

Summer Term for Slaton Schools is Begun Here Mon.

With an enrollment of about 30 students, the summer term of Slaton public schools began last Monday morning.

Pupils in the various classes will have an opportunity to improve their standings for the next regular session, it has been pointed out by school officials.

Teachers who are engaged in working with the summer classes are Misses Eda and Bessie Watson, and Mrs. R. M. Nash. Miss Bessie Watson is a sister of Miss Eda, the latter having taught in Slaton high school for the past three years. Miss Bessie lives at Barry, Texas.

McClung Expects Large Crowd for Friday Nite Meet

"A big crowd of McClung people will be on hand to greet you Slaton folks next Friday night at McClung school building," said Joe W. Alspaugh, prominent McClung farmer, who was in Slaton early this week. Then Mr. Alspaugh added, "We want a big crowd to be with us from Slaton, and we are expecting them to come."

These are statements made by Mr. Alspaugh to local Chamber of Commerce officers. He said there is much interest at McClung in the approaching visit of Slaton people there on the good-will trip that has been planned for several weeks. The trip was rained out two weeks ago.

Slaton people are asked to meet at the city hall lawn promptly at 7:45 o'clock Friday evening to start to McClung. Business men and their families are strongly urged to make their plans to be in the delegation, giving Slaton a good-sized representation at McClung Friday night. A short program will be given, and ice cream will be served at the close of the program (and there may be cake, also).

BULLETIN GIVES CROP CONDITIONS IN TEXAS

All growing crops in Texas, while suffering from high winds in some sections, dry weather in others and excessive rains in still others, now are doing well. Reports from most sections indicate that the agricultural outlook is very favorable. Some damage was done to the cotton crop by high winds, floods, and other adverse weather, which necessitated replanting in many localities. There is yet time to recover from these obstacles, provided growing conditions are satisfactory from now on.

General rains this month in the western areas practically assure a bumper wheat crop, and also put a good season in ground for cotton and feed crops. Ranges are in fine condition.

The oats crop is making a favorable showing in the southern, central and eastern counties. Harvesting has commenced. The onion crop in the vicinity of Farmersville is in good condition, and judging from present indications, the movement will be approximately 225 cars.

Recent rains have been beneficial to the melon crop, and a good yield is promised. Corn is progressing satisfactorily after a late start. Feed crops are coming along rapidly, except in isolated sections where high winds have exhausted soil moisture.

An increased acreage of grain sorghums is showing rapid growth. Potato digging in the Eagle Lake section is well under way, and yields are holding up to previous estimates.

Dairy development in Texas is making fine progress. A marked improvement has occurred in the conditions of ranges and livestock, due to copious rains and warm weather. Coincident with the improvement in range conditions, livestock is putting on considerable flesh.

W. M. U. MEETING.

The Women's Missionary Union will meet with Mrs. W. E. Payne, next Monday afternoon at three o'clock, at her home, 1000 West Garza St. All members are invited to come.

Slaton to Reach 18th Birthday on Saturday, June 15

The eighteenth anniversary of the founding of Slaton will be reached on Saturday, June 15, next week. It was on June 15, 1911, eighteen years ago, that Slaton was established officially by the Santa Fe Railway Company.

Nine years later, in 1920, Slaton had a population of 1,529, according to the U. S. census. The present population is estimated at around 6,000, based upon available data, such as scholastic population, light, water and gas meters, and other definitely known figures.

Further reference to Slaton's remarkable growth and history will be found in this newspaper next week.

Dr. Overton Will Erect Office Building; Napps has Job

A contract has been let to M. O. Napps, of Slaton, to erect an office building here for Dr. M. C. Overton, of Lubbock. The building, which is to be of brick, occupying a 22x40 foot space, will be located on the south side of the square, Contractor Napps said.

Work on the structure will likely begin early next week, the contractor said, as it is to be completed within thirty days from the date of the contract.

The Plains Progress, New Lubbock Paper

The first edition of The Plains Progress, volume one, number one, a weekly newspaper published at Lubbock, came off the press last Friday, May 31.

James L. Dow, veteran newspaper man of Lubbock, is owner and editor of this new publication. His son, J. Rankin Dow, is associate editor.

WOOLEVER IS GRANDAD.

Tuesday night, June 4, there was born to Mr. and Mrs. Virgil Woolever, a son. He has been named E. V. Woolever, and Bud Woolever, the grandfather, says the name was selected for him. Virgil, father of the youngster, who is firing for the Rock Island lines out of Dalhart, arrived here soon after his son was born. The baby and his mother are doing fine, last reports indicated.

HOFFMAN RETURNS.

Howard Hoffman, sophomore in the University of Texas, arrived here Wednesday morning, after a visit with college chums, enroute. Friends of Howard here, and lovers of music, will be glad to know that he brought his violin with him. During vacation time, he will be associated with his brother, C. C., in the real estate business.

WITH TEXAS GROCERY.

Harry McDonald, experienced groverman here, son of Mr. and Mrs. J. S. McDonald, has accepted a position with the Texas Grocery on Texas Avenue. H. G. Sanders, owner of the business, states that in his absence, Harry will be in charge. Sanders is suffering with rheumatism, and for the past few weeks has been able to be at the store very little at a time.

CYPERT STOCK SELLS.

Stock and fixtures of the Cypert Dry Goods Co., here were sold Thursday, to the highest bidder. They brought \$3,525.00, it was said, and outstanding accounts, appearing on the books of the company, brought \$104.00. It was understood that the Perkins Dry Goods Co., of Dallas, wholesalers, had the store bid in Thursday, no announcement had been made as to plans for disposal of the merchandise.

William Sewell, of the First State Bank, left Thursday on a two-weeks vacation. He expects to spend the most of the time at Waco and San Antonio. He is being accompanied as far as Dallas by Wade Robertson, who is going to that city for medical examination.

Closing Programs Given Last Week At Union School

The 1928-29 term of school at Union, eight miles from Slaton, slightly south of west from here, was ended last week by programs given on Wednesday, Thursday and Friday nights, reports here stated.

Miss Mae Murfee, county superintendent, spoke at one of the programs, while plays and other features made up the remainder of the closing exercises. A graduating class of about ten members received diplomas, having finished the work given at Union.

Mr. and Mrs. B. A. Myers, two of the three teachers at Union, have been with the school for several years. They will stay next year, it is reported. Mr. Myers is principal of the school.

New Hope School To Close Present Term Friday Nite

According to J. N. Townsend, principal of the New Hope public school, located about nine miles west of Slaton, the present term of that school will close Friday, with fitting programs on Friday night.

