Police 'Discrimination' Talked

Two Appear Before Commission; Statistics Are Provided By Chief

Two local businessmen appeared before the City Commission Monday night expressing a belief that police discrimination against Latin-Americans and Negroes had caused many to leave Slaton, detour it on the highways and stay away from the town, thereby hurting the economy of all businesses in the community.

The two said they were not registering a complaint against Chief Eugene L. Martin, but against an inexperienced police force which arrested Latin-Americans and Negroes for things which whites would not be arrested for.

Appearing before the commission were Hugo Mosser and Joe Riley III, who said they represented the views of several other local businessmen.

Chief Swanner, local banker, said he would have been with them except for another appointment.

The main point in question is the City's ordinance against loitering in public, which the two said was enforced against only minority groups but not against whites.

They felt that whites, who are in public places except a dance club as well as in a dance club as just as liable as Negroes who drink at a dance club is not in a private club.

The commission replied that it repeatedly expressed its opposition against any kind of discrimination in the chief and they felt their wishes had been complied with.

They would be glad to discuss any instance of discrimination individually.

They asked Chief Martin to make statistics showing how many arrests had been made, how many of the first of the year and how many would give an indication that there had been discrimination.

They said that there had been arrests of whites during the year and that the high number of arrests of Latin-Americans was because of traffic violations.

They said more violations per capita were made by whites than by Latin-Americans.

They said that there were many more arrests of Latin-Americans than of Negroes.

They said that the statistics show that there were a total of 803 jail arrests during the first of the year.

They said that there were 294 arrests of Latin-Americans and 136 arrests of Negroes.

They said that 77 per cent of all arrests were made by whites.

They said that there were many more arrests of whites than of Latin-Americans.

They said that there were many more arrests of whites than of Negroes.

commission agreeing with the two men that there should be no discrimination, the Chief saying that there would be none and had been none to his knowledge and the two businessmen successfully getting their point across. The probable result is that there will be less discrimination by police if there has been any, and continued good law enforcement, if that has been the case.

In other action, the commission made one correction to the minutes, to the effect that Southwestern Public Service would erect the pole for a traffic signal on S. 9th and not supply it.

Also, they felt there should be no changes in the sick leave policy for City employees. They approved sending three men from the water and sewer department to a water and sewer short course in Lubbock, November 7th, 8th and 9th.

They denied a request by W. A. Riley that his automobile be authorized for use as an ambulance by the City.

The City will leave City Hall open until 10 p.m. Saturdays and all day Sundays in order to provide public restrooms until such time as the possibility of getting restrooms built outside City Hall can be examined.

They voted to advertise the Shafter tract for lease. Bids will be accepted until December 1.

The first reading on two ordinances, one setting the speed limit on emergency vehicles at 10 miles over the existing speed limits within the City and the other naming several streets in the "flats" area of town, were passed on first reading.

Poppy Sale Is Set On Election Day

Poppy Sale in Slaton will be observed on November 8, the date also for the General Election.

Mrs. Hobart Trimpa, Poppy Day Chairman for the American Legion Auxiliary, asked that all voters be sure to remember the veterans of American wars by buying poppies. Money obtained from the sale of poppies is used in Auxiliary charity projects.

Mrs. Ethel Woods is president of the local Auxiliary unit.

Personable Young Minister Will Leave Slaton For Italy Feb. 1st

Next February 1, Slaton will lose one of its most personable young men. One who has served this community well. But Slaton's loss will be Italy's gain as Harold Mobley, minister of the Slaton Church of Christ, becomes minister of the Church mission at Florence, Italy.

The handsome 27-year-old Church of Christ evangelist and his lovely family will begin an expected six to eight year service to the people of their congregation in Florence. The congregation at present numbers approximately 45 members.

Harold and Mona, and their children, Stephen, six; Tami, four; and Twayne, three, came to Slaton the first of August, 1958 and have become well-loved members of the community. Their leaving next February will be greeted by mixed emotions. Good wishes for their departure and best wishes for success in their missionary undertaking in Italy.

