Number 3

THIS WEEK'S WAR MOVES

President Roosevelt said he would announce his new anti-inflation program in a nationwide address on evening of Labor Day, and would send to Congress earlier the same day. He told his press conference that forthcoming steps to control the cost of living will include stabilization of farm prices as well as wages, because neither could be stabilized without the other. He said wage stabilization would be flexible and would not amount to flat freezing of wages and salaries. The President also said the Government is considering one meatless day a week as a plan to be used largely as a means of saving oceanic shipping space for the total war effort. He said under the plan American meat could be shipped to nations in need, and this would make 30 to 40 Allied ships available for hauling war necessities to world wide theaters of United Nations war activities.

The Office of Price Administration announced it is planning a price ceiling for live hogs and similar action is contemplated soon for cattle prices. The ceiling would be worked out in conjunction with representatives of livestock producers. The Office said "vigorous steps" are being taken to enforce quality grading provisions of its beef regulations to prevent up-grading as an evasion of price levels. The Agriculture Department reported a 9-point advance in farm prices from July 15 to August 15, raising the general World War I figure, 32 points level to 163 percent of the pre-higher than a year ago.

The War Department raised from 45 to 50 the maximum age at which men "who have character, skills or aptitudes which make their enlistment desirable and who are otherwise qualified" and who have draft board permission may enlist in the Army. They will be assigned to overhead units or installations where they will release younger men for general military service, and if fit, they will be used for combat duty, War Secretary Stimson said.

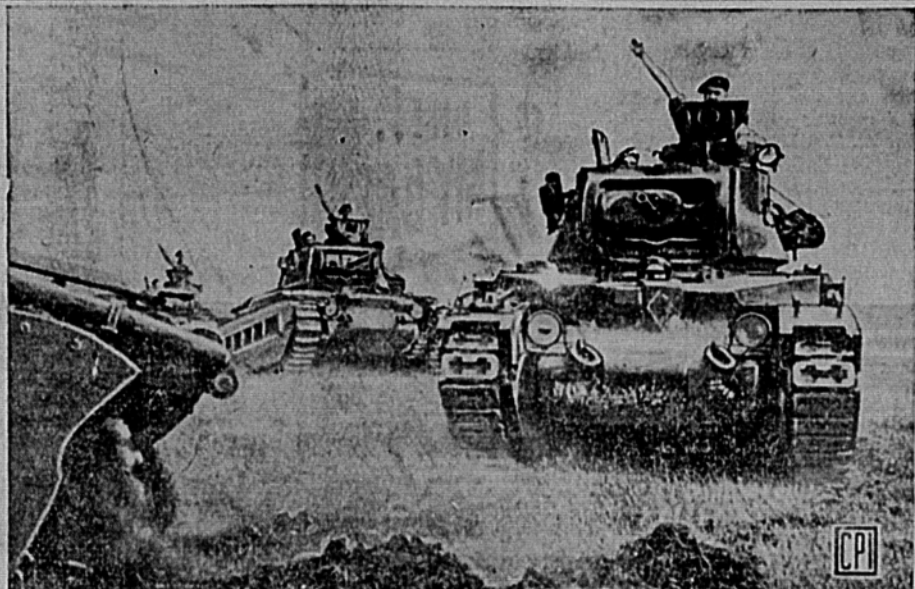

Marine Corps enlisted men, as well as Navy enlistees, may now apply for flight training to become naval aviation glider pilots, who act as co-pilots for large transport gliders. During the week, the 45,000-ton battleship Iowa—heaviest vessel ever launched in the U. S.—the aircraft carrier Independence, the cruiser Boston, and two destroyers, the Glenon and Jeffers, were launched. The Red Cross and the Navy jointly announced a new rescue project under which buoyant waterproof bags containing emergency food, water and medical supplies, cigarettes, etc., will be dropped by Navy patrol blimps to seamen awaiting rescue, before they are actually picked up by rescue vessels.

War Production Chairman Nelson said 2,000,000 cars from automobile graveyards have been converted into 400,000 tons of steel scrap during the last 4 months. The steel industry is producing approximately 4,800,000 tons of scrap metal a month, about 4 times as much as it took in 1938. The Office of the Petroleum Coordinator reported New Englanders and other East Coast consumers will obtain only 75 percent of their fuel oil requirements under normal weather conditions this winter.

The Weather

According to G. H. Orr the total rain fall in this vicinity for August amounted to 5 11-16 inches, while over 2 inches have fallen in September, 1/2 inch on Sept. 1st and 1 10-16 on September 2nd.

SLATON PEOPLE IN EXPLOSION

These heavy infantry tanks of a bilingual battalion from Quebec are part of the Canadian Army Tank Brigade, photographed during intensive maneuvers in England. The outfit has been built into a powerful, effective striking force which will make its strength felt on some allied offensive front soon.

Salvage Committee Starts Drive To Secure Fats For War Needs

In cooperation with the Government for fats of all kinds to make glycerine, the Slaton Salvage Committee composed of D. R. Reid, Odie Hood and M. A. Pember, have made arrangements with practically all grocers as well as the Farmers Supply and Frozen Locker Plant to buy in all surplus fats at 3c per pound.

All housewives are urged to save all greases and to sell them as soon as possible to some of the outlets. Attention is called to those who will have the fats for sale that all foreign matter should be strained out of the fats while hot and that in cooking all housewives should be careful not to burn the greases as over heated grease loses most of its glycerine content.

The grocers and other concerns that are buying the fats will be glad to make purchases today so anyone having fats on hand should dispose of them as soon as possible.

JUNK RALLY NOW ON

The Salvage Committee for Slaton reports that the donation of old metals and rubber has definitely slackened up and that very little has been added to the pile this week.

Mr. M. A. Pember, the new member of the Salvage Committee who took the place of his son Royce who has moved to New Mexico, reports that Perry Yeager and Charlie Vaughn donated over a ton each of old metal this week.

The scrap pile has been moved from the square to the vacant lot across from the Piggly Wiggly Grocery Store and any one who has scrap metals or rubber should deliver it to that location or phone 166 and have the Salvage Committee make arrangements to get all donations delivered to the scrap pile. Practically all of the firms in Slaton who have delivery service will be glad to pick up any donations of metals or old rubber and where quantities are too large for the smaller trucks it will be picked up by heavy trucks if those who have the salvage will phone 166.

All money received from the sale of the salvaged materials over and above actual cost of incidental expenses, will be donated to some war time activity.

Slaton has made an excellent showing to date on the Salvage drive and with the help of those who have metals and old rubber to donate the Salvage Committee expects to make Slaton an outstanding point in the state in the way of cooperation with all national war time activities.

RECRUITING OFFICERS TO BE HERE TOMORROW TO GIVE INFORMATION

Men from Slaton and vicinity will be given an opportunity to enlist direct into the Air Forces on Saturday, September 5, from 2 to 4 p. m. for service at the Lubbock Army Flying School. At that time Captain Byron W. Goulding and Staff Sergeant L. W. Bobb of the Lubbock Army Flying School will be at the chamber of commerce office for the purpose of discussing the matter with those interested.

