# Soaking Rains Boost Area Crop Outlook

It was one of those "made to order" rains Saturday night and Sunday morning—a slow, gentle rain that soaked area farmland with 1 to 1.50 inches of moisture.

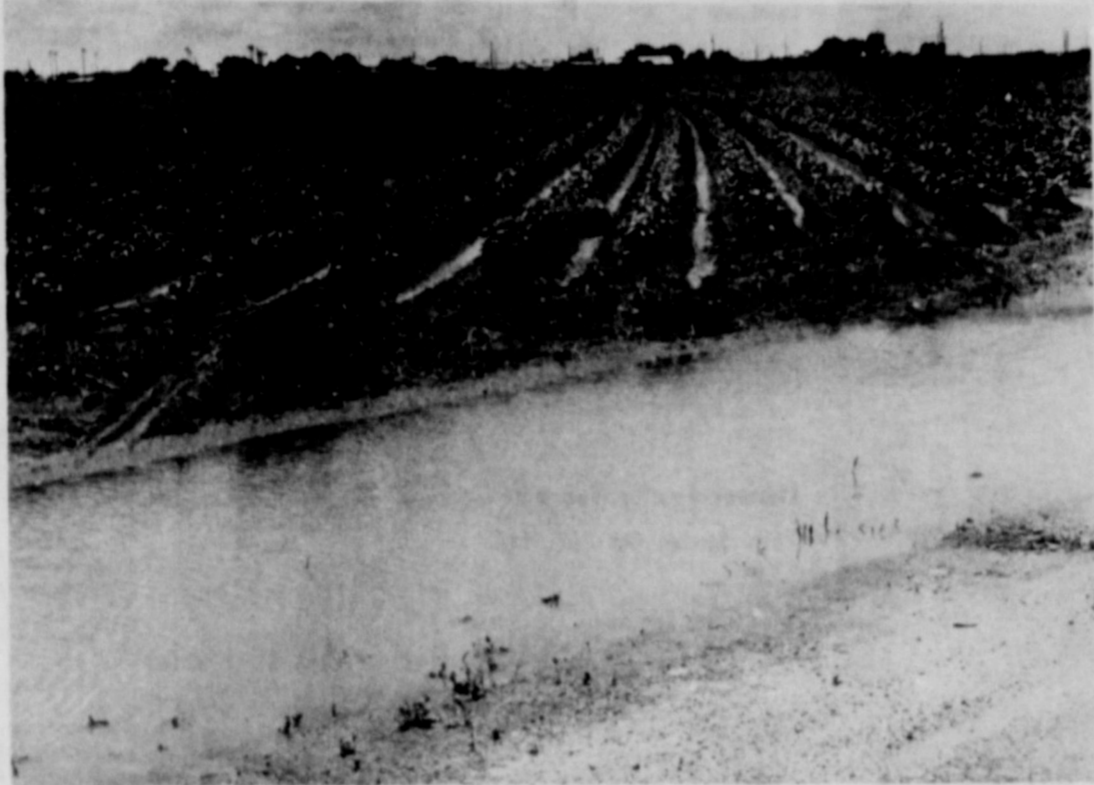

The rainfall was the first to be classified as "general" in some time, with all areas around Slaton reporting measurements of about 1 inch. The rainfall boosted crop conditions considerably, according to most reports.

With cotton starting to bloom and water usage going up on irrigated land, the rainfall couldn't have come at a better time.

More rain was recorded last week, with some areas reporting more than 2 inches. Slaton recorded 1.4 inches Sunday morning to go with .20 of an inch Friday morning. Southland and Wilson reported 1 inch and .80 of an inch Friday, then had another 1 to 1.5 inches Sunday.

Heavy amounts of moisture were also recorded across the canyon to the north, and overall it was one of the most beneficial rains of the summer.

Temperatures remained cool during the week, with a high of 96 degrees recorded for the week last Thursday. The maximum hit only 69 degrees Friday and had climbed back to 90 degrees Tuesday and Wednesday. Low reading for the week was 54 degrees on Friday. The low was 60 degrees Tuesday and Wednesday.

A VERY PRETTY VIEW—Water in the barrow ditches was a pleasing sight to Slaton area farmers and citizens this past week. The first "general" rainfall in some time left moisture of 1 to 1.5 inches Sunday morning. Some areas had rainfall Friday to add to the most beneficial rain showers of the summer. The gentle, soaking rains of Sunday morning provided a big boost to crop prospects in the area. (SLATONITE PHOTO)

## Diaz Elected To Ward 4 Post

BART DIAZ

Norberto (Bart) Diaz, 31, service station manager and a former city policeman, was named as City Commissioner of Ward 4 in a special city election Tuesday.

A total of 140 votes were cast by voters in Ward 4, the southeast part of town, but 10 were voided for being improperly marked. The turnout was about as expected.

Diaz drew 69 votes, which was more than twice as many as his two opponents, Eugene Mask had 43 votes, and W. E. Strain polled only 18.

The election was held to fill out the unexpired term of George Quintero, who resigned to take a post with the Slaton Police Department. The term expires in April, 1972. The city commission was expected to meet this week to canvass the votes.

The commission is scheduled to hold a regular monthly session Monday night at 7:30. Among items on the agenda is expected to be a discussion on whether to increase sewer and sanitation rates.

Diaz served on the police department, first as a dispatcher and then as a patrolman, for almost four years. Other members of the commission are Mayor Bland Tomlinson, J. S. Edwards, Otis Neill and R. J. Clark.

## Immunization Clinic Today

The monthly immunization clinic held in Slaton each month will be held today at the community center building located between 4th and 5th Streets on Powers. It is open from 1:30 to 3 p.m.

Immunizations, which are compulsory for school children this year, are available at the clinic for children who are not under a physician's care or for those not financially able to afford the immunizations.

Immunizations available include smallpox, diphtheria, whooping cough, polio, tetanus measles and typhoid.

The clinic is administered by Mrs. Jeannie Johns, county health nurse.

Other services available through the clinic include general health services, a family planning clinic, maternity clinic and dental clinic. Some of these will be on a referral basis with the larger facilities in Lubbock. Transportation can be provided if it causes a problem for those needing it.

## FORMER SLATON MAYOR

## Rites Held For L.B. Wootton

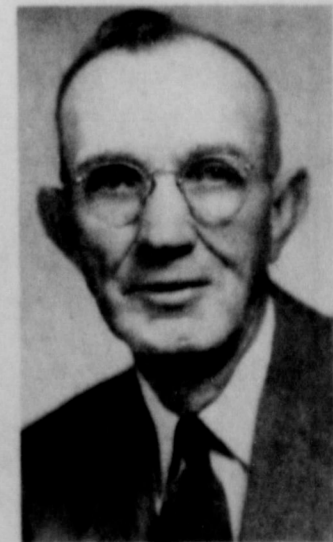

Lee B. Wootton, 87, a former Slaton mayor, died Sunday morning in Mercy Hospital following a lengthy illness.

