Crosbyton Get Organization; Petition Are Circulating

Active laymen and pastors of Slaton churches met last night to discuss the upcoming election on the sale of alcoholic beverages at premises consumption.

A group organized themselves under the name "United Slaton Churches" and will meet at 8 p. m. next meeting, October 3, at the First Christian Church, Slaton.

Rev. J. B. Dunbar, pastor of the Church of Christ, was elected temporary chairman and appointed a committee of five to prepare a list of officers at their meeting.

Rev. J. B. Dunbar, pastor of the Church of Christ, was elected temporary chairman and appointed a committee of five to prepare a list of officers at their meeting.

Liles, E. A. Nelson, George Privet, Jr., Hailey Richardson, H. C. Sammons, Larkin Taylor, Elbert Wilson. Ministers present were H. E. Summers, Bible Baptist; Ted Gaze, First Baptist; Dwight Lusk, Westview Baptist; E. A. Wilbur, First Christian; J. D. Bruce, Church of God; Harold Mobley, Church of Christ; Charles Stuart, Church of the Nazarene; Rollo Davidson, First Methodist; and Weldon Thomas, Trinity Evangelical Methodist.

Meanwhile, petitions were issued last week to a group of local citizens seeking an election that would legalize the sale of alcoholic beverages, on an off-premises basis, if it carried.

The petitions will need 200 signatures before an election will be called by the County Commission. They were expected to be turned in sometime

this week and, if so, the County Commissioners, at their next regular meeting, would have not less than 20 nor more than 30 days to call the election, provided an adequate number of qualified names were on the petitions.

Kelly Bownds Named Player Of The Week

Kelly Mack Bownds, junior halfback, was named "Player of the Week" at Tuesday noon's meeting of the Slaton Lions Club.

Bownds scored Slaton's touchdown against Fronship last Friday night and played an all-around good game on both offense and defense. The club names an outstanding player each week.

City Commission Okays Signal Light; To Extend Sewer Service

A flashing signal light will be installed at the intersection of South Ninth Street and Jean Streets, it was decided at Monday night's meeting of the Slaton City Commission.

The intersection is considered particularly dangerous because

of the large number of Junior High students who must cross it to get to and depart from school and traffic on South Ninth is frequently heavy.

In other activity, the commission voted to install a street light at the intersection of Fourth

Street and East Knox and to put up two "Church Zone" signs in the area of the Catholic Church in that sector of town.

Also, at the suggestion of police Chief Eugene L. Martin, the street department will be instructed to cut weeds as soon as possible from the corner lots at several intersections in the city.

Martin said weeds at the intersection of North 20th and Crosby were instrumental in an accident Monday and other intersections produced accident potential because of high weeds.

George Willis, water and sewer department superintendent, reported that property owners in the Oil Mill Addition had indicated they are ready to pay tapping charges if and when sanitary sewer service is made available. The commission okayed the extension of sewer service through the addition at an approximate cost of \$3,000.00.

Willis also was given authorization to extend a two inch water line through blocks 1, 3, 5, 6, 7 and 9 of the Johnson Addition.

In other action studies will be made by the City Secretary concerning the possibility of adopting a City Budget at the start of the next fiscal year, next spring. Currently, the City does not operate on a budget.

Commissioners Harry Stokes

and L. O. Lemon were appointed by Mayor Clark Self Sr. to study a petition presented to the Commission several weeks ago asking that the City Secretary's post be made elective instead of appointive. The two are to recommend proper action to the commission.

The City Secretary was instructed to write letters to all City department heads instructing them to tell their employees not to make statements when and if involved in any type accident except to their superior. An insurance company might decide whether or not to pay a claim on the basis of such statements, it was pointed out.

The City Attorney Claude S. Cravens was given permission to press his claim for damage to his automobile, involved in a collision with a police car last year.

It was decided that churches and schools would be allowed to conduct rummage sales in downtown Slaton this fall but must get a license permitting them to do so. There will be no charge for the license. Also the sale will be required to display placard designating the rummage as being the property of such churches or schools and the sales must be conducted by a bonafide representative of the institution conducting the rummage sale.

Mayor Clark Self Sr. gave permission to the Daughters of the Pioneers Study Club to repair and repaint the bandstand on City Hall square.

Chief Martin also reports that the speed limit on We Division Street, from the City Limits to South Ninth Street be reduced to 25 miles per hour. He was instructed to advise those making the request that the speed limit on the street as set by the State Highway Department, had been accepted in a recent ordinance.

Martin told the Commission that he was not fully qualified to serve as Civil Defense director for Slaton and suggest that someone be asked to see in this capacity who could take advantage of all the aids offered through the Civil Defense program. He reported that charter for the local Auxiliary Police had not been renewed and would not be unless additional Civil Defense activities were started. Action on request was tabled since Martin said that current police activities did not require the aid of Auxiliary.

The commission voted to its assessment of 10 cents water meter as its part sustaining the Canadian River Municipal Water Authority Ordinance 184, relative access driveways to state highways through town, was passed as an emergency measure first reading at the request the State Highway Department.

Finally, the group author City Attorney Cravens to sue the claim of Julian Torres, lost parts of two fingers in lawn mower accident working for the City this summer, in the amount of \$381.00 was pointed out that this amount which would have been authorized under Workmen's Compensation if he had been covered.

In a called meeting earlier in the month, the commission adopted a resolution endorsing a contract for purchase water from the Canadian River Municipal Water Authority, to be signed until approval of the electorate of the City, reservation was put on the solution that the City be allowed time to receive and run an engineering report current underway on Slaton's potential for water supply.

McMeekan Resigns As Manager Of The CoC

Bill N. Ball, manager of the Slaton Chamber of Commerce since September 1, 1959, resigned that post at a meeting of the CoC's board of directors Monday night.

Ball has taken a position Rutledge Fixture Manufacturing of Lubbock and will manage a new department of the firm specializing in store decorations, window decorations, etc.

A native of Slaton, he served on the board of the chamber for several years before being hired as part-time manager in July of last year. By the first of September, he had been extended an invitation to serve the CoC as full time manager.

The board accepted his resignation, with reluctance. Board member "Doc" Castleberry said, "I think Bill has accomplished much for both the Chamber of Commerce and Slaton and I'll hate to see him leave. We'll miss him." Others expressed similar feelings, but wished him well in his new position.

Ball, whose wife teaches in West Ward Elementary School, will not move from Slaton, at least for the present, but will continue to make his residence here while working out of Lubbock. His parents, Mr. and Mrs. O. Z. Ball, have been in the men's clothing business here for many years.

Mrs. R. D. Bisbee, CoC secretary since 1952, will continue in that capacity. No immediate plans to fill the post to be vacated by Ball were made at this week's meeting of the board. Ball's resignation becomes effective October 30th.

White's Dealer Winner In Store Contest

White's dealer, manager of White Auto Store, has won the place in White's 1960 contest for the best store in the division.

The contest was held at 8 p. m. at the McDonald Funeral Home in Mass. was at 10 a. m. in the St. Elizabeth Catholic Church. Burial was in City of Lubbock Cemetery.

Prizes include two sons, Edward, Slaton, Dave, Slaton, a sister, Margaret Canfield, Philadelphia; and three children.

