Quannah Man Dies Here

S. H. Bybee, who has been visiting his daughter, Mrs. Jerry Mudgett, of 440 West Lynn Street, died at the Mercy Hospital in Slaton, last Tuesday morning at 10:45 a. m.

Mr. Bybee was born in Mackinville, Tennessee and was 77 years of age.

He is survived by his wife and seven children, all of whom were at his bedside when death came. They are Mrs. Jerry Mudgett, Slaton, Mrs. S. H. Bybee of Quannah, J. Wallace Bybee of Idabel, Oklahoma, Walter Bybee of Quannah, Bryan Bybee of Fort Worth, Mrs. Henry Easley of Meadow, Mrs. Wedall Eddins of Turkey, and Delbert Bybee of Lockney.

Mr. and Mrs. Bybee were residents of Quannah for a number of years, where they were well known. Funeral services were held from the Methodist Church here last Wednesday evening. Burial was at Englewood Cemetery.

Cook County Re-Union Sunday

The Annual Cook County Re-union will be held on Sunday August 3rd at McKenzie State Park, Lubbock, Texas, northwest of the swimming pool and across the bridge to the left. There will be plenty of shade, parking space, ice water and tables. Basket lunch will be spread at noon. All former Cook County residents are urged to be present and see your friends and renew acquaintances.

Scurry County Boosters To Be Here Monday

Word has been received from the Scurry County Chamber of Commerce that the Scurry County Rodeo Association Boosters will arrive here at 8:55, Monday, August 4th with a free program with many novel features. The boosters are advertising the Scurry County Rodeo that is to be held August 8 and 9.

Post Celebration Will Start Today

POST, July 30—Post's annual two-day non-professional Rodeo and Stampede will open Friday noon with a colorful mile-long western street parade through downtown streets. The first rodeo performance will begin promptly at 2 o'clock when eight chute gates are opened and as many riders, four on big Brahma steers and four on bareback broncs, ride out in event No. 1, the "Mad Scramble." This special attraction has been arranged for those who come to the show expecting to see something rough and tough.

Each of the four performances will be made up of five major events, cowgirl sponsor's contest, calf roping, wild cow milking, and bronc and steer riding. Besides these events many special attractions have been arranged. Louis Blair, popular rodeo clown has been booked to appear in each performance with his trick mule and will tantalize the big Brahma steers. A hurdling horse act, patriotic presentation of "Texas Under Six Flags," and several other special features have been planned.

Twenty or more pretty out-of-county sponsor girls, some winners of saddles in this season's rodeos, will be here to enter the calf penning contest. First prize for this contest will be a \$115 saddle. A number of other prizes are being offered in this event.

The Post Stampede, Inc., sponsor of the annual entertainment, has posted in excess of \$1,300 in cash prizes, two \$115 saddles and other merchandise prizes for contestants in the various events. Bill Lyon's stock, same as used at the Texas Cowboy Reunion at Stamford, has been contracted for the Post show.

Two dances will be staged each night, one to honor sponsors and the other for those who enjoy dancing the square, new-shoe, schottish, and other old-time steps. Afternoon rodeo performances will begin at 2:00 o'clock and evening performances at 8:00 o'clock.

Slaton Boy Made Sergeant

In a news release from the U. S. Army Air Corps, Brooks Field, Texas, notification that Roy B. DeBusk, son of Mr. and Mrs. Robert L. DeBusk, 620 South Eleventh Street, of this town, has been promoted from the grade of Corporal to that of Sergeant, was received this week.

DeBusk was Drum Major of the Slaton High School for four years and was employed at the Texas Grocery before entering the Air Corps.

Roy is nineteen years of age and made an excellent record while attending school here.

Frozen Fruits And Vegetables And Frozen Fish Offered Here

Mr. E. R. Legg announced last week that the exclusive agency for Birdseye Frosted Food has been secured exclusively for the Slaton Frozen Food Locker Plant and that a stock of these delicious frozen fruits and vegetables are now in stock at the plant and will be sold at very attractive retail prices.

The system of preparing these fruits and vegetables is a new scientific process whereby the fruits and vegetables are gathered at the exact time that they are most desirable for food and at the time that the flavor is at its best. They are quick frozen so that when they are prepared for the table the flavor and tenderness is just as it was at the time of gathering. The Birds-

Martin Nominated As C. of C. Member

At the regular meeting of the Chamber of Commerce and Board of City Development last Friday night M. G. Martin was nominated to take the place that was left vacant when B. B. Castleberry resigned.

Mr. Martin was one of those receiving a high number of votes at the last Banquet and general meeting of the Chamber of Commerce last year.

A report was made to the meeting of the progress made on the plan to arrange for a free overnight camp ground for transient laborers and the committee headed by Ed Haddock reported that a site out on the highway south of Slaton had been selected as the most desirable. The funds to make a lease of the grounds was voted and the committee instructed to make the lease and complete arrangements for the proposed camp.

