Just to be on the safe side, I went prepared Tuesday night with my trusty old bathing suit rolled loosely in a towel right by my warm side, so just in case Tuesday night's attendance at the Lions installation was like the birthday-swimming party for teenagers the night before... I'd try to have time to slip into my swim suit before being thrown into the pool...

However, the local Lions and Lionesses, having their full growth, were quite unlike the playful Cubs the night before, and I came home dry.

Monday night, however, no one left the pool dry... We stood 1 1/2 hours beside the pool in dripping wet clothing and kinky wet hair, may I add, waiting to play hostess to that lovely group of playful youths, and serve cake, ice cream, and Cokes following being thrown into the pool fully clothed by the playful gals who dragged this tired old body from its retreat. Behind the concession counter where I had gone to prevent the ordeal and to beg for mercy.

A full description of the birthday party can not be had, but all those who innocently, accidentally dropped by, got dropped into the pool fully dressed or otherwise.

Mr. Brock, manager of the pool, and Sandy Sanders, life guard, were no exceptions to the rule. Brock was thrown in fully dressed. However, one thing for sure, we found there were lots of good WET spots in and around Earth 111

NOSIN

We need unity in the community in order to succeed in any event we undertake. Somehow, we seem to be falling short of this, with each one pulling in their own separate direction instead of applying the give and take rule and working side by side.

The mayor has proclaimed next week as western week, and has urged that businessmen and merchants, along with their personnel, dress in Western or old fashioned attire to aid in creating a rightful setting for the biggest little rodeo on Earth.

A trophy will be given to a man for the most effective western outfit worn and the most ideal or old fashioned attire worn by women. Shall we all join in the fun... Or will we, like in the past, fail to cooperate since it wasn't our idea to begin with?? Which will it be????

Clipped this from an exchange paper. Seems there is always some kind of fad going around. This one is a sample from the olden day fads, who claims things are getting worse all the time???

If a fiddle is wood, is a trombone?
If a beef steak is tough, is a bartender?
If a rose fades, will a shirt-waist?
If the moon has a baby, will the sky rocket?
If a boat should sink, would a safety razor?
If a cat lands on his feet, how does an electric light?
If the broom sweeps, will the saw dust?
If the head swims, does the sidewalk?
If the heart beats, does the eyelash?
If an engine runs, will a cowcatcher?

Fred Clayton Installed As Lion Boss of Local Club

New officers for the Earth Lions Club were installed in an impressive ceremony at the pool side Tuesday night at the City Pool.

Prior to the installation, a buffet dinner was served to Lions, their wives, and guests attending.

The Possibilities entertained the group with music during the dinner hour.

Jarvis Angeley, master of ceremonies for the event, presented a tie clasp to treasurer Neil Pounds for his full devotion to the job.

Program chairman, Norman Hinchliffe, was not present for the awards dinner, but was named to receive an appreciation award for the many good programs he had brought to the club during the past year.

An achievement award was presented to Phil Raught for his outstanding cooperation and devotion to duties of the Lions Club and Boy Scouts.

Becky Rylant, Lion pianist, was presented a silver bow pin for her help in the club and her attendance during the past year.

Roger Haberer was presented with the past president's award, and he and his wife, Joy, were recognized for many efforts toward making this year a success in all the Lions Club endeavors.

Roger Haberer took the speaker's position and presented loyal Jarvis Angeley with the past secretary's award.

Those receiving perfect attendance awards were Roger Haberer, M. E. Kelley, George Laing, Bill Mann, Ross Middleton, Edwin O'Hair, Neil Pounds, Phil Raught, Jack Rylant, Leroy Wilkerson, M. H. "Dutch" Been, Melvin Bock, Rex Clayton, and Jarvis Angeley.

Bill Mann introduced the guest speaker and installing officer, Lamar Kelley, Superintendent of Amherst School. Lamar took the speaker stand and told the group they would either move forward or go backward during the forthcoming year. "There is no such thing as standing still," he said. "This group of incoming officers has a great task before them to live up to the past records of past officers."

He installed the following officers: president, Fred Clayton; vice president, Norman Hinchliffe; second vice president, L. K. Anderson; third vice president, M. H. "Dutch" Been; treasurer, Neil Pounds; secretary, Jarvis Angeley; Lion tamer, Roger Haberer; tall twister, M. B. Baldwin; and directors, Jack Rylant, Bob Belew, and Ross Middleton.

President Fred Clayton, expressed his appreciation for the honor of leading the local club through the forthcoming year. He told the club he was new at the job, but with their help he would learn, and they could depend on him to always do his best.

Among those present for the installation service were Mr. and Mrs. Lamar Kelley, Mr. and Mrs. Fred Clayton, Mr. and Mrs. Norman Sulser and children, Mr. and Mrs. Bob Belew, Mr. and Mrs. Bill Mann, Mr. and Mrs. Ross Middleton, Mr. and Mrs. Melvin Bock, Mr. and Mrs. Roger Haberer, Mr. and Mrs. M. H. Been, Jerry and Milissa, Mr. and Mrs. Ross Brock and children, Mr. and Mrs. Jarvis Angeley and Jodie, Mr. and Mrs. L. K. Anderson, Mr. and Mrs. Phil Raught and children, Mr. and Mrs. Jack Rylant and Becky, and Neil Pounds.

Lionesses present received favors of key chains with combination flash light attachments.

News-Sun Pictures Place Second in Contest

The Earth News-Sun was selected as a second place certificate of award winner during the State Press Association last weekend in El Paso.

The award was made for outstanding news pictures appearing in the News-Sun during the past year.

Bob Hamilton, publisher of the Kress News, accepted the award in the absence of Publisher Ross Middleton of the News-Sun.

LIONS RECEIVE SPECIAL AWARDS during the installation banquet Tuesday night at the city pool. Pictured left to right are Neil Pounds, Roger Haberer, Lion Boss, Fred Clayton, Jarvis Angeley, and Phil Raught. Norman Hinchliffe was named for an appreciation award, but was not present for the presentation.

