TIGER BAND WINS FIRST IN THREE DIVISIONS

Tiger Band Wins Many High Honors

The State Band Contest held last Friday and Saturday, the Slaton Tiger Band, directed by J. J. Hensley, broke a six-year record by winning first division in concert playing, sight reading and marching. This is the first time since the organization of the band that they have won top ranking in all three divisions at the same time.

Comments of the judges were Milburn E. Carey, former director of Phillips University Band and now bandmaster of the 189th Field Artillery, Fort Sill, Oklahoma: "March well played, very nice job of the entire performance. Shows that the band has had good training and attention paid to details."

Oakley Pittman, Classen High school band director, Oklahoma City: "Band has nice tone quality and shows good control. A very good performance and an enjoyable band."

Everett Wilcox, Wewoka, Oklahoma band director: "This is a fine band and director, they have wonderful possibilities—very nice tone quality. They gave a very creditable performance."

These ratings entitle the band to participate in the National Band Contest to be held at Waco May 8, 9 and 10. The band leaves next Wednesday for Enid, Oklahoma where they will take part in the Tri State Festival being held there April 16, 17, 18 and 19.

It has also been announced that 18 members of the Slaton Tigers have been selected to play in the 4-State Band of 350 pieces and chosen from over 150 bands that will attend the Enid meeting. This band will be made up of the best musicians in all the bands that will attend the meeting. Those from the Slaton band who will play are:

Frank Gyles, Paul Melton, M. G. Davis, Glenn Scroggins, Kenneth Tanner, Bill Roy Sanner, Frank Todd, Kirby Scudder, Billy Bob Tibbs, D. W. Walston, James Thorn ton, Teddy Swanner, Lori Ann Young, Earl Green, Billy Lokey, Don Cherry, J. E. Eckert, Charles Reese.

Mystery Show To Be Here Soon

An indoor circus of mystery will be brought to Slaton April 18th by the Slaton schools and will be presented at the high school auditorium. Admission will be 10c.

The troupe is headed by The Great Virgil, magician and illusionist, and they will present a full evening show filled with mystery and spectacular illusions.

In addition to the many magical effects and illusions, The Great Virgil will present his mad-merry gang of spooks, goblins and ghosts as one of the attractions.

Among the many breath-taking acts to be seen here will be: The Vanish of "Simba", the real live African Lion, The Beautiful Hindoo Princess Asleep in Mid-Air, An Execution on Mars, The Famous Hindoo Rope Mystery, Hindoo Basket Miracle, Chinese Opium Den Mystery, Chinatown after Dark, Satan Burns a Man, The Dissolving of the Bodies of two Human Beings, and dozens of others.

Stevens Catches Catfish

Stevens and W. P. Catfish mixed a little pleasure in the business when they went to the Ginners Convention in San Antonio last week.

After the convention was over Saturday they drove over to Buchanan Dam and put out trot lines and caught 58 pounds of big catfish.

Joe Bob and many of his friends have been eating fish this week and Joe Bob is working out a good fish story to tell, perhaps we'll have it in next week's paper.

Rodeo In Post Set For June

Post—Prize money amounting to \$1,300 has been posted by the Post Stampede, Inc., for Post's first "big time" non-professional rodeo to be held here June 6-7. It was announced Monday by officials of the association.

Four feature events, calf roping, wild cow milking, saddle bronc riding and steer riding, have been planned, said G. W. Connell, president of the association.

In the cow-girl's sponsor contest a \$115.00 saddle is being offered as top prize. There will also be several other prizes in this contest.

Besides the four main events there will be other special features including bare-back riding, stunts, and other events which are being planned, to make up a full 2-hour performance for each show, declared Phil S. Bouchier, manager.

A grand parade to precede opening the first performance is being planned. A number of prizes are to be offered parade entrants.

The rodeo will be staged at the Post high school athletic field where lights are available for night shows. Seating arrangement, including a permanent grandstand for 2,000 people and portable "bleachers" for 1,600 will be provided for this year's show.

Final Rites Held For Jack Holt

Funeral services for Jack Holt, son of Mr. and Mrs. Roy Holt of this city, were held Tuesday, April 1, at the First Baptist church with Rev. W. F. Ferguson, pastor, officiating. He was assisted by Rev. J. Paul Stevens, pastor of the Presbyterian church. Burial was in Englewood cemetery.

The boy was stricken while at school and died of an acute heart attack. He was born in Slaton September 17, 1925 and has lived here all his life.

Of the immediate family the parents and one sister, Jean, survive him. All close relatives were present at the last services.

Pall bearers were Lloyd Henry, Warren Henry, L. L. Lively, Joe Walker, Andrew Dulaney, Bill Moseley, Jimmie Wright and W. K. Fry.

Flower girls were Corrine Cates, Bernice Smith, Dora Caldwell, Emma Young, Dorothy Sledge, Billie Jean Jarman, Marian Bain, Evelyn Scroggins, Mrs. Warren Henry and Mrs. Lloyd Henry.

TO JACK
God has called you, Jack, away
To give you his loving care;
And though we miss you so each
day

We can see you smiling there.
Your thoughts were always for
another,

Your deeds were kind and true
You were devoted to your sister,
Dad, and Mother
Jackie, there could never be another
boy like you!

We miss you most at the table,
We miss your joy and cheer,
We don't seem to be quite able
To do without you here.

But as the days pass slowly by
Our memories of you are sweet;
And we pray that some day in
that Home on High
You, Jackie-boy, we'll meet.

Presbyterian Ladies To Have Food Sale

A food sale will be held Saturday by the Presbyterian ladies at the Texas Utilities office. The sale will begin at 9 o'clock and will continue until everything is sold.

Food to be sold will be cakes, pies, candies, cookies and Easter eggs. A bazaar will be held at the same time at which bonnets, aprons and pot-holders will be sold.

They'll Be In The Army Soon

Walter Donald, linotype operator at the Slatonite, Greeley Sanders of the Texas grocery and John Crawford of the Palace theatre have all taken their physical examinations for the army and it looks like they will soon be all doing a lot of something for Uncle Sam.

There are probably a number of other young men who have been called into the army from this territory but this information is not available.

Shelton - Sanner Elected Saturday

In the Slaton Independent School District School Board Election held last Saturday Raymond D. Shelton received 149 votes, R. C. Sanner, 112, Roy S. Mack, 101 and S. G. Wilson 84.

As there were two places to be filled the two receiving the greatest number of votes were elected. Mr. Sanner and Mr. Wilson were running for re-election. There are four men now serving whose terms have not expired.

The school board members are now O. O. Crow, H. T. Swanner, C. L. Suits, C. E. Lilley, Judge Smith, Raymond D. Shelton and R. C. Sanner.

There was much interest shown in the election and the number of votes cast was larger than usual in a school board election.

RESERVATIONS BEING TAKEN FOR LOCKERS; PLANT TO OPEN SOON

Mr. E. R. Legg announced this week that the Farmers Supply & Frozen Locker Company will open for business on about April 21, but that those who wish to reserve lockers will be allowed to do so now at a discount. After the opening date the regular rates will be put into effect.

In addition to offering the locker service the Farmers Supply and Frozen Locker company will have a curing plant, cutting, wrapping and processing room, will do custom butchering and operate a tractor repair and service department and have the sales and service of the Minneapolis-Moline Tractor. A full line of parts will be carried in stock and a corps of trained tractor mechanics will be employed.

Mr. Legg also announced that he has purchased a site for a slaughtering plant near the Edwards Gin and will in a short while be in position to offer slaughtering service to every one who wishes

AWARDS FOR BETTER LAWNS AND STUDENT SPEAKERS TO BE MADE

At the regular meeting of the Chamber of Commerce last Tuesday night the organization appropriated \$15 and a trip to the West Texas Chamber of Commerce meeting in Mineral Wells as awards for a contest in the High school for the best Declaimer for the City of Slaton. The one chosen as the best will receive \$7.50 in cash and the trip to Mineral Wells to speak before the West Texas Chamber of Commerce meeting in May. The one who is chosen the second best will receive \$7.50 in cash.

