YOUTH CENTER PROPOSAL — Members of the Slaton Youth Center Association have this sketch showing what might be done in remodeling the old Crow Used Car building at Lynn and 8th streets.

The board has voted to purchase the building and lot for use as a youth center, if a goal of \$7,500 is reached by Nov. 20. A drive for contributions and pledges is underway and has reached \$4,773.

Youth Center Drive Gaining Momentum

Slaton's youth center project -- slow in getting off the launching pad -- started toward a possible orbit the past week when cash and pledges totaling \$1,405 were received by the volunteer association heading the drive.

Tigers End Season Here Friday Night

One big game follows another for the Slaton Tigers. Friday night at Tiger Stadium is the end of the 1966 gridiron trail for the SHS crew, and the outcome of the game determines whether or not history records a "winning season" for the Tigers.

team is not taking the Indians lightly. Morton won its first game in a big way last week, rolling over Frenship by the tune of 36-16. Slaton beat Frenship by only 21-6. Each week, it seems, the Tiger opponent is "up" for the game with Slaton.

With a 4-4-1 won-lost-tied mark for the season, the fighting Tigers host Morton's Indians in the football finale. The Slaton squad also sports a 2-2 record in District 4-AA action and would like to take third place with a victory.

The Tigers came out of the Post game with some bruises, with top runner Charles Fisher and center Tom Davis nursing injuries. Steve Harlan, standout senior defensive back, twisted a knee in Monday's workout, but he may be ready for action.

Kickoff time for the game is 7:30 p.m., and Slaton fans are reminded that the west side is now "home" for the Tigers. The new stadium section, though not completed, will be ready for occupancy.

The game will be dedicated to Tiger seniors, and there will be seven of them wearing the SHS grid uniform for the last time. They are: tackle Roy Green, guard Joe Olague, end Tommy Donaldson, halfbacks Charles Fisher, Larry Pickens, Steven Harlan and Gary Brush.

Chili Supper Set Friday by Lions

Slaton Lions will sponsor a "Chili Supper" prior to Friday night's football game with Morton, serving the West Texas delicacy from 5 to 7 p.m. in the junior high cafeteria.

Offensive leaders for the Tigers this season include Fisher, who has gained 603 yards in 135 carries, and soph Jim Williams, who has passed for 484 yards while hitting 28 of 74 passes. Junior wingback Doyle Ethridge is the big pass receiver with 294 yards on 12 catches. Pickens is second in rushing with 244 yards on 77 trips.

The supper is open to the general public and tickets are on sale from any Lion at 75 cents each. Proceeds of the supper will go to the high school athletic fund, which needs money to renovate and repair an activity bus.

A monthly chamber directors' meeting is scheduled Tuesday, Nov. 15, and election of new officers will be a major item on the agenda. Officers are officially installed at the January banquet.

Veterans Will Be Honored Here

Veteran's Day is tomorrow and all veterans will be honored by a special flag-raising ceremony and breakfast at the American Legion Hall in the morning.

When complete, the new stadium will include enclosed concession stands on each end, dressing rooms for the teams, public restrooms, and a new pressbox.

GO WEST, TIGER FANS!

Slaton grid fans will move from the east side to the west side of Tiger Stadium Friday night.

The new concrete stands are not complete, but the seating will be available. Dr. Lee Vardy, school superintendent, said some of the safety rails may not be installed, and he cautioned parents not to let their children "roam around" the stadium.

Two Charged In Murder Here

Murder indictments were returned Tuesday by a 140th District Court grand jury in Lubbock against two men accused in the slaying of Lonnie Hicks Jr. in Slaton on Oct. 30 of Oct. 31.

Accused in the shooting or beating death of Hicks were Johnny Stone, 22, of 1305 Ave. K in Lubbock, and Leroy Fields, 22, of Slaton, Both are Negroes. The arrest of Fields was reported in last week's Slatonite. He was arrested on Tuesday following the slaying. Stone was arrested in Lubbock on Nov. 2. Hicks, a white construction worker from Comanche, was severely beaten and shot in the back. His body was found the morning of Oct. 31 on the southeast edge of town, near the intersection of New Mexico and Edwards streets. Hicks was 30.

Cotton Growers Urged to Attend Nov. 15 Meet

The continuing decline in domestic and foreign markets for U. S. cotton has resulted in the largest cotton carryover on record -- 16.5 million bales on August 1, 1966.

Concern over this situation was a primary consideration in the passage by the U. S. Congress of the 1966 Cotton Research and Promotion Act. Stated purpose of the Act is:

"To enable cotton growers to establish, finance, and carry out a coordinated program of research and promotion to improve the competitive position of, and to expand markets for, cotton."

In order for cotton growers of this area to get information on the legislation, County Agent Lee H. McElroy said an educational meeting will be held Nov.