Several Local Businesses To Be Closed July 4th

Local Baptists To Attend Camp July 5-7

Several young people from the Earth First Baptist Church are planning to attend the youth camp for all Glasscock Plains Area and Lubbock Area youths on July 5-7.

Camp Director will be Calvin Partain. Frank Pollard will serve as camp pastor.

Broadman Ware will lead the group in the music program. "Growing Up Physically" is the title of an address to be given by John Schwenson. James McGinlay will present a message, "Right or Wrong - A Study of Social Problems Facing the Christian Youth."

Along with worship services and Bible Study, swimming, picnicking, ping pong, volleyball, softball, croquet, and camping out will be enjoyed.

Mr. and Mrs. Earl Wallace of Amarillo visited over the weekend in the home of Mr. and Mrs. J. A. Littleton, Sr.

Several of the local businesses in Earth will be closed on Monday, July 4.

Among those being closed for the holiday are Bitner Tire and Supply, Brown and Jordan Equipment Co., Citizen State Bank, City Shoe Shop, Dent Farm Supply, Earth Cleaners, Earth Locker, ESS Co., Higginbotham Bartlett, Earth Auto Sales, Layman Brothers Butane, Patterson Bros. Grocery, Piggly Wiggly, Pioneer Natural Gas Company, Quicksall Pryor, Rutherford & Co., Wayne Rutherford 66 Service Station, Sanders Lumber Co., Southwestern Public Service Co., Taylor Furniture Co., and White's Auto Store.

Some businessmen were undecided as to whether they would be closed or remain open for the 4th.

PLEASE

FELLOWS!

We would sincerely appreciate it if coaches of all Earth teams would turn in information of each game played, or at least the standing of their teams.

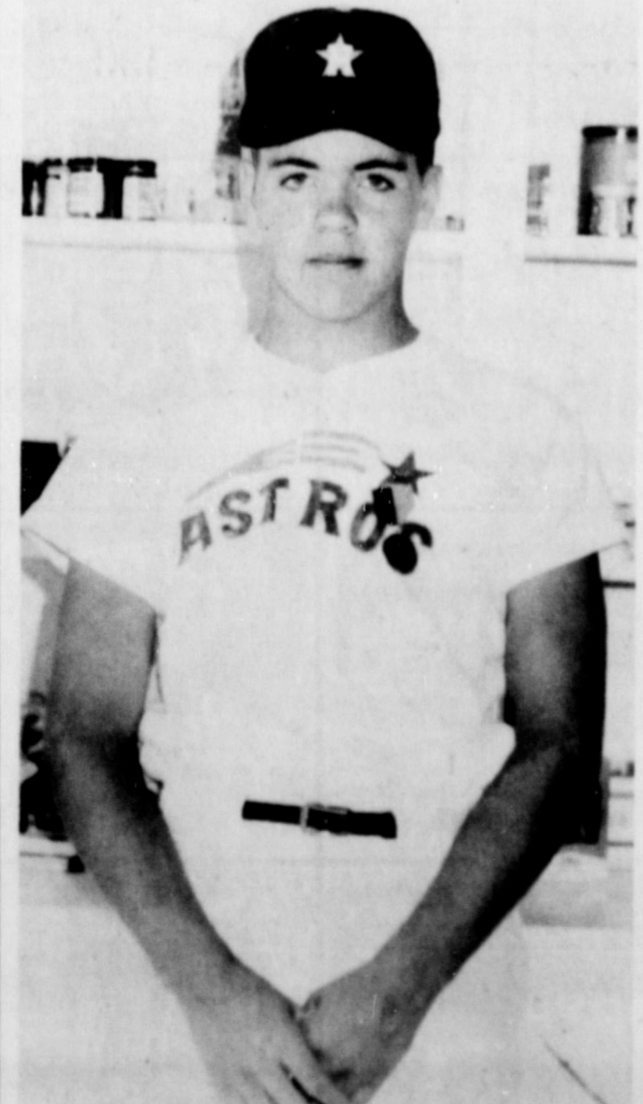

Two Orders Passed By Commissioners

The Lamb County Commissioners' court passed two orders in a special meeting Tuesday.

The court granted a request to Bailey County Electric Cooperative to move lines along the new highway FM 2901 in Lamb County, extending from FM 1055 two miles north of Earth east to U. S. 385, and north from FM 2901 to Springlake Cemetery.

The court agreed to pay the company \$7,077.68, the cost of moving the lines. In a second order, the court initiated a contract between Lamb County and El Paso Natural Gas Co., for the gas company to lower its existing gas line which will be under the new FM 2901 in the county. El Paso Natural estimated cost of adjusting the line at \$5,879.25 and the contract calls for the gas company to complete the project and turn in an exact cost estimate.

Glasscock Wins Medal in Astros Baseball Contest

EARTH'S YOUNG MR. BASEBALL, Hoyt Glasscock is pictured wearing the medal he won last weekend in a baseball contest in the Astrodome at Houston, where he won first place in base running...

Hoyt Glasscock, 12, son of Mr. and Mrs. Lynn Glasscock, was named first place winner in a baseball contest recently in Lubbock, and was flown with his family to Houston, over the weekend, where he competed with 64 contestants in the Astrodome, and won first place.

In the Lubbock competition, Brian Britton, son of Mr. and Mrs. Harold Britton also competed, but was wadded out in the tough competition.

To enter the contest, the two local boys sent in an entry blank from KFYO Radio Station, clipped from the Lubbock paper.

All radio stations and T. V. stations which cover the Astro games, along with the Astro baseball club, sponsor this contest. This includes a four state area, including Louisiana, Texas, New Mexico, and Arkansas.