The family will leave by ship from New York on February 25. A series of speaking engagements is scheduled between the 1st and the 25th throughout a number of southern states and Ohio.

His reason for leaving, Mobley quotes Mark 16th Chapter, 15th and 16th verses. "And he said unto them, Go ye into all the world, and preach the gospel."

Club To Buy Jackets For Eighth Graders

The Junior High Athletic Club met Monday evening, Oct. 24. A vote was taken to decide whether or not the club would purchase jackets to the eighth grade boys and girls. There were 34 votes in favor of purchasing the jackets and only two votes against.

The club will be selling "Tiger Booster Badges" for their first money-making project. Arthur Romines was appointed as head of this project. Also, concession stands will be opened at all Junior High football and basketball games for the 1960-61 season.

November 1st will be the Junior High Homecoming. The football teams will play Tahoka at 7 p.m. Mrs. Glen Payne is chairman of the Homecoming. The football boys after this game will meet at the meeting at 7 p.m. There were 41 members present at the meeting.

Festival Set At Posey Church Sunday

The Enemy Within

An increasing number of financial experts warn that
 federal tax system has become a threat to America's
 economic health. Among them is Arthur F. Burns, Colu-
 mbia University professor, former chairman of Presid-
 ent Eisenhower's Council of Economic Advisers, and au-
 thority on business fluctuations.

In a California speech, Burns said we are running a
 great risk in keeping a tax system that not only discour-
 ages enterprise and investment, but also "diverts the
 energy of some of our ablest citizens into channels that
 bring a tax advantage to them or their firms but do
 little or nothing to raise the nation's productivity."

He contrasted our stultifying tax system with measures
 adopted by the Russians to promote individual effort.

"The Russians have in recent years been very meth-
 odical in creating large income inequalities," he said. "In-
 stead of rewarding handsomely their managers, en-
 trepreneurs, teachers, and the more skilled factory work-
 ers. But while they have been devising special incentives
 to spur productivity, thereby adopting the practices of
 older capitalism, we have adopted a tax system that
 makes the incentive to create and produce."

"Can it be," Professor Burns asks, "that the Russians
 have rediscovered one of the main secrets of Western
 economic success, while we have allowed our idealistic
 impulses to obscure the sources of our own great achieve-
 ments?"

That is a pertinent question, Professor Burns. We
 would like to see it brought up at the next session of
 Congress.

