

THE SLATON SLATONITE

Volume XIV

Slaton, Lubbock County, Texas, Thursday, March 26, 1925.

Number 20

Street Sprinkling To Start Next Saturday

Beginning Saturday, streets in the business section of Slaton will be sprinkled twice daily, morning and afternoon, according to an announcement this week by A. G. Downey, who will be in charge of the work. A sprinkling truck has already been secured and prepared for this work. The streets all around the square will be sprinkled, we understand, also block or two in each direction from the square, and Texas Avenue will be watered regularly, all the way from the square to the Santa Fe station. Business men have subscribed so much per month to maintain the street sprinkling during the spring and summer months, and water will be furnished by the city, without cost.

ATTEND RECITAL AND HELP SLATON ORCHESTRA

Miss Margaret Whitaker will present two plays Wednesday evening, April 1st, at the school auditorium. "The Trusting Place," a 1-act comedy and "Renting Jimmie," a 2-act comedy. The proceeds of this entertainment will be used to help buy instruments for the high school orchestra. Between acts Miss Bailey will present twelve little (girls) boys in a jazz band. Maxine Odom will dance the Fairy Dance.

Boy Badly Burned When Gas Explodes

J. M. Stone, a truck driver for the Lumber Company, is in a serious condition, as a result of a can of gasoline exploding in his truck near him late Monday evening when he was returning from a trip to Lamesa. The accident occurred some two and a-half miles from Slaton, when Mr. Stone, we are informed, was attempting to light a cigarette. When the gasoline caught he jumped from the truck, and had just gotten to the ground when the can exploded, burning his face and hands badly. He ran to a farm house, some quarter of a mile distant, and was immediately brought to town where he received medical attention. He was later carried to a Lubbock Sanitarium. Mr. Stone is some twenty years old, and is a son of Mr. and Mrs. A. Stone of Childress. The truck Mr. Stone was driving was badly damaged by the fire.

Business Houses Will Close At 6:30 P. M.

All merchants and business men have signed petition agreeing to close their places of business at 6:30 p. m., beginning April 1st, except on special occasions as pay day, and Saturday nights. Each merchant and business man is asked and requested to close promptly at the above time. We trust that the customers of each and every nature of business will lend their assistance and co-operation, by doing so it would eliminate any inconvenience on the part of any one. This agreement and petition will continue in force until October 1st, unless, otherwise agreed upon. J. J. ROSS, Secretary C. of C.

SEVERAL HOMES PILFERED.

Recently several Slaton homes have been visited by pilferers, among them being the home of Mr. and Mrs. J. G. Levey and that of Prof. Leverett, visited Sunday night. At the Leverett home a silk dress was taken, we are informed, while an overcoat was stolen from the Levey home. Other homes were visited by the thieves the latter part of last week, we understand, where more or less damage was done, and small items stolen.

Jones Dry Goods Launch Big Sale

In a two-page advertisement, appearing in this issue of the Slatonite, Jones Dry Goods, Inc., announce a record-breaking pre-Easter sale, to begin the opening of their doors Friday morning at nine o'clock, at which time there will be offered to pre-Easter and spring shoppers bargains galore, according to the announcement of Manager G. M. Ayres, of the Slaton store. The store will be closed all day today (Thursday) while final preparations for the sale are being made. Ayres is also advertising the event by the distribution of large circulars.

ATTEND FUNERAL OF SISTER.

Mr. and Mrs. E. M. Lott have returned from Mobile, Alabama, where they were called to attend the funeral of Mr. Lott's sister, Mrs. W. H. Sullivan, who died instantly of heart failure in New Orleans, Louisiana. They made visits with Mr. Lott's brother and family in New Orleans, and Mrs. Lott's father and mother, Mr. and Mrs. G. T. Derrick, of Converse, Louisiana on their return home.

WITH SANTA FE PEOPLE.

Local fireman R. H. Todd, has again resumed his duties, after a layoff for some time due to the illness of his son, David, with pneumonia. Loyd Huckabee, wife and children, left on the 16th for Fort Worth, on account of receiving a message advising them of the death of Mrs. Huckabee's father. W. E. Dobbins has recently been transferred to Seagraves. J. W. Short, R. F. Swafford and A. Dennis have returned to work after two weeks' vacations. Machinist Ernest Carr has been off duty on account of having his name on the sick list.

RECENT DEATHS

The following deaths have been reported through the Foster Funeral home this week. G. B. Stanley, janitor of the Slaton school died suddenly last evening at his home here presumably of heart failure. The remains will be laid at rest in the local cemetery. The infant son of Mr. and Mrs. G. B. Forrest of Slaton died this week, interment being made in the local cemetery here. The infant son of Mr. and Mrs. E. G. Lambeth, living 2 miles east of Slaton died this week and interment was made in Inglewood cemetery here. W. P. Harmonson of Southland died last Tuesday in Southland and was brought here for preparation for burial which was made in the local cemetery at Southland. Mr. Harmonson was 65 years of age.

Decidedly Not
Just because you can brush up a few facts you shouldn't make sweeping statements.—Boston Transcript.

CARTOONIST JOINS SLATONITE

"Something different" is the aim of the Slatonite in engaging Paul Lofgren, cartoonist, and Jim Carr, special writer, to depict a series of pen and ink sketches together with a biography of men who are making Slaton.

Lofgren and Carr are on a get acquainted public tour. They have performed similar assignments in many of the cities throughout the middle west. The most recent work being at Lubbock.

Mr. Lofgren's ability as an artist enables him to draw an exceptional likeness of his subjects. The Slatonite is glad to announce this unusual feature to its readers. First of the series will appear in an early issue.