Each winner in the Lubbock competition received an all expense trip for himself and his parents. They were flown to Houston by TTA and stayed in the Shamrock-Hilton Hotel. The contest was held Friday before one of the Astro-St. Louis Cardinal games in the Astrodome.

Winners were chosen in three separate contests. These three were No. 1 Speed on a Little League Baseball, No. 2 Accuracy in throwing, and No. 3 distance throwing.

Hoyt won first in the Baseball contest. A baseball clinic was held for the 64 contestants by Nellie Fox, Jim Busby, Grady Hatton, coaches for the Astros. To climax the exciting weekend, a presentation of medals and trophies presented was made by the president of the Coca-Cola Bottling Company.

Mayor Proclaims Western Week July 4-9 To Promote Earth Rodeo

The City of Earth is planning to take part in promoting the big annual Earth rodeo July 7-9 by dressing in old fashioned attire and western wear during the entire week of the rodeo.

Mayor E. C. Kelley has signed a proclamation declaring July 4-9 as western week in Earth.

The Earth Roping Club will present awards during the final performance of the rodeo on July 9, to the most authentic western dressed man and woman.

Earth merchants and businessmen are expected to cooperate with the western week fad and have their personnel to dress in western wear or old fashioned attire during rodeo week.

A downtown parade will kick-off activities for the big rodeo the afternoon of July 7.

The Chamber of Commerce will present trophies to the three top riding clubs in the parade, as well as trophies to the first, second and third place winners in the float competition.

Performances will begin nightly at 8 p. m. with a full program of top notch cowboys and high spirited animals to give spectators the best in rodeo entertainment.

Glen Green of Amarillo, one of the outstanding rodeo producers in the country, will be in charge of the rodeo events. One of the main events during the rodeo will feature Clint Harlow of Llano, Texas, who will present a special "Sheep Dog Act."

Among the rodeo events to be offered are bareback riding, saddle bronc riding, barrel racing, bull dogging, and bull riding.

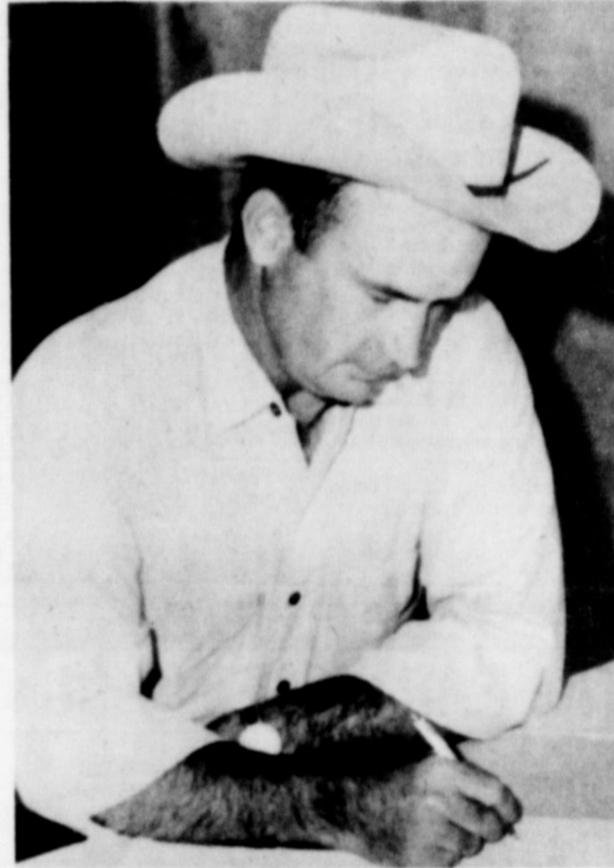

A Junior boys' roping event has been added to this year's Rodeo Program for the participation of 16 year old youths and under.

Trophy buckles will be awarded for first place winners in each event.

The rodeo queen will be announced and crowned following the last event of the rodeo on Saturday night.

A pancake supper, sponsored by the local Lions Club, will be held in the Earth Community building Thursday afternoon following the parade. A \$1 ticket will allow adults to take all the bacon, sausage, ham, and pancakes they can eat.

The three performances of the big Earth Rodeo promises to be a thrill. Don't miss the EARTH RODEO!!!

MAYOR E. C. KELLEY signs the official proclamation declaring July 4-9 as Western Week in Earth.

City Dads To Ask For Health Hazard Survey Of Earth

PROCLAMATION!

WHEREAS it has been brought to my attention that the annual Earth Amateur Rodeo is July 7, 8, and 9, 1966

THEREFORE being one of the outstanding amateur rodeos in the country

I, THEREFORE proclaim the week of July 4 through July 9, 1966, as Western Week.

AND urge each and every citizen of Earth to dress Western or in old fashioned attire during the week of July 4 through 9.

Signed: E. C. KELLEY
Mayor of The City of Earth

BULLETIN

The County Health officer surveyed the city of Earth Tuesday afternoon and found many vacant lots growing tall weeds causing a breeding place for mosquitoes. Also he found trash heaps in and around homes and in vacant lots, likewise creating a health hazard to citizens of the town.

He suggested letters be mailed to those property owners informing them of the need to clean up this property.

If some failed to cooperate, the County Attorney would then issue a request for prompt correction of this situation.

City Dads met Monday night in a regular session and agreed to ask the County Health Officer to make a survey of Earth for the purpose of discovering health hazards and mosquito breeding places within the city.

Following a report from the Health Doctor of trash heaps and weeds on vacant lots within the city, property owners will be given notice to correct this situation.

To further prevent health hazards within the city, the group voted to enforce the old city ordinance calling for the elimination of outdoor toilets within the city limits. This ordinance, they agreed, must be enforced as flies and mosquitos are increasing and creating a winless battle against these pests.

Other items of business discussed included extension and improvements to the water and sewer system, baseball field in the city park, delinquent paving liens in Hite Park Addition. No action was taken on these items, and they were tabled until a future meeting.

