## League Results

When baseball action ended last week, a look at the standings revealed two teams tied for first place in the major league division.

The VFW and Teague Drug both posted 3-1 records through May 17. Trailing by only one game were the Trainmen with a 2-2 record. The early season cellar dwellers turned out to be Lions Club and Hackberry Co-Op with identical 1-3 records, but with most of the summer ahead, the league standings are far from permanent.

A breakdown of the teams showed that John Mosser is leading the VFW team with a batting average of .583. He had also posted eight runs batted in (RBI). Other top hitters for the VFW were Joe Mercer with .500 and seven RBI; Able Pina with 400 and two RBI; Kevin Daniels with .375 and three RBI; and Danny Ardrey with .222 and two RBI.

Ardrey had been on the mound for the VFW, winning two games and giving up only six hits. Showing outstanding ability on the field was Michael Voigt, a 10-year-old on the VFW team.

Leading both the Teague Drug team and the division in batting averages was Robert Gordon. Gordon had a .625 batting average and three RBI. Following him were Jeff Busby with .428 and four; Ronald Nedd with .400 and five; Michael Whaley with .375 and one; and Jeff McClanahan with .307 and five.

Mike Gordon has been instrumental to Teague Drug's league-leading play. He had won two games and lost none. He had given up only 16 hits.

Both Brent Aycock and Mark Heinrich turned in good performances in the infield.

For the Trainmen, Eddie Spears and Leonard Trevino were tied with .500 batting averages. Spears had five RBI and Trevino had none. Other team leaders were Robert Hirscheta, .444 and two; James Means, .333 and none; and Dennis Randal, .300 and five.

Alternating between second base and behind the plate, Troy Moses turned in a good performance. Sharing pitching duties, Randal and Robert Sport kept the opposing team's hits to a

minimum.

Lions Club had three players with .600 or better batting averages. Steven Burdick led the team with .625, followed by Craig Maberry with .600 and Kenneth Mask with .600. Greg Johnson posted a .500 and Glenn Culver finished the week with .400.

Hackberry Co-Op's leading batter was Darryl Heinrich with a .500 average. Sammy Morrison posted a .363, Steve Evans had .222, Kyle Williams had .142 and so did teammate Tom Burrow.

The early season play has been spirited so far, and five home runs have been hit out of the park. Craig Mayberry hit two winning balls, and Ronald Nedd, Joe Mercer and Dennis Randal each hit one home run out of the park.

**Nancy Kulp (Miss Hathaway) Delighting Hayloft Patrons**

Nancy Kulp, whom area television audiences remember best as the dry-humored Miss Jane Hathaway -- Mr. Drysdale's secretary -- of "The Beverly Hillbillies", is starring in the current Hayloft Dinner Theater's production of "Boeing-Boeing". The show -- all about a swinging bachelor and three international girlfriends -- features Miss Kulp as the hilariously enterprising housekeeper, Bertha.

Nancy Kulp's career actually began in 1949 at WTVJ, Miami, where she served as publicity director and continuity director. She went to California in 1951, and in ensuing years, established herself as one of the movies' and television's most accomplished comedienne.

She has appeared in more than 600 television shows, beginning with Lux Video Theatre, Playhouse 90, Matinee Theatre, . . . to Bob Cummings Show, Lucy, Danny Thomas, Eve Arden, Frank Sinatra -- and, the list could go on endlessly.

Her triumph, of course, was the role of Jane Hathaway on "The Beverly Hillbillies". It won her an Emmy nomination in 1967.

Her most recent television role was that of Gruber on the Brian Keith Show, filmed on Oahu, Hawaii.

Her movie career has been just as extensive. She was "discovered" by George Cukor and featured first in "The Model and the Marriage Broker", with Jeanne Crain, Thelma Ritter, Scott Brady and Zero Mostel.

She has appeared in five Academy Award features:

Alan Lewis has been golf pro at the Utopian Country Club since graduation, although he learned only last

established career as publishers of the ever popular magazine "Ebony Topi". Willie Roy Meyer acts as the photographer for the magazine. He really enjoys the days when he does the

company to declare bankruptcy. Ray Lynn Basinger has been threatened to be thrown out of Utopia because of constant fighting over girls at certain clubs.

