## FFA News

The Springlake FFA will have its annual slave auction sale Saturday December 5. Any farmer or merchant who needs a boy should be at the FFA show barn by 8:00 a. m. Saturday until the sun goes down. Minimum bids will be ten dollars

per boy.  
Ken Dawson, Bobby Coker, and Larry Parish, along with their guests attended the district FFA banquet November 24 at Littlefield. Bobby Coker took part in the program as a district officer.

Mr. and Mrs. Tom Messer and children of Midland were weekend guests in the home of Mr. and Mrs. M. W. Messer.

### THIS ONE-TWO IS ONE TOO MUCH

#### END THIS INJUSTICE

Despite its constant crusade against injustices, America appears to have a blind side in the area of income taxation. How else can you explain the fact that for 50 years, the federal government has imposed double taxation on dividend income?

This deplorable situation results from the fact that a corporation pays tax on its income and then the individual stockholder is also taxed on the dividends he receives from the same corporation.

It is gratifying to note, therefore, that the National Association of Manufacturers has launched a drive to abolish double taxation of dividend income.

W. P. Gullander, NAM president, points out that termination of the injustice, which could easily be accomplished by allowing the corporation to deduct from its tax base earnings which are paid out in dividends, would have many wholesome effects. Among other things, he said, it would:

- Provide relief proportionate to the burden of double taxation at different income levels.
- Largely eliminate the threat of penalty taxation to family owned or other small corporations.
- Make American industry more competitive, taxwise, with European producers.
- Remove the bias against equity capital in new corporate financing, arising from the fact that interest on borrowed money is now deductible but dividends are not.
- Tend to neutralize the tax factor in deciding whether a business should be incorporated.

Both the Administration and the Congress, we believe, should take immediate steps to end the double-taxation blight.

Cotton does more to make a house a home than any other fiber. Beautiful, long-lasting, versatile cotton gives you true livability. Drapes, slipcovers, and carpets stay lovely because cotton keeps its color. Cotton things won't shock you because there's no static buildup. And cotton is so easy to care for. Wash it in the hottest water - cotton comes out truly clean. Dry it any way you please - cotton isn't fussy. Iron it without worry - cotton won't melt or discolor. Even after repeated launderings, cotton houses look looking fresh as new. For 100% livability, buy 100% cotton.

**58% OF COUNTY ACCIDENTS NOT INVESTIGATED**

Twenty-five traffic accidents occurred on rural highways in Lamb County in which the driver failed to notify the proper investigative or law enforcement agencies.

Sergeant D. L. Lawson, Highway Patrol Supervisor of this area said that his office investigates every accident they are notified or become aware of.

The Sergeant stated, "the driver of a vehicle involved in an accident resulting in injury or death of any person shall immediately by the quickest means of communication give notice of such accident to the local police department if such accident occurs within a municipality, otherwise to the office of the county sheriff or the nearest office of the Texas Highway Patrol."

Funny thing about people. Many of them sleep restlessly, wake up tired, feel grumpy and never wonder if their mattress is at fault. If you have sleep problems—particularly if you are using an old obsolete mattress—better hustle down to our store and find out about Beautyrest. Why us? Well, we are what you might call "Beautyrest Specialists"... we've been selling them for years and years... we carry all models in stock (few stores do)... and you'll find people here who will be genuinely glad to help you find the model that is best for your sleep problem.

Look at the hammock type of sleep you get from an ordinary mattress with its tied-together coils. Push down on one and they all go down.

Here's why even the heaviest husband can't disturb his wife's rest on a Beauty-rest. Independently acting coils provide separate, non-sag support.

# Stratford Marches Into Quarter-Finals 33-0

by Eldon Trotter

One of the most successful football seasons in the history of the Springlake School came to a close Friday evening at Dick Bivins Stadium in Amarillo. With the end of the game, and the close of a wonderful season for the mighty Wolverines, Springlake Fans walked quietly from the Amarillo stadium wondering, "Just what happened." As those who had watched the local team throughout the season, knew they were not that outclassed by the Stratford Elks. To explain a one-sided game such as Fridays game is hard to do, and perhaps no one has as yet come up with the correct answer. Scores of fans however, keep asking, why the Wolverines kept attempting to pass, instead of staying to the ground and using all the speed and power at their disposal. This question seemed to be paramount on the minds of those who had not ever seen a Wolverine game this year, but had come out expecting to see one of the best ground gaining backfields in Class A football this year, and left the game without having a chance to see this in the Springlake-Stratford game.

