West Texas Roundup

Local delegates to last week's highway commission meeting in Austin reported Monday night there was a strong possibility that the highway from Idalou to Ralls and Crosbyton will be made into a three-lane artery sometime soon.

At the Austin meeting, Crosby county commissioners court joined with representatives from Idalou, Lorenzo, Ralls, Crosbyton and Lubbock to seek widening of the highway.

—Ralls Banner

Committees were at work this week selling house number to finance the erecting of street markers in Crosbyton. The house numbers have already been received, it was announced Wednesday at the Crosbyton Lions Club, and the street signs are expected about the first of May.

Most people are co-operating readily in the street marking campaign by paying the \$1.50 asked for the house numbers, the committee members report.

—Crosbyton Review

Colorado City Lions will sponsor a Youth Derby during the latter part of April in which Kite flying, Model Airplanes and Soap Box races will be featured. Lions will award some \$250 in prizes to winners in the various contests. A more detailed report on the program will be made when all committees are fully organized.

—Colorado Record

The people of the Tahoka Consolidated Independent school district voted overwhelmingly last Saturday to authorize the school board to raise the tax rate from \$1.00 per \$100 property valuation as high as \$1.50 per \$100 if necessary to meet the expense of the school district. The vote was, For the raise, 135, Against it, 26.

—Lynn Co. News

Levelland, with the advent of April, looks back over a record-breaking three month period of new construction, business expansion and general progress which has precipitated this great oil well dotted area into the national spotlight.

Spring finds Levelland shattering all its previous records for new construction on business, public and residential properties.

—Hockley Co. Herald

At a public meeting at the court house Saturday afternoon, proponents of an exhibits building on the rodeo grounds for Garza County 4-H boys and girls decided that after the building is obtained, its operation will be solely in the hands of a committee of supervisors who will be elected.

The committee will consist of a man or woman to be elected from each of the following communities: Graham, Cross Roads, Garnolia, Southland, Close City, Pleasant Valley, Justiceburg, Verbena, Grassburg, Post, Barnum Springs and Hartford and Canyon Valley.

—Post Dispatch

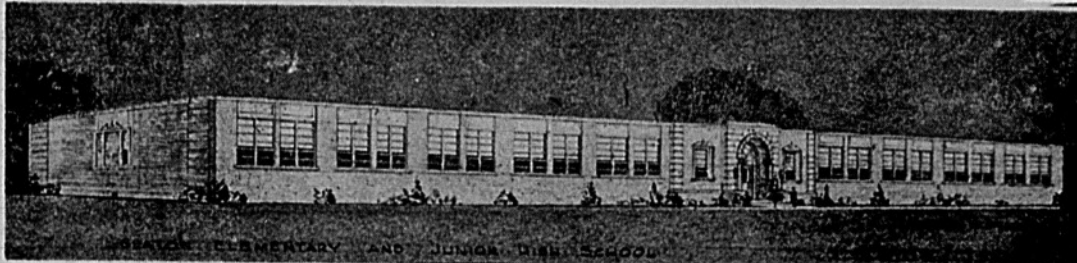

Tiger's Tale, Snyder High School triweekly newspaper, is again the winner of the Intercollegiate League Press conference for the second successive year.

In a letter of congratulations from Dr. DeWitt Reddick, I.L.P.C. director, received Thursday morning by the staff, he announced our school has been selected as co-winner with Sweetwater to receive the award of distinguished merit in Northwest Class B.

Proposed New School Building

The Board of Education of the Slaton Independent School District in a recent meeting approved the above profile to be that of the new school building to be erected as soon as the plans are completed and the contractor has been employed. It is to be erected on the site of the present Junior High School Building. Much time has been spent in the planning of the building and every item that was deemed necessary was put into it. It is to be heated by a hot air system that will remain in operation throughout the day and night as long as the weather warrants it. This will insure proper and even heat in all parts of the building for the entire winter. It is to be two hundred and ninety eight feet long and fifty seven feet wide, having sixteen classrooms, four rest rooms, two heater rooms, two music rooms, an office, a bookroom and a storage room.

Present plans call for the remodeling of the present primary building so that it will contain an auditorium to broaden the assembly programs and the use of visual aids in instruction as well as serve

in other capacities. In addition to the auditorium it will also contain a modern cafeteria. The Woodrow Wilson School will be repaired and put into good condition and will be refinished on the outside. Adequate auditorium space will be provided as well as a cafeteria.

The Board of Education has raised the tax rate from \$1.25 to \$1.50 per hundred dollar valuation. This was deemed necessary after due consideration in order that the new building as well as others, that may need it could be completely furnished with the necessary furniture, materials, teaching aids and lockers.

Mr. P. L. Vardy, jr., was re-elected to serve as superintendent for a period of three years. Mrs. R. H. Bailey was reelected as business manager of the Slaton Independent School District.

Mr. J. H. Freeland was reelected as high school principal for a period of two years. The following teachers were reelected for the year 1948-49.

High School: Mr. B. F. Herring, band, Mr. Clarence Tillery, coach, Mr. A. C. Strickland, vocational agriculture, Mrs. Imogene Carlton, vocational homemaking, Mrs. J. B.

Caldwell, English, Mrs. W. V. Childers, Spanish, Mrs. L. K. Hart, History, Mrs. June Key, History, Mr. R. M. Nash, Commerce, Mrs. Mary L. Neill, English, Mrs. Mary Tillery, Physical Education, Mr. A. C. Watson, Mathematics.

Junior High School and Elementary Schools: Mrs. Lena Legate, 8th grade, Miss Lucille Adams, 7th grade, Mr. D. J. Reeves, 7th grade, Mrs. Auden Watson, 6th grade, Mrs. Hazel Cook, 5th grade, Mrs. Virgie Hunter, 3rd grade, Mrs. Ruth Parks, 5th grade, Mrs. Mary Robertson, 4th grade, Miss Ethel Brown, 3rd grade, Mrs. Beryl Gunter, 2nd grade, Mrs. Nan Tudor, 2nd grade, Mrs. Bobbie Lee Embry, 1st grade, Mrs. Edith L. Brooks, 1st grade, Mrs. Beattie Meading, 1st grade.

Evans: (Colored) Mrs. M. E. Granville, principal, Mrs. M. R. Granville, Mrs. Iona Greer.

Some of the teachers did not wish to be considered for a position next year and will probably do further work toward their degree.

The Board of Education has authorized the employment of an assistant to Mr. Clarence Tillery who

has the responsibility of the physical education department alone. Mr. Tillery has coached for the past two years.

Plans are being made to purchase and operate two school buses next year. The Board of Education felt that it was necessary that be done to accommodate those people that live outside of the City of Slaton. It has been checked and according to the available information the Slaton School District will receive enough additional money from the State Equalization Fund to pay the cost of operation and purchase price of the buses under the condition that the program be initiated.

The vocational agriculture building was completed this year. Mr. Strickland, the vocational agriculture teacher, will be glad to show this building and its equipment to the public at anytime they wish to visit it. The shop was moved from the band room which is now being used again for band purposes. Mr. Herring, the band teacher, is serving his first year with the Slaton Schools, and has a forty piece band started. They will enter the band contest the latter part of this month.

SOFT BALL GAMES TO START AT PARK HERE MONDAY, 19

Slaton Tigers To Play First Game Here April 15

Last Sunday the Slaton Tigers took a base ball game from the Sundown Oilers by the score of 15 to 11.

From now on the chips will be down as the league opens this Sunday with Slaton at Seagraves.

Lefty Faulkner looked good as he got 8 strike outs in the five innings that he worked, giving up one hit. Banks, who relieved him got 7 strike outs and gave up 5 hits, 5 errors gave Sundown 7 runs in the seventh inning. Bunky Guinn led the hitting for Slaton with two doubles and a single, while Tillery got a home run and a single.

Slaton opens here at home against Sundown April 25.

The box score:

Lions Club Show Is To Be Given At H. S. Tonight

The Womanless Wedding, to which Slaton people have been looking forward, is to be solemnized tonight at the High School Auditorium when Miss Tiny "Red" Walston Oates becomes the bride of J. Fliverton Barley III. The program also includes several other acts which promise to be well worth seeing. Thrills and laughter are being featured throughout. The Lions Club is sponsoring this show and all proceeds are to go for local activities. The program is to begin at 8:00 and a large crowd is expected.

Guests in the O. O. Crow home for the day Sunday were as follows: Mr. and Mrs. L. F. Fickland and Mr. and Mrs. L. C. Fickland, Jr., of Wichita Falls; Mr. and Mrs. Frank Fickland of Lubbock; Mrs. J. M. Fields of Abernathy, mother of Mrs. Crow; Mr. and Mrs. Dutch Crow of Sudan; Mr. and Mrs. Tess Bruner and daughter, Peggy, of Levelland. Don John Crow was also home from Tech for the week end.

Mrs. Jerry Mudgett has returned home after spending a week visiting in the home of her son, W. H. Mudgett, and family, of Lawton, Oklahoma.

Mr. and Mrs. Silas Wilson and Pual left Wednesday morning for New Orleans, La., and Key West, Florida to spend several weeks.

—WANT ADS GET RESULTS—Mr. Stewart.

W. W. Ward Passes Improvements Away Tuesday

W. W. Ward, 67, of eight miles south of Slaton, passed away Tuesday, April 13, after having been in ill health for about five years. Mr. Ward had been farming south of here for 22 years.

Funeral services were conducted from the First Methodist Church in Wilson at 2:30 p. m., Thursday, April 15, with Rev. C. A. Hartley officiating. Burial was in Eaglewood Cemetery.

Survivors include his wife, Mrs. Minnie Lee Ward; two sons, Glen and Derrell Ward of Wilson, four daughters, Miss Ruth Ward and Mrs. Roy McGill of Wilson, Mrs. Vernon Davis of Tahoka and Mrs. John S. Meadows of Whiteface; and five grandchildren. Mr. Ward was a brother-in-law of J. W. Hood of Slaton.

