C. of C. Plans To Become Active

N. D. Heaton, local attorney, president of the Slaton Chamber of Commerce and Board of City Development, says that the most important problem before the organizations today is the employment of an experienced manager for the C. of C.

Two applications for the place have been filed but neither of the men who made the applications have had experience in this line of work and Mr. Heaton reports that the directors of the organizations feel that experience necessary at the present time and that every effort should be made to secure a man who can take over the work and carry on from the start.

There are a number of important projects pending and some important details that should be attended to very soon, said the new president. The near future will bring up work that the Chamber of Commerce should do that will mean much toward the development of Slaton and this area, said Mr. Heaton and a thoroughly competent and experienced man will be needed to carry out the wishes of the directors.

Army Information Available Here

Sgt. Joe F. Raindl and Sgt. Haral of the Lubbock Recruiting staff were in Slaton last Thursday to interview men who are interested in discussing the many attractive offers being made to men who would like to enter the army.

The men are in position to accept applications or to give full details on the many new and interesting opportunities that are available. They headquarter at the City Hall each Thursday and any man who is eligible may call any Thursday at the City Hall and discuss these matters with the two sergeants.

Those who meet with the army representatives will not be put under any obligations.

Legion To Meet Monday Evening

The regular meeting of the American Legion will be held next Monday night at the Legion Hall and Commander M. S. Kavanaugh reports that a number of new members have been added to the rolls.

A number of activities are being planned by the Legion both locally and in connection with the District and National campaigns that are being worked out. New members are taking an active part and will be given opportunities to introduce their ideas for the organization.

COMMENDATION GIVEN STAFF SGT. WILLIAMS

Staff Sgt. Jay Wilburn Moore, of the Service Detachment of the 39th Battalion Company A, recently made a visit to the Adjutant General Headquarters in Austin to receive certain equipment for his organization in Lubbock. For the excellent work he and staff Sgt. Joe Lee Doyle did in connection with their duties in this line Lt. Col. Barney C. McDonald of Lubbock received a letter of commendation for the two young men in which the Adjutant General wrote very highly of their qualifications as soldiers and as men well equipped to do their work.

Moore expects to soon make his home in Slaton where he will enter business. He says that the Home Guard will probably be the basis for a new National Guard and that the organization is even more important now than it was during war times as emergencies of all kinds could easily develop in which their help could be needed.

There are a number of Slaton men who are members of the Lubbock Unit and Mr. Moore says that men from Slaton who wish to join the Lubbock organization will be welcome.

MISS LUCILLE CALDWELL

Miss Lucille Caldwell, daughter of Mrs. Lula Caldwell, was recently elected sweetheart of the Slaton Chapter of Future Farmers of America.

Miss Caldwell, freshman representative, won over the other class representatives and will be honor guest at the Father-Son banquet. Her picture will also grace a full page in the school yearbooks.

The Chapter was organized in 1936 and now has 33 members. Through the efforts of the chapter and assistance of the business men, a successful livestock show has been staged annually the past four years. Present officers of the chapter are: Laverne Jones, president; Guy Gentry, vice president; Brian Sartain, secretary; Paul Mosser, treasurer; Jon Apple, reporter; Gene Moore, historian; J. Frank Jones, parliamentarian; Oscar Lee Johnson, sentinel.

Commercial Plane Show in Lubbock

Twenty-five to thirty popular types of personal and commercial planes and accessories will be on display at Lubbock municipal airport Saturday, Feb. 23, when boosters of the Southwestern Aviation Exposition land there at 11 a. m. for a luncheon stop.

The exposition, to be held at Fort Worth concurrent with the Fat Stock Show March 8-17, is being sponsored by the Fort Worth Chapter of the National Aeronautics Association and Junior Chamber of Commerce as a means of arousing further public interest in aviation.

The group is visiting more than 50 air-minded cities in Texas and Oklahoma.

Local arrangements for entertainment and transportation of the visitors are being made by the Lubbock Chamber of Commerce, assisted by the Junior Chamber and the Lubbock Chapter of NAA.

Mr. and Mrs. Grady Elder are the proud parents of a son, born Feb. 19, at Merly Hospital. The eight-pound, 11-ounce boy is named David Ray.

SHE'S HEP—Charming Anita Ellis is right in the groove with her singing every Tuesday on NBC's "The Red Skelton Show." Her favorite sport is hiking, but this isn't her hiking costume.

Motion Picture Machine Arrives

The motion picture projector that was purchased with funds left for that purpose by the Senior Class of 1944-45 has arrived and has been set up at the High School and the first reels to be run through the machine were shown to the instructors of the Slaton schools.

The subjects were demonstrations of the newest and best methods on instructions for public schools and according to Superintendent Kavanaugh, should bring tangible benefits to the local schools.

The machine will be used regularly for both instructive and amusement purposes and the students of Slaton will have cause to be thankful to the Senior Class of 1944-45 and to the other organizations that helped to purchase the machine.

ORDINATION SERVICE TO BE HELD SUNDAY

A special ordination service is to be held at the First Christian Church next Sunday at the morning hour, beginning at 10:45. Several new elders and deacons are to be ordained and Rev. Lenox has suggested that members come to the service with prayers and fasting. A full attendance of members and friends is urged.

The time for regular evening services has been changed from 7 o'clock to 7:30. Wednesday evening prayer service also begins at 7:30.

BRIDGE TOURNAMENT TO BE FRIDAY, MARCH 1

A bridge tournament, under the sponsorship of the Daughters of Pioneer Study Club will be held at the American Legion Hall next Friday night, March 1.

The proceeds of the contest will be used to secure Venetian blinds for the Slaton Club House.

Birth Records at Slaton City Hall

It seems that the Slatonite is wrong again. It was stated in the paper last week that local births are recorded in Lubbock but this is not the case. They are recorded at the City Hall. According to the regulations the births are supposed to be registered by the physicians no later than five days after the important event. However, the records show that the doctors have not been doing so.

Mr. Maxey at the City Hall reports that he has had a good many requests for affidavits on births and that the City Hall is the place to get them and not the Lubbock County Court House.

The Slatonite will in the future depend upon the relatives and friends of new parents or on the parents themselves to give us the information as we want to print the news while it is still news and not several weeks after the new citizen has made his or her first howl for liberty, or perhaps it was for a good meal.

Southland Life Shows Increase

W. C. McCORD

An all-time high of \$219,402,658 insurance in force was revealed today by Southland Life Insurance Company in the firm's 38th annual statement as of December 31, 1945.

Coincident with the release of the statement, Southland's president, W. C. McCord, announced that the record 1945 figure constitutes an increase of \$12,823,541 over the previous year's business. "This is a highly gratifying gain," McCord said, "and unquestionably confirms my often expressed belief that the people of Texas consider that life insurance is a most precious necessity, even when other commodities essential to daily living are at a record high."

Assets of the Company also soared to a new high of \$48,927,868.68, showing an increase of \$4,282,027.96, with a total paid to policyholders and beneficiaries since the company's founding of \$48,684,378.

Addressing the company's field force, Mr. McCord praised them for their cooperative efforts. "All of you have done a splendid job during 1945 for Southland and for the people of Texas," said McCord, "and the volume of new business received thus far for 1946 is most encouraging."

Machinist Mate Robert Lloyd Henry arrived in the U. S. Sunday, Feb. 17. He received his discharge in San Pedro, Calif., and expects to be home very soon.

Ben Becker, Jr., is home on a 30-day leave from the navy.

Sgt. William L. Pankoney, Jr., son of Mr. and Mrs. W. L. Pankoney of Slaton, is one of 1200 army veterans returning to the states for discharge aboard the U. S. S. Hampton, an attack transport of the "Magic Carpet" fleet.