Services were conducted at 11 a.m. Monday at First Baptist Church with the Rev. J. L. Carrito, pastor, officiating. Burial was in Englewood Cemetery directed by Englands.

Wootton, a Kemper native and Slaton mayor 12 years during the 1940s and 1950s, moved to the Slaton area in 1921 from Gall.

He is survived by his wife, Docia; a daughter, Mrs. Bryan Williams of Post; a sister, Dora Wootton of Rising Star; one grandson and one great-grandson.

Pallbearers were M. G. Davis, Tommy Davis, Bill Fraschon, Joe Teague, T. A. Worley and Conroy Bain.

## Forgery, Hit-Run Charges Filed Here

Apprehension of a forgery suspect, a hit-and-run accident, and a "jailbreak" highlighted Slaton police activities this week.

Charges were expected to be filed Wednesday against a 17-year-old suspect in the forgery case. He was apprehended after trying to pass a check at United Supermarket, and the manager became suspicious.

Police said the suspect, or a partner, cashed forged checks at the Handy Hut and Piggy Wigly. The suspect's partner was also being sought Wednesday.

Police Chief Glenn Farmer said charges were filed against Charlene W. Phillips, 24, for leaving the scene of an accident Saturday night. A truck owned by Slaton Gas & Equipment Co. was struck while parked at a residence at 100 N. 18th St.

Police said a driver lost control of a car, which jumped the curb and hit the truck, causing about \$450 damage. The driver left the scene of the accident and police later arrested the suspect. She was also charged in corporation court for driving without a license and resisting arrest. She was released on bond.

The "jailbreak" occurred last Thursday night and involved a juvenile. The 16-year-old youth was apprehended for being drunk in car and for possession by a minor. He was placed in the juvenile cell at Slaton P.D., but later kicked the door down and ran from the building.

Police were unable to locate the suspect, but notified his parents the following morning. He reported to the police station with his mother, then was taken to juvenile court in Lubbock.

Officers were also investigating a break-in at Supreme Feed Mill offices this week. The break-in occurred Thursday night or early Friday morning. All that was reported missed was about \$1 in change from a Coke machine, but damage to the offices were estimated at \$150. A door glass was smashed and the machine was pryed open.

Two men reported vandalism of their cars this past week. Juan T. DeLeon and Ysidoro Campos, residing at Walker Courts, both reported that two tires on their autos had been slashed, apparently by a knife. Officers were investigating.

## School Budget Hearing Tuesday

Slaton School Board will hold a public hearing on the proposed 1971-72 budget at 7:30 p.m. Tuesday, preceding the trustee's regular monthly board meeting.

The board recently looked over a proposed budget which totalled \$1,319,370. It was up about \$200,000 over the past year, but most of the increase was accounted for in a new special education program which is funded by the state. Regular budget items were up about \$27,000.

The budget hearing is open to any interested patrons of the school district, and will be held in the school business office, 300 S. 9th St. During the regular board meeting, trustees are expected to discuss the \$115,000 building improvements program, review the financial statement, approve bills and take up other routine matters of business.

## EQUALIZATION BOARD TO MEET

The Board of Equalization of the City of Slaton will meet Tuesday, beginning at 9 a.m., in the Municipal Building.

The board will meet for the purpose of hearing protests and setting valuations of all taxable property in the Slaton city limits.

WHY IS IT SOME TOWN CRITICS CAN'T FIND TIME TO WORK ON COMMUNITY PROBLEMS?

## PILOT PROGRAM FOR HANDICAPPED

# Slaton, Roosevelt, Cooper In Co-Op Education Project

Special education pilot program—designed to integrate the handicapped child into the regular classroom—will be in effect in the Slaton, Roosevelt and Cooper school districts as a cooperative project.

Mrs. Kern explained that the cooperative program was applied for because the project requires a minimum of 3,000 students (average daily attendance). The three schools in SELCO have an ADA of about 3,600.

The schools are applied for the project because of added benefits for the special education program—more personnel, more materials and equipment.

"The philosophy of the new program," explained Mrs. Kern, "is found in the belief that every child is entitled to full recognition of his right to educational opportunities consistent with his ability to learn."

Referring to the new concept of placing the handicapped child in the regular classroom as much as possible, Mrs. Kern said this is an "about face" from past methods of special ed classes. Under the old plan, a school had to keep

the handicapped child in the special education class in order to qualify for teachers. In other words, the school was discouraged from placing the child in a regular classroom.

Under Plan A, the incentive is to place the child in as many regular classrooms as his ability will permit. If a child is placed in a regular classroom 51 percent of the time, he will be added to the average daily attendance roll, and the school does not lose credit for special ed teachers.

Plan A has some other new features, too. The program is not only for the retarded child, but for those with language-learning difficulties, for early childhood problems, and for the handicapped student in high school.

After school gets underway, the program will seek out children in the 3-5 age bracket who have learning problems. Also slated to start on a small scale is the VAC (Vocational Adjustment Coordinator) program for

high school students with learning difficulties. The program will seek to place handicapped students in part-time jobs consistent with their abilities.

The Plan A project is funded under the State's minimum foundation program. The \$300,000 item will appear in the Slaton School District budget, since it will handle the book-keeping on the program.

At the start, the director said, Slaton will have 11 teachers assigned to the program; Roosevelt 6, and Cooper 6. The four supportive units will be working in all of the schools. These four are the director, diagnostician, counselor, and visiting teacher. The latter person might be more aptly titled as a home-school liaison teacher.

Addition of the program at Slaton has been one of the factors in adding on to the S.F. Austin school. A special education classroom and offices will be housed at the building.

Addition of kindergarten classrooms was the other big factor which made more classroom space a necessity here. One portable building has been added at West Ward, and another has been ordered.

The state will be spending about \$450 per student in the Plan A program for the three schools, compared to about \$125 for the regular student. Officials point out, however, that the impact of the program is anticipated not only to be a humane action but one that makes "pocket-book" sense.

Research has shown that a child placed in an institution, at an average age of 12, will spend about 60 years there at a cost of about \$3,000 per year. Add to this the estimated \$10,000 per bed cost for facilities, and an estimated \$100,000 the government loses in taxes, and the longrange special education plan looks more economical.

## Car Wash Saturday For Youth Center

A car wash for benefit of the Evans Youth Center will be held Saturday from 9 a.m. to 4 p.m. at the Evans Multi-Service Center, it was announced by Willie Brown, director.

Cars will be washed for \$1.25 each, with proceeds going to the Evans Youth Center. Cars can be taken to the Multi-Service Center, 1000 E. Geneva, between 9 a.m. and 4 p.m. Saturday.