15, beginning at 2 p.m. in the Plains Co-op Oil Mill Board Room, 2109 Ave. A.

A team of specialists from the Texas Agricultural Extension Service, Texas A&M University, he said, will be on hand to explain details and answer questions relating to the proposed program. He emphasized the meeting would be educational and both the pros and cons, as established from four regional hearings and the legislation itself, would be discussed.

The meeting is being held for the purpose of presenting information of assistance to cotton producers in making their decision on whether or not to accept the program.

Because of the importance of the legislation and possible resulting programs, the county agent is urging area cotton producers to attend the meeting.

VETERANS DAY

With American troops once more locked in combat, defending the cause of freedom, Veterans Day - November 11 - takes on added significance this year. A new generation of war veterans is in the mold as the nation pauses to honor the men and women who have honorably served in the uniform of their county.

This day-which was once known as Armistice Day-was originally the anniversary of the ceasefire of World War I. From that war came The American Legion. But this year's observance of Veterans Day is in no way a consecration of the memory of any past armed conflict. Instead, it is a time to express the esteem and prestige with which Americans regard the role of the veteran.

While Veterans Day is meant to honor the 20 million men and women who have performed the highest obligation of their citizenship, the day is also dedicated to the cause of world peace with honor.

No one hates war more than the war veteran. No one strives more ardently for an honorable world peace than the veteran who has known war in all its brutality. But that same veteran knows that the lofty goals of an honorable world peace and recognition of individual dignity cannot be attained while there are forces in the world seeking its domination through acts of aggression.

This year, Veterans Day calls for an expression of national unity in support of the gallant men and women who are serving our nation's exalted purpose. They are writing inspiring pages of history with their sacrifices in the struggle against a godless ideology which seeks to subjugate mankind. Once again, they are proving the willingness and capability of ordinary citizens in meeting the challenge to champion the cause of freedom anywhere in the world.

The citizens of Slaton can contribute much to the meaning of Veterans Day by active participation in this year's observance. By our actions on this special day let's add strength to an expression of national unity at a time when the forces of aggression seek signs of internal weakness. As we honor our veterans-our champions of freedom-let us resolve to preserve what they have won and to persevere in our defense of freedom's cause until that day dawns on a world blessed with an honorable peace.

Railroaders Will Receive Supplemental Annuities

Railroaders are to receive supplemental annuities, which will increase, according to a report from the board in charge of the plan.

The supplemental annuity plan came about as a result of an agreement between railroad labor and management and will be in effect for a 5-year period beginning Nov. 1, 1966. The plan is financed entirely by employers by means of a special tax of 2 cents on each hour worked by employees.

About half of the present beneficiaries will receive increases in their monthly annuities. Railroad beneficiaries who did not get an increase in their social security or railroad retirement benefits under the 1965 social security amendments will receive the full 7-percent raise. The others will either get less than 7 percent or no increase, depending on how much their benefits were raised under the 1965 legislation.

The 7-percent increase, with the same limitations, also applies to future beneficiaries. However, retired employees receiving the new supplemental annuities will generally not be entitled to the additional 7 percent.

These benefit increases will be financed by raising the regular railroad retirement tax on employers and employees alike by one-fourth of 1 percent of creditable earnings.

The Board urges all interested persons not to inquire or write about these benefits at this time. Correspondence will only slow down the payment of these benefits. The Board expects that most adjustments in benefit rates will be reflected in the January 1, 1967, checks.

Governor Signs Proclamation On Veterans' Day

AUSTIN -- Veterans Day, Nov. 11, in Texas will be a part of a nationwide salute to those who have championed the cause of freedom and an honorable world peace, Department Commander Jack W. Flynt of The American Legion announced today.

Through their participation in this year's observance, citizens of Texas will also be adding their collective voice of support of the national purpose in defending the cause of freedom wherever it may be threatened by acts of aggression, Commander Flynt stated.

Governor John Connally signed a proclamation calling on all citizens to participate in observance of Veterans Day, Nov. 11.

Commander Flynt urges that every effort be made to turn Veterans Day 1966 in Texas into a dynamic demonstration of patriotism. Each household and business establishment is urged to display the flag of the United States in honor of the occasion.

"Veterans Day, Nov. 11," Flynt declared, "affords each of us an opportunity to express appreciation and honor of those who have worn the uniform of our country to preserve our rich heritage."

"Today, gallant Americans are once more committed to the field of combat, demonstrating their willingness to make the supreme sacrifice in the defense of freedom. Let us show, by our participation in this patriotic observance, our full measure of support of their endeavors."

Rotary Governor At Local Club

Earl L. Wilbur of Dalhart, governor of the Rotary district of this area, addressed the local Rotary club today last Thursday during his official visit. The local club is one of 46 Rotary clubs in this district.