The progress of the First Aid to Better Business was also taken up and the Committee headed by K. L. Scudder reported that questionnaires had been distributed to nearly all the business houses in Slaton and that most of them had been filled out and returned. Practically all of them showed that improvements were being planned by both the tenants and property owners. The members of the C. of C. voted to make every effort possible to assist in getting the work underway as soon as possible.

J. D. Henry Joins Marine Corps

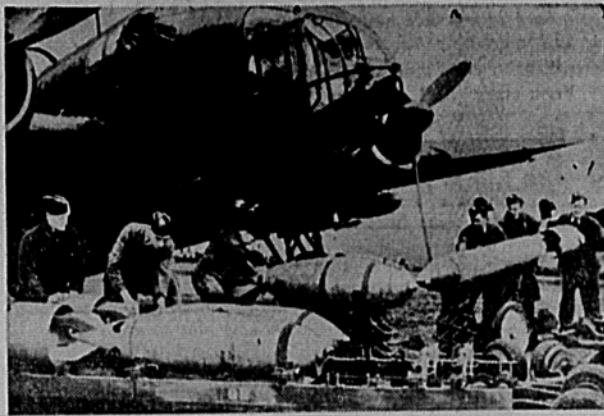

Jimmy D. Henry, son of Mrs. Ethel A. Henry, 225 South 11th Street, was accepted for enlistment in the U. S. Marines at the Marine Corps Recruiting Station, Room 14, Post Office Building, in Amarillo, Texas, and was enlisted at the District Office in Oklahoma City on July 28, 1941.

Henry chose to enlist for the regular four year period instead of "Duration of the Emergency", and has been transferred to the Recruit Depot, Marine Corps Base, San Diego, California, for seven weeks training. On completion of his initial training Private Henry will be assigned to duty at a shore station or with a Marine Detachment in the United States Fleet. Shore stations are located in Navy Yards and Bases on both coasts of the United States, in China, Alaska, Iceland, London, England; Guam, M. I., the Philippines, Hawaii, Cuba, and many other strategic localities.

Private Henry completed one year of high school in Slaton, and while serving with the U. S. Marines he expects to continue his education through the free facilities of the Marine Corps Institute.

Many vacancies exist in the Marines, and young men between the ages of 17 and 30 are urged to investigate the advantages of service with Uncle Sam's Soldiers of the Sea. The nearest Marine Corps Recruiting Station is located in Room 14, Post Office Building, Amarillo, Texas.

Carrying Air War to Germans

Ground-crew men of the British R.A.F. are shown loading some of their new super-bombs into the racks of a giant long-range bomber before the take-off for a raid on German-held territory on the continent. While the Nazis busied themselves with Russia in the East, Britain claimed air supremacy in the West.

We're Off To A Good Start

One of the first business houses to be remodelled in cooperation with the First Aid to Better Business Drive is the Post Office Building owned by J. H. Brewer.

The building is receiving a new roof, fresh paint, inside and out, and other refinishing and repairs. The remodeling of the Carl Evans building will start in the near future and a number of other buildings in the business district are having estimates prepared for repainting, repairs and new fronts.

"We are very much pleased with the co-operation that our landlord is giving the drive," said the chairman of the First Aid to Better Business committee.

Among the progressive concerns that have made extensive improvements recently are The Aircraft Studio, The Carter Hardware Co., The Slaton Frozen Food Locker Plant and Key Ely's. The buildings occupied by the Palace of Eats and by L. E. Brasfield on Texas Avenue are under the course of being remodeled and repainted.

Slaton Cats Are Looking For Games

The Slaton Cats, colored baseball club, are looking for games with clubs from the surrounding communities. They have played 12 games this year, winning eight and losing four.

During Sunday's game the local team was behind 3 to 0 until the fourth inning they tied the visitors and then were put in the lead by an error of the opposing team. In the last half of the ninth inning the Cats went over with three runs.

Henry White is the manager; Lewis Thomas is captain and Chas Williams, secretary.

Revival To Begin At Church Of Christ

The Gospel Meeting of the Church of Christ will begin Friday evening, August 1, and continue until Sunday evening, August 10. Services will be at 10 a. m. and 8:30 p. m. daily. Evening services will be conducted on the lawn.

Evangelist Jessie Powell of Fort Worth will do the preaching. Olen Huff of Lockney will have charge of the song services. Everyone is cordially invited to attend the services and bring their neighbors and friends.

REUNION TO BE HELD

The third Annual Meeting of the Alabama Reunion Association will be held August 8th, at the City Park in Floydada, Texas.

The Association is composed of all former residents of Alabama and their families. A basket lunch will be held at noon and each family attending is being asked to bring their lunch. All ex-Alabamians are invited to come.

New Plans To Sell More Defense Bonds

A meeting was held this week in Lubbock by the Lubbock County Committee in charge of United States Defense Bonds and in an address by State Administrator Frank Scofield a plan was explained whereby all employers will be asked to encourage all employees to deduct payments from weekly or monthly salaries.