MEN IN SERVICE
Earl Bradshaw received his discharge and came home Wednesday. He has been an instructor in the navy stationed at Port Hueneme, Calif.

James L. Scott, S2/C, USNR, received his discharge Feb. 12 at Camp Wallace and arrived home Feb. 13. He served three months overseas.

J. C. Burton, Jr., who served 39 months has received his discharge and has returned home. He expects to attend college.

Pfc. Sidney A. Johnson talked to his mother Sunday, night from Rome, Italy. He is scheduled to leave for the U. S. the last of this month.

Chas. S. Gentry, S1/C, son of Mr. and Mrs. S. N. Gentry, is to leave from Shanghai, China, about the 15th of this month for the United States. His release from naval service is expected to be about the middle of March.

The army was never like this. "Pardon My Past."

Water Situation To Be Relieved When the Summer Weather Comes

It seems that the City Commissioners are having some difficulty in securing rights to drill water wells in the part of town that has the best prospects of producing water. The well in the southwest part of town that was completed last fall is the best one outside of the old wells on the north side of town that has been brought in since the City Commissioners started their search for water summer before last. But sites are difficult to find.

The well on the southwest side of town has not been connected to the city mains but will probably be connected before summer. However, if possible, more wells will be dug in that vicinity so that the water supply will be enhanced as

much as possible at the least possible expense.

The city has contracted to have all of the city water tanks, both at the pumping station and in the city limits, repaired and repainted. They will be painted on the inside and repaired both on the inside and out.

Local Men To Scout Meeting

Annual banquet and meeting of the South Plains Boy Scout Council will be held at the Hilton Hotel, Feb. 26, according to Cecil H. Cale, program chairman.

This will be the 19th such affair, Cale pointed out, adding that large attendance is indicated from each of the 20 counties comprising the Council. Attendance chairmen from Slaton are J. T. Jones and W. T. Cherry.

The annual business meeting will be held at 5:30 o'clock in the afternoon, when officers will be elected, the budget approved and other business transacted. Dr. F. B. Malone of Lubbock, council president, will preside.

A dinner meeting will follow at 7 o'clock, with Charles Paxton of Sweetwater, for many years president of local councils, as the principal speaker. A past governor of this Rotary district, Paxton is described as a West Texas civic worker of note.

Slaton Unit For VFW Planned

Plans are under way to organize a Veterans of Foreign Wars Post in Slaton. A meeting will be held in the City Auditorium Tuesday night, Feb. 26, at 7:30 o'clock.

Ollie W. Smith of Levelland, state organizer for the VFW will be at the meeting to explain plans for organizing a post.

All veterans who have served overseas or on the sea in time of war are urged to attend this meeting.

Funeral Today For E. L. Deaver

Graveside funeral services will be held this afternoon beginning at 3 p. m. for E. L. Deaver, who died Sunday at his home at Rio Vista, Calif. Mr. Deaver was a resident of the Wilson community for 14 years before moving to California in 1931.

He was 80 years of age at the time of his death. He is survived by four sons and three daughters, all of California except George and Bill Deaver, who live here in Slaton.

Services will be under the direction of the Williams Funeral Home. The rites will be performed by Rev. Luther Kirk and interment will be at Englewood Cemetery.

WIN IN HAIR STYLING CONTEST IN LUBBOCK

In a contest sponsored by the National Hairdressers Association held in Lubbock recently, Mrs. Velma Reynolds was one of the winners. Her model was Helen Risenhoover.

Two Millionth

SAN FRANCISCO, CALIF.—The two millionth serviceman to arrive on the Pacific coast since Japan's surrender was Staff Sgt. Irving Feldman, 22, of Worcester, Mass. He is shown as he steps down the gangplank of the Navy transport Gerard, Feldman, a gunner with the 75th Tank Battalion, was chosen, by lot, to land first from among 905 servicemen aboard the ship.

Chief Topics

Ferris M. Robinson, traveling agent, Santa Fe refrigerator department at Ft. Worth, today was appointed traveling agent at Amarillo, succeeding A. C. Dewhurst, recently appointed assistant manager of that department at Chicago. Norman H. Purvis, refrigerator inspector at Argentine, Kansas, succeeds Robinson at Ft. Worth. Both appointments are effective Feb. 15. C. H. Nelson, manager, announced.

Santa Fe System carloadings for week ending Feb. 16, 1946, were 23,242 compared with 23,804 for same week in 1945. Cars received from connections totaled 8,742 compared with 14,117 for same week in 1945. Santa Fe handled a total of 33,084 cars in the preceding week of this year.

MORE SLATON FIRMS CHANGE IN OWNERSHIP

Two more business changes were reported this week with the purchase of the Bryant Taxi Service by Gene Kirkpatrick and of the White House Cafe by E. H. Williams of Haskell, Texas.

Gene Kirkpatrick is well known here in Slaton, having graduated from the Slaton High School. He entered the navy and served as a torpedoman on a submarine during the war and took part in a number of engagements. Before entering the navy Gene was employed by the Santa Fe at Amarillo.

In outlining his future plans he said that the Bryant Taxi will be at the service of the public 24 hours a day, three hundred and sixty-five days a year. Knowing that the railroad men of Slaton need the convenience of a good taxi service at all hours, Gene said he intends to give it to them.

Mr. Williams, who comes here from Haskell, Texas, where he operated a cafe, says that he will be open from 7 a. m. every day until midnight. He has had many years experience in this line of work and says that he expects to improve the service and serve a wide variety of foods, both in regular meals and a la carte.

Mr. and Mrs. Claude W. Young are moving to Belen, N. M., where Mr. Young will be manager of the Santa Fe reading room.

Farm Problems To Be Discussed

Pending legislation and government rulings, and their relation to the future welfare of agriculture, will be discussed by producers of this area in a meeting to be held at Plainview on Monday, Feb. 25. All speech making will be dispensed with and all time will be devoted to round table and group discussions, analyzing agricultural problems and possible solutions. The meeting is sponsored by the Texas Farm Bureau Federation and discussions will be led by J. Walter Hammond, president, who has just returned from Washington and has firsthand information on the attitude of government officials and members of Congress regarding agricultural issues. Hammond will be assisted by Marvin Carter, organization director, Texas Farm Bureau.

"These matters should be brought to the attention of farmers," Hammond declared. "The welfare of agriculture is necessary to the property of the nation, and farmers are best qualified to determine what is fair and just for agriculture," he said. "Farmers must take part in these meetings and accept their full responsibility if a prosperous agriculture is to be had. Without a prosperous agriculture, we cannot hope for a prosperous national economy. It is most important that in this reconversion period, agriculture—with 25 per cent of the people of the nation—is given the same consideration and opportunities that are extended to other groups in the nation. All farmers are invited to attend and participate in the discussions at this meeting. Agency officials are also extended an invitation to attend and give farmers the benefit of their knowledge and experience in administering the different programs. W. R. Tilson of Meadow, member of the board of directors from this district, will serve as chairman. The meeting will start at 10 a. m. in the Hilton Hotel at Plainview.

A Good Way To Cure Insomnia

Do you have trouble sleeping at night?? Then perhaps you are using the wrong kind of mattress. If your mattress is lumpy and hard and you feel as though you were sleeping on a board, then it is time to get a new mattress or have your old one made over. The Slaton Mattress Co., located on Texas Ave., will be glad to give you estimates on renovating your old mattress into a new innerspring. Their prices are reasonable and you will find they give you the best of service in any job done for you. The Slaton Mattress Co. is well equipped and have experienced workmen who know how to do the work in the shortest time possible. They will make you a new mat-

tress or renovate your old one with the best materials available. You will have a choice of several nice colors and fabrics. The Slaton Mattress Co. invite you to come in and see samples of their workmanship. They are proud to serve you at any time. So if you are troubled with insomnia and are restless at night, have your mattress made over and

catch up on your lost sleep. Call them any time for pick up and deliveries. Style Forecast: There will be very little change in men's clothes after March 15. It's tough paying 85c a pound for meat; but think how tough it would be at 20c.