Big Ford Products Exhibit Next Week

In keeping with the nation-wide Ford Exhibit Week, the Slaton Motor Company will have on special exhibit, all next week, some of all the products of the Ford Motor Company, of Detroit, Michigan, including Lincoln cars, all models of Ford cars, Fordson Tractors, etc. Each visitor at the Slaton Motor Company during the week, beginning Monday, March 30th, will be given a ticket, in duplicate number, and will be requested to register. On the following Saturday night, April 4th, prizes will be given to those holding lucky numbers, according to an announcement of the proprietors, Messrs. G. L. and H. G. Stokes. Following is the program for Saturday night: From 7:00 to 8:30, musical entertainment, and from 8:40 to 9:00 o'clock prizes given away, and refreshments served to all. This will be something new and different for Slaton, the management says, and they are making preparations at their large spacious building on North Ninth Street to receive many visitors during the week. Whether you have a car or not, you are invited to visit the Slaton Motor Company's display rooms one day next week. The management especially requests farmers to drop in and talk over their problems of motor power for the farm. Read the large advertisement of this progressive establishment, appearing elsewhere in this issue of the Slatonite.

Vaudeville Gets Hearty Approval

Messrs. Powers & Belville, who opened an engagement at the Custer Theatre Wednesday of last week, presenting Casey's Ginger Girls, enjoyed such good patronage, and their shows were so well received by Slaton show-goers, that they were persuaded to stay over all this week, showing each night, in addition to the regular picture program, and Saturday there will be both vaudeville and pictures both matinee and night. Tonight (Thursday) they present "Bits and Hits of 1925," a double comedy bill. Friday is the night you should not miss, by any means, Mr. Powers says, who announces that on this occasion they will present, for your approval, something out of the ordinary—something Slaton show-goers have never yet seen, and will never see again. For Saturday, afternoon and night, another double comedy bill will be presented, Mr. Powers says "Go early."

HANNA-FENDLEY.

Mr. B. A. Hanna of Slaton, while visiting in Fort Worth, was united into the marriage of matrimony to Miss Myrtle Fendley on March 12th, who's home was in Fort Worth at that time. The following was clipped from the Sunday's Star Telegram: Myrtle Fendley Weds Slaton Man Here. Mrs. T. D. Findley, 3030 South Jennings Avenue, announces the marriage of her daughter, Myrtle, to Bevis Hanna of Slaton. The ceremony took place at Mrs. Findley's home with only relatives and intimate friends present, Rev. E. Matthews officiating. The bride was attractive in an ensemble of brown shades with accessories to harmonize. Out-of-town guests were Mrs. Willie Mae Richardson, Dallas; Miss Kenneth Hanna, Slaton; A. C. Hanna, Slaton, and J. R. Hanna, Dallas. Mr. and Mrs. Hanna will make their home in Slaton.

Slaton P. O. Clerks Now Civil Service

This week Miss Lida Bert Hoople, clerk at the Slaton post office, and secretary of the Slaton branch of the U. S. Civil Service, received information from Washington advising that Messrs. Cletus Nesbitt and Roy E. Brown made successful grades in their recent Civil Service examinations, and have been appointed by the Department as regular mail clerks under Civil Service. While Messrs. Nesbitt and Brown have been in the local office for some time, yet they were only temporary employees of the Postoffice Department, we understand, and the appointments recently received not only gives them permanent places, but allows a substantial increase in salary. The boys are justly rejoicing over their good grades and appointments, and are giving Slaton post office patrons number one service.

McKIRAHAN HAS MORE ATTRACTIVE FURN. STORE

W. H. McKirahan, proprietor of the McKirahan Furniture Company, has recently added to the attractiveness of his place of business by having neat and catchy signs painted, both above and below the awning. Also different and more convenient arrangements have been made on the interior of the store. Walter Olive, cashier of the Slaton State Bank and son, Jno. J., and J. H. Teague, Sr., and J. H. Jr., are at Roosevelt, on the Llano river, enjoying a fishing trip. Time's Rapid Sweep Time steals on and escapes us, like the swift river that glides on with main stream.—Ovid.

More Feed Campaign Opened This Week

Slaton Supply To Close Gro. Stock

This week F. H. Lanham, manager for the Slaton Supply Company, announces the stock of groceries carried by that firm will be closed out at reduced prices, and the space now occupied by groceries will be used, for additional hardware and furniture. Mr. Lanham says his entire time, together with that of his force, will be turned to the hardware, furniture and implement business. The Slaton Supply Company has just received a large shipment of new furniture including an assortment of Leonard Refrigerators. Manager Lanham says his furniture business is exceptionally good for this season of the year.

HAS OPERATION.

Last Friday it was found necessary that Mr. J. W. Elrod, manager of Elrod's Furniture Store, be taken to a Lubbock Sanitarium for an operation for appendicitis. Mr. Elrod had been suffering at different intervals for some time, and each attack seemed to be worse, hence the operation became necessary. Reports yesterday indicated Mr. Elrod to be doing splendidly, and his rapid recovery is anticipated.

Kansas City Boosters Are To Visit Slaton

HAS OPERATION.

Early this week it was again found necessary that Mrs. Jeff Custer be carried back to a Lubbock sanitarium for treatment, where she underwent an operation at about ten o'clock this morning, we understand. At time of going to press we have not heard of Mrs. Custer's condition since the operation. According to a letter received by Mayor S. F. King, approximately one hundred and twenty-five business men of Kansas City will visit Slaton the early part of May on the occasion of their Thirty-fourth Annual Trade Extension Trip. In the letter received by the Mayor request is made for the names of the postmaster, superintendent of schools, president and secretary of the Chamber of Commerce, number of children attending school and distance of the business section from the railroad station. This information has been requested in order to allow the Kansas City Chamber of Commerce to perfect their plans for their visit and to send detailed information in regard to their coming to these various officials. The party will be made up of representatives of all lines of business, manufacturing, wholesaling, bankers, grain and live stock men.