Myself, I must believe it was because the entire squad, was so keyed up in the game against Petersburg, that it was just hard to get back to that point of really going after the Elks of Stratford, physically, mentally, or bodily. So, I guess the only way to sum it up, is to say, Stratford wanted the Regional Championship a lot worse than the Wolverines did.

Stratford won the flip of the coin and elected to receive. On the opening play, Stratford quarterback, Charles Plunk brought the squad out in a shotgun formation and hit fullback, Terry Matthews for a six yard gain, but an offside penalty set the Elks back and the Wolverines were able to hold, and forced the Elks to punt.

On the second play from scrimmage, Floyd Bennett fumbled the ball and Terry Matthews recovered.

On the next Stratford play, Matthews hit the middle of the Wolverine line and scampered 15 yards to the Springlake 10. On fourth down and goal to go,

Charles Plunk tossed a pass to Keith White, the senior end, for the touchdown. Plunk's pass to Matthews for the extra point was booted away, and the Elks had a 6-0 lead with 7:20 remaining in the first quarter.

After a short kickoff to the Wolverine 36, the Wolverines moved the ball to the Stratford 28, but a stubborn forward wall started shooting the line, dropping Messer on his attempts to pass and the Wolverines lost the ball on downs, back on the Stratford 37.

Stratford moved 63 yards in 18 plays to score, with the key play being a fourth down and three situation, on the Stratford 44 yard line. Plunk went back into punt formation, instead of kicking, he threw 11 yards to halfback, Jim Hudson for a first down.

Plunk moved the ball on the ground and through the air down to the one yard line, and from there, carried the ball over on a keeper. Plunk's pass to Keith White was good and Stratford went out in front 14-0.

Before halftime, Springlake pushed and fought all the way to the Stratford 19. Messer, dropped back in a desperate attempt to get the club moving, and tossed a pass intended for Bennett, but Matthews intercepted the pass to stop the Wolverine drive.

Several plays later John Patterson recovered a Matthews fumble on the Elks 49 yard line. On the first play, Doug Messer tossed another pass to Thomas Gregory, who ran around through, and over the entire Stratford team, to finally go over standing up on the best run of the day, by either team, but a holding penalty nullified the score. The drive ended at the Elks 19.

On the first play, Matthews fumbled and Bennett recovered at the Elk 30, giving the Springlake Wolverines another scoring opportunity.

But Matthews made up for his mistake, by intercepting a Messer pass on his own 20 yard line and returning it 40 yards to the Elk 40.

With time running out in the first half, Charles Plunk threw a pass to Jimmy Hudson, who

went over standing up, giving the Elks another six points. The try for two points failed, leaving the score board showing 20-0 at the halftime.

Early in the third quarter, Stratford took advantage of a low snap from center, and nailed Jerry Don Sanders before he had a chance to move the ball out of trouble. With the ball resting on the Springlake 26 yard line, Stratford started moving once more. On the first play Stratford received a 5 yard penalty for backfield in motion, but on the next play, John Brannan skirted right end for the 31 yards and an Elk touchdown. Plunk's pass for points again was knocked down.

In the fourth quarter, Stratford was forced to punt on its own 35, aided by wind. Plunk booted the ball to the Springlake end zone and Logan Armstrong got his hands on the ball, but was hit with such force, that he fumbled the ball and Walter Lasley, the Stratford end, fell on the ball for the final touchdown of the game. Plunk kicked the extra point for the final score of 33-0.

So, the curtain went down for another wonderful year of football, and we hope you have enjoyed it as much as we at the News-Sun. We are looking forward to next year and another good season.