OUR TEXAS

By EUGENE C. BARKER
Professor American History
The University of Texas

Though the American proposals were not laid formally before the Texas government until the middle of April, 1845, a great popular movement began as soon as the passage of the annexation resolutions was known in Texas. Naturally, President Jones could take no steps, even had he wished, until he received the offer from the United States; but the impression was widespread that he was opposed to annexation and that he would defeat the movement if he could. Numerous public meetings demanded action. Ashbel Smith wrote President Jones from Galveston on April 9, describing the public excitement. He said: "I find everywhere very great, very intense feeling on the subject of annexation... I am forced to believe that the immense majority of the citizens are in favor of annexation, that is annexation presented in the resolutions of the American Congress." He went on to say that plans were formed in a number of countries to force the meeting of a convention if the government did not act. President Jones Calls Congress and a Convention

On April 16, 1845, President Jones called Congress to meet in special session on June 16. He explained later that flooded streams would have made it difficult for members to meet earlier. One problem that the Congress was expected to deal with was passage of a redistricting act to equalize sectional representation. After a few days of consideration, however, he decided to propose an extra-legal ration of representation, and did so in a proclamation dated May 5. The convention was called to meet in Austin on July 4, though the government had been carried on from Washington on the Brazos since 1842.

Meantime, Donelson, the American commissioner in Texas, had learned that Sam Houston was opposed to the terms offered by the United States and visited him at Huntsville to try to win his support. Rumor had not misconstrued Houston's attitude. He wanted

Texas to reject the proposal to enter the Union on the terms submitted and insist on the negotiation of a new treaty. By such a treaty he thought the United States could be induced to buy the public property of Texas and to guarantee citizens against loss in the adjustment of the boundary with Mexico.

Fortunately, Donelson found it unnecessary to convert Houston. Both Congress and the convention met on the dates fixed by the president's proclamations. Jones placed before them terms proposed by the United States and at the same time submitted Mexico's agreement to recognize Texan independence on condition that Texas should retain and preserve its independence. Both bodies voted to frame a state constitution for ratification by the people and submission to the Congress of the United States.

HENRY: "I've heard that some thing several times lately... that alcoholics are really sick people. It was news to me. Do you agree with that statement, Judge?"
OLD JUDGE: "Yes, it's true, Henry. It's no notion of mine... it's a statement made by scientists who have studied the subject."
HENRY: "What did they find out, Judge?"
OLD JUDGE: "Well, as a result of their medical research, they found out that approximately 95% of the people who drink, drink sensibly. 5% do so unwisely, at times.

Included in that 5% is the small percentage known as alcoholics."
HENRY: "But why are they called sick people?"
OLD JUDGE: "Because it has been discovered that, in many cases, excessive drinking is a symptom of some physical or emotional maladjustment... not the cause of it."
HENRY: "Now I understand it, Judge. I am glad to hear of the modern approach to this problem and that so much is really being done to help these folks."

Slaton Man On Paris Furlough

By BERTRAM KESSEL

After lengthy tries and a few disappointments in getting my furlough to Paris cleared through our office and approved by the London office I finally received notice that my furlough was approved effective Jan. 7 and to report to London on the 6th for the purpose of picking up travel warrants and boat tickets to Paris. Fortunately Pat Boone, an old buddy of mine from school was able to get his on the same day so we were able to go together. We left Southampton in the early afternoon on Sunday and arrived in London about 3:30 p. m. After changing our money to French money we went searching for a room for the night, since our train did not leave till the next morning. My contact at the Regent Palace came through with flying colors and we had a lovely room in what I consider the perfect hotel for us. Went out and saw a good movie after standing in line an abnormally long time. It was "Kitty" with Paulette Goddard and Ray Milland. We had just finished reading the book so were anxious to see the movie. Then back to the hotel for an early turning in. Next morning at 6 a. m. the maid awakened us with breakfast in the room, another innovation that should be started in all good hotels. Got down to the train on time and it left promptly at 8 a. m., all electric, non-stop to New-haven. Then through the customs onto the boat. It was a four-hour trip to Dieppe, not too pleasant, since the boat was none to shiny, but it wasn't long and we were soon on a French train to Paris. This was rather a long and tiresome journey, especially since the seats were pretty hard. But we were expectant and didn't mind too much. Arrived at St. Lazarre at 9 p. m. and were accosted immediately by the black marketeers. Went directly to the Central Registration Bureau, where after a little bribe, we were able to get rooms at the Ambassador Hotel (the Washington Club.) But it was worth the bribe considering what the hotel had to offer.

Next day up late and went first to the PX, since Pat had sold all his cigarettes in order for us to get the room. But as luck would have it Pat had lost his ration card in the most important of places. The PX was very nice and large and had a nice assortment of gifts as well as the regular ration. Came back to dinner and noticed the nice eating arrangements we were to have for the next seven days. Waitresses, waiters, table covers, china and silver, GI food cooked by French cooks, some kind of drink with every meal. And the most surprising thing of all. The whole meal doesn't cost a thing. It is the one thing you get in the army for nothing. They really take care of you for a week and try to show you a good and comfortable time. Theater ticket booths, perfume

booths, tours — everything right there. In the afternoon we went on the regular tour of Paris by bus. The guy drove fast like the conventional French taxi driver but we were able to see a lot in a short time. Saw all the important buildings, statues, monuments and stopped at Napoleon's tomb, the Eiffel tower, the Arch of Triumph, the parks, had our group picture made but not enough time to take pictures ourselves, so we resolved to come back to the most interesting places and take some photos later. That night we had front row seats at the Casino de Paris and were unwittingly made part of the act when somewhere during the evening we had to stand up in some silly hats and show off to the crowd. No more front row seats for us.

Next day we returned to a little place we had seen on the tour formally to see if we could get some good perfume but the place had nothing but \$35 bottles on hand and that was a little steep for us. Tried Schapperelli and a few other places but they were all out of the popular sizes of the popular flavors. Took a bunch of photos in the ark at the Place Vendome, walked around a bit and then back to the hotel for lunch. That is one thing in Paris—it is practically impossible to eat, even at exorbitant prices, at any but a GI mess hall. Anyway we didn't want to eat anywhere else. Afterwards walked from the Louvre all the way up the Champs Elyses to the Arch

of Triumph — took some photos, then went by the Metro or subway (or underground) to the Eiffel Tower. A really imposing sight, but it was closed and we had to look at it from the ground. Went back to the exposition museum nearby but it was too late to get in so we had to rush back for supper at the hotel. That night went to the Folies Begere, but remembering our former experience, we sat on the fifth row this time. It was better than being so close anyway. Had to tear Pat away from the bar but we finally did get in by the time the first act came on. Boy, the French are really a bunch of racketeers with their "Tip, please." You can't do anything or go anywhere without running into this racket.

We toured the damaged sections of Paris, and Versailles. Then to Marie Antoinette's private home and to her private garden and toy village.

We had some trouble getting passage back on the boat train. After returning to London we went to a GI night club and it was quite an arrangement. Not very nice but had some good variety acts and all the champagne you could drink for 500 francs a bottle (about \$4.50).

Was a hard decision to make but we finally had to return to Southampton after a most wonderful furlough.

Nothing fills yoh quicker nor fools you more than soup.

LONG DISTANCE has a goal to reach

Our goal in long distance is to get every call through without delay. Right now we're doing that on about three out of every four.

