'City That Santa Fe Built' To Be C-C Banquet Theme

The Slaton Chamber of Commerce will honor both the city's past and its future at the 49th annual Chamber meeting and banquet scheduled for Feb. 3 at 6:59 p.m. in the junior high

cafeteria. The City that Santa Fe Built is the theme of the banquet, according to Chamber Manager Tom Roy. Roy also said they are hoping to have several Santa Fe

officials at the banquet. Keynote speaker for the night is Dan Baker, a former Methodist minister. Baker was born in Burkburnett, but spent most of his childhood in the Rio Grande

Valley. **Minister Six Years** Baker graduated from Harlingen High School, Southwestern University, and Perkins School of Theology, Southern Methodist

University. He entered the Methodist ministry and served in that capacity for six years. After leaving the ministry in 1969, he became a representative for the Lincoln National Life Insurance Co.

Today, Baker is primarily a professional speaker, traveling throughout the country speaking for conventions, after-dinner occasions, sales and management seminars. In recent months Baker has spoken before such various organizations as real estate institutions, oil marketing associations, Texas Society of Association Executives, Texas Restaurant

Association, Texas Association of Realtors, and the regional meeting of American Banking Institute.

Highlighting the evening will be the presentation of several civic awards. Club of the Year, Man and Woman of the Year and Boss of the Year will be recognized at the banquet. Employees have until Jan. 18 to submit letters nominating their bosses for the boss of the year honor.

Tickets for the banquet are now on sale at the Chamber office and are available from any director. Tickets also may be purchased at The Slatonite. Tickets are \$5 each.

Briscoe Financing Plan Held Threat To Slaton Schools

By DALTON WOOD Slaton School board Monday night did some figuring on how much the property in the school district is worth, agreed to submit the total to Gov. Dolph Briscoe's helpers for consideration in a proposed new school financing plan, and agreed that if the governor's plan passes, it will be bad for Slaton schools.

With schools throughout the state mostly in financial trouble, especially in the smaller districts, just about everyone interested in schools has agreed that a new plan of financing school operations must be implemented. However, from there the agreement stops, and several possible plans

of financing Texas schools have been advanced.

Has Good Chance The governor's own plan, given a pretty good chance of passing after the Legislature goes into session Monday, would increase the amount of money the local districts have to come up with before they could get any state help. Supt. J. C. McClesky told the board Monday night.

As part of Gov. Briscoe's preliminary work, he has asked that each school district report the actual value of taxable property within the district. Slaton tax assessor Edwin Knight came up with a figure of \$91,740,716, and the board concurred. McClesky warned the

group, however, that if the governor's bill is passed, Slaton School District will have to come up with about \$700,000 of local money before it gets any money from the state, and in the year ending Jan. 31 (deadline for paying school taxes), the school expects to collect something over \$400,000.

"Whichever proposed financing bill is finally adopted, some new tax money undoubtedly will have to be raised," it was noted. "The only question appears to be whether these taxes will have to be raised locally or at the state level."

Shifting Monkey Some of those present observed that since the people will have to be paying the increased taxes

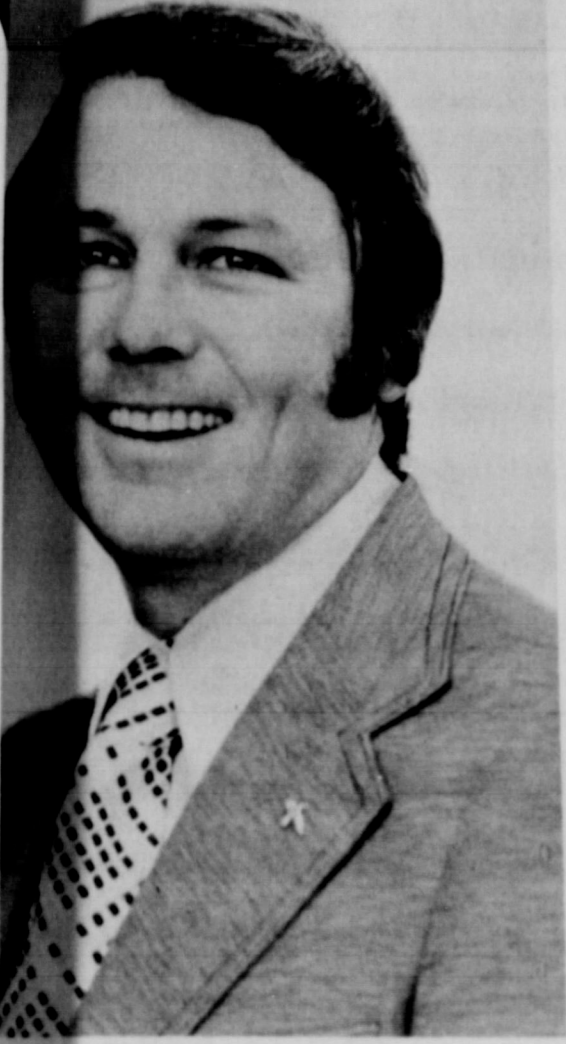

anyway, that the governor's plan simply would make him look good at the expense of the local boards, since the local groups would be taking the brunt of reaction from disgruntled taxpayers.

Supt. McClesky said the governor's plan would help some of urban school districts, but would hurt the smaller, poorer districts which have not been taxing on figures so close to actual value as the big city districts usually do. There is talk of sending in state teams to revalue property in all school districts, it was noted.

Before the governor's proposed school financing bill is considered, the Legislature is expected to pass an interim financing bill — or emergency bill — to help school districts in the state until the new measure is adopted. And, of course, even on the interim bill, the usual wrangling over who gets how much is anticipated.

School board members agreed to hold the regular meeting of the board for this month next Thursday, Jan. 16, at 7:30 p.m. Monday's meeting was called just for the purpose of determining what the value of the property in the district is.

DAN BAKER

WOODWORK by dalton

WE JUST STARTED reading the March issue of Friends, a magazine put out by Ford Motors, which gives some indication up-to-date I am on my reading. (If we have an atomic war, and there's nothing to read except the Watergate report, I'm to tackle that one).

There was a rather interesting article about the metric system in the magazine, and I should have had a byline, but didn't, so I don't know who wrote it. The article

me Saturday afternoon, if you should see on TV that your favorite football team is 32-metre line and only 3 metres to go first down, or that the new Miss America measurements of 91-60-91, relax. It won't be that you or the announcer has flipped, only that the U.S. has gone metric at 60. Based on the schedule proposed by the metric system, the conversion could be complete in 1980. Based on estimates of industry, it cost billions."

First, the metric system will have a lot of stages, but it's going to be awfully difficult to get adjusted to it. That is, for we already are familiar with the foot-inches-miles-pounds setup. For the kids in the grade, it'll probably be easier. One of the stages of the metric system is that everything is divisible by 10.

The writer of that article wondered if we'd see some of the old standard songs and lyrics, like 'I Love You, a Litre and a Kilogram' or 'Give Him a Centimetre and He'll be a Kilometre.'