V. O. Newton Is Store Manager

Mrs. H. G. Sanders, reports that she will continue to operate the Texas Grocery Store and that V. O. Newton will manage the store for her. Mr. Newton is an experienced Food Store operator and buyer and he is planning on following the same policies that made the Texas Grocery Store one of the leading food stores of this area.

There have been reports that the Texas Grocery store would change hands," said Mrs. Sanders, "but this is not true for I expect to continue to keep the store and I hope to expand and enlarge it in the future."

The Texas Grocery Store is one of the longest established food stores in Slaton and caters to the better class of trade.

Mrs. O. D. McClintock returned this week from Wichita Falls where she visited her mother and from Vernon where she visited her sister.

Vasker Browning has been quite ill with a throat infection this week.

King's 1020 Bdw, home of "Insured & Bonded Diamonds. Adv.

Senior Play Is Full Of Laughter

Strick up the band! Here comes the fun wagon loaded with every type of fun gadget yet devised by that king of farce writers, Jay Tobias. No doubt about it being the real McCoy. Imagine a maid named Inertia. It does, though, fit her to a "T." She opens the farce festivities and is shortly joined by the inimitable colored cook, Blossom Queasy. This pair merely sets the scene for the entrance of Mrs. Joslyn St. Clair, the ambitious mother of the lovely Amy St. Clair.

Johnny Rand is Amy's heart throb but he's poison to Mamma. Mrs. St. Clair would prefer the supposedly wealthy socialite Burley Bixford Beane from Lima, Ohio, as her son-in-law. There's the build-up. Then in comes Elviry and Hiram Skaggs, Amy's grandparents, straight from the hillbilly country and the fun riot gets well under way. This Beane chap isn't too tough to get along with because he's got a sense of humor which makes for a touch and go sort of contest between him and John.

Mrs. St. Clair usually has her way in all things, chiefly because she is an artist at throwing fits when her ends are to be served. She gets the non-attention cure. The grandparents are immense, there's no other word for the way they romp through the play, providing gales of laughter and helping put some clever schemers into their proper places.

This is the story of the Senior Play to be presented Friday night, April 23, in the high school auditorium, under the direction of Mrs. D. J. Neill and Mrs. J. B. Caldwell, Senior sponsors.

Mr. and Mrs. R. E. Ayers and son Ray Madison, left Wednesday for Corpus Christi where they will spend about two weeks visiting in the home of Mrs. Ayers' parents, Mr. and Mrs. M. M. Gabriel.

Mrs. W. T. Blakey of Roswell, N. M., is a guest in the R. W. Cudd home.

Ray C. Ayers returned Thursday from a business trip to Chicago.

BIRTHS

Born April 11 at Mercy Hospital to Mr. and Mrs. Milton Fields a boy weighing 8 pounds and 2 ounces. Mrs. Fields is the former Mary Ann Schmidt, daughter of Mr. and Mrs. Fred Schmidt.

Post Team Take Close Game From Slaton Hi Tigers

Last Thursday afternoon the baseball teams of Slaton High and Post met for the Tigers' first game of the season. The two teams were very evenly matched. At the end of the regularly scheduled 7 innings, the score was tied 7-7. The two teams had to play two extra innings. Shorty Hester drove the ball against the center field wall to score Malouf. Starting on the mound for Slaton was Ed Willis. Wayland Stephens took over in the 7th and finished the game. Post's pitchers were Rammage, starting, and Hester.

Batting order for Slaton was as follows: Williams, 2b, Smith, lf, Tucker, 3b, Perry, ss, Bybee, c, Vivial, cf, Layne, lb, Morgan, rf, Willis, p, Stephens, p, Culver, lb, C. Biggs, c, Lewis, rf.

Line-up for Post: Hays, 2b, Malouf, lf, Hester, ss, McCullough, rf, O'Don, c, Reno, cf, Wall, lb, Josey, 3b Rammage, p.

The Touchdown Club stood a touch for tickets to the Big League game in Lubbock last week and the members of the Slaton Tiger High School nine are high in their praise of the local club.

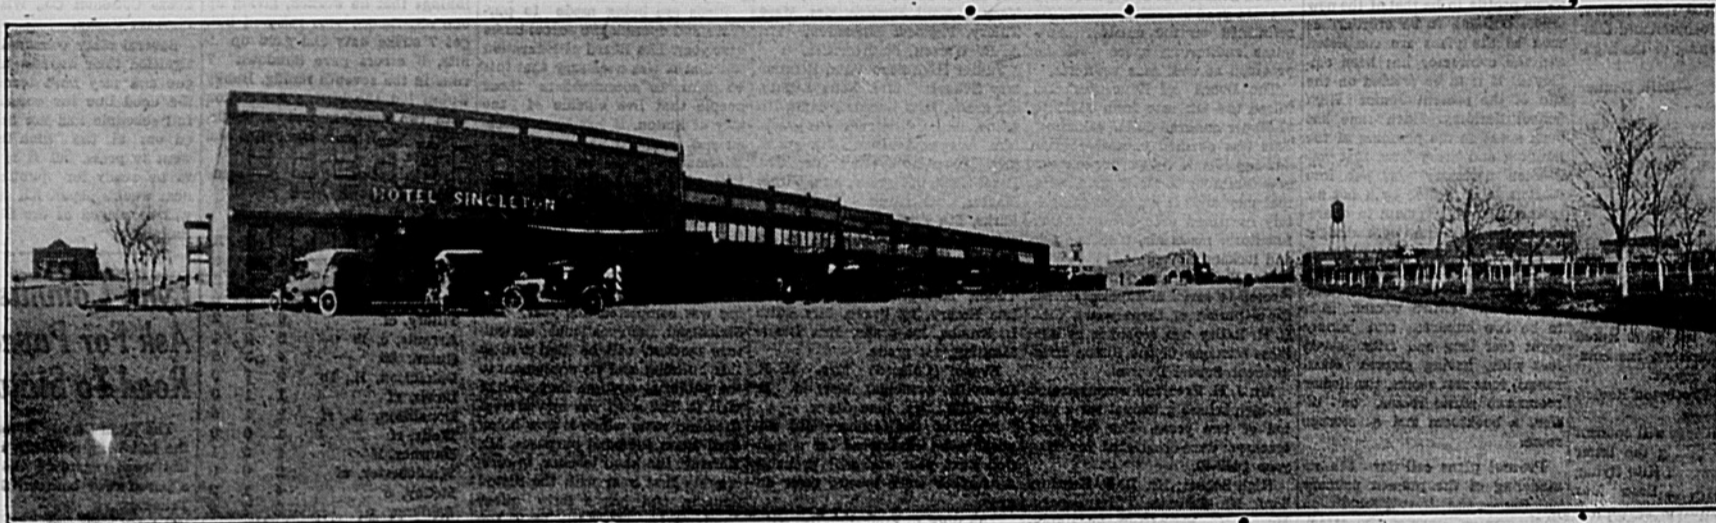

METHODISTS PLAN FOR A VACATION BIBLE SCHOOL

The Board of Christian Education of the Methodist Church met Monday, April 5, and planned for the Vacation Bible School, which is sponsored by the Board of Christian Education. Dates for the school are June 7 through the 19th. Mrs. Bruce Pember is to be Superintendent of the School. All workers planning to assist in the school are asked to attend the District Training School in Lubbock today, Friday, April 16, from 9:45 until 3:00 o'clock.

Mrs. J. R. Wellborn has returned from a visit with her mother and sister in Winnsboro.

Mr. and Mrs. C. H. Green and daughter, Betty Joyce, left Friday morning for Harper, Kansas, to visit Mrs. Green's mother, Mrs. C. R. Richardson.

Do You Remember These Scenes?

The above illustrations were made from scenes taken of the business sections of Slaton a good many years ago. They demonstrate the growth of the

town in a number of ways, the trees on the City Hall Park, the name on the Hotel and many other outstanding differences. To the first person who cor-

rectly identifies the year or the occasion when these photographs were taken we will give a one year subscription to the Slatonite. The two photographs have no connection with each other.

"Pudding, Please!"

By Frances Lee Barton

SOME people assure us that pie is America's favorite dessert. Others are equally sure that ice cream is our favorite. But listen attentively and you will be surprised at how often you hear "Pudding, please" as an answer to "What will you have for dessert?" Below is one good reason:

Prune Sponge Pudding
 1/4 cup quick-cooking tapioca; 1/4 cup sugar; 1/4 teaspoon salt; 1 1/2 cups prune juice and water; 1 tablespoon butter; 1/4 tablespoon lemon juice; 1/4 teaspoon grated lemon rind; 1 cup finely cut cooked sweetened prunes; 1 egg yolk, beaten until thick and lemon-colored; 2 egg whites, stiffly beaten.
 Combine tapioca, sugar, salt, and prune juice and water in saucepan. Place over low or medium heat and cook until mixture comes to a boil, stirring constantly. Remove from heat. Add butter, lemon juice and rind, and prunes. Cool slightly while heating eggs. Add egg yolks and mix well. Add very gradually to egg whites, folding in thoroughly. Turn into greased baking dish. Place in pan of hot water and bake in moderate oven (350° F.) 1 hour, or until pudding is firm. Serve warm with Custard Sauce. Makes 6 servings.

South Dakota Farmers Save
 Of the many ways in which South Dakota farmers increased gross returns by applying research results are cited by the South Dakota station as follows: Increased yield of oats through planting of newer varieties, \$16,770,000; saving in feed consumption and increased meat production through adoption of improved feeding practices for cattle, sheep and swine, including practicable use of soft corn, \$20,200,000, and adoption of improved breeding, feeding and management practices for poultry, \$1,562,000; a total of \$38,532,000.

Note pads 30c per pound at the Slatonite.