The contest for the students is being worked out in detail and will be announced as soon as possible.

Red Cross Workers Have Meeting Mon.

An all day Red Cross meeting sponsored by the Jolly Quilting club was held Monday at the Slaton club house. A covered dish luncheon was served at noon. During the day layettes were made by the group.

Two Lubbock workers of the Red Cross were present at the meeting, Mrs. Ray Ameer and Mrs. Jack Reeves. Slaton ladies present were Mesdames George Angerer, Ben Mansker, P. M. Wheatley, J. W. Scott, J. W. Ward C. E. Jarman, W. P. Florence, H. E. Cavenar, W. Donald, Otha Owens, Alfred Brown, J. F. Ewing, I. C. Tucker, E. E. Wilson, R. C. Sanner, D. W. Thompson, chairman of the local organization.

Slatonite's Father Dies Last Week

J. M. Merrell, father of Bob Merrell of Slaton, died at his home in Maud, Oklahoma at 6 a. m. March 31.

Mr. Merrell was a native of Tennessee, and at the time of his death was 87 years, 3 months and 5 days of age.

He is survived by two sons, Bice Merrell of Wewoka, Oklahoma, Bob Merrell of this city; two daughters, Mrs. Jessie Vinson, Lane, Oklahoma and Mrs. Coda Pee of Sweetwater; 10 grandchildren and 11 great-grandchildren.

Mr. Merrell was an active and valuable citizen to his community, having been prominent in many civic and business activities in Pottawatomie county, Oklahoma for the past 44 years.

Easter Cantata Is Planned

"Memories of Easter Morn" by Ellen J. Lorenz will be presented by the Methodist choir next Sunday at 6 p. m. This is one of the most beautiful of Easter cantatas and will be under the direction of Mrs. L. A. Harral with Mrs. Allen Ferrell at the piano and Mrs. Webber Williams, organist.

Mrs. O. D. Groshart and Jack Norman will be guest soloists. Mrs. R. G. Lovell, Mrs. S. H. Adams and Mrs. O. D. McClintock will decorate the church. An invitation is extended to the public.

Funeral Is Held For Benito Sedillo

Funeral services were held Sunday afternoon at 3:30 o'clock for Benito Sedillo, local Mexican. Father O'Brien read the services at the Slaton cemetery.

Sedillo died Saturday morning at Mercy hospital. He is survived by the wife. He was born April 3, 1918.

Max Arrants Is Hurt In Accident

Max Arrants of Charleston, Tennessee, son-in-law of Mr. and Mrs. E. R. Legg of Slaton, was injured in an automobile-bus collision recently near Huntland, Tennessee.

Mr. Arrants was enroute to Slaton to join his wife, the former Miss Gertrude Legg, who was visiting her parents, called here by her father's illness. She left immediately for her husband's bedside following notification of the accident.

Mr. Legg reports that Mr. Arrants, who received head injuries and abrasions and was in a semi-conscious state for 24 hours, is improving and has been removed to his home. He is coach of Charleston High school.

Two companions of the young coach were injured slightly.

Baptist Convention In Dallas Next Week

Dallas — Centering their attention on "The Word of Life for a World in Strife," the 10,000 Texas Baptists expected in Dallas, April 15-17, for the State Baptist Sunday School Convention, will recognize the world's most pressing problem and seek the only permanent solutions, according to Dr. G. S. Hopkins, State Secretary, as he announced the convention program today.

Headliners on the program will feature varied aspects of the convention theme, with Dr. John L. Hill, Nashville, Tenn., delivering the keynote address at the opening session Tuesday morning, April 15, in the First Baptist Church.

Dr. C. Oscar Johnson, pastor of the Third Baptist Church, St. Louis Mo., former president of the Northern Baptist Convention and recognized as one of the most militant, aggressive Baptist ministers in America, has been secured for two addresses.

Rev. W. F. Ferguson, pastor of the Slaton Baptist church, and Mrs. Ferguson and several other Baptists are making plans to attend the Dallas convention.

Golf Tournament In May At Sweetwater

The 17th annual West Texas Golf Tournament will get underway at Sweetwater on Thursday, May 15th, with as many flights of 32 each as entries justify. H. M. Rogers, general chairman announced today.

Because of its central location, this year's tournament is expected to draw a large list of entries and prizes will be awarded to medalist, to the winners and runners-up in each flight, and to the winners in each consolation flight, Rogers said.

The Sweetwater course is considered a very short course since it crosses the 22-mile shoreline of Lake Sweetwater several times. It is an 18-hole course with grass greens. All cards must be in the hands of the pairing committee by 5:30 p. m. Thursday evening.

The stag dinner is scheduled for 7:30 p. m., Thursday, and the long-driving contest will be held at 5:30 p. m., Friday, Rogers explained.

Teachers For Coming Year Chosen

At the regular meeting of the School Board last Monday night the election of teachers for the Slaton Independent School District were made for the next school term. Those chosen are as follows:

Hensley, band; Roy Morris, vocations; Lorene McClintock, music; Addie Lee Morrison, history; Louise Payne, Spanish; A. C. Strickland, agriculture; Grace White, speech; J. G. Wilhite, science; Mrs. Horace Woodward, math.

T. D. Johnson Is Claimed By Death

Funeral services for Thomas Duke Johnson were conducted Monday afternoon at the Slaton Methodist church. Rev. J. O. Haymes of the First Methodist church of Big Spring, Rev. H. C. Gordon, pastor of the Slaton Methodist church, and Rev. W. F. Ferguson, pastor of the First Baptist church, officiated. Burial was in Englewood cemetery.

Mr. Johnson was 66 years of age at the time of his death on April 6 in Big Spring. He was born October 30, 1874 in Danville, Arkansas. He moved to Slaton in 1917 and was a farmer here until three years ago when he moved to Big Spring.

Survivors are seven children, H. F. and J. R. Johnson of Slaton, H. H. Johnson of Quamado, Frank, T. D. Jr., Mildred and Jewel of Big Spring; two brothers, J. W. Johnson of Wichita Falls and J. C. Johnson of Elmore City, Oklahoma; two sisters, Mrs. Cora Raines of Vernon and Mrs. Mary Goodman of Houston, and 10 grandchildren.

Church Of Christ Meeting Starts Sun.

Easter Sunday marks the beginning of the Gospel meeting of the Church of Christ announces Ernest McCoy, pastor. Cleo Jones of Iraan will conduct the services beginning Sunday morning at the regular hour.

The revival will continue through April 24, and services will be held at 10 o'clock each morning and 8 o'clock each evening. Everyone is cordially invited to attend.

New Refrigerator Line Being Offered

After careful investigation of a number of electrical refrigerator lines, Carter Hardware company has secured the Kelvinator for this territory.

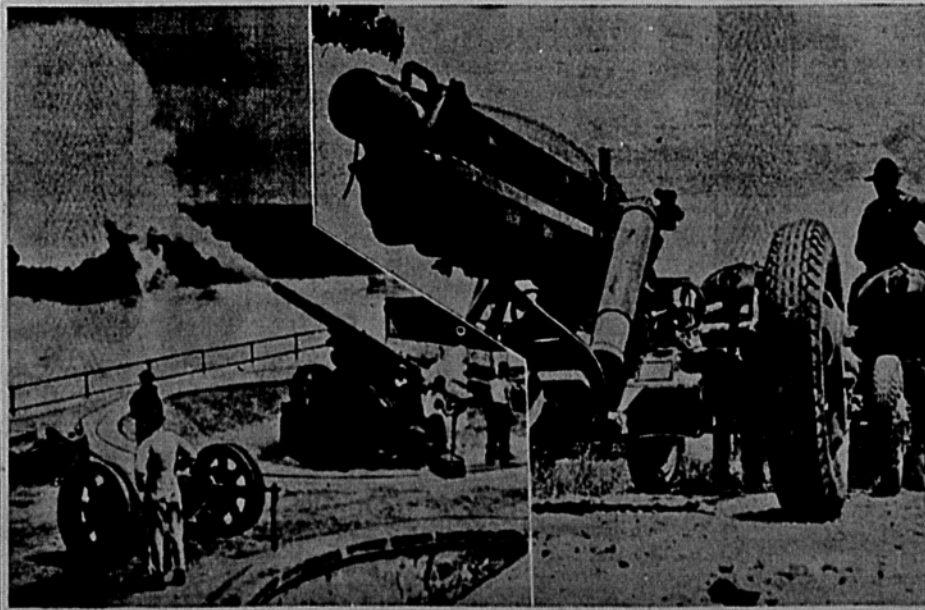

Kelvinator has many exclusive features that make it outstanding in many ways. Among them are all steel cabinets, stainless steel freezers, sealed units, oversize storage space and many other conveniences and economies not found in other lines.

