Local Citizens Meet Concerning School Administrative Problems

More than 70 citizens met in the High School gymnasium Tuesday afternoon to discuss the school administrative problems. Dr. Lee Vardy, Superintendent of Schools, presided over the meeting. Present were members of the board of directors, including Dr. Hatchett, Harold Smith, and Max Ayers. The meeting was held in the school property building of the Slaton High School at 7:30 p.m. The meeting was held in a building with the purchase of the building and the passing of the new reports cards for the school.

Regarding the purchased building, it was explained that the building had been bought at the decision of the board for a purpose that needed full-filling. It was brought out that the need for publicity in such projects was necessary. In regard to the lateness of the report cards, Joel Combs, publisher of the Slatonite, stated that the cards had been ordered early in advance of the date needed, but due to prevailing circumstances they were not ready. Also discussed was the making public of the financial condition of the School District and the passing of the new reports cards for the school.

'Poppy Day' Is Scheduled Here November 11th

Volunteer workers from the Slaton American Legion Auxiliary and other organizations will offer memorial Poppies to the public here on Poppy Day, Saturday, November 11th.

All funds raised by the annual Poppy Day program go directly to disabled veterans or their families.

American Legion Auxiliary poppies help rehabilitate handicapped veterans, educate war orphans, and provide financial assistance for needy children.

The Poppy Chairman of the American Legion Auxiliary, Mr. H. E. Woods, urged residents to "wear a poppy on Poppy Day." These veteran-made red crepe paper flowers are a memorial to our nation's war dead and an aid to disabled veterans.

Mrs. E. C. Davison is Auxiliary president.

Christmas Boxes For Veterans To Be Placed Here

The local American Legion Auxiliary will be placing boxes in two Slaton locations this week for residents to use in helping the veterans in Big Spring VA Hospital send Christmas gifts to their families.

The boxes will be located in Teague Drug and Slaton Pharmacy. Local and area residents were urged to place gifts in the boxes which will be taken to Big Spring for veterans to select from to send to their families for Christmas.

CROP Drive Brings In Total Of \$239.41

A "trick or treat for CROP" was conducted and sponsored by Slaton churches Monday night, with about 50 workers collecting funds.

The total brought in was \$239.41, which will feed 4,591 children for one year. Any person who was missed and would like to contribute may contact Rev. Ed Wilbur or Rev. Leory Dean, or may give it through any local church with envelope marked for CROP.

MASONIC

The Masonic Lodge will have a dinner at the Club House November 9, at 6:00 p.m.

The dinner will be served by the Order of Eastern Star.

Bond Election For Street Improvement Called

Bonds To Call For \$50,000

BOY, HE'S BIG!!! Brent Tankersley, son of Mr. and Mrs. Don Tankersley, gives big Billy Patterson a look of awe during the halftime crowning ceremonies of the Post game Friday night. Other crown bearer is LaNell Jamsa. Slaton won 14-12.

Tie This Week In Contest

For the first week since the Slatonite's Football Contest began a tie evolved for a week's winner.

A. C. Burke and H. H. White both picked ten correctly and both listed 16-16 as the tie-breaker.

Both will now receive \$2.50

for the week. Others hitting 10 correctly but missing hit points on the tie breaker were Eva Sikes and Skip Tumlinson.

Ladies Society Slates Luncheon

Ladies Society of Brother of L. F. and E. are having a luncheon at the Club House Nov. 8 at 11:30 a.m.

Slaton Claims District Win

Slaton's Tigers conceivably could rank second in the District 3-AA race this season if they could pull off an upset against tough Stanton this Friday night.

Presently, every team in the district with the exception of Denver City has at least one district loss to its credit. Post now has two losses, and Stanton is looking for its first district win.

Stanton played powerful Denver City to a 40-22 game in its first district outing, and then tied with Tahoka last week by 8-8.

Stanton's Tigers conceivably could rank second in the District 3-AA race this season if they could pull off an upset against tough Stanton this Friday night.

Presently, every team in the district with the exception of Denver City has at least one district loss to its credit. Post now has two losses, and Stanton is looking for its first district win.

Stanton played powerful Denver City to a 40-22 game in its first district outing, and then tied with Tahoka last week by 8-8.

Stanton has allowed only 17 points to be scored against them, while scoring 104 themselves. Considering the 40 that Denver City chalked, the Stanton defense is stout.

Halfback Jim Sales has ranked as the chief threat in the running department, while quarterback Robert Turner has rounded out the scoring thrust. Also turning in considerable scoring jaunts has been fullback Dewey Anderson and halfback Joe Williams.

For the Tigers, the offense will be carried chiefly by backs

Steve Ball, Webster Tefertiller, Bruce Pembler, and fullback Kelly Hownds.

Principal linemen who will be battering the Stanton forward wall will be Tommy Simmons, Greg Nowling, Billy Patterson, Jim Christman, John George, Teddy Hatchett, Lesley Brown and Ascension Perez.

Stanton could be ranked a full two-touchdown favorite over the Tigers in regard to weight, depth and experience. However, the gridders of Coach M. W. Kerr have come above their rating on occasions this season, and a victory over Stanton could be classified as one of the top upsets of the Friday night schedules.

AND ONE WENT THROUGH-- Pictured above is an enthusiastic Slaton student who not only cheered at the bonfire but just backed off and ran through it. See more pictures on Page 13.

Officers Elected

The Winsome Sunday school class met in the home of Mrs. B. L. Arnold, Thursday at 9:30 a.m. Opening prayer was led by Betty Romines.

A business meeting was held and class officers were installed. Mrs. Ray Belt installed the officers. Those installed were Mrs. Jack Mason, president, Mrs. Robert

Brake, vice-president, Mrs. R. G. Brush, secretary and reporter.

Group captains were Mesdames: Juanita Bailey, Wane Bynch, Billy Gamble, Betty Romine, Judy Cagle, captain, Dean Belt, Jimmie Mathis.

Refreshments were served to the following members: Mesdames Lillie Harper, Dean Belt, Betty Romines, Wayne Lynch, Dorothy Brush, Virginia Mason, Genita Brush, Jo Ann Arnold.

Closing prayer was led by Lillie Harper.

Church Report

A program of Ministers Alliance met to set up a program for the Thanksgiving season. Rev. Lusk, Rev. Wilbur Thomas, and Mr. Garth Hunt, will host for the services.

The program will be held Nov. 21 Tuesday night at the Westview Baptist Church at 7:30 p.m.

Mr. Garth Hunt will play the music, Rev. Fred Pyle, pastor of the First Presbyterian Church will bring the message.

The Slaton Slatonite Society Clubs

Elsie Schacher Shower Honoree

A miscellaneous bridal shower was given in the home of Mrs. Hubert Schwertner, Sunday October 29, from 2 to 4 p.m. complimenting Elsie Schacher, of Nazereth, bride-elect of Ronnie Schilling.

Mrs. Schwertner greeted the guests and presented them to the receiving line composed of the honoree, Mrs. Louis Sch-

acher, her mother, Mrs. Herman Schilling, mother of the prospective groom, and Mrs. Mike Schacher, sister-in-law of the honoree.

The serving table was laid with white lace over green, the bride's chosen colors. The table was centered with a bride holding a umbrella. Raindrops shower over the bride. White candles were in crystal holders. A large green bow with streamers lettered in gold cascaded from the tables edge. Silver appointments were used.

Hostesses were Mesdames: Louise Steffens, Sylvester Steffens, Bernard Steffens, Walter Schilling, Leo Kitten, Alvin Kitten, Rudy Schwertner, Hilda Reissig, Albert Kuss, August Kitten, Ray Kitten, Paul Mosser, Henry Hollingen, Tony Steffens, Lawrence Schilling, Edward Schilling, O. T. Kitten, J. J. Kitten, John Steffens, Harold Steffens, Joe Schilling, Le-on Schilling, Donnie Schilling, Edwin Verkamp, Alx Bednarz, B. H. Bollinger, Florence

Mrs. Rucker Is Class Hostess

The Win-One Class of The First Methodist Church met Friday, October 27th, in the home of Mrs. J. E. Rucker, 950 W. Garza, with Mrs. Elbert Wilson as co-hostess.

Mrs. Betha Stokes brought the devotional and also lead in prayer.

The next social meeting will be held November 16th in Fellowship Hall of the church with a Thanksgiving luncheon.

Strube, Joe Schwertner, Hubert Schwertner, Nestor Kitten, C. V. Kitten, Lawrence Schwertner, and Miss Lucille Verkamp, Mrs. Oskar Schwertner.

The hostesses gift was an electric coffee maker.

The couple will solemnize wedding vows at 4:00 p.m. November 7, in Holy Family Church, at Nazereth, Texas.

Mrs. Fred England Host To Lottie Moon Circle

Mrs. Fred England was hostess to Lottie Moon Circle Oct. 18. Mrs. Frank Webb presided. Mrs. England read call to prayer from Luke 7:19-23 Verse. Mrs. Fred Stephen led the prayer.

Mrs. Joe Teague Jr., read minutes of the previous meeting. Mrs. Garth Hunt program chairman gave a program called "World on our doorsteps."

Others on program were: Mrs. Eter Stokes and Mrs. Stephens. Mrs. Stokes closed meeting with prayer. Nine members were present.

