School Transfers From Other Districts Due Before June 1st

Gordon Downum, public information director for the Lubbock Independent School District, has announced that any parents who wish to transfer children into Lubbock Public School District for the 1971-72 school year should go to the school's administration office at 1628 19th Street prior to June 1st.

Transfers from one school district to another should be made before June 1, 1971. Mr. Downum noted that this announcement does not pertain to students moving across the city from one neighborhood attendance area to another in Lubbock.

Texas School Law, according to Downum, allows parents to transfer a child from the home district to another Texas Public School District. Deadline for these transfers is May 31, 1971.

Because applications for transfer from one district to another are approved by the Texas Education Agency, transfer requests cannot be guaranteed after the dead-

line date. Any request after this deadline would require special approval from TEA.

New residents to Lubbock County may apply for transfer from one school district to another at the time of establishing residence, by contacting administrative offices of the receiving district.

If there are any citizens with questions about transfers, they are advised to call the administrative offices of Lubbock Independent School District, 747-2641.

Eighty Five to Be Honored Here Today

Eighty-five students of Dunbar High School will be honored this afternoon in a special Recognition Day program at 2:00 in the Dunbar auditorium.

William Powell, principal, will make the special presentation to those students to be honored this afternoon. The theme for the program is "Excelsior."

Dennis Carrol will give invocation, and Frances Scott will present the purpose of this special program. Music will be furnished by the Dunbar Choir. Dwight Gib-

Tuesday Amendment Election Is Important!

The four proposed constitutional amendments to be voted on Tuesday, May 18th, from 7 a.m. until 7 p.m., are just as important to the citizens of Texas as any type of election ever held in the State of Texas.

The four proposed constitutional amendments are:

Amendment One—State Ethics Commission—Legislative Compensation; **Amendment Two**—Constitutional Amendments; **Amendment Three**—Public Welfare; and **Amendment Four**—Water Bonds.

Amendment One will establish a State Ethics Commission empowered to set rules of ethics for members of the legislature, state officers, and legislative officers and to investigate violations; to recommend compensation for members of the legislature and the Lieutenant Governor; and to recommend improvements and economy in the legislative process;

Amendment Two will provide that the legislature may propose amendments to the constitution in called, as well as regular sessions of the legislature;

Amendment Three will remove the limitation on the total state appropriations for assistance grants for the needy aged, the needy blind, and the needy disabled, and will set a limitation on total state appropriations during a fiscal year for assistance grants for needy dependent children and the caretakers of these children; and

Amendment Four authorizes the issuance of \$100 million in bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes; providing for the improvement and continuance of the water resources program, and establishing an interest ceiling on Water Development Bonds at 6 percent.

The West Texas Times would encourage all voters to **Vote No** against Amendment One. Reasons being that the creation of a State Ethics Commission, under the proposed amendment, would bring about a legislative pay raise without going through the procedure of obtaining voter approval. We must remember that the legislatures are responsible to the people of Texas, and therefore determination of legislative salaries should continue to rest with the citizens of Texas. Next, we must realize as qualified voters, we can best judge the conduct and ethics of members of the legislature and can so express our opinions at the polls by re-electing or failing to re-elect a member to the state legislature.

Voting for the other three amendments, numbers two, three and four; with a yes vote would make good reasoning in our judgement. However, we must inform, and remind, our readers that to vote for any of the proposed amendments, with the exception of number two, will increase the tax burden for the taxpayers in the State of Texas. With this thought in mind, each voter (and taxpayer), should consider each of the remaining amendments carefully, in relation to his present tax burden, before casting his or her vote.

It's up to you, as a qualified voter, to cast your vote Tuesday, May 18th. Be sure to make the right decision—to vote—and exercise your responsibility as a citizen of Texas. **These amendments are important.**

son will serve as master of ceremonies.

The committee responsible for the program includes Dwight Gibson, Lee Bagley, Terryon Sterling, Dennis Carroll and Frances Scott.