## Patterson Makes Fort Worth Star-Telegram 1-A All-State Team

John Patterson, a four year letterman for the Springlake Wolverines, was picked as guard on the Fort Worth Star-

Telegram's Class IA All State team. This is the very first time a Springlake Wolverine has been named to this high honor.

John was a defensive stand-out last year as a Junior, making the All District Team as a center. He was also picked on the All South Plains Cinderella Team.

This year, John was moved to guard on offense and line backer on defense. He attained an outstanding record for the 10 regular games of the season, before going into state competition against Petersburg and Stratford. A compiled record showed Patterson had 52 tackles, 64 assists, intercepted 3 passes, one for a touchdown, blocked 2 punts and recovered 5 fumbles. Danny Byers, Thomas Gregory, and John Patterson were the three co-captains for the Wolverines this season and were all candidates for the Class A team. However, Patterson was the only one nominated.

Other players making this team are: End-Johnny Howard, Big Lake, 6-1-190 pound senior. End-Drew Biers, Rosebud, 6-1-175 pound senior. Tackle-Johnny McFarland, George West, 5-11-185 pound senior. Tackle-John Reinhardt, Waller, 6-3-187 pound senior. Guard-Gary Dudley, Wink, 6-1-195 pound senior. Center-Robert Holbert, Eldorado, 5-11-180 pound senior. Quarterback-Randy Brint, White Oak, 6-3-176 pound senior. Halfback-Eddie McHugh, Coahoma, 5-11-174 pound senior. Halfback-Morty Whelan, Jefferson, 5-10-180 pound junior. Fullback-Frank Chalfant, Hull Daisetta, 5-11-185 pound senior. John is the son of Mr. and Mrs. Everett Patterson, and has attended Springlake School all of his entire schooling. John is indeed an outstanding athlete, who has seemingly given his all in every game to hold up

the Green and Gold team, John, along with the other three seniors will be missed on the squad next year.

## Friona Girls Slip By Springlake, 43-39

FRIONA (Special) — J a n e t Rushing tossed in 15 points as Friona, the defending state AA girls' champion, nosed out Springlake, 43-39. Beth Dent had 16 for the losers.

Glenda Mings led Friona to the B-team win, 50-36, while Dalpha Banks had 10 for the losers.

Springlake is now 7-1 while Friona is 3-1.

## SCOUT NEWS

Approximately thirty Boy Scouts were present Tuesday night at the regular meeting in the Scout Hut.

Jim Glasscock, Travis Jacques, and Jack Rylant, Jr. met with the boys.

Games were played, and it was decided by the group to have a "Souperama" for the next meeting. Each boy is to bring a can of soup, prepare and eat it at the meeting. Boys will decide at the next meeting if they will have a Christmas party, and exchange gifts.

Visiting in the home of Mrs. Ann Hodge Sunday were Mrs. E. R. Hawkins, Mr. and Mrs. Homer Sanders, and Aurelia Sanders.

Mr. and Mrs. W. O. Jones, Jr. and Karen spent Wednesday and Thursday in Carlsbad in the home of Mrs. Jones' mother, Mrs. J. F. Vaughn.

## Jerry Been To Play In All-Sports Bowl Saturday

Quarterback Jerry Been, now playing with East Central State Tigers, of Ada, Oklahoma, will participate in the All Sports Bowl Saturday, December 5 in Oklahoma City. East Central will play the strong Sul Ross team from Alpine, on what promises to be a wide open football game.

Jerry made the second squad this year as a freshman, and has played in 8 of the 11 regular games this season. The Tiger rookie, lettered his first year and has been impressive in his appearances throughout the season. He is the son of Mr. and Mrs. Dutch Been of Earth and a former Wolverine.

East Central compiled a 9-1-1

record and won their conference. On September 12, East Central beat Tarleton State 14-0. Sept. 19, were defeated by Lamar Tech 21-0. Sept. 26, defeated Southwestern, 35-7. Oct. 3, tied Langston College 27-27. Oct. 10, defeated Northeastern 26-9. Oct. 17 defeated Central at Edmond, 35-9. Oct. 24 defeated Panhandle A&M 35-6. Oct. 31 defeated Northwestern 48-20. Nov. 7, defeated Highlands U. 45-14. Nov. 14 defeated Corpus Christi University 20-0 and on Nov. 21 ended their season with an impressive win over Southeastern of Durant, Okla. 55-6.

