

SISTERS OF MERCY TO GIVE HOSPITAL TO COMMUNITY

# Plans Announced For Hospital Foundation

Agreement has been reached with the Sisters of Mercy whereby the present Mercy Hospital will be owned and operated by a charitable, non-profit corporation to be known as Mercy Hospital Memorial Foundation of Slaton. It was announced Wednesday by Bill Sewell, chairman of a citizens study group.

deductible.

"It is contemplated that the Sisters of Mercy will convey to the Foundation all of the property--real and personal--now owned by the hospital, with the exception of the property now being used for the convent," Sewell added.

Numerous meetings have been held by the group concerning the organization of the Foundation, and immediate steps will be taken to secure a charter, as well as approval from the Internal Revenue Service so that any contributions made to the Foundation will be

The citizens group reached the agreement with the Sisters through Charles E. Thoelke, director of administrative services, St. Louis, Mo. The committee met with Thoelke Monday night, and chairman Sewell conferred with him again Wednesday.

A service agreement with the Sisters of Mercy will be

affected so that the Sisters now on duty at the hospital will remain. Sister M. Mercedes will continue as hospital administrator, Sewell announced.

Those emphasized that due to present shortage of Sister personnel, replacements for the present Sisters at the hospital will not be available through their organization. All present employees of the hospital will remain in their capacities.

The Sisters had announced April 1, in a meeting with the hospital advisory board, that they "no longer had the resources nor the personnel to update hospital facilities or

make a long-range commitment to the community." At that time they asked the advisory board and Slaton Chamber of Commerce directors to "explore the possibility of the community assuming operation of the hospital, with the idea of the Sisters of Mercy remaining as long as possible." After a joint meeting of the C of C directors and the hospital board in April, a citizens' study group was formed to seek a solution to the hospital situation. Named to the committee, with Sewell as chairman, were: Bill Adams, Earl Bartley, Alex Bednarz, V. G. Browning, B. B. Castleberry, M. G. Davis,

Robert H. Davis, Howard Hoffman, Don Kendrick, J. C. McClesky, Bill Smith, T. J. Wallace, Joe Walker Jr., Dr. Glenn Payne, and Dr. Stan Jaynes. After making the announcement concerning the organization of a Foundation, Sewell emphasized that "citizens of Slaton who have been involved in this project express their appreciation to the Sisters of Mercy for their most generous donation of the hospital facilities." Sewell added that the Chamber of Commerce, Rotary Club and other civic organizations have "indicated a desire to support, in any way possible,

the establishment of the Foundation." As soon as the charter has been granted and IRS approval given, Sewell said, "the hospital matter will be presented to the citizens of Slaton and the area for consideration of their support."

An evaluation team from St. Louis had visited here and reviewed the hospital's problems in March of this year. They estimated a minimum of \$50,000 would be required to bring the hospital up to state and federal requirements. Due to a shortage of funds and resources, they explained the Sisters could not assume such an indebtedness.

## Slaton Beauty In State Contest

Cynthia Akin, a Slaton beauty, is competing for the title of Miss Texas Rural Queen Tuesday in Dallas. The contest is the 31st membership meeting of the Electric Cooperatives, who won two beauty titles within a month last year. Cynthia is a senior at Slaton High School. After winning the crown Tuesday in Dallas, she will compete for the national title. She also won the Lions Club Queen title here.

Before bringing the program at Lions Club Monday about her trip to Washington, she was presented a proclamation wishing her luck at the state contest from members of the Slaton Lions Club. J. C. McClesky, president of the Slaton Chamber of Commerce, also presented her with a gold charm for "good luck."

The winner of the state contest will travel to Las Vegas, Nev. in February to compete in the national Miss Rural Electric Contest. She will also make other appearances throughout the year.

Cynthia is the daughter of Mr. and Mrs. Glen Akin. They will accompany her on the trip to Dallas. Events are also planned for the parents. After graduation from SHS

Cynthia plans to attend Texas Tech University and major in either math or science to become a research technologist. She is consistently on the straight A honor roll.

Her high school activities include membership in the National Honor Society, Student Council serving as secretary-treasurer last year, cheerleader for four years, cheerleader for two years, and ROTC sweetheart.

In sports she has played basketball and tennis and was first in district tennis doubles. She has received the Athletic Academic Award for the past two years.

She is a member of the First Baptist Church and enjoys reading, cooking, swimming and water skiing.

## Burglars Hit Three Firms, Steal 9 Guns

A burglary at Bain Auto Store on the north side of the Slaton square was being investigated by city policemen this week, after nine guns were taken in the Friday night or Saturday morning break-in.

Police were first called early Saturday morning to investigate a break-in at Palace Barber Shop. It was then discovered that Bain Insurance Agency and Bain Auto had also been broken into during the night. Nothing was reported missing in the other firms.

Entry at Bain's was gained through the roof, according to officers, while back doors were forced open at the other two firms. Guns stolen included two .22 caliber, four .410 gauge, one 20 gauge, one 16 gauge and one 12 gauge.

Police recorded two accidents this week, one a near head-on collision on Industrial Drive near 20th street. The accident occurred shortly after noon Tuesday and involved cars driven by Molly H. Davis, 225 W. Garza, and Jimmy F. Britten of Lubbock.

Mrs. Davis was taken to Mercy Hospital by police ambulance and was treated and released. Officers said the Britten vehicle was headed west on Industrial Drive, and Mrs. Davis was traveling east after making a right turn off 20th.

A three-vehicle accident was investigated on the south side of the square Saturday night. Cars driven by Carol T. Brustler of Lubbock and Joe E. Moore of Wilson collided, and a third car owned by Clay W. Nesbitt of Slaton was struck. No injuries were reported.

Thirteen pieces in a "baker's dozen" originated when King Louis of France warned all bakers who gave under measure that they would be beheaded.

## School Accepts Two Bids On Building Improvements Program

Bids on two more projects of a building program were approved by Slaton School Board during a special breakfast meeting Monday at the Chaparral Restaurant.

Contract for roofing installation and repairs on four buildings was awarded to Lydick Roofing Co. of Lubbock on a low bid of \$14,510. A remodeling project involving the foot-

ball field house and the dressing rooms of the small high school gym was awarded to Forrest Lumber Co. on a bid of \$4,445.

The building improvements program is being financed by a \$115,000 bond issue -- the remainder of a \$500,000 bond issue approved by voters in February, 1966.

Major item in the building program is an addition of two classrooms and restroom facilities at S.F. Austin school. Bids on this project are to be opened at the Aug. 10 board meeting. Estimated cost is in the \$50,000 to \$60,000 range.

With the approval of the contracts Monday morning, the board has obligated some \$54,979 of the building fund money, it was reported by Supt. J. C. McClesky.

Items already approved at a regular board meeting this month were a portable building at West Ward, (Industrial Laminates, Inc. -- \$19,100), sidewalk and concrete work at West Ward (Edwards Brothers -- \$1,090), and remodeling old HS

bandhall (Forrest Lumber -- \$1,300). Total work amounts to some \$40,000 with the remainder of the \$54,979 going to interest, bonding company fees and architect's fees.

A number of other items are listed as possibilities in the building improvements program, but the board will await the outcome of the Austin addition bid before obligating more funds. Other possibilities include painting and dashing some of the buildings, furniture and equipment, remodeling the business office and installing refrigerated air, cinders for a track at high school, paving at high school, and stage curtains at high school.

The addition at S.F. Austin

## School Starts On Aug. 19

School in Slaton starts for teachers on Aug. 16 and for students on Aug. 19, it was pointed out in a release of the public school schedule this week.

The teachers' in-service program starts Aug. 16 with a breakfast, orientation, building meetings and room preparation. Academic workshops and pre-registration of students is scheduled for teachers on Aug. 17-18.

First day of school will be Thursday, Aug. 19. First holiday for students comes on Labor Day, Sept. 6. Two days are set for Thanksgiving, Nov. 25-26, and the first semester ends Dec. 22. Second semester will start with in-service training for teachers Jan. 3-4, and classes start Jan. 5.

Students will get five days off for Easter this year, with the vacation set the week after Easter, April 3-7. School is scheduled to end May 24.

## Showers Cool Slaton Area

Welcome rains fell in the Slaton area Tuesday, with the only complaint being that they didn't last long enough or leave enough moisture.

Unofficial measurements in the city showed only .10 to .20 of an inch, but the reports from around the area ranged up to near an inch in the Posey and Acuff communities.

One report near Posey indicated .60 of an inch fell in that area, while almost an inch was recorded in some spots across the canyon. Skies were overcast again Wednesday morning, but a warmup started before noon under sunny skies.

Another 20 percent chance of rain was forecast for Wednesday night as the cool front mov-

ed to the south. The cool front which brought the moisture dropped temperatures to a record low for this date in July.

Tuesday's minimum of 60 degrees and maximum of 68 set records for that date. The temperature was expected to rise to the mid 80's Wednesday. High for the week was the 101 degrees recorded Saturday, according to the Pioneer Natural Gas Co. office here. The mercury hit an even 100 degrees on Friday and again Sunday.

Some crops are beginning to show the effect of the hot, dry weather, and farmers were hoping for a generous, general rainfall. A good rain at this time would provide a big boost to crop prospects in the area.

## DISTRICT MEET HERE MONDAY, TUESDAY

# Slaton, Crosbyton In Tourney Finals

Slaton scored a 6-2 victory over the hard-hitting North Lynn All-Stars to advance to the finals of the Area 3 Little League Tournament here Wednesday night. The host team

## VBS Slated at First Baptist

Vacation Bible School will begin Monday at the First Baptist Church and continue through Friday, July 30. The school will be held from 8:30 to 11 a.m. daily.

All children, ages three through 16, are offered a special VBS service this year -- a ride to the church. The church's yellow and black bus will begin its route each morning at 7:45 traveling East from the church and traveling through each section of town. A map showing its route is in this week's SLATONITE. The stars on the map indicate bus stops.

was to meet Crosbyton for the championship.

Crosbyton made it to the finals behind a no-hit pitching performance by Robbie Karr. Crosbyton scored a close 2-1 victory over Wolforth in the first game Tuesday night.

Slaton will host the District Little League Tournament Monday and Tuesday, July 26-27, with four area champs meeting here to contest for a berth in the state tourney at Waco.

Phil Bruedigam scattered six hits to post the mound victory for Slaton Tuesday, while Donald Robinson had three hits to lead the attack. Bruedigam gave up a two-run homer to Raul Villarreal in the fifth inning for North Lynn's runs.

Bruedigam got in a jam in the fourth, loading the bases on a single and two walks with one away. He started a double play to escape the inning, however, spearing a liner off the bat of Joe Zazala and firing to first to get the third out.

Crosbyton had only three hits in the win over Wolforth, but with Karr pitching the no-hitter it was all they needed. Wolforth used two walks and an error to take a 1-0 lead, and they held it until the fifth inning. Then Crosbyton tallied twice on a single, fielder's choice, a throwing error by the pitcher and another fielder's choice. Karr had a double for the winners, and Don Harris and Byron Boyd had singles. Karr struck out 10.