"The prestige of this great organization is needed for sound progress," he continued.

Mr. Woods has been involved with the developing of training programs for black people in the Dallas community. His remarks will center around the philosophy of the program which was originated in Philadelphia, Pa., by the Reverend Leon Sullivan.

The Reverend A.L. Davis, minister of Greater Saint Luke Baptist Church and president of the local effort, will give the purpose of OIC here in Lubbock, Texas. Rev. Davis has made several trips to Philadelphia, Washington, D.C. and Dallas in regard to the local program. He has had the opportunity of discussing the program with Mr. Sullivan and Guy Roman.

Eddie Richardson, coordinator of the OIC branch and columnist for the West Texas Times, will serve as master of ceremonies. Dr. Jack Steel, dean of the College of Business Administration at Texas Tech University; Mayor James Granberry and John Whitcomb, president of the Lubbock Chamber of Commerce, are also expected to appear on the program.

A.L. Smith will give a solo; and Reverend E.D. Toines, pastor of St. John Baptist Church, will give the invocation and benediction.

The public is cordially invited to attend this function which is billed as a public kick-off dinner for the OIC for all concerned citizens of Lubbock.

Southwest Conference Stars Sign as All-America Game Plans Get Underway

Three Southwest Conference stars head a list of six players signing to play in the Coaches All-America Football Game scheduled June 26 in Texas Tech's Jones Stadium.

Signing in from the conference champion Texas Longhorns were defensive end Bill Atessis and offensive tackle Bobby Wuensch. Representing the Arkansas Razorbacks will be their star receiver Chuck Dicus.

Also sending in signed contracts were Clarence Scott, defensive back for Kansas State; Bob Jacobs, kicker from the University of Wyoming; and Joe Profit, halfback from Northeast Louisiana.

Atessis, Wuensch, Dicus, Scott, and Jacobs will perform for Coach Bob Devaney's West team. Profit will play for Coach Charley Mc Clendon's East eleven.

Atessis, Man Mountain of the Texas Longhorn defense during the last two national championship seasons, is a 6-3, 235-pounder from Houston. Atessis held down the defensive left end spot on the front four defensive alignment for the past three seasons, during which time Darrell Royal's Longhorns won 30 straight games, took

three Southwest Conference championships and two national crowns.

Wuensch, a two-time All-America selection, also hails from Houston. The 6-3, 215-pounder is known as a great blocker, not only at the point of attack but also downfield. Many times for the Longhorns he sprung Chris Gilbert or Jim Bertelsen loose at the line, then went downfield and threw another block.

Dicus, sure handed and elusive as a pass receiver, caught 38 passes for 577 yards for the Razorbacks in 1970 to become the all-time top receiver for the Razorbacks, surpassing the career record of 1,303 yards set by All-America Jim Benton. He also set a career touchdown mark for an Arkansas receiver, scoring 16 times.

Scott, a first round draft choice of the Cleveland Browns, is Kansas State's career pass interception record holder with 12. The 6-1, 180-pound native of Atlanta, Ga., was named to a first team All-America birth at his defensive post. He started every game for Kansas State the past three years.

Tickets to the All-America contest are on sale at the Texas Tech ticket office.

EDITORIALS

(Editor's Note: Many of our readers has requested that we re-print the following editorial. These requests came prior to the knifing of a Lubbock man at a local dance recently, the killing of a Lubbock man and the wounding of another last Saturday morning along with the knifing of two city men at the same residence last week).

It's Not Brotherly Love To Continue To Kill One Another

It's not brotherly love for us to continue to kill one another. We can't continue to stab and shoot each other and expect to have a community worth living in. It's time for something to be done now to put a stop to this type of thing.

Many of you readers are familiar with the shooting incident on East 23rd Street recently and all are familiar with the various shootings and stabbings which have resulted in death to some of our brothers and sisters.

It's sheer stupidity for this type of activity to be allowed to continue. As black people, we can't just sit around and let this happen. We should not sit around and keep our mouths closed when one of us kills another. We've got to quit shucking and jiving when it comes to the welfare and decent living conditions of one another.