New Road Machine Does Splendid Work

Last Saturday Commissioner H. D. Talley and his force completed the excavation in the lake in the east part of town, after about five days work with the new excavator, which was recently purchased for Precinct No. 2. A considerable amount of hard, dry dirt was moved in the building of this dump, which is some 400 yards in length. This grade was made necessary in order that the road along the Santa Fe may be closed for the erection of the oil mill, which will be located on a tract which has been traversed by the public road. Only that part of the new highway which traverses the lake will be graded for the time being, Commissioner Talley says, but as soon as sufficient rains fall to permit the work, the entire stretch, from the Santa Fe crossing in the Canyon road to the main highway leading into Slaton will be graded. In the mean time the new excavator or grading machine, will be kept busy in the lakes and low places which are traversed by roads in this precinct, Mr. Talley informs us, and further states that as soon as the ground is moist enough to permit proper working, Precinct No. 2 will have some of the best roads in this section, at a cost which will be surprisingly low, the economy being brought about by the recent purchase of this modern road-working machine, which is pulled by a ten-ton caterpillar tractor. The machine gets over the ground at a good rate, and it makes a considerable showing as it goes. E. Barton, expert with road machinery and in the building of roads, and a regular employee of the City of Slaton, operated this new excavator, while County Engineer Bill Sherd, drives the tractor. Payment for this cut-off and grading, we are informed, will be made equally out of funds of Precinct No. 2 and the City of Slaton. Taxpayers of the precinct should take advantage of the first opportunity to see this road building and road working machinery in operation.

HERE ON BUSINESS.

Messrs. J. B. Kerby, of Weatherford, and J. C. Sturges, of Comanche, came in the first of the week, and will spend a few days here in the interest of their dry goods business, the firm of Sturges & Kerby.

MUSIC—EXPRESSION RECITAL BY YOUNG TALENT

The smaller pupils in the classes of Misses Whitaker and Bailey appeared in a joint recital Tuesday evening, March 17th, at the High School Auditorium.
 The Junior Orchestra, under the direction of Miss Grace Bailey, gave two numbers. The juniors are the winners of the prize given to the best junior orchestra at the music festival that was held in Lubbock last week. These little folks gave a delightful little program that gives credit to their teacher and to themselves.
 Those appearing on the program were: Beleveta Moss, Maxine Odom, Myrtle Teague, Vivian Teague, Virginia Sanders, Ella Loise Gentry, Mable Rucker, Lorene McClintock, Ruth Walters and Flora Mae Cook.
 NOTE—This is another item which should have appeared in the Slatonite last week, but as it came in a little late, we necessarily had to carry it over. We are always glad to have such items as these.

ELECTRIC LAUNDRY WILL ADD STEAM EQUIPMENT

J. A. Staggs and W. D. Adeock, owners and proprietors of the Electric Laundry, announce that owing to the increasing volume of business they have decided to put in steam equipment in addition to their electrical machinery. In fact some of this new equipment is already here, and more will be arriving in a short time, so the management announces.

CHAMBER OF COMMERCE NOTES

(By J. J. Ross.)

Last Thursday marked the passing of one of the ablest citizens and statesmen, Texas has ever produced. Former Senator Charles A. Culberson, age 69 years, a Texan since early childhood, passed away at Washington D. C., after a brief illness with an attack of influenza. Mr. Culberson, one of the strongest political leaders the Lone Star State has produced, was for many years a prominent figure on the Democratic side of the Senate Chamber, which he entered in 1899 after having served his State in a public capacity for nearly 20 years, including two terms as Attorney General and two terms as Governor. His fourth term in the Senate completed his political career, for while he sought nomination again in 1922 he failed to survive the primaries.

Funeral services and burial took place in Fort Worth, the home of Mrs. Culberson's relatives. Representative Daniel E. Garrett spoke very fittingly when he said, "All Texas mourn his death because of his long and honorable service to our State. With those who served with him in Congress he is especially remembered for his great ability, keen intellect and superb integrity."

Business men of Rails have recently organized a Retail Merchants' Credit Association. We hope they make it "stick," for in our opinion much good can come from such organization, but a retail merchants' credit association, like any commercial organization, has to have the backing of the entire business element if the best results are to be obtained.

As we emerge into the first Spring days, civic pride and civic improvement seems to warm up as the warm days of Spring show up. There is a number of improvements being made through out the city, several hundred feet of sidewalk is being laid in the business section of our city.

All of this indicates that spirit of Civic pride and civic development, Erlong before the hot summer days, that spirit of civic pride will take on new life, and pavement will follow in the wake of this spirit of progress.

WILSON'S TRADE DAY.

The Secretary of the C. of C., spent the afternoon last Saturday over at the sister town of Wilson. It was a beautiful day, and there was a splendid audience of people, and a special program had been prepared by the merchants for the special benefit of the people, there was climbing the

Figures recently compiled show a Grady County, Oklahoma farmer enjoyed returns amounting to \$8,200 from an 80-acre cotton crop, the farmer and his wife doing practically all the work themselves, up to picking time. This farmer says he contributes this nice harvest to dry farming, keeping a dry mulch in the field at all times, or when possible, making sure to stay out of the fields when the ground was wet. He also sold \$170 worth of corn.

John Boswell, for the past four years secretary of the Plainview Chamber of Commerce, and the Board of City Development of that city, has tendered his resignation to those commercial bodies, and will take up work of a like nature in the city of Dallas, having accepted a position as directing manager of the Southwestern Development Association of that place. In the resignation of Mr. Boswell, Plainview and Hale County are losing a splendid citizen, and the commercial bodies a live-wire secretary whose vacancy will not easily be filled.

We would just like to know how often purchases are made from merchants just because the roadsides are plastered with their signs. Ten dollars spent on a single road sign, will go a long ways in newspaper advertising.

The big business man of today is the little business man of yesterday, who advertised.

greased pole for the \$1.00, fat mans race, and the sack race, bronco riding, and a base ball game between Slaton and Wilson, and every body seemed to have forgotten their troubles and every one enjoyed the splendid program of this occasion.

There is nothing like advertising, and co-operation, show us the true spirit of the business men and we will show you in return, the service of the people.

WEATHER FORECAST

The C. of C. sends out its first weather prognostication. As in all rules governing the C. of C., it is not the purpose to project, make bubbles, or mislead, but to ever give the real facts and we fully believe after consultation, that there will be lots of rain when the cold atmosphere coming over the equinoctial zone, where it comes in contact with the warmer currents that sweep around the watered section of the Torrid zone. The altitude and the climatic conditions will formulate an either disturbance that will co-agulate the water globules of the warmer current, which forces the warm air over the cold atmosphere which freezes the warmer globules causes them to burst and give up their moisture.

This may be local or general, that depends a great deal on the disposition and temperament of the people of the different sections. The best rule for receiving of this moisture, is to never loose faith nor courage but continue to do your part and never stop ploughing until ever acre of land is prepared and ready to receive this moisture.