Those present at the meeting were Mayor E. C. Kelley, Aldermen, Eldon Parish, Donald Runyon, Dud Chesney, Neil Pounds, and Richard Stockstill. Also present were City Secretary, Mrs. Ruby Anderson and assistant, Mrs. Betty McAlpine, and City Engineer, Ralph Douglas.

Twosome Attend Workshop

Bill Gover and Lonnie Dear returned Wednesday from the three day electrification workshop held in Amarillo last week.

The workshop, sponsored by Pioneer Natural Gas Company, was to teach students more concerning the many uses of electricity.

The approximately 100 boys who attended the workshop from various schools in the area, studied farm motors, farm heating, electricity control, farm wiring, farm lighting, etc.

Tom Fields, the Southwestern Public Service Company Field Manager from Plainview directed the workshop.

Various instructors from different high schools and colleges in this area were guest speakers at the meeting.

Gover and Dear were appointed to attend the workshop by Vocational agriculture instructor, E. G. Gaston.

Equalization Board Evaluates City Property

The Equalization Board met at the City Hall Tuesday night with City Secretary, Mrs. Ruby Anderson, and went over the city tax roll.

The group evaluated city property already on the tax rolls, before going through the new building permits to evaluate new structures and additions.

A public meeting to discuss taxes is scheduled for July 12 at 8 p. m. in the City Hall.

Members of the Equalization board are Perry Martin, Wendell Clayton, and Bob Armstrong.

If we stop reminding ourselves daily that tomorrow will be a better day, it's darkest just before the dawn, there's a pot of gold at the end of each rainbow, and just over the hill is a lovely green valley... If we have forgotten these, we're lost. Hope has vanished, the zeal for living is over, and the future holds little to be desired. But what the heck is wrong with the PRESENT... What happened to our todays that teach us to look forward to tomorrow??? Why can't we enjoy this day alone... as there is no promise for tomorrow???

Mrs. Brockett Returns From Two Week Vacation In Florida

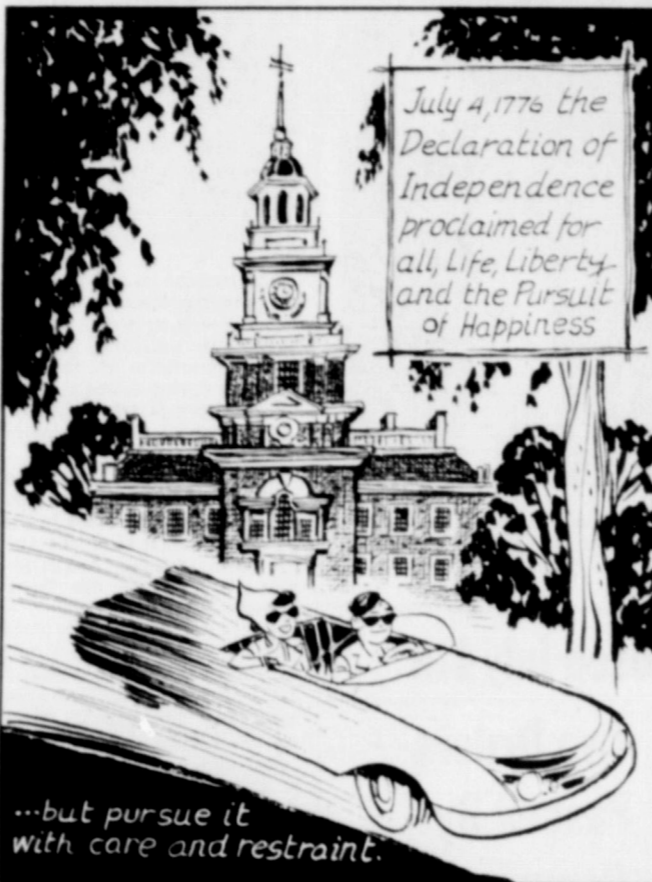

Mrs. B. J. Brockett recently returned from a two week vacation in Florida where she visited her daughter and family, Mr. and Mrs. W. H. McCall.

While in Florida, Mrs. Brockett spent a day in St. Augustine, where she toured Marine Land and lunched on Anastasia Island.

She also attended a musical in Gainesville before returning home.

Earth Catholics Receive Grant To Complete Chapel

The Extension Society in Chicago, Illinois, recently sent a Grant in the amount of \$7,500 to be used in the completion of the Mary Magdalene Catholic Chapel here in Earth. The Extension Society in Chicago aids with the construction of Catholic Chapels in the rural areas of the United States. Rev. Clifton Corcoran expressed appreciation for the generous gift and said they now hope to have the chapel ready for Christmas, 1966. The new chapel is located on Highway 70 in East Earth.

Since UNICEF, the Nobel Peace Prize-winning organization was established in 1946, over 40 million persons, half of them mothers and children, have been cured of yaws, a crippling tropical disease. The cure--a single shot of penicillin, its cost--2 1/2¢ for a child, 5¢ for an adult.

Since its inception in 1946, UNICEF has shipped over 125,000 midwives' kits, more than 3 billion vitamin capsules, and more than 1 billion lbs. of dried milk.

In the last 20 years, over two million leprosy victims have been treated with UNICEF provided sulfones at a cost of 75¢ for the complete, three-year cure.

Government Joins In Study Of Medical Fakes, Swindles

College Station--What factors induce people to fall for medical fakes and swindles? Seven agencies of the federal government are joining in a nationwide study which is an outcome of hearings by the Senate Special Committee on Aging. At the Senate hearings, it was estimated that a billion dollars is wasted each year on misrepresented, unnecessary or worthless health products and services. A large share of this cost is borne by older persons, especially those suffering from chronic and incurable diseases, according to the hearings.