Yet, it is going to be hard to break the old ideas and fears that exist in our community that allow this type of "wholesale murder" to continue. In order to put a stop to the problem, we will have to find people who are willing to speak out for what is right. And unfortunately, we are also going to have to help elect someone to office that will prosecute the murderer, rather than let him run loose on the streets and "get even" with the person who has the "guts" to point him out. After all, "just because a Nigger killed another nigger" doesn't mean that someone in authority shouldn't attempt to do his job.

From time to time, this newspaper has been told that black people will not testify when there has been wrong doing, such as killing. We're about to get tired of the story about the black man who was killed in a small cafe in East Lubbock (the Queen City Area then). According to the story which has surely grown some in proportion with time, there were approximately twenty-five or more witnesses to the killing, but when each was asked about the incident, all were in the bathroom. The cafe had only one bathroom (for men and women) and the total number in the house the night of the killing were all in the bathroom.

Not only will we as citizens of the community have to do our part, but when those who are sworn in as jurors on the Grand Jury will have to do their part also. This is another community thing, if we are going to have a community worth living in and rearing our children in, we must take

the necessary steps to clean up this particular problem.

It appears as though, at the rate we are going, the white man won't have to wipe us out through various other means, we'll do it for him. We here feel sure that none of the people reading this editorial wish to come to an untimely death, yet, we feel sure at the same time that very few of you would be willing to stand up for what is right if you were witness to a shooting incident tomorrow.

It's time for the real men and women to step forward! Are you willing to do so? Right on!!!

Let's Pass The Collection Plate To Help The Community

In another take-off from where Dr. Jody Sanford stopped last week when he was doing such a splendid job from the pulpit of Greater Saint Luke Baptist Church talking about total "black people involvement." This week, this editor would like to take that involvement to all the black churches of Lubbock.

It's time for all black preachers, pastors and ministers to start coming from the pulpit strong each Sunday morning about the idea of working together toward the human development aspect.

We've seen our churches raise money each week toward their building funds, their anniversaries and various other things. Each of these ideas is commendable, but now it's time to pass the plate each Sunday morning for the idea of paying for something which will benefit the black community and its citizens.

It would be a swell thing if all the churches started in on the idea of making sure that the Opportunities Industrialization Center (OIC) concept, which is gradually moving in our community, got a real big push. Beating the bush for OIC, while you're shaking the money tree for your other projects, might be the very little push necessary to start a really big thing going.

This editor has talked with Reverend A.L. Davis, who is working hard on the OIC idea here, about the prospects of every black church in Lubbock passing the church collection plate each Sunday morning until they have each raised \$100 for the OIC cause.

This way at least, it would start something big toward the money raising aspect for the benefit, and help in the development of our black citizens.

Our black churches can reach any goal it sets in a money raising project, whether it be for an anniversary or what have you. Now it's time to continue that trend in another direction—helping an idea that was established to develop our black citizens.

Why not start today, using an "act as if" principal. It never hurts to pretend to be able to do something without being a phony. If we set a goal; ministers, preachers and reverends, and back it up

each week with a plan—and believe it can work—we all can "act as if" without a guilty conscience.

Why not start Sunday morning, passing the church collection plate for the OIC cause? It's one goal which will pay great dividends in human development. From this, without any doubt, our congregations will continue to grow. If you look hard enough and continue to believe, we'll do a terrific job in the developing of our black community. No one person can do this thing alone, and no one person should be expected to do it alone, it'll take all of us.

Let's get this thing further down the road this Sunday by passing the church collection plate for the OIC cause. Oh, by the way, what a lovely sermon you can deliver prior to collection time.

Right On!!!

Dear Editor:

After hearing Dr. Sanford address at St. Luke's Church I am convinced the only way out of the situation we are in now and have been in so long, (some 350 years) is by the only means available, which is economics.