All workers, regardless of their pay, are being urged by the Government to make purchases of either Saving Bonds or Saving Stamps and this plan will be inaugurated in all parts of the United States if possible.

Information was received this week that the Santa Fe Railway System has already inaugurated this system and is now taking deductions from the salaries of a large number of its employees and it is suggested that if a large organization like the Santa Fe finds it possible to carry on this patriotic service that it should be easy for the smaller concerns to do so without much interference in their regular details of business.

Bond Sales Slow Up

Bond Sales have been unusually good here in Slaton up until the first of July, but since that time have shown a decline.

"We are very much pleased with the showing we have been able to make so far, but hope our citizens will keep our record high," said the Chairman of the Local Committee.

There have been more than \$220,000.00 worth of Defense Bonds sold in Lubbock County since May 1, and it is estimated that the year's sales will be well over a million dollars for this country.

Lubbock Pioneers Plan Celebration

W. P. Florence, president of Lubbock County Pioneer Association, reports that all Lubbock county pioneers of 1891-1908 are invited to a "Golden Jubilee" Sunday, August 3 at 2:00 p. m., in the Mackenzie Park. The reunion will be held at the barbecue pit, 1-4 mile north of the Broadway entrance.

Relatives and friends of the "Pioneer Period" are being notified.

Supper will be at 6:00 p. m. There will be no cooking for the women to do! All arrangements have been made for the food, dishes, seats and shade. Small contributions have been accepted to defray expenses.

Harry Newman In Critical Condition

Reports from the Santa Fe hospital in San Angelo Thursday were that Harry Newman, who has been a fireman on this division for many years, is in a critical condition, and that little hope was held for his recovery.

Mr. and Mrs. J. E. Waldrop are visiting in Hamilton, Texas.

"Walking after the Spirit," Sunday, August 17 at 8 p. m.

Guns To Be Scarce

Reports are still circulating to the effect that you won't be able to buy a gun of any description if the war continues another year. With the thought that this probably was a "scare" we talked to a representative of a big arms company and he told us that this was very probable. Better hold on to those old pieces you have now, boys, and get any others you want as soon as possible or you might not get them at all. Even now some of the big companies are offering for sale only certain models of which they had a good stock when the war started. Savage still have their best shotgun and rifle models for sale as well as a new "modernized" hammerless single barrel shotgun. You can get a catalog of the Savage line by writing Savage Arms Corporation, Dept. 5006, Utica, N. Y.

Texas Bird In East

Chachalacas, native to the United States only in Texas, strangely enough are thriving on the Blackbeard Island, national wildlife refuge off the coast of Georgia, according to a report received by the Texas Game Department from the U. S. Fish and Wildlife Service. They were introduced on that island upon Sapelo nearby, about fifteen years ago. At least twenty-five are known to be on Blackbeard Island.

A gallinaceous bird, the chachalaca is related to pheasants, quail and turkey. An adult bird is about half the size of a Leghorn hen and a dusky olive in coloration. The birds are extremely noisy and their common name is an imitation of their unusual cry. They are found in the southwest portion of Texas.

In the regular meeting of the City Commission last Monday night the Commission discussed the many complaints that have come in concerning low hanging limbs on the trees on many of the residential streets of Slaton.

Several people have received scratches and abrasions from these limbs and one elderly man had his glasses broken and face severely bruised.

The Commissioners passed a resolution requesting all property owners to trim all trees so that there would be at least six and one half feet of clearance over the sidewalks and streets so that these dangers would be eliminated.

Mayor Teague said that he feels that the low hanging limbs were just an oversight on the part of most of the property owners and that all good citizens would be glad to comply with the request that they be cut if called to the attention of the public. "It is just one of the many small annoyances that come up so often," said Mr. Teague. "We hope all of those who have these hanging limbs will trim them, but if they do not we will have to go to each one directly and make a personal appeal."

An emergency ordinance was passed at the meeting Monday night requiring both the Texas-New Mexico Utilities Co. and the Southwestern Telephone Co. to pay a two per cent rental fee each quarter on the revenues of these companies. The charges to become effective immediately.

Another subject that was brought before the Commission was the prevalence of weeds on most of the vacant property within the city limits. While no action was taken on this problem at the meeting the problem is under consideration and will be taken up as soon as possible.

1942 Cotton Crop Insurance Outlined

Under the 1942 cotton crop insurance program, Lubbock County cotton farmers will be able to insure 50 percent or 75 percent of their acreage yield, Mr. C. K. Lilley, Chairman of the Lubbock County Committee, announces.

The details of the United States Department of Agriculture crop insurance program are being perfected by the Federal Crop Insurance Corporation in Washington now and growers will be able to insure their next year's crop before seeding, he continued. The insurance will protect them from all unavoidable hazards, such as drought, insects, including boll weevils, flood, plant disease, wind, fire and hail.