North Lynn had breezed to a 10-4 win over Shallowater in one of the opening games Monday night. Marty McClintock gave up seven hits, but also whiffed seven and didn't issue a single walk.

Catcher Kurt McCleskey rapped two triples, and McClintock and Mark Brieger had a single and double each to spark the Lynn hitting attack. Benny Judah had a single and double for

\* See BASEBALL Page 9

NOT ONE OF THE HAPPY MOMENTS--Slaton fans were real happy about their team's victory in the Little League Tournament Tuesday evening but, ironically, this photo was not snapped at a happy time for them. Just as the camera snapped, a North Lynn player connected for a home run, Slaton won the game, however, by 6-2 and advanced to the finals against Crosbyton. Slaton was host to the area tourney this week, and will host the district Little League Tourney Monday and Tuesday. (SLATONITE PHOTO)

MARY HELEN ROSAS  
**Wedding Set**  
July 31

Mr. and Mrs. Pete Martinez announce the engagement and approaching marriage of her sister, Mary Helen Rosas, to Ismael Ledesma, son of Mr. and Mrs. A. V. Ledesma of Slaton.

She attended school in Marlin, Texas. Ledesma is a 1971 graduate of Slaton High School, and is employed by Furr's, in Lubbock.

The couple plan to wed in Slaton July 31.

**All-Breed Puppy Match Held In Lubbock Sunday**

An All-Breed Puppy Match was held in Lubbock at 1:30 Sunday in the parking lot building of First National Bank. The contest was sponsored by the Heart of the Plains Kennel Club.

Second place winner in the Basset Breed Division, 9-12 months, was "Adam" owned by Stan Ratliff of Slaton.

Adam was shown by Randy Lane in the Open Division, and by David Layne in the Basset Division.

**HOME-MADE CAKES AND PIES**  
Will decorate cakes for birthdays, showers or other special occasions. To order, call Jan Cornelius, 828-3519, or 340 S. 12th St., Slaton.

The summer is nearly gone with schools starting in less than a month. From all reports, it seems there have been quite a few family reunions this summer. They run a close second to the number of garage sales that have been held.

When the 18-year-olds received the right to vote on July 1 it is quite likely that a whole new world of legal problems will be coming to the surface soon. For instance, can an 18-year-old serve on a jury? Are they, or should they still be, considered minors until they are 21.

Vermont has already taken a step which the other states probably should take. They have lowered the age of manhood to 18. In that state an 18-year-old can enter into a legal contract. His parents are freed from the responsibility of supporting him when he reaches the age of 18. He can marry without parental consent and can claim many other public rights and responsibilities previously not reached until the age of 21.

All of these problems came to the surface when Ohio approved the constitutional amendment, thus becoming the 38th state to do so. It took the okay of legislatures in three fourths of the states. The ratification of the amendment granted the right for those persons to vote in all elections, whether local, state or federal.

Now that they can vote - what about all of the other privileges and responsibilities that come with the age of 21, should they be lowered to 18 too?

The first real question along this line that seems to come up is that of jury service. Under present state laws, anyone who is on the registered voter list is qualified to sit on a jury. But at the same time there is a provision in the new jury law that you must take jurors from the county voter registration rolls but they must be 21 years old.

But if the 18-year-old is on the voting list can you exclude him? This is a question that county officials will have to wait for the Attorney General to decide. I noticed that in Deaf Smith County they are going to make up two lists for the present time - one with 18-year-olds and one without - and let the lawyers decide which list they want to use.

I suppose that if an 18-year-old student is called for jury duty the schools will have to give them an excused absence.

What a lot of people failed to realize when all the fuss started to lower the voting age was that 21 was not just an age someone had picked out of thin air and decided that that would be a good age to let people start voting. It was set at this age because a lot of other things happen at the age of 21.

Now the question will be should the age of maturity be lowered to 18 because of the right to vote at that age or should it be left at 21?

One interesting sidelight - since an 18-year-old cannot sign a contract they cannot own property and therefore do not pay taxes but can vote in a bond election.

**Jam and Jelly Recipes Given**

Living on today's food budgets is a neat trick. But smart homemakers do manage -- with no sacrifice in good taste and enjoyment. One way is to add little extra surprises to economy meals, e.g. good old-fashioned homemade jam and jelly.

Mrs. Lorene Freeman, Home Economist at The Pen-Jel Corporation, says she finds that the simplest low-cost meal takes on a glow when she serves hot bread and jam or jelly she makes herself. And -- she adds that it's easy to turn out perfect sweet treats every time with recipes from the Pen-Jel kitchens.

Not many women realize, she says, that it's possible to make homemade jelly from frozen juice concentrates, and homemade preserves from frozen fruit. These recipes, developed at Pen-Jel, will get something cooking for you:

**HOMEMADE JELLY FROM FROZEN JUICE**  
1 (6 oz.) can Frozen Concentrated Juice (Orange, Grape, etc.)  
3-1/2 cups sugar  
1 pkg. PEN-JEL  
2 cups water  
To make jelly from frozen juice, mix Pen-Jel with 2 cups water in large saucepan. Place over high heat, bring to a full rolling boil, and boil hard 2 minutes, stirring constantly. Reduce heat to low. Add juice and sugar. Stir until both are completely dissolved. (Do not boil.) Remove from heat. Pour and paraffin, or cover for short storage in the refrigerator. Yield 6 medium glasses.

**HOMEMADE PRESERVES FROM FROZEN FRUITS**  
Make delicious preserves with frozen fruits this easy way:  
1) Empty six 10-oz. containers, or 7 cups, of the wed fruit into an 8-qt. saucepan.  
2) Add 1 package PEN-JEL, and bring to a boil while stirring.  
3) Add 6 cups sugar, heat to a full rolling boil, and cook for 2 minutes.  
4) Skim and pour into 1/2 pint jelly glasses.  
5) Cover with screw lids, and invert for 5 minutes to sterilize lids.

This will make 9 glasses of pure preserves. If your children need a hurry-up snack, this can be put in refrigerator for an hour and then used.

And, if you'd like jam without any cooking at all, from fresh berries in season, she recommends this fabulous "Cook-No-More" method:

**COOK-NO-MORE BERRY JAM**  
4 cups berries  
1 cup light corn syrup  
6 cups sugar  
1 pkg. PEN-JEL  
Wash, stem and crush berries. Put in a 4-quart kettle. Sift in slowly one package PEN-JEL stirring continually. Set aside for 30 minutes, stirring occasionally. Add corn syrup and mix well. Gradually stir sugar into mixture, while warming to 100 degrees. When the sugar dissolves, your jam is ready to eat. If you've used strawberries, add one-fourth cup of lemon juice after the sugar has dissolved. Yield 4 pints.

**Nursing Home News**

by BOBBIE GREER  
What a nice week we have had. Devotions were held each day before lunch.

Brother Linam Prentice brought three ladies to sing for us Monday. They were Bobbie Hogue, Lou Ann Milliken and Ruth Neill. We really enjoyed this.

The Nursing Home Auxiliary had a bingo party Wednesday and the monthly birthday party was held Thursday. Those honored for the months of June and July were Bill Dewees, Georgia Davidson, Jim Monley, Mary Sides, Lizzie English, Bertha Walker, Bennie Williams and Docia Wooten. Thanks to these lovely ladies for the parties.

Bennie Williams was honored with a special birthday party Saturday, given by his family and friends.

Alice Baker is still in the hospital, but we hope she will be back with us in a day or two. Our administrator, Vada Wojtek, is on vacation. We hope she is having a good time. We are trying to hold the fort down the best we can. So far it's running smooth with the wonderful employees we have. How could it do otherwise. We really appreciate our dedicated employees.

**4-H NEWS**

by Mary Denzer

The 4-H Club of Slaton had an evening of fun at the Slaton Park, July 13. The members and their families were invited. They had a werner roast, homemade ice cream and cake. Games were played by the youngsters while the parents talked and visited with each other.

All young people are invited to join 4-H and really have some fun.

**Slaton H.D. Club Report**

The Slaton Home Demonstration Club met Tuesday night for a family picnic in the City Park. Five members and five guests attended the meeting.

**Settles Visit Here**

Mr. and Mrs. Don Settle of Denver, Colo. visited Mrs. Settle's parents, Mr. and Mrs. Albert Kuss, recently. While here they attended the Kitten Reunion. They also viewed "Texas", a musical drama held in Pala Duro State Park. Settles is attending National Electronics Institute in Denver, Colo.

MRS. JOE SCOTT  
... Betty Belote

**Midnight Ceremony Unites Betty Belote, Joe Scott**

Miss Betty Jo Belote and Joe Charles Scott were married Friday at midnight in First Baptist Church in a candlelight service. Rev. J. L. Cartrite performed the double ring ceremony.

Parents of the couple are Dr. and Mrs. Joe W. Belote and Mr. and Mrs. Joe G. Scott, all of Slaton.

The bride, escorted to the altar by her father, wore a full length gown of candlelight lawn, featuring a pin tucked bodice with re-embroidered lace inserts, short puffed sleeves and empire waistline. The lace was featured again atop the flounce of the flowing skirt.

Her hair was held back with

a delicate cluster of natural dried flowers and long streamers. Her bouquet was of the same design, featuring natural strawflowers, dried Marlene daisies and babies breath, adorned with floor length streamers of beige grosgrain ribbon. She carried an antique New Testament which belonged to her grandmother.

Lynne McCormick served as maid of honor. Mrs. Robert Field was bridesmatron and Linda Scott was bridesmaid. They wore turquoise blue full length dresses of cotton voile, featuring empire waistlines, with the bodice and bishop sleeves accented with candlelight cotton lace. Their bouquets and headpieces, designed by the bride, were turquoise,

and were made in the style as the bride. Robert Field is a man for his Groomsman. Bill Belote is the ushers. Gail Scott, son was ring bearer. Cathy Riber, traditional wedding contemporary. A reception church parlor. The couple will turn from a bride at 6:15 So. 20th St. Mrs. Scott is the wife of Slaton. Her husband is a LP state, and is present by Triangle M.

"The Final Touch," a style of perfected elegance for evening, moves in graceful waves

# FOOT NOTES

BY MARGRET BARTLEY

I've been wondering how the rodeos are going to get along now that so many of them will not be able to have horses in the parades and shows.

I remember one time when I was trying to drive a tractor, and it got away from me, and here we go sideways across plowed ground. From the ride I got, I think that would be a pretty good replacement for the bucking broncho rides!

The grand entry could be made on bicycles, with the flags carried on mini-bikes. The same could apply to the parade, but I don't know what the clowns would sweep up as they followed behind!

Horsepower could be provided by the new cars, tractors and pickups that feature so-and-so-much horsepower. Races could be held by having the children in competition on stick horses. I think that might be fun to watch, even with men and women mounting the "horses". In fact, right now, I can't think of anything much funnier!

Seems like most of the rodeos I have gone to were pretty slow getting on the road, and really needed some new pep and energy. I think this would give it to them. There ought to be more of the old "catch the greased pig" contests. I saw just one like that, and it was hilarious. Might get some little pigs for the kids, and bigger ones for the men (or women--remember the Woman's Liberation Movement).

