Tigers Beat Abernathy, Eye First Win Over Denver City Mustangs

over a Slaton team which never has beaten DC in 12 games since that first loss in 1960 by 90-6.

For Slaton fans who remember those years when the Mustangs kicked Slaton en route to state championships, beating Denver City would make this a successful season no matter what else happens.

If Coach Eddie Cook's fired-up charges turn the trick Friday night, a special edition of the Slatonite will be on the stands Saturday morning. Confident Slatonite staffers already have made plans for working through the night to produce the special.

Slaton running backs got into high gear Friday night and junior Bill McClesky rambled for 147 yards in 22 carries and scored three touchdowns, while the aroused defensive unit held Antelope rushers to a net of just 16 yards in the entire game. Abernathy had only 53 more yards in the air, and nearly all of this was on a single pass play which

carried 42 yards to the Tiger 1-foot line on the last play of the first half.

Linebackers Busy
Abernathy made only five first downs in the game. Tony Leake, playing his first game at linebacker, responded by making nine tackles, as did the other linebacker, John T. Basinger. Gary Basinger, Tackle Chris Williams and just about everybody else did some good work defensively, also, and with the blockers and running backs executing better than usual, the offense moved the ball well, except in the air.

Charlie Haynes ran 19 times for 110 yds., and Gary Aycock rushed six times for 60 yards, mostly on a 45-yard quarterback "sneak" that turned into a long touchdown run. Gaylon Buxkemper rushed 7 times for 27 yards and freshman Brad Eblen ran twice for 19 yards.

Abernathy backs, mostly on the running of Fullback Pete Stracener, actually gained 78 yards, but the fierce Tiger defense threw the Antelopes for losses totaling 62 yards.

Drive Halted
Abernathy kicked off and Haynes carried five straight times for 37 yards and two first downs, but the drive was halted as Aycock's first pass was intercepted at the Antelope 10. After Leake recovered an Abernathy fumble at the visitors' 43, Slaton drove to the 23 but lost the ball on downs and there was no scoring in the first quarter.

In the second period, McClesky turned in a twisting 16-yard run that had 15 more tacked on as Abernathy was penalized for a late hit, and then McClesky ran off the right side 16 more for a touchdown at 9:27. On the PAT effort, the ball was bobbled and the kick never was made. Later in the quarter, Slaton drove to the Abernathy 9, but was forced back and a field goal try by Tackle Ricky Denzer from the 31 was short.

With Slaton leading 6-0

and just missing several other chances to score in the first half, Tiger fans were beginning to get confident, but Abernathy punctured that balloon in a hurry with the long pass on

the half's final play. Abernathy's Mickey Davis got behind everybody and took the pass from QB Wayne Riley. Only a desperate tackle by Aycock brought Davis down just inches

short of the goal line and then everyone went into the locker rooms and lined up for cardiac treatments.

TD Called Back
Grasshopper Gary bounded 32 yards for a touchdown

that didn't count in the third period and a clipping penalty set the Tigers back to the Abernathy 34. With McClesky doing the heavy work, Slaton then moved to the 4, from where McClesky drove in to score with just 43 seconds left in the third. Denzer's kick was not good and it was 12-0.

Early in the fourth, Haynes skipped for 20 yards and another piling-on penalty moved it 15 more to the 13 yard line. McClesky again scored, this time going off the left side, and Denzer converted.

Midway of the period, Aycock, seeking to pick up a few short yards, kept the ball and went straight ahead. Suddenly he found himself alone in the Antelope secondary, did a fast double-take, and then raced 45 yards for a touchdown.

Denzer again kicked the point.

Slaton reserves played several minutes near the end of the game and continued to move the ball against Abernathy. Sophomore QB Mike Tumlinson, a regular as a defensive back, gave promise of perhaps some good passing in the future as he whipped two passes to receivers, but neither counted. Once it was caught out of bounds; the other time there was an ineligible receiver downfield.

Slaton Tiger Club members will take a special bus to Denver City, where the game will start at 7:30 p.m.

