SLATON Santa Fe West Texas

Vol. XVII.

Slaton, Lubbock County, Texas, Thursday, Oct. 6, 1927.

Number 6.

PLAINS MUSIC TEACHERS TO CONVENE HERE

The announcement comes from the Slaton schools this week that the South Plains Music Teachers' Association will convene in Slaton for a two-day session, Nov. 18 and 19. Miss Jeannette Ramsey, teacher of piano in the Fine Arts Department, of the Slaton schools, is president of the association this year, and she expects a large attendance of music teachers and leaders in the profession to be here for the annual meeting.

A special program of unusual appeal will be rendered on Friday night, Nov. 18. It is announced. Notable South Plains artists will appear on this program and it is likely that three orchestras will appear, Slaton, Lubbock and Spur. Definite plans are not quite completed, according to Miss Ramsey, but it is certain, she avers, that Slaton people are to have a golden opportunity when the association convenes here.

Business sessions, as well as the public program renditions, will be held during the two days and matters of importance pertaining to the organization's plans for the ensuing year will be considered, according to the president.

Interest in Hatchery Is Bought by Hicks

Announcement is made this week that E. L. Hicks, of the parts department of the Slaton Motor Co., has purchased half interest in the Progressive Hatchery here, having bought the interest of D. E. Scott. Mr. Hicks states he expects to be actively connected with the hatchery after the first of the year.

Copied from The Slatonite 13 Years Ago

(From issue of Oct. 2, 1914.)

Andy Caldwell is the proud father of a son, born last Sunday. Andy has three girls and the advent of a boy in the home was a delight to the family.

Ben F. Carpenter is recovering rapidly from the loss of his army.

W. E. Olive recovered from his indisposition of last week, and is again in charge of affairs at the Sanitary Grocery.

Mrs. A. C. Benton and Mrs. R. L. Blanton and their daughters went to Central Texas last week, visiting.

A daughter was born to Mr. and Mrs. A. F. Davies, of Southland, last Friday.

Ed Shoppell returned the first of the week from Floydada where he had been looking after his farms.

RETURNS FROM MARKET

A. Kessel returned last Monday from Dallas, where he spent several days in the markets. This was the second trip Mr. Kessel has made to the markets this fall for his department store here. It was necessary, he stated, due to the fact that his fall business has been much better than was at first anticipated. Mr. Kessel was accompanied to Dallas by his two oldest boys, Julian and Bertram, but they returned late last week.

TO THE CITIZENS OF SLATON

We have two cases of Infantile Paralysis in Slaton, and parents are urgently advised to keep their children at home as much as possible. I would not at this time, however, advise keeping children out of school. Keep premises in a sanitary condition. There is no prophylactic for this dangerous disease.

S. H. ADAMS, City Health Officer. By instructions from the State Health Officer.

DETROIT JEWEL.

Meeks Buys Central Filling Station

Boyd Meeks, employed for the past several months at the Central Filling Station, at the intersection of Garza St. and Texas Avenue, has purchased the business from Fire Chief George Holt. It was announced early this week. Mr. Meeks is now actively in charge of the Central station.

He states he intends to continue handling Gulf products and a complete line of tires, tubes and accessories. He invites a share of the patronage of car and truck drivers of Slaton and community.

Merchants Have Banquet Tuesday Night, Clubhouse

The Slaton Retail Merchants' Association staged a banquet last Tuesday evening, enjoying a splendid program and a most excellent dinner served by the Wednesday Study Club, of which Mrs. W. R. Ragsdale is president.

A. J. Payne, president of the Merchants' Association, was toastmaster. The following program was rendered: Invocation, Rev. W. M. Lane. Address on "Business Ethics," R. A. Baldwin.

Secretary's report, Mrs. Lee Green. Violin solo, Miss Frances Guffin. Address, Mrs. E. G. Holloway. Address, "Community Building," Mrs. Fred H. Schmidt.

Piano duet, Misses Grace L. Bailey and Jeannette Ramsey. Reading, Miss Aline Phillips. Roundtable discussion of the Association's problems.

Vocal solo, L. A. Wilson. Expressions from various speakers and members gave evidence of great interest in the work being done by the Association. The report of the secretary, Mrs. Lee Green, revealed a remarkable variety of valuable work being done in behalf of the retail merchants and the public in general.

The primary purpose of the organization, she said, is to improve credit conditions in the city and community and to aid in collections of accounts. The service, she declared, which is rendered by the body is not only helpful to merchants but also to the purchasing public because the Association helps protect all against a poorly balanced system of credit condition.

Each address of the evening was said by those present to have been valuably informative and entertaining. A variety of musical numbers, each performer being called upon for an encore, gave spice and additional pleasure to the program.

Mr. Steckman Returns From Sanitarium Sun.

After spending more than a month in the Lubbock Sanitarium, W. R. Steckman was returned to the home of his daughter, Mrs. Carl A. Lewis, here last Sunday.

Mr. Steckman underwent an operation for appendicitis on Aug. 30, the appendix having ruptured before he reached the sanitarium. For some time his condition was considered as being quite serious, but now he is regaining his strength, it is stated, and will soon be well again.

RIX WILL NOT OPEN FURNITURE STORE HERE

The Rix Furniture & Undertaking Co., of Lubbock, will not establish a business in Slaton this fall, as was recently reported, according to G. W. Fitchett, representing that firm, who was here last Saturday on business.

DRS. BOONE, CHIROPRACTORS, LOCATING IN SLATON

Drs. Boone, Chiropractors, of Ft. Worth, former residents of the plains, are locating in Slaton and have their offices in the Benton Bldg., on Garza and Panhandle Sts.

The Boones are well known on the plains and come to Slaton highly recommended as practitioners and gentlemen as well.

Dr. T. L. Abington, of Zimmerman, Ma. La., visited here last Saturday with his daughter, Mrs. R. W. Collier, Jr., and family.

DETROIT JEWEL.

Gas Company Will Soon Begin Work On Building Here

Construction work on the office building in Slaton for the West Texas Gas Co., who are piping natural gas from the Amarillo oil fields to Panhandle and South Plains towns, will begin within the next few days, according to J. J. O'Connor, publicity manager for the company, whose headquarters are in Amarillo. Mr. O'Connor was in Slaton Tuesday, looking after interests of his company. He stated the plans for the building are now being drawn, and that actual work of construction should begin within a very short while.

The building will be attractive, and modern in every detail, company officials say. It is to be located on the west side of Ninth St., just south of the city hall lawn, occupying a space on the lot just north of the Foster Funeral Home.

Chamber of Commerce News Notes

Reported by L. A. WILSON, Secretary.

New Hope community, just west of Slaton, won the first prize on community agricultural exhibits at the Lubbock Fair last week. The Slaton exhibit, prepared for the Chamber of Commerce by I. J. Thornton, was given eighth place in the award list. The exhibit had some splendid material in it, though without doubt it did not contain the best produced around Slaton this year. Thornton had a limited time to gather his exhibits and was busy with his school duties and other things at the same time. He did very creditable work.

Farmers report that the warm sunshine of the week past is having a splendid effect upon late cotton and feed crops. Picking is not expected to be in progress generally before about Oct. 15, depending upon weather conditions. It is to be hoped that this year's crop can be picked instead of being "sledded" as much of last year's crop was. The price of cotton now will justify hired labor and picked cotton will bring a higher market price. If the weather and labor supply makes it possible, farmers will doubtless pick instead of "sledding" this fall.

Somewhere near 8,000 bales of cotton should be ginned in Slaton this year. It is probable that there could be more or less than that amount. If the figures are correct, however, that is a little more than half of last year's ginnings, 15,000 bales. But, at the twenty-cent level, a much larger income from this year's crop will be realized than was had from that of 1926.

In addition to the cotton crop, it is a practical certainty that Slaton farmers will harvest one of the best crops of feedstuffs in several years. This is no small item. It is a very important factor in successful farming. Considerable feedstuff is now being marketed and more is to come.

