## ACCREDITATION COMMITTEE PAYS VISIT

### School Library, Labs, Financial Structure Draw Criticism Here

The accreditation committee paid its first visit to Slaton schools in 13 years Tuesday and pointed out a few shortcomings which the school administration was already painfully aware of.

"The biggest problem we see here is your tax structure and financial situation," said Keith Harding, school accreditation consultant who headed the committee from the Texas Education Agency. "You're in debt, you're operating in a position which is difficult to maintain in the face of increasing costs. . . I think that sooner or later as a board, you're going to have to do something about your tax rate."

Harding made that statement to members of the Board of Education who were called together Tuesday to talk with the committee, a consideration given the local board by the committee, and something which the visitors do not ordinarily do.

Harding indicated to the board that he was aware of the fact that more tax money would be forthcoming in a couple of years from natural increase of the tax roll and from additional valuation of Jones Station power plant. But he said the board still needed to increase taxes, and mentioned a possible 10-cent increase.

The accreditation committee of the TEA has authority to withhold accreditation from any school which does not meet its standards. Usually in areas where the standards are not met, the school is given a period of time to correct the situation. The report which the committee gave the school board and administration Tuesday was simply a preliminary report; the written and final report will be sent to the school in a few weeks.

Max Shields, one of the committee members and a specialist in special education, commended the school system for its participation in the Plan A program. Norris Young, the third member of the committee, who visited the high school, commended the attitude of teachers here, commented on the lack of visual aids and said, "I was extremely disappointed in your lab situation." He also said the library was too small

and some of the volumes need replacing.

Harding echoed the library and lab comments as applied to junior high, and said that library and laboratory facilities throughout the system appear "pretty inadequate".

He questioned the lack of a cafeteria at the high school, commended interior custodial work in all schools, said

the outside needs more care, said a building being used as a kindergarten classroom at West Ward was not suitable, and said school board policies appear up-to-date, except that grievance procedures for both students and faculty should be more specific.

The committee generally

was complimentary, however. "Outside of these problem areas, you have a school you can be proud of," said Harding, adding that good leadership and good, qualified personnel were evident throughout the system.

"All in all, I believe you're in pretty good shape," he said.

## Tigers Whip Clovis JV, Face Tough Mustangs

By DALTON WOOD

Slaton Tigers broke a three-game losing streak last Friday night as the defense shut down an inept Clovis Jr. Varsity offense and the Tiger scoring machine managed four touchdowns in twice as many opportunities before a small crowd here.

Slaton won the game 26-7, and it was good to win one, but the Tigers have had little opportunity to relax as they prepared this week for the big bad bugaboos of Class AA football on the South Plains, the Denver City Mustangs. Unbeaten Denver City comes here Friday night, heavily favored to continue that way. Tiger fans, however, are hoping that Coach Bill Curry's team can come up with a super effort and beat the Mustangs for the first time in history. Kickoff time is 7:30 p.m.

Against Clovis JV, HB Greg Sokora transported the football 116 yards in 20 efforts, caught three passes for 96 yards and scored one touchdown. He had lots of help from an improved defense and running of Phil Payne (8 carries for 37 yards), Clarence Trotty (6 carries for 29) and Ray Basinger (7 carries for 32), plus the passing of QB Gary Aycock, who hit 7 of 15 passes for 146 yards.

Trotty, Aycock and End Bill McClesky all scored touchdowns. And the defense held Clovis to just 65 total yards and five first downs.

Slaton drove 44 yards to score on its first possession, all on the ground, with the biggest gain being a 16-yard run by Sokora. Basinger went 3 yards to score with 8:06 left in the first period, and Ricky Denzer's kick was wide. Later in the quarter, Slaton drove to the Clovis 1, drew a penalty and then Aycock's pass was intercepted by Bobby Greenwalt of Clovis to halt the threat.

The Tigers did score again with 6 minutes left in the half as Trotty skirted left end

standing up, and Aycock passed to McClesky for 2 points to make it 14-0.

Clovis drove 25 yards to score after Slaton had a short punt into the wind. The touchdown came on a 10-yard burst off the right side of the line by HB Tim Washington, and this was Clovis' longest gain of the night from scrimmage. Guard Robert Solano kicked point, and it was 14-7 with 1:24 left.

Slaton almost scored again before halftime as Aycock and Sokora teamed up on a 53-yard pass play, with Sokora being knocked out of bounds on the 7 by Greenwalt. On the next play, Aycock's pass again was intercepted, this time by HB Tommy Copely, to halt that threat.

Midway of the third period, Aycock hit McClesky and the sophomore end twisted on into the end zone to score on the 22-yard-pass play. The extra point kick try was blocked.

Sokora streaked 43 yards

on a punt return to the Clovis 27 to set up the final Tiger TD drive late in the third quarter, and then made the touchdown himself from 4 yards out. A pass fell incomplete and it was 26-7.

In the fourth period, Slaton drove near the Clovis goal twice, but couldn't get it across. Once Clovis held on the 3, and as the game ended, Slaton had the ball on the Clovis 10, and QB Keith Bumpass threw incomplete into the end zone as the game ended.

Tony Leake at linebacker was counted in on 7 tackles and the rest of the defensive work was pretty well divided among numerous Tigers.

## Tumlinson Wins Contest; Second And Third In Tie

Skip Tumlinson, 825 W. Lubbock, missed only four games and won first place in the Slatonite's football guessing contest last week. Two entries missed five and also picked the same total for a tie-breaking score, so they will split the second and third prizes, totaling \$7, at \$3.50 each.