Holdup, Burglaries Reported Here

A holdup in which a large amount of cash was taken and two burglaries occurred in Slaton last Thursday, heading the list of offenses investigated by Slaton Police Dept. during the last week.

United Super Market and manager Ray Belt were the victims of the armed robbery which occurred shortly after the 9 p.m. closing of the store last Thursday. United officials would not divulge the amount taken from the safe. Belt lost \$715 which he had in his wallet.

Belt came into the police station about 9:40 p.m. with his hands tied behind him. He told officers he had left the store after closing time, got into his pickup, then went back to check to make sure he had locked the door. As he approached the door, according to the police report, "... a colored male approached him from the north, produced a small steel blue revolver" and stuck it in Belt's back and said "Come back and open up. If you don't believe me, keep walking and find out." The manager said he went into the building and opened the safe as ordered. He then was tied with plastic-coated wire, but later worked his feet free and ran to the police station.

Belt said he saw only one gunman, but heard him talking with another man.

Burglaries Listed

That same night, burglaries were reported at Mercy Hospital and South Plains Veterinary Clinic. At Mercy, an undetermined amount of money was taken from a cash register pried open after the business office was burglarized. At the clinic on U.S. 84, \$55 was taken from

a soft drink machine after a door was forced open.

Also on Thursday, there was a wreck in the 100-block of W. Garza, with a 1969 car driven by Chris William Gindorf, Slaton, and a 1970 auto driven by Addie Bryant Martin, 1035 W. Lubbock, colliding. Damage was estimated at \$50. Eisford Stricklin, 1025 20th, reported loss of a circular saw and extension cord from his pickup while it was parked at the football game last Friday, and on Saturday, Joe's Auto Trim Shop, 172 Texas Ave., reported vandals broke a window.

Collision Reported

On Wednesday morning at the intersection of S. 10th and Geneva, a 1959 car driven by Sandra Keeter Evans, 205 E. Dickens, and a 1971 car driven by Patricia P. Carlton, 900 S. 12th, were involved in a collision. Slightly injured was Valerie Sanders, 9, a passenger in the Evans car.

Forrest Lumber Co., 255 S. 9th, reported theft of a 150-foot chain and boomer, a 12-ton capacity hydraulic jack and miscellaneous other tools with total value of \$182. The items were stolen Tuesday after the thieves sawed the lock off a tool box in the yard.

Three thefts were reported Monday. Crawford Chevrolet reported a burglary with an air breather and filter valued at \$58 stolen from a 1974 pickup. Mrs. Susan Brasfield, 815 E. Lubbock, reported loss of \$25 in rolls of pennies from a greenhouse; and Josephine McMorris, 1600 E. Dayton, reported theft of a riding lawnmower valued at \$100.

RUNNING EVERYWHERE — Proof that Slaton junior tailback Bill McClesky ran every direction last Friday night can be seen here in photos showing him running in opposite ways. In the top photo, some Abernathy Antelopes struggle to get him down as Ricky Denzer (75) approaches and Gary Aycock rests on one knee. In the bottom picture, McClesky finds room around right end as Abernathy's Ken Davenport appears to be looking for his contacts about a foot below the ground. McClesky rushed 22 times for 147 yards, an average of 6.7 yards per carry, as Slaton won 26-0.

Saldivar Hearing Set

Charges against fired Slaton city patrolman Joe Saldivar and a hearing on his petition for reinstatement will be heard by Slaton City Commission in a called meeting scheduled for 1:30 p.m. Friday in the commission room at city hall.

Saldivar, 22, was dismissed last week as the aftermath of an arrest Sept. 18 of a 58-year-old Slaton man accused of being drunk. The officer was accused of beating the prisoner.

The Slaton resident involved, Kenneth Davies, Monday pleaded not guilty of the charge of "drunk in car". He appeared before

City Judge Fred England, and posted bond, which means the case will have to come to trial in city court, where no cases have been tried in more than a year, and a backlog of other cases is ahead of it.

Saldivar denies using any more force than was necessary at the time of the arrest, and sworn statements of two witnesses back him up. Reportedly several persons also have signed statements saying they witnessed the incident and supporting Davies' story of what happened.