Kilogram is 1,000 grams, or about 2.2 pounds, which means Jethro Pugh probably weighs about 120. But if you want to go the other way, put it back into grams and you'll find the defensive end weighs 200 (I think).

In the way, somebody somewhere has had to spell all the metres with the 'r' and the 'e' to keep from confusing the measurements with measuring instruments like the gas meter or light meter.

When GM could get their plug in, the writer said that the Vega already has kilometre markings in blue above the mileage scale on its speedometer. If you're zipping along at 100 kilometres (KM) an hour, you're just doing 61

something I'm thankful for: a litre is very close to a quart. It is about 1.06 quarts, we're not that far off. There's nothing close to a gallon.

Well, I'd better stop making these observations. Looking over this, I feel I may have messed up on some of my conversions. Seems I'm always putting my 30 centimeters in my mouth.

Slaton Police Make 633 Arrests In Year

Slaton Police arrested 633 persons during the year 1974, the annual report of police activities released this week revealed.

In releasing the report, Chief Fred Clark also pointed to figures which he said refute the charge that Slaton policemen are "ticket-happy." The report showed 525 citations issued, including 235 radar tickets for speeding, but an additional 112 warning tickets were issued and 930 verbal warnings were listed.

Police investigated 122 traffic accidents in the city during the year, and answered 2,213 calls for officers. Forty-four burglaries were reported to police, and 10 stolen cars were listed.

Some of the other figures on the annual statistical report: Vacation home checks totaled 2,776; 114 open doors were found by officers checking businesses; 18 emergency escorts and 82 routine escorts were supplied; and the department burned up 8,147 gallons of gasoline.

Two wrecks headed a list of reports of activities of the department during the last week. On Saturday at 9th and Murry, a 1959 pickup driven by Alex Christian, 150 E. Edwards, and a 1971 car driven by Gaylon Charles

Buxkemper, Rt. 1, collided, with damage to the car estimated at \$250.

In the 100-block of W. Lubbock Sunday, a 1966 car driven by Donald Eugene Simmons of Lubbock was involved in a collision with a parked 1966 car owned by Marvin McCain, 210 N. 6th. Damage was estimated at \$225.

A tape deck and two speakers were stolen from a

1965 auto belonging to Jackie Edmonds, 250 N. 5th. The items were valued at \$213.

About 60 gallons of gasoline were reported stolen from a storage tank at Red Barn Chemical Saturday. It was the second such theft in as many weeks.

At a Slaton restaurant Monday, police arrested a 20-year-old woman from Rockford, Ill., on a burglary warrant from Muleshoe.

Tahoka Trips Up Tigers

The Slaton Tigers split a pair of games during the week beating Frenship and dropping a game at Tahoka.

Last Friday the Tigers opened district play with a 55-42 trouncing of Frenship. John Whaley, the leading scorer on the team averaging 14.2 points per game, led the scoring with 20 points. Kelly Copeland pumped in 11.

The Tigers ran into problems with a tough full court press Tuesday night at Tahoka and came away smarting from a 74-57 loss. Slaton had a lead as late as three minutes of the 3rd quarter but ran into a cold spell which resulted in only eight points in the final period.

Copeland led the Tigers with 18 points, followed by Whaley with 12.

The defeat came as a shock to the Tigers who are eyeing a district championship. Slaton will play Tahoka once more later in the

year and next time at home. Slaton is now 11-7 in the year, and 1-1 in district.

Slaton boys won the JV game at Tahoka. The Tigerettes continued their winning ways with two district wins during the week.

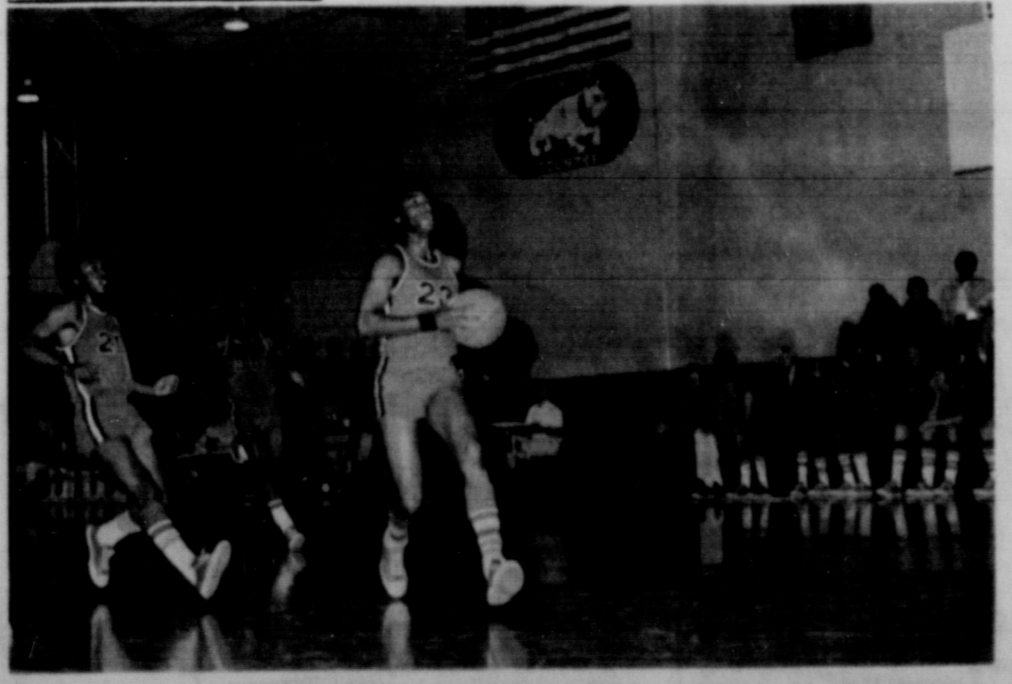

Last Friday the Tigerettes won a close one over Frenship 44-36 as Rosemary Scott led the scoring with 21 points.

The girls had an easier time of it Tuesday as they whipped Tahoka 64-46 behind Scott's 31 points.

Both the Tigers and Tigerettes will face Cooper in Tiger gym Friday in district clashes. (See BASKETBALL, Page 5)

HOLDING — A Tahoka girl appears to be asking for a 15-yard penalty in the game there Tuesday night won by Slaton. The Tigerettes are now 20-1 for the year and 2-0 in district. No. 23 is Teresa Wright of Slaton. (SLATONITE PHOTO)

TIGERS AT TAHOKA — Slaton was upended by Tahoka Tuesday night to make the Tigers' district record 1-1. As Billy Ray Thomas shoots, Wheeler Smith (21) and John Whaley are in background. (SLATONITE PHOTO)

YOU TAKE IT — Wheeler Smith of Slaton passes the ball to a teammate in the Slaton-Tahoka game Tuesday night. (SLATONITE PHOTO)

Vows Unite Couple

Janell Kay Goodson and Gary Dillard were united in marriage at 7 p.m. Jan. 4 in the Beautiful Savior Lutheran Church in Amarillo.