The East Central Tigers are coached by Elvan George, Pat O'Neal, and Leland Newton.

IT LOOKS IMPOSSIBLE, but Thomas Gregory fought his way for a touchdown, and then had it called back on a clipping penalty. No. 11, Jimmy Hudson, No. 15, Charles Plunk, tried to bring Gregory down. No. 25, is John Brannan, and No. 35, Charles Britten, who also got their hands on Gregory, but determination carried him into the end zone.

TERRY MATTHEWS, No. 45, picks up six yards before being run out of bounds by John Patterson, No. 50, and Terry Parish, No. 21. Action took place early in the first quarter at Dick Bivins Stadium in Amarillo. Stratford went on to defeat the Wolverines 33 to 0.

## Girl Scout News

Troop #398 Brownies met Tuesday at their regular weekly meeting with eleven girls present.

For Christmas decorations, the girls began making "choir boys" from old magazines.

Mrs. Donald Street and Mrs. Sam Barden met with the girls. Refreshments were served by Debra Dyer. It was decided that the girls would make Christmas gifts for their parents at the following meetings.

The Cadet Girl Scouts met Wednesday in an impressive Investiture Service, conducted by Mrs. Ramona McDonald for Sharla Haberer and Carol Jackson. Mrs. Jean Haberer and Kleta attended this service.

Miss Skeet Anderson, a worker from the Caprock Girl Scout Council in Lubbock, met with the girls, and talked with them about their scouting work.

Year pins and membership cards were presented to 8 girls. Mrs. Tona Martin was also presented a membership pin. Refreshments were served by DeAnne Brock to 10 girls and their leader.

## Party Line...

### Corn Stunt Effects Central States Yield

As cold weather slammed the door on the 1964 growing season many corn belt farmers settled down to a long winter of discontent. The thorn in their side was a plant disease called corn stunt. This disease, or complex of diseases, gripped tens of thousands of Central States acres according to the most recent USDA estimates.

The cause for concern was clear in the words of a USDA spokesman, "The corn stunt has not appreciably hurt the 1964 corn crop," he said, "but some individual growers have been seriously injured."

An article in the Winter issue of Farm Quarterly magazine documents the corn stunt disease problem, commenting that the most disconcerting aspect of the situation is that researchers now know very little about the disease. Most state and federal people do not believe they have enough information at present to state positively what the disease is or how it is transmitted.

The typical symptoms of the disease, however, are well known. The first signs appear as faint yellowish stripes in the younger leaves, along with a shortening of the uppermost internodes. As the disease progresses, the stunting continues so that the affected plant is only one-third to one-half as tall as healthy corn plants. The degree of stunting may depend upon the age of the plant when affected, the corn strain, or environmental factors such as moisture and fertility. Reddish purple striations often develop in the leaf after the other symptoms have appeared.

One thing painfully clear about corn stunt and related diseases is the inroads they have made in United States agriculture. Corn stunt appeared in California in 1942; in Texas in 1945, and since then in Mexico, Central and South America. In 1962 the disease was first noticed east of the Mississippi. Now it, or a malady very similar, is present in Mississippi, Ohio, Illinois, Kentucky, Indiana, Louisiana, North Carolina, Virginia, West Virginia, Kansas, Arkansas, Missouri, and Tennessee.

The disease was found in 12 southern Ohio counties last year--mainly Ohio River bottom land. This year it was found, to some degree, in all Ohio counties. The disease was most prevalent in the Scioto River valley north of Portsmouth with a total of 7,000 acres affected in this area.

Indiana, where the disease was first observed in 1963, has been less severely hit than Ohio. During the past season affected fields were found in about eight counties in the southern part of the state along the Ohio River. The incidence in these fields ran from less than one percent to 95 percent.

In Illinois the disease was confined this year to about seven counties in the Ohio and lower Wabash River valleys. The incidence of the plant infection in affected fields runs from traces to 80 percent.