Splitting the \$7 will be Mr. and Mrs. Joe Mercer, 910 S. 21st St., and Keith Bumpass, 1525 W. Crosby. Bumpass and the Mercers had a total of 45 for the tie-breaker. The actual total was 33.

Tim Bourn missed six and finished just out of the running. Other bridesmaids included a large group who missed 7 each: James Simonton, Dennis Gary, Mrs. Eugene Sokora, Mike Peterson, Allen Miles, Cardell Fields, and Barbara Brush.

There were 103 entries last week and Slippery Rock won 17-3.

Among the Fearless Forecasters, the competition is close, especially in the race for last place, with the season loser supposed to buy steaks for all the others. Joe Sparkman, who still hasn't bought the steaks after losing last year, re-

turned to last place with a 23-25 season mark although he missed just 4 of 12 games last week. J. W. Holt, in first at 36-12, and Bill Ball, in second at 31-17, also missed four. Pete Williams, now 28-20, led the week's race by getting 10 of 12 right, and Dalton Wood moved barely out of the cellar by missing 3 to stand at 24-24.

## Baking Contest Will Highlight Sidewalk Sale

Oct. 20 has been set as the date for the annual fall Sidewalk Sale and Flea Market to be held in downtown Slaton, it was announced by the Retail Trades Committee last week.

The sale had been set for earlier in the season, but was postponed due to the Panhandle South Plains Fair dates.

Merchants will display their wares on the sidewalk and on the square on that day, and individuals, clubs and organizations are invited to bring their exhibits or money-making projects to the square.

A pie-baking contest has been scheduled for the afternoon, to be held in the hallway of City Hall, in the center of the square. Entries must be mailed or brought to The Slatonite office, Box 775, Slaton, or to KCAS Radio Station, by 5 p.m. Friday, Oct. 19. A one dollar entry fee must accompany each

**RODDY ON RUN** -- Slaton 7th grade running back Roddy Smith is trailing the play here, but he did his share of carrying the ball in Tuesday's game won by Idalou 22-14. Smith returned a kickoff 67 yards for a Slaton touchdown in the fourth quarter. Slaton 8th graders won their game 22-6 with one of the features being an 80-yard touchdown run. ## Winners Named In PP&K Here

Seventy-eight youngsters competed in the annual punt, pass and kick contests conducted here last Saturday under the sponsorship of Smith Ford, Inc., with winners through three places being named in six different divisions.

All the boys who placed first, second or third received trophies, and first place winners will take part in the zone competition at Lubbock Saturday at the Texas Tech practice field. Winners in the zone events will go to Dallas Oct. 13 for district competition.

Winners were, in order of placing:

8-Year-Olds--Craig Harrington, first; Brent Holt, second; and Andy Wheeler, third.

9-Year-Olds--Mark Harrington, Brad Lewis and Joe Buxkemper.

10-Year-Olds--Troy Moses, Douglas Chapman and Robert Hirscheto.

11-Year-Olds -- Shelby Brake, Jesse Titus and Russell Bowman.

12-Year-Olds -- Calvin Wilke, Steve Denzer and Ricky Davis.

13-Year-Olds -- Steve White, Stan White and Lonnie Ardrey.

**CHOIR OFFICERS** -- Recently-elected officers in the Junior High Choir are: (front) Debbie Shackelford, secretary; Cindy Kincer, vice president; Sherri Eakin, reporter; (back) Brad Eblen, president; Mitzi Cawthon, treasurer; and Dena Gamble, librarian. The choir is selling Heath assorted candies as a money making project, to help buy lockers and new music books. Candy will be available from any member until Oct. 15. (SLATONITE PHOTO)

## WTC PLANS OPEN HOUSE

SNYDER -- Open House at Western Texas College Sunday will mark the official opening of the Student Center and the Health-Physical Education Building. Tours will be conducted from 2 to 5 p.m.

A faculty art show in the lobby of the fine arts building will be open for showing of water colors by Warren Cullar, photographs by Dr. Robert Clinto, president of WTC; and jewelry, ceramics and enamels by Mike Thornton.

Visitors will be directed first to the Learning Resource Center where the museum room will be open. From there, visitors will continue to the Student Center where a lunar sample on loan from NASA will be displayed, to the planetarium located in the classroom building, and the Health-Physical Education Building.

With the completion of the Student Center and the Health - Physical Education Building, Phase 2 of construction on the WTC campus will be nearing its end. The remaining building planned in Phase 2, a teaching-historical museum, is under construction and is expected to be completed

about Jan. 1. The Student Center and Health - Physical Education Building are two of the largest buildings on campus.

Some of the kids are getting their report cards this week and some have to wait until the end of nine weeks way, you don't have to holler at all the kids at the time. You have time to get your strength back and up something new to say to the next group in line.

We haven't been able to get everyone in the right at the right time this week to find out how progressing on the Mama Patrol. But, you will be about it very soon. I am still hearing comments about improvement that has already been shown in the Ward traffic flow. That's great! The youngsters get the help they can get as far as school safety is concerned.

The PTA is planning a school carnival again after last year's success. It will be held at West School Oct. 30, and still give the kids time to go the next day. It won't be long before they have the school air conditioned.

Just in case you didn't know, this is National Pie Week, 4-H Week, Macaroni week, and National Pie Week. Included in that is Child Health Day. Oh sounds like people just sit around trying to figure out what to do.

Daylight Savings time is about to finish for another month. On Oct. 28 we turn the clocks back an hour and have to say the little verse, Spring forward in the fall and fall back in the fall, before I know which way the clock.)

