

The Sounding Board

James Hill, the Knox City editor, pays tribute to the late A. M. Jackson, former publisher of the Slatonite. His words for Mr. Jackson are echoed by the Slatonite, and we're sure by many who knew him.

From the column, "Just Talk": Two weeks ago I mentioned an old friend of mine from Slaton who for years was the Slatonite, and who started me out in the newspaper business. Mr. Jackson died last Friday night at his home. He sold the Slaton paper several years ago because of a heart ailment.

He wrote his "Just Talk" column for the paper though, for the past few years. His death will not only be a sorrow for the people of Slaton, but for the many, many people who have known him through his busy span of years. I personally feel that I have lost one of those real friends we all hear so much about but seldom seem to have.

Editor Joe Harrison of Spur tells of an occasion where another newspaper made a mistake. Also a first-hand view

on the new gold rush in Texas. From his column, "The Editor's Corner:" I don't suppose there was ever a newspaper that didn't have some sort of mistake in it.

Mistakes are just a hazard of the trade and we certainly make our share of them. However, we never cease to try to put out the perfect paper—that is the challenge.

Regardless of our mistakes, it is not too difficult to look around and find another publisher who has his own share of errors—and, believe it or not—some are greater in magnitude than ours.

For instance, Max Steger, editor of the Shallowater weekly recalls an error than an area publisher made.

It seems this weekly editor had published an obituary on a person who was not dead. In fact, the topic of the article was alive and healthy and shocked to read of his demise in the newspaper.

He promptly called the editor, identified himself and said: "There's a story about my death in your newspaper!" Nonchalantly the editor asked: "Where are you calling from?"

Alaska may have pushed Texas down to second place in size when the northern outpost became a State, but Texas is answering back—with both barrels. Alaska is noted for its gold fields and the gold rush days. Now, gold has been discovered in Texas, and Texas-wise, it was a real find. The incident took place right here in our backyard, in Stonewall County, on the Brazos River.

When I first read of the find in the Aspermont Star this week, and the Abilene Reporter-News Wednesday morning, I had in mind that Saturday was April Fool and somebody was pulling a prank a little premature. However, The Wichita Falls Record News also carried a by-lined story on the find, so with three newspapers breaking the news ahead of me, I won't be the loan goat if it proves to be a hoax.

The gold find, reported by an Abilene used car dealer, Paul Harrelson, has assayed

out \$138 per ton gold; \$178 per ton silver and \$202 per ton copper. The largest gold mine

in America averaged only \$10 to \$11 per ton last year and had operated for years on ore worth \$6 to \$7 per ton.

Harrelson, along with a partner, were making improvements on their copper mine when the gold vein was accidentally discovered. The men report they have known about the rich ore since 1927, but remained silent until a prospector's lease had expired.

The gold was uncovered by a bulldozer in the middle of the Brazos River while clearing land for a road to the copper mine. Harrelson has leased 3,500 acres in the cedar breaks about 15 miles north of Old Glory.

Some people have all the luck! Mine is more like the prospector whose lease expiration allowed the two Abilene men to file their claims.

And lastly, a word on advertising from an anonymous newspaper:

"Why is a man wakes up in the morning after sleeping under an advertised mattress and pulls off advertised pajamas. Takes a bath in an advertised tub, shaves with an advertised razor, washes with advertised soap, puts on advertised clothing, sits down to breakfast where he drinks advertised coffee, puts on an advertised hat, rides to work in an advertised car, writes with an advertised pen. Then he refuses to advertise! Says advertising does not pay. And then when business isn't good and he has to get rid of it he ADVERTISES it for sale."

Temporary extended unemployment benefits will be payable to unemployed railroad workers who exhaust their regular normal or extended benefits under the Railroad Unemployment Insurance Act. The new benefits are provided in legislation signed by the President on March 24, 1962. The Railroad Retirement Board estimates that some 60,000 claimants will receive a total of \$24 million under the new law.

The temporary benefits are payable for unemployment in the period starting April 8, 1962 and ending March 31, 1962. They

may also be paid for unemployment occurring in the following 3 months, if the worker is entitled to such benefits before April 1, 1962.

These benefits are not payable under the railroad system if a worker has established a claim to temporary benefits under the State unemployment system.

The board expects to give notice of these benefits to each railroad employee who has exhausted his right to regular unemployment benefits. The notice will include instructions on how to claim them. If an employee does not receive a notice but thinks he may be entitled to these new benefits, he should go to an unemployment claims agent and register in the regular way.

or maybe just breakfast time—most any time is ideal for tempting Breakfast Coffee Ring. To prepare, beat one egg slightly. Stir in ¼ cup milk and ½ cup melted butter or margarine. Sift together ¼ cup sugar, 1½ cups sifted enriched flour, 2 teaspoons baking powder and ¼ teaspoon salt. Add dry ingredients and 1 teaspoon grated orange rind to milk mixture, stirring only until well blended. Pour into a well-greased 9-inch ring mold. Bake in moderate oven (375°F.) 25 to 30 minutes. Cool for 5 minutes. Remove from pan. When cool, drizzle confectioners' sugar over top. Sprinkle with chopped nuts. Makes one 9-inch ring. This coffee cake may also be baked in an 8-inch square pan.

ABUNDANT LIFE

by ORAL ROBERTS

COMPLETELY DEDICATED

Many organists were grieved to hear of the death of one of their favorite masters of the keyboard. He had suffered a heart attack while in the pipe chambers of a large pipe organ and had died before he could be taken to a hospital.

The organist had been trying to stop a "cipher." A cipher occurs, I am told, when a pipe sounds without any pressure on its corresponding key.

On this occasion the organist had been asked to fix a cipher for another organist.

The irony of this musician's death lies in the fact that he finished his distinguished career as a master organist just as he had started it—in the pipe chambers, trying to stop a cipher!

The musician literally "died at the switch," for he had devoted his life to the organ. Here was complete dedication.