Farmers have diversified more in the Slaton section this year than has been their custom heretofore. Chickens, turkeys, cows, hogs and food and feed crops are found in varying degrees on most farms. Sales of farm produce have furnished current expense money for Slaton farmers throughout the year. Comparatively small additional indebtedness has been incurred by the rank and file of the Slaton farm folks in 1927. This means better finances this fall if the cotton and other crops can be marketed and saved. The outlook is bright.

It is to be hoped that good prices for cotton this year will not drive us cotton-mad again next year. Diversification has aided us over this year. Why not tie to it again next year? Regardless of high-priced or low-priced cotton, the farmer who sticks to diversification year in and year out always finds himself better off than his one-crop neighbor. Increased acreage of cotton next year will mean decreased prices and consequent "hard times." To avoid recurrence of former bitter experiences, the farmer

needs only to remain a stickler for diversification.

Watch the farmer who always brings to town with him enough farm produce to out-value what he buys and takes home with him. That farmer is independent. It is the surplus that counts.

Several farmers have asked for aid in getting pickers. The Chamber of Commerce will gladly help however possible without any charge if farmers will make known their needs. Call at the office at the City Hall and let us know how we can assist you.

Gas service for Slaton is getting very near. Only a few more days between us and the new fuel. Citizens will then be quite busy having piping done in homes and business houses, no doubt.

Slaton people should resolve now as never before to keep Slaton money at home. Buying away from home hurts the town and hurts you. Slaton people depend upon Slaton for their means of subsistence. How inconsistent it is, then, to spend our money in other towns. Buy it in Slaton. Slaton merchants can serve you if you will let them. Build Slaton and not some other place.

Miss Olga Mackler, of Posey, has accepted a position in the clerical department of the Slaton Motor Co.

DETROIT JEWEL.

Slaton Exhibit Takes Eighth at Fair at Lubbock

Slaton's community booth of agricultural exhibits was awarded eighth place in community exhibits of Lubbock county on display at the fair at Lubbock last week. Community awards were made in the following order as to rank and scores: New Hope 924, Acuff 879, Grovesville 872, Posey 858, Hardy 856, Canyon 854, McClung 846, Slaton 843, Carlisle 825, and Shallowater 784. Scoring was based on 1,000 points being perfect.

The Slaton booth was in charge of I. J. Thornton, 16-year-old farm club boy, and those who saw the display which he arranged complimented him upon the arrangement and quality of material shown. I. J. is a member of the agricultural committee of the local Chamber of Commerce and prepared the exhibit for that organization. His showing is notable because of his having been attending school or busy with other work a large part of the time immediately preceding the fair. This lack of time handicapped him in gathering and selecting exhibit material, he said.

SLATON-POST PLAY HERE FRI.

The Post high school football team will visit Slaton Friday afternoon this week in their first game with the Slaton Tigers this season. It will be the first interscholastic contest the Tigers have yet had, and the Mitchellmen are training for victory over the boys from below the "caprock." A large turn-out of fans is expected here, and the Post team will probably have strong backing, also.

Coach Mitchell has demonstrated on two occasions so far that his Tigers may be more ferocious this season than some had expected. The team appears to be in good form and prospects are said to be bright for improvement as time advances. The felines held the Lubbock Westerners to a scoreless tie on Sept. 21, and then a week later snatched a 6 to 0 victory from the Plainview Bulldogs. Both are Class A teams, which should mean superiority over Slaton, a Class B team. But, the superiority didn't show itself in either battle.

Certain "dope" has it that the Floydada Whirlwinds may be the strongest contenders for Class B championship in this district this season. Mitchell's Tigers will not meet the Floydada eleven until Nov. 25, according to schedule, and it is possible that interesting events may occur in the meantime. Amherst meets the Tigers here, Friday, Oct. 14.

DETROIT JEWEL.

Harley Sadler Here Week, Beginning Mon.

Harley Sadler and his own company of artists will be here all next week, playing in his big waterproof tent theatre, it was announced this week by the advance agent for the show.

This year, Mr. Sadler will play under auspices of the Slaton Volunteer Fire Department, it is stated. The opening play, which will be next Monday night, is announced as "The Elder Brother."

Mr. Sadler's company has a splendid reputation in this section, and is admitted to be a real West Texas institution. This season, as in the past, Harley and his company are playing to capacity houses in whatever towns they visit, according to press reports.

Rotarians to Hear Debate on Lawmaking

Tomorrow, Friday, Oct. 7, the Slaton Rotary club will have a debate as the program for its regular weekly luncheon. The subject up tomorrow is, "Should lawmaking bodies ever make any human act a crime that is not a crime in itself, as judged by the intelligent sentiment of mankind?"

Oskar Korn, moving picture proprietor, will debate the affirmative of the issue, while Lloyd A. Wilson, secretary of the Chamber of Commerce, will support the negative. Both of these men are able speakers, careful and accurate thinkers, and Rotarians are looking forward to the intellectual battle with keen anticipation.

An interesting meeting was held by the Club last Friday, when a number of Rotarians, including Allen J. Payne, Claude F. Anderson, Joe K. Rogers, E. Clayton Foster and Jim A. Elliott, each told of the feature of Rotary he likes the best and the feature he likes the least.

During the general discussion of the topic the point was stressed that under the rules of Rotary only one person in a community for each vocation can be a member, and that in the event any given classification is filled no other person in the same line of business can be elected to the Club; that this rule is necessary in order to prevent too large memberships, that would become cumbersome and lacking in variety. Rotarians do not in any sense constitute an exclusive body, and the membership of a club is not so much made up of the leading individuals in each line of business as representative individuals of different businesses. When a member changes his line of business or moves away he automatically loses his membership and then any other individual holding that classification becomes eligible.

Dr. D. C. Williams, of Post, and J. A. Raley, of Lubbock, were guests of the Club.

Fire Prevention Week is Oct. 9-15

Make it a no-fire week, and extend its activities to the other 51 weeks of the year.

Fires can be prevented—the week directs attention to this. We are told that Mrs. O'Leary's cow kicked over a lantern and started the great Chicago fire in 1871. The 56th anniversary of this fire is Fire Prevention Week—in 1927. Mrs. O'Leary's cow is symbolic of our everyday carelessness which is costing annually thousands of lives and hundreds of millions of dollars. Most fires are preventable. We need only to apply plain, common sense. There is to excuse for fires starting, or, if started, spreading beyond the place of origin.

Perhaps you say, "Why should I be concerned about fire? My house and other property are insured." Yes, the dry goods merchant, the grocer, the butcher and the baker also carry insurance on their properties—on their stores and stocks of goods. Everything we buy is insured in every step of its route from producer to consumer. In the price of a suit of clothes, a package of coffee, a pound of meat, or a loaf of bread is concealed a tax which is our share of what is paid to replace what fire destroys.

The insurance company, taking the

(Continued on Last Page)

SCHOOL NOTES GIVE LIGHT ON PROGRESS

The Home Economics classes have been omitted from the program this year. Next year they will be reorganized under the vocational plan outlined by the Smith-Hughes Law. The state and national departments of education will make an appropriation which will make it possible for us to equip our department in a first class way. Affiliation will not be lost because of this lapse.

The high school cafeteria has begun to operate under the general supervision of the P. T. A. and under the direct management of Mrs. H. Linenger. A splendid lunch was served Tuesday. This is a great help to students and teachers.

The students of the grades will be given monthly reports and of high school every six weeks. Parents are earnestly requested to check up on these reports. They will be sent out without fail, and should serve to acquaint the parent of the child's progress.

Slaton is to have the honor of entertaining the South Plains Music Teachers Association, Nov. 13 and 19. Many of the best musicians and teachers will be present on the various programs of these two days.

The school grounds of the various schools are now in good shape. The P. T. A. Associations met the expenses incident to scraping the grounds. At the high school, the grader unavoidably left the ground somewhat in ridges. Now comes a good friend of the schools, Bert Hastings, and volunteers to give the ground a thorough going-over with a heavy drag. This kind offer was gladly received and now the grounds are in excellent condition. We certainly appreciate the kindness of the P. T. A. Associations and the liberality of Mr. Hastings. He said, "I want to do something for the school." With his four-mule team he did a big piece of work. We hope others will offer us such help when needed.