STYLE SHOW.

Many of Slatons people attended the Barrier Bros., Style Show, on last Thursday and Friday night, indeed it proved a wonderful success, and was greatly enjoyed by hundreds of people that attended. We believe that the fashion proclamation so ordained and decreed by modrn fashion, will be fully adopted, undr the rules of one pound of clothes and one pound of shoes.

Miss Pauline Ross was chosen to represent Slaton at this special event.

COMMUNITY SCHOOLS.

On account of making our Agriculture Program County wide and each community in the county making it a special program, we will call in our Community Contest as the County Wide Program will include all communities, thanking both teachers and children for your cooperation and service, I am yours,

DAIRYING - AT HOME AND ABROAD

Amsterdam, Holland
 Unloading Cheese Along the Canal at Amsterdam
 Thousands of tons of Dutch cheese like those in the picture are consumed annually. A big percentage is exported. Holland is one of the most productive dairy countries, also considered in the world. The most intensive and scientific methods are practiced. Cow tending regulations are numerous.

Chile, South America
 A South American Milkman
 This picture was taken in Anaco, Chile Island, Chile. A can of milk sits on either side of a male or some other native beast of burden and a quart measure are all this milkman needs to serve his train. The quart measure has two lead weights. The lady measures wear an intent look--on the lookout for short measure.

Lowville, N. Y., U. S. A.
 This Cheese Bell Grows at Great Lake.
 It took 67 lbs. of milk to make it. They do things on a big scale in the U. S. A. You may be sure that it is good to eat too, because scientific methods, up-to-date housing facilities and complete sanitary measures all enter into the production of milk in America's greatest dairy state.

Seattle, Washington, U. S. A.
 Signa Fiskeris, President of a Rural Champion
 Her home is an Carleton Milk Farm, Seattle, Washington, N. A. Brown, Manager, says "We furnish sterilized milk especially for babies. It is necessary to keep our cows in the very best of condition." Clipping increases productive capacity and decreases natural count. Signa Fiskeris, President is one of a herd of 115 milk cows.

New Zealand
 Early in the Morning the Milkman Arrives
 Wellington, N. Z. Milk supply is all under the control of the City which permits the milk to be sold except that which has been inspected and certified by the Health officials. The City buys the milk from the farmers and allows peddlers to sell it at a fixed price--No peddling here.

Antwerp, Belgium
 The Lady Milkman Makes Her Daily Trip in Her Dog Chaise
 In Belgium, you know, as well as in Holland, it is a very common thing to see a team of dogs hitched to a milk wagon, but usually the owner of the team gives them a helping push. This lady must have been tired or she would surely have helped out her little team.

Your Easter Millinery

Clever are the modes in Millinery this season and especially so are the models we are now showing. It will prove worth your time to see them.

Also have a splendid display of the newest Silk. Let us show them to you before you decide on your Easter Dress.

Dunn & Petty

COUGHS
 Quick Way to Stop Them

Persistent, racking coughing, which by rapidly weakening your entire system lays you open to more dangerous infections, can be checked often with the first dose of that old-time tried and proved remedy--Dr. Bell's Pine-Tar-Honey. And there's a reason. Doctors say there is nothing like pine-tar to quickly loosen and remove the phlegm and congestion which are the direct cause of the coughing, while the honey both gives a pleasant taste and helps soothe irritation. It is often astonishing how quickly this combination relieves the stubbornest cough.

But be sure you get the original Dr. Bell's Pine-Tar-Honey, and no substitute. Dr. Bell's has been known for over a quarter of a century as the best. It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting healing ingredients which the best doctors have found to aid in quick relief. Contains no opiates or other harmful drugs, so can be given even to young children--fine for spasmodic croup. If you want the best, a medicine that often relieves the severest cough overnight, make sure you get Dr. Bell's. Only 30c at any good drugstore.

DR. BELL'S
 The Original
PINE-TAR-HONEY

SLATON CONVENTION.
 (Carried over from last week.)
 We phoned, we wired and stacked our Letters high,
 Till all the Plains caught that spirit
 And rolled into Slaton in high.

Floydada, the first delegates on the ground
 Dressed up like a circus boss
 But late in the evening came Littlefield,
 And showed the convention who was the big Boss.

There was Dimit, no bigger than a birds eye,
 All swelled up like a balloon,
 Till Mule-Shoe kicked her in the side,
 And she shrank up till the dinner was set at noon.

Wilson come slipping in, looking kinder scared and shy,
 Till Southland moved upon the scene and
 The boys says "We are gone" and all together
 Bid the Convention goodbye.

Post came dragging in, all tired and forlorn
 And registered as boys below the Cap,
 Plainview came puffing by like a runaway train
 And the boys reached for their caps.

Lamesa came floating in, all spick and span,
 Counting her strength man to man,
 Till Littlefield rose up like a giant of old,
 And sent them home to the little town of Blow Sand.

Brownfield came lumbering in, banners flying, and
 Beating the drum, till they met,
 At the Convention Hall, where Littlefield told them
 They were only the baby Son.

Lubbock, the city of Win, come by the dozens, by hundreds,
 Laughing and walking on their heels
 Then while Lamesa was counting and causing
 The Convention went home with Littlefield.

Now, Littlefield, Slaton has doubled any of the,
 Fourteen Conventions, and set the mark high,
 This number and mark you can't reach but you,
 Can do your best, Work and Try.

RETURNS FROM SANITARIUM.
 Last Sunday little William Kelly, baby boy of Mr. and Mrs. W. E. Kelly, was brought to their home in Slaton, after spending several weeks in a Lubbock sanitarium, where he received surgical treatment, following an accident in which both his lower limbs were broken.
 Little William is doing nicely, but it will be weeks yet before he will be able to walk, so physicians say.

INSTALLS NEW DRINK MIXER
 This week the Post Office Confectionery, of which Mrs. A. H. Suitz is proprietress, is serving customer with drinks mixed in a new Karlac and cold mixing machine; which was installed Saturday. The machine electrical, and a drink, can be mixed and brought to a boiling temperature in less than three minutes. Likewise cold drinks are mixed in a very short time.