In the New Testament we read how Christ was completely

dedicated to the task of fulfilling the mission that God, His Father, had sent Him to do on earth. He died that we might have everlasting life. He died for our sins—the sins of the whole world.

But Christ gained victory over death itself and arose from the dead. He broke the bonds of death and is alive today. He is with us now in spirit and in truth.

Jesus went about doing good. He spent two thirds of His earthly ministry healing the sick

and the lame and driving out the devils. He went about the countryside, preaching the gospel. The living presence of Christ is as real as those who lived during His physical presence on earth.

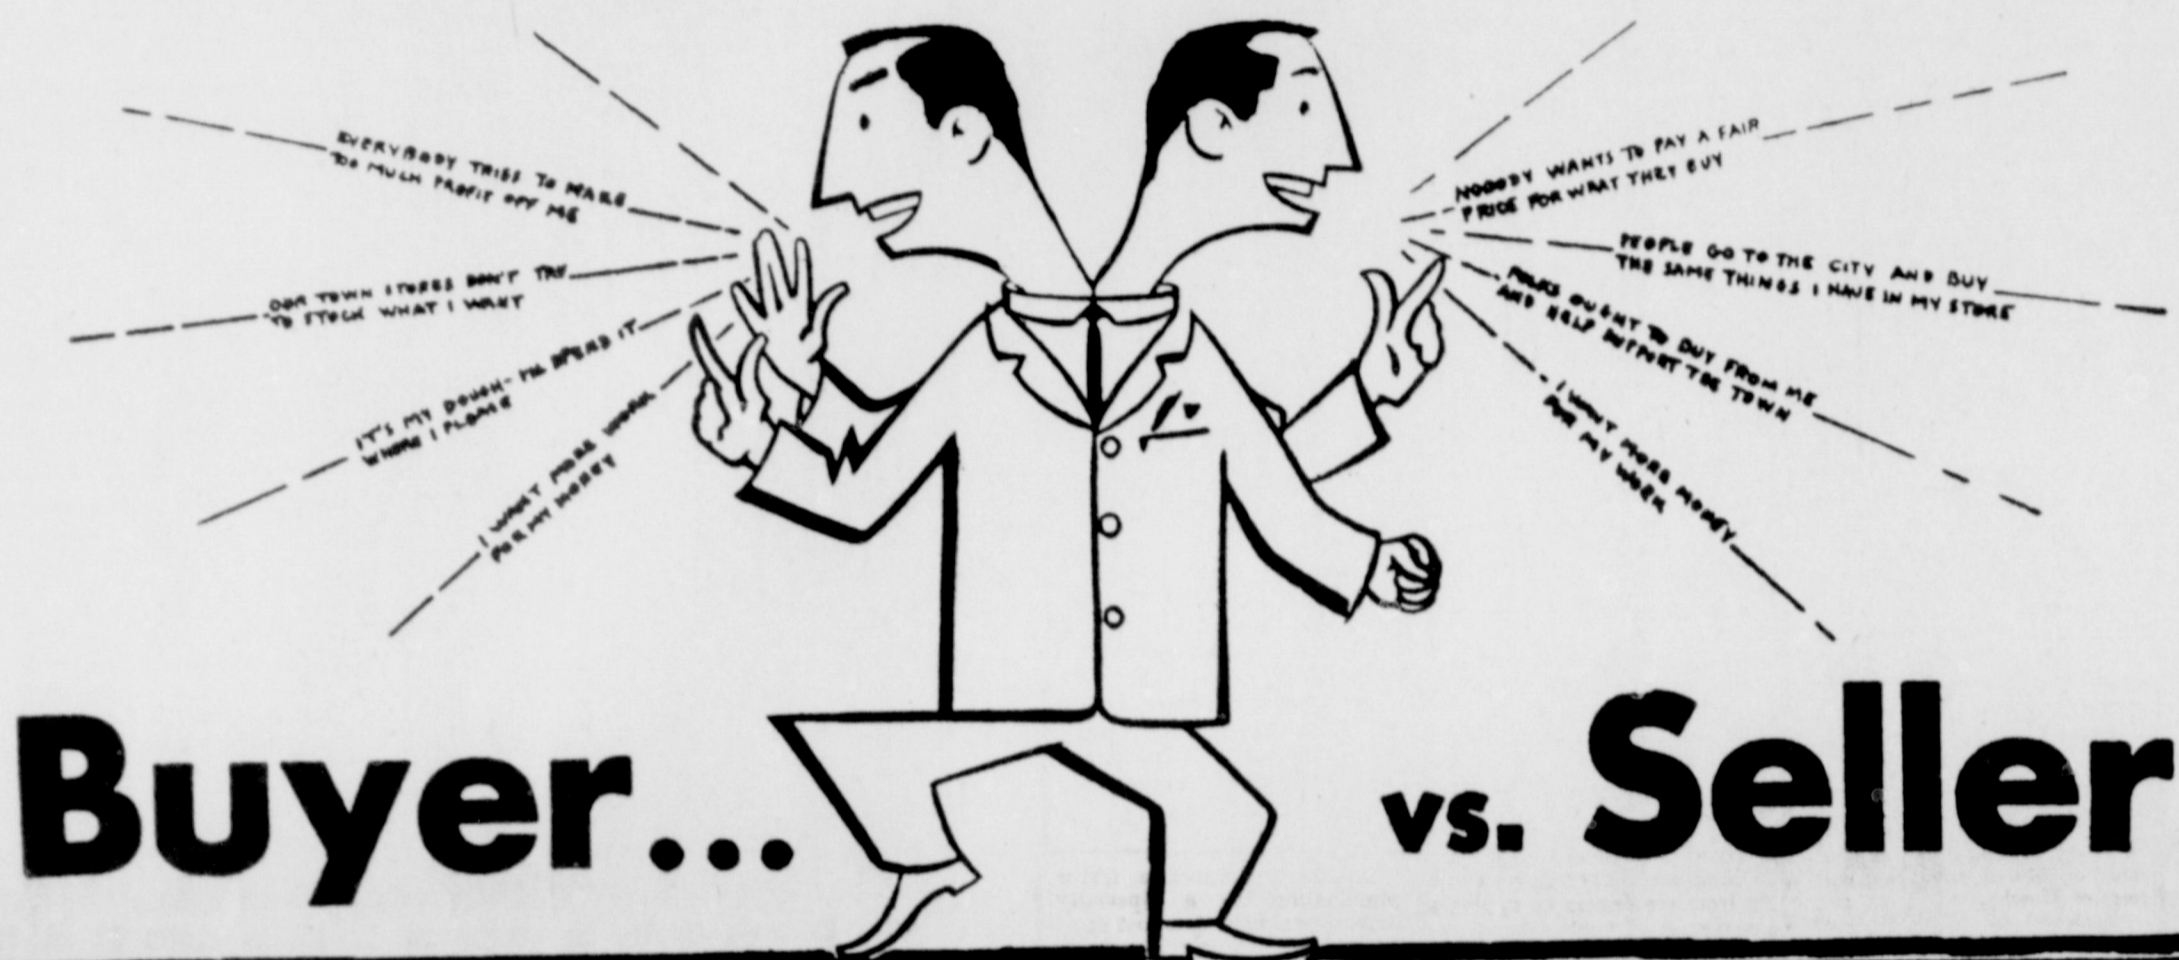

Christ was completely dedicated. He fulfilled the mission set out for Him by His Father. And because He loved us, we today can have life by accepting His Saviour.

IT PAYS TO TRADE AT

Just Follow the Signs in

Odessa - Post - Lubbock

Most of us lead a double life.

One minute we're a BUYER. The next minute we're a SELLER . . . of goods, services, time, or talents.

Of course, there's some incompatibility in a Buyer-Seller combination. About like you'd expect in a dog-and-cat mixture.

Consequently, we sometimes get to playing our part as Mr. Buyer with such enthusiasm we forget that our other self, Mr. Seller, has to

put dollars in our pocket before our Mr. Buyer self can spend them out of it.

And every time we, as Mr. Buyer, take one of those dollars out of circulation here by spending it out of town, we shrink Mr. Seller's market so it's a little harder for him to get us some more dollars.

It's too bad we don't get more teamwork out of our two personalities. When Mr. Buyer is cutting Mr. Seller's throat, we need to recall that they are both using the same throat.

Bluebonnets Have Meeting

Mrs. Jack Cook was hostess of the Bluebonnets Wednesday, March 22. Mrs. M. C. Hodge presided. Present were Mesdames W. F. Schurby, Joe Teague, Fannie Stinson, Ford Stansell, Roy Yast, C. C. Wicker, Roy Parks, E. McClanahan, H. H. Smadson, Henry Jorman, R. Bain, E. A. Wilbur, M.C. Edge, R. C. Standefer and Jack Cook.

Two visitors, Mrs. J. D. Swann, Houston, and Mrs. Ann Swanner, were present. Next meeting will be April 13 with Mrs. H. H. Edmondson 640 South 10th Street.

Cooper, Porsch Wedding Set