Looks like a rodeo would really be more fun if the local folk would get out and participate in some old-fashioned competition. You usually have more fun if YOU get to take part.

Our local Lions Club had a marvelous reaction to their "Miss America Contest" without the misses, so I think Slaton and the surrounding area might really be in the mood for a fun-filled HORSELESS RODEO.

That's what I think. What do you think?

I met my first male telephone operator via phone last week, and it WAS different. Things were a little slower, and I could nearly see him hunting around for the right questions to ask, and things to say. When the call had been completed, he said, "Well, thank you now. Bye Bye!" I thought it was cute. It was a change from the usually very efficient voice I hear.

Did you hear about the little old lady who bought an old parking meter at a City sale? She thought it would be appropriate as a tombstone since the little red flag said "Expired".

## Local MYF To Sponsor Spaghetti Dinner Sunday

The MYF of First Methodist Church will have a Spaghetti Dinner Sunday at noon at the church Fellowship Hall. Everyone is invited to attend and prices will be 75 cents for children and \$1.25 for adults.

## Mrs. Henry Is Shower Honoree

Mrs. Ronnie Henry, the former Sobedia DeLeon, was honored Friday evening with a miscellaneous shower in the Slaton Club House. The table decoration was a permanent floral arrangement with candles of yellow and white over a white lace cloth over yellow.

Special guest was the bride's mother, Mrs. Neftali DeLeon.

Hostess gift was a vacuum cleaner, a set of sheets and a piece of her chosen pottery.

Included on the hostess list were Mmes. Floyd Boyd, Barney Greenfield, Gordon Cass, Tommy Davis, Robert Hopper, Robert Brake, Robert Meeks, Noel Lee Dickson, Clarence Kitten and Robert Breedlove.

Others included Mmes. Paul Melton, Joe Gamble, E. H. Johnston, James Riney, Glen Akin, Joe B. Fondy, Robert Dillon, Elsford Stricklin, H. R. Schwertner, L. A. Reasoner, and Douglas Milliken.

## Senior Citizens Club Meets

The Senior Citizens met Friday at the Club House with a large group attending. Rev. C. T. Jordan, Baptist pastor from Southland, brought a message for the meeting from Isaiah 52 and 53.

Mrs. Fannie Patterson, president, was honored with a birthday cake and the group sang "Happy Birthday".

Mrs. B. A. Hanna is a patient in the hospital and the group sent a card to her. Mrs. Lillian Green has suffered a broken collar-bone and was unable to attend.

Guests present included Mrs. Essie Nix, Mrs. Vera Shearer, F. A. Cunyus, Mrs. Pete Halliburton and Mrs. Alice Jarman.

# 80th Birthday Celebrated Sunday

It was a wonderful day for Mrs. Fannie Patterson Sunday when she celebrated her 80th birthday. With a house full of "family", from great-grandchildren to her own children, guests came from 2:30 to 5:30 p.m. keeping her home at 725 W. Garza even a busier place.

The birthday tea was given by her children and their families. They are Fannia Ola Lawson of Houston, B. W. and J. T. Patterson, both of Wolforth, and O.E. Patterson of Olton.

A longtime area resident, Mrs. Patterson moved to Posey with her family in 1916 from Collin County, Texas. She moved to Slaton in 1950.

"She may be 80 but she sure isn't in a rocking chair yet", commented someone at the party. One thing she enjoys the most is attending Senior Citizens Club each Friday. She has been president of the club for seven years. Mrs. Patterson says she has held the office for that long "because no one else will have it".

She is also president of the TEL Sunday School Class at the First Baptist Church.

Mrs. Patterson is also Past Matron and Past Deputy Grand Matron of the Order of the Eastern Star. She served as mother advisor.

She has eight grandchildren and 16 great grandchildren.

MRS. FANNIE PATTERSON

## Engagement Announced

Mr. and Mrs. Thomas E. Claiborne announce the engagement of their daughter, Joan Charlotte, to Mr. Larry Ray Luman.

Miss Claiborne is a 1966 graduate of Slaton High School and a 1971 graduate of Texas Tech University where she received her Bachelor of Science degree in Secondary Education.

Mr. Luman, son of Mr. and Mrs. N. J. Luman, is a 1965 graduate of Slaton High School. He served four years in the U.S. Air Force, attended Texas Tech and Computer Programming School in Houston.

The couple is planning an August 20th wedding in the Chapel of the First Methodist Church of Slaton. They will make their home in Lamesa.

## Granddaughters Visit With Ansil O'Neals

Tami and Stacy O'Neal, daughters of Mr. and Mrs. Bobby O'Neal of Houston have been visiting with their grandparents, Mr. and Mrs. Ansil O'Neal for the last three weeks. They plan to return to their home over the weekend.

## PERSONAL

Mrs. Ruby Hodge, a longtime resident of Slaton, who is staying with her daughter in Lubbock at 703 Dover Street, is undergoing treatment at a Lubbock Hospital. Cards may be sent to her in Slaton or the Lubbock address.

It is warmer to wear two thin garments than one thick one because the air between them serves as insulation.

## Derease Davis Enrolled at Lubbock Christian

Derease Davis, daughter of Mr. and Mrs. D.D. Davis, Rt. 2, Slaton has enrolled for the second summer session at Lubbock Christian College.

Lubbock Christian College is a private, liberal arts college now entering its fourteenth year. It is a four year college offering bachelors degrees in fourteen major fields of study.

## PERSONAL

Rev. and Mrs. J. L. Cary of Coppers Cove and their grand daughters of Carlsbad, Beth, Becky and Jans, visited Mrs. M.E. Morris last Thursday.

SCHOOL TRUSTEES--The Slaton School Board presently includes these elected trustees. Left to right are Don Kendrick, Tommy Davis, Joe Gamble, Clark Self Jr., Bettye Burks, and Rev. Emilio Abeya. Trustees are elected for terms, with two or three being elected each year.

State Bank this week proudly salutes members of Slaton School Board, who in vital position without pay and with devotion, we agree with each and every member of the board, we feel that each member should be commended for taking the effort to serve in this important capacity. Education of the young

is one of the most important community assets, and we at CSB feel Slaton is fortunate in having first-rate citizens offer their services for this policy-making board. A strong financial institution is also an important community asset, and Citizens State Bank continues to strive to offer citizens a full-service bank. For any financial need, try the "bank with a heart."

QUESTIONS WOMEN ASK

# Consult doctor before marriage

By ELEANOR B. RODGERSON, M. D. Copley News Service

Q. How long before marriage should you begin birth control pills?

A. If a woman can arrange her premarital examination for two months before the wedding, she will be better prepared for marriage. The pill-taking routine is not complicated, but it can be confusing. Sometimes side effects occur early and these often can be eliminated by changing the brand of the pill. Occasionally there is an allergy. If the best pill for a given individual can be worked out ahead of time, the worries of the honeymoon weeks, a period of increased tension at best, are lessened. Although there are current books, movies and television to the contrary, there are still many women who have not had premarital sexual experience. Anything that can be done to smooth this adjustment is desirable.

Q. How long can a woman take birth control pills?

A. After two or three years, if

a woman has no side effects earlier, she should use another form of contraception for a few months and allow her hormones to function normally again and resume ovulation. Sometimes the return of ovulation takes several months. She should allow herself at least two normal menstrual periods before returning to the birth control pills. This recommendation is a common sense one.

Q. What has smoking to do with having my baby?

A. It is now well documented that a mother's smoking does have an effect on her unborn baby. Birth weights are smaller and mortality higher. In a smoker, the growth of the baby is retarded while it is in the uterus and, after it is born, it suffers the complications of prematurity. Other things being equal, a small baby is not as strong as a large baby.

Q. Why can't the practice of medicine, especially gynecology, be simpler?

A. Fortunately, the practice of medicine has not yet reached the cut-and-dried dispensing of pills and prescriptions alone,

# Lions' Queen Receives Charm, Club Support

Highlights and film slides of a "Youth In Action" trip to Washington, D.C., were presented to Slaton Lions Club Monday when Cynthia Akin, club queen, appeared for the program.

Cynthia, who is also the reigning Miss South Plains Electric, made the Washington tour with other youngsters from around the state—all sponsored by rural electric cooperatives. Cynthia and Don Jackson, oratorical contest winner from Roosevelt, were among area youth to attend.

Two presentations were also made to Miss Akin at the Lions' meeting. J. C. McClesky presented, on behalf of Slaton Chamber of Commerce, a "good-luck charm" for the beauty winner. She leaves this weekend for Dallas to compete in the Miss Texas Rural Electrification contest.

Q. G. Nieman, past president, read a proclamation from the club. It extended "best wishes for continued success" to the club's queen.

Steve Smith presided at the Lions' regular weekly luncheon meeting in the Clubhouse. Several guests were introduced at the meeting.

and, as long as people are human beings with unknown potentialities, they have unknown physical and mental disorders. A woman may have a simple vaginitis with a specific cause that can be eliminated. But the vaginitis returns. There must be a reason for that. Was the cause really eliminated, is there a new contact, does the woman have a generalized contributing disease? So, we may have to consider all of medicine—not just gynecology, and we may have to consider her manner of living.

It is said that someday computers will replace doctors, but thus far people and their problems are too complex to be programmed. The well-trained human brain is required to appreciate the subtleties and diversity of human ills.

Q. How far along can I be and still get a therapeutic abortion?

A. Legally, in California, no therapeutic abortion is permitted after 20 weeks.

C OF C PRESENTATION--Cynthia Akin, Slaton High School senior, was presented a good-luck charm from the Slaton Chamber of Commerce Monday during a Lions Club program. J. C. McClesky, Chamber president, made the presentation as Miss Akin prepares to leave for Dallas to compete in the Miss Texas Rural Electrification contest. Cynthia, daughter of Mr. and Mrs. Glen Akin of Slaton, was recently selected as Miss South Plains Electric and will be one of five beauties in the state pageant. (SLATONITE PHOTO)

However, if the indications for it are present, it should be done as early as possible. There are then fewer complications—physically and mentally. No abortion is without risk, but the smaller the pregnancy, the less formidable is the operation. Most women have to make adjustments in their thinking and feeling when they contemplate interrupting a pregnancy. If it has to be done, it should be done before these physical and emotional changes are very far along.

ITEM: You can brighten your bathroom at moderate cost. Just install a new medicine cabinet. The latest models are beautiful enough to give your bathroom a completely new look, many have double or triple the space of old-fashioned types.

## Tasty -Topic

**TUNA SHORT CUPS**  
1 can (10½ ounces) condensed cream of mushroom soup  
½ cup milk  
1 can (7 ounces) tuna, drained and flaked  
1 cup cooked peas  
1 tablespoon chopped pimiento  
4 slices bread, crusts removed  
Butter  
Onion salt  
Blend soup and milk; add tuna, peas, and pimiento. Heat, stir often. Meanwhile, butter bread slices; press bread slices butter-side down into muffin tin or custard cups. Sprinkle lightly with onion salt. Bake at 375°F. for 12 minutes, or until golden brown. Serve tuna mixture in hot toast cups. Serves 4.