—C. L. Sone.

Your Faith is Proved by Works

Nothing proves one's faith like his works do. Actions speak louder than words.

You have doubtless thought, and perhaps have said, that you consider your home newspaper a valuable asset to your town and community and to your own business. That is right. Any thinking citizen feels that way about it, for he knows without a newspaper his town would never have grown into what it is and that it could not make progress in the future without that same good newspaper service.

But—Have you ever paused to consider that you can prove your faith by your works? That is, have you realized that you can do something in a concrete way to show your interest in your town and community by supporting your home newspaper with your patronage?

For instance, where do you get your job printing done? If you have ever had printing done elsewhere, why not resolve that you'll never do it again, and then bring that next order to The Slatonite. We are prepared to give you expert service at prices you will like. Our equipment and careful attention to orders guarantees satisfaction. Besides, when you bring job printing here, you are helping make your home newspaper a better paper, and in turn you are benefiting your town and community and your own business. It pays to patronize your newspaper.

Next time you need job printing, bring it to

FIRE PREVENTION WEEK.

Fire Prevention Week is to be held this year from October 9 to 15. Throughout the country various organizations will again attempt to train the public in offsetting the greatest menace in the United States today. Our people will do well to learn, and profit by example.

The tragedy of fire is that it is almost entirely preventable. There are, of course, natural causes for conflagrations that cannot be helped, but these are a very small percentage of the total. The greatest damage is caused by carelessness and ignorance. Billions of dollars are wasted and destroyed each year by a few people's carelessness. It would not be so reprehensible if loss were borne by them alone. But it must be shared, directly or indirectly, by every citizen and taxpayer.

It is the duty of every citizen to co-operate in the observance of Fire Prevention Week. And it should be his pleasure. Fire loss can be stopped. And in a single week, if everyone will observe and learn, a great deal can be accomplished in the way of reducing it.—Plainview News.

One of the greatest hindrances to Fire Prevention is the feeling on the part of many people that they do not need to be careful themselves—only the "other fellow" is the one to be cautious. Taking this fire hazard proposition as a personal matter will solve many fire problems. Each person should come to realize that he can be of material help in preventing unnecessary fire losses by exercising caution himself. Chief George Holt of the Slaton Fire Department issued an appeal in last week's issue of The Slatonite for the co-operation of local people in proper observance of Fire Prevention Week. We should respond as requested and then we should put into practice throughout the year the many measures of caution that will aid in reducing fire losses. Your property and the lives of your loved ones may be at stake.

One thing that conclusively convinces us that the Tenney-Dempsey fight should have been a finish scrap is that after ten rounds they are still quarreling over the result.

And we would, if we had our way, let Gene and Jack settle the dispute among themselves, without padding on their fists.

Attention is now being called to the fact that America so sadly has neglected her great men, which fact will enable a very vast multitude to go on thinking that they are among the sadly neglected great, and keep them from ever knowing any better.

And after all, the truly great are so numerous that, as we interpret history, those who oftentimes are called great are more unique than great. Uniqueness always attracts attention; true greatness only now and then does. It is all a question of relative values and one's viewpoint, that constitutes greatness. Babe Ruth and Jack Dempsey are great in the eyes of many. George Washington, Bismarck, Voltaire and Abraham Lincoln were monsters in the eyes of perhaps an equal number. What is greatness, anyway?

An Ohio judge has decreed that a man has a right to kiss his own wife in public if he wants to, without being fined or molested by the cops for the osculatory exercise. But how is an omnipresent, all-spying cop to know in every case that the osculators are husband and wife and not merely a man and a woman? This decision will force remove all restrictions upon public osculation in that state, which, maybe, and possibly, is just as well, since folks who want to will do it anyway.

SOMEBODY SAID

SOMEBODY SAID it is to be hoped Old Sol will shine continuously on the South Plains country for the next thirty days.

SOMEBODY SAID the poultry show which will be held in Slaton, Thursday, Friday and Saturday, Dec. 1, 2 and 3, is causing much local interest and also is getting the attention of poultrymen all over this section of the West.

SOMEBODY SAID the agricultural products grown on the South Plains this year are as fine as have ever been produced. Evidence of it was seen in the exhibits shown last week at the Panhandle-South Plains Fair.

SOMEBODY SAID New Hope community is to be congratulated upon winning first place in the community exhibits at the Fair last week. The New Hope people are proud of their achievement.

SOMEBODY SAID it should not be much longer until Slaton will be sticking a match to natural gas.

SOMEBODY SAID the school system is entitled to the co-operation and help of all the patrons. Teachers can't do good work unless the parents

of the children give their assistance.

It humiliates us not a little to reflect that the Chinese revolution has come, been fiercely waged, and is about to depart and we have not yet been able to learn what it was all about. Our President really should

have interfered and compelled the fighting factions to declare their respective intentions in the war. Didn't President Wilson once upon a time do that very thing? He did.

Slaton Gin

Is ready for business. Some of our machinery was late in being delivered, so we were a few days late in getting to going. We have put in New Saws and Ribs throughout, and have installed the Double Unit Hancock Extractor, together with them. You know the reputation of the Murray System for turnout and sample. The Hancock Machines have the reputation of RAISING THE GRADE of Cotton, so will allow us to pay more for your cotton. Have it put in Round Bales and drive by office and get your check.

R. H. TUDOR Ginners F. B. TUDOR

As Old as the Town.

WARNING!

There has been a number of accidents caused by persons coming in contact with electric light wires.

Radio season is here and many people are getting their radio in shape to receive the seasons programs, most everybody will be putting up aerials, (Antena wires should be installed in a manner they could not come in contact with the electric light wire). Recently there was a very serious accident caused by throwing the antenna over a 2300 volt line and then picking up the end that fell on the ground.

This Company in promoting safety and service, earnestly requests that everyone use all precautions to keep from making this contact, and should anyone see broken, loose or dangling electric wires anywhere, notify us at once.

Texas Utilities Co.

You need never change your oil if you own a Buick

Tests by Buick at General Motors Proving Ground and by Buick owners in every section of the world—under every climatic condition—have proved that you need never change your oil if you own a Buick. Replenishments and inspection of the Buick oil-filter only are required. This is still another Buick contribution to the economy and efficiency of motor car operation... another indication of Buick's greater value.

BUICK for 1928

Sedans . . . \$1195 to \$1995
 Coupes . . . \$1195 to \$1850
 Sport Models \$1195 to \$1525

All prices f. o. b. Flint, Mich., government tax to be added. The G. M. Buick financing plan, the most desirable, is available.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

Slaughter Motor Co.
 Lubbock, Texas

It is easy to acquire erroneous information, but very difficult to get rid of it.

If a proposition seems plausible it will find ready acceptance without question by the vast majority of people, but mere plausibility is a poor test of truth, and may be a dangerous snare.

It is, of course, none of our business, but we cannot help feeling sorry these chilly days for the victims of Dame Fashion who have to keep on wearing the abbreviated skirt.

Someone said, "Experience is a dear school but fools will learn in no other," to which statement we demur, because no fool will permit even experience to teach him, otherwise he would not be a fool. Sabe?

Mr. McAdoo, constituting around fifty percent in the dissension in the Democratic party, has wisely and gracefully eliminated himself. Now will Mr. Al Smith, of New York, eliminate the other fifty percent of the dissension? Will he?

It is not time yet to begin extending credit or incurring debts on the strength of the cotton outlook on the South Plains. When "the frost is on the pumpkin and the fodder's in the shock" and the cotton is in the bale, there will be plenty of time to extend credit, if it must be extended, and to incur debts, if they must be incurred. In any event the fellow who pays cash as he goes will later on constitute the prosperous portion of the population.