More and more calls will go through without delays as our 1946 construction program moves ahead. By the end of the year, the Bell System plans to put in more miles of long distance circuits than it did during the five years before the war.

Meanwhile, because there are still more calls than circuits can handle without some folks waiting, we'll appreciate your patience until we can give you the better, faster service that's on the way.

By **GEORGE MAHON**
 In the column last week I referred to our efforts in Congress to pass legislation providing an additional \$100,000,000 loan authorization for REA. This must be done by March 1 if a lag in REA construction is to be averted in Texas and 20 other states.
 On Feb. 14 the House approved an appropriation to an appropriation making the funds available. It is hoped and believed that the Senate will take favorable action in the near future and send the measure to the President for his approval.
 REA loans are being paid to the Government; people in rural areas are getting the benefits of electricity. Industry is being afforded a new market for electrical gadgets and equipment; and more work is provided for the laboring people in industrial areas. I joined with others in pointing out these facts during the House debate on the measure, the chairman having given me the privilege of closing the debate.
 The conclusion seems inevitable that the job of disposing of surplus Government property has been badly bungled thus far. The top responsibility has been booted from one agency to another.
 First the sales were under an agency of the Treasury Department; then the responsibility was shifted to the Commerce Department under Secretary Henry Wallace. From there the job was transferred to the RFC. Today the War Assets Corporation, an agency of the RFC, is in the driver's seat, but next month the War Assets Corporation becomes the War Assets Administration and will no longer be associated with the RFC. This, undoubtedly, will be the last shift in responsibility. While all this tossing about has

been in process, the confusion has been terrific. Lt. General Edmund B. Gregory has now assumed the top job as Surplus Property Administrator. The fact differs hope. The general was formerly quartermaster general of the army, and he has the reputation for being a man of efficiency and action.
 The business man has become disappointed with the administration of the surplus property program; the veteran has become not only disappointed but disgusted, over the run-around that he has received—and he has received the run-around. Certificates have been issued to veterans out of all proportion to the availability of surplus property. It has been impossible for a veteran or anyone else to get accurate and complete information, but there has been an abundance of misinformation which has caused many people to make long and expensive trips, only to be disappointed.
 I talked personally with General Gregory yesterday, telling him of the dissatisfaction of the people with the way the program had been administered and urging him to do something about it. I based my complaint upon facts which I learned from veterans and others when I was in Texas in January and the letters which I am presently receiving about the surplus property program.
 A check-up of the disposition of surplus consumer goods in the four-state area which includes Texas reveals total sales to date of fifty million dollars. In this same region last month there were 1,396 sales to veterans who held reference certificates. But there are many additional thousands of these certificates outstanding.
 The over-all job of disposing of surplus Government property is only one-tenth completed. I hope the strong and insistent demand for better service will get results in the future handling of the program.

PHILLIPS 66 GASOLINE

What's Back of My Gas Burners?

This is the last in a series of four advertisements published in the belief that you would like to know more about the natural gas business, which so vitally affects your daily lives.

**CHAPTER IV
 The Gas Reaches Your Home**

Our main high-pressure transmission line originates at our Turkey Creek Compressor Station 30 miles northeast of Amarillo and goes to Canyon, Plainview, Lubbock, Midland and Odessa and other intervening cities. At Canyon, a line connects from this main trunk to Farwell, near the New Mexico line, and thence to Lubbock, forming a big triangle and serving a number of cities. More branch lines from this triangle and from the main trunk serve other cities and towns—a total of 44 in all. The pipe line system contains about 855 miles of pipe.

At or near each city served is a Town Border Station, which consists of a small building housing metering and pressure-regulating equipment. Now that the gas has almost reached its destination, high-pressure is no longer needed, so the pressure is reduced to what we call "Intermediate Pressure," after which it enters the city distribution system which consists of a network of lines carrying gas to homes, stores, offices and businesses in your city. There are about 548 miles of pipe in our city plants. The Intermediate Pressure is sufficient to carry the gas to the small District Regulator Station nearest you. Here the pressure is further reduced for delivery

through distributing mains and service lines to your meter at predetermined proper pressure for your use.

From the District Regulator Station the gas flows through a low-pressure line to your meter, where it becomes your property; thence through your yard and house piping to your familiar household servants, your range, your water heater, your refrigerator, and your home-heating equipment. Responding instantly to your every wish, it contributes greatly to carefree, healthful living, at a cost within the reach of all.

Our story until now has dealt with natural gas and some of the equipment used in bringing it to you. However, despite our large investment in physical property, our greatest asset is the group of loyal, hard-working, courteous employees who operate the properties 24 hours a day and 365 days a year, to render you a high type of service. Natural gas itself, without the services of these many men and women, would be worth little. Each and every employee has his own special type of work which is vital to the proper functioning of the group as a whole.

While you, our customer, are dependent on us for service, we are actually more dependent on you. Without you we could not exist. Therefore we are going to do everything we can to give you good service. The natural gas that we have to sell has been proven a perfect fuel; each and every employee will strive to render you a personal service of equally high quality.

Delta Sigma Sub-Deb Club Has Annual Valentine Dance Feb. 14

An exceptionally large crowd attended the annual Valentine Dance of the Delta Sigma Sub Deb Club Feb. 14 at the American Legion Hall. The dance was semi-formal. The different size hearts hung thickly on streamers from the ceiling all over the room. At one end of the hall red and white streamers were brought up and met in the center with an enormous decorated heart in the center. On either side of the large heart another large heart was placed.

At the other end of the hall duplicate hearts were arranged. Around the hall heart-shaped signs were placed on the walls with a "Valentine quotation" about each club member and date. The check room was also adorned with the same theme.

Club members and dates present were: Dorothy Davis, Don Crow; Wilma DeBusk, Wendell Byler; Wilma Faulkner, Fred Schmidt; Martha Gunter, Norma Spears; Bobby Hancock, Billy Seideman; Nadine Hart, Grady Elder; Betty Maeker, Roy German; Peggy Tudor, John Schmidt; Barbara Wolfskill, Bill Klattenhoff; Nancy Teague, Fred England; Frances Hunter, Glendyn Dawson; Phyllis Hunter, Tom Smith; May Herral, Durwood Crawford; Glenna Lillies, Wayne Kenney; DeEtta Pohl, Dick Autry; Daunita Dowell, Reba Bartley; Marian Wilson, Billie Taylor.

Ex-members and dates present were: Dorothy Sledge, Lori Ann Young, Billie Jarman and Ray Talbot.

Other guests present were: W. J. Byler, Lucille Caldwell; Tommy Wheatly, Erma Gregory; Jaunell Moore, Leroy Floyd; Amalene Schutte, George DuBois; Beth Brasfield, Norman Newton; Phyllis Leach, Kenneth Atnip.

The stag line consisted of Jerry Lovelady, James Porter, Jackie Berkely, Don Finley, Dan Appling, Jon Appling, George May, Bobby Jones, Bobby Guinn, Brian Sartin, Phil Dawson, Bill Wilson, Joe Tucker and Jimmy Cherry.

Parents and guests present were Mrs. Curtis Dowell, Mrs. Ulman Hunter, Mrs. L. A. Herral, Mrs. Dan Lillies, Mrs. L. A. Hancock, Mrs. Wayne West, Mrs. R. White, and the club sponsor, Mrs. Bentley. A juke box furnished music for the evening.

This year the Sub-Deb started a new tradition of electing their favorite Valentine or the Sub-Deb Valentine Sweetheart. Marion Wilson was honored with the title this year. The presentation of the Valentine is supposed to take place at the Valentine Dance, although it was not done this year.