Winners in the contest were Paul Poyner of East, and Paul Poyner of East, and Paul Poyner of East. In the men's division, N. M. first place in group IV.

LIKE BEES ABOUT A HIVE
The ladies shown here, busy as bees, around the bandstand in City Hall Square, are members of the Daughters of the Pioneer Study Club. This civic-interested group is taking the first step toward restoring this town landmark to a thing of beauty. They are "diagnosing" what is needed to "heal" the wounds brought on by weather and wear. To raise money with which to foot the repair

bill, they are presenting "Fashions with Finesse," a style show, October 20, at Slaton High School Auditorium. Tickets are one dollar. Members of the study club's examining group are: Mesdames R. E. Ayers, Bob R. Conner, Ray Cook, Don Crow, Fredric de Vries, Howard Hoffman, John Morris, Jack Nowlin, Glenn Payne, Earl Reasner, Cecil Scott, Bill Smith, Joe Teague III, R. H. Todd, Jr., Joe Walker, Jr., Alex A. Webb, and Rush Wheeler.

Band Stand To Get New 'Coat' From Study Club's Style Show

By Bettie Lou Teague
It takes a "Pioneer" to get things done. About a year ago, the Slaton Chamber of Commerce asked townspeople to vote on whether they wanted to "preserve" the bandstand on City Hall Square, or "light a match to it and have a big marshmallow roast" in celebration of its demise. When the ballots were counted, according to Bill Ball, manager, Chamber of Commerce, it was a "landslide" in favor of keeping, fixing up and using this famous landmark. But ... nothing has been done.

"We've waited long enough," said 20 civic-minded members of the Daughters of the Pioneer Study Club at a recent meeting of their group. "We'll fix up this town treasure ourselves."

They said. After receiving permission from Mayor Clark Self, that is exactly what this band of women have started to do. They are having a style show of grandeur next month to raise money to "dress-up" the band stand ... give it a new "coat" ... coat of paint, that is.

From the avalanche of requests by the citizenry for tickets to the club's fashion parade, everyone in town seems happy about the project.

The Style Show? It's titled "Fashions with Finesse." Professional models, wearing gorgeous gowns sparked with an extra dimension, will keep you raving from beginning to end. You'll revel at the marvelous little touches as much as

the behemoth mysteries. There'll be everything you've dreamed of in a fashion festival.

Believe it or not, a mink stole with an aura of opulence, is to be given as a door prize.

"Fashions With Finesse" will be here Thursday night, October 20. It is to be presented in the High School Auditorium. Starting time is 8 o'clock. Tickets are one dollar each. You need not be present to be eligible to win the stole.

If you're looking for an evening of pleasure, plus an opportunity to help make the bandstand a keepsake of which we will all be proud, you'll find any member of the Daughters of the Pioneer Study Club glad to sell you a ticket. See you at "Fashion with Finesse!"

Elderly Delinquency

There has been a great deal of concern expressed thru the years about our growing problem of juvenile delinquency.

But we submit there is a problem which in point of numbers participating, in point of damage done, in point of long-lasting effects, is far worse than the problem raised by the occasional junior criminal.

We are referring to elderly delinquency. And the place where elderly delinquency shows up most frequently is in the highly organized, well financed drives being conducted by professional career men who will exploit anyone for a fast buck, trying to get the elderly to undertake massive robbery against the rest of the citizens.

You hadn't heard of any such program?

Believe us, it is widespread.

There are numerous such gangs organized. One of them is called "National League of Senior Citizens, Inc." and it is headquartered in Los Angeles. But there are many more.

These outfits inspire oldsters to believe that they have a "right" to incomes earned by other people.

There is no more serious a fallacy ever to be ingrained in a young mind. And when professionals try to convince oldsters that such a right exists, they are in every way as reprehensible as the most villainous scoundrel who ever corrupted the mind of a teenager.

We have a bit of literature, recently mailed to us by one of these highly paid, highly touted gang leaders. It says, in part:

"We pledge ourselves to work for you and the following program:

"These are our goals.

"Federal Social Security payments of \$173.00 per month (equal to federal minimum wage) as a matter of right from age 60.

"Full Medical Care and Hospitalization for all receiving Social Security.

"Permissible earnings up to \$2,400 per year from age 60; no limit after 70.

"Free distribution of federal surplus food stamps to Social Security recipients, through every grocery store and market in the land.

"100 per cent low-interest, direct federal loans and other provisions to develop low-rent housing for the elderly.

"Full benefits for disabled from age 18.

"Elimination of local welfare offices, 'investigators,'

"Federal laws prohibiting states from imposing 'lien

isitors,' and other assorted snoopers.

"Responsible relative laws' and 'need clauses.'

"This will bring about—

"Dignified retirement for millions.

"Protection against economic slumps through a steady flow of spendable cash to Senior Citizens.

"Tremendous savings to local taxpayers who now foot huge bills for State Old Age Pension programs."

This carefully worded list of objectives makes Karl Marx look a bit like an innocent school boy. This is, by proper analysis, a call to the elderly people to become delinquents.

The idea appears to be to install in the mind of the der folk the belief that the world owes them a living. Nothing is said, of course, as to where the money is to come from to provide all of this luxurious living; but clearly the elderly don't have to provide it for themselves and this being true, it must follow that all of this money is to be taken, and by force, from those who do earn it.

The organization which sired this far-flung set of promises is just as bad as any other group of extortion-

THE BOLL WEEVIL

By Bill Wilkerson
If a lot of good Texas Baptists, along with members of many other Protestant denominations, have their way, Senator Jack Kennedy will become President of the United States come January.

It is ironic that the man many Protestants seem to fear most right now—a Roman Catholic presidential candidate—is being helped most by the very people who fear his power at the polls in November.

Let us get it straight at the outset that the purpose of this column is not to tell you what the Vatican will do or will not do, should we elect a Catholic president in November, for I do not know.

However, I am convinced of this: About one more week of this yammering over Kennedy's Catholicism, about one more week of ministers posing cute questions to the Democratic candidate, about one more week of hysterical ranting by thing about the doctrines of the Catholic faith—and these holler-than-thou Protestants will have elected Jack Kennedy president, as sure as they have taken the stump against him.

I make it plain that I know next to nothing about Catholicism, and I do not wish to become one. I am happy with the church of my choice, a Protestant church, and I intend to remain a member of it as long as the congregation will have me.

Fact is, this so-called religious issue is obscuring the real issues in the campaign and it mortifies my soul that a bunch of well-meaning but strongly anti-Catholic ministers and laymen would be a party to burying the issues on which Kennedy can be so easily defeated.

The Reader's Angle

Dear Editor,
I have just clipped from the Lubbock *Avalanche-Journal* an account of a meeting of the Lubbock School Board.

Lubbock has an enrollment of 26,049 and Slaton has an enrollment of 1,783 this year. This is a wide difference, of course, but public interest in Public Schools is not measured by the number of scholars. I can think of no greater service you could give your subscribers than to publish frequent and thorough reports concerning Slaton Public Schools.