In spite of the term's continuance to this late date, the attendance has held up well. Mr. Townsend told Slaton people when they visited New Hope last Friday night on the good-will trip. He said a successful year has been experienced in every way.

Mr. and Mrs. Townsend will remain at New Hope next year. They have been in the school there for the past several years.

Masonic Lodge Will Elect Officers Soon

Slaton Lodge No. 1094, A. F. & A. M., at a regular meeting Thursday night, June 13, will elect officers for the ensuing Masonic year, according to Thos. R. Cobb, W. M.

It is urged that all members of the Slaton Lodge attend this meeting if possible, as it is considered one of the most important of the year. Visiting Masons are always welcomed.

BURKS FURNITURE WILL OPEN SOON, SAYS MANAGER

Burks Furniture & Undertaking Co., located on Texas Avenue, will open for business within the next few days, according to R. P. Burks, the manager. One more carload of furniture will furnish the firm with a satisfactory opening stock. Mr. Burks stated Thursday, and he said that upon the arrival of this car he will have printed and distributed circulars, announcing the opening date.

On the day of the formal opening of his store, premiums of new furniture will be given, Mr. Burks stated.

Hundred Jersey Cows are Placed in Slaton Section by Local Financiers

With the co-operation of J. S. Edwards, A. E. Whitehead and associates have placed more than one hundred head of purebred Jersey cows in the Slaton section during the past two weeks, he stated to a Slatonite representative Tuesday evening.

Mr. Whitehead has been shipping these milk cows into Slaton in carload lots, and selling them to nearby farmers, he said. He and his associates have been instrumental in financing farmers, in purchasing these cows, in an amount approximating \$10,000, and Whitehead added that he expects to place at least 200 more here during the spring and summer months.

This, it is pointed out, is a step of progress on the part of Slaton business men, and, it is evident, farmers are doing the wise thing by adding good milk cows to their farms. This will give them a year-round income that otherwise they would not have.

Included in one of these shipments was one of the finest Jersey bulls ever shipped to the Slaton country, Mr. Whitehead stated, and it is now on the Paul Wilson farm near Slaton.

Twenty-three Different Varieties Fruit at Murray's

On Wednesday morning, Captain Paul P. Murray, who lives at Eleventh and Murray Streets, and owns a ten-acre tract of land in that locality, brought some very beautiful and tasty cherries to The Slatonite office. They were of the Queen Ann variety, an English bred fruit, Captain Murray said.

In addition to fourteen trees of these cherries, each of which is loaded with fruit, Mr. Murray states he has twenty-two more varieties of fruit on his little farm. He said later, however, that they all belong to Mrs. Murray, and he is only errand boy there.

All of the fruit trees at the Murray home are bearing splendidly this year, he said, blackberries doing exceptionally well.

Y. W. A. Girls are Guests of Baptist Pastor and Wife

The members of the Young Women's Auxiliary of the First Baptist church here were guests of Rev. and Mrs. B. G. Holloway last Monday evening at a picnic supper given by the Baptist minister and his wife at the Robertson ranch, east of the city.

Thirty people were in the party, including several adults besides the young women members of the Y. W. A. Among those attending were: Mmes. J. P. Boyd, Dan W. Liles, Fred Stephens; Mr. and Mrs. L. A. Wilson, Messrs. C. E. Hicks and Ben Holloway, Jr.; Wayne Liles, Rev. H. F. Aulick, of Abernathy; and Misses Lois and Evelyn Stallings, Edith Marrs, Cora and Nora Sealy, Ruby Catching, Mildred Boyd, Eda and Bessie Watson, Lucile and Irene Edmondson, Lucile Hastings, Rachel Darwin, Bonnie Thomas, Elizabeth Uzzell and Oleta Russel; Rev. and Mrs. Holloway, the host and hostess, and a few others.

A chicken supper was served, cooked over the open campfire, together with numerous other delicacies. Members of the party returned to their homes late in the evening, reporting a most pleasurable outing.

Plums Bear Thick At Price Farm Home

One hundred and nine healthy looking plums were on one limb, sixteen inches in length, which was brought to The Slatonite office this week by Wayne Price, a carpenter, who lives out near the city wells.

Even twin plums were in the group. This was caused, doubtless, by the unusual thickness of the fruit.

The Slaton section will this year produce much fruit, judging from present indications.

Mr. and Mrs. H. H. Frye are spending the week near Christoval, fishing.

Third Road Bond Election Sought

The Lubbock county commissioners court will be petitioned for a third road bond election for Lubbock county next Monday, provided a decision is returned from the state highway department on the petition for election, Charles F. O'Neill, chairman of the movement for the election, said Tuesday.

The state highway department is being asked to render a decision on the specifications, cost and other details pertaining to the election.

Should the decision be returned to Lubbock before Monday, the commissioners will be asked to act on the petition and set the date for the election.

Recently the commissioners acted on a petition calling for a second road district in the county which left district one in the Slaton area out of the third road bond campaign.

Shopmen Invite Business Men to Monthly Council

The monthly council meeting of the Santa Fe Shopmen here will be held next Wednesday night at the Slaton Club House, according to J. A. McGinnis, and the business men of Slaton are invited to attend the meeting.

At the last meeting, Mr. McGinnis and L. A. Wilson, secretary of the Slaton Chamber of Commerce, were appointed to arrange the program for the June meeting. The shopmen asked that the members of the Chamber of Commerce be given a cordial invitation to attend the meeting. Some kind of refreshments will be served, and an interesting program is planned. An invitation has been extended to Hon. Clark M. Mullican, district judge, to be present and deliver an address.

Anton's Condition Is Favorable, Local Rail Officials Say

J. A. Gillies, division superintendent for the Slaton division of the Santa Fe; D. L. Badgley, trainmaster, and Uncle George Marriott, manager of the local Santa Fe Reading Room, visited J. F. Anton at the company's hospital at Clovis Wednesday, and upon returning here Thursday at noon, reported Mr. Anton's condition as favorable. They stated that attending surgeons held high hopes for his recovery.

Mr. Anton suffered injuries Monday evening near Ft. Sumner, N. M., when a large roadster he was driving, overturned. The principal injury suffered was a fractured skull, his visitors said.

Anton formerly lived in Slaton, and for seven years was superintendent for the Santa Fe here, and he has many friends in this city who are glad to know that his condition is favorable. At present he is superintendent for the company's New Mexico division, with headquarters at Las Vegas.