MRS. ISMAEL LEDESMA  
... Mary Helen Rosas

## Ledesma-Rosas Vows Read Here

Double ring wedding vows were exchanged by Miss Mary Helen Rosas and Ismael Ledesma Friday at 4 p.m. in Our Lady of Guadalupe Catholic Church here. The Rev. Amilio E. Abeyta, pastor, officiated. Parents of the couple are Mrs. Rosas of Marlin, Tex., and Mr. and Mrs. A. V. Ledesma of Slaton.

Given in marriage by her brother-in-law, Pete Martinez, the bride wore a white satin formal-length gown designed and made by the groom's mother. The gown featured embroid-

ered lace palleto with sequins and beads. Her headpiece was an illusion of lace decorated with crystal beads. She carried a bouquet of white and blue roses.

Miss Rachel Ledesma, sister of the groom, was maid of honor. Bridesmaids were Mrs. Sally Madrid, aunt of the groom, and Mrs. Silver Esquibel of Littlefield. The bridesmaids wore light orange colored dresses trimmed in white. Their headpieces cascaded from a large white rose. Miss Ledesma wore a white satin

gown which featured embroidered lace palleto. Serving as best man was Eddy Madrid, uncle of the groom. He and Silver Esquibel of Littlefield were also groomsmen. Lee Ledesma, brother of the groom, was ring bearer.

Following the ceremony, a reception was given for the couple in Our Lady of Guadalupe Hall.

The couple plans to reside in Slaton. The groom is a graduate of Slaton High School and is employed by Furr's of Lubbock.

## Couple Wed

June Miller and Herbert LeRoy Ehler were married at 9 p.m. Tuesday by Slaton Justice of Peace, Arvin Stafford.

Zollie Waldrot was bestman and Mrs. Olga Bostwick was matron of honor. They are both of Lubbock.

Mr. and Mrs. Ehler will reside at 1115 W. Knox St., Slaton.

## Daughters See Demonstration

The Catholic Daughters of America met in regular session Monday evening with Vice Regent, Iris Melcher, presiding.

Hermine Miller and Ada May Kitten, from Slaton's Art Alley, presented a demonstration for the group on ceramic spray painting.

Refreshments were served to 26 members by hostesses, Rose Kitten, Anna, Kathy, Molly and Rosemary Kubacak and Mary Catherine Kuss. Valeria Vercamp reported for the sick committee.

The Court will celebrate its 27th birthday August 15, and members voted to attend mass in a group.

Door prizes were won by Josephine Pinkert and Angela Clark. The next meeting for the group will be held in September.

## Limmer Family Tours Four States On Vacation

Mr. and Mrs. Lee Limmer of Slaton returned Thursday from a 10 day vacation trip that took them through New Mexico, Arizona, Nevada and California. They accompanied Mr. and Mrs. Billy Love, Vivian and LeAnne of Amarillo and Tyra, Steven and Lance Gilliland of Lubbock.

Travelling in a car with house trailer and camper pickup, they visited Red River, the Painted Desert, the Petrified Forrest, the Grand Canyon, Hoover Dam, Las Vegas, Disneyland, Knott's Berry Farm and Morro Bay.

The two vehicles became separated in traffic Sunday in California, and each took a different route home. Both parties were in contact with a relative in Slaton during this time, but were unable to make connections to return home together.

## Susan Cagle To Wed Mr. Norrell

Mrs. M. E. Cagle announces the engagement and approaching marriage of her daughter, Susan, to Keith Norrell, son of Mr. and Mrs. Elmer Norrell of Floydada.

A graduate of Slaton High School, Miss Cagle attended Wayland Baptist College and is now attending Commercial College of Lubbock.

Norrell, a graduate of Floydada High School, attended the University of Texas and Wayland Baptist College, and plans to complete his education at Eastern Montana University, Billings, Mon.

The couple plans to wed Oct. 1 in Westview Baptist Church, Slaton.

Norrell is a member of the American Theatre Guild and American Actors Guild.

## Miss Riney Is Engaged

Mr. and Mrs. James Riney announce the engagement and approaching marriage of their daughter, Cathy, to Brice Hill, son of Mr. and Mrs. James Hill of Slaton.

The couple has made wedding plans for Dec. 27, with the ceremony set for Grace Lutheran Church.

Miss Riney is a junior student at Slaton High School, and is one of the cheerleaders there. Brice, a 1969 graduate of Slaton High, is a junior student at Texas A&M University.

## Carroll Family Reunion Is Held

The family of the late Mr. and Mrs. A.M. Carroll and friends met Sunday at the Slaton Club House for a covered dish luncheon and a day of visiting. Seventy guests registered during the afternoon. They included family and friends from Morton, Pampa, Amarillo, Lubbock, Slaton, Haskell, Alvin, Childress, Hobart, and Elida, Carlsbad and Roswell N.M.

# Slaton Schools Prepare For Opening On Aug. 19

The first day of school for Slaton students is just two weeks from today, with the first bells to ring on Aug. 19.

School starts before then for the teachers, however, who will begin in-service training on Monday, Aug. 16. Supt. J. C. McClesky reported that preparations for the new school term are well underway and that most faculty positions have been filled.

The Slaton system has joined with Roosevelt and Cooper in a cooperative special education program this year—one of the pilot projects in the state. May Belle Kern of Slaton will be director of the program for the three schools.

Slaton will have a new port-

able building on the West Ward campus this fall, to go with the new building erected for kindergarten classes near the close of School last May. An addition is also planned at S.F. Austin school, and considerable remodeling has been planned for several buildings.

The Austin addition and remodeling work are part of a \$115,000 building improvements program approved during the summer.

A list of the faculty for the schools:

## Junior High Registration

Registration at Slaton Junior High school will be held Wednesday, Aug. 18, it was announced this week by Principal James Perkins.

For students who were in the Slaton system last term, it is merely a matter of picking up schedule cards. Sixth graders should report at 9 a.m.; seventh graders at 10 a.m., and eighth graders at 11 a.m.

Junior high students who are new to the Slaton school system should pre-register at 1 p.m. Wednesday, Aug. 18.

## Band Rehearsals Begin Here For SHS Students

Bill Townsend, Slaton High band director, announced this week that band practice begins Monday for all band members. The freshmen started practicing this morning. He said any freshman who plans to play in the band should be at the band hall at SHS again Friday morning at 9 a.m., whether you have been contacted or not.

The entire band will rehearse Monday, Tuesday, Thursday and Friday of next week, beginning at 7 p.m. nightly.

## ROTC INFORMATION

Cadets presently enrolled in the Slaton High School Jr. ROTC program may draw their uniforms anytime from August 9 through the 13th from 8 a.m. to noon each day at the ROTC building, according to Col. Clifford Bowen.

Over 200 boys and girls have registered for the ROTC course.

## Slaton Teachers Attend Clinic

Five Slaton teachers assigned to the special education program this fall are attending a "Language - Learning Disabilities Institute" in Austin this week.