Mr. and Mrs. W. D. Cooper announce the marriage of their daughter to Louie Porsch Saturday, March 25 in the chapel of the Methodist Hospital. Given in marriage by her father, the bride was married in a two-piece beige ensemble with matching accessories. John Smith, retired minister of the Church of Christ, read the ceremony. They were attended by Maxine Moore and will reside at Rt. 1, in Slaton after honeymooning.

Mrs. Heaton Hosts Centurettes

Hostess to the Centurettes Monday evening, April 3, at 7:30 was Mrs. Robert Heaton. Mrs. Edward Maekaer, president presided over the business meeting.

The program chairman for the evening was Mrs. Harley Casleberry who presented to the club her enjoyable program, "Happiness Through Travel" was her chosen topic. Slides she had taken on various trips were used to illustrate her point.

Roll call was answered by eighteen members.

Athenian Club Has Meeting

The Athenian Club met on March 21, with Mrs. Joe Miller as leader of the program. She introduced Mrs. Virgie Hunter, who told of her experience while teaching in Maryland last year. She passed pamphlets of interesting and historical places she visited and events she attended in the vicinity of Washington, D. C., and New York. A refreshment plate was served by the hostess.

Homemakers Class Has Meeting

The Homemakers Class of the First Baptist Church met March 21, in the home of Mrs. Roy Parks. Mrs. Audean Nowell led the opening prayer. Mrs. R. L. Smith gave the devotional. Following was a social hour.

HD Club Has Covered Dish Luncheon

The Slaton Home Demonstration Club had a covered dish luncheon Thursday, March 23, in the home of Mrs. W. L. Roache. Roll call was answered by seven members with one new member, Mrs. J. E. McMeekan. Miss Clara Pratt gave a discussion on club committees and their recommendations. A simple cake decoration demonstration was given by Mrs. Alton Meeks. After lunch Mrs. E. E. Bishop gave an advanced demonstration on roses and other cake decorations with members and guests decorating cakes. Seven visitors were present. The next meeting will be held in the home of Mrs. Gordon McWhorter, April 13.

GIRL SCOUTS MEET

The fourth grade girl scouts met Monday, March 27, at the Scout Hut with Mrs. Bill Green, leader and Mrs. H. D. Andrews, assistant. They elected Deborah Moore as president; Margaret Andrews, vice president.

Civic And Culture Club Meets

A regular meeting of the Civic and Culture Club was held at 3 p. m. Wednesday March 22nd, in the home of Mrs. J. D. Barry at 775 West George Street, with the president, Mrs. R. C. Hall, in the chair and Mrs. J. A. Elliot as recording secretary, the business was transacted.