Sparkling Diamonds
 Facets cut by experts on the raw stone reflect light and make diamonds sparkle. Because these facets pick up the yellow of gold, and the brilliance is thereby dulled, diamonds usually are set in white platinum or palladium to enhance the gem's gleam.

Two-Row Corn Planter
 A two-row corn planting machine, patented by George W. Brown, Galesburg, Ill., made its first appearance in 1853. This machine could plant 15 to 20 acres per day, if the area previously had been marked by cross-plowing.

One only 2 drawer steel letter box at the Slatonite.

White Lead Value
 The secret of white lead's success is its resistance to weather wear. It forms a tough, elastic film that withstands the expansion and contraction of the surface it covers without cracking and scaling. It just wears down stubbornly from the outer surface inward. This prevents unsightly cracking and scaling, as occur with hard, brittle paints.

Little Known Tree
 The black gum, also known as sour gum, black tupelo or pepperidge, and technically as Nyssa sylvatica, is a moderate-sized tree with eventually very rough, deeply checked bark and entire-margined, leathery, shining leaves. The fruit, rather infrequently produced, resembles a small, blue-black plum, but is bitter and peppery to the taste.

Aluminum Linings
 Aluminum linings for household skillets and baking pans are on the market. They are discarded after a single use and save the drudgery of scouring out the used utensil. The shaped linings, made in sizes to fit standard skillets, are of non-absorbent, non-inflammable, highly burnished aluminum foil.

This War Debt Paid
 Following the Boxer rebellion against foreigners in China, that country agreed to pay for damages suffered. The United States felt that her share was excessive and returned half of it, or about 12 million dollars. China used the funds to send Chinese to schools in this country.

Kiddie Scribble notes 35c per box at the Slatonite.

Using an Old Leader
 A leader is no longer useful when it gets down to a foot or two in length, but that is no reason for throwing it away. The leader fragment, if still in good condition, can be cut into eight-inch lengths and used for hook snells.

Dental Pain Killer
 Biochemists at Loyola school of dentistry, Chicago, have developed a new dental anesthetic. The drug, called topocaine, is rubbed on the gums before an extraction. It completely deadens the nerve in two or three minutes.

Consumption of Rice
 Heaviest per capita consumption of rice is localized in southeastern China, where it is said to be from 400 to 548 pounds per year. In Puerto Rico rice consumption amounts to 140 pounds a year per person. Consumption in the United States is about 6 pounds per person a year.

Thousands of tons of badly-needed food are laid waste by fire. Fires occur annually in 2,000 flour mills and elevators, 200 packing plants, 900 bakeries, 10,500 restaurants, 20,000 barns, 500 creameries and dairies and in thousands of groceries, warehouses and farms.

What They Write

PASSING COMMENT
 "The Plainsman" is a much better writer than "prognosticator" as proved in the recent city election.

Quote: "There will be a few score votes less than 2500.

Clarence Bestwick will get around 1500 of them and Will Rodgers will get around 900."

He said, "Check up after the votes are counted and see how wrong we are."

Well, we did.

Just in case you don't want to

go to the trouble of measuring it. I hear over the radio, that, if the temperature is favorable, a cubic mile of fog will contain 750 tons of water.

I have just read again Margaret Halsey's book, "With Malice Toward Some," which she wrote in England some years ago.

In it she holds up, for closer inspection, certain peculiarities of the place and the people. Here are a few excerpts: "It took us seven hours to get here for the train padded along like an old woman

with a basket on her head."—the boneless quality of English conversation, which so far as I have found it, is all form and no content." — a steely and suspicious matron — she has a mouth which ought to be left out in the woods to catch bears." — "English women's shoes look as if they had been made by someone who had often heard shoes described, but had never seen any."

"It is possible to eat English pie crust, whatever you may think at first. The English eat it and when they stand up and walk they are hardly bent over at all." And speaking of the military brass, she observes, "They are red-faced, white mustached — their eyes look like affronted oysters — are trailed by their dusty, time-less little wives."

It is little wonder that the English did not appreciate Mrs. Halsey's wit, or that one of them also "wrote a book," in which our own idiosyncrasies were spread out for all to see.

The Hackberry Co-op Gin held its eight annual stockholder's meeting on Tuesday of this week. This gin has had its ups and downs during its nine years of community service—the ginning output running from only a few hundred bales in a "bad" year to about 3500 this year.

However "all's well that ends well." Several hundred people enjoyed the noon lunch of bread, barbecue, pickles, potato salad, doughnuts and drinks.

After several interesting speeches, checks totaling approximately twenty-three thousand dollars were handed out to the stockholders.

U. S. Policy Today Is Subject Of Civic Club

The Civic and Culture Club met Saturday afternoon in the home of Mrs. R. G. Shankle. The vice-president, Mrs. Ralph Hayes, presided. Nineteen members were present.

Mrs. W. T. Cherry was leader of the program on "United States Policy Today." Mrs. Cherry discussed, "The Truman Doctrine," "The Marshall Plan," was given by Mrs. Henry Hollis, and "Recent Developments," were told by Mrs. Elbert Loveless.

Mrs. Shankle served a delicious refreshment plate.

The next meeting will be held April 24, in the home of Mrs. S. H. Adams.

POSEY DEMONSTRATION CLUB STUDIES CHAIRS

"A chair that does not give 'sitting' comfort, or a bed that does not give 'sleeping' comfort is a poor investment." In testing for sitting comfort, observe whether it meets the requirements for height and weight of the person who is to use it.

"A good finish is a definite indication of quality," Mrs. Buck Craig told the Posey Home Demonstration Club members when they met Wednesday afternoon in the home of Mrs. T. A. Johnson. Recreation was led by Mrs. Schulte. Delicious refreshments were served to ten members and our Home Demonstration Agent, Miss Clara Pratt. Our next meeting will be April 21 in the home of Mrs. Sam Gentry.

Mrs. R. W. Cudd accompanied a group of Tech students, including her daughter, Martha, to Matador Friday, where they put on a talent show for the Lions Club.

Dr. W. E. Payne, W. G. Elkins, J. M. Fondy and Frank Walton returned Friday from Dallas, where they attended the Scottish Rite Convention.

Bride-Elect Is Honoree At Showers

A bridal shower honoring Miss Mildred Kitten was given April 2nd at 7:30 p. m. at the Slaton Club House.

The serving table, covered with a white linen cloth, was centered with a large bowl of assorted fruit and flanked by two white candles. Multi-colored tulips were used as plate favors and also as decoration for the bride's chair.

A toast to the bride was given by Margaret Kitten, sister of the bride. The remainder of the program consisted of a skit, "How Gossip Travels." Several popular songs were rendered by the group. Many lovely and useful gifts were received by the bride.

Refreshments of strawberry ice cream, cake and lime punch were served to the guests.

Approximately 125 guests registered in the bride's book presented over by Margaret Kitten.

Miss Kitten was also honored with a personal shower given in the home of Mrs. Herman Schilling.

Clues were written by each guest as they arrived, which the bride followed in finding her gifts.

A chicken dinner was served to approximately 20 guests.

Besides the many lovely gifts that the bride received, she also received a Friendship quilt, which was sponsored by Mrs. Hilda Reissig, Mrs. Ray Kitten, Mrs. August Kitten and the bride's cousins.

MRS. J. S. EDWARDS, JR. LEADS CIRCLE PROGRAM

Circle 3 of the W.S.C.S., of the Methodist Church met Monday in the home of Mrs. Joe Walker, jr., with Mrs. Geo. Brassell as co-hostess. Eighteen members, new members and guests were present.

Mrs. Vasker Browning presided over the business session. Mrs. Sug Robertson gave the devotional.

Mrs. J. S. Edwards, jr., led the program, assisted by Mrs. Joe Wicker.

Refreshments were served, with Mrs. S. H. Adams presiding at the punch bowl. Among the guests was Mrs. J. H. Brewer, president of the W.S.C.S.

Society - Clubs

Kid Party Is Given In Baker Home

Mr. and Mrs. Porter Baker were hosts to the Friendship Class of the Methodist Church Friday evening, April 2, when they entertained with a kid party in their home on 11th St.

Guests attired in kid costumes played games and did stunts in a party room gaily decorated with balloons. Willie Wilke, Mrs. Wilke and Mrs. Alton Summerall were voted the best dressed boy and girls. A taffy pull climaxed the evening.

The hostess served doughnuts and cakes.

Those present were Messrs. and Mesdames Ronald Woollever, R. H. Todd, jr., H. H. Gore, Joe Miles, Willie Wilke, Richard Wilkinson, Alton Summerall, Mrs. Katie Hutchens, and Arthur Sumerall, Karen and Porter Baker, jr.

Childs Study Club To Meet Fri., April 28th

Mrs. P. G. Meading will be the guest speaker at the Childs Study Forum meeting that will be held on April 28, at 4:00 p. m. in the Chapel of the First Methodist Church. Her subject will be "Art and Music appreciation for the pre-school child."

AMERICAN LEGION AUX. WILL MEET APRIL 21

The American Legion Auxiliary will meet Wednesday, April 21, with Mrs. Electra Dobson, 405 S. 7th St., at 3 p. m. Members are urged to be present.

Mrs. L. A. Harral accompanied a group of Tech students to Ft. Worth over the week end, where they attended the Ice Capades. In the group were Misses Mary Harral and James Holden, and Messrs. James Pinson and Gerald Stokes.

Mildred Kitten Becomes The Bride Of Paul Warren In Church Rite

Dr. Glen Payne Speaks To P.-T.A.

The Junior-Senior High School Parent-Teacher Association met at the Slaton Club House last Thursday night, with Mrs. Allen Crowley presiding. It had been decided to try a night meeting in order that the father members might attend and the officers were gratified to note the presence of eight fathers.

Election of officers was held and the following are the officers for next year: President, Mrs. Seaborn Teague; Vice President, Mrs. J. P. Pearson; Secretary, Mrs. R. M. Shepard; Treasurer, Mrs. E. B. Morgan.