Speaking of the global growth of Rotary, he said, "Rotary is the pioneer of the service clubs and today numbers more than 12,400 clubs with a combined membership of nearly 600,000 business and professional men. Spread throughout 133 countries in all parts of the world, Rotary clubs meet everyday of the week and conduct activities to improve their communities, aid youth, elevate business standards, and further international friendship and understanding."

The district governor also conferred with B. B. Castleberry, local Rotary club president, and Charlie Barron, club secretary, on matter of club

administration and plans for future service activities.

Referring to the program of Richard L. Evans of Salt Lake City, Utah, president of Rotary International for 1966-67, the Rotary governor said, "President Evans has urged Rotarians everywhere to be concerned with youth, employment and education, health, safety, and respect for law as a broad community - action program, and to acquire friendships and personal contacts in many parts of the world for the development of international points of view. In general and the exchange of youth across national boundaries in particular."

During his visit the Rotary official was given additional information on some of the local Rotary club's activities, including the annual Teacher Appreciation Banquet.

Cotton classed during the week ending Friday at the Lubbock Classing Office of the USDA was considerably lower in grade and micronaire than during the previous week, according to W. K. Palmer, in charge of the Lubbock Office.

Micronaire is much lower this year than at this time in 1965. Only 57 per cent of the cotton classed last week was in the desirable category of 3.5 and better compared to 81 per cent during the corresponding week last year.

Twelve per cent of the cotton was in the micronaire range of 3.3 to 3.4, 18 per cent was 3.0 to 3.2, 10 per cent was 2.7 to 2.9, and 3 per cent was in the 2.6 and below, or wasty, category. This means that 43 per cent of all cotton classed at Lubbock last week had micronaire which carried a discount.

Grades of the cotton classed at the Lubbock Office were also lower than the previous week. Middling made up 10 per cent of the total classed at Lubbock last week, Strict Low Middling 13 per cent, Middling Light Spotted 40 per cent, Strict Low Middling Light Spotted 17 per cent and Middling Spotted 10 per cent.

LETTERS TO THE EDITOR

Cotton is the best all-around fiber known to man. It beats all substitutes in comfort, wearability, launderability, and many other qualities.

Why, then, is cotton going into storage while consumption of other fibers is increasing? Why is there a 16.9-million-bale cotton carryover and almost a one-third cut in cotton acreage?

The USDA Cotton Classing Offices at Lubbock, Brownfield and Lamesa classed approximately 31,000 samples during the week ending Friday, November 4th. This brought the total classed at the three offices this season to 44,000. Through November 4th last year 100,000 samples of the 1965 crop had been classed.

The Consumer and Marketing Service of the USDA reported increased trading in the new crop cotton with prices steady. Average prices for the most predominant qualities in the 3.5 to 4.9 micronaire range were: Strict Low Middling 29/32 - 18.00, Strict Low Middling 15/16 - 18.50, Strict Low Middling 31/32 - 18.90, Middling Light Spotted 29/32 - 18.20, Middling Light Spotted 15/16 - 18.65, Middling Light Spotted 31/32 - 19.15, Strict Low Middling Light Spotted 29/32 - 17.15, Strict Low Middling Light Spotted 15/16 - 17.85, and Strict Low Middling Light Spotted 31/32 - 18.05.

Prices paid farmers for cottonseed ranged from \$60 to \$70 per ton.

'Ladies Night' Held by Lions

Slaton Lions honored their wives with a special "Ladies Night Banquet" Tuesday in the junior high cafeteria. Special entertainment was provided by the Bowman Brothers of Lubbock, with Dee Bowman, KCAS radio manager, in the act and serving as master of ceremonies.

Club President Carroll McDonald presided at the special meeting. Cecil Griffin, vice president, introduced special guests, including Slaton School Board members and Mayor Jonas Cain.

Joe Diaz, secretary, introduced the special musical entertainment. Lions Ted Gentry and Arvin Stafford offered the invocation and benediction. Speedy Nieman made a special announcement on the "Chili Supper" being sponsored by Lions Friday night.

Savings Bonds Sales Reported

According to a report received from A. C. Verner, chairman of the Lubbock County Savings Bond Committee, September sales in Lubbock County totaled \$125,158. A total of \$1,125,596 has been purchased since January 1.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN -- Addition of kindergartens to the public schools will be a major school proposal in the 1967 session of the Legislature.

State Board of Education has recommended it. Texas State Teachers Association feels it is vital to public education, and will support the board's position.

Expanding the public school system to 13 grades is advocated by educators on the ground that children learn more quickly at age 5, and simply because more education is needed for this complicated world. It would, of course, increase the cost of public schools by one-twelfth, at both state and local levels.