Plans regarding attendance at the District Convention of T. F. W. C. to be held in Lames the 28th and 29th were made. Mrs. W. R. Lovett, chairman of the civic committee reported on Club House Improvements. Mr. R. H. Todd was leader for another program on "Meeting the Challenge of Our Heritage" This one is listed in the year book as "Hobbies - Our Heritage". She called attention to beautiful Hobby Displays arranged through the entertaining rooms. Then she introduced three speakers scheduled for

Mrs. Hodges Is Ad Rime Winner

Mrs. Roy G. Hodges repeats as winner of last week's ad rimes contest.

Mrs. Hodges won an earlier week. She correctly identified the hidden slogan.

Her winning rhyme was: Keep your home town on the map, Buying locally makes shopping a snap.

JUDY BISHOP

Engagement of Judy Bishop Is Announced, May Wedding Planned

Mr. and Mrs. T. D. Bishop of Slaton wish to announce the engagement and approaching marriage of their daughter, Judy Gail, to M. F. Klattenhoff III, son of Mr. and Mrs. Magnus F. Klattenhoff Jr., also of Slaton.

The wedding will take place May 25th, 1961, at the First Methodist Church at 7:15 p.m. Friends and neighbors are invited to attend.

Miss Bishop will graduate from Slaton High School in May. Mr. Klattenhoff is a 1959 graduate of SHS and attended Texas Tech for a year. He is presently engaged in farming here.

this week's patterns...

Versatile Mix-and-Match

Amount, then mark with red nail polish to various levels, 1/4, 1/2, 3/4 and 1 cup. Nice scraps of soap from the bathroom? Place them into a jar with warm water and let dissolve. These are nice for shampoo and basin laundering. You can make nice pot holders out of large shoulder pads. Sew two pads together with a seam down the middle and cover with material if desired. This fits very nicely around the handle of a pan. Old or odd rubber gloves can be cut from the fingers up to give an assortment of rubber bands.

IT'S FUN TO SAVE

Old bath towels can make into nice mitts. Use them for dusting Venetian blinds, furniture or even in the bath tub to replace a wash cloth.

Do you have a lot of assorted tumblers? Make them into measuring cups by using a standard measuring cup and filling the tumbler with water to show proper

HELEN'S FAVORITE:

Cranberry Mold (Serves 8-10)
1 package strawberry-flavored gelatin
1 cup boiling water
1 1-pound can cranberry sauce
3 tablespoons pickle relish
1 11-ounce can mandarin oranges
2 tablespoons lemon juice
Dissolve gelatin in boiling water. Stir in cranberry sauce and pickle relish. Drain and measure liquid from oranges. Add enough cold water to make 3/4 cup. Stir into cranberry mixture with lemon juice. Chill until mixture is syrupy, add oranges and pour into 5-cup mold to chill until firm. Unmold to serve plain as a relish or with lettuce as a salad.

Suzy Secretary Sez

To add flavor to canned vegetables, open the can at least 15 minutes before heating. The vegetables will regain the oxygen they lost in canning and, as a result, you'll notice a difference in the taste.

There's a distinctive flavor combination in a Specialty Slatoni Sandwich that just can't be duplicated! For good, wholesome eating during the hot summer months, this tempting sandwich does the trick. You'll need to toast 8 slices of enriched bread. Mix 3 tablespoons dairy sour cream, 1/4 teaspoon prepared horseradish, 1/2 teaspoon grated onion and 1/2 teaspoon paprika. Spread 4 slices of toast with the sour cream mixture and the remaining slices with butter or margarine. Place salami (6 slices, about 4 ounces) over the sour cream spread, then top with tomato slices and lettuce leaves. Cover with the remaining toast slices. Makes 4 Specialty Slatoni Sandwiches.

This Week's Special AT SLATON HARDWARE One FREE Lamp with the purchase of a Kelvinator Refrigerator.

The American Way

MAKING US LOVE CASTRO

By John T. Flynn

A new assault on the American mind is under way. Its object is to make you love Fidel Castro. Now don't give a loud "ha-ha" and say that nobody can sell you the bearded leader of the Red Cuban revolution. Only the very young, and those with short memories, should not know that a similar job was done on our minds

dozen years ago in the case of the Chinese Reds. At that time an outfit called the Institute of Pacific Relations, plus a small batch of communists, plus a much larger batch of pro-communists and their "liberal" dupes in and out of the American government went to work with books, magazine articles, special stories, radio commentaries, etc. They told us that the Nationalist Chinese government was corrupt, fascist-minded, dictatorial; that the Chinese Reds were not Reds at all, merely "agrarian reformers" who wanted to bring peace and democracy to China. So successful was their campaign and their influence that they actually succeeded in getting certain elements in the American State Department to help bring the Reds to power in China.

Well, there is now in operation an outfit called the Fair Play for Cuba Committee. It is busy organizing all over the country, especially among college students. It says it is distributing literature

... pictures, supplying speakers, holding rallies, sponsoring all-expense tours to Cuba. It boasts that it has 2500 dues-paying student members and that it has already set up chapters in 40 colleges.

Who and what is this Fair Play for Cuba Committee? One of its leading lights is a professor at Columbia University. He went down to Cuba, spent three days flying around in a helicopter with Fidel Castro, came back and wrote a book about what a wonderful guy he is and how he has made the Cubans "enormously happy." The professor does not explain why, if they are so "enormously happy," they are escaping by thousands from Castro's Red paradise to Miami.

Another leader in this organization with the innocent-sounding name of Fair Play for Cuba Committee is a professor at Michigan State University. Then there are a couple of former newscasters for a large radio and TV network. There is also Vincent Hallinan, chief counsel for leftist labor boss Harry Bridges. Hallinan was the vice-presidential candidate in the 1952 election. He was in the Communist Party ticket.