There is general agreement among the sponsoring agencies that this toll might be greatly reduced if more knowledge were available about why people become victims of medical quackery. The study will include various age groups beginning with teenagers, but

it will focus on the elderly. The study will try to determine the influence of such factors as family and educational background, folk medicine customs, and health experiences on consumer attitudes toward health products, services and information. It will examine the extent to which such factors make some individuals prone to accept false and misleading promotions for health products and services, or resistant to sound medical and health information.

Armed with such knowledge, the agencies hope to be able to devise more effective educational and other programs to protect the public. The study will involve over 3,000 personal interviews and will take 18 months to complete. It will be conducted under contract with a non-government research agency to be selected on a competitive basis.

Youths Study About Nature At Methodist Encampment

The Junior High Class of the Earth First Methodist Church returned home Friday from the annual Plainview District encampment at Ceta Canyon. The two main themes emphasized during the encampment were "communication with nature and learning God's plan through nature."

Along with worship services and Bible study, the group enjoyed hikes, nature study, art and crafts, music, swimming,

and various other recreational games. Albert Lindley, pastor of the local Methodist Church, was in charge of the group activities.

Those attending the summer encampment from the local church were Butch Hamilton, Jimmy Littleton, Elroy Wislan, Cathy Lee, Lauren Earnest, Jo Ann Temple, Jennifer Myers, Jan Cleavinger, Roberta Gaston, and Gayland Beck.

New Fabric Finishes Help Control Static Electricity In Clothing

College Station--Newly developed fabric finishes are designed to control static electricity, moths, mildew and water and oil-borne stains, says Mrs. Jane Berry, Texas A&M University Extension housing and home furnishings specialist.

The most economical, effective and durable finishes, says Mrs. Berry, spray-on finishes can be applied at home, but home applications usually are more costly, less thorough and less durable.

Protective finishes increase durability, promote easier maintenance and longer use. They also increase retention of original appearance for upholstery, curtain and drapery fabric, carpeting, rugs, table linens, bedspreads and

many other textile furnishings. Today's furniture manufacturers design and produce furniture in styles, sizes and materials to enhance living patterns for a population that is economically and socially affluent, mobile and increasingly style conscious.

One out of every five families on the average changes its residence annually. These families discover ownership of large, bulky single-purpose items a nuisance. Even though houses today are larger and have more rooms, individual room size has not increased. Massive, over-sized furniture and super-sized bedding undoubtedly is purchased by consumers who do not relate present and future space availability to size of furnishings.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

Under the laws of the land at present an illegitimate child is worth more than other children.

This somewhat whimsical situation was recently highlighted by an editorial appearing in the Union County Leader in New Mexico. The editor pointed out that under the Aid to Dependent Children, the government will pay out more than \$800 per year for the upkeep on an illegitimate child. But for a legitimate child, but for income tax purposes, only \$600 is allowed to a family for each legitimate child.

The New Mexico editor also pointed out that under the Cuban refugee program a minimum of \$1200 per year is paid for each refugee child's upkeep, but if the child is attending school an extra \$1000 per year is allowed.

In addition the editorial states that in the Federal Job Corp. the government spends \$7000 per year per child.

And according to government figures, the VISTA program, "Volunteer in Service in America" spent \$3.1 million in the last fiscal year to turn out only 202 trainees, indicating that in this government agency the cost of training one child runs to more than \$15,000 per year.

Thus, the editor asks "How

in the world do you expect parents to provide all these things plus clothes, recreation, books, medicine... for \$600 per year? With your own figures you admit it can't be done.

This editorial poses some very pertinent questions. The question is magnified when it is realized that the government costs per child cited at actual outlays, while the tax deduction granted for a child in a family is only \$600, which means that cash savings is only the sum arrived at by multiplying the \$600 by the tax rate. For example, the actual cash for a child on a 15% income tax bracket is \$90.

Recently the Congress was again defeated an amendment to the tax revision bill which would have permitted parents to take a small extra exemption for children attending college.

Purportedly, the present aim of the government is to encourage more education. But more education for whom?

For example, as cited by the New Mexico editor, a Cuban refugee child is given an extra \$1900 if attending school, but the American middle class family, which pays largely for Cuban students, gets absolutely no breaks of any kind.

It would almost appear the Great Society has a great aim.

That is to develop the non-demonstrating middle class into an illiterate class while increasing the erudition in the ranks of the pickets and demonstrators.

Saenz-Morris Vows Read Saturday in Lubbock Church

At 10 a. m., Saturday, June 25 in the St. John's Methodist Church in Lubbock Miss Priscilla Saenz of Lubbock became the bride of William Ross Morris, III, of Earth.

Parents of the couple are Rev. and Mrs. N. R. Saenz of 2816 64th Street in Lubbock, and Mr. and Mrs. William R. Morris of Earth.

Rev. Mark B. Williams, pastor of the St. John's Methodist Church read the double ring vows amid a setting of tall brass candelabra, each holding a large white lighted candle flanked by lovely arrangements of white Delphiniums interspersed with greenery and white babies breath.

Organist, Mrs. Dortha Barrett of Lubbock, accompanied Mrs. Kenny Hamilton of Earth as she sang, "The Lord's Prayer."

The Bride given in marriage by her father, was attired in a street length wedding dress of silk and scalloped lace. The sleeveless bodice was designed with a low cut scalloped neckline of silk. Her lace over-jacket featured long sleeves with a tiny ruffle at the wrist for a cuff. The skirt was fitted and featured three wide scalloped lacetiers. She carried a bouquet of white roses tied with long white streamers tied in love knots.

Miss Cathy Nazario of Lubbock, was Maid of Honor. She wore a street length dress of light aqua crepe, designed

with an empire waistline. The sleeveless bodice was fashioned with a low round neckline. She carried a bouquet of tropical roses.

Mike Kensey, Texas City, was best man.

Ron Gaston, Big Springs, and Butch Hooten of Lubbock were ushers.

For her son's wedding, Mrs. Morris chose a light brown lace dress, with beige accessories. She wore a white coronation corsage.