Oct. 20 is the time for the fall Sidewalk Sale market, so get out all your old fleas and get them there will be a pie-baking contest this year, prizes. How many good cooks 'we got out there next door, on Oct. 22, the Veterans Day Parade held here in Slaton. Sounds like we are in for another month!!

## Attorney Is Speaker At

Harvey Morton, local attorney, was guest speaker at the Tuesday night meeting of the Athenian Study Club conducted in the home of Mrs. Tommy Davis.

Morton discussed legal questions most often asked concerning property, marriage and divorce and the drawing up of wills. Secret pals were disclosed and names were drawn for this year.

Members will be selling note cards and decorative candles with the goal set to buy a hospital bed in memory of Billie Miles. A float is being planned for the Veterans Day Parade.

Present were three new members, Mmes. Jay Dunn.

A change of air in the home prevents stuffiness, helps retard build-up of odors and mildew, reduces moisture damage to soft furnishings and cuts down chances of rust.

RUBY OSBORN, WOMEN'S EDITOR

The dogs never had it as good as they did last weekend when more than 1,000 dogs were entered in competition in shows conducted in Amarillo, Plainview, Lubbock and Midland.

Handlers and owners who travel with dogs on the show circuit are prepared for any kind of weather, but they and the dogs really enjoyed last weekend's sunshine and mild wind. Several of the travelers cooked on portable barbecues outside (after they had fed their dogs).

Showing dogs looks like an expensive hobby when one sees the scores of mobile homes and expensive trailers that soon surround the site of the show the night before the announced date. Most of the expensive "rigs" are owned by licensed handlers who make dog shows their business and travel from coast to coast.

But the sport today isn't just a rich man's hobby. Almost anyone can satisfy his yen for a ribbon by learning to show his own dog in either confirmation or obedience whenever a dog show is in his area.

It is a sport that a retired person can continue to be interested in even when he is unable to show his dog in the ring. Included among the spectators at the Lubbock show Saturday was Hal Allen, the champion chow fancier in this part of the nation.

Hal's health prohibits his entrance into the ring now, but he was there in his wheel chair and sat through the show until the "Best of Show" was named. He was there not only to see one of his prize chows win a top placing, but to see what dogs were being shown by others.

Dog shows are excellent week-end family adventures as many Lubbock County 4-H Club families are finding out. One of these is the Robert Hand family of Lubbock. Showing dogs has caught the fancy of the younger members of the family, Becky and Larry, as well as other 4-H Club members.

The youngsters not only have a chance to show in confirmation classes with the professionals, but they also compete in obedience trials and in junior handling contests.

**HDC Members Hear Report**

The Slaton Home Demonstration Club met at 1:30 p.m. Tuesday in the club house with the president, Mrs. Roy Kirby, presiding. The roll call was answered with "Something Money Can't Buy".

Committee recommendations for the year were read and adopted. Mrs. Alton

Meeks guided the group in stringing beads of several different designs.

Mrs. Kirby and Mrs. Willie Jones served refreshments to 10 members, including two new members, Mrs. Mackie Klattenhoff and Mrs. Joe Baker, one guest, Mrs. Gary Kirby.

Mrs. Meeks reported on the following meetings:

The Texas Home Demonstration Association 47th annual convention was held in Waco Convention Center, Waco, Sept. 18-19. Delegates from Lubbock County attending were Mrs. Bill Cantrell and Mrs. Jay Johnson of Lubbock; and Mrs. Meeks of Slaton. Theme for 1973 is "Home A Beacon Light". Two of the outstanding speakers at the convention were Congressman Omar Burleson, representative from the 17th district, and Frederick McClure, FFA President 1972-73. Frederick is 19 years old, and is now running for the National FFA president.

The next meeting of the local Home Demonstration Club will be Tuesday, Oct. 16 at 1:30 p.m. in the club house. The program will be on the Drug problem in Slaton by our police chief, Fred Clark.

**Shower Honors Georgia Greer**

Miss Georgia Geer, bride-elect of Alvin Schmidt, was honored Sunday afternoon at a lingerie shower in Lubbock.

Hostesses at their apartment were Misses Verna Miller, Chris Merritt and Sonja Graham.

Guests included Mrs. M. D. Geer, the bride-elect's mother.

Miss Geer and Schmidt will marry Nov. 24 at First Baptist Church.

**TAKES TRAINING**

Don Smith is enrolled in air conditioning and refrigeration technology on the James Connally Campus of the Texas State Technical Institute at Waco. He is the son of Mr. and Mrs. Elton Smith of Slaton.

**You could get rich ...if you had a crystal ball**

Just think of the investments you could make!

These days of erratic financial change, there's really no way accurately predict the future. That's why it's wise now to cut out unsure speculative investments and turn to the solid station of an insured bank account or savings certificates. We'll be glad to show you a variety of savings plans guaranteed to pay ready high interest while insured up to \$20,000.00 by an act of the Federal Government. Isn't it time you gave up that crystal ball?

## Nursing Home News

By BOBBIE HOGUE

Our boss, Bobbie Greer, is back after a weeks vacation. Lonnie Vanneman, John Butler and Mary Sides are at present in the Hospital. We wish our folks a speedy recovery.