MISS DOROTHY BECKER WEDS BURNELL MUELLER

Miss Dorothy Becker became the bride of Burnell Mueller in a double ring ceremony at 4 o'clock Saturday afternoon at the St. John's Lutheran Church, Wilson, with Rev. E. Herber, officiating.

The bride wore a grey suit with black accessories and a corsage of white gardenias.

Miss Jean Parker, maid of honor, wore a black suit with turquoise accessories and a corsage of white carnations.

Mr. James Becker, brother of the bride, was best man. Mr. Mueller has recently been discharged from the navy and is now employed by Mead's Bakery.

Mrs. Mueller is a graduate of Southland High School and West Texas School of Nursing.

The couple will be at home in Lubbock.

MRS. McCAIN IS W.S.C. CIRCLE HOSTESS MONDAY

Circle No. One of the Methodist Church met with Mrs. W. E. McCain Monday afternoon with Mrs. McCain giving the Bible study.

Mrs. H. G. Sanders opened with prayer and gave the devotional. Mrs. J. H. Brewer closed the meeting with prayer. Four members and two visitors, Mrs. Johnnie Collins and Mrs. Brewer were present.

Slaton Patrons and Matrons Are Guests of Honor For Regular Meeting of Chapter; Gifts Are Presented

OFFICERS HONORED—Past Matrons and Patrons of the Slaton Chapter, Order of the Eastern Star, honored Tuesday evening, are, from left to right, front row: Mrs. Maud Driver, Mrs. Mamie Simmons, Mrs. Mable Crews, Mrs. Ollie Ruth Chenoweth, Mrs. Veriner Merrill, Mrs. Clarice Layne. Second row, Mrs. Margaret Bradshaw, Mrs. Catherine Elkins, Mrs. Mable Vaughan, Mrs. Ethel Young, J. W. Chenoweth, J. W. Hood, Mrs. Mattie Lee Scroggins, Mrs. Jessie Prosser, Mrs. Eve Smith and Mrs. Virgie Hunter. Mrs. Eve Smith served the Chapter as Worthy Matron in 1917, and was the only charter member present.

The Past Matrons and Past Patrons of the Slaton Chapter of the Order of the Eastern Star were guests of honor at the regular meeting of the Chapter at the Masonic Hall Tuesday evening.

A profusion of potted plants and seasonal flowers decorated the hall where eighteen guests and forty members gathered for the meeting.

Mrs. Edith Lovett, worthy matron, welcomed the guests, after which Mrs. Myrtle Teague and Wilda Ruth Hannah gave a program of piano selections. Mrs. Fred Schmidt read an original poem depicting the year each honoree served the chapter. She presented each guest with a Valentine gift, and Mrs. Eva Smith, charter member of the chapter, with a lace heart centered with a corsage.

Following the program the guests had a social hour. The refreshment table was covered with a lace cloth and centered with an arrangement of red carnations and

white narcissus in a crystal bowl flanked by tall red tapers burning in crystal candelabras.

Mrs. Ola Bain presided at the silver coffee service and other assisting hostesses were Mesdames Myrtle Hanna, Carrie Barry, Ethel McCall and R. H. Bailey. Miniature calendars for 1946 were given for favors.

BLUEBONNET CLUB TO HAVE LUNCHEON

Members of the Bluebonnet Club will have their luncheon next Wednesday, Feb. 27, at 1 o'clock at the Chicken House in Lubbock. This is an annual affair honoring the new and old officers. A business meeting will follow.

Mrs. Miller Dee Geer Honored With Shower Valentine Day

The home of Mrs. A. J. Hoover was the scene of a bridal shower given for Mrs. Miller Dee Geer Valentine's Day from 3 till 6 p.m. The house was effectively decorated throughout with the valentine motif of large red hearts with "Ferne and Miller" printed in silver on each one.

The bride and her mother, wearing corsages of red carnations were presented to the guests at the door by Mrs. A. J. Hoover, aunt of the bride. The dining room table was spread with a Chinese brocaded silk table cloth. The center piece was red carnations and fern. Many beautiful and useful gifts were presented the bride during the day and were on display throughout the house.

Mrs. Jo Ann Clark presided at the bride's book where 75 names were entered. Cake and spiced tea were served by the following host-

esses: Mrs. A. J. Hoover, Mrs. Pete Grundon, Mrs. R. H. Bailey, Miss Sarah Shaw, Mrs. Ralph Baker, Mrs. E. A. Kercheval, Mrs. J. M. Davis, Mrs. Carter Shaw.

DISTRICT OFFICERS OF W.S.C.S MEET IN TAHOKA

An all day meeting of the W. S. C. S. District Officers Training was held in Tahoka Monday, Feb. 18.

The main speaker, field worker for the W. S. C. S., was Miss Kathryn Bierl. Mrs. Luther Kirk gave the devotional.

The nine ladies who attended from Slaton were: Mrs. J. H. Brewer, Mrs. Luther Kirk, Mrs. Bill Layne, Mrs. R. J. Clark, Mrs. S. H. Adams, Mrs. Charlie Walton, Mrs. O. D. McClintock, Mrs. Earl Brasfield, Mrs. M. L. Germann.

MRS. CHARLIE WALTON IS CLUB HOSTESS

Junior Civic and Culture Club met Tuesday, Feb. 19, in the home of Mrs. Charlie Walton at 445 West Lynn St.

A very interesting and instructive program was presented with Mrs. E. B. Morgan discussing "The Latest Research in Cancer Control" and Mrs. Ullman Hunter, "Tropical Diseases."

Miss Viola Mae Walton assisted her mother in serving a "George Washington" refreshment plate to Mesdames Otis Nell, J. A. Wright, Lloyd J. Madden, J. B. Stevens, Ullman Hunter, Clarence Jensen, R. M. Shepard, Leroy Holt, Yates Key, Ray Sange, Otis Browning, E. B. Morgan, W. H. Smith, J. C. Champion and Carl Self, a new member, and Misses Lilac Yeats, Gertrude King, Elizabeth Bostick, and Lucile Doherty.

Three guests were Mesdames Clarence Heaton, Earl D. Eblen and W. S. Parks, Jr.

The next meeting will be at the Club House, March 4 with Mesdames J. C. Champion, Ullman Hunter, W. H. Smith and Miss Lucile Doherty as hostesses.

Lt. Sanders Weds English Girl

LT. AND MRS. SANDERS

Lt. Louis Sanders of Fort Sam Houston, who visited his parents, Mr. and Mrs. W. H. Sanders recently, will go to York soon to meet his British bride, the former Thelma Brown.

The couple was married in a church in London with the American consul and his wife, Mr. and Mrs. Ben Stearns, as attendants. Following the ceremony, the consulate personnel attend a reception in the bride's home.

Mrs. Sanders was born in Birmingham, England. Lt. Sanders graduated from Slaton High and attended Texas Tech before entering the service. Before returning to the states he went to the University of Dejon, France, for a short course. Lt. Sanders wears three battle stars and other decorations.

JOLLY QUILTERS MEET IN SHELTON HOME

Mrs. Stella Shelton was hostess at a called meeting of the Jolly Quilting Club Tuesday. One quilt was completed and the usual good covered dish luncheon was enjoyed at noon.

Members attending were Mesdames J. W. Scott, C. C. Wicker, Ben Mansker, T. E. McClanahan, J. W. Ward, Jess Burton, Jack Cooper, H. H. Edmondson, and E. E. Wilson. Invited guests were Mesdames W. T. Slaughter, C. E. Jarman, Johnnie Collins, Farrel Singleterry, Mattie Dobbs and Maggie Hallman.

Next regular meeting will be March 5 with Mrs. Burton, 430 West Panhandle.