When the accident happened, C. F. Brady, his secretary, was with him. Brady, also, is in the Clovis hospital. He was secretary to Mr. Anton while he was superintendent here.

Miss Guffin Honoree At Farewell Party

The Hi Plane Sunday school class of the First Christian church entertained with a farewell party for Miss Frances Guffin, on Tuesday evening at the home of Mrs. W. B. Knox. Miss Modean Wiseman and Thurmon Knox acted as host and hostess for the evening.

Many interesting games were enjoyed, after which refreshments of punch, ice cream and cake were served.

After the refreshments, another game was played in which Miss Guffin had to find the present which each individual of the class presented to her, and also a gift from the entire class, as a token of love and appreciation to her.

DONNA MAUD SANNER, 4, IS PARTY HOSTESS

Little Miss Donna Maud Sanner was hostess to a party of small friends at the home of her mother last Friday afternoon, it being her fourth birthday. She was the happy recipient of many pretty gifts.

Cookies and ice cream were served to the following: Bobby Earl Nowlin and Joyce Nowlin, of Floydada; Mary Ruth Varble, Mildred Jones, Constance Henry, Dorothy Alexander, Billie Lovelady, Scott Lovelady, Homer Francis McDonald, James Hoover McDonald and Billie Roy Sanner.

NEW MACHINERY AT BALL'S.

O. Z. Ball & Company, local tailors and gents furnishers, have installed this week a new and modern pressing machine of the Pan-Tex make. This is the first pressing machine of this type to be installed in Slaton, Mr. Ball stated. He added that it is a noticeable addition to his establishment.

Heavy Rain Falls; Hail Does Damage To Crops Near Here

Heavy rain, accompanied by hail, in some sections, and lightning and thunder, visited the Slaton section Wednesday night. Approximately one and a half inches of rain fell in Slaton, according to local observers.

Large hailstones, in varying proportions, fell in sections north and northwest of Slaton, according to reports reaching here early Thursday. Crops of some farmers were completely "wiped out," it was said, and roofs of houses were damaged and window panes broken.

Among farmers who were in Slaton Thursday buying glass to replace that broken by hail, were J. L. Tunnell and J. C. Branden. Many were in town endeavoring to secure cotton seed with which to replant.

The principal portion suffering from hail damage was said to extend from the J. L. Benton home, south of Posey, to beyond the canyon.

Lynn County Wants Paved Roads; Will Vote on Bond Issue

A petition is being circulated and has been numerous signed already asking the commissioner's court to call an election to determine whether or not bonds in the sum of \$1,000,000.00 shall be issued with which to hard-surface the highways and improve the lateral roads of Lynn County.

The petition proposes that \$700,000.00 of this bond issue, if adopted, shall be used on the highways passing through the county and \$300,000.00 on the lateral roads passing through and radiating out from Wilson, New Home, Grassland, Draw, Newmoore, and other communities in Lynn County, making a complete lateral road system throughout the county.

The petition also provides that the issue of \$700,000.00 with which to pave the highways shall be null in case the state highway department should change the routing of the highways through Tahoka and O'Donnell.

This petition will be presented to the commissioner's court which will be asked to pass on the same at its next regular meeting and to call an election for the county at an early date.—Lynn County News.

Baptist Women Held Business Meet Monday

The women of the First Baptist church held their regular business meeting at the church last Monday. The president, Mrs. H. C. Burrus, presided. Twenty-two women were present. Very fine reports were given from the four circles.

During the session, a demonstration was given of the work that the Girls' Auxiliary is doing under the leadership of Mrs. O. M. Ramsey. Every girl that is missing this training is losing a blessing in her life.

The missionary program was read by the chairman, Miss Thomas, to be rendered, Monday, June 10, at the home of Mrs. Dr. Payne, 1,000 W. Garza St.

After the other business was attended to, the benediction was given.—Reporter.

COURT OF HONOR TO BE HELD.

A Boy Scout Court of Honor will be conducted at the Slaton Club House tonight (Friday), according to Scout officials, who state that R. A. Baldwin, local attorney, will officiate at the meeting. All local Boy Scouts are urged to attend this meeting, and business men, or others, who are interested in Boy Scout work, are invited.

HEAVY RAINFALL.

Alvin O. White reports heavy rainfall Tuesday, vicinity, estimated at Mr. White's farm west of Slaton.

DID YOU EVER STOP TO THINK?

By Edson R. Waite,
Shawnee, Oklahoma

Saunders Norvell, President of the Remington Arms Company, Inc., says:

THAT after forty years in business, and studying the things that happened in business, I am absolutely convinced that the only policy upon which a business should be conducted is that of absolute honesty, integrity and fairness. I do not mean this from a religious point of view, or even a moral point of view. I mean that experience teaches any observer that it is the best policy.

The basis of all business, of course, is confidence. We only do business with people in whom we have confidence. We only increase our business with people in whom we have confidence. When that confidence is once

broken, then all satisfactory business contact comes to an end. This is true not only between a house and its customers, but it is true between the heads of a house and its employees. It is true between employees in conducting the business. Suppose the head of a house does something that is unfair. Suppose he is crooked, even in a small matter. Naturally, the employees nearest to him know what has been done. Naturally, they lose confidence, and this loss of confidence spreads in an organization like a prairie fire.

Then there is another side to unfairness in business that should be considered. When things go wrong and result in quarrels, fights, lawsuits, claims and all that sort of thing, it takes up a world of time of the head men as well as the employees of the business, as there is only just so much time for all of us. The time taken away from an executive with these claims of all kinds is time taken away from constructive work. It is not only expensive in itself, but it destroys profits that might be made if the executive could devote his time to building up the business.

I have observed that in almost every case where a business has a great many lawsuits and fights that there is something wrong with the management of that business. They are trying to be too shrewd. They are trying to take unfair advantage of somebody. Of course, I know this is not always the case. Sometimes un-

fair people try to take advantage of the business and they must defend themselves, but I am dealing in generalities. Always look out for a man or a business that is mixed up with lawsuits. There is something wrong somewhere. All this twisting and turning causes a lot of loss. The best law firms in the country are those that keep their clients out of court. Even when a client must submit to some imposition, frequently good lawyers recommend that they settle the claim.

While I do not pretend to be orthodox, I have always said that the best book for a commercial house was the Bible. The best business lessons are to be derived from that Book. The Bible is based on human nature in the raw, and business is also based on human nature. Therefore, there is a very close connection between the Bible and business.