A birthday party was held Friday in the lobby. The Sept. and Oct. birthdays were honored. Those who celebrated birthdays were: Ida Day, Robert Vanneman, Ethel Spooner, Susie Bradshaw, Ada LaHue, and Lena Beherend. Ada Day's daughter, Mrs. H. C. Dunn, baked the birthday cake for the occasion. Punch and cake and cookies were served to 34 persons. Red carnations were given to each honoree. Mrs. Louis Mosser made the diabetic cookies for the diabetics.

Irene McCormick gave us scrap materials for the craft dept. The T. A. Johnsons gave us fresh tomatoes and the Woodie Snyder family gave fresh okra. The Ed Maekers gave fresh turnips. We appreciate these fine folks for this.

A food demonstration was held in the kitchen of our Home for all the cooks and helpers. New ways to suburban driving conditions and 12.6 miles per gallon at 70 miles per hour steady speed conditions.

The EPA test is not indicative of highway type driving and also penalizes the heavier cars because of the large amount of acceleration and deceleration in their test schedule. Kehrl said.

"All 1974 Oldsmobiles except those sold in California where new emission standards take effect will give fuel economy as good as or better than their 1973 counterparts," Kehrl concluded.

### BARBECUE BENEFIT

Area 4-H Club members will participate in the pork barbecue to be served beginning at 7 p.m. Monday in the Panhandle South Plains Coliseum, Lubbock. The event is being sponsored by the Lubbock County 4-H Clubs and the meal will be served for \$2 per plate. Proceeds will go to the Lubbock County 4-H fund.

prepare foods were discussed.

"Care for a Child" project has been started here in our Home. It all started when Kathy Rucker gave our home eleven dolls. Kathy Rucker is the daughter of Mr. and Mrs. Howard Rucker of Lubbock. Kathy is living at the Lubbock State School, and could no longer use these dolls. Several of our Lady Residents are sewing clothes and fixing up one of these dolls as a project for Christmas. These dolls will be given to orphans homes for children for Christmas. We find this to be a very interesting thing, and these ladies are very talented in doll clothes making.

Our new building is coming along nicely. We are really excited over our new wing.

Our annual Halloween party is being planned. We always look forward to this party.

Our thanks to the pastors and friends who are carrying on the daily and weekly devotionals. We try to keep the schedule on the bulletin board, and if you forget your days feel free to call us on this.

Charles Thomas is making the floors in our old wing look like new, so if you should come by to visit us, excuse our inconveniences.

This wraps up our news for this week. See you next week and here's a little that. "I had no shoes and grumbled...until along the way I met a man who had no feet."

## St. Joseph's paper clips

By MARY MELCHER

Three new instructors have joined the teaching staff at St. Joseph School increasing the faculty to 11, plus two cafeteria personnel and one custodian.

The girls' and boys' coaches are Mrs. Barbara Elliot and Thomas Duncan. Mrs. Douglas Neugebauer takes the place of Mrs. Linda Boehm as social studies instructor. Mrs. Neugebauer began Sept. 18.

Grades 5-8 collected a \$50 purse for Mrs. Boehm to wish her well in her position at the Texas State Commission for the Blind.

Regular basketball practice for the girls will be held in the junior high gym after all girls have had physical examinations. Boys' practice begins after football season.

The Robin Hood Players presented the play "Rob Roy" Sept. 20. Scene changes took place during dialogue without closing the curtains.

Hot lunches have been the menu since Sept. 18 when Mrs. Betty Hlavety became manager. Her assistants are Mrs. Alvin Bednarz and Mrs. Carl Lewis.

The faculty participated in a meeting of the Teachers' Institute in Amarillo Sept. 17.

Those students who wish to take part in a liturgy service do so every Friday morning.

## Olds Denies EPA Figures On Toronado

LANSING, MICH. -- The Environmental Protection Agency's recent claim that the 1974 Oldsmobile Toronado recorded the poorest gas mileage among 5,500-pound cars was rebutted today by Howard H. Kehrl, Oldsmobile general manager.

Kehrl, who also is a General Motors vice president, said that the Toronado cited by EPA at 6.8 miles per gallon is designed for California use where a 33 per cent lower nitrous oxide standard takes effect in 1974.

"This particular test car was specified by EPA and had a trailer towing axle which further increases fuel consumption. Our sales forecasts for 1974 predict we will sell only 55 cars with this particular combination out of total Toronado sales of 50,200.

"The Toronado built for the remaining 49 states was tested by EPA to give 8.3 miles per gallon and is above the median for the EPA weight class," Kehrl said. "Our engineering tests show that this car will give 10.7 miles per gallon under

# PRAISE THE LORD

By LENDA WOOD

Have you ever seen an angel? The Bible tells us that we have guardian angels -- Matt. 18:10. "Take heed that ye despise not one of these little ones; for I say unto you, that in heaven their angels do always behold the face of my Father which is in heaven."

of the Lord guards and rescues all who reverence him." When Daniel was in the lions' den, God sent his angel to shut the lions' mouths so they couldn't touch him. (Dan. 6:22.)

forgiveness and acceptance. Rejoice! God does care for each one of us, and ministers to our needs in all sorts of ways. Praise the Lord!

THURSDAY, OCTOBER 4, 1973  
Read I Corinthians 15:51-57

For years I thought that probably just little children have guardian angels. However, in reading this scripture, and the few verses just preceding this one, we find that Jesus is talking about how to get into the kingdom of heaven. He says that we must become like little children. The Bible says that we must be born again -- that means we become brand new babies in God's kingdom. So persons who have been born again, for example, less than a year ago, are still babies in God's kingdom -- little ones. And the Bible says that these little ones' angels are always looking at the Father. Possible they intercede for us, as well as guard us. Psalms 34:7 -- "The angel

Revelation 5:11 says that the number of the angels is ten thousand times ten thousand, and thousands of thousands. Also in chapters 2 and 3, Revelation, it seems that each church may have a special angel assigned to it -- "unto the angel of the church."