# Golf provides exercise way to fill idle hours

By FRANK MACOMBER Copley News Service

So you want to start playing golf. Don't jump into it. Golf dates back centuries to the days when the Scots used long sticks to hit around old sheep and cow skulls in the courtyard or the oat field.

For the beginner, golf can be a reasonably inexpensive pastime or a costly one, depending on how you approach it.

If you have passed your teens and are ready to tee off, don't make the mistake of thinking golf is a game for the elderly set and therefore needs little preparation. Go to a professional, one with a Professional Golfers Association rating preferably, and take from three to five lessons, depending on what the pro recommends after he has watched you hit a few shots from the practice tee.

Otherwise the average beginner will start out with "built-in" flaws in his or her swing and likely never will be able to get rid of them later.

"Golf appears to be an uncomplicated game," says Charlie Rizzo, a veteran pro and instructor at Rancho de las Penasquitos, Calif. "It only seems that way when you watch the professionals on television.

"Actually, the golf swing is a mathematical equation. Let part of it get out of line and the whole thing can become a disaster. However, a few lessons in the fundamentals will help the beginner to stay away from such pitfalls as a loop in the backswing or a grip that spells either a hook or a slice, or both."

Lessons can cost you anywhere from \$2 to \$7.50 an hour, depending on the pro, his reputation as a teacher and where he teaches.

So much for the lessons.

If you do reasonably well with borrowed or rented clubs, it's time to buy some of your own. You can spend only a few dollars a club if you go to a golfer's exchange. In most cities the exchanges sell secondhand clubs and other golf equipment for about \$5 a club and bags for \$3 to \$10 or

\$15, hinging on whether they're canvas, leather or plastic.

At discount outlets or national chain department stores, new clubs go for \$35 to \$75 a set, and bags are in about the same price range as those at the exchanges. Some big stores toss in the bag with the set. In the last 10 years golf has become such a popular participating sport that mass selling has driven down the price of a reasonably good set of clubs and the equipment to go with them.

A visit to the pro shop at most public courses or private country clubs—especially the latter—can put a crimp in a weekly paycheck if you buy a complete golfing outfit. For example, the clubs will cost you an average of \$10 to \$15 each for irons and up to \$30 or more apiece for wood clubs. The eventual price tag is governed by the brand, your choice of grips, shafts and heads, right down to the kind of wood or synthetic used in the head of the driver and lesser-distance woods.

Clubs endorsed by the top-name pros, like Jack Nicklaus, Arnold Palmer or Billy Casper, cost more. Usually, but not always, the so-called "signature" clubs are better made and more accurately weighted and designed to suit the golfer. Length of shaft and clubhead weight are important. Golf shoes would seem to be of small consideration, but they are not. If you walk 18 holes—anywhere from 3½ to five miles or more, according to how straight you hit the ball—your shoes can make the day a pleasant outing or send you hobbling back to the clubhouse before you have finished the round.

As for greens fees, courses they are for 18 holes on weekdays and \$7 on weekends and municipal courses that cut fees for those who play to times a week.

So the neophyte launch this new sport for anywhere from \$100 to \$500, depending on how she wants to spend. Pros counsel that start with low-cost clubs, etc., if the you.

## Skills Taught At TSTI

The State of Texas is providing a way for people to obtain excellent technical and vocational training to supply the demands for skilled labor.

This training can be obtained at state college cost from the Texas State Technical Institute at one of four campuses—Amarillo, Sweetwater, Harlingen, and Waco.

The Mid-Continent Campus at Amarillo serves this area of Texas. For more information, contact L. B. Boyd, P. O. Box 271, Petersburg, or inquire at the Slaton school business office.

Programs are offered in the following areas at Amarillo: Agriculture and Industrial equipment mechanics, aircraft mechanics, automotive technology, avionics technology (aircraft electronics), construction technology, commercial art and advertising, drafting and design technology, interior design, livestock and ranch operations, meat processing, printing, secretarial skills.

## Public service demands may bring tax boosts

By JAMES CARY  
Copley News Service

WASHINGTON — Andrew F. Brimmer, member of the Federal Reserve Board, has taken a close look at the American economy and come up with a disturbing forecast — more taxes rather than less in the years immediately ahead.

His view is based on the premise that at any one given moment in time the economy can produce only a given amount of goods and services and that the demands for these are vastly greater than the supply.

Consequently a strict system of priorities must be used to allocate resources among the major competing claims.

"I see an inherent conflict..." he says. "In my opinion, to help reconcile these conflicting objectives and to help provide the revenue to finance the growing demand for public services, it may be necessary to raise the average level of taxation in the United States — rather than lower it."

As he sees it the Tax Reform Act of 1969, which cut federal levies, the Nixon administration's decision to permit accelerated depreciation on new capital business investment and built-in increases in public spending wipe out any anticipated benefits from two sources.

One is the hoped-for "Vietnam dividend" as U.S. involvement there ends. The other is the natural annual increase in tax revenues that comes from growth in the tax base, even without an increase in rates.

Brimmer, who outlined his views in a recent address at Middlebury College commencement exercises, Middlebury, Vt., puts it this way:

"At first glance, it might appear... our abundant resources are large enough to support a faster pace of progress on all... fronts — to meet our social and environmental needs simultaneously while continuing to improve our general standard of living — especially so since we are reducing the volume of our resources set aside for military purposes."

Such an accomplishment is likely to be far more difficult than it might... appear... even with the end of the Vietnam war, the budgets for all levels of government... will be just as tight in 1975 as they are in the current year.

The trend in the last 15 years has been toward a faster rate of growth in state and local government spending — which finance most public services — than in federal spending.

State and local outlays jumped from \$39 billion in 1955 to \$132 billion in 1969, more than tripled. Federal spending went up about 1 1/4 times in the same period.

At the same time, outstanding general debts of state and local governments rose from \$44.3 billion to \$133.5 billion — more than 200 percent, while the federal debt increased from \$274.4 billion to \$353.7 billion, up 30 percent.

Interest charges on state and local government borrowing in these years increased almost 50 percent.

Obviously such rapidly mounting claims on production of goods and services will make it more difficult to improve public services in the years ahead.

Present projections of real gross national product growth point toward a GNP of more than \$1.2 trillion by 1975, or about \$200 billion more than last year.

Says Brimmer: "Even a GNP of this size will require a careful review of priorities if the public sector is to meet its responsibilities. The social and environmental improvements desired by so many today must compete for their share of GNP with the strong requirements of consumers and business firms."

President Nixon's Council of Economic Advisers, in their 1970 and 1971 reports, present five-year projections that show built-in increases in public programs using up all but about 1 percent of the GNP growth.

"All but perhaps \$12 billion of the projected \$57 billion cumulative increases in full-employment federal revenues between fiscal 1972 and 1975 is already allocated," Brimmer says.

President Nixon's Council of Economic Advisers, in their 1970 and 1971 reports, present five-year projections that show built-in increases in public programs using up all but about 1 percent of the GNP growth.

"All but perhaps \$12 billion of the projected \$57 billion cumulative increases in full-employment federal revenues between fiscal 1972 and 1975 is already allocated," Brimmer says.

## SUNDAY'S SERMON

### If You Doubt

If you doubt God, go off to your self, sit and do nothing. Search the sky for something to believe in. Ponder the blue, the cloud patterns, the first shining star that appears in view.

If you doubt God, smell the magic of springtime in the air. See the buds and the new-green leaves, the wonder of now-growing things.

Consider the animals of the forest and the birds of the sky, the streams, rivers and the seas. Measure the height to which you may reach and compare it to the circumference of the earth. Think of the distance from the earth to the moon—and to the galaxies beyond.

With the magnitude of the universe fixed strongly in your mind, relate. You are but one small speck upon the face of a relatively small planet. But size is not the important thing. What counts is that you are blessed with humanity, you have the power of reason, you have conscience, you have a soul.

Ask yourself from whence these blessings came.

### SUCCESS

Success does not wait on the corner for any man. Whenever we set out to do something, success demands a certain amount of effort, some application of thought, time and/or energy.

The world often measures success only in terms of money or fame. We say that the rich man "has it made." If someone achieves recognition in a particular field of endeavor, we tend to place greater importance on the fact he has made a "name" for himself than we do on the reality that he did so by doing something worthwhile. We recognize the achievement more than we consider the blood, sweat and tears by which it was accomplished.

We shall not all be rich, nor shall we all see our names written in the news of Broadway or the black and white of history's pages. We can, however, achieve a successful life. All we need do is live it. The formula is as simple as the Golden Rule, as clearly defined as the Ten Commandments.

So, consider life for what it is, a wonderful experience. Make the very best of it. Wherever you stand in your journey of life, make the most of today.

## Fiesta Set At Our Lady of Guadalupe

Our Lady of Guadalupe parish will host a fiesta Sunday from noon to midnight. The event will be held in and on the grounds of Guadalupe Hall, 655 S. 4th St. A meal of Mexican food or hamburgers will be served or tamales may be picked up for taking home. Soft drinks will also be served.

Music will be played all during the fiesta and games such as darts, Bingo and a dunking board will be featured. The fiesta will end with a dance that night.

The Rev. Emilio E. Abeysa, pastor, invites the public to attend.

### Confiding in Your Clergyman

"See your spiritual adviser." That suggestion is often made to the man or woman in trouble. If you do talk things over with your spiritual adviser, is the conversation confidential in the eyes of the law? Could a clergyman be ordered to testify in court as to what you said?

Or is this information "privileged"—that is, protected against public disclosure? The common law, generally speaking, did not recognize any such privilege. Courts were reluctant to give up access to what could be a valuable source of information. Obviously, the more

the human being does sometimes have need of a place of penitence and confession and spiritual discipline. When any person enters that secret chamber, civil authority turns away its ear."

facts available to a court, the better it could do justice—both in punishing the guilty and in freeing the innocent.

However, most states have now passed special statutes (called "priest-penitent" laws) to change the rule. These statutes, in varying degree, grant a privilege of privacy to communications confided to a clergyman.

To be sure, there are still limits on the scope of this privilege. For one thing, information given to a clergyman in an ordinary conversation—not as part of a regular church procedure—is usually not protected.

Thus, a court found no privilege in the remarks of a suspected rapist to a minister, voiced during a casual encounter in a railroad station. The judge ruled that the minister, just like any other citizen, would have to tell what he had heard.

Nor does the privilege apply to a clergyman's general observations, unrelated to any specific admission of wrongdoing.

For example, a court saw no reason why a minister should not give his opinion of the mental condition of a woman whose will was being challenged — an opinion based on long years of acquaintance with her.

But in most situations, the person unbending his failings to his spiritual adviser may count on a legal curtain of privacy. As one court put it:

"The human being does sometimes have need of a place of penitence and confession and spiritual discipline. When any person enters that secret chamber, civil authority turns away its ear."

## Mrs. Simpson's Rites Set Today

Services for Mrs. Leona Simpson, 76, have been set for 2 p.m. today in Sanders Memorial Chapel in Lubbock with the Rev. M. D. Durham, pastor of Southside Baptist Church, officiating.

Burial will be in Peaceful Gardens Memorial Park under the direction of Sanders Funeral Home, Lubbock.

Mrs. Simpson died about 8:30 p.m. Tuesday in Ray's Hospitality Home after a lengthy illness.

