ABOUT 890 FARMERS, MERCHANTS ATTEND 14TH ANNUAL EVENT

# **Akin Honored at F-M Barbecue**

# **Crop Hopes Renewed As Rainy Spell Ends**

Cotton farmers in the Slator area, whose hopes for a "bumper year" were soaked by a three-day rain, now have a guarded optimism about this year's yield.

Warm, dry and windy days were in the weather picture this week, and about 30 days of these conditions could send e pectations soaring again.

The latest rains started a week ago, and the Wednesdaythrough-Friday total amounted to 4 to 6 inches in the Slaton area. A rain gauge in west Slaton showed about 5 inches of moisture for the three days, but other reports from around the area went as high as 6.25 inches.

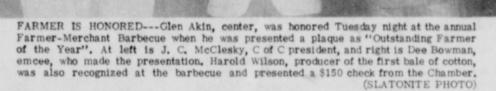

The incessant rains added to the cotton farmers' woes, and caused the scheduled football game here Friday night to be moved to Littlefield, Rain conditions were about the same in Littlefield, but the gridiron was not under water as it was here in Tiger Stadium.

A city lake northeast of the Slaton stadium has filled up, causing water to back up on the football field. A similar incident occurred last grid season, when a "flash flood" put the field under water and the team played at Kermit.

The lingering rains covered most of the South Plains, with the heaviest three-day total reported at Kress with 10 inches, Lubbock reported from 3.5 to 4.5 inches for the same period. Slaton and the area had recorded moisture the previous

weekend, with amounts ranging from 1 to 1.6 inches. Cool, damp weather dominated the weather seene for too many days to suit area farmers.

Agricultural leaders point out that the crop needs an extended warm, dry spell with afternoon temperatures in the 80's or 90's. Late cotton planted in mid-August has stalemated in growth during this past week's rainy spell, but could resume development if conditions continue as during this week.

## **Determined Tigers Take On Denver City Friday**

Stung by a one-sided 34-0 defeat at Littlefield last week, the Slaton Tigers regrouped Monday and started preparing for the all-important District 4-AA opener at Denver City Friday night.

The Tigers are 0-3 lackluster showing at Little-field last week. "The boys have on the season, but Davis pointed out that "we're starting a whole

Slaton's 14th annual Farmer-Merchant Barbecue attracted one of the largest crowds in the history of the popular event Tuesday night, with an es-timated 890 men enjoying food, fun and fellowship at Little League Park. Highlights of the event in-

cluded the recognition of Glen Akin as "Outstanding Farmer of the Year", and the present-ation of a \$150 cash award to Harold Wilson, producer of the first bale of cotton in the area this season. Awards of \$100 and \$50 still await producers of the second and third bales in the trading area.

The event is sponsored each year by Slaton Chamber of Commerce and BCD. Dee Bowman, KCAS Radio and popular ban-quet speaker and MC, kept the program moving at a lively and humorous pace while making the introductions, presentations, and announcing door-prize winners.

J. C. McClesky, C of C pre-sident, had the brief welcome address, while Harold Moore was a "hit" with the farmer's acceptance address. Johnny Flanagan and the Road Runners provided musical entertain ment, including a special song composed by Flanagan about "Wilson's First Bale". A quartet of Slaton Highteenagers also contributed to the entertainment. The group was composed of DruAnn Beard, Marsha Bednarz, Don Kendrick and Ron Bartley.

Besides being a successful farmer, Akin was cited for community leadership in being selected for the "Outstanding Farmer" award. In making the surprise presentation, Bowman listed Akin's accomplishments since he started farming here in 1955 with just 36 acres of land.