Luke 15:10 -- "There is joy in the presence of the angels of God when one sinner repents." The Bible compares this rejoicing with the same kind of rejoicing that we would have over a child who had run away and done all kinds of evil and who had returned home with love in his heart and asking for

"Peace I leave with you, my peace I give unto you. (John 14:27)  
We were driving down a highway enroute to the city, trying to get to a business place before closing time. Suddenly -- very suddenly -- a sharp sound pierced my ears.  
"The tires!" I said to my husband, thinking we had a blowout. The noise, as it turned out, was caused by a bird hitting our windshield.  
Then I began to think... It all happened so quickly; that bird hit the windshield in just a second. Is that not how it is in traffic accidents? People are hit and die instantly, never knowing what happened.  
As I shared my thought with my husband, I became aware of the greatest thing of all -- the total absence of fear! At that instant when I realized the bird had been killed, the thought of death did not strike terror in me. I was not afraid, because Jesus has brought the gift of salvation. One of the blessings we discover when we accept His redemption is that we rest in God and discover His peace.  
PRAYER: Father, thank You that Jesus gave us what He promised: peace and eternal life. Thank You for experiences that call forth His peace and fill us with gratitude for Your gift. Amen.  
THOUGHT FOR THE DAY  
No matter what happens today, we can receive the peace that Jesus promised.

**PETER'S BETRAYAL**

And again he denied with an oath, I do not know the man. And after a while came unto him they that stood by, and said to Peter, Surely thou also art one of them, for thy speech betrayeth thee.  
Then began he to curse and to swear, saying, I know not the man. And immediately the cock crew.  
And Peter remembered the words of Jesus, which said unto him, Before the cock crew, thou shalt deny me thrice. And he went out, and wept bitterly.

# Cooper News

BY: JERI BOYD & CORLIS WIMMER

**ON PARADE**  
Cooper Pirate marching band participated in the annual West Texas parade. They competed against area schools. The band played "I Saw Her Standing by the River" for the judges. They placed this year, and did a fine job.

**TWIRLERS**  
Twirlers are at it again. They participated in the annual West Texas Contest. They placed against various schools and left with a third place on a tie. The twirlers this year were Susie Madding, Corlis Wimmer, Kandy Jones and Haynes.

**COMING '73**  
Friday night during the "73 Homecoming" and Beau were the candidates for the field. The

candidates were Cindy Smith and Todd Hammond, Lisa Louder and Steve Henderson, Jeri Boyd and Larry Boucher, and Corlis Wimmer and Robert Barrera. The new queen and beau were Jeri Boyd and Larry Boucher. The Exes also crowned their queen -- Mary Frances Vinson.

**INITIATION**  
Tuesday, Oct. 2, was freshman initiation. All the fish FFA boys had on their dresses and make-up.

**BAND PARENTS**  
The band parents had a coffee honoring Mrs. Sherman in the home of Mrs. Wilfred Kitten Wednesday. The Band-Aids sponsored a spaghetti supper last Friday before the game. A large crowd was out and the profits were great. They would like to take this opportunity to thank all those who helped and all who donated food.

**SENIOR PICTURES**  
Senior pictures will be taken this Friday, Oct. 5, in caps and gowns and in dress clothes. The photographer will be Tack Hammer. Girls should have hair and makeup the way they want it when they come to school. Wear a dress appropriate for pictures. Boys should wear a suit and a tie, or a sport coat and slacks and a tie. Pictures will be taken the

first thing in the morning so no one will be allowed to leave school.

## Teachers Will Meet

Teachers from Stephen F. Austin and West Ward elementary schools and the SELCO staff will attend the sixth annual Lubbock area Reading Conference Friday and Saturday at Estacado High School Auditorium in Lubbock, according to Joe Sparkman, administrative assistant. "Reading Lab to Sky Lab" will be the theme for the conclave. The reading conference is sponsored by the Texas Association for the Improvement of Reading. Locally, it is a joint effort of Lubbock and area public schools and of Texas Tech University. Approximately 1,100 teachers and administrators attended last year's meeting.

**Leaders to Speak**  
Two leaders in the field of reading instruction will give addresses at general sessions on both days.

Dr. Bill Martin has long been recognized for his work in the fields of reading, listening, creative writing and elementary education. His latest productions are Bill Martin tapes, records and films, which help expand his basic premise that language is essentially oral and that the sound of sentences is more important than the sound of individual words within the sentences. He has served as a public school teacher as well as a college professor.

Dr. Nicholas J. Silveroli is director of reading education at Arizona State University in Tempe. He was prominent participant in the national "Right to Read" conference in Washington, D.C. in 1970. His professional experience has included serving as consultant to the United States Office of Education.

In addition to the general sessions Friday afternoon and night and Saturday morning, 14 interest group meetings are slated. Master teachers from the area schools and from Texas Tech will be speakers and leaders of these sessions. Topics range from "Four Ways to Touch a Tiger: Motivation for Creative Writing" to "Reading for the Gifted Child" to "Using Newspapers in Secondary Reading."

# Crosbyton Nudges Pirates 8-6

**By BILL AYRES**  
The Crosbyton Chiefs slipped by the Cooper Pirates, 8-6 to hand the Pirates their first homecoming defeat in more than four years. A two point conversion run by Ronald Wiley of Crosbyton proved to be just the lead the Chiefs needed Friday night.