R. L. BOYD

In the morning service of the Methodist lay meeting held Sunday morning, A. N. Gamble, the Methodist Men's Laymen Leader of this district addressed the congregation. Mr. Gamble, a real estate man of Lubbock, had for his subject, Serve, Seek and Save.

The W. E. Burns home was the scene of a family gathering Sunday. Marcus Burns and family of Clovis, the Lewis Joplin family of Clovis and Alvin Burns, who had just returned from the navy, were present.

Melvin Johnson is home for a few days before going to Mississippi to obtain his release from the navy.

Pete Borrientos has recently been released from the army. The Posey soldier was recently the victim of robbers in San Antonio and lost some valuables and his service ribbons.

Considerable interest is being shown by the men, age 15 to 50, concerning a soft ball team, according to George Hayes, unofficial manager of the club. A basketball team has also been organized. The soft ball team, to be known as the Wild Cats, will soon be ready for match games. Mr. Hayes says that Jim Oam and Red Slone and Luther Jones' father are showing promise, and S. N. Gentry says that he will probably have to take over the pitching duties as no pitcher has been found with satisfactory control.

Pete Miller has recently completed an irrigation well on his farm.

Ralph Havis was a guest at Lubbock Hotel Monday when the Methodist Men's class entertained war veterans.

A candy breaking party was held Saturday night in the home of Mr. and Mrs. S. N. Gentry for the young people. Those present were: Howard and Earl Johnson, Sue Ann Williams, R. J. Scheutte, Betty Ross Maeker, Alton Perry, Ella Belle Johnson, LaVerne Gentry, Guy Gentry and Johnnie McCormick.

His physician has ordered a 30-day rest cure for A. L. Johnson, who recently sought advice.

Konrad Melener has leased space for a shop and will start an auto repairing business in Lubbock soon.

Mrs. George Grabber has recently been confined in a Lubbock Hospital. Mr. Grabber has bought a home near Lubbock.

The disastrous fire of February 12 completely destroyed the store and dwelling place of Raymond Gentry and his family. The fire, of unknown origin, was under way before it was discovered and the greater portion of the contents of the building were lost. However, Mr. Gentry has already started the foundations for a large building and more spacious quarters. Just as soon as materials are available a new structure will be built on the same plot of ground.

Oscar Lee Johnson, who has been stationed in Arkansas, has been transferred to Mississippi. Oscar Lee is also now in the Army Air Corps and is expected home on a furlough the 21st.

Mr. and Mrs. Jack Blackburn are having their dwelling weather-boarded with plastic brick. George Hayes and Hubert Slone have been doing the work.

Posey may soon have a tractor and auto repair shop, as plans are being made by two young men.

Test wells for irrigation purposes are being planned by several land owners. The drilling is to be done by a company in Lubbock.

Miss Sue Anne Williams visited LaVerne Gentry Sunday.

Morris Thomas Luttrell has been given his army discharge.

M. P. Gentry and H. Fabian Stahl have been appointed by the Commissioners Court to be the election officials of Place 18, which is Posey. Mr. Gentry will act as chairman, and Mr. Stahl will serve as associate. The change was caused by the moving from the community of Billy Boyce, the former chairman.

Mr. and Mrs. Monroe Brieger have planned a party Washington's birthday, for the young married people's class of the Sunday School.

James Adams, a cousin to J. R. and R. B. Boyd has returned from Seattle, Wash., where he received his discharge from the service. The former coast guardsman intends to farm by irrigation near Tulsa.

Sunday Morning

"Timmy" sleeps on Sunday Morning...

Why not? "Timmy" has no place to go. And, what's more, "Timmy" has no problems, no worries, no fears. Mice and milk, and the occasional luxury of a little catnip, provide "Timmy" with all the requisites of a happy, useful life. He can afford to sleep.

But with human beings, it's different. We have needs that cannot be satisfied by a Sunday morning snooze. Six days of labor bring more than physical weariness. Those six days drain our spiritual resources, our courage, our confidence, our moral stamina. A thousand fears and a million worries sap our inner strength, until we face the daily routine like mechanical robots, going through the motions of living.

"Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God."

Sunday morning and the Church doors are open. They are open for every adult and child, that the deepest needs of humanity may be satisfied. Neither pillow nor armchair can give us the courage and faith and moral vitality that this busy life requires... these are the gifts of Worship.

The Church doors are open... open for you.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the Church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to Church on Sunday.

UNION NEWS

MRS. M. D. GAMBLE

The girls came out winners again in the tournament last week end at Friendship, the final four games were played at Texas Tech Gym Saturday night. The Cooper girls won the county and the Shalwater boys the district.

Those enjoying the birthday dinner at Mr. and Mrs. R. M. Cade Sunday were Mr. and Mrs. E. A. Robertson of Slide, Mr. and Mrs. Dick Cade, V. L. Cade and Gene, all of Lubbock. The dinner was in honor of their son, Dick.

Mr. and Mrs. H. F. Doyle had as their guests last week his sister and her husband, Mr. and Mrs. Filps of central New Mexico.

Mrs. J. G. Hampton received word Sunday that her sister, Mrs. A. S. Clark of Bartlett, Texas, had died and funeral service would be Monday afternoon and burial would be in Bartlett Cemetery. Mrs. Hampton was not able to go. Brother and Mrs. Stephens and

two sons spent the day with Mr. and Mrs. W. D. Meyers Sunday.

Mr. and Mrs. H. M. Cade and girls visited Sunday night with Mr. and Mrs. A. J. Russell.

Mr. and Mrs. D. J. Speed and two sons spent the week-end here visiting home folks.

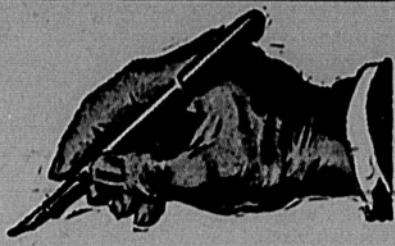

Mrs. Otho Doyle taught school last week in place of Mrs. Gay, the second grade teacher, who was ill.

Mrs. Joines and Mrs. Greene and children had the misfortune of having their collide with a truck Saturday night but no one was badly injured. Brother Joines' car was damaged some. The accident happened between Slaton and Union.

George Gamble got his foot broke last week while bird hunting.

Mrs. Floyd Roberts received word her nephew, Wayland Hampton at Clovis, New Mexico, had been real sick with pneumonia. His grandparents, Mr. and Mrs. J. S. Hampton, went to see him Sunday, and they report his condition improved.

What They Write

Route 1, Slaton, Texas—
Feb. 13, 1946

Mr. Jackson:

I wondered what had become of the Belly Aching Club? I'd like to join if ladies are admitted and believe you me I have a pet Belly Ache. It's that rough street I have to travel over four times a day to the Santa Fe shops. Taking my husband to and from work.

Now I get up early and drink my quart of sweet milk and by the time I get to the shops I'm spitting out butter, I have had such a shakeup.

I usually do the driving (as Corbin is not fully awake yet) so when I get to Dr. Payne's office I get in the middle of the road, grip the steering wheel like mad, shut my eyes, I never try to miss any of those chug holes (I can't) and pray. Well, when I get home I feel just like I have ridden on a "Tilt-a-Twirl" at a carnival.

Now I'll bet you that street is traveled and has been for years, more than any street in Slaton, as the town is made up of railroad people, mostly.

If there are any charges, I'll put the amount in the collection plate at the Methodist Church and they can take out enough to buy some DDT to spray on those old wasps that would like to sit down on top of your head just when Bro. Kirk's sermon gets most interesting.

MRS. CORBIN BARTON.

WHY "GET UP" AT NIGHTS?