Mrs. J. B. Huckabay, program chairman, presented the following program:

Solo, Anna Doris Phillips, accompanied by Connie Jo Fish.

Reading, Barbara Jochetz.

Guest speaker for the evening was Dr. Glen Payne, who spoke on the health of our children, stressing the importance of preventing disease, checking up on their eye sight, hearing, etc.

Following the program a social hour was enjoyed, during which Mesdames J. P. Pearson, W. T. Cherry and Bruce Pember served punch and cookies.

Home Makers Meet

The Home Makers S. S. Class met in the home of Mrs. Fannie Patterson, April 8th for their regular business and social meeting.

Opening with singing, prayer by Bro. Ferguson, Devotional 6th chapter of Matthew, read by Mrs. Patterson. Reading of the minutes by Mrs. Henry Jarman. Mrs. Geo. Payne was relieved as group captain. Mrs. Shaffer took her place. Closing prayer by Mrs. Norman. Mrs. Geo. Marriott led the social hour with a lovely Bible game.

Refreshments was served to the following members: Mesdames J. W. Scott, Arthur Dennis, C. B. Martin, D. W. Walston, Arthur R. Keys, C. D. Willis, Joe Teague, Jr., Geo. Marriott, J. G. Harper, J. M. Stephens, B. G. Norman, A. P. Wilson, J. M. Shaffer, Henry Jarman, L. V. Lockney, Guy Brown. Visitors were Mrs. P. G. Stokes, Mrs. Dudley Berry, Bro. Ferguson and Mrs. Ferguson.

★ ★ Fashions ★ ★

Dresden shepherdess effect is given by the cotton batiste nightie shown above as pictured in the April issue of Good Housekeeping magazine. Comes in white with pink or blue. Sizes 32 to 40; about \$4. Kayser.

Ancient Atomic Poem
In 56 B. C. Titus Lucretius Carus wrote a poem "De Rerum Natura," in which he explained and developed atomistic cosmology. He made allusions to magnet, iron filings in brass basin with movable lodestone underneath, magnetic attraction and repulsion.

BLACK-DRAUGHT

In a double ring ceremony solemnized Tuesday, April 6, at St. Joseph's Church, Miss Mildred Kitten, daughter of Mr. and Mrs. Frank Kitten became the bride of Paul Warren, son of Mr. S. H. Warren.

The Rev. T. D. O'Brien officiated at the ceremony and read the Nuptial Mass. Acolytes were Franklin Kitten and Ronnie Schilling.

The altar was decorated with pink and white carnations and sprays of fern. Miss Joerita Kitten played the traditional wedding marches. "I Need Thee Precious Jesus," was sung by Mrs. Delphine Halavaty, also songs during the mass were presented by the choir.

The bride, given in marriage by her father, wore a gown of white slipper satin fashioned with a seed pearl bodice with sweetheart neckline and long sleeves tapering over the wrist. The full skirt extended into a train. Her finger tip veil of illusion and lace was attached to a sweetheart crown of orange blossoms and seed pearls. She carried an arm bouquet of calla lilies showered with bridal wreath and satin streamers. She wore a three strand of pearls around her neck.

For her bridesmaids she chose her sister, Margaret Kitten, Jeanette Reissig, a cousin, and Mary Schwertner. Silvia Showalter, cousin of the groom was flower girl. They wore identical dresses of maize, Nile green, rose and open blue faconne sheer, fashioned with a fitted bodice and full skirt. The ruffled sleeves and attaching ruffle to the skirt were trimmed with iridescent sequins. The matching headress was a sheer brim fastened to an open crown with a large satin bow attached to the back of the crown. They carried arm bouquets of white gladioli. The flower girl carried a crocheted basket of rose petals and a sweet peas.

Attending the groom was Marvin Kitten, a cousin, and Alvin and Andrew Kitten, brothers of the bride. Henry Kitten was ring-bearer and carried the rings on a satin pillow centered with lace.

Following the ceremony a wedding breakfast was served at the home of the bride's parents. An all day reception followed with approximately 175 guests present.

The bride's table was laid with a lace cloth centered with a three-tiered wedding cake flanked by white tapers and carnations.

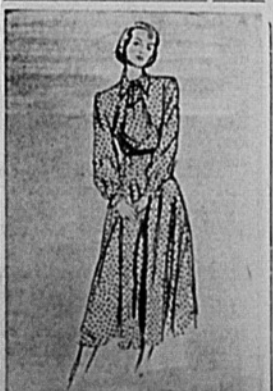

In the evening a dance was held at the Plamour. After a wedding trip to New Mexico the couple will be at home near Monroe.

The bride is a graduate of Cooper High School. The groom, who is a graduate of New Deal High School and veteran of World War II, has been making his home with his aunt Mae Hargis of Monroe, during the past year.

Out of town guests were: Mr. and Mrs. Lawrence Schilling and family, Mr. and Mrs. A. L. Bellah and family of Amarillo, Ervin and Leonard Bartels and Alvin Kuss of Hermleigh, Mr. and Mrs. C. D. Showalter, Mr. and Mrs. Pearce Warren, Fern Weiden, Mrs. Mae Hargis, Gladys Alexander and Bob Warren, Mr. and Mrs. Theo Halfmann, Mr. and Mrs. Otto Halfmann and daughter, Rita, and Mrs. Ralph Gerngross, Joe and Isidore Hoelscher all of Olfen.

Mrs. Joe Miles and Mrs. R. H. Todd, jr., shared honors when Mrs. Ronald Woollever entertained with a gift shower in her home on 5th St., Friday afternoon. Games were played and gifts were displayed. The hostess served a salad plate and iced tea.

Those present were: Mesdames M. L. Turnbow, J. C. Hennington, Leroy Holt, R. F. Swafford, Geo. Harlan, H. H. Gore, Alton Sumrall, Richard Wilkinson and Porter Baker. Those sending gifts were Mrs. R. H. Todd, sr., Mrs. Judge Smith and Mrs. Willie Wilke.

Everyone wants a polka dot dress these days and the one shown above as pictured in the April issue of Good Housekeeping magazine can serve for many occasions. It's rayon, blue on cream, brown on blue. Comes in sizes 12 to 20; about \$25. Gladly Colleen.

Apple Turnovers - New Style

By MOLLIE MARTIN

Since the days of Simple Simon and the pleman on the road to the fair, apple turnovers have been high in popularity polls. Fried Apple Sauce Turnovers are a new variation on the old theme though, and one that is bound to become a standing favorite in the best pie circles.

These turnovers are made from the Ever-Ready Blend which is always ready to lighten the cook's burden. Ever-Ready Blend, you know, is that homemade blend of flour, double-acting baking powder and shortening. Blended and stored in the refrigerator in quantities that will keep for two or three weeks, it can be used for biscuits, pastries, muffins, hot-breads, and casserole toppings. With the addition of milk, it's all ready to go as in the recipe for Fried Apple Sauce Turnovers.

Ever-Ready Blend
(For biscuits, waffles, muffins, etc.)
12 cups (3 quarts) sifted flour
4 tablespoons calcium baking powder
2 tablespoons salt
2 cups (1 pound) shortening

Sift flour once. Measure 3 cups into sifter, add 1 tablespoon (3 teaspoons) baking powder, and 1 1/2 teaspoons salt; sift into large bowl. Repeat. Cut in shortening with pastry blender or two knives until finely divided and mixture resembles coarse meal. Makes about 14 cups Ever-Ready Blend.

Place in glass jars or crockery bowl and cover lightly with cloth or plate to allow circulation of air. Store in refrigerator or other very cool, dry place. Keeps well for 3 or 4 weeks.

To Make Biscuits
For 10 to 12 biscuits, measure 2 cups Ever-Ready Blend into bowl. Add about 1/2 cup milk and stir until a soft dough is formed. (Use more or less milk, depending upon particular flour used.)

Turn out dough on lightly floured board and knead 30 seconds. Pat or roll 1/2 inch thick and cut with floured 2-inch biscuit cutter. Bake on ungreased baking sheet in hot oven (450° F.) 12 to 15 minutes.

Buttermilk Biscuits. Stir 1/4 teaspoon soda into 2 cups Ever-Ready Blend. Substitute buttermilk for sweet milk and proceed as directed above.

Fried Apple Sauce Turnovers
2 cups Ever-Ready Blend
1/2 cup milk
1 1/2 cups apple sauce, sweetened
Dash of nutmeg or cinnamon

Measure Ever-Ready Blend into bowl. Add milk and stir until a soft dough is formed. Turn out on lightly floured board and knead 30 seconds.

Roll dough 1/4 inch thick and cut in 5-inch circles. Place a tablespoon of apple sauce, which has been flavored with nutmeg or cinnamon, on half of each circle. Fold other half over apple sauce and press edges together with floured fork. Fry turnovers in deep fat (365° F.) 3 or 4 minutes, or until golden brown, turning to brown both sides. Drain on unglazed paper. Dust with powdered sugar. Serve hot or cold. Makes 8 small turnovers.

Miss Cora Sealy visited with her sister in Meadow, Sunday.

We Salute

This week we are very proud to salute two of our young business men, raised and educated in Slaton and who have made good in the old home town, Johnnie Berkley and Ed Haddock, who are owners and operators of Berkley and Haddock Grocery and Market.

JOHN HENRY BERKLEY

John Henry Berkley was born in Sylvester, Texas, 1907. He moved to Slaton with his parents, Mr. and Mrs. Louis H. Berkley, in 1919. One of his earlier memories is of the big celebration which was held on Slaton's 11th birthday when he tried to drink all the soda pop in sight. His first business venture was when he and Dreamy Smith peddled candy in suitcases to the school kids until they nearly went broke because the kids sneaked the candy out while others were keeping the salesmen busy. He says there were so many windmills here when he first came that he wondered how they could all turn at once. As a little boy he delivered express for Mr. K. C. Scott, who, he says, seemed like an old man to him then. He was market manager for the Piggy-Wiggly Store here for 13 years before going into business with Edwin Haddock.