The game was a defensive one right from the start of the opening period. Led by such players as Jimmy Parkhill of Crosbyton and Johnny Threet of Cooper, the defensive units held the rushing to less than 200 yards for either team. Cooper fumbled six times, with three of those recovered by Cooper players, and Crosbyton fumbled three times. Each team lost one interception, but neither team could capitalize on any of the turn-overs made by the

other team. The only scores of the game came in the second half. Crosbyton scored first in the third period with Cooper following in the fourth. Wiley of Crosbyton proved to be the outstanding player of the game. Wiley carried the ball 15 times and gained 109 yards, including the two-yard conversion run, and it was the rushing of Wiley that led to the first score. When the Pirates were forced to punt from their own 20, the punt went off the side of the kicker's foot to give Crosbyton the ball on the Cooper 30-yard line. After a successful drive, Crosbyton quarterback Marty Davis carried the ball from one yard out to score. The Pirates were not able to get things together until the middle of the final period, when after a 60-yard

drive David Bermea dove across to score. Pirate Quarterback Kelly Choban tried to tie the score with an end run that took him into the end zone. There was a flag on the play nullifying the two points. Choban tried again on the next snap, only to be caught behind the line by the Chiefs. Cooper had one other try at a score, late in the final quarter. The Pirates moved the ball to the Crosbyton 10, then Choban elected to carry the ball. Choban came around the right end and headed for the

end zone, but was hit hard at the one-yard line. He was hit so hard in fact, that the ball spurted out of his arms, right into the end zone and the arms of a very happy Chieftain. Neither team was able to start a drive from that point in the game. As the clock ran out, the Chiefs had the ball. This Friday night Cooper will play its opening district game against the Post Antelopes at Cooper. The game will be at 7:30, instead of 8, marking the start of district play. Last year,

Cooper downed the Antelopes 27-0. The Pirates are now 1-3 and will have to do better if they want to stay alive in this year's district race.

## natural energy HOME

### CLEAN ENERGY FOR TODAY AND TOMORROW

A Natural Energy Home uses natural gas for heating, cooling, water heating, cooking and clothes drying to save you money and help conserve our cleanest natural energy resource... natural gas. That's because electricity in West Texas is generated by burning natural gas, and in the process of generating and transmitting electricity to your home, 2/3 of the gas energy is lost. So, by using gas directly in the home for the jobs it can do, you're helping to conserve it and you're getting more energy for your money.

## Junior High Jottings

Mrs. Joyce Whitley's seventh grade language arts class got new vocabulary records for their record player in reading classes.

Mrs. Kay Englund's sixth grade home room language arts class elected Jeff Driver for citizen of the month. This class is having a spelling bee weekly.

The question of the week is "What was the most embarrassing point in your life?" Judy Tinker, "When I knocked a hole in Jana's door."

Julie Shackelford, "When I didn't know how to slow dance at the ROTC dance and my boy friend made me."

Jimmy Steffens, "When I didn't know what to say." Janee Jensen, "When I was cheerleader and at the first pep rally I almost fell." We wish Sherri Leake a speedy recovery from her appendicitis operation.

The eighth grade football team beat Abernathy 16-0. The first touchdown was made by Greg Jeffcoat. Extra point was made by Brad Eblen. The second touchdown was made by Danny Evans, who ran for 30 yards. The extra point was made by Tim Bourn. Lonnie Ardrey blocked a punt.

### LETTERS TO THE EDITOR

Dear Editor: I would appreciate your publishing the following open letter to fans and parents of Slaton High School athletes:

The primary purpose of the Slaton Tiger Booster Club is to boost and support the athletic activities of Slaton High School. In the past few years this goal has not been reached.

The football coaching staff has seven coaches and when there is a booster club meeting these coaches out number the Boosters. With such a small turnout, it is very hard to convince them that we are in support of their program.

If the parents of the boys participating would show up and show an interest in this program the job may be easier on the coaches because of the change in attitude of the players.

Think about it, Parent! Fan! Citizen! Are you proud of your son or daughter and the athletics they are involved in? If so, let them know it. Let the coaches know it. Let the community know it. Attend the next Tiger Booster Club meeting Tuesday 7:30 p.m. at the Chamber of Commerce Meeting Room.

## Wrecks Are Investigated

Three automobile accidents were investigated by Slaton Police during the last week, and one wreck with injuries was worked by the Department of Public Safety on U. S. 84.

In that accident, Mr. and Mrs. William Alling of Farmers Branch were taken to Methodist Hospital early Saturday with injuries of unknown extent. She was released later, and her husband was to undergo surgery Wednesday. No other information was available.

On Sunday, a 1965 car driven by Phillip Carey Brasfield, 815 E. Lubbock, went out of control and struck a yield sign near the overpass on U. S. 84 at FM

41. Two passengers, David Gatzki, 18, and Troy Melugin, 20, reportedly were thrown from the car and suffered injuries. They were taken to Methodist Hospital, where Gatzki was treated and released. Melugin remained in the hospital Wednesday.

Last Friday a 1968 car driven by Shirley Crawford, 1170 S. 7th, went out of control and ran off the road as she was traveling south on U. S. 84.