Premiums and guaranteed yields will be figured in terms of pounds of line cotton and the premiums will be based on the crop-loss history of individual farms adjusted to reflect the crop-loss history of the county. Yields and crop-loss averages will be figured on a basis of historical or appraised productivity over a period of years.

Premiums for individual cotton growers, the AAA official continued, will be figured on a lint cotton basis. Payment of premiums will be made with a commodity note which each grower will be required to sign guaranteeing payment of the premium on or before maturity date. The maturity date is at about the time the cotton is picked or about the time indemnities are usually paid.

In paying the note, Mr. Lilley continued, it may be paid either in cotton or the cash equivalent. In the event the note is not paid when it matures, the cash amount of the premium will be deducted from the indemnity paid the grower, or from the first Government payments he receives. These payments include cotton loan, parity payments and AAA payments.

Joyce Cooper of Muleshoe spent Sunday visiting in the home of his sister, Mrs. B. W. Jones, and Mr. Jones.

The Pretty Lawns Contest has more contestants this year than it has ever had before and if the Judges can come through the ordeal of choosing the prettiest lawns without losing a few teeth and an eye or two they will be lucky. It might be possible that the Boy Scouts would be able to collect more aluminum pots and pans by following the judging committees around on the lawn

judging contest than they have on the aluminum drive.

And since the Pretty Lawns Contest has proven such a success I am in favor of a High Weed Contest with a grand prize of a sharp hoe to the winner. In fact I could have entered such a contest myself a week ago, before Don Cherry and Glen Frazier got insulted when Ray Ayers told me that he had been reading a lot about how things should be cleaned up and that there were more weeds around the Slatonite office than there was on a river bottom. Yesterday my two enthusiastic assistants thrashed weeds so hard and fast that the street was blocked for ten or fifteen minutes.

There are weeds growing on the south side of the Robertson building so high that the tops of the telephone posts are barely visible and I think I saw a dinosaur's head as it munched on the top branches of one of the weeds, in fact most any kind of wild animal could be hiding in the jungles that surround our town. There is one consolation and that is we should be safe from bombing planes for even the best aerial observer would never suspicion that Slaton is here.

Tess Bruner recommends a gargle of sulphuric acid as a hay-fever remedy.

W. T. Davis says that regardless of what kind of weather we have that a lot of folks would be displeased. If the weather could be controlled by the people right here in Slaton, some of them would want it to rain enough so that we could raise rice, and others would want to make it so that their pet cactus plant could do well in the flower garden. Mr. Davis thinks that the regular old run of weather does just about as well as it would under human control.

Sherlock Holmes, if he were to visit Slaton's scrap aluminum contribution could make some interesting observations concerning each piece. Even a very casual observer could de-

duct that the old battered one on top with the scorched bottom was evidently among the first household purchases of a bride. In its seams and dents are burnt the overflow from many a can of pork and beans, experimental concoctions and disappointments. Its handle has evidently scorched its owner's hands upon many occasions and caused her to drop it on the floor from which it received many dents and abrasions.

The little pan with the bent handle must have been used to warm a baby's milk and the shiny one with scarcely a flaw in it was once owned by a woman who made her husband get up and go down town to get his breakfast.

From every kind of home have come these contributions of implements of indigestion. Extra heavy ones that were once the pride of some house wife's possessions and little thin ones that came from the dime store.

Whether the products that they produced in them were more deadly than the product that they will be made into would take much calculation but the taking of them out of circulation will not hinder the women in their course of destruction. They'll find some other means of producing those dynamic concoctions that cause men to smack their lips at meal times and wake up in the middle of the night feeling sure that it was cement instead of powdered sugar that was on top of that pie they ate for supper.

What time do you get up in the morning. J. S. Edwards says four o'clock is a very nice time for a man to get started. He can go into the kitchen and cook his own breakfast and not be bothered with a lot of women folks. He can cook his breakfast just the way he wants it and plan his work better at this time than at any time of the day.

Personally I have never tried it but I am free to admit my planning could stand a lot of improving. J. S. must be a

good cook for he is one of the most robust looking men in town and his own breakfast must agree with him.

"What will be the aftermath of war?" A question that seems to be bothering a lot of the big business men who are active in the Defense preparations. The question should be "How can the war be won?" Unless we are on the winning side what will happen to business will be of very small importance to us in this country. If there is anything we in the smaller communities can do to help we should be notified, for we are all ready to go at it hammer and tongs. The Aluminum drive should prove to those who are planning defense that we will do our share and more.

It is a good idea to do something different ever so often just to get out of a rut. Have you ever tried getting up in the middle of the night when you could not sleep very well to turn on the radio? You will bring in some unusual stations at two o'clock in the morning and be able to enjoy yourself until your wife wakes up and wants to know if you have lost your mind. When this happens it is the best idea to go back to bed for she will start laying traps to test your sanity and telling her friends that you have been acting queer lately.