Parents of the couple are Mr. and Mrs. John L. Goodson, Amarillo, and Mr. and Mrs. O.D. Dillard, Slaton.

Performing the ceremony were David Heidke, pastor, and Delmas Luedke, pastor of the Grace Lutheran Church in Slaton.

Maid of honor for the wedding was Debbie Abrahamson. Bridesmaids included Laurie and Denise Goodson, sisters of the

bride, Sarah Holloway and Laurel Linn, all of Amarillo; and Lisa Dillard, Slaton, sister of the groom.

Serving as best man was Brad Lamb, Slaton. Groomsmen were Larry Becker, Duane Buskemper, Randy Davis and Darrell Eastman, all of Slaton, and Dale Dillard, Lubbock.

Ushers were Mark, Larry and Gary Goodson, all

brothers of the bride and all from Amarillo, and Allen Mueller, Houston.

The bride is an English major at the University of Texas at Austin, and the groom is a pre-med major at UT.

The groom's parents hosted a rehearsal dinner at the Amarillo Club.

Reverence for the Lord is a fountain of life; its waters keep a man from death.

—Prov. 14:27.

A relaxed attitude lengthens a man's life; jealousy rots it away.

—Prov. 14:30.

Vows Exchanged In Amarillo Ceremony

Mary Leslie Cole and Frank N. Menzel were united in marriage at 3 p.m. Jan. 4, in Paramount Baptist Church, Amarillo.

The Rev. C. N. Rue, pastor, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Leslie M. Cole, Amarillo. The groom is the son of Mr. and Mrs. Cecil C. Menzel, Bokchito, Okla. All are former Slaton residents.

Given in marriage by her father, the bride wore a formal gown of ivory satin organza, fashioned with scalloped peau-d'ange lace, ruffled at the high Victorian

neckline, long see-through sleeves, with a ruffle of lace at the wrist. The front bodice featured an overlay of lace in a deep oval yoke accented with a ruffle. The skirt was a princess silhouette which extended to a full chapel length train. A deep ruffle of scalloped lace formed the hemline of the skirt and train. Seed pearls accented the lace yoke and sleeves.

The headpiece was a profile of matching lace, holding two tiers of illusion.

Maid of honor was Judy Fitzgerald of Amarillo. Bridesmaids were Cindy Williams of Amarillo and Cherry Menzel of Bokchito,

sister of the groom.

The attendants wore identical gowns of sheer, light blue chiffon, designed with a fitted empire bodice and a tucked yoke outlined in candlelight Venise lace entwined with blue satin ribbon. Their long sleeves were of a full Bishop styling, which fell to deep cuffs enhanced by lace and ribbon.

Walter Prentice of Bokchito served as best man. Groomsmen were David Foerster of Tahoka and David Waiser of Thrall.

Lori Menzel, sister of the groom, and Dwayne Patschke of Slaton served as

candlelighters.

A reception followed the ceremony.

The bride and groom were

at the reception. The bride and groom were at the reception. The bride and groom were at the reception.

After a wedding ceremony, the bride and groom were at the reception.

Parents of the bride and groom were at the reception.

 Killian and wife of Denver
 City, formerly of Slaton.
 Oscar is in real estate there.

NEW OFFICERS — Mrs. Louise Smith, seated, is the new president of the Women's Chamber of Commerce elected Monday. Mrs. E. C. Davidson, left, is vice president and Mrs. Mary Grace Privett, right, is secretary. New directors were elected at the meeting (SLATONITE PHOTO)

Women's Chamber Elects Officers

The Women's Chamber of
 Commerce met Monday in
 the Chamber board room
 with 13 present.

It was reported that the
 tour of homes was a
 success, also the basketball
 tournament.

It was again stressed that
 all should get their letters
 turned in for boss of the
 year.

Table decorations for the
 Chamber of Commerce ban-
 quet to be held Feb. 3 were

discussed.

New officers were elect-
 ed. They are president,
 Mrs. Louise Smith; vice
 president, Mrs. E. C. Da-
 vidson; and secretary, Mrs.
 Mary Grace Privett. New
 directors include Mmes.
 Melba Foerster, Dorothy
 Jaynes, Louise Smith, Mugs
 Davidson and Cherie Mon-
 crief.

All women who are inter-
 ested in the Women's
 Chamber are urged to join.

CARD OF THANKS

CLUB ROUNDUP

CUB SCOUTS

All members are urged to
 attend a Cub Scout commit-
 tee meeting Jan. 14 at 7:30
 p.m. in the American Leg-
 ion Hall.

VFW AUXILIARY

The VFW Auxiliary will
 hold their regular meeting
 Jan. 13 at 7:30 p.m.

CATHOLIC DAUGHTERS

The Catholic Daughters of
 America met Monday in St.
 Joseph's Hall.
 Thirty members and
 Msgr. Morsch attended the
 meeting. Lucy Schnell re-
 ported for the sick commit-
 tee, saying that 31 baskets
 were delivered to the eld-
 erly and shut-ins during the
 holiday season.

Named to the sick com-
 mittee for the month are
 Rita Schwertner, Lillian Sa-
 koll, Dorothy Sakora, Lillian
 Stahl and Cecilia Steffens.

Refreshments were served
 by Dora Pinkert, Angie
 Piwonka, Loraine Piwonka,
 Margie Piwonka, Bess Ra-
 mirez and Barbara Rushing.

Following the meeting the
 members played bingo. The
 next meeting is set for Feb.
 3.

ROUGH RIDERS

The Slaton Rough Riders
 saddle club elected officers
 for the coming year.

President is John Woods,
 vice president is Ray Pen-
 dley, secretary is Sharon
 Bell, treasurer is Beverly
 Fogerson and arena direct-
 ors are Ken Bell, Dan
 Butler and Ray Pendley.

The club meets the first
 Tuesday in every month.
 Weather permitting there
 will be an open Playday the
 last Sunday in January
 starting at 1:30 p.m. in the
 Slaton arena.

TOPS

Helen Meeks, leader, pre-
 sided at the Thursday night
 meeting of the Tops Club.
 Twelve members weighed in
 with three losing three
 pounds.

Roberta Reed won the
 grab bag prize for losing the
 most weight. Two Kops
 maintained.

Frances Keane read
 "What About You" and
 "After the Grandchildren
 Go" for the devotional.

Auction prizes were
 passed out and the auction
 took place again. Next week
 is secret pal gift exchange
 time.

ATHENIANS

The Athenian Study Club
 met Tuesday night in the
 Chamber of Commerce
 board room with Robin

White as hostess.

She also presented the
 program, which was child-
 birth without fear.

The club also discussed
 civic projects and decided to
 have a garage sale. The
 proceeds will help secure a
 hospital bed to be donated
 to Mercy Hospital in the
 memory of Billie Miles, a
 former member.

Fifteen members and one
 guest attended.