It's not necessary. Raise the pH of the fluid in your bladder with CIT-ROSE. Reduces the urge of irregular elimination. Get rid of backache, burning, bearing-down pains. CIT-ROSE will do the job safely, relieves back pains quickly, soreness in the back vanishes. \$1.60 at your druggist. For sale by SLATON PHARMACY

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

MRS. FLOY KING
 Rev. R. B. Waldon still wasn't able to preach Sunday and Mrs. Waldon is not able to be out yet. R. O. Rankin was feeling some better, was the report Sunday. More happy parents are Mr. and Mrs. E. F. Parker, as their son, William, has arrived home from overseas. We have been informed that the Ed Kings are moving back to their farm east of town. The Orville Fergusons visited in Post Sunday. The Everett Samples had dinner with the Roy Tollisons Sunday. Mr. and Mrs. Sam Ellis and children visited the G. W. Basinger's Sunday. Winifred Hallman, another Southland boy, is now out of the armed service with his discharge.

Dorothy Winterrowd who is employed in Lubbock, spent the week-end with home folks. Cpl. Billy Winterrowd is stationed in Virginia, but thinks he will be moved soon. Mrs. Bertha Noock of Spur spent Saturday night with her sister, Mrs. Ed Leskie and family. The Valentine party for Mrs. Vardamen's room was enjoyed by a large crowd at the High School auditorium. Those visiting the Marvin Truelocks Saturday night were her brothers, Bob Flether of Lubbock and Fred Fletcher of Dallas, and mother, Mrs. W. M. Fletcher of Plainview. Mr. and Mrs. H. D. Hallman visited in Southland Sunday. Mr. and Mrs. Frank Moore and children of Childress visited his parents, Mr. and Mrs. J. F. Moore and other relatives here part of the week.

Those visiting Mr. and Mrs. Sain Thursday were Mr. and Mrs. Walker and Mrs. Fleming and Mrs. Lawson of Grassland and Mrs. Wardlaw of Pleasant Valley. Mr. and Mrs. Loyd McNable of Brownfield spent the week-end with her parents, Mr. and Mrs. Ed Martin. Roy S. (Ding) Martin left Tuesday afternoon for Abilene to visit relatives. Mr. and Mrs. Julian Villa arrived here Thursday from Fort Knox, Ky., by way of El Paso, where Julian received his discharge from the army. They are now at Juan Reyes. Mr. and Mrs. J. L. Whited and Wayne visited the W. W. Davies at New Home Tuesday. Don Pennell is sick part of the week with tonsillitis and flu but is up and out again.

Feed Shortage Danger In Texas

College Station — Overstocked ranges and short feed supplies are endangering the Texas livestock industry, B. F. Vance, state director of PMA's Field Service Branch points out in urging that cattle marketing be speeded up. "A slight change in the weather for the worse might result in tremendous losses of livestock," Vance declared. "It is highly important that the number of cattle both on the range and on feed be cut considerably in order to keep the cattle and feed supply in bal-

ance." In addition, the PMA official said, delayed marketings now might result in congestion and jamming of marketing facilities later on. In order to avoid such congestion, producers should contact their marketing agents before shipping cattle to make sure the market can handle them. Demand for meat is high, Vance said, and it is important that livestock move to market in an orderly manner but fast enough to keep packing plants operating at capacity. A RETIREMENT PLAN YOU CAN'T BEAT!

The gentleman above is wearing that broad grin for lots of good reasons. At 38, and after twenty years in service he is retiring to a civilian life made more secure by a government payment of \$89.70 monthly for the balance of his life.

He also knows that a retirement plan offering the same income would have cost him \$84.00 per month over a period of 20 years in civilian life.

So now, his financial security insured by the government, he can afford to grin. Wouldn't you?

JUST TALK
by
A.M.J.

Ever since I told the truth about the Ray C. Ayers fertilizer their experimenters have been working on improving their product and they say that we may soon be able to get fertilizer in odors of violet, rose, hyacinth and other fragrant scents and instead of being full of weed seed it will have radishes, onions and other vegetables ready mixed and all that will be necessary will be to spread the fertilizer and sit back and enjoy the sweet breezes and gather vegetables at the right season of the year.
Of course this product is only in the experimental stage and I still have hopes of the biggest weed crop in history from the distribution of the immense amount of fertilizer that has been hauled over the town.

The Boy Scouts did an excellent job last week of policing the town. In fact it got rather monotonous before the day was over and I think that some of the folks were slightly weary of being stopped and badgered every time they stepped off the curb, but all in all, it did bring to the attention of the folks the fact that we have a mighty sloppy way of driving and walking around town. However, I was greatly disappointed that the Scouts did not visit the school during the day. If there is any place in town that is a traffic mess it is our schools. Women drive on the wrong side of the street, park triple and often in the middle of the street, the children run every direction and if a fire should ever occur at any of our schools during one of these rush times the buildings would most likely burn to the ground be-

fore the fire trucks could get near enough to make connections to the fire hydrants.

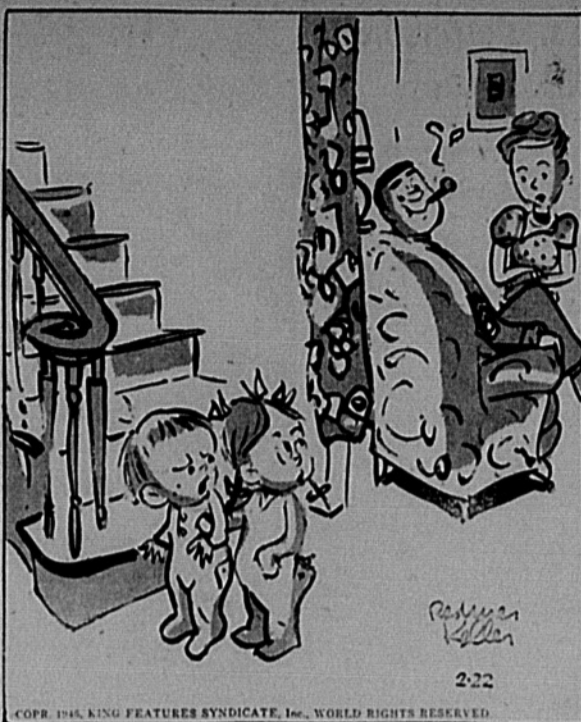

A couple of preachers were gabbing on the street the other day and one of them stopped me and said that he had some fertilizer he would like to have spread and from the way he said it I know that he meant that I should be good at such work, since I have spread so much of it in the past. Of course the preacher left himself open to a knockout blow but I refrained.

There may not be any propaganda to get folks to plant victory gardens and to raise chickens in the living room or in the guest room this year but if my guess is right we will be paying more for vegetables, fruits and poultry than at any time during the war. A poultryman told me last week that there will be fewer chickens raised this year than in the history of the country. The hatcheries are not selling the baby chicks and there will be a serious national shortage of eggs and chickens for the table. If you want to eat, well, you'd better think twice before planting flowers in the garden spot.

Being a hopeful kind of pessimist, I have been out pinching the peach trees and stirring around the rose bushes and I have come to the conclusion that the fruit trees are going to act darn fools again this year and will bloom in the early part of March and get frozen by the end of that month. Judge Smith is going to have some very pretty roses, though not as large and fragrant as mine because he has not fertilized them as well and the water bills over town are going to cause some high blood pressure this summer for the city is going to have more water to sell than ever before.

And there is one thing that I would like to know is what can you do when the city all of a sudden shoots your water bill up to three times what it usually is when you

LAFF-A-DAY

"I suppose he'll tell the interesting things about Paris after we go to bed!"

do not use any more water than usual?

Of course you can go to the City Hall and howl. I tried that and they said that the water meter did not tell a lie, that I had a leak, took too many bath and left the hydrant at the basin running all night and if I did not pay my bill I could cease to worry about how much water I used from the city each month.