One thing that makes us feel important is that those who select the presidential nominee do so with their eye on our vote, and are doing their best to select a candidate, not because of any qualification he may possess for the job, but because they think maybe he can rope in my, your, and the other fellow's vote.

We have decided that there is not much in looks after all. Harding looked much like we think a president ought to look, but wasn't much of a president. Coolidge, to our notion, don't look like a president ought to at all, but by keeping his mouth shut and sawing wood—and vetoing the Farm Relief Bill—he has made a very commendable showing.

Lots of men who ought to fill a square hole by accident and misfortune and ignorance fall into round holes, and we call them misfits. They are unfortunates. But at every election the "dear people" create by their suffrage a vast number of misfits, and then the people are the unfortunates. Probably the report that the sun is gradually burning himself out is responsible for so many sons taking to the right life, to take the strain off the "shining orb of the firmament."

Orthodoxically speaking, there are three classes of human beings: Those who can believe only on evidence; those who can believe without any evidence; and those who believe in the face of the evidence. None, however, are to blame. They were just built that way.

The question again is being asked, Is homo sapiens a manlike ape or an apelike man? We don't know, but we do sometimes think that we would prefer a manly ape to an apely man.

WELL-BALANCED MEAT-LESS MENUS

(Editor's Note: Paste this article in your cook book. It's one of the series by six famous cooks running exclusively in this paper.)

It's really a good thing to leave meat out of our diet once in a while. Cheese and eggs are very good substitutes for meats, and can be used in many enticing ways.

A very attractive menu is given today by Miss Margaret Allen Hall, nutrition specialist at the Battle Creek College of Home Economics. This entire meal can be cooked at the same time in the oven, too.

A Good Menu
Macaroni and cheese
Baked onion
Stuffed tomatoes
Strawberry shortcake

You may serve any beverage with this meal. Perhaps the family would prefer tea, served with slices of lemon, or lemonade.

Macaroni and Cheese
1 1/2 cups macaroni
1 1/2 cups grated cheese
1 cup buttered crumbs
4 tablespoons butter
2 tablespoons flour
2 cups milk
1 teaspoon salt

Cook the macaroni in boiling salted water until tender. Drain and pour over it a dash of cold water. Make a white sauce of the last four ingredients and mix with the macaroni. Stir the grated cheese into the mixture. Turn into a baking dish, cover with buttered crumbs and bake in a moderate oven until nicely browned.

Stuffed Tomatoes
Stuffed tomatoes are a real addition to almost any menu.
4 large tomatoes
2 cups stale bread crumbs
2 tablespoons butter
2 teaspoons salt
2 tablespoons finely chopped onions
Cut off the blossom end of firm, ripe tomatoes and remove the inside portion. Prepare dressing by placing the butter and onion in a saucepan and cooking until nicely browned. Add salt and bread crumbs, moistened slightly with juice from the inside portion of tomatoes. Fill tomato shells with the dressing. Place in a buttered pan and bake in a moderate oven about one-half hour.

Strawberry Shortcake
This favorite American dessert, strawberry shortcake, is always a treat.

2 cups flour
4 teaspoons baking powder
4 tablespoons fat
2 tablespoons sugar
1/2 teaspoon salt
1/2 cup milk

Sift dry ingredients. Cut fat in with two knives, add milk slowly. Turn mixture into deep cake pan and bake in hot oven twenty-five minutes. When baked, remove from pan, split, spread with butter, and place sweetened, crushed berries between layers and on top of shortcake.

A huge super-burner which cooks as fast as gas is one of the most recent improvements found on one of the newest and most modern oil stoves.

Also Meatless
Another good meatless meal has corn omelet for its main dish. These recipes are also Miss Hall's.

Corn Omelet
Spinach à la Bechamel
Roasted mushrooms
Cream puffs

In planning several menus you can save using your oven two days in a row if you make the cream puff shells when you cook Menu No. 1. Do not fill the puffs, however, until ready to serve them. Fill with whipped cream, slightly sweetened, or a thick custard.

Cream Puff Shells
1 cup hot water
1/2 cup butter
1 cup white flour
4 eggs
1/2 teaspoon salt

Heat the butter and water to boiling. Add the flour, mixing thoroughly, and cook for a few minutes, stirring constantly. Set aside to cool. When cool add the unbeaten eggs, one at a time, and mix each thoroughly before another is added. Drop from a tablespoon upon a buttered baking sheet and bake in a moderate oven twenty-five minutes, or until light when lifted from the pan.

Corn Omelet
4 eggs
1/2 cup drained stewed corn
4 tablespoons bread crumbs
4 tablespoons milk
1 teaspoon salt

Separate eggs, beat the yolks until thick. Add milk, drained corn, one-half of salt, bread crumbs. Add remainder of salt to whites of eggs and beat until stiff. Fold in beaten egg whites into first mixture. Heat frying pan, grease well, pour mixture into pan and cook slowly over low flame until set. Insert spatula or knife around edge of omelet to determine when mixture is sufficiently set. Place omelet in oven for a few minutes to brown on top.

A Spinach Change
After you have cooked spinach as usual, boiling for five minutes in the least possible water, serve it with Bechamel sauce. Put three tablespoons butter in hot omelet pan; when melted add chopped spinach. Cook three minutes. Sprinkle with 2 tablespoons flour, stir thoroughly and add 1/2 cup milk. Cook five minutes.

A heater which is very satisfactory on all gas, wood, or electric stoves is being marketed now. It is so constructed that the food cooks both sides at the same time, with least loss of burning. A drip pan is also included, that delicious "drip" can be made.

New Department Shows Rapid Growth

"Enrollment, since July 1, has reached eighty-six, and exceeded expectations of the department," says Mr. J. F. McDonald, Director of the Department of Correspondence at Tech. "This department was organized officially by the Board of Directors on July 1, and since that time fifteen departments have offered courses of instruction by correspondence.

The enrollment has been from many different communities of the state; New Mexico being represented by several students. Full college credit is given for correspondence work. Students may complete one-fourth of the courses required for degree by correspondence. Students have enrolled in practically all fifteen departments, the heaviest enrollment being in English, following by Education, Government, Spanish, History and Economics, respectively.

Those enrolled in this department include those who could not return, teachers in service who wish to raise the class of their certificates, students in residence who cannot secure some course because of conflict, and citizens of Lubbock who are otherwise occupied and cannot attend classes at the college, but desire to advance their education.

Requests have come for work in other departments and for courses other than those offered for instruction. As these demands develop, there will be courses offered by other departments in order to meet them.

It is the purpose of the department of correspondence instruction to carefully safeguard standards and render a service worthy of the institution.

The examinations are in every instance given under the supervision of the instructor who has offered the course, or under some responsible person of professional standing who consents to supervise the examination.

Mr. McDonald states that he greatly

appreciates the splendid cooperation of the teachers who are giving correspondence courses in the department."
—The Toreador Texas Tech, Lubbock).

Nurse Advises WEAK, RUN-DOWN WOMEN To Take Cardui

"I have known of Cardui for nearly twenty-five years," says Mrs. Selma Melaner, 1073 Harrison Ave., Beaumont, Texas. "During that time, I have taken it several times and have frequently recommended it to others for it is a splendid medicine and I am glad to give people the benefit of my experience."

"I have been a nurse for several years and have often come in contact with patients who were run-down and weak. Often I have told mothers of Cardui, and the way I myself had been helped after taking it, and advised them to give it a trial. Many of them have since thanked me for what I told them, so I am willing that other women should know about it, too."

"I first took Cardui because I was awfully run-down. I had no appetite and was weak and listless. It was hard to keep going under such conditions, and I looked for something which would help me."

"I had read of Cardui and decided to try it. After taking it, I improved so much that I have taken it since whenever I needed a tonic."

Sold by all druggists.

Mr. Wesley Stoots and Mr. Calvert motored to Post on business Monday.

JOE STOKES.

Hello! Folks, here we're back again after a long absence.

School was to open the 19th of September, but was postponed until the 20th on account of a death in one of the teacher's family.

There was an enrollment of forty-five pupils. A larger attendance is expected later in the year.