Akin now farms some 950 acres of land and has been active with the Slaton Cotton Improvement Assn., and Plains Cotton Growers, Inc. He is a past president of the Slaton Lions Club and of the Babe Ruth Baseball League, and is presently serving as a director of the Chamber of Commerce. A longtime booster of youth activities, Akin is also a past president of the Tiger Club, an adult booster organization, and served on the adult board of Tiger Town -- the youth center. He was a Babe Ruth baseball manager before moving up as president of the league. Akin, the son of Mrs. Don Britt of Slaton, attended grade schools in Lubbock, then moved to Slaton where he lettered in football and basketball at SHS. He married the former Ethlyn Young of Slaton and the couple resided in Seminole before moving back to Slaton in 1955. They have two children -- Glen Jr., 18, and Cynthia, 17. The Akins are members of the First Baptist Church, where he teaches the 8th grade boys Sunday School class. Previous winners of the "top

## Williams Tops Grid Contest

Pete Williams -- one of Slaton's most avid grid fans -captured first place in the Slatonite Football Contest last week by picking 17 of the 23 games listed.

Five others also missed only six of the games, and the three cash winners were named on the basis of the tie-breaker total score. Williams took the \$10 prize on a guess of 27 total points in the Slaton -Littlefield game.

Second place and \$5 went to H. H. White -- a familiar name in the contest -- who had a total of 26 points. Third place and \$2 goes to the 5th period Civics class at Slaton High, the group entry having a guess of 24 points.

Winding up with just an"honorable mention" on six misses were Joe Gamble, Dorothy Bownds, and David Evans. Their totals were 20, 16, and 13 points, respectively. The tiebreaker total was 34 points. Eight entrants missed seven of the games. They were Susan Shaha, Kelly Sparkman, Curt Wheeler, Fred Clark, Gary Sch-affner, J. B. House, Roger

Evans and Doris Meurer. Another 17 entrants missed 8 of the games. A total of 78 entrants missed 10 or more games on the contest page. If you are not a regular en-

trant, join in the fun this week and try for one of the cash prizes! Turn to the contest page and follow the simple rules.

tough Mustangs at 7:30 p.m. Friday, however, the Tigers will be in their poorest physical condition of the season. Flanker Tony Martin and quarterback Steve Nieman both sustained injuries in the Littlefield game, and several more gridders came away with painful bruises. Co-captain Brad Winchester was slowed by the virus this week, and Coach Davis was hoping the sick list didn't grow before Friday's encounter.

Davis was still working this week on ways to get the Tiger ground attack moving. Slaton has failed to reach the 100yard mark in rushing in all three outings this season. Davis thought quarterback Darrell Eastman threw the ball well considering the wet conditions last week, but he points out the Tigers will have to move

## BY MARGRET BARTLEY

Well, have you gone to the fair yet? I bet that's a question that has been asked thousand (or more) times this week. And the answers always depend upon the age range of the person being asked. Mine came out, "Ugh. . .yes, and my feet are still killing me."

How is it that a perfectly comfortable pair of shoes can pinch and hurt so badly after six hours of walking slowly up and down the midway and exhibit aisles, and waiting 30 to 45 minutes while the kids wait in line for a ride? Half that time is spent in holding the hot dogs, cotton candy, purses and coats of the riders. So you really can't get comfortable while you wait. Of course, there's no place to put the junk down so you can lean back and rest.

I had to ride at least one ride with the kids, since it was an especially fast and hard ride. I sure didn't want them to get scared or fall out. We came out of that one with a crick in my back and a disjointed neck and the kids wanting to do it again. I rode on the outside so they wouldn't be thrown out, and they nearly drove me through the wall on some fast turns. There's always that last ride. The one the kids cannot live without trying, and they promise that it WILL be the last. So I stand there another half hour, holding the armful of stuff while they ride, looking anxiously toward the exit gate. After the ride though, they always seem to find just one more they can't miss. When you find out that everyone in their class rode that, and they never get to do anything, you go scraping the bottom of the barrell for enough change for "just one more ride."