Still another sponsor of this pro-Castro outfit is Kenneth Tynan, a British drama critic who also worked for an American magazine. Last year he put on a big TV show in England. The idea was to give Britishers a picture of America. He collected two dozen Americans for the purpose and, as the New York Daily News said at the time, their assembled beards added up to: "The United States stinks." This was quite natural, because among Mr. Tynan's ex-

... on America were Dalton Trumbo, the left-wing screen-writer who served a jail term for contempt of Congress, and Alger Hiss! Besides sponsoring this love-Castro committee, Mr. Tynan repays American hospitality by smearing the Senate Internal Security Committee. Its great crime, in his eyes, is that it asked him some questions about his strange activities.

Of course, no one disputes the right of this Fair Play for Cuba Committee and its sponsors to plug for Fidel Castro and his communist-dominated regime in Cuba. But it is also within the rights of the rest of us to know what is going on, who is behind it, and what kind of so-called "education" some of these college professors are feeding to students.

Incidentally, if any of your college-age sons and daughters, or anyone else you know, has fallen prey to this latest propaganda drive, a good antidote to the poison is a book called RED STAR

... OVER CUBA (222 pages, Devin-Adair Co., N. Y., \$4.50). It is written by Nathaniel Weyl, who was once a member of the Communist Party (he has since denounced it) and who specialized in Latin American affairs while in the Parlor. He tells in his new book the revealing and shocking truth about Castro and his Red regime in Cuba—90 miles from the mainland of the United States.

FULL HOUSE
A husband arriving home in the wee hours was met at the door by his irate wife. "Ha!" she snorted. "Coming in at 4 a. m., and I suppose you're going to tell me you've been holding the hand of a sick friend."
The husband shook his head sadly, and explained: "Well, if I had been holding his hand we'd be a lot richer right now."

REVIEW AND FORECAST

Freeman Announces Broad Farm Operating Loan Eligibility

Department of Agriculture Orville Freeman has announced that farmers Home Administration has revised its eligibility requirements for operating loans over periods not exceeding seven years. The interest rate is 5 per cent.

remain unchanged. Applicants to be eligible must be unable to obtain adequate credit from other sources, and with the aid of the loan be able to earn an income sufficient to pay necessary farm operating and family living expenses and meet the required payments on their debts.

so as to better serve the credit needs of small farmers.

Farmers who can profitably use operating loans to increase their farm income and have the ability to repay their debts are now eligible even though they cannot presently obtain all the resources needed for family-type farm operations, and lack opportunity at this time to adequately supplement their farm income with off-farm employment.

Previously operating loans were made only to farmers who could obtain the resources needed for family-type farm operations, or who could supplement their farm income with off-farm employment to the extent that their total income was equal to that from a family-type farm.

Included in the group of small farmers not previously eligible are (1) young farmers who in the near future will be able to obtain additional land and other resources, (2) young and middle-aged farmers who may be able to obtain off-farm income in the near future, and (3) some farmers who are nearing retirement.

Operating loans are made for the purchase of livestock and equipment, for fertilizer, tractor fuel, feed and other essential farm and home operating needs, and to refinance chattel debts. The loans are scheduled for repayment in accordance with the borrowers' abilities to repay.

High Plains Foundation Elects Officers

All officers and executive committees of the High Plains Research Foundation were re-elected at the meeting of the Board of Trustees in Plainview March 15. New members elected to the board were: Orville Nash, Guyton, Oklahoma; A. W. Lott, Lorenzo; Claude Fargason, Halfway; Lane Decker, Floydada;

Jack Wicker, Littlefield; Robert Wilson, Bovina; and Olan Alexander, Homer; Garrison, Harry Igo, and Joe Don Scott, all of Plainview.

Matters of business conducted by the Board included the acceptance of the auditor's report for 1961, setting the Annual Field Day for Sept. 20, and budget adjustments.

Your Neighbor . . . MAURICE CAIN . . .
Uses
LIQUID FERTILIZER
How About You?

MAURICE CAIN, who lives 3 miles south west of Ropesville, is a booster of Liquid Fertilizers. "To me it's the SOLUTION to my fertilizer problem. I am putting down 60-lbs. of Nitrogen, 48-lbs. of Phosphate and 8-lbs. of Potash on my irrigated cotton land. I definitely feel that SOLUTIONS will give as good or better results than other types of fertilizers if used properly. I particularly like the uniform application I get with my tail-wheel drive squeeze pump applicator. I'm rigged up so that I can side-dress and cultivate in one operation later in the season. I can also see a big labor and time-saving by being able to apply more acres per day as compared to other kinds of fertilizers," said Mr. Cain.

Cain is farming 1200 acres—500 acres of cotton and 700 acres of grain. Last year he averaged about 1 1/4 bales per acre . . . "and I would have made more had I side-dressed at the right time. I feel very strongly that in order to realize the most out of fertilizers they must be applied at the right time. I was late on side-dressing last year, consequently I didn't get the full benefit that I would have gotten had I been a few days earlier," said Cain. Why don't you do as Cain has done—see your local Lee-Quid Sol-U-Phos LIQUID FERTILIZER dealer . . . he has a SOLUTION for any Fertilizer Problem.

Accidents - - - And Why They Happen

The Texas Department of Public Safety has released an official analysis of traffic accidents for 1960 indicating that excessive speed and driving while drinking led the list of violations figuring in fatal accidents on the rural highways.

The booklet, prepared by DPS Statistical Services, lists speed too fast for conditions as a factor in 48 per cent of the rural fatal accidents, and driving while drinking as a factor in 39 per cent of these accidents.

Statistical Services Manager N. K. Woerner noted that the 2,254 motorcyclists in Texas during 1960 was the lowest toll since 1949 when 1,957 were killed. Other observations made from the analysis included these:

- 1. The 1960 death rate of 4.9 motorcyclists for each 100 million miles of travel was the lowest on record.
- 2. Traffic killed 199 fewer persons than in 1959.
- 3. Traffic deaths on rural roads and highways were reduced 11 per cent.
- 4. There were nine deathless days on Texas highways during the year, the greatest number for any year since World War II.
- 5. An average of one person was injured every hour and 35 minutes for a total of 127,980—almost equal to the population of Lubbock. This would mean that 13 of every 1,000 Texans were injured in traffic accidents during the year.