The Texas Education Agency publishes a handbook for School Board members. On page 34 it says that "Boards govern public institutions and spend tax monies. Their business should be conducted openly and publicly." The regular meeting of School Board Trustees of Slaton Schools is, I am told, the first Tuesday of each month at 8 p. m. at Slaton High School. A person could, of course, attend these meetings and inform himself. Our trustees, however, sometimes, without public announcement of such a change, meet on other days, at a local restaurant, as early as 6 a. m. This makes a sleepy-head, such as I, dependent upon *The Slatonite* for an account of these meetings.

I know *The Slatonite* is as important to you as the Lubbock *Avalanche-Journal* is to its publisher. I know you want the news you print to be accurate and complete. Perhaps you or a member of your staff can personally attend future School Board meetings, and report to your readers.

Announcing the 1961 Ford...

Beautifully proportioned to the

CLASSIC FORD LOOK

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you... and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Goodbye grease rucks! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford... beautifully proportioned to the Classic Ford Look... beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF
LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.
CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.
ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.
GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.
PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.
TAKES CARE OF ITS OWN FINISH. New Diamond Luster Finish never needs wax.

Teachers Arrive High School

Griffin and Naydine are students from Texas who are assisting Mrs. Haile and Mrs. Didway with the teaching of homemaking. Their major in college is Home Economics Education. Nine weeks of student teaching is required before graduation. This course will receive six hours credit.

Miss Griffin is from Quanah, Texas. She has lived on a farm all her life. In high school she was a member of the FHA and her band, and she was captain of her basketball team for two years. "I am interested in working with people, which is one of the reasons I chose to major in Home Economics," says Miss Griffin. Sports activities are a favorite with her, both watching and participating.

Nadine Coomer has been married one year. She is from Whitharral, Texas and graduated from Whitharral High School. Mrs. Coomer earned several honors in high school. Among these were co-captain on her basketball team, "Most Athletic Girl," honorary member of the Student Council, secretary of the FHA, and vice-president of the pep squad. Mrs. Coomer's main interest is in clothing construction. Her goal is to finish her college education. "I believe," says Mrs. Coomer, "that home economics is an interesting and very worthwhile field. It is an adventurous and challenging opportunity for anyone."

Both Mrs. Coomer and Miss Griffin will graduate in January of 1961.

These students buy their own instruments or either pay rent on them. They also pay rent on their uniforms, which are kept in good condition. These are returned to the school at the close of each term and are kept there for another year.

There is money wasted in our town but I doubt if our band students did it.

Too, we would be among the first to agree that School Board meetings, deserve more news coverage than they have been getting. We have fallen down on the job in this respect, but we currently plan to cover the meetings if at all possible.

The School Board members themselves, we think, would like to have better news coverage of the meetings and they have certainly been cooperative with this newspaper in the past. They have nothing to hide, they say, and we believe it. This, however, is beside the point. The meetings should be covered and action taken reported in The Slatonite. We will make every effort to do this in the future.

Thank you.
Sincerely,
The Ed. JRC.)

HERE! '61 CHEVY TRUCKS

WITH WORK-PROVED INDEPENDENT FRONT SUSPENSION!

Chevy's '61 fleet swings in with a ready-made reputation as the trucks that are worth more because they work more. . . the latest editions of the haulers that scrapped the I-beam axle and proved the important advantages of independent front suspension!

You'll find new models for '61—long-wheelbase 4-wheel drive units—and thoughtful refinements throughout the line. But the big news for '61 is nailed-down proof (based on owner reports) that Chevy's torsion-spring design is the best thing that's happened to trucks in decades!

With Chevy's independent front suspension and Sturdi-Bilt design, you cruise over trails where other trucks creep. You feel the difference in less wheel fight and vibration. You can see why drivers are happier, why loads are better protected and why the truck itself will stand up to thousands of miles of more work. That goes for any size Chevy, too—pickups, tilt cabs, tandems, all of them.

Check the latest specs with your Chevrolet dealer: capacity, power teams, options. Then, by all means, drive a '61. Once around the block and you'll never be satisfied with a front axle truck again!

WORTH MORE BECAUSE THEY WORK MORE!

The 1961 Ford Galaxie Club Victoria, a new model in the Ford line that will be introduced to the public on September 29, features crisp, new styling that has been honored by an international fashion authority in Rome for its "functional expression of classic beauty." The new Fords are nearly four inches shorter and two inches narrower for greater maneuverability, and introduce 30,000-mile lubrication. Other engineering features include self-adjusting brakes, double-wrapped aluminum muffler, longer-lasting bright trim and underbody parts, and a 4,000-mile oil change interval. New optional 390-cubic-inch high performance engine also is available.

The 1961 Ford Falcon, most successful new car in history, features a new convex-shaped aluminum grille and new optional, 101-horsepower engine, but preserves the styling, maneuverability, interior roominess and 23.7-cubic-foot luggage capacity of the 1960 model. Shown above is the 1961 Falcon Fordor Sedan. Continuing its proven economy reputation, the 1961 Falcon will deliver up to 30 miles per gallon on regular grade fuel, goes 4,000 miles between oil changes, and introduces new and longer lasting bright trim and underbody parts, including a double-wrapped aluminized muffler.

Five Texans In a Fresh Air Camp

Miss Martin, of Weatherford, Tex. and the world, on a visit to Sharpe Reservation, in Dutchess county, New York, poses for a snapshot with four Abilene Christian College students. The students are counselors at the Herald Tribune Fresh Air camps during the past summer. Miss Martin, star stage and screen, is a member of the board of directors of the Fresh Air Fund, which each year since 1877 has taken thousands of youngsters off the hot and dangerous streets of New York for a summer vacation.

From left to right with Miss Martin are Frank Odum, Sweetwater; Earl Puckett, of Irving; Gordon Smith and Kent Comolli of Sweetwater.

BIB CONTEST

Slaton modelers taking part in the contest included Lanny Swanner, Howard Henry, Barney Blair, Ray Wilkins and Raymond Wilkins. Raymond Wilkins won a third place in the open combat event.

BROTHER

Mr. Elder, a former resident of Slaton, was a World War II veteran, and was a Prisoner of War in Germany.

Funeral services are pending arrangements.

REVIVAL

through Saturday, October 8th. Dr. Tilden Armstrong of Andrews will be the evangelist for the revival, and Rush Wheeler of Slaton will lead the singing.

The public is invited to attend the services, which will be held at 7:10 in the morning and 7:30 at night. Preceding the morning service, coffee and cakes will be served for early-arrivers, saving them the time it would take to eat breakfast at home, if they desire. The morning service has been scheduled early enough so that those in attendance can get to their jobs on time. It allows those holding jobs to attend the services who might not be able to if they were held at a later hour.

The nursery will be open, Rev. Davidson added.

City of Slaton Personnel To Convention

Six City of Slaton administrative personnel will leave in the next few days to attend the conference of the Texas Municipal League in Galveston, October 24.

Attending the meeting from Slaton will be Mayor and Mrs. Clark Self Sr., Commissioner and Mrs. Harry Stokes, Commissioner and Mrs. L. O. Lemon, City Attorney Claude S. Cravens, and City Secretary and Mrs. J. J. Maxey.