When you finally make for the exit, they discover they are starving to death, and probably can't make it to the car, least of all, home to the refrigerator! They are disappointed to find out that after ONLY 14 rides, 6 side shows, cotton candy, foot long hot dogs, cold drinks and candied apples, you can't afford a jumbo delicious hamburger, extra large soda pop, corn on the cob, and a bag of taffy candy for the whole bunch.

Well, you can't have it all, ( think) but they sure love to try. And it's my fault, because I'm not rich. I did find out one thing though. If you just take so much, that's ALL you can spend. That's about the only way I know to put a top on it. It does work. Just wait till they get big enough to make spending money. I have a feeling it won't get spent quite so fast. I think I will sneak off and go back to the fair. Bet it could be fun that way.

## **Slaton Ladies Return Home** From Hawaii

Mrs. Douglas Milliken and Mrs. Kenneth Davies have re-cently returned from Honolulu, Hawaii where they visited Marine Corporal and Mrs. Arthur Davies II, their daughter F. and son, "We've never seen as much

as fast as we did while there", they said. "Arthur has a little Datsun car and he and Vicki took us to all the most interesting places. We drove all over the island of Oahu. We enjoyed it more than a planned tour, for besides getting to be with the kids, we saw only the places we wanted to see and stayed as long as we wanted to at each place." They agreed that the Poly-

nesian Culture Center's presentation of "Invitation to Paradise" was one of the most enjoyable experiences and Punchbowl Crater Memorial Cemetery was the most impressive and inspiring. They also visited the USS Arizona Memorial at Pearl Harbor. Arthur is stationed at Camp

Smith where all branches of the armed forces have bases on Oahu. It includes Hickam Air Force Base, Pearl Harbor, the Army base and the airborne segments of each branch of the armed forces.

While there they attended the Luau, the Don Ho show, Liz Damon's Orient Express and the Kodak Hula Show. They saw Robert Louis Stevenson's "little grass shack" where he lived while on the islands. Other points of interest they toured were loLoni Palace (the only royal palace on American soil), the Capitol building, Sea Life Park, Paradise Park and the fabulous Waikii Beach, The young couple live just a short distance from Waikii Beach.

Nuptial vows were spoken extended from the high ring neckline to the hemline of the skirt front, and continued in an edging around the skirt and train. The long full sleeves were also striped with the dainty Val lace and gathered onto the lace trimmed cuffs.

Tiny covered buttons centered the front bodice and closed front bow marked the empire waist, and the full train swept

with fabric flowers. The bridal cascade of white butterfly roses were carried atop a white Bible, and featured love knots and streamers. Miss Janis Talkmitt served as maid of honor, and brides-

matrons were Mrs. Phil Brasfield and Mrs. Kurt Allen, all of Lubbock, Carrie Jo Howell of Slaton served as junior bridesmaid, and Bonnie Koslan, sister of the bride, was flower girl,

They wore gowns featuring dark blue velvet empire bodices, and baby blue A line skirts of crepe. The short sleeves and sweetheart necklines were trimmed with crepe ruffels, and the high waistlines were accented with baby blue satin sashes, matching the ribbons they wore in their hair. Each carried nosegay of blue straw flowers.

Sammy Crowson of Lubbock served his brother as best man. Groomsmen were Weldon Self of Slaton and Jackie Loyd of

THE END What would you do if you knew the world would end tomorrow? Or next week! Would you have time to tie together the loose strings, to mend the fences that need mending? Few of us can say that our life is in perfect order. There is always too much change and too little time. Sometimes, staving 'even" is an accomplishment. We conquer one problem in time to turn and face another. Should we live every day as if it might be our last? Of course not. We should live every day for what it is worth, for what might be accomplished. The important time of our life is now. Now is a time for doing, and a time for planning. We can do things today, we can make plans for tomorrow Today, because it is a time for doing, can be the very best day of our life

# C.R. Anthony Co. Sets **50th Year Celebration**

The golden anniversary year of the founding of the C. R. Anthony Co., which began with a single store in Cushing, Okla., and is now one of the nation's larger department store chains, be launched in Oklahoma will City Friday, Oct. 1.

