MOVIE THEATRE MAN
TEETOTALLY SWAMPED
WITH APPLICATIONS

Floyd Williams, of the Movie Theatre, is the busiest man in town these days. He is planning to pull off a stage wedding at the Movie on Friday night, May 21, and just as soon as it was learned that there was a nice lot of housekeeping utilities to be handed out at the wedding he was literally swamped with applicants for matrimony—but unfortunately they were all out of Slaton's trade territory, and of course that don't go—as these premiums are offered for home people only.

It has been noised around that several couples in Slaton and vicinity are ready to take advantage of this offer but are just waiting until the last moment to avoid publicity. Don't worry—you'll not get your name in the paper until the happy event has been pulled off, and if you are really in earnest about getting married you had better file your application early as some one will get ahead of you.

Mayor Payne has been invited to officiate at the marriage that night—and it goes without saying that he will do the job according to all parliamentiary usages, with all the extra trimmings.

Santa Fe Inspection Party.

An inspection party of Santa Fe officials was in Slaton May 11, going to Sweetwater and from there to Galveston. The party was composed of Mr. Cuyler, Boston, director and stockholder; A. G. REV. JOHN B. GONZALES OF TOPEKA, KAN., TO PREACH

Rev. John B. Gonzales of Topeka, Kansas, will deliver the high school commencement sermon at the public school auditorium next Sunday at 11 a. m. He will also preach at the same place on Sunday evening at 8 p. m. His morning theme will be "The Task of Youth," and in the evening his subject will be "America's Part in Christianizing the World." There will be no preaching services at the several churches in Slaton for Sunday morning and Sunday evening.

### SLATON TALENT TO APPEAR IN MUSICAL AT POST CITY

Mrs. H. A. Tait and sons, Herbert and Garland, and Mrs. Call have been engaged to appear in a musical Saturday evening at the home of Mr. and Mrs. John B. Slaughter at Post City. This is indeed quite a compliment to these Slaton people as the Slaughter's are said to be millionaire cattle raisers and this entertainment is going to be a very elaborate one.

#### SLATON WENT DOWN IN DEFEAT AGAINST POST

The ball game between Post and Slaton here last Sunday afternoon resulted in a score of 6 to 5 in favor of Post. The Slaton fans were not satisfied with the decisions of Umpire Warren. In the ninth inning when he called Bassenger out on first and Johnston on second, had these men not been called out they would have scored on Mitchell's three-bagger over center, which would have made the final score 7 to 6 in favor of Slaton.

We are assured of a fast game Sunday when O'Donnell comes to de-feat us. They have played several games this season, losing only one. They will have "Skip" Taylor in the

the fortune his father has made the true life result often is disaster. This trick of fate, which has almost become a truism, receives thrilling treatment in Vitagraph's big picture, "The Gamblers," which will be shown at the Movie Theatre in Slaton on Wednesday, May 19.

The adventures of the son playing with his father's wealth, as portrayed by "The Gamblers," calls to mind a famous romance of the Chicago wheat pit a few years ago. It will be remembered that the son of a famous financier at that time broke into the market with an attempt to corner the wheat supply.

He poured thousands and finally millions into the buil side of the exchange, grabbing all stock in sight. But the shorts dumped their shares so rapidly that the young man's millions vanished without effect. He was beaten and driven in disaster from the pit.

Similarly, but in a smaller way.

the pit.

Similarly, but in a smaller way,
Wilbur Emerson, hero of "The Gam-blers," takes the money of his banker
parent and attempts to fight the mon-

The result, as in the true story, is disaster. Emerson's small fortune is engulfed, and those of his friends, old associates of his father, likewise go by the boards. In order to bolster their tottering position the Emerson group, under the young banker's advice, borrow money from their own bank, a proceeding strictly against the law.

This leads to complications, which

This leads to complications, which brings Emerson's rival in love into the situation as prosecutor. The unraveling of the plot brings high suspense and spirited action. There is a remarkably unusual climax.