Install storm windows and
 doors. They help reduce
 your fuel bills by up to 15%
 — enough to pay back your
 investment in them after
 only a few seasons use.

Welding Short Course To Be Offered Here

A welding short course for adults will be held Jan. 13-16 under the sponsorship of the Slaton High School Vocational Agriculture Department, according to J.C. McClesky, Superintendent, Paul Johnson, and Don Mitchell, teachers of vocational agriculture.

Joel R. Barton, welding specialist with the Vocational Agriculture Division of the Texas Education Agency, and the department of Agricultural Engineering at Texas A&M University, will be the instructor of the course.

Barton is a native of Glasscock County and was reared on a West Texas ranch. He holds a B.S. degree in Animal Science from Texas A&M. After five years as a pilot in the U.S. Air Force, Barton served as an agricultural specialist in Texas state hospitals and special schools. In addition to regular classes, he set up farm shops and gave instruction in farm welding and general farm repair.

Barton joined the Agricultural Education Adult Specialist Program as Arc Welding Specialist in Octo-

ber, 1959. He has attended Hobart's Welding School for instructors in Troy, Ohio, and a special school on hard-facing conducted by industry personnel from Whittier, Calif.

"Many welding short courses in various parts of the state have been taught by Barton and all have met with outstanding success," according to Walter Labay, area supervisor of vocational agriculture, Plainview. Arrangements for the adult education short course in welding and in other fields are made through Labay's office.

The short course at Slaton is scheduled to begin Jan. 13 at 7 p.m. in the vocational agriculture building. Other meetings in the series of four will be held there also. During the dates the short course is in progress, Barton will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to Johnson and Mitchell.

Anyone interested in attending the short course should write or call the superintendent of schools or

the vocational agriculture department. An entry fee of \$5.00 will be charged. Welding Short Course Certificates will be presented to each enrollee who attends all the training sessions.

Barton states that the short course will be adjusted to wishes and interests of farmers enrolled but that he expects to cover such subjects as safety in welding, factors controlled by the operation in running a bead and striking an arc, types of electrodes, preparation of joints, distortion, cutting, hard-surfacing, and pipe welding.

"Short courses in welding, as well as in other areas, are now available to farmers throughout the state under a cooperative program between the Texas Education Agency and Texas A&M University," stated Bob Jaska, associate professor, Department of Agricultural Education at Texas A&M University, who coordinates the program for Texas A&M.

"This cooperative program," states Jaska, "is designed to make the services of specialist available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to local people."

Nursing Home News

By MARY ANN RESCH
Slaton Care Center welcomes the New Year and we hope that it is a very happy and successful one for everyone.

We now have three of our residents in Mercy Hospital. They are Noble Cummins, and it is reported that she is much improved. Bruen Curb, who is improving, and Emilie Siewert, who seems to be doing well. We hope that they will be returning home soon.

If we didn't say thank you personally to everyone who brought gifts and food to us during the holidays, we would like again to say thanks. We do appreciate everything. We would like to thank the ministers and the churches who are represented daily, we know they are very busy people and we feel very honored that they would share part of their time with us.

The Nursing Home Auxiliary is going to sponsor a bake sale on Feb. 1. The places will be announced later, anyone who wishes to participate in this sale will be welcomed. Proceeds of this sale will all go to the home for the residents monthly birthday parties and special holiday parties.

We have six January birthdays: John Murchinson, Jan. 3, 1894; Mrs. Edna Evans, Jan. 3, 1891; Luther Conner, Jan. 15, 1901; Mrs. Mary Ehler, Jan. 18, 1885; Mrs. Marty Mercer, Jan. 27, 1893; Mrs. Lena Lamb, Jan. 30, 1895; and T. E. Vineyard, Jan. 31, 1914.

The January birthday party will be on Tuesday Jan. 21 at 2:30 p.m. All of the friends and families are invited to attend and help us celebrate with the residents.

7100 Labels Collected For Wilson School

Wilson's Elementary School's drive to collect Campbell's soup labels ended with a total of 7100 labels collected, according to Ted Dockery, principal.

Dockery said the labels would be used to buy audio-visual equipment for the school.

Dockery said, "A special thanks goes to the Wilson community and to the faculty and students of Slaton Junior High School. Without your hard work we would have never attained the amount of labels we did."

WILSON SCHOOL MENU

Monday — Macaroni and cheese, blackeyed peas, lettuce salad, hot rolls, milk and apple cobbler.

Tuesday — Mexican enchiladas, ranch style beans, slaw, crackers, milk and fruit cup.

Wednesday — Barbecued weiners, green beans, cream potatoes, cornbread, milk and jello with fruit.

Thursday — Tamalie pie, buttered carrots, English peas, orange juice, hot rolls, milk and chocolate cake.

Friday — Hamburger, lettuce and tomatoes, french fries, milk and peanut butter cookies.

WILSON NEWS

The varsity girls and the varsity and junior varsity boys played at Sundown Tuesday. The varsity and junior varsity girls and the varsity boys will be playing Ropes here Friday at 5 p.m. On Jan. 14 the varsity girls and boys will play Southland there at 6:30 p.m.

The junior high played Southland here Monday, Jan. 13, they will play Meadow there.

The FTA elected these officers to go to the convention in Fort Worth: Daniel Garces, Donny Crowson, Becky Verkamp, Sue Crowson and Ann Nava.

The FHA had their annual Christmas party Dec. 16. It was a progressive occasion. Appetizer was served at Mrs. Sylvester Verkamp's home. The main course was served at Mrs. Janis Lee's home for the juniors and seniors and Mrs. Linda Wilke's home for the sophomores and freshmen. The dessert and Christmas tree was at the home of Mrs. Lloyd Hagens. Chapter mothers were honored. They are Mrs. Lee and Mrs. Verkamp.

The FHA had a bake sale using convenience foods in new ways. Proceeds were \$59.

Oscar Ortega is out of the hospital and improving.

Jan. 3—Jim Taylor, Gary Rowland.

Jan. 4—Guanette Brieger.

Jan. 6—Tammy Weaver.

Jan. 8—Greg Wied, Lloyd Hagens, Elree Mears, Kay Herzog.

Jan. 9—Juanita Arellano.

ANNIVERSARIES
Jan. 3—Mr. and Mrs. Bob Smith.
Jan. 4—Mr. and Mrs. W. E. McClesky.
Jan. 6—Mr. and Mrs. Tommy Bednarz.
Jan. 7—Mr. and Mrs. J. H. Lambricht.
Jan. 8—Mr. and Mrs. Rodney Crews.

HONOR ROLL
All A's — Michael Bednarz, Phillip Bednarz, Tracy Lee and Lynn Stebano.

A & B honor roll — Sue Crowson, Mandi Lee, Thomas Moerbe, Ann Nava, Bonnie Schwertner, Greg Bednarz, Irene Hernandez, Travis Schwertner, Jan Wilke, Cindy Wuensche, James Nolte, Ricky Rice, Bryan Schwertner, Brenda Talkmitt, Cherie Sloane and Rachael White.