School teachers will press for a pay raise to lift Texas salary levels to the national average, but will let the Board of Education carry the ball on the kindergarten proposal.

SCHOOL COST RECORD -- Last year's price of \$647,516,534 for the minimum operation of Texas public schools set a record, but State Education Commissioner J. W. Edgar says the "minimum foundation fund" will be even greater this year -- \$667,857,000.

Fund, which is distributed according to the needs of the school district and its average daily attendance, draws its resources from two state sources; the available school fund, including a fourth of all occupation taxes by the state, and other state revenues.

Of last year's total, \$123,439,886 was furnished by the school districts themselves, and the rest by the state. Figures do not include federal aid.

EAST TEXAS OIL -- Railroad Commission has been given proposals by five oil companies for changing the method of allocating oil allowances in the East Texas Field to eliminate what the companies said was discrimination.

Atlantic Richfield, Mobil, Sun, Cities Service and Superior oil companies all put forth widely different plans to eliminate both inequities within the field between marginal and prorable wells and inequities between the East Texas Field and other fields in the state.

City of Kilgore, Kilgore Chamber of Commerce and other local governmental bodies oppose all changes.

HIGHWAY BEAUTIFICATION -- Texas faces the prospect of losing about \$20,000,000 a year in federal highway funds, if it does not conform fully with the federal Highway Beautification Act of 1965.

Smith pointed out that, in writing the Act, the federal government included a 10 per cent penalty in federal aids to states that do not cooperate fully with the provisions of the new law.

State must fulfill its part by seeing that billboards and other outdoor advertising are moved back 500 feet from interstate and federal-state highways. Garbage dumps and junk piles can be no closer than 1,000 feet. This would involve approximately 17,500 miles of Texas highways.

TOURIST DEVELOPMENT TALKS -- "Imagination: Dare to Use It" will be the theme of the second annual Governor's Tourist Development Conference November 22 in Austin. Gov. John Connally will head the participants.

Experts in various fields of tourist development and tourist promotion will meet with delegates to the conference, along with administrators of Six Flags Over Texas and San Antonio's HemisFair '68.

SCREW-WORMS DECLINE -- Screw-worm epidemic in Texas appears headed for an end. Only 97 cases were confirmed to the

said the geographic area of the epidemic seems to be narrowing, too. Most serious areas are in Dimmitt, Val Verde and Maverick Counties. At the crest of the infestation, the southwest one-third of the state was involved.

BUILDING PERMITS DECREASE -- Estimated value of building permits issued in Texas during September showed a sizable decrease from August's, the University of Texas Bureau of Business Research reports.

Declines both in residential and non-residential permits accounted for the fall of a seasonally adjusted 23 per cent from Austin and 11 per cent from September, 1965, the

bureau said.

Of Texas' six largest cities, Fort Worth showed the most total, non-farm construction during September, \$17,060,277, but Houston was right behind at \$16,978,031. Dallas' figure was \$15,151,973. Austin, El Paso and San Antonio were far behind.

EQUAL VALUES ASKED -- State Board of Education will urge the Legislature to take action toward equalizing land values among all 254 Texas counties for property tax purposes.

Values now vary from five to 100 per cent of what the property actually sells for, according to Board member Paul Greenwood of Harlingen. Greenwood had unsuccessfully

sought to substitute assessed valuations for the complex "economic index" used to figure local fund assignments of minimum foundation school program costs.

In separate action with implications for many districts, the board held that the Rio Hondo schools cannot withhold report cards and transcripts from students who do not pay special fees.

Board ordered Texas Educa-

tion Agency to make a study to find out just what fees districts are charging students for such things as locker services, towels and soap in physical training classes.

SHORT SNORTS -- Texas will receive \$724,557 in federal funds to assist in the improvement of Stephen F. Austin State Park in Austin County, Bastrop State Park in Bastrop County and Palo Duro State Park near Amarillo in Randall County.

ROOSEVELT NEWS

Eagles At Crosbyton

Another beautiful week has gone by and the gin yards are full and running over. In almost every field, a cotton stripper is working or has just finished. If the pretty weather holds, all of the cotton will be out before Christmas. Gee, won't that be nice?

Football season is almost over too. This will be the last week and the Roosevelt 7th and 8th grades will host Crosbyton here, and Crosbyton will host our high school there.

The Roosevelt 7th grade team was the only one to win last week over the Spur team. Best of luck to all three teams this week when they meet Crosbyton.

And then, there is basketball. The high school girls played a scrimmage game with Slaton Tuesday and will travel to Plainview on Saturday to play Dimmitt in the Wayland Basketball clinic. Good luck!

AT FTA WORKSHOP

Roosevelt was well represented at the Future Teachers Association workshop at Coronado High in Lubbock last Saturday. Voting delegates from Roosevelt who attended were Tommy Martin, Marsha Belcher, Wanda Turman, Phyllis and Janie Thomas.