The new 1941 models have new interior arrangement for convenience and better food preservation. The exterior is modeled for beauty and for saving of space and are as attractive in the kitchen as a grand piano is in the living room.

Many of the new models are now on display at Carter Hardware company, and many more are enroute and will arrive within the next day or two.

"We have made unusually attractive financing plans that makes the buying a Kelvinator more convenient than ever before," says Mr. Carter, "and as all signs point to either price increases or a short age of all kinds of mechanical equipment, we suggest that anyone planning on buying a new refrigerator or trading in an old refrigerator on a new model should come in and inspect the new Kelvinator."

While I have not seen a Robin yet there is one sign of Spring that might put a tra la in your heart and that is Nick Carter wearing a sport model bright green hat. He says he is doing so for advertising purposes. As he has put in a stock of them, and I believe he has the right idea for you can spot the hat a mile away. Quite a snappy outfit; but I have a Louisiana size head and could not find one to fit me so will have to let Nick do his own advertising unless he wants to buy a page or so in the Slatonite.

R. C. Ayers says that Claud Anderson told him that the committee on advertising the Rodeo is falling down on the job and Ray come over and told me that as I was also on the committee that I should get busy, so I went over to see C. C. Hoffman, who is also on the committee, to tell him he should do something about it but C. C. was not in, but he had better look out for I am going to catch him some day soon.

Are you good on writing twenty-five words or less? Whether you are or not you will enjoy attending the Plains Lumber Company's Mello-Gloss Uaint Fashion Festival for they are not only offering prizes for the best short essay on the paint but are also giving each lady visitor a very attractive gift.

But getting back to the essay contest there will not only be a prize for the best 25 words written by a Slaton citizen but also national prizes

amounting to over \$1100.00 which is quite a flat full of money. The Paint Festival starts today and ends tomorrow. If you want to get your spoon in the gravy you had better go by and get your entry blank.

You never can depend upon a picture show man. Last week I asked John Crawford how his brother Herschel was getting along and he said Herschel was much better but could not come down town, so I told the folks about it, feeling sure that Herschel would at least stay at home until the paper could be printed, but who should I bump into Thursday evening on the street but Herschel, and he was looking better than he has since I have been in Slaton . . . and so that's the way things go, and that's why you never can believe anything you see in the papers.

Had quite a sob story in the Slatonite last week about the discarded things that can be found in the garbage dumps. The tale that an old pair of wedding shoes could tell, etc. 'Twas a nice sentimental line of thought but what I would like to know is why so many of those old shoes, discarded ties, other articles of wearing apparel, building material, etc. are not taken to the dump-heap where they belong instead of left out in the alleys, side streets and on the sides of the highways. Our town and many other towns would attract prospective citizens much quicker if these articles were burned instead of displayed for public view.

It is said that a man will pay twice as much for an article as it is worth, if it is the kind of an article that he wants, but that a home is filled with bargain table lamps, card tables, twelve carving knives that came with ten bars of soap and a coupon, and fourteen dozen fruit jars. Every time I open a closet something drops on my head from the top shelf and it may be a vase, a fancy colored sofa pillow or pair of outmoded house shoes. Things are so crowded that I do not have a bit of room for my fifty dollars worth of fishing tackle that I have to go out to the garage to find when I get the spring fever and want to look it over.

Once upon a time as the fairy tales go, a man became wealthy. Desiring to help one of his poor relatives he sent him a check and told him that a similar check would be sent each month.

The poor relation wrote a four page letter thanking the rich man on receipt of the first check, the second check brought a short note in appreciation and the third month the relative wrote and complained about the check being three days late.

It seems to me that the labor woman will buy anything whether-

er she needs it or not, if it has been reduced in price. But the trouble is that the women usually beat the men at finding things that they don't need before a man can find something that he does want at double its value. My unions are acting somewhat like the poor relation. When the Government passed laws giving the Labor Unions many advantages they have never enjoyed before the Unions immediately start hitting below the belt and unless they at least start listening to reason they will have their supply of candy cut off and will be drafted to do their work just as many of our most valuable young men are

being drafted into the army—and the Union boys will probably be getting about the same amount of pay the army boys are now receiving.

Here is how our Congressman feels about the strike situation. We quote below from Mr. Mahon's speech before Congress on Thursday, April 3rd as reported in the Congressional Record of that date.

Mr. Speaker, this conference report provides for more than \$4,000,000,000 additional for national defense. I think the appropriation is in the public interest and I am

for it, and I am for such taxes as may be necessary to raise all or part of that sum. However, I share the view of the overwhelming majority of the Members of this Congress when I say that I want this money spent right and without waste or graft, and spent promptly for the defense of this country.

I believe the American people are tired of having their pleas for action in regard to the slow-up of the national defense answered with the statement that the situation is being investigated. The patience of the people is about exhausted. What the people of this Nation want is action—and

action now. (Applause.)

I say that this hold-up of our national defense is nothing short of an outrage against the public welfare of our Nation. I hope the Mediation Board will act, and I hope the President will act and act with increasing firmness and promptitude. As for myself, I am ready for the Congress to supplement investigation with action—and action now—for the defense of our country.

In my opinion, the overwhelming majority of the laboring people, in both the organized and unorganized groups, share the views which I have expressed. (Applause.)

HERE IS YOUR INVITATION TO RESERVE A PRIVATE LOCKER IN THE

Slaton Frozen Food Locker Plant

It is impossible to make a personal call at each farm home and city home to solicit rental of Lockers. Therefore we request all people interested to read this advertisement thoroughly and to call at our office and reserve a box NOW, so that we can get an idea of how many lockers will be needed to serve the people of Slaton and surrounding communities.

We have an office one block west of Palace Theatre and a representative will be there to answer questions about the Plant and to take your Locker reservation. Locker boxes will be \$10.00 per year; locker drawers \$12.50 per year. Those who make reservations now will be allowed \$1.00 off these rates. We hope to be in operation by April 21st.

While the Frozen Food Plant is a great advantage to the town resident in keeping his surplus meats, fruits, and vegetables, the lockers are just as valuable to the farmer and his family, because in addition to the advantages in connection with fruit and vegetables they afford him the opportunity to preserve in perfect condition a large stock of meat, no matter what the season of the year.

Butchering The Year Round Is Possible

It is not necessary to await the arrival of cold weather before you butcher your beef, hogs, or sheep. It makes no difference if the temperature is 100 degrees in the shade or in the low 30 degrees. You can butcher any time you wish if you use the facilities of a Frozen Food Locker Plant.

Here is how it operates: Simply butcher or have us butcher whenever you desire. Bring the carcass to our plant, where facilities will be provided to cool it out. It doesn't matter how hot the weather may be—you can butcher your animal when it has reached its peak thus avoiding unnecessary feed bills and care.

We will also provide a cooling and aging room where your meat carcasses are cooled and aged in the most modern and scientific manner.

Curing Plant Facilities

The locker plant will have complete services for the curing of all meats. It will also offer a smoke house service for those wishing to both cure and smoke meats. You can get these two services along with the Frozen Food Locker plant service.

Cutting, Wrapping, and Processing Room

In order to assist with your butchering work, we have installed a cutting, wrapping, and processing room in which we will cut up your meats or other produce. In addition, we will provide an electric grinder to grind your sausage and hamburger. Complete processing equipment is available for all products.