J. S. Voters Choose a 'Climate'

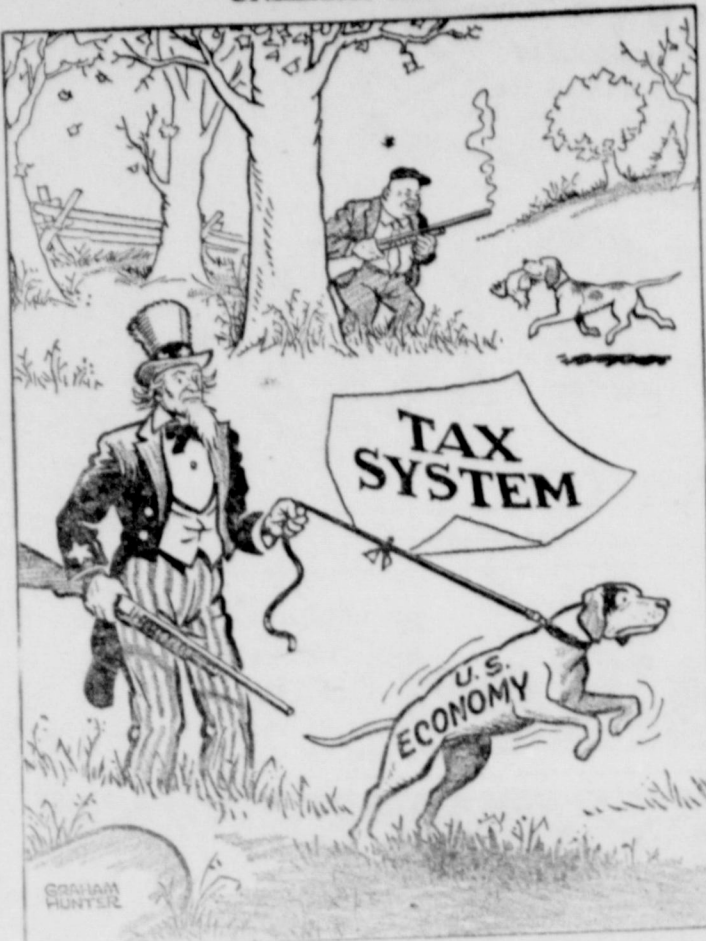

At one time the most re-
 markable thing about our fed-
 eral government was its respect
 for the freedom of the individ-
 ual and its noninterference with
 people's business affairs. Times
 change. In recent years the
 federal government has been
 playing an increasing role in
 our private lives and in our
 economic lives.

Some governmental inter-
 ference has been justifiable. Anti-
 trust laws, for example, and
 labor-management legislation.
 Other actions are hard to defend.
 Such as the decrease in the
 value of the dollar, by govern-
 ment's inflationary policies. And
 the mounting taxes on individ-

Despite the rapid growth of
 big government, the basic me-
 chanics of our representative
 system is unchanged. We who
 vote can, if we choose, elect the
 executives and legislators who
 want to run government econo-
 mically, reduce taxes, and pro-
 vide the climate for saving and
 investment in which jobs are
 created and sound economic
 growth can take place.

On the other hand the voters
 can—under the spell of easy
 promises—put into office the
 so-called "liberals" who claim
 that all problems can be solved
 by making big government big-
 ger, by spending more taxpayer
 money, and putting more strains

(Editor's Note: Here is an
 article taken from The Semino-
 le Sentinel, which pretty well
 sums up the views of a news-
 paper on its job in the commu-
 nity.)

National Newspaper Week, 1960
 I'll be 54 years-old next month.
 But I'm getting stronger every day.

Age to me is only a number,
 anyhow. You feel that way in
 the kind of job I have. You
 might say that I'm in public
 service. But I have my bosses,
 some of them pretty exacting in
 what they demand of me.

I've been dealing with the
 people of Seminole and Gaines
 County all of my working life
 and I hold scheduled conferenc-
 es with my bosses, reporting regu-
 larly on my activities.

My job is to sort of nose a-
 round. I poke into things at the
 courthouse, and sheriff's office,
 at the schools, at city hall, over
 in the bank and the post office.
 Sometimes I even pry into per-
 sons' private lives.

I ask a lot of questions. Most
 folks accept me, or, at least,
 tolerate me. Sometimes, though,
 I get told that something is
 none of my damned business.
 And sometimes I'm told to go
 straight to hell.

I've been cursed and threaten-
 ed, cajoled, hood-winked, lied to
 about, swindled, challenged and
 lied about, swindled, chal-
 lenged and confuse. Sometimes
 the old skin wears a little thin,
 but I try to take it all in stride.

I go on doing my job and
 making my reports to the boss-
 es. What I see sometimes isn't
 always tasteful. Often it is the
 morbid, sordid, seamy side of
 things that makes even strong
 men wretch. The job may be
 nasty, and none to my liking,

but it's got to be done.

Once in a while, I may step
 on the toes of one of the bosses.
 Then I'm berated, scolded names,
 and my judgment of character
 are questioned. Of course, it's
 fine when my conferences with
 the boss deal with someone else.
 But some bosses seem to feel
 that they are a breed apart.

Some bosses can't understand
 why I'm unable to be every-
 where, and to do everything, at
 once. But none of us is omni-
 present.

Sometimes the job simply
 boils down to one of those situa-
 tions where it's heck if you do
 and heck if you don't. So, I
 just take my lumps and go on
 trying to stay as conscientious
 and impartial as I can.

After all, mine is not to rea-
 son why, mine is but to do and
 try.

Once in a while I'll get a
 pat on the back. Sometimes I

Slatonites:
 We, the young people of Slaton,
 would like to take this oppor-
 tunity to express to the people of our
 progressive community our conviction
 concerning the approaching liquor elec-
 tion. We see NO good in alcohol,
 and we are not ashamed of our
 convictions.