Next meeting will be held on Nov. 15 with Mrs. Garth Hunt presiding.

Mrs. W.F. Blackerby Hostess To Club

Mrs. W. F. Blackerby was hostess to Bluebonnet Club, Wednesday Oct. 25. Mrs. Marion Hodge, president over the business meeting.

County Federation will meet Tuesday Oct. 31 at the V.F.W. Hall in Lubbock. Mrs. Fannie Patterson, Mrs. Joe Teague Jr., are delegates from our club. A covered dish luncheon will be held at 10:30 a.m.

The next Bluebonnet meeting will be held Nov. 8 at 2:30 p.m. with Mrs. E. A. Wilbur presiding.

Games were played and refreshments were served to Mesdames: Hodge, Patterson, Parks, Jarmon, Teague, Sammer, Wicker, Tudor, Wyatt, Edmondson, Cook, Stansell, and Blackerby.

Roll call was answered by 13 members.

SCHEDULE OF COMING EVENTS

Thursday: Rotary, Club House, Noon. Dorcas Class, First Baptist Church 3:00 p.m. G. L.A. to B of L. E. W. O. W. Hall, 1:30 p.m. L.A. to B of R. Q. 10:00 a.m.

Friday: Senior Citizen, Club House, 10:00 a.m. Saturday: Visit shut in friends. Sunday: Attend Church of your choice.

Catholic Daughters 2:00 p.m. Monday: City Commission, City Hall 7:00 p.m. American Legion, Legion Hall, 7:30 p.m. Knights of Columbus, St. Joseph's Hall 7:00 p.m.

Tuesday: Eastern Star, Masonic Hall 7:30 p.m. Vota Vita Class, Jaycee Board Member Meeting 8:00 p.m. W. O. W., W. O. W. Hall 7:00 p.m. Drivers License Examiner, Lions, Bruce's Cafe noon. A. A. meets in basement of First Christian Church. Wednesday: V. F. W., V. F. W. Hall, 7:30 p.m.

The son of a movie producer turned in a composition to his teacher which read: "This is a story about a very poor family. The father was very poor, the children were very poor, and the three butlers were poorest of all."

Church Report

Attendance at church schools in Slaton Sunday Oct. 29 totaled 1,615 in the 12 churches which reported.

Southland Student Is Favorite At McMurry College

Sue Oats, daughter of Mr. and Mrs. Jay Oats of Southland, was named Junior Class favorite last weekend at the Homecoming coronation ceremonies at McMurry College in Abilene.

Miss Oats was chosen by her classmates to be class favorite opposite Jerry Stone of Arkansas City, Kansas.

Miss Oats is a member of Delta Beta Epsilon, campus women's social club; of Wah Wahtaysee, campus women's service organization; and of the Student Education Association. She is an elementary education major at McMurry.

Turkey Dinner To Be Held Nov. 8

A Turkey dinner will be held Nov. 8 at 6:30 p.m. in the Presbyterian Educational Building.

Mrs. Ray Hampton chairman, also on the committee will be Mrs. Walter Koehse, Mrs. S. A. Peavy, and Mrs. H. E. Anderson.

The Turkey will be fixed at the church and the family will all bring a covered dish.

Patricia Clickener

All set to cheer the home team on to victory is Patricia Clickener who showed off her colorful sports outfit at the Illi-

A speaker was lecturing to the Lions club on the subject of forest preservation. "I don't suppose," he said reprovingly, "anybody in this hall has done a single thing to conserve our timber resources."

After several seconds of silence came a meek voice from the rear: "Sir, I once shot a woodpecker."

Engagement Announcement

Mr. and Mrs. Clinton P. Smith of Colorado Springs, Colorado announce the engagement of their daughter, Nancy Kay, to Ronald E. Heinrich, son of Mr. and Mrs. H. A. Heinrich of Denver Colorado, formerly of Slaton.

Miss Smith is a graduate of Palmer High School in Colorado Springs, class of '61 and is now attending the School of X-ray Technology at Penrose Hospital. Ronnie Heinrich is a graduate of Slaton High School and is now employed in Denver.

NANCY KAY

A recipe for mince meat cake roll, developed in the Kitchen and designed especially for the busy homemaker is a festive looking, good-tasting dessert. Lavish in appearance, the roll is not difficult to prepare, thanks combination of modern convenience foods. The delicate filling is a blend of ready-to-use mince meat and one eight-ounce package of cream cheese. Packaged cake to make the roll. The remaining cream cheese frosts the roll.

Mince Meat Cake Roll (Serves 8 to 10)

Cake: Use packaged prepared cake mix. Prepare 1/2 package cake mix according to package directions. Bake in (11 x 1 inch) greased pan.

Filling: 1 (9 oz.) package Borden's Condensed None Such Mince Meat
3/4 cup water
1 (8 oz.) package Borden's Cream Cheese
1/2 cup chopped walnuts
2 tablespoons milk
Walnuts
Maraschino cherries

While cake is baking, prepare the filling. Break mince meat into small pieces in a sauce pan; add water and boil 1 minute. Slightly cooled, add cream cheese, walnuts and cherries. Mix thoroughly. Bake just tests done. Remove from oven. Loosen cake from sides with spatula. Lightly sprinkle clean towel with confectioner's sugar. Turn cake onto towel. Gently roll towel and cake together. Cool about 10 minutes. Gently unroll. Spread filling with mince meat-cream cheese filling to 1/2 inch from jelly-roll fashion. Cream remaining cheese with milk; cake roll. Garnish with walnuts and cherries. Serve or place in refrigerator until ready to serve.

Rogers Advises On Shelters

devoted to comments on the Soviet civil defense program. These are rather interesting, in view of the remarks allegedly made by Mrs. Khrushchev to one of the "Marchers for Peace" who reportedly walked from San Francisco to Moscow. As reported in the newspapers, Mrs. Khrushchev indicated that bomb shelters were not being built in Russia and no general stepped-up civil defense program was being pushed. These statements, however, are in contradiction to the evidence brought before the Committee on Government Operations. At those hearings evidence was produced that Khrushchev had boasted of 22 million fully trained persons serving in civil

defense and that the organization was being expanded. This would mean that about ten percent of the Soviet people were a part of the civil defense operation. It was estimated that those hearings that the budget of the Soviet civil defense activities would range between \$500 million and \$1.5 billion. It was also estimated that the Soviet Union had spent approximately \$3 billion in the last decade on civil defense activities. It might be pointed out that the Russians in Moscow have a built-in shelter and have had the same for some time. I refer to the subway, underground, or metropole as it is called in Russia. This subway is 43 to 45 miles long and approximately 100 feet deep.

Plans are in the making to expand this operation by some 35 miles. Several years ago I was told by Russian officials that the subway was so arranged throughout the city that it was available to substantially all of the people of Moscow within a time period of approximately 15 to 20 minutes. In other words, they were pointing out to me that any Russian desiring to move from one part of the city to another could avail himself of this public transportation in a few short minutes. I would also point out that this subway is probably the cleanest thing in Russia. It is maintained in a spotless fashion and all of the stations are constructed of marble from one of the Soviet republics. It is entered in most

instances by escalators in banks of approximately six to twelve. Whether or not the Soviet government had in mind the use of these stations as fallout shelters in the event of war, they may deny; but I can assure you that a better shelter could not have been built for this specific purpose. Hence, the words of Mrs. Khrushchev did not impress me.

There are many other things pointed out in the report about the Soviet system. However, our major concern should be our own welfare. The problem should be approached on a sound and practical basis. It should not be a vehicle through which unscrupulous individuals or organizations could prey upon a fearful public. Neither should it be the basis of creating an over-stuffed government department for political hacks.

There are many other things pointed out in the report about the Soviet system. However, our major concern should be our own welfare. The problem should be approached on a sound and practical basis. It should not be a vehicle through which unscrupulous individuals or organizations could prey upon a fearful public. Neither should it be the basis of creating an over-stuffed government department for political hacks.

Our Men In Service

OKINAWA (FHTNC) -- John M. Huskey Jr., chief hospital corpsman, USN, son of Mr. and Mrs. John M. Huskey Sr. of Route 2, Slaton, Texas, is taking part in Exercise "Warm-Up", joint naval-marine amphibious operation in the Okinawa area, while serving with the Third Battalion of the Ninth Marine Regiment.

The battalion, a unit of the Okinawa-based Third Marine Division, is one of the division's components participating in the exercise with units of the powerful Seventh Fleet.

of the sales for the same period of 1960. First six months of 1961 were three per cent behind 1960. September sales were off, largely because people bought heavily in August to avoid the sales tax. But the nine-month figures indicate to the Bureau's economists that things are looking better.

A big gain in construction in 1961 has helped the business picture. Not even Carl's September blow could head off a new nine-month record in the construction field in Texas. The UT Bureau found \$1,047,625,000 in construction authorized the first nine months of 1961, five per cent above 1960's first three quarters.

Recovery of the home building business was the major factor. Third quarter saw \$169,127,000 worth of one-family homes authorized. This was 23 per cent above the same quarter of 1960. Apartment construction is nearly double the rate of the previous year.

MORE TAXES? -- James W. McGrew, research director of the Texas Research League, told the group's annual meeting that additional state spending of about \$50,000,000 a year is in sight for the two years starting September 1, 1963.