Attending from Slaton are Mrs. Wanda Hurst, Mrs. Vickie Hart, Linda Magourik, Dortha Smith and Jack Neerincx.

The institute is designed to provide information and answer issues concerning the new special education pilot program. It is sponsored by the Division of Special Education of the Texas Education Agency, in cooperation with the U.S. Office of Education, Bureau of Education for Handicapped.

Slaton School District has joined with Roosevelt and Cooper to offer the cooperative special education program this fall.

On Memorial Day the flag should be displayed at half mast from sunrise to noon and at full mast from noon to sunset.

## St. Joseph Set For School

Registration day at St. Joseph's Catholic School has been set for Friday, Aug. 20 at 9 a.m. Readiness tests for students planning to start school in the first grade at the school will be given at 9 a.m. on Aug. 12. These students are urged to attend.

The school is for all children from the first through the eighth grades. For children who are not members of the local parish, a charge of \$15.00 for tuition is charged monthly.

Staff for the school includes seven teachers. Sister Mary Angelita will begin her third year as principal at the school.

China adopted tea drinking because the water was impure.

## "I REMEMBER" BY THE OLD TIMER

Where are the sounds we used to hear? Nostalgic sounds of yesteryear, the clop, clop, clop of horses' feet, the ice man coming down the street. The clang, clang, clang of trolley car, motorman armed with iron bar, to shift tracks over and get set, to pass another when they met. Train whistles wailing in the night, startled partridges taking flight. The rooster's crow at break of day, cows contentedly munching hay. Cracking logs in the fire place, baying coon dogs as they gave chase. The doleful call of whip-poor-will when twilight fell and all was still. The wooden churn with up-down dash, the smoothness of the gentle splash. The crunching foot-steps in the snow in dead of night with moon a glow. There's something lost these days and time, the kitchen clock with muted chime. The years go by so fast and yet there are things we never forget.

School will start Aug. 23 at Southland, with teacher in-service meetings preceding the first classes. Teachers will meet Aug. 18-19, according to Supt. F. W. Callaway. Registration for all grades is scheduled for Friday, Aug. 20. Buses will run on Aug. 20 and registration is expected to be accomplished in several hours.

## Firemen Attend School at A&M

Three local members of the Slaton Volunteer Fire Department attended the 42nd Annual Texas Firemen's Training School at Texas A&M University last month as the school became the fire-fighting capitol of the world. Attending the meeting were Clyde Doherty, John Grantham and Melvin Kinnison. The school attracted participants from as far away as Brazil, Mexico, and Saudi Arabia and Venezuela. Actually more than 1,231 students attended this year's annual school representing 479 towns -- 447 in Texas, 32 in other states, five outside of the Continental United States, and five armed service bases or installations.

Don Kendrick, fire chief, reported that it is very important for Slaton firemen to attend the school each year, not only for valuable experience but it effects Slaton's fire insurance premium credit in the key rate.

**ITEM:** Self rising flour is a mixture of flour, sodium bicarbonate (baking soda) and one or more of the acid-reacting substances--monocalcium phosphate, sodium acid phosphate, and sodium aluminum phosphate (baking powder.)

**WIN TROPHY AT ANNUAL WORKSHOP**--Miss Gorla Gass and Nita Latham won a trophy for assembling the best dummy yearbook at the summer workshop of Southwestern Council of Student Publications held July 25-30 on the campus at Texas Tech. Martha Pionka and Clara Waugh attended the Photography Workshop there. Mrs. Maxine Walker is annual sponsor.

## TAX-MAN SAM SAYS ---

The Internal Revenue Service had mailed out a record number and amount of income tax refunds through June 30, 1971 to North Texas taxpayers.

These 1,131,294 refund checks, amounting to \$253, -553,118.87 represents an all time record in number as well as amount of refund checks. There will be a few thousand more refunds that will be mailed

to taxpayers as soon as the taxpayers' mixed up social security number or other mix ups that delayed the refund can be cleared.

However, in view of IRS's prediction that 20 million out of about 80 million taxpayers will not have enough income tax withheld during 1971, this year's refund record may stand for several years.

## Iranian Student Guest of Rotarians

Fred Aghazadeh, a Texas Tech student from Iran, was guest speaker at the regular weekly luncheon meeting of Slaton Rotary Club Thursday in the Community Clubhouse.

Aghazadeh is majoring in electrical engineering at Tech and attended Ranger Junior College before coming to Lubbock. He told Rotarians some of the interesting factors about his country, and gave some of his impressions of the United States.

The student said Iran is about 2 1/2 times the size of Texas and about 3 times as large in

population. Iran was primarily an agricultural country until about six years ago, when an industrialization movement started.

Aghazadeh told the club members that Iran was not experiencing as many civil problems as the U.S. He said, however, that leftists students tried to demonstrate, but the military put an end to that. He said traffic in drugs was a bad problem until the government passed a law providing for guilty persons to be shot.

He said he'd heard that there were "no classes" in the U.S., but found that there was an upper, middle and lower class. He added that the lower class in America is "much better off than the lower classes in other countries."

Aghazadeh expressed an opinion that "children are spoiled" in this country. "They have more material benefits than youth anywhere in the world, but they don't seem to appreciate it," he stated.

The student guest was introduced by Harvey Morton, program chairman for the week. Tommy Wallace presided at the meeting in the absence of president Ansil O'Neal. Several guests and visiting Rotarians were introduced at the luncheon meeting.

## Mrs. Hopper Is Lions' Speaker

Patsy Hopper, president of the Women's Division of Slaton Chamber of Commerce, was guest speaker for the Slaton Lions Club luncheon meeting Monday at the Clubhouse.

Mrs. Hopper reviewed the club's activities for the first year and told of projects being planned. She said the women are planning a trip to Palo Duro Canyon to see "Texas", with the possibility of two buses making the trip. The club has made tentative plans for a "Tour of Homes" to specific homes decorated for the occasion.

Earl Bartley, executive director of the Chamber, introduced Mrs. Hopper and commended the Women's group for its participation and help in community affairs. He said the group accomplished much during its first year and attracted beneficial publicity to the city.

Club president Steve Smith recognized two new members to the club. They were Don Balch, new Phillips 66 consignee in Slaton, and Bill McDaniel Jr., who recently opened a bookkeeping and tax service here. Several guests were also introduced at the club's regular weekly luncheon meeting.

Smith announced that the club's annual "Broom Sale" is scheduled for Aug. 24, with Edwin Knight as chairman.

Past president Arvin Stafford presented each Lion with a pendant, which is to be given to the wives.

## Now You See It Now You Don't

Earl Bartley, executive director of the Chamber, introduced Mrs. Hopper and commended the Women's group for its participation and help in community affairs. He said the group accomplished much during its first year and attracted beneficial publicity to the city.