The faculty consists of Miss Clara Diehlmann, principal, Miss Mattie Belle Choate, intermediate, and Miss Willie Mae McClure, primary.

All the pupils are interested in school and the teachers co-operate with us and the school is progressing nicely.

A singing was given at the schoolhouse last Sunday night, with a large attendance. Mr. Fred Ferris is the leader of the singing, which will be given every first and third Sunday night in each month. Miss Willie Mae McClure will be the pianist.

The Sunday School at this place is progressing. There are about ninety-five enrolled. The Superintendent, W. M. Medlin, is doing great work. Come and be with us. We will be

"Slaton Spirit" And Mayor King Help Greet Lindy

When Col. Charles A. Lindbergh paid a visit to Abilene and West Texas last week, Mayor S. F. King and the "Spirit of Slaton," Miss Pauline Hardesty, were on hand in Abilene to take part in the greeting extended to the famous flier. They left Slaton on Saturday prior to the celebration Monday. Mayor King returned home the latter part of the week, while Miss Hardesty returned Tuesday after the celebration to Littlefield where she is teaching in the public schools of the city this year.

The Mayor reports that the event was a huge affair, and that it was well worth the trip to have a part in the celebration. A large attendance representing all sections of West Texas was present, he said.

Miss Hardesty said the opportunity to represent Slaton as the "Spirit of Slaton" was greatly appreciated by her, and that she was thrilled and excited by the grandeur of the occasion as she had not even hoped to be.

Slaton's Mayor and Slaton's "Spirit" were provided with every accommodation and given every courtesy possible, it was said, and Slaton received valuable publicity from the part played in the celebration by the representatives.

SLATON, TEXAS

BLUE BONNET CLUB

The Blue Bonnet Club met at the home of Mrs. W. E. Lovett Oct. 5, for a one o'clock luncheon in honor of the newly elected officers.

The house was beautifully decorated with cut flowers. The tables displayed beautiful linens and silver, and a two course luncheon was served to the officers and club members.

A paper giving the history of the club, prepared by Mrs. W. L. Jones and Mrs. Diamond, who were charter members, was read by Mrs. Lovett.

After the business session the evening was spent in playing "42".

The officers expressed their appreciation for the affair, and each club member reported a wonderful time.

The next meeting will be with Mrs. Youngblood, 830 South Tenth, with Mrs. Merrill joint hostess.

G. E. S. MEETS TUESDAY

Slaton Chapter, Order of the Eastern Star, will meet in regular session next Tuesday evening, Oct. 11. Members are urged to attend. Visiting members are welcomed.

PRESBYTERIAN AUXILIARY

The Presbyterian Auxiliary met at the home of Mrs. Maxey Monday afternoon for Bible study. Mrs. Donnell very capably conducted the study.

Next meeting will be a social meeting, with Mrs. Paek and Mrs. Scudder hostesses, at the home of Mrs. K. L. Scudder, 845 South 10th St. All members are urged to attend.

BUILDERS' CLASS TO ELECT OFFICERS

The Builders' class of the Methodist Sunday school, of which Mrs. W. H. Proctor is teacher, will meet Tuesday, Oct. 11, at 3 p. m., at the home of Mrs. E. N. Twaddle. All class members are urged to be present, as there will be business to transact, among which will be the election of officers for the coming year.

RUTH WESLEY CLASS

The Ruth Wesley class met in regular business and social meeting Sept. 23, at the home of Mrs. L. C. Odum. The meeting was opened with a short devotional period, led by Mrs. Kemp. Then business hour followed. Some very interesting things were discussed. It was suggested we might furnish the room for beginners and a committee was appointed to confer with Mrs. Eckert as to what was most needed.

The new officers for the year were elected as follows: Teacher, Mrs. Todd; assistant teacher, Mrs. Dickey; president, Mrs. Tudor; vice president, Mrs. Eldon; secretary, Mrs. Culwell; treasurer, Mrs. Biner; reporter, Mrs. Wall.

Delicious refreshments were served to members and guests.

The recent contest of the Ruth Wesley class closed Sunday, Sept. 25, and on Friday the winning side was delightfully entertained by the losing side. We met at the Club House at 3 o'clock, and new members were introduced.

We were then given a list of the members of our class. The unusual thing was the names were so disguised as to make it very interesting to spell them out, the winners being Mesdames, Culwell and Dickey.

Next, we were taken on a hunting trip, which was very instructive in helping us to remember the counties of our state, as we took the trip in company with Tom Green, Jeff Irvine, Deaf Smith and others, with a fine cook Angeline, who made delicious orange pie, and roast Lamb, that came from oven Brown, and tempting, and she was never known to burn.

We killed Jack rabbits and Martens, but was sent home while the day was yet young, by great Gray clouds, but each enjoyed the hunt.

Next, we were given the magic ball to unwind, each finding something interesting to do and as a fitting close for the very enjoyable afternoon, we were served chicken salad, olives, sandwiches, cake and coffee, as tempting as Angeline's.

—Reporter.

HIGH SCHOOL P.T.A. MEETING

The High School Parent-Teachers' Association meets in regular session at 3:30 Wednesday, Oct. 12. Since the last meeting was postponed, this is the first meeting of the year, and all parents who have children in the high school are urged to be present. A good program has been planned with Mr. Bone as principal speaker. He will tell you some of the many things that are of interest to you, such as the work, studies, expenses, etc., of your children. You are cordially invited and urged to be present.

"Slaton Spirit" And Mayor King Help Greet Lindy

When Col. Charles A. Lindbergh paid a visit to Abilene and West Texas last week, Mayor S. F. King and the "Spirit of Slaton," Miss Pauline Hardesty, were on hand in Abilene to take part in the greeting extended to the famous flier. They left Slaton on Saturday prior to the celebration Monday. Mayor King returned home the latter part of the week, while Miss Hardesty returned Tuesday after the celebration to Littlefield where she is teaching in the public schools of the city this year.

The Mayor reports that the event was a huge affair, and that it was well worth the trip to have a part in the celebration. A large attendance representing all sections of West Texas was present, he said.

Miss Hardesty said the opportunity to represent Slaton as the "Spirit of Slaton" was greatly appreciated by her, and that she was thrilled and excited by the grandeur of the occasion as she had not even hoped to be.

Slaton's Mayor and Slaton's "Spirit" were provided with every accommodation and given every courtesy possible, it was said, and Slaton received valuable publicity from the part played in the celebration by the representatives.

DELINQUENT TAXES MUST BE PAID

I am informed by the School Board that they are out of funds to carry on the school and that delinquent taxes must be paid. I have complied with the law in sending out the notices as required by law and am now preparing list to be published. To avoid further expense of suits, these taxes will have to be paid. The 127 Roll is now ready and everyone that possibly can would confer a great favor on the School Board by paying 127 taxes early as possible.

Very respectfully,
J. W. BUCHANAN,
Tax Collector.

L. R. Cypert, manager of the Gates Dry Goods store, was in the Dallas markets several days this week.

Mr. and Mrs. F. G. Stokes returned Tuesday from Abilene, where they visited with their son, H. G., and family.

CITY LINE CLUB

The City Line Club met at the home of Mrs. Schumann, September 18. Seventeen members were present and two visitors.

The County Agent and Demonstrator were present and gave a lesson in poultry culling.

The Club will meet with Mrs. Gene Wilson October 7. All members, please be present.

Mrs. Virgil Brasell had as her guests last week-end, her mother, Mrs. Theo. Griffith, of Lockney, and sister, Mrs. J. B. Hannon, and little daughter, of Plainview.

Apples, \$1.25 per bu.; Fresh Eggs, Frying Chickens, Honey, Peanuts and Sweet Potatoes. To be bought at the WEBB PRODUCE. The top price paid for Your Poultry and Cream. Try us once, you might like us.

BLUE BONNETT CLUB

The Blue Bonnett Club met at the home of Mrs. W. R. Lovett Oct. 5, for a one o'clock luncheon in honor of the newly elected officers.