New sales tax will provide part of the added money, McGrew predicted. Other taxes will just about produce the extra money. But it will require some economizing to make ends meet in the 1963 session of the Legislature, in spite of the huge new tax.

Growth of Texas is the reason for the added spending. Growth means more children, more schools, more patients in mental hospitals, more college students, more cars and more highways to hold them.

More people mean more governmental spending to serve them. Railroad Commissioner Ben Ramsey, main speaker at the League's luncheon, said Texans should be commended for their willingness to accept the added tax burdens needed to finance education and other essential services.

Ramsey provided some startling figures. While he is lieutenant governor, presiding over the Texas Senate, state spending increased nearly two and a half times, from \$520,000,000 to \$1,200,000,000 a year from 1950 to 1961.

In defense of the Legislature, he said it wasn't "free spending." Spending was necessary for essential programs like education, highways, welfare hospitals and the like, Ramsey explained.

Rep. Jesse M. Osborn of Muleshoe has some tax cutting in mind. In a letter to Governor Daniel he proposed that the State ad valorem tax be abolished, and the sales tax revenue be used to make up the gap.

So far, sales tax revenues have only begun to trickle in to the State Treasury. So the

state's main checking account is still \$86,850,569 in the red. If good business conditions continue and income is up, it will still be more than a year before the deficit is erased.

CATTLE RULES -- New rules invoked by the Texas Animal Health Commission are designed to protect areas where brucellosis control programs are under way.

Under the new brucellosis control law, 78 counties, mainly in West and South Texas, have setup programs for testing herds. Purpose is to see if they have brucellosis, and to dispose of cows having the disease.

So the commission has notified truckers, livestock auctions and commission merchants that movements of cows into the certified control areas is restricted. They must have been tested and shown free of brucellosis before they can be moved from an uncertified county into a certified county.

Then the new owner must keep them quarantined. He must have them retested in 30 to 60 days before he can put them with his herd.

Restrictions do not apply to steers, spayed heifers, calves under eight months of age, and calves under 30 months which have been officially vaccinated against brucellosis.

TEXAS MONUMENT -- A delegation of Texans headed by Governor Daniel will journey to Vicksburg, Mississippi, on November 4, to dedicate a \$100,000 monument to 35 Texans who played heroic roles in the defense of Vicksburg.

Ceremony will be a part of the Texas Civil War Centennial observance. Monument was authorized by the voters of Texas in the 1953 constitutional amendment which switched revenue from the Confederate pension tax to a state building program.

Movement to build such a monument was started by Confederate veterans and was carried on for more than 50 years by the United Daughters of the Confederacy.

TB CAMPAIGN -- Story of how one county has just about whipped tuberculosis was told at the Texas Tuberculosis Association meeting.

Bell County set up a chest clinic in 1954. Persons who had contacts with known TB patients were asked to come in for free check-ups. But if they did not come, warrants were issued to bring them in.

After 3,162 clinic visits, the program has located 64 new cases of TB over the years. But it has worked so well at checking spread of the disease that last year only one case was found when tuberculosis tests were given extensively.

Dr. Howard Smith, head of the TB division of the State Health Department, said it took a lot of hard work by Bell County people, but it has paid off.

LOAN STUDY -- A committee of the Texas Legislative Council went to work with its staff to bring a study on loans and lenders up to date.

Acting Lieut. Gov. Bruce Reagan named Rep. Criss Cole of Houston to head the committee. He was author of the constitutional amendment which gave the Legislature power to allow interest rates to exceed 10 per cent.

HIGHLIGHTS AND SIDELIGHTS From The State Capitol

AUSTIN, Tex. -- Aware of the fact that more money soon may be available for trunk-highway construction, 15 delegations of civil leaders descended on Austin.

They asked the Texas Highway Commission for a record number of dollars for highway work. Specifically, \$171,056,000.

Houston and Harris County, presenting a plan of freeway development designed to carry Houston's traffic in 1980, asked for approval of an \$89,400,000 program. That was the big one. But all of the 14 other projects were equally as pressing to the homefolks, even though less money was involved.

State Highway Engineer D. C. Greer feels that 22,000 of the 25,000 miles in the trunk-highway system are inadequate. He says that less attention has been paid to these "town-to-city" roads during the years in which urban freeways and farm-to-market roads have taken top priority.

Gov. Price Daniel brought the issue of highway financing to a head when he voted the \$15,000,000 Colson-Briscoe farm-to-market road appropriation. Legislators had appropriated it for the year starting next September 1.

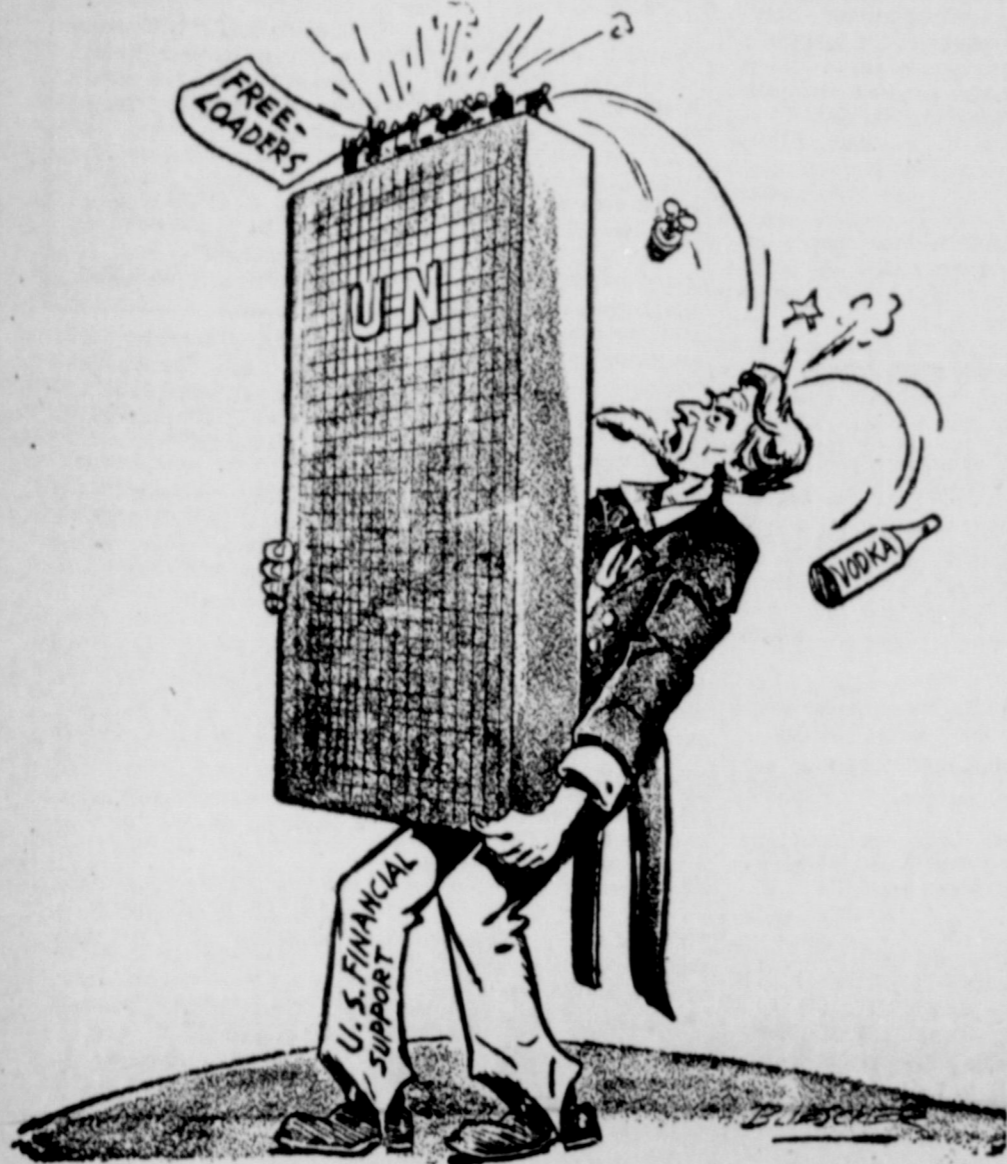

Governor Daniel will ask the Legislature, at its special session this winter, to cut down on farm-to-market road construction and step up the money available for trunk-highway work.

Texas County Judges and Commissioners Association has endorsed the change. Governor Daniel will go in person to the Texas Farm Bureau convention in Galveston November 12-15 to try to get that powerful rural group to accept the plan.

BUSINESS COMING BACK -- A steady growth in Texas retail trade in 1961 is reported by the Bureau of Business Research of the University of Texas.

Despite a Gulf Coast slowdown in September, due to Hurricane Carla, retail sales for the first nine months of 1961 pulled to within one per cent

HOW ABOUT A TROIKA DOWN HERE?

Guest Editorials

Shoot With Your Eyes!