Also an issue in the case is the contention of police that Davies was released from jail by City Commis-

sioner Otis Neill, who denies this allegation.

Girl, 11, Will Vie In PP&K

Cynthia Wheeler, 11-year-old daughter of Mr. and Mrs. V.C. Wheeler, Southland, is the only girl among 50 entrants in the annual Punt, Pass and Kick competition set for 9:30 a.m. Saturday at the Slaton High School practice field.

Cynthia, who has been getting some good coaching from her father, said, "My brother entered last year, and I thought it would be a good thing to enter this year."

Cynthia will compete in the 11-year-old division in all three events. Her friends haven't been much help in encouraging her, because, "I haven't told most of them," she said. Six winners from Saturday's competition will go to Lubbock to compete in the regional PP&K contest Oct. 12.

Rembrandt's Home To Be Visited On Spring Trip

The nine day tour of Europe sponsored by The Slatonite will make its first stop in Holland. The jet flight from Lubbock will take passengers to Amsterdam and after a tour of the city, tour members will spend the night in either Arnhem or Utrecht.

Included in the tour of Amsterdam is a visit to the famous Rijksmuseum which houses a large collection of Rembrandts. The Tower of Tears, Rembrandt's house, also will be toured.

In the evening, a boat ride through Amsterdam's picturesque canals is planned.

The tour will return to Holland at the end of the trip, and members will stay in either Utrecht or Leiden.

Holland is a country full of the old and new together. There are Gothic dungeons in The Hague and modern skyscrapers in Amsterdam. Wooden shoes are worn every day in the country, and the three greatest cities

are only an hour apart. Holland is a land of water sports. The North Sea stretches the length of the country, and there are thousands of miles of rivers and canals.

Flowers bloom all year in Holland. Tulips bloom along the North Sea in the spring. The tour will be in Holland in March and the country's ten million tulips should be in bloom.

Dining Dutch style can be an experience. Simple sandwiches are available in quaint outdoor shops. For the more adventuresome, there is peppery Indonesian rijsttafel and 40 separate dishes to mask a bowl of rice.

Holland is a country of beauty and tradition. The nine day tour of Europe will afford members to see much of the land. If you would like more information on the trip — five countries for just \$628 — call Sandy Martin at 828-6201. Wouldn't you like to see 10 million tulips in bloom?

QUESTIONS: After his team's getting the football victory since last year, Eddie Cook probably could be elected. And right now, John Landreth is for him. A lot of folks around here have suffered long at the hands of the Fat Frau. Last year's 14-7 loss was the last ever has come to DC, which has scored 51. Only once have we scored more than a single TD in 12 games against the Fat Frau, and that was in 1966, when the Fat Frau won 24-13. The Fat Frau on the best way to lose weight is to believe in some religion that doesn't have paid down to assure their trip to Europe in the 9-day trip to Europe in several others say they definitely are considering it. One about the trip is that the plane will of Lubbock and return there, instead Idaho, or some such place.

NIFTY FIFTIES — Slaton High School students regressed into the 1950 era last Thursday as they celebrated the "Nifty Fifties" by dressing as they felt students did in those days. Wide skirts and rolled-up blue jeans were in style, along with flatheaded hairstyles for girls and greasy kid stuff for the boys.

"Criteria for selection included business achievement, communication skills, community leadership, geographic

location and size of business."

BETTER NUTRITON

The SHAKLEE Way

Is there a need for Food Supplements? Users of SHAKLEE Nutritional Supplements would answer question with a most vehement and positive "Yes!" They are people who realize that regular meals often fail to supply the vitamins and minerals necessary for the maintenance of a strong, vital body. A non-user, however, should be given opportunity to weigh the evidence and decide for himself. This matter of quality — of better nutrition — is worth your most serious consideration. But, before we can determine the need of better nutrition, we must consider facts of life. I would appreciate the opportunity to tell you about SHAKLEE vitamins, calcium and iron tablets, also alfalfa tablets for relief.