Ole Neilson, who lives in Sumner, Wash., is a towering bulk of a man, but usually a gentle one. He woreid of looking at the barren parking lot behind his bakery. So he put in stone walks, rhododendrons and two cherry trees. It made a strikingly attractive difference.

Then one morning Neilson arrived at the bakery to find that some miscreant had ripped out all the plants.

Neilson, who stands 6 feet, 5 inches, was outraged. He publicly promised to bash the vandal with a rolling pin if he caught up with him.

A couple of days later Ole came to the bakery and found all the plants had been returned, replanted, watered and even given an extra shot of fertilizer.

## What 8 New Laws Mean For Texas Schools, Educators

**RETIREMENT**--Signed January 25 for immediate effect. Provides an extra \$737.50 in retirement benefits for retired teachers. Gave all retired at least 10 percent increase in benefits for this year and next year.

**PRINCIPALS**--Signed July 1 for immediate effect. Defines the fourth duties of principals erosion of their class. Protects them in related to their performance.

**ON SCHOOL**--Signed April 26, for effect. Prohibits

loitering on school property. Makes it a misdemeanor punishable by a fine of not less than \$25 or more than \$200. Defines "school property" as grounds of any public school and any grounds or buildings used for school-sponsored assemblies or activities.

**SCHOOL DISRUPTION**--Signed May 18, for immediate effect. Prohibits disruption of the education process on school property or on public property within 500 feet of school property. Defines "school property" and "public property". Makes violation of the law a misdemeanor punishable by a fine of not more than \$200. Defines "conduct which disrupts the educational activities of a school" as including:

"(1) Emission by any means of

noise of an intensity which prevents or hinders classroom instruction; (2) Enticement or attempted enticement of students away from classes or other school activities which students are required to attend; (3) Prevention or attempted prevention of students from attending classes or other school activities which students are required to attend."

**PROPRIETARY SCHOOL BILL**--Signed June 4, effective 90 days after end of session. Gives the State of Texas authority for licensing and regulation of private vocational schools and their solicitors. Designed to eliminate fly-by-night proprietary schools which might misrepresent the facilities and programs they offer.

**PERSONNEL DUTIES**--Signed

June 9, effective 90 days after end of session. Requires local boards of education to prescribe duties of their professional school personnel. Protects school personnel in lawsuits arising out of incidents they might be involved in while performing their official duties as educators.

**TEACHER CERTIFICATION RECIPROcity**--Signed June 9, effective 90 days after end of session. Provides that an out-of-state teacher holding a valid teaching certificate from another state--earned in a properly accredited institution of higher education--will be eligible to receive from the Texas Education Agency an appropriate Texas teaching certificate. This certificate will be issued with the provision that the teacher shall

remove the requirement for three semester hours of Texas history within 12 months.

**USE OF CTU ALLOTMENT**--Signed June 9, effective 90 days after end of session. Provides that the allocation of professional classroom teacher units (CTU's) within local school districts shall be made on the same basis as it has been done for the last 20 years. Allows districts to include their highest-paid personnel (with advanced degrees and longest service) in their CTU allocation for funds under the Foundation Program. (An Attorney General's opinion had invalidated this long-standing allocation policy. This bill restored it and prevented the loss of an estimated \$5 million annually for the school districts of Texas.)

### Slatonites At Drug Workshop

Joe Sparkman, Curriculum Supervisor with Slaton Public Schools, and Brad Winchester, a senior at Slaton High School are attending the 13th Annual Drug Education Workshop at Baylor University in Waco. The workshop continues through Saturday. Brad is the son of Mr. and Mrs. A. W. Latham.

The Workshop is co-sponsored by the Texas Alcohol Narcotics Education (TANE) and Baylor University. The three-day meeting will consist of seven sessions, each with a major content presentation followed by workshops divided into twelve categories. "We have arranged for top men in their fields to make the content presentations, and for well qualified men and women to lead the individual workshops where we'll get down to practical applications," said Albert F. Tucker, Executive Director of TANE.

In addition to the latest facts being given, followed by individual workshops, those attending the workshop will have opportunities to react to the methodology experts and relate their own problems and experiences in talk back sessions. Workshops will be divided into the following categories: coaches, counselors, church leaders and Sunday school teachers, elementary school teachers, high school teachers, law enforcement, parents, pastors, middle school teachers, nurses, school administrators, and youth.

TANE is a non-profit organization dedicated to prevention of alcohol and drug problems through education. Organized in 1935, TANE is supported financially by individual contributions, businesses, and Texas churches. Programs include public school assembly programs, in-service teacher training, publishing books, production of audio visual aids, research, legislative information, and public information. The organization's books are in use throughout the English-speaking world, and some have been translated into Japanese and Korean. Its "Project Drugs: Let's Get Hip Kit," a multimedia student-centered drug education kit for junior high school, is in use nationally. Another kit for high school students will be introduced at the workshop, and one for elementary schools is under development.

LETTERS TO THE EDITOR

Dear Editor,  
The people of your community are to be commended for the fine job they did as host for the District Little League Tournament.

On several occasions I have heard various individuals around Lamesa comment on the excellent manner in which the tournament was organized. Hospitality shown by Slaton residents and an excellent Little League park are the two most common notations made by those who have commented.

Please pass these notes of appreciation along to the people of Slaton to let them know that their efforts were noted by those visiting your community.

Sincerely,  
Larry L. Crabtree  
Lamesa Press-Reporter

Dear Speedy:

The Lamesa Little League recently participated in your Area Little League Tournament. The people of Slaton and the people connected with your baseball program were most helpful and cooperation was superb.

We would like to thank you for the pictures that you took and so graciously gave to use for publication in the Lamesa Press Reporter.

Should you ever have a Little League team to come to Lamesa, we trust that we will show you the same courtesy that was afforded to our team.

Sincerely yours,  
Brice Lee, President  
Lamesa Little League

Dear Mr. Editor,

I would like to take this opportunity to express our appreciation for the excellent manner in which the District Little League Tournament in Slaton was conducted.

As manager of the Lamesa Little League All-Stars I noted first hand the fine organization you have in Slaton. The field was in perfect condition. It should serve as an example to area cities.

Tournament director, Paul Melton, should be thanked for his job in the tournament. He handled the affairs of the meet in a professional manner.

Again let me say THANKS for a fine tournament.  
Sincerely Yours,  
Jerry Price  
Lamesa Little League Mgr.

The following letter was received this week by The Slatonite. If anyone has information about this book mentioned, please write Mrs. Thomas Britt at the address below.

Gentlemen:  
I am interested in obtaining a copy of a book that you published a number of years ago. The title was something like "Visions of a Higher Ground," by Will P. Florence. I think it was printed in the '30's or '40's.

This man was my greatuncle, and I've read the book and found it quite interesting.