Self, Stokes and Lemon will attend the sessions of the Association of Mayors, Councilmen, and Commissioners; Cravens will attend sessions of the Texas City Attorneys' Association; and Maxey will preside over the sessions of the Association of City Clerks and Secretaries of Texas. Maxey is president of the state-wide organization for City Secretaries and City Clerks.

Wilson Slates Homecoming October 15th

WILSON—The Ex-Student Association of Wilson Public School will have its second annual homecoming Saturday, October 15th at Wilson.

A Bar-b-que Supper will be served in the school cafeteria from 5 p.m. until 6:30 p.m. Registration will begin at 3 p.m. The guest speaker will be John W. Wilson from Lubbock, a former Wilson coach. The classes being honored this year are: 1925, 1926, 1927, also the girls and boys basketball team of 1937. Another highlight for the evening will be the football game between Sands & Wilson at 7:30 p.m.

All Ex-teachers, all directors and anyone who has attended or has had an interest in Wilson Public School are cordially invited to attend. Since it is imperative that we know the approximate number that will attend the Supper, please send names of persons attending, along with \$1.50 remittance per plate by October 10th to: Ex-Student Association Box 96 Wilson, Texas.

MRS. COOPER

Continued from Page One

Mrs. Cooper, formerly a pioneer citizen of Lockney, died about 8 p.m. in Mercy Hospital here last Friday.

Her husband is a retired farmer. A daughter, Mrs. Harrison Keys of Slaton, died here recently.

Survivors include her husband; three daughters, Mrs. Leora Graham of Lubbock, Mrs. Pauline Churchill of Slaton and Mrs. Albert Vette of Silverdale, Wash.; nine grandchildren and 15 great-grandchildren.

Williams Funeral Home was in charge of funeral arrangements.

(Editor's Note: Mrs. Cooper herself wrote the Thank You Card on the Classified page of this week's Slatonite before she died.)

Frenship scored twice in the second quarter, once on a 60-yard punt return by quarterback Jim Stapleton and again on a 40-yard pass play from Stapleton to back Larry Blakeman. Both tries for extra points failed.

The third quarter was scoreless and then Slaton drives were halted on the Frenship one and 10 yard lines in the final stanza, with Frenship adding six more points after picking up a Slaton fumble on the Tiger 18 yard line. Blakeman carried around end for the final six yards.

John R. Anderson Seeks Election To Congress Via Constitution Party

John R. Anderson of Gail Borden Co., Texas, announces that he will be a candidate for Congress in the 19th District of Texas. Anderson will oppose the incumbent, George Mahon.

John R. Anderson was born March 9, 1929 in Midland, Texas. He graduated from Lovington, New Mexico, High School. In 1950 he graduated from the University of Oklahoma with a B.A. degree.

He married the former Barbara Clayton in 1951. They have four children - Sarah, 7; Mary, 5; John, 2 and Martha, 2 months.

Anderson has been associated with the ranching business all

of his life. After graduating from the University, he went to work as a cowhand for \$165.00 per month, and furnishing his own groceries. He now owns and operates a ranch in Borden County.

Anderson's father and mother, Mr. and Mrs. W. A. Anderson, live on a ranch in Lea County, New Mexico, near Lovington, where they raise registered Hereford cattle. Anderson has been in this ranch for 45 years.

Anderson's wife is a member of an old West Texas family. Her maternal grandfather, W. K. Dickinson owned and operated one of the first cotton gins in Lubbock County. He paternal grandfather, R. N. Clayton,

was one of the earlier presidents of the 1st National Bank in Lubbock. Both families have been engaged in farming and ranching on the south plains and eastern New Mexico for almost a half a century.

In a statement released with his announcement, Anderson said:

"The United States of America faces a crisis of such major proportions as to threaten our very survival as a free nation. The very roots of our system of freedom are being attacked. On the one side we face the Communists who are intent on capturing the world for their godless philosophy. On the other side we have the spend-and-ilet politicians violating the personal liberty of every person by trying to be all things to all people.

"The majority of our citizens who find that they cannot subscribe to this irresponsibility in government have no place to

go with their vote. What good is a vote if you have only no choice for which to vote?"

"I believe our hope is through a new party with well enunciated principles that recognize freedom and liberty of ever individual in America instead of special privilege groups.

"If the people of this nation want to remain free, they must throw off this yoke of government control and let it be known that they depend on God, not government, for their salvation.

"I pledge myself, when elected, (1) to do what I believe right for this country and district - not that which is politically expedient; (2) to work for the reduction in size and power of the Federal bureau cracy and for the return of freedom and responsibility to the individual; (3) to fight the threat of Communism in every possible manner."

HIS FEET ARE ON THE GROUND!

This man can see for many, many miles, but he's not up in the clouds; his feet are on the ground! Contrary to what some people think, that's what the Church does for a man, too. Certainly it gives him a broader vision; it lifts up his eyes to see God and the eternal values of love, truth, justice and service which God inspires. It gives him a divine perspective from which to view his job, his family, his country — his life!