A 1969 pickup driven by Willie Roy Meyer, 245 W. Panhandle, and a 1966 auto driven by Willie Albert Becker, collided in the 400-block of 9th St. Saturday. Also Saturday, Eldon Allison told officers that a

# It's your choice.

To make an intelligent decision-to make a free independent choice-you've got to have the facts...all the facts. That's where newspapers come in. Our job is to supply you with complete information on everything important happening in our community, our state, our world-even in outer space. The responsibility of newspapers is to present you with all the news, good and bad. News that isn't slanted one way or another by personal opinion. Unbiased, objective information you need to make a decision with. And that's exactly what you get on our news pages-facts without distortion.

Of course, you may want to know how others think and feel about a particular situation before making a choice. That's when our editorial pages go to work. Other people's personal opinions. Sometimes even your own, should you desire to express yourself by writing to your newspaper.

And our editorials are clearly labeled as such-not as unbiased news facts.

Newspapers are loaded with information on almost every subject in the world. We can help you decide which dress to wear, what suit to buy, what stocks are good, what book to read, what movie to see, should we send men to Mars and who has the best ball team. We never tell you what to choose-merely provide you with information-facts and editorial opinions separately. Whatever you choose to do or think is up to you.

But that's not all newspapers do for you. Newspapers render a valuable public service by providing you with advertisements appealing to you as a consumer. Ads tell you where the sales are, what quality is and where to get the most value for your money. Naturally, advertisers aren't unbiased-they all want your business and all claim to be the "best". But by comparing competitor's ads-by shopping intelligently and selectively through the newspaper, you are provided with all the facts you need on which to base your choice.

Newspapers are your foundation for free choice.

**NEWS BRIEFS**  
The Iced Chrome, a musical group, played for the high school in an assembly Oct. 3. Jeff Matsler, a junior, is a member of the group.

Archie Clanton was selected by the Roosevelt FTA as September's Teacher of the Month.

Roosevelt's first high school rodeo will be held Oct. 6-7. Two performances are set for Saturday at 1:30 and 8 p.m. and the Sunday show is at 1:30.

Mr. and Mrs. W. D. Killian Jr. spent several days fishing at Amistead Lake and Spence Lake.

Mrs. Jerry Stancek of Corpus Christi visited recently with her parents, Mr. and Mrs. W. H. Walter.

Varsity parents will be entertained at the Oct. 12 Roosevelt Homecoming at 2 p.m. in the clubhouse. A pep rally is scheduled for 3:15 p.m. at the gym.

Registration for the ex's will be conducted at the football field entrance at 6:30 p.m. The football game with Littlefield will begin at 7:30 p.m.

Nominees for the coming home queen include Norma Crosslin Deauchamp (1943);

Doris Wallace Turner (1953); Merle Crumley Sides (1963); and Janie Thomas Hodges (1968).

Coffee will be served and door prizes will be given at the 10 p.m. reception.

**Slaton Savings, Loan Branch To Open In Post Oct. 10**

Slaton Savings and Loan Association, 14 years in Slaton, announces the opening of a new branch in Post, Wednesday, Oct. 10, at 106 North Broadway, Post.

According to Chairman of the Board Ed Miller, all accounts opened through Oct. 25 in either Post or Slaton will earn interest from the first of the month, to celebrate the opening of the new branch.

Slaton Savings and Loan Association serves depositors in Tahoka, Ralls, Crosbyton, Levelland, Lubbock, Jayton, Brownfield, Ropesville, Meadow and other communities on the

plates are preferred, but not required. Name of the entry, and the name of the pie must be taped or marked on the bottom of the pie tin.

The entry fees will be divided and given as two first place cash prizes. Second and third places will be designated by ribbon.

An entry blank is published in this week's edition of The Slatonite, and will other blanks will be available at The Slatonite, KCAS, and the Chamber of Commerce office.

The entries must be home-made pies, and no age limit is set for the cook. Decisions of the judges will be final.

**South Plains.**

For the convenience of these depositors and others who wish to open new accounts, the firm now has two facilities to serve them, Miller explained.

Manager of the new Post branch will be Mrs. Victor Hudman, the former Iva Hogue, who has been employed by the firm since 1959, and is currently Assistant Secretary of the Association.

The public is invited to visit the new branch of Slaton Savings and Loan Association in Post, Miller said. Refreshments will be served on opening day and the celebration will continue through the month.

**EX-RANCH OFFICE TO BE DEDICATED**

The Matador Office Building, which once was the business office for a ranch grazing its cattle over more than one-and-a-half million acres, will be dedicated at the Ranch Headquarters outdoor exhibit of The Museum of Texas Tech University in Lubbock Saturday during the annual meeting of the Ranch Headquarters Association.

Two men who had business and personal associations with the famous Matador will participate in the dedication. Chas. A. Guy, former editor of the "Lubbock

Avananche-Journal," will introduce Douglas Meador, editor of the "Matador Tribune," who will make dedicatory remarks.

The Matador began with foreign capital, and the original holdings have shifted owners, but the Matador Cattle Co. of 1973 operates ranches in six states, still making cattle history in the United States. It is this company which gave the Matador Office to the Ranch Headquarters to add to other buildings on the site, each authentically depicting some phase of ranching history.

The office, a small and sparsely furnished two-room frame house, will stand restored at the Ranch Headquarters to tell the success story of a venture in ranching which began in 1879, during the free range era when H. H. Campbell and four others established the original Matador Cattle Co.

The office building to be dedicated joins 12 other structures at the site, plus two windmills, in a projected total of 22 buildings interpreting the history of the ranching industry in the

American West.

A weekly public service feature from the Texas State Department of Health

# Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

These disease epidemics don't happen too often, but when they do, the millions of people who are affected weekly by them, but when they occur it can be a disaster for the establishment.