25,800 DEATHS DUE TO AUTO ACCIDENTS DURING 1928

Automobile accidents in the United States last year caused the loss of 25,800 lives, an increase of more than 400 percent in 17 years, according to W. H. Cameron, managed director of the American Safety Council. Electric railway fatalities have steadily decreased, showing only one death out of each 155,000,000 passengers in 1928.

BASEBALL CELEBRATION.

Well, all I know is what I read in the papers and I see where I am appointed to umpire a ball game between the fats and slims. Now, that office just suits me and I propose to fill it with importance. My first decree is hereby proclaimed as follows, to-wit:

That said game shall be played on June the 15th, at 2:30 o'clock, the same to commemorate Slaton's 18th anniversary. And it is further decreed that all businesses of the town shall close at that time for a space of two hours in honor of the occasion, notwithstanding it will be a busy Saturday. And it is further decreed that any of the players assigned on those teams in last week's paper who does not perform in person shall furnish a substitute fatter than himself, if he is a fat, or slimmer than himself, if he is a slim; or shall pay a fine of \$1.00 towards the equipment.

It is further decreed that after the above game is played two more shall be played between the Old Timers and the Tenderfoots, as follows: One by Old-Timer-has-beens championed by E. P. Nix, and the Tenderfoot-has-beens, championed by A. C. Hanna.

Another game by the up-to-now-Old-Timers championed by J. E. (Dutch) Eckert and the up-to-now-Tender-

foots championed by Chick Garland. The term "Tenderfoot" shall be applied to all who have not resided here

over ten years. Now boys, get busy and get your teams lined up and the names published in the next paper and above all, do not leave me out of the Old Timer-has-been team.

WILL P. FLORENCE.

Badly Run-Down

"Six years ago, I was very much run-down," says Mrs. Olympia Kight, of Lovett, Ga. "I did not sleep well, and was weak and restless. I dragged around the house with not enough strength to do my daily tasks. I worried a lot, and this disturbed state of mind reacted on my health. I had often read of Cardui, so I thought I would try it. I soon began to improve after I had taken Cardui for a while. It was astonishing how much I picked up. I slept better, my appetite improved, and that awful dragging-down feeling left me. I was so much better that I continued taking Cardui until I felt perfectly well." Cardui has been used by women for over 50 years. For sale by all druggists.

Cow Testing Points Way to More Profits

The average cow of the 360,000 in the United States cow-testing associations is a "star-boarder," and not just a "boarder cow," according to the chief of the Bureau of Dairy Industry, United States Department of Agriculture. She produces an average of 7,500 pounds of milk per year as compared with 4,500 pounds of other cows, and returns an income over the cost of her feed of approximately twice that of the average cow of the country. In outlining a program for

For Your Health's Sake, Get Your Dairy Products from Florence Dairy PHONE 86

increased production of milk at reduced costs he stated it would solve the national problem of providing an adequate milk supply.

Although the annual consumption of milk per person grew from 43 gallons in 1920 to 55.3 gallons in 1926, American still are almost 50 per cent below the minimum consumption declared desirable by those who know, according to the chief. Thus, a need is shown for more high producing dairy cows.

High producing cows are economical in use of feed. A tabulation of more than 100,000 individual cow records shows that cows producing 9,000 pounds of milk per year ate approximately 40 per cent more feed in dollars worth of feed per cow to produce twice as much milk and butter fat.

Successful dairymen everywhere resort to correctly compounded feeding mixtures to obtain the high milk yield. For cows on pasture a much-used ration is ground oats and barley or hominy, 200 pounds each, and wheat bran and linseed meal, 100 pounds each. One pound fed for each 4 or 5 pounds of milk. Another popular ration is ground oats, 400 pounds, barley or hominy, 300 pounds and wheat bran and linseed meal, 200 pounds each, fed in the same way.

WHIPPET 6 DE LUXE ROADSTER THRILLS YOUNGER SET.

Although the new Whippet Six de luxe roadster has enjoyed a wide acceptance since its introduction a few months ago, Willys-Overland dealers throughout the country report that with the coming of the warmer days of Spring the demand for this striking model has been of such a volume that would indicate one of the most popular types ever built by the Toledo manufacturer.

Its general body design with graceful sweeping lines from the radiator to the rear is different from any previous Whippet Roadster model, and it is equally as smart with the collapsible top up or down. It requires but a moment to convert this model from a closed type to an open one, the latter style seeming to be the most popular with the younger set who have shown a noticeable preference for this model.

The bright color scheme of the body rounds out the smartness of the model while the interior upholstery of brown leather gives an added touch of luxury.

The rear deck contains a rumble seat with a high padded back and providing more leg room than is usually found in a car of this type. This assures utmost riding comfort for the passengers in the rear compartment.

When the rear section is not used for passengers it has plenty of space to carry large sized pieces of luggage.

The speed, power and smoothness of the Whippet Six roadster, with an engine equipped with a seven-bearing crankshaft, also has been an important factor in the widespread demand for this model, its performance being superior to former Whippet Six models.

Factory officials declare that the volume of orders placed with the factory for immediate delivery of this model are far beyond the production schedule, necessitating an increased daily output to meet the demand. This volume indicates that the Whippet Six de luxe roadster will prove the most sought for low priced six roadster ever produced in the company's history.

DAIRY FARMERS GET COUNTY AGENTS' HELP

LUBBOCK.—The West Texas By Mail Cow Testing Association, located at the Texas Technological College and directed by K. M. Renner, head of the dairy products and manufacture department of the college is thoroughly equipped with modern and standard equipment and is now in operation.

Several days ago, supplies, instructions and other material were mailed out to twelve members that have approximately 100 cows. The first shipment of samples of milk to be tested was received Wednesday, May 29, from J. T. Cockrell, of Moran, Texas, Shackelford County, 250 miles southeast of Lubbock.

The association makes available to all farmers and dairymen of West Texas official information on the production of their dairy cattle at a nominal charge. A flat charge of \$2.75 per herd and \$1.00 per cow is made for membership in the Association for a year. County Agents over West Texas will assist farmers and dairymen in keeping their feed records.

Sterling C. Evans, district agent of the Extension Service of the Texas A. & M. College was instrumental in organizing the association and under his direction county agents over West Texas will promote and cooperate with the association in an effort to obtain the best possible results to the

dairy farmers of West Texas.

The Lubbock Chamber of Commerce has cooperated with the organization by buying equipment for the testing laboratories.

SOUTH PLAINS FAIR PLANS ARE PROGRESSING

LUBBOCK.—Free attractions, fire works and other amusements at the Panhandle South Plains Fair at Lubbock, this fall, September 30 to October 5, inclusive, will be more interesting and more expensive than ever before, officials of the fair have announced.