Custom Butchering

We have arranged for the service of an expert meat cutter to do the work. A nominal fee is charged or we will butcher beeves for the hide.

Frozen Food Lockers Save Work

It isn't necessary to look forward with dread to the butchering season. There is no need to spend long hours over a hot stove. The Frozen Food Locker system takes away considerable of the fret and worry—the strain of working against time. It isn't necessary to be worn out while the butchering season is underway. You will be surprised how much time you can save, how much unnecessary work can be avoided, and how easy it is to take care of surplus cuts by use of a Frozen Food Locker Plant.

Save Money

Be Wise—economize! Haven't you frequently heard that someone had his meat spoil last year? When meat, poultry, or any other products spoil, money is lost. Why take undue chances? There is enough meat trimmed, bone taint, partial spoilage around edges, not to mention excess shrinkage, eliminated by the use of a Frozen Food Locker Plant to more than pay for the nominal charge for this service and leave enough over to buy that hat, coat, suit, or pair of shoes you felt were just unnecessary.

Conserve Surplus Cuts

Are you one of the many who have been confronted with this problem? What immediate disposition can be made of those ribs, backbone, hearts, livers, etc., before they spoil? The trimmings may be ground for sausage to be used when desired if placed in your Frozen Food Locker, thereby insuring delicious flavor and natural color. The smaller pieces that you prize so highly, the ribs, backbone, hearts, livers, feet, etc., that have such delicious meat on them but are so hard to keep more than a few days, likewise may be kept fresh and consumed as you desire if held in your Frozen Food Locker. The savings and pleasure derived from this feature will more than compensate you for the investment.

More Meat Varieties May Be Served

You may serve more meat varieties than ever before. Don't you sometimes tire of the sameness of your meat supply? By utilizing your Frozen Food Locker you may serve fresh meats the year round as you choose—such fresh, tender, sweet, fullbody flavored baby beef, fresh pork, hams, shoulders, loins, chops, and ribs, not to mention such delicious milk-fed broilers, fryers and roasting chickens, turkeys, and other fowl as are likewise available. You may recall the old adage, "The way to a man's heart is through his stomach".

Briefly Just What This Plant Means To You

It makes possible for you to buy products when they are in flush production and are cheap, at a wholesale market price, then store this product in your locker and use it when it is out of season or extremely high in price. For instance, during summer months one can usually buy fryers around 30c each. Why not store these fryers in your locker and make use of them in the winter when they are hard to get even at an extremely high price?

Fresh Fruits, Vegetables, and Fruit Juices

Similarly your Frozen Food Locker may be utilized to freeze and hold any number of fruits such as strawberries, blackberries, prunes, grapes, cherries, peaches, apricots, pears, etc., as well as such fresh vegetables as snap or stringless beans, sweet corn, peas, spinach, squash, and such fruit juices as orange juice, apple juice or cider, cherry juice and pineapple juice. As the fruit and vegetable season comes on suggestions will be made of interest in this connection. No longer are these delicacies out of season, available to our city brothers and sisters alone they can now be more economically prepared at home and conserved in your Frozen Food Locker.

FOR THIS SERVICE (INCLUDING CUTTING, WRAPPING, SHARP-FREEZING, LABELING, AND PACKING IN LOCKER BY EXPERT BUTCHER) A NOMINAL CHARGE OF AROUND 1½c A POUND IS MADE.

SCHOOL ACTIVITIES

Homemakers Attend District Meeting

Fifteen girls accompanied by Miss Phyllis Drake, Home Economics instructor of Slaton high school, attended a district meeting of Lubbock and Garza county Future Homemakers chapters at Cooper on Saturday, March 29.

A program on "Social Life in America" was given by the different schools represented. At the business meeting the group accepted an invitation by the Slaton chapter to have the next district meeting at Slaton. This meeting will probably be early in the fall.

Y. W. A. Girls Attend Wayland House Party

Five Slaton Y.W.A. girls of the Baptist church attended the Wayland house party in Plainview Friday and Saturday of the past week. This occasion honored Baptist girls of this district.

Local young ladies who attended were Misses Viola Martin, Bonny Cooper, Billie Allen, Mary Nell Culver and Juanita Burns. Mrs. E. E. Culver, Slaton sponsor, accompanied the group.

The Y.W.A. met Monday night in the home of Mrs. Culver and the open house was discussed for other members of the organization. The group will have its next meeting in the home of Miss Jimmy Faye Ward at 7:30 p. m. April 21.

West Ward Pupils to Operetta

Pupils of West Ward school will be presented in an Easter operetta Friday night at the High school auditorium. The program will begin at 8 o'clock.

The public is invited to attend, and there will be no charge of admission.

Reading Clinic Proves Success

Mrs. H. P. Baker has completed a six week reading clinic, which has been a great success.

Approximately 300 boys and girls received benefits from the clinic. This included elementary school and Junior High school children in the Woodrow Wilson and West Ward schools.

Comprehension tests were given at the beginning of the clinic and also at the close. These scores have been tabulated and the progress may be seen by comparing these scores. Each teacher has them on file in her room.

These are a few things that have been accomplished: compre-

hension improved, rate of reading increased a better reading habit established, metronoscopic exercises strengthened physical condition, a wider recognition, vocabulary and reading interest stimulated.

Mrs. Baker wishes to express her appreciation for the cooperation of the faculty, parents and other organizations which made it possible to have the Reading clinic in Slaton.

Cheese Dishes For Thrifty Meals

By Katharine Fisher

Director, Good Housekeeping Institute

You can do things with cheese! It's a help to your food budget, and equally helpful in getting variety into your meals. What's more, it goes a long way toward keeping the family feeling fit. In one pound of cheese you get the protein and fat of a whole gallon of milk, plus calcium, other minerals, and vitamins. Best of all, it adds zest to many a dish. You'll agree, I know, after you have tried the several recipes below. (All Recipes Tested by Good Housekeeping Institute)

KATHARINE FISHER
Director of Good Housekeeping Institute

Use Institute-approved measuring cups and spoons. Measure level.

Cream-Cheese Chive Omelet

1/4 lb. cream cheese
4 tsp. finely chopped chives
6 eggs, separated
1/4 c. bottled milk, or 2 tbsp. evaporated milk and 2 tbsp. water
1/4 tsp. salt
1/4 tsp. pepper
3 tsp. salad oil

Cream cheese and chives well with spoon. Then, with a spoon, beat in egg yolks, one at a time. Blend in milk, salt and pepper. Beat egg whites until stiff enough to peak; fold into cheese mixture with a spoon. Meanwhile, heat salad oil in the 3 compartments of a large omelet pan, or in a large skillet, greasing the sides well. Pour omelet into skillet, and cook over low heat for 10 min., or until bottom is lightly browned. Then bake in moderate oven of 350° F. for 10 min. Remove from oven, and loosen edges well with a spatula. Fold over omelet, and turn out onto a platter. If a skillet is used, cut across center of omelet without cutting all the way through. Then fold over carefully, and turn onto a hot platter. Garnish with parsley, watercress, or chicory, and serve at once. Serves 6.

Olive-Cheese Scallop

2 slices bread
2 tsp. butter or margarine
1 c. grated, processed American cheese
1/4 c. sliced stuffed olives
3 eggs, slightly beaten
1/4 tsp. dry mustard
1/4 c. liquid from olive bottle
2 c. bottled milk, scalded, and 1 c. evaporated milk and 1 c. water, scalded

Remove crusts from bread; spread slices lightly with 1 tsp. butter; then cut into 1/4" cubes. Arrange 1/2 of bread cubes in bottom of a greased, 1 1/2-qt. casserole. Sprinkle with 1/4 c. olive. Repeat. Cover with remaining bread cubes, and top with remaining 1/4 c. cheese. Dot with remaining 1 tsp. butter. Combine eggs, mustard, and olive liquid; gradually stir in hot milk. Pour over mixture in casserole, and place in a pan of warm water. Bake in moderate oven of 350° F. for 1 hr., or until a silver knife inserted in center comes out clean. Serves 4.