The intensive research being carried on, while not yet revealing anything conclusive, has nevertheless produces some strong indications.

This is what the scientists now suspect: The corn disease in the Central States probably is a virus disease. It is not the corn stunt disease of Mississippi, although it may be similar or, in some cases, be present along with "Mississippi" corn stunt.

The virus probably winters in the roots of the members of the grass family (the only group

### TEC Reports On County Cotton Stats

The Cotton Control Office of the Texas Employment Commission reported, November 23 workers needed for activities: In the Littlefield area, 9 farm hands for general work, at \$40 to \$50 weekly; and 35 cotton stompers at \$1.00 per hour. Contact the Littlefield office for referral instructions and transportation arrangements.

Castro County reports good crop conditions, with 80% of cotton open; 8% harvested; 74,000 bales estimated production; 6,000 ginned; \$ 20 for weighing hauling; and \$1.55 for pulling.

Lamb County (Littlefield), revised report states average crop conditions; 80% open; 13% harvested; 180,000 estimated production; 23,111 ginned to date; \$ 20 for weighing and hauling; and \$1.55 for pulling.

### Hybrid Alfalfa Increases Yields

A 20-35% increase in alfalfa yield is just over the horizon for U.S. farmers. The magic formula; hybrid alfalfa seed. Plant breeders are engaged in a great race to produce it, and no matter which of them finishes first, the farmer is going to be the real winner.

According to an article in the Winter issue of the Farm Quarterly, which details the fascinating and intricate difficulties of producing hybrid alfalfa, small quantities of seed have already been distributed to farmers across the country for testing under farm conditions. In California, Idaho, Oregon, and Utah, seed production is underway. Northrup King, one of the nation's largest producers of alfalfa seed, now expects to have seed available in the fall of 1965.

of plants known to be affected) notably Johnson grass and possibly crab grass, foxtail and barnyard grass.

In the spring the virus is likely carried from the winter host to young corn by an insect. The aphid and leafhopper are high on the list of suspects.

Corn seed companies also have been on top of the virus problem from the outset. At a recent meeting of corn seed breeders there was a consensus that spring 1965 corn planting would hold much promise for growers with virus-afflicted acreages. Almost every seed producer had hybrids which have shown great resistance to the disease.

Much is unknown, but as one corn breeder said, "We may have the control before we completely understand the problem. Only Spring will tell for sure."

## Boy Scout Court Of Honor Held

Boy Scouts and Cub Scouts held a joint awards meeting November 24 in the Springlake School cafeteria with Neil Pounds serving as Emcee. Flag bearers for the evening were Delbert Rudd, Kelley O'Hair, and Vaughn Hazlett. Bob Bunner, Cubmaster, gave the invocation with Den 6 in charge of the Pledge to the Flag. Den 2 of the Cubs presented a sound effects skit with Mrs. Herschel Wilson in charge. The Bat Patrol had an audience participation stunt. Announcements were made by Bob Bunner concerning Cub Scouting, and the next Pack meeting to be held on December 15. Travis Jaquess, Scoutmaster, announced the date of the Boy Scout camp at Tres Ritos for June 27-July 4. All parents were invited to spend that week at camp with the boys at an adjoining campground.

Gene Brock, assistant Cubmaster, presented the following awards to Cub Scouts and a few left over from previous Pack meetings to Boy Scouts: Jerry Brock-Bobcat; Lonnie Wilson, and Aaron Schellar-Wolf; Terrell Ott, Mike Bell, Jay Anderson, and Rudy Aguirre-Bear Badges; Terrell Ott-Lion Badge; Lonnie Wilson received a gold and silver arrow point; Randy Stephens-Gold Arrow Point; Kirby Kelley (Boy Scout) gold and silver arrow point; Mike West (B.S.) received a Bear Badge. Vaughn Hazlett was presented dinner stripes, Service pins for 1 year went to David Hinchliffe; and 2 year pins went to Scott Alexander, Terrell Ott, Well-don Eagle, and Jay Anderson. Mrs. James Lackey received a 3 year pin, Mothers pinned badges on boys as they stood on a platform for all the audience to be able to see the recipients. Travis Jaquess was in charge of the Scout Awards program with several helping in the presentation: Tenderfoot Scouts, Monte Winders, David Cooper, Aaron Schellar, Galen Bock, Jay Anderson, Gary Layman, and Leland Dear were pinned by David Jaquess, Senior Patrol Leader. Gary Kelley, assistant patrol leader and by Bobby Glascock, Jr., Assistant Scout-