Those running for an office who attended were Wynda Woolley, Miss FTA; Robert Partigiani, Mr. FTA; Elaine Reynolds, recording secretary. Archie Clanton, Roosevelt FTA advisor also attended.

ATTEND FUNERALS

Mr. and Mrs. George Rallsback and Randy Rallsback of Levelland were in Hico Saturday for the funeral of A. W. Rallsback, Burl Rallsback and Gerry, who were in Aransas Pass at the time, attended the services. A. W. Rallsback was the uncle of Burl, George and Randy.

Mr. and Mrs. Charlie Hunter and Debbie went to Hamilton Saturday for the funeral services of Mrs. Hunter's bro-

ther, Bill Bass.

FISHING AT FK

Mr. and Mrs. Dale Keller, Mr. and Mrs. Roy Dale McCallister, Joe Date and De Wayne had a very nice time on their fishing trip to Possum Kingdom where they caught a few fish. They also visited Six Flags in Dallas and had a very nice time.

CLUBS MEET

At a meeting last week it was voted that the Band Parents club and the Booster Club join together and become one organization. It was brought out at the meeting that all were working for the same thing-- Roosevelt School activities. The dues will be \$5.00 a year for each family. You do not have to have a child in school to be a member of this club...just be interested in the school and community...that's all it takes, along with your membership fee.

We want everyone to be a member, so please call me or anyone else you might know who is already a member and they will see that you get a membership card. Our first project will be held the night of Nov. 18.

A "Pancake Supper" will start off the activities, and then we will go into the auction. I am sure that you are wondering what this auction and pancake money is to do for. ALL of the proceeds from this will go to help pay for the band uniforms that our bands wear. If you would like to help with either of these projects, please call 3572 and you can go to work. Every little bit of interest helps, and the 18th is not too far away.

LAST QUARTER RALLY SINKS SLATON

Post Pops Tiger Title Hopes, 27-7

BY SPEEDY NIEMAN

Slaton's determined but out-manned Tigers fought the favored Post Antelopes to a standstill for almost three quarters Friday night at Post before the home team powered its way to a 27-7 victory to clinch a spot in the bi-district playoffs.

The Tigers carried the fight to the big Post team in the first half, and left the field with a 7-7 standoff after Jim Williams hit Doyle Ethridge with a 56-yard bomb.

But the Antelopes, smelling roses for the first time since 1948, made the breaks pay off in the second half and wore down the scrappy Tigers. Two pass interceptions and several bad punts also contributed to Slaton's downfall.

Although Post was tabbed a 20-point favorite for its Homecoming contest, the game was closer than the final score indicated. Slaton wound up with 200 yards total offense, compared to 239 for Post, and the Tigers were the first team in district play to score a touchdown against the stout Antelope defense.

The senior-laden Post team chalked up its 8th win of the season against a single loss, while Slaton's record moved to 4-4-1. Post is 4-0 in district with Stanton left to play, while the Tigers 2-2 host Morton here Friday in the finale.

The Antelopes drove for a touchdown the first time they got the ball, using up most of the first quarter while drive 67 yards. Walker, Heaton and Kennedy were the big guns in punching out the yardage, and Heaton dove in from the one. Post

made good on two fourth-down plays in the drive, Walker's kick made it 0-7 with two minutes left in the opening quarter.

Slaton bounced back with a sustained drive that carried to the Post 10 before the Antelopes held. A fourth-down fake field-goal run by Pickens was just shy of the first down.

The teams exchanged punts, with Slaton keeping Post on its own end of the field, then the Tigers cranked up their only scoring drive. It came suddenly, after Slaton took over on a punt at its own 44.

Williams rolled wide to the left and was stopped for no gain. Then the soph quarter-back stepped straight back, fired a pass up the middle, and the streaking Ethridge hauled it in on the Post 35 and outraced two defenders to the goal line. Harlan's first kick was erased by a 15-yard penalty, then he booted it from the 25 to tie the score at 7-7.

Post went for the go-ahead score the second time it got the ball in the second half. A short quick-kick gave them possession on the Post 41. Nine plays later, Kennedy swept around end on a 12-yard run and Walker's kick made it 7-14.

The Antelopes started their other scoring drives after a pass interception and a short punt. The first march went 26 yards, the other for 49. Kennedy tallied from 7 yards out and Heaton from 25.

Coach Ernie Davis, though disappointed in the score, gave credit to his team for fighting all the way. "This team doesn't quit...they just wore us down in the last quarter," Davis said.

Davis reported back Charles Fisher and center Tom Davis, who had bad ankles before the game, aggravated their injuries in the tilt. Defensive guard Dale Harris, who was hit by the flu bug during the week, saw action but was not at full strength.