Cream-Cheese Pie

Flaky pastry
1/4 c. granulated sugar
1 tsp. flour
4 3-oz. pkgs. cream cheese (12 oz.)
4 eggs, beaten
1/4 c. heavy cream
1/4 c. milk
1 tsp. vanilla

Line a 9" pie plate with pastry; flute the edge. Bake in hot oven of 450° F. for 10 min. Meanwhile, blend sugar, flour, and cream cheese. Add remaining ingredients, and beat with a hand beater until mixture is smooth. Pour into partially baked pie shell, and bake in moderate oven of 350° F. for 30 min., or until firm.

Cheese-Stuffed-Celery Salad

1 bunch celery
12 tsp. spreading sharp lettuce or watercress
French dressing

Cut tops from celery. Wash and dry each stalk. If cheese is firm, slice to spreading consistency with milk. Fill smallest stalk with cheese. All next, and press onto back of first. Fill next, and press onto front of first. Continue, duplicating a bunch of celery. Tie with string. Chill. Slice crosswise in 1/2" slices; serve on lettuce or watercress, with French dressing. Serves 6.

Here is a message sent out April 1 to all employees of the Santa Fe Lines by the president of the Santa Fe Lines.

To All Santa Fe Employees:

Our mutual interest in the Santa Fe prompts me to present in graphic form the results of our 1940 operations.

During the year we had an aver-

age of 41,300 employees on our pay rolls, who received more than \$81,000,000 in wages. The system now has a net investment of about \$27,000 for each employee in other words, in 1940 it took that much capital investment to assure a job for each of you.

After the difficulties confronting us during the period from 1932 to 1940, our showing last year

seemed relatively good, but even so we were only able to pay one dollar per share to the approximately 35,000 holders of our common stock after providing for wages, materials and supplies used in operations and maintenance, interest, and preferred dividends to the approximately 18,000 preferred stockholders.

Of our stockholders, about 53,000, the people who build, add to, and improve our railroad, 23,429 were women, each owning an average of 30 shares, and 17,450 were men, each owning an average of 46 shares, dependent in part for their livelihood on dividends from Santa Fe stock. Our other stockholders include life and fire insurance companies, savings banks, other banks and trust companies, hospitals, religious, charitable, educational and scientific institutions, trust estates, and brokers handling stocks in course of transfer from one holder to another.

Our tax bill for the year was \$17,159,640, an increase of \$1,674,971 over 1939. This amounts to more than \$415 per employee and over \$7 for each share of common stock outstanding. Of our 1940 taxes, \$4,749,616 were on account of retirement annuities and unemployment insurance for your benefit. The rising tide of taxation is a force with which we must reckon more and more, and concerns all who depend on the company for their livelihood or for any part of their income.

The management, supported by your loyal efforts, has been unremitting in its determination constantly to improve our services for the greater convenience of travelers and shippers and the continued security of all who work for the company.

We are ready to do our part in the preparedness program. Already there has been considerable movement of government supplies, defense materials, troops and their equipment over our lines. Maintenance work, scheduled for 1941, is being advanced in order to have it out of the way by the time defense plants go into full production.

To you all, we extend good wishes and our appreciation of the part you have had in making friends for the company and increasing its prestige as one of America's great industries. We hope that notwithstanding the new difficulties which we know face all of us we may increase our effort in improve Santa Fe service.

Cordially yours,
E. J. Engle, President.

A definite upward trend towards combining education and recreation in vacation travel this year was indicated today by T. B. Gallaher, former Amargilloan, who

is now passenger traffic manager of the Santa Fe System Lines. Gallaher is enroute to Chicago after making a survey of the historic and scenic vacation areas served by the railway.

"Southern California and Yosemite Valley are attracting increased numbers this year and Grand Canyon, Carlsbad Caverns and other vacationland spectacles are equally bound to attract many more than in past years.

"In line with inquiries concerning vacation travel we have been pleased with the interest shown thus far in Easter Sunrise services to be held again this year at Grand Canyon in Arizona and Yosemite."

When Gallaher was a resident in Amarillo he was active in civic affairs as well as being one of the most popular railroad officials in the Southwest. He left Amarillo August 1, 1936, when promoted as assistant to the vice president in charge of traffic and later he was promoted as passenger traffic manager.

The Santa Fe Railway System carloadings for the week ending April 5, 1941, were 20,366 compared with 17,361 for the same week in 1940. Received from connections were 7,090 compared with 5,406 for the same week in 1940. The total cars moved were 27,456 compared with 22,767 for the same week in 1940. The Santa Fe handled a total of 26,486 cars during the preceding week of this year.

Brakeman Golding has been off account serious illness of one of his boys. We are glad to report the boy is improving.

Conductor B. G. Norman and Brakemen I. Weathered and D. G. Keese are off account sickness.

Brakeman George Moseley is vacationing down in Texas for a few days.

Conductor Pop Minor is relieving passenger conductor McCarty who is ill.

Conductor J. D. Barry has given up the work train to take the new chain gang car. Brakeman Frazier gave up the Crosbyton run to get on this car and brakeman "Spud" Barry left the Clovis local to get on this car.

Brakeman R. H. Thompson bid in the Crosbyton run coming from the work train. Harmon says he wants to stay at home a while. He states that his wife's cooking is better than he thought. Conductor Houston has been assigned to the work train and Brakeman Sipe from San Angelo bid in the vacancy left by Thompson.

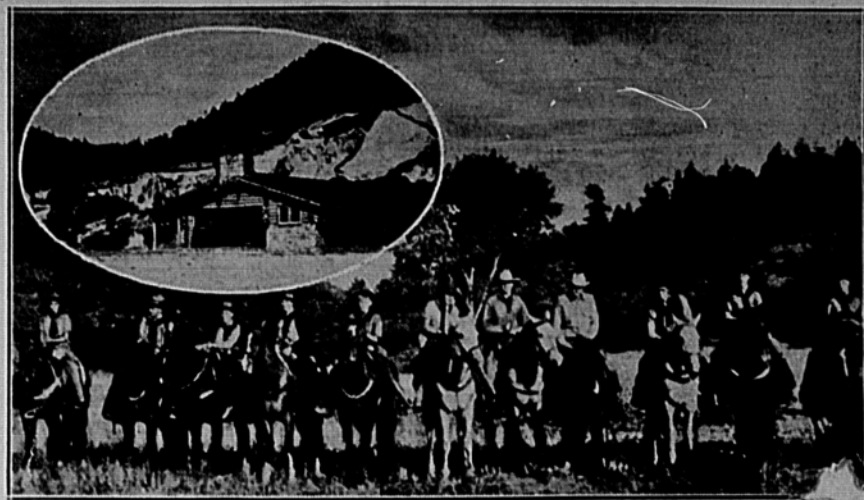

Some one has circulated the reas on for Frazier leaving the Crosbyton run was that it did not make enough miles to pay for that nice new Pontiac he bought. Brakeman Travis Irons is also sporting one of those Pontiacs and Brakeman Gattis is driving a big new Chrysler.

And Scott says: "I'm still walking."

We have to report something we heard in the way of a yarn. Our congenial conductor Frank Holden, coming in from his run the other day, called his wife to bring the taxi down. His 'fone number had been changed to 222 which the operator did not know. Our information was: Number please? Two 22 was the reply. Operator says, What number did you want please? We will play train later. After talking to his wife Frank left the Yard office smiling.

Information has it that operator Thomas Herman Shelton is planting BENT grass for a lawn. Rumors are that Tommy is planting this particular kind, because, as he says, if it rains as much during the summer as this spring the neighbors can tell when he is out

Boy Scouts Enjoy National Wilderness Camp

Being elected a member of the School Board did not give our Chief dispatcher the big head—it did not get that far up. He is away from his duties with tonsillitis. Trick dispatcher Sanner who was re-elected to the same board is still working—he was toughened several years ago.

Appointments involving seven major officials of the freight traffic department of the Santa Fe System Lines, to become effective April 1, were announced by Paul P. Hastings, traffic vice president.