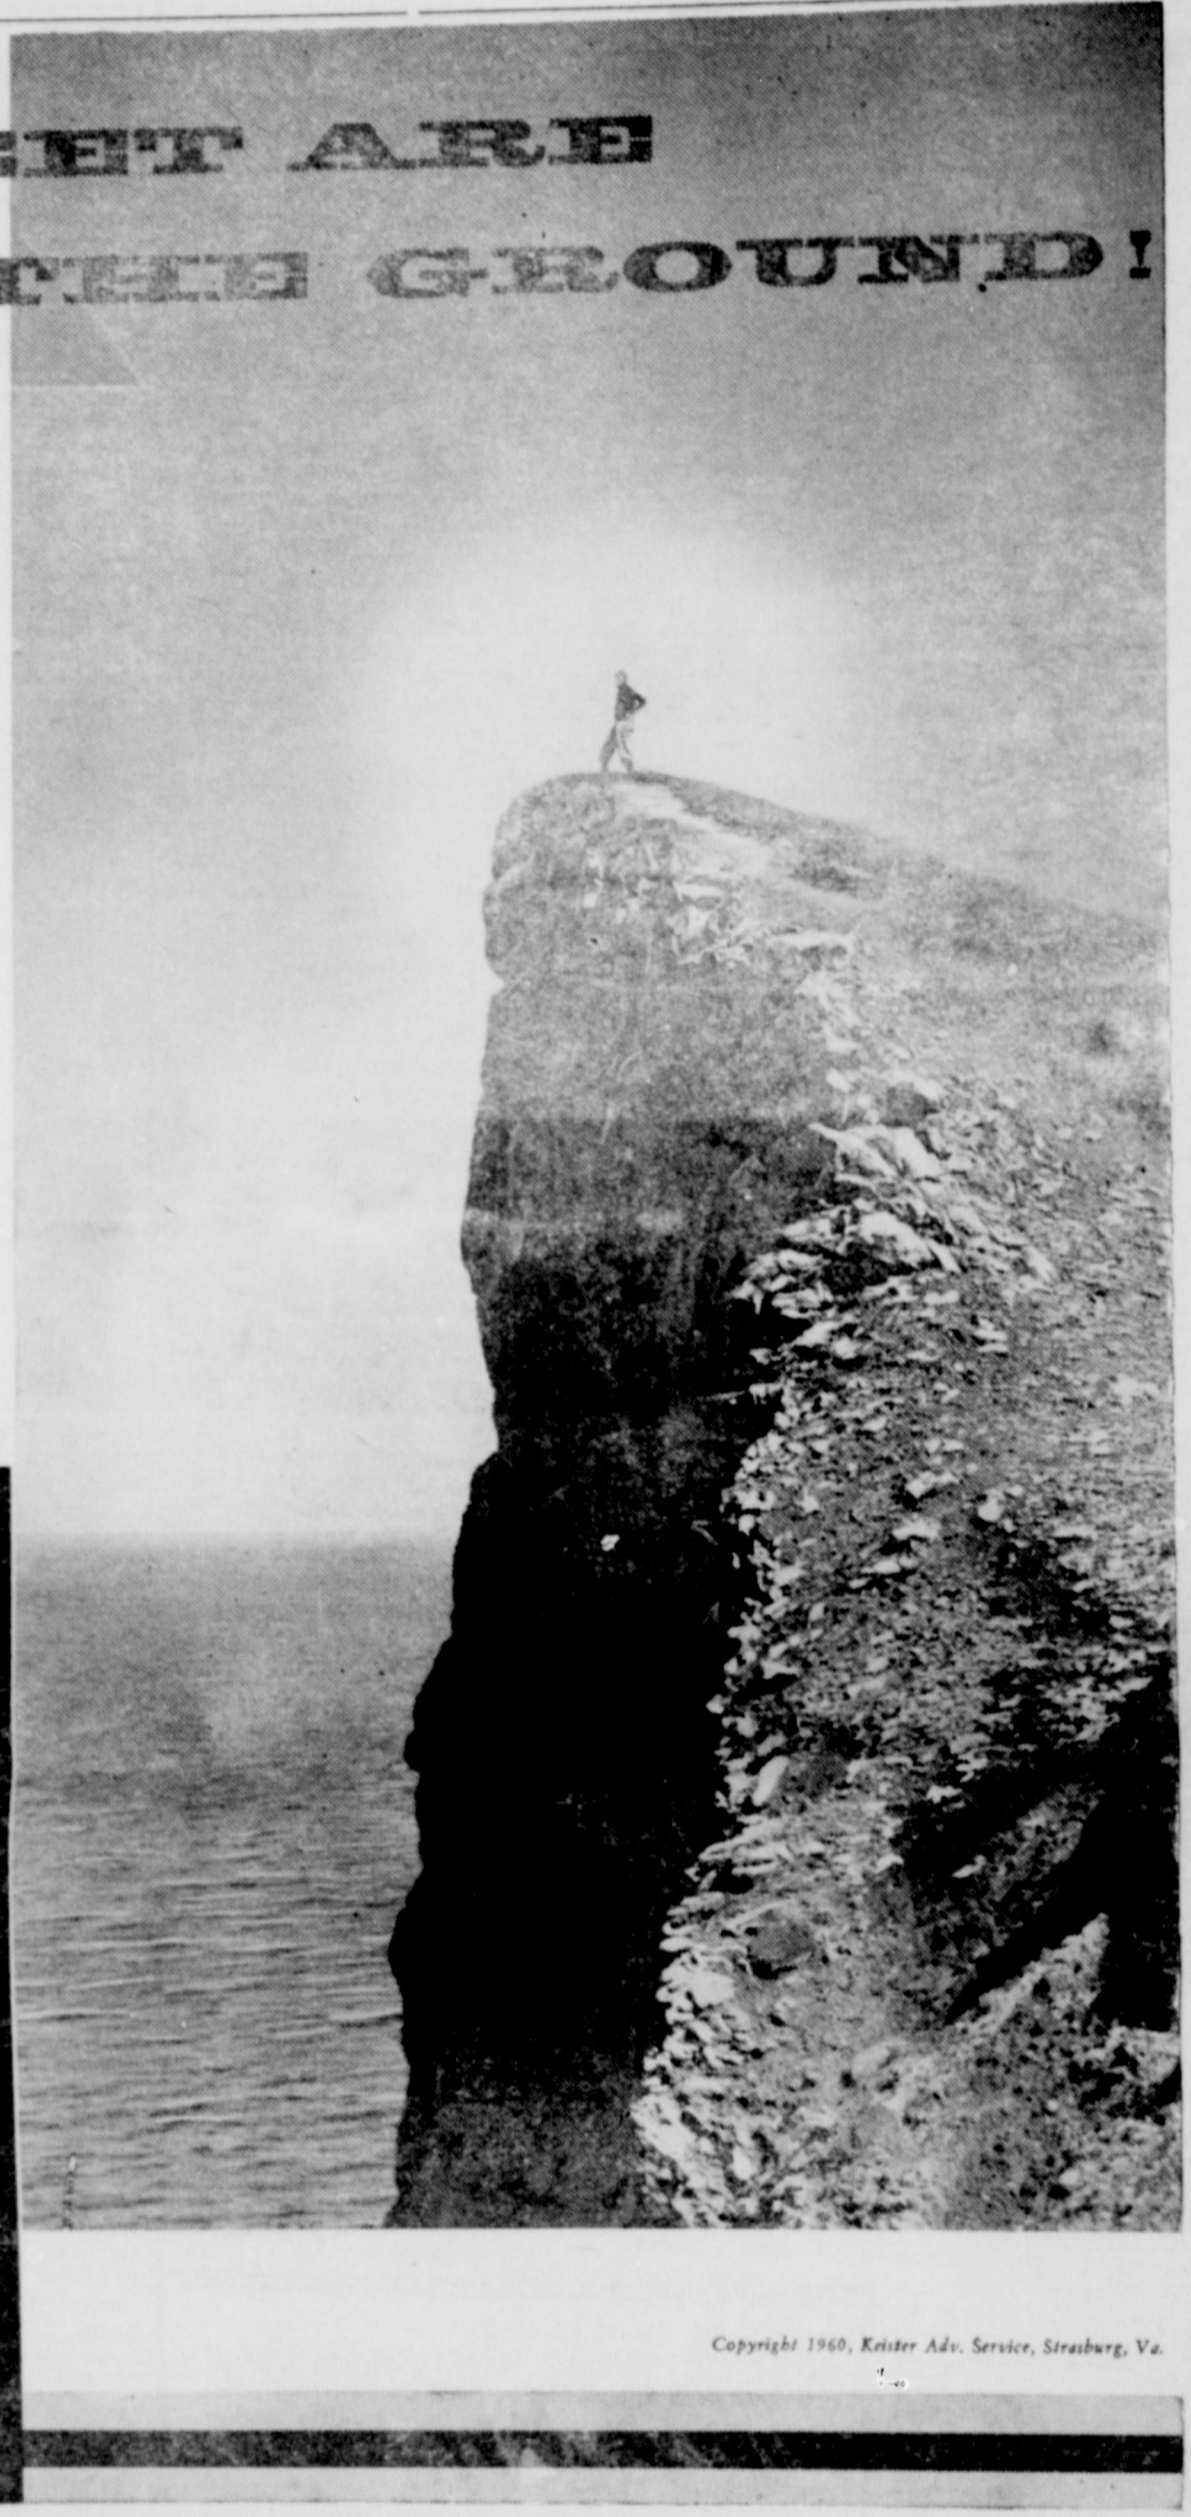

But the Church always keeps that man's feet on the ground! It accepts him for what he is — regardless of the clothes he wears or the job he holds. It looks evil in the face and sees it for what it is — a devilish cancer which only God can cure. It keeps a man squarely in this world while it lifts up his eyes to see another beyond the horizon.