Phillip Bednarz, son of Mr. and Mrs. Tommy Bednarz, has the highest overall grade average with 94.85.

Cherie Sloan, daughter of Mr. and Mrs. C. W. Sloan, has the second highest overall average for the fall semester with 94.66.

Tex Watson talks about
Natural Gas for the Future

I'm pleased to report to our customers that Pioneer purchased more gas during 1974 than we used. This new gas will be available for future use, of course.

As you know, Pioneer is having to pay more for new gas than we've ever paid before. The competition for the gas produced in our area has never been so fierce. But the higher prices are resulting in lots of new exploration and production. I know of numerous wells which could not have been drilled at prices prevailing three years ago.

The increase in field prices means that our customers will have to pay more for the energy they use in their homes — gas and electricity — but, more important, it means he'll have the gas he needs.

All energy will cost more in the future but gas will remain your best energy buy.

PIONEER NATURAL GAS COMPANY 

* Bert, Tex Watson, president of Pioneer Natural Gas Company, is a native of West Texas, a chemical engineer and lawyer by training, and has 20th year with your gas company.

Earl Nightingale, international speaker, lecturer and broadcast personality.

Junior High Jottings

Junior High has two new teachers. Miss Zabriskie, originally from Paramus, N.J., took Mr. Neill Carter's position and teaches life science. She has been in this area over three years and attended Texas Tech.

Mrs. Schroeder, originally from Maquoketa, Iowa, is taking Mrs. Turney's position in remedial math. She has been in this area since April and says she misses trees.

Mrs. Turney replaced Mrs. Hinkley as 8th grade math teacher. New students to Junior High are: Angie Flores, a 6th grader from Wilson, and 7th graders Mary Ann Flores from Tahoka, and Mike Winters from Oklahoma.

Eighth grade reading students are helping prepare a reading center in Mrs. Carnes' room. They have an 8' X 10' carpet now, and plans are in progress for shelves, reading materials, and cushions. More concrete blocks are needed, and students are bringing fabric remnants, yarn, and plastic bread wrappers to make cushions.

Mrs. Lawrence is looking forward to the work that she and her new students can accomplish this semester. She has recently had a water color added to the collection at the West Texas Museum.

Seventh and 8th grade boys played basketball Monday night at Cooper and won both games. The 7th and 8th grade girls played Cooper here, and they won both games, also.

The Southern School Assembly that we were to have this Thursday has been cancelled. The following letter was received this week by Ernie Davis, principal.

Dear Mr. Davis, The faculty and students of Wilson Elementary School would like to express our sincere thanks to you, your faculty, and student body for the help you gave us in our Campbell's Soup label drive. The 3851 labels Slaton Junior High collected for us was over half of the 7100 labels we collected altogether.

Wilson Elementary School students were honored that Slaton students would help us attain audio-visual equipment through the collection of soup labels. We feel that a warm friendship exists and has existed a long time between our two schools.

Again, may we express our deep appreciation for your hard work. Sincerely, Ted L. Dockery Principal

BIRTHS
12-26-74 — Mr. and Mrs. Mike Wheeler, Pueblo, Colo., a girl, Kay Lynn, 5 lbs. 15 oz. Grandparents are Mr. and Mrs. Hern Pettigrew and Mr. and Mrs. Rush Wheeler all of Slaton.

1-2-75 — Mr. and Mrs. Daniel Bomboa Bernal, Slaton, a boy, Domingo Pequeno, 5 lbs. 8 oz.

1-3-75 — Mr. and Mrs. James Roy May, Southland, a boy, Scott Edward, 6 lbs. 8 oz.

1-6-75 — Mr. and Mrs. John Edward Buxkemper, Slaton, a girl, Jennifer Diane, 5 lbs. 3 1/2 oz.

Alive In The Tower Of London! Almost 150 people, all government servants and their families, now live in the Tower of London, which for hundreds of years was Britain's most forbidding prison and where many an enemy of the ruling monarch was beheaded, including two of Henry VIII's wives.

BASKETBALL

(Con't. from Page 1)

Both the Tigers and Tigerettes are figured to have excellent chances of ending up on top of District 5-AA after posting good non-district records. The Tigers now stand at 12-6 and the Tigerettes are almost perfect at 20-1.

The Tigerettes are again one of the finest teams in the state and should get into the playoffs.

In recent years the Tigers have seldom been more than also-rans, but this year could be different. With the Tigers winning 62% of their games and limiting their opponents to 52 points per game, they should be contenders for the crown.

The Tigers stopped Colorado City last week 46-43, led by Kelly Copeland's 17 points. John Whaley hit 10 for the Tigers.

Slaton led most of the way by 10 to 12 points but the Wolves closed the gap to three with just under two minutes remaining. A full court press forced several Tiger turnovers late and Bill McClesky went to the free throw line with the score 44-43 and only seven seconds remaining. McClesky hit both shots to secure the Tiger victory.

Slaton won the JV game 49-46 as Homer Vanhoos scored 12 points.

Suit Filed On Building Ordinance

Hearing on a suit filed against B. H. "Bo" Becker Jr. by the Slaton City Commission has been set for 10 a.m. Friday in 140th District Court.

The suit calls for a temporary restraining order against Becker, who the city claims is in violation of Slaton's building ordinances.

The suit alleges Becker has proceeded with building plans without ever having made application for either a permit or zone change.

City Attorney Harvey Morton said Becker failed to submit plans and specifications although he did discuss his building plans with Alex Webb, city secretary.

Becker said he had already laid the foundation for the building before being served with the papers and had put a gas tank on the ground inside the foundation area. He said he had abandoned the idea of continuing with the building because of the city commission's opposition.

The area in question is a R-1 residential zone with storage buildings prohibited unless such buildings are secondary to the one family dwelling and indispensably necessary to the building, said Morton.

Tech Sets Registration

Registration for the spring semester at Texas Tech University will begin Wednesday, Jan. 15, and continue through Saturday noon, Jan. 18.

The first three days of registration will be conducted from 8 a.m. to 5 p.m. in the Lubbock Coliseum, with the final half-day of enrollment to be conducted from 8 a.m. to 12 noon in the Office of the Registrar and in departmental offices, according to D. N. Peterson, registrar.

Classes begin at 7:30 a.m. Monday, Jan. 20. Enrollment for the 1974 fall semester totaled 21,927 students. The 1974 spring enrollment was 19,831. Both were records.

Residence halls will open at 10 a.m. Tuesday, Jan. 14. The first meal will be breakfast on the morning of Jan. 15.

SJH Boys Win Cooper Games

The junior high and freshman boys basketball teams traveled to Cooper Monday night and won two out of three games.

In the 7th grade game Lance Bownds was high pointer as they won 24-12.

The 8th grade boys also won their game 22-9. Jerry White was high pointer with 11.

The 9th grade boys were not successful as they lost 53-43.

The 7th grade boys will be in the Idalou tourney this weekend. The 8th grade boys will be in the Tahoka Tournament.