- 6. Nearly one out of every three fatal traffic crashes in the United States in 1959 involved a drinking driver.
- 7. One out of every five drivers involved in a fatal traffic crash in the United States in 1959 had been drinking.
- 8. About 10,000 of the 32,000 fatal traffic crashes in the United States in 1959 involved a drinking driver.
- 9. One out of every four adult pedestrians killed in a traffic tragedy in the United States in 1959 had been drinking.
- 10. About 1,500 of the 5,700 adult pedestrians killed in U. S. traffic tragedies in 1959 had been drinking.
- 11. In Texas in 1959, 30 per cent of all the drivers involved in rural traffic tragedies had been drinking, according to the Texas Department of Public Safety.
- 12. In Texas in 1959, the Department of Public Safety reported that 45 per cent of all the rural fatal traffic crashes involved a drinking driver.
- 13. The National Safety Council's special report on 1959 Christmas-New Year's traffic tragedies showed that drinking was a factor in 38 per cent of the crashes which cost 374 lives.
- 14. The National Safety Council reports that "the throttle and the bottle both were part of the prelude to the fatal movement of impact" in many of the traffic collisions which took 374 lives during the 1959 year-end holiday.
- 15. During the 1959 year-end holiday period, the National Safety Council says "The Yule tipper was involved in more than half the Christmas traffic deaths."
- 16. So-called "social drinkers" are a greater traffic menace than commonly believed, because their critical judgment is impaired with a fairly low alcohol concentration, and they outnumber the obviously intoxicated drivers.
- 17. Drinking to any extent reduces the ability of any driver.
- 18. Small amounts of alcohol reduce judgment, self-control and driving ability.
- 19. It takes about three hours to eliminate one ounce of pure alcohol (about two cocktails).
- 20. Two cocktails (about 4/100ths of 1 per cent of alcohol in the blood) may reduce visual acuity as much as wearing dark glasses at night.
- 21. Coffee or other stimulants will not offset the effects of alcohol. Only time can eliminate alcohol from the bloodstream.
- 22. Chemical tests provide the police with a scientific means to determine whether or not alcohol has reduced a driver's ability.
- 23. Alcohol is not a stimulant, and is classified medically as a depressant.

He Drank, He Drove, He Died

THE Peripatetic VIEW

by G.C.C.

The first week of the "Freedom Seminars" being conducted in Slaton was a resounding success. It was not only well received in number, but those attending were high in their praise of the content.

Five more sessions will follow, all being thoroughly as interesting and informative as the first.

Having the seminars brought to Slaton is a big recommendation to the local Lions Club. The members acted on a needed project, and the worth of it to the community will be boundless.

Communism, beyond a shadow of a doubt, has made enormous advances in the past decade. But only now are many becoming cognizant of the fact, and aware of the numerous and devious ways by which the ideology of communism has infiltrated into our country.

The problem was never a lack of price on the part of citizens, but rather a complacency in the minds of persons. There have always been many individuals and groups who expounded the merits of our country, which is wonderful, but when a threat as vicious as the one confronting us now arises, then complacency, in the sense of action, is almost as deadly as subversion.

Testimonials every day on the part of persons who are informed make plain the urgency and threat involved. Many worry about an outright war with Russia, but it has been made plain that Russia does not want a war either. It is accomplishing its purpose without a war.

And perhaps some of the most lethal threats to the ever-increasing communist onslaught are those persons in our communities who would scoff at the idea of fighting communism, and then personally malign those which any amount of conservative political thinking.

H. M. Baggary, an ultra left-winger who publishes the Tulla Herald, is one of the worst among the offenders. I have the utmost regard for the persons who have arrived by honest conviction at a liberal philosophy, and who follow their programs as such. I have no regard for the person who seldom offers up plausible and valid reasons, for pursuing a liberal line, but who does follow the typical radical rule laid down by Karl Marx in attacking vicious personalities who do not agree with them. Such a man is H. M. Baggary. As a concrete example of

ed Tulla, I bet it would be without the support of the newspaper. Mr. Baggary would probably be saying, "Let's not be too critical of communism. It might leave a vacuum in our personalities."

Baggarry might have advocated the telling and re-telling to Adolph Hitler of what a wonderful country we had until we had it no longer. But eventually realistic opposition to fascism became necessary.

And should Swisher County, along with the rest of the U. S., ever fall completely into the communists' hands, then Baggarry will probably be saying, "It isn't psychologically sound to harp on the negative without ceasing despite its demerits."

Being a communist does not rest entirely on the card in a man's pocket. It can just as easily and harmfully exist in his mind.

The Mayor Of Acuff

Everybody's getting in, with this writing jazz. A few years ago Harry Truman wrote his memoirs. Just a few days ago I noticed where Ike was going to write a book about his eight years in the White House. I suppose JFK will write a book entitled, "I Managed to Budget a Million Dollars A Month." I'm happy to say I'm writing a book myself. Now aight off

same advice. -0- (Editor's note: Maybe you can solve this one then, Mayor. I remember when a famous columnist received a letter from an Acuff woman saying her husband kept embarrassing her at parties by taking out his false teeth and using them for cards while he did a Spanish dance. The advice from the columnist was - "Why stop him? Think it's a scream.")

How about this crazy mixed up weather we've been having of late? It's getting whether you don't know which kind of skis to take with you, water or snow. I thought I might get a job at the weather bureau, I'd probably have to start off at the bottom. You know, as third assistant guesser or something like that. The bad weather put a damper on lots of people's Easter vacations. Speaking of vacations, you know a person that goes on a vacation to forget everything, discovers when he opens his suitcases, he has.