All Towns Requested Take Part In Parade

The following announcement is made by the Arrangement Committee of the West Texas Chamber of Commerce convention to be held in Mineral Wells, May 4, 5 and 6. The great delegation parade during the convention will be held in the afternoon of May 5th. All town and city delegations are earnestly requested to participate in this parade. We are asking advices from the various towns, as to the probable number that they will have in these parades. Floats may be used and the suggestion is made that these floats typify any special resources or idea that may obtain in the various towns or communities. There will be no official decorator and each town will be requested to use its own ingenuity and originality. Proper recognition will be given the

float that is most typical and original. In case any town in West Texas should desire the arrangement and decoration of a float by Mineral Wells, special care and attention will be given to this provided the requirements are made two weeks in advance of the convention. It is desired to make this delegation parade the largest industrial and educational parade ever witnessed in Texas. Other parades to be given during the convention will be the Shrine Parade under the auspices of Moslah Temple which will be on May 4th, and the College Parade to be given on the afternoon of May 6. Colleges and educational institutions that expect to participate in this parade are requested to advise the Convention Headquarters in Mineral Wells as soon as possible.

Plate Glass Used By Ford Last Year Would Roof 380-Acre Farm

NOTICE OF SCHOOL TRUSTEE ELECTION.

Notice is hereby given that at a regular meeting of the Board of Trustees of Slaton Independent School District held Tuesday, February 24th, that an election was ordered for the purpose of selecting three trustees for a two year term each, to be held at the City Hall in Slaton, on Saturday, April 4th, 1925.

J. W. Henry, T. J. Overby and T. A. Worley have been appointed judges for said election, which shall be held in the manner prescribed for holding other elections in the State of Texas.

All persons who have resided in the limits of said Slaton Independent School District for the past six months next preceding the date of said election, and in the State for one year, and who are qualified voters under the laws of Texas, shall be entitled to vote at said election.

Members of the board whose terms expire are: R. H. Tudor, W. W. Stone, and W. A. Luna.

Done by order of the board this the 24th day of February, A. D. 1925.

L. B. WOOTEN,

President of the Board of Trustees, Slaton Independent School District.

,16-6tc.

When the bowels are costive the waste matter ferments, producing a gaseous condition that is disagreeable. To remove the impurities quickly, a dose of Herbine is needed. It does the work thoroughly and pleasantly. Price 60c.

Sold by—CITY DRUG STORE
John Dabney & Son, Props.

I. Slaton its the Slaton Slatonite.

The Ford Motor Company last year used more than 16,600,000 square feet of plate glass in the production of Ford passenger cars, sufficient glass to form a covering for a 380-acre farm.

Closed cars, which are constantly increasing in popularity, took by far the larger percentage of the glass. Only slightly more than 4,650,000 square feet went to make windshields for the touring cars and runabouts.

Ford glass plants are now making all plate glass required for Ford car production.

Ford coal mines in Kentucky and West Virginia last year produced 1,862,963 tons of coal, of which 1,444,536 tons were used at Ford Motor Company's plants. The 418,427 surplus tons over the company's requirements were sold to the public.

More than half the output of the Ford coal mines was shipped to the River Rouge plant at Detroit. There, practically all of the coal went into the coke ovens, yielding thousands of tons of coke in addition to such valuable by-products as gas, tar, benzol and ammonium sulphate which is sold by the company as a fertilizer.

Important Manuscript

The Flateyjarbok, a manuscript of the Fourteenth century, found on the Island of Flatey off the northern coast of Iceland, is one of the principal sources of information of the discovery of America by the Norsemen.

Person-to-Person Long Distance Calls

This service requires a greater amount of operating effort and more circuit time than "Station-to-Station" calls because a particular person must be to the telephone before you can talk. The rate for such calls is about one-half greater than the "Station-to-Station" rate.

Again, when calling party, in placing a call, names a specific time at which he wants to talk and the conversation is held accordingly, the "Appointment" rate applies. Additional operating labor and circuit time have been required to make the appointment.

We are also correspondents for the San Antonio Joint Stock Land Bank and are loaning money on farms, first mortgage, 33 year Amatoratium.

—SEE US—

The Slaton Chamber of Commerce

(By J. J. ROSS)

Evidence of progress is fast showing up from every avenue of life. The great struggle of the beginning of a city is the passing from the little town and emerging through the commercial gates to the city highways.

Slaton has just passed through this commercial gate, and is fast speeding on the industrial highways to a modern progressive city.

There is no section of the Plains that has the great advantages from the rich fertile fields of the agricultural department. Besides our section is well supplied with abundance of pure water, climatic conditions are favored from both summer and winter.

The commercial channels are developing and in keeping with the demand of the productive part of our section, every line and nature of business seems to be in accord and equal in their progress and development, which in a common and general way, makes every nature and line of business self supporting, and there is no avenue of business that is succored or sapped from any other nature of business, but each, alike, is able to stand within its own fold.

No bubbles are to burst and react upon the progress or business of any nature. There exists a financial solvent power between all natures of business, that, in its nature and working makes each and every sphere of life strong and independent within its own realms.

Our people are cosmopolitan, representing every sphere of both commercial, industrial and productive life. We have hundreds of people that have been reared and educated under the most progressive influence, this imparts to those that were reared under less advantages and opportunity to rise in the standard of true citizenship there is no keener insight nor competition existing in the United States, than exists between the great commercial avenues of the South Plains, this is a product that comes from a pure cosmopolitan people, that are ever ready to come shoulder to shoulder with the great duties and responsibilities of life.

The altitude and climate conditions bring into action the very highest state of mental development, there is no people of this United States that has ascended the christian ladder and made the mental progress that the people of the South Plains have made. Under this state of influence directed, fed and propelled by the atmosphere of nature, has naturally shortened the commercial and industrial laterals that lead to the great highways of commerce.

The great influence that is brought to bear from the spirits of the great Plains of the West, have embodied that sense of security and safety in the minds and hearts of every citizen.

Toliver's Dry Goods Has Formal Opening

Tuesday evening of this week Toliver's Dry Goods store was formally opened, when a general house-warming and get-acquainted social hour was enjoyed at this new store by many men, women and children of Slaton and vicinity.