Mrs. Saenz chose a two piece pink silk dress with matching pink accessories. Her corsage was white carnations.

Immediately following the wedding, a reception was held in the Garden Room of the church.

The Bride's table was laid with a white linen Damask cloth and centered with an arrangement of white Delphiniums, intermixed with Baby's breath. The three tiered wedding cake was iced in white and decorated with a cluster of white wedding bells, bordered with silver.

Mrs. Pete Nazario of Lubbock was assisted in serving cake and punch by Diane Hodge and the sister of the Bride.

For a wedding trip to Ruidoso, the Bride wore a two piece suit of white silk and matching accessories. Her corsage was of white roses.

Following the wedding trip, the couple will be at home at 912 Avenue R in Lubbock,

Local Pastor Feted With Get Acquainted Social

A wedding shower and Get Acquainted Social was held following worship services Sunday night in the fellowship hall at the First Baptist Church, to allow local attendance to meet Mr. and Mrs. David Ramos, Ramos is the new pastor for the Baptist Mexican Mission in Earth.

The gift table was centered with an arrangement of white roses and white candles.

Mrs. M. B. Baldwin had charge of the program and directed games to help get acquainted.

Mr. and Mrs. Ramos, originally from Cuba, told a brief life history, including a description of their flee from Cuba in 1962. Her parents also escaped from Cuba with them and are now living in Florida. His father, a Baptist evangelist, is currently in prison in Cuba, for preaching the gospel.

The local couple are attending college at Wayland Baptist College in Plainview.

Refreshments of punch and cookies were served to the 60 guests who attended.

Teenagers Are Now Earning More Money

College Station--The American teenager has become unusually adept at finding paying jobs, says Mrs. Wanda Meyer, home management specialist at Texas A&M University.

The U. S. Labor Department says that one out of two young people between the ages of 16 and 21 are formally employed in the work force.

The number of informal work situations teenagers can find, however, raises this ratio much higher. As an illustration, there are more than a million teenage baby sitters, according to the Department of Health Education and Welfare.

"Project Talent," a nationwide survey of youth's capabilities by the University of Pittsburgh, has made some interesting discoveries.

For example, fewer than one in 10 high school students depends entirely on an allowance for regular spending money. But one in four high school boys earns all his spending money with a regular job.

Many more earn money on a regular basis doing neighborhood and community chores, while most youngsters depend on some combination of the three--family help, chore money and job money--to meet their spending requirements.

Teenagers find a wide variety of jobs to do, ranging from camp counselors and lifeguards to waitresses, office helpers, and sales clerks. Most employers find them diligent and hard-working. In fact, many hold down the same job summer after summer.

The fact that teenagers are successful in their job-seeking is shown by these projections from employment officials: By 1970, teenagers are expected to earn \$21 billion, an increase from \$10 billion in 1960.

\$125 Netted In Lions Club Dinner

Approximately \$125 was netted at the Lions Club dinner, which was held Sunday, immediately following church services in the Earth community building.

A menu consisting of ham, roast, salad, pie, cake, tea, and coffee was served to the approximately 100 persons attending.

Proceeds from the dinner will be used for future projects of the Lions Club.

Specialist Lists Tips For Borrowing Money

College Station--How's your IQ when it comes to borrowing money?

Here are ten money tips which may help you become more adept. They're suggested by Mrs. Doris Myers, Extension home management specialist at Texas A&M University. The tips are from the National Association of Credit Unions.

1. First, no matter how good the interest rate sounds, find out what the credit or loan will actually cost you in money.

2. Before you sign any papers make sure all the figures are entered correctly. Never leave any blank spaces to be filled in later.

3. Question all insurance charges. Find out what kind of insurance you are buying, and exactly what it covers. Many different insurance "load on" practices have been reported.

4. On installment purchases you may owe the payments to some other firm, not the dealer. Find out who it is, and if it is a reputable firm. If you have any doubts, check.

5. Read the note or contract to see what penalties are imposed for late payments. Some penalties are exorbitant.

6. See if there are any other extra charges specified in the note or contract. Don't skip the fine print or you may be sorry.

7. Read what is said about repossession in a time-payment contract. Do you get a fair notice before the item is repossessed. What repossession charges can be levied against you? This is important.

8. Understand clearly what security you are giving. On a purchase, find out if it includes other merchandise you have bought previously. Above all, look to see if the note or contract gives your creditor the right to collect your salary.

9. Make sure you do not sign away any of your legal rights or guarantees, such as the right to refuse merchandise that is not as promised.

10. See if there is a provision for a refund of interest of carrying charges if you complete the payments ahead of schedule.

Springlake HD Club Plans Project To Help Area Senior Citizens

The Springlake Home Demonstration Club met Thursday, June 23 in the home of Mrs. Orlan Bibby.

Mrs. Wayne Davis called the meeting to order with members of the club repeating the Home Demonstration Club Prayer. Roll call was answered by naming a costume accessory they had worn the wrong way. During the short business meeting that followed, the group selected as their project, a plan to help senior citizens. They discussed various ways the club could assist. Among those were, furnishing transportation to and from church services, taking them to the grocery store, and by visiting them occasionally.

Lady Claire Phillips, County Home Demonstration Agent, gave an interesting program entitled, "Stretching the Clothing Dollar."

Refreshments of pineapple ring salad, cookies, and punch were served to Mrs. R. W. Fanning, Mrs. Wayne Davis,

Mrs. Herman Cooper, Mrs. Orlan Bibby, Mrs. T. V. Murrell, Mrs. Alton Hollingsworth, Mrs. Edd McClure, and one guest, Mrs. Lady Claire Phillips.

The next meeting is scheduled for July 14 in the home of Mrs. Floyd Bills.

When some challenge comes our way, we get upset, complain and feel unjustly treated. This makes matters worse. We should welcome the challenge as an opportunity to prove our spiritual understanding and thank God for the opportunity. We suffer only when we resist something in our lives. The secret is, then to embrace the Spirit of God in everything.