Opportunities in the Air Forces are now better than ever and mechanics and other technicians between the ages of 18 and 44, inclusive, whether married or single. There are now family allowances

for married men and increased pay has recently been given the American soldier. Promotions, too, are usually rapid.

Men should qualify who have worked at the following or allied trades: farm or automobile mechanics, gunsmiths, electricians, locksmiths, bicycle repairsmen, jewelers, public address system servicemen, electric refrigerator servicemen, sheetmetal workers and welders. Mechanics and radio men are needed immediately for the Air Forces.

After a period of training at Big Spring the men will then be stationed at Lubbock. Captain Goulding and Staff Sergeant Bobb will be glad to discuss the opportunities that exist in enlisting in the Air Forces, with anyone who might be interested.

Men are dying for the Four Freedoms. The least we can do here at home is to buy War Bonds—10% for War Bonds, every pay day.

School Board Turns Thumbs Down On Petition For Football Games

A petition presented by a group of women to the Slaton Independent School District trustees requesting the reconsideration of the board on the ruling that football activities be discontinued for this season, was discussed by the board members and the decision made that the original ruling be adhered to.

Professor M. S. Kavanaugh reported that every man connected with the direction of the school regretted very much that such a decision had to be made but after long consideration it was deemed necessary not only from the fact that the times are not in harmony with activities of this kind but also because the financing of football games this year would probably be very different as well as from the fact that so many other schools have come to same conclusion and cancelled football for the year, thus making it almost impossible to match games that would interest the public.

Farmers To Meet To Consider Crop Transportation

Lubbock.— Idea are wanted on methods that might be used in moving the 1942 South Plains cotton crop from the farms to the gins.

Ways and means of meeting this situation in the face of the acute shortage of tires for farm trucks and trailers will be discussed at the South Plains Farm Tire meeting the Lubbock Senior High School auditorium at 1:30 o'clock P. M. Tuesday, September 8.

Mark McGee, Fort Worth, State Director of the Office of Price Administration will be in charge of the session. All members of county rationing boards, representative farmers from every school district and voting precinct on the South Plains, editors, bankers, county farm agents, chamber of commerce officials, county judges, mayors, etc. are urged to attend.

Registration Of Schools To Be Completed Sat.

The Seniors and Juniors who intend attending school here were registered at the High School yesterday, the Sophomores are to register this morning and the Freshmen this afternoon at the High School Building.

Tomorrow morning the 7th and 8th grade pupils are to register.

Some inquiries have been made by parents of children who are to enter school from other towns concerning the requirements. According to F. A. Drewery, there are no health certificates needed but a birth certificate should be available if needed to prove the age of a child who has attended school in some other community or one from some other community that it entering school for the first time.

Farm Problems To Be Discussed

Farmers from six counties of this area will discuss problems of farming in wartime and hear latest reports on legislation affecting agriculture at a meeting in Lubbock Friday, September 11.

The conference, to be attended by farmers and stockmen from Garza, Lynn, Lubbock, Terry, Hockley and Yoakum counties, is to be held under the auspices of the Texas Farm Bureau. Producing the food and fibre needed for victory will be the theme of the meeting.

Reports will be given by state Farm Bureau leaders on the Southern Regional farm conference held recently at Raleigh, N. C., in which some of the nation's foremost agricultural and war program chiefs explained vital issues facing farmers today.

Effects of ceiling prices on agricultural commodities, the farm labor situation, the all-out battle to maintain full production through parity prices, the need for a strong farm organization, and many other local, state and national problems of current interest will be discussed.

W. R. Tilson of Brownfield, District 2 director of the Texas Farm Bureau, will preside at the meeting and discuss problems of direct concern to this particular area. Other speakers will be J. Walter Hammond of Tye, state Farm Bureau President, and G. W. Haggard of Waco, editor of Texas Agriculture. A round table discussion will follow the talks.

The meeting will be held at 2:30 p. m. in the Hotel Lubbock at Lubbock. All interested farmers are invited to attend.

Mail Gifts To Men In Foreign Countries Now Says Postmaster

Postmaster Scudder of Slaton reports that he has been receiving inquiries concerning the shipping of Christmas Gifts for men who are serving in the armed forces outside the United States or in Alaska. Instructions just received from Washington are that parcels for men in the service in Alaska or in foreign countries will now be accepted for delivery until Nov. 1st however those parcels mailed at early dates will be more likely to reach their destination in time for Christmas than the later ones. Each parcel should be marked "Christmas Parcel".

Regulations on parcels for shipment to points in Alaska and those outside the United States are 11 lbs. limit in weight, 18 inches in length or 42 inches in length and girth combined, however the public is urged to confine packages to the size of an ordinary shoe box. As the armed forces are amply supplied with food and clothing those sending gifts are requested not to send these items.

Slaton Group Escape Serious Injury From Gas Explosion

Farmers Active In County Wide Salvage Campaign

L. B. Strube, who is active in working with the county agent and in progressive farm work in this community requests that we publish the following information concerning the salvage campaign that has been launched in Lubbock County.

A salvage campaign is being launched in Lubbock County and EVERYONE, men, women, boys, and girls must participate if they do their patriotic duty.

To date we have been losing the war. Countries from which we have been importing raw materials are now in the hands of the enemy. For instance, they have 98 per cent of the rubber that is to become available. All other raw materials, like rubber, we have to depend on our own country to keep the boys equipped to fight. Surely we don't want to lose them for lack of material. Those who should know tell us we have it if we will only collect and assemble it. No one is being asked to donate, but gather up all IRON, STEEL, RUBBER, COPPER, ALUMINUM, ZINC, and WASTE FAT SALVAGE and see that it gets into the proper channels. The fats are for glycerine used in making TNT, dynamite, etc. All junk dealers will buy your metal salvage and meat markets your fats.

Remember, everyone has a bit to do to win the war and every little bit helps. For instance:

Set of skid chains equal twenty 37 mm. antiaircraft shells. (75 sets of chains equal one 16 inch projectile.)

5 bathtubs equal one 1-2 ton truck.

Lawn mower equals six 3 inch shells. (252 lawn mowers equal one 3 inch antiaircraft gun.)

1 old set of golf clubs equal one .30 cal. machine gun.

Refrigerator equals twelve .45 cal. submachine guns. (61 refrigerators equal one light tank.)

Landreth Made Trainmaster At Wellington Kan.

Promotions and transfers, affecting five operating men on the Pecos, Panhandle and Slaton Division were announced by C. R. Tucker, Assistant General Manager of the Southern District, Santa Fe Western Lines.

John Neal Landreth, Chief Dispatcher at Slaton, is promoted to trainmaster at Wellington. All of Landreth's service has been on the Slaton Division where he has worked his way up from Telegraph Operator to his present promotion.

R. M. Champion has taken over the duties of Chief Dispatcher and R. C. Sanner has stepped up to the position of night dispatcher.

H. A. Heydt, Trainmaster, Clovis has been assigned to the newly-created position of trainmaster with jurisdiction over the Belen Terminal and Headquarters at Belen.