We have made great strides forward but capitalism is based on money. No longer can we pray and say give us our "daily bread". We must get out and earn out daily upkeep. No longer can we ask for downtown to support our efforts when we don't support them ourselves.

We are spending upward of 10 million dollars a year in Lubbock alone. Where is it going? In East Lubbock? I say No!; downtown is more realistic.

I am more convinced than ever the system (government) can work as it is established, but, we (us black people) must become a part of the system, by putting our pennies, nickels, dimes, quarters and dollars together.

We are so quick to claim, "I don't have no money." Well I say brothers and sisters; look at the clothes you have on your back. Where did they come from? The shoes you have on your feet, the lipstick you are wearing, the Afro you have to have fixed, the haircut you got, did you get it free? How about the \$2.00 can of hair spray? Or the \$12.00 to \$20.00 wig you're wearing? No, I say we have more money thrown away buying so called necessities than we realize. If you took all the money we spent buying junk, soda pops, candy, etc. there is an additional million dollars we could buy our own soda pop factory with.

It really hurts me to see a \$25,000,000 shopping center going up in SW Lubbock, and not even a \$600 shack going up in East Lubbock.

We, black people, make almost everything we buy. Don't we? If we can make it well enough for Mr. Joe Blows manufacturing Co., then can't that same we, get our own tools and make the same item in a community coop?

When this happens, if it ever happens, then and only then can we pick up the phone and call city hall and demand adequate services, (ie, garbage pickups, dead animal pickups) and stop trucks from driving through our neighborhood dropping debris and junk on our streets.

We all must get behind an effort such as Rev. Davis' and support it with money, manpower and time or we will be the same old begging bunch of niggers, we are now and was, (at least since my time) in another 350 years. The time is now to do something for ourself and stop looking for pennies from heaven.

I believe in God as much as any man. I don't believe we can stay on our knees, and miracles are going to happen. So let's open our eyes. "No man is so blind, as those who will not see." Paul Peterson

my views

by Eddie P. Richardson

We Must Decide to Work Together!

I would like to take a pot-shot at all blacks who have made it and then refuse to help or even remember those still struggling. How quickly most forget where they come from and what they "usta" do or be.

How can they forget so fast? They run from, deny, and make little of everything they once were!

I cannot fail to recognize the fact that those who have made it to the top deserve to enjoy their fame and fortune. Their's was no easy path to the top.

True, they were blessed with talent and skills and in some cases breaks, yes breaks, most of the rest of us don't have. But is that any reason to penalize the ones left behind?

On the other hand, the attainment of a goal does not give them any right to forget who they are or where they came from—nor should they be allowed the right to forget the ones they left behind in their climb to the top. After all, many of those who reached the top had to climb over and stomp down some they left behind. My gripe is this, "once we make it—we try to keep our former associates from making it too."

I don't expect a brother or sister who had to

scrap and scrape to make it to worry about some sorry brother or sister who sits around and gripes or groans about what whites or the honkey deprived them of. Most of those black people are to sorry to accept success, fame and fortune if you melted it and poured it on them.

Although I don't expect anyone to go much out of their way to help the sorry who can't or won't be helped, I still get turned off with the successful brother and sister who refuse to aid and encourage those of us who are sincerely trying to make it but lack motivation, know how, or the self-confidence it takes to succeed.

If black people are going to survive we must get ourselves together and help ourselves—nobody is going to give us free—that just ain't human nature.

Together—bridging the gaps of "we", "they," class hangups, and all other forms of not doing your part to help—must be accomplished in only one context, our common birth factor, black regardless of where you started or where you are.

Mr. big shot, show case nigger that has made it and all he can think about is on the other side of town, along with your actions and attitudes—before you get too carried away on "I'm not like the rest of them." Remember, one thing you are—in most cases—being used to help oppress your own and in the end the "Man", after he picks your brain and fills his "black quota" may still feel that you are just another nigger. Always keep that in the back of your mind as you continue to forget the people you left behind and are now standing where you are.