SOUTHLAND EAGLE ROUNDUP

SENIOR PLAY

The senior class has started work on the play, "Take It Easy." The play will be presented Saturday, Feb. 15, at 7 p.m. in the school auditorium.

"Take It Easy" is a farce-comedy in three acts. Seniors acting in the play will be Mark Bevers, Debbie Craddock, Nathan Dickerson, Esperanza Garza, Larry Koslan, Mark Maeker, Arla Nelson, Randy Thomas, Pete Valdez, and Amanda Wheeler. Cecilia Diaz and Dora Faye Hambrick are stage-crew members.

Sponsors of the play are Coach Don Windham and Mrs. Laura Jo Wheeler.

BASKETBALL GAMES

Accent on Health

"Head lice — they're getting into everyone's hair these days."

While not literally true, this line from a new State Health Department film, "Head Lice: Questions and Answers" — points to a

continuing and growing problem in cities and towns throughout Texas, and the nation, for that matter.

School nurses and public health clinic nurses may see "pediculosis", an infestation with human lice, from

time to time. Of late, this has been a more frequent occurrence. The general public may not hear so much about pediculosis, for those affected are reluctant to spread this information. And, it isn't a reportable disease, thus keeping it from public attention.

The person who does understand a louse problem is the victim. Pediculosis can be a night and day

torment with the itching and burning and discomfort which it causes. The constant scratching can produce an infection. And, it can be so distracting as to cause learning problems in school.

Human lice are a group of insect parasites which live on the bodies of their victims. They are known as sucking lice and depend on the blood for nourishment. The warm human body also provides warmth and moisture, says the Health Department.

The three types of human lice are: *Pediculus humanus capitis*, the head louse; *Pediculus humanus humanus*, the body louse; and the crab or pubic louse, *Phthirus pubis*.

The head and body louse have almost the same physical size and shape, but the crab louse has a rounder body and its second and third pairs of legs are larger than the first pair near its head. All types are small,

with adults ranging from 1/16th to 1/8th of an inch in length.

The eggs of lice — called nits — are attached to the hair shafts of their hosts with a cement-like substance. In the case of the body louse, the nit may be attached to clothing fibers.

Three types of lice infesting humans live only on humans. Animal lice, on the other hand, can't maintain themselves on humans. And, it's possible for a person to have more than one type of lice. Of the three kinds of human lice, only the body louse has been implicated as a vector of louse-borne relapsing fever and epidemic typhus in times past.

While head lice are being experienced more often in school situations, the other forms of lice also are prevalent in our society.

While lack of cleanliness may contribute to the spread of lice, it is possible

for anyone to become infested.

Crab lice are very sluggish and dependent on man, dying within 24 hours of removal from the host. An infestation will spread slowly through a group of individuals such as a ship's crew or commune residents. They are spread chiefly by sexual contact, but often are acquired by such other means as infested toilet seats or beds and by close personal contact.

Body lice infest the clothing of man, particularly undergarments next to the skin. They are also known to wander about extensively. The habit of living mainly on clothing — and traveling to the skin for nourishment — has restricted body lice in civilized communities to a small minority of people who seldom wash or change their clothes. All forms of lice may be found on clothing, however.

The head louse attaches its nits (or eggs) to human hair, the nits resembling a stubby branch. The nit is cemented at an oblique angle, and this is helpful in distinguishing it from foreign substances in the hair.

The eggs, incubated by body heat, hatch in about a week. The louse nymphs undergo three growth stages requiring eight to nine days. Sexual maturity is reached in approximately two weeks.

While the presence of lice may be noted by the itching, the first visible signs of infestation may be the nits attached to the hair. Head lice and their nits usually are found in the hair behind the ears and along the nape of the neck. The eggs may be seen in clusters along the hair. However, it's possible that some other foreign substance such as globules of hair spray may be confused with nits. This has hap-

pened. Also, gators have been found on hair these nodules, slip up and do hair shaft, are nits.

State Health authorities emphasize the temporary head lice isn't an indication

**SKIN CARE
FOR WINTER SPORTS**

Some people believe that summer's the season to worry about sensitive skin. But winter is also a time to be wary—especially if you're involved with sports that take you out into cold winds and glaring sun. As a matter of skin survival, skiers have faced up to following a good skin care regimen to keep skin healthy.

soft and moist, after long days on the snowy slopes.
1. The cold, dry air can rob your skin of moisture, and ditto for the low humidity of indoor heating systems. Apply a heavy-duty moisturizer day and night, especially around your eyes.
2. To combat the winter itch of dry skin, soak in a tepid tub laced with a bath or baby oil. The oil will help seal in your skin's natural moisture.

jump or fly. They have powerfully developed legs, each provided with a claw and an opposing thumb-like process that is adapted for clinging.

Home Office: Bloomington, Illinois

female body lice have survived for 46 days; however, under normal conditions, even body lice seldom live longer than a day or two when deprived of their human host.
Each female head louse may lay from 50 to 150 eggs in its lifetime while the female body or crab louse may produce 200 or more.

What effect does temperature have on lice? Hot temperatures will kill them. Such high temperatures are suitable for laundering purposes but not for shampooing the head or for bathing. Dry heat, steam, or pressing with a hot iron will destroy lice since they can live only a few minutes at 120 degrees Fahrenheit. Most home water heaters supply water at 140 degrees to 165 degrees. Washing in cold or lukewarm water won't kill them.

How do head lice travel? They are transported by people and do not hop,

nurse or public health clinic. Most drug stores have two or three brands in lotion, cream, gel or shampoo form.
It is important in treatment to follow the directions closely and continue the treatment for the prescribed time. Remember, you're dealing not only with lice but their eggs as well. Dead nits may be removed from the hair with a fine comb following proper treatment, which dissolves the tough cement binding the nit to the hair.

In a bulletin, "Twenty-three Most Frequently Asked Questions About Lice," the State Health Department gives some valuable hints on dealing with lice.

For instance, it states that lice seldom live longer than 48 hours when removed from the human body. Under ideal laboratory conditions, male body lice have lived as long as 32 days and

Killing off head lice may turn into a family affair. If one person has head lice, the entire family needs to be treated at the same time. To rid household articles of lice, clothing, bedding, towels and washcloths should be laundered frequently in hot water. Washable head gear also should be laundered at the same time.

Combs and other hair-styling articles need thorough and frequent cleaning, and the home should receive a thorough vacuuming, including the bathroom. Personal hygiene, frequent bathing and shampooing of hair are very important in preventing the establishment or re-establishment of lice.