This week's advice to the lovelorn. Ladies, if you find a blond hair on hubby's lapel and you're a brunette, don't worry or fret, or gnash your pearly white teeth. Just dye your hair blond and then you can't tell the difference. A closing reminder: Early to bed, and early to rise, and pretty soon your gal will be going out with other guys. I may not be as pretty as Ann Landers but I do give about the

MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing—there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turbofogline.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of persuasion. If you weren't absolutely you'd imagine you were riding in a costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

**Official R. L. Polk & Co. registration figures show Chevrolet's record-breaking margin in 1960—and it's continuing to set the pace for the industry!*

AND JUST ONE JET-SMOOTH RIDE WILL SHOW YOU WHY!

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer.

THRIFTYEST COOK IN TOWN

That's you — when Reddy's your helper. The real cooking economies come from an electric range. Because electric roasting needs no air, it doesn't draw the moisture from your oven when you're roasting. Result? Less meat shrinkage — more for your meat dollar.

Again — because electric heat is accurately measured — you use less water when cooking vegetables. Result? More minerals and vitamins stay in the food — less heat is used to bring a smaller amount of water needed to a boil for you once more.

And finally — the big economy from the cleanliness of electric cooking. You won't have to wash your walls and curtains as often — you'll stretch out the time between painting and decorating expense.

Thrifty cooking? Of course, it's electric.

NOW — 5000 GUNN BROS. OR FRONTIER STAMPS WHEN YOU PURCHASE A NEW ELECTRIC RANGE. ASK YOUR REDDY KILOWATT DEALER.

STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

Impatience for the house to send it something to work on.

Passed 85-60 by the House was the so-called "loophole bill" by Rep. Charles Ballman of Borger.

It is a sort of catchall bill that (1) plugs up some leaks in the revenue bill passed last session, taking central air conditioners, juke boxes, etc., (2) provides for the transfer of 1 per cent of a permanent school fund to the available school fund, (3) sets up a two-factor formula for corporate franchise taxes and (4) levies a state gift tax of one-half the federal gift tax.

Captions of the Ballman bill is broad enough that a variety of other money raising plans could be added to it should legislators be able to agree to them.

Meanwhile, the House Revenue and Taxation Committee still has a lot of other tax bills in the mill. Three sales tax bills were sent to sub-

committee, as well as a hotly debated proposal to levy a 10 per cent tax on trading stamps.

A trading company spokesman said there is only a three per cent profit on the operation and that a 10 per cent tax would put them out of business.

On the other hand, stamps were attacked as "counterfeit money" and an unnecessary burden on both merchant and consumer.

STRIKE THREE-Texas Supreme Court made short work of a 1959-passed tax law that many lawmakers had hoped would be a potent future revenue raiser.

Without issuing an opinion, the high court agreed with the trial court and civil appeals court that the severance beneficiary tax on gas is unconstitutional.

Although three state courts have turned thumbs down on the gas tax, the last chapter remains to be written by the U. S. Supreme Court. As passed in 1959, the gas tax was low (1 1/2 per cent of market value), but supporters had indicated that if the law survived its court battles, the rate would be raised to bring in more money.

LADIES SCORE IN HOUSE—House has passed and sent to the Senate a proposed constitutional amendment that would automatically erase all statutes that treat women differently from men.

Rep Ben Atwell's very brief

THE AMERICAN WAY

SUNDAY SCHOOL GUIDE TO FAITH

FOR YOUNGSTERS OF 2 TO 100 YEARS

amendment states that "equality under the law shall not be denied or abridged because of sex." It passed the House, 135-10.

Senators have misgivings about such sweeping changes in the law. Some 44 statutes would be affected.

LOAN FIGHT SHAPES UP—House members are coming to grips with one of the session's toughest issues—regulation of small loan companies.

Cole's bill sets up a sliding scale that would allow interest rates of just under 40 per cent on loans of \$100 and dropping gradually to about 11 per cent on a \$3,000 loan. It also allows for "reasonable insurance charges," at rates set by the State Board of Insurance.

Abner McCall of Waco, spokesman of a statewide committee for sound loan laws, said the interest rates were too high and that the limit on credit insurance charges should be clearly defined.

BREWERIES (PRO & CON)—Lederal restrictions on breweries and the desirability of having breweries at all came up for spirited discussion before the Senate State Affairs Committee.

Rep. Don Kennard of Fort Worth is author of the House-passed bill that would give brewers of ale the privilege, as beer makers, to continue their operations in a territory after it is voted dry. It would also increase from one year to three years the time allowed a brewery to begin production after it got its license.

Large out-of-state manufacturer of ale is planning to build a \$20,000,000 plant in Tarrant County. Any change would, of course, affect the whole state.

Supporters of the bill emphasized it would create, Opponents, mostly ministers and church leaders, declared it would contribute to the problems of alcoholism.

PHONE RATES STUDIED—House State Affairs Committee is studying a bill by Rep. Dan Struve of Campbellton that would place regulation of telephone service, within the state's borders, in the hands of the Texas Railroad Commission.

Representative Struve says Texas is one of two states that do not have this sort of regulation and that other states have lower rates.

Other witnesses testified that a long distance call within Texas borders costs more than one of the same distance that crosses the state line.

PRE-PAID FUNERALS DEBATED—Funeral directors and cemetery operators clashed before both House and Senate committee over a bill to restructure pre-paid funeral arrangements.

Funeral directors declared that their only desire was to protect the public by requiring that money paid in advance for funeral expenses be put in a trust fund.

Cemetery and mortuary operators retorted that the funeral directors wanted to discourage pre-paying of funeral expenses. They contended that families who make funeral arrangements at the time of bereavement spend more money than if arrangements are made in advance.