Police Beat

Rape of 14-year-old

A 14-year-old girl and her parents told the Lubbock Police Department that a 15 or 16-year-old boy took her into the bedroom of an unknown apartment address and raped her.

The girl also told police that a man, between the ages of 20 and 25, was in the partment at the time of the incident. She went on to add that another girl was in the apartment also, and that the second girl was held by the man while her young friend was being assaulted by the boy.

Aggravated Assault

Tommy Brown, who resides on Teak Avenue, reported to the Lubbock Police Department that five or six white men, driving a white 1967 Buick, assaulted him.

According to a police report, he was beaten severely about the head and on the stomach.

He told police he was unable to give them a definite location as to where he was when they beat him.

Brown was taken to St. Mary's Hospital by Aid Ambulance.

Burglary

Sylvester Robinson, 1502 East 2nd Street, reported to the Lubbock Police Department that he and his wife left home one night last week and when they returned they found that someone had broken into their residence.

Entry was apparently gained by cutting off the south window screen. The house was completely ransacked.

Taken from the house was a portable radio, television set, a set of cuff links, and tie clasp, two boxes of jewelry—and to top off this haul—a four quart bowl of banana pudding.

Theft Over \$5.00

Frankie Jackson, of 1016 East 28th Street, reported to the Lubbock Police Department that someone removed her purse from where she had it hid, and took \$20.00 from the wallet.

According to Frankie, she had placed the purse in the closet on the top shelf and closed the door. She left for approximately 15 minutes and discovered the closet door open and the purse lying on the floor when she returned.

Destruction of Property

Jack Gailey, owner of Triway Grocer at East 34th and Railroad Avenue, was contacted by police in regard to a broken plate glass

window at his store. It was determined that a large rock had been used to break the glass.

There were no signs of entry into the building. According to Mr. Gailey, the window pane would cost \$90.00 to replace.

Around the hub city

Mr. and Mrs. Jimmie Walker and family attended graduation ceremonies for their daughter and sister, Jimmie Theresa, who received her bachelor of arts degree from West Texas State University last Sunday at Amarillo, Texas. Mrs. M.E. Connley of Kansas, a sister of Mrs. Walker, also attended the ceremonies.

Among those who visited out of the city with their mothers and other relatives on Mother's Day were:

Mr. and Mrs. George Smothers, Mrs. Nellie Truesdale, Mrs. Joan Fisher and sons, Mr. and Mrs. Bobby Brandon and children—all going to Waco and Lott, Texas.

A family dinner was held at Lott in the home of the eldest

daughter of Mrs. Effie Roberts, mother of Mesdames J. Smothers and N. Truesdale.

Mr. N.P. Holmes visited his sisters and their families in Lott and later joined the Roberts family for dinner.

Miss Dethara Lewis and Mrs. Willie M. Cox drove to Waco for a special visit with their mother, Mrs. Ada Lewis, and other family members.

Mr. and Mrs. Joe Davenport motored to Breckenridge, Texas, and on to Meridian, where they spent the day with their mothers.

Mrs. Lottie Thornton returned Sunday evening from San Angelo, Texas, where she spent the weekend with her daughter, Mrs. Bertha M. Miles and family and her sister Mrs. Starks.

She worshipped at St. Paul A.M.E. Church where pastor C.C.

Kelly delivered the Mother's Day sermon. The trip to San Angelo was one of Mrs. Thornton's Mother's Day gifts. She had an enjoyable day.

Mrs. Bessie M. Jamerson left Sunday morning for Denver, Colorado to continue recuperation at the home of her daughter, Mrs. Willie May Chandler, who has been here at her bedside. She accompanied Mrs. Jamerson by flight.

 TEXAS PRESS ASSOCIATION

Austin, Texas—Texas lawmakers wrapped up their toughest job, that of writing a record \$873.3 million tax bill, thus hopefully clearing the way for adjournment of their session by the May 31 deadline.