He has purchased all of the eye bandages at all the Utopian drugstores.

Bobby Breedlove's dream of replacing Coach Kerr and his board may be forthcoming as soon as he accomplishes his feat as window-wiper of Yopi-Topi Car Wash. He has been trying to achieve this feat since 1974. All this time his much "undeserved" "callouses" have been softening.

Kathie Price is founder and editor of the Utopianite. Alice Hernandez and Mary Botello collected their journalism stories and compiled them for a series of weekly articles called "Remember When". Cheryl Emeret, photographer for the paper, gets very excited when Katie tells her she can take the camera out for an hour. Kathy Milliken has been publishing her own gossip column, "Dear Gabby."

The new police station has just been finished, complete with a flashing neon sign that reads "Pig Pen." The chief of Pigs is Andy Holt. Kevin Alexander is often seen in his green car with red flashing lights and his siren that goes "sooey-sooey"! Randall Richardson got thrown in for racing his car.

Raymond Gonzales, now "Father Killer" is the chaplain of Babbit Monastery and makes weekly visits to

the prisoners.

Albert Alfaro owns and operates The Coconut Palace with Barry Wicker as head cook. He specializes in TV dinners. The two topless cocktail waitresses are "Bubbles" Culver and "Bunny" Fondy. But people are sure "relieved" when they find out that the only thing topless is their heads, since they have no hair. The star performers are Cindy Walker and Willie Thomas under the names of Spooky and Hair. Cindy looks dazzling as she walks out on the stage with her long, flowing, blonde hair trailing behind. Willie has bought a fake mustache and composed their latest hit, "When I Break Thru This Wall, We're Gonna Have A Ball," a sequel to "Living In a House Divided."

We regret to say that Paul Westbrook has passed away. You can visit his grave where his tombstone reads "Here 'Lies' Paul Westbrook — as usual." While at the cemetery you can also visit Benny Lopez, John Chapa, Ray Pequeno, and Berto Villareal who all perished in the Third Spanish-American War.

The Utopia Rest Home, "Leisure Lodge" is located in one of the center islands with a beautiful garden surrounding the grounds. Stan Meador and Bobby King are head gardeners

and are very proud of their poppies and flower tops. Wayne Patterson is the orderly at the home and has a hard time keeping Angela Kitten and Keri Kern from having wheelchair races down the hall. C. V. Siler is kept busy cleaning bed pans, especially with Bonnie Dixon and Sheree Perdue around.

Mike Martinez, Nicki Trevino and Yolanda Zapata have gone across the border, into Mexico, where they have established a lingerie factory, called the Tijuana Bras.

Dennis Gary operates the Slaton Tonsorial Tabernacle where a lot of hairy incidents have been reported. The features are a gospel barbershop quartet including Robin Sammons, Beverly Gossett, Danny McAnear and Dennis, himself singing while Elaine Boyle plays the piano. Each one of the group is featured in a special number. Robin's is "I Can't Get Away From the Barbershop, Baby", and Beverly's is "Gossett on a Tack". Danny sings "Send Me to the Moon and I'll Be McAfara." Elaine's piano specialty is "The Notes Are Fuzzy 'Cause There's Hair All Over the Keys!"

A sad thing happened regarding Drum Major Kay Stephens and a former high school band director in Slaton. They ran away to

the Bahamas. Nobody knows much about it, but a poem hanging in the band hall goes like this:

Our darling and leader  
Have run away:  
We don't miss Bill, but  
We sure miss Kay!

Kenneth Walker was adopted by Kay & Bill and is very happy hanging around in trees with monkeys.

Jimmy Tipton and Mary Brosch, alias Tarzan and Jane, are very happy swinging from tree to tree and once in a while we can spot Cynthia Scott, who changed her name to Cheetah, scampering around behind them.

J. Ray Basinger, owner of the Basinger Pygmy Ranch, is seen each morning rounding up his pygmies.

Dwayne Mosser, Kayla Curry, and Kayleen Carnes have been arrested for owning and operating a still. They blew up the Utopian circuits as they were trying to find a way to electronically produce white lightning.