LETTERS TO THE EDITOR

Dear Sir:
I would like very much to speak my opinion about all this gossip about our police force. To my knowledge we have the best police force we have ever had in Slaton, since 1940. Before that I didn't live here. But I think when you get a ticket, pay it and thank the officer. I got one here for speeding. I paid it and thanked them several times, for it slowed me down, maybe saved my live and other lives also, and sure saves a lot on gas. And as far as them picking on certain kids I'm sure they don't. Too many parents can see others' faults but their own are never wrong. Parents now don't have time to see what's going on; too many parties, too much drinking. Most send the kids to church instead of taking them, and they don't know where they go and most don't care.
I hope they reinstate the policeman. It is nothing but right.
And a commissioner has no more right than anyone else in town to go down and turn out their friends in jail. This would certainly be some town if everyone could

go down to the jail and turn his friend out.

Most of us should sweep around our own doors and let the policemen do their job. I am for everyone on the force one hundred percent.

I say hurrah for our policemen.

Gladys Williams

Dear Mr. Editor,

I am writing this letter to let the Slaton policemen, especially Mr. Saldivar, know that I back them 100%. There is no doubt in my mind what would have happened had it been Mr. Average Citizen instead of Mr. Prominent Citizen. The citizens of Slaton cannot put up with this corruption.

I urge all citizens to back our police force and to do a little "house cleaning" come election day.

Thank you,
Beverly Edwards

Local Woman Writes Song For New

By SANDY MARTIN

Anyone who tries his hand at writing will sooner or later hear the old adage, "Write about what you know about."

Carol Woffenden has been doing just that, and the result is that she has sold a song titled, "Truck Driving Man."

"I wrote the song for my husband, Chuck," said Carol. "He's a truck driver for Trans-Co, out of Plainview."

The song was purchased by Columbine Records, and will appear on an album entitled "The Now Sounds of Today."

Carol said she had a slight problem with the contract, but the record company finally agreed to her terms. "I had them put in the contract that the song had to be done by a female singer and it had to be country and western," she said.

Lyrics Only

Although Carol only writes the words to songs and someone else has to write the music, she knows what she wants the song to sound like.

"I think it would sound best if a talk-singer does it. You know, someone who sings like Dolly Parton," she said.

Carol began writing songs in May, and since then she has written almost a dozen. She said there is no particular thing that inspires her, it just happens.

With a laugh, Carol recalled, "I was working on 'Truck Driving Man' one day and after I couldn't think of another verse, I decided to take a shower. Well, the rest of the song just hit me while I was in the shower."

Dee, was killed in a cave in an industrial accident.

After the death of her husband, Susie worked in a shirt factory in San Francisco. She made shirts for movie stars and many well known persons. She also worked as a baby sitter.

All the children are married. Newton and Lillie are in Junction. T.J. and Pauline are in Klamath Falls, Ore. Opal and Robert Lee Hagler live on Rt. 2 Post. Mrs. Bradshaw has 12 grandchildren and 18 great-grandchildren.

In 1956 Susie moved back to be near her daughter and continued to live there until 1971 when she moved into the Slaton Care Center. Through the years she has made her own clothes and loves to crochet and embroidery. She has always had a green thumb with flowers. Susie celebrated her 86th birthday Tuesday.

Research sponsored by the National Cystic Fibrosis Research Foundation is seeking a cure for the inherited disease cystic fibrosis and better treatment for all children with lung diseases. Six million children have lung diseases — six would be too many. Contact your local C/F Chapter and find out how you can help.

Nursing Home News

Susie Bradshaw was born in 1888 in Bell County, Texas, to John Ambrose and Anne Eliza Smith. Susie was 10 months old when her father died. She had three sisters and four brothers and is the only surviving member of her family.

Tragedy struck early in Susie's life. At the age of five, she and her brother, age seven, were riding in a buggy when another horse that was running away caused the horse pulling their buggy to kick up his hoofs. The horse struck her brother in the forehead and killed him instantly. Susie was also hit in the forehead, and was critically injured.

When Susie was a child, she was the organist for the Baptist Church in South Elm. She played a pump organ.