The house was beautifully decorated with cut flowers. The tables displayed beautiful linens and silver, and a two course luncheon was served to the officers and club members.

A paper giving the history of the

club, prepared by Mrs. W. L. Jones and Mrs. Diamond, who were charter members, was read by Mrs. Lovett.

After the business session the evening was spent in playing "42."

The officers expressed their appreciation for the affair, and each club members reported a wonderful time.

The next meeting will be with Mrs. Youngblood, 830 South Tenth, with Mrs. Merrill joint hostess.

G. E. S. MEETS TUESDAY

Slaton Chapter, Order of the Eastern Star, will meet in regular session next Tuesday evening, Oct. 11. Members are urged to attend. Visiting members are welcomed.

PRESBYTERIAN AUXILIARY

The Presbyterian Auxiliary met at the home of Mrs. Maxey Monday afternoon for Bible study. Mrs. Donnell very capably conducted the study.

Next meeting will be a social meeting, with Mrs. Pack and Mrs. Scudder hostesses, at the home of Mrs. K. L. Scudder, 845 South 10th St. All members are urged to attend.

BUILDERS' CLASS TO ELECT OFFICERS

The Builders' class of the Methodist Sunday school, of which Mrs. W. H. Proctor is teacher, will meet Tuesday, Oct. 11, at 3 p. m., at the home of Mrs. E. N. Twaddle. All class members are urged to be present, as there will be business to transact, among which will be the election of officers for the coming year.

RUTH WESLEY CLASS

The Ruth Wesley class met in regular business and social meeting Sept. 23, at the home of Mrs. L. C. Odom. The meeting was opened with a short devotional period, led by Mrs. Kemp. Then business hour followed. Some very interesting things were discussed. It was suggested we might furnish the room for beginners and a committee was appointed to confer with Mrs. Eckert as to what was most needed.

The new officers for the year were elected as follows: Teacher, Mrs. Todd; assistant teacher, Mrs. Dickey; president, Mrs. Tudor; vice president, Mrs. Odom; secretary, Mrs. Culwell; treasurer, Mrs. Minor; reporter, Mrs. Wall.

Delicious refreshments were served to members and guests.

The recent contest of the Ruth Wesley class closed Sunday, Sept. 25, and on Friday the winning side was delightfully entertained by the losing side. We met at the Club House at 3 o'clock, and new members were introduced.

We were then given a list of the members of our class. The unusual thing was the names were so disguised as to make it very interesting to spell them out, the winners being Mesdames, Culwell and Dickey.

Next, we were taken on a hunting trip, which was very instructive in helping us to remember the counties of our state, as we took the trip in company with Tom Green, Jeff Davis, Deaf Smith and others, with a fine cook Angeline, who made delicious orange pies, and roast Lamb, that came from oven Brown, and tempting, and she was never known to Burnett.

We killed Jack rabbits and Martens, but was sent home while the day was yet young, by great Gray clouds, but each enjoyed the hunt.

Next, we were given the magic ball to unwind, each finding something interesting to do and as a fitting close for the very enjoyable afternoon, we were served chicken salad, olives, sandwiches, cake and coffee, as tempting as Angeline's.

HIGH SCHOOL P. T. A. MEETING

The High School Parent-Teachers' Association meets in regular session at 3:30 Wednesday, Oct. 12. Since the last meeting was postponed, this is the first meeting of the year, and all parents who have children in the high school are urged to be present. A good program has been planned with Mr. Stone as principal speaker. He will tell you some of the many things that are of interest to you, such as the work, studies, expenses, etc., of your children. You are cordially invited and urged to be present.

DUSTING COTTON BY AEROPLANE TO BE DAILY FEATURE AT STATE FAIR OF TEXAS

One of the newest features added to the attractions at the State Fair will be an actual demonstration of dusting cotton by aeroplane to kill the boll weevil and the boll worm. This will be a daily feature from October 8 to 23.

Lieut. Henry Toncray of Lone Oak, Texas, well known as the "Flying Ford Dealer" and an experienced cotton duster, will pilot the machine during the demonstrations, and will lecture on "The Advantages of Dusting Cotton."

A harmless powder will be used in the demonstration instead of the calcium arsenate, which is used for the cotton dusting.

Lieutenant Toncray has had wide experience in dusting cotton, having spent the past two summers doing the actual work on farms in Texas, Oklahoma and Arkansas.

A FEW NEW FEATURES FOR YOUR ENTERTAINMENT AT TEXAS STATE FAIR

Here are twenty-five of the fifty new features (mostly free) which have been prepared for your entertainment at the 1927 State Fair of Texas, October 8 to 23:

Free menagerie of wild animals.
Polo games every other day. Free.
Six new exit gates for your convenience.

Largest phonograph in the world. Free.

Big league football games every Saturday afternoon.

Daily exhibition of Mr. McElwyn in his special stable. Free.

Thirteen days of fast horse racing, with at least five races a day.

Hog-calling contest for the Texas gold medal championship. Free.

The largest Jersey Prize Cattle Show ever held in the world. Free.

The most comprehensive Poultry Show ever offered in the Southwest. Free.

Special free shows in Exposition Hall, Industrial Hall and Automobile Buildings.

The best collection of blooded livestock ever assembled at any State Fair. Free.

Parades, pageantry and masques on the grounds, Dallas Day, Tuesday, October 11. Free.

Daily contests by the Aviation Cadets of America in the assembling of an aeroplane. Free.

Horse Shows Sunday afternoons, October 16 and 23, with special exhibitions between classes.

Demonstrations of the methods of distributing boll weevil poison over cotton fields by aeroplane. Free.

A new three-quarter-mile race track. Free parking around the track, enabling you to see the races from your own car.

Barnyard Golf, or horseshoe pitching tournament, open to all Texans, for the state championship and prizes, medals, trophies, etc. Free.

New playing field in the football stadium. New drainage system and new plan for handling the crowds through the entrances and aisles.

The largest and by far the best display of prize winning agricultural products collected by the State Fair of Texas in the 41 years of its history. Free.

A Junior Livestock Show, in a separate building, containing the entries made by the members of the Boys' and Girls' Club, Pig and Lamb Clubs of Texas. Free.

Exhibit of the 12 bronze models of the "Pioneer Mother," from which the half-million-dollar statue is to be erected, with voting contest to decide which model is most appropriate. Free.

Special demonstration by Texas A. & M. College of the cotton industry complete from preparation of the ground for the seed to the delivery of the finished cloth to the consumer. Free.

A new Midway, with hard-surfaced roads through the pavilions of the celebrated Morris and Castle Carnival shows, which this year are headed by the famous Singer's Midget's Jazz Band and Orchestra.

In the Auditorium the internationally successful comedy opera, "Countess Maritza," presented by the original Broadway company intact, every evening and Tuesday, Thursday, Saturday and Sunday matinees.

Special exhibitions in front of the grandstand, including "Mr. McElwyn," the champion trotter of the world; the national champion team of tom-mares; ten-big Hippodrome acts, with comedians and dancers, bands and vocalists; whippet races and day and night fireworks.

The above are but half of the really new features. The standard attractions are all there, as usual. Every visitor should provide himself with a copy of the folder, "How to See the State Fair," which is free. A personal and the use of this folder will convince anyone that there are more striking, interesting and entertaining things to see at the 1927 State Fair than can be taken in in two or three days' visits. Send for your copy.

"SPECIAL DAYS" TO MEAN SOMETHING THIS YEAR AT TEXAS STATE FAIR

The "Special Days" at the State Fair of Texas, October 8 to 23, will mean something this year, according to President Harry Olmsted. On practically every one of the days set aside for a particular group a special program of entertainment has been arranged, in addition to the worlds of entertainment that will mark this year's fair as different from any hitherto held in Texas.