James J. Grogan, freight traffic manager, with headquarters in Chicago, is appointed general freight traffic manager. The following are appointed freight traffic managers: Robert M. Hiltshew, assistant freight traffic manager in charge of solicitation; T. L. Bothwell, assistant freight traffic manager in charge of rates and divisions; M. C. Burton, assistant freight traffic manager at Topeka, Kansas; A. M. Reinhardt, assistant freight traffic manager at San Francisco, Calif.; Guy L. Goin, assistant freight traffic manager at Los Angeles; and Elmer B. Johnson, general freight traffic agent, Gulf, Colorado and Santa Fe Railway, at Galveston.

The appointments, Hastings said, are made in the general interest of facilitating and improving Santa Fe traffic service to shippers and receivers of freight.

The Santa Fe Railway System carloadings for the week ending March 29, 1941, were 19,294 compared with 17,309 for the same week in 1940. Received from con-

nections were 7,192 compared with 5,330 for the same week in 1940. The total cars moved were 26,486 compared with 22,639 for the same week in 1940. The Santa

Fe handled a total of 25,937 cars during the preceding week of this year.

ORDINANCE NO. 96

An Ordinance to amend Ordinance No. 50 passed by the City of Slaton, Texas, on the 6th day of July, A. D. 1927, granting to West Texas Gas Company, a Corporation, its successors and assigns, a Gas Franchise for the purpose of conducting in said City a business of furnishing Natural Gas to the City and the inhabitants thereof; said Ordinance being amended by amending Section 1 thereof so as to extend the term of said Franchise for a period of five years from and after the 6th day of July, 1947, to the 6th day of July, 1952; and further amending said Ordinance No. 50 by adding thereto Section 7-A providing for a Franchise and occupation tax and rental charge of two per cent of certain of the gross receipts of the West Texas Gas Company for the occupation and use of the streets, alleys, highways or other public ways and places of the City of Slaton and providing the dates and time of payment and the method of determining the gross receipts which constitute the basis of a computation of said tax or charge, all as herein provided:

WHEREAS the West Texas Gas Company, a corporation, hereinafter referred to as the "Grantee" is now and has been engaged in the transportation, distribution and sale of natural gas in the State of Texas and in the City of Slaton, Texas, and in furtherance thereof has erected, constructed and maintained a gas distribution system in the City of Slaton, Texas, here-

inafter referred to as "the City", for many years pursuant to such rights as have been granted to the Grantee by and under the laws of the State of Texas and the terms of a certain franchise granted to it by the City of Slaton, Texas, on the 6th day of July, A. D. 1927, by its Ordinance No. 50, which franchise was for a term and period of twenty years from and after the 6th day of July, A. D. 1927, and

WHEREAS by reason of the growth and development of the said City of Slaton, Texas, since the passage of said Ordinance No. 50, the Grantee has expended large sums in the extension of its distribution system and lines and facilities so as to adequately serve the needs of said City and its inhabitants, and it is contemplated and anticipated by both the City and Grantee that the further growth and development of said City will necessitate and require the expenditure by the Grantee of large sums of money in the further extension of its existing lines and facilities to serve the needs of said City and its inhabitants, and

WHEREAS the Grantee, in order to protect its investments heretofore made in said City and the further investments that will be required of it in order to meet the demand occasioned by the further growth of said City, desires an extension of the term of said franchise for a period of five years from and after the date of the termination of said franchise under said Ordinance No. 50 so as that the said franchise will terminate on the 6th day of July, A. D. 1952, instead of on the 6th day of July, A. D. 1947, under said Ordinance No. 50, and as a part of the consideration for said extension is willing to pay to the City certain compensation as hereinafter provided for the use by the Grantee of the streets, alleys, highways and other public ways and places within the City of Slaton, which compensation the City Commission of the City of Slaton finds and agrees is fair and reasonable:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF SLATON, TEXAS, THAT:

SECTION 1: That Ordinance No. 50 passed by the City of Slaton, Texas, on the 6th day of July, A. D. 1927, and Section 1 thereof be amended so as that the same shall hereafter read as follows, to-wit:

"That from and after the passage and approval of this ordinance that the right to furnish, distribute and sell natural gas for light, heat and power and for all such other purposes for which gas may be used within the City of Slaton, Texas, for a period and term ending on the 6th day of July, A. D. 1952, is hereby granted to the West Texas Gas Company, a corporation, and its successors and assigns, hereinafter called Grantee, subject, however, to the provisions hereinafter incorporated in this Ordinance and for such additional period or extensions of time as may at the expiration of

the said term of years ending the 6th day of July, A. D. 1952, be granted, and upon conditions then found to be satisfactory to the officials of the City of Slaton, Texas, and to this grantee, and provided that this amendment to said Ordinance and Franchise No. 50 is to be in effect and run from and after the day and date of its passage and approval."

SECTION 2: That Ordinance No. 50 passed on the 6th day of July, A. D. 1927, by the City of Slaton, Texas, be amended by adding thereto and incorporating therein a new section herein and hereby designated as Section 7-A, which is as follows, to-wit:

"SECTION 7-A: As a part of the consideration for the granting of the extension of the franchise as hereinabove set forth and as compensation to the City for the granting of said franchise and for the use of the City's streets, alleys, highways and other public ways and places, the Grantee agrees to pay to the City quarterly each year during the remaining term of this franchise as extended hereby a sum of money equal to two (2%) per cent of the gross receipts (as said term "gross receipts" is hereinafter defined) of the Grantee from the sale of natural gas within the corporate limits of the City of Slaton, Texas. "The gross receipts upon which such tax or charge is to be computed shall be determined as follows: From the total receipts from the sale of natural gas, within the corporate limits of the City of Slaton, Texas, for the particular quarter involved, there shall be deducted the receipts from the sale by the Grantee of natural gas to Public Authorities, to-wit: Federal Government and/or Federal Government Departments, the State of Texas, and County of Lubbock, the City of Slaton and the Slaton Independent School District, and the balance remaining after such deduction shall constitute the gross receipts upon which such tax or charge is to be computed. "The quarterly payments provided for herein to be paid by Grantee to the City shall be paid as follows: the payment for the first quarter shall be made on or

before May 1st of each year; for the second quarter on or before August 1st of each year; for the third quarter on or before November 1st of each year; and for the fourth quarter on or before February 1st of each year. The first payment hereunder shall be made on or before the 1st day of May, A. D. 1941, and shall equal two (2%) per cent of the gross receipts as hereinbefore defined for the first quarter of the year 1941.

"The Grantee shall at the time of making any quarterly payment furnish to the City a statement certified by a duly authorized officer of said Grantee showing the quarterly gross receipts as hereinbefore defined and the amount of deductions as hereinbefore provided for.

"The City agrees that the consideration set forth in the preceding paragraphs shall be paid and received in lieu of any tax, license, charge, fee, street or alley rental, or other character of charge for use and occupancy of the streets, alleys and public places of the City."

SECTION 3: Except as to the amendment of Section 1 of Ordinance No. 50 and the addition of Section 7-A to said Ordinance No. 50, the said Ordinance No. 50 shall in all other respects remain in full force and effect and shall not be in any other respects modified or changed hereby.

SECTION 4: This ordinance shall take effect and be in force from and after its passage and approval and publication as provided by law.

INTRODUCED ON THE 24TH

day of March, A. D. 1941, and passed by the City Commission as the governing body of the City of Slaton, Lubbock County, Texas, this the 24th day of March, A. D. 1941.

T. O. Petty Sells To L. E. Brasfield

Mr. L. E. Brasfield has purchased the T. O. Petty Plumbing shop, consummating the deal last week. Mr. Brasfield needs no introduction to the people of the Slaton trade territory. He has lived here for the past 26 years and has many friends and customers since about 15 years of that time have been spent in the windmill and plumbing business, which fits him admirably to carry on the good service and workmanship that has built this business to its now enviable position in Slaton. Mr. Brasfield through an ad in this week's paper invites the old customers to continue their good patronage, and new ones to begin using his service which is bound to please you in quality and price.