Aggie Greg Sokora returned to the island after 15 years of diligent study. He is spending a lot of time recuperating from pneumonia after digging a grave for his close Aggie buddy who was buried at sea.

After a long hard day at the office the businessmen of the island enjoy stopping off at Joe's Bar & Grill. The (See PROPHECY, Page 2)

General Debra Dobbins, recently retired as Army Chiefess of Staff, is spending much of her retirement as guest speaker at the Utopian School for the Deaf. However, Craig Mann and Sheila Nipp are still in full swing as privates.

Dianne Hammons and Emberly Woodfork have an

Pam, Patty and Ann were head bookkeepers for the "Three Big Pigs" and have been exiled from Utopia because they could not keep a balanced set of books. They smoked up all profit of the company and caused the

customers frequently discuss their problems with Alspaugh and Doris. She is the barmaid and can be heard saying "Coffee, tea, or me" as the customers come in (but only when Joe is busy talking to Johnny Leake). Johnny is a regular customer of Joe's and — bless his poor soul — is always drowning his sorrows in his whisky. His only true love, Brenda Luman, deserted him for her idol, Craig Mann (he owns the wrecking service, too). Joe keeps referring him to "Dear Gabby" but Johnny doesn't realize that "Dear Gabby" is a column. He thinks it is a rest home.

Jerry Montgomery is the tennis coach at the fabulous Utopian Country Club. He heads the list of swingers, along with Thomas Heinrich, who is an avid golfer at the club. He spends much of his time aiming at Teresa Gentry, who is the No. 8 flag at the golf course. Eugene Arguello is the head man at the pro shop and Thomas Dabila runs the concession stand. Phil Whaley is the Jack Leaine of the club. He runs the Health Spa and heads the weight-lifting department.

Bonnie Dixon teaches twirling to the twirlers of the island, Susannah Hernandez and Irene Hinojosa. She seems to be making quite a bit of money off of it.

Teresa Esquivel is a psychiatrist and her most important patient is the rich Judy Piwonka who keeps insisting she sees green monsters that are the spitting image of Coach Kerr, rising out of the ocean calling P I W O N K A. Virginia Morgan is Teresa's secretary and can't believe some of the people that

come in. Ben Cardenas is confessing every day to Father Killer instead of once a week.

Even though Linda Cavett couldn't bring her husband she decided to join the Catholic Monastery. Cecilia Diaz is Mother of the Monastery which Linda has entered. David Perez has come to Utopia to follow his father's footsteps as janitor of the Monastery.

The Bad Apples of the Utopian Island were: Ruby Cottle, alias Bonnie Parker, and Paul Haug, alias Clyde, and their accomplice Ramon Torres. They robbed the Utopian State Bank and got away with a sum of 40,000 coconuts. The bank president, David Rodriguez, reported the incident to the Pig Pen, but they haven't located the criminals yet. Irma Quirino and Sylvia Todd were taken as hostages. Lupe Ruiz is supposedly the bank's main guard but never does his job because somebody is always walking around distracting him. We think Mary Lou Ybarra is occupying her time by streaking in front of the bank at night.