master. Each of the Tenderfoot Scouts gave a part of the Scout law during a candlelight service. Jack Rylant, Jr., a former 614 Scout member presented second class badges to Kent Parish and Johnny Eagle. Guy F. Kelley presented 1st class badges and certificates to Danny O'Hair, Sam Lewis, Johnny Kelley, Glenn Lackey, and Jimmy Goodwin. Star Scout awards were given by Raymond Rudd to Jimmy Littleton, Danny Glascock, Dennis Rylant, Kirby Kelley, Michael Lewis, Joe Reyes, and Rickey Welch. Merit badges were presented by C. C. ## New Cotton Allotments Expected by Mid-December

Lamb County farmers are expected to receive notices on 1965 base acreage allotments within a proximately two weeks. This will be prior to the mid-December national referendum on upland marketing quotas.

Under law, farmers are supposed to have the notices a week before the referendum, which this year is scheduled for December 15.

Indications are that Lamb County's 1965 cotton allotment will remain approximately the same as this year's, when 197,200 acres were allotted. This figure showed an increase of about 8,000 acres over last year. The national 1965 allotment figure has been set the same as 1964.

"In the vote last year, on quotas for the 1964 upland cotton crop, 94 percent of the growers voting approved the quotas, Harvey D. Vann said.

By law, quotas must be proclaimed by the Secretary of Agriculture during years when the cotton supply exceeds normal. The estimated 1964-65 total supply of upland cotton exceeds the estimated normal supply by 41 percent. The carry-over on August 1 this year was 12.1 million bales.

If at least two-thirds of the growers voting in the referendum, approve 1965 quotas, for the upland cotton crop, price support at a level within the range of 65 to 90 percent of parity will be available to growers who do not exceed the farm's acreage allotment, additional price support in the form of payments will be available to growers who keep their acreage within the farm's "domestic allotment" and marketing quota penalties will apply to any cotton produced on a farm.

Mr. and Mrs. Arvelle Adkins and family of Blair, Oklahoma visited Sunday in the Ed Haley home. The Adkins are former residents of Earth.

Mrs. Emma Jones of Amarillo visited recently with Mrs. H. S. Hickman and Mrs. A. C. Barton. Mrs. Jones is well known in Earth, having once been a companion to the late Mrs. Annie McCool.

Mr. and Mrs. Elmer Prather spent Sunday in Muleshoe.

Visitors in the home of Mrs. E. R. Hawkins for Thanksgiving were Mr. and Mrs. J. W. Pearce, Kay, and J. W.; Mr. and Mrs. W. S. Thompson; and Mr. and Mrs. Dennis Thompson, all of Amarillo.

among the four or five largest state Farm Bureaus in the American Farm Bureau Federation, largest general farm organization in the world, Little said. He added that three out of four farmers in the U.S., belonging to a general farm organization are members of the Farm Bureau. The Texas Farm Bureau has shown a gain of 36,882 in the past ten years.

to handle the increased volume and the Lubbock Office began operating on a two shift basis on Monday.

The three USDA Offices on the South Plains classed 82,500 samples during the week ending Friday, November 27th, bringing the season's total to 299,300. At this date last year the three offices had classed 517,800 samples.

During the past week approximately 60 percent of the cotton classed at the Lubbock Classing Office was in the White grades with 41 percent classed Strict Low Middling. During the week a higher percentage of cotton was classed in Strict Low Middling and Strict Low Middling Light Spotted, and a smaller percentage in the Middling and Middling Light Spotted grades. The Light Spotted and Spotted grades accounted for approximately 40 percent of the total with Middling Light Spotted being the most predominant with 23 percent.