And this is what the Church can do for you! It can give you greater vision. But it's not up in the clouds. It keeps your feet on the ground!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

thoughtfully stamps dogtags with "P," "C" or "J" so the chaplains know which funeral rites to read.

The freedom that Protestants, Catholics and Jews died fighting to protect, along with Hindus, Quakers, Mohammedans and atheists, guarantee that a man may worship God as he pleases or not worship at all. In required a man to belong to this church or that to be eligible for public office.

Many men gave their lives to help establish these beliefs in this country, and no doubt men will again be called on to protect this cherished freedom. Yet we continue to show that we have little faith in this most perfect union by insisting that these freedoms are alright for "us" but not alright for "them." When will we realize that if the churches of the free world do not unite and pull together, the Communists will end this religious bickering for all time? I know a minister whom I believe is the most devoted Christian I have ever known. He is an exemplary religious leader, an educated man — he does not flout his religion for all to see but the minute you meet him you know that he is deeply, lastingly concerned for the whole human race. Yet he told me once during a period when we talked together for hours each week: "The greatest danger to America today is the Catholic church." I could not have been more astounded had he produced a gun and snarled: "You have one minute to live before I drown you in the baptism."

And that, dear hearts brings us back by a circuitous route to Jack Kennedy, who already has drowned in the political baptism by playing hooky from the Senate. Richard Nixon, who hasn't got this election cinched by a country mile, knows that in many states the false issue of religion will win votes for Kennedy. There is, in fact, such a public clamor over Kennedy's choice of churches, that nobody can hear the Republican candidate when he attacks Kennedy's ultra-liberalism, his union ties and his poor record in the Senate.

In fact, without his Catholic religion, Kennedy would be a Playboy Senator who is a genius at organizing a political campaign but not much on taking care of the office after he gets in, and Nixon already would have fiascoed Kennedy with the facts, had the religious issue not come up.

Tramping Cotton Is Booth Theme

Slaton Chapter of Farmers of America will be competing for prizes ranging from 50 to 70 dollars at the South Plains Fair this year. They are to maintain a booth in the Education Building. The exhibit will show that by tramping into trailers the farmer can get the grade of cotton and the profit.

Fourteen schools from South Plains will also be competing for the prize money are given from the prize lists.

Southland News...

We are very sorry about the car wreck Saturday night 2 1/2 miles southeast of Slaton on the Post Highway. We are glad the young couple, Travis Lancaster and Kelly Davies, both Southland High School Students, are not believed to be in critical condition. Friends wish for them a speedy recovery.

Mrs. Helma Burkett was hostess to a Southland OES Party in her home Thursday night honoring the Worthy Matron, Mrs. Karen Gayle Calloway. Co-hostesses were Mrs. Maxine Lewis, Hope Robinson and Ruby Collins. They presented the Worthy Matron with a beautiful robe. There were 17 members present and one guest, Mrs. Murta Green of Lubbock.

Mr. and Mrs. Jack Myers and Kelly Jo visited his brother and family, Mr. and Mrs. Bill Myers at Girard Sunday afternoon of last week.

Mrs. D. D. Pennell accompanied her sister and brother-in-law, Mr. and Mrs. Orville Ferguson to Decatur where they spent the week end with the ladies' brother and family, Mr. and Mrs. Riley Howard.

Mrs. Ned Myers is attending a hair styling course at Jessie Lee's Beauty Salon in Lubbock for the next five weeks.

Mr. and Mrs. Jesse Ward spent Sunday in Levelland with their daughters and families, Mr. and Mrs. Randall Cook, Mike and Regina and they were joined by Mr. and Mrs. Stanley Smith, students at West Texas.

Mr. and Mrs. Jack Meeks spent the week end at Happy with their son and daughter-in-law, Mr. and Mrs. Jackie Meeks. Billy Joe, son of Mr. and Mrs. Jackie Meeks returned home after a week's visit with his grandparents.

Mrs. Rosella Edmunds, Grand Island, Neb., and Mrs. A. C. Gordon from Bradshaw, Nebraska are visiting their father, Mr. and Mrs. W. E. Edmunds and their brother and family, Mr. and Mrs. Martin Edmunds.

Mr. and Mrs. Lewis Kuykendall, Kenny Lewis and Vickie from Littlefield were Sunday afternoon visitors in the home of his parents, Mr. and Mrs. W. J. Kuykendall.

Rev. Ross Dunn, who has been visiting for some few weeks with his parents, Mr. and Mrs. D. I. Dunn and Ronnie left Saturday for Durham, N. C., where he has been attending Seminary at Duke University for the past 2 years.

Mr. and Mrs. Jesse Ward spent Friday of last week with her mother, Mrs. J. S. Dial in Lubbock.

Mr. and Mrs. Ned Myers and daughter, Nedra Sue, spent the week end in Lubbock with her parents, Mr. and Mrs. Grady Hunt.

Mrs. Murta Green of Lubbock returned home Monday after a week's visit in the home of Mrs. Thelma Burkett.

Maurice Morris returned to Houston Thursday of last week.

Rotary Works For International Understanding, Says Dist. Governor

Rotary clubs in 116 countries are united in these difficult times of international tensions in an endeavor to promote understanding, good will and peace through the world. That was the message Bruce M. Pember, district governor of district 573 of Rotary International, brought to the Rotarians of Slaton recently, following a conference with local Rotary Officials.

In addition to the activities of the more than 10,600 Rotary clubs within their own communities to promote this objective, Mr. Pember explained, Rotary International has awarded grants of more than 3,300,000 in the past 13 years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as Rotary ambassadors of good will. Since 1947, when this program was established, 1,322 Rotary Foundation Fellowships have been awarded to students in 63 countries for study in 45 countries, with grants averaging \$2,500. Donald Kats of Amarillo, Texas, will return from Switzerland in September as District 573's latest Rotary Foundation Fellow and will bring Switzerland to Texas as he saw it.

"With fellowship and service to others as its keynote, Rotary provides a common ground for nearly 500,000 business and professional executives throughout the world, regardless of differing nationalities or customs or languages or political and religious beliefs," the Rotary district governor emphasized.

"In addition to the promotion of international understanding," Mr. Pember continued, "special emphasis is being placed by Rotary Clubs in this district, which includes 43 Rotary clubs in the North West area of Texas, on community-betterment and vocational service undertakings within the district conference to be held in Pampa in March, and to make plans for the club to be represented at the 52nd annual convention of Rotary International, which will be held in Tokyo, Japan, next year.

and Mrs. Walter C. Kelley, Route 2, Slaton, recently participated with other members of the 24th Infantry Division in Exercise Summer Shield, a two-week field training problem, in the Bavarian region of Germany.