Would you please send any information you might have on how I would go about getting one of the books? If you have an extra copy, what is the price?

Thanking you in advance for your information, I am  
Sincerely grateful,  
Mrs. Thomas Britt

Dear Friends:  
"But to do good and to communicate (share what you have with others) forget not: for with such sacrifices God is well pleased" Hebrews 13:16.

Thank you for taking time out of your busy schedule to remember the residents of our nursing home. It is not difficult to become so busy we forget to do good and to share with those who are in need. Many times it means a "sacrifice", but as the scripture says, God is well pleased with this type of sacrifice. Be assured we appreciate your kindness.

Let me share with you the words of Edwin Markham:  
"There is a destiny that makes us brothers,  
None goes his way alone;  
All that we send into the lives of others  
Comes back into our own."

Sincerely yours,  
Rev. L.D. Kramer

**BIG WELCOME---**What's more exciting than bringing your newborn first child home from the hospital? When Mr. and Mrs. Ronnie Jones, 1520 W. **EXPLORERS SEE 'TEXAS'---**The Slaton Explorer Post, sponsored by the Slaton Fire Department, went to Palo Duro Canyon Monday and witnessed a performance of the Texas State Band. The group was accompanied by patrolmen Fred Clark and Doug Crabtree and Tuesday. (SLATONITE)

**That's a Good Question**

**QUESTION:** Please explain to us once more in THE SLATONITE what the signals are on the fire siren.  
**ANSWER:** Don Kendrick, Slaton Fire Chief, says they are the same as they've always been, but at times the signal will vary because of technical difficulties (and they've had a few lately).

A tornado alert is the same as a fire signal except the siren stays on three to five minutes, going on and off. The fire signal sounds for 30 to 45 seconds, going on and off.

**QUESTION:** What are the hours the Slaton Swimming Pool is open?

**ANSWER:** Jim Chriesman, swimming pool manager, says the hours are 1:30 to 7 p.m. Tuesday through Saturday, except for Thursday when the pool stays open until 9 p.m. The pool is open 1 to 5 p.m. on Sunday and closed on Mondays. The pool will be closed after Aug. 15 until next summer.

**QUESTION:** As a longtime subscriber to THE SLATONITE, could you please tell me why it now takes exactly one week to receive our paper in New Mexico when we used to get it in three to four days?

**ANSWER:** Fast zip code procedures, I guess -- or maybe the higher postal rates we're paying now. Perhaps the Postmaster General would have a better answer.  
If you have a question you'd like answered, just write The Slatonite, Box 775, Slaton, and we'll try to find the answer for you.

# Advice From Social Security

"What do I need when I go in to file for my social security?" This is a question asked daily of the social security office, according to John G. Hutton, social security manager. Most people know they will need their social security number and birth record. However, one record frequently overlooked but usually required is the W-2 forms and copy of the tax return for the last calendar year. Timely advice from your social security office is this. If you plan to file your claim for social security benefits this year, take your W-2 Forms and copy of your 1970 income tax return with you. By having the necessary records with you when you file for your social security, you will be assured of receiving your benefits at the earliest possible date. You may be able to handle your claim by telephone and mail your W-2 or tax return to them. The telephone number is 747-3711. Your Lubbock social security office is located at 3428 Avenue H.

# Tutoring Program at Evans, Guadalupe May Be Big Asset

BY O.G. NIEMAN  
Editor

A community program -- funded through the Emergency School Assistance Program (ESAP) -- was launched in Slaton this summer to help prepare black and chicano students for school.

The impact of the program, according to Tom Hester, regional executive director from Lubbock, could not only be a great asset to the youngsters, but to the public schools as well.

The pre-school training and the tutoring for children ages 3 to 12 serves to prepare them for classroom participation, and could save the teachers valuable time in basic classroom work.

Funds for ESAP were approved by the Federal government to aid in desegregation problems, with about 90 percent of the money going to schools and 10 percent to community programs. About \$40,000 was allocated for a regional program which includes Lubbock and Plainview. Slaton's portion was about \$1,500.

The local project was initiated by Rev. Emilio Abeyta, Mrs. O.B. Allen and Rev. Johnnie Moore, who saw the need and applied for the program here.

Due to space and nearness to the children, Abeyta noted, the classes here were set up at Guadalupe Hall and at the Evans Multi-Service Center (the old Evans School). The classes started June 15 and will end Aug. 13, and average enrollment has been about 100 at each location.

The children were divided into six classes at Guadalupe and five classes at Evans. The program includes 12 paid persons at the two "summer schools", receiving \$1.60 per hour. Supervisors are Eula Mae Clemons at Evans and Eloisa Gonzales at Guadalupe.

The children attend the classes each day from 10 a.m. to noon, and get a free lunch before going home. The free-lunch program is a separate project from ESAP, but is an asset to the tutoring program. Enrollment was almost 200 students at each site, with attendance averaging about 100.

Abeyta pointed out that "community pride" has played an important part in the program,

since both centers here have had volunteer aides and tutors. College and high school students volunteered to serve as tutors and aides in the programs.

"I would have to say that the Slaton program has been most effective with its amount of funds," Hester said here this week. He commended the two supervisors, as well as Willie

Brown, part-time executive director of the Multi-Service Center. Brown is also pastor of a Methodist Church here.

For children already in school, the big emphasis at Guadalupe has been on self confidence, Abeyta reported. "We have found that too many students lack the confidence to participate in classroom discussion," he added.

Hester said the neighborhood programs also helped to "educate parents to the fact that education is their business, and they need to get involved." He said records on the progress of the children leaves little doubt as to the benefits of the project.

The children study everything from the ABC's to work being done in the 5th and 6th grades. They write themes on such topics as "What I Want to Be When I Grow Up". Here's a typical theme, turned in by third-grader Jeff Flores: "When I grow up I want to be a policeman to catch robbers. And to catch kidnapers. But most of all to catch killers and to see if little children get home safe. And to catch the drug eaters."

Supervisor Eloisa Gonzales and aide Chris Hernandez are shown with children in the Guadalupe ESAP class, and (below) supervisor Eula Clemons and tutor Kay Wallace are shown working with a class at Evans Multi-Service Center.

ROTARY OFFICIAL TO VISIT--Dr. T. Paige Carruth will be in Slaton Thursday, Aug. 12, to visit the Slaton Rotary Club. Dr. Carruth is vice president for student affairs at West Texas State University in Canyon and flies his single-engine airplane throughout the Rotary district, which comprises the Texas Panhandle-Plains and is larger in size than 26 of the states in this country.

## District Rotary Governor Speaks Here Thursday

How do you administer to 2,500 Rotarians in an area larger than half of the 50 states and at the same time serve the needs of 7,900 college students? "Get your own airplane," says Dr. T. Paige Carruth, vice president for student affairs at West Texas State University and new governor of District 573 of Rotary International.