Dr. Elbert Loveless knows his stuff. He predicted last week that the rain would make folks who have hay fever feel much better and a check-up on the hay-fever addicts prove that the Doctor was right. The trouble is that this remedy cannot be taken out of a spoon, rubbed on the skin or squirted up the nose. If the doctor could just suggest some way to get it to rain every few minutes he could get rich.

There are still a few women who know how to make good biscuits but to most of the young ones a hot biscuit is as much a curiosity as ostrich

plumes. And those women who do know how to make a good hot biscuit serve them so seldom that they are considered a delicacy like venison or wild turkey. Good hot biscuits are really something to eat. They have substance and flavor, they will hold a good fat hunk of butter and there is nothing that takes gravy like those my father used to make. But the good old days are gone and Dad never did tell me just how he mixed them up, but I do remember that he did a lot of old fashioned cussing when he did get in the kitchen and go to beating and slamming the pans around. When he got through every pan on the place was dirty and my mother would burn him up but he was a man of strong will and stamina. He could take it.

One of the best business enterprises in Slaton now days is the one of the little negro boy who gives a good sermon for five cents. His best day so far has been seventy-five cents. He gives out sermons in the typical negro fashion, waves his arms and stamps around with fervor and enthusiasm.

SLATON PHARMACY

1872 It was quite an adventure when they made the first dress straws out of heavy Mackinaw braid, woven by Michigan Indians and sewed in the shape of the popular beaver hats.

1877 The derby became the popular year round hat, so they tried the shape in straw.

1880 Straws of the 80's were heavy, course braid, still made in felt hat shapes.

1885 Hat top was used from the British navy tars—hence the term "sailors" and "sailors."

1890 This shape came from the English schools, where it was a uniform at the regatta and other summer holidays.

1902 For a time, in the early 1900's, they couldn't make them wide enough—then—

Only in recent seasons have they succeeded in making straw hats in weightless, ventilated, flexible... truly the essence of summer comfort.

 Naomi: the Mother-in-Law
 By George S. Schuler, Member of Music Faculty Moody Bible Institute, Chicago.
 Text: "And Ruth said, Intreat me not to leave thee, or to return from following after thee: for whither thou goest, I will go; and where thou lodgest, I will lodge: thy people shall be my people, and thy God my God; where thou diest, will I die, and there will I be buried: the Lord do so to me, and more also, if I ought but death part thee and me."—Ruth 1:16,17.
 Sarcastic darts have been cast promiscuously at mothers-in-law. But one of the sweetest stories in the Old Testament is that of mother-in-law Naomi and daughter-in-law Ruth. Why should not Naomi have endeared herself in the life of Ruth? When our lives are possessed by God, they are made lovely because of His indwelling—and what a difference

★ FASHION PREVIEW ★

As a backbone for your college wardrobe, this two-piece suit of gray men's wear flannel is just what you'll need. The August Good Housekeeping points to its long, loose jacket with mammoth pockets, its short skirt and fly front.

When mother wants to look smart at social gatherings she'll choose this green-and-natural wool dress seen in the pages of August Good Housekeeping. It has a long jacket with wide green piping and a slim skirt.

There are about 13,500,000 persons in the United States who depend directly on cotton for living.

it makes in our daily lives when we are indwelt by Him! Then it is not surprising that even daughters-in-law fall in love with the God-imbued lovelines of a mother-in-law.

Little did Naomi dream that her reward for godliness would be the coveted wish of many. She was the means of having Ruth play an important part in the ancestry of the Lord Jesus, who in turn brought blessing to souls in captivity—the captivity and bondage of sin.

Little do we know what God has for us to accomplish by our godly and loveable lives. We may become stepping-stones, if nothing else, not only for our near or distant relatives, but for our friends and neighbors, so that they may perform exploits in His name—things for which we are not equipped. Are they saying to you as Ruth said to Naomi, "Let thy God be my God, and thy people be my people"? If not, why not?

Oh, yes, we may have much to say, we may have keen business ability and foresight, we may be a genius in this or that line, and still not have our lives impress the lives of others with the loftier grace is a God-given art and comes by much prayer and heavenly living. Indeed, it is incumbent upon us to let our "light so shine before men that they may see our good works, and glorify our Father which is in heaven" (Matt. 5:16)

BIBLE STUDY
 The Tuesday Bible Study will meet at 3 p. m., at the Methodist Church.

Lesson: REVIVAL—Part II. WHEN TO BE EXPECTED.

When can we look for a revival?
 (1) When wickedness grieves, humbles and distresses Christians.
 (2) When Christians pray as if their heart were set upon revival.
 (3) When Christians are willing to make a sacrifice to carry it on.
 (4) When preachers' efforts aim at the conversion of the lost.
 (5) When ministers and Christians are willing to have God promote it by any instrument He pleases.