The Texas State Department of Health and local health units, through inspection of food establishments and training of employees in proper food handling techniques, has a big interest in the restaurant industry.

Two years ago the teaching of food hygiene by the Health Department's Public Health Education Division took a new approach. In the past, instruction throughout the state had been given directly to food handlers,

and restaurant owners by a specialist from the Austin office.

Now, courses in "Teaching Food Hygiene" are given for health department sanitarians, food and drug representatives, and others to equip them to teach food handling courses at the local level. When a local inspector observes improper food handling, he can schedule his own clinic for personnel in one restaurant or a group of restaurants. The local inspector can count on the support of some \$15,000 worth of training films on various phases of food hygiene available from the Health Department's Film Library. In addition, there is a comprehensive teaching outline and a wide selection of printed materials.

Food handlers in all parts of Texas may receive the training which will better equip them to serve the eating-out public with correct food handling techniques.

As a case in point, the Food and Drug Division of the Health Department's Region 10 has initiated a food sanitation program designed to better prepare local health departments to conduct their own programs.

It focuses on the nature and causes of food-borne diseases and the proper sanitation methods needed to combat those diseases.

The program, aimed at both local health department officials and restaurant personnel, is based on a three-phase plan.

First, in areas already

**ROTC SCHOLARSHIP WINNER** — Air Force ROTC cadet Richard L. Jones of Slaton, right, is shown being awarded a two-year scholarship by Col. Mack E. Baker, professor of Aerospace studies at Texas Tech University. The scholarship will pay Jones \$100 per month plus tuition, fees and books. He is majoring in mathematics. Jones is the son of Mr. and Mrs. R. C. Hall Jr. of Rt. 1.

served by local health departments, sanitation programs are being upgraded by surveys of existing inspection practices. Educational facilities and information in local health departments are being supplemented, and instructor courses in food hygiene are being presented.

Phase 2 focuses on areas not served by local health departments. Included in this effort are the education of owners and managers in the needs for periodic inspections and training of personnel.

Phase 3 is aimed at school cafeterias. Inspection of rural school cafeterias, particularly in areas that don't have an inspection program, is planned. And, the food handlers school has been

made available on request.

In the Rio Grande Valley served by Region 10, the "grassroots" approach is being taken. Instruction is being taken directly to restaurant personnel to give them pointers in proper sanitation techniques and personal hygiene.

To reach as many people as possible, training is directed first to local health officials and sanitarians so they in turn can teach others whom the regional staff cannot reach. Then, when the local sanitarian inspects a restaurant and spots a violation, he can then instruct the restaurant personnel as to the proper sanitation methods they should use.

Aside from general clean-

liness, and protection of foodstuffs from insects, vermin and dust, food handlers are constantly being reminded to watch the temperatures of food. Hot foods should always be kept above 140 degrees, and cold foods must be kept at 45 degrees and below. Heating or chilling of food must be done rapidly.

Object of this intensive effort in food handling is to protect you, the restaurant-goer, from any food-borne disease.

Recently, in an adjoining state food poisoning occurred in three separate functions: a company picnic, a wedding reception and a service club banquet. Source of the illness was traced to one catering firm. Investigation

### Annual Festival Is Announced

The South Plains Music Festival, which will include country, western and gospel singing and an old settlers reunion, will be conducted Saturday at the Community Building in Denver City.

Slatonites have been invited to enter the fiddlers and the queens contests. Interested persons may telephone Mrs. Lou Tubbs, 828-6813, after 6 p.m.

Over \$300 will be given as cash prizes at the event, which is being sponsored by the South Plains Gospel

Music Association. The all-day event will begin with a parade downtown in Denver City at 9 a.m.

Country and western music will be played at 10 a.m. and 1 p.m. with the Army band also playing at the 1 p.m. program. The fiddlers contest will be conducted at 3 p.m. and the gospel singing will begin at 6 p.m.

A queen will be crowned at 8 p.m. and a drawing will be conducted for a television set.

For best results when barbecuing, use only tender meat. Neither the outdoor air nor barbecue sauce will "camouflage" tough meat says Karen Kreipke, foods and nutrition specialist, Texas Agriculture Extension Service.

#### AG WORKERS TO MEET

"The Plains—Its People and Agriculture" will be the theme of the 47th annual conference of the Professional Agricultural Workers of Texas Oct. 12-13 at the KoKo Inn in Lubbock. The conference will be highlighted by tours of area industries and discussions of agriculture in the Texas Plains.

showed that proper hand washing, plus proper temperatures in food storage, could have prevented the food-borne disease outbreaks.

**\$10** 1st PRIZE

**\$5** 2nd PRIZE

**\$2** 3rd PRIZE

**\$25** JACKPOT PERFECT ENTRY

### RULES OF THE GAME:

- Teams playing in this week's contest games are listed in the ads and are numbered 1 through 56. Use the entry form at the bottom of the page and circle the numbers of the teams you think will win. To pick a tie, circle both numbers of the teams playing.
- Be sure to guess total score on the "tie breaker" game. In case of ties, the entrant nearer to that total score will be the winner. If tie also occurs on total score, prize money will be split between place winners. This also applies to "jackpot" winner.
- Have your entry blank signed or stamped by a participating merchant, and get it to The Slatonite office by 5 p.m. Friday before the games are played. Only one entry per person; all persons 12 years old or older eligible except Slatonite employees and their families. Each entrant eligible for one prize, and prize money must be picked up at the Slatonite office by 5 p.m. on Monday after the winners are announced Thursday.