But if you're infested, you'll need a louse-killing insecticide shampoo to rid yourself of them. These are available at drug stores. Your family physician may prescribe one, or you may receive the names of these products from your school

Also, hygiene. An infestation may be spread from individual to individual by using the same comb or hat, or in the same bed. Health experts emphasize that lice do not come off on clothing. They also spread by upholstery and rests of chairs, and perhaps even via the head of a school bus.
After how the head is acquired, they may get rid of. You'd call 828-6255. ON LUMBER. This isn't the resist water and soap and water. or washing your temperatures won't kill lice. Some may however, but the day alive and hatch

PRaise THE LORD

By LENDA WOOD

Love is Very patient, Kind, Love is never: jealous envious boastful proud haughty selfish rude irritable touchy. Love does not demand its own way, nor holds grudges. Love will hardly even notice when others do it wrong. Love is never glad about injustice, but rejoices whenever truth wins out. —1 Cor. 13.

remain forever — faith, hope and love. Faith — without faith it is impossible to please God. We must have that to even be saved. Hope — If we lose hope and expectancy of good things to happen, then life becomes a drag, a bore, and we lose heart, and merely exist. As important as faith and hope are in our lives, love is the greatest and most important. Even knowing this in our minds, it's hard to put it into practice, in fact impossible, unless we submit to God and ask and receive His help. In Rom. 13, the Bible says that we must quit these evil things of fussing, griping, etc. This is a specific act on our part. We have to do the quitting. Then it says we must put on the armor of right living. This is also a specific act on our part. Then we are to ask Jesus to help. And we must

open up ourselves to receive His help, instead of feeling "But Lord, you don't know my circumstances!" Yes, He does know each of our circumstances, and He is able and willing to help each of us. This week I read somewhere that a lady came to the altar to ask the minister to pray that the Lord would take at least half of her burdens away. She was so burdened that she could hardly live any more. The minister told her that he would not pray a prayer like that. Because Jesus wants to take all of our burdens, not just half of them or a part of them.

A wise woman builds her house, while a foolish woman tears hers down by her own efforts. —Prov. 14:1

A truthful witness never lies; a false witness always lies. —Prov. 14:5

The God kind of love is spontaneous, never stopping to think if this is the way to act or not.

The Bible says that love is the MOST important ingredient. Some things will one day pass away, completely disappear, but there are three things that will

Obituaries

T.J. YELVINGTON
Services for Tommy Joe Yelvington, 40, of Lubbock and formerly of Roosevelt were held Saturday at University Baptist Church with the Rev. Bruce Giles, pastor, officiating.

Burial was in Resthaven Memorial Park with Rix Funeral Directors handling the arrangements.

Yelvington died Wednesday at Methodist Hospital following a brief illness.

He married the former Patsy Pharr in Lubbock Dec. 25, 1953.

Survivors include his wife; three daughters, Tracy of the home, Mrs. Tina Brown of Lubbock and Mrs. Toni Larenzen of Waco; two sons, John Hall and Joseph Bryan, both of the home; his parents, Mr. and Mrs. W. H. Yelvington of Lubbock; two sisters, Mrs. Mildred Henyan of Lubbock and Mrs. Billy Miller of Richardson; two brothers, W. E. and Don of Lubbock; and a grandmother, Mrs. E. Branch of Lubbock.

Palbearers were Harry Dixon, Bill Cooper, Jim Patrick, E. L. Green, Bill Fry and Leroy Morrison.

RICHARD DOUGLAS

Richard Douglas, a Slaton resident for 38 years and a retiree of Santa Fe Railroad, died Sunday at Mercy Hospital.

Services will be Saturday at 2:30 p.m. at Triumph Baptist Church with the Rev. M.A. Brown officiating. Arrangements are by

South Plains Funeral Home. Douglas is survived by one sister, Mrs. Rose Scott of Corpus Christi; three stepsons, Willie and John S. Randle, both of Slaton; and Albert Joe Randle of Tyler.

GENEVA BAILEY

Services for Geneva Qualls Bailey, 41, of Slaton, were held at 2:30 p.m. Saturday at Triumph Baptist Church in Slaton. Officiating was the Rev. M. A. Brown, pastor.

Burial was in Englewood Cemetery under direction of South Plains Funeral Home of Lubbock.

Born in Navarro County, Mrs. Bailey had been a Slaton resident 27 years. She was a member of the Triumph Baptist Church.

Survivors include her husband, James; three daughters, Mrs. Patricia Ann Shields of Lubbock and Gwendolyn and Lisa Kay, both of the home; four sons, Edward Eugene, Don James, Vincent Earl and Bradley Cecil, all of the home; her mother, Mrs. Frankie Barrow of Slaton; two sisters, Mrs. Helen Mims and Mrs. Dorothy Fay Randle, both of Slaton; and a grandchild.

ROY E. HAM

Services for Roy E. Ham, 65, of Tatum, N.M., were held at 10 a.m. Saturday in Lovington, N.M. at the First Baptist Church with the Rev. Ralph S. White, pastor, officiating.

Burial was in City of Lubbock Cemetery under direction of Smith-Rogers Funeral Home of Lovington.

Ham died Thursday at Llano Estacado Medical Center in Hobbs, N.M. following a lengthy illness.

Born in Charleston, Ham had been a resident of Tatum since 1938. He was a retired carpenter. He was a member of the First Baptist Church of Tatum. Ham married the former Vera Massingill in 1928, in Slaton.

Survivors include his wife; three daughters, Mrs. Frances Youngblood of Lubbock, Mrs. Coleta Toppellwell of Hobbs, N.M., and Mrs. Barbara Hickey of West Monroe, La.; his son, Leon Ham of Weed, N.M.; three sisters, Mrs. Grace Boyd of Ladonia, Mrs. Della Balentine of Clifton and Mrs. Mattie Smith of Coleman; two brothers, Edgar Ham of Cooper and E. W. Ham of Slaton; and eight grandchildren.

HOMER LEE OWNBY

Funeral services for Homer Lee Ownby, 65, who died in a Sherman nursing home, were conducted at 11 a.m. Dec. 31 at Mulligan Little Funeral Chapel, Bells. Burial was in Rose Hill Cemetery, Bells.

Ownby was born Dec. 12, 1909 in Randolph. He married Alice Moore April 12, 1931 in Sherman.

Ownby was a retired heavy - equipment operator and was a member of the Baptist Church.

Survivors include four sons, Bobbie, Green Cove, Fla.; A. C., Wayneville, Mo.; Harry, Sherman; Michael, Garland; two daughters, Mrs. Freida Turner, Denison; Mrs. Paula Clearfield, Garland; a brother, Ozell, Slaton; two sisters, Mrs. Commie Whittington, Lubbock; Mrs. Fannie Keller, McKinney, and seven grandchildren.

MRS. WEATHERS

Services for Mrs. Paulette Weathers, 78, of Tahoka, were held at 2 p.m. Thursday at White Funeral Home Chapel with the Rev. Hugh Daniel, pastor of Lockney Methodist Church, officiating.

Burial was in Tahoka Cemetery.

Mrs. Weathers, a Lynn County resident 64 years, died Wednesday at Lakeside Nursing Home in Lubbock following an extended illness.

Mrs. Weathers moved to Lynn County from Grandview in 1914. She attended public schools in Grandview and Tahoka. She married R. P. Weathers in 1916. He died in 1951. Mrs. Weathers was a member of the Tahoka Methodist Church.