A list of the special days, correct up to September 24, is as follows:

- Saturday, Oct. 8, Opening Day.
- Sunday, Oct. 9, All-Church Day.
- Monday, Oct. 10, Agricultural Exhibitors' Day, G. A. R. and W. R. C. Day.
- Tuesday, Oct. 11, Dallas Day and Red Men's Day.
- Wednesday, Oct. 12, Pioneer Mother's Day.
- Thursday, Oct. 13, Farmers' Marketing Association Day, Gregg County Day.
- Friday, Oct. 14, Children's Day, Mississippi Day, Van Zandt County Day and Press Day.
- Saturday, Oct. 15, Traveling Men's Day, Tennessee Day, Hunt County Day, Texas Commercial Executives' Day, Deaf Day, All-College day, and Press Day.
- Sunday, Oct. 16, Spanish War Veterans' Day; Monday, Oct. 17, Dairy Day and Texas Ginners' Day.
- Tuesday, Oct. 18, Confederate Veterans' Day.
- Wednesday, Oct. 19, Kentucky Day, Odd Fellows' and Rebekahs' Day, "Cake Day" and Texas Congress of Mothers' Day.
- Thursday, Oct. 20, Academy Day.
- Friday, Oct. 21, R. O. T. C. Day and Texas Federation of Music Clubs Day.
- Saturday, Oct. 22, U. of Mo. Day and American Bankers' Day.
- Sunday, Oct. 23, Fraternity Day, American Legion Day and Closing Day.

"Old Home Celebration" for Former Dallas Residents During The 16 Days of Texas State Fair

Former residents of Dallas are being sought throughout the United States and urged to return for an "Old Home Celebration" to last during the sixteen days of the State Fair of Texas.

The celebration is under the auspices of the Junior Chamber of Commerce and the young men are working with their usual pep and enthusiasm to make it one of the outstanding features of the fair period.

Dallas citizens are preparing lists of friends who have moved away and turning the names over to the committee who are sending special "Come Home to Texas" invitations to the wanderers.

The Old Home Celebration is statewide in its scope and all former Texans are being sought and urged to return at this time, when they may observe the progress the state has made since their departure.

Hereafter seats for all performances in the Auditorium during the State Fair will be for sale on the grounds, as well as downtown, it is announced.

SPLENDID ARTIST COURSE OFFERED FREE TO STUDENTS

Students at the Tech will be given free admittance to some very fine attractions this school year. The season opens with the Russian Cossack Chorus, Monday evening, October 31.

The Chorus of fourteen male voices is under personal direction of SERGEIS OCOLOFF, who, when the war broke out, joined one of the Cossack regiments. After the war he found himself in Serbia, where, in 1920, he organized this chorus. Their first European appearance was at the Royal Conservatorium of Milan, where they won their laurels. A year long tour in Italy was a triumph in artistry. H. M. The Queen of Spain visited all their Madrid concerts. They are now in the United States for their first North American tour.

Frederick Warde, the veteran Shakespearean actor, will deliver a lecture on his experiences in fifty years behind the footlights. Various members of our faculty testify to the delights of an evening with this grand old man of the stage.

The third number is a unique record of a thrilling and epic event—the attempted ascent of Mt. Everest, the highest peak on this globe. Captain Noel of the British army brings his motion pictures along with him.

On January 9, the students of the winter term will be favored with a recital by Miss May Peterson, soprano Prima Donna of the New York Metropolitan and L'Opera Comique, Paris. Miss Peterson, in private life is the wife of our esteemed board member, Col. Thompson of Amarillo.

On the two last evenings of February the Coffey-Miller Players of Chicago will present a comedy and a

drama. The first will probably be Sheridan's "The Rivals". Many members of the faculty have seen and heard the Coffey-Miller Players and speak in high terms of their presentations. The company makes a specialty of playing to American College audiences.

In late March, that famous Columbia professor, who besides being a noted lecturer and educator, is also a pianist of no mean ability, John Erskine, will give his lecture in "Helen of Troy—and some others."—The Toreador (Texas Tech, Lubbock).

YOU WOULD, TOO:

Static friend—What a horrible noise comes from that radio set.

Radio fan—Well, I guess you would make just as bad a noise if you were coming out of ether.

LADIES FREE AT THE PALACE MONDAY NIGHT

In order to introduce the high quality of the Clara Bow pictures for 1927.

Next time you buy calomel ask for

The thoroughly purified and refined calomel combined with assistant and corrective agents. Nausealess—Safe—Sure

28, the management of The Palace Theatre, Slaton, will admit all ladies free, if each lady so admitted is accompanied by one paid ticket, to the big picture, "IT".

"IT," it is said, has only one rival for popularity, and that is the Ten Commandments of the Covered Wagon. And "IT" has even broken the box office records in most of the cities in the same houses where these attractions were shown.

PHILLIPS OPTIMISTIC OVER FALL WEATHER OUTLOOK

"The damp weather of September has cleared away, and we now have the prospects of a nice, clear, open Fall, with only the indications of a short rain period about Oct. 13, and

another around Oct. 23, with very little, if any, rain in November," says Carroll Phillips, of Slaton, who has for the past several years made a close study of weather conditions in West Texas.

Mr. Phillips adds that "We look for killing frost about Nov. 8, and not before."

Doctor Orders Vinol For Nervous Woman

"I was weak, nervous and unable. Could hardly walk. My doctor ordered Vinol, and I feel 100 per cent better."—Mrs. H. Williams. For over 25 years, this simple, strengthening iron and cod liver compound has been prescribed for weak, nervous women and men, and pale, sickly children.

HOW TO GO BROKE FARMING.

1. Grow only one crop.
2. Keep no live stock.
3. Bogard chickens and a garden as a nuisance.
4. Don't plan your farming operations. It's hard work thinking—trust to luck.
5. Take everything from the soil and return nothing.
6. Hold fast to the idea that methods employed by our grandpa are good enough for you.
7. Be independent—don't join with your neighbors in any form of co-operation.
8. Mortgage your farm for every dollar it will stand to buy things you would have the cash to buy if you followed a good farming system.—Exchange.

CARE FOR THE DRY COW.

The condition of the dry cow in regard to flesh should determine the amount and kind of feed to give her. Cows producing 10,000 pounds or more of milk will need a considerable amount of both grain and roughage during the dry period. Cut down on the roughage considerably a week or ten days before calving as too much bulk may add to the discomfort of the animal. At this time feed a laxative grain ration. High producing cows, when dry, should have plenty of good legume hay or pasture, which is rich in protein and lime, and the grain ration should contain considerable quantities of bran and linseed meal, which are rich in phosphorus.

NEXT WEEK BIGGEST WEEK IN HISTORY OF PALACE

No other picture since The Ten Commandments and The Covered Wagon has been received with so much favor as the Clara Bow picture, "IT". It is it, and nothing short of it. The subject was written by Elinor Glyn, and there are really two stories to this picture, the main theme illustrating what Elinor Glyn calls "IT". Wednesday and Thursday, Richard Barthelmess in his new picture, "The Drop Kick" one of the biggest football stories, is on the screen and promises an unusual treat for the patrons of the Palace.

DID YOU EVER STOP TO THINK

(By Edson R. Walts, Secretary, Shawnee, Okla., Board of Commerce.)

THAT the worth while citizen who is up and doing all the time receives much criticism.

THAT any booster who does anything worth while is criticized by somebody and sometimes by many somebodies.

THAT these somebodies are a bunch of busybodies who always find fault and direct their fire in the wrong direction.

THAT the people who don't or can't do anything themselves toward the betterment of the home city always find plenty of time to find fault with the man who does.

THAT there should be no place in any community for hard-heartedness and narrowness of spirit.

THAT every effort should be made to make the home city a "City of Permanent Prosperity." It can only be done through cooperation on the part of the progressive element.

A CITY WORTH LIVING IN IS WORTH WORKING FOR.

CLARA BOW A "WOW" IN HER LATEST PICTURE, "IT"

If crowded houses are a sign of suc-

cess, Clara Bow may well consider herself nothing short of a "Wow!" Capacity audiences have been the rule at all theatres ever since her initial Paramount starring production, "It," opened.