Under the circumstances there was but one thing to do and I did it.

Have you noticed that reavenous income tax glitter in the eyes of J. H. Brewer, Ray Hickman, Bruce Pember and Nat Heaton? The harvest season is here and they are sharpening their pencils.

From the way the advertisements read about this time last

year one would suppose that everything would be different now and that our way of living would be completely revolutionized but look at us, the old cars are getting wobblier and wobblier, and now we cannot even get parts to repair them. The new electrical ding bat that was going to scratch our backs, sweep the floor, rock the baby, wash the clothes and freeze the ice cream has not shown up yet. In fact the old ones that were described to us as being so antiquated are becoming so out of fix that they are breaking down on every hand and yet we cannot get them replaced or repaired. The men in this country are beginning to look like the pictures of the refugees that came out of Poland and they tell us that we soon will be eating black bread. Yep, it must be that we have won the war.

THIS WEEK'S LESSON

"Mind" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 24.

The Golden Text is: "Teach me, O Lord, the way of thy statutes; . . . Give me understanding, and I shall keep thy law" (Psalms 119:33, 34).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The counsel of the Lord standeth forever, the thoughts of his heart to all generations" (Psalms 33:11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind is the grand creator, and there can be no power except that which is derived from Mind" (page 143).

A couple of weeks ago Sug Robertson, who has a mail box next to mine, opened his and pulled out about six nursery catalogs. He started to dump them in the trash box but finally went off numbling that he would like to know how his name got on the mailing list of so many nurseries and as he went out the door I heard him say that he knew he was going to have to plant a lot of silly flowers if he took those things home with him.

My own box contained about the same number of nursery catalogs as did his but I did not have to wonder how my name got on the mailing lists. I knew, for my wife sent it in and I have a good idea as to how Sug's name got registered, too.

Miss Ruth Evelyn Eastham Weds Joe L. Ward in Wyoming

Mr. and Mrs. E. H. Ward returned home Tuesday, Feb. 12 from Laramie, Wyoming, where they attended the wedding of their son, Joe L. Ward, and Miss Ruth Evelyn Eastman. The wedding took place Sunday evening at six o'clock at the First Baptist Church at Laramie. Mr. Eastman gave his daughter in marriage.

White baskets of pink and white gladioli and white tapers in tall candelabra made a pretty setting for the ceremony performed by the Rev. W. J. Diegelman.

The bride chose a fashionable suit of powder blue with pink accessories for her bridal attire. She wore a corsage of gardenias and sweetheart roses. Miss Macilene Morgan, close friend of the bride, was her only attendant. She was dressed in a black and white suit with accessories of pink and corsage of gardenias and sweetheart roses.

Wilburn Bradshaw of Denver was best man. Ushers were the Misses Marian Espach and Esther Eastman, sister of the bride.

Mrs. Eastman, mother of the bride, was dressed in aqua with accessories of black. Mrs. Ward, mother of the groom, was dressed in a black suit with accessories of black. Both wore gardenias.

Preceding the service Miss Barbara Eastman, sister of the bride, sang "Because" and "I Love You Truly," accompanied at the organ by Miss Nanette Roseberry. Miss Roseberry also played the traditional wedding marches.

Wedding guests were invited to the reception honoring the couple after the ceremony at the Eastman home. The bridal table was centered with an arrangement of pink and white carnations intermingled with lighted pastel candles. White candles in candelabra were also used on the table. The three tiered wedding cake, decorated in pink and white, was topped by miniature bride and groom standing under a spray of orange blossoms.

The bride and groom left on a honeymoon of unknown destination following the reception. They will be at home to their friends in Slaton, Texas, after the first of March. Mr. Ward is employed by the Santa Fe Railroad as secretary to the superintendent of this division.

The bride, a graduate of Greeley High School, came to Laramie in the fall of 1943, shortly after her parents had come here to make their home. She was employed in the office of Dr. L. W. Storey, for a time with the California Oil Co., and also with the extension department at the University. Prior to her marriage she was employed as

HOMEMAKER CLASS HAS REGULAR MEETING

The Homemakers' Sunday School Class of the First Baptist Church met in the home of Miss Lillie Payton as hostess, for their regular business and social meeting Feb. 14. Mrs. Fannie Patterson presided, and opening prayer was given by Mrs. Stottlemire. Mrs. Jobe resigned as group captain No. 1 and Mrs. A. P. Wilson accepted that group. Mrs. J. M. Lays Eight Ounce Egg

LOS ANGELES, CALIF.—Sound Photo—"Mom when I get back there's just one thing I want—an honest-to-goodness egg that comes in a shell, not powdered." When Mrs. Louis Heitman read that letter from her son in the Army, The Atom, the interesting pullet shown above, must have been looking over her shoulder because it layed an egg that weighed eight ounces and measured nine and three-quarters inches. A normal egg weighs one and three-quarters ounces. Her son will not be home for some time and Mrs. Heitman will place the egg in cold storage and hope for the best.

EAST WARD SCHOOL NEWS

First Grade

Reporter, Mrs. Brooks. Bobby Rodgers has moved to Posey and has enrolled in school there.

We have seven boys and girls who have made 100 for the first five weeks we have had spelling. These boys and girls are working hard to get a perfect spelling grade for the six weeks.

Our first contest to see who can read the most library books is getting real interesting. Erin Moore is leading with 17 books; Neutie Nan Watson and Melvin Osburn are tied for second place with 12 books each.

R. C. McCana from Omega, Oklahoma, has enrolled in our room.

Geneva Brown enrolled in school this week from Willows, Calif. Mrs. Donald Polk and Mrs. W. O. Hubbard made a beautiful valentine box for our valentine party last week.

The Red Birds and Blue Birds are enjoying making a health scrapbook for their reading class.

Third Grade

Reporter, Dick Brooks.

Juan Love King won a prize at the valentine party last Thursday.

Ciftra Rodgers moved to Posey and will be in school there. Shirley McCormick reports that her brother, Russell, saw a tombstone in Okinawa with his name engraved on it. David Taylor's brother, Robert, has his discharge from the navy. Sam Moore's brother, Ed, left for the army Monday. Jerry Don Ross's brother, Billy James, has his discharge from the army. Dick Brooks' brother, Raymond, wired from Tokio Wednesday that he had just arrived there. Two little birds were hatched by Nicky Nan last week, but the cat turned the cage over and killed them. Now we have three graves on the school ground.

Reporter, Annette Wilson.

We had a very nice time at our valentine party last Thursday.

We have a new boy. His name is Jerry Forbin. He has been going to school in Lubbock.

Carol Ann Knauch is back from her visit. She said she had a nice time.

We are studying geography. We drew a map of South America Tuesday.

We read a very interesting story of Earning a Playground.

General Superintendent Jason O. Gordon will be assisted by W. B. Griffin. Division superintendents and their assistants will be: Calves, L. M. Hargrove, vocational agriculture teacher, Wolforth, and Manuel W. Ayers, Lynn County agent, Tahoka; pigs, J. K. Adams, Bailey county agent, Muleshoe, and J. N. Mitchell, vocational agriculture teacher, Ralls; lambs, Ollie Linn, assistant county agent, Hale County, Plainview, and N. J. Robnett, vocational agriculture teacher, Lubbock.

Judges will be W. L. Stangel, calves; Ray Mowry, pigs; and J. E. Kidd of Plainview, lambs. Colonel Kenneth Bozeman has agreed to act as auctioneer for the show.

The wife sent sonny over to see how old Mrs. Reemy was this morning and came back to report 83 years and six months.

Some people won't say a thing about others unless it's good. And man when they do tell it, it's really good.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 3 days before "your time" it should help relieve pain due to purely functional periodic cause. TRY IT