We want to remind the people
 that the "wets" make many
 promises but no guarantees. If
 seeing is believing, with all the
 terrible, final effects of liquor
 right before your eyes how can
 you trust in promises that will
 never come to pass?

One who drinks is not only
 impaired physically, but he in-
 fluences the mental outlook of
 his associates toward liquor. A
 town confronted with the liquor
 problem soon comes to regard it
 as a "common place" occur-
 rence. This, in turn, reflects on

have to take my satisfaction in
 nothing more than pride of cra-
 ftsmanship. Then the little thin
 places in the skin heal over a
 bit and I tackle the job with
 renewed vigor.

I go on prodding around the
 town, reporting to my bosses
 regularly as clockwork, laying
 out my reports as accurately
 and honestly as I can, regardless
 of stature and station of the
 subjects of my reports.

I've been going through these
 things for more than a half-centu-
 ry. And I will be confronting
 them for years to come, happy
 at the good aspects of the job,
 sad at the bad aspects, but,
 nevertheless, doing the job to
 the best of my abilities.

Even though my brain may
 be filled with the whirr and
 clank of machinery and my
 body may be ink and paper and
 lead and zinc, I'm only human.
 I am your Seminole Sentinel.
 You are my bosses.

Building A New Life

Quite a thrill — building a new home! Day by day you watch it take shape. And somehow, you have the feeling that this new house will bring new life for you and your family.

But building a new life isn't as simple as building a new home. One just can't move out of the drab past into a sparkling future.

The life to which conscientious men and women aspire is built on foundations that cannot be laid in a week or two. Character, courage, consecration — these are concrete evidences of faithful years in the worship and service of God.

Today, where there are new houses there are new churches — and where there are old houses there are old churches. And through the portals of all the churches pass the millions of earnest families who are serious and happy about building a new life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

STRENGTH FOR THE WAY

THE TRUE WAY TO GOD

Romans 3:20-31
On October 31, 1517, Dr. Martin Luther posted his famous 95 Theses on the door of the Castle Church at Wittenburg, Germany. By this, he started the Church of Jesus Christ back to the important truths of God as found in the Holy Scriptures.

First he caused Christians to realize that their true spiritual authority is in the Bible. In other words, no matter what anyone says, the Bible is the only true authority that anyone needs.

The second truth he caused Christians to realize is that all believers have direct access to

God. The believer does not go to God except through the Christian in prayer, and thank go directly to God.

The third important truth caused Christians to realize that we are justified by faith in the deeds of the law. In other words, we do not need an amount of works to earn, we need only faith. Luther pointed out that faith and love should turn to Him.

He then shows that to live up to facts and to truly re-

God has given him, man should read the

LEGAL NOTICE

Notice of election to be held within the Canadian River Municipal Water Authority on the question of approval of a contract with the United States of America.

To all qualified voters who reside in the Cities of Amarillo, Borger, Brownfield, Lamesa, Levelland, Lubbock, Pampa, Plainview, O'Donnell, Slaton, and Tahoka, Texas, and within the Canadian River Municipal Water Authority who own taxable property therein and who have duly rendered the same for taxation:

Take notice that an election will be held on the 22nd day of November, 1960, within the Canadian River Municipal Water Authority in compliance with resolution and order duly enacted by the Board of Directors of said Authority on the 12th day of September, 1960, and which resolution and order is a part of this notice being in words and figures and follows to-wit:

"A resolution calling an election to be held on the 22nd day of November, 1960, in the Canadian River Municipal Water Authority for the purpose of submitting to the qualified voters of said Authority who own taxable property therein and who have duly rendered the same for taxation the question of whether or not the Board of Directors shall have the authority to enter into a contract with the United States of America for the construction of the Canadian River Project as authorized by Public Law 809 an Act of Congress which became effective December 29, 1950, and for payment by the Authority of the reimbursable cost of the construction operation and maintenance of the project in accordance with reclamation law:

Prescribing the voting places for said election; Prescribing the form of ballot to be employed in said election; And enacting other provisions incident and relative to this election."