The Oklahoma City Chamber of Commerce will start the 50th birthday recognition with a special forum luncheon dedicated to C. R. Anthony, the 87year-old merchant and longtime civic leader who launched his company in 1922. The story of the C. R. Anthony is more than a story of business acumen. It is the story of a young Tennessee farm boy who built a strong company creating jobs for thousands. And it is also the story of a man who had time to serve his fellow manina larger sense.

Charles Ross Anthony was a Tennessee farm boy, the son of poor tenant farmers who moved to Missouri and then from farm to farm. He knew a life of grubbing, hard work before he even reached his teens. He was left without parents when he was 12 years old, First his mother died and then two years later, his father.

He hitched a ride with an uncle back to Tennessee where at 13 he was working in a stove bolt mill and later for a farmer grubbing sassafras sprouts. It was while working in that mill that he first showed his unusual trading ability. Young Ross bought a pair of heavy shoes he didn't need, but another boy who was working for a farmer wanted the shoes badly enough to trade for another pair plus \$1. That trade was important for he saved that \$1.00 and 24 more by splitting rails and picking cotton. With this small stake he

yielded to the lure of the West and took the "Home Seekers Special," a train, to the Indian Territory to what is now Holdenville, Okla. He landed there in 1898 with a few cents in his pocket. Those pennies wouldn't go very far and he needed a job, badly. Someone

told him to talk to Mrs. E.J. Scales, a widow who owned a general store. She needed someone to help her with the store and chores. It was the first job that launched the young Ross Anthony into the mer chantile field.

"Ever since I can remember

C. R. ANTHONY

I've wanted to be a merchant," he admits, "of course, the towns in those days were little more than trading posts. The fellow that ran the country store was about the biggest man in town, which may be the reason I wanted to be a merchant instead of a policeman or a fireman."

Mrs. Scales was very influential in the young man's life. She had been a school teacher and was convinced that the boy needed more than the Fourth Reader. She financed his course at the Indianola Business College. After chopping wood, hauling feed and doing jobs in the daytime, he went to school at night. By 1906 his salary had been raised gradually from a start of \$1 to \$25 a month. He saved his money and bought 40 acres of land near Holdenville. That land made him a little money when sold it for town lots. When Mrs. Scales decided to retire, she wanted the boy to buy her store.

odd

Mr. Anthony was backed by a local banker, but he paid back the \$6,000 he had borrowed within a year. The next year the floods came and he granted credit to his customers until he couldn't stand it any longer. He didn't go bankrupt, but he barely got out with his shirt. "That was one of the bad breaks that was about the best thing that ever happened," he says. "I've never on Of credit business since. Of Course, it can be done, but the customers have to pay for it

through higher prices." Then he went to work doing bookkeeping for the Wewoka Trading Co. It was there that he met and married Lutie Mauldin in 1910. Shortly after that, the company closed and he w

his boss weren't compatible here, and he was about to be when he acquired a secfired ond-hand furniture store he had taken over for a bank. The bank had a mortgage on it, and when the owner died the bank let young Anthony buy it for \$50 down. He "hocked" his wife's wedding ring to buy stock, searched the alleys for equip-

ment, and ended up making money.

But the dry goods business was his first love, and he took a job with the J. P. Martin Co. in Cleveland, Okla. He stayed there for several years and then joined a chain department store organization in Idaho. He was interested in chain stores and wanted to learn. But J. P. Martin kept after him to return to Oklahoma, Finally he agreed, if Martin would let him have a partnership and would agree open more stores. Martin sold him a third interest, to be paid out of profits. Anthony worked so hard he paid for it the first year. Then according to the agreement, another store was opened out of the profits of the first, and the new manager got a third interest, Mr. Anthony a third and Mr. Martin

a third. Mr. Anthony found out that Martin was through with the chain store business when he presented a lease for store number seven in Cushing, Okla. Mr. Anthony had promised men stores. . . . his life's ambition had to be satisfied. . . . so, he converted his J. P. Martin holdings into cash, personally signed the lease, and went into business for himself in Cushing in 1922. That's the system on which Anthony stores have been organized. Profits from one store build another. The manager of every Anthony store trains another manager to be ready to run a new store. Mr. C. R. Anthony is still serving as President and Chair-

man of the Board of the company he founded, although he devotes much of his time to community projects. He helped establish and was the first president of Oklahoma City's United Fund and still serves on the Board of trustees. He also serves as a trustee of the Oklahoma City University.