The new governor will visit the Slaton Rotary Club Thursday, Aug. 12.

Carruth, 40, took office July 1 and within a week was off on a flying tour of his 56,700-square-mile district that will take him to 47 clubs in 41 cities during the next four months.

His territory covers from the top of the Texas Panhandle south 330 miles to Odessa-Midland and from the New Mexico border on the west to Childress on the east, about 172 miles.

"I knew I would need an airplane to make all that distance," he says.

Carruth took up flying three years ago because "I was spending most of my waking hours in a car."

At the time he was making numerous speeches throughout the area for the university as dean of student life, a title that was changed to vice president for student affairs last year.

In his visits to the Rotary membership, Carruth says he will stress the 1971-72 theme of international president Ernst G. Breitholtz of Sweden, "Good Will Begins With You."

Carruth feels that many civic organizations are full of apathy. "They meet, eat, burp and go home," he says. "Members feel it is easier to just write a check instead of grabbing a project and really making it go."

That is one of the reasons for his fly-in visits with all the clubs in his district.

"I can look at the clubs, and if they need help, I can recommend the committee chairman within the district who could help them get started in the right direction," he says.

The governor says that Rotary has three main service areas--community service, vocational orientation and international goodwill.

During the next year, Carruth says, "I want to emphasize youth within the club, increase the membership and extend Rotary to more people, and upgrade the types of services sponsored by the clubs on the community and international levels."

Carruth, who flies a Cessna 150, was born at Vernon, and was graduated from West Texas State in 1962. After a year

of military service in Korea, he returned to WTSU and obtained a Master of Education Degree in 1965.

He was a social studies teacher at Kermit High School for three years and then received a teaching fellow at Texas Tech University, where he obtained a Doctor of Education Degree in 1969.

Carruth became an assistant professor of education at West Texas State that fall and two years later was named associate dean of men.

Four years after he joined the Canyon Rotary Club in 1960 he was elected president. In the interim he served as weekly bulletin editor, a club director, chairman of various committees and vice president.

The Canyon club has had the distinction of providing two other district governors. The late Dr. Harris M. Cook, former dean of men at West Texas State, served in 1944-45 and Herschel Coffee, professor of economics at the university, was governor in 1963-64.

Carruth and his wife, Norma, have five children, Alan, 17, Jerri, 14, Joe, 12, Tommy, 9, and Melissa, 6.

### FAMILY POT LUCK

Meat with a generous amount of fat covering tends to cook faster than leaner meat, because melting fat conducts heat well.

You can enhance the flavor of clam or fish chowder by adding 1/4 teaspoon thyme. A half teaspoon cinnamon added to milk and eggs used for French toast gives added flavor.

The best cucumbers are firm, glossy, of good green color and long slender shape. White or yellow skin and a puffy appearance indicate over-maturity.

MOON STUFF... A 62 milligram lunar sample returned from the moon by the Soviet spacecraft Luna 16 is examined by Mr. Lee R. Scherer, Director of the National Aeronautics and Space Administration's Apollo Lunar Exploration Office. Scherer and a group of scientists visited Moscow during June to exchange lunar samples with the Soviets.

# Textbooks May Be Reviewed At Lubbock

AUSTIN -- Textbooks now being considered for possible state adoption beginning with the 1972-73 school year may be reviewed by interested citizens at any one of the 20 regional education service centers throughout Texas.

Copies of each new book now in print were shipped by the individual publishers to the service centers for use by the local staff members and review by groups and individuals. Books with later production schedules must be delivered to each center by Aug. 16, 1971.

New textbooks in five elementary and 16 high school subjects are now being examined by the 15-member State Textbook Committee and its advisors. The committee will present its list of recommended materials to the commissioner of education by Sept. 15 with adoption by the State Board of Education scheduled for Nov. 13.

A compilation of all titles filed by the publishers in their letters of intent to submit books for adoption and copies of the textbook proclamation have been mailed to all school districts in the state and interested groups and individuals by the Texas Education Agency.

Books now on hand at the regional centers may be reviewed in the office. However, as each center is limited to one copy of each book, the proposed texts will not be available for check-out, J. B. Golden, Agency textbook division director, said.

Proposed textbooks are now available to the public at the ESC Region office in Lubbock.

# School Bell Rings Aug. 23 At Wilson, Teachers Named

School bells ring for Wilson School District students on Monday, Aug. 23, with elementary enrollment expected to be about 240 and junior high school about 180, according to Supt. Glen H. Mitchell.

Registration for high school and elementary students will begin Friday, Aug. 20, at 9 a.m. Junior high students will register on the first day of school. Juniors and seniors will register at 9 to 10:30 a.m. on Aug. 20, and freshmen and sophomores will enroll from 10:30 to noon.

Elementary school students may register anytime between 9 a.m. and noon at the elementary building. School starts Aug. 23 at 8:30 a.m., and an assembly will be held in the high school auditorium at 9 a.m. All parents are cordially invited to attend.

Plans call for a full day of school on the first day. School will be dismissed at 4 p.m. and buses will run at that time.

Band practice for grades 8-12 will start at 8:30 p.m., on Aug. 16. Practice sessions are scheduled on Monday, Tuesday, Thursday and Friday nights. Teacher in-service training is scheduled Aug. 17-20.

About Hairpieces  
 Modacrylic fibers, used in making hairpieces, are nonflammable and easily adaptable to the manufacturing process. Synthetic hairpieces are superior to human hairpieces in that they are non-allergenic and weather resistant, are unaffected by dampness or hairspray and are quite durable.

Southland News

BY TOMMIE WILKE

# End-of-Summer Visitors Here

Southland... appear in court on Monday morning to testify in the trail of the man that was caught cashing the Money Orders that were taken in the robbery of the Southland Post Office in December, 1968. The man plead guilty, so I didn't have to testify after all. He was to have been sentenced on Wednesday, but we didn't stay for that!

We spent the rest of the week sightseeing in Alabama, Mississippi and Louisiana. In New Orleans we visited with Rev. and Mrs. Robert Richardson and children who are former Slaton residents. Rev. Richardson was

pastor of Grace Lutheran Church for several years. While we were gone our daughter, Sherri, visited in Dallas with a college friend, Janice Mertz. Mrs. Walton Wheeler returned home on Monday after undergoing major surgery recently at Methodist Hospital in Lubbock.

Mrs. P. W. Crawford also returned home last week after undergoing major surgery at Mercy Hospital in Slaton. She too, is getting along real good.

Tommy Leake has been visiting here three weeks with his parents, Mr. and Mrs. J. C. Leake. Also visiting in the

Leake home were Tommy Preston and Nelda Leake of Post, Mary and Lietisa Herron of Tulsa, Okla. and Steve Leake of Slaton. The Leakes recently went to Canyon to see "Texas" and reports that it is just a wonderful show. This past week end, Tommy, Mary and children all went to Ruidosa and Carlsbad, N.M. vacationing and all had a wonderful time.