Southland Couple Married Sunday

The marriage of Miss Madeline Arthur, daughter of B. R. Arthur, to Glynn Weeks of Plainview, son of D. B. Weeks of Wheeler, was solemnized at eight-thirty Sunday morning at the home of the bride's parents. Rev. O. J. Harmonson officiated at the single ring ceremony. The vows were exchanged before an altar of summer flowers. The house was decorated with flowers.

The bride wore a dusty rose and white ensemble with black accessories. Her corsage was of sweet peas. For "something old" she wore a lavalier which belonged to her mother.

At the reception which followed the ceremony, the bride cut the first slice of the two-tiered wedding cake, after which Mrs. Lola James took charge. Miss Romona Hamblin of Happy and Miss Dorothy Dell Oats presided at the coffee service.

The couple left immediately for Plainview where they will make

HACKBERRY NEWS

Dr. and Mrs. Gordon Cook of Hobbs, New Mexico visited relatives Sunday.

Miss Wanda Lee Hagler, the 9½ lb. daughter of Mr. and Mrs. Robert Lee Hagler, arrived on schedule at 1 p. m. Thursday. The comely little Miss is most unconcerned over the fact that her daddy, her neighbors and her doctor spent most of that morning trying to put their cars over mud-bound roads, and she is only amused because the doctor and his nurse had to ride a tractor ten miles back to town. We are told the grandparents of this young lady are recovering nicely.

Mr. and Mrs. Claude Spence and Enda Marie spent a few days last week with Mr. and Mrs. Dale Spence of Seminole.

Mrs. Sam Hendrix of San Antonio is spending a few days with

her parents, Mr. and Mrs. John Leake.

Mr. H. T. Carr of Brownwood spent Monday and Tuesday visiting friends.

Mr. and Mrs. Mose Goodman and Mr. and Mrs. John Goodman of Amarillo visited Mr. and Mrs. Jim Hudman Sunday.

Miss Polly Saunders, who has made her home with Mr. and Mrs. Claude Spence the past few years, has gone to Texhoma, Oklahoma to be with her father, J. D. Saunders.

Mrs. S. C. Fleming, who has been spending several weeks with her son, John Fleming and family, returned to Vernon Monday with her daughter, Mrs. Curtis Beard. Mr. and Mrs. Beard and children stopped overnight en route home from Carlsbad, where they had spent the week end.

Mrs. Lyn Croslyn and children and Misses Eva and Thelma Moore of Brownfield visited relatives Sunday.

Mr. and Mrs. Olin Shelton and children of Lubbock spent the

week end with the latter's parents, Mr. and Mrs. Ed Denton.

Mrs. Floyd Crabtree and son, Eddie, have been guests in the S. D. Martin home the past week. They will spend the remainder of the summer with Mrs. Crabtree's mother, Mrs. Burkett, in Sweetwater.

A surprise birthday dinner was given in honor of Mr. and Mrs. Boyd at their home Sunday. Those present were: Mr. and Mrs. C. W. Dean, Mr. and Mrs. W. A. Hamilton, Mr. and Mrs. B. N. Billingsley and Alta Clements, Mr. and Mrs. S. D. Martin and children, Mr. Edwards and Ruby, Mrs. Whited of Southland, Mr. and Mrs. Dale Calvert of Lubbock, Mr. and Mrs. Gwen Boyd and children of Lubbock, Mr. and Mrs. Arno Boyd and daughter of Lubbock, Mrs. Teague of Slaton, a daughter of Hamlin, a grandson of Amarillo, and Mr. and Mrs. Calvert of Lubbock.

Meet The South Americans

(Photo courtesy Julien Bryan)

Democracy is the goal of South America. Carl Crow, author and traveller, describes his impressions of a recent tour of that Continent in a special article for Council For Democracy. Argentine youth demonstration (left) with banner which reads "Long Live Democracy! Down with Fascism!" Christ of the Andes (right) erected as a symbol of good will on the Chile-Argentine border after a century of dispute.

Milk Is Important To Young Americans

Young Americans are depending on their parents, their schools and their government to prepare them for future responsibilities. During this time of preparation Young Americans must learn the importance of seeking and protecting health and that one of the most vital weapons in this campaign is milk.

Slaton parents may do their part by providing an ample supply of this food, instilling in their youngsters natural and instinctive demand for milk. Wise Slaton parents have already discovered Johns Jersey dairy is THE Slaton dairy.

Slaton schools may do their part by teaching Young America the healthful ingredients of milk and why it is so necessary for building strong minds and bodies.

The State government does its part by setting standards and inspecting dairy herds and equipment so that pure clean milk will be at the disposal of Young Americans and in Slaton Johns Jersey dairy is the one that receives a high mark on such inspections.