Presently he is director emeritus, Liberty National Bank and Trust Co., Oklahoma City, Okla., chairman of the board, Citizens National Bank, Oklahoma City, and on the board of directors of the following: Oklahoma City Chamber of Commerce, Frontiers of Science Foundation, Oklahoma Indust ries, Inc., Oklahoma State Fair on, and the Water

of America in recognition of his 20 years on the Board of Directors of Southwestern Bell Telephone Company.

Statement.

He is a recipient of the coveted Horation Alger award and has been cited by the National Conference of Christians and Jews. He has received the annual Humanity Award from the Big Brothers of America, also an Honorary Degree of Law from the Oklahoma City University, and the Doctor of Humanities Degree presented by the Bethany Nazarene College, Bethany, Okla.

The pattern of his work and personal commitment has sparked vital causes. C. R. Anthony has been an important factor in some capacity for the betterment of his community, and often on a state and national basis. He says, "My philosophy is that you get out of your work just what you put into it, and you get out of life what you put into it."

Thursday, CHS was invaded by movie stars from Hollywood which were really members of the Drama Club having their initiation. In order for new members to join the club they had to dress up as different characters that the old members chose for them to be. They were also asked by the teachers to perform in each class. There are now 22 members in the Drama Club and the sponsor is Mrs. Brown. The characters were as follows: Anita Kahlich - Marilyn Monroe; Dan Coursey - Dra-cula; Gloria Cross - Granny Clampett; Teri Dillard - Ear-

Dear Editor:

I am writing this letter in regard to a subject which has long been a source of concern for myself, and I am sure many others.

The Slaton JROTC has been in this town for three years. There has been very little recognition or support. I feel that it is past time for all citizens of this town to lend their full attention and take notice of the accomplishments that ROTC has done for our sons and daughters.

ROTC gives our young people a chance to learn responsibility, respect, and how to work and be proud of what they have accomplished.

In the past three years, our ROTC has raised the money to move a building to Slaton for their use, lay the foundation, and remodel the inside of the building.

The organization was made an lonor Unit of the 5th Army. And two scholarships were awarded last year.

All of this with little or no backing from this community. The men in charge of JROTC Slaton, L. T. C. Clifford Bowen and Msg. L. B. Winters, have worked very hard for the cadets, without our help. We owe these men a great debt of gratitude. who were in drama last year. Mrs. Brown presented these both old and new members attended. students with small gifts. and a slippery field. Funk dashed through and around the Tigers for 214 yards on 30 trips with the ball and scored three touchdowns. The Slaton gridders, wearing shortcleated shoes, had trouble stay-ing on their feet. The Wildcats were wearing the regular shoe with longer cleats.

Coach Ernie Davis thought the footwear was a factor, but he declined to use it as an alibi. "We were physically ready, but I don't think the team was mentally ready," he stated.

Littlefield used a 51-yard dash by Funk and a 32-yard pass from Jay Trammel to J.E. in the first period. A fumble set up a 26-yard drive by the fullback Dennis Hartley broke loose on a 50-yard scoring run with less than a minute to go in the first half.