On Aug. 23, 1908, she married Dee Henry Bradshaw. They had three sons

SUSIE BRADSHAW

and a daughter. They lived in a covered wagon and crossed the Red River on a ferry with the mules and wagon.

They moved to the Slaton area in 1922 and later moved to Dora, N. M., moving back to Texas for a short while before going on to Arizona. There they worked in the copper mines. From Arizona, Susie and her family moved to California, where they worked in the shipyards during World War II.

Her husband passed away in 1947. In 1961 her son,

Carol also wrote two country and western songs. It is a song about love and life. Carol knows what it's like to be a truck driver's wife, and she puts that feeling into words. She has ridden the highways in the cab of a Mack truck and she has stayed home and worried about her man. So, she writes about what she knows about.

Plans to Continue

Several more of her songs are in the hands of publishers right now, and Carol plans to continue to write. "I do it mostly for my own satisfaction. And if I happen to make some money along the way — great."

Circus To Be Here Sunday For Two Shows

A giant blood-sweating hippopotamus named Goliath will be among the featured attractions when the Dailey Bros. Circus comes to Slaton Sunday.

Keeping the four ton hippo healthy and happy is a demanding task, as the show's local sponsor, Slaton Chamber of Commerce, will undoubtedly agree. The organization has the responsibility of assuring that a minimum of 1000 gallons of water are available on circus day for use by Goliath.

The water will be pumped into the hippo's specially built truck, which contains a tank deep enough for Goliath to completely submerge himself underwater. It is in this custommade home that the beast consumes his daily ration of over 100 pounds of hay.

Goliath's housing and food requirements are stunning enough in themselves, yet people consider his ability to sweat "blood" even more amazing. It is often suggested that dubious means are employed to get the hippo to accomplish this startling feat. But, the fact is, hippos naturally secrete a red, sweat-like substance to keep their skin soft and tender.

The sight of this incredible phenomenon is just one of the many thrills awaiting persons going to see the Dailey Bros. show Sunday. Performances are planned for 2:30 p.m. and 4:30 p.m. at the grounds on Industrial Drive. Advance tickets are on sale for \$1.50 at the Chamber office.

Per Wallops Idalou 49-6

to a close, the Pirates led 19-6. The third quarter proved to be the downfall for the Wildcats. In the opening seconds of the quarter, the Pirates caught the Idalou quarterback in the end zone for a safety. The Wildcats kicked off to the Pirates, who proceeded to move the ball back down field. With 8:12 remaining, Choban passed to Jon Fehleison for another touchdown. The conversion kick by Black was no good. The scoreboard now read 27-6, a 21 point lead for Cooper.

Score Rapidly

Within two minutes of the last score, the Pirates scored two more times. Both of these scores were the result of pass interceptions. The first interception came with 7:53 left in the quarter. Donnie Seale caught the ball and dashed 33 yards for the score. The try for the 2-point conversion run failed, putting the Pirates ahead 33-6.

The second interception came with 6:06 left in the third quarter, when Choban snared the pass and sprinted 58 yards for the score. Choban kept the ball on the

conversion attempt and dashed across for the two points. Hope was fading fast for the Wildcats, as the Pirates pulled ahead 41-6.

The final score of the game came with 8:24 remaining. Tony Houchin of Cooper stole the ball from Idalou quarterback David McKenzie as he attempted a handoff. Houchin raced 31 yards to make the final touchdown. Choban passed to Raymond Jones for the 2-point conversion, to put the Pirates too far away with a score of 49-6.

Choban Outstanding

Pirate quarterback Choban had an outstanding night. He passed 13 times with 8 completions for 136 yards. He scored two touchdowns and threw one touchdown pass. On defense, Choban intercepted three Wildcat passes. In the final minutes, Choban was replaced by tailback Kevin Pringle, who passed three times with two completions for 18 yards.

The Pirate running backs put together a good showing, as they carried the ball 44 times for a total of 221 yards. Scott Armstrong, Garcia, and Childers were

the outstanding running backs. These three ran 171 yards on 32 carries.