Slatonites will find that Johns Jersey dairy is the one that is helping build Young Americans to strong, healthful future Americans

Manhattan's Glamour Is Partly a Myth

By Katharine Brush (From August Good Housekeeping Magazine)

WHEN people from other places declare that they'd hate living in New York, they are more or less right about it; but not for the reasons they think. It isn't the noise, and it isn't the dirt. It's the little things. It's the cozy elevator rides in your apartment house, squeezed in between the Joneses' baby carriage and the Smiths' Great Danes. It's the window-washers suddenly appearing on your window sill, when you're not dressed for them—in fact when you're not dressed at all. Full stop.

It's the breakneck speed at which New York's revolving doors get to whirling. It's that thing of being nearly decapitated at the theatre, every time anybody squeezes past you in a row behind. It's the gum on the subway stairs, and the weekend traffic leaving town, and the business of trying to find a doctor who won't just send you to another doctor.

So that's New York, as I was saying. It isn't the carbon monoxide. It isn't the lack of trees or the loneliness in the midst of crowds. No, it's those second degree burns you get on the bathroom radiator. It's other people's alarm clocks waking you at seven, from across the court. It's the air in phone booths. It's catching your high heels in those round manhole covers on the street.

It's Little Old Manhattan, all right. It's Glamorous Gotham, and none other. It's running for your life out of the path of fire engines. It's learning how to talk into two telephones at once. It's New York. It's the town that out-of-towners wouldn't live in if you gave it to them. Neither would New Yorkers as far as that goes. Not if you GAVE it to them. What they like is paying and paying. That's obvious.

Twenty-one letters by Sam Houston—each of them more than 100 years old—have recently been acquired by the University of Texas library.

The Senior Epworth League met at the school house Sunday night. Three visitors, C. O. Clifton, Beak Shafer and Stinson Behlen were present.

Lillie Gentry talked on the "Quest of Truth," and Ruth Gentry gave a reading, "Our Guidebook."

The League voted to have a "New Member Night" next Sunday to enlist new members. All young people are welcome to attend and join the League. Each member is urged to bring a new member.

Miss Juanell Hart entertained the young folks with a party last Saturday night. Mrs. Alma Williams and Miss Hart directed games during the evening. Guests were Irene, Charles, Ruth and Lillie Gentry, Bud Johnson, Beatrice Burns, Lewis Joplin, James Vannoy, Margaret Neu, Stinson, Clifford and Cornelia Behlen, Vaughn Campbell, Arline and Audry Kitten, Lesley Rodgers and Mary Alice Johnson.

ORINANCE NO. 97

AN ORDINANCE FIXING RENTALS TO BE PAID BY ELECTRIC UTILITIES FOR THE PRIVILEGE OF USING, WITH THEIR POLES, WIRES, CONDUITS, STRUCTURES, TOWERS, CABLES, CROSSARMS, APPURTENANCES AND FIXTURES, THE STREETS, ALLEYS, AND PUBLIC WAYS WITHIN THE CORPORATE LIMITS OF THE CITY OF SLATON, TEXAS, PROVIDING THAT SUCH UTILITY SHALL MAKE QUARTERLY REPORTS, PROVIDING PENALTIES FOR THE VIOLATION HEREOF, REPEALING ALL ORDINANCES IN CONFLICT HEREWITH, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY OF SLATON OF THE COUNTY OF LUBBOCK, TEXAS:

Section 1. That all persons and corporations using and maintaining any electric light and power poles, structures, wires, conduits, towers, cables, crossarms, appurtenances and fixture in, or upon any of the streets, alleys, parks and other public places within the corporate limits of the City of Slaton, Texas, shall within thirty days after the end of each quarter, namely, April 1st, July 1st, October 1st and January 1st of each year hereafter, file with the City Secretary of said City of Slaton a report, sworn to by the Auditor of such person or corporation, showing the gross receipts derived from the sale by such electric utility of electric current sold for light, heat, power or other purposes, from consumers of such current within the corporate limits of the City of Slaton, Texas, for the three months preceding each of said dates, excluding therefrom such gross receipts paid to said utility by the City of Slaton, Texas, or other governmental agencies.

Section 2. That upon the first day of April, July, October and January of each year hereafter

every person or corporation using the streets, highways, alleys, parks or other public places within the corporate limits of the City of Slaton, Texas, with poles, structures, towers, conduits, wires, cables, crossarms, fixtures, and appurtenances shall pay to the said City of Slaton a rental equal to two per cent (2%) of the gross receipts received by such person or corporation from its sale of electric current for lights, heat, power and other purposes derived from consumers of such current within and used within the corporate limits of the City of Slaton, Texas, for the three months preceding the first day of April, July, October and January of each year, excluding from such gross receipts all amounts paid to such person or corporation by the City of Slaton or governmental agencies, which sum shall be paid to the Tax Collector of the City of Slaton, Texas, who shall thereupon deliver to the person or corporation paying the same a receipt for the amount so paid as a rental.

If the first payment required to be made hereunder shall be for a period of less than three months preceding a regular paying date, then the time actually elapsing from the effective date hereof to next regular paying date shall be pro-rated for the actual time on the basis herein provided.