Monthly Workers Conference Has Good Attendance

The Llanos Altos monthly Associational Workers Conference was held at the Circle-back Baptist Church Monday night, with approximately 200 persons in the association attending.

A filmstrip entitled, "The Great Challenge" was shown by Johnny Burnett, Minister of Music and Education from the First Baptist Church in Dimmitt.

Following the filmstrip, an

open discussion was held concerning the new curriculum in Sunday School literature that the Baptist Churches are permitted to have.

Shortly after the meal, an executive board meeting was held, at which time the group voted to supply the funds to have a Negro Vacation Bible School at the Good Will Center in Muleshoe in the near future.

Attending the workers conference from the local Baptist Church were M. B. Baldwin, Mrs. Price Hamilton, Mrs. Frank Wuerflein, Mrs. R. S. Cole, and Mrs. Troy Blackburn.

Mr. and Mrs. Leon Foster and David attended the Little Britches Rodeo in Sudan Sunday afternoon.

Brotherhood Tells Purposes Of Organization

The Brotherhood of the Earth First Baptist Church met Tuesday at the church for a regular meeting.

Rex Clayton, president, led in a discussion concerning the purposes of a Brotherhood organization.

The group outlined four things that a Brotherhood organization should be working toward; to attend and promote all the services of the church, and to win lost people to Christ; to be interested especially in the

Royal Ambassadors of the church; to promote an active visitation program for the church; and to have a special project in operation in the upkeep of the church.

During the short business meeting, Jimmy Craft was elected to serve the group as secretary. Ice cream, cake, coffee, and tea were served prior to the close of the meeting to the 15 men attending.

Fertilizer Use Drops in Texas

College Station--Fertilizer tonnage purchased in Texas during the spring planting months of March and April was down compared to the same period last year.

Total for the two-month period was 264,594 tons, compared to 306,646 tons used in the same period in 1965, according to C. D. Welch, Extension soil chemist at Texas A&M University.

Reduced cotton acreage allotment and a lag between sales and reporting the sales, account partially for the lower tonnage figure, explains Welch.

Welch also reports Texas' five state laboratories analyzed 7,194 samples during the same two month period. Of these, tests were run on 191 out-of-state samples. The five leading counties sending in samples were: Wharton 228, Harris 218, Houston 194, Matagorda 143, and Hale 123. The A&M Laboratories at College Station ran tests on 3,009 samples to lead the reporting laboratories in number of samples processed.

The soil chemist says as rates of nitrogen, phosphorus, and potash are increased and fertilizing becomes a regular practice, micronutrient deficiencies appear more often. If deficiencies are suspected the county agricultural agent can help detect the symptoms, and prevent the deficiency from appearing in future crops.

Spraying plants with dilute zinc sulfate, iron sulfate, or chelates should correct a zinc or iron deficiency within a week Welch says.

Weekend guests in the home of Mr. and Mrs. Elvin Barlow were Mr. and Mrs. Darrell Barlow and daughter, Hefezford.

Christ in you, the hope of glory.—(Col. 1:27)

When we ask ourselves: "What is the best of myself?" It is our true self, our Christ self. The people and the situations we meet provide the plot for today's production. They afford us new opportunities to present the best of ourselves. As we step on the stage of today's living, through Christ in us, we present fuller expressions of health, harmony, happiness, and prosperity.

THE MIGHTY MASTERFUL METS scramble out on the baseball field ready and raring to go with enthusiasm to spare. They are left to right, front row, Scott Fee, Rudy Aguirre, Hal Wood, and Ronnie Coon. Second row, Brad Haley, Ernest Flores, and Joe De La Garza. Third row, Hoyt Glasscock, Eddie Alair, Bobby J. Angeley, Brian Sanderson, and David Hinchliffe. Coaches are Jack Angeley, Edd Haley, Calvin Wood, and Earl McKinley. (Coach McKinley was not available for photo or player, Bunardo Salinas.)

Proper Irrigation, Fertilizer Increases Net Income From Cotton

Halfway, Texas; James Valliant, Water Engineer at the High Plains Research Foundation, announced that the 1965 cotton irrigation-fertilizer test at the Foundation compared three irrigation methods each with thirteen fertilizer levels. The test was designed to determine the combination of irrigation methods and fertilizer treatments that would produce maximum yields and net return using minimum amounts of irrigation water. The most practical and efficient irrigation method in the 1965 test was that which was applied pre-plant, at first bloom and late mid-bloom stages of growth. The original planting of Paymaster III cotton was halted out on June 2 and replanted on June 7.

The test was conducted on the J. Frank Triplett Research and Demonstration Farm located five miles North of Cotton Center and eight miles west of Hite Center. The Foundation acquired the new 504 1/2 acre farm in January, 1965. The three irrigation methods

compared yields produced by different timing of irrigation based upon the water requirements for a specific stage of plant growth. The test was conducted on Pullman Clay Loam soil that was cropped to Cotton in 1964. The seed was treated with a fungicide because of evidence of soil borne disease in the experimental area.

All fertilizer treatments were applied at the time of the first planting. The phosphate was liquid 11-35-0 applied banded three inches laterally and three inches below the seed drill. Nitrogen as anhydrous ammonia was banded ten inches laterally and six inches below the seed drill.

Conventional methods of cultivation were used in the early stages of plant growth. The plots were flame weeded two times and hand hoed twice. The test was harvested December 22. One thousand gram samples from each fertilizer level in the three irrigation systems were ginned at the laboratory gin at the High Plains Research Foundation at

Halfway. Lint samples were analyzed by the Texas Research Laboratory at Texas Technological College and USDA marketing service at Lubbock.

Valliant stated that, "The highest yields are not always an indication of greater profits, especially when these yields may be the result of using additional amounts of irrigation, fertilizer and other production factors." How much take home money was the main objective of the test.