She came to Lubbock in 1961 after living most of her life in O'Donnell. She was a member of the Southside Baptist Church. Survivors include three sons,

Jack Summers of O'Donnell, Clarence Simpson of O'Donnell and Billy Simpson of O'Donnell. She is survived by four daughters, Mrs. Betty Robinson of O'Donnell, Mrs. Mary Tucker of O'Donnell, Mrs. Fern Walker of O'Donnell and 20 grandchildren and grand-grandchildren.

Ken Robinson, who played at the State of her grandson.

Rev. W. L. Brimmer, pastor of the church, officiating.

July 25-30 is the revival at the African Methodist Church, 996 Johnson St.

Rev. B. C. Freeman Goshir, 14, of Posey will hold a revival at 8:30 nights, at the First Baptist Church, 996 Johnson St.

The girl died at 7 p.m. Tuesday in Methodist Hospital in Lubbock following a lengthy illness.

Survivors include her parents, Mr. and Mrs. Charlie Guthrie of Posey; two brothers, Johnnie of Lubbock and Charles with the U.S. Marines in California; five sisters, Mrs. Linda Hanks, Mrs. Sandra Smith, Mrs. Judy Austin, Mrs. Connie Rox and Mrs. Kay Mauldin, all addresses unavailable; and a grandfather, V. G. Guthrie of Post.

George W. Gilliam, 98, of Slaton, who died Tuesday, was the father of George Gilliam of 900 W. Crosby St. in Slaton rather than George Gilliam of 1304 28th St. in Lubbock, as previously reported.

Sensitive Navy researchers have developed an optical sensor so acute that it can detect lightning 100 miles away.

## Attend The Church of Your Choice Sunday

RELIGION IS NOW — a weekly message relating the world of today to the lessons of Faith and Church...

Whither thou goest, I will go; and where thou lodgest, I will lodge; thy people shall be my people, and thy God my God.  
Ruth 1:16

These words from the Old Testament say it as well as it can be said. We shall go through life together, hand-in-hand, rejoicing with the times that are good, helping to pass through the days that are bad. We shall have our moments of pride and our times of sorrow. But we shall be together, sharing faith in the present and hope for tomorrow.

## Requires Immunization All Age Group Students

diphtheria, tetanus, poliomyelitis, measles, rubella and smallpox.

The immunization requirements apply to all students attending public, private or parochial schools. The only exceptions will be when an affidavit signed by a physician is presented stating the immunization required would be injurious to the student's health or when the student presents an affidavit signed by the parent or guardian stating the immunizations are in conflict with religious convictions.

At least three doses of oral vaccine for polio with one or more of the doses having been received since the fourth birthday will be required of all students under age 19.

All students must have received the smallpox vaccination within the past 10 years. Rubella immunization is not required of students past the age of 12, but one dose is required of all those under 12.

One dose of measles vaccine will be required of all students who have not had the disease or whose physician will confirm a natural immunity to the disease.

At least three doses of diphtheria and tetanus vaccine for all children from six to 10 will be required and boosters for older ages.

Schools will be required to maintain records of the immunization status of their students after the initial registration.

All students will be allowed to enter their respective school systems this summer and this fall, with the provision that their required immunizations against at least one of the six diseases are started by January 1, 1972 and completed "as soon as medically possible."

**NEW STAFF MEMBER**--Pete M. Luna has joined the service staff of Wendel TV & Appliance, it was announced this week by Jake Wendel, Luna, who resides at 324 W. Lynn, is a former resident of Lamesa where his parents, Mr. and Mrs. A.R. Luna still reside. Luna is a graduate of Lamesa High School and was named the "outstanding industrial cooperative trainee" while working for a tv repair shop there. He won a \$200 scholarship from the Lamesa Optimist Club to attend South Plains College, and graduated with high honors in the field of radio and tv repair.

## State Board Allocates \$121 For Each Student

Back-to-school time isn't too far off for more than two million young Texans, and State Board of Education has approved a record \$302.4 million statewide available school fund allotment.

Board set \$121.90 as the state allocation for each pupil in public schools this year. Figure is based on the average daily attendance during 1970-71, or 2,479,400, although actual enrollment was over 2.7 million.

Local school districts may use their allocation to help pay annual operating expenses, including teacher salaries. Available school fund draws investment earnings from the \$835 million permanent school fund.

In other preparations for the upcoming school year, Board of Education also:

- Approved an \$887,500 contract with Southwest Educational Development Laboratory for a bilingual teaching program tailored for four-year-old children of Mexican-American farm workers. Ten bilingual specialists will work with 100 youngsters in McAllen and Hereford to develop an experimental project next school year and field test it in 1972-73.
- Approved a new accreditation plan to provide computer data to warn of developing weak points in school systems. Data will provide scientific analysis of information needed to decide which schools should be visited by accreditation teams. Such teams visit about 200 of more than 1,100 Texas school districts each year.
- Entered an agreement to link Texas Education Agency and U.S. Office of Education in a \$1.8 million program to evaluate new special education pilot projects expected to have national impact on the teaching of handicapped children.
- Allocated \$23.2 million to buy new textbooks.
- Textbooks considered for 1972-73 school adoption can be looked over by interested citizens at 20 regional education service centers over the state.
- Texas Education Agency, the largest single buyer of textbooks in the world, has \$23.2 million available for the next school year. New books cost an average \$8.10 for each of 2.7 million pupils. Proposed new textbooks can be reviewed at the ESC office in Lubbock.

### Thought For Food

Thinly slice 1 pound small zucchini (about 6 squash). Lightly brown in 3 tablespoons butter about 5 minutes. Sprinkle with 1 teaspoon salt, 1 teaspoon sugar, ¼ teaspoon oregano, and ¼ teaspoon pepper. Pour 1 can (1 pound) tomatoes over. Simmer, covered, over low heat 12 to 15 minutes, or until zucchini is tender. Makes 4 to 6 servings.

Spread potato chips in single layer on baking sheet. Sprinkle lightly with garlic salt and seasoned salt. Toast in 400 degree F oven 3 to 5 minutes. Serve piping hot.

For a special club style sandwich, stack thinly sliced leftover roast beef or pork, coleslaw, crisp bacon, tomato slices and sliced stuffed olives between two slices of toasted wheat bread spread lightly with cream cheese.

Create a juicy spicy frankfurter specialty. Just heat canned barbecued ground beef and spoon over the hot franks on buns.

Columbus made four voyages to America.

### Texas Guide Now Available

AUSTIN -- Texas history is available in red this season and one size fits all.

The 1971 edition of the Guide to Official Texas Historical Markers, a pocket book bound in a tomato-red cover, was released in July to tourist information centers all over the state. It may also be obtained free from the Texas State Historical Survey Committee, P.O. Box 12276, Texas 78711.

The announcement was made by Lester Prokop, president of the Survey Committee, state agency which compiled the marker guide. The booklet was published by the Texas Historical Foundation.

The 109-page guide lists over 8,000 historical markers and their locations in cities and towns throughout the state. The number of markers represents an increase of approximately 3,000 since the last edition of the guide, published in 1969.

Skimming the booklet, the historical-minded tourist can find markers at, for example, the community named "Nameless," in Travis County, or at the smallest state park in Texas, Acton State Historic Site, which consists of a .006-acre plot containing the graves of Davy Crockett's second wife and two of his children.

Or if he prefers, the traveler can visit the boyhood home-site of notorious outlaw John Wesley Hardin, near Moscow community, or the Dallas home-site of lovely Confederate spy Belle Boyd.

**Exercise Good**

Exercise improves blood and cholesterol circulation, both important to maintain a healthy heart. The Family Fitness Council says a daily personal regime of exercise for 10-15 minutes is the basic requirement and recommends use of scientifically-designed equipment such as slant boards, exercise bicycles, belt massagers and indoor joggers, which carry the FFC tag of approval.

The alligator is the only animal whose upper jaw is movable.

### Jones Picked For Conference

AUSTIN -- State Representative Delwin Jones of Lubbock is one of ten House members accompanying Texas House Speaker Gus Mutscher this week in Tulsa for the 25th annual meeting of the Southern Conference of the Council of State Governments.

The Texas delegates are participating in the meeting, which began Tuesday, with legislative leaders from 15 southern states.

Mutscher, a member of the Southern Conference Executive Committee, selected Representative Jones as a delegate saying, "he has exemplified the attributes of conscientious legislative service and has a solid background in several areas of vital legislative concern."

Topics scheduled for discussion during the conference include federal - state revenue sharing, methods of improving the legislative process, the future of public education, environmental protection, court reform, drug abuse, and mass transportation.

## Legion Team Ends Season

Slaton's American Legion baseball team lost its final two district games the past week, winding up the season with a 3-11 won-lost record.

League-leading Brown-Griffin Texas of Lubbock scored a 16-1 victory over Slaton here last Wednesday night, and Frenship downed Slaton by 10-6 at Wolfforth Friday night.

Slaton's three triumphs came over Brownfield, the Bell Cheks and Allen Brothers with hurler Mike Speer recording the mound decision in each win.

Second-base man Bruce Schuette was the top batter for the team during the season, hitting

## Babe Ruth Team Out From District Tourney

Slaton's Babe Ruth League All-Stars were eliminated from district tournament at Morton Tuesday night, losing their second contest in the double elimination tourney.

The host Frontier team scored a close 3-2 decision over Slaton Tuesday night, after the locals had lost a 5-1 game to Levelland in a Monday-night opener.

Levelland downed Lubbock, 2-0, to gain a berth in the finals. Frontier will meet Lubbock tonight to determine the

other finalist in the district meet.

Slaton's Bobby Hightower socked a two-run homer Tuesday night to give the locals a 2-0 lead in the fourth frame.

Frontier bounced back to tie the game in the sixth on three hits and an error. Frontier pushed across the winning run in the seventh on a hit and two errors.

Mike Lewis was tagged with the loss, giving up only five hits while striking out nine and walking one. Slaton had

four hits with no runs, no errors and no walks.

Levelland tallied the first three hits, feasting Slaton by Al Lewis pitched but five errors in three innings had no runs, no errors and no walks.

Slaton had only one lead in the game, with Jim Alba leading the way and double. David Smith had a triple for the win. Dubbin England of the Slaton team Underwood and gomery as coach of the team.

## 13-YEAR-OLDS IN DISTRICT FINALS BEFORE ELIMINATION

Slaton's 13-year-old Babe Ruth All Stars advanced to the finals of the district tourney at Levelland Thursday before blowing to the host team for the championship.

Levelland won the title game, 5-4, Thursday and advanced to a bi-district series against Brownfield over the weekend. Brownfield won the best 2 of 3 series with 13-3 and 4-1 victories in the District 3-4 games.

Slaton had advanced to the finals of the district meet by downing Lubbock, 21-4, Wednesday night. Each team had won a game and lost one in the double elimination tourney. Tom Mosser pitched a two-hitter and banded out three

singles to pace Slaton in that triumph.

Slaton had 14 hits in the contest. Collecting a pair of hits were Mike Wilkins, Gary Aycock, and Darrell Bednarz.