The hunting season is back, and some 10 million Americans are readying for the oldest of outdoor sports. Most avid hunters are all set for the opening day -- well oiled gear, warm clothes and comfortable boots. They're all set -- almost, but not quite. They may be missing a very important piece of hunting equipment -- good vision. Hunting is a very serious business especially when you consider that no hunting season is complete without an estimated 500 hunters being killed and 3,000 injured. In a great percentage of the cases where a tragedy has taken place, the man behind the trigger cried, "I didn't see him." That's not much consolation to the victim's bereaved family. The American Optometric Association suggests you check these visual skills before hunting. First . . . the ability to distinguish fine details under all weather conditions. Second . . . the ability to recognize colors and to distinguish one from another accurately. Third . . . hunting requires the ability to see objects or movement to the right and left of a target, while keeping eyes fixed on the target. If you ordinarily wear glasses . . . wear them when you hunt. Give your fellow hunter the safety courtesy that you want him to give you . . . have your vision professionally examined before the season opens. Hunting is a deadly business. Let's keep it a "live" sport. "Shoot with your eyes, not your imagination!"

—American Optometric Association

NACCA's Safety Campaign

Too few people realize that the same lawyers who sue for accident claims are leading a relentless fight to reduce America's staggering accident toll.

The annual meeting of the National Safety Council Congress this month (October 16 to 20) is a fitting time to honor the fight for safety waged every week in the year by The National Association of Claimants' Counsel of America (NACCA). Appalled by accidents which kill somebody every six minutes -- and injure somebody every six seconds -- the 10,000 NACCA members fill the need for a trained specialized group of private attorneys to protect the public's rights. They fulfill a need as necessary for the public's protection as a trained adjuster for the insurance companies' benefit.

At this moment, in every state, NACCA's members are helping to push through legislation requiring immediate seat belt installations in all cars. This measure alone would cut by half the extent of injuries suffered in automobile accidents, according to safety authorities.

Weekly Cotton Market Review

... 2 B/R
605 S.
new roof, la
Loan esta
Agency

markets were active and reported purchases in the four-teen markets were the largest weekly volume thus far this season. Movement of cotton into the CCC loan program, however, increased substantially.

Prices for Middling 1" cotton in the fourteen markets averaged 33.60 cents per pound on Thursday, October 26. This compares with 33.61 cents a week earlier and 30.20 on the corresponding date a year ago. This week's slight decline in the fourteen-market average price for Middling 1" halted the rising price trend which extended over a forty-week period, one of the longest sustained upward price movements on record. Prices offered farmers for Middling and higher grades were generally close to CCC loan rates. Current prices for most of the lower White grades and colored cotton range as high as 150 to 200 points over loan levels.

Reported purchases in the fourteen markets totaled 492,000 bales against 351,800 bales in the preceding week and 643,500 in the corresponding week a year ago. Trading remained active in country markets and was increasing in most of the central markets. Farmers, however, were holding a larger proportion of current ginnings, and the volume headed for the loan program was reported to be fairly heavy in some of the active harvesting areas. CCC loan entries reported in the week ended October 20 were 300,600 bales against 192,800 a week earlier. Total entries of 1961-crop cotton were 894,

300 bales through October 20 this season. Shipper demand for Middling and higher grades was rather limited, but interest in the lower grades remained strong. Domestic mill buying was moderate in volume. Mill inquiries were more numerous for southwestern growths, particularly in the lengths shorter than one inch. The export market remained rather slow and sales were only moderate in volume. Sales registered by exporters under the export program (Announcement CN-EX-13) were 50,300 bales in the week ended October 20, bringing cumulative registrations through that date to 2,252,600 bales.

SOUTHWESTERN AREA (Texas and Oklahoma)
Spot market activity was moderate to slow. Producers offered current ginnings freely. The demand for spot cotton remained good. Shipper buying was light. Inquiries from domestic and export sources were not numerous. Mild, clear weather was favorable for harvest.

Prices for Middling 1" cotton held steady in Dallas, Galveston and Houston this week, quoted Thursday, October 26, at 33.15,

33.25 and 33.15, respectively, unchanged from a week ago. In the Lubbock market the Middling 1" price eased off about 75 cents per bale quoted at 33.00 cents compared with 33.15 cents. Some of the discounts were narrowed. Harvest made excellent progress this week with perfect weather prevailing. Gins in the late producing sections of the area were running around the clock with a yard full of seed cotton. Producers were offering current ginnings freely when prices were at or above loan levels. Buyer demand remained good for Strict Low Middling and lower White and the Light Spotted grades in staples shorter than 1". Most of those qualities moved into trade channels. Prices weakened slightly in some of the country markets. Shipper activity was generally slow for this time of the season. Buying was not too active and was mainly for the qualities needed for present commitments. Loan entries through October 20 totaled 218,711 bales in Texas and 1,544 bales in Oklahoma, according to report issued by the CCC. Repayments to same date totaled 15,108 bales in Texas.

Cotton Planting Seed Supplies Affected By Weather

Due to recent weather conditions, many Texas farmers have had stored supplies of cottonseed damaged while others have been unable to harvest good quality seed from this year's crop. As a result, seed for next year's planting will very likely be in short supply, points out Fred Elliott, extension cotton specialist.

Some growers do have a supply of good quality seed which they carried over and which were harvested under favorable weather conditions. Also, some of the stored supplies that have been damaged may still contain some salvageable seed. These supplies will help take up some of the shortage.

Since there will be a shortage, however, people who do have stored seed should take every precaution to make sure these supplies are not damaged. O. F. Garner, extension entomologist, says the stored supplies should be checked for insect infestation, and the storage bins and surrounding area should be kept clean. If a stored supply has been partially damaged, the seed should be removed from the bin and separated. Before the undamaged seed is returned to storage, the bin should be thoroughly cleaned and dried.

After the bin and area have been thoroughly cleaned, they should be sprayed with either methoxychlor, TDE or premium grade malathion. A 2 1/2 per cent formulation of one of these insecticides should be used at the rate of about two gallons per 100 square feet of surface area, says Garner. Methoxychlor and TDE are also available as wettable powders and emulsion concentrates.

Farm Facts

The number of horses and mules on farms decreased from 11,625,000 in 1945 to 3,089,000 in 1960, according to the U. S. Department of Agriculture.

While horses and mules have been disappearing from the farms, the number of tractors has been increasing at an impressive pace. In fact, tractor numbers more than doubled from 1945 to 1960. There were 2,354,000 tractors on farms in 1945 as compared with 4,770,000 in 1960.

Since about three acres of land are needed to feed one mule, a drop of more than 8,000,000 in the horse and mule population released 24,000,000 acres for other purposes. Mules, however, are stubborn critters and are making a mild comeback in some areas. Wade Trumble, who operates the last mule barn in Memphis, sold 100 to farmers during the first eight months of 1960 as compared with a total of 80 for the year before.

Hog Cholera On Way Out

A new law authorizing the USDA to undertake a broad Federal-State hog cholera eradication program has been passed by Congress and signed by President Kennedy. In making the announcement, the USDA said this law will enable them to initiate a program sought for many years by meat and swine producing groups and state agricultural and livestock health authorities.

The new law permits the Secretary of Agriculture to establish a 12-member advisory committee to help develop plans for an eradication program. An ARS official will head the committee, which will have representatives from the swine industry, consumer groups, state and local governments, and professional and scientific organizations.

Under the new law, the USDA is authorized to prohibit or restrict interstate movement of virulent hog cholera virus, which is sometimes used to inoculate animals. Inoculation with the virulent virus is considered dangerous, because it can become a factor in the disease's spread. Safe vaccines that confer immunization more effectively are available, and many states already ban or restrict the use of live viruses for immunization.

In addition to controlling use of virulent hog cholera virus, ARS animal disease officials want to institute such measures as heat treatment of garbage fed to hogs, and destruction of infected and exposed animals with payment of indemnities to owners to compensate for these losses. They also listed as essential such practices as control of animal shipments within and across state lines, prompt reporting of new hog cholera outbreaks, increased vaccination in areas with high disease incidence, keeping the swine industry informed on pro-

gress of the campaign, and research to improve eradication techniques.

The Animal Disease Eradication Division of USDA's Agricultural Research Service will administer Federal phases of the program in cooperation with States that wish to participate.

Make handsome guest towels by trimming inexpensive cotton huck towels with attractive bands of rickrack in varying widths and colors.

A new cotton tape may be cut into decorative shapes and ironed onto fabrics. The tape is available in various widths and 26 bright colors. (Bondex)

Light starch will make sheer cotton organdy or muslin curtains hang better and resist dust.

Over the years the unusual properties of nickel -- particularly its toughness, corrosion-resistance, strength and resistance to oxidation at elevated temperatures--have increased its use, and now it is probably one of the most versatile and useful members of the family of metals.

Dairymen are missing a chance to increase profits by failing to emphasize a first-rate milking job, points out A. M. Meekma, extension dairy specialist. Quality forage, a good breeding program and disease control are important, but the actual harvesting of the milk is just as important, advises Meekma.

The Texas Agricultural Extension Service has released a new publication, B-977, "Modern Pruning Methods." Copies are available at county extension offices or from the Agricultural Information Office, College Station, Texas.

Proven Success Story

Sell Ham, Hose Or Houses

Arrants Wholesale Meats and Lockers, a regular advertiser in the Slatonite, has an interesting success story to tell regarding its sustained local advertising program, which is built around a weekly message in the Slatonite.

In a recent issue, Arrants advertised only one item--picnic hams at a special price. The Slatonite was the only media used to advertise this special buy.

Arrants sold all the picnic hams advertised shortly after the Slatonite was delivered to the more than 2,000 homes in the Slaton trade area.