Littlefield held Slaton to a net of 53 yards rushing and 65 yards passing. The Cats recorded 308 rushing yards and added 73 on passing. Kenny Schuette had 18 yards rushing on 8 attempts to lead Slaton, Ron Bartley rushed for 21 yards on 14 carries, but lost 10 yards to wind up with 11 net. Quartfield -- tailback Ralph Funk erback Darrell Eastman netted

10 yards after avoiding the pass rush. Bartley led the defensive work from his linebacker post, being credited with 14 tackles or assists. Stan Jaynes was in on 11 tackles, while Dwayne Buxkemper and Randy Davis had 10 to their credit. Brad Winchester, Mike Speer and

then set sail around left end, broke free and raced 51 yards for the first score. The extra -point was kicked and the Wildcats led by 7-0 with 6:55 left in the initial period.

Slaton had to punt twice and the Cats once before the home team cranked up another drive. Littlefield started from the Tiger 45 with Funk reeling off a 15yard gainer. Roche trapped the quarterback for a 3-yard loss on the 32. On the next play, however, Trammel spotted J. E. Johnson in the end zone after halfback Simmons slipped on the wet turf, and it went for a touchdown "bomb". That made it 13-0 with 30 seconds to go in the opening stanza. Slaton launched a drive as

the second quarter got underway, starting with a Eastmanto-Martin pass for 13 yards. Eastman picked up 13 when he couldn't spot a receiver, moving it to the Wildcat 45. Bartley picked up 2, then East-Tom Roche each had 8. Lloyd man hit Martin again on the Kitten turned in another fine sidelines for 17 yards and a punting job for Slaton, kicking first down on the Littlefield six times for a 40.6 average.

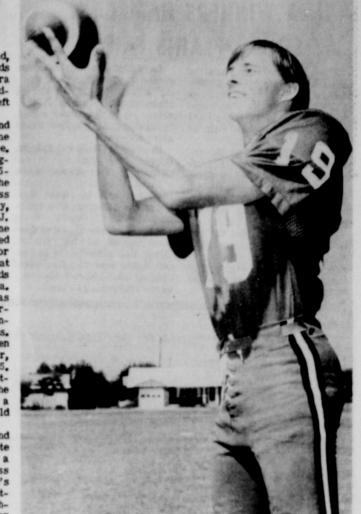

Eastman's pass in the end zone was short, then Schuette was stopped for no gain on a "draw" play. A third-down pass went in and out of Martin's hands, then Eastman hit tightend Curt Woolever on a fourthdown pass. The play went for 9 1/2 yards, however, and the Cats took over on the 17.

Littleof the coin, and chose to refield couldn't move and punted again. Schuette and Bartley hit for 9 yards, but a third-down play resulted in a fumble the Cats claimed the ball on the Tiger 26.

The Tigers held for just five yards in three plays, but Trammel hit a quick pass for 11 yards on fourth down. Funk broke around left end on the next play and went 10 yards for another touchdown. Trammel passed to end Matt Giles for 2 points, and the Cats had a 21-0 lead with 2:57 left in the first half.

The Tigers started from their 32 after the kickoff, and Eastman promptly hit Martin with a 11-yard pass. Eastman's pass to Brad Lamb almost went fora big gain, but the ball fell off his fingertips. Eastman picked up 7 when he couldn't find a receiver, but Schuette was jarred loose from the ball on the next play and Littlefield re covered at midfield.

A pass completion carried to the 35, but the Cats were penalized back to the 50. Then the Wildcat fullback broke up the middle on a fake pass and went all the way for a score with just 53 seconds left in the first half. The kick made it 28-0. Littlefield took the thirdquarter kickoff and launched a sustained drive that led to a first down on the Tiger 15. Slaton put up a tough defense, however, and took over on the 8-yard line. Kitten got off a 48-yard punt, and on the Cats' first play, Hopper and Jaynes caused a fumble and Jaynes recovered on Slaton 46. The Tigers the couldn't move and punted to the Wildcat 20. Littlefield then cranked up its final scoring drive. Funk broke a tackle at the line and rambled for 27 yards to start the march. A quick pass got 11 yards, then Slaton jumped off side on a 4th-and-1 situation. The Cats moved to a first down on the 19 as the third period ended, and a few plays later Funk crashed over from the 3, The kick failed, but it was 34-0 with 10:59 left in the game. Slaton fumbled on the first play after the kickoff, but three plays later Davis intercepted a pass for the Tigers on the Slaton 46. Neither team threatened the rest of the way, however.