Average staple length remained about the same. Seventy-two percent of all cotton classed was 15/16 of an inch and shorter with 15/16 of an inch accounting for 57 percent of all cotton classed. The previous week 71

percent was 15/16 of an inch and shorter.

Micronaire readings declined again but generally were still good. Eighty percent of all cotton miked in the Lubbock Office was in the desirable category of 3.5 and better. The previous week 84 percent of all cotton miked was in this category.

Trading in new crop cotton in the Lubbock market increased during the past week. Agricultural Marketing Service reports indicate prices paid for White grades ranged from 50 points under CCC loan levels to 50 points over the loan. Demand continued strong for the Light Spotted grades and prices paid ranged from 20 points over the loan for Strict Middling Light Spotted to 125 points over for Strict Low Middling Light Spotted.

Average prices paid for the most predominant qualities were: Strict Low Middling 15/16-27.65; Strict Low Middling 31/32-28.10; Middling Light Spotted 15/16-28.05; Middling Light Spotted 31/32-28.50; Strict Low Middling Light Spotted 15/16-27.05; and Strict Low Middling Light Spotted 31/32-27.30.

## State FB Shows 3151 Increase Over Last Year

Tabulations just completed show that the Texas Farm Bureau now has an all-time high membership of 92,552 farm and ranch families, according to Wayne Little, organization director.

"This figure represents a gain of 3,151 over last year and is the 12th straight year for the TFB to show an increase," Little said.

"According to our best estimates, this increase makes the Texas Farm Bureau about 30 times larger than the next biggest general farm group in the state," the organization director remarked. "The continuing growth of Farm Bureau in the face of a declining farm population is ample evidence that the organization is the true spokesman for agriculture in the state."

October 31, the end of the TFB's fiscal year, was deadline for the transmittal of memberships from the 201 organization county Farm Bureaus to the state headquarters in Waco. Final tabulation was slowed by the last-minute influx of memberships, Little said.

## Lazbuddy News...

By: Mrs. C.A. Watson

Lazbuddy 4-H members were well represented at the Farmer County 4-H Club Banquet held in Bovina Saturday night, November 21. This was the first time an achievement banquet had been held in Farmer County. The event was held in the school cafeteria and was sponsored by Deaf Smith and Bailey County Cooperatives. Cotton John from KGNC was guest speaker, Master of ceremonies was Bobby Redwine, Lazbuddy. Others on the program from Lazbuddy were John Gulley and Dale Blackstone. The Bovina High School Stage Band furnished entertainment for the evening. Those from Lazbuddy receiving cash awards were: Judy Koelzer, Cathy Coker and Katie Blackstone. Dale Blackstone, Buddie Foster, Johnny Broyles, Jimmy Broyles, Bobby Redwine, Cheryl Ramage, and James Gulley. Members from Lazbuddy receiving medals were: Katie Blackstone, Dale Blackstone, Steve Foster, Bobby Redwine, Troy Steinbock, Patsie Broyles, Christie Ivy, Judy Koelzer, Kathy Coker, Charlotte Davis, James and John Gulley, Ann Blackstone, and Maxene Broyles. Cricket Taylor, Farmer County HD agent, the county Judge, Lloyd Brewer, and Farmer County Agriculture agent, Joe VanZandt presented the awards. Business firms from Clovis, Farwell, Lazbuddy, Friona, Oklahoma Lane, Bovina, and Muleshoe were donors of the cash awards and medals. Judy Koelzer from Lazbuddy, carried off more awards than any other member. Her skill and willingness to learn contributed a great part in the honors and awards she has received the past four years. A large crowd was on hand for the event and it is believed the county will make the banquet an annual affair. The banquet room was decorated by Mrs. Harvey Blackstone, Mrs. Roy Miller, and Mrs. Ralph Broyles. The menu was steak dinner. This week's birthday greetings to Edna Wiloughby, Nola Ivy, Tonie Smith, Rickie Ketcharside, Estella Delgado, Sharon Harris, T.L. Byrd, Bobby Mewhew, Lorene Williams, Rhonda Treider, J.R. Harris, Sr., Eugene Houston, Terry Parham, Dorris Williams, Joe Fox, Linda Weaver, Thomas Ritchie, and Pete Expenosa. Mr. and Mrs. Cran Broyles had Thanksgiving dinner at Hereford with his sister and family, the J.D. Tylers. The Broyles also got to visit other relatives attending the Thanksgiving Feast. The Thanksgiving Highlight of the area was to see so many faces of college students home to be with their friends and relatives.