Write Your Own
Success Story

Arrants is only one of the family of Slatonite advertisers who have reported exceptional success with their newspaper advertising program. No single media, nor combination has the proven selling ability of the Slatonite in the sprawling Slaton Trade Territory.

To launch your firm on a successful advertising program that will bring results you can be proud of, phone VA 8-4201 and a Slatonite representative will start immediately to help design and carry out a program that will be worth much more than the cost.

MELVIN POWERS
... gets promotion

Local Man Manages Furr's Store

Melvin Powers, son of Mr. and Mrs. J. C. Powers of 200 E. Lubbock Street, was named manager of the new and largest of all Furr's Stores recently in Albuquerque, N. M.

The new store staged its Grand Opening of four days on October 1 in a building which is a third larger than the Family Center at Quaker and 34 Streets in Lubbock. It contains 78,416 square feet of space and the sales area is 45,668 square feet.

Powers was born and reared in Slaton and graduated from Slaton High School. He later attended Bradley University in Peoria, Ill.

He started to work for Lester's Jewelry in Lubbock as a watch repair man and later was promoted to credit manager. Her worked for Lester's for three years and was then employed by Furr's, Inc.

He is married to the former Miss Bonnye Horn, also of Slaton. They are the parents of four children. They reside at 1105 Morris Place Northeast, Albuquerque.

The hillbilly spotted a motorcycle, the first he had ever seen, coming up the mountain road. He raised his rifle and fired at it.

"Did you get the varmint?" his wife inquired.

"Hit it, didn't kill it," he replied. "I can still hear it growl in--but I shore made it turn that pore man loose!"

Senator Byrd of Virginia says: "Deficit spending increases public debt. This accompanied by increasing wages without commensurate increase in productivity, means more and more inflation. We now have both. In 20 years we have lost more than 50 percent of the purchasing power of the dollar. Let us, in all seriousness, ask ourselves: How disastrous will it be if we continue inflation-breeding policies--which appear to be on the increase--when our concern should be for return to fiscal responsibility?"

THE SON DID THE INDUCTING--Pictured above is Troyter, right, who inducted his father into the Slaton Rotary last Thursday at the regular meeting. Troy, a long-time Rotarian, switched the usual ruler for new members brought in his father. Mr. Bruster was quoted as saying you think they'll know which one is the son?"

Tigerettes Open Bi-District Title Defense Tuesday In Home Tilt

The Tigerettes open their defense of the bi-district championship next Tuesday, November 7th against Spur in the home opener for the new season.

Coach Paul Boswell's cagers will field a relatively inexperienced team, having lost heavily through graduation last year. But talent-wise the Tigerettes should develop into another winner.

Following the opener the Tigerettes will meet Crosbyton on November 14 and will return home for another game on November 18th against Floydada.

Although no definite starting lineup was issued for the game, the Tigerette varsity roster is as follows:

TIGERETTES--Pictured above are the 1961 Tigerettes of Slaton High School who will open their new season Tuesday here against Spur. Shown are, left to right, top row: Jancy Johnson, manager, Jane Thompson, Lundie Roche, Kathy Claiborne, and Sue Reed. Second row: Nelda Ray, Ronda Pettigrew, Joyce Gamble, Janet Adamek, and Carol Self. Bottom row: Joanne Thomas, Elaine Barnes, Glenda Bounds, Robin Davis, and Sharon Williams. Not pictured are Marilyn McSween and Betty McSween.

TIGERETTES 1961-62

Decca Club To Give Car-Wash On Saturday

The Decca Club will give a Car-Wash Saturday, November 4th, it was announced this week.

Being held at M. D. Geer Texaco, the club will begin washing cars at 10 a.m. and will continue until no cars remain.

It is not too early to begin planning for the 1962 watermelon crop. The Texas Agricultural Extension Service has recently made available a publication on growing watermelons and copies are free for the asking from your local county agent's office.

Color is the only visual means of determining the quality of hay. A bright green color is an indicator of high quality, says U. D. Thompson.

HE WHO TOOTETH
Two colored men came to the outside of a crowd where a politician was making a speech. "Who am dat man, Sam?" asked one.

NOT ENTIRELY
A new clerk dictating a few days ago, was in doubt as to the use of a certain phrase, so he said to the stenographer: "Do you require a loan?" And the wistful eyed one replied rather sleepily: "No, I sleep with mama."

TELEPHONE TALK

by J. C. Oakley, Manager

Boy Scout Day

Today is designated as Boy Scout day in Slaton. This is the day that some of our citizens will be calling on most of you to secure contributions to enable the Boy Scouts to continue to function for the coming year.

As you know the Slaton Boy Scouts are part of the South Plains Council. Charles Barron is chairman of this drive and he has under him many civic minded workers who believe in the Boy Scouts and I know most of you, when called upon will greet them with a fine contribution.

The drive was kicked-off this morning and will be a dawn to dusk campaign. On the 10:30 p. m. news over KCBD TV, Lubbock, each town will be named and a report given as to the amount collected in this one day drive. Of course, goals have been set for each town and I know each of you will want to hear that your town has gone over the top.

Please respond when called upon.