Cooper's giant tight end Seale was the favorite receiver, as he caught 5 passes for a total of 88 yards. Seale picked off one pass for a touchdown. On defense, Seale was in on many of the important tackles.

The game against the Wildcats was the Pirates Homecoming. Two Queens were crowned at halftime. Mrs. Jane Ehler Bednarz, class of 1963, was named the "Coming Home Queen". Miss Sherry Tyson was named Homecoming Queen for 1974.

This Friday, the Pirates will travel to Post to meet the Antelopes.

Cindy Hagens is the chief editor of the Anchor school paper. Cindy has helped improve the paper by giving it a new name and look. She is a senior and the daughter of Mr. and Mrs. Allen Hagens of Rt. 4, Lubbock. She has an older brother, Randy, who is attending Tech and a younger sister, Shari, who is a freshman at Cooper.

Cindy participates in many activities. She is reporter for the Future Homemakers of America and the senior class. She excels in such academic work as typing, shorthand, and homemaking. Water skiing, sewing and riding bicycles are some of the hobbies she enjoys.

The Anchor school paper is now being printed every two weeks. Along with this change they are now selling ads that are printed in the Anchor. The price of the ad is \$1.25 per column inch. They can be purchased at the journalism room.

When asked what she thought about the success of the paper, Cindy said, "It is a great paper and I have a good staff to make it the kind of paper it is."

TWIRLERS WIN

The twirlers participated in a twirling contest at the South Plains Fair Sept. 28. Approximately eight lines entered the contest from schools such as Coronado, Idalou, Abernathy and Emerson.

The Cooper twirlers won first place with their routine and second in the small line dance twirl. The girls that participated were Kandy Jones, DeRai Collins, Debra Haynes, ReNee Flournoy and Debbie Hayes.

QUEENS NAMED

The 1974 Homecoming

activities were booming as the band played, spectators watched, the football players played and the cheerleaders yelled. Homecoming 74 was here.

After the Exes homecoming queens were named, the queen of 1974 was presented. The '74 candidates were Delsey Cooper, Rachael Bentancourt, Cindy Hagens and Sheryl Tyson. The queen candidates were escorted onto the field by Clayton Bates, Jerry Vance, Marc Barrington and Kevin Pringle.

Sheryl Tyson was named queen. She is a senior and president of the student booster club. She was chosen by the football boys.

CVAE

Education does not necessarily mean reading plays by Shakespeare or working algebra problems. The Coordinated Vocational Academic Education (CVAE) course provides students the opportunity to learn saleable trades and skills that open many doors to job opportunities.

The federal government established CVAE in 1963. This program covers many areas of trades and skills. After a survey was taken in the Woodrow area, it was decided that the general construction trades would be most beneficial to the students of this area. For three years, the CVAE program has been training students in the areas of carpentry, masonry, concrete finishing, painting, electrical wiring and plumbing. The academic classes of English, math, history, and science are studied according to needs that must be met in earning a living.

CVAE provides a class for both junior high and high school students. Each class meets two periods a day. For junior high class Robert

Dennis, the CVAE teacher, instructs the students in all six trade areas. When they reach high school, they are given a choice of the skill or skills on which they wish to work.

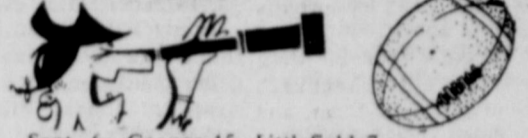

Connected with the CVAE program is the Vocational Opportunity Clubs of Texas.

This club has various offices which are filled by students of CVAE.

In addition to actual training, the CVAE classes have repaired desks, built a time keeper's table, added lockers to the Coaches' workroom, laid sidewalks, built props for drama, and even added a bedroom and bath to the house of Harold Carpenter.

Once a month, the classes have a club night that provides a chance for them to make something for themselves. Dennis said he was very proud of the whole program. He remarked, "I think the students and programs we're handling are getting better every year."

Mustangs Nip Ropes

The Wilson Mustangs battled their way to their first district victory by downing the Ropes Eagles 27-19. The Mustangs have now moved their record to 3 and 1.