J. T. Anderson, recently appointed trainmaster at Clovis with jurisdiction over the Clovis Terminal and the Roswell and Carlsbad Districts, will now have authority over the Estancia District, together with the first and second districts, exclusive of the Clovis Terminal, and will retain his headquarters at Clovis.

C. E. Martin, Trainmaster at Wellington, Kans., is being transferred to Clovis to take over the job vacated by Anderson.

Eight Slaton visitors to Ruidoso, New Mexico, were badly shaken up and received minor bruises and scratches last Saturday night when a butane explosion wrecked a restaurant and damaged a bowling alley at the resort.

The group from Slaton were preparing to go from the bowling alley into the restaurant when the explosion occurred causing the roof of the bowling alley to fall in and completely demolishing the restaurant. Those from Slaton were Mr. and Mrs. M. W. Abernathy, Mr. and Mrs. Bess Turner, Mr. and Mrs. Bentley Page and Mr. and Mrs. Curtis Hamilton.

All of those in the Slaton group received scratches and bruises from falling debris but none were injured seriously nor were the other occupants of the buildings.

R. H. TODD TO GET WINGS

Mr. and Mrs. R. H. Todd will leave tomorrow for San Antonio to attend the graduation exercises of their son Raymond H. Todd who will graduate from Brooks Field as a Lieutenant.

Every section of the state will be represented in the advanced Flying Schools when 483 young Texans step up to have silver wings of the Army Air Forces pinned on their chests, symbolic of graduation.

Following student pilot tradition, mothers, wives and sweethearts of the Texans graduating, are named "honorary" members of the class and mailed miniatures of the silver wings presented the men.

The Texans had three weeks of pre-flight instruction and nine weeks each of primary, basic and advanced training. Those who pilot the single engine fighter planes will graduate from Foster Field, Texas; Moore Field, Texas, and Lake Charles, La., Army Flying School.

Those who pilot the bombers are graduating at Ellington Field, Brooks Field, Kelly Field and Lubbock Army Flying School, all in Texas.

M. T. LUTTRELL NOW IN TRAINING IN FLORIDA

ST. PETERSBURG, Fla.—Pvt. Morris T. Luttrell, son of Mr. T. S. Luttrell, recently arrived at the Army Air Forces Replacement Training Center here to start his 30 day basic training.

Private Morris T. Luttrell, will be instructed in military drill, courtesy and discipline, callisthenics, marksmanship, chemical warfare defense, first aid and airplane identification.

He will also receive classification or aptitude tests to determine for which of the twenty-two technical, mechanical or administrative Army Air Forces courses he is best-fitted.

JUST TALK
by
A.M.J.

We have been notified by Mrs. Elbert Loveless that she and Dr. Elbert are now located at Randolph Field and that they are practically lost without the Slatonite and that life will be very dull until they get their back copies of our record of local, national and State news. Of course you have to read between the lines and hold the letter upside down to find all of this information.

We have rushed the back copies of the Slatonite "Post Haste" to the Lovelesses in reply to the following letter of appeal:

August 29, 1942
San Antonio, Texas

Dear Mr. and Mrs. Jackson:

We wish to notify you that we are now located at Randolph Field. The assignment is a permanent one, so now we are anxious to receive our copies of the Slatonite. Thus far, since we left there we haven't seen a copy. We wondered if we might have the copies for August 21 and August 28 mailed to us.

We are happily located here very near the Field. Lt. Loveless likes his station very much, and we both think the Field a lovely place.

Our regards are sent to you and we hope that one of these days we will see you again.

Sincerely,
Mrs. J. E. Loveless

Like most every man and woman who has reached the age where their mind has ossified I have felt for some time that the youths of our country are very much on the dumb side as well as being lazy and taken it for granted that there is not much hope for the future, but last week I had a terrible jolt when my wife served me a piece of coconut pie that she said she had bought from the Sub-Deb cake and pie sale. She said that the pie had been baked by Miss Wilda Hannah. The pie was just right, and I would like to put in a standing order for a Wilda Hannah coconut pie at every Sub Deb pie sale of the future, which brings me back to what I started out to say and that is that perhaps I am wrong and that at least the young ladies of Miss Hannah's class are very intelligent.

There's a movement under way in Bandera County which hasn't "jelled" yet but which has the support of the Victory Council, the War Board, and the county rationing board. It's a neighborhood plan for conserving tires. Already one neighborhood, Vanderpool, has endorsed the idea, and four others are considering it.

Here's how the plan works. Families in a neighborhood designate one among them to do all possible hauling for the group. They help this person keep a good set of tires on his car and pledge to conserve tires on their own. They agree, to, to call their neighbors before they go to town, so one trip will save many miles.

In addition each neighborhood will select a central place where supplies can be delivered. The tire rationing board has pledged to assist the "neighborhood messenger" in keeping a usable set of tires. The whole idea originated from J. B. Talcott, Victory Council member from Medina, but members don't believe it'll get maximum use until the rubber shortage pinches everyone a little harder.

Here are a couple of good chuckles taken from the American Legion Magazine.

Entertaining soldiers from the nearby army camp, y'know, is quite the thing, reports District Commander Arthur E. Westwell of Belchertown, Massachusetts, and Mrs. Plumpty Flutterbuss of the local 400 felt a patriotic urge to do something. Her secretary called the camp and assured the commanding officer that Mrs. Flutterbuss would be delighted to entertain a group at tea the following afternoon at five. The C. O. detailed a dozen privates under the convoy of a hard-boiled sergeant.

Upon arrival the soldiers found the hostess seated at a table surrounded by her finest china and a couple of plates of ducky sandwiches about the size of two-bit pieces, garnished with a few macarons and lady-fingers. At the signal, the boys waded in and cleaned up the plates in four seconds flat.

The hostess looked up from her pouring and gasped. "Oh, dear, dear!" she exclaimed, "that's all the food there is. What shall I do?"

"De foist bird dat answers dat one," declared the sergeant in a vulgar whisper "gets ten days in de brig!"

An American tourist while giving a Mexican city the once-over dropped into a restaurant for a bite. The waiter "had much English" and was proud of it. After floundering around over the menu, and being told that several items were not to be had he heard the waiter offer, very primly, "The ham is not. The chicken never was. How will you have your eggs—tight or loose?"

It is with regret that I see the women dusting off their last year's coats, putting a second story on their last year felt hats and getting out their scissors with intent to disjoint the accumulation of bargain dresses that they have purchased over the past ten years. But most of all I regret to find my flop eared straw hat giving me a nauseating feeling when I start out in the morning and my paper thin summer pants looking like a corn field in November. It is with regret that I find the sheet a little to thin these nights for I know that the summer is just about over and I know that my gas bill will do a high dive, that my overcoat will have a lot more moth holes in it than it had last year, that my wife will start insisting that I wear overshoes, and that cold winds will start blowing under my coat tail, but I have one big hope that could compensate for all of these misfortunes and that is that the Russians will start driving the

CALOX TOOTH POWDER

Germans back toward Berlin.