The locals had only two hits in the final game against Levelland, with Bednarz rapping a double and Steve Leake getting a single. Breck Hudson was the pitcher for Slaton, giving up four hits to the winners.

Slaton had opened the tourney with an 8-4 win over Lubbock, then lost to Levelland by 9-6 in the second game Tuesday. Slaton then eliminated Lubbock before going against Levelland in the finals.

Gary Glasscock was manager of the 13-year-old stars, and Jarry Hudson was coach.

## Bench makes MVP pay off

By BOB ORTMAN  
Copley News Service

CINCINNATI — Breathes there a man with soul so dead who never to himself has said, "I sure wish my kid could grow up to be like Johnny Bench?" Then dear old dad could retire.

Bench is young, handsome, well-mannered, talented and rich. Very rich. And with a future that's rosier than a bride's blush.

The Cincinnati slugger was National League most valuable player in 1970 and player of the year in all baseball after setting a record for home runs by a catcher (45) and leading the majors in runs batted in (148). Seldom if ever had a player achieved so much in baseball at the age of 22 (he was 23 on Dec. 7), and the fringe benefits are fantastic.

Now you can hardly turn on the tube without seeing Johnny doing a television commercial. He has launched his own half-hour TV program, "The MVP Show," which is nationally syndicated. He is giving serious consideration to a professional career as a singer. And he was guest comedian on Bob Hope's Christmas tour of service bases.

Even though Bench was accorded an enthusiastic reception by the servicemen, ranking in popularity right behind the bevy of beauties in the troupe, he remembers the 16-shows-in-16-days, round-the-world junket as being slightly less strenuous than a week of doubleheaders.

"Our short flight was like 6½ hours," said Johnny, "and we had one of 13½ hours. We went from 100 degrees in Vietnam to Alaska. It was 12 below when we got in. A tremendous experience," he summed up.

All of the accolades and huzzahs he has received could have turned Johnny's head, but those who have been associated with him during his meteoric rise insist success has not spoiled the native of Binger, Okla.

Aside from outstanding ability with the bat, glove and arm, the one thing Johnny had then and now was abundant self-confidence. He wasn't cocky, you understand. He just knew he was good.

"A long time ago, I thought it would happen," said Bench,

studying his achievements with the objective detachment of a tax assessor. "I didn't know when, maybe, but I always knew I'd be here. I never sit down and think, 'Boy, am I amazing myself.'"

"There's maybe a little undue pressure on him," reported Cincinnati manager Sparky Anderson. "Everywhere he goes, he's an instant idol. People expect him to do things, and he tries to do them. I tell him, you can't live up to those people. If you get two hits but no home runs, they're not happy. And he's not Superman. He's just the best ball player in baseball."

That is the judgment of quite a few observers, some of whom already classify him the greatest catcher of all time. No less a judge than Ted Williams considers Bench a can't-miss Hall of Famer.

"It's great that they put me in that class," acknowledged Johnny. "It's a lot to live up to. I hope they can say it 10 years from now. Then it would be meaningful."

"I'm very lucky," he maintained. "You've got to be fortunate to have a year like I had. To drive in 148 runs, you have to have three .300 hitters ahead of you and guys who can hit the ball out of the park behind you, so they can't pitch around you."

In order to keep Bench's bat in the lineup, Anderson finds another position for him to play when he has a day off from catching. "Last year I played all but second, short and pitch," Johnny remembered, "and I almost was at shortstop one day."

"I enjoy it. It's relaxing and keeps you in the lineup. Gives you the opportunity to swing the bat another four times."

"Some might be better in the outfield," he conceded. "I'm not Willie Mays, but I won't embarrass anybody. I won't embarrass myself."

"I've never heard the Reds apologize for him."

# Senate Votes Against Lower Farm Payments, Issue in Doubt

## 35 Accidents On Rural Highways During June

Agriculture "dodged lightning" again July 15 when the Senate voted 55 to 29 against another move to lower the maximum eligibility of producers to receive payments under current cotton, feed grains and wheat programs. But observers close to the scene in Washington warn that the storm is by no means over.

The Senate vote came on an amendment to the \$13.6 billion appropriations bill for the Agriculture Department and environmental and consumer protection programs. Offered by Senator Birch Bayh, D-Ind., the amendment would have cut the present statutory \$55,000 per crop ceiling to \$20,000.

The House adopted a \$20,000 per crop limitations amendment to the appropriations bill on June 23 by a vote of 214 to 198. Differences between the House and Senate versions, including the limitations issue, now will have to be settled in

houses will have the opportunity to accept or reject the Conference report.

Congress plans a month-long recess in August, so it is expected that action on the appropriations bill will be completed this month. Senate conferees have already been appointed.

House conferees will most likely be appointed early in the week of July 19, and it is at that point that low-level limitations proponents may make their next move. They will no doubt consider the possibility, and perhaps make an all-out effort, to have House conferees instructed to insist on retaining the limitations amendment.

However, according to Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., the wide margin by which the amendment was defeated in the Senate and the narrow margin by which it passed the House both should work against the success of such a move. There is also doubt as to the parliamentary acceptability of instructing House conferees on an issue which the Senate specifically rejected.

limitations amendment was a case of Senators acquiescing to the desires of the Administration and other Senators, not a reflection of majority sentiment.

This is further evidenced by the fact that, while rejecting the House - approved \$20,000 payment ceiling, the Senate Appropriations Committee nevertheless wrote strong language into its report on the bill directing the Agriculture Department to do a better job of policing the \$55,000 ceiling now in effect.

And the full Senate adopted handily a resolution by Senator Hubert Humphrey, D-Minn., calling for Agriculture Secretary Clifford Hardin to supply Congress with a full report on the operation and administration of the limit on price support payments.

Johnson sums up the situation by saying "It appears we have dodged lightning for this time, but the storm clouds continue to build and get darker every year."

The Texas Highway Patrol investigated 35 accidents on rural highways in Lubbock County during the month of June, according to Sergeant O. C. Guthrie, Highway Patrol Supervisor of this area.

These crashes resulted in no persons killed and seven persons injured.

The rural traffic accident summary for this county during the first six months of 1971 shows a total of 218 accidents resulting in ten persons killed and 110 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for June, 1971, shows a total of 524 accidents resulting in 10 persons killed and 308 persons injured. This was 19 less accidents, 13 less fatalities, and 46 less injured than during May.

The ten traffic deaths for the month of June, 1971, occurred in the following counties: Floyd with two; Hale, Montague, Palo Pinto, Stonehill, Carson, Donley, Hardeman, and Hutchinson with one each.

**PINS FOR LITTLE LEAGUERS**--Tourney director Paul Melton is shown presenting pins to members of the North Lynn All-Star team here Tuesday in the Area 3 Little League Tournament. Special pins were presented to members of each of the six teams in the area tourney. The North Lynn team received its pins after being eliminated from the meet Tuesday by Slaton, 6-2. (SLATONITE PHOTO)

## 1.5 Million New Voters

AUSTIN (TPA)--Texas may have 1.5 million new voters in 1972 largely as a result of 18-21-year-olds becoming eligible for all elections, according to a state senator's forecast.

New law goes into effect September 1 which permits registration of a Texas voter for a three year period instead of annually as at present. Registration will also be open year-round except for a 30-day cut-off before any election.

Dallas Sen. Mike McKool, author of the new registration law, sees youngsters as accounting for a large part of the 1.5 million increase in eligibility rolls and predicts they will vote as well as any age group.

Chinese gold rush workers gathered jade at the diggings and shipped it to China, leaving the gold to the Americans.

## Horse Disease Spreads Fast

AUSTIN (TPA)--A sleeping sickness-like disease spread among horses (and in a few humans) in the South Texas-Rio Grande Valley area the past two weeks.

U.S. Agriculture Department which originally had scheduled an experimental vaccine against Venezuelan Equine Encephalomyelitis in 13 counties, later released it statewide and slapped an embargo on Texas horses.

Later, a state Animal Health Commission order halted movement within state or out of state of horses not vaccinated at least 14 days earlier.

Several persons were hospitalized in Brownsville with VEE symptoms. Cases in horses increased sharply, though laboratory confirmation lagged behind discovery of symptoms. Disease, described as "blue-

like" among humans, is deadly to horses, and concern was expressed for the equine population. Emergency situation stopped all rodeos, horse shows, race meets and other activities involving horses.

### Bleach Bottle Uses

There are dozens of uses the outdoors woman can make of empty bleach bottles.

Cut off the tops of three different sizes and they make excellent emergency bowls that fit, one inside the other, for easy storage. They are light but strong and can be used as mixing bowls or for refrigerator storage.

Men find the old plastic bottles ideal as scoops or for bailing water from the boat. It all depends on the way you slice it.

with a run on a walk, hit batsman and a single. Wolforth got the winning run in the second on a walk, error and fielder's choice. The only hit for the winners came in the fifth when Eida Roberts socked a triple with one away. He was stranded, however.

Slaton and Crosbyton drew byes the first night, then moved into the finals with their triumphs Tuesday night. Results of the finals Wednesday were not available before press time.

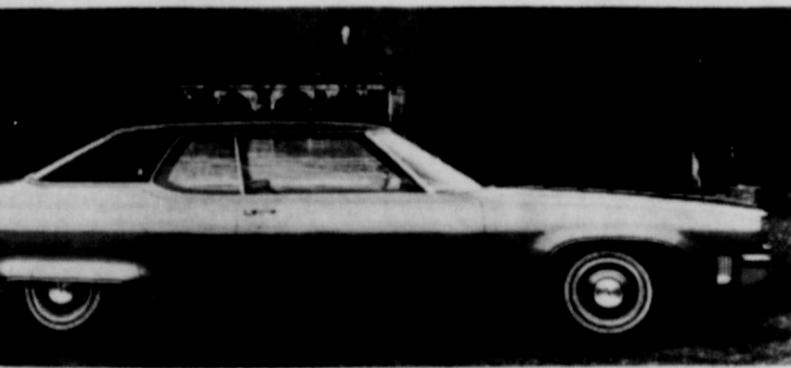

### Handy Tent Patch

"Iron on" patches are handy for repairing the snagged or torn clothes of the outdoorsman. They also can be used to patch that hole in the tent.

Heat a pot and use the bottom of the pot to iron on the patch.

Aesop, author of the book of fables, was a slave.

GUEST EDITORIAL

Urban Renewal, American Way

There's a fellow in Cleveland who is probably doing more to re-sell America and the American system to disillusioned citizens than any congressman, columnist, or college president in the country.

He's the man who writes the ads for Warner & Swasey, the people who make machine tools for industry around the world.

For some years now the work of this man has shown up, every few months, in the big magazines. Always it is in the form of a short essay — two or three paragraphs, usually — designed to shore up the reader's faith in the system that has brought so much well-being to humanity.

Yesterday we began to flip through the new U.S. News & World Report, and there, on Page 1, just inside the front cover, was one of the familiar Warner & Swasey page ads with a modest photo of a machine tool at work at the bottom.

The top half of the page is given over to our friend's current essay, which carries the title, "They changed their ghetto into a neighborhood."