#### Returned From Oklahoma.

R. A. and John DeLong returned Sunday from Comanche, Okla., where they attended the funeral of their brother, Walter DeLong, who was killed in an accident near that city the previous Sunday. Walter DeLong leaves a wife and two small children. He had been a resident of Comanche for about twenty years and was held in the highest esteem by the entire citizenship of that section, which was attested by the extremely large attendance at the funeral.

A glance at the distinctive tread of the Horse-Shoe Cord Tire will tell you why this tire is so remarkably anti-skid.

Each little shoe in the Horse-Shoe tread forms a near-vacuum that cleaves noiselessly to the road after the triangular edges of the tread have cleaned and scraped away the moisture.

Such a tread takes hold of the road with a stubborn grip that makes driving safe even on slippery pavements in cars that are notorious "skidders."

You will appreciate the unusual anti-skid qualities of the Horse-Shoe Cord Tire only after we prove them to you on a wet, slippery pavement. Let us give you a demonstration.

YOUNG MEN AND YOUNG WOMEN ARE IN DEMAND IN BUSINESS

tisements were for positions that of- pared with other professions: the A country-wide investigation of employment conditions to get information as to the type of help in greatest demand shows the following results: 1338 of 2445 advertisements for help specified a business training

and 524 of the remaining 1107 adver- of entering the business field as com-

pared with other professions: the average income of a lawyer is \$1500, of a doctor \$1800, others in proportion, while the average income of a business man is \$3000 a year.

The volume of business will wonderfully increase during the next four years. Building was practically at a standstill everywhere during the war years, and there is much lost time to gain. New world markets opened up to the United States since the war have caused atill further expansion of American business. These facts mean big business and a constant demand for trained office help. Judge Gray, Chairman of the Board of Steel Corporation, said: "Our prospects are bright, our opportunity for success greater than ever before. I predict that the next five years in this country will be the most progressive, prosperous and successful in our history."

You are not going to pass up a business training and its wonderful opportunities to become a day laborer, housemaid, department store clerk, telephone operator, factory hand or live on the back end of some one else's farm. DAY OR NIGHT CALLS PROMPT-

THROUGH FLAME AND SMOKE the firemen do their best to save property from destruction and though they can control a fire they cannot prevent serious losses. The only way yet invented by which an owner can be totally protected is through the insurance companies. Therefore, the person who is fortified by sufficient insurance to amply protect him from fire losses need not worry over a visitation of fire. Such companies as are represented by the Pember Insurance Agency are unquestionably sound and reliable. So by allowing us to place your insurance, you are guaranteed the prompt payment of any loss that you may suffer.

We write fire, tornado, hail, plate glass, crop, or any kind of insurance. THROUGH FLAME AND SMOKE

SLATON, TEXAS

A CLEAN, SANITARY SHOP, GOOD BATHS, AND CIATED. BRING THE CHILDREN IN AND LET US FIX THEM UP.

Who would fill your shoes as an income earner for your family if you were totally disabled by accident or illness or were to die? If you were forced to bed tomorrow by total disability, to remain there indefinitely, would your income continue to maintain your home or would it stop?

The safest and surest answers to these questions is a policy in THE HOME MUTUAL INSURANCE ASSOCIATION of Slaton. Then in the event of total disability or death your family will have something to take of them. STOP A MINUTE AND THINK!

This Association is purely a home company, managed by home men, and not a single dollar of the money paid into it will be sent away to the North and East, but every dollar will be kept at home and distributed among your neighbors for the payment of death and disability claims.

This insurance is practically inexpensive. As an illustration, the Plainview Mutual Home Insurance Association has been in existence for several years, now having a membership of about 2800, and the cost per \$1,000 insurance carried has been less than \$8.00 per year. Can you find any other class of insurance that will give you the same protection for that small amount each year? STOP A MINUTE AND THINK!

## SPECIAL RATE OF \$3.00

The membership fee is \$5.00, but in order to fill up the first number rapidly a special rate of \$3.00 for the first 250 members is made. We are taking many applications daily and if you want to take advantage of this low rate you had better hurry.

The age limit is from 18 to 50 years, for either men or women, and no medical examination is required. In view of this fact there are many people who can obtain insurance in this association that would be excluded by other companies on account of being crippled, etc, but who are just as good risks from a physical standpoint as any.