Now it looks like we are in for one or more meatless days per week which is going to bring on a lot of complications at the dinner tables over the nation. If I can get a good piece of meat and a big helping of dessert, I always feel that the meal has been a success but when I try to fool myself with macaroni and cheese or a mashed potato I feel cheated all day but if it is going to take meatless days and sugar rationing to win the war, I will have to go to the dinner table like I do to work and not with joy in my heart and anticipation on my mind.

A visitor in our office last week was K. S. Lavender who with his wife and two young sons have been visiting Mrs. Lavender's parents. Mrs. Lavender is the former Miss Mattie Virginia Hodges. Mr. Lavender is a Mechanics Mate First Class in the U. S. Navy and has been in the service for several years. He is a native Texan and is stationed in Florida.

Mate Lavender may have a name that rhymes with old lace and sounds soothing but to me he looked like a man who would be a tough one to meet in a scrap. If our navy is made up of men like Lavender or if they develop men who are as aggressive and as well developed physically as he is, then Mr. Tojo and his buddies have something to worry about.

That Slaton could be developed as a center for Dairy products was demonstrated a couple of weeks ago when C. S. Simmons, who lives near Denver City,

brought a large quantity of cream to the Dickson Produce Company here. Mr. Dickson found the cream tested 44 per cent which was 5 points above tests that had been made in other towns where Mr. Simpson had offered it for sale.

"We are buying milk, cream and farm produce from many distant points", said Mr. Dickson, "and I feel sure that with a little concentrated effort in the right direction that Slaton could be made the biggest and best market for products of this kind on the South Plains."

Have your prescriptions filled at TEAGUE'S DRUG STORE by a registered pharmacist.

HERE'S HAPPY RELIEF
If you suffer from backache resulting from fatigue or exposure... if sore muscles or a stiff neck have got you laid up... **SORETONE** is what you need. It is a medicinal, anesthetic solution developed in the famous laboratories of McKesson & Robbins in Bridgeport, Conn. **SORETONE** acts fast—gives soothing relief right where relief is needed—speeds the superficial blood flow to the affected area. Also helps to prevent infection. Not an animal preparation—made for human beings. Wonderful, also, for sore, tired feet, and for relieving itchy of Athlete's Foot. **MONEY BACK IF NOT SATISFIED.**

You've a treasure in your Kitchen

GUARD IT CAREFULLY!

An old friend... a reliable, economical servant... today your Gas Range assumes a new role. It has a war job to do—one of the most important of them all—the job of feeding your family for Health and Strength for the duration.

A little care will go a long way in providing efficient and economical service from your Gas Range... will add years to its life.

A Few Simple Rules for Gas Range Care

1. Use your Gas Range all you need... but make it serve you well every cooking minute.
2. Watch cooking temperatures. Over-roasting or over-baking wastes fuel as well as food. Over-boiling wastes heat and kills health-giving vitamins.
3. For greater efficiency use flat-bottomed cooking. Remember—GAS, America's preferred cooking fuel, is also vital for war production. Do your part by using it well.
4. Keep your Gas Range clean! Wash it with soapy water to remove grease and grit. (This applies to cooking utensils too.)
5. Try economical meals such as "oven dinners" or "boiled dinners" that are all cooked at one time.

CHIEF TOPICS

CLAYTON, N. M., Aug. 31 — Service over the Santa Fe Railway line between Boise City and Farley will be discontinued Saturday, General Manager G. C. Jefferis announced at an Interstate Commerce Commission hearing here today.

This action is necessary because the government has requisitioned all track and bridge material on the line for war use, Jefferis explained.

The hearing, conducted by ICC Examiner Jerome K. Lyle, is to determine if the line is a public utility.

convenience and necessity. The Santa Fe has asked ICC authority to abandon the line. Answering questions by counsel opposing the abandonment Examiner Lyle explained that the government's action in taking up the track does not affect the matter of public convenience and necessity and that the hearing will be conducted to determine that question.

The memory of Capt. W. C. Reid, former Santa Fe solicitor for New Mexico, and one of the outstanding leaders in affairs of that state for today by the War Department, in naming the base of the 713th Railway Engineer Battalion at Clovis, "Camp William C. Reid."

Announcement of the honor was made known by Lt. Col. C. D. Notgrass, commander of the Battalion, following advices from Washington.

Capt. Reid was a brilliant leader and at the time of his death in December last year, at the age of 73, was active in state affairs. Governor John E. Miles, a close friend declared that "Cap Reid did more for the state of New Mexico than any other one man."

Capt. Reid was commissioned a captain in Company F, First Territorial United States Infantry, during the Spanish-American War. He was born at Etna Green, Ind., in 1868. He attended Purdue University, and journeyed to New Mexico in 1895 to become manager of Las Vegas Optic. He was admitted to the bar, practicing until outbreak of war. Returning to New Mexico upon conclusion of the conflict he served as assistant federal district attorney general of the state in 1906-1907.

He became attorney for the Santa Fe at Roswell in 1915, and subsequently made headquarters in

Albuquerque as solicitor for the Railway, and formed a partnership with Earl C. Iden.

CHICAGO, Aug. 28. — The appointment of N. W. Willard to the newly created position of executive assistant to the president of the Atchison, Topeka and Santa Fe Railway was announced today following a meeting of the Railroad's board of directors here yesterday.

Willard has been assistant to the president of the Santa Fe since 1918. He will be succeeded by R. G. Rydin, chief clerk to the president. Both appointments become effective Sept. 1.

The Santa Fe system carloadings for the week ending Aug. 29, 1942, were 23,213 compared with 22,326 for the same week in 1941. Total cars received from connections totaled 12,164 compared with 9,009 for the same week in 1941. The Santa Fe handled a total of 35,438 cars in the preceding week of this year.

ON THE HOME FRONT

WPB has replaced its temporary "freeze" order on softwood construction lumber with a permanent control on the distribution and use of all types of softwood lumber. The new WPB order, M-208, puts purchase orders into four classes, with automatic priority ratings granted, according to uses of the lumber.

Recognition of outstanding service to the war effort will be awarded to leading scrap dealers in the form of emblems. WPB's Conservation Division will present the emblems on the basis of the scrap policies and on evidence that tonnage deliveries of scrap from the yards are one-third above deliveries for the first part of the year. First awards are scheduled for September 1. Monthly awards will be made thereafter during 1942.

Assuring livestock producers that anything in the way of surprise action will be avoided, OPA has announced that definite plans are in process for placing a price ceiling on live hogs and similar action is contemplated soon on cattle prices. Working out of ceilings will be undertaken in close consultation with producers, and completed plans will be submitted to the Secretary of Agriculture for concurrence. With a strong demand for beef cattle in prospect, the market will be more stable, as compared with other years, and feeders who buy carefully may look forward to the coming year with confidence.

An official guide to help people of all ages and occupations to get more than "ankle deep" into the nation's war effort has been published by the Office of Civilian Defense. The booklet, entitled "What Can I Do?," may be obtained from state and local defense councils or from the Office of Civilian Defense in Washington. The first official compilation of

volunteer war work opportunities, OGD's booklet outlines work for women, for boys and girls, for citizens living in "target areas" and for members of specific trades and professions.