The contest opened and gave the appearance of being a defensive battle but on Wilson's third possession, Mike Bednarz opened up his air gun as he hit his brother Greg on a 51-yard touchdown pass. The extra point kick by David Ramirez was good. The score came with 2:35 left in the first quarter.

Swap Touchdowns
On Wilson's next possession, in the second quarter, Wes Wilke with some fine broken field running and good blocking squirted through the middle of the Eagles defense for a 24-yard touchdown run. Ropes came back with a 52-yard drive capped off by a 29-yard pass to Steve Sims, and Ricky Street kicked the extra point to make the score 13-7.

Wilson iced down their victory in the fourth quarter after Mike Bednarz returned a punt back to the Ropes 5-yard line then carried the ball over for the score. Mike passed again to Greg for the extra point to make it 27-19.

Lots of Yardage
The balanced Wilson offense had a good night with 200 yards rushing and 165 yards passing and 101 yards rushing and 101 passing.

Seven passes for Wilke also led defense with 14 one interception Johnny Arellano, tega, and Greg with 11 tackles. Wilson plays Friday at Wilson coming. NOBODY'S BUSINESS
 "For none of us liveth to himself" (Rom. 14:7). How many times have you heard someone say: "Well, it's nobody's business but my own what I do"? Preachers quite often hear this as they attempt to encourage someone to obey the gospel or to be restored to faithfulness. But surely such a person is in error and his attitude is mistaken.
 Do we mean to suggest that it is no concern of our wife or husband how we live or what we are? Do we mean to imply that it is no business of our civil authorities how we conduct ourselves, or what attitude we have toward our laws?
 Do we suggest that God who loved us and Christ who died for us have no right to plead with us to accept the salvation offered? When one approaches you with the gospel, do you think he is trying to use you selfishly to further his own interests? Of course not — he is going out of his way to offer YOU something which is greater than all the world! Sure, it is somebody else's business what I do!
 A sincere welcome is yours at every service of the church of Christ:

Junior High Jottings

By BOBBIE SUE SIMS and ALEXIS OWENS
 After a three day break and an extra day at the Fair, the inevitable happened, we came back to school and started to work.
 Mr. Carter's students are trying to learn the geographical chart. Mrs. Miles' seventh graders have been putting puzzles together. Mrs. Myers' sixth graders are studying ancient civilization. The eighth grade English classes turned in their pun posters Tuesday. Room 103 is "board" with it all.
 When the photographer was here, Mr. Davis had his picture made just for the "principal" of the thing.
 There are four new students in the seventh grade. They are Cindy Valadez, Mineral Wells; Shelley Sanders of Bay City; Deborah Resch, Clovis, N.M.; and Tina Norman from Plainview.
 We welcome them to junior high.
 The seventh and eighth grade football teams start district play next week. They play Post here at 5:30 p.m. next Tuesday.
 New nicknames in junior high are Todd Taylor, Tiny Texan; Jeff Moore, Pooh; David Baker, Waterboy; Tom Dulin, Doolie Booper; Tommy Gaydos, Bubba; and Carl Oden, Boss.
 Next week is Fire Prevention Week. There will be news about that week's activities in the next issue.
 The art bulletin board this week is on balance. Art displayed is by seventh graders Linda Lester, Paul Rodriguez, Carl Oden, Irene Martinez and Frank Noyola.
 Caution. Students please use the crosswalk when crossing the street in front of the junior high.
 Fortified foods have one or more nutrients added so that the food contains more of the nutrients than was present originally before processing.