Survivors include her two daughters, Mrs. Mary Jane Sewell of Slaton and Mrs. Nancy Ray Evans of Tahoka; her son, David G. Weathers of Abilene; five grandchildren and seven great-grandchildren.

Palbearers were Pete Hegli, Carl Grissing, Son Quin, Borden Davis, Reid Park and V. F. Jones.

DELFINA DIAZ

Services for Mrs. Ben (Delfina) Diaz, 63, of Slaton, were held at 4 p.m. Friday in the First Presbyterian Church of Slaton with the Rev. Robert D. Nicholson, pastor of First Presbyterian Church of Lubbock, officiating.

Burial was in Englewood Cemetery under direction of Englund.

Mrs. Diaz died Wednesday at West Texas Hospital following a lengthy illness.

She had been a Slaton resident since 1947. Before moving to Slaton she lived in Thronedale. The former Delfina Hernandez, she married Ben Diaz in 1927.

Survivors include her husband; two daughters, Mrs. Sara Maldonado and Juanita Castillo, both of Slaton; four sons, Joe and Lee, both of Slaton, Jesse of Mason City, Iowa, and Ygnacio of El Paso; her sister, Mrs. Simona Zaec of Burley, Idaho; two brothers, Manuel of Hermleigh and Juan of Lubbock; and 23 grandchildren.

HAROLD STUBBS

Graveside services for Harold M. Stubbs, 67, of Abilene, were held Saturday at Englewood Cemetery in Slaton with Englund in charge of arrangements.

Stubbs, who lived in Lubbock 25 years and also in Slaton for a time, died at his Abilene home Thursday following a sudden illness.

A retired pharmacist, Stubbs had been an employe of Lubbock's Behrens Wholesale Drugs. He moved to Abilene from Lubbock in 1974.

Survivors include his wife, Lillie E. of Abilene; a son Fred G. of Abilene; and a brother, L. B. of Dallas.

JACK BUCHANAN

Services are pending for Jack E. Buchanan, 48, of Snyder, who died at his home Tuesday following a lengthy illness.

Snyder Judge Peace Bobby G. pronounced him the death due causes.

Born in Slaton, was a resident of the time of his death. He was a mechanic, veteran of WWI with the U.S. Navy.

Survivors include Mary; two daughters, Connie Good and Donny Moore; his mother, C. Buchanan;

three sisters, Mrs. Davis of Slaton, Robert Becker, Robert Sartin, Brownfield, James W. Buchanan, Lavaca; and one

son, no presentment of

How does a trust and first Lord!

The New Testament Church

The church ("called out," assembly) New Testament institution. During his Jesus promised to build it (Mt. 16:18-3:11). It had its beginning on the first following the resurrection of Christ (Acts 2:14-41).

The church is: the body of Christ (Col. 1:18; Eph. 1:22); the kingdom of heaven (Mt. 16:18, 19; Col. 1:8); the house (family) of God (1 Tim. 3:15).

It is not a denomination (Jno. 17:20, 21; 1:10), but contains all the saved (Acts 2:41).

It is called: the church of God (1 Cor. 1:1); the church of the Lord (Acts 20:28); the church of Christ (Mt. 16:18; Rom. 16:16); the church (Col. 1:18).

One may not join it, but the saved are its number by the Lord himself (Acts 2:47). "Unto him be the glory in the church of Christ Jesus unto all generations for ever. Amen." (Eph. 3:21)

Sunday morning Bible classes, 10:40 a.m. and Wednesday Ladies' Bible class, 10:40 a.m. Wednesday night Bible study, "Five Minutes with the Bible" Monday - Friday on KCAS.

like a good neighbor, State Farm is there.

STATE FARM INSURANCE

It's called the heat pump ... because it actually pumps heat ... "in" your home in the winter ... "out" of your home in the summer ... That's really quite an oversimplification ... but, quite simply, that's just what the heat pump does ... using otherwise wasted heat and electricity in cooling and heating your home. In fact, in heating the heat pump actually produces more energy than it uses. For more information on the heat pump ... call us ... we'll give you all the facts in a free personalized electric heat-cost survey!

If You Eat, You're Involved in the Energy Crisis

A popular bumper sticker reads, "If you eat, you are involved in agriculture." An equally apt one could be "If you eat, you are involved in the energy crisis." Petroleum energy is essential for food production. It's converted

into fertilizers and used for operating agricultural machinery, pumping irrigation water, processing raw food products and distributing the final food products.

In the past couple of years, Americans have started to feel

the effects of worldwide food shortages. Food and feed grain surpluses disappeared and meat prices soared. Flour increased in price as did sugar, pinto beans, potatoes, rice, and nearly everything else we eat.

Widespread crop failures, or shortages in the world, caused increased demand for food at the same time petro-

um prices were radically increased, which drove up food and fiber production costs. Added pressure on food supplies came from growing populations in most countries, combined with an upgrading of diets in the developing countries that enjoy increased prosperity.

The result has been that we have all been forced to bid

higher and higher prices for a share of the dwindling total supply of food. Many people in other countries, unable to pay the higher price of food, have been forced to eat less, or in many cases, starve.

Energy needs for Texas agricultural production are being studied by scientists with the Experiment Station. Their findings show that energy

use for food production must increase even if maximum conservation measures are used. More food must be produced to meet demands of an increasing population, and this additional output will require more energy. According to station scientists, Dr. Wayne LePori and Dr. C. G. Coble, conservation methods for agriculture have been

identified which could reduce energy used for food production by about 15 percent. But such savings will not be enough to meet the needs to produce more food.

Their findings also show that more than half of the present energy used in Texas for food production, is used in the form of natural gas. This is the same fuel which

is used for home heating and for generating electricity. Conservation of energy is essential to the future of Texas. Conservation of energy is essential to the future of Texas. Conservation of energy is essential to the future of Texas.

Energy was running heaters, air conditioners at waste, driving too fast, future energy result in wide in the years to

The U.S. has been using more and more oil to meet our needs. We are not producing the U.S. Most of the petroleum imported at a cost of dollars each has been exported to the rest of the world but projections in about ten years won't produce meet its own needs. The international food production ability of energy in the study by scientists, LePori sources of energy found, every conservation follow those stretch our energy.

Editor's Note: Opinions regarding should be Science Writing Agricultural College Station

NOTICE TO ALL HAVING CLAIMS OR INTEREST IN THE ESTATE OF W. T. DAVIS, DECEASED. Notice is hereby given that original testamentary upon W. T. DAVIS, issued to me, signed independent, on the January, 1975, by the Court of Law, Texas, and such letters, having claims against the estate, which I administered in and out of the state of Texas, are hereby presented to me at the address above. If you are a creditor of the estate of W. T. DAVIS, please present your claim to me at the address above. If you are a beneficiary of the estate of W. T. DAVIS, please present your claim to me at the address above. Dated this 10th day of January, 1975. /s/ Maggie Independent day's deceased. Cause No. 13098 Court of Law, Texas.