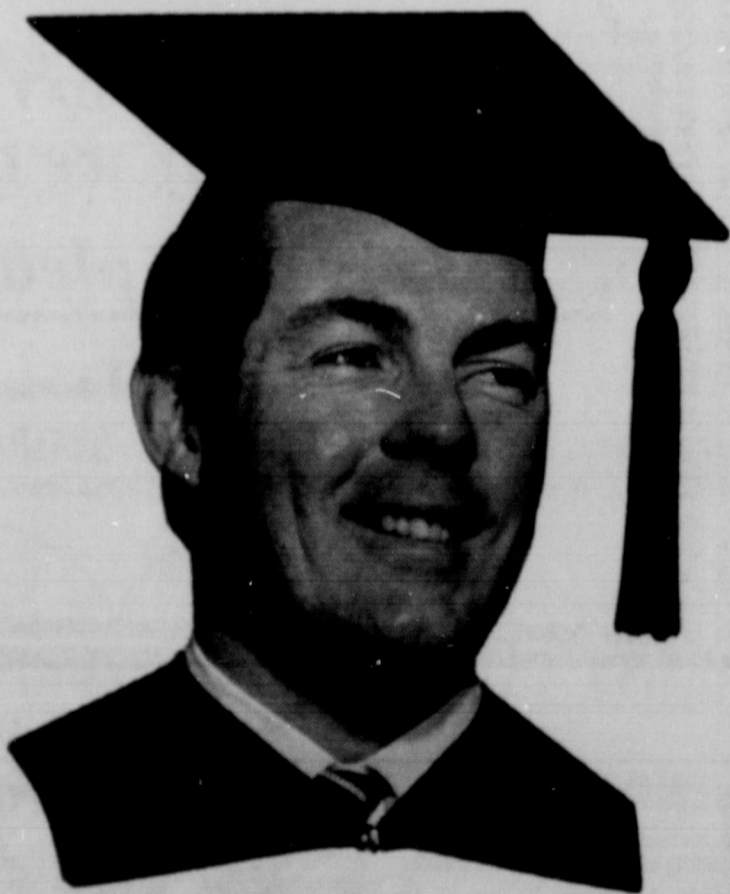

The tragic ending of this "perfect" society was considered to be "perfectly done" by the citizens of the neighboring counties. Fate has its way in the end, as an enormous volcano erupted one hot, sultry night and the island sank forever to its resting place in the sea. The survivors are unknown as of yet. It is believed, however, that a green monster called Coach Kerr may have had a claw in this "perfect crime".

**JOHN CHAPA**

This is station J.O.U.R.-N.A.L.I.S.M. with reporter SNOOP reporting to you from one of the high schools in Slaton. For today's news item, we are interviewing one of the graduating seniors of the class of '74. Excuse me sir, I understand you're a senior.

"Right on! Right on!" "And what is your name?"

"The Chandy Man" (alias John Chapa).

"I understand you were born on Feb. 25, 1956; what did you first say to your parents, Mr. and Mrs. Sabino Chapa, Sr., when you first saw them?"

"I'll sock it to you Daddy!"

"Of course! Tell us, Mr. Chapa, how would you describe yourself?"

"I am the Magnificent!" "Yes, besides that, how could anybody recognize you in the halls?"

"I'm 5'7" tall and weigh 130 lbs. I have brown eyes and brown hair. I also wear some wire frame glasses."

"Oh, I see. A lot of our readers are probably wondering how it feels to know that after all these years, you finally made it?"

"Well, you wake up in the morning, your hands are shaking and your nerves are all uptight!"

"You mentioned that your plans for the future are to work and further your education, perhaps by attending a college of your choice. Why is this so important to you?"

"Gotta find a woman! Gotta find a woman!"

"Well, we hope you do. This being your last year in high school, you advised the freshmen to take all the required subjects their first 3 years and take it easy their senior year. Why do you advise them as such?"

"Because my senior year was the best thing that ever happened to me!"

"I can understand why you feel this way. Now, tell us, what is your pet peeve?"

"People who are liars! Liars!"

"Why is this?"

"Because they smile in your face all the time they want to take your place, the back stabbers!"

"Everyone has had an embarrassing moment sometime during his high school years; could you tell us your most embarrassing moment?"

"I only managed to achieve the National Honor Society my senior year, I know it's not my fault! I did my best."

"You mentioned that your hobbies are riding around in a car, listening to the radio and going to a good movie. I'm sure all this is fun, but it can't be much fun doing these things by yourself. Who is your companion with whom you like sharing your hobbies?"

"Me and Julio down by the schoolyard."

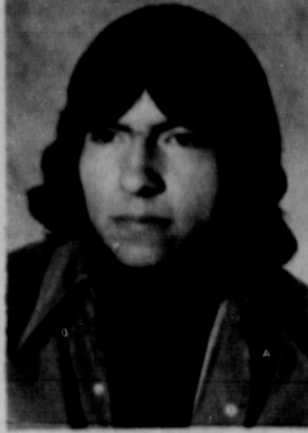

"I'm sorry, Mr. Chapa. We do seem to be running out of time, but before we leave, could you tell us what your favorites are?"

"My favorite food is pizza; car, Rally Nova or an Appolo; colors, orange and blue; group, Three Dog Night; teacher, Doc Mize; class, DE; singer, Neil Diamond; and my favorite song is, "Everything I own."