TOP TIGER RECEIVER .- Flanker Tony Martin is far out front as the leading pass receiver for the Slaton Tigers this season, catching 10 passes for 173 yards and one touchdown --the only one scored by the Tigers. Martin injured a shoulder in the Littlefield game and is a doubtful performer in the opening 4-AA game at Denver City Friday night. Martin is a 155-pound senior. (SLATONITE PHOTO)

the ball on the ground to have a sustained attack.

The starting lineups are expected to be about the same this week, with the possibility of several changes. Nieman, the junior quarterback, may start against the Mustangs if he is going at full speed before Friday. Martin may not be ready, and the rest of the backfield will probably be Ron Bartley, Kenny Schuette and Randy Davis.

Denver City, picked in most sports circles to win the 4-AA title again, have a 2-1 mark in non-district competition. The Mustangs opend with a close 13-7 loss to Seminole, then bounced back to upset Brownfield by 14-12. Last week they won a 17-8 decision over Jal, N.M.

The Mustangs have five offensive and four defensive starters back from last year's team, which won the title and bi-district before bowing to Childress in regional. Heading the list of returnees is Gary Kerr (6-2, 190 Sr.) and Jimmy Ellison (6-2, 190 Sr.) who spark the line play. Kerr is an offensive guard and defensive tackle, while Ellison is a guard and linebacker.

Senior Ricky Mitchell (6-1, guides the Denver City tight-T attack. Fullback Steve Sparger (6-0, 180) and half-back Reggie Clifton (5-10, 150) are the top running threats. The Tigers' limited rushing attack has been led by junior

Damp weather has held up production of other bales, with second and third - place prizes usually awarded at the F-M Barbecue. Milt Ardrey and Jay Gray were co-chairman of the barbecue this year, with Robert H. Davis also working on the committee.

Merchants purchase "host" tickets to the event each year, and free tickets are distributed to area farmers. A long list of merchandise prizes were given at the event, drawing names of the farmers present to determine the winners.

## Ron Bartley, with 78 yards in three games. Schuette is next with 33 yards and Davis, in two games, netted 34 yards. East-man has hit 10 of 31 passes for 164 yards, and Nieman has con-nected on 4 of 8 for 35 yards. Martin is way out front in pass receiving with 10 catches for 173 yards

# Timing of Special Session Debated

AUSTIN (TPA) -- Gov. Preston Smith and the State Comptroller's office hold different views on timing of a special session of the Legislature to pass the second half of the 1972-73 budget.

Smith apparently wants to wait until next June -- when primary elections are over and a longer - range look at possible tax revenue is available. Comptroller's aides voiced concern that a session delayed that long could not produce needed new revenue by Sept-

ember 1, start of the state's fiscal year. A sales tax in-crease, for example, in April would not produce money to the state from merchants until the tion, end of July or early August.

Smith was unimpressed: "He (Comptroller Robert S. Calvert) is not the governor," Smith noted.

Smith's veto of the second year of the biennial spending bill necessitates a complete rewrite in special session sometime within the next year. A special session would have

been required, anyway, since the 1971 Legislature did not pass a 1973 welfare appropria-

"The people are not too anxious to have the legislature in special session," Smith said, "The longer we can delay, the better position we will be in for the Comptroller to give an accurate revenue estimate (for the next year) and to determine revenue needs of the state." The Governor indicated strongly, however, that if a special session is necessary to

redistrict the House of Representatives, budgeting and re-apportionment probably will be considered at the same time. He controls the timing and subject matter of special sessions.