WPB's new limitation order, L-153, effects the same conservation of materials in women's dresses and other garments made at home as those set up for ready-made garments in order L-85. The new order applies to paper patterns used by home dressmakers. The more severe measurement restrictions on wool garments ordered by L-85 for ready-made garments are not included in the pattern order, as manufacturers cannot know for what material the pattern will be used.

Bicycle Quotas Announced — September rationing quotas of new adult bicycles for the six-state Southwestern OPA region have been announced as follows: Arkansas, 443; Kansas, 1152; Louisiana, 961; Missouri, 1960; Oklahoma, 962, and Texas, 2968.

A ban on rental of new typewriters and used non-portable typewriters made since January 1, 1935, has been issued by OPA. All used machines in this classification that are now rented must be returned to dealers by September 15. This action was necessitated by slow public response to the Treasury Department's drive to buy 300,000 used typewriters from their owners to fill urgent needs of the Army, Navy and other governmental agencies. The new OPA order also placed a 3-month limit on rentals of standard typewriters made before Jan. 1, 1935, and all used portables. Although so-called "stripped" portable machines and obsolete typewriters are released by the new OPA order for unrestricted sale, all other sales are governed by rationing regulations.

With a September truck tire allotment for Texas of 18,459, al-

most six thousand below the August OPA rationing quota, Mark McGee, State OPA director, urges all farmers to plan speedy adoption of "share-a-truck" plans to insure movement of fall crops. This plan is being used successfully in Ellis County, he said, and will be presented at Lubbock on Sept. 8 to a meeting of local war price and rationing boards of 21 South Plains counties and representatives of 15,000 farmers in that region.

An adjustment from 50 cents to 75 cents a ton as the maximum charge for loading peanuts in and out of warehouses operating under contracts with agencies designated by the Agricultural Marketing Association has been announced by OPA.

Sgt. Perry Reed Gets Promotion

GOODFELLOW FIELD, San Antonio, Texas — Perry W. Reed, on of Mr. and Mrs. C. T. Reed of 930 South 9th St., Slaton, has recently been promoted from Sergeant to Staff Sergeant at Goodfellow Field, Texas, Army Air Force basic flying school. He is now a crew chief in the 863rd School squadron, with the full responsibility of directing the mechanics in his crew, checking their work and making certain that his

Women!
Here is a name to remember
CARDUI
A 62 year record of 2-Way help*
*See Directions on Label

plane is in perfect mechanical condition for flying the maximum number of hours possible. Maintenance and servicing work continues night and day. The instant a plane lands, crew men swarm over it to make all necessary repairs, fill the gas tank and check the instruments. Before the engine is cold, it is ready to fly again and the pilot steps into the cockpit without the thought of a risk. Thus, the Air Force is largely dependent on the efficiency of these fine mechanics like Staff Sergeant Reed, and they are highly valued.

Staff Sergeant Reed is married,

and he and Mrs. Reed live at 115 Allen Street, San Angelo, Texas.

Virginia King, Correspondent

Lola Mae Littlepage, daughter of Mr. and Mrs. S. J. Littlepage of Snyder, became the bride of Corporal James F. Collings, son of Mr. and Mrs. Byrd Collings of Wilson, Saturday afternoon, August 22, 4:30 o'clock at the home of her brother, J. O. Littlepage. The ceremony was read before an arch of greenery by Rev. Ira Harrison of Abilene, former pastor of the First Baptist Church of Snyder.

Lohengrin's Bridal Chorus was played softly by Mrs. H. O. Hoskins, teacher of Jayton, and former college roommate of the bride.

The bride wore a dress of soldier blue crepe, with accessories of black and carried white kid gloves. Her corsage was of pink carnation and for something old she wore a chatin watch that was worn by her mother when she was married.

After the ceremony Mrs. Collings cut her tiered cake, with which punched was served to members of the families and a few close friends. Out-of-town guests were Rev. and Mrs. Harrison and Mrs. Hoskins.

Mrs. Collings, a graduate of Snyder High School was valedictorian of her class. She attended West Texas State Teachers College at Canyon, Texas Wesleyan College at Ft. Worth, Texas Technological College of Lubbock and graduated from Howard Payne at Brownwood in 1940. While attending Howard Payne she was a member of the choir, Elementary Council and sponsor of the Life Service Band. She had taught the past three years in Southland Grade School, and will continue teaching temporarily in Slaton.

Collings, a graduate of Southland High School, lacked a few months receiving his B. B. A. degree from Texas Technological College at Lubbock. Before enlisting in the Army in April, he was employed in the finance department at Camp Wallace near Galveston. He is now stationed at Camp Barkeley, Abilene and is to leave soon for officers training school in the finance department of the United States Army.

Charles Sokoll, Jr. who has recently been transferred to Miami, Florida, left for camp Friday after spending five days here with his parents. Mr. and Mrs. Charles Sokoll. Charles had just been promoted to staff sergeant and Mrs. Sokoll deprived the tailor of the job of sewing those fourth stripes on his sleeves.

Garth Thomas wrote his parents Mr. and Mrs. B. H. Thomas that he has finished his ground work and is now in Advanced Flying School at Pensacola, Fla.

James R. King, postmaster here since 1934, has been transferred from Ft. Sill Okla. to Arkansas.

Lt. I. J. Duff, Jr., son of Mr. and Mrs. I. J. Duff, who live near Slaton, received his commission at Ft. Benning, Ga., July 28th. He reported in Seattle, Washington August 23rd and will enter Foreign Service soon.

Earl Dyer Morris has been transferred from Mineral Wells to Ft. Knox, Kentucky.

Sgt. Woodrow Dunn moved Aug. 10 from Abilene to Camp Adair, Oregon. His wife leaves Tuesday from the home of her mother in Springfield, Mo. to join her husband. Sgt. Dunn has been in the Army since January 1937.

Have your prescriptions filled at **TEAGUE'S DRUG STORE** by a registered pharmacist.

Mrs. J. D. Hood has not heard from her son, Carl, since June 26. He was with the Marines at Pearl Harbor, but their address is now probably Solomon Islands.

Mrs. S. M. Truelock's last letter from her son was received five weeks ago. Manuel, a sailor, is on the Saratoga.

I. W. Day, brother of Mrs. Herbert Dunn, was transferred from U. S. S. Savannah to an unknown ship. He has been stationed at Norfolk, Virginia for the past two months while their ship was dry-docked for servicing and repair.

James Becker left Aug. 27 out to sea on the U. S. S. Fanning. He has been promoted to 2d. Class seaman.

Ding Martin and the two other boys on leave at the same time, returned to San Diego to be with a new group of sailors. He and James Becker are now separated for the duration.

Junior Hord, who was sent to Ft. Sill, sent his mother a letter written somewhere in Missouri, destination unknown.

Despite the rain Sunday night and Monday, one bus and many cars plowed through the mud for the opening of school. The 7:30 K. F. Y. O. Announces Tuesday will tell whether or not there will be school here that day. The opening exercises will be held after the rain ceases, probably some night this week.