From six to about eight-thirty o'clock the store was opened for sociable purposes only, there being no merchandise sold during this time. Punch was served to visitors, and splendid music furnished by the Slaton High School orchestra, directed by Miss Bailey.

Manager B. A. Toliver expressed himself as being highly pleased with the good attendance on this occasion, and assured his guests that "the pleasure was his."

LAST WEEK'S I. O. O. F. MEETING WELL ATTENDED

The lodge met in regular session on Tuesday night, March 17th, with a large attendance. Work was conferred on one candidate. We had with us visitors, J. W. Phillips of Falls Lodge, No. 940, and T. P. Parter, of Electra Lodge No. 883.

J. A. Staggs, representing Slaton Lodge, went to Wichita Falls Sunday, where he attended the session of the Grand Lodge, held at that place the first of the week.

There is left only a short distance of travel when the great South Plains will step forward with that master spirit that will revolutionize and change the present form of both the commercial and industrial world.

There is a spirit that comes from the heart of the great Plains of the West, that inspires the soul of man to reach onward and upward to that higher state of civilization, the atmosphere seems to be inspired with that great and true spirit of co-operation and service, and we are today, reaching far out into the great Government of this United States, the power and influence that quickens the step and gives thought and action to the brain, is out stepping the older sections of our country.

Er-long the world will hear the song of the industrial machinery as she transforms the raw products from this great agricultural plains into tens of thousands of manufactured articles, and Slaton will be found by the side of that great commercial and industrial highway, that marks the way to the metropolis of the South Plains.

(Carried over from last week.)

O. Z. Ball, is this week building and arranging new and attractive display windows at his tailoring establishment.

Runez Denney is doing well following an operation at the Lubbock Sanitarium and will be home in a few days.

Lee Ayres has returned to his home in Lockney after an extended visit here with his brother G. M. Ayres, manager of the Jones Dry Goods.

Virgil Brazell and Walter Bowles went this week to Mineral Wells on a business visit.

Miss Jewell Harlon has returned to school in Draughton's Business College at Abilene, after a short visit at home during the week end.

Mr. and Mrs. A. M. Rix have been suffering for some time with cases of the Flu.

Mr. and Mrs. Edd Tonn are rejoicing over the arrival of a daughter in their home Sunday, March 15th.

Mr. and Mrs. Tom J. Foster and Mrs. L. H. Harkey of Lubbock, visited Mr. and Mrs. Virgil Brazell last Wednesday.

Fred Swint, of Paducah, was in the city Monday visiting with his brother, Jess, manager for the Slaton "M" System Store.

P. O. Williams, manager of the Williams Motor Company, was a business visitor the first of the week, in Ford County.

A Public Library is a Public necessity.

Handwriting Telegraphy

Handwriting now is transmitted by telegraph as a regular service by the French Post Office department. Already French banks are honoring telegraphed checks, for a perfect reproduction of the writer's signature is transmitted electrically over the wires.

Putting the Hog on a Normal Basis

Photo Copyright, Underwood & Underwood, N. Y.

Many years of study and experi-
ment have ended uncertainty as to
what is best for the hog, says a
recent report. In pork raising, as
in building up any other source of
profit on the farm, much can be
learned through the experience of
others.

The U. S. Government and Agri-
cultural Colleges spend big sums
each year at their experimental
stations. Both the Government
and the Agricultural Colleges issue
literature which tells about these
experiments in detail. Anyone in-
terested can secure the literature
without cost by writing the U. S.
Department of Agriculture or such
Agricultural Experimental Stations.
The great value in Government
bulletins lies in the fact that they
are based on the results of obser-
vation and study by trained, ex-
perienced men and at an expense
which makes it prohibitive for the
farmer to make these experiments
himself.

Generally speaking, hogs have a
normal period of growth and de-
velopment. Many raisers ship be-
fore the hogs are finished—others
hold their hogs and feed them be-
yond the period that the herd
would be most profitable for them.
It is natural, with high feed prices,
that the raiser is reluctant to hold
his hogs any longer than absolutely
necessary, even though the hog

market is good; but it is a mistake
to start raising a market herd and
quit before the job is really fin-
ished.

Judging from prices of the past
few months, a fat hog is the one
that is commanding a premium
and, experts say, will continue to
do so for some time. That is be-
cause of the large numbers of un-
finished hogs that have been and
are still being sent to market.
Using the Chicago hog market for
a day in mid-December, 1924, a
170 lb. hog brought \$14.10, while a
265 lb. hog brought \$26.55, or a dif-
ference of \$12.45.

The average hog raiser knows
that it takes about 400 lbs. of corn
and 40 lbs. of tankage to bring in
that last 100 lbs. of weight, or in
dollars and cents, approximately
\$10.00 for the last 100 lbs. in feed
expense, leaving more than \$2.55
per pig for the additional trouble.

Shipping weights of hogs are re-
flected in the feed crop. Last year
the corn crop in many sections was
small and therefore most of the
hogs sent to market ranged around
the 175 lb. class. Unless relative
market prices on either hogs or
feed are extremely abnormal, it
pays the raiser to go through with
his feeding program up to that
stage where he can secure the
greatest benefit from his efforts
and the best market price for his
pork.

**Fractional Postage Stamps
Are Soon To Be Distributed**

Fractional postage will be in use
in the United States for the first
time after April 15, when 1/2c and 1c
and 1 1/2c stamps will be placed on sale
to take care of the changed postal
rates, due to the new postal law
enacted by the last Congress. Plans
for the new issues are now being ar-
ranged by the United States Govern-
ment. The portrait of the late Pres-
ident Harding will be placed in profile
on the one and one-half cent. Two
sets of commemorative stamps, one

honoring the 1,100th anniversary of
the landing of the first Norse settlers
in America, and the other observing
the 150th anniversary of the battles
of Lexington and Concord, also are
scheduled to be issued during the pres-
ent year.

Most of the changes affect parcel
post rates. Post cards will require
1 1/2c postage, but there will be no
change in first-class letter rates. The
1/2c stamp is being issued to allow the
use of the present 1c stamps.