The exercise provided the troops with practical experience in working as independent units under isolated field conditions.

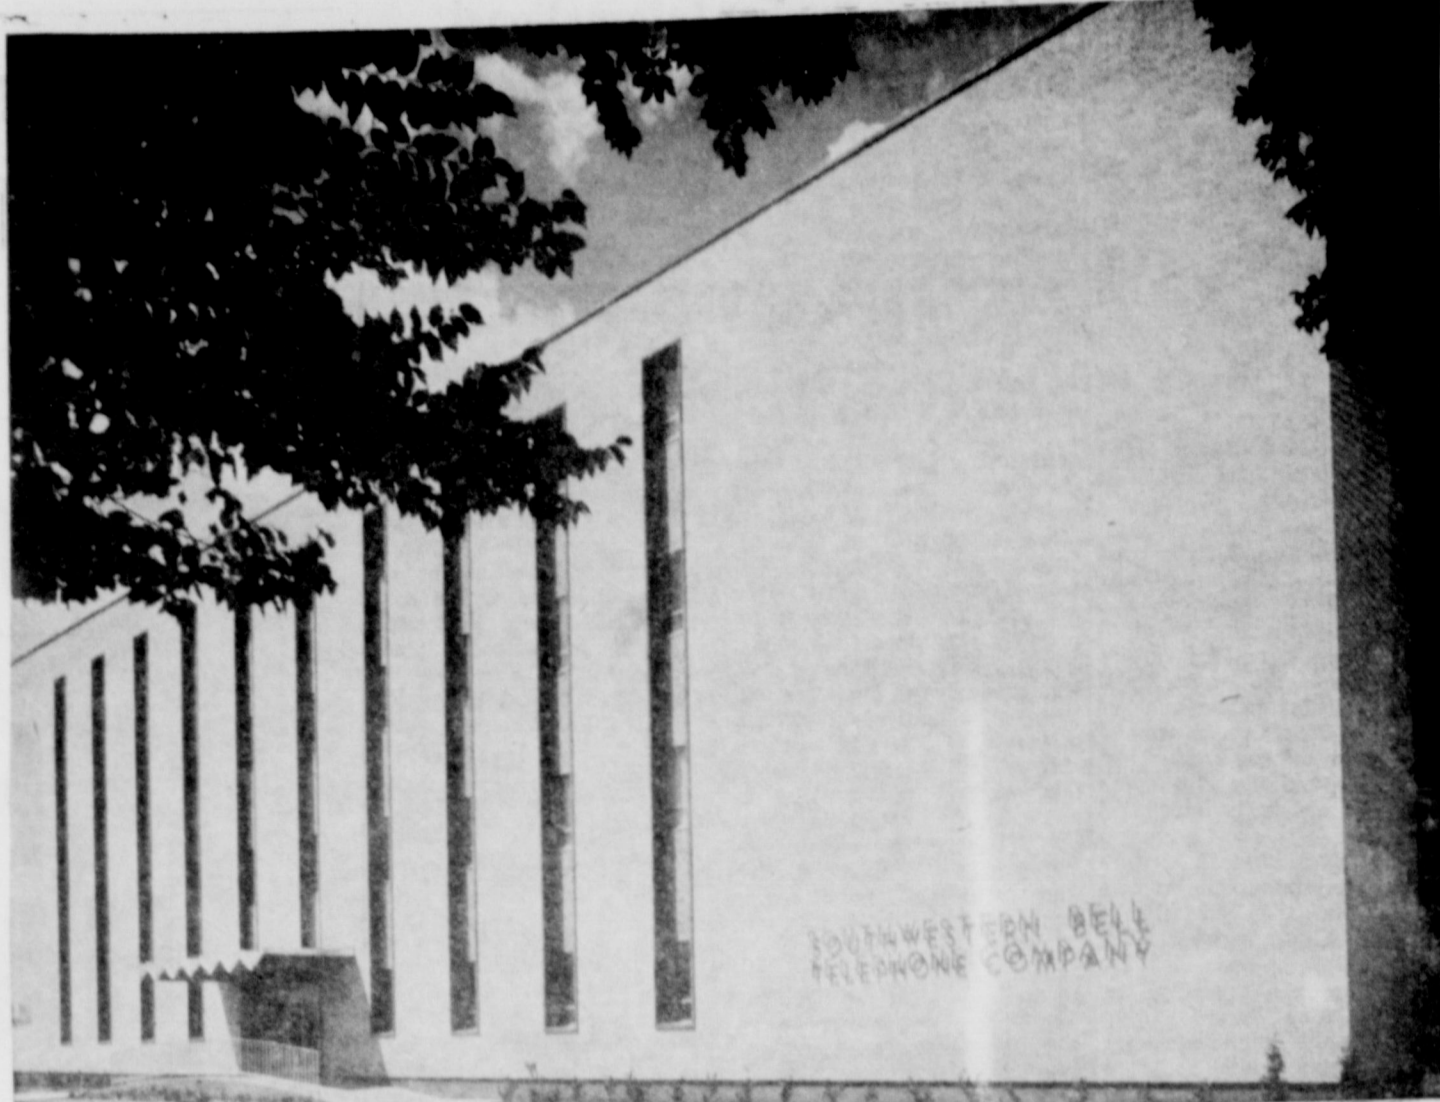

Kelley is a radio relay and A of the division's 24th Signal carrier operator in Company Battalion. He entered the Army in July 1959 and arrived overseas the following December.

Kelley attended Placer Union High School.

Southwestern Bell Schedules Open House Sunday, Oct. 2, in Division Headquarters

The Southwestern Bell Telephone Company is holding open house at their new division building in Lubbock on Sunday, October 2, and Monday, October 3; and every 100th visitor will receive a free Long Distance demonstration call.

The new headquarters office is located at 2010 Avenue R in Lubbock, a short distance from the Plainsman Hotel. The announcement was made by John Whitcomb, division manager, who said the welcome mat is out for everyone from the

South Plains area. Hours of the open house are from 1 to 6 p.m. Sunday, October 2, and from 6 to 9 p.m. on Monday, October 3. Visitors to the open house will be taken on a special guided tour of the new offices. At the end of the tour there is a special exhibit room that features a "Tick-Tack-Toe" machine that can analyze the way a person plays the game and then defeat him, a "Voice-Mirror" that allows you to hear your voice just as it sounds on the telephone, and a

special display that shows how Long Distance calls can be sent by microwave instead of cable or wires.

Free refreshments will be served to guests while they browse around the exhibit room and visit the special exhibits. The winners of the demonstration Long Distance calls will place their calls from this room. Each winner will be entitled to a three-minute station-to-station call to any place in the United States. Other visitors may listen to the conversation

through a loud speaker system. The idea is to demonstrate the speed of and ease with which Long Distance calls go through the vast network of telephone equipment across the country.

In addition to the Long Distance demonstration, visitors will also have the opportunity to see the accounting department's electronic brain which can remember information about Long Distance telephone rates from Lubbock and surrounding towns to any place in the United States.

STRENGTH FOR THE WEEK

"Dare We Pray for Guidance?"

"Lean not onto thine own understanding in all thy ways acknowledge Him." Prov. 3:5-6.