Fisher and Davis, Joe O'ague, Doyle Ethridge, Roy Green, Dale Harris, Steve Harlan, Tommy Donaldson and Larry Pickens all turned in good defensive games and were especially effective in the first

half.

Fisher was well contained by the Post defense, so Williams took to the air to account for much of the Tiger yardage. Ethridge, Larry Allison and Larry Pickens caught the passes for 110 yards. Ethridge nabbed two for 72 yards, including the touchdown on 56 yards. Allison caught two for 25 yards -- one on a beautiful one-handed grab.

Pickens wound up as the top ground gainer for Slaton with 37 yards on 9 carries. Fisher had 34 yards in 11 trips with the ball. Ethridge had tough luck on his punts, and he was forced to kick into a strong south wind most of the time. Pickens tried to put Post in a hole with a quick kick that sailed only 22 yards, another bad break for the Tigers.

Post showed three fine ball carriers to good advantage in the game. Big, fleet David Heaton carried 11 times for 74 yards; fullback Paul Walker toted 18 times for 52 steps, and quarterback Dick Kennedy ran 6 key plays for 60 yards.

Heaton shook off several Slaton tacklers in the fourth period enroute to a 25-yard touchdown run, and he became the first player this year to score on the 20-yard line. The Tiger defense has prided itself on stopping the long touchdown plays.

MIDLAND CARVER ADDED

1967 District 4-AA Grid Slate

The District 4-AA football schedule for 1967 was made up recently in a district meeting, and Slaton came up with a schedule problem when it drew an open date on the last week of play.

A change in the schedule was necessary with the addition of Midland Carver to the district next season. The league then will have seven teams instead of six, and each member can have only four non-district games.

By the luck of the draw, Slaton may have difficulty in lining up a non-district game for Nov. 10. District play will start two weeks earlier than in the past, and the Tigers drew Denver City for their loop open-

er on Sept. 29.

According to this year's schedule, Slaton may have to drop Tahoka and Springlake from its slate. These two teams were scheduled before district play started this season.

In 4-AA action, Slaton will catch Denver City, Post and Stanton at home next season. The Tigers will play Morton, Frenship and Carver on the road.

The district schedule for '67:

Sept. 29 -- Denver City at Slaton, Midland Carver at Morton, Frenship at Post, Stanton open.

Oct. 6 -- Slaton at Morton, Post at Midland Carver, Stanton at Frenship, Denver City open.

Oct. 13 -- Post Frenship at Midland Carver, Denver City at Stanton open.

Oct. 20 -- Slaton ship, Stanton at City at Morton, Morton open.

Oct. 27 -- Stanton Midland Carver at Morton at Frenship.

Nov. 3 -- Slaton Carver, Morton at Denver City, Stanton open.

Nov. 10 -- Slaton ton at Post, Frenship, Carver, Midland Stanton.

Wilson Rallies For Over Meadow

Wilson Mustangs, who were tied with the homecoming game, the Amberst Bulldogs, who were tied with the first place in district, scored twice in the game. Leon went 22 yards for 12 yards, extra points failed, score 12-0 at in-homecoming game. The second half was a victory. The Mustangs the Bulldogs to see any more daylight, and the passing of Johnny Scott gave the fans all the cheer they needed.

Early in the second quarter, Dennis Verkamp went 74 yards on a pass from Scott, with the conversion by Mike Ward, the score was 12-7.

The Mustangs didn't score again until the last quarter. Scott connected on his second TD pass of the night, spotting Verkamp in the end-zone for the winning score. The Mustangs, with two more district games left, will play Whiteface and Ropesville away from home. Wilson is now 6-2 in the season play and 4-2 in district play.

Cooper Scores First Victory

The Cooper Pirates won their first football game of the season over the New Home Leopards, 26-14, Friday night at Cooper.

Eddie Hickman was the big gun for Cooper, throwing two touchdown passes and running for two more.

The Leopards scored first when Dennis McCullough hit from the one yard line. Johnnie Armes passed to Mike Fillingim for the points after touchdown.

The Pirates then started their scoring and tied the game on a 22-yard scoring run by Hickman. Hickman then ran for the extra points.

In the third quarter, the Pir-

ates went out in front, 14-8, on a pass play from Hickman to Ronnie Schaffner that was good for 13 yards. The Leopards came right back and scored when Wayne Fillingim plunged two yards across the goal line.

Late in the third quarter, Cooper went out in front to stay on Hickman's second touchdown pass of the night to Charles Betancourt. Cooper's last touchdown was made when Hickman scored on a 41-yard run in the last period of play.

The Pirates have one more game to play this year. They will travel to Anton after a rest this week.