Those who've already seen "It" will tell you that Clara's first picture knocked them out of their seats. To send its new star off to a good start, Paramount provided her with Elinor Glyn's own conception of "It," and Miss Bow has certainly taken advantage of "It". In addition to this, Clarence Badger, director of sure-fire hits, wielded the megaphone and Antonio Moreno does the "heroing". "It," having everything, had no choice but to get over and get over big! "It" has.

This play comes to the Palace theatre, Slaton, Monday Matinee and night and Tuesday night.

Union Gin Ready For Big Season

Located in the heart of a rich progressive farming section, about nine miles southwest of Slaton, the Union Gin, erected last year by Messrs. Tudor and Covington, of Slaton, and which was recently purchased by M. G. Davis and his son, C. S., is ready for the season's run.

C. S. Davis, whose home is in Slaton, is manager of the Union gin, and he states his machinery is in splendid

condition, all being practically new, and has just been completely overhauled. Mr. Davis says some of the farmers of the Union community began picking cotton this week, and that he hopes to have ginned several bales by the end of the week.

SLATON GIRL POPULAR IN BAYLOR EXPRESSION CLASS

BELTON, Texas, Oct. 4.—Miss Stella Mae Lanham, Slaton, was one of the eight selected to appear on the first expression recital at Baylor College, September 29. She read "Maggie McFay" by Burnett.

Weekly recitals are given by the students in the department of expression, which is one of the outstanding departments of the Conservatory of Fine Arts. Miss Mary E. Latimer, who is a well known dramatic reader, is head of this department. Every girl begins in the fall term to work toward the highest honor in this department, the privilege of appearing in the Shakespearean play, which is one of the big features of the commencement week program.

ELINOR GLYN EXPLAINS "IT" IN CLARA BOW'S FIRST STARRING VEHICLE, "IT"

Are you free from all self-consciousness? Have you an irresist-

ible magnetic appeal? Are you a masterful lover?

Unless you're all of the above—and much more—you simply haven't "IT". "IT," that quality about which Elinor Glyn's newest theory revolves—has all America agog and is the

main topic of conversation wherever people gather,—has finally been explained by Madame Glyn.

For months, "He or she has IT" has been a conversational phrase when referring to one who is attractive. So much interest has been aroused on the

subject that Paramount has produced a picture called "IT", starring Clara Bow and written by Madame Glyn herself, which arrive at the Palace Theatre, Slaton, on Monday, to be shown Monday matinee and night and Tuesday night.

With Cash in Hand

The man with money in hand, is the man in position to meet opportunity half way—and usually he is the man who puts things across—because he is ready.

A list of the names of this bank's patrons, is a list of the names of some of the most successful people in the Slaton section. That is evidence enough that ready money is essential to achieve.

WE INVITE YOUR PATRONAGE.

Other Play Days are Coming

SUMMER TIME—Play Time for the average person—day by day is graduating into fall, when we are to settle down to work until the play season comes again. How distinctly sensible it would be to set aside that portion of our earnings that can be comfortably spared systematically and regularly. Then, when those play days come again we will have a supply of money to make whatever we want to do easy.

If this suggestion sounds good to you, open a savings account with us.

WILL TAKE your old on New Furniture.—Home Furniture Co.

FIRE PREVENTION WEEK IS
OCTOBER 9 TO 15
 (Continued from First Page)
 premium money it collects, distributes it to those who lose by fire. Last year the per capita fire tax imposed by America's huge fire waste, was \$5, and when we add to this the indirect loss, such as interruption of business, overhead cost of insurance and upkeep expenses on fire protection facilities, the individual burden becomes at least twice the above figure. But, far more important than these financial matters is the fact that fire kills many people every year.
 Statisticians tell us that 10,909 persons were burned to death and 20,000 were injured by fire last year in the United States and Canada, 89 per cent being of the dependent class—mothers, children, the sick in hospitals and unfortunates in state institutions.
 Have we any right to tolerate conditions that promote such wholesale death and suffering? Can we morally refuse to devote our energies to spreading the message of fire prevention week?
 Insurance money may rebuild the house, but how about the family? The home? The family Treasurer? The job? The fire loss in 1926 is estimated at \$560,548,624. This is an average of \$1,535,750 per day, or \$1,066 for every minute of the year. And note the alarming increase in the last decade:
 1916 \$258,377,952.
 1926 \$560,548,624.
 1936 \$? ? ?
 At the same rate of increase, what will be the loss ten years hence? To all of this, Texas contributes a full share of the dead and injured, and her portion of the property loss in 1926 was at least \$20,000,000.
 There is a remedy for all this waste—every fire is itself local and must be attacked locally. We have three lines of attack against fire. First,
NEW ALL-COTTON Linter Mattress, \$6.00.—Home Furniture Co.
TYPEWRITERS—For rent or sale.—G. W. Bownds. 50-1fc

LIBRARY Tables, Davenport Tables, nice selection. Come in, see them.—Home Furniture Co.

preventing it from starting. Second, preventing it from spreading. Third, putting it out. We have control over the physical factors which cause and spread fire.
 During fire prevention week, we should take steps to clean up hazards in our community; to develop careful habits; to enact ordinances to provide for better building construction (the fire of Aug. 2 proved that), and for improvements in the fire department.
 You can do most by lending assistance to the local efforts of your city. There is in Slaton a fire prevention committee, including in its membership the mayor, the fire chief and the fire marshal, and the entire fire department.
 They ask the assistance of the Parent-Teachers' Associations, fire insurance agents, the press, women's clubs, the Chamber of Commerce, school officials and teachers, the ministerial association, Boy Scouts, Merchants' Association, business men's luncheon clubs, and all others having an interest in the advancement of the city.
 Keep in touch with this local committee. There is work for everyone. Citizens, support your fire department—assist them in securing the proper equipment to combat the most disastrous of all things—FIRE.
 —Fire Chief.
 A. Kessel and family are in Amarillo today, visiting with friends, and attending services, commemorating the Jewish Atoning. Kessel's department store is closed today, but will re-open for business Friday morning, Mr. Kessel stated.

That Muttony Chop

MAN is undoubtedly a carnivorous animal. Ask any housewife who has offered her lord and master, or the son and heir, a pick-up supper, or a dainty little luncheon consisting of a soufflé or some other airy trifle. She was probably the recipient of many black looks and loud protests.
 By the same token, to the masculine mind a sandwich is not a sandwich unless it contains something as heavy as ham, tongue, or at least chicken. Offer a man one of the feminine favorites, such as lettuce, egg or olives chopped with mayonnaise, and he will look upon them as mere piffle and eat a dozen at a sitting without feeling that he has really tasted food.
 Can you not imagine how much more ingrained this taste for meat would be in the confirmed bachelor who has never felt the deterring feminine influence where food is concerned? There are no meatless days on the calendar in bachelordom, nor in clubs where it assembles. It is of one mind on that point.
 Even when life with its domestic bliss and the felicities of the home has passed him by, when the joys of single blessedness have begun to pall a bit and the erstwhile rapture of "wine, women and song" seems a little stale and unprofitable, the aged clubman can still find in his mutton chop, the common or garden variety, but the thick, juicy, delicious English sort, the kind, served with hashed bro potatoes and red-hot biscuit.
 But here is a suggestion which should make even the most blasé of aged clubmen sit up and take notice, a toothsome way of preparing that same chop, and making it a real Epicurean morsel—a dish fit for a king. Even the name of this delicacy has an intriguing sound:
"Hawaiian Pineapple Stuffed Mutton Chops." They are prepared after this fashion. Clean chops, cut one and one-half inches thick, and make slit in meat, cutting to the bone. Melt butter, add chopped onion, minced parsley and cook five minutes. Add flour, salt and well-drained crushed pineapple. Cook five minutes longer. Press this mixture into slits made in chops and hold together with tooth picks. Lay chops in shallow pan, bake in hot oven (450 deg. F.) twenty-five to thirty minutes. When partly done sprinkle with salt and pepper. If chops do not brown sufficiently in oven, place under broiling flame for a few minutes. Garnish with parsley.