Wednesday Study Club Members See Easter Pageant At Church

Members of the Wednesday Study club held their meeting in the Methodist church last Wednesday afternoon with Mrs. Webber Williams as leader of the program.

An Easter "Pageant of Women of the Bible" accompanied by scriptures and old hymns was presented with appropriate stage setting and characters in costume.

Mrs. Roy Mack and Mrs. Williams opened the program with a medley of Easter hymns arranged for the organ and piano by Ellen J. Loremy. Mrs. L. A. Harral was soloist for the pageant; Mrs. Tess Bruner, leader; Mrs. Allen Ferrell, accompanist.

Characters in costume were: Mary Leonard Harral as "Eve"; Gwendolyn Hanna and Webber B. Williams Jr., as "Hannah and Samuel"; Marion Gordon, "Doreas";

John Stokes, "Rebecca"; Glynn Williams and Patsy Hickman, "The Poor Widow and Child"; Peggy Bruner and Alice Jean Meading, "Miriam and Pharaoh's Daughters"; Mary Ann Wilson, "Ruth"; Jean Bechtel, "Eather"; Elizabeth Stokes and Martha Mack as "Maddonna and Angel".

The closing number was a piano and organ duet arrangement of "The Lost Chord" by Sullivan played by Mrs. Mack at the piano and Mrs. Williams at the organ.

Following the program Mesdames R. W. Ragsdale and J. Paul Stevens served refreshments in the home of Mrs. Ragsdale.

Members present were Mesdames R. B. Bechtel, J. H. Brewer, M. W. Abernathy, T. A. Bruner, F. D. Eckert, Allen Ferrell, Curtis Hamilton, L. A. Harral, R. D. Hickman, Roy Mack, S. A. Peavy, R. W. Ragsdale, K. L. Scudder, J. Paul Stevens, G. L. Stokes, H. G. Stokes and Webber Williams.

Guests were Mesdames H. R. McKee, W. B. Hestand, Howard Hoffman, J. H. Adair, Fred England, S. H. Adams, R. H. Todd, Bill Cates, L. B. Wooten, H. C. Gordon, H. E. Howard, Ray Ayres, Howard Swanner, W. W. Lyons, Fred H. Schmidt and Miss Lorene McClintock.

1940 Study Club Meets In Crews Home

A business meeting and lengthy discussion occupied members of the 1940 Study club in their regular meeting April 3 in the home of Mrs. H. S. Crews. The time of meeting was changed by special call from the regular afternoon meeting to 8 o'clock in the evening.

Mrs. M. H. Lasater was welcomed into the club as a new member. Mrs. W. P. Layne was appointed to serve as secretary pro-tem for Mrs. Mont Porter. Mrs. H. W. Stotts will serve as corresponding secretary for Mrs. Brent Thompson who is out of town on account of illness.

The regular study was omitted at this meeting, but will be given as assigned (first half of Book VI) at the next meeting, May 1, with Mrs. R. E. McReynolds as leader.

Eleven members answered roll call by naming and describing a Texas flower. Refreshments were served and the hostess, Mrs. Crews presented each guest with a miniature corsage of pansties.

A social meeting of the club will be held at the club house April 5.

Rev. W. F. Ferguson Is Guest Speaker

Members of the Daughters of the Pioneer Study club met with Miss Betty Stanford last Monday night. Guest speaker of the evening was Reverend W. F. Ferguson, pastor of the First Baptist church.

Rev. Ferguson spoke on the Bible in keeping with the program which was of a religious nature. At the close of the talk, the club repeated the Lord's prayer.

Miss Myrtle Teague was in charge of the critic's report. Refreshments with Easter plate favors were served to those present.

The next meeting of the club will be April 21 in the home of Mrs. Curtis Dowell with Mrs. M. Tudor as hostess. The program will be on Health and Safety.

Slaton Girls Attend Tech Open House

Approximately 25 Slaton girls went through the Home Economics open house at Texas Tech last Friday and Saturday. Every department of the Home Economics division was open for inspection, and many demonstrations were given of work being done, such as pattern designing, weaving, meal planning, style shows and batik dyeing.

The girls also went through the Women's dormitory, the home management house of Casa Linda, cooperative dormitory for girls.

T. O. Petty Family Moves To Brownwood

Many Slatonites will regret to learn of the departure of Mr. T. O. Petty, who has lived in Slaton for many years and built one of the most popular plumbing businesses in this section. T. O. has left for Brownwood, Texas where he will continue his profession. Mrs. Petty will remain in Slaton until the close of school and then join him in Brownwood, together with the children, Thomas L. Petty, son of T. O. and Mrs. Petty left a few weeks ago for Orange, Texas, where Tom will work on Government projects.

Slaton has lost a fine family, and the Slatonite joins their many friends in wishing them success and prosperity in their new homes.

Sunshine Club Has Recent Meeting

The Santa Fe Sunshine club met in the home of Mrs. Delma Hodge last week. The members came in couples, dressed as demure maidens and bashful youths. Games of a period that might have been 1890 were played. Styles of the costumes dated them as coming from the trunks of Grandma and Grandpa.

Refreshments were served to the members and three guests, Mrs. H. Hodge, Mrs. Jackson and Mrs. Bill Sikes.

The next meeting will be in the home of Mrs. N. F. McCullough.

Junior Civic Club Enjoys Dinner Party

Junior Civic and Culture club members attended a dinner Tuesday night at the Mexican Inn in Lubbock. The group met at the home of Mrs. J. B. Stevens at 6:30 o'clock before leaving for Lubbock. Following the dinner the club attended a movie.

Miss Lilac Yeats will be hostess to the club at its next meeting, April 22, at her home, 445 South Sixth street.

Mrs. R. G. Kirkpatrick and sister, Mrs. Dick Meyers of Dallas, left Friday for Austin. From there they went to Marshall Ford Dam where they visited Mrs. J. R. McAttee.

Mrs. R. H. Bailey returned Monday from Brownwood where she visited her sons, Sargent Ellis Schmid and Lieutenant Eldon Schmid. She attended the Army day celebration while there.

Guests in the home of Mr. and Mrs. R. G. Kirkpatrick last week were their daughter, Mrs. G. A. Evans and her two children, Lyndal and Kirk, of Amarillo; and Mrs. Roy Kirkpatrick and daughter of Oklahoma City, Oklahoma.

Miss Garnetta Bailey visited relatives in Trent during the week end.

Women get "Build-up"

A good way to relieve periodic discomfort from functional dysmenorrhea due to malnutrition, such as headaches, nervousness, cramp-like pain, many women find is by using CARDUI. It usually sharpens appetite, increases flow of gastric juices, and so aids digestion, helps build resistance to periodic distress. Another way CARDUI may help you: Take it a few days before and during "the time." CARDUI has been popular for 50 years.

Good advice—**"USE CERESAN!"** MOST WIDELY RECOMMENDED COTTON SEED TREATMENT

Many cotton growers and cotton seed breeders of Texas and Oklahoma have proved how successfully seed treatment with CERESAN reduces seed rotting and sore-shin, improves stands, saves costly replanting, generally increases yields. From Temple, Texas, tests are reported in which "germination was doubled and seedling disease greatly reduced." An Alabama circular states: "The investment is nominal... may be repaid many times in saving of seed and in improved stands and yields." Rely on CERESAN! Treat your own seed, or buy seed marked with the Ceresan Treatment Tag.

Milk For Health Is Wise Motto

"Milk for Health" should be the motto of people of all ages, young, middle-aged and old, for dieticians the world over agree on its vitamin health-giving values. Johns Jersey Dairy protects its milk for their customers by using only the most sanitary and modern equipment in putting it up. Government tested cows make up their dairy's herd, thereby insuring pure, rich milk for your table. Try Johns milk and cream and see for yourself what a fine flavor and taste it has, in addition to pureness and richness. Another convenience offered by this dairy is prompt delivery service twice each day. Guard your health with Johns milk and cream.

