that the Val Verde County Library, recognized in December as one of the "Ten Best Small Libraries in the U. S.", also has been cited for its "top-flight public relations program." Rep. Robert H. Hughes of Dallas will resign from the Legislature on September 1 to accept appointment as domestic relations court judge in Dallas.

with the Texas Agricultural Extension Service. Other training was given in leadership, citizenship, recreation and program planning. Scott Able, owned by the Southern New Mexico 4-H Foundation, is situated at an altitude of 9,500 feet. This is the fourth year that Extension Service District 2 has its electric camp at the scenic mountain facilities, and the eleventh year for the district to stage an electric camp. Coordinators for the camp were Mrs. Aubrey Russell and W. H. Jones, District Extension agents located in Lubbock. A total of 142 persons registered for the summer training session. Participating from the local county were Don Meador, Carmon Turnbow, Jimmie Thompson, Ter-

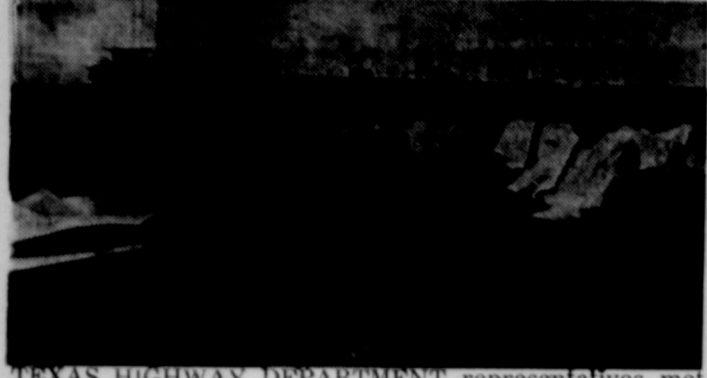

ry Butler, Ronnie Schaffner, Jamie Henderson, Joann Blair, Deborah Cade, Alice Woolley, 4-H members; and Mrs. Carolyn Hill and John Holt, Extension Service agents.

In Electric Appliances To Be Given Away
"Owned and Operated by Those We Serve"

TEXAS HIGHWAY DEPARTMENT representatives met with a group of local law enforcement officers, city officials and interested citizens Friday morning in Slaton in a get-acquainted session, outlining construction plans and traffic situations looming during the period of construction of the highway by-pass.

Revival Begins At Bible Baptist Church August 11

Revival meeting services have been announced at the Bible Baptist Church, continuing from this Sunday through August 18th. Rev. Bill Slayton of Athens, Texas, will bring the messages each weekday evening at 7:30. Sunday evening services begin at 6:30 o'clock.

Anyone needing a ride to services may call VAS-4200. The church bus will run each evening. Rev. H. E. Sammar, pastor, states that everyone is invited to attend all the services during the meeting.

Revival Set At Gordon Church

A gospel meeting has been announced for the Gordon Church of Christ, 15 miles south of Slaton, continuing from Friday night through August 18th. W. L. "Billy" Garnett of Odesa will be the speaker, and J. O. Reed, Jr., of Crosbyton is in charge of song services. Nightly services will be held at 8 o'clock and vacation Bible school will be held from 9 a. m. until 10:15 a. m. daily Aug. 12 through August 18th.

CORRECTION

In the Southland news last week, error was made in phrasing of a funeral notice. The paragraph should have read, "Rev. Eddie Fortson and wife, and Mrs. Jack Myers went to Anson for the funeral of Elmer Howard, brother of Mrs. Opal Pennell." The Slatonite regrets the error and assures all that Mrs. Pennell is very much alive; it was the funeral of her brother that the group attended.

No. 1 Continued From Page 1

fund on motion by Bollinger, second by Gonzales. This amount was necessitated by a deficit already present in the general fund on which checks had been drawn. Motion was made by Davis, second by Bownds, that the city lease office space to the Board of City Development for a 5-year period for a total payment of \$3,000.00, effective as of July 11, 1963. The motion carried.

Other Business
Application for the position of city attorney was received from Claude S. Cravens. The letter was filed without action. Haggard suggested that the commissioners consider a check protector and validating machine purchase, together with necessary office supplies to set up the new bookkeeping methods. He also suggested that new employees be bonded.

Motion to give the Slaton Lumber Company a quit claim deed to the remaining 30 lots in the Hood Addition was carried.

City Employee At Special Tax School

Mrs. Cora Baxley, employee in the city offices here, completed a 3-day school conducted last week for city and school tax workers. The area-wide school was held at the Plainsman Hotel in Lubbock, with some 150 registering. A number of instructors were on the faculty for the separate phases of tax, clerical and public relations work.

Former Resident Died, Chillicothe

Funeral services were conducted Monday, July 29th, for Mrs. Gertrude Irene Ross, 65, who died July 27th at her home in Chillicothe. Mrs. Ross was a former Slaton resident, living here about four years some time back.

Memorial services were held in the First Baptist Church of Chillicothe, the church of which she was a member; and burial was at Snyder, Oklahoma. Surviving are three daughters, Mrs. Geraldine Tucker and Mrs. Ellene Tucker, both of Slaton, and Mrs. Gwendolyn Hodges of Chillicothe; a son, Clarence B. Ross of Harlingen; a brother, Eli Stow of Manitou, Okla.; two sisters, Mrs. Grade Roberts of Purcell, Okla., and Edna Hughes of Snyder, Okla.; 12 grandchildren and seven great grandchildren.

EXTENDED TRIP

Mr. and Mrs. O. D. Wyatt and grandson Donnie Thompson of Ft. Worth returned home Tuesday after several days visit at Slaton and Lubbock with Mrs. Wyatt's sister and brother, Mrs. L. C. Odom and Mr. J. P. Posey. Mrs. Wyatt and Mrs. Odom returned Friday from a trip to Arizona where they visited at Phoenix, Tucson and Bisbee. Mrs. Odom received a severe ankle injury enroute home on a bus between Phoenix and Flagstaff where they caught the Santa Fe into Slaton. Mrs. Odom stated she couldn't say enough for the courtesy and consideration she received from all the rail personnel, especially the courier nurse, Miss Arlene M. McKedy, R. N., of Chicago, who relieved her intense pain by staying near her most of one night, applying ice packs, pills, etc.

TROUT FISHING

Mr. and Mrs. Robert H. Davis and children Robin and Dick, and Robin's guest, Jane Thompson, returned home Friday from a two week trip in New Mexico. Most of the time was spent at Chama where Mr. Davis and Dick fished, catching plenty of trout.

IN LUBBOCK HOSPITAL

Ben Mansker, former county commissioner from Slaton, is reported seriously ill in the Plains Hospital at Lubbock.