Rev. Berry Baker preached the funeral at Tye near Abilene Friday of Sam Martins nephew, Pvt. John Moore. He was accompanied by Rev. H. B. Coggin.

Mr. and Mrs. Sam Martin accompanied by their son Harley, returned home Sunday afternoon. Blanton returned Friday with Brother Baker.

Sunday guests of the McGee Moores were his sister, Mr. and Mrs. Homer Miller and children. The Millers are teaching school this year at Fluvanna.

Janey Morris, Mr. and Mrs. Charlie King and children and Mrs. Ethel Davis of Lubbock spent Sunday with the H. A. King family.

Mr. and Mrs. Leo Heath and children of Snyder spent the weekend in Southland with his uncle, L. A. Dunn and wife.

Nellie Joe Powers of Albuquerque, accompanied by her husband's parents, Mr. and Mrs. Curtis Powers, also spent the weekend with the L. A. Dunns, who are Nellie Jo's grandparents.

Miss Jackie Yeager of Amarillo visited the J. A. Thompsons Saturday. She was accompanied by Mr. and Mrs. Laurel Ellis who visited Mr. and Mrs. Leslie Ellis.

ARMED FORCES FIRST SAYS ARMOUR AND CO.

How the United States Government is providing for the nation's armed forces with the finest foods under the highest possible nutritional standards will be described in a new series of institutional advertisements by Armour and Company, scheduled to start in September issues of 18 national magazines.

This new series presents Armour's and the meat industry's vital role in the war program. All ads will dramatize the fact that Uncle Sam's soldiers, sailors and marines are the best fed fighting forces in the world, and stress the importance placed by the military commands on meat as a fighting food. With headlines such as "Meet the Best Fed Fighters in the World" and "He's the Biggest Meat Eater in the World", copy and illustrations show complete weekly menus, emergency rations, and describes new streamlined methods of packing and distribution for getting meats to the various fronts. Advertisements state that the Quartermaster Corps orders a pound of meat per day for every fighting man, officer and private alike, and that the average man gains 7 pounds during his first month in the service.

The advertisements point with considerable pride to the fact that no new plants had to be built or financed by the government to meet the war emergency. Armour and the meat industry were prepared for war right at the start. Their billion dollar plant investment went to work for Uncle Sam the day the war was declared -- and packers have been able to furnish millions of pounds of meat daily for military and lend-lease shipment -- with their present resources and facilities. At the same time, they continue to supply domestic requirements.

The public is reminded that there may be temporary shortages in certain meats at home, and they cannot expect unlimited quantities -- because boys in the service come first, and there must be no delay or shortages on the fighting fronts. However, the meat industry continues to supply civilian consumers with very few inconveniences to the nation's housewives.

continues to supply civilian consumers with very few inconveniences to the nation's housewives.

In announcing the campaign, F. W. Specht, Vice-President and General Sales Manager said, "No company can operate as usual during war time. Firms like Armour and Company must reorganize their operations in varying degrees, and mobilize their resources and manpower, to assume added responsibilities to both the Government and its citizens which arise from the all-out war effort. Such reorganized operations involve increased production of some lines, a curtailment and even elimination of others...changes in marketing and distribution...research and development of new methods and new products."

Will pay 5c per pound for clean cotton rags. Slaton Slatonite.

Coffee And Shower Honor September Bride-Elect

Mrs. Ray Conner announced the engagement and approaching marriage of her daughter, Miss Maxine Connor, to Joe Walker, son of Mr. and Mrs. Joe Walker at a coffee given Saturday morning.

Greeting guests at the door was Mrs. W. F. Martin who presented them to the receiving lines made up of Mrs. Conner; Miss Conner; Mrs. Walker; Mrs. C. L. Suit, Miss Mary Leslie Culwell, Mrs. Ida Champion, and Mrs. D. Walker, grandmother of the bridegroom-elect.

In Mexican Motif Mrs. R. H. Todd and Mrs. J. H. Brewer presided at the pottery

coffee service. Mrs. K. C. Scott and Mrs. Nan Tudor assisted in the dining room. The table was laid with a Mexican cloth and centered with an arrangement of white and yellow dahlias.

Mrs. S. H. Adams presented the guests with announcements in the form of newspaper clippings that announced the betrothed couple's names and their wedding date, Sept. 10.

Mrs. George Culwell directed guests to the brides book where Mrs. E. R. Legg and Mrs. L. R. Tibbs presided.

Misses June Scott and Marian Ferguson played piano selections during the calling hour, 9 and 11 o'clock.

Honored By Shower Mrs. Truman Shelton honored Miss Maxine Connor with a bridge party and personal shower Tuesday evening, Sept. 1, in her home.

Those attending were: Misses Mary Leslie Culwell, June Scott, Mary Helen Appling, Marion Ferguson, Evelyn Meading, Marie Doherty, the honoree and the hostess.

SUNDAY SCHOOL CLASS HAS REGULAR MEETING The Alethean Sunday School Class of the Baptist Church met in the home of Mrs. Carl Sartain last Wednesday, Sept. 2.

The meeting was called to order at 3:00 P. M. after which Mrs. Jim Vaughn gave the opening prayer and Mrs. J. D. Loring gave the devotional.

Members attending were: Mesdames V. E. Tudor, Bert Thompson, Jess Burton, Carl Gryder, C. R. Bain, W. H. Edwards, Fred Stephens, J. D. Loring, and Jim Vaughn.

E. P. GRUNDY HONORED AT BIRTHDAY PARTY To celebrate his 12th birthday this week E. P. Grundy was honored by his mother with a birthday party.

Many different kinds of games were played and refreshments of vari-colored glasses of punch and cake were served.

Those attending the party were: Johnny McCormick, R. C. Grundy, Alvis Collins, Charles Gard, Billy Raye Glasscock, Derline, Floyd, Juanita McDuffee, Martha Mae Grundy, Melba Potthast, Gloria Schillings, and Barbara Schillings.

Mercy Hospital A son born to Mrs. D. B. Calaway of Tahoka weighing 8 lbs. 10 oz.

A son born to Mrs. George Harlan of Slaton, Bt. 1, Aug. 29, weight 7 lbs. 15 oz.

Mrs. Morris Ward, baby boy, weighing 10 lbs. 3 1/2 oz.

Mrs. J. E. Melde of Wilson, girl, 6 lbs. 4 ozs.

Eddie Martin of Slaton - tonsillectomy.

Shirley Ann Saage - fractured uterus while playing in the yard.

Roy Railsback - admitted for observation following an accident.

Danny Joe Holt of Slaton - tonsillectomy.

Mrs. W. S. Smith - major operation.

Mrs. W. T. Gillaspay of Slaton - medical treatment.

Shirley June Cartwright of Lubbock - tonsillectomy.

State Theatre Friday and Saturday Sept. 4-5

TWO BIG FEATURES EACH WEEK Feature No. 1 "PRAIRIE GUN SMOKE" with Bill Elliot & Tex Ritter

Feature No. 2 "SWEATER GIRL" Eddie Bracken & Junt Prieser

Mrs. V. H. Jarman Hostess To Club

The Bluebonnet Club met in the home of Mrs. H. V. Jarman Wednesday, Aug. 26, with eighteen members attending.