Timmy's daddy, a minister in a small Minnesota town, had received a call to a pastorate in Montana. The family talked of God's part in influencing their decision. Timmy was greatly concerned about the possibility of leaving his little cousin. That night, Timmy added to his prayer this petition, "O God, please guide Daddy, but don't guide him to Montana."

We may not realize the fact, but often we actually make up our minds before we even turn to God for guidance. The decision may be only in our subconscious minds, but we are really asking, not for guidance, but for approval.

Have we stopped to count the cost when we pray to be guided? Are we ready to accept all that may be involved when we ask for "grace to love Him more? Have we emptied our hearts of all selfish motives? If we probe deep into our minds, do we find that "but don't . . ." of Timmy's prayer? Only if we are willing and ready to follow God's guidance, have we any right to ask for it. It's not the words of our lips that count with God, but the real desires of our hearts.

D. D. BAIRD IS TRANSFERRED

D. D. Baird, Slaton division safety supervisor for the Santa Fe Railway, has been transferred to a similar job in Shopton, Ia., effective September 1.

T. H. Linn, safety supervisor on the Colorado division at La Junta, Colo., will succeed Baird, with headquarters at Clovis, N. M.

Linn is the son of a Santa Fe conductor on the Illinois division. He was born in Ft. Madison, Ia., and attended grade school there, high school in Chillicothe, Ill., and the Peoria Institute of Business, Peoria, Ill.

He entered Santa Fe service October 1, 1942, moving through secretarial positions at Chillicothe and Chicago. When he was secretary to the operating vice president of the Santa Fe, C. R. Tucker.

Baird has been safety supervisor of the Pecos and Slaton divisions since June, 1957, when he was promoted into safety work from train service. He entered Santa Fe service as a brakeman in 1943, and was a conductor on the Western division, Newton, Ks., at the time of his Clovis appointment.

Baird attended Wheaton College, Wheaton, Ill. and before entering railroad work was in

Miss Eunice Buxkemper Is Honored With Bridal Shower

Miss Eunice Buxkemper, bride-elect of Joe Schilling, was honored at a miscellaneous shower in the home of Mrs. Alvin Buxkemper, September 25th, from 2 to 5 p.m. Guests were greeted by Mrs. A. J. Gully, grandmothers of the bride-elect.

receiving line composed of Eunice Buxkemper, Mrs. Alvin Buxkemper, mother of the bride-elect; Mrs. Herman Schilling, mother of the prospective bridegroom; Mrs. C. W. Buxkemper and Mrs. A. J. Gully, grandmothers of the bride-elect.

Corsages were presented to the bride-elect, her mother and the mother of the prospective bridegroom.

Misses Kathy Buxkemper and Diane Kuss, and Mrs. Curtis Bruedegam served from a table covered with white lace over pink. The table was centered with a miniature bride and groom, encircled by a large gold wedding band. A bouquet of pink roses, held by a large bow, the streamers of which were lettered in gold with "Eunice and Joe" cascaded from the table's edge. Long pink tapers in crystal holders completed the centerpiece. White napkins with gold lettering were used. Silver appointments completed the table arrangement.

Hostesses for the occasion were: Mesdames C. W. Buxkemper, Florence Strube, Ed Verkamp, C. B. Schneirs, Leo Kitten, B. H. Bollinger, Louise Steffens, John Steffens, J. J. Kitten, Henry Hollinder, Jerry Melcher, Leroy Buxkemper, August Kitten, Paul Buxkemper, Paul Meurer, Wilfred Kitten, Paul Mosser, Ray Kitten, Alex Bednarz, Joe Schwertner, Sylvester Verkamp, Louie Mel-

who are up high on the list at the banks and are in position to look mean and act snooty, their name for the plant is "Candolabra tree." A candle tree and a Candolabra tree are the same thing in case it means anything to you.

We have two of them but only into full bloom before frost. They were given to us early in the season by Mrs. W. R. Wilson who got them in Central Texas. They are really not trees but in their native tropical country grow to be as trees in one season. To have them one must start over new each year and if grown out here would probably have to be planted in a hot house sometime in March or April.

These plants are not so very unusual in the Southern part of the state or in warmer climates and perhaps are not unusual in Lubbock so far as I know, but just the same I have not seen one here or anywhere else and if there is any chance to take credit for something I'm not going to pass up the opportunity. Of course Mrs. Wilson has several of these trees at her house and they are probably bigger and better than the ones we have, but she is not the perpetrator of Just Talk and does not have the opportunity to brag and blow as I do. With modest pride I invite those who are interested to stop and gaze with spellbound admiration at our candle tree, that is, if the blamed thing does not fold up and flop over from some unknown reason.

Just Talk

Two weeks ago I wrote an editorial for the Slatonite that has brought down some general maledictions on my head and although my head is mostly rock I must admit that I wrote something that should have been explained better than it was in the editorial.

In it I stated that a lot of mo- CONTINUED ON PAGE 3

Letter Writing Week To Be Celebrated Here Oct. 2-8

The 23rd annual Letter Writing Week will be celebrated in Slaton, during the week of October 2 to 8, it was announced today by Postmaster Barry Ford.

Postmaster Ford noted that there has been a revival of personal letter writing during the last few years. "A letter remains the most economical, longest lasting, sincerest means of extending greetings, communicating social news, and exchanging ideas," the Postmaster said.

During Letter Writing Week, Ford suggested that individuals write at least two letters: one to a friend or relative from you have not heard in a long time, and the second is a reply to a friend or relative who recently wrote to you. He also urged correspondence to people in other countries as a means of promoting greater understanding among his people of different nations.

The slogan of this year's event, as indicated on more than 200,000 banners, is "Letters are Links to Friendship." The

display materials will appear on post office bulletin boards, and rural carrier vehicles, as well as in various schools and libraries.

ney had been wasted here in the past on building ball parks, play grounds and in supplying the band with uniforms and instruments. The fact was cited that one former member of the band had used the pants from his band uniform as work pants on the farm where he wore them while operating a tractor. Several people have burned me down with the facts that the uniforms are being most carefully taken care of as well as the instruments and have been for a good many years.

This I am sure is true. The instance I referred to in my editorial was supposed to have happened a good many years ago, in fact it was told to me during the depression years and when I wrote the editorial, I was thinking in terms of the past when I referred to the ball parks, play grounds etc.

Whether money is being spent now that will bring full return to the Slaton public remains to be seen. Every person and every town no doubt has money spent on them that does little or no good. It is worth while to try to spend it the best way possible and with an eye to the future.

From my limited observations there are not many and probably no boys these days who would use the pants to a band uniform to wear while operating a tractor, there are mighty few who could or would operate a tractor and if they should, they would want some better pants than band uniform ones. In addition they would demand that the tractor be equipped with television, hot and cold water and ice cold soft drinks.

It is with disgust that I dug out my last winter clothing and recognized some of the poor selections I made in skirts, slacks and winter coats. Most of the stuff is too good to throw away and too disgusting in color and design to feel as important as I would like to feel when wearing it. And another thing I tried on most of them all and find that they still fit about as well as they ever did giving me no excuse at all to fling them to the dogs.

It looks like a long hard winter with little prospects for me to bloom out.
