SPORTS BRIEFS

by James Roy Lewis

Texas Southern University of Houston set 5 new records in Texas relays at Austin Saturday, April 7, in the 35 year history of the Texas meet.

T.S.U. is an all Negro school from Houston and they not only broke records in Austin at the University of Texas, but in Laredo meet and at Huston-Tillotson meet a couple of weeks ago. They seem to just pick up from where they left off last year.

The whole wide world mourns the death of Kid

Paret, the young boxer from Cuba who was beaten so badly in the fight with Emile Griffin two weeks ago. Something should be done or a fighter should be examined just before going into the ring and the fight should be stopped if a fighter is not trying to protect himself. There is also another fighter in serious condition, Tunney Hunsaker, heavy weight. It seems as if he is in the same condition as Benny (Kid) Paret was.

Undoubtedly the Boston Celtics are the best team and have the best basketball players as a team and a bench for reserve. Bob Cousy of the Celtics has given his okay to Coach at Boston College next year and you can bet they will have a good one.

Baseball started Mon-

day in the American League and all the other teams and league got started April 10, and the New York Mets, with Casey Stengel, are going to surprise a lot of people. If they get pretty good pitching, that will be all he will need because his infield and outfield is all set.

The Houston Colt 45s is another team and the first major league team in Texas will be farther up in the league standing than the sports writers will have them. They have some good players and good pitching.

CP Meet

The National Association for the advancement of Colored People held a mass meeting Sunday afternoon, April 8, at New Hope Baptist Church. The purpose was stated by Rev. M. T. Reed, pastor, Mt. Vernon Methodist Church, C. E. Hubbard, pastor of Rising Star Baptist Church, gave the invocation. Dr. J. A. Chatman gave the welcome. M. T. Reed presented the speaker, Mr. Clarence A. Laws, regional secretary of the NAACP, who spoke on the subject "The Negro and the Freedom Fund." Music was furnished by the local choirs. Rev. R. S. Stanley gave the benediction.

D. L. Jones Pledges Fight Against Taxes

Jones is a native of Lubbock County, born and reared on a farm between Lubbock and Slaton. He has operated his own farming interest for 16 years in Lubbock County. Besides this experience in the farming, he is a graduate of the Texas Tech Accounting Department, and has experience in the field of public accounting.

He is a veteran of World War II and has been an active civic, Church, and community worker. He has worked actively with Methodist Youth work,

Easter Celebrated Late

Ostara, or Eastre, was the goddess of spring in the religion of the ancient Anglos and Saxons. Every April a festival was celebrated in her honor. With the beginning of Christianity, the old gods were put aside. From then on the festival was celebrated in honor of the resurrection of Christ but was still known as Easter after the old goddess.

Easter does not fall on the same date each year but is determined by certain calendar rules. Jesus Christ was crucified on the day marking the feast of the Jewish Passover and His resurrection occurred on the third day after his death. Early Christians attempted to celebrate Easter every year on the actual anniversary of this date. The Jewish Calendar couldn't be made to agree with the later Roman calendar. As a result, the Christians finally determined, at the

Farm Bureau, Lubbock Agriculture Club, High Plains Water District, Plains Cotton Growers, National Cotton Council, Irrigation Gas Users, Cotton Producers Institute, American Business Club, and in areas that deal with work for mentally retarded children of this area.

Jones listed his basic (Continued on Page 6)

Council at Nicaea in A.D. 325, to fix Easter Day as the first Sunday after the full moon that comes either on or next after March 21st—the vernal equinox. If the full moon falls on Sunday, Easter is celebrated the following Sunday. The date of the full moon which decides Easter is figured according to certain calendar rules and may differ slightly from the actual or astronomical date of the full moon. This method of reckoning the date for Easter was finally accepted by all Christians of western Europe, and is still followed by them.

To the early Christians Easter was the greatest festival of the church year. On Easter Sunday the new converts were baptized and during the following week wore white robes as a sign of their purity.

The Friday before Easter, Good Friday, marks the Anniversary of the Crucifixion and it is observed with great solemnity of all Christian countries. The 40 days of fasting called Lent, end at noon the following day which is Holy Saturday.

Palm Sunday, the Sunday before Easter, is so named because of the custom, still observed in the Roman Catholic Church, of blessing palm branches and carrying them in procession to commemorate Christ's triumphal entry into Jerusalem. Palm Sun-

Snyder, Texas, Lincoln School held its annual interscholastic league elimination program in the cafetorium April 12, at 1:00 P.M.. Winners from the program represented Lincoln at the District 2 B Literary Events in Crane, Texas, April 14, 1962.

Winners and their categories were as follows: Story Telling, Norman Davis; Junior Declaiming, Curtis Clay; Senior Declaiming, Ramond Johnson; day is the first day of Holy Week.

The giving of eggs on Easter is a very old custom. Not only are eggs a symbol of new life, but after the long fast of Lent the early Christians rejoiced to see eggs again.

Many other symbols and customs have come to be associated with Easter. The Easter rabbit is symbolic of abundant life because rabbits bear so many young.

The Easter Parade on 5th Avenue in New York City may have had its origin in an old English belief that wearing a new outfit on Easter meant good luck.

Female Soloist, Barbara Durst; Male Soloist, Cornelius Davis.

The mixed octet sang "Evening Song" and "Let There Be Music". Members of the octet are: Barbara Durst, Pearl Scott, Virginia Jackson, Mary Goo-sby, Cornelius Davis, York Gibson, Paul Barnes, and Sylvester McKnight.

Judges for the program were: Robert G. Womack, principal of North Elementary School, William A. Holt, Jr., speech therapist

"I believe in the rights of the individual. I favor economy in state government, therefore I shall oppose any new taxes or increases in existing taxes. Our natural growth will continue to increase revenues in proportion to our needs. If we continue to increase taxes, we shall create an unhealthy tax climate for business and bring a halt to the migration of new business to Texas."

Dunbar News...

Enthusiasm is high at Dunbar as the students make ready to elect student body officers for the 1962-63 school year. April 10, 11, and 12 candidates were endorsed by states (homerooms). The offices to be filled are president, vice president, secretary, treasurer, parliamentarian, and head cheerleader. The voting date and the polling place will be announced later.

The Dunbar track team worked out on its own cinder track and was ready for the District 1-AA meet in Amrillo April 14.

In observance of National Library Week, the Dunbar Library Club suggested a list of books for students to read. The borrower who checks out the "lucky" book from the list will be awarded a prize.

"I shall continue to work to correct the sales tax. It is now an expensive, impractical 'bureau builder'. We all know that 'bureaus never fade away they just grow bigger day by day'."

"I believe that the power to govern is a sacred trust and that every effort should be made to keep governing authority as close to home as possible. I am and always shall be opposed to any efforts aimed at more centralization of government at the state or national level. I think the people at home know what is best for themselves and their community."

"One specific issue that I am interested in is the present 'merit auto insurance program'. If I am elected, I shall make every effort to see that the unfair and unrealistic traffic violations section of this program are abolished. Insurance was designed to protect the buyer against material loss and should never be used as an enforcement instrument

in traffic violations. They should be handled by the courts."

"This campaign is not being financed by any wealthy group or individual. It is being supported by small donations (usually less than \$10.00) and by my own funds. If I am elected, I shall represent only two groups-- Lubbock County and Texas as a whole.

Jones is 38 years old, married, and has two children, Lanny, who is 11, and Melodie, who is 9.