Contracts for six feature free acts and for fireworks each night have been signed. The fireworks program will cost the fair association \$75 more each night than any previous year.

Each of the six free act troupes have played with the leading vaudeville and circus organizations in the nation and have an outstanding record for entertaining crowds.

Prince Nelson, ace of dare-devils, the highest paid actor in circus or vaudeville work in the world, comes to do stunts of all kinds on a wire, 75 feet high without a net below. He has crossed over Niagara Falls on a wire 9 times.

The Chicotts Novelty, a double act will have special appeal to the "kiddies" that see the fair. The Francis Trio, comedy act, is the head comedy act at the Oklahoma State Fair this fall and at other big fairs. The Hadano & Co., troupe will do high diving and the Three Mazzolas, an imported French act will entertain with balancing, swinging, and other acts, carried out with style and beauty, that only ability can produce.

It will be an absolutely free show inside the front gate, A. B. Davis declares. A \$1.50 show for fifty cents.

Exhibits of all kinds will be gathered from over the South Plains and adjoining sections.

REUNITED AFTER HALF CENTURY

TAHOKA.—A brother and sister, separated for more than half a century, have been reunited here by the arrival of Theodore Harris, of Arizona, for a visit with his sister, Mrs. Florence King, of this city. The two have been separated slightly more than 51 years.

The two were separated in 1878 at Fort Dodge, Kansas, Mr. Harris going to Arizona. He is 75 years of age and his sister is 73.

Clairmont, county seat of Kent county wants a gin. It is 17 miles from the nearest cotton gin at this time, and offers a good location. Seven thousand acres are being planted to cotton now, with the acreage increasing each year.

ANNOUNCEMENT

Jack Martin, formerly with the Martin Motor Co., and also the Scudder Motor Co., wishes to announce to his many friends and old customers, in and around Slaton, that he became associated with the Green's Garage June 1st. Mr. Martin invites you to bring your troubles to him, and he promises to FIX anything but a broken heart.

Miss Bonnie Lee Thomas left Wednesday with her aunt, Mrs. J. W. Newberry, for Las Cruces, N. M., where she will spend a few weeks. Mrs. B. A. Hanna returned Monday from Ft. Worth, where she attended the funeral of a brother. Unfortunately, to make money we must spend money.

Topics of the Town and News of its People.

Miss Ardell Wicker has returned from Shallowater, where she visited friends for several days.

Miss Gertrude King spent Tuesday in Tahoka, assisting her father and brother in opening a Variety Store in that city.

Mis Leila Suit, of Temple, has arrived in Slaton to spend the summer with her brother, C. L. Suit, and family.

Mrs. Hugh McCelvey and daughter, of Electra, are visiting in the city with friends and relatives.

M. W. King and family spent Sunday in Levelland with relatives.

Mrs. Zeke Bates, wife of the Santa Fe special agent here, and their young son, are visiting with relatives in Missouri.

T. A. White, district manager for the S. W. Bell Telephone Co., and a plant man, of Lubbock, were in Slaton Tuesday, attending to company business.

John Simmons, Jr., son of Mr. and Mrs. J. W. Simmons, is visiting with an uncle in Clovis, N. M.

C. M. Simmons, local Santa Fe conductor, returned Tuesday from the company's hospital at Clovis, where he recently underwent an operation.

C. E. Hicks, manager of Panhandle Lumber Co., made a business trip to Dallas, Monday.

H. G. Whitehead and family have returned to their home at Brownwood after visiting here with his brother, Fred Whitehead, and family.

Miss Rose Wood, of Tahoka, is visiting in the home of Mr. and Mrs. Earl Wilson.

C. E. Hicks returned Thursday morning from a business trip to Dallas and other points east.

Mr. and Mrs. T. D. Johnson and children have returned from a two-weeks to Dallas. They report lots of rain in that part of the state.

Mrs. W. R. Ivy and son, Dennis C., were in Slaton Wednesday visiting friends for a few hours.

Oscar Kost, recently of Wellington, Kans., has opened an up-to-date shoe shop in the Commercial Hotel building here. He is making his home with his parents, Mr. and Mrs. M. A. Grant.

Mrs. P. T. Gentry is visiting with relatives and friends in Lockney and Floydada.

Mrs. J. A. Elliott and little daughter visited this week with her sister at Lamesa.

Mrs. I. C. Tucker and children, accompanied by her brother, Wallace Price, returned Tuesday from visits in Seymour, Wichita Falls and Electra.

H. G. Orr attended court at Lubbock Thursday.

Little Very Holden, daughter of Mr. and Mrs. F. V. Holden, is reported to be gradually improving in health. She has been in a Lubbock sanitarium for treatment for some time.

Mr. and Mrs. M. O. Napps spent Wednesday afternoon in Tahoka, transacting business.

Mrs. W. W. Walker and children, of Clovis, N. M., are visiting in the J. R. McAtee home here. They are former Slaton residents, Mr. Walker having been master mechanic for the Slaton division of the Santa Fe.

Sumpter Reed, of Abilene, is visiting here with his grandmother, Mrs. O. B. Reed, and his aunt, Mrs. J. N. Landreth, and family.

S. A. Abbott is reported to be still on the sick list, and possibly will not be up for a week or ten days.

Mr. and Mrs. J. W. Newberry and daughter, Virginia, of Las Cruces, N. M., visited the first of the week with the Milton Thomas family. Mrs. Newberry is a sister of Mrs. Thomas.

Roger Cambron, teacher of English in the Sulphur Springs high school, and one of his recent pupils, Audrey Moore, stopped over in Slaton for a while Wednesday and visited with their friends, R. L. Tate and family. They were enroute to California for an outing.

ANNOUNCEMENT

I have opened an up-to-date shoe shop in the Commercial Hotel building, and will be glad to have a share of your patronage. Prompt, efficient work is guaranteed.

THE MODEL SHOE SHOP

OSCAR KOST, Manager

NOTICE!

I am no longer connected with the Home Furniture Company, and have opened a new place on Texas Avenue, Number 160. Will be glad to meet any of my friends in my new furniture store.

Watch for circular announcing our formal opening date. You may be lucky.

R. P. BURKS, Manager

BURKS FURNITURE & UNDER-TAKING COMPANY

ATTEND 4-H MEET.

Misses Geraldine Wicker, Jewel Wilson, Nellie Johnson and Ruth Leavelle, of the Posey community, attended the 4-H club encampment Tuesday and Wednesday at the Tech gym in Lubbock.