After a brief meeting, Mrs. F. B. Tudor presented Mrs. C. F. Stanford with a gift from the club. Mrs. Stanford will make her home in Chicago after the fifteenth of September. Sewing and forty-two was enjoyed by the members after the presentation of the gift.

Those attending the meeting were: Mesdames H. S. Crews, Judge Culwell, A. L. Clifton, Dan Liles, J. P. Brooks, H. H. Edmondson, Carl Evans, C. F. Stanford, L. T. Garland, Wallace King, W. B. Shelton, E. R. Legg, J. H. Teague, Jr., J. D. Holt, C. F. Sanner, F. B. Tudor, L. R. Tibbs, and two guests Mesdames Gunter Garland and Dudley Berry.

HOME MAKERS CLUB MEETS The Home Makers S. S. Class will have their business and social meeting on Sept 17th instead of the 10th because of the Lubbock association meeting here on that date. The meeting will be with Mrs. I. C. Tucker on the 17th.

Glenna Sue Liles Honored At Party Bringing to a close the summer parties for the younger social set, Mrs. D. W. Liles entertained with a garden party Thursday night August 27th for her daughter, Glenna Sue, who celebrated her birthday.

The girls attending the party were: Dorothy Davis, Mary Haral, Joy Holloman, Martha Lou Lovelless, Donita Dowell, Holly Barton, Francis Ruth Edwards, and the honoree.

The boys attending were: John A. Schmidt, Roscoe Champion, Glyndon Dawson, Phillip Dawson, Billy Dawson, Kenneth Atnip, Jack Thompson and Bobby Hoover.

WIN ONE CLASS MEETS WITH MRS. HOLLIMAN The Win One class of the Methodist church held a social meeting in the country home of Mrs. W. L. Holliman August 28 with Mrs. Hester Sledge as co-hostess.

The meeting opened with a devotional given by Mrs. Fred Cardinal and prayer by Mrs. Tibbs. Joy Holliman played a piano selection after which there was a dismissal for a social period.

A lovely refreshment plate was served by the hostesses to the following members: Mesdames G. M. Harlan, T. P. Hord, L. R. Tibbs, Leslie Smith, Hester Sledge, E. R. Legg, Georget Taylor and one guest, Mrs. Fred Cardinal of Floydada.

The Forrest Bible Study will meet at 3:30 p. m. Tuesday at the Methodist Church.

Lesson: Studies in the Book of Exodus, Chapter XII (The Passover)

1. What New Testament authority have we for saying that the Passover Lamb is a type of Christ?

2. What are some of the points in which the Passover Lamb typifies Christ?

3. What was it that saved the Israelites from death; the spotlessness of the lamb, or the blood of the lamb?

4. How were the Israelites occupied behind the blood stained doors?

5. What memorial do we have which corresponds to the Passover feast which God commanded the Israelites to observe?

VISITOR PRESIDES AT LEAGUE MEETING

The Junior Christian Endeavor of the First Christian church met Sunday at seven o'clock p. m. The meeting was called to order by the president, Everett Kenney, and then turned over to Virginia Brassfield who is visiting here from Washington, D. C.

Subject of the meeting was "What Following Jesus Has Done For Me."

Movie Reporter.

Rural rhythm and "THE OLD HOMESTEAD" take precedence over all in the new Weaver Bros. and Elviry picture showing at the Palace Theatre next Friday and Saturday. It is the down-to-earth story of how the common people help out in the war effort. Come and see Elviry swing those hoe-downs.

Abbott and Costello storm on to the Palace screen Sunday and Monday to take your breath away in their latest comic fun-fest "ONE NIGHT IN THE TROPICS". Also starred in the New Universal Picture are Allen Jones and Nancy Kelly. It's the story of the poor son of a millionaire who will inherit \$1,000,000 if he doesn't fall in love. He goes to South America and Bud and Lou go along to keep him safe to inherit his money.

Comic situations of every sort involve the three in their hilarious journey. Don't miss this picture if you want to laugh.

Three wealthy sisters who live in a spacious house that is daily eeping into a greater state of decay, and who are obviously trying to keep dark some closely guarded secret of the past, is the intriguing story of "THE THREE SISTERS" which opens Tuesday, Wednesday and Thursday at the Palace Theatre. The picture features a brilliant cast made up of Barbara Stanwyck, George Brent, Geraldine Fitzgerald, Nancy Coleman and a fine newcomer for whom film critics and preview audiences alike predict a bright future. This thrilling story is a must-see for all movie goers.

Cosmetician To Visit Here "The women of this community will have an opportunity to get some valuable information by an expert cosmetician during the week beginning September 14th," said J. D. Holt, manager of the Slaton Pharmacy, when Miss Fern Watson will be at our store from Monday Sept. 14 to Saturday Sept. 19th. Miss Watson is a representative of the Cara Nome line of beauty preparations but does not come here as a saleswoman. Her training in beauty culture and in the proper use of beauty aids is extensive and her advice will be freely given to any woman who wishes to visit our store to consult her."

LOCAL RED CROSS CHANGES MEETING TIME Beginning Monday Sept. 21, Red Cross will meet from 1 to 4 in the afternoons instead of meeting in the mornings as heretofore.

They will be closed all day next Monday which is Labor Day. The different churches will decide Monday when they will work at Red Cross.

Chairmen for next Tuesday morning will be Mrs. J. H. Teague Jr., and Mrs. C. L. Pack; for Wednesday, Mrs. R. H. Kirkpatrick and Mrs. Bill Farschon. A plea is being made for second hand clean material to be used for local needs, mainly for bayettes. Any old material that is worth making up will be appreciated.

Volunteers among the women who are unable to leave home for various reasons are needed, as there are lots of scraps available that can be pieced into quilts.

Typewriter ribbons for Standard and Portable models at the Slaton Slatonite.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

Mr. and Mrs. W. M. Jophlin and children and Mr. and Mrs. Lewis Joplin left for Brownwood Monday to visit Mr. and Mrs. Tom Harris.

QUILTING CLUB MEETS WITH MRS. C. C. WICKER

Meeting in the home of Mrs. C. C. Wicker, the Jolly Quilting Club enjoyed a covered dish luncheon September 1.

The club met in a regular business meeting at which plans were made for sewing. A quilt was completely finished.

Those attending the meeting were: Mesdames Ben Mansker, P. M. Wheatly, J. W. Ward, W. P. Florence, E. E. Wilson, H. H. Edmondson, Jess Burton and one guest, Mrs. Jarman.

The next meeting will be held in the home of Mrs. J. W. Ward on Tuesday, Sept. 15.

Dr. J. J. McDonald And Family To Make Home Here

The announcement was made this week of the opening of the office of Dr. J. J. McDonald for the practice of Medicine and Surgery.

His offices are in the Kent Building on Garza St. Doctor McDonald came to Slaton from La Salle, Illinois, where he practiced his profession over a long period of time. He is a graduate of the University of Chicago, served his internship at the Barnes Hospital in Saint Louis and took post graduate work in Vienna, Austria and in London, England.