On May 22, 1927 Johnnie Berkley and Daphne Irene Adams of San Saba were married, making their home in Slaton. They have three children, Jack, Gene and Johnette. They have built two homes here, their present one being at 825 W. Lubbock St. Johnnie is a Deacon in the Church of Christ and a member of the Slaton Rotary Club.

Johnnie says he is very proud of the improvement recently made in Slaton on the corner where their business is located and the next corner south where Dr. Lovell's new clinic has been built and the lots surrounding it are being landscaped. Just a short time ago these corners were very unsightly.

"Slaton is a swell town," says Johnnie, "but it would be much better if the business men would invest their money in the home town." He says we need a good optometrist, and a good airport would also be a big improvement.

EDWIN H. HADDOCK

Edwin H. Haddock, son of Mr. and Mrs. W. R. Haddock, was born in Portia, Arkansas on February 28, 1912. He moved with his parents to Slaton in 1919, and received his education in the Slaton schools. Although just a small lad of 7, Edwin remembers quite well the ride from the depot in the old one-horse surrey, driven by Rufe Hazlewood. There was very little else here at that time to impress a small boy, Eddie tells about one of his first jobs when he and Carl Self, who was a bigger boy, were supposed to be guarding Bill Layne's chickens while Bill and his

father were out of town. The two boys went up town, when they went back to Bill's they heard a noise out at the chicken house and they immediately took off in the other direction. The next day a lot of Bill's chickens were missing. Another outstanding incident of his boyhood here was when on a trip to the canyon some of the boys threw he and Demp Cannon into the creek and he nearly drowned. Eddie also had a job as a water boy when Slaton's first pavement was laid.

Dora Alice Favor of Abilene became the bride of Edwin Haddock in Abilene on January 13, 1935. They have two children, Ann and Mike, and have owned two homes here, their present home being at 345 S. 10th St. Edwin is a member of the Church of Christ.

Eddie says Slaton is growing very fast and that homes are not being built fast enough to keep up with the growth. He thinks Slaton will always be a good town in which to make one's home, but we do need a good modern hotel.

Ed and Johnnie entered the grocery business together in Nov. of 1939 in the old First State Bank building on the northwest corner of the square. They moved into their new building on the corner

of 10th and Garza on July 21, 1946, with a greatly enlarged stock and plenty of parking space, with open self-service refrigerators, self-service vegetable racks and everything in the cleanest and most modern equipment available.

In the latter part of 1946 two buildings on the west side of the square, which were owned by S. S. Forrest were badly damaged by fire. On January 5, 1947, Messrs. Berkley and Haddock purchased these buildings and began construction on them in June, finishing in September of 1947. This building is now occupied by the C. R. Anthony Co. Department Store. This building represents an investment of \$21,500.

Altogether, including their business and business properties, and their homes, Messrs. Berkley and Haddock have made an investment of approximately \$100,000 in Slaton.

Swiss Discovered DDT

The original work on dichlorodiphenyl-trichloroethane, or DDT, was done by Swiss scientists who synthesized the product and used it to destroy the Colorado potato beetle that threatened the potato crop in Switzerland. America has secured many of her pests and insects from Europe, but the Colorado potato beetle is one of the few American insects finding its way to Europe.

Dennis Morgan and Andrea King toast each other in this scene from Warner Bros. new Technicolor musical "My Wild Irish Rose."

"FEEDING PRACTICES" THAT SAVE GRAIN PROFITABLY

HERE'S HELP FOR YOU...

The "1948 Feeding Practices" bulletin contains timely, practical information on management and feeding to help you. This authoritative, annual publication, used so extensively in past years, will be even more useful than before to livestock producers who get their free copy immediately.

Efficient, economical livestock production with minimum use of grain is the major problem in 1948 for stockmen and farmers. Good management, built around grass, roughages and protein, is the key to solving the problem.

PROFITABLE WAYS TO SAVE GRAIN...

Mister, this Oil gives you
"Lubri-tection!"*

Yes, That's the Kind of Protection You Get With the Great Phillips 66 Premium Motor Oil

RIGHT—you can get more than just lubricating qualities with this fine oil—you get plenty of engine protection, too!

That's why we call it "Lubri-tection"! Because Phillips 66 Premium does more than just oil moving parts. It washes away harmful sludge, helps reduce piston-fouling varnish, protects delicate bearing metal from corrosion. All that in a quart of oil!

Why not give your engine this kind of treatment—it's worth it. Just ask for the new Phillips 66 Premium.

PHILLIPS 66 PREMIUM MOTOR OIL

* "Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergent and oxidation inhibiting ingredients.

Insulation Makes Homes Cooler; Saves Fuel

The Texas Roofing Co., 1902 Ave. F., Lubbock would like to figure with you on insulating your home. They are offering the most modern materials and expert workmanship in this service, which makes your home much cooler in summer and save you money by using less fuel for heating in the winter. Now is the time to have your home insulated and the Texas Roofing Co. offers the best at reasonable prices. Call on them for estimates.

This company also offers all types of roofing for business houses and residences. Let them figure with you on roof repairs or a new roof. They are equipped to take care of your needs in all repairs, cornicing, etc.
Now is the time to install that air conditioner. See them at 1902 Ave. F., Lubbock. The very best lines are carried here.

When Soles Sweat
There are about 3,000 sweat pores to the square inch on the soles of your feet—one reason foot specialists recommend leather soles, whose fibrous structure permits absorption and evaporation of the moisture.

Blood to Fight Virus
The fat from blood may be used against infantile paralysis and other virus-caused diseases that attack the brain and nervous system. Work being conducted at Rockefeller Institute for Medical Research indicates that the fat soon may become a chemical weapon for this purpose.

Tallest Animal
The tallest animal to have horns is the giraffe. Sometimes he attains the height of 19 feet.

Development of Roses
Men have devoted almost entire lifetimes to the discovery and development of both orchids and roses. The secret of growing long-stemmed roses was discovered when it was found that pinching terminal buds made the main stem produce a new shoot and continue to grow longer, at the same time producing a more beautiful flower.

Sawdust to Glue
In repairing furniture, first see that the surface is free from oil, grease or paint, then add fine sawdust to the glue. This will prevent the glue from cracking away from the wood.

Honeys Vary in Flavor
Honeys will vary in flavor, according to the plants on which the bees have eaten. Nutritionists say to add one-quarter to one-half teaspoon soda to each cup of honey and to reduce the liquid in the recipe one-quarter cup for each cup of honey used.

JUST TALK

by
A.M.J.

Ray Ayers says I have been misrepresenting him to the public and that his figure does not stick out nearly as far in front as I have led some of his friends to believe. On a recent trip to Chicago Ray stopped in to see Charlie Taylor. Mr. Taylor was greatly disappointed because Ray did not live up to his expectations. Ray also reported that he told Mr. Taylor that nothing in the Slatonite could be depended upon since I have been in Slaton.

All that I said in the Slatonite was that Mrs. Ayers demonstrated the fact that Mrs. Ayers is a good cook and I still say that Ray has that peppermint stick candy, lemon chiffon pie figure that is the natural consequence of a wife who is a good cook, while his is not a greatly overstuffed figure it does have that protuberance immediately under the belt buckle that calls for factory built pants to cover the sudden departure from the regulations of nature.

Mr. Ayers has a very nice, portly figure and I wish to compliment Mrs. Ayers upon her culinary accomplishments and I know Ray has enjoyed building up his German goiter.

Last week I met Doctor Payne in the Post Office at 7:49 a. m. in the morning where you can find him easier than you can at his office and the good Doctor was opening his letters and discarding most of them in the trash can so I put my pile of 1 1/2 c letters down by the side of his and we just about filled the trash can. It was one of those days when the Russians had taken over another European country and I was looking excitedly at one of the papers that had come in my pile of stuff and I remarked to the Doctor that the international affairs certainly did look dark.

"I very seldom read that propaganda," said the M. D. "there is no use my worrying my head about something over which I have no control, just give me some local problem to howl about and I'll do my best to get into a tizzy but you leave me cold when it comes to getting my blood pressure up over the doings of folks in Russia.

There are some folks who can sit out in the sun hour after hour and never change color and get sun burned — Ray Hickman, Nat Heaton, J. H. Brewer and Howard Swanner, Robert Huser and many other tough roosters can take it but the first day that I get in the sun when the temperature gets above 70 I get as red as the stuff inside of a can of tomato soup. My nose lights up like a clown's in the circus and my skin starts to peeling off and from then on I shed skin like a snake does each Spring only I shed mine little at a time, according to the time I spend outside of our front porch. It is not fair — everyone who goes out in the sun should have to suffer the same as I do.

Very few people know how the other fellow makes a living and most of us do not appreciate the services we receive. Not long ago I asked one of the delivery men for John's Dairy if delivering milk was not a tough job when the sand storms are blowing and he said it is not very pleasant but that it is not bad at all compared to milking, washing and delivering

the serious enterprise of counting the buttons on the gentleman's vest.

At last, the unhappy victim turned despairing eyes upon the small one's beaming mother.
 "Madam," he asked, "what do you call this dear child?"
 "Kenneth," she brightened.
 "Then, pray, call him."

"I'm Mr. Brown's wife," said a brunette, introducing herself to a blonde at a party.
 "I'm his secretary," said the blonde.

"Oh," said the brunette, arching her eyebrows slightly, "were you?"

Distributing Costs
 A survey shows that all the profits of distributing goods from producer to consumer amount to about three cents out of every consumer dollar.

Santa Fe Trail Covered
 Francisco Vasquez de Coronado, the Spanish explorer, was the first European to pass over any considerable part of the Santa Fe Trail. He followed the Arkansas river on his way back from unprofitable trip to Quivira in 1541.