"What's that Mr. Chapa? You have to leave us now. But why so soon?"

"Cause I'm a man on the run."

"Well, there he goes ladies and gentlemen, John Chapa, one of the seniors at SHS. This is reporter Snoop saying good-bye and thank-you fellow students, thank-you America for listening to us. We now return you to your local station."

**RAYMOND GONZALES**

"Killer!" No, he is not a professional killer or anything like that, although he may look like one! Raymond Gonzales, commonly known as "Killer" at SHS, is the son of D. C. and Mary Gonzales. Raymond was born on December 26, 1954. He can easily be recognized by his height and dark complexion. If that isn't enough to point him out, maybe the fact that he wears some wire frame glasses helps. Raymond stands 6'1" tall and weighs 191 lbs.

Raymond's hobbies are watching TV, playing Grand

music, and reading sports magazines. His achievements during high school are: football, four years; ROTC, four years; and Spanish Club, one day. As for the future, Raymond plans to go to a seminary to be a priest. Thinking back to his most embarrassing moment, he finally replied, "It was when Mrs. Benson gave me some licks." Raymond, being the kind hearted person that he is, is really concerned with the freshmen and his advice to them is "Stay cool and pass everything." When asked what his pet peeve was, he immediately replied, "It is people who try to put other people down." When he has spare time, he likes to spend it listening to Grand Funk. # Class Prophecy

driving down the wrong side of the road with the door hanging open, why of course it's Denise Bednarz. Denise has received the honor of having the record she broke, put into Genesis Book of World Records. The record she broke was being the youngest driver to have 25 wrecks, some minor and some major, in less than a

month. As we continue to gaze we see she has now added one more to her record so it's 26 instead of 25.

Now the crystal ball is getting cloudy, who else but Helen Cedillo would be trying to appear. We see Helen in a brown limousine sitting next to her husband, Bart! They along with their 10 kids are on their way to Helen's school where she teaches Helen's Speed Talking Course.

Who should appear now but Marilyn Christopher. Marilyn is still on her drastic search for her long-lost love, Brad. Maybe she

should try the Zoom Toilet Tissue Company, but she shouldn't get far because a certain guy from New Home is coming after her. Pronto like!

Now a nose is filling our crystal ball. Surely this must be Chris Coleman. Chris has just moved into his new home which is furnished with wall to wall mirrors. He furnished it this way so that every time he turns around he can see his favorite person — himself!

Now we see a headline that reads, "Crowson Makes Decision." Can you believe Brenda Crowson finally decided she would marry Terry. Wonders never cease.

In the crystal ball now appears a wild bronc, but

where is the rider? Ronny Follis Mahan, the rider, is sitting on the ground. He fell off after the first jump out of the shoot, Ronny Mahan now holds the record for the shortest ride ever made.

Now we see Connie (Gopher) Gickhorn. Connie still continues to make every Texas Tech Rodeo dance even though she doesn't remember all that goes on. Could there be a reason for this? Also Connie continues to whoop up on guys by the name of Barry Joplin.

Curtis Gickhorn's bright face now covers the crystal ball. Curtis has now opened his own club called, "Bigger N Curties."

Now we hear a "hi" and we know that Beverly Hobbs is about to appear. Beverly is now married to Jon and they are the proud parents of 10 little Peeples.

Now Vicki Kahlich is coming into view with her own bubblegum factory, smacking at the machinery. She's been having trouble keeping steady employees because of her smacking.

Phillip Kitten is still trying to get his pilot's

license. After 14 unsuccessful tries, you'd think he'd give up.

We now see Terry Mears. Terry is still waiting for her lover, Mark, to make his first million so he can buy her an engagement ring. She's even offered to buy it herself, but he refuses to let her.

Warren Moerbe now appears in the crystal ball. Warren now owns his very own science laboratory and every morning he leaves, we can hear his mother call out, "Be home early for supper!"

Now we see Connie Moore, Connie is now band director at L.C.C. Right now she is planning for the L.C.C. Band Festival Saturday.

Now Lou Lyn Moore is employed at Spencer Athletics as a bookkeeper.