Dr. McDonald is married and has two children, one son age 10 and a daughter age 12.

"We are delighted with Slaton", said Dr. McDonald, "and selected it as our home after long consideration. The entire family regretted leaving La Salle but the long, cold winters are so severe that we decided to move to a milder climate and Slaton has one of the best in America according to the information we have received."

Fats make glycerine and glycerine is a vital war time necessity in which a very serious shortage threatens. Thousands and thousands of pounds of almost priceless fats are being thrown into the sewer and into the garbage by housewives all over the nation. Slaton women are no exception and it is high time that they wake up to the necessity of salvaging every pound of fat possible.

Arrangements have been made by the Slaton Salvage Committee to have practically every grocer in this community to buy the surplus fats that the housewives bring in. The price of 3c per pound as set by the United States Government will be paid and no one is being asked to donate the fats -- in fact, the Government wants you to sell, not give, these products but it is most definitely urged that you sell them.

Fats that have been heated to high temperatures are not desirable and the fats will not be accepted unless they have been strained free of foreign substances; so when you bring your fats in, be sure to have them in good shape, but for the sake of the men who are in the armed forces BRING IN YOUR FATS TODAY so that the vitally needed glycerine will be available for making the munitions to win victory.

HELP WIN THE WAR

POSEY ITEMS

Mrs. S. N. Gentry, Correspondent

Mr. and Mrs. M. J. Kelly and daughter of Amarillo were visitors in the Julius Stahl home over the week-end.

Mr. Meldon Harris of Winchell, Texas visited friends and relatives of this community last Tuesday.

Mr. and Mrs. S. N. Gentry, Ruth Guy, Laverne, and Annabel, and Mrs. E. L. Mangum and son, Ronald Lee, spent Sunday in the home of Mr. and Mrs. R. L. Johnson of Pettit.

Billy Flo and Betty Joe McClendon of Pettit, nieces of Mrs. S. N. Gentry, had their tonsils removed in the Littlefield Hospital Saturday. They are doing nicely.

Mr. Vaughn Campbell, Charles Gentry, and James Belcher of Amarillo are visiting their parents this week. Mr. Gentry plans to remain here.

In a called meeting of the Posey Board of Trustees last Tuesday night, Mr. and Mrs. H. C. Robertson of near Tahoka were elected as teachers for the Posey school. Another teacher also was elected but did not accept and there is still a vacancy in the Posey school. The board also accepted Mr. and Mrs. Nathan Johnson's resignation. A meeting will probably be

called some time this week to elect another teacher, S. N. Gentry president of the board said.

Misses Barva and Agnes Stahl entertained with a party Friday night at their home honoring Misses Jo Ann and Bobbie Rietman of Amarillo. Those present were: Earl, Howard, Bud, Mary Alice and Oscar Johnson, Ruth and Guy Gentry, Vernell Campbell, Clifford and Cornelia Behlen, Don Ray Rodgers, Arline and Audrey Kitten, Betty Ross Maeker, R. J. Schuette, Harold Morrison, Boyd Belcher, James Vannoy, Aline Perdue, Wyona West, Benny Moeller, W. M. and Joseph Joplin, Barbara, Agnes, and Fabian Stahl, and the honorees.

Mr. Dave Connor visited his brother in Benjamin Texas the past week.

The precipitation in the community Monday was general, and most farmers reported about 2 1/2 inches.

The Posey School will open next Monday morning at 9:00 A. M. A special opening program will be presented and every one is invited to attend. Parents of the school children are reminded that the bus will run on the south route first this year instead of the north route as it did last year.

Cotton Picking Sacks Available

Cotton bag manufacturers in Texas have informed the Texas USDA War Board that they can supply plenty of picking sacks made from cotton cloth, B. F. Vance, board chairman, has announced.

Vance said that shortages of cotton duck cloth for the manufacture of cotton pick sacks required a shift to sacks made from osanburg. Texas mills, in answer to queries from the War Board, indicated they could supply as many of the osanburg sacks as needed.

NOW IS THE TIME TO PLANT BLUEBONNETS

COLLEGE STATION, Sept. — Persons who desire to beautify their yards or flower beds with Texas' state flower next year should plant bluebonnets now. To grow and bloom successfully, bluebonnets should be planted in a sunny, well drained spot, says Sadie Hatfield, specialist in landscape gardening of the A. and M. College Extension Service.

Bluebonnets do not like to be disturbed by cultivation. They can be transplanted, but it is better to plant them where they are to grow. In parts of the state where

it is too cold during the winter months for them to grow in the open, they should be started in flats, cold frames, or small pots and set in the open as soon as the ground thaws. The state flower is very resistant to cold and will thrive during spring freezes.

SINCERE GRATITUDE

for the large number of votes from this community that were cast for me in the Second Primary for Lubbock County School Superintendent. I will do my best to merit your confidence.

Yours Truly,

ROY BOYD

Texas Lemons Prove Popular

This year for the first time, Texas becomes a factor in the lemon market of the nation, with the introduction of Texsun Meyer Lemons. The deal started in a very small way when first shipment was made on August 18. Dependent on weather conditions, peak movement should be about September 15 to 25.

The history of the Meyer Lemon in the Rio Grande Valley is a little uncertain. From the best sources, it appears that Mr. Frank Meyer, of the U. S. Department of Agriculture, shipped buds to a Florida nursery about 25 years ago. These buds were inserted in sour orange stocks and a number of small trees were grown. About 32 of these trees from Florida were planted in a grove near Weslaco, in the Rio Grande Valley. Out of the 32 trees only four turned out to be of value and it is from these four trees that the present Meyer Lemon orchards were started in the valley.

The Texsun Meyer Lemons have all the good qualities of the finest lemon and stand as low temperature as the standard oranges and grapefruit, something no other variety of lemon will do. Its shape is uniform, skin very smooth, when cured it is of the proper lemon color, and when raised in the Rio Grande Valley the Meyer Lemon is said to contain 70 per cent more juice and about 50 per cent more citric acid than the lemons from other sections.

For the first time in the history of the Texas citrus industry, Texsun Meyer Lemons will be properly cured, colored, graded as to quality, waxed and polished, sized and packed in new white pine standard lemon boxes. They will be picked only when mature by gloved hands, and will be clipped - not pulled - from the stem to avoid bruising.

The Rio Grande Valley Citrus Exchange controls an estimated tonnage of between twenty and

twenty-five thousand field boxes of these lemons to be marketed under their Texsun and Tex-Maid brands. This tonnage will pack out fifteen to twenty thousand packed boxes, running heavy in sizes 300s to 360s which are standard sizes of California lemons.

This season will mark a big step forward in the Texas citrus industry, already renowned for its fine quality grapefruit and oranges. The lemon is the most versatile of all the citrus fruits. Besides lemons being used for beverages, garnish, flavoring for fish, meat and vegetables; it has been termed "Vitamin C Insurance"; and is indispensable for its many household uses, and is a wartime beauty aid.