SHORT SNORTS A test vote in the Senate indicated that Sen. Dorsey Hardeman's proposal to abolish the Court of Criminal Appeals and transfer its duties

to the State Supreme Court, is short of enough support for passage.

Greenbugs Hit Small Grain Growing Areas

Extension Entomologist C. F. Garner of Texas A&M College says that severe outbreaks of greenbugs have been reported in many small grain growing areas of the State, particularly in North, Northwest and Central Texas.

Garner suggests that periodic checks be made of grain fields to determine severity of infestations, and where infestations warrant, control measures should be started.

County Agents have copies of the bulletin, MP-339—Texas Guide for Controlling Insects on Corn, Sorghum, Small Grain and Grasses, which give information on how to make infestation counts and when to apply control measures. They also have some later information on control measures and insecticides that may be used.

VIEWING:

Your City Government

by J. J. Maxey, City Secretary

In the last article I indicated that city government could best be discussed by taking each phase and discussing it in detail. Today I would like to write about streets, their origin, use, and responsibilities of the City Government and the public as related to streets.

We have in our files a photostatic copy of the original plat and dedication deed, dated July 11, 1911, and signed by Avery Turner, then Vice President of the Pecos and Northern Texas Railway Company. This deed dedicated the streets and alleys of the original town of Slaton and the West Park Addition to the town of Slaton to the use of the public. Each addition to the town of Slaton has had a similar dedication of its streets and alleys to the use of the public.

As is true with all public privileges the public has certain responsibilities in order that these privileges can be enjoyed. As late as 1923 there was an ordinance in the ordinance book of the city of Slaton that decreed that all able bodied men between the ages of twenty one and forty five except ministers of the gospel, should work on the streets, alleys and public grounds for a period of three days each year or supply a substitute or pay to the tax collector a tax equal to one dollar a day for the days he should have worked. Of course we realize that times, customs and methods change but responsibilities do not. Today we maintain our streets, alleys and public grounds with a portion of the property tax that each property owner pays each year. The maintenance of our streets is under the supervision of Mr. Grady elder. Grady has had almost twenty years experience at this work with the City. To assist in this work Grady has the use of five other men and various pieces of motorized equipment. For the maintenance of those streets that are not paved he has two maintainers, two dump trucks and a large mechanical loader.

There are 35.9 miles of these dirt streets in the corporate limits of Slaton. For maintaining the more than .17 miles of paved streets in Slaton Grady uses parts of the above equipment plus a \$12,000.00 street sweeper that was purchased last year. The total capital investment in street maintenance equipment in Slaton is \$32,751.00. The improvement of our streets by paving has always been uppermost on the work agenda of our city commission. Slaton's citizens can be justly proud of the large number of paved streets in their city. Many people often ask, "How can I get paving on my street?" The City Commission has had a policy for many years of paying for the paving of the intersections and across alleyways and the property owners pay the portion of the street that abuts on his property. After the street has once been paved the city assumes the responsibility of its maintenance unless the whole street is torn up and re-paved. When citizens on any block or group of blocks are ready to improve their street and assume their portion of the cost and so signify to the City Commission their readiness the Commission will sponsor the project and take care of the cost of the intersections and alleyways. In January of 1926 the city started its street improvement program by voting \$100,000.00 in bonds to pay for its share of putting in all of the brick paving that we now have. These bonds were forty year bonds and bear interest at the rate of five and one-half percent. Since that time a \$40,000.00 issue bearing three per cent interest was voted in 1949, a \$25,000.00 issue bearing two and one-half per cent and two and three-quarter per cent interest was voted in 1950, a \$30,000.00 issue bearing three and three per cent interest was voted in 1958, a \$35,000.00 issue bearing an average of four and thirty nine one hundredths per cent interest was voted. All of the above mentioned bonds that have been voted since 1949 mature within twenty years from their inception. Of the \$230,000.00 voted for street improvement the city still owes \$102,000.00.

We do realize that by some standards our city is small but we do have 52.3 miles of city streets to maintain for the use of our citizens. Our city commission is desirous of giving the very best service possible to our citizens. Our City Commission is desirous of giving the very best. When you have a problem concerning streets please contact Elder at VA 8-4488 or attend a regular commission meeting held each second and fourth Monday nights and you can be assured that some action will be taken.

It has come to our attention that many of our citizens do not understand how a street improvement program is carried on in the new additions. At the present time a street in the Wilson Addition is being improved. This work was set up in the following manner. Mr. Wilson came before the commission and indicated that he would like to improve the street and asked the city to prepare plans and specifications. Mr. Wilson was given a list of contractors over the area that are in that type work, he then went to several of these contractors and got bids on the work to be done. When bids were received he selected the contractor that presented the lowest bid and again came before the commission to see if the contractor was acceptable to the city. After receiving approval of his contractor the city engineer was instructed to work with the contractor in order to see that work was done in accordance with plans and specifications of the city. All city engineering is done by the firm of Parkhill, Smith, and Cooper, consulting engineers with offices in Lubbock and El Paso. Mr. Bennett Reeves of the firm has handled all of Slaton's engineering business for the past two or three years. Mr. Reeves figured the cost of the project according to the bid presented by the contractor and Mr. Wilson was asked to put the amount of money in escrow with the city to pay for the project. When this had been done contracts were signed with the contractor and the contractor required to furnish a performance bond, in order that the city would have assurance that the job would be completed according to plan in any eventuality. The contractor was also required to furnish a certificate of insurance covering this job. When all of this was done the contractor was required to indicate the source of his material supply in order that the engineer could have laboratory tests run on this material to be sure that it came up to specifications. When all of this was done and approved the contractor was told to proceed with the work. His work is in progress at the present time and is being done by the firm of Ablette Paving Company, Inc. The total price for the improvement on this street is \$6,227.13 for 846 feet of street or \$7.38 per front foot. At the present time there are other paving projects under consideration. Property owners on East Lynn Street have indicated their desire to pave and plans are underway to get this work done.