Section 3. That any person or corporation and the local manager or agent of any such corporation, willfully failing and refusing after thirty days (30) written notice from the City Secretary to make the report required above herein and to pay the amount of the rental herein fixed, shall, upon conviction in the Corporation Court of the City of Slaton, Texas, be fined in a sum not to exceed Fifty Dollars (\$50.00), and each day's failure or refusal shall be deemed a separate offense.

Section 4. All ordinances and parts of ordinances in conflict herewith are hereby repealed.

Section 5. The fact that the Legislature of the State of Texas has, by proper enactment, permitted incorporated cities and towns to levy a tax against all persons and corporations occupying the public streets, alleys, public ways and places, as a rental or charge for the use of said streets, alleys, public ways and places, and the fact that the general funds of said City of Slaton is in need of immediate replenishment, creates an emergency and the rule requiring the reading of all ordinances on three several days is hereby suspended and this ordinance shall take effect immediately upon its passage and approval.

Passed and approved by unanimous vote of the City Commission of the City of Slaton, Texas, in regular session at its regular meeting place in the City Hall, Slaton, Texas, this 28th day of July, A. D. 1941.

J. H. TEAGUE,
Mayor, City of Slaton, Texas.
Attest: E. H. WARD,
(SEAL) Secretary.

I hereby certify that the above and foregoing ordinance was duly presented and passed by unanimous vote of the City Commission of the City of Slaton, Texas, at its regular meeting held on the 28th day of July, A. D. 1941.

E. H. WARD,
Secretary, City of Slaton, Texas.
Subscribed and sworn to before me this 30th day of July, A. D. 1941.
LLOYD HENRY,
(SEAL) Notary Public, Lubbock County, Texas.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO THE SHERIFF OR ANY CONSTABLE OF LUBBOCK COUNTY—Greeting:

You are hereby commanded to summon Margaret Parish, whose residence is unknown, to appear at the next regular term of the 99th District Court of Lubbock County, Texas, to be held at the courthouse thereof, in the City of Lubbock, on the first Monday in September, 1941, being the 1st day of September, 1941, then and there to answer a petition filed in said court on the 29th day of July, 1941, the file number of which is 9522, in which said suit B. A. Parish is plaintiff and Margaret Parish is

defendant; the cause of action being one for divorce filed by plaintiff against defendant in which it is alleged that said parties were married on January 16, 1940, separated July 17, 1941; that during their marriage the defendant was guilty of cruel treatment toward the plaintiff in that she often cursed and abused him, struck him with her fists, made serious threats against him, all of such character as to amount to cruel treatment, rendering their further living together insupportable, and to entitle plaintiff to a divorce. No community property was accumulated during their marriage. One child was born to the marriage, to-wit: Bennie June Parish, a daughter, on October 6, 1941, who is in the custody of the defendant, and no custody order is sought by plaintiff. Plaintiff prays for a divorce, and equitable relief.

You are commanded to so summon such defendant, and to serve this citation, by making publication of this citation once in each week for four (4) consecutive weeks

previous to the return day thereof in some newspaper published in your county.

Wherein fail not but have you before said court, on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

WITNESS, Royal Ferguson, Clerk of the District Court of Lubbock County, Texas.

Given under my hand and the seal of said court on the 29th day of July, 1941.

(SEAL) ROYAL FERGUSON,
Clerk, District Court, Lubbock County, Texas.

Issued this 29th day of July, 1941.

Martha Scott Sta. With Geo. Brent

George Brent and Martha Scott come to the Palace Theatre on Wednesday and Thursday in Columbia's story of heroic lovers fleeing from the fighting ruthless terror, "They Dare Not Love." It was directed by James Whale and based upon a screen play by Charles Bennett and Ernest Vajda.

In bringing to the screen this story of adventure and suspense, of gallantry and tenderness, Columbia has been hailed for the smart choice of players, both stars and supporting actors, for the careful lachishness of its many settings, and for the sympathetic understanding which the entire production has been invested. "They Dare Not Love," according to report, is more than a motion picture; it is a story ripped from the breathless events of today.

Brent plays an Austrian prince of the blood who finds refuge in America from the ruthless terror-

ism, but cannot find forgetfulness and peace. Inevitably, he is drawn into the struggle for freedom, into high adventure and startling suspense, until he willingly stakes his very life for the security of his friends, for the sake of the woman he loves. As the girl, Martha Scott makes her first modern-dress appearance on the screen, to prove herself again the most astonishing actress of the year.

Others in the cast are Paul Lukas, suave villain of "They Dare Not Love"; Roman Bohnen, who made his screen debut as "Candy" in "Of Mice and Men", and lovely Kay Linaker, cast as a society girl who would very much like to marry Brent. James Whale's direction is said to be superb, so that "They Dare Not Love" emerges a more moving and more memorable production than even his "Show Boat" of "Curly's End."