"If we can get by with one special session, we sure don't want to have two," Smith said COURT REVIEWS DIST-RICTS TANGLE -- The State Supreme Court heard a barrage of conflicting arguments as to what should be done about House of Representatives redistricting.

All of these views went before the High Court:

\*That it should order a fivemember Legislative Redist-ricting Board to perform "its constitutional duty" and re century when captured in ba escaped from apportion the House in line they wanted pricked hole with the 1970 census.

# Home-Family 'Lab' Proves Interesting

Have you ever listened to a group of junior high and elementary kids when they'reasked questions on subjects such as drugs, smoking, drinking, and harmful household pro ducts? Many times their answers are quite humorous. On Sept. 2, third and fifth-

While one group was discussing drinking with the seventh grade, another crack was made. The group stated that "drinking is dangerous, especially while driving." The student remark-"My dad drinks all the ed, time. He even hit a telephone pole once, and it didn't kill him." It was also asked by junior high students, "Which kind of beer is the best?" During the discussion, a student squealed on big brother, "My big brother is going to a beer bust!"

One group was discussing drugs with the sixth grade when they ran into a student who wanted to show how much he knew about L.S.D., so he said, "It's a weird black powder. I know; I'm growing some in my back yard." It was pointed out that if the student was "growing" some, he could be sent to prison from 10 to 20 years. Some of the groups would use all their ingenuity possible to keep the students' interest. One group used small bits of styraphom to demonstrate harmful household products. There was an array of charts, graphs, displays, and pictures to get the different points across. The teachers all thought that the "labs" were beneficial.

## TIGER'S CORNER By Ron Bartley

As I write this article, the Tigers are preparing for Littlewon by a score of 24-10. Simon Gonzales was the big gun for the fish. The J.V. lead field, but this issue is printed as we prepare for Denver Cityby a strong defensive attack a game which Slaton has never could not punch a score across won in almost a half-century. Hopefully that drought will end!!

in the last quarter and were defeated by a score of 14-6. Ray Lynn Basinger and George

sweep by speedy halfback Jim Bob Franks. Kermit was stifled in the

second half by the Tiger defense and were held to almost nothing in the rushing department. The Tiger offense finally came "alive" the second half with it pouring down rain. The Tigers had a first and three with about four minutes left, Two off-tackle plays to Kenny (Bull) Schuette took the ball to the one. Then on third down Kermit was offsides and Darrell Eastman scored, but the Tigers weren't given the option. The refree indicated that he had blown the whistle before the play started. So the ball came back to the 1/2 yard line.

On the next play guard Steve Mosser and tackle Bobby Hopper opened a hole on the right side, Eastman dove for the

The first district game of the 1971-72 season will get underway at 7:30 in Denver City tomorrow night.

Slaton and Denver City have been rivals since the 1950's, but Slaton has never defeated the Mustangs in football. This is usually one of the most interesting games of the season.

Last Friday the Littlefield Wildcats shut out the Slaton Tigers in a 34-0 victory.

The points were scored in the first, second, and fourth quarters of the game. Littlefield showed they had a strong rushing team. They totaled close to 300 yards total rushing as compared to Slaton's 59.

It ranked 156th in value of petroleum produced. In addition, the county re-ceived the stimulation of \$211,-337 in royalty payments to landowners and others with mineral interests. "Lubbock was one of 187

Texas counties that had pet-

roleum production valued at more than \$125,000," says Ken-neth E. Montague, Texas Mid-Continent president. "Its abi-lity to produce helped Texas meet a record demand with record production of both oil and gas in 1970. This demand has again diminished Texas petroleum reserves as additions failed to offset withdrawals. In Texas, we only drilled 8,114 wells -- the smallest number since 1946."

state government Texas benefited from the county's pet-

roleum, receiving \$76,811 in production taxes on crude oil and \$1,568 on natural gas. Drilling expenditures in the county totaled \$939,103 with \$465,168 being lost on dry holes. Drillers completed seven oil wells and six dry holes. Six wildcats were drilled with five