Whereas the Board of Directors of the Canadian River Municipal Water Authority has determined upon the construction of certain facilities commonly known and referred to as the "Canadian River Project" for the purpose of providing a source of water supply for the member cities of the Authority for municipal, domestic, industrial and other useful purposes permitted by law, to-wit:

A dam and reservoir on the Canadian River at Sanford, Texas;

Pumping stations, pipe lines or aqueducts; And other works and facilities designed for the purpose of impounding, processing and delivering water for the aforementioned purposes;

And whereas, this board finds that plans have been filed in the office of the Secretary of the Authority as well as a report of the United States Department of the Interior, Bureau of Reclamation, covering the

plan, plant's facilities and improvements to be purchased and constructed, together with maps, plans, profiles and data fully showing and explaining same, which report is open to inspection by the public:

And whereas the aforesaid report contains among other things a detailed estimate of the cost of such improvements and an estimate of the time required to complete same so that service therefrom can be commenced:

And whereas, a summary of said estimate of the cost of said

JUST TALK

(Continued from Page Three)

After working two or three hours I found that there were

facilities and improvements including the cost of property to be purchased, as shown in the report aforesaid, is as follows: Canadian River Project, Texas, estimated reimbursable construction costs, Sanford Dam and reservoir, 1% main structure and reservoir, \$26,097,000; relocations (gas wells, pipe lines, etc.) \$4,963,000; sub total (Continued on Page Five)

but two screws that needed to be taken off. When I finally did get the tank loose from the frame, a small electric wire came loose and it took me thirty minutes to find where it was originally fastened. The book of instructions also said to take the spark plug out and pour an ounce of oil into the hole and then give the starter a few jerks. This I did and the motor that she had just taken out of coughed once and spat a cup full of oil out onto my wife's dress

the washing machine. This brought on a one-sided argument and she has not accepted my explanation which was that she had no business being out there in the first place. The mower is back in a corner of the garage with the gas tank in a bushel basket waiting for me to take it to a mechanic which I will do some time next spring when the grass gets about eight inches high.

VOTE FOR LEGAL SALES

Yes, there is a sure way we can have a better town. And we urge you to join with us in voting Saturday, November 5th, to get rid of the evils of Prohibition through sensible, workable Legal Sales far off-premise consumption only.

We believe a proven legal system of local controls is much preferable to present known conditions where liquor and beer are readily available to anyone - minor and adult alike - any time...any day (including Sundays).

Our choice on Nov. 5th is between an illegally or legally "wet" community. That is the only question to be answered. The results will not affect the drinking habits of a single person - regardless of how the high pressure, factitious professional "dry" propaganda.

Prohibition in Slaton doesn't keep anyone from drinking any more than it keeps people in Lubbock and Abilene from drinking. The federal government with its large law enforcement forces counts on the enforcement of Prohibition. Who can reasonably expect a small local police force to enforce it?

Here's what Legal Sales will mean: All individuals asking a license or permit will have to be approved by the County Judge, the Texas Liquor Control Board and our town officials before any one can start business. For any one of 30 reasons stated in the Texas Law these permits can be refused.

This type of strict local and legal control under new, local state laws insures tax-paying, licensed, reputable merchants instead of corrupt, crime-producing bootleggers.

Off-premise means all sale must be for off-premise use only. You cannot drink when you buy. That is the law. There will be NO honky-tonks or beer parlors.

Such a system of legal sale and local control is workable everywhere and will work in Slaton.

Local people will get employment, meaning more pay checks.

More property will be on tax rolls.

New business will be attracted to our town and the trade dollars will give a boost to business - ALL business in Slaton.

Official records show that taxes from Legal Sales and Repeal of Prohibition have provided \$393,863,123.22 to Texas and Texas, Prohibition contributors: Nothing better.

Elsa Lanchester—Herself' To Open Civic Lubbock Inc. Season Today

At 8 p.m. on Thursday the lights on the Lubbock Auditorium stage will dim; one of America's greatest comedienne's will take her place in the center of the stage; the huge velvet curtains will part and the 1960-1961 Civic Lubbock Inc. season will be underway.