Spur Rolls By Roosevelt, 58-0

The Spur Bulldogs clinched the district 4-A title Friday in a 58-0 victory over the Roosevelt Eagles at Spur. The out classed Eagles have won only one ball game this year, that from the Cooper Pirates.

The Bulldogs scored on the first play from scrimmage when E. L. Patterson ran 50 yards. The fans saw a 41-yard field goal by Larry Powell and a 64-yard pass interception return for a TD by Alan Bingham.

Patterson was high scorer in the game with 26 points, followed by Powell with 20, Henderson with 6 and Bingham with 6.

The Eagles go to Crosbyton Friday for their last game this season.

Passing Duel Looms as Tech Takes on Baylor

LUBBOCK -- Two advocates of wide-open football, Baylor and Texas Tech, collide in the Red Raiders' Jones Stadium at 2 p.m. Saturday.

Baylor's Terry Southall and Texas Tech's John Scovell are expected to hook up in one of the best pitching duels of the season. All signs but one point to a repetition of the 42-33 triumph Florida State managed over the Raiders here in October.

That exception is the revitalized Texas Tech defense. The Raiders have put together successive top-notch defensive performances to win from Rice 35-19 and from Oklahoma State 10-7.

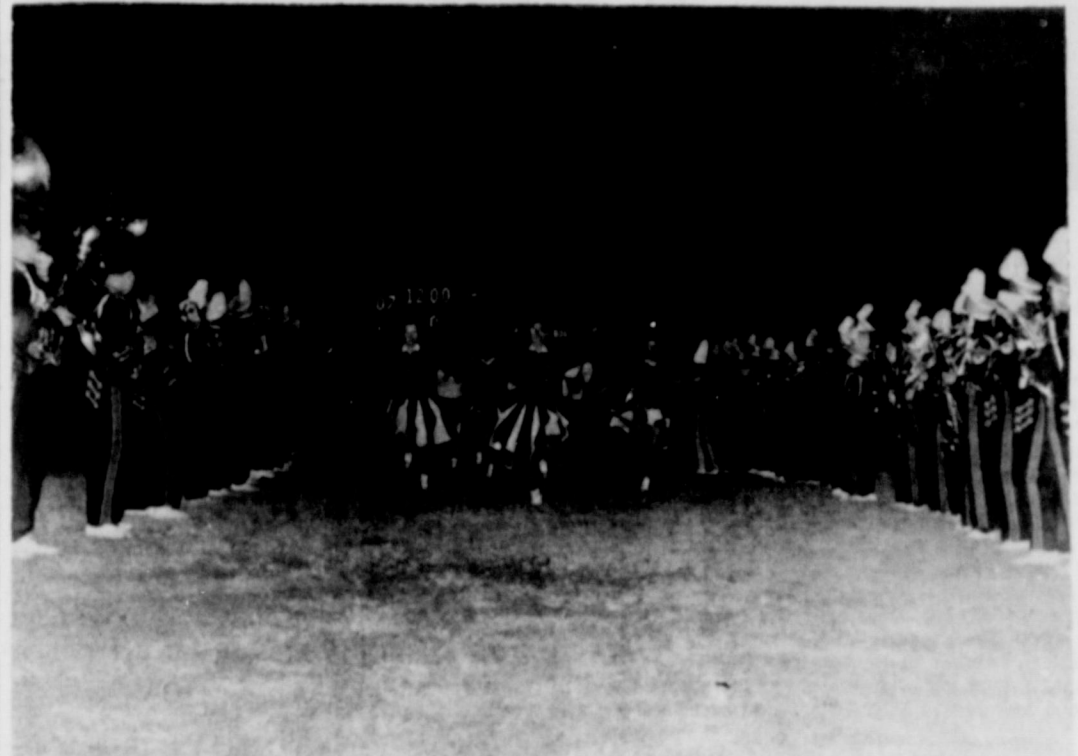

On the other hand, both Rice and Oklahoma State relied on the run rather than the pass, Baylor's favorite weapon. Tech's crashing secondary, wary this week of the throw, may not be able to charge the runner with the same abandon of the past two weeks.

Baylor leads in the rivalry, beginning with a 34-0 Bear triumph in 1929, by a 17-6 margin. One tie has been played. In Southwest Conference play Baylor leads 4-2. This season Baylor is 3-4; Tech, 3-5.

A crowd of about 32,000 is expected.

SHS Shows Spirit In 'Beat Post Week'

"Beat Post Week" was declared by Slaton High School principal M. W. Kerr, for the week Oct. 31 - Nov. 4. He

Editorial

Has anyone seen a red and black '49 Plymouth pulling the Tiger Victory Bell? There's more meaning behind that car than most people realize.