**News Summary
 Featured Weekly**

"What becomes of Gifted Children." Do brilliant youngsters fulfill their great promise when they become adults? You'll find the answer in this absorbing report of the "20th Century's most important study in child psychology." Read it in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

"The Girl and the Outlaw." It's a romantic tale stranger than fiction, this love story of one of the west's most dangerous outlaws and his gentle Julia. Homer Croy tells the thrilling story of desperado Emmett Dalton's career in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Mrs. L. F. Elston has returned to her home in Kemp after a visit with her brother, A. V. Barnes and family, and other relatives.

Fence the Bull In
 It is never safe to permit the bull to run with the herd. The bull should be kept in a properly constructed bull pen which will necessitate a minimum amount of handling. When it is necessary to handle the bull, a staff and ring should be used.

Church for Students
 America's first church expressly for college students was organized in 1906 at University of Illinois.

**IT'S A
 BIG JOB
 THESE DAYS**

One of the first things a new telephone operator learns is to be always ready for the next call—your call—anybody's call!

Operators have a lot of calls to handle nowadays. There are more telephones in use than ever before and calling is at an all-time high. The switchboard at times is literally ablaze with lights—each one calling for "Number, please?" and each one getting a "Number, please?" as quickly as skilled and courteous operators can manage. If your call is not answered at once, you'll know that nimble fingers will reach it as soon as they possibly can.

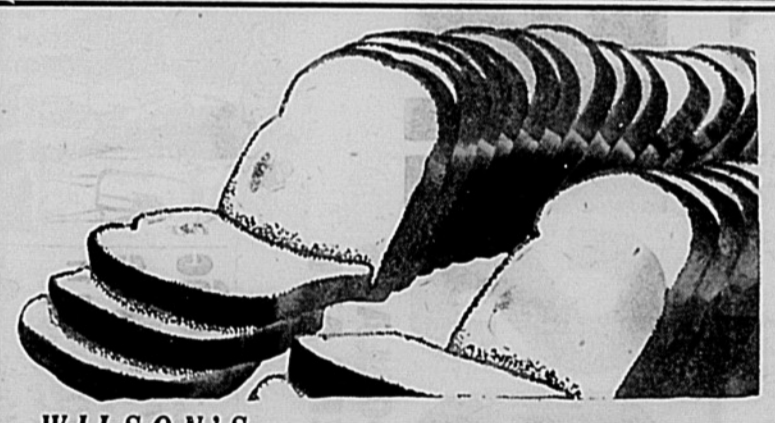

As soon as much-needed new equipment can be obtained and installed, we'll be ready to handle your calls quicker and better than ever before.

"Talk about VALUE," says America
"CHEVROLET and ONLY Chevrolet IS FIRST!"

You'll find that new front-end styling—new colors—new and even more luxurious interiors add still further to the Big-Car beauty of Chevrolet's Bodies by Fisher. They're the world's finest bodies, found only on Chevrolet and higher-priced cars.

You'll get much better performance with economy from Chevrolet's world's champion Valve-in-Head engine. It has the finest record of dependability of any automotive power plant! And Valve-in-Head engines are exclusive to Chevrolet and more expensive automobiles.

You and your family will have Big-Car safety, too. For Chevrolet brings you the three-fold protection of Fisher Unisteel body-construction, the Knee-Action Ride, and Positive-Action Hydraulic Brakes—another combination of features found only in Chevrolet and more costly cars.

Yes, from one end of the country to the other, public enthusiasm for the new 1948 Chevrolet points to a great public conviction that CHEVROLET AND ONLY CHEVROLET IS FIRST in all-round value as in popularity. More people drive Chevrolets, according to official nationwide registrations and more people want Chevrolets, according to seven independent nationwide surveys than any other make of car. Your own judgment will tell you that this is because Chevrolet gives more value . . . because it alone offers BIG-CAR QUALITY AT LOWEST COST!

As you know, public demand for new 1948 Chevrolets is at the highest level in all Chevrolet history. For that reason, we urge you to keep your present car in good running condition, pending delivery of your new Chevrolet. Come in, get skilled, dependable service, now and at regular intervals.

Texas Tech Notes

Arrangements for the annual rodeo April 16 and 17 sponsored by Block and Bridle Club, Texas Technological College organization for students enrolled in agriculture, are in final stages at the club's campus headquarters.

Atmosphere of the "old west" with its traditional practices and typical regalia will prevail over the entire campus during the two-day Texas Tech all-western extravaganza.

Rodeo performances on Friday night at 8 o'clock, and Saturday at 2:30 p. m. will highlight the western observance.

A parade at 5 o'clock Friday afternoon will officially launch the tenth campus rodeo. Saturday's show will be started in regular ranch and round-up style with a chuck wagon breakfast in aggie grove at 6:45 a. m. The awards dance Saturday night will conclude the annual spring custom.

Texas Technological College will be the center of the championship play-offs in the Region One Interscholastic League meet April 24.

Director General Ernest Wallace said that this year three champions will be recognized in each interscholastic event with winners from Districts AA, A and B competing within their respective conferences. Prior to this year's meet, the winners in each of the conferences have competed against each other.

Three times the number of contests will be underway during the day-long competition this year with three district meets. It probably will be necessary to begin the tennis matches on Friday afternoon, April 23, Wallace said.

A complete schedule will be forwarded to participating districts this week, and a full schedule will be available to newspapers for publication April 18.

Famous Epitaph
 One of the most famous epitaphs in the English language is Benjamin Franklin's own epitaph in his own handwriting. It was written for Samuel Morris in Philadelphia and presented to him by Poor Richard on August 31, 1776.

THE STATE OF TEXAS COUNTY OF LUBBOCK TO ALL WHOM IT MAY CONCERN:

BE IT KNOWN that Charles Greer and Howard L. Liner, each of Lubbock, Lubbock County, Texas, and W. E. Smith of Tahoka, in Lynn County, Texas, are engaged in the business of manufacturing, selling and dealing in carbonated goods, soda water or other beverage requiring the use of bottles and other types of containers upon which the names, brands, marks or trade-marks of ownership or proprietorship are stamped or otherwise marked upon said containers; and in this connection the above named individuals have heretofore adopted for use a certain label, trade-mark, design, device or imprint and have heretofore filed the same for record in the office of the Secretary of State of the State of Texas and in the office of the County Clerk of Lubbock County, Texas, as provided by law, and the same is claimed by the said parties as their exclusive property, and that they are the sole owners thereof and the said parties have exclusive right to use the same and no other person, institution, organization or legal entity has the right to use the same in the identical or resemblance thereof such as would be calculated to deceive or mislead the public.

The description of said label, trade-mark, design, device or imprint is that it consists of a picture or design with the words "Plains-Maid" in a semi-circle above the design, and the word "Beverages" in a straight line below the design or picture; and the picture is of a cowgirl facing the reader, wearing a large western style hat with the brim turned up, and with a western type scarf about her neck, and with the cowgirl holding in her right hand part of a rope which is circled generally about her head and shoulders, and said picture showing the features of the cowgirl from about her waist upward and said picture being located above a horizontal strip showing a design of cowboy boots, bits and spurs.

SIGNED this 15th day of March, A. D. 1948.

Gasoline From Oil

Plans for a program to perfect commercial processes forming gasoline and a gas fuel of high heating value from soft coal have been announced from Pittsburgh, Pa. The manufacture of synthetic gas from coal, already perfected in the laboratory, will be tried out on a larger scale in a pilot plant to be erected at Libary, Pa. The pilot plant will consume about 50 tons of coal a day and from this will come a daily production of about 2.4 million cubic feet of gas suitable for synthesis into liquid and gas fuels of high heating value.

Death to Glassmakers

Early Venetian glassmakers guarded their trade secrets so closely that by their rules any glassmaker who carried his art into a foreign state and refused to return was liable to the penalty of death by emissaries from Venice.

low the design or picture; and the picture is of a cowgirl facing the reader, wearing a large western style hat with the brim turned up, and with a western type scarf about her neck, and with the cowgirl holding in her right hand part of a rope which is circled generally about her head and shoulders, and said picture showing the features of the cowgirl from about her waist upward and said picture being located above a horizontal strip showing a design of cowboy boots, bits and spurs.

SIGNED this 15th day of March, A. D. 1948.

From where I sit... by Joe Marsh
Now It's Neckties Made of Milk!
 Fellow in Andy Botkin's Tavern was boasting about a trick necktie he was wearing made out of a by-product of milk. "Took 33 pounds of milk to make this tie," he says. Bill Webster was unimpressed. "Personally," he says, "I'd rather have the milk to drink. Just as I wouldn't change one glass of good American beer for a necktie made from thirty barrels of it!"
 I guess drinking it is still a whole lot better than just wearing it. Of course there are lots of other ways of abusing goods and beverages—like a fellow who doesn't appreciate good beer enough to drink it slowly and in moderation. But from where I sit, most people who enjoy a wholesome beverage like beer or ale are moderate—because beer itself is a beverage of moderation.
 Joe Marsh

Good tip for any trip!

Take it from those who know travel and travelers best... before any trip, drain out that dirty old winter oil and OIL-PLATE your engine with fresh, new Conoco Nth!

Conoco Nth Motor Oil (Patented)* contains a plus ingredient that acts magnet-like to fasten an extra film of lubricant so closely to metal that your engine's cylinder walls and all moving

parts are actually OIL-PLATED! And because protective OIL-PLATING stays up there where it belongs... won't all drain down even when your engine's idle overnight... Nth Oil extra-protects from "dry-friction" starts... from power-choking sludge and carbon due to wear! For extra-powerful, extra-cool, extra low-cost miles...

Make a date to OIL-PLATE!

Copyright 1948, Continental Oil Company *U. S. Pat. Nos. 1,944,941 and 2,318,132

Mezzo-Soprano To Be Guest Artist

FRANCES DEMOND

Frances DeMond, mezzo-soprano, who will be the guest artist with the Lubbock Symphony Orchestra, April 20 at the final concert of the 1947-48 season, is the possessor not only of one of the most beautiful voices in the world, but a charming and gay personality as well.