## Farm News Service Lists Rules for Handling Pesticides

The average American is too fat by about two pounds. This fat-excess or normal-in-the-body of every American man, woman, or child (and probably also in the fat of children still in their mother's womb), contains a residue of at least one agricultural chemical. America's unprecedented food production is possible partly because we have so many efficient pesticides which protect our crops from disease and from the pests. An article entitled "Pesticides, a Two-Edged Sword", appearing in the Winter issue of the Farm Quarterly Magazine, notes that it is one of the great ironies of our civilization that some of these chemicals are stored in the very body fat they make possible. Even with current chemical controls, annual pest losses of U.S. crops and livestock are roughly one-third (\$15 billion) of the national food bill. But without pesticides, one-third of an average family's income would be required for food rather than the present one-fifth. And in many areas agricultural production would be economically impossible. Controversy over fish bills and the level of pesticides in human fat may flare and die, but as the Farm Quarterly article points out—the farmer's job remains the same. He must produce food and fiber and he must use pesticides to get the job done. Individual farmers, by the way in which they apply their pesticides, have more control over the balance of safe environmental levels than anyone else. A single unthinking act by one farmer, such as washing a spray rig in a creek, can create a public health problem; in other words, using farm pesticides properly requires moral judgement—the marvels of our technological age have made responsibility a necessary attribute of every farmer. Here are some of the rules listed by the Farm Quarterly article that are not only in the interest of public health but will protect the health of the farmer, his crops, and his livestock:

1. Carefully read and observe to the letter all instructions on the label.
2. Accurately measure and thoroughly mix ingredients.
3. Use exact prescribed dosages.
4. Follow recommendations as to type of pesticide, age, and condition of animals treated, and stage of growth of food and feed crops.

5. Use prescribed methods of administration.

6. Observe required time intervals between treatment and marketing of livestock, food, and feed crops.

7. Guard against pesticide contamination of drinking water, feed, and utensils.

8. Be sure that purchased animal feed has been treated only with permitted pesticides; require a guarantee from the feed producer.

9. Feed treated forage only as recommended.

10. Keep up to date on changes in recommendations.

Thursday night the Glen Kennys had a Thanksgiving supper at the Pleasant Valley Community Center for about 40 people.

## "As Seen In Earth"

By: Carolyn Hamilton

"Tis the season to be jolly..." Have you seen the attractive Earth News sign? Recent remarks from the Casey Jones in Weatherford; "We are sitting in front of the fireplace, enjoying the warmth, and listening to the patter of welcome rain on the roof. Fishing has been good. I have eaten so many fish I can wiggle like a hula dancer. We are fifteen minutes and twelve payments from Neiman-Marcus, and are enjoying the good shows and football games in Ft. Worth and Dallas. Regards to the News Force."

Heard a lady humming a Christmas tune. Polly Jean's "new look" in her pre-holiday hair style. Rev. Baldwin, shaking hands, and beginning the Christmas season by spreading cheer. LaDon and Ted have their Christmas tree all decorated for today. Mrs. Alene Griffin and Mrs. Dean Wendborn, displaying glamorous merchandise at Unique Fashions. Christmas tree and decorations at the News Office. Everyone seems so happy, after having enjoyed the lovely Thanksgiving weekend. The last rose of summer at Wayne Rutherford's Station. Not too eager children returning to school, after a short respite, and thinking of the long wait 'till Christmas! Busy Shoppers beginning the Christmas shopping list. Spread happiness and good cheer!

Mr. and Mrs. Wayne Rutherford visited Sunday in the home of Mr. and Mrs. Bud Cooper in Plainview. Spending Thanksgiving day in the home of Mr. and Mrs. L.Z. Anglin were Mr. and Mrs. Junior Littleton and family.