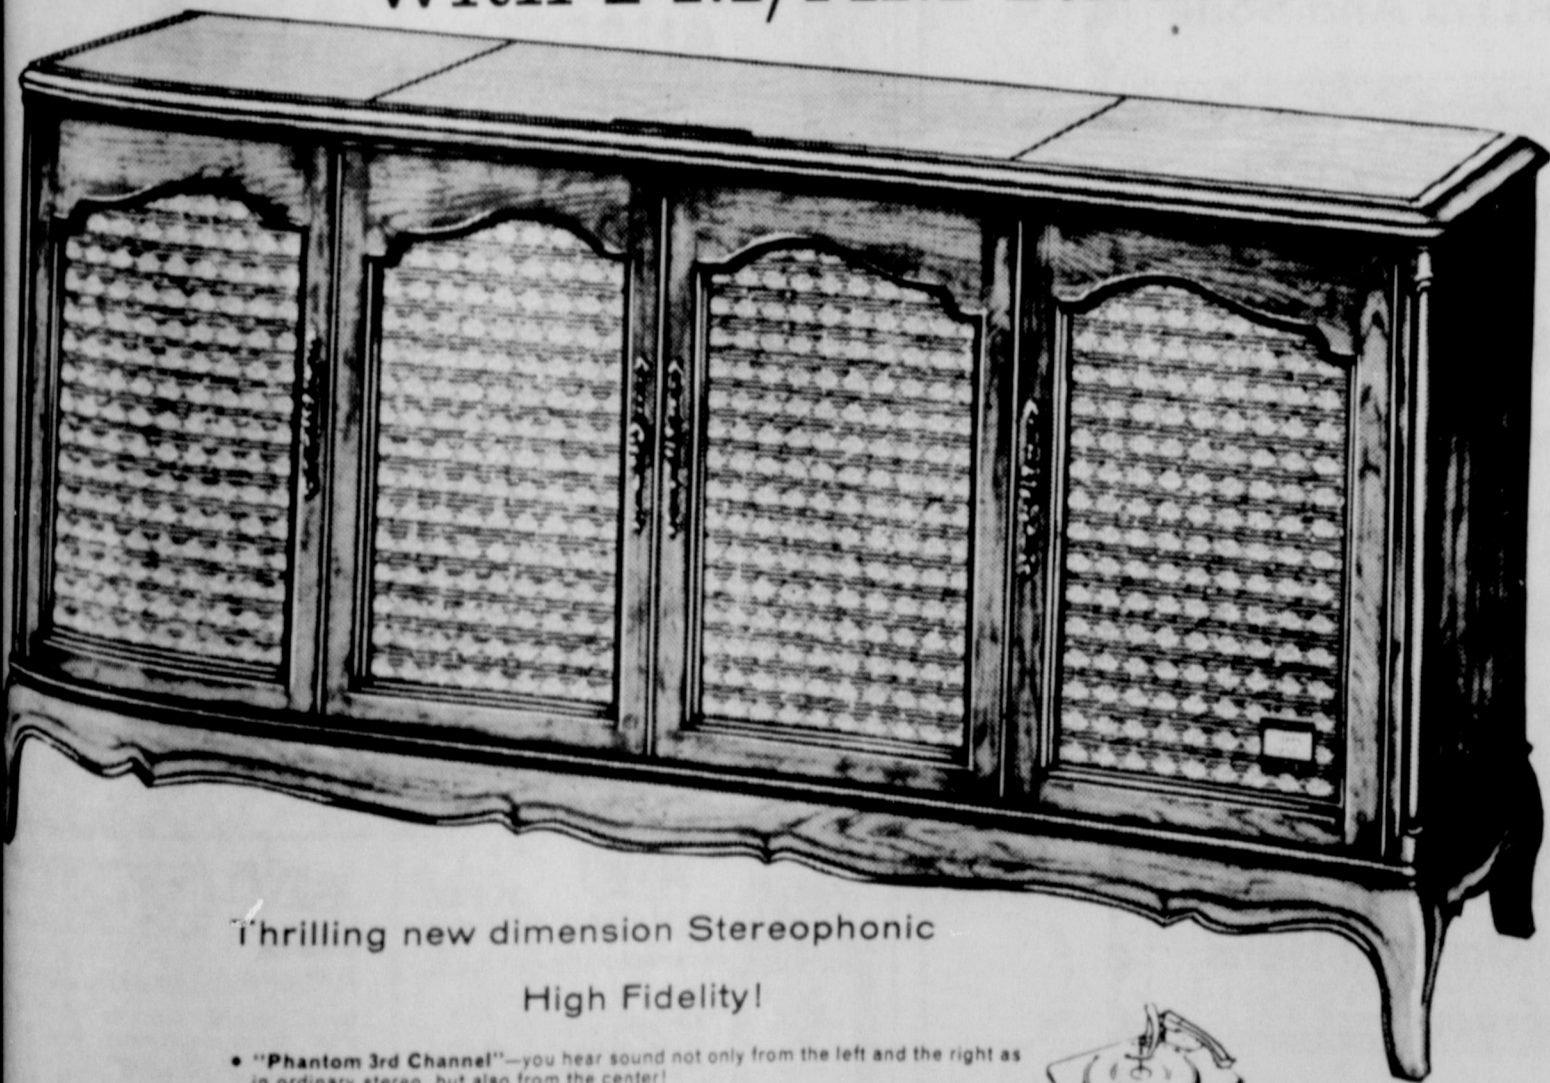

BETTE "B" TEAM--Shown above are the members of the "B" team of the Slaton Tigerettes. From left to right are, top row: Sherrilyn Mann, Dianna Schuette, Thelma Kidd, Kathy Brown, Nelda Becker. Second row: Gale Edwards, Carolyn Braasfield, Carol Walston, Dee Chapple, Janet and Margaret McKinnon. Bottom row: Glenna Payne, Barbara McCook, Rosa Walston, Gas, Sherrea Belt and Susan Brassell.

A RUN FOR THE EXTRA POINT--Pictured above is Bruce Pember, Tiger quarterback, as he headed into the end zone for the two points extra in Friday night's game with Post. The run put the Tigers ahead by 8-6, and they went on to win by 14-12. Behind Pember is halfback Webber Tefertiller with the referee making it plain that Bruce had made it!

Few people do any thinking until they start talking, and this talking is usually accompanied by gestures.

NEW 1961 ADMIRAL Phantom 3rd Channel Stereo with FM/AM Radio

Thrilling new dimension Stereophonic High Fidelity!

- "Phantom 3rd Channel"--you hear sound not only from the left and the right as in ordinary stereo, but also from the center!

WHITE'S
Southwest Greatest Discount Centers

Home - Owned And Operated By
Bobby Poyner - 121 South 9th

Ph VA 8-3946

by Vern Stewart

Hometown Business News

Bobby Poyner, chief at White's Auto Store, had an interesting but not unusual experience last week. He reduced the price of one of his bicycle models to \$26.88, and advertised this special in a moderate-sized space in the Slatonite. Before the ad appeared in print, the price of the bicycle was reduced ac-

identally five more dollars to \$21.88. All prospective buyers of the bicycle were understanding about the misprint, and besides, \$26.88 is a dandy price for the cycle. In case you are interested in the legal aspects of such a mix-up, anyone who wanted to purchase the bicycle for the ad-

vertised price could have done so, and White's would have had the legal right to force the Slatonite to pay for the difference in the mistaken price and the actual price of the article.

Don't get any belated ideas. A retraction is being printed this week, but if you are in the market for a good bicycle reasonably priced, Bobby Poyner can no doubt supply it.

We often hear the comment that people connected with selling are guilty of over-commercializing Christmas and helping the sacred holiday lose some of its meaning by their intensified selling campaigns.

Criticisms are made because most merchants who plan well, plan to begin their Christmas promotions in early November.

Perhaps Christmas has become overcommercialized, but if so, this unfortunate turn of

events can not be blamed on persons who provide gifts for the Christmas shopper.

Weddings, births, graduations and many other events are also becoming highly commercialized, but surely merchants who provide gifts for these occasions cannot be blamed.

To be sure, the wide-awake merchant seeks to attract all the Christmas shoppers to his store that he possibly can. But if he ignored the Christmas Season, his customers and potential customers would think he wasn't interested in their business and would start doing their Christmas Shopping somewhere else anyway.

Slaton Merchants will start advertising their Christmas merchandise soon. When they do, they not only cater to the wants and needs of their patrons, but also contribute a great deal to the cheerfulness of the Christmas-New Years

Holiday.

A merchant remarked the other day when this writer went in to see him in connection with advertising space in the Slatonite that with the influx of short-run newspapers, and the regular salesmen who work with the radio station and the Slatonite, advertising salesmen have become so thick that he now finds it difficult to switch on his sales resistance quick enough.

And along the same line, some of the most biting cruelty jokes the Slatonite staff is subjected to come at press conventions when a comrade asks "how many newspapers are there in Slaton now", or "are there any new newspapers starting up down in Slaton this week." Newspaper folks seem to have the sharpest sense of humor.

DISTRICT WINNER - Pictured above is Miss June Johnson, formerly of Slaton, who won the contest for the 1961 Texas Farm Bureau Queen, and will now compete for the state title in ton November 13th. Winner of the Galveston contest will vie for the national title in Chicago in the year.

June Johnson To Compete In FB Contest

Miss June Johnson, formerly of Slaton and a graduate of Slaton High School, will be one of 13 district winners who will compete for the 1961 Queen of the Texas Farm Bureau on November 12-15, when the state convention is held in Galveston. Miss Johnson won first in the Lubbock County contest while another Slaton girl, Miss Carolyn Rhoades, placed second. Then she won the district

competition, enabling her to compete in the state finals.

Many distinguished state and national figures will keynote the convention, including Gov. Price Daniel.

The finals of the Texas Farm Bureau Queen will be held on the evening of the 13th, beginning at 7:30. Dewey Compton, farm director, Radio Station KTRH in Houston, will be in-

terviewer. Glen W. Donna, District 13, will be the center of ceremonies.

The winner will receive \$500.00 in expenses to attend the AFBF national convention in Chicago, where she will compete for the national title. All winners will receive wristbands and will receive expenses with their matron except to attend the Galveston con-

things are JUMPIN' at...

THE AMERICAN WAY

Worth Remembering

RUSK (TEXAS) CHEROKEEAN SAYS: IF YOU'RE NOT REPRESENTED, GRIPE!

Our champions of democracy for years have chided Americans with the expression, "If you don't vote, don't gripe about the government."

It is a pretty good election year saying but it ought to be put away, at least for a few years. The country today needs all the gripe it can get, both those with and without poll taxes.

We need a large noise over the country in favor of honest-to-goodness Americanism. Not leftism, rightism, socialism, get-what-you-can-ism, or any other ism but Americanism. That bunch of political hacks together with career bureaucrats need to know that out in this great wilderness there are something like 180 million people who from time to time like to be represented and not bossed.

Very few of them really want something for nothing all their lives. Greed isn't a peculiarly universal characteristic of our society regardless of the critics and apologists.

We like to create and build. Few of us are satisfied just to accumulate. This is the irony of the day. Our "representatives" thinking the country is founded in security of self to the exclusion of every other principle, has secured for us only half horizon to go with a New Frontier.

Youngsters are so secure in a guaranteed job and pensioned future that the government had to create a new corps so some of them could have a "sense of accomplishment."

Government encourages shiftlessness so far that it has to set up a new department to encourage physical exercise. It is a strange way we are being represented.

Next year, you'll hear it said in campaign talks that this candidate is better than that candidate because this candidate will ladle you some gravy while that candidate was content to let you shift for yourself.

If that is all a representative is for, we may as well not elect one. Just gripe.

The gardenia honors Alex... There are 85 million Americans under Garden, an 18th century means licensed to operate auto-physician who lived in Charles- mobiles—representing 61% of ton, S. C. . . . So accurate is the country's adult population the bat's sonar equipment that . . . A British psychologist it can dodge wires only slight- claims that happy people sweat ly thicker than a human hair more than unhappy ones . . .

A letter was written to the editor of the "Texas Spur," regarding football and its fans. Editor Joe Harrison published it in his column, and it bears reproducing here:

We are always happy to receive "Letters to the Editor," but the one I received this week kinda threw a crimp in things, for it literally killed an editorial that had been brewing in my editorial pot.

However, I believe that more than one opinion on a subject is beneficial; therefore, we are printing the letter since it pretty well stated our position on the matter any way.

Dear Editor:

I have lived in Spur for the past ten years, and when I came here, I was told, and I am sure you were also, that Spur is a "football town." Spur had the reputation of supporting its football team regardless of whether or not it was a winner or a loser.

I went along with this theory, although I doubted it in my mind, since it is very unusual for a town, regardless of its size, to support a losing team. Even in professional sports this holds true, I cite the Washington Senators and Washington Redskins as examples. As long as you are winning, the fans come out.

This year, I saw my doubt come true. The Spur fans are not supporting their football team, and Spur, in my opinion, is losing its reputation for football.

Now I am a sports fan, I like football, and all sports for that matter. I go see the game regardless of the fact that Spur may not win them all—I go regardless of the weather, and in my ten years in Spur, I have missed only one game. (At that, I am sure there are several loyal Spur fans who have not missed a game in 25 years—this letter is not directed to them.)