Top legislators said they feel that with the tax issue out of the way (assuming Gov. Preston Smith signs the bill), they can complete congressional and legislative redistricting and other "must" duties this month.

Few legislators claimed to be entirely satisfied with the hugh tax bill, but the House voted 100-46 to concur in Senate amendments, bowing to the argument that a conference committee would only delay the inevitable.

Tremendous sentiment for lawmakers to wind up the bitter, complex session and get home as quickly as possible was apparent in the House vote.

Here are key provisions of the tax bill which will become effective July 1 if signed by Governor Smith:

- + Sales tax increase from 3.25 to four per cent.
- + Auto sales and rental tax at four per cent.
- + Franchise tax rate increase from \$3.25 to \$4.50 per \$1,000.
- + Cigarette tax raise from 15.5 to 18.5 cents a pack.
- + Gasoline tax raise from five to seven cents a gallon (and diesel fuel increase from 6.5 cents to seven cents a gallon).
- + Beer tax boost from \$4.30 to \$6.00 a barrel.

House Speaker Gus Mutscher, who pushed for concurrence in the Senate changes, indicated an agreement has been reached to roll back the beer tax increase to \$5.00 a barrel in subsequent liquor-by-the-drink legislation which will be voted on later.

Smith Vetoes 10-2 Jury Verdicts—Governor Smith, in his first veto of the current session, rejected a bill to set up comparative negligence in personal injury lawsuits and 10-2 jury verdicts.

In a strongly-worded veto message, Smith claimed the bill would throw the judicial system "into utter chaos" and substantially increase auto insurance premiums.

Little chance was seen for overriding the veto.

Governors Blast Nixon on Drought—Governors of Texas, New Mexico and Oklahoma in statements here blasted the Nixon administration for failure to provide complete aid to their drought-stricken areas.

Governors said they will ask their congressmen to press harder for disaster relief.

Meanwhile, Texas House members on the drought committee visited Washington officials and found "some hope" of low-interest federal loans. Committee reports that farmers and ranchers are not adequately informed on the types of loans available to them and asked for special meetings with the Farmers Home Administration to explain aid which can be provided.

Panhandle legislator, Rep. Dean Cobb of Duman, introduced a bill to allow the governor to declare a county a disaster area due to "serious deficiency in normal rainfall and chronic lack of storage water." Local agencies would be authorized under the proposed emergency act to re-value property for tax purposes on designation of the area as a disaster zone.

Courts Speak—U.S. Supreme Court ruling upholding a jury's right to levy the death sentence may mean early execution of many convicted murderers in Texas. There are 43 on death row at the state penitentiary and others in county jails. Most of them are appealing sentences.

State Supreme Court refused a defeated Palestine city council candidate's bid to force his way to election by legal action.

Texas Supreme Court set June 2 for arguments in opposition complaints over granting application for a new savings and loan association in Bay City and a branch office in Hallettsville.

Court of Criminal Appeals upheld an 800-year prison sentence given a Fort Worth man for rape in 1969.

Welfare Increase—When Social Security payments increase next month, most aged, blind and disabled in Texas will also get a slight income boost.

Social Security recipients will get \$4.00 more a month, as will those on Old Age Assistance who have no Social Security benefits.

State Welfare Board has authorized a \$1.00 monthly increase in standards for blind and disabled programs.

Texas Public assistance recipients will not have Social Security increases retroactive to January counted against state grants.

Christian Establishment
2 Corinthians 1:21 tells us that divine grace exerts a uniform influence on the human heart. Similarity is the effect on the hearts of all who believe, although inspired and distinguished by wonderful endowments. Still on the same level with others, saints as to the necessity and influence of grace on the souls. Blessing arise from our being in Christ. His fullness, security and sufficient meritorious sacrifice was for us. The Christian's tree is planted unto Christ. The stone of the structure must have a good foundation. Christ is the foundation. Let's all rest on Him.

For God, who loveth all His works, has left His hope with all. The Christian is the Son and Heir of God. Almighty, let us never forget it and live accordingly.