Though paralyzed at the age of nine as a result of polio, and thus unable to walk, her spirit has always been high. With the disposition of an angel, and the sense of humor of a pixie, Frances DeMond's laughter is music itself.

Her experience in life has enabled her to give the deep emotional interpretation so often required by the compositions of the great masters. But her own personal charm and delightful philosophy of life equally have enabled her to bring wit and merriment into the songs which demand it.

The Lubbock Symphony Orchestra will present a program of symphonic and well loved music, as well as a medley of show tunes from "Oklahoma." The concert will begin at 8 p. m. Tuesday, April 20, at the Lubbock High School Auditorium.

Tech Rodeo Is Tonight And Tomorrow

LUBBOCK, April 12—Arrangements for the annual rodeo April 16 and 17 sponsored by the Block and Bridle Club, Texas Technological College organization for students enrolled in agriculture, are in final stages at the club's campus headquarters.

Atmosphere of the "old west" with its traditional practices and typical regalia will prevail over the entire campus during the two-day Texas Tech all-western extravaganza.

Rodeo performances Friday night at 8 o'clock, and Saturday at 2:30 p. m. will highlight the western observance. Performers are to come from the student ranks of cowboys and cowgirls who are committed to participate in the roughest and toughest of ranch skills. Spectators may expect to watch fancy riding and roping, bull dogging, ribbon roping, wild cow milking and bronc-bustin'.

SOUTHLAND MRS. FLOY KING

Rev. and Mrs. Tommie Rutledge visited his parents in Childress Sunday and Monday. Rev. Rutledge went on from there to Oklahoma City to attend a school of recreation sponsored by the Methodist Church. He expects to return on April 16th.

Rev. T. L. Weaver preached at the Methodist Church Sunday.

There will be a revival meeting at the Baptist Church beginning Sunday night and continuing each night for a week. Everyone is invited.

Mr. and Mrs. L. A. Dunn spent the week end in Abilene visiting their two sons, Mr. and Mrs. M. A. Dunn and Mr. and Mrs. Vernon Dunn.

Mr. and Mrs. J. L. Whited have returned from Bonham, where they visited relatives.

Mr. and Mrs. Fred Woods and Roma attended the turkey dinner at the Cliff Weavers Wednesday.

Visiting the Harry Kings over the week end was their little grandson, Cliff, whose parents, Mr. and Mrs. Pete King, came for him Sunday.

Mrs. Marvin Truelock and children, Glenda and Calvin Grantham have returned home after spending a week in Plainview with her parents, Mr. and Mrs. W. H. Fletcher.

Mr. and Mrs. F. E. Parker have returned from Terrell, where they visited their daughter and family.

Mr. and Mrs. Davidson and daughter, Louise, and Mrs. Nettie Kellum visited Mrs. W. F. Cato in Post Sunday.

The J. F. Winterrows visited at Tokyo and Plains Sunday.

Visiting in the home of George Bohlman are his mother and sister from East Texas.

Mr. and Mrs. Wilber Fields and children have returned from Lafayette, La., where they visited relatives.

Visiting the school Monday was the Deputy State Supt., G. H. Boulter of Lubbock and Co. Supt. Dean Robertson of Post.

Visiting the J. R. Kings is Nina Osborn of California, a life long friend of Mrs. Kings.

Mr. and Mrs. Bus Pennell were

in Southland Monday.

Mr. and Mrs. Robert Pennell and children visited the Pete Pennell's of Canyon Valley, Sunday.

The O.E.S. ladies will meet with Mrs. Jack Myers at her home this Friday. They met with Mrs. Hub Haire last Friday.

Mr. and Mrs. A. A. Ferguson visited his sister, Mrs. George Sartain of Post, who has returned to her home after an operation in Mercy Hospital at Slaton.

Mr. and Mrs. W. W. Gilliland visited their daughter, Mrs. Dave Draper, and family of Slaton, Sunday.

- Odell Donohoo and wife of Lubbock visited his parents, the Wesley Donohoes, last week.

Visiting in the home of Supt. and Mrs. C. S. Lindsey were the following: Mr. and Mrs. Ira Moore and family of Sweetwater, Mr. and Mrs. Dee Garner and boys, Grand Prairie, Mrs. Earl Brown of Hamlin, Olton King of Cleburne, Mr. and Mrs. C. T. Hubbard and daughter, Kay, Snyder, Mrs. Ronnie Hill and children, Hedley, Mr. and Mrs. Jack Smith, Jackie and Danny, Hedley, W. S. King, Snyder, Mr. and Mrs. Hugh Robertson and children of Hermleigh, Mr. and Mrs. Ramon Elkins, Ramona and David of Lubbock, Mrs. G. W. Hughes and children, Abilene, Mr. and Mrs. Stinson Garner of Big Spring, and Mr. and Mrs. Dial Garner and baby of Amarillo.

World's Fastest Bullet

The fastest factory-made bullet in the world is the .220 Swift. Actually only a .22, and with its bullet weighing little more than the .22 long rifle bullet, the Swift has a speed at the muzzle (muzzle velocity) of 4,140 feet per second against 1,395 feet for the .22 high power long rifle and 2,800 for the standard military service cartridge which also may be called a 30-06.

Major League Stars

Since 1876, when the National league was organized, more than 80,000 men have played for major league baseball teams. One of the greatest of all the players was Ty Cobb of the unquarable spirit, who played from 1905 to 1928. When Cobb retired from the game he held some 90 records, many of which still exist. For 12 years, nine of them in succession, he was the American league batting champion.

Baptist Revival Closed With Fine Service

Results of the revival meeting at the Baptist Church, which closed last Wednesday night with a great heart warming service, will be felt for a long time in Slaton. Rev. Jesse Moody preached to capacity crowds throughout the meeting and the power of his messages was felt by all. Visual results were indicated in the additions to the church on profession of faith and by letter.

Bill Enete, who directed the music, was greatly appreciated by the congregation. His marimba specials were enjoyed, and he was especially popular with the young people whom he directed after the services.

It was a privilege to have these two fine young men here and the people of Slaton are grateful for their coming.

Southland Revival To Be April 18-25

A spring revival meeting is to be held at the Southland Baptist Church April 18-25. Services will be each night at 8:00 o'clock. The pastor, Rev. A. T. Nixon will do the preaching. H. D. Taylor, local choir director, will direct the singing, with Mrs. Aubrey McNeely as accompanist. A cordial invitation is extended to all.

Business Women's Circle Meets In Crowley Home

The Business Women's Circle of the First Baptist Church met Monday night in the home of Mrs. Allen Crowley. Nineteen members answered roll call. Mrs. Haskell Laster presided over the business session. Mrs. Fred Stephens voiced the opening prayer.

Mrs. J. O. McLeod directed a most interesting study of the prayers of the Bible.

The Prayers of David were presented by Mesdames J. J. Maxey, Audean Watson, E. F. Ray, John Sim, Fred Stephens and L. O. Lemons.

Prayers of Hannah: Mrs. Haskell Lasater.

Solomon's Prayers: Mrs. E. R. Burns.

Samuel's Prayers: Mrs. Jim Elliott.

Mrs. L. O. Lemons dismissed with prayer.

The next meeting will be with Mrs. J. J. Maxey on Monday, April 26th.

This Bible Circle is for women who work and also for those who are unable to attend other circles which meet in the afternoons. All are welcome.

Wesleyan Service Guild Meets In Chenoweth Home

The Wesleyan Service Guild of the Methodist Church met Monday night at 7:30 in the home of Mrs. J. W. Chenoweth.

In the absence of the president, Miss Gertrude King, vice president presided.

Mrs. Florence Forrest, guest speaker, gave a short report of a Guild meeting she attended at Travis St. Methodist Church in San Antonio. Mrs. Wilma Collins gave a report on the Women's Society of Christian Service Conference held at Plainview week before last.

Refreshments were served to two guests, Mrs. Florence Forrest and Mrs. Evelyn Forrest, and the following members: Mesdames Wilma Collins, Jesse Prosser, Frances Holloman, Bobbie Lee Emory, Cora Smith and Miss King.

CARD OF THANKS

We wish to express to our friends our deep appreciation for your sympathy, kindness, help and floral offerings at the passing of our loved one, S. P. Brake, father and grandfather.

Thanks for the beautiful music rendered by the choir.

Mr. W. V. Brake and family
 Mr. J. E. Brake and family
 Mr. C. K. Brake and family
 Mr. W. P. Brake and family
 Mrs. Joe Row and family
 Mrs. Dessie Simpson and family
 Mrs. Joe Hill and family
 Mrs. J. B. Long and family
 Mr. W. M. Franklin and family

Pennsylvania First

First tests in the United States for tuberculosis in cattle were made in Pennsylvania in 1892. State-wide testing was started in 1917 when approximately 10 per cent of all cattle were infected. Since then about 15 million tests have been made and infection has been reduced to less than 1 per cent.

Mrs. Crews Leads Mission Program

The Women's Missionary Society of the First Christian Church met Monday afternoon in the home of Mrs. H. H. Edmondson. Mrs. H. S. Crews presided in the absence of the president and vice president. Project adopted for April was the sending of stationery to women in the home for the aged.

The devotional message was brought by Mrs. Joe Fish on the subject of "Unity," with scripture from Jno. 17:20-23 and Gal. 3:26-29.

Mrs. Crews led the program on "Crusade for a Christian World."

The hostess served delicious refreshments. Two new members were added to the roll, Mrs. E. J. Foust and Mrs. Irby Smith. Others present were Mesdames J. D. Norris, J. A. Smith, A. H. Shelton and Clarence Belcher.

The next meeting will be May 10 in the home of Mrs. Ben Mansker, with Mrs. Foust as hostess, and Mrs. Edmondson as leader.