When you get right down to it, Spur has nearly always had a good football team that managed to win more than it lost. In Anson Friday night, I'll bet there was less than 100 fans present—not counting the band and pep squad.

It is a fact that can't be denied, that Spur has lost more than it has won this year, but, I know we have some boys on the team that could play ball on the first eleven of any team in our district, and they deserve our support.

This coming Friday night, Spur will play its last home

game of the season against Haskell. Haskell has a good ball team, they stand a good chance to win this district. They will probably beat Spur Friday, but the thing is this—they might not beat Spur Friday, and if you were a football fan you would hate to miss an upset like that, wouldn't you?

I know I have made a lengthy letter, but I have one more thought before closing. In my opinion, we have better-than-average coaches here in Spur. They are in a building program that will show results in the near future, they deserve our support, the team deserves our support. So let's all turn out Friday night and show the team, and the coaches and our school, that they have our support—win, lose or draw!

I would appreciate it if you could see your way clear to print this letter. It is the first one I have ever written to a paper.

Sincerely,
Spur Football Fan
Marvin Tomme of the Ralls Banner has the following comments in his column, "Snapped Shots."

Our district attorney, George Gilderson, has resigned his political post for a more lucrative one with a bank in Lubbock, I see. George had the reputation of being reluctant to convict on a criminal case unless he had an airtight case against his opponent. Now I wonder, should he be as hard to convince in the loan department of his bank, do you suppose a person could borrow money to make a fishing trip?

Snap-ed Shot: The statement a customer usually receives from his bank is "NO."

Elsewhere in this issue of the Banner is a report of an interview with D. A. Edwards, county superintendent. I do not doubt in the least any statement Mr. Edwards made. I just have a few things I would like to add to them. True, the office does not cost the county one red cent—directly and as is stated, funds for maintenance of the office comes from the state general fund. But who pays for the money in the general fund? Well, Arkansas sure doesn't! The office takes better than \$11,000 per year to operate, coming from the general fund. It takes up an office in the county courthouse, it uses electricity and gas, and these things must be paid

ERSET (PA.) AMERICAN SAYS: CRUMBLING?

Communism is crumbling, it is only because it is taking its last breath.

There is no possible way for capitalism to keep from crumbling. It is hamstrung by laws which are the outgrowth of the communist ideas.

Nikita Khrushchev claims that the short span of years will see the end of capitalism. If that end comes, it will be because of the strength of Russia or any of the communist countries. It will come about because of the greed of citizens of the United States and other capitalist nations to be taken in by red promises.

At the time comes that the United States becomes so inwardly minded that its citizens are no longer willing to help, "I am an American," Premier Khrushchev will use his way to making his prediction come true.

At the time comes that Americans no longer feel a tingle in the stars and stripes pass by, Premier Khrushchev successor will be on the verge of witnessing the decline of the greatest country on the face of the earth, capitalism is so hampered by laws that the initiative enterprise is stifled, the encroachment of the communist way of life will not be something distant, it will have come upon us.

The federal government owns and operates basic industries such as power and transportation, capitalism will die the way out.

When Khrushchev's prediction can come true, but it can only come true if Americans abrogate the privileges which, capitalism, have created the highest standard of living that has ever known.

Small advertising, accounts, a Newweek article, \$2 billion a year, the out of every three, the average American, daily mail is an advertisement, Some 200 companies, gross \$100 million, these lists are amazingly, To take just a few examples, include lists of expectant mothers, Phi Beta Kappa members, new executives, peanut packers, music appreciators, and people interested in metaphysics.

First woman: "Is she an active member of your sewing club?"—referring to a nearby woman.

Second woman: "Oh no, just sits and sews and never says a word."

Bruce Pember, the Slaton Tigers' versatile back, was named this week as the "Slatonite Player Of The Week."

Pember, who has alternated on the quarterbacking chores while playing in the Tiger defensive secondary, has counted for some major yardage in ground gaining, and also has played a significant role in several key plays during the season.

A junior this year, Pember will have one more full season with the Tigers.

Although getting a late start this season, Pember has proved a valuable asset to the squad, and coaches believe he will continue to be a standout for the Tigers.

Tigers Drop Post 14-12 In Homecoming Tilt Friday Night

Slaton's Tigers, dropping behind momentarily in the first quarter, came roaring back to muzzle the Post Antelopes by 14-12 in a district tussle representing one of the biggest rival games of the season.

The Tigers used a bruising ground game combined with a hard-hitting defensive line to stave off the Antelopes and pick off the victory that put them at 1-1 in conference action.

Post opened the scoring early in the first quarter with a 60-yard run on a punt return. The kick for the extra point failed and the Tigers trailed by 6-0. Shortly thereafter the Antelopes were knocking at the door again when Ronnie Jones snagged a pass from Post Quarterback Leslie Acker and raced back down the field to set up the first Tiger TD.

Bruce Pember furnished the scoring sprint shortly after and then ran the extra points to put Slaton in the lead by 8-6. Both squads braced defensively in a scoreless second period and at halftime the Tigers retained the two-point margin.

Early in the third, however, the Antelopes again tallied on a

13 yard plunge into the end zone. A pass for the extra points failed.

Slaton's gridgers then bounced back again, pushing to the Post one-yard line where Halfback Webber Tefertiller rammed over for the score. A running try for the extra points failed and the Tigers led by 14-12.

Again it was the Tiger line that took the responsibility to guard the lead and they furnished the hard-nosed forward wall necessary.

In the offensive department the Tigers rolled up 188 yards rushing and 47 yards passing. Halfbacks Webber Tefertiller and Steve Ball shared the bulk of the ball-carrying chores with fullback Kelly Bownds, who turned in an especially outstanding performance in the bruising power plays that netted Slaton the hard yards when they were needed most.

Linemen who displayed standout football in muffling the Post offense to a scant 59 yards rushing were guards John George, Lesley Brown and Ascension Perez; tackles Billy Patterson and Tommy Simmons; ends Greg Nowlin and Ronnie Jones; and centers Jim

Chriesman and Ted Hutchett. Also defensively, Ball turned in an exceptional job in the secondary.

In first downs the Tigers led by 11 to 5, while Post's only credit in the statistics column was in passing by 91 yards to 47 yards.

This Friday the Tigers will travel to Stanton for the third district game of the season. Following are the complete statistics.

Slaton	11	First Downs	5
188	Yardage rushing	59	
47	Yardage passing	91

Tech To Host Rice In HC Game Saturday

LUBBOCK, Oct. 30--Rice University's Owls, battling to stay in Southwest Conference contention, engage Texas Tech at the Red Raiders' homecoming game here at 2 p.m. Saturday. Until University of Texas upended the Owls 34-7 last week, Rice had been beaten only by undefeated Georgia Tech, included among Rice's victims have been otherwise undefeated Louisiana State, Florida, and Southern Methodist, an 8-7 conqueror of Texas Tech Saturday. Texas Tech holds SWC triumphs over Texas Christian and Baylor, has been beaten by Texas, Texas A&M, SMU and Southeastern Conference member Mississippi State.

Only once in 11 previous meetings has a Texas Tech team been successful against Rice. The 1944 Raiders edged Rice 13-7.

Tech Frosh To Play In Houston

LUBBOCK, Oct. 30--Texas Tech's freshmen play the Rice frosh at Houston Saturday afternoon, while the respective varsities are meeting in Lubbock. Coach Berl Huffman's Pickador's, 1-1, meet the West Texas State B team here Nov. 10 and the North Texas State frosh here Nov. 17.

Copperheads are the most widely distributed and in many places the most abundant of poisonous snakes in the eastern U. S.

COTTON BOWL

Football CONTEST

Weekly Winners Receive \$5 For The Highest Score.
Grand Prize Winner Receives Free Trip To Cotton Bowl Game In Dallas Jan. 1, With Free Tickets And Hotel Reservations For Two.
PREDICT EVERY WEEK -- YOU MAY WIN!

HERE'S HOW YOU WIN:
Listed in the box at right are some of the football games to be played this weekend which will be watched with interest by area fans. Indicate your selections by marking an x beside the teams you think will be winners and mail or bring them to the Slatonite before 5 p. m. each Friday. Predict the score on the tie-breaker only. The contestant with the largest number of correct guesses will receive \$5 in the weekly contest, and the contestant with the best score at the end of the contest will have earned a free trip to the Cotton Bowl game. Everyone is eligible to enter except Slatonite employees and members of their families.
REMEMBER: Each entry must be on this official form and only one entry per person will be considered.

STRENGTHEN AMERICA

CHARACTER COUNTS

BOY SCOUTS OF AMERICA
51st ANNIVERSARY, 1961

Campaign For Boy Scout Fund Is Being Conducted In Slaton Today

Slaton's campaign for the Boy Scout funds is being conducted today. In a one-day massive effort that began at an early-morning breakfast at Bruce's Cafe this morning.

The South Plains Council which includes twenty counties in the South Plains area is promoting the campaign in our area. The budget for the 1961-62 fiscal year is \$110,160.06. This money goes services rendered by the council to make scouting grow in our area. As an investor in scouting by giving financially you need to keep in mind these important factors.

1. Your investment makes scouting possible in the South Plains Council. There is no government help.
2. The gains we are making represent the beginning of the job to be done. Thousands more volun-

teer leaders are needed to "Get more boys into scouting and more scouting to boys."