Junior High and West Ward Notes

(Carried over from last week.)
Supt. Sone and Mr. Luna made a
visit to Chapel Friday. Mrs. Frye's
and Mr. Reeds room gave their de-
clamations. After the declamations
were given Supt. Sone made an in-
teresting talk which was enjoyed very
much.

The School was shocked last Tues-
day when Elmo Jones got three of
his fingers torn off by a dynamite
cap. He was whittling on it when it
exploded. He was hurried down to Dr.
Tucker's office where an operation was
performed. A boy sitting by him re-
ceived a minor injury on his neck by
the explosion. Elmo is doing fine and
we hope he will be able to come back
to school in a few days.

Baseball is the order of the day
over at Junior High. The first team
now has some good equipment and we
are expecting a good season. We had
a pie supper over at West Ward Au-
ditorium to secure money for the buy-
ing of equipment.

Patrons don't forget P. T. A. Thurs-
day. Mr. Brinkers room will entertain
by giving a short play. The interest
was good before, let it be the same
this time.

The Clean-up Campaign that was
staged is working effectively. The pu-
pils are very anxious that their desks
are kept clean. The desks are kept
extra well and certain pupils are ap-
pointed to keep the boards clean and
the erasers dusted. Everything is kept
spick and span.

EAST WARD SCHOOL NOTES.

There have been quite a number of
our children out with the Flu and
colds, but we are glad to report that
they are much better and most of
them are back in school again.

Miss Baughman visited at her home
in Kress last week-end and had as
her guests Miss Crawford of the West
Ward School. They report a very en-
joyable trip.

We are working very hard on our
program to be given Friday Night,
March 27th, at the new High School
Auditorium. The program is being given
for the benefit of the school and

we hope every patron of the East
Ward School will feel that it is his
duty to attend and help make it a
success. Every one in town is invited
to come. The admission will be 20 and
35 cents. Everybody Come!

**Stop Night Coughing
This Simple Way**

People who have persistent, an-
noying coughing spells at night, and
who through loss of valuable sleep
are weakening their systems and
laying themselves open to dangerous
infections, can stop their distressing
trouble promptly by a very simple
treatment. Hundreds who have
hardly been able to rest at all for
coughing, have gotten their full
night's sleep the very first time they
tried it.

The treatment is based on a re-
markable prescription known as Dr.
King's New Discovery for Coughs.
You simply take a teaspoonful at
night before retiring and hold it in
your throat for 15 or 20 seconds be-
fore swallowing it, without follow-
ing with water. The prescription
has a double action. It not only
soothes and heals soreness and irri-
tation, but it quickly loosens and
removes the phlegm and congestion
which are the direct cause of the
coughing. The result is that you
usually sleep as soundly as a babe
the very first night, and the entire
cough condition goes in a very short
time.

The prescription is highly recom-
mended for coughs, chest colds,
hoarseness and bronchitis, and is
wonderful for children's coughs and
spasmodic croup—no harmful drugs.
Economical, too, as the dose is only
one teaspoonful. It is on sale at all
good druggists. Ask for

**DUTCHESS
TROUSERS**
10¢ a Button; \$1.00 a Rip

Look at the left rear pocket

YOUR eyes tell you when trousers are stylish. You
can feel with your hands that the material is right.

Try them on and the matter of fit is settled. But how
are you going to know whether they are made to give
real wear?

ANSWER: Pick out a pair of Dutchess Trousers. Look
inside of them on the left rear pocket. Sewn there you
will find a warranty label guaranteeing the payment of

"10c a Button; \$1.00 a Rip"

This means just what it says—no argument, no "red
tape." We pay you if buttons come off. We pay you
for a rip or give you a new pair of trousers.

Fair enough? For more than a generation the manu-
facturers of Dutchess Trousers have stood back of this
famous warranty.

Dutchess Trousers have to be right in wear and they
are just as right in style, in materials, in price—the kind
of garments that are four-square with our policy of pro-
viding the men of this vicinity with clothes that satisfy.

You will find here just the trousers you want for dress,
for work, for play—and be sure to look at the left rear
pocket.

The Men's Store

"Everything a Man Wears"

Not Always Ocean
Scientific men generally believe that the bed of the Pacific ocean was once above water and inhabited by men.

The Wise Teller
The wise bank teller knows how to keep his mouth shut in a telling situation.—Philadelphia Bulletin.

THE TEXAS QUALIFIED DRUGGISTS' LEAGUE SAYS:

Legally Registered Pharmacist

"It will pay you to observe safety first rules in buying drugs and medicines. Unfortunately the law permits anyone to set up a box on the street or travel from house to house, and sell you many of the articles that are sold and should be sold in drug stores.

Buy only from registered pharmacists who are qualified by training and experience to serve you."

**Buy It In Slaton
Sell It In Slaton**

The Drygoodsman will sell you shoes
And guarantee every seam.
We will always pay you top prices
For your poultry, eggs and cream.

The Hardware dealer will sell you implements,
Cultivators and any kind of plow.
We will sell you a cream separator.
That insures more profit from your cows.

Your Groceryman will sell you pickles,
Either in or out of kegs.
If you always want the highest market prices,
Bring us your eggs.

The best time to sell your poultry,
You do not know when,
But just remember we will always buy them,
Either by the hundreds or just the single hen.

We business men of Slaton have but one single aim,
And it is just for this reason that to the Plains we came:
To make you a good town to trade in,
And a good town to market the efforts of your labor.
If these things we actually do,
We feel sure you will tell your neighbor.

These things we have tried to say in rhyme:
But be sure in Slaton your dollar will work over-time.
If you wish to trade where the utmost confidence you can feel,
We are sure there is not in Slaton a merchant who
Will not give you a square deal.

When you have anything in our line to sell,
And you think it ought to be worth more,
Just go to the telephone and call our number—two naught four.
And to you the information we will gladly give;
And if to us you finally sell, we will live up to our motto
Of "Live and Let Live!"

NOTICE OF ELECTION

The State of Texas,
County of Lubbock, City of Slaton.
NOTICE is hereby given that an election will be held on the 7th day of April, A. D. 1925, within the City of Slaton, Texas, in obedience to an order of the Board of Commissioners at which election there shall be submitted to the qualified voters of the City of Slaton, Texas, the following proposition for their action thereupon.