Two of the girls gave a dyeing demonstration and won second place. Another one of the girls entered in the appropriate dress contest, but did not place. Miss Ardell Wicker acted as chaperone for the girls and was also yell leader for the encampment.

PACE-SIMMONS.

Milton Pace, prominent young business man of Lubbock, and Miss Eula Rae Simmons, daughter of Mr. and Mrs. J. M. Simmons, of Slaton, were married Saturday, June 1, at Stamford, the Reverend Hamilton, Baptist minister of that place, performing the ceremony, in the presence of only a few friends of the couple.

Mr. and Mrs. Pace are now visiting with his relatives at Gainsville, and after that visit they expect to go to California for a brief honeymoon trip. Then they will be at home at Lubbock.

Miss Simmons has been very popular among Slaton young people for the past several years, having been a student in the Slaton high school. During the past school year, however, she has been teaching in the Tulia public schools.

MISS McHUGH RETURNS; WILL GO TO DENVER

Miss Marian McHugh, daughter of Mr. and Mrs. J. A. McHugh, returned to her home here Wednesday morning, after attending school at the College of Industrial Arts, Denton, during the past term. Miss McHugh expects to leave Slaton June 31, for Denver, Colo., where she will be supervisor in a Girl Scout Camp. The encampment will last until August 6, Miss McHugh stated.

Pharr.—Mrs. Roy Dreiblebis, local home demonstration club member, has cleared \$67.16 from the sale of leather products of her own making by methods learned from Mrs. Etta W. Ringgold, home agent for Hidalgo county. Among her creations are purses, bill folds, laced bags and key-tainers. Her total outlay for tools and leather materials was \$19.84 and her sales thus far are \$87.

Fancy writing is usually a disguise for inferior ideas.

As a Santa Fe Man Saw the Johnston Park Near Slaton

B. E. Clark, chief engineer for the local division of the Santa Fe, has visited the Johnston Ranch recreational park near Slaton several times, and, upon request from The Slatonite that he give to the public his honest opinion of the playgrounds there, he sends in the following:

The Johnston Ranch Recreational Park has become a reality. From time to time, during the past six or seven years, it has been rumored that Slaton and vicinity were to have an amusement and recreational park, but each time, until recently, the rumors proved groundless.

However, with the announcement that the 6,000-acre ranch, embracing the most beautiful part of the canyon, and owned by "Bud" Johnston, our genial ex-sheriff, Jim Johnston, and their mother, is to be turned into a recreational park, Slaton's dream of a place where fishing, swimming, tennis, baseball and picnic outings could be held, has become a reality.

The Johnston ranch is ideally situated in the heart of the canyon, just five miles from Slaton, covering, as it does, over 6,000 acres of fertile land, bounded on both sides by the towering canyon walls—watered by numerous springs—it presents an opportunity for one of the best amusement parks in this part of the State.

Workmen are now busy, building a large dam, which, when completed, will make a wonderful, natural swimming pool. A drive has been completed through the canyon which will embrace several miles of pretty scenery and will enable picnic party seekers, and others, to select hundreds of cozy camping spots.

At the old Igo ranch headquarters, the large grove of cottonwood trees, and plenty of tables, will offer a fine place for occasional evening suppers. As soon as possible, it is understood, a tennis court and baseball diamond will be laid out, and, possibly in time, a golf course will be available.

This community is fortunate, indeed, in having at its doors a place where all the sports so dear to the American heart can be enjoyed. Truly, the best remedies known for human ills are good, clean sports and out-door recreation.

Plans are under way, also, to build another dam, which will provide a large lake, to be stocked with fish.

Slaton citizens should certainly cooperate in helping develop a place like this. It is a move very important to our growth.

Mr. and Mrs. C. L. Sone left Thursday for Amarillo, where they will visit their son and daughter. They were accompanied by Misses Hazel Mansker, Inez Tunnell and Nadine Smith, who are visiting there with Miss Virginia McKirahan.

A light car, being driven by Mrs. Mollie Hill, of Slaton, and one being driven by a Mr. Craft, of Southland, collided on the highway near that city last week, both cars being badly damaged. Those in the car with Mrs. Hill at the time of the accident, were Mrs. W. H. Proctor, Mrs. A. M. Hill, of Clovis, and Mrs. O. E. Rodin, none of whom were more than slightly injured. Mrs. Hill's car was brought back to Slaton by a wrecker.

Iced Air

6-DAYS-6

Starting Sunday, June 9th

A picture now comes that marks a milestone in film annals. Until you see with your own eyes and hear with your own ears, you cannot know the wonder of it, the magic of talking and singing and dancing that go to make "The Broadway Melody" the new marvel of the speaking screen. You will be gripped by the intensity of its drama, your heart will be touched by its sublime story of love sacrifice, you will cheer it as spectacle and song hit and throbbing action follow swiftly through the greatest entertainment yet revealed on stage or screen!

What "The Birth of a Nation" was to Silent Pictures, "The Broadway Melody" will be to Talking Pictures.

put your Telephone on Half-pay during Vacation

You'll save money... and spare yourself inconvenience when you return.

The Rumseys are going vacationing. The milk's been stopped, the ice man has been called off, and the Man Who Delivers the Newspaper has been instructed to bring no more until further notice.

But the telephone will be left at home, drawing full pay in an empty house! Something should be done about this!

Vacation rates for idle telephones

One solution (provided you're planning a vacation of 30 days or more) is to place your telephone on vacation half-rates while you are away.

It's a convenient way to save money. And—this to folks who sometimes have their telephones taken out—it spares you inconvenience on your return.

That's because:

1. You pay just half the regular rate.
2. Service is reconnected quickly after you return—usually within 24 hours after you notify us.
3. You keep your present telephone number. (You'd lose it if you had your telephone removed!)
4. Your name remains in the telephone book.

If you wish, while you are away we will refer your calls to another telephone—that of relatives, for instance.

Vacation rates are available for periods of more than 30 days, but not over four months.

"Something should be done about this."

To obtain them, mail the coupon or telephone the business office.

A NINE YEAR OLD BOY'S IMPRESSION OF ROTARY INTERNATIONAL

The Slatonite is in receipt of a letter from Bertrum Kessel, son of Mr. and Mrs. Abe Kessel, who was in attendance at the Rotary International at Dallas. That Bertrum's young friends may know his impressions, we are publishing the letter.

"Dear Mr. Roderick,
"I promised that I would write you a letter, so I am doing it now. I went to the Pageant last night, and saw the biggest crowd in one place that I have ever seen in my life. Although it looked like rain, that did not keep the people away.