Mary Munoz is trying to appear in the crystal ball, but her height makes it difficult. She is now the owner of "Mary's Elevator Shoe Factory!"

Guadalupe Ortega focuses in the crystal ball now. Lupe is skipping her college classes and taking off in her

Camero headed for Minnesota to see Harry Mendez!

Now Rosario Ortiz's tired face appears. Rose is the overworked mother of 15 little bambinos. When asked how she got so many she replied, "Do you reckon it's the giggling?" We also knew David to be the one to not know much about multiplication.

Now who should appear but David Savell. David is now married and trying to farm. When we asked why he was raising cabbages, David said, "I want a family and I've always been told babies come from cabbage patches!"

Barbara Talkmitt now appears in the crystal ball. Barbara has now become a famed astrologer. When asked what she attributes to her decision of becoming an astrologer, she replies, "In my teenage years I got a lot of practice viewing those stars while on the parking lot!"

Now we see Connie Talkmitt focusing, Connie is now married to Doug and they have 8 kids. Her time is kept busy teaching her kids coordination. She also is the

proud owner of 14 nanny goats which she insists on letting run loose like dogs.

Sherry White is beginning to come into view. Sherry is still trying to talk Stanley into buying the other half of their camper. She says there isn't enough room for both of them and their 10 kids.

Clyde Wilke begins to take form. Clyde has just become the new Olympic tomato throwing champion. He's just finished writing a book entitled "Wilke's Guide to Immaturity".

Now Dina Wilke can be seen waiting at Piggly Wiggly's for Danny to get off work. They plan to marry sometime, probably some day during Danny's lunch break.

Last and least Don Wunsche appears. There's not much to report about Don for her has left home again. Probably headed once again for Ruidoso. (Wonder what he's doing there?) Anyway he was last seen toting a pair of boots and his FFA Outstanding Farmer Award down Texas Avenue in Lubbock mumbling "Shucky Dern!"

## I REMEMBER THE GOOD OLD DAYS

From Alfarretta Courtright, Alvin, Texas: I remember how Mama made onion syrup. She put six large Bermuda onions (sliced very thin) into a big blue crock. She heated a cup of sugar in half a cup of water until it boiled. This was poured over the onions. Over this she put a ironstone plate and weighted it with a clean flat iron (the cast iron kind with the built in handle). When the syrup was pressed out she fed it to everyone who would take it whether they had a cough or not. I know now that this onion syrup did not help to ward off coughs or colds, but I know that it was chockful of vitamins.

Then there was the onion poultice Mama made by heating the sliced onions and pouring them into a salt sack (remember the cloth ones?), and pinning the whole mess warm into a vest on the chest. I do not know how much it helped, but I am here to remember.

**NON-SMOKERS MAY QUALIFY FOR AUTO INSURANCE DIVIDEND**  
Are non-smokers better drivers than smokers? At least one company thinks so and is offering non-smoking drivers over age 21 a special Non-Smoker policy, according to Jack Clark, agent for Texas Farmers Insurance Co. of Farmers Insurance Group.  
This revolutionary insurance concept was developed following a study by the Research Department of the company which showed that non-smokers have significantly lower accident frequency than smokers.  
The Non-Smoker policy is written on a six-month rather than annual basis. The company is paying a 21% dividend twice yearly on currently expiring policies. The policy includes Bodily Injury, Property Damage, Medicals, Personal Injury Protection, Collision, Comprehensive and Uninsured Motorist coverages.  
Farmers Insurance Group also was one of the pioneers in offering lower life insurance rates to non-smokers.

**Ham Is A Favorite**

One reason ham is a favorite of the economy minded woman is because it goes a long, long way. After making its first grand table appearance, its budget-stretching leftovers mean more meals that otherwise would have to come from a new meat purchase. Next time you have ham leftover from dinner, couple it in a casserole with lima beans and cream-style corn and crown with corn muffin batter before baking. This southern-style one-dish meal rates high in appeal.

**Successful Bacon**

The secret to successful bacon cookery is low heat. Place the meat in a cold skillet and separate the slices as they begin to cook so that each slice is flat in the pan. Continue cooking over low heat, turning the slices often, until they are browned evenly on both sides. Remove the slices to drain on absorbent paper.

# STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams  
TEXAS PRESS ASSOCIATION

**AUSTIN, Tex.** — Pressure on Gov. Dolph Briscoe to call a special legislative session increased with an appeal by inflation-hit state employees for a \$62 million a year emergency pay raise.

Forty-five thousand state employees signed a petition addressed to Briscoe requesting a special session on these pay matters.

A 10.2 per cent (three step) increase for classified and hourly workers immediately.

An additional 6.8 per cent (two step) boost for 1974-75 benefiting all employees.

An increase in the per diem travel allowance from \$18 to \$25 a day.

An increase in the mileage rate paid for use of personal cars on state business from 12 cents to 20 cents a mile.

Texas Public Employees Association represents more than 70,000 state employees.

TPEA President Walter H. Looney said the raises are needed to help keep up with the inflation spiral and catch up with last year's zooming living cost.

If inflation continues at present rate until September, said Looney, soaring prices will have nullified 98 per cent of the wage raises given state classified employees in the last seven years.

Governor Briscoe said he is "concerned" about the employees' problem and will consider it "along with the other

priority matters in state government."

The Governor is weighing demands for a special session to provide \$200 million in emergency school finance aid to help hold down local property tax increases.

**COURTS SPEAK** — The Texas Court of Criminal Appeals held both criminal and civil penalties can be exacted for water pollution.

A divided State Supreme Court concluded an Abilene fireman, who was fired for declining to take a lie detector test concerning a stolen truck, must be reinstated.

A new trial was ordered by the Court of Criminal Appeals for a 23-year-old man sentenced to 101 years imprisonment for stabbing a drinking companion to death near Brownwood in 1970.

**MANUFACTURING FIRMS WIN** — Five manufacturing firms won the annual governor's Industrial Expansion Awards for 1973.

Winners were Hi Pro Feeds Inc. of Friona, Datapoint Corporation of San Antonio, Superior Continental Corporation of Brownwood, Owens-Corning Fiberglass Corporation of Waxahachie and the Beaumont Shipyards of Bethlehem Steel Corporation.

Local Chambers of Commerce nominated the winners. Selections were made by the Texas Industrial Commission

for civic and economic contributions to communities.

**COTTON DEADLINES SET** — Agriculture Commissioner John C. White ordered cotton farmers from the Winter Garden area to the coast to complete planting by midnight May 10.

The area is ahead of last year's planting schedule, and some of the counties have reached 99 per cent completion, according to the Texas Crop and Livestock Reporting Service.

White said cotton planting statewide is 16 per cent complete, compared with nine per cent this time last year.

Estimated total acreage for Texas is 5,933,000 acres, up 10 per cent from 1973. Planting deadlines are fixed as part of the Texas Pink Bollworm Act control program.

White said probability of bollworm infestations is greater this year due to delay in cotton stalk destruction and a mild winter.

**FEDERALS HELP** — A \$195,000 federal Economic Development Administration grant has been awarded to Laredo and Mineral Wells for industrial site development to offset shutdown of U.S. military installations.

Of the total, \$89,000 will go to Laredo to help offset loss of jobs through closing of Laredo Air Force Base. The funds will be concentrated on development of industrial sites and transportation and to improve tourism.

Another \$90,000 EDA money to ease closure of Fort Wolters at Mineral Wells will be used to conduct a water development study and develop industrial sites in Mineral Wells and Weatherford.

Word of the allocation of the grant came from Al Rodriguez, head of the Technical Assistance Center for the Texas Industrial Commission.