Presbyterian Aux. Has Meeting

The Presbyterian Auxiliary met in regular session at the home of Mrs. G. A. Clevenger. The devotional was led by Mrs. J. H. Adair and a skit of the Amarillo Presbyterian Society meeting at Memphis was played by the four women who attended the meeting at Memphis last week, Mesdames Clifford Simmons, J. H. Adair, G. R. Hodges and G. A. Clevenger.

Fourteen members enjoyed the social hour during which delicious refreshments were served.

QUARTERLY CONFERENCE AT METHODIST CHURCH

The Fourth Quarterly Conference has been called to meet at the Methodist Church tonight at 8:00 o'clock. Every class and department of the Church has been asked to give a report. Officials for the next Conference year are to be elected and every member of the Church is urged to be present.

COLORED CHURCH NEWS

The Church of God in Christ, colored, had the Superintendent of this district, Elder T. F. Ford, to preach Wednesday night. His subject was, "Look Beyond."

Before the sermon the Parker twins, Esther Marie and Hester Mae, sang, "Jesus Hold My Hand."

Made to Sign Pledge

Iran ordered complete prohibition of opium production and required that all government officials addicted to use of opium had to submit a certificate showing cure within 15 days from the date of the order.

MRS. ALLRED IS HOSTESS TO A. ARMSTRONG CIRCLE

The Annie Armstrong Circle met in the home of Mrs. J. L. Allred, Monday, April 12, in regular Bible study with eight members and three visitors present. Mrs. A. R. Keys presided. The lesson was on "The Prayers of David," and a group of prayers from the Old Testament.

Mrs. J. S. Vaughn taught the lesson very effectively.

After prayer of dismissal, refreshments of ice cream and lemon fruit cake were served to the following: Mesdames A. R. Keys, chairman; E. M. Lott, secretary; J. S. Vaughn, Bible leader; T. E.

McClanahan, C. W. Wilks, S. T. Brunson, L. R. Gregory, Frank Hazlewood, C. C. Thornton, W. J. Simpkins, and the hostess, Mrs. Allred.

Next meeting will be Monday, April 26, at Mrs. L. R. Gregory's home, 855 S. 12th.

METHODIST CIRCLE ONE MEETS IN FERGESON HOME

Circle 1 of the Women's Society of Christian Service of the Methodist Church met in the home of Mrs. S. P. Ferguson, April 12.

Devotional was given by Mrs. W. H. Smith. Lesson was taught by Mrs. Ferguson on the topic "The Earth and Her Increase."

Poem, "The Little Village Church" was given by Mrs. S. S. Forrest. Delicious refreshments of angel food cake and punch were served to seven members.

LOTTIE MOON CIRCLE MEETS WITH MRS. DUDLEY BERRY

The Lottie Moon Circle, First Baptist Church, met Monday afternoon in the home of Mrs. Dudley Berry, with ten members present. Mrs. T. V. Ellis led the opening prayer. Mrs. J. B. Huckabay taught the lesson on Prayer.

Wire baskets, regular and large sizes at the Slatonite.

Rom. 1:16 I Cor. 9:16 Gal. 1:18 SUBJECT: FAITH OR OPINION

Faith or opinion, which? There is a big difference. With in this difference is found the cause of much of our religious confusion. If men today would only be guided in their religion by genuine Bible faith rather than by opinion our troubles would largely be over and our divisions would cease.

Faith has been correctly defined as "belief in testimony." Where no testimony has ever been presented there can be no real faith. That would be opinion. For instance, if God had never in any way whatsoever revealed Himself to man and thus furnished him testimony of Himself, then man could have no faith in God. If God had never revealed testimony, the New Testament, concerning Jesus Christ, then we could not and would not have faith in Him who died for us. When testimony is presented and man believes this testimony, he then has faith. Paul so teaches in Rom. 10:17: "So then faith comes by hearing, and hearing by the word of God."

In Hebrews II, the great faith chapter, we have an example given of "faith and opinion." Read carefully verses 17-

19. God had told Abraham that through Isaac He would make of him a mighty nation. Yet, God said later for Abraham to offer Isaac upon the altar. Abraham had faith that God would multiply his seed through Isaac because God had said so and thus given the testimony. Yet, God hadn't explained how he would do this and still have Abraham offer Isaac. Abraham's opinion was that God would raise him, Isaac, from the dead when he had sacrificed him. His was mere opinion for God had not said so. No testimony and therefore no faith.

If I am going to walk by faith in my religion then I must walk according to the revelation or testimony furnished by the Lord. According to the Apostle Peter in 2 Peter 1:3 God has furnished us all things that pertain to life and godliness. This we have in the New Testament scriptures. That is why James refers to it as the "perfect law of liberty." James 1:25. Whenever religiously we walk or act exactly as the New Testament directs then we are walking by faith. For example, God in the New Testament has furnished the testimony that we

should sing in our worship to Him. Col. 3:16. Let the word of Christ dwell in you richly in all wisdom; teaching and admonishing one another in psalms and hymns and spiritual songs, singing with grace in your hearts to the Lord. Singing, therefore, is a matter of faith. But, there is absolutely no testimony given in the New Testament for us to employ instruments of music in worshiping the Lord. Hence, to practice such is to be guided by opinion. No testimony—no faith. Surely it is then but the opinion of man.

When the preacher baptizes a penitent believer, they both come to the water, go down into it both of them, and there I baptized him by a burial, it will be following the testimony given. Acts 8:36-39; Rom. 6:4. Since there is no evidence in the New Testament that God wants it done in any other way, then it is only some person's opinion when water is sprinkled or poured on the candidate. We cannot be walking by faith in such practice for there is no evidence or testimony presented in God's record. Are you walking by faith?

meet

the cooking treat of the year!

It lights without matches! Boils without pre-heating! Automatic... Clock-controlled!

Instant high speed. Instant turn-off. Dozens of heats! Remember this! Nothing else cooks as fast as Gas! Broiling as you want it, every degree from char-type to "done through." Only Gas has such flexibility. Cooks complete oven meal by itself! And only Gas air-circulated ovens can bake and brown so evenly!

Only the new automatic gas ranges give you so many cooking advantages—inside and out! What's more, they're faster, simpler, more economical to operate! This new QUALITY Gas range is just one of the many "makes" and models built to "CP" standards. See your gas range dealer today and choose the one that's just right for your "New Freedom Gas Kitchen!"

Art Exhibit To Be Held April 30

The Slaton Art Club will sponsor an Art Exhibit to be held at the Slaton Club House on Friday, April 30, from 3 to 8. All artists are invited to exhibit pictures. The exhibit will be in the form of a tea and the public is invited to attend.

Who Gets Patents?

Latest available analysis by the U. S. patent office shows that individual inventors received 43 per cent, small corporations 34 per cent, large corporations 17 per cent and foreign corporations 5 per cent of all patents issued.

Calling All Carnations

The carnation once was a five-petaled pink in southern Europe. The modern carnation is a large flower available in many colors, of which yellow is one of the most recent.

SLATON HOME DEM. CLUB MAKES DRESS FORMS

The Slaton Home Demonstration Club met April 7, at the Club House with Mrs. W. H. Long presiding. Mrs. Carter Shaw and Mrs. Long were hostesses.

Mesdames Douglas Wilson and Lucille McEver gave a demonstration for making dress forms. A poem was read by Mrs. Clarence Heaton.

The hostesses served refreshments to five guests, Mesdames A. R. Keys, Louie Melcher, Wesley Gentry, Clarence Heaton, and T. N. Bickers, and the following members: Mesdames H. H. Booher, A. C. Hall, Lucille McEver, Earl Reasoner, E. E. Wilson, Douglas Wilson, Clea Young and Emma Norris.

Focal Point In Cold War

(Soundphoto) — With the joint proposal of the United States, Great Britain and France that the free territory of Trieste be returned to Italy, this former Italian seaport again becomes the focal point in the cold war between the western democracies and the Soviet Union and her satellites. Trieste, marked with an arrow, is garrisoned by a handful of British and American troops while across the Yugoslav border Marshal Tito is believed to have massed overwhelming military power. The three power proposal was given the Soviet Embassy, the Italian Embassy and the Yugoslav Embassy.

CAMERA TOPICS

by T. T. Holden*

Prize-winning pictures like this one from the 1947 Graflex photo contest are easier to make when you follow the camera and film manufacturers' recommendations. Taken at 1/235 sec. at f/8 by Bert Clark Thayer.

DON'T SNEER AT EXPERTS—THEY ARE USUALLY RIGHT

A million dollars a year is a very conservative estimate of the time and effort photographic manufacturers spend learning things to help you. You would be amazed at the variety of tests which they make on every new product before it reaches the store—at the study and experiment behind their recommendations of filter factors, developing time and other details for your guidance. And another tremendous sum is spent on putting these findings into instruction sheets, booklets, articles, talks and other forms aimed at making your photography more successful—and more fun.

But most of us seem to have a slightly cursed streak in our nature that makes us unwilling to take advantage of this free good advice. Take those exposure charts that come in every package of film. Use them intelligently and faithfully and it is hard to make a bad exposure. Decide for yourself that a film is faster than the manufacturer says it is and the results are often disappointing.

Then there is the fellow who knows his camera will focus closer to a subject than the instruction book recommends. He has no one but himself

to blame for the fuzzy result. Or watch the photographer who swears his secret home-made developer is better than the one recommended for a certain film. Maybe the results will look just as good to him—they probably won't to any one else.

When you have had a thorough grounding in the optics and chemistry of photography you have a perfect right to experiment all you wish. When you know what you are doing, you may even turn up an occasional idea the manufacturers have overlooked.

But until you can confidently call yourself an expert, it is smart to have all the insurance possible for good pictures—by following directions.

This is particularly true in the subject of camera repairs. There are a number of things you can and should do to keep your camera clean and in good working order. But it never pays to try to make adjustments or repairs that properly should be handled by the manufacturer or a skilled repairman. Like a fine watch, it takes very little amateur handling to make a camera incapable of taking good pictures.