Elsa Lanchester will present an intimate musical revue — "Elsa Lanchester — Herself" — the first attraction on this year's schedule. Long a favorite with movie audiences, she holds the record for a long-running show as she has appeared some ten years at Los Angeles' "Turnabout Theatre." Part of the songs and sketches she will perform in Lubbock are from the selections that she has introduced at this unique theatre in Hollywood.

Miss Lanchester will be making her only West Texas appearance and she will be accompanied by Ray Henderson, musical director, and Don Farbridge at the pianos. Her husband, Charles Laughton, is given program credit for having inspired the script used in the show.

Tickets will be on sale daily in the lobby of the Auditorium from 9 A.M. to 5 P.M. On October 27th, the day of the performance, they will be on sale from 9 A.M. to showtime.

Tickets range in price from \$3.50 to \$1.00. Special seats for Students have been set aside at \$1.00 each.

Following Miss Lanchester on the schedule will be Fred Waring in his "Stereo Festival" on November 7th and the very popular comic — Shelley Berman on November 15th.

Rainbow Girls Have Meeting

The Rainbow Girls met in the Masonic Hall recently for their regular meeting. During the business meeting, Rhonda Eanes was installed as Worth-Associate Advisor and Robin Davis, Chaplain for the ensuing term.

Twenty-five girls were present and four board members were present for their meeting.

The next meeting will be held on Nov. 14, and all Rainbow Girls are urged to come. Time is 7 p.m. All board members will meet at 6:45 p.m.

Mrs. Reasoner Rotary Speaker

"Do you know what a 'kibbutz' is?" asked Mrs. Earl Reasoner, teacher-traveler, who was the speaker at the noon luncheon of Rotary last Thursday. It sounded to a number of Rotarians as if Mrs. Reasoner was talking about a "caboose." The speaker, however, assured her audience that the word had nothing to do with railroading.

"It is a form of agricultural settlement in Israel," Mrs. Reasoner said. "All farm property is collectively owned and all work is organized on a collective basis. A kibbutz population may vary from 60 to 2,000 farm folk. The members give their labors and are supplied in return with housing & food clothing, education, cultural and social services.

"There is a central dining room and kitchen, communal kindergarten and children's quarters (the members of the group take their children home only at night), and central stores," Mrs. Reasoner added.

According to the speaker, everyone in the community dresses the same, eats the same, works the same, and is rewarded the same. The first kibbutz was founded in 1909.

Mrs. Reasoner spent the entire summer of 1960 traveling in Europe and the Middle East. She supplemented her talk on Israel with a presentation of slides she made while on her trip.

Mustangs Fall To New Home By 26-7 Score

Halfback Ronald Wyatt broke loose for two early touchdowns to lead New Home to a 26-7 victory over Wilson in a District 4-B football game at New Home Friday night.

Wyatt scored his first touchdown early in the first quarter on a 23-yard run to push the home standing Leopards out front to stay.

Minutes later, Wyatt got loose for a 70-yard touchdown run to

pad the Leopard lead. In the same period, Wilson scored its lone tally with quarterback Surpy Benavidez sneaking in for the score from the two-yard line just before the quarter ended. Benavidez kicked the extra point.

Larry Brown scored New Home's third touchdown on a 20-yard end sweep, then hit his brother Terry in the end zone for the extra points.

Brown scored his second touchdown on an eight-yard run in the third period to round out the scoring.

The game was played before a homecoming crowd, and was New Home's second district win against no defeats.

CANOE!

Your Home Business Firms are

THE HIGHEST BIDDERS

for Your Shopping Dollar

Here are the facts to prove it...

Actually... no matter where you live... nobody... and that means NOBODY... can give you more for your dollar than your own home business firms.

Let's look at the reason for this advantageous... to you... situation:

ANY MERCHANT... anywhere... is ordinarily going to sell goods for some more than he pays for them.

ON AN AVERAGE... when you spend a dollar in any retail store... here or anywhere else... about 70 cents of it pays for GOODS, and about 30 cents goes for rent, taxes, donations, hired help, etc., and a few cents (the national average is about 5 cents) pays the proprietor for his work, and for his investment in goods and equipment, credit losses, etc.