The Mayor of Dallas was introduced, and he spoke, then the President, L. B. Sutton, was introduced and he spoke. The Pageant was held in the

Fair Park Stadium. They say the Stadium will hold 15,000 people. The place was just about full. On the east side there was a stage built, at the beginning of the program they shot a few fireworks, then the audience sang "America". I forgot to mention that in front of the stage there was a great wheel built. It was 150 feet around, and it was revolving. Then the girls representing the different nations came down, carrying the flags of the countries they represented. There were 7 girls in each group carrying the flags. I forgot to tell you that the first lady who came out carried a Rotary flag. She placed the flag in the wheel. After each group of girls came down, the leading girl handed her flag of the nation she represented to be placed in the wheel. There were 52 flags handed to her and all of them were stuck in the wheel, the wheel kept moving until all the flags were set. They played the national hymn of each country as they came out.

"I am writing this on the train and my pen got dry, so I have to write the rest with a pencil. They shot lots of fireworks, it was a beautiful scene and I enjoyed it very much.

"We then went to our rooms which were four miles out of town. We got lost, but finally found it. The next morning, Dad went to the Boys Work

meeting at the Crystal ballroom at the Baker Hotel.

"Then I went window shopping with Mother. We met Dad at noon and we all had dinner at the Peacock Fairies. It is located on the roof of the Baker Hotel. Then in the evening we went to a play given by 700 negroes. They sang beautiful songs. Then a negro came out and spoke. He spoke better than many white people that I have heard, then that was the close of the program, and we went home.

Yours very truly,
BERTRUM KESSEL"

Better Cows, Better Feed, Better Milk Mean Better Prices, Says Mr. Thomas.

"We must have better cows. To get better cows, more good sires should be used. These good cows must be better fed than we are now feeding the average Texas cow, which will require more and better pastures and roughage. And, finally, a better quality milk to obtain a better average price."—J. Lynn Thomas, dairy husbandryman, Texas A. & M. College.

If you're determined to be good-natured you must expect to be imposed upon.

FOSTER FUNERAL HOME.

The Foster Funeral Home, on South Ninth Street, which was erected four years ago, is one of the most modern establishments of its kind in West Texas. It is the oldest funeral home in West Texas, also. Dr. E. C. Foster, owner and manager, who is a licensed embalmer, maintains a first class hearse and ambulance service, and is always ready to go on a call, day or night. Several years ago, Dr. Foster was a practicing physician, and during the war he served in the U. S. army as a commissioned M. D. Following his discharge from the army he gave his attention to the undertaking business.

STEVE'S CLEANING PLANT.

Recently, Fred Stephens, commonly known in Slaton as "Steve", bought the Evans' Cleaning Plant, on West Garza, and is enjoying a very liberal patronage. The place of business is now "Steve's Cleaning Plant". This is reputed to be one of the most up-to-date, modern cleaning plants in this section, and customers are always assured of first class service when they entrust their cleaning, pressing and alteration work to Steve's.

LILES SHEET METAL WORKS.

Dan W. Liles, owner and manager of Liles Sheet Metal Works, on North Panhandle Avenue, is one of Slaton's old timers, and he is reputed to be an expert sheet metal worker, as well as a congenial, efficient business man. He is active in church, lodge and commercial work in Slaton. Liles Sheet Metal Works occupies its own modern brick building, and is well equipped for its customers in this line. Liles specializes in the manufacture and sale of gin suction equipment.

BETTER ADMINISTRATION FOR SCHOOLS URGED

Washing ton, D. C.—It is believed by Dr. William John Cooper, recently appointed head of the United States Bureau of Education, that all should realize that the day of the "little red schoolhouse" is definitely in the past and a larger and better organized administration is needed to cope with the problems that arise in public education in the present day.

"We need a unit of administration much larger," he says, "than that served by the one-teacher school. The area of administration should be large enough to support a complete school unit, elementary and secondary. If the area is very sparsely populated, lodging and boarding at the high school may be required as well as good transportation facilities. Enough elementary schools should be in the area to warrant employing at least one trained supervisor."

Among the needs of the schools mentioned by Dr. Cooper were: new plan of school finance, new systems of distributing state funds, better trained teachers, change in the method of selecting teachers, and better supervision of the schools in the rural districts.

Brownfield has 18 boys and girls 4-H clubs with a membership of 350. There are 150 in the pig club. The boys who were in the pig club last year are realizing \$412.00 a head for their pigs. The poultry club members have secured pure bred chickens. Thirteen Jersey calves were shipped in for the dairy club members.

Big Spring entertained the members of the West Texas Chamber of Commerce Oil & Gas Bureau Thursday, May 30. W. B. Hamilton, chairman of the Oil & Gas Committee and H. J. Adair, Manager of the Oil & Gas Bureau, of the regional organization were present.

Was there ever a man who willingly admitted having shown poor judgment?

Texas truck growers are annually shipping 60,000 cars of fruit and vegetables to market, a development that largely has come about within the past fifteen years.

THE GAS FUTURE.

Increasing demand caused by an almost unlimited field for service, lies ahead of the gas industry, in the opinion of experts.

At the present time, one-fourth of the country's production of manufactured gas is being used in industry; yet this represents but two per cent of our industrial heat requirements.

Gas refrigeration, incineration and house heating and cooling are new developments that are still in their infancy.

Both in home and in industry the public is growing increasingly interested in the advantages of gas appliances. For many years gas has

been supreme in the field of cooking; that promises tremendous progress in now a great development has begun other important fields.

Introducing Lubbock's Most Appreciative Business Men

The First National Bank in Lubbock has accepted this opportunity of thanking the people throughout this section for the patronage shown them since the establishment of this institution. The service of this bank is unexcelled, made possible, however, by their many patrons and friends of this community, for which the officers and directors are very grateful. They will deem it a great pleasure if they may merit your continued patronage and good will.

Hicks Rubber Company, of Lubbock, is one of a chain of stores handling Dayton tires and other automobile accessories. This firm is now the largest chain tire dealer in Texas, it is said, and can sell a good tire for less, due, it is explained, to the enormous buying power they have. Mr. Slaton, the manager for the Lubbock store, says he enjoys a very nice business from the people in and around Slaton, for which he is very appreciative. He invites you to make this store your headquarters when in Lubbock.

Mr. Lynch, owner and manager of the Lynch Hat Works, in Lubbock, is one of our good, old West Texans, having been in Lubbock for several years. He is operating one of the most modern and best equipped plants of its kind in this section, and, according to his statement, is receiving a very nice business from his many friends throughout this section of the South Plains. For this liberal patronage he is very thankful, he says, and he takes this opportunity of expressing his appreciation.