Laundry Helps When Spring Fever Hits

You needn't be ashamed of spring fever. It's a common ailment, and is one disease you can almost enjoy, especially if you are a housewife with a dependable laundry as near as the Slaton Steam Laundry. They realize how unpleasant it is for a lady of the house to be bothered with a washing on a beautiful spring day when she would rather be enjoying the weather in pleasant ways. They know she couldn't enjoy this, if her work wasn't being done just as well as she would do it without a great expense. Dependable, efficient, snappy are descriptive adjectives that apply to this laundry's service, and the Slaton Steam Laundry would be glad to help you enjoy your case of spring fever. Call them and they will come by for your clothes and deliver them back promptly when you request.

Be Prepared For Business Career

Military training and national defense program are frequently topics of conversation today and every person is supposed to have a part in this national project. Young men subject to call for military training should not put aside further education because they are to be called. Business trained young men will enjoy exceptional opportunities when called, as well as following their year's training, points out Draughon's Business college in Lubbock. Business-trained young men may be used in the Ordnance, Procurement and Quartermasters' corps and in other military departments. Five men stenographers are needed for each 1,000 soldiers is a fact shown by statistics, and yet only two of military age are available. While you are waiting for your call, young man, make use of your time. Attend Draughon's Business college and learn a trade. Be prepared not only for Uncle Sam, but for a business career later. Invest in a permanent asset, a business education.

Wise Poultrymen Buy At Driver's

The color of those golden little chicks you buy today from Driver's hatchery is a symbol of what they will bring to you later in the year. With egg and chicken prices predicted to reach a new peak, wise poultrymen are buying chicks from this reliable firm where they know they are getting healthy stock for the most reasonable of prices. At present Driver's hatchery is running a special on started pullets from one to five weeks old at a special low price. They are asking their customers and friends to drop by and see for themselves their remarkable bargain. Farmers are finding that Driver's hatchery also handles fine feeds for low prices, and are making this their feed headquarters. This organization would like to make you one of their satisfied customers. Why not drop by and see them today?

Our Weekly Sermon—
Did Christ Rise from the Dead?
 Rev. Ralph E. Stewart, Associate Director of Radio Department The Moody Bible Institute of Chicago
 Christianity is the only religion which bases its claims upon the resurrection of its founder. The resurrection of Christ was His crowning miracle, the central and sufficient credential of His Messiahship. It is the Gibraltar of Christianity and the Waterloo of infidelity.
 Mentioned more than one hundred times in the New Testament, constituting the prominent and cardinal point of the apostles' testimony, attested by a sufficient number of witnesses to make it a verified fact in any court, the resurrection of Christ is the most far-reaching

event in the world's history. The empty tomb which the disciples found has no other real explanation than that given in the Bible by His followers. Sunday, as every one knows, was not the original Sabbath to which the Jews clung so loyally. What changed the day of worship? Only the celebration of the first day of the week as the day of resurrection can account for it. The Christian church itself is a proof of the resurrection. Such an institution could not have been built upon a myth. But perhaps the greatest proof to the individual is the change and power in his own life when he accepts the risen Christ as his Savior from sin.

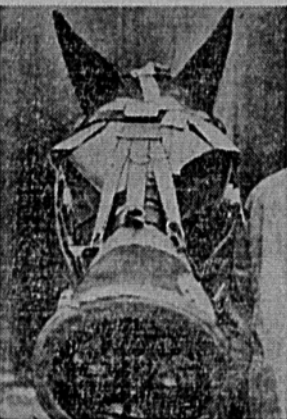

The resurrection of Christ assures us of a solid foundation for faith and hope. "Declared to be the Son of God with power, . . . by the resurrection from the dead" (Rom. 1:4). Had He remained in the grave there would be no reasonable ground upon which to impose faith.

The resurrection of Christ assures us of His acceptance with God. "He was delivered for our offenses, and raised again for our justification" (Rom. 4:25). To justify means to make right. God was satisfied with the sacrifice of Christ, and raised Him from the dead. Belief in these facts brings justification to our souls.

The resurrection of Christ assures us of an interceding High Priest in heaven. "Who is he that condemneth? It is Christ that died, yea rather, that is risen again, who is even at the right hand of God, who also maketh intercession for us" (Rom. 8:34). "Wherefore he is able also to save them to the uttermost that come unto God by him, seeing he ever liveth to make intercession for them" (Heb. 7:25).

The resurrection of Christ assures us of life beyond the grave. "Because I live, ye shall live also" (John 14:19). "Knowing that he which raised up the Lord Jesus shall raise up us also by Jesus" (II Cor. 4:14).
 The resurrection of Christ also assures of a judgment day. "God hath appointed a day, in the which he will judge the world in righte-

ousness by that man whom he hath ordained; whereof he hath given assurance unto all men, in that he hath raised Him (Christ) from the dead" (Acts 17:31).

To soft cook, or coddle, eggs start them in cold water and bring the water to the simmering point gradually. Hold it there for two or three minutes. For hard cooked, the simmering has to go on for about 30 minutes.

IF YOU LIVE IN **West Texas** YOU'RE IN THE OIL BUSINESS

I am a rancher who knows what oil means to West Texas.

Each year, West Texas ranchers and farmers get from the oil man nearly 27 cents extra for every dollar we receive for our livestock and crops. Over 12 million acres of West Texas land are now under lease and nearly one million already produce oil. Our income from this source alone amounts to 28 million dollars a year.

Over 50,000 West Texans, including oil workers and their families, get their entire living from oil. The wage earners of this group are paid 16 million dollars a year. Tax collectors receive an additional 10 millions. All told, this industry pays out 86 million dollars a year in West Texas.

This money is spent and respent until every merchant and business and professional man . . . in fact everyone . . . in our section gets his share of it.

Every West Texan has an important stake in the oil industry and its future in Texas.

WELL, it's longer going downhill than up, longer going slow than fast—but the important new discovery of the year (or since Buick's Compound Carburetion* appeared) is that it's longer when you have two carburetors teamed like Buick's than when you have one!

Here's why:

In easy going like most of your travel, just *one* of Buick's smaller-than-usual carburetors thriftily handles all engine requirements.

Only when you want extra power does the second carburetor come in.

Then, momentarily, it adds extra fuel and extra power *only while it's needed*.

Result is that carburetion is *always* fitted to your driving need.

You're never driving with a carburetor that's bigger than you need for low-range travel, or one that's too small for top-range performance.

Now the net result is that the same-size engines give up as much as 10% to 15% more miles-per-gallon than last year.

And that's a handsome saving—mighty handsome in a car big and roomy and smart as a Buick.

Look over the next Buick that passes you—or better yet, go trial-drive one—and see if you don't agree.

*Optional equipment on the Buick SPECIAL, standard on all other models.

BUICK PRICES BEGIN AT

At The Palace

With James Stewart and Hedy Lamarr sharing romantic honors in one of the most interesting films to be shown this year, "Come Live with Me" opens at Saturday's prevue and runs Sunday and Monday at the Palace Theatre.

Seldom has Hollywood produced a story so well fitted for its choice of stars. The plot deals with the plight of a beautiful Austrian refugee who marries a penniless young author in order to obtain a quota number and thus prevent deportation to her native Austria. The complications which develop from the marriage makes for extremely amusing entertainment.

As the young author who finally decides to cease dreaming up plots and write from actual experience, Stewart is superb. His scene in the office of publisher Ian Hunter is one of the high spots of his screen career. Miss Lamarr as the girl caught in the web of indelicacy plus romance reveals a new side to her glamorous personality. She is real, human and sympathetic and does a grand bit of work throughout the entire film.

In support of the stars is a noteworthy cast headed by Ian Hunter who turns in his usual dependable characterization as the publisher who is certain he has an option on Miss Lamarr's heart until he receives the manuscript of a novel written by Stewart. Verree Teasdale, as Hunter's wife, gives an excellent interpretation to a small role.

Others in the cast include Donald Meek, as a park-bench bum, Ann Codee and King Baggot. An interesting debut in the film is that made by eighty-year-old Adeline de Walt Reynolds, who portrays her initial screen role as Stewart's grandmother and gets off on a blazing start to a most interesting Hollywood career.

The film was beautifully and sincerely directed by Clarence Brown.