Federation Sets Dance
 The Lubbock Area Square & Round Dance Federation will host the regular monthly federation dance Saturday in the Fair Park Coliseum in Lubbock. Request rounds will begin at 7:15 p.m. and the Grand March will start at 7:50 p.m.
 Featured caller for the square dancing will be Larry Jack of Brea, Orange County, Calif. He has been calling eight years and has called in 30 of the 50 states. He teaches three or four Caller's Colleges a year and calls regularly for seven square dance clubs. He conducts a regular Caller's Class each week. Jack owns Wild West Records and formerly recorded on Mustang and Windsor labels. In 1973 he had three recordings in the top ten — "Love is Love", "Handclapping", and "Bad, Bad Leroy Brown." He calls for Associations, Anniversary Dances and Festivals.
 Mel and Fran Korchenko of Lubbock will direct the round dance program for the evening. The Korchenkos are instructors for the Left Footers Round Dance Club. They teach round dance classes regularly in Lubbock and conduct a monthly round dance workshop.
 Levi and Laces Square Dance Club of Lubbock will serve as hosts for the evening.
 The LAS&RDF is composed of 25 square and round dance clubs in West Texas and Eastern New Mexico.
 There are clubs for pre-teens, teens, singles and adults; as square and round adults.
 Spectators are invited and will be admitted free of charge. For more information, call George and Roxie Carter, Federation President, 795-6523 in Lubbock.

Greg Basinger Wins Second Week In Round Dance
 Greg Basinger, 1020 W. Garza, won first place in the Slatonite Football Contest for the second consecutive week, this week missing just three games in the contest to top all the 70-plus entrants. He also had a tie-breaker score of 25, just one point off the total of 26, but didn't need to use this to win his \$10.
 Gwenda Stricklin, 1025 S. 20th, won second prize of \$5 by missing just four games, and Rex Beck, Rt. 2, Slaton, won third prize of \$2 by missing five games and having a tie-breaker total of 28. Also missing five, but having a tie-breaker total of 22 was David Brake.
 Two entrants failed to have a participating merchant stamp their entry, and one — whose entry was signed at Citizens State Bank — failed to put his or her name on it, which came out they missed only one game.
 Among the Fall casters, Dalton's mighty leap into (by one game) as just three games, 30 right, 17 wrong year. Bill Ball, three, and Pete who missed four, second place at Holt, who has just about every getting his come as he dropped in place by missing and now stands. Sparkman missed is in last place at just four games.

The English II and III classes recently wrote small-group short stories. The story by R. I. Vasdonia (the

combined pen name of an English III group) is printed this week. The other stories will be printed later. (All groups were required to use prepared story beginnings, which were drawn at random by the students.)

"The Elephant Hunt"

The class was quietly taking a test when the elephant walked by the open door and down the hall. The students heard a scream and then they saw Mr. Dickerson running down the hall being chased by the elephant. He was yelling at Mr. Hunter to open his door, but Mr. Hunter did not hear him. Mr. Dickerson collided into the door, with the elephant right behind him. The elephant made a hole as big as the door. Mr. Hunter picked up Mr. Dickerson from under the boards and pieces of wall. The elephant

made a U-turn and dashed after them. They ran into the office and locked the door.

Mr. Dickerson said, "I'm glad that we are in here, because there are supposed to be two extra elephant guns in the office safe. We had them left over from last year's elephant shoot."

Mr. Hunter opened the safe and grabbed the two guns. He walked out the door, closely followed by Mr. Dickerson, but the elephant had gone out the front door.

Green Freeman Stars Hayloft Production

Green Freeman will be starring in a play called "Solid Gold Cadillac" at the Hayloft Dinner Theater which began Oct. 1, gives her an outstanding opportunity as the lead in this hit play. She holds stock in a massively disorganized corporation and at her first attending a stockholders meeting with her vote, asks some rather embarrassing questions. In order to keep her from continuing her questions and disrupting the entire meeting, she is hired by the company as Director of Stockholder Relations in some obscure back office hoping that no one would

ever see her, hear her or pay any attention to her. Her honey letters, however, seem to reach the ear of four million stockholders and creates some additional problems that the corporation must solve. It is a comedy, a very funny one. Miss Freeman has an extreme talent for stage productions.

She comes by this talent quite naturally, in that her parents had a vaudeville act. She was raised in the business. She has appeared in about 70 plays in eight years and has directed and written children's plays.

When a child is comfortable and secure in his home and in his surroundings and he knows that others respect him, he develops self-esteem and confidence.