Earhart Rubber Company, of Lubbock, dealers in Dunlop tires, enjoy a very splendid business the year 'round. That is a statement made by Mr. Earhart, owner and manager of the tire house, who gives to the people of Slaton and this community much credit for the splendid business he is enjoying. Mr. Earhart has been in this section all his life, he says, and has been in business in Lubbock for seven years. During the past two years he has been handling the well known Dunlop tires. The owner takes this opportunity to thank the auto driving public for their very liberal patronage.

The Citizens National Bank, of Lubbock, is the oldest banking institution in Lubbock county, it is said. The officers and directors of this bank are long time citizens of the community, and have made many friends and customers by giving a square deal to all. The management of this institution declares they deem it a pleasure to use this medium in which to thank their many friends and patrons of this community for their past liberal patronage.

FARM LEADERS PREDICT CONTINUED PROSPERITY

Despite the spectacular decline in the quoted values of wheat and other grains this spring, agricultural leaders, bankers and the press in regions of the west and northwest most vitally affected, are confident that business will carry on at a high level for the next four to six months and look forward to a continuance of prosperity, according to a survey just completed for the Willys-Overland Company, manufacturers of Willys-Knight and Whippet automobiles. This confidence in the immediate future of the farmer from Kansas, Missouri and Nebraska, north into Minnesota, Iowa and the Dakotas, is based principally on three factors—greater diversification of crops;

larger profits from record production of hogs and cattle, dairy products and poultry; and the fact that a large portion of wheat and other cereal supplies are in the hands of speculative interests, the Willys-Overland survey shows. Although bankers and newspaper investigators conceded that the slump in wheat will adversely affect buying power in some sections, they declare that it is not the leading factor it has been in the past due to more diversified farming. A leading economist in Chicago, who has been studying the situation, points out for example, that speculative interests hold 200,000,000 bushels of old wheat and farmers only about 80,000,000 bushels.

Humming birds are found only in America.

THIRTY-SIX WORDS TELL TARIFF STORY

President Hoover said to Congress: "No discrimination against any foreign industry is involved in equalizing the difference in costs of producing at home and abroad, and thus taking from foreign producers the advantages they derive from paying lower wages to labor." There is, as the President says, no discrimination against the foreign industry in providing for equalization of the difference in the production cost—it is simply a matter of protecting our own interests.—Exchange. Forests of equatorial Africa are so largely composed of hardwoods that when soft wood is needed for building purposes it has to be shipped from Europe or America.

DOUGLAS D'ARTAGNAN TALKS TO AUDIENCE

Douglas Fairbanks as the valiant D'Artagnan will open the story of "The Iron Mask," which comes to the Palace Theatre, Slaton, on Sunday, Monday and Tuesday, by stepping from a huge tapestry representing The Three Musketeers and speak the prelude to this story of the undying love and valor of the brave guardsmen in whose hands rested the safety of a kingdom. This spoken prelude will vividly and dramatically present the theme of the story as well as introduce an entirely new and perhaps revolutionary method in sound films. The complete film will be presented with sound and orchestral synchronization as well as the spoken interludes in which the various important characters voice their intents and motives.

As the thrilling tale of medieval adventure unfolds, Richieu soliloquizes, explaining his devotion to France which actuated his plottings in the intrigues of church and state and his efforts to direct the destinies of France through the weakling monarch Louis XIII. De Rochefort addresses the audience in burning words of hate and revenge. Thus Mr. Fairbanks combines the virtues of both the silent screen with the spoken word, maintaining the speed and action so essential to a Fairbanks story and using voices and sound to intensify and vivify this lively pageant of one of the world's most romantic and fascinating periods. Danish archeologists are excavating at Shiloh, hoping to find the site of the ancient Israelite Tabernacle.

SAFETY IN MOTORING. The innovation of all-steel bodies is one of the greatest steps forward in automobile development in recent years. Already millions of cars are so equipped. The great railroad lines have scrapped their wooden passenger cars which splintered to bits in accidents, and replaced them with steel coaches. The automobile industry is doing the same thing with the result that driving safety is increased. Automobile accidents multiply as more and more cars come into use. It is therefore essential that every possible factor be adopted.—Exchange. On January 1, 1929, there were 955,000 milk cows and heifers in Texas, an increase of 100,000 from 1928. Their value at \$68,255,000.

All the ladies are urged to be present.

Charles King is Screen Original

The "first song-and-dance man of the screen" is a title which may well be bestowed on Charles King, hero of Metro-Goldwyn-Mayer's brilliant all-talking, all-singing and all-dancing production, "The Broadway Melody," which will open at the Lindsey Theatre, Lubbock, Sunday, for a six days' engagement.

"The Broadway Melody" is the screen's first musical comedy in which the cast is heard as much as it is seen. It introduces several catchy songs which have already registered themselves as pronounced hits. It also presents a full musical revue, such as is seen on the stages of the large Broadway theatres. The story deals with the life of show folk both behind the scenes and in front of the footlights. The hero is a "hooper", an actor who sings and dances in the musical shows.

King is ideally suited to the part for he is, in reality, a musical comedy star. He has been associated with some of the most successful musical comedies of the present day and "The Broadway Melody" marks his debut before the motion picture camera.

By marriage he is related to George M. Cohan, the greatest song and dance man of the American stage.

It was through this famous producer that King took his first dancing lessons and it was also in a George M. Cohan show, "Little Nellie Kelly" that King was given his first chance.

Playing the masculine lead in this very successful musical, King branched out the following year to form the vaudeville team of Elizabeth Brice and Charlie King and played engagements throughout the country.

Following the vaudeville tour, the young dancer and singer was signed by Florenz Ziegfeld for a leading part in "No Foolin'", a new musical. He supplemented his success in this piece by scoring a great hit opposite Louise Groody in "Hit the Deck" and during the last season played the male lead in "Present Arms."

King is 27 years old, dark, athletic in build and has a baritone voice.

Bessie Love and Anita Page play opposite King in the two featured feminine roles. Others in the cast of well-known stage and screen players are: Jed Prouty, Kenneth Thomson, Edward Dillon, Mary Doran, Eddie Kane, J. Emmett Beck, Marshall Ruth and Drew Demarest.

Notes, News and Nonsense.

Mr. and Mrs. E. V. Woolever visited friends in Post Sunday.

Miss Lovona Willis, of Amarillo, is visiting her aunt, Mrs. J. M. Lemons, this week.
