 TEXAS PRESS ASSOCIATION

Austin, Tex.—Here's a happy thought to start the New Year! As an auto owner you'll have an easier time than ever before getting your new license tags in 1970. This, thanks to a revised registration system becomes effective in January.

Texas Highway Department, which devised the new system, predicts that registrations will pass the seven million mark.

For the first time, registration renewal applications will be mailed to every vehicle owner in the state. This will be done during the month of January. However, the registration period does not begin until February 1.

Be on the lookout for your application. It will arrive in a slender envelope marked "Important—This is your license plate renewal application." Don't throw it away as junk mail. It's very important!

Your application is a three-part form which should not be torn apart. Instructions are included in the form.

At the start of the registration period, you may take your application and fee to your county tax office—or order by mail.

It no longer will be necessary to present certificates of title or last year's registration receipt when you have the application.

Waiting lines at the tax office or substation should be shorter. All the clerks need to do is take your money, slap a sticker on the application form—showing your registration number and other data—and hand over the 1970 plates.

April 1 is the registration deadline, but mail applications cut off on March 1. Those who want plates sent by mail should send the application form to the county tax collector along with the registration fee (plus \$1 for handling and postage). Be sure your correct address is shown on the renewal form!

This new system is the result of extensive computerization of highway detraction. And even the color scheme is new—light blue on a reflective white background.

Narcotics Checks—Student involvement and elimination of "misinformation" about drugs and drug usage were factors discussed at the organizational meeting of the interim House Narcotics Investigating Committee.

A final decision on the specific areas of investigation by the committee will wait until Committee Chairman Tom Bass of Houston has a chance to meet with the Governor, Lieutenant Governor and Speaker. Each of those three is conducting a study of his own.

Bass said that "Everyone has

 "Happy New Year to You My Friends"

Ah, it won't be long before a New Year will soon be here again, And may it bring more happiness to every woman and man!

Old 69, Ah, it will soon be gone dark days, restless nights, I had them to. But in this year of 70, may all of your dreams come true.

And when the clouds dim your day, and seems that all hope is gone God help you, and I know that he will, he'll give you strength to carry on. Sure there will be days when you won't feel good, yes so many will have to lay down a die, But he's one who does everything right, so we dare not ask him why!

May this year be a glorious one to you until the end.

Good luck, best of health, and God bless you.

Is my sincere prayer for each of you where ever you are my friend.

his ideas about drugs, but very few people know, establish contacts with students in their areas.

"If nothing else," said Bass, "I hope this Committee will separate fact from fiction, and will deal with the intelligence and intellect rather than emotion, and will come up with recommendations on the basis of reasoned research rather than popular politics."

**Make A Good Resolution**

It would make good sense for us to make a good New Year's resolution this week. Would you mind if this column would suggest that we all make one which will benefit our young people. For example, let's be more a parent to them this year and be really concerned about what they are doing and why.

This is a new decade. Let's make a good start by being more concerned about the welfare of our young people. In years to come, we're sure they will appreciate it.

**House Fight**

A Lubbock woman called police in regard to her husband who had apparently jumped on her. She also told police that the husband threatened to pull the telephone off the wall, slapped her around, and threw the record player on her.

The pair was living with the lady's mother who asked the hus-

band to leave if he was going to carry on with this type of activity. The mother-in-law reported to police that the man had not been taking care of his children. The husband did pack his bags and leave the house. To cap off the distance, he was picked up by police for being intoxicated.

**Vandalism**

Jack Gailey, owner of Triway Grocery Store at 3401 Railroad Avenue, reported to the Lubbock Police Department that someone apparently threw a rock into the front door window. A rock was found lying in front of the door while another was found inside near a meat case.

There approximately \$205 worth of damage to the building.

**CHURCH NEWS**

**Rising Star Missionary Baptist Church**

Sunday School opened at 9:45 a.m. with Supt. Morris at his post and the teachers took charge of their various classes. After class work the General Assembly took place in the church sanctuary, and reports were made by each class secretary. The Sunday school lesson was reviewed by Supt. Morris. Sunday school was well attended.

The 11:00 a.m. service opened with the deacons in charge of devotion. The message for the morning was brought by our pastor, Rev. R. J. Dixon entitled, "Putting Christ back into Christmas". The pastor made it plain that one does not have to look too far to realize that Christ has been taken out of Christmas. His text was taken from St. Matt. 2:11 according to the Gospel.

B.T.U. convenes each Sunday afternoon with Brother Calvin Edward in charge.

In the regular Sunday service, a short Christmas program was sponsored by the choir and the youth department of the church. Also the annual Christmas tree for the church family was carried out in conjunction with the exchange of gifts by the members of the church. It was well attended and enjoyed by all.

The Rising Star Church served as host for the Federation of Choirs. There was good singing and it was well attended.

The regular Saturday dinner and back sale will begin again on Jan. 10th, 1970. So all who have been buying please remember the above date.

**Pleasant Home Baptist Church**

Each committee leader, captains and workers did a beautiful job from the beginning to end, according to Johnson.

**"Parties to Election"**

by Waydell Nixon  
From the foregoing it is obvious that there is more than one party to election. Peter thus expresses it "... to the ... according to the fore knowledge of God, in sanctification of the Spirit, unto obedience and sprinkling of the blood of Jesus Christ". 1 Peter 1: 1-2.

Election is of God. By infinite wisdom he decided who should be elected and how. Election is of Christ. He became the sin offering, providing his blood that men might become sons of God.

Election is of the Spirit. The Spirit has revealed the grand plan—the gospel story than men may believe and obey.

Election is of man. He determines by his obedience that he is elected to salvation.

Thank God, man has a part in election. He can know assuredly whether he is one of God's elect. He will never join in singing the doleful song which includes this staza, "It is a point I long to know, Of't it has caused anxious thought: Do I love the Lord or not? Am I His or am I not?"