There follow three short paragraphs. We take the liberty of reprinting them

here in case your copy of U.S. News isn't handy:

"In a midwestern city is a street of once-comfortable homes which had become a shambles. One resident finally got tired of filth, and did something about it. He nailed up his fallen steps, swept the walk, washed his windows, picked up the trash in his tiny yard, replaced some rotten siding. His next-door neighbor liked the improvement, and did the same. Then a few more. Next they went to the others on the street and talked or badgered them into cleaning up. They all did it together for an old couple and a cripple.

"Someone a few streets away heard about it, came to look, went back and got his own street started. In time it spread, some white, some black. In that city had cleared themselves up, by their own efforts, aided by nothing but their two hands and self-respect.

"That is true urban renewal — in the finest American tradition."

That's all. But doesn't it give you a lift to be reminded that there are still people willing to do things for themselves with no more leadership than a suggestion by the man next door?

AMARILLO DAILY NEWS

LETTERS TO THE EDITOR

Dear Editor,

I was very disappointed to learn from the last School Board meeting that the boys and girls of our community were being denied a track, but the school tax office will be remodeled.

I wonder how many of us taxpayers will enjoy giving our hard-earned money in a more modern office building? The majority of us would love to refinish our homes, but we are trying to educate our children, so we do without a lot of luxuries in order to do so. By the time we pay the school tax, city, county, state and federal tax, we are borrowing money to further educate our children. So, I feel we should have a say in the way it is spent.

Maybe you think I don't have a say anymore since my last child graduated, but let me tell you I know what it is like to have one that ran track and came home with blisters, turned ankles and shin splints. This was due to the inadequate track facilities. We spent some sleepless hours from the pain, having to wrap ankles, soak the blisters and apply heat.

You might ask, why did they go through all that—why run anyway? In the first place, some have a love for track. Secondly, if they want to play basketball or football, they are compelled to run. It is good for them, gets them in shape and makes them run faster for other sports. So I think the school board should reconsider and try to help a lot of boys and girls, instead of trying to make two or three employees a little more comfortable. Also, I think the school board should be at full voting strength on important decisions.

This is my opinion and I am sure—at least I hope—that there are others that feel as I do and maybe get something done about our track facility.

Thank you,  
Mrs. Robert Meeks

STOP MOSQUITOES!

In the last few weeks there has been a lot of talk in South Texas about a disease called VEE. Maybe you've wondered what it is all about.

The disease began in South America some years ago. It then moved into Mexico, and now there's a possibility that it may have invaded South Texas.

VEE is short for Venezuelan Equine Encephalitis. The name comes from the fact that it was first discovered in Venezuela among equine-type animals such as horses and donkeys.

The disease is highly fatal for horses, mules and donkeys, but is much milder in humans. Sometimes opossums, rodents, and possibly even birds, can get it.

The disease is caused by a virus which is carried from sick animal to healthy animal by mosquitoes. Humans can get it the same way—through the bite of a mosquito which previously fed on an infected animal.

That is the reason mosquito control around your

home and yard is so important. If there are places around your house where water collects, such as bird baths, old tin cans, tires, fish ponds, flower pots—you might be raising the very mosquito which could bite you and give you VEE.

**YOU SHOULD . . .** Get rid of old tires, tin cans, bottles, jars, buckets, drums and other containers, or should keep them empty.

**YOU SHOULD . . .** Check evaporative cooler for mosquito breeding and move cooler drain frequently. Rain water barrels should be screened and mosquito eating fish placed in pond.

**YOU SHOULD . . .** Check all containers around the premise that can hold water. Water should be emptied and container placed under cover, or if not needed, it should be discarded.

**YOU SHOULD . . .** Change water and scrub vases holding flowers or cuttings twice each week — or grow cuttings in sand; scrub and change water in bird baths twice weekly; empty watering pans of pets and chickens daily.

I'm For The Upperdog

"I've about reached the end of my tolerance for our society's one-sided sympathy for the misfit, the ne'er-do-well, the drug addict, the chronic criminal, the loser — in general, the underdog. I feel it's time for someone to stand up and say: 'I'm for the upperdog!'"

"I'm for the one who sets out to do something and does it; the one who recognizes the problems at hand and endeavors to deal with them; the one who isn't blaming someone else's failing, who doesn't consider it 'square' to wonder what more he can do instead of why he shouldn't be doing what he's doing. Whether 'privileged' or 'underprivileged,' each of us should be judged by what he does with what he in-

herits — not merely excused as a 'victim of his environment'.

"The quality of any society is directly related to the quality of the individuals who make it up. We will never create a good society, much less a great one, until individual excellence and achievement are not only respected but encouraged. Building a better society will only be done by those who take serious their responsibility for making the most of their native ability, for getting the job done.

"That is why I am for the achiever — the succeder — the UPPERDOG!"

—From a speech by Milton Upton, President of Beloit College

### They Said We Couldn't Do It!

Everyone said: "Go to Lubbock if you want to do volume business, people won't drive all the way to Slaton to buy furniture."

Well, we proved them wrong. SFC--in just one year--has become the South Plains' largest retailer dealing exclusively in furniture!

We are proud to invite people from all over the South Plains to drive to Slaton and save. This is "Our Kind of Town!"

### Read How The SFC Way Brings You Lower Prices On Famous Brand Furniture!

There's only one way to lower prices--lower costs! SFC's costs are the lowest! We begin cutting prices where it all starts .. with the manufacturer. We buy famous brand furniture direct from the factory by the carload or truckload...at the greatest discount.

Costs drop again when we unload into our low-overhead warehousing. Some of our warehouses had previously been abandoned for years. We acquired them for a fraction of their true value.

Then we take another big step in cutting costs .. our low-overhead showroom. You're interested in the best buy on quality furniture--not paying for an expensive showroom designed to make furniture look better than it is.

All these lower costs result in greater savings for you .. savings that start at the factory where we buy for less .. continue in our warehouse where we operate for less .. and pay off in our showroom where we sell for less! Much less!

# Delayed Ginning May Help Cotton Quality

COLLEGE STATION —Delayed, or deferred, ginning of cotton means higher quality fiber to mills, according to re-

**PIPE**  
CALL 828-6258  
SLATON LUMBER CO.

search data compiled by James M. Ward and James W. Graves, assistant professors, Department of Agricultural Economics and Sociology at Texas A&M University.

Moisture levels in machine picked cotton vary within each load due to moisture differences in seed, fiber, trash content and the maturity of the cotton. This variation causes some fibers to be overheated

and overdried during ginning. The result is lower fiber values to mills due to greater fiber breakage and higher fiber length variation.

With this problem in mind, Texas A&M University scientists initiated a study of the effect of different harvest periods and ginning treatments on moisture content and selected fiber properties of machine-picked cotton. Morning and

afternoon harvested cotton, followed by either immediate or deferred ginning, was studied over a three-year period.

No significant differences were noted between the fiber quality of cotton picked in the morning and that picked in the afternoon.

However, deferred ginning, or storing seed cotton for one day prior to ginning definitely had a favorable effect on fi-

ber quality. The moisture level of the deferred-ginned cotton was more uniform due to moisture transfer from the seed and trash to the fiber during the storage period. This increase in uniformity allowed the cotton to be ginned with less drying and, as a result, less fiber damage. Fewer fibers shorter than 1/2 inch, less variation in fiber length, and less waste and delay in spinning operations all resulted from deferred ginning. The treatment had no ill effects on fiber color or nonlint content. The true worth of cotton to

# Roosevelt Boys Receive Degree

Three Roosevelt Future Farmers received the Lone Star Farmer Degree at the State Convention in Houston recently. Taking the honors were Max Thomas, son of Mr. and Mrs. Troy Thomas, Cullus Westbrook, son of Mr. and Mrs.

Ray Westbrook, and Ronnie Hightower, son of Mr. and Mrs. Delmer Hightower.

Steve and Kenny Maines attended as winners of the Area 1 Talent Team, and were in competition with other groups at the state meeting.

Two voting delegates, Rex Thomas and Danny Mahaffey, attended the meeting as representatives of their chapter on business matters. J.T. Crumley and Bruce Smith attended as Chapter Advisors.

## Abuse Education Gets Priority In 4-H

Mr. and Mrs. Stephens are here this morning with their 10-year-old son, Stephen. They have been to Hill, Md., and employed as a technician for the Stephens, D.C. organization such as high priority education program.

grams. Neither is it surprising that 4-H has enlisted the assistance of its national 4-H health sponsor, Eli Lilly and Company, in the development and execution of a drug education program.

"Knowing the facts about drugs, the consequences of experimentation and addiction must receive major attention in a program of drug education," says Norman C. Mindrum, director of the National 4-H Service Committee. "And a program designed to prevent tragedy must draw from a broad base of knowledge, utilize a wide range of methods and enlist the support of qualified people everywhere. That is the kind of program we are working on in 4-H," Mindrum said.

He noted the response of young people to a training course established by 4-H and the Cooperative Extension Service in Amarillo, which enlisted the assistance of the police. After the training,

the youths themselves passed on information to other teens. Equally effective programs are underway in many states including: West Virginia, Minnesota, New Hampshire, Tennessee and Iowa, the 4-H spokesman reported.

At National 4-H Congress in Chicago, Nov. 29-Dec. 3, drug abuse received the attention of 1,600 of America's top 4-H'ers. The topic fitted into the congress theme "We Care" and hopefully motivate this group of young leaders to carry on educational programs in their local communities.

Eli Lilly and Company which has supported the national 4-H health program for 15 years took an active part. The company had an exhibit about drug abuse on display and showed a movie, "Students look at Drugs," which has been previewed by numerous 4-H groups. Moderators of the youth panel featured in the film, Dr. Ivan Bennett, staff psychiatrist Lilly, conducted an informal discussion with 4-H Congress delegates.

The company awarded seven \$600 scholarships to national 4-H Health program winners and hosted a recognition event

for some 50 state winners. In further reference to 4-H education efforts Mindrum points out that leaders and parents of 4-H members generally are confident that their youngsters will resist temptation to experiment with drugs. He notes, however, that complacency has no place in fighting the problems of drug addiction. "Telling it like it is" continues to be the core of our education program, Mindrum stressed.

The National Institute of Mental Health recently estimated that more than 500,000 people are obtaining drugs

illegally and depend upon them to get through the day. The illicit market in barbiturates — called "Downers" and amphetamines — "uppers" is a major concern of society, the 4-H Service Committee director related.

"As a responsive, concerned and viable organization representing a cross-section of society, 4-H accepts its responsibility in providing a strong drug education program. 4-H appreciates the support it is receiving from others in mounting a strong educational effort," Mindrum concluded.

**Students Attend Band Camp**

**BAND CAMP**  
Five Wilson High School Band Students are attending a 'Band Camp' at Texas Tech, this week. The camp started Sunday, July 11 and ends Friday with a concert.

Those attending are: Doug Savell, in the 'Fifth Band', Beverly Hobbs, in the 'Synphonic Band', Karen Hobbs, Suzie McCormick and Carl Wilke, in the 'Honors Band'.

The concert begins Friday afternoon at 5:30 with the last three bands. At 7 p.m. the top four bands play.