Proposition.
Shall the Board of Commissioners of the City of Slaton, Texas, be authorized to close Thirteenth street between Lubbock street and Scurry street, and Fourteenth street between Lubbock street and Scurry street, between Blocks Nos. 155, 86 and 87 in the West Park Addition to the City of Slaton, Lubbock County, Texas, and the alleys running through Blocks Nos. 155, 86 and 87 in the West Park Addition to the City of Slaton, Lubbock County Texas, as the same are shown and designated on the official map or plat of said addition to said City and of record in the office of the County Clerks of Lubbock County, Texas, for school purposes.

The said election shall be held at the City Hall in the City of Slaton, and the following named persons are hereby appointed officers of said election: A. C. Hanna and Ray Stephenson are hereby appointed judges of said election, Ben Dodgen and A. M. Watson are hereby appointed Clerks at said election.

The ballots for said election shall have written or printed thereon the following:

FOR, the closing of Thirteenth and Fourteenth street between Lubbock and Scurry streets and the alleys in Blocks 155, 86 and 87 in the West Park Addition.

AGAINST, the closing of Thirteenth and Fourteenth streets between Lubbock and Scurry streets, and the alleys in Blocks 155, 86 and 87 in the West Park Addition.

Each voter shall mark out with black ink or pencil one of the above expressions, thus leaving the other as indicating his vote.

None but resident qualified voters of the City of Slaton, and residing within the corporate limits of said City shall be permitted to vote.

The manner of holding said election shall be governed by the general election laws of the State of Texas.

S. F. KING,
Mayor, City of Slaton, Texas.
ATTEST: H. C. McGEE,
City Secretary.
19-3tc.

NOTICE OF ELECTION

The State of Texas,
County of Lubbock, City of Slaton.

Notice is hereby given that an election will be held within and for the City of Slaton, Texas, on the 1st Tuesday in April, A. D. 1925. Same being the 7th day of April A. D. 1925 for the purpose of electing two Commissioners for said City of Slaton, Texas, to serve for two years, and until his successor shall have been duly elected and qualified.

Said election shall be held at the City Hall in said City of Slaton, for one day only, and the polls shall be open on said day from eight o'clock in the forenoon until six o'clock in the afternoon on said day.

All persons who are qualified electors under the Constitution and Laws of the State and who shall have resided within the corporate limits of the City of Slaton, for six months next preceding said election, shall be qualified to vote at said election.

J. C. Stewart and J. W. Baker are hereby appointed judges of said election, and J. G. Levey and W. F. Ramage are hereby appointed Clerks at said Election.

Said election shall be held as nearly in accordance with the general election laws of the State of Texas as may be practicable.

In Testimony Whereof, witness my official hand and the seal of said City of Slaton, Texas, at my office in said City this the 4th day of March A. D. 1925.

S. F. KING,
Mayor, City of Slaton, Texas.
ATTEST: H. C. McGEE,
City Secretary.

Long Popular Novel

One of the earliest of still popular
novels, "Don Quixote," is also one of
the longest; it is estimated to contain
401,000 words. Begun in prison, the
first part was published in 1605, and
the second ten years later.

TYPICAL AMERICAN

Mrs. Rose E. Barrett, "Lady Mayor"
of Warrenton, Ore., who has been
reclaimed the typical American wom-
an. She is the only woman city man-
ager in the country. W. Clark Noble,
the sculptor, will use her as the model
for the central figure in his group to
be erected as a mother's memorial in
Washington by the Woman's Universal
alliance. Born in an obscure town in
North Dakota, she was reared by her
grandmother, one of the true pioneers.

DID YOU EVER STOP TO THINK?

THAT when modern business con-
cerns have new things to sell, they
tell the public about it by advertising.
They don't expect them to learn those
interesting facts by accident.

THAT advertising has paved the
way to success for those concerns that
are a success.

THAT advertising is highly regard-

EXTRACTS FROM BAPTIST BOOSTER.

How does your financial support of
the church compare with what you
spend for candy, cold drinks, chewing
gum, and patent medicine?

Extend the glad hand to the visitor.
Make him feel that we want him to
come again.

Bring a friend to Sunday School.
Invite the absent ones today to come
next Sunday. Be a booster for the Sun-
day School.

If people remembered as easily as
they forget, this world would be a
paradise almost. Forgetting is a bad
habit, and most of all of us have it.

BRING YOUR BIBLE—STAY FOR CHURCH.

Bring another one to Sunday School
next Sunday. Invite your neighbors,
if they do not already attend some
Sunday School. Let's start working
for that record breaking attendance.

Help us have a Standard Sunday
School. Bring your Bible.

Sunday School. Drag out your pride
and enthusiasm, and say, "We can,
and WE WILL."

"Less for self and more for others"
would be a good motto for some to
adopt.

Do you teach your children the im-
portant lesson of giving? Do you let
them give something to the church
expenses? If not, you should. If you
do, it is one of the finest services you
could render them. Let them learn
now what it means to stand by the
Lord's work and the Lord's church.
We have envelopes for them to use if
they want them. Ask for them.

TRY SLATONITE WANT-ADS.

ed by the public. They appreciate it's
service because it is kind of service
that serves them well.

THAT local people are ever eager
to know what local merchants have
to sell.

THAT they read the advertising
columns of local papers for full in-
formation, and when local merchants
do not give full information, they
turn to mail order catalogs.

THAT merchants who want to hold
their own against outside competition,
must advertise persistently in local
papers.

THAT when the business of local
people is invited by local advertising,
people buy at home.

MANY PEOPLE BUY FROM A
CATALOG, NOT KNOWING THAT
LOCAL MERCHANTS CAN SELL
THEM BETTER QUALITY AND
BETTER SATISFACTION.

PEOPLE ALWAYS HAVE A GEN-
UINE APPRECIATION OF THE
LOCAL MERCHANTS WHO AD-
VERTISE IN LOCAL PAPERS.
THEIR ADVERTISING IS AN AS-
SURANCE THAT THEY GIVE
SOUND VALUES, WHICH MEANS
SATISFACTION.