3. Since scouting began 51 years ago, the number of boys influenced by the scouting program of good citizenship and character building has always paralleled the number of dollars invested in scouting.

Some facts that might be of interest to you are revealed in the annual report. Our council is administered by a fine group of lay leaders which is headed by Cliff Cummings, our council president. They are guided by a staff of professional men who work full time to further the scout program.

Our council is divided into seven districts of which Slaton is in the Mackenzie Trail district. Dr. Bob Arnold is our

district chairman; Mel Lisman is our district commissioner; Arvell White, Bill Bray, and Ray Belt are district vice-chairmen. Bill McElroy, our district executive, is a new resident of Slaton.

Charles Barron, our community scout drive chairman, has stated that this year we hope to do the best job of doing our share to support the council than any year in the past. Gene Martin has been heading the advance gifts and he has stated that this portion of the drive is almost complete and has been very successful. Today is the day of the general solicitation which is headed by Ellis Schmid. There will be many of our citizens working on this drive today, and we are sure that you will want to see that scouting is furthered here in the South Plains Council.

Presenting Your Church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Slaton Students Stage Massive Bonfire Prior To Homecoming Victory

When It First Began

And When It Had Burned

CHEERLEADERS AT BON FIRE

Slaton High School Students staged a giant rally and bonfire Thursday night, with individual classes competing for the amount of firewood hauled in.

The Juniors won it, and their representatives, Judy Adamek and Steve Ball became Mr. and Miss Flame for the night.

The bonfire was massive and it worked, because the Tigers drubbed Post Friday night by 14-12.

SECTION 5: That a copy of this resolution and order, signed by the Mayor of the City and attested by the City Clerk shall serve as proper notice of said election.

SECTION 6: That notice of said election shall be given by posting and publication of a copy of this resolution and order, at the top of which shall appear the words "NOTICE OF ELECTION FOR ISSUANCE OF BONDS." Said notice shall be posted at the City Hall and at a public place in each of the four voting precincts within said City, not less than fourteen (14) full days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation in the City of Slaton and published in said City, the first of said publications to be made not less than fourteen (14) full days prior to the date set for said election.

PASSED AND APPROVED this the 26th day of October, 1961.

L. O. Lemon
Mayor, City of
Slaton, Texas

ATTEST:
J. J. Maxey
City Clerk, City of Slaton, Texas

THIS NOTICE of election is issued and given by the undersigned, pursuant to authority conferred by virtue of the above and foregoing resolution and order of the Commission of the City of Slaton, Texas, and under authority of law.

WITNESS MY HAND AND SEAL OF THE CITY OF SLATON, TEXAS, this the 26th day of October, 1961.

L. O. Lemon
Mayor, City of
Slaton, Texas

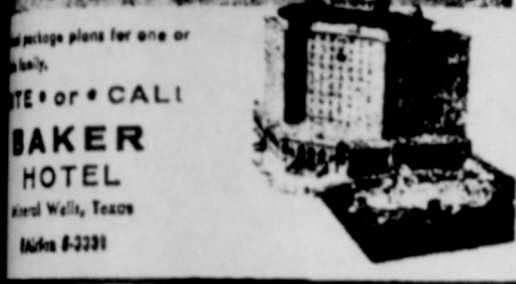

ATTEST:
J. J. Maxey
City Clerk, City of Slaton, Texas
(City Seal)

MEDICAL HISTORIES maintained in a national library manned by a computer could save countless human lives, according to Dr. Thomas P. Almy of New York City's Bellevue Hospital. "Many emergency patients arrive at Bellevue unconscious and not accompanied by friends," he said. "If we could have fast access to their histories, perhaps keyed by fingerprints, or any other hospital in the country often would be much better prepared to treat them."

A Mississippi River steamboat slowed to a halt on approaching a dense fog. An impatient passenger asked the captain what was the cause for delay.

"Can't see up river," was the laconic reply.

"But I can see the stars overhead," the passenger said sharply.

"Yes," responded the captain, "but unless the boilers bust, we're not going that way."

Yield yourselves unto God. —(Rom. 6:13)

The pattern of our daily life is flexible when we have faith in God. We are not limited to a set way of doing things. We successfully meet all challenges. We happily accept our opportunities.

NOTICE OF ELECTION FOR ISSUANCE OF BONDS

The State of Texas
City of Slaton
County of Lubbock

To All Resident Qualified Electors of the City of Slaton, Texas, Who Own Taxable Property In Said City and Who Have Duly Rendered The Same For Taxation:

TAKE NOTICE that an election will be held in the City of Slaton, Texas, on the 21st day of November, 1961, in obedience to a resolution and order duly entered by the commission of said City on the 26th day of October, 1961, which is as follows:

"RESOLUTION AND ORDER by the Commission of the City of Slaton, Texas, ordering an election to be held in said City for the purpose of submitting the question of the

issuance of \$50,000 Street Improvement Bonds of said City; Providing for notice of election and enacting other provisions incident and relating to the purpose of this resolution and order.

WHEREAS, the Commission of the City of Slaton deems it advisable to issue the bonds of said City for the purpose hereinafter stated; therefore

BE IT RESOLVED AND ORDERED BY THE CITY OF SLATON:

SECTION 1: That an election be held on the 21st day of November, 1961, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this resolution and order, at which election the following proposition shall be submitted to the qualified electors of said City who own taxable property therein and who have duly rendered the same for taxation:

"SHALL the Commission of the City of Slaton, Texas, be authorized to issue FIFTY THOUSAND DOLLARS (\$50,000) general obligation bonds of said City for the purpose of constructing street improvements in and for said City; said bonds to mature serially over a period of not to exceed twenty-five (25) years from their date, and to bear interest at a rate not to exceed FOUR AND ONE-HALF PER CENTUM (4-1/2%) per annum, payable annually or semi-annually, and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

SECTION 2: That the polling places and officers for said election shall be as follows: Ward Number 1--Polling Place, Junior High School, Slaton, Texas; Election Officers,

Wayne Liles, Presiding Judge; Mrs. Don Britt, Judge; Mrs. E. A. Nelson, Clerk; Mrs. Wayne Liles, Clerk.

Ward Number 2--Polling Place, Retail Merchants Association Office, Slaton, Texas; Election Officers, Phil Brewer, Presiding Judge; Mrs. Dan Liles, Judge; Mrs. P. A. Minor, Clerk; Mrs. Ray Conner, Clerk.

Ward Number 3-- Corporation Court Room, City Hall, Slaton, Texas; C. H. Whaley, Presiding Judge; Mrs. B. A. Hanna, Judge; Mrs. C. H. Whaley, Clerk; Mrs. W. G. Ruse, Clerk.

Ward Number 4--Stephen F. Austin School Slaton, Texas; John D. Webb, Presiding Judge; Mrs. T. A. Turner, Judge; Mrs. W. H. Forsenor, Clerk; Mrs. John D. Webb, Clerk.

SECTION 3: That said elections shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only resident qualified electors, who own taxable property in the City and who have duly rendered the same for taxation, shall be qualified to vote.

SECTION 4: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.C.S. Election Code, as amended, and that printed on such ballots shall appear the following:

"For The Issuance of \$50,000 Street Improvement Bonds And The Levy of A Tax In Payment Thereof"

"Against The Issuance of \$50,000 Street Improvement Bonds And The Levy Of A Tax In Payment Thereof"

AS TO the foregoing proposition, each voter shall mark out with pen or pencil one of the expressions, thus leaving the other as indicating his or her vote on the proposition.

AN ADVENTURE IN TASTE

Old Friends

From time immemorial man has continually tried to better his position, physically, mentally, financially and most of all spiritually. This can certainly be said of Milton Jochetz, class of 1944. When Milton came back from service he worked for some time in secular work before realizing that God had a higher calling for him. Milton spent four years in McMurray College and four years in the Perkins Seminary at Southern Methodist University preparing himself for the job that he now has.

Milton is the pastor of the Buna Vista Methodist Church, P. O. Box 2087, Philrich Branch, Borger, Texas. Should the opportunity arise, classmates or urged to hear Milton preach. We have heard him and can recommend him to you.

We were delightfully surprised last week to see Opal Woolever (Custer) class of 1935 visiting her parents and sister here in Slaton. Opal and her husband, Ronald (Jack) Woolever, class of 1929, are living in Gatesville, Texas where Jack is the business manager of the Gatesville School for Boys. Their address is P.O. Box 417, Gatesville, Texas.

We ran into Odie A. Hood last week while he was visiting in Slaton. Odie was a member of the class of 1931. He is a chartered life underwriter for the Southland Life Insurance Company with offices in Lubbock. Odie has done well in the insurance business and maintains that he can take care of your needs while living and after you are dead. Odie and his family reside at 2708 - 59th Street, Lubbock, Texas.

Bruce Gentry, class of '24 was by and paid his dues and offered his help in any way possible in building our ex-student organization to what it should be. Bruce also suggested that it would be better to have someone here in Slaton to represent the class. So we are waiting for some eager beaver, 1924 Vintage, to come forward and take the responsibility of representing the 1924 class.

The Slaton Ex-Student Association is still looking for paying members and news items about exes. You may send both (\$2.00 and news items) either to J. J. Maxey, City Hall or Virta Zuma Sheppard, 125 North 4th Street, Slaton.