Research report No. 183 in the 1965 Research Report book of the High Plains Research Foundation includes cost per acre; cost of each fertilizer level and the three irrigation methods; grade, staple, micronaire, loan price per pound; and the net return in dollars per acre for each of the above listed tests.

The research project on fertilizer-irrigation on cotton was conducted by Dean Howard, Assistant Agronomist; James C. Valliant, Water Engineer; Loyd Langford, Associate Agronomist; and Howard Mal-

strom, Associate Soil Scientist of the Research Foundation staff.

Patterson Soy Bean Seed Available at Research Foundation

Jack Cloude, member of the Public Relations personnel for the High Plains Research Station at Halfway, was in Earth Monday to suggest to Farmers, whose crops were recently hailed out, that the Research Foundation suggested farmers replant their acreage with Patterson Soy Beans.

Cloude said, "The Patterson Soy Bean is a fast maturing bean, requiring only 100 to 110 days for maturity."

He suggested area farmers to call the Research Foundation if they need the new fast maturing seed.

Lazbuddie News...

by Mrs. C. A. Watson

Mr. and Mrs. Tommie Hall and daughters, Susan and Athena from Utica, New York are visiting the Fred Grahams this week. Other guests in the Fred Graham home are: Mrs. Francis Moore and Johnnie Mike and Renee from Corpus. She is the daughter of Mrs. Graham and the step daughter of Mr. Graham. Accompanying the Moores from Corpus were their friends, the Little Russell twins, Pattie and Patsy, R. B. Burreton and son, Stanley visited in Waco last week. They also did some fishing at Lake Waco and Lake Whitney. Mr. and Mrs. Pete Carter from Hollis, Oklahoma, are here visiting the Glen Carters. The Glen Carter's son, Kenny, had been in Hollis visiting for several days. He returned with the Pete Carsons.

Visiting the W. R. Broadhurst family is their daughter, Geraldene Duley and daughter, Diana. The Duleys have recently moved to Canyon from New Mexico.

Jimmie Broadhurst, son of Mr. and Mrs. W. R. Broadhurst has accepted a teaching job in history in the John Manah School in Oklahoma City. He graduated from Norman College last Spring. Jimmie is a 1962 graduate from Lazbuddie High School.

Little Carl Fuqua, Hospital patient in Priona Community Hospital had a visitor from Channel 10 recently. Yes, it was Mister Minkins who brought along Gorgeous and the Dragon. Little Carl was all smiles at seeing one of his favorite entertainers, especially the puppets. Mr. Minkins left a puppet with Little Carl to play with during his stay at the hospital.

James Mabry will be among several adults going to Holy Ghost Canyon soon with the 4-H girls and boys. There will be many activities for the members as they go to camp in the Canyon. It is hoped several adult volunteers will go. Mr. Mabry and Roy Miller have gone with the group the last several years. Mabry will do the cooking at the camp.

Mr. and Mrs. E. A. Parham attended the Mayfield Reunion Sunday in Anson. The gathering was held in the Community Center. Approximately 150 relatives were on hand for the occasion. Mrs. Parham said, "Relatives were from as far as Illinois and California, coming especially for the reunion."

The 1966 graduates of the Lazbuddie High School class met in the home of Tonie Smith Saturday night for a party and to see films of their senior trip to New Orleans. Surprise snapshots were shown also in the movie. The group really enjoyed the occasion.

Be A Good Defensive Driver

College Station--Be a good defensive driver whether you are on a vacation trip or just performing routine daily driving tasks, suggests Mrs. Elsie Short, home management specialist at Texas A&M University.

Traffic fatality reports show that driver error contributes to four out of five fatal accidents. "This fact should make each of us aware of our responsibility as an operator of an automobile," Mrs. Short adds.

Seat belts have saved lives and reduced injuries when accidents occur, but they don't in themselves prevent accidents she emphasizes. "Watch out for the other driver" means to be a defensive driver. You must assume responsibilities for errors that might be made by another

motorist and take positive action to prevent them, says the specialist.

You can assume the responsibility of helping other drivers to become aware of the importance of being a defensive driver, too. Help others to recognize the need for raising the level of their driving skills high enough to survive in a complex transportation system, Mrs. Short says.

You might even stimulate enrollment in the National Safety Council's Driver Improvement Program, or in a self-driving program sponsored by a local club or civic organization. Safety in your automobile and at home can be planned in all of your home projects with members of your family, the specialist suggests.

July Fourth Traffic Count 1966?

What will this July Fourth bring traffic wise? If it is similar to the ones in the past, it will be deadly, injurious, and destructive. Our forefathers thought back in 1776 after declaring independence that future generations would be free from wanton deaths and destruction. However, they were greatly mistaken to what the future would bring. During the last 190 years since our nation declared its independence there have been eight major wars claiming 1,130,393 American lives. The automobile has been in existence for about 65 years claiming 1,559,950 lives. Thus, the battlefield has been a safer place than the "home-front."

The 1965 July Fourth holidays covered a period of three days in which there were 19 persons killed and 372 persons injured in rural traffic accidents in Texas. The 19 persons killed were involved in 14 fatal acci-

dents in Texas. These fatal accidents involved 21 hazardous violations and one pedestrian violation. The 372 persons injured were involved in 178 injury accidents. The injury accidents involved 167 hazardous violations and 11 vehicle defects. There were 395 property damage accidents involving 344 hazardous violations, 28 vehicle defects, and one pedestrian violation.

On the rural highways in this DPS Region there was one fatal traffic accident claiming one human life. This fatal accident involved two hazardous violations. There were 20 injury accidents injuring 48 persons. These injury accidents involved 19 hazardous violations and four vehicle defects. There were 51 property damage accidents involving 40 hazardous violations and two vehicle defects. Remember--Alcohol and Gasoline don't mix.