NOW... when you spend your dollar at home, you get the same 70 cents worth of merchandise that you would get for it anywhere else.

AND THE OTHER 30 CENTS stays here too, to help you pay for schools, churches, roads and streets; to vitalize the community so your property... or your job... is worth more; to keep more people here to share civic work and expense, and to serve YOU when you sometimes direly need their knowledge and their skills.

ONLY when you buy in YOUR OWN HOME community do you get back most of this 30-cent retail handling charge... and often a great deal more, as your job or your business prospers and your social life broadens with the growth of the entire community.

JUST TALK BY A. M. J.

Tony Steffens, who lives west of town, reports that the French perfume that the feeding lots near Lubbock are supposed to be using on the fertilizers they are collecting, is not doing the job or there is not enough perfume being used to kill the odor that originated at the lots.

Tony and a friend went to Buffalo Lake, or lakes as the case may be, rented a boat and intended to stay until one or two o'clock in the morning but when they got there the atmosphere and the water were so powerful that they almost lost

consciousness and after about an hour they came home so groggy they could not see or hear for the remainder of the night.

"We did not get a single nibble," reported Tony, "and I believe the fish were as groggy as we were from either the perfume or the other odor that was as thick as potato soup. Having lived on a farm all my life I am not finicky about barn-yard odors but I doubt that the people or fish will be able to stand Buffalo Lakes if something is not done."

Just Talk

A couple of weeks ago this paper published a picture of the members of the Pioneer Club climbing all over the band stand on the City Hall grounds and I assumed from the picture that they were not only planning on remodeling the ancient structure but intended painting it themselves. Being quick to grasp an opportunity and judging from the positions of the members of

the club I immediately went down to the City Hall lawn and selected a seat on one of the stronger benches where I hoped I could watch the job being done. Now I am sadly disappointed for I am informed that the work is to be done by a professional painter and that the colors will not be a lip stick red, a paisley pink, or georgeous green, nor will the ladies get out there and trim it in soft shades of cerise, sandstone grey or mauve. It is going to be done probably in a sad brown, a bloody red or rat gray by some bowlegged painter who knows how to paint but has no artistic appreciation at all. It is the disappointment of my life.

JUST TALK

Mr. and Mrs. P. A. Minor report that they are all shook up because some one put strychnine on some kind of food that was attractive to a dog and killed their pet Boston bull a couple of weeks ago.

"They kept the dog penned in the back yard most of the time but occasionally let it out to take some exercise and while it was out it ate the poisoned food. Putting out poisoned food is a mighty risky business and is against the law, but there are people who do such things. For a while Slaton had a lot too many dogs running loose and there are still a good many stray animals but killing them by causing them such a slow death is inhuman. If dogs are troubling you, call the police, they'll get the job done right."

At our house we have a cocker and she has a bed in the back room where we have installed a washing machine. At first it caused her no end of worry and when the clothes started to girating and sloshing around she scheetched, howled and was almost willing to give battle but now she gets on her bed and watches the machine with sincere but suspicious interest. Personally I feel somewhat the same way for there are times when it acts as if it were going to blow up and smash us to smithereens.

What Happens After You Legalize Sales?

1. Bootleggers still exist.
220 Cases of sale without a permit or license in Wet Counties since January, 1960.
2. Youth Still Can Get It.
Texas Liquor Control Board shows that 1,000 cases of Youth possessing alcohol in a public place in Wet Counties since January.
3. Grocery Stores become beer outlets.
Who will police the grocery stores to see the liquor is not sold to our young people?
4. Drunks on our streets.
Off-premise drinking will put them on our streets. Wet Dallas arrested 39,000 drunks in 1958.
5. Accidents by alcohol on our highways.
No matter where or how alcohol is a killer on our highways. The INNOCENT suffer because of the drunken driver.
6. Children become innocent victims.
What is good for us should be good for them. 47,440 aid to Dependent Children in Texas will tell you.
7. Pitiful Tax Revenue from Legal Sales for our city.
Rates set by the Liquor Control Board:
\$5.00 per year for a dealer who is licensed to sell beer.
\$6.25 per year for a dealer who is licensed to sell wine.
\$15.00 per year for a dealer who is licensed to sell wine and beer.
\$62.50 per year for a dealer who is licensed to sell all three.
8. Crime will increase in our area.
All facts point to the fact that the more drinking promotes more crime: drunkenness, robbery, burglary, prostitution, vagrancy.