Our Tiger Victory Bell was donated by the City of Slaton in the school year, 1964-65, and the classes of that year paid for the expenses. The bell has a history dating back to one of the first steam engines that ran a line through Slaton. The car has meaning behind it, too. The year of 1949 was the last year that Slaton has won district. Mr. Kerr's '49 Plymouth is a symbol of this event. Mr. Kerr said that when Slaton won district again, he would buy a new car to pull the Tiger Victory Bell.

We have this history to be proud of and we can also be proud of the spirit it raises. Clean sportsmanship is the best kind and that's what we have. Let's do our best for S.H.S. and make Mr. Kerr buy a new car!

started the events of the week by leading the student body in a yell.

The next big event of "Beat Post Week" was a sign painting party Thursday night for all classes.

Friday was the climax and day of the majority of the events. The 3 p.m. pep rally was broadcasted over KCAS by Bill Jay and Dee Bowman. During the pep rally, Linda Robison's car was announced best decorated.

Following the pep rally, the Slaton Tiger Band led the parade of decorated cars and students carrying the pennants to the square for another short pep rally.

Friday evening a caravan was formed by the Slaton fans which proceeded to Post to support the Tigers in their most important game of the year. "Beat Post Week" was a good example of the support given to the Tigers by the students and adults of Slaton. Due to this support and the coaching staff, the Tigers came through and imposed the first real threat for the district title since the Tigers won district in 1949.

Did you ever hear of the guy who crossed a homing pigeon with a woodpecker? He produced a bird that knocks before delivering the message.

Modesty -- The art of encouraging people to find out for themselves how important you are.

Misstep -- Traffic Manager: "What's Virginia so mad about?"

SUNDAY'S SERMON

A SMILE

A smile is one thing that is difficult to give away without getting it back in return. Have you ever noticed that the whole world seems friendlier when things are going right for you? When you are happy, when you are pleased, doesn't it seem to you that everyone else shares your good feelings? Try it sometime, when things aren't going your way -- force a smile. It's difficult, but it will come. When someone irritates or displeases you, turn aside the temptation to "tell them off." Smile. Make a friendly comment. See if it does not bring about a friendlier atmosphere. Wear a smile upon your countenance. More often than not, you'll walk in sunshine wherever you go.

Faith

"The Lord will fulfill his purpose for me; thy steadfast love, O Lord endures forever. Do not forsake the work of thy hands."

— Psalms 138:8

When your world is plunged into darkness and despair, do not believe that God has deserted you. Raise your eyes, acknowledge that the purpose of your existence still remains and seek through faith the strength you need to persevere. However dark the night may be, it shall give way to the sunrise . . . and you must look up to see a sky of blue.

Mr. Bell liked to make things better

After Alexander Graham Bell invented the telephone in 1876, he did not rest on his laurels. He helped form the National Geographic Society, developed the basic method of making phonograph records on wax, and pioneered a method of locating icebergs by detecting echoes from them. He made suggestions and contributions that helped give us air conditioning and the iron lung. For 46 years after inventing the telephone, he lived a vigorous and creative life.

Southwestern Bell likes to make things better, too . . . Six short years ago, we did not offer the Princess® telephone, Home Interphone, Wide Area Telephone Service, Centrex service, Data-Pac data communications service or Panel Phone. There was no electronic artificial larynx, no automatic dialer and no Speakerphone. Today, new items help us provide the best telephone service in the world. But we want to make it better. That's our legacy from Mr. Bell.

Can you save your acres and profits?

Cotton acreage and profits *could* be going up, because people all over the world are buying more textile products.

But right now people are buying products made from synthetic fibers. As a result, not enough of our fiber is being used. Our carryover of cotton is the highest in history, and our acreage is the lowest in almost 100 years. The message is crystal clear—if we want to keep on growing cotton at a profit, *we must sell more cotton.*

The only answer... Cotton Research and Promotion

Expanded research and promotion are cotton's only hope. With these same two tools, producers of higher-priced synthetic fibers have taken a total market now equal to nearly 7 million bales of cotton. They have gained over 2 million bales in the last 2 years . . . and new plants are scheduled with capacity equal to another 3.5 million bales.

Growers *also* can use these tools effectively. Experience has proved it. The only problem is to get enough money to use them on a big enough scale.

New legislation makes that possible. It enables farmers to vote, in a Beltwide referendum, on establishing a uniform assessment of \$1.00 per bale for research and promotion. The law provides that individual farmers who do not want to participate can have their assessments refunded.

Funds from uniform collection will attract other money—more than two times as much on the average.

This plan originated with farmers. Thousands of growers and 61 cotton organizations across the Belt have endorsed it—*overwhelmingly.*

All projects must be initiated by grower trustees elected by cotton farmer organizations. Other provisions give equal assurance of producer control.

We, the undersigned, strongly endorse and recommend this uniform collection plan for research and promotion. We urge you to join us in working and voting for its approval in the upcoming referendum.