**CHURCH NEWS**  
Monday, the Baptist men attended a Baptist Men's Rally at Plains Baptist Assembly. A meal was served and the program was brought by Rev. Bob Harrington, "Chaplain of Bourbon Street" in New Orleans.

**SUMMER REVIVAL** - August 1-8, Evangelist will be Troy Culpepper of Haskell. The Music Director will be Bob Ball of Calvary Church in Lubbock.

Friday there will be a "SkI Party" for all youth of the First Baptist Church. The youth will leave the church at 1:00 and will return after a hamburger cook-out. There will be skiing all day and one guests each can be asked to come. It had formerly been announced for Thursday.

**VISITORS**  
Mrs. Margorie Burns and Cindy of Albuquerque, N.M. left Friday after a visit with Mrs. H.B. Crosby.

Mr. and Mrs. Homer Ingle of Tatum, N.M. visited Friday with Mr. and Mrs. Clarence Church.

Mr. and Mrs. Tommy Harkley of Lorraine picked up their son, Gary Don, Saturday. He has been visiting with his grandparents Mr. and Mrs. Clarence Church.

Mr. and Mrs. Church visited in Rochester with relatives Sunday.

Mrs. Jake Mueller celebrated her birthday Sunday afternoon with a small party. Those attending were: Mr. and Mrs. Ben Wilke, Mr. and Mrs. Delmar Wilke and family, Mrs. R. A. Kahlich, Mr. and Mrs. Burnet Mueller, Mr. and Mrs. Leroy Mueller, Mr. and Mrs. Harlen and family and Rev. Louis Baldersach.

Cathy Coleman returned home Monday from a two week visit in Saint Jo with Mr. and Mrs. Clarence Nelson.

Mr. and Mrs. Norman Guy and Patricia of Phoenix, Ariz. and Priscilla McClure of San Bernardino Calif. spent Friday

and Saturday with Mr. and Mrs. Sam Crowson and family and Mr. and Mrs. A. N. Crowson and family.

Mr. and Mrs. Sammy Crowson, Wade and Kim of Lubbock spent Friday and Saturday with Mr. and Mrs. Sam Crowson.

Mrs. Alene Noble, Phillip and Alan of Post visited Mrs. Clara Phillips, Sunday. Dawn and Billy Phillips of Lubbock are staying with Mrs. Phillips for a week.

Roxanne Schuette of Slaton spent all of last week with Mr. and Mrs. W.F. Klos.

Mrs. Jack Schuette, Bruce, Kenny and Vance and Allen Fondy all had lunch with Mr. and Mrs. Klos, Sunday.

Sunday, July 18, there was a Lamb reunion at Mackenzie State Park. Those attending were: Diane Rutledge, Mr. and Mrs. Weldon Lemon, Mr. and Mrs. J. D. Fortner, Ronny, Terry and Bob, Mr. and Mrs. J.B. Cox, Carla and Janis, Mr. and Mrs. Allen Walker all of Lubbock, Mrs. Nelda Church of Smyer, Mr. and Mrs. Calvin Lamb, Brad and Star, and Mrs. Margie Ray all of Slaton, Mr. and Mrs. R.A. Lamb and Mr. and Mrs. J. W. Lamb. Mrs. Ida Dryer visited Mr. and Mrs. E. B. Gummand John, Saturday. The Dryers just returned from a vacation in Las Vegas, Nevada.

Mr. and Mrs. John Martin went to Ruidoso, New Mexico Friday to visit Mr. and Mrs. Monroe Shelton and Mrs. Minnie Martin of Hillsboro, California. Mrs. Martin came home with Mr. and Mrs. Martin.

Mrs. Anton Ahrens and Edgar visited Mr. and Mrs. E.B. Gumm and John, Thursday.

**THE HOPKINS COUNTY REUNION** will be held at Mackenzie State Park in Lubbock, August 8, 1971. Each family is to bring a basket lunch and old Hopkins County Stew will be served. There will be entertainment after lunch.

**BIRTH ANNOUNCEMENT**  
Mr. and Mrs. Darrell Bishop have a new son. He was born July 16, in HI Plains Baptist Hospital in Amarillo. He was named Paul Howard. They have one other son, Royce, 2 1/2. Grandparents are Mr. and Mrs. Jack Bishop, and Mr. and Mrs. Lloyd Christopher.

Mrs. George Webb and children of Plainview visited Sunday with her parents, the Cecil Fields family.

**SHORT SNORTS**  
State general revenue deficit dropped from a peak of \$173.5 million April 29 to \$11.9 million June 24 and will go into the black by August 31, State Treasurer Jesse James reports.

Bids on the second phase of construction of the \$3 million water exchange pass across Mustang Island will be opened July 12 by Parks and Wildlife Department.

Parks and Wildlife Department won three major awards in international competition for best conservation information programs.

Ardell M. Young of Fort Worth was named by Gov. Preston Smith to succeed retired 153rd District Judge Harold Craik.

New state bank charters are sought in Sattler (Comal County) and Katy (Fort Bend County).

R. H. (Dick) Cory, former Victoria legislator, succeeds Homer Leonard as general counsel and executive vice president of Texas Brewers' Institute.

**CREDIT PROGRAMS OF FHA HELP 130 FAMILIES IN AREA**

Credit programs of the Farmers Home Administration helped more than 130 families in the Lubbock-Crosby County Unit improve their homes, family farms and communities during the fiscal year 1971, Ralph E. Griffiths, county supervisor of the agency's county office in Lubbock, said today.

Farmers Home Administration loans total \$1,484,090 in 1971 Fiscal Year. Gains were especially noteworthy in the rural housing program.

Attractive modern homes make life more enjoyable for sixty-six families in Lubbock and Crosby Counties and construction has given a shot in the arm to the local industry. Loans totalling \$871,930 was used in rural housing development.

In addition Farmers Home, the rural credit arm of the U.S. Department of Agriculture,

**Southland News**  
**Rain Needed Here, Soon!**

Greetings from Southland. Not much going on right now except the rent! Farmers are still waiting for some rain and they have really been pushing the irrigation water up and down those rows of cotton. So far, the crops have really done very well, but if it doesn't rain pretty soon, well, it will be another story! Weatherman talks a little more favorable this week, so lets keep our fingers crossed!

Mr. and Mrs. H. C. Dunn and Coach and Mrs. Bob Dyess, Blaine, Monica and little friend from Gale spent the week-end at Possum Kingdom Lake. Didn't do any fishing, much, but did a lot of water skiing and playing in the water. Hubert said it is sure dry and hot down there, too. E. L. Dunn, of Dallas, came down and visited for a few hours with them.

Mr. and Mrs. Leftoy Mueller from Artesia, N.M., visited relatives around here during the weekend.

Dessa Dodd, from Maple, visited with the Johnny Flanagan's several days last week.

Larry Lockridge, son of Mr. and Mrs. C. W. Lockridge, of Rt. 1, Post, recently volunteered for the army and will spend 8 weeks of basic training in Ft. Ord, Calif. After basic training he will go to Germany for a 16 months tour of duty. Larry is a 1970 Southland graduate. Mr. and Mrs. Lockridge and family, who have lived on a ranch near Southland for quite a few years, are moving to East Texas in the next few weeks. Sure hate to lose this family from our community, but wish them the best!

John Flemming, former Southland community resident, came by the Post Office one day last week and we had a nice little chat. He and his wife are living in Tahoka and he was wondering why our Southland news wasn't in the Lynn County News any more. Says he has to borrow his neighbor's Post Dispatch to see what we're doing over here. He was asking if I knew anything about the Wrights who used to live on the Bartlett place. One of the boy's name was "Sunshine". Do any of you remember them,

and if so, do you know where they are? Sunshine and Joe Gayle Flemming were good friends but have lost contact over the years, so they were just wondering about them. He mentioned the names of a lot of the old timers around here, some are still here and some are gone!

Mrs. P. W. Crawford, who underwent major surgery at Mercy Hospital last week, is doing very nicely this week. Don't know just what day she will be coming home and we certainly hope that all continues to go well with her.

Mr. and Mrs. Larry Long have gone to Virginia to visit with Mrs. Long's relatives.

Breonne Winterrowd has enrolled for the fall semester at W.T.U. in Canyon.

We extend our deepest sympathies to the P.M. Wheatley, Arno Allbrecht, H.D. Hallman and Leo Stolle families in the loss of Mrs. Fern Wheatley Hallman last week. She had been ill for several months, but her death was very unexpected. May God continue to comfort these families in their great sorrow.

Weekend guests in the home of Mr. and Mrs. G. D. Ellis were her son and family, Mr. and Mrs. Gene Gyles, Terry, John and Janie, from Duncan, Oklahoma.

Robert Long left on Monday morning for Oklahoma to be with a sister who is very ill at this time.

We extend our deepest sympathies to Mr. and Mrs. Buford Jones on the loss of Mrs. Jones's sister, Mrs. Emma Stanley of Vernon, Mr. and Mrs. Jones spent Sunday night here with their son, J.H. and family, and went to Vernon on Monday. May God comfort them in their loss.

Jeanette Brosch of Dallas spent the weekend here with her parents, Mr. and Mrs. E. L. Brosch. Others visiting in the Brosch home during the weekend were Randy Stengel of Sherman, Sid Stengel of Plano, Father Roland Bukkemper of Floydada, Karen Stengel of Florida, Lonnie Stabeno of Wilson, and Mr. and Mrs. Oscar

**NEW LEGION SIGN**---The American Legion Post 438, under the leadership of Delmar Tucker, immediate past commander, erected the sign pictured above in front of the American Legion Hall in the city park. It is lighted at night. Cost of the sign was \$485. (SLATONITE PHOTO)

**COMMENTS ON CONSERVATION**

Ranchers can improve their rangeland without a big expense and it may only be a matter of shutting some of the gates. This can be accomplished by what the Soil Conservation Service calls a planned grazing system reports, Mike Bogard.

It has been determined by experiment stations and ranchers that rangeland needs rest from grazing to be improved and to date this has been the only successful way to improve our rangeland.

The first step in entering a planned grazing system is to stock at a rate that the ranch will support. It must be remembered that the pounds of beef, lamb, or wool produced depends on pounds of grass produced. Many times 2 cows on good grass will produce as much beef as 3 cows on poor grass. Also the economist tell us it cost between \$80 and \$90 per year to run a cow regardless of the weight of the calf weaned.

Bogard says the next step is to plan a grazing system that will give each pasture a rest during the year. This can be with as little as two pastures or with only one pasture along with fields of sorghum or small grain for grazing.

When only rangeland is used in a planned grazing system a 2 pasture, 3 pasture, or 4 pasture system can be used. In a 2 pasture system 1 herd of livestock is used, 2 herds for a 3 pasture system and 3 herds for a 4 pasture system. Therefore one pasture is being rested at all times. Systems are so designed that pastures are rested during a different season each year.

Some people might think resting one pasture all the time would reduce production, but actually more total pounds of forage will be produced for the year when the grass is given a rest. There is also the added advantage of having one less pasture to look after livestock in.

One herd of livestock are moved at the end of each 3 or 4 month period depending on the system used. This provides an excellent time to work the livestock especially where corrals are located between the pastures.

For further information on planned grazing systems contact the Soil Conservation Service.