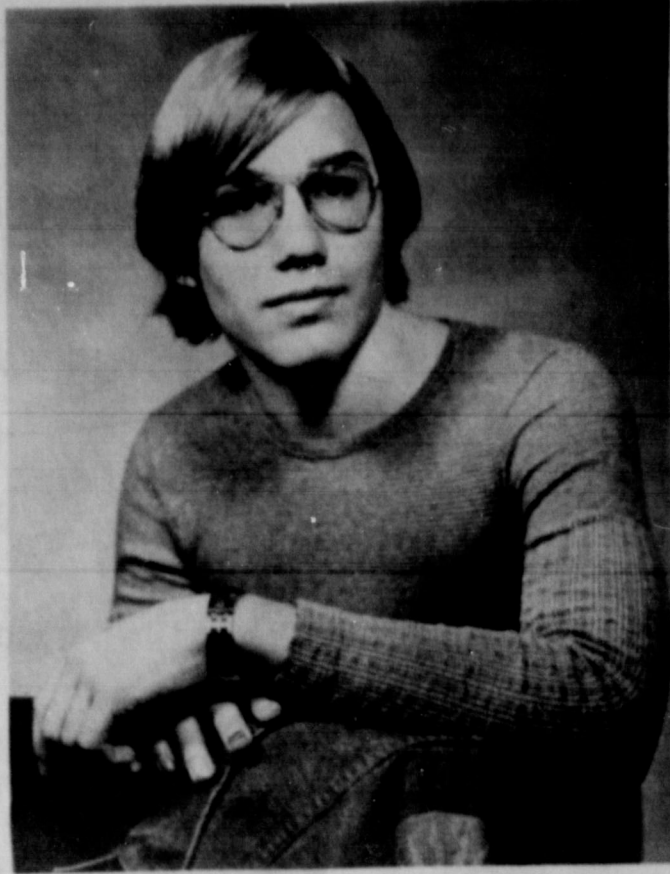

The Industrial Commission also reports that 37 industrial start-up training programs now operating in 29 Texas communities are expected to provide 5,320 new jobs in the state.

**APPOINTMENTS** — Governor Briscoe has named 12 citizens to a special interim committee to study reorganization and modernization of agencies which administer public education.

They are: Dr. Charles E. Bounds, Austin; Dr. Oliver H. Brown, Austin; Will Davis, Austin; Mrs. Clarence L. Ervin Sr., Lubbock; Dr. L. Harlan Ford, Austin; Dr. Lawrence D. Haskew, Austin; Dr. Irvin A. Kraft, Houston; Mrs. Elza McKnight Jr., Dallas; Rev. El Moser, Austin; Mrs. Luci Johnson Nugent, Austin; Miss Teresa Pena, El Paso and Dr. Alberto C. Serrano, San Antonio.

**NEW PUBLICATION** — After seven years of research the Texas Water Development Board has published a book discussing application of computer-age technology to the planning of water supplies.

... GLASSES OPEN UP NEW WORLD

## 'New Eyes' Help Many To See

"He looked through them, under them and over them. Although unable to comprehend what was happening, his delight was shining in his face and one could sense a whole new world opening to him."

What happened was that a 16-year-old put on a pair of eye-glasses. But this was no ordinary 16-year-old, and neither were the circumstances.

Jerry was born poor, and with very impaired vision. For all of his life he struggled in a small world he couldn't even see clearly.

He probably still wouldn't be able to, but somebody he doesn't know and will never meet, made it possible for

an organization called "New Eyes for the Needy" to provide him with his first pair of glasses.

Not everyone New Eyes helps has Jerry's special problems, but they all initially share two — they can't see well and they have no money for glasses.

New Eyes, a non-profit, non-sectarian organization headquartered in Short Hills, N.J., doesn't ask the public for money. All that the 300 volunteers who make up the organization have ever asked for is old eyeglasses, precious metal scrap and broken jewelry.

The volunteers, most of them housewives, test and sort the plastic framed glasses and then send them on their way to be used again, often in distant parts of the world. The metal framed glasses and precious scrap are melted down and the money from the reclamation is used to set up funds in 84 hospitals in 29 states, D. C. Canada and Puerto Rico. These pay for new prescription glasses, or if needed, artificial eyes.

In addition, arrangements have been made with numerous Public Welfare Departments throughout the country whereby New Eyes pays for new glasses for needy persons who cannot otherwise afford them.

Last year 851,994 pairs of glasses were mailed to New Eyes' official address, Short Hills, N. J. 07078. Not everyone had the name of the organization right, but for those who didn't there was no doubt of the sender's intention: "For The Help of People Who Have Trouble Seeing," "Home of the Needy," "I and the Needy," "Place That Collects Glasses For The Needy," and "Needy Old Glasses".

The name is important, but the work is even more so. Right now, other Jerry's are waiting.