White's Auto Store Said To Be 'Largest Volume Tire Dealer'

"Slaton's Largest Volume Tire Dealer," that's what White's Auto, owned and operated by Bobby Poyner, feels it has developed into after being in operation here about a year.

Poyner leaves Friday for a trip to San Antonio and Austin to win by selling the most automotive appliances in his division in competition for all

White's Stores.

The Poyners, there are a bunch of them, own White's here and in Portales, N. M., and Earth, Texas. There are two of Poyner's brothers at each of the other stores and all three firms won prizes in the competition. They bought the store here in November of 1959 and since that time won the first place spot in sales of tires, batteries

and seat covers in their group of dealer stores over a state area.

Tires and automotive accessories are not the only items that can be purchased at Slaton's White's Auto Store, however, as the firm handles a large stock of items for each member of the family and for the home.

Some samplings would include tools, fishing gear, radios, refrigerators, ranges, deep freezers, dishes and cookware, toys, yard furniture, toasters, bicycle accessories, power lawn mowers, housekeeping aids, and hundreds of other items.

A trip into White's Auto today would go something like this: First, you would be surprised at the unusually large stock of merchandise offered by the firm, then, smiling Bobby Poyner would greet you and courteously offer to help you select the item you are needing from a large selection. Next you would either pay cash for the item or establish a charge account to which you could add many needed items in time to come. A visit to White's Auto Store will be a pleasant surprise to you if you haven't already been there. If you have, you'll probably want to go back again, now, to see what new merchandise is being offered at the reasonable rates White's is famous for. Go in today, won't you?

NOW FOR '61... 2 TOTALLY DIFFERENT TYPES OF CHEVY TRUCKS!

1. REAR-ENGINE CORVAIR 95's—THE TRUCKS THAT BEGAN WITH 4 WHEELS AND A FRESH IDEA!

Here are high-capacity haulers that offer the most accessible load space you ever saw. Think of up to 1,900 pounds of whatever you haul riding on a highly maneuverable 95-inch wheelbase. This design's a beauty. Features 4-wheel independent suspension, integral body-frame build, thrifty air-cooled rear engine—all kinds of fresh new ideas about truck efficiency and economy.

2. TORSION-SPRING CHEVROLETS—WORTH MORE BECAUSE THEY WORK MORE!

You actually feel the advantages of independent front suspension in the almost total absence of I-beam shimmy and wheel fight. The driver rides easy, the load's better protected, tires take less abuse, the whole truck is subjected to far less damaging road shock and vibration. Efficiency goes up. Profits follow. Look over the whole line—both types of Chevy trucks.

Wilson Church Festival Set This Sunday

Rev. Andrew Mild of Portales, N. M., will be speaker at the Mission Festival to be held at St. John Lutheran Church of Wilson October 30.

Rev. Mild will speak at the regular service at 10:30 a.m. Rev. James Burnett, pastor of the church, said, "He will be able to really inform us about missions in his message for that morning for he has spent 20 years of his life over in New Guinea as a missionary. He was one of the few missionaries who were freed from the Japanese at the end of World War II. He has had a very exciting and varied life in serving the Lord. "For our enjoyment there will be a family night that evening at which time Rev. Mild will show slides which he took while

in New Guinea. Come prepared to enjoy yourselves."

Federated Church Women To Meet On October 1

The Federated Church Women will have their meeting October 31, in the First Methodist Church.

Mrs. Earl Reusser, who recently returned from Europe, will be the speaker. Mrs. Reusser will talk on the Holy Land which she visited on the trip and also show pictures of her trip.

The meeting will start at 8 p.m.