Seems like we have a pretty long hospital list this week. Mrs. Ed Denton, Mrs. Alpha Taylor and Mrs. Ed Milliken are all in Mercy Hospital. May God be with these ladies and help them through this time of great needs.

Guests in the G.D. Ellis home recently were Mr. and Mrs. Bill Giles of Ft. Worth, and their daughter-in-law, Mrs. Charles Giles, and two daughters, Tammy and Diane. Mr. Giles is Mrs. Ellis's son. Other guests during the week were Mr. and Mrs. Charlie Lichey from Taboka, Mrs. Winnie Henderson and Mrs. Maudie Hankins, both from Post.

Mr. and Mrs. Robert Becker and children from Brownfield visited here Sunday with his parents, Mr. and Mrs. Willie Becker. Their son, Joe Don, stayed here with his grand-

parents. They will be attending an Agriculture Meeting in Dallas this week.

Guests in our home this past weekend were my parents, Mr. and Mrs. A. B. Dozier of House, N.M. Mr. and Mrs. R. M. Mc-Minn of Slaton visited with us on Sunday evening.

Mr. and Mrs. F. W. Callaway and grandson, Jay Callaway, have returned from a camping trip in the mountains.

Until another week, here is a little closing thought, "If humanity could be taught self-control and selfishness - control, there would be no need for atom control."

**Palm Trees**  
Sixteen species of palm trees flourish in the United States, from North Carolina through Florida and the Gulf Coast States and inland to Texas, Arkansas, and Oklahoma, as well as California. Fourteen are native to this continent, the coconut and date palm were imported.

**Inspiration**  
Artificial refrigeration in ancient times was unknown. The canning process was centuries away. And so, sausage makers in warm Italy, sunny Greece and southern France developed dry sausage products.

### 'Five Great Days' Historical Film Continues at Westview Baptist

"Five Great Days" began last night at Westview Baptist Church and continues through Sunday, Aug. 8. Services are held nightly at 8:30. The Rev. Hank Scott, pastor of Bacon Heights Baptist Church in Lubbock is bringing the messages. He is a former pastor of the First Baptist Church at Wilson. Stanley Coble, music director, reported the choir is meeting at 8 p.m. each evening. The nursery is open. The Rev. Clinton Eastman, extends a cordial invitation to the public.

### 71-72 Officers Elected In Class

The Dorcas Class of First Baptist Church met Monday evening in the home of Mrs. Ed Moseley for the installation of officers for the new year. Mrs. J. L. Cartrite led the installation program, and gave each officer a flower and outlining their duties. New officers elected include: Mrs. Ed Moseley - president; Mrs. Dudley Berry - vice president; Mrs. Ernest Carroll - secretary, treasurer; Mrs. Lois Rogers - assistant secretary; Mrs. Ed Moseley - teacher; Mrs. R. L. Smith - assistant teacher; Mrs. Wade Thompson, Mrs. Robert E. Lee and Mrs. E. W. Ham, group captains; Mrs. J. B. Lamb - associate group captain. Refreshments were served to eleven members and one guest, Mrs. Cartrite, by co-hostesses, Mmes. Ed Moseley and Edgar Moseley.

### JESUS CELEBRATION TO BE HELD AT METHODIST CHURCH

JACK WOLF

### First Baptist Has Good VBS Attendance

As many as 180 youngsters a day attended Vacation Bible School last week at First Baptist Church. The church had two buses picking up children in town and on a route in the country.

The church also recently sponsored a day for the teen age youth of the church. Approximately 50 youth and adults spent the day at White River Lake skiing and playing in the water. Then that evening, 142 gathered at one of the gravel pits northeast of town for an evening of entertainment from a group called "RAP" sponsored by Trinity Church of Lubbock. Barbecued hamburgers with all the trimmings and fried pies were served.

The First United Methodist Church of Slaton is sponsoring a youth revival August 8-13, at 8:00 p.m. at the church lot on Lubbock Street. The revival which will go from Sunday night through Friday night is open to everyone, and will feature as guest evangelist Bro. Jack Wolf, a student at McMurry College in Abilene Texas. The youth at the Methodist Church have chosen to call this summer's revival a JESUS CELEBRATION in honor of the resurrected Christ. Special guests of the church during the revival will be 20 youth from Methodist Home in Waco who will stay in homes of local youth.

A dynamic Christian of our day, Jack Wolf is 23 years old and a ministerial student at McMurry. He has served as youth director for the Methodist Church in Vega, and for the First Methodist Church in Abilene. Wolf has worked with the Edd Robb Evangelistic Association and presently is conducting youth revivals in a two state area.

Area youth will share their witness nightly, and a team of talented musicians from surrounding towns will lead the song services, according to Steve Martyn, youth director of First United Methodist Church.

### SUNDAY'S SERMON

BETTER WORLD  
The world is far from perfect, but it isn't all bad.

Within the community, we seek to promote neighborly good will. Nationally, we seek laws which are designed to aid the needy, to guarantee equal opportunity for all. Among nations, we sign agreements of good will and commerce.

We are making some progress toward a better world. We can make more. We need, among other things, to get the problems down to grassroots level. We need involvement.

— a weekly message relating the world of today to the lessons of Faith and Church ...

A word spoken in due season, how good is it! —Proverbs XV, 23

Teens and telephones go together like soup and crackers. Ask any parent. Teens can talk for hours. Sometimes parents become annoyed, and rightfully so. It usually happens when a friend says, "I tried to call, but your line was busy." It is particularly distressing to parents if the need for communication was important. How good is a word spoken in due season—a message received in time! How good it is to hear a good word. In this busy world we live in, remember this: you don't need a telephone line to communicate with God. God is always there and the line is always "open."

### YOUTH CONVENTION HELD RECENTLY AT T.C.U.

Rev. Johnny Moore recently returned from the State Youth Convention held on the campus of T.C.U. Approximately 1000 young people attended from over the state with representatives from Louisiana, Nebraska, Oklahoma and New Mexico.

Jim Carnes and Becky Bryan of Slaton attended as delegates to the convention.

The convention was held July 28-31 and featured as keynote speaker, Rev. Raynel Parkins, professor of economics as well as Episcopal priest.

The New Reformation Band, led by a Congregational Church minister from Michigan, led the group in a jazz worship service in a controversial fashion on "Jesus Christ, Super Star".

Rev. Moore was elected as State Youth Chairman of the Christian Church for 1971-72. He will attend the International Fair Seminar in New York and

Washington in the delegates, and director of this program.

At the convention of the numerous groups, on Youth This involved the "Camp Friends" been recently approved will attend the Indianapolis in October. This program was organized as a program.

Thirty-eight delegates have already been elected to the Ceta Glen Christian fourth camp of the year Wednesday.
